## Jane Richardson Selected Regional Hero For Children

Editor's Note: The following information was submitted by Supt. Larry Taylor on behalf of Ozona Schools in nomination of Jane Richardson for the honor of Regional Hero For Children.

Mrs. Jane Richardson has significantly contributed to the improvement of reading in the Crockett County Consolidated Common School District. Through her advocacy of reading, the district implemented the Accelerated Reading Program at three campuses in Ozona; Ozona Intermediate School, Ozona Middle School, and Ozona High School. The Accelerated Reading Program virtually could not have been started without her leadership. She privately purchased com-

puters and donated them to our school district, helped with fund raising to purchase additional computers, and was very instrumental in the purchasing of the books needed. She actually drove in her own vehicle to San Antonio to pick up the books. All four of our campus libraries are stocked with many books she contributed. Some of our teachers have stated, "She singlehandedly revived our libraries".

Ask anyone who has ever built a bookcase, fixed a car, or repaired a faulty light socket, and they will tell you that in order to do the job, you must have the proper tools. In a real sense, the "job" of our children is learning. They must learn in order to prepare themselves to take an active, functioning place in adult society. A

## Buyer Interest Limited At Wool Sales

Most of the 100,000 pounds of wool offered at Ozona Wool and Mohair's sale Oct. 9 was bought, but short wools were off according to Joe Will Ross, warehouse manager. Fall short wools brought from .48 to .78 with most in the .61 to .71 range, Ross said. Some fall lamb wool went for .72. Ozona Wool sold approximately 70,000 of the 77,000 pounds of short wool offered.

Ross said the felting industry is hurting for lack of demand and that Australian prices continue to slide, pushing prices down in the U. S.

At Wool Growers, Donnie Laughlin said 68,000 pounds of 6-month paint-free fall ewe wool averaged .66,

ranging from .46 to .74. Paint fall ewe wool averaged .58, ranging from .50 to .70 on the 16,000 pounds sold.

The 21,000 pounds of lambs' wool sold went at .76 3/4. Twelve-month wool went from .74 to .76 1/2 on 18,500 pounds.

"Some of those wools had been through the hardest times we've seen," said Laughlin. Wools were short because of the drought, but those sheared after the rains showed a great improvement.

Wool Growers sold right at 110,000 pounds, said Laughlin. He commented that the world wool market is not good, tonnage is way down and buyer interest very limited.

## Early Voting Begins Oct. 16

Early voting in the Nov. 5 general election starts Wednesday, Oct. 16, and continues through Nov. 1. These votes are cast at the courthouse.

To receive an application to vote by mail, contact Debbi Puckett, Crockett County Clerk, Dr. C. Ozona, TX 76943. Applications to vote by mail must be received by the close of business on Oct. 29.

There is only one contested local race. Incumbent Orlando F. DeHoyos and Bill Mason, an independent candidate, are seeking election to the county attorney post.

Other local candidates on the ballot include: Shane Fenton for sheriff; Tom Stokes for county tax assessor-collector; Frank D. Tambunga, county commissioner, Pct. No. 1;

## High School Band Off To Marching Contest Saturday

The Ozona High School Lion Band will travel to Brady on Saturday, Oct. 19, to compete in the 1996 U.I.L. Region 7 Marching Contest. The band will be seeking its fourteenth consecutive first division marching award.

This year's program, to be presented at 2:30 P.M. consists of "Trails Of Glory", "La Cucaracha", "The Sloop John-B", "Armanda", and the traditional "Lion Band Signature". Other class 2A bands entered in the competition are Mason, Junction, Early, Wall, Bangs, Winters, and Eldorado. Judges for the event will be Tom Dillon from Fort Worth, Barry Hurt from Plainview, and Jerry Bartley of Lubbock. The public is encouraged to go to Brady and support the "Pride Of Crockett County".

chief "tool" in that learning process is the ability to read. This is Mrs. Richardson's philosophy. She believes that without reading, our children are cut off from the printed word, one of the main sources of learning. To a child who cannot read, learning is as frustrating as trying to cut a log in half without a saw.

Fortunately, she felt she could do something to help such children. Through her efforts our school district now has a full reading program that is highly motivational and fun for students. She knew reading was being taught throughout the district but she wanted students to learn to read by actually reading and enjoy doing it.

Whether actually assisting in starting the district's Accelerated Reading Program, volunteering in classrooms, assisting with field trips, sponsoring academic field days by contributing resources, or supporting a myriad of programs and school activities financially, Mrs. Richardson also employs students at her place of business.

It is my observation that as a parent, community leader, business owner, and school supporter, she is truly a Hero for Children. She is innovative and dynamic in her drive to help our students. She has aided us in our ability to infuse students with tremendous motivation and instill in them an appetite for reading and the joys of learning. She gives without reservation, unselfishly, and without condescension of her time, energy, and resources.

I have described some of the nominee's most significant contributions and accomplishments knowing I cannot cover all that she has done over the past ten years for our school district. When any organization in our district is in need so that all students can benefit, she readily gives with no strings attached, and usually anonymously, not wanting credit. I believe she has donated to nearly every organization on every campus in our (Continued on pg. 12)

## Annex Construction Nearer

Verbal approval of the new plans for the courthouse annex was given last week in Austin, commissioners learned Monday. Jack Meek, architect for the project, was in commissioners' court Monday afternoon with the plans which he had submitted to the State Historical Commission.

He will soon be ready to go out for bids, Meek said.

Resignation of Eddie Moore from the hospital board was accepted by the court. Moore currently serves as board president, and his resignation is effective Nov. 1. Commissioners appointed Sandra Perez to fill the board vacancy.

Care center interim administrator Zoe Green talked with the court during her report about the search for an administrator. She also said that Deena Ramos, longtime L.V.N., had resigned from the care center effective Oct. 8.

The Oct. 10 regularly scheduled meeting of the care center board was not held due to lack of a quorum.

Commissioners approved an Internet policy presented by county librarian Louise Ledoux.

Mrs. Ledoux said she has been advised that the Meadows Foundation wants to make a donation to the library expansion fund. This will possibly complete the amount needed to begin

construction.

She also provided information on a new copier for the library. The current copier contract expires in February, and a decision must be made before the end of the year, she said.

In other business, commissioners voted to do road maintenance on roads going to the dams at the request of the Natural Resources Conservation Service, and to place 55 mph. speed signs on paved county roads. Road Superintendent Eddie Moore is to look at dirt roads in the county regarding safe speeds.

Commissioners also voted to have the no solicitation signs removed from the square and to approve the easement on the Juan Borrego property in the Ingram Addition.

The date for the November regular commissioners' meeting has been changed to Friday, Nov. 15.

No action was taken on an agenda item regarding rabies quarantine facilities. More facilities are needed to meet state requirements, Judge Jeffrey Sutton said.

Regular reports were heard from Janet McDaniel for Helping Hands and Belinda Wilkins for the civic and youth center. A written report was received from the fire department.

### Graveside Service For Mrs. Black

Clafin "Tas" Black died Saturday, Oct. 12, 1996, in Crockett County Care Center. She was 90.

A graveside service was held at 11 a.m. Monday, Oct. 14, in Cedar Hill Cemetery with arrangements by Preddy Funeral Home.

Mrs. Black was born Jan. 29, 1906, in Ozona. She was a member of the Ozona First Baptist Church and had been an Eastern Star member for more than 50 years.

Survivors include one daughter and son-in-law, Dixie and Jacky Glasscock of Mertzon; one son, Maurice Black Jr. of Odessa; three grandchildren; one step-granddaughter; five great-grandchildren; and three step-great-grandchildren.

### Dorsey Service In Big Lake

Charles R. (Ronnie) Dorsey, age 57, of Big Lake died Tuesday, Oct. 8, 1996 at his home.

Service was at 2 p.m. Oct. 11 at First Methodist Church in Big Lake with the Rev. Don Duvall officiating. Burial followed in Glen Rest Cemetery.

Mr. Dorsey was born Nov. 27, 1938, in San Angelo. He was owner of Dorsey Electric Co. in Big Lake.

