News Notes

Republican Party to Meet

A meeting of the Crockett County Republican Party will be held Thursday, Oct. 24, at 6:30 p.m. in Crockett County National Bank. All interested persons are invited to attend.

Care Center Administrator Hired

Helping Hands will sponsor the Halloween Carnival Oct. 31 from 5 to 9 p.m. at Fair Park Convention Center. There will be a costume parade at 5 p.m.

Booth spaces are \$15, and the exhibitors keep all their proceeds. Some 16 food and game booths had been reserved as of Oct. 21.

Care Center Administrator Hired

Board members interviewed and hired an administrator for Crockett County Care Center last week. At their called meeting Oct. 17, the board hired Crystal Hargraves effective Dec. 1.

Ms. Hargraves is currently the care center administrator in Sterling City.

Sutton Photo Places

The October issue of *Ranch and Rural Living* is special to Stefny Sutton. Within the magazine readers find the results of a summer photo contest, and among the winners is a picture by Stefny.

She placed second in the rural living category with a shot of her dog Zak. Zak and his prize winning image are with Stefny at College Station where she is a student at A&M.

Stefny's mom, Carmen Sutton, also entered the contest.

Time Change This Weekend

Set your clocks back one hour before you go to bed Saturday, and you will be ready with the correct time Sunday morning.

Visit Fort Lancaster

Saturday, Oct. 26, from 8 a.m. to 5 p.m., visitors to Fort Lancaster will experience the park's annual Living History Special Event. Encampments of living history specialists, including the Texas Parks and Wildlife Department's Buffalo Soldiers, will bring the fort to life.

Early Voting Underway

As of noon Oct. 22, 153 people had voted early by personal appearance in the Nov. 5 general election. There had been 98 ballots mailed out.

Early voting continues through Nov. 1. To receive an application to vote by mail, contact Debbi Puckett, Crockett County Clerk, Dr. C, Ozona, TX 76943. Applications to vote by mail must be returned to the clerk's office by the close of business on Oct. 29.

CPL. BEN ENGLISH gestures toward Jean Jolly, widow of DPS Trooper Willie Dale Taylor, while delivering the eulogy for Taylor at a memorial dedication Oct. 16. photo by Linda Moore

Memorials Dedicated For Taylor, Nordyke

Law enforcement personnel from around the area joined family and friends of two deceased officers at a memorial ceremony here last week. Granite markers commemorating the life and death of DPS Trooper Willie Dale Taylor and Texas Ranger Clarence Nordyke have been placed at the Ozona DPS office.

These markers and others honoring officers who have died in the line of duty are being placed throughout the state by Richard Metcalf of Lago Vista. Metcalf, who spoke at the ceremony, began the project last year to recognize Department of Public Safety personnel.

Both markers had been placed at the sites where the officers died, but the stones were considered traffic hazards by the Texas Department of Transportation and had to be moved. When Crockett County was unable to provide a site, the DPS suggested a location in front of the Ozona office.

Retired Texas Ranger George Frasier, pastor of Trinity Nazarene Church in San Angelo and Ranger chaplain, gave the eulogy for Nordyke. Nordyke had been elected to his

School District Buys Buses

By Ted Cotton, Assistant Superintendent

Members of the Ozona School Board, meeting in regular session on Wednesday, Oct. 16, approved the purchase of two coach-type activity school buses for the district. The approval for the purchase came after board discussion for approximately one hour on the merits of coach-type vehicles vs. regular school buses.

Pete Maldonado, school transportation supervisor, first presented bids ranging from \$54,200 to \$74,000 from six school bus companies and bids ranging from \$59,900 to \$70,000 from two bus companies who specialize in completely reconditioned MC-9 Grey-

hound coach-type vehicles.

"Five years ago or more I would not have even brought you bids to look at on these coaches because of the price difference between these buses and regular school buses," Maldonado said. "However, the situation has changed. With new and increasing federal safety regulations in regard to standard school buses, the price of new school buses has risen to the extent that they cost as much, and in some cases more, as these coach-type buses. These buses (coach-type) have had all of the required safety features for many years and are built to travel long distances, whereas the standard

Bulldogs Bite Down On Lions 39-14

By Neal Ulmer
Stockman Sportswriter

The Ozona Lions could not recover from an 18-point halftime deficit as the Coahoma Bulldogs defeated the Lions 39-14 in a District 8-2A contest last Friday night in Coahoma. The Lions are now 1-6 overall and 0-3 in district.

"We played with more effort and played hard, but we need to handle being behind; our intensity drops off," said Lion head coach Walter Hargrove. "We just have keep playing, play hard, and not get discouraged. Also, we need to practice hard and stay positive."

The Lions were not able to move the ball on their first possession Friday night. The Bulldogs also had problems in their first possession and were forced to punt.

On the Lions' second possession, Darin Jackson had a good run of 33 yards on one play, and Jon Sanchez had a 19-yard run. They eventually got the ball down to the Bulldog 2-yard line. On the next play, Sanchez fumbled the ball into the end zone with a Bulldog recovering it for a touchback.

A few moments later, Coahoma's quarterback, Marshall Wright, threw a pass to Jerry Mann for an 80-yard touchdown with 3:01 remaining in the opening period. Mann kicked the PAT to give the Bulldogs a 7-0 lead.

"The fumble in the end zone took some air out of our sails, and the 80-yard pass by Coahoma did, also," said Hargrove.

The Lions regained their composure and started their next drive from their own 22-yard line. Sanchez made a couple of short runs, and Lion quarterback Justin Browne threw one pass to Jason Stuart for an 8-yard gain. Another pass to Pete Castaneda was good for 59 yards, placing the ball on the Bulldog's 5-yard line.

Two plays later, Sanchez reached the end zone on a 1-yard touchdown with 11:52 remaining in the second quarter. The Lions used the swinging gate for the 2-point conversion with a pass completion to Sanchez. This gave the Lions an 8-7 lead.

Coahoma's Vincent Garcia ran the kickoff 83 yards to the Lions' 14-yard line. Four plays later, Wright scored on a 1-yard run with the 2-point conversion run failing to give the Bulldogs a 13-8 lead with 9:47 remaining.

"We came back and scored. Then Coahoma ran a long kickoff return to our 14 and then scored. It took some of our momentum away from us," said Coach Hargrove. "We don't handle adversity very well, and when we get behind two TDs, we can't handle it very well. It's not over 'till it is over."

Before the first half was over, Coahoma scored two more times. Aron

Hernandez scored on a 4-yard run with the PAT by Mann good to increase the Bulldog's lead to 20-8.

With 47 seconds left in the first half, Coahoma scored on a 34-yard pass from Wright to Judd Cathey. The PAT failed, but the Bulldogs led at halftime 26-8.

"Defensively, Coahoma got in a set we hadn't seen (a wing-T with twins to one side), and we were confused for a while," said Hargrove. "We made an adjustment and talked about it at half."

Opening up the scoring in the third period was Coahoma's Hernandez, who scored on a 2-yard run with 53 seconds left. The PAT failed, but the Bulldogs enlarged their score to 32-8.

Justin Browne returned the kickoff 86 yards to score in the final 39 seconds of the quarter. On the 2-point conversion, Jon Sanchez and a Coahoma defender both caught the ball in the end zone, but the officials ruled against the Lions. The Lions trailed the Bulldogs 32-14.

Ozona's Anthony Ortiz intercepted Wright's pass in the end zone to stop another Bulldog threat in the fourth. The Lion defensive team could not stop the Bulldog's last offensive drive. They started on the Lion's 37-yard line and scored on an 8-yard run by Tim Phillips with 4:38 remaining in the final period. The PAT by Mann was good, giving the Bulldogs a 39-14 victory.

"Defensively, and with the kicking game, the big plays really hurt us. In the first half, we didn't cover their receivers well, and in the second half, we did not tackle well," Coach Har-

grove said. "Those are the things you have to do well to win a ball game. You have to do those all the time."

Leading the Lions in tackling was Browne with 12. He was followed by Robert Kelly with nine tackles, Jason Baker had eight, Gary Dominguez had seven, Jon Sanchez and Jason Stuart had six each, and Stephen Montes and Steven Martinez had five tackles each. A total of eight Lions had 18 tackles. "Offensively, we did some things a lot better. We got in a bind, got behind, started to make things happen and didn't execute very well," Hargrove said.

The Lions' next district opponent is the Wall Hawks. The Hawks have 15 returning lettermen and five offensive and five defensive returning starters.

This is Coach Jason Herring's first year in coaching. He sees the Hawks' strengths as quickness, experience and tradition. The team's possible weaknesses are size and speed. In 1995, they had a season record of 6-4 and a district record of 3-2.

"They run a multiple-I offense and use twins or triplets or one back. Sometimes they send split receivers both ways.

"They are pretty wide open," said Coach Hargrove. "They do some stuff Roscoe and Reagan County did. Their tailback, (Casey Baize) reminds me of House of Sonora. The quarterback (Cory Braden) throws the ball real good."

Others to watch are wide receivers Chris Contreras and Lynn Fallis,

Lady Lions Qualify 3 for Regional

By Neal Ulmer,
Stockman Sportswriter

Ozona had three Lady Lions who qualified for the Region I-2A Cross Country Meet to be held in Lubbock on Nov. 2. The Lady Lions and the Lions both placed third in the District 8-2A Cross Country Meet held in Carlsbad Oct. 15.

"I was really proud of all three girls qualifying. I think they ran their best," said Ozona Cross Country coach Pete Maldonado. "I kinda thought Lori and Terren would make it, but I was really pleased with the way Amy ran."

The team standings in the girls' division are as follows: 1 Winters-53 points, 2 Wall-54, 3 Ozona-78, 4 Eldorado-81, 5 Roscoe-121, and 6 Coahoma-125 points.

The individual girls' winner was

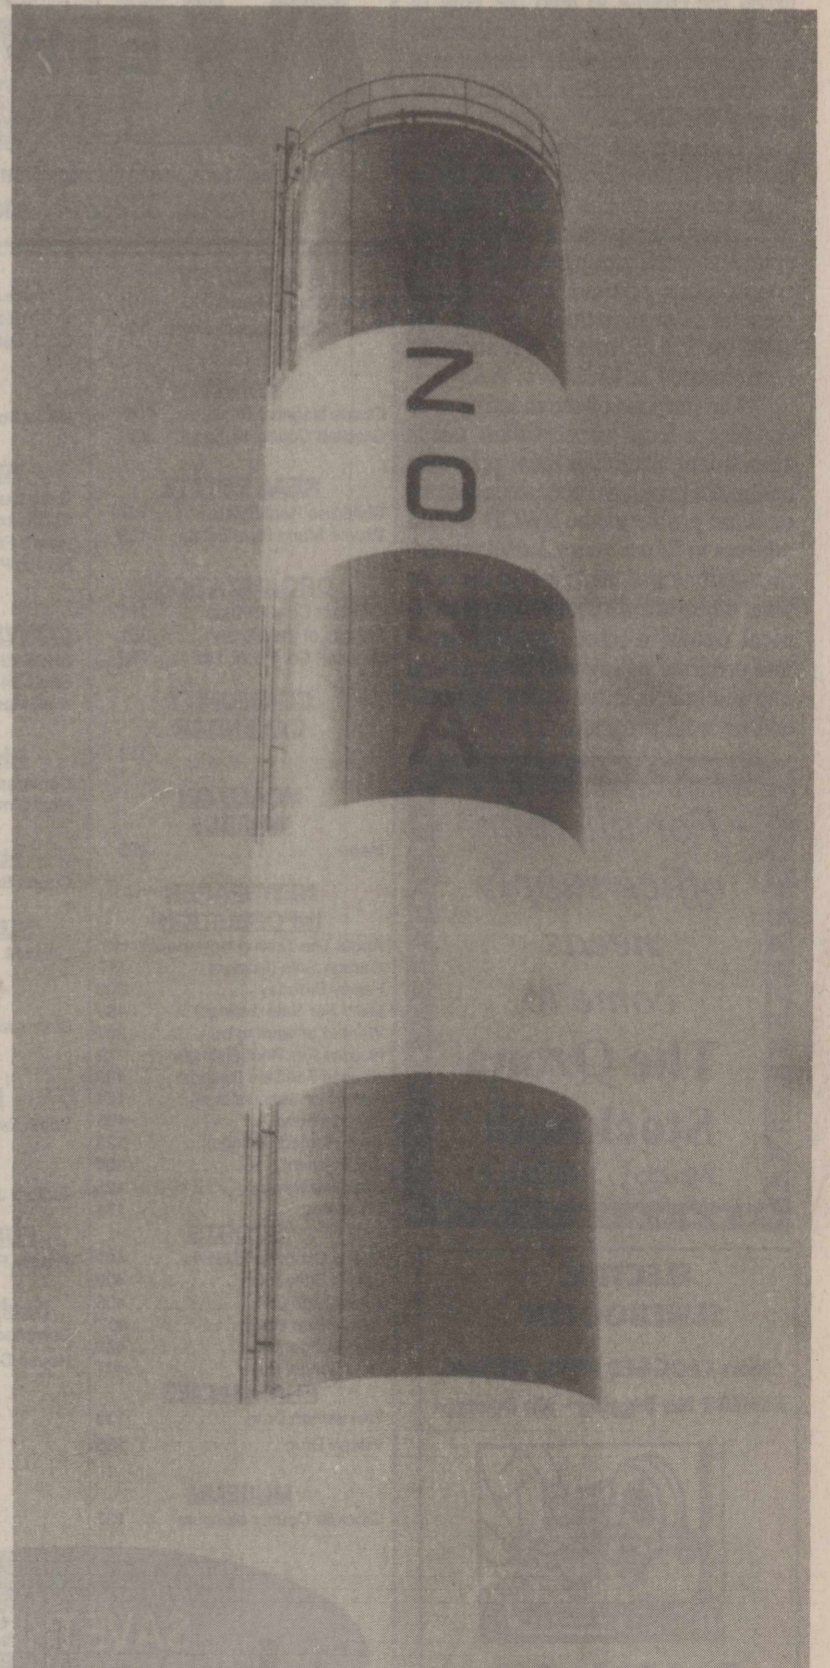

Katherine Duncan from Roscoe with a time of 13 minutes, 41 seconds. She was followed by Ozona's Lori Sanchez with a time of 14:22, 3 Terren Marshall 14:49; and 5 Amy Laughlin with a time of 14:58 minutes. The three young Ozona ladies will compete in the regional meet.

The team standings in the boys' division are as follows: 1 Winters-34, 2 Eldorado-43, and 3 Ozona-45 points.

George Hernandez placed sixth in the boys' division. The other individual results were not available.

"I was really pleased with the way George ran. I think he ran the best he could," said Coach Maldonado. "I feel for the kids not qualifying and moving on—they lost by two points."

The regional meet will be held in Lubbock, starting at 10 a.m. for the girls with the boys following at about 11 a.m. on Saturday, Nov. 2.

THE 96-FOOT STANDPIPE WATER STORAGE TANK is brightly painted red and white with a black "Ozona" near the top. The new storage tank located south of I-10 and east of Hwy. 163 South will be put into use within the week according to Doug Meador of the Crockett County Water Department. Photo by Neal Ulmer

Xi Sigma Omega Sorority Meets

Members of Xi Sigma Omega met Monday, Oct. 14, to work on an upcoming ways and means project. With chairman Sally Roane and her right hand Martha Weant at the helm, an updated local post office box number book is in the works. Books will be available the first week in November from any member, and will also be available at the craft fair. As always, proceeds from the project will go toward the Beta Sigma Phi scholarship as well as other community donations.

Chapter members are working very hard to ensure the accuracy of the book. If you want to ensure your address is accurate, or if you do not wish to have your box number listed, please contact any member of Xi Sigma Omega as soon as possible. Service chairman, Martha Weant, also reminded members that the next blood drive is scheduled for Nov. 14.

Members attending the meeting included Diane Anderson, Lisa Branch, Susan Buchanan, Donna Herring, Shannon Hunnicutt, Barbie Myers, Jackie Necessary, Sally Roane,

Janet Smith, Martha Weant, Pam Cunningham, Cindy Stump, Sherry Haggood, Nancy Davee, and Kay Shaffer.

Happy Birthday

Guild Readies For Annual Show

Crockett County Arts and Crafts Guild members are busy preparing for their fall show and sale scheduled this year on Nov. 9.

A few booth spaces are still available according to T. K. O'Bryant. Any organization interested in serving breakfast from 7 a.m. to 9:30 a.m. or in having a gift wrapping booth should contact Mrs. O'Bryant at 392-3557. You should also contact her to reserve a crafts booth.

Show hours will be from 10 a.m. to 5 p.m. on Saturday the ninth. Exhibitors will be able to set up their booths Friday as there will be a security guard on duty over night.