Survivors include his mother, Grace Dorsey of Ozona; two sons and daughter-in-law, Ronnie Lee and Karen Dorsey of Big Lake and Mitch Keith Dorsey of Big Lake; one granddaughter, Katie Anne Dorsey of Big Lake; one brother and sister-in-law, Ray and Sharon Dorsey of Jal, NM; niece and nephew Teri and Andy Pearce of Odessa; great-nephews, Bryce and Brian Pearce of Odessa; nephew and niece, Mike and Kelly Dorsey of Odessa; and a great-niece, Taylor Brook Dorsey of Odessa.

### Roping To Benefit Rehab

A team roping to benefit West Texas Rehabilitation Center has been rescheduled for Saturday, Nov. 9, at the Richards Park arena in Brady, according to volunteer coordinator James Williams.

Books will open at 1 p.m., roping begins at 2 p.m. and books will remain open through the end of the first round. Concessions also will be available including a hamburger meal.

The cost is four head for \$30 per team, and the contest is progressive after one. Frontier buckles will be awarded to average winners.

Originally set in September, the event has been rescheduled twice due to rainouts, and Williams is hopeful the third time truly will be a charm for this Rehab Center fundraiser.

He also reminds participants they must have a current card to collect winnings, and no numbers will be issued the day of roping.

For additional information, call Williams at 915-597-2427 or 915-597-0323 evenings.

### Public Hearing Directed To Education

The public is invited to testify at a hearing regarding the Texas Essential Knowledge and Skills (TEKS). TEKS will replace the current essential elements as the foundation of the state curriculum.

The hearing will be Oct. 28 in the Central High School Cafeteria at 100 Cottonwood in San Angelo from 6:30 to 8:30 p.m.

To register to testify at this public hearing, call Judy Meador at the Education Service Center Region XV, 915-658-6571. Persons providing testimony will be required to provide a written copy of their testimony. Order of speakers will be in order of sign-up at the hearing, and a time limit of five minutes per speaker will be enforced.

**HIGHLIGHTS**  
By Lyndeli Williams & Ed Sterling  
TEXAS PRESS ASSOCIATION

AUSTIN — Lt. Gov. Bob Bullock wants tougher rules of conduct for those who oversee Texas' nursing homes and he wants the rules adopted right away.

In a letter to the Texas Board of Nursing Facility Administrators, Bullock pushed the agency to adopt the rules at its Oct. 18 meeting. It normally would take months to overhaul the agency's regulations.

Proposed rules would require nursing home administrators to keep a sufficient number of trained workers on duty, protect residents from harm and ensure that residents have proper medical treatment and nutrition.

Mike Hailey, press secretary to Bullock, told the *Austin American-Statesman*, "The residents of some of the facilities have waited long enough for an assurance that standards are going to improve."

Attorney General Dan Morales said the tougher nursing home rules will be ineffective unless an independent agency is given power to sue nursing home directors. He suggested his office would be the appropriate agency to enforce the new set of rules.

Problems at nursing homes came to light and drew state officials' attention last month when the *American-Statesman* published a report on its months-long investigation of the Texas Home of Nursing Home Administrators.

The *American-Statesman* found

pervasive problems in the board's regulation of the state's 2,700 nursing home administrators. The newspaper discovered staff shortages, sloppy record-keeping and failure to follow through on disciplinary action proposed by the agency's own members.

**Tax Abatements Hurt Education**  
Meanwhile, Bullock called for an end to school property tax abatements, which cost public schools about \$143 million in funding last year, according to a study released by the Senate Economic Development Committee.

While speaking last week to the Association of Texas Colleges and Universities, Bullock said it's wrong for some businesses to ask for property tax abatements while calling for a better-educated work force.

"The very idea of industry coming in to Texas and saying they want tax breaks before they will locate in Hillsboro, Houston and Dallas is beyond my comprehension."

"Where in the world do people believe we get an educated work force?" Bullock asked.

Many Texas cities, counties and school districts — a majority of them property-poor — have used tax abatements to lure new businesses, allowing them to forego or pay only a portion of their property taxes for a specified number of years.

But Bullock opposes such practices, and said, "When it comes to our public schools, everybody ought to pay taxes."

Sen. David Sibley, R-Waco, chairman of the Senate Economic Development Committee, said he may sponsor a bill in the next legislative session that will eliminate school property tax abatements.

**Judge Excuses Gov. Bush**

Gov. George W. Bush reported for jury duty but was dismissed from a Travis County jury pool last week.

Bush waited in a Travis County Courthouse hallway for over an hour while lawyers and a county

judge whittled down the list of potential jurors.

David Wahlberg, the lawyer representing the defendant, argued that it would be a conflict of interest for the governor to sit in judgment of a case in which he later could be asked to grant a pardon.

**Barnes Defends Contract**

Former Lt. Gov. Ben Barnes said his business dealings in Texas with a former GTECH executive were approved by the company and unrelated to the executive's conviction in New Jersey on charges of taking kickbacks, the *Dallas Morning News* reported.

Barnes is a lobbyist for GTECH, the company that won a contract to operate the Texas lottery. Barnes said former GTECH sales director J. David Smith "didn't have anything to do with my contract in Texas."

Smith was convicted Oct. 4 in a New Jersey federal court for taking \$169,500 in kickbacks from a New Jersey consulting firm hired by GTECH to help the company expand its lottery contract there, the *Morning News* reported.

**Business Climate Favorable**

A new survey shows Texas offers the second most favorable business climate in the United States. North Carolina leads the states, followed by Texas, New York and New Jersey.

Brenda Amett, executive director of the Texas Department of Commerce, said she was pleased with the survey and not surprised at Texas' high ranking.

"Texas' success will be reflected in our continued growth and job creation," she said.

Answering the survey were 173 top corporate executives at companies with annual sales of more than \$100 million and 250 or more employees. Ninety-nine percent of the respondents have been involved in decisions to relocate, expand, consolidate or build new facilities for their companies. The survey was conducted by the New York marketing firm, Development Counselors International.

### Ozona Woman's League Honors Charter Members

In celebration of the Texas Federation of Women's Clubs' Centennial Club year, the Ozona Woman's League honored their charter members and past presidents with a tea. The tea was held in the home of Tina Bean on Tuesday, Oct. 8. Hostesses were Tina Bean, Tammy Bunker, Helen Bean, Peggy Dickerson and Karen Huffman. Benny Gail Hunnicutt, the club's first president, spoke on the organization of the club and past fund raisers and activities in which the club had participated.

The Ozona Woman's League was organized in July of 1960 and federated in 1961. The object of this club was to promote the culture, entertainment and welfare of its members and the community. The J. A. Pelt Memorial Loan Fund was established to give financial aide to students in college and the Mildred North Scholarship Fund was given to a deserving high school senior. Later these two funds were combined so that a larger scholarship could be given. In 1964, a social club was organized so that past and present league members and their spouses could get together for dinner, dances, skeet shoots, games and other

activities. Supper Club is still active today.

The very first fundraiser back in 1961 was a melodrama put on by members and their spouses. After that year, the Woman's League bazaar was organized, which included crafts and foods. In celebration of the sesquicentennial, the ladies of the club published a cookbook, *Diamonds in the Desert*. Proceeds from the selling of the book go back into the community through donations.

Charter member of the Ozona Woman's League are: Mmes.: Joe Bean, George Bunker Jr., Jack Brewer, Bill Carson, James Chapman, Roy Coates, Joe Couch, Glenn Cox, Jim Dudley, Charles Garlitz, Jerry Hayes, John Henderson Jr., Armond Hoover Jr., Perry Hubbard, J. G. Huffstelder, John R. Hunnicutt, Jody Jones, Dick Kirby, Allie Lock, Billy Mills, Tom Mitchell, Carl North, H. M. Phillips Jr., Elizabeth Pierce, Nat Read, George Russell Jr. and Maurice Lemons.