This year's event will also include gospel singing and square dancing.

A quilt which is being given away by the guild is on display at Ozona National Bank.

Murr Selected Into Texas A&M Honorary Society

Andrew Murr of Ozona has been selected for membership in the Texas A&M University chapter of Phi Beta Sigma, a national honorary society for college freshmen that encourages and rewards academic excellence.

The oldest and largest freshman honor society, Phi Beta Sigma was founded at the University of Illinois in 1923 and now has more than 300 chapters throughout the United States and more than 550,000 members.

Murr is a freshman horticulture major.

Phi Beta Sigma's 1996 national convention will be held at Texas A&M on Oct. 11-13.

Finding The Perfect Jack-O-Lantern

Halloween is on the way, now is the time to haunt the local supermarket and let each ghost and goblin pick out a pumpkin.

Pumpkin pickers know that selecting the right pumpkin for a jack-o-lantern is crucial to their project. Finding the perfect pumpkin requires patience, skill and knowledge.

Consumers can choose between two common varieties: small sugar pumpkins and jumbo large field types.

The larger pumpkins provide the best canvas for carving while the smaller varieties can be used to create decorative arrangements.

"For carving jack-o-lanterns, select happy Jack, Halloween or Spookie varieties, which are larger than 12 inches and weigh 20 to 40 pounds," said Dymple Cooksey, Extension nutrition specialist. "These are too coarse, stringy and dry for eating."

For a vibrant centerpiece, try a collection of miniature pumpkins,

decorative Indian corn and an array of colorful gourds.

"Pumpkins make great decorations," Cooksey said. "They come in all sizes and shapes and add a wonderful fall touch to the office, home and at parties."

Be on the lookout for any blemishes, or decay spots on the pumpkin. Once home, store the pumpkin in a cool dry spot until ready to carve.

After gracing the gourd with a ghoulish grin be sure to keep the pumpkin seeds. Instead of throwing them away, try the seeds as a snack. Wash the seeds well. Spread them in a single layer on a cookie sheet to dry. Then, roast them at 375 degrees Fahrenheit for 20 to 30 minutes or until they are dry. Dot with butter and brown for 5 to 10 minutes at 400 degrees. Stir often until toasted. Sprinkle with salt, cool and serve.

According to Cooksey, cooked pumpkin seeds can be stored safely in

a jar with a lid and saved for an enjoyable snack.

Pumpkins do not have to wear a ghoulish grin to be decorative. A cluster of pumpkins on the front porch always adds a touch of fall and an air of festivity.

Ozona Forum Emphasizes Importance Of Voting

Members of Ozona Woman's Forum met Oct. 15 at the civic center with Willa Perry and Barbara Carter as hostesses.

In the absence of the president, Shirley Kirby, first vice-president Glenda Henderson presided. The minutes were read, corrected and approved.

Jane Black gave an informative report on the vote. She wanted us to remember Carrie Nation's fight for the vote for women. In 1920, the 19th Amendment gave women the right to vote. It was noted that the last debate between Clinton and Dole will be Oct. 16. One of the Forum's projects is to remind everyone to vote.

The vice-president welcomed new member Jimmy Jacoby.

Glenda Henderson introduced Elizabeth Ann Wadsworth, a registered nurse, who is employed by Home Health Care. She in turn introduced Lynelle Dixon from Eldorado who gave an informative program on home health care.

The meeting adjourned.

Members attending the meeting were: Marolyn Bean, Sandy Bebee, Jane Black, Louise Bunger, Pauline Brown, Barbara Carter, Beverly Evans,

Charlotte Harrell, Glenda Henderson, Virginia Hubbard, Benny Gail Hunnicutt, Lu Ingram, Ethel Miller, Dorothy Montgomery, Willa Perry, Katharine Russell, Ann Shaw, Margaret Tabb, Blanche Walker, Helen White, Patsy White, Jimmy Jacoby, Madeline Stokes and Mary Agnes Ward.

Dracula-Randy Branch

Vampire Lurks In Lions Club Play

Ozona Lions Club members and friends are in serious rehearsal for their 1996 production, "The Count Will Rise Again, or Dracula in Dixie". Set for Nov. 2 and 3, the play by Dennis Snee will be seen at a dinner theater performance Saturday night and as a Sunday matinee. Characters in order of their appearance are: maid - Adrienne Cook, a young woman in her 20's; Rose - Donna Morrow, a middle-aged Southern belle and Doc's sister-in-law; Doc - Doug Meador, a middle-aged Southern gentleman and physician; butler - Ron Cook, a young man in his twenties; Renfield - Andy Wilson, deranged son of the Confederacy; Dracula - Randy Branch, a middle-aged Northern smoothie, dangerous; Bobby Joe - Jimmy Hokit, a young attorney, Lucy's fiancé; Colo-

nel Van Helsing - Rob Whitesides, scientist, doctor, man of true grit; Sheriff Womper - Glenda Winkley, no-nonsense lady of law enforcement; Lucy - Susan Buchanan, attractive young Southern belle; Mina - Cynthia Hokit, a young belle, but presently ailing.

The cast is under the direction of Marilyn Luce with sound effects by Sara Hight.

Tickets for the dinner theater performance are \$9 in advance of \$10 at the door. Tables of nine are \$100. Dinner will be served beginning at 6:30 with the performance to begin at 7:30.

Cost for the matinee is \$5 with the performance at 3:30.

To buy your tickets, contact any Lions Club member.

Seminar To Highlight Wills

Would your family be crippled by outrageous estate taxes if your estate was passed on today? Who will be in charge? How can you be sure the estate you've worked so hard to accumulate will be passed on as you want it to be? Will your children and grandchildren benefit down the road?

One of Texas' top authorities on estate planning will conduct a two-hour seminar on Tuesday, Nov. 5, from 9-11 a.m. at the Crockett County Extension Office. There is no charge to attend.

The program is sponsored by the Executive Board of the Crockett County Extension Program Council, and will follow the Extension Open House and Program Council Annual Meeting that morning from 7:30 to 9 a.m. The new Extension Office is located at 1301 Ave. AA, next to the Fair Park Convention Center.

"Your Will: What Should It Include?" will be presented by Dr. Wayne Hayenga, attorney and economist with the Texas Agricultural Extension Service. The program will address probing questions everyone needs to ask to be sure all basics and contingencies are covered in their estate plan.

How do you select an executor? What are the executor's duties? How does a trust fit into an estate plan? How can you minimize estate taxes through good planning?

In fact, Hayenga will present a

plan so a married couple can pass on over a million dollars to their children without any estate tax, and the plan can also save income taxes.

Hayenga will also discuss whether co-executors or successors to the first choice for executor should be named.

Trusts are a complex issue, but Hayenga simplifies the topic so anyone can understand. "A trust is one of the most powerful estate planning tools," says Dr. Hayenga. "It separates out the ownership responsibility from receiving the benefits of property. It can allow for successive benefits to a spouse and then to children, for example."

The specialist says, "it often can protect people from squandering an inheritance, but most commonly it is used as a tool to save income and estate taxes."

He added, "most folks don't know you can have a trust without a bank as trustee. Any individual who is qualified to hold property can be a trustee."

Hayenga has been employed since 1972 by the Texas Agricultural Extension Service and Texas A&M University. His primary responsibility is in teaching and coordinating educational programs in estate and income tax management.

Because of his own family background in farming, he takes special

interest in helping family-owned businesses develop plans for orderly administration and income/estate tax savings methods to pass operating business from generation to generation.

A sought-after speaker throughout the state, he has discussed estate planning and other legal topics with many professional organizations and business owner groups. He was awarded the Faculty Distinguished Achievement Award from the Former Students Association of Texas A&M University in 1995.

His educational background includes a B.S. and M.S. from the University of Illinois, an M.B.A. in finance and Ph.D. in agricultural economics from Michigan State University and a J. D. from Southern Methodist University.

"We are exceptionally lucky to have Dr. Hayenga here in Ozona to present this program," said County Extension Agents Miles Dabovich and Tedra Ulmer, who have attended financial programs presented by him in the past. "Besides being a fascinating speaker, he gives you down-to-earth, common-sense advice that everyone should know."

For more information on the estate-planning program and topics to be covered, or the open house and

annual meeting, contact Miles Dabovich or Tedra Ulmer at the Crockett County Extension Office by calling 392-2721.

Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages, regardless of socioeconomic level, race, color, sex, religion, national origin or disability.

Individuals with disabilities who require an auxiliary aid, service or accommodation in order to participate in this meeting are encouraged to contact Ulmer or Dabovich to determine how reasonable accommodation can be made.

For all your office supply needs come to The Ozona Stockman 392-2551 1000 Ave. E

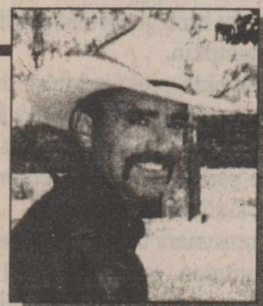

PASTOR'S CORNER

Iraan Community Church
Monty Price-Pastor

202 South Drake, Iraan, TX - (915) 639-2734

"And as I am, soon you will be. Prepare yourself to follow me"

I remember the story of the man who was walking through an 18th Century graveyard. In those days it was popular to have something more on your headstone than just your name and date. The man stopped at this headstone that read; "Pause thou stranger passing by. As you are, so once was I. And as I am, soon you will be. Prepare yourself to follow me."

The man pondered the words that he had read and took out a piece of chalk. He then wrote these words; "To follow you, I'm not content; until I know which way you went."

My friend, I hope that you are following the right leader. In W.W.II the German people followed the wrong one, as well as those who followed Jim Jones and David Koresh. Some follow a God of their own construction. Well, I'm following Jesus! I know through God's Word what He stands for and that He truly has my best interest at heart. He proved it by dying for me on that tree! Now don't you think that those Jews who killed Him wouldn't have paraded His body all over town if they could have found it? He rose again!!! And I know which way he went.

"But the mercy of the Lord is from everlasting to everlasting upon them that fear Him and His righteousness unto children's children. To such as keep His covenant, and to those that remember His commandments to do them.

Psalm 103: 17--18

Card of Thanks

To all the people who attended the benefit dance for the Crockett County Care Center activity fund raiser, I wish to thank you all. Special thanks go to Honey Asis, Connie Nelson, Cheryl Vestal, Jesse Fierro, Jimmy Ortiz and Wayne Galindo.

Queta Fierro
Activity Director, Crockett County Care Center

Card of Thanks

Can you believe it - I can't find enough words to express my gratitude to you, my friends, for your wonderful support, and love during my hospital stay and surgery for colon cancer, and since I've been home. My hospital room had so many plants and flowers that everyone who came in had some remark about how much I am loved. Thank you very much for them. The many cards, phone calls and visits were wonderful, too. I've read the cards so many times and they warm my heart. Thank you, too, for sharing food with us, we so appreciate all you've done. Also, we're grateful for those who cared for my mother while we were away. We meet with the doctor soon to see if further treatment is necessary. It's in God's hands, so whatever happens it is His will for me. A special thank you to those who prayed with me and for me, I have felt strength from it. Most of all, I thank God for Len. God love you all.

Can Hell Be Good?

By Dennis J. Prutow

One reason biblical Christianity is repugnant to many is the teaching of eternal punishment. The theme of perpetual torment in hell is very unpopular. Our pluralistic society rebels at the thought of a God who punishes wrongdoing. Our relativistic ideals smother the notion anything can be wrong enough to merit eternal damnation.

Nevertheless, the Bible teaches two ways evil can be punished. There are those who find solace and rescue from ruin by Jesus Christ. He pays their penalty. Others reject Christ and appear to prefer making payment themselves.

The Bible therefore teaches the

reality of final judgment. Jesus Christ will set the scales of justice right. He will pronounce awesome and terrible words, "Depart from me, accursed ones, into the eternal fire which has been prepared for the devil and his angels" (Matthew 25:41). Others, because of Christ's substitutionary life and death, will enter consummate glory and ineffable bliss where "there shall no longer be any mourning, or crying, or pain" (Revelation 21:4).

Is this an accurate picture of the final disposition of all things: Our hearts ache for relief from injustice. We cry for equity. Our inner longings betray our hope biblical Christianity is true. This yearning for justice points to the good God having a good purpose for His hell.

Conference Promotes Self-realization

Disciples of Maa (Mother) Sarweshwari, a female saint of India, gathered with her in Ozona last week to begin a nine day meditation conference. Known as Shibir, the conference is an observance marking the end of the Indian calendar year. The new year begins the 12th of November, entering the Indian year 2053, explained Suresh Shah of Toronto, Canada, organizer at the conference.

Pujya Maa Sarweshwari is revered by her followers as one of the most prominent and accomplished female saints not only of the state of Gujarat by the whole of India. She was born Nov. 13, 1943, in a small village named Kapura in Surat District of Gujarat in India. Her maiden name was Sarojben.

For many years Maa Sarweshwari has been respected in India and also in foreign countries, said Suresh Shah. She is the spiritual successor of Shri Yogeshwarji, an Indian saint born in the state of Gujarat who began meditation and fasting in his early 20s, going through a tremendous procedure of self-realization. Shri Yogeshwarji authored many books on Indian religion, among them *Gita* and *Ramayan* as well as his autobiography, *Prakashna Panthe*, a book which leads a spiritual soul toward self-realization.

Maa Sarweshwari came into contact with Shri Yogeshwarji in 1972. She became close to his preachings and achievements in the spiritual world, leaving her position as head mistress of a school. Since his death in 1984, she has not taken any solid foods other than fruits and dry fruits in limited quantities. In addition, she fasts about 150 times a year and also takes water on alternate days.

She relates that she has experienced and realized the physical presence of her spiritual master, Shri Yogeshwarji, during the period from 1984 until today. She writes lyrics, composes and sings. Her poems and hymns have been published, and she has written two other books, *The Sacred Voyage to South Africa* and *Yogeshwar Kathamrut*. She is presently writing her autobiography.

The small but energetic woman completes a daily schedule which begins at 4 a.m. with exercise. Meditation, correspondence and visits with devotees to help them progress in self-

realization are part of her daily life. She also publishes a monthly spiritual magazine, *Aadhyatma*, is a trustee of the Sarva Mangal Charitable Trust and manages a school in Mussorie. She has traveled to South Africa, England, Canada, Panama and the United States to spread the name of Shri Yogeshwarji.