### Woman's Forum Meets

The Woman's Forum met Oct. 1, 1996, with Charlotte Harrell and Benny Gail Hunnicutt as co-hostesses at the Harrell Ranch.

The meeting was called to order by the president, Shirley Kirby.

The club collect was led by Sandy Bebee. Minutes were read by Benny Gail Hunnicutt, recording secretary, and were approved.

Arlene Clayton gave a report on the Texas Federation of Women's Clubs' fall board meeting held in Austin. All the meetings that she attended were very informative and had a good turn out. Arlene was given a certificate congratulating her on all of her cooperation at the convention in Nashville, TN.

Jewel Bailey, Charlotte Harrell and Arlene Clayton will attend the fall board meeting of the Heart of Texas District on Oct. 19 in Rochelle.

Marolyn Bean gave a report on the Heritage Sculpture, stating that it would be placed in the park in December.

Progress for the 911 project was given by Willa Perry. Judge Jeffrey Sutton has appointed a committee to work on the details.

A thank you note was read by Shirley Kirby from Mrs. Tommie

Luckenbach.

Benny Gail Hunnicutt gave a report for the forthcoming Heritage Day, sponsored by the Crockett County Museum. Shannon Gillispie, a gospel singer from Eldorado, will sing several of her songs. She has an appointment in Nashville, TN, next month to cut a record.

Georgia Kirby introduced Charlotte Harrell, who gave a program on their 10 years of living in Ghana, Africa. Charlotte and Roy had collected many interesting artifacts while living there.

Members attending were: Jewel Bailey, Marolyn Bean, Sandy Bebee, Jane Black, Louise Bunker, Norma Carson, Nancy Childress, Crystelle Childress, Arlene Clayton, Beverly Evans, Charlotte Harrell, Virginia Hubbard, Benny Gail Hunnicutt, Lu Ingram, Georgia Kirby, Shirley Kirby, Lucille Littleton, Ethel Miller, Dorothy Montgomery, Willa Perry, Vada Pridemore, Ann Shaw, Margaret Tabb, Blanche Walker, Helen White, Patsy White, Luetta Kost and Madeline Stokes.

The meeting was adjourned by the president.

### Garden Club Plans Sale

Members of Ozona Garden Club met at the Crockett County Civic Center Oct. 14 for a regular meeting. Virginia Hubbard and Debbi Hamilton served as hostesses, using a fall centerpiece and accessories on the refreshment table.

During the business session of the meeting, Dorothy Montgomery reported that the mechanical portion of the nativity scene had been done and the figures will be ready to start on the repainting after the surfaces have been prepared. She requested that members meet after club at Celia West's home so she may be able to explain how to proceed.

Members were reminded of the white elephant sale that will be held Oct. 26 at the county barn and urged to bring items on Friday, Oct. 25, for setting up. The club voted to donate unsold items to the Ozona Community Center.

After the business meeting, Dee Keilers brought an interesting and informative program on composting.

Mr. Keilers first encouraged the group to make use of the re-cycling bins the county has available and stressed the importance of individual composting. He brought samples from his own composting containers as well as some from the county plots and showed pamphlets on types of composters available for yard refuse. He also showed the group a kitchen refuse composter that works with fruit and vegetable scraps and earthworms.

At the close of the meeting, a plant auction was held.

Members present were: Mary Jo Mason, Lou Deaton, Marolyn Bean, Marge Smith, Jonesy Williams, Dorothy Montgomery, Sue Burns, Debbi Hamilton, Virginia Hubbard, Jeanne Wellman and Ethel Miller.

### Child Care Conference Slated In Midland

Child care providers can earn up to six clock hours of training by attending the annual Child Care Provider Conference in Midland on Saturday, Nov. 23. The conference is co-sponsored by Children's Enterprises, Inc., Midland College, Texas Agricultural Extension Service, Texas Department of Protective and Regulatory Services, and West Texas Opportunities, Inc./Child Care Training. Participants will need to send in their \$12 registration fee and the accompanying form before the Nov. 1 deadline. Following registration from 8-8:30 a.m., each participant will attend two classes in the morning session and one session in the afternoon session. Lunch is "on your own".

The morning topics offered include health and nutrition, assertiveness training, personal relationships, communicating with co-workers and staff, how to present yourself as a professional, credentialing and educational opportunities in the Permian Basin, working with staff of differing cultures, and how to hire and retain staff. Afternoon classes include conflict management, stress management, motivating your staff, qualities of good leadership, working with different personality types, building your self-esteem, physical fitness and you, and ethical behavior in the early childhood setting.

The purpose of the conference is to provide training which reflects the needs and interests of all providers who care for children.

For more information, contact Rita Stotts at the Midland College Child Development Center, 915 685-4574, or Tedra Ulmer at the Crockett County Extension Office, 392-2721.

Extension educational programs serve people of all ages, regardless of socioeconomic level, race, color, sex, religion, national origin or disability.

## Crockett County Public Library News

### NEED FOR INTERNET

Here are the top 10 reasons why rural libraries and librarians need the Internet, reprinted with permission from the *Rural Library Services Newsletter*, January/February 1996 issue.

10. Improve Computer Literacy - There must be a place in every community where citizens can come and work on a computer.

9. Stay Current - For libraries to remain the source for current and exciting information, they must embrace the Internet as a viable and vital information resource.

8. Connect To The World - The Internet will allow rural patrons to connect to information, places, and - most importantly - to people, from around the world.

7. Access To Information - Electronic publishing is flooding the Internet, available only via this resource.

6. Save Money - Many expensive print reference resources can be accessed via the Internet, alleviating the cost of replacing and updating every year.

5. Relieve Isolation - Through the Internet, patrons can interact with special interest groups, and by producing a World Wide Web homepage rural libraries can invite the "World" into their doors.

4. Network With Colleagues - Via the Internet, small rural library staffs have access to discussion groups within the profession which offer exchange of ideas, strategies and solutions to problems and concerns.

3. Provide Leadership Role - Librarians have traditionally been thought of as information specialists, and this should also apply to Internet access.

2. Equalization Of Information - The Internet can prevent library patrons living in rural areas from being penalized because they do not have the same access to information as urban patrons.

And, the Number One Reason rural libraries should connect to the Internet is...It's A Matter Of Trust! Patrons expect the library to be a primary source of information. If the library doesn't connect, then patrons will find someone who will provide access—for a price and therefore not equal. For generations the library has been and must now continue to be the trusted place for new and compelling information provided freely in a variety of formats.

*"A Man With An Experience Is Never At The Mercy Of A Man With An Argument"*

What I have found out in these past few years of ministry is that everyone is on a course of one type or another. Everyone has priorities of some type and everyone has a philosophy that they live by whether good or bad.

Some folks are always trying to convince others that "theirs" is the right way! What road are you on? Is your philosophy, course, and priorities shaped from a hodge-podge of stuff that you've picked up along life's highway? Or is it some thing deeper?

I had gone to religious gatherings called church many times in the past but the life changing moment for me was when I had an experience with Christ. I can still remember the words of all my beer drinking and bar hopping buddies as they laughed and said that I would be over this religious kick in about 2 weeks. Well, that was about 12 years ago! Have I been perfect? Absolutely not! But I've met Jesus and no one's philosophy can change me. What an amazing revelation to find out that Jesus is really alive, and that I am forgiven. I trust that you are living by an experience and not just an argument. It makes the road that you're on worth traveling!

*To God Be The Glory*

By Dennis J. Prutow

The gospel hymn, *To God be the Glory*, directs our attention to the greatness of God. "To God be the glory, great things He has done!" In the Old Testament of the Bible, when something is glorious, it has a lot of weight. Gold is a heavy metal. Gold has glory. From a worldly perspective gold brings great blessing. From a spiritual perspective, God is the heavy-weight champion of the universe. He ought to carry a lot of weight in all our lives.

The Bible leads the way in singing the praises of God. "Blessed be the God and Father of our Lord Jesus Christ, who has blessed us with every spiritual blessing in the heavenly places in Christ" (Ephesians 1:3). To bless God is to eulogize Him, to speak well of Him. We speak well of God in response to His blessings poured out upon us. He has blessed us with every spiritual blessing.

When God blesses us He speaks well of us. What He says comes to pass. When we trust in the sacrifice of Christ as the only adequate payment for our sins, God says, "You are forgiven." God's pronouncement is, "Not guilty". We are justified in His sight. This is spiritual blessing. It is a blessing which comes down from heaven. It is very glorious. All of God's weight is behind it.

## Letter to the Editor

### BOBBIE BRYSON UPDATE

I pray I do not have to bring bad news back each week on how Bobbie is doing; but again this week things have gone bad for her. Bobbie began experiencing extremely bad back pains. At first the doctors contributed this to the type of chemotherapy she was taking. But after they continued for several days, the doctors are concerned there might be more to it than just a side effect from the chemo.

Dr. Sandlund, her main doctor has scheduled a series of bone scans beginning next week to see if they can pin-point the trouble. They do not want to alarm us, but the worse case could be a secondary cancer, cancer of the bone. They are hoping that it is just a reaction to the chemo, but her back and leg pains seem not to follow the "norm" in most cases. A team of specialist, neurologists, etc... will be conducting these tests, and results should be known sometime the end of next week.

When Bobbie is experiencing these pains she has trouble walking, but is still in good fighting spirits. Her pain medication is working pretty good, but it is so hard to see her suffer

so much. She is holding her own with her weight, staying in the low 90's (which is good). They are still giving her appetizer builders, and she is eating extremely well. Thank God for picante sauce and chips, hot dogs, and barbeque. She sure misses Poco Taco and Dairy Queen.

Bobbie is spending her extra time helping a young tumor patient fight for her life. This young lady is Bobbie's age from Illinois, a state athlete, who the doctors have only given a few weeks to live. She and Bobbie have made great pals, and Bobbie seems to have given this young lady a new reason to fight this dreaded cancer. The parents of this young lady and Maida and I are so proud of Bobbie and what she had done for this young athlete. We all knew Bobbie was so special, and this is just another reason why!!!

God bless you all for the support and prayers. They are working and Bobbie is still giving it that good old West Texas fight. She misses all of you. She is on the Internet now with Memphis on line, and is reading the San Angelo paper. Maida, Bobbie and the doctors are still planning on Bobbie coming home within 4 to 5 weeks. Keep praying and thank you.

Robert Bryson

### Bobbie's Portrait Goes To Memphis

A portrait of Bobbie Bryson which was commissioned by Ruben Cantu went to Memphis this week. When Cantu learned how much Bobbie liked the portrait, he arranged for her father, Robert Bryson, to take it to her at St. Jude's.

Originally planned for a fund-

raiser for Bobbie, the portrait has been on display at Crockett County National Bank and Ozona National Bank and at banks in Sonora, Big Lake, Eldorado and Iraan. Cantu expressed his appreciation to each of these institutions for their participation.

### Soldiers Coming To Fort Lancaster

Fort Lancaster State Historic Park will come alive with frontier soldiers on Saturday, Oct. 26. Authentically uniformed and equipped volunteers from Fort Concho and the Texas Buffalo Soldiers will portray infantry and cavalry soldiers of the late 1870's and early 1880's. The squads will perform drill and firearms demonstrations, equipment and wagon displays,

and children's army drill from 8 a.m. until 5 p.m. Admission is \$2 for adults and \$1 for students. Organized school groups, persons with TCP passes and children 12 and under are free.

Pack a sack lunch and travel to Fort Lancaster State Historic Park Oct. 26. The park is located nine miles east of Sheffield on U. S. Highway 290. For further information, call 915 836-4391.

### Chicken Pox Vaccine Available In Public Health Clinics

A vaccine for chickenpox (varicella) is now available at most public health clinics and from providers who receive publicly purchased vaccines, according to the Texas Department of Health (TDH). People who want their children inoculated should check to see when the vaccine will be available in their area.

"The chickenpox vaccine is highly effective," said Dr. David R. Smith, Texas Commissioner of Health. "In one chickenpox vaccine trial, 97 percent of the 7,000 children inoculated were protected against the disease," he said.

Initially, TDH recommends use of the chickenpox vaccine for children in these categories who have not had the disease:

- Children ages 12 months through 23 months
- 11-year-olds
- Youngsters 18 years old and younger who live with people at high risk from serious complications from chickenpox.

For the past decade, Texas has reported about 20,000 cases of chickenpox annually. Although highly contagious, illness from chickenpox is generally mild and usually not life-threatening. But about 9,300 hospitalizations and 50 to 100 deaths are related to chickenpox annually, mostly in young children. From 1985 to 1994, Texas recorded 69 deaths associated with chickenpox.

The illness is transmitted by coughing and sneezing and through fluid from broken blisters. A person is contagious with chickenpox from one to two days before blisters or bumps appear until all lesions have dried, which usually takes four to five days.

Children 12 months to 12 years receive one inoculation; people age 13 and older receive two inoculations at least four weeks apart. Those who have had chickenpox do not need the vaccine.

"Most children will have few if any problems with the vaccine," said Smith. "For those who do, the injection site may be somewhat swollen and red. A child may be slightly sick at the stomach and tired and uncomfortable."

## Dental Implants - An alternative to missing teeth

### What are Dental Implants?

Unlike dentures, Dental Implants can replace one or several teeth and become a permanent part of your mouth. The implant fuses with your healthy jawbone so that most implants work and feel just like normal teeth.

### Who needs Dental Implants?

Dental implants are standard treatment for problems such as:

- \*Enhancement of appearance
- \*Self-Confidence
- \*Restoration of normal eating
- \*Restoration of normal speaking
- \*Improved denture retention

Call our office today for a free, convenient, confidential consultation. Together we'll determine if implants are right for you and give you the individual attention you deserve.

## Sterling City JV Defeats JV Gold

by Neal Ulmer,  
Stockman Sportswriter

A big, strong, and fast Sterling City JV team defeated the Ozona JV Gold team 41-0 in last Thursday's game in Sterling City. The JV Gold Lions fall to a season record of 1-4.

"We had a difficult time moving the ball offensively because, Sterling City had a real seasoned JV team," said JV Gold coach Dane Vickers. "We were pleased with the effort and the 'never give up' attitude these kids possess."

The Eagles jumped to an early lead in the first quarter as they scored two touchdowns and extra points to lead 14-0 in the first quarter. They added another touchdown in the second period to lead at halftime 21-0.

"They (Sterling City) scored mainly on running plays with a combination of short yardage TDs and some big plays. A pretty good JV team," Vickers said.

The score in the third quarter was Ozona 0, Sterling City 34 and the Eagles added seven more points in the fourth to win the game 41-0.

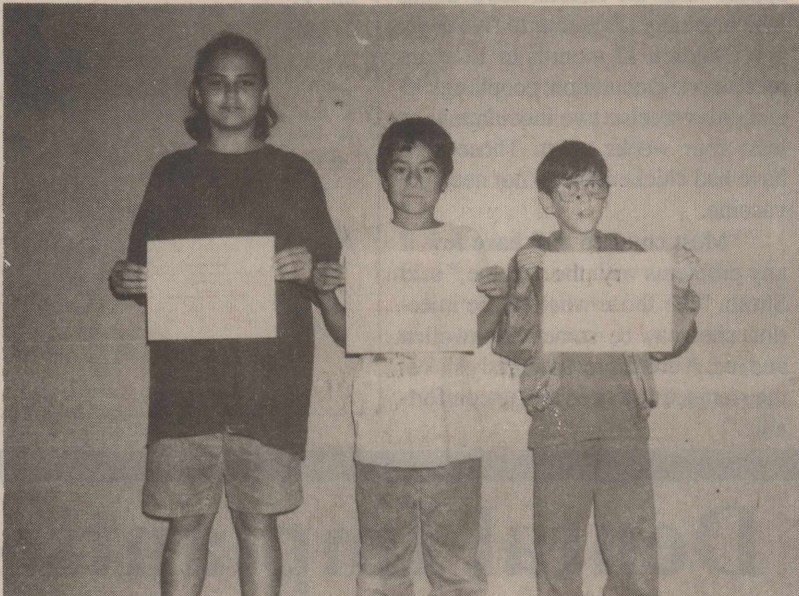

"We were able to complete a few

passes and able to move the ball some in the second half with changes on the offensive line," said Coach Vickers. "Defensively, we were aggressive and we were in the right spot at a lot of times, but were just overpowered."