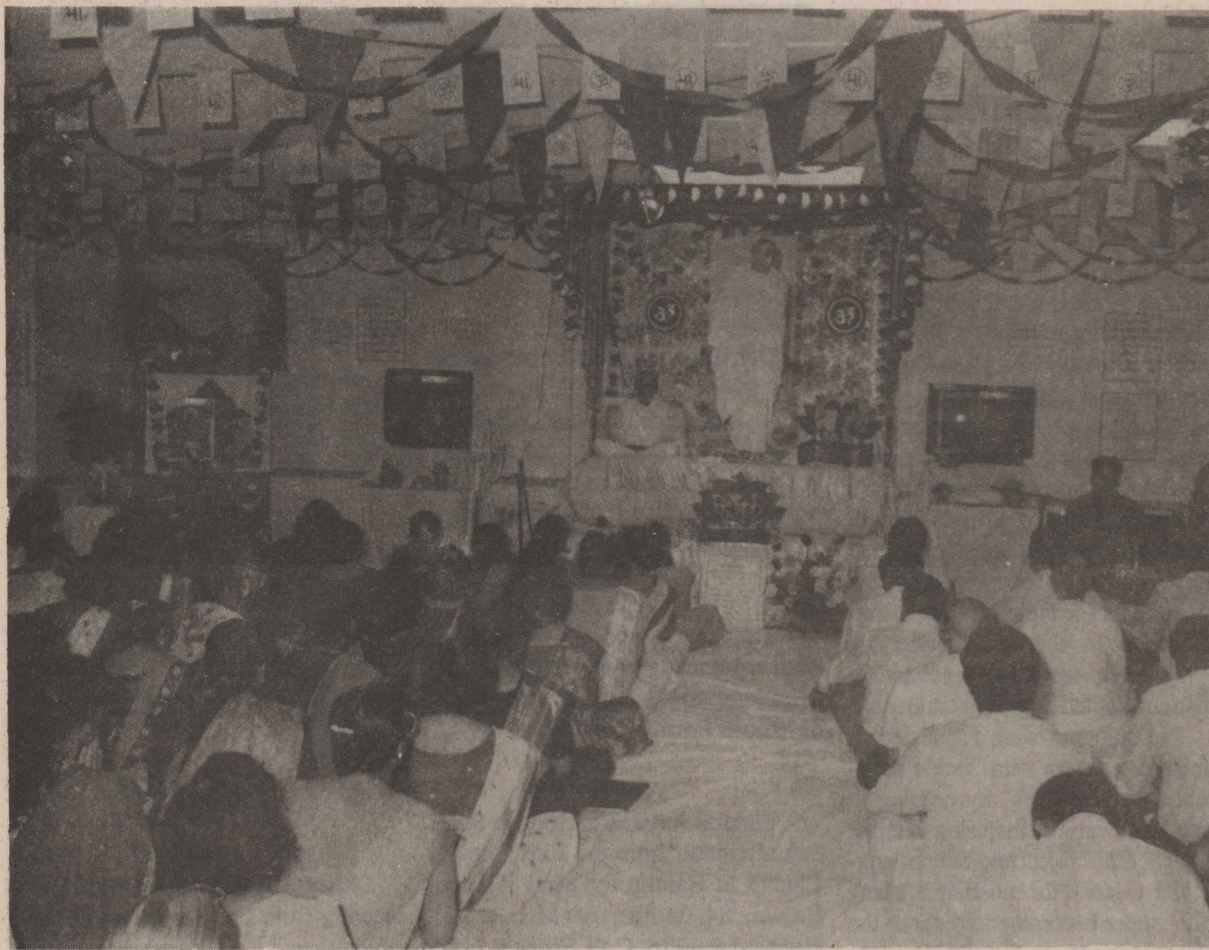

Maa Sarweshwari has observed silence from Aug. 6, 1995, until Oct. 21 with few exceptions for singing and addressing devotees at seminars.

Followers find the most striking part of her personality is her deep love and affection for others. She also has mercy for people who wrongly or unknowingly tread on the wrong path. Because of these qualities, she draws people toward her and makes them feel wanted the very first time they meet her. They are showered with so much love and affection that they start changing their lives for the better. "We feel seminars should be conducted often to make us detached from the family and worldly attachments to give us peace of mind and to lift our spirituality," said Suresh Shah. Rules of the seminar include no television, no newspapers, no making or accepting of phone calls and no talking about family matters.

This special religious occasion to observe Navratri, nine nights, was attended by devotees of Maa Sarweshwari from Canada, England, Africa, Panama, India, and cities across the United States of America. The four sessions daily include physical exercise from 5:30 to 7:30 a.m., videos and teachings about Shri Yogeshwarji and

achieving God from 8:30 until noon, singing and reading holy books from 4 until 6:30 p.m. and from 8 until 10:30 prayer, worshipping and Indian folk dancing with different costumes.

Hosting the Ozona meditation conference at Comfort Inn were J. R. and Naina Bhakta and his parents, Ramesh and Sharda Bhakta. Instrumental music by young Paarth and singing by his sister, Puja, children of J. R. and Naina Bhakta, were special attractions, said organizer Suresh Shah.

DISCIPLES OF MAA SARWESHWARI, who is seated on the dais in the center of the photo, gathered 220 strong in Ozona for a 9-day meditation conference which ended Monday. photo by Linda Moore

Midland Area Employers Invited To Share Ideas On Legislative, Business Issues

What issues do West Texas employers feel the Texas Legislature should address in 1997?

On Wednesday, Oct. 23, Midland-area employers will have an opportunity to share their views on business and legislative issues with Texas Association of Business & Chambers of Commerce (TABCC) a part of a series of "Vision '97" grassroots meetings being coordinated in all regions of the state.

The cocktail reception will be held at the CEED Building, located at the University of Texas-Permian Basin at FM 1788 and Highway 191, from 5-7 p.m. Registration is \$10.

By attending the meeting, local employers will be able to:

- learn the results of a recent scientific statewide poll of Texas business leaders;
- suggest priority issues for TABCC's 1997 legislative program; and
- discuss ways in which TABCC members can work together to preserve jobs and create economic opportunities.

As a member-driven organization, TABCC strives to represent a unified voice for Texas employers. Through the "Vision '97" meeting series, statewide officers are sharing their vision for the future of Texas and seeking input from employers across the state. This input will be used as the blueprint for TABCC's 1997 legisla-

tive program of work.

To register for the reception, please call TABCC's Region III Of-

fice in Midland at (915) 570-4084 by Oct. 18. Media representatives also are invited to attend.

*Memorials (Continued from pg. 1)

fourth term as sheriff of Callahan County when he decided to go into the Rangers. He was stationed in San Angelo then in Brownwood for nine years before being transferred to Ozona. Nordyke had been here a year and a half before his death in a traffic accident near Mertzon in 1955 while on duty.

DPS Cpl. Ben English delivered the eulogy for Taylor who "broke me into this job". Taylor joined the DPS in 1962 and served in Beaumont and Pineland before coming to Ozona in 1979. He was promoted to corporal in 1989, one of the first highway patrol officers to achieve this newly created rank.

Taylor died in a traffic accident west of Ozona in 1990.

"I'm proud to say 20 of 72 officers who have died in the line of duty have been honored with granite memorials," said Metcalf. Metcalf got the idea for the monuments to repay a trooper for his kindness.

While traveling home one day, Metcalf realized he was about to be pulled over for speeding. The trooper

who pulled him over was friendly, professional and caring. No ticket was issued. A short time later, Trooper Metcalf realized he was about to be pulled over for speeding. The trooper

Metcalf, who has been ill to the point of death more than once, is disabled. He has devoted his life to the placing of these monuments and everywhere he goes with the project, he professes his faith in God, giving examples of blessings which have come to him.

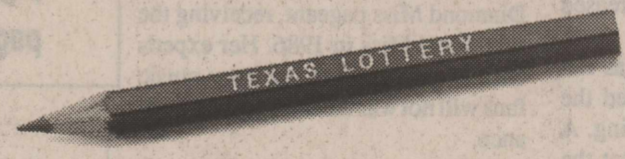

A fund for purchase of the monuments exists in the First National Bank of Bastrop. Donations may be sent in care of Brook Hurta, P. O. Dr. F, Bastrop, TX 78602. Contributions have been received for two-thirds of the cost of a monument listing the names of the 72 officers. This monument will be placed in Austin.

Among those attending the Oct. 16 memorial ceremony in Ozona were Jean Taylor Jolly, widow of Trooper Dale Taylor, and Nordyke family members Gloria Strahan, Marie Strahan, Faye Kennedy, Charles Kennedy, Doyle Nordyke and Rolfe Nordyke.

OZONA'S JV PURPLE QUARTERBACK, ROSS CRAWFORD takes the ball upfield as a Coahoma JV Bulldog grabs his leg in last Thursday's game in Lion Stadium. Photo by Neal Ulmer

JV Purple Lions Defeat Coahoma 26-0

By Neal Ulmer,
Stockman Sportswriter

The Ozona JV Purple Lions scored three touchdowns in the first half to defeat the Coahoma JV Bulldogs 26-0 in Lion Stadium last Thursday night. The JV Purple Lions are now 5-2 overall and 3-0 in district.

"I felt like that we play with a lot of class and definitely, they have a lot of character. The main reason we are successful at this level and with this group is because, they play with everything they have and a big heart," said Coach Ronnie Casey. "We are extremely impressed with these young athletes. They do some things daily that they shouldn't be able to do, but have a lot of football knowledge."

The Bulldogs received the opening kickoff and were unable to move the ball. Ozona took over the ball from their own 40-yard line. With good running by Ross Crawford, Miguel Rios, and Kenny Vargas, the Lions took the ball to the Bulldog's 20-yard line. On the next play, Rios broke loose for a 20-yard touchdown with 3:34 remaining in the first period. The two-point conversion by Crawford failed, giving the Lions an early 6-0 lead.

Two minutes later, Rios again got loose for a 29-yard score with 1:12 left in the first quarter. Again, the conversion by Crawford failed, but the Lions increased their score to 12-0.

In one of the Bulldogs' possessions, Ozona's Kenny Vargas tackled the punter and Ozona covered the ball on the Bulldog 22-yard line. Four plays later, Crawford scored on a 16-yard run with 2:35 remaining in the first half. The two-point conversion pass play failed, but the Lions increased their score to 18-0.

In the third quarter, Vargas ran for a 57-yard gain, but fumbled the ball with the Bulldogs recovering. A few minutes later, the Lions got the ball back and scored on a 7-yard run by Will Roane with 7:11 left in the third period. Vargas ran the ball in for the conversion, sealing the Lions' victory at 26-0.

The Bulldogs and the Lions traded fumbles with Chad Myers recovering one fumble. The Bulldogs threatened once by getting inside the Lions' 30-yard line, but Jamie Ramos intercepted one pass on Ozona's 15 and returned it

to the 26-yard line.