Coach Vickers and Coach Alan Phillips were pleased with their 25-member team. "One thing that impresses me about the gold and purple bunches, is their heart, desire, and attitude. These kids are getting better each week, regardless of the score of the games and I definitely feel like that the future looks very bright for these kids on the gold team and also on the purple team," said Vickers.

Coach Vickers noted some good effort by the Lions' defensive team. He said, "Ty Mitchell had an exceptionally good game defensively and we had good defensive play from John Austin Stokes, Ty Porter, and Cade Clark."

The JV Gold Lions will host the Rankin JV Red Devils starting at approximately 7 p.m. on Thursday, Oct. 17 in Lion Stadium. The Ozona JV Purple team will open up Thursday's action starting at 5 p.m., So get out and "Back the Lions".

## Don't Be Rattled By Snake Bites

In Westerns, cowboys bitten by poisonous snakes cut into the bite with their knives and sucked out the venom. Of course, Hollywood cowboys didn't have today's medical understanding of how to treat snake bites.

Dr. Kathleen Delaney, associate professor of emergency medicine at UT Southwestern Medical Center at Dallas, says there is no reason for incision and suction, and placing ice on the bite can cause more damage.

"We recommend that you tie a loose band about two inches above the bite to slow down absorption of the venom," Delaney says. "Immobilize the extremity, keep the limb down and get to a hospital emergency department immediately."

If possible, get a good description of the snake because emergency room physicians can treat some bites with

an antivenin if they know what type of snake bit you. Five to 15 people die from poisonous snake bites each year in the United States.

## Ozona JV Purple Defeats Roscoe

By Neal Ulmer,  
Stockman Sportswriter

The Ozona JV Purple Lions' defense stood off three goal-line stands to propel their offense to a 12-0 victory over the Roscoe JV Plowboys in last Thursday's game in Roscoe. The JV Purple Lions are now 4-3 for the season.

"The coaches are very proud of our football team, of their teamwork, and cohesiveness with each other," said Coach Ronnie Casey, the offensive JV Purple coach. "Each team member exhibited a lot of class, courage, and character in every play."

"It was one of the best football games Ozona has played," added Coach Maldonado.

Both the Lions and the Plowboys fought to a 0-0 tie in the first quarter. Then the Lions started the push towards victory in the second period. Miguel Rios scored on a pass play from quarterback Ross Crawford. The two-point conversion try failed, but the Lions led 6-0 through halftime and at the end of the third period.

"In our first half, the defense bent a little, but never broke," said defensive JV Purple coach Lee Gonzales. "Throughout the game, the kids never lost focus and played with a lot of intensity."

In the fourth quarter, the Lions came back to score on a 1-yard dive play by Crawford. A pass for the two-point conversion failed, but the Lions held for a 12-0 victory.

Coach Gonzales was excited for and proud of his defense, as he said, "They played with exceptional mental toughness. An example of that was, we had three goal-line stands."

Coach Casey added that, "Both defensively and offensively, Roscoe had a great ball club."

The JV Purple Lions will host the Coahoma JV Bulldogs starting at 5 p.m. on Thursday, Oct. 17 in Lion Stadium. Come out and watch this team and the JV Gold team in some hot football action. The JV Gold team will play host to the Rankin JV Red Devils and they will start at approximately 7 p.m.

## Classes to continue... Midland College Receives Grant

U.S. Rep. Henry Bonilla (R-TX-23) announced that Midland College had received a \$336,124 grant which would extend its credit classes to the Regional Technical Training Center (RTTC) in Ft. Stockton and the Crockett County Consolidated Common School District (CCCCSD).

The grant was awarded by the Rural Utilities Service of the U.S. Department of Agriculture to the Distance Learning for Rural West Texas Project. The project will provide distance learning opportunities to a vast underserved rural area.

"I am very pleased that students in West Texas will now have the opportunity to receive a quality education," Bonilla said. "While the wide open space of West Texas is beautiful, it also makes it impossible for many students to travel back and forth to college. Now, they will have that option."

The grant funds will be used to purchase equipment for interactive video distance learning facilities that would extend Midland College credit classes to the RTTC and the CCCCSD. Both academic and technical classes will be available.

"Everyone should have the opportunity to attend college," Bonilla said. "This program will open the doors for many students in Pecos County and Crockett County who thought it would be impossible for them to at-

tend college classes."

The grant will allow the sharing of Midland College courses and faculty with the participating schools, the offering of concurrent enrollment courses for qualified high school students, the offering of faculty/staff development programs other than for college credit, and the sharing of educational specialists through seminars and conferences with other agencies participating in the video network.

### Seniors: Add Food Safety To The Menu

Sixty-million Americans qualify as seniors, according to the American Association of Retired Persons. And they enjoy eating out. Statistics show that older people eat out as often as the rest of the population, but that they are 10 times more likely to die from consequences of foodborne illnesses than the rest of the population.

The reason is that as we grow older, our immune systems don't work as well to fight off illness. So whenever you eat, protect yourself from foodborne illnesses by following these food safety examples:

... "How would you like your burger? Always order it well cooked, and then check to be sure there is no pink in the middle. If so, have them recook it. And, never eat raw meat, poultry or seafood such as steak tartare, raw oysters or sushi.

... "Leftovers" After eating you have some wonderful food left to take with you. Whether it is presented to you in a foil "swan", a styrofoam box, or you wrap it in a napkin for your purse or pocket (which many people still do), take it straight home and put it in the refrigerator. Bacteria grow rapidly on unrefrigerated foods.

... "Check for cleanliness" look around when you go in a restaurant. Dirty floor? Waiters or servers in soiled clothing? Any evidence of insects? Odds are the kitchen is even worse and the food may not be prepared under sanitary conditions. Plan to eat somewhere else.

... "Raw or undercooked eggs" can be health hazards due to possible salmonella problems. Sunny side up

eggs can be a culprit, as well as Caesar salads, hollandaise sauce, some custards, or any food that contains uncooked eggs. Ask your waiter or waitress if you're not sure about an item on the menu.

... "Careful; this plate is really hot!" A common warning that you should certainly heed. However, make sure your food is also piping hot when it's delivered. If it's not, send it back.

For safety's sake, remember three simple guidelines - keep hot foods hot; keep cold foods cold, and keep foods clean. They could save your life.

For questions about the safe handling and preparation of foods, call USDA's tollfree Meat and Poultry Hotline at 1-800-535-4555 Monday through Friday, 10 a.m. to 4 p.m., EST.

We also have a lot of useful information available free from the County Extension Office. Come by or give us a call. We're now located at 1301 Ave. AA next to the Fair Park Convention Center (the old 4-H Barn). Or call 392-2721 for more information.

## Diabetic Care Taught In Monday Workshop At Civic Center

Management of diabetes by the patient is one of the most important factors in staying active and preventing the more serious problems caused by diabetes, such as heart disease and circulatory or kidney failure.

A free bilingual workshop, "Managing Your Diabetes", will be held at the Crockett County Civic Center on Monday, Oct. 21, from 1-5 p.m. for all diabetics and their caregivers. Any other interested persons are also encouraged to attend.

The workshop, sponsored by the Texas Agricultural Extension Service's Family and Consumer Sciences Committee, will address the main concerns of diabetics - meal planning, foot care, and medications.

While there is no charge to attend or deadline to register, it would be helpful to the speakers in planning for enough materials if people planning to attend would call 392-2721 in advance.

Speakers are from Shannon Medical Center and all sessions will be bilingual. Following a general session overview of diabetes and how to control it, the three topics will be offered in 45-minute workshops, which will be offered twice during the afternoon. Participants can choose two of the workshops to attend. Following the workshops, the panel of speakers will answer questions from the audience.

"This is an excellent way for diabetics to get their questions and concerns answered immediately," said Tedra Ulmer, County Extension Agent for Family and Consumer Sciences. "We have had many requests for this type of bilingual program, and we

hope our Crockett County residents will take advantage of the opportunity," said Ulmer.

For more information about the workshop or other programs on diet, nutrition and health, contact Tedra Ulmer at 392-2721. Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages, regardless of socioeconomic level, race, color, sex, religion, national origin or disability.

Persons with disabilities who need special services in order to attend this conference should call 392-2721 as soon as possible.

# Library Internet Policy Statement

Crockett County Library Board

## CROCKETT COUNTY PUBLIC LIBRARY INTERNET ACCESS POLICY 10-1-96

### LIBRARY MISSION STATEMENT

The mission of the Crockett County Public Library is to broaden and extend the learning experience of all the people of the community. The Library is devoted to informal education, permitting an individual to study any subject at any time, to start at any degree of difficulty, proceed at his own pace, and work towards a self-determined goal, free of costs and with a minimum of institutional restriction. It is within this context that the CCPL offers free access to the Internet.

The goals of the CCPL are to support and enrich public education, to increase access to information by providing an adequate facility and number of materials to serve a community the size of Ozona, and to provide services for all segments and ages of the community. We follow the American Library Association in upholding the policies of the Library Bill of Rights and the Freedom To Read Act. The same standards of intellectual freedom, privacy, and confidentiality for traditional print media shall be applied to all electronic media.

### USING LIBRARY COMPUTERS

The Library Computer Resources Center and the Internet Access Computers were provided by Crockett County Tax Revenue and a 1996 Grant for Internet Access from the Texas State Library. Users must be careful when using all of the computers in the Library. We request that you treat the Library's computers in the same gentle manner as you would treat your own home computer.

Computer users are financially responsible for any harm done to the computers. Adults are financially responsible for any harm done by children included on their Library Cards. Children under 6 must be accompanied by an adult when using the computers.

Users must respect the integrity of the Library's computers and utilize only those programs and services

posted on each computer. Users may NOT make any attempt to alter software configurations, make any attempt to cause degradation of system performance, make purchases over the Internet for which the Library could be held responsible, or install or download any software.

### WHO MAY ACCESS THE INTERNET?

All Internet resources accessible through CCPL are provided equally to all library users. All patrons of CCPL with valid Library Cards may access the Internet using Library Computers. Children under the age of 18 require parental permission to use the Internet. Use of the Internet is a privilege, not a right, and inappropriate use will result in cancellation of this privilege. *Parents or guardians, not the CCPL or its staff, are responsible for the Internet information selected and/or accessed by their children. Parents — and only parents — may restrict their children — and only their children — from access to the Internet resources accessible through the Library. Parents are advised to supervise their children's Internet sessions.*

### STATEMENT OF RESPONSIBILITY

The Crockett County Public Library does not monitor and has no control over the information accessed through the Internet and cannot be held responsible for its content. The Internet is a global entity with a highly diverse user population and CCPL patrons use it at their own risk. CCPL assumes no responsibility for the use of the Internet by children. It is not possible for library staff to monitor or control information children and youth may locate on the Internet. Just as libraries do not vouch for or endorse the viewpoints of written materials in their collections, they do not do so for electronic information. It is the responsibility of the user or parent to determine what is appropriate.

The Internet offers access to many valuable local, national, and international sources of information. However, not all sources on the Internet provide accurate, complete,

or current information. A good information consumer evaluates the validity of information found.

U.S. Copyright Law (Title 17, U.S. Code) prohibits the unauthorized reproduction or distribution of copyrighted materials, except as permitted by the principles of "fair use". Users may not copy or distribute electronic materials (including electronic mail, text, images, programs or data) without the explicit permission of the copyright holder. Any responsibility for any consequences of copyright infringement lies with the user; CCPL expressly disclaims any liability or responsibility resulting from such use.

### STAFF ASSISTANCE

It is the policy of the Crockett County Public Library to utilize all resources available in the Library's collection to fulfill the information needs of our patrons. Further services, such as Interlibrary Loan and the Internet, will be used after all in-house resources are exhausted.

CCPL staff will assist patrons with Internet use as time permits but cannot offer personal instruction concerning Internet computer jargon or personal computer use. We may be able to offer searching suggestions or answer basic use questions. CCPL staff are always available to help patrons locate books and periodicals about the Internet.

Have fun exploring the Internet, but please remember that many times you will find the specific information you need right here—in your Library's books, periodicals, CD-ROM databases, etc..

## Ozona Fire Department Goes To The Races

All the bumps, bruises, cuts and the many hard hours of practicing finally paid off for members of the Ozona Fire Department. On Oct. 5, members traveled to Winters for the annual Fall Hill Country Fireman's

Convention where they competed in four events.

The 3-man relay team of Dana Caddell, Chicho Hernandez and Brian Morrow brought home a first place trophy along with the fastest time of

10.97 seconds. Third place went to the 6-man pumper team and one man team. Members of the 6-man team were: Melissa Glosson, Larry Glosson, Larry Sanchez, Bailey Bishop, Brad Thompson and Chicho Hernandez. Their race time was 25.84 seconds. Larry Glosson earned a third place trophy with a time of 11.57 seconds. Each team member also received an individual trophy.

The water polo team did not place. These members were Tommy Miller and Eddie Wall.

Team members will compete in the spring convention in April in Sonora.

Family members joining the Ozona teams in Winters were: Helen Wall, Francis Sanchez, Linda Hernandez, David Hernandez, Mark Hernandez, Sarah Hernandez, Janet Thompson, Heather Thompson, Kim Caddell, Pate Caddell, Zane Caddell, Morgan Glosson, Brandi Glosson, Kodi Glosson, Nancy Gutierrez, Thomas Morrow, Mike Morrow, Della Miller, Kelli Price and Jasper Price.

## Warriors Take Two From Cubs In Iraan

by Neal Ulmer, Stockman SportsWriter

The Ozona Seventh and Eighth Grade Cubs were both defeated by the Iraan Warriors in Iraan last Thursday night. Both games stayed close with the seventh grade losing 6-0 and the eighth grade losing 14-12. The Seventh Cubs have a season record of 2-3 and the eighth grade's record is 1-4.

In the seventh grade game, the Cubs opened up the game by running the kickoff back all the way for a touchdown. Unfortunately, for the Cubs, the touchdown was called back due to an illegal block in the back.

"In the first half, it was an even game. I thought our kids and the Iraan kids were playing well," said Coach David Delgado.

In the fourth quarter, Ozona's Kyle Richardson threw a 72 yard pass play to Zeke Rivera only to be called back for too many men on the field.

Iraan's score was set up by an intercepted pass on the Cub's 25-yard line and was run back to the Cubs' 6-yard line. They scored on a 6-yard run with approximately 1:46 left in the game. The conversion run failed and the Warriors won 6-0.

"We were able to get the ball in the end zone twice, but both were brought back on penalties. Offensively, we moved the ball well, but were inconsistent," said Coach Delgado. "Defensively, the kids played hard, but after the two TDs were brought back, we lost our momentum."

In the eighth grade game, the Cubs jumped ahead in the first quarter, but

faltered in the fourth, losing to the Warriors by two points at 14-12.

"Offensively, I felt like the kids played a good game, but we turned the ball over too much (four times with two interceptions and two fumbles). That really hurt us and were drive killers," said Coach Rick Bachman. "Defensively, I felt the kids did a good job, but were called on to perform under less than desirable circumstances."

Ozona's Leon Garcia scored on their first possession in the first quarter on a 47-yard scamper. The two-point conversion failed, but the Cubs were on the scoreboard 6-0.

Iraan came back in the second period to score on a 14-yard pass play. Their conversion failed with the Warriors tying the Cubs at 6-6.