"Jamie Ramos came up with two key interceptions and has been a defensive standout the last two weeks," said Coach Casey. "We don't want to single out anyone, but our offensive and defensive teams have been playing well together as a team unit and not as a bunch of individuals."

"The defensive linemen and linebackers played a consistent game and the secondary never lost focus. Throughout the game, our defense showed a lot of discipline and character especially, after Coahoma had the ball inside our 10-yard line twice, and we held them to a scoreless game," said Ozona JV Purple defensive coach Lee Gonzales. "I was extremely happy with our substitutes playing hard and fulfilling the team's goal, which was to stay focused, play with a lot of intensity, and allow no points to be

scored."

The Ozona coaching staff does have a few concerns with the JV Purple team. "Some things that concern our coaching staff is our extra points and special teams (coverage on kickoff and blocking on punts)," said Coach Casey.

"We have three tough opponents left, two of them being district opponents, which is Wall and Winters, and Menard," pointed out Coach Casey.

"We play Wall and we will be tested, but if we play with the same intensity and determination as in the past, the JV Lions will be victorious," added Coach Gonzales.

The JV Purple Lions will play the Wall JV Hawks, starting at 6:30 p.m. on Thursday, Oct. 24 in Wall. The JV Gold Lions will play the Rankin JV Red Devils in Rankin, starting at 7 p.m.

Eldorado's Broadway Players To Perform Musical Nov. 9

Eldorado's Way Off Broadway Players will present singer Shannon Gillespie in two performances of country western music on Saturday, Nov. 9, and Sunday Nov. 10. Familiar with Nashville, this experienced performer will be going there again this month to record her first demo track for country and contemporary gospel.

Born the daughter of a song writer, music was a part of every day life for Shannon. She began singing for entertainment at age three and also studied piano, organ, and violin. She was the talent winner in the Deep South Pageant and was the overall winner in Our Diamond Miss pageant, receiving the title, Ideal Miss in 1986. Her experience is extensive, and country music fans will not want to miss her performance.

She is married to Alan Gillespie, and they have two daughters, Morgan and M'Kenna. They recently moved to Eldorado where Alan is head basketball coach.

Students Name Best Teachers for 1996 Who's Who Directory

A select group of America's teachers are being honored by their toughest critics...their former students, in the fourth edition of *Who's Who Among America's Teachers*®, or *The National Dean's List*®, publications which recognize 5% of our nation's high school and college students respectively. Paul Krouse, publisher of *Who's Who Among America's Teachers* said, "there is no greater honor teachers can receive than to be recognized by former students for their excellence and dedication. In this publication we clearly have the best teachers in America selected by the best students."

The students were requested to nominate teachers who "made a difference in their lives" by helping to shape their values, inspiring interest in a particular subject and/or challenging them to strive for excellence. Many of the students commented about the enthusiasm and knowledge their teachers demonstrated in the classroom, and many praised their teachers for their ability to relate to youngsters on a personal as well as a professional level. One student wrote about her teacher saying, "she made education something pleasurable, instead of a dreadful ordeal, by letting me spread my wings and showing me the best way to fly."

Local educators honored in *Who's Who Among America's Teachers*, 1996 include Fred Jones, David McWilliams and Ruben Pena-Alfaro.

Flu Shot Clinic Scheduled For Vets

According to VA Medical Center Director Cary Brown, flu vaccinations are currently being provided at no cost to area military veterans. Veterans can get their shots in the main lobby of the VA Medical Center in Big Spring. Veterans registered with that facility will be required to show their blue or purple VA cards to the flu shot clinic clerk. Any veteran who does not have a VA card must register on site prior to receiving a flu shot.

Lone Star Events

November 7-8 — First Monday Trade Days, Canton. This once-a-month event is one of the largest flea markets/trade events around. Browse, sell, trade, and barter on 190 acres covered with antiques, arts and crafts, and collectibles of all kinds. Approximately 6,000 vendors from around the country display their wares. This market has been a Texas tradition since 1873. For more information, contact the Canton Chamber of Commerce, 315 First Monday Lane, Canton, TX 75103. 903/567-2991.

November 2 — 30th Annual Chili Championship, Terlingua. Head to Terlingua for some of the best chili in Texas. The Annual Chili Championship is a big hit with chili lovers. More than 300 chili experts from around the world will compete for the title of "International Chili Champion." All events are held at Rancho CASI de los Chisos on Highway 170, approximately 11 miles from the fork in the road at Study Butte. Music and entertainment starts on Thursday, October 31. For more information, contact the Lajas/Terlingua Chamber of Commerce, P.O. Box 336, Terlingua, TX 79852. 915/371-2218.

WEEKLY REPORT
 Congressman
Henry Bonilla
 23rd District, Texas
 527 Longworth House Office Building, Washington, D.C. 20515 202/225-4511

That's No Bull....

Did you know that your tax dollars funded a study that concluded that bullriding is dangerous? There they go again. Another example of a study-happy Washington bureaucrat thinking up new possibilities for government to regulate us.

Last month the National Center for Injury Prevention and Control "suggested" that headgear might protect against "severe bull-riding associated brain and spinal cord injuries." Can you believe that it took taxpayer-funded researchers in Washington to tell us that?

It doesn't take a brain surgeon to tell us that bullriding can be dangerous. Rodeo cowboys take a risk every time they "pray for eight when they pull that gate". We all take a number of risks everyday. But this is America, where we should be free to assume that risk for ourselves without the federal government interfering.

We all want our rodeo riders to be safe, but we don't need Washington to tell us how. In fact, some bull-riders have chosen to wear protective equipment. Protective vests, gloves and helmets are worn by many riders, and

some professional associations require them for their competitions. Private citizens and groups, not Washington bureaucrats, would be the ones making these decisions.

Rodeo began many years ago as a way for ranchers and cowboys to show off the skills they used to work their cattle or break their horses. It developed into one of the most popular sports in America. The key word there is "sport".

Can you imagine a world where Washington tells rodeo riders to wear helmets? What's next, eye guards for participants in a watermelon-spitting contest? Regulations for sports fans? Would there be a study done to determine if the government should require baseball fans to wear helmets as protection from foul balls?

This study shows how one good intention can go too far. It's absurd that taxpayer dollars are funding things like the rodeo helmet study especially when people are working hard to make ends meet. We should spend less time proposing ridiculous new regulations, and more time streamlining the ones that already exist.

Fort Lancaster Comes Alive

"This is an excellent opportunity for school-age children to come out to get a good feel visually of their Texas heritage."

What remains of the frontier post lies on the east bank of Live Oak Creek near the base of the Pecos River Valley. The 82-acre park has been operated by TPWD since 1968. Fort Lancaster was abandoned during the Civil War, its garrison marching to San Antonio to surrender to Confederate troops.

Today, the fort features a visitor's center with exhibits on history, natural history and archeology, a picnic area, a self-guided trail around the fort's ruins, a nature trail, and wildlife, such as white-tailed deer, raccoons, armadillos and squirrels.

The cost to attend the living history event is \$2 for adults, \$1 for students and free for children 12 and under.

Fort Lancaster State Historical Park is located eight miles east of Sheffield on U.S. Highway 290, a scenic loop off of Interstate 10. For more information, contact the park at 915/836-4391.

Strategically erected in 1855 on the military road between San Antonio and El Paso as a protection against Apaches, Fort Lancaster, or what little remains of it today, beckons to interstate travelers curious enough to detour a few miles out of the way to reach the state park. On Saturday, Oct. 26, from 8 a.m. to 5 p.m., visitors' curiosity will be rewarded with the park's annual Living History Special Event.

Encampments of living history specialists, including the Texas Parks

and Wildlife Department's renowned Buffalo Soldiers, will bring the fort to life, portraying what it was like more than 100 years ago when Fort Lancaster bustled with the activity of 75 troops housed in 25 permanent buildings.

U.S. infantry and cavalry re-enactors will portray life as it existed for frontier soldiers in the 19th century as Texans struggled to settle the Wild West. There will be re-enactments of precision marching, riding demonstrations, artillery firing and more.

"We want to make sure that Texans understand what their history is all about," said park manager Cory Evans.

Adequate Sleep Promotes Good Grades

Students of all ages may be missing a key ingredient to good grades - adequate sleep.

"Sleep is probably the most important period of the day for processing new information," said Dr. Bruce D. Perry, a child psychiatrist at Baylor College of Medicine in Houston.