Garcia scored the Cubs' second touchdown on a 7-yard run. He ran for the conversion, but came up short of the goal line. The Cubs went into the locker room leading the Warriors at halftime 12-6.

In the fourth quarter, the Warriors scored on a 5-yard run and were successful on their conversion to edge by the Cubs for a 14-12 victory.

"I felt the kids gave 100%, played with a lot of character, and never gave up," said Coach Bachman. "We were in the ball game until the final buzzer."

Bachman praised his team as he said, "We are looking forward to improving from week-to-week and are very satisfied with the progress we've made so far."

The Cubs will travel to Rankin to play the Red Devils starting with the seventh grade game at 5 p.m. and followed by the eighth grade game at 6:30 p.m. on Thursday, Oct. 17.

## Roscoe Plows Through Lions 49-6

by Neal Ulmer,  
Stockman Sportswriter

The Roscoe Plowboys running back, Andy Howard, scored four touchdowns and kicked seven PATs to defeat the Ozona Lions 49-6 in a District 8-2A contest held in Lion Stadium last Friday night. The Lions fall to a 1-5 season record and a 0-2 district record while the Plowboys' increase their season record to 5-1 and remain unbeaten in district at 3-0.

"Roscoe is a good team. They are big and execute well," said Ozona's head coach Walter Hargrove. "We didn't play with very much intensity and at times, we didn't play with much effort. We talked about playing to win and we didn't do that."

Roscoe received the opening kickoff and returned it to the Lions' 47-yard line. The Plowboys took ten plays to cover the distance with senior running back Howard scoring on a 5-yard run with 8:54 remaining in the first period. Howard added the first of seven PATs to give the Plowboys a 7-0 lead.

The Lions received Roscoe's kickoff and returned the ball to their own 30-yard line. Ozona found the going very difficult, as it was three plays and a punt. Matthew Galindo punted his first of eight punts that traveled 31 yards.

Roscoe started their second possession on the 50-yard line. This time, the Lion defense held the Plowboys and they punted for the first of only two punts of the night.

The Plowboys' second touchdown occurred on their third possession starting on the Lion 47-yard line. Roscoe's senior quarterback, Beau Barnes, ran for a 39-yard score with 2:24 left in the first period. Howard added the PAT to increase their score 14-0.

Roscoe was again on the run as they reached their 40-yard line when the first quarter ended (14-7). Six plays later, Howard crossed the goal line for his second touchdown. He again kicked the PAT boosting their score to 21-0 with 10:11 left in the first half.

An Ozona fumble and Roscoe recovery on the Lion 28-yard line set up the Plowboys' next score. The Plowboys knocked off the yardage in 6-8 yard increments scoring on a 7-yard run by Howard. The PAT by Howard was good inching the Plowboys' score to 28-0.

The Lions continued to have problems moving the ball and had to punt again. Ozona's defense stopped the Plowboys with Darin Jackson sacking Barnes for a 10-yard loss and the Plowboys made some mental mistakes including one penalty.

The Lions took over the ball on their own 21-yard line. Short runs by Jon Sanchez plus two pass receptions and other runs by Pete Castaneda, Jackson, and quarterback Justin Browne allowed the Lions to reach the Plowboys' 9-yard line.

On the next play, Browne threw a pass that was intercepted by Roscoe's Jacob Freeman. This was Ozona's only penetration in the Plowboys' territory of the first half as it ended with Roscoe leading 28-0.

"We didn't execute real smooth there," Hargrove said. "Justin tried to make something happen--pressing it a little."

Concerned about his team, Coach Hargrove said, "Both sides (offense

and defense), we didn't play good on each side of the ball--that's what bothers me. We are sitting here to even our district record, and we don't play hard. When you don't play hard, you don't stop people and don't move the ball well. It's got to be 11 persons playing the ball hard."

In the third quarter, it was like the "same song, second verse" for the Lions, as they were unable to drive the ball up field. Roscoe opened up their third quarter scoring on a 28-yard pass from Barnes to Jacob Freeman with 10:36 left in the period. Howard hit his fifth PAT to expand the Plowboys' score to 35-0.

Ozona tried to play catch-up ball as they went three plays and a punt. Roscoe's Roddy Alexander returned Galindo's punt to the Lion 8-yard line. On the next play Jon Sanchez sacked Barnes for a 15-yard loss but received a face mask penalty placing the ball on the Lion 9-yard line. Freeman ran six yards then covered the next three yards for another Plowboy score with 8:18 remaining. Howard kicked the ball through the uprights for the PAT to extend their lead to 42-0.

Ozona started their next possession from the 20-yard line with a little more eagerness to score, only to gain nothing on the first play and an illegal motion on the second play. However, on the third play, Browne completed a 14-yard pass to Sanchez to keep the ball alive for the Lions. It took another 12 plays including a 34-yard pass to Sanchez to get the ball down to the Plowboys' 6-yard line. Jackson scored from six-yards out on a pass reception from Browne with 1:54 left in the third period. The two-point conversion run by Sanchez failed with the Lions trailing the Plowboys 42-6.

The Plowboys' last score of the evening occurred with just one sec-

ond left on the clock in the third quarter. Howard returned Ozona's kickoff to the Lion 45-yard line. On the second play, Howard caught a 25-yard pass to the Lion 20-yard line. Three plays later, Howard ran 18 yards for the touchdown and added the PAT to give the Plowboys a 49-6 victory.

Defensively, the Lions were led in tackling by defensive back Justin Browne with 19 tackles. He was followed by Gary Dominguez with seven, Anthony Ortiz and Robert Kelly had six each, and Jon Sanchez and Darin Jackson had five each. The remaining fifteen players had a total of 31 tackles. Two Roscoe fumbles were recovered by Dominguez and Rusty Bishop.

A frustrated and definitely concerned Coach Hargrove said, "When it was time to execute, we don't play hard and it bothers me. The kids got to believe in themselves and each other, and to trust each other and themselves. They gotta be responsible."

"There is more to a football player than putting a uniform on. You have to have pride in what you are doing. We got four weeks left and they can cinch up their belts and make the most of it. They can play hard or it can be a long four weeks," said Hargrove.

The Lions will travel to Coahoma to play the Bulldogs starting at 8 p.m. on Friday, Oct. 18. The Bulldogs return 26 lettermen and five offensive and six defensive starters.

"Coahoma lost some good, skill people (13 lettermen) last year, but their JV was good; they have some good hands," said Coach Hargrove. "You are going to see an offense you haven't seen in a while. They don't have a quarterback, (that is) they do not use one. They snap it to one of the two up backs--kinda a single wing. One is called the spinnerback and he

is the quarterback and he can throw it."

New Bulldog head coach Jim Edwards sees their team's strength as quickness and his team's weaknesses as size and speed.

Defensively, they run a 26 or even front defense. They blitz their linebackers and play man-to-man in the secondary. According to Hargrove, they have some pretty good size.

Players to watch include quarterback Marshall Wright, who had 15 carries for 106 yards in Coahoma's 31-12 loss last Friday night. Others consist of running backs Michael Cobb and Mike McMillan, wide receiver Matthew Hamilton, linebacker Heath Blair, and defensive end Eugene Vasquez.

Their season record is 3-3 and their district record is 2-1, so be prepared for a good contest in Coahoma. The pep rally will start at 3:00 p.m. on Friday, Oct. 18 outside Davidson Gym. Help pick up the Lions' spirits and "Back the Lions".

## Out and Around with Eddy Hall

Donna and Randy Herring and daughter Jessica had a wonderful trip to New York and Canada earlier this month. Donna proclaimed the people great and the weather beautiful. (It rained every day they were there.) In Buffalo, New York they were guests of her aunt and uncle, Hazel and Pitt Smith. Mr. Smith is head of food and drug testing in New York state, and a tour of the facility there was quite interesting.

The most exciting part of the trip to Donna was going into the CNN tower in Toronto, the highest structure in the world. They ate in the revolving restaurant there, then went

onto the observation area where they were astounded by the fierce winds.

The family also went to Niagara Falls, Lake Ontario and Lake Erie and attended the horse races at Fort Erie.