Missing sleep, Perry says, causes most of the day's experiences to be stored inefficiently in the brain. Lectures heard, chapters read, interactions with teachers are harder to remember if the brain is sleep deprived.

"Rather than cramming information for a test, students are better off studying in smaller chunks and getting enough rest to process the information properly," he said. "Otherwise, you end up storing the information in short-term memory and forgetting it in a few weeks."

Sleep is critical for young students as well.

"Children have many new concepts to learn in school," he said. "A good night's sleep not only lets them process what they learned but also helps them be alert in class."

Students who are sleep deprived tend to be more irritable and have difficulty concentrating.

Perry feels that parents often underestimate the importance of sleep.

"Children are kept so busy with after-school and evening activities that sleep gets short-changed," he said. "This lack of adequate sleep robs children of some of their learning potential."

Perry recommends at least eight hours of sleep for adults and 10 or more hours of sleep for children.

"Sleep helps the brain organize new information, so literally, in the morning you wake up smarter than you were when you went to bed," he said.

VOTE AND RE-ELECT COUNTY ATTORNEY DEHOYOS

- "HISTORY IN THE MAKING"
- "A RECORD OF ACHIEVEMENT"
- "PAVING THE WAY FOR PROGRESS"

EDUCATIONAL BACKGROUND: "The education of all our youth is the key to our success."

- ★ OZONA HIGH SCHOOL CUM LAUDE GRADUATE (1977)
- ★ BACHELOR OF ARTS, ANGELO STATE UNIVERSITY (1981)
- ★ MASTERS DEGREE, ANGELO STATE UNIVERSITY (1985)
- ★ DOCTOR OF JURISPRUDENCE DEGREE, TEXAS TECH SCHOOL OF LAW (1987)
- ★ LICENSED BY STATE BAR OF TEXAS (1988)

"In the history of the Crockett County Attorney's office, there has never been a more productive and representative County Attorney. If elected, I will strive to make my tenure the best ever having already met and surpassed the needs of the Crockett County Attorney's office."

MY HISTORY-MAKING RECORD OF ACCOMPLISHMENT AS YOUR COUNTY ATTORNEY DURING THE PAST 8 YEARS:

- ★ SIGNIFICANTLY INCREASED THE DUTIES AND RESPONSIBILITIES OF THE CROCKETT COUNTY ATTORNEY'S OFFICE (in effect, making a part-time position into a full-time position)
- ★ ESTABLISHED AN OPEN-DOOR POLICY FOR ALL CITIZENS
- ★ ENSURED A MONTHLY MISDEMEANOR CRIMINAL DOCKET COURT SYSTEM (nearly 1000 cases filed)
- ★ ADDED THE DUTY OF PROSECUTING JUVENILE DELINQUENTS
- ★ ADDED BEING THE PROSECUTOR IN OUR JUSTICE OF THE PEACE COURT
- ★ ADDED THE RESPONSIBILITY OF REPRESENTING THE STATE OF TEXAS IN CHILD PROTECTIVE SERVICE CASES
- ★ ADDED THE REPRESENTATION OF THOSE SEEKING PROTECTIVE ORDERS DUE TO DOMESTIC VIOLENCE
- ★ ESTABLISHED A HOT CHECK COLLECTIONS SYSTEM THROUGH THE COUNTY AUDITOR'S AND COUNTY TREASURER'S OFFICES
- ★ OVERSEEN NUMEROUS PROJECTS AND PROGRAMS ENACTED BY CROCKETT COUNTY COMMISSIONERS COURT

In reflecting over the past seven years, I believe that the common denominator in my approach to my duties, responsibilities, and other interests, whether as a public official or private citizen, has been to see that our local institutions, organizations, and programs are fairer and more accessible to all citizens of Crockett County. Certainly, if re-elected, I would continue my efforts at fulfilling the duties of Crockett County Attorney by using the information and experience that I have acquired over these years."

- VOTE NOW, VOTE EARLY, VOTE DEMOCRATIC
- VOTE AND GET FAMILY AND FRIENDS TO VOTE;
- VOTE FOR CONTINUED PROGRESS IN CROCKETT COUNTY!

★★★ **DEHOYOS** ★★★
DESERVING OF YOUR VOTE!

•Buses (continued from page one)

school bus is built predominantly for metropolitan transportation where long-distance travel concerns are not an issue."

Maldonado went on to explain that the 79 passenger school bus that the school bus companies submitted bids on would actually handle approximately 43-45 passengers. "School bus capacity is rated on three children to a seat, not high school or middle school-age children but on elementary school children. Also, spacing between seats may be acceptable for these children; however, due to their size, legroom for high school and middle school students significantly decreases and so does their comfort zone, particularly on long bus trips. Adjustable seats are not allowed on yellow school buses," he added.

"These vehicles have a restroom, are air-conditioned, have a much better constructed body than a school bus, contain individual adjustable seating, and have individual seat lamps whereby one student can do his/her homework while the one seated next to him/her can go to sleep if they choose to do so. They also have diesel engines that are designed to go 200,000 miles without an overhaul. We put approximately 20,000 miles yearly on each of our activity buses, thus we should be able to go approximately 10 years before looking at any major engine repair," Maldonado said.

In discussion regarding the coach-type vehicles, trustees were Unanimously in agreement that if the vote was in favor of the purchase of the two coach-type activity vehicles, they were to be used for transportation of all students for school activities, not only high school and middle school students but also intermediate and primary school students as well. "If we purchase them, members of our community need to be informed that these buses will not only be used for sports related activities but also for academic related activities, such as University Interscholastic League activities and

student field trips," one member remarked.

Prior to voting, Maldonado also said that the coach-type vehicles have excellent resale value. "I know of one West Texas school district who sold a twenty-year old coach to another school district for \$25,000. When we sell our regular school buses that have between 100,000-150,000 miles on them, we are lucky to get \$1,000 for them because of the distances they have traveled," he said.

"We annually budget approximately \$80,000 for the purchase of one school bus under our bus replacement program; therefore, if we purchase two of the vehicles, we will not purchase any new school buses next year," Maldonado explained when questioned about the school bus purchase schedule.

Following this discussion, the members voted 7-0 to approve the purchase of two coach-type buses for the school district. Mr. Maldonado was authorized by the board to negotiate with ABC Bus Sales and National Bus Sales for the two buses whose cost will not exceed \$68,000 each.

The members also voted unanimously to approve the taking of bids to install aluminum bleachers at Lion Stadium. Superintendent Larry Taylor told the trustees that the wood portion of the stands at the school stadium is constantly deteriorating, and the district is continually having to replace lumber to keep the stands safe. He noted that wood is now as expensive as aluminum is per linear foot, its cost is continually increasing, and it requires a great deal of upkeep due to exposure to the West Texas elements.

"The visitor stands are not Americans with Disabilities Act (ADA) accessible, and the wheelchair area in the home stands is too small. We estimate the total cost will be between \$55,000 and \$65,000 which would include replacing all of the wood in the bleachers with aluminum, painting all metal parts of the bleachers by the maintenance staff, installing ADA accessible ramps, enlarging the wheelchair area in the home stands as well as installing a wheelchair area in the visitor stands, and installing aluminum curved back supports in the re-

served section of the home stands.

"We will advertise for bids and bring back the bids to the board at the regular meeting in November. If the board approves a bid, the work could be done during the end of November, December, January, or February so they would be ready for the track season," he added.

Several budget amendments were also approved during the meeting. These included: (1) a \$3,000 budget amendment that will be supplemented through federal funds from the Region XV Education Service Center and the Menard Special Education Cooperative to help special education students find employment within the community in order to develop their employment skills; (2) a \$500 budget amendment for Accelerated Reader Awards at Ozona Primary School; (3) a \$1,000 budget amendment for Accelerated Reader Awards at Ozona Intermediate School; (4) a \$12,000 budget amendment for the employment of a second secretary at the middle school; and (5) a \$70,000 budget amendment for the purchase of eight portable classrooms from the Lubbock I.S.D.

The eight classrooms were purchased from Lubbock at a cost of \$3,000 each; however, transportation permits, transportation liability insurance, site preparation, leveling, utility hookups, minor repairs if needed, and for sidewalks or ramps if required will result in transportation and installation costs of approximately \$3,000 to \$3,800 per unit. Two of the units will be located by the main fieldhouse at Lion Stadium, and six of the units will be located at Ozona Middle School.

The members also approved updates to the district's school board policy manuals, as well as approving the members of the 1996-97 Ozona Textbook Selection Committee.