"Everywhere we went people begged Randy for his hat," Donna said.

Mary Jo and Jim Hearne were in Alamogordo, NM, last weekend to visit son James, his wife and daughter, Gwen and Holly, in their new home. James recently transferred with the Border Patrol from Sanderson to Alamogordo. Mary Jo said the leaves were changing, creating beautiful scenery.

### Texas Scottish Rite Hospital For Children Presents Community Program Focusing On Learning Disabilities

Texas Scottish Rite Hospital for Children will host an informational presentation focusing on the hospital's services to Texas children, with special emphasis on the child development division which treats childhood learning disabilities. The program will be held on Tuesday, Oct. 29, at 6:30 p.m. at the Crockett County Civic Center in Ozona.

Elizabeth Cantrill, outreach coordinator of the child development division at Texas Scottish Rite Hospital for Children, will provide general information aimed at creating a greater community awareness of the hospital and childhood learning disorders. Parents, teachers and the general public are invited to attend.

Celebrating its 75th birthday in 1996, Texas Scottish Rite Hospital for Children in Dallas treats children with orthopedic conditions, related neurological disorders and learning disabilities. The hospital, a Masonic charity, does not charge for treatment and is funded solely by voluntary donations.

The informative community program, including dinner, is free to the public. Reservations can be made by calling (915) 392-3776.

## FSA NEWS

By Laurie Hale

The Crockett County FSA office will be closed on Wednesday morning, Oct. 16, and all day Thursday, Oct. 17. Sorry for any inconvenience this may cause.

Producers who are interested in running for the upcoming committee election need to come by the office and pick up a nominating petition.

This year's election will be for a one year term. Petitions will not be mailed; they are only available from this office. The last day to nominate someone is Oct. 28, 1996.

Producers will be able to extend the feeding period from Sept. 1 - Nov. 30, 1996. More information will be coming after the committee meeting on Oct. 16. Look for a newsletter with instructions.

## Mohair Council Executive Meeting Nov. 19

Carpet development, an overseas retail sales seminar and a straw count of Angora goats will highlight a meeting of the executive committee of the Mohair Council of America when it meets in Sonora Nov. 19.

The session will begin at 10:30 a.m. on Tuesday, Nov. 19, at the Old Depot in Sonora, and mohair growers from the Sonora area are encouraged to attend, said Lanny Leinweber of Mountain Home, council president.

"Growers need to be aware of and involved with Mohair Council activities," Leinweber said. "They can learn a lot by attending these meetings."

Reports on a recent carpet investigation trip to Dalton, GA, on Oct. 3, 4, and a mohair seminar held at the U.S. Embassy in London on Sept. 20-26

for retail store representatives will highlight a portion of the meeting. In addition, an informal count of Angora goats on Jan. 1, 1997, will help determine future production and useage of fiber, Leinweber said.

A team composed of Leinweber, Jack Groff of Kerrville, Scott Brauchele of Uvalde, Jess Lockhart of Barksdale, Justin Stieler of Kerrville and Duery Menzies of San Angelo made the trip to Dalton.

In other business, the executive committee will make plans for the council's annual meeting on Jan. 22-23 at the Holiday Inn in San Angelo, and appoint a nominating committee to choose officers for the coming year.

A meeting of the Texas Mohair Producers Board will precede the council executive committee session.

OZONA THIRD GRADERS ask questions during a field trip to the Sauer-Beckman Living History Farm near Stonewall. The trip concluded the six week unit, "Remember When".

## Third Grade Field Trip

On Wednesday, Oct. 9, the third grade classes were given the opportunity to visit the Sauer-Beckman Living History Farm and the late President Lyndon Baines Johnson's ranch at Stonewall. The Lyndon B. Johnson National Historical Park and the State Historical Park is a cooperative effort of the Texas Parks and Wildlife Department and the National Park Service.

The Sauer-Beckman Living History Farm concluded the six week unit, "Remember When". The children experienced life on a German immigrant farm during the late 1800's without electricity, television and indoor plumbing. A highlight of the trip was the farm's kitchen with the wood stove used to prepare the food

grown on the farm for the park rangers, and the milk that was collected that morning from the farm's cow turning into "clabber" in the process of becoming butter and cheese.

To introduce the third grade to the theme of "Electing a President", the children toured the reconstructed birthplace of the late President Johnson, the one room school that he attended, and the cemetery where the President is buried. The tour included seeing "The Texas White House" and the ranch with Johnson's registered Hereford cattle.

The 64 children and 10 adult sponsors thank Mrs. Clark and Mr. Ybarra for driving the bus. The four third grade teachers appreciate all the parents who helped sponsor this trip.

## Crockett County Sheriff's Report

WEEK ENDING 10-15-96

**ARRESTS:**  
10-8-96...47-year-old Phillip Woodring of California was picked up at the Ector County Jail and transported to Crockett County on a charge of driving while intoxicated/failure to appear. He pleaded guilty in county court and was assessed a fine. He was then turned over to officers from Henderson County to face charges in that location.

10-9-96...22-year-old Raul Rico of Ozona was arrested on charges of family violence. He pleaded guilty in JP Court and was released after paying his fine.

10-10-96...27-year-old Thomas Richardson of Ozona was arrested on charges of unlawful use of a motor vehicle. He was arrested in a car belonging to Bill Mason that was supposed to have been in the repair shop.

He is in county jail unable to post bond. The case will be referred to the Crockett County Grand Jury and tried in district court.

10-13-96...26-year-old Edward P. Cervantez of Ozona was arrested on charges of public intoxication. Since being arrested, he has also been charged with criminal mischief as a result of his damaging county property. He pleaded guilty in JP Court to both offenses and is laying out his fine in county jail.

10-14-96...26-year-old Eloy Gonzales of Ozona was arrested on charges of shoplifting. The arrest was the result of a theft at T&C Village Market. He pleaded guilty in JP Court and was released after paying his fine.

### INCIDENTS:

10-9-96...Nina Conner reported that someone had cut the top on her 1991 Chrysler car while it was parked on Santa Rosa Street. Sheriff's deputies are investigating the offense.

## Sale Of Equipment Helps Rehab .....

The 19th Annual Joint Venture Equipment Sale benefiting West Texas Rehabilitation Center is set for 1 p.m. Wednesday, Nov. 6, at the West Texas Fairgrounds in Abilene.

Abilene oilmen John Chalmers and Myrle Greathouse, co-chairmen of the event, expressed optimism about this year's sale. Said Chalmers, "Oil prices are firm, and drilling activity has increased dramatically. Drilling companies and oil field service companies are busier than they have been for some time."

According to Greathouse, more than \$20,000 in equipment, services and merchandise already has been pledged to the sale, with more coming in every day. Greathouse emphasized that in addition to oil field related items, the sale will include usable office furniture, farm equipment and other items of value.

Chalmers and Greathouse stressed

that the variety of merchandise available will appeal to a broad spectrum of buyers, adding that "there should be something for everyone, so come on out to the fairgrounds and join the bidding."

Last year's Joint Venture Equipment Sale raised \$70,000 for the Center, which relies on fund-raising events such as this to provide outpatient rehabilitation treatment care to

more than 15,000 children and adults each year.

Anyone wishing to donate oil field equipment, services or other merchandise to the sale is encouraged to contact WTRC in Abilene at 915 691-7200 or in San Angelo at 915 949-9535.

## Pain may be eliminated for millions

(SPECIAL) -- A drug that is exciting researchers in the treatment of pain has been formulated into a new product known as "Arthur Itis," and is being called a "Medical Miracle" by some, in the treatment of debilitating conditions such as arthritis, bursitis, rheumatism, painful muscle aches, joint aches, simple backache, bruises, and more. Although the mechanism of action is unclear, experiments indicate that Arthur Itis, relieves pain by first selectively attracting, and then destroying the messenger chemical which carries pain sensations to the brain, thus eliminating pain in the affected area. Arthur Itis, is an odorless, greaseless, non-staining cream and is available immediately without a prescription and is guaranteed to work or your money back.