Prior to an affirmative vote to adjourn, the school board voted to be the date and time of its November regular meeting on Wednesday, Nov. 13, at 7:00 p.m.

Emerald Water District Has Busy Year

As of September 30, 1996, the Emerald Underground Water Conservation District has completed another active fiscal year.

During the past year, the District has registered 100 water wells throughout Crockett County. Seventeen (17) open wells were capped and three (3) were plugged.

Abandoned and unused wells need to be capped or plugged. Capping a well consists of capping or closing a well with a covering capable of preventing surface pollutants from entering the well and sustaining weight of a least 400 pounds and constructed so that the covering cannot be easily removed by hand. Plugging is an absolute sealing of the well bore. All removable casing shall be removed and the entire well pressure filled with cement from the bottom up to the land surface, or it may be filled with a bentonite mud followed by a cement plug extending to a depth of not less than 10 feet below land surface.

The District still has caps available for unused wells. If you have a well that you would like to have capped, call the District office and we will be happy to cap the well for you.

Between October 1995 and September 1996 the Emerald Underground Water Conservation District also completed a total of 117 chemical analyses on selected water wells throughout the county. This includes 44 monitor well samples which are collected each year by the District and tested by an outside commercial laboratory. This program helps establish an overall baseline of groundwater quality throughout the district and will aid in pinpointing any future groundwater quality problems.

If you have a domestic well that has not been tested or you would like to have tested, please contact the District's office. Emerald Underground Water Conservation District has an in-house laboratory and is able to obtain water analysis results quickly. The District laboratory is capable of analyzing 10 water quality parameters as well as the presence of chlorine and fecal coliform bacteria.

In cooperation with the Texas Water Development Board, the District also annually measures and records water levels in 23 wells throughout Crockett County. The results from the last two years have shown the water levels in these observation wells dropping at an average rate of 10 inches per year.

Beginning in 1995, the District placed 24 rain gauges in selected locations throughout Crockett County. Results are tabulated at the end of each calendar year. In 1995, the average rainfall throughout the entire county was 17.58 inches. This year, in connection with the cloud-seeding program the District participated in, we hope to compare rainfall results on specific dates to maps of cloud-seeding efforts on those dates in specific areas.

As mentioned above, this past April, the Emerald Underground Water Conservation District became a member of the West Texas Weather Modification Association, a group consisting of seven water conservation districts in our area and landowners in Upton County. The participating counties included: Crockett, Reagan, Sterling, Glasscock, Irion, Schleicher, Sutton and Upton. A four year contract was signed by the Directors

of this Association with Mr. Pat Sweeney, owner of Weather Modification, Inc. of Fargo, North Dakota to carry out a cloud-seeding program for a four month duration May-September of each year. There has been published evidence (corroborated scientifically using measurements of clouds obtained from specifically instrumented aircraft) that timely seeding enables clouds to live longer and produce more moisture and more rainfall. There is no evidence that seeding causes clouds to grow taller and produce damaging effects such as hail, high winds or flash floods. Seeding appears to contribute to more gentle, widespread and lasting rains.

The current Board of Directors of the Emerald Underground Water Conservation District includes George Bunker-President; Nat Read-Vice President; John R. Jones-Secretary; Larry Williams and James W. Owens.

If the Emerald Underground Water Conservation District can be of service to you in any of the ways mentioned above, please feel free to contact District Manager Dennis Clark at 1102 Ave. I or 392-5156.

*Lions

(Continued from pg. 1)

center Kyle Hollon, kicker/punter Charlie Martinez, lineman Jason Skeabaneck and David Urbanke, and linebackers Matt Sefcik and Lucas Heartsill.

"Defensively, they use a 5-3, which is unusual. They rush people right and left. They put eight people from tight end to tight end. We've seen all 11 of them within three yards of the line of scrimmage," said Coach Hargrove.

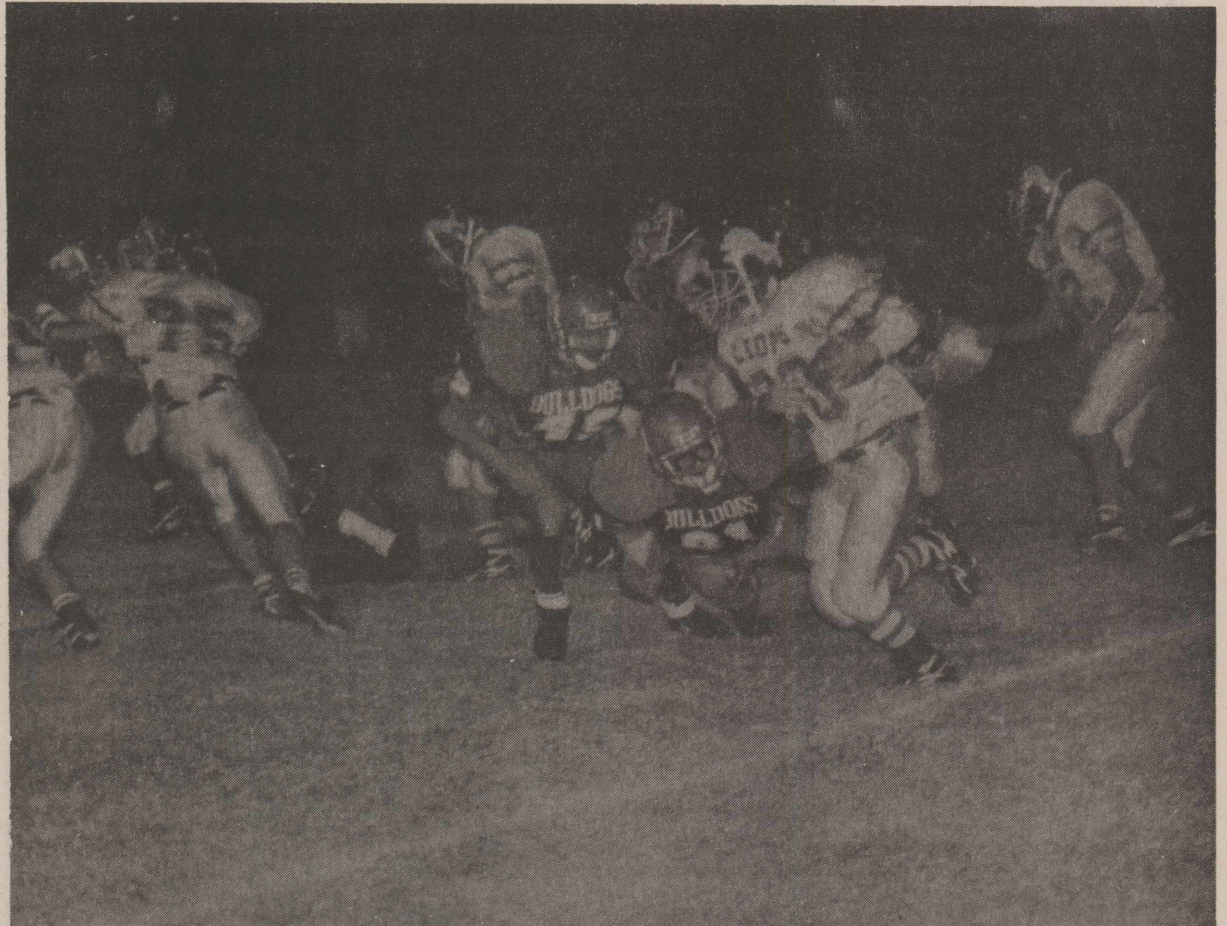

The Lions will host the Wall Hawks in Lion Stadium starting at 8 p.m. Friday, Oct. 25. The pep rally will be in Davidson Gym starting at 3:40 p.m. The Lions need your support, so please, get out and "Back the Lions".

Cub Eighth Graders Defeated By Red Devils

By Neal Ulmer, Stockman Sportswriter

The Ozona Eighth Grade Cubs were defeated by the Rankin Red Devils 32-12 in last Thursday's game in Rankin. The Seventh Grade Cubs lost in a 15-play each scrimmage 1-0. The eighth grade's record is now 1-5.

"We ran the ball well. They gave us the inside plays and we took them," said eighth grade Coach David Delgado. "Yet, the turnovers killed our drives and were the difference in the game."

Ozona's first score occurred in the first quarter starting from the 50-yard line. Chase Adams scored on a 3-yard run and tried again on the conversion, but failed.

Rankin came back towards the end of the first quarter and scored and added the two point conversion to go ahead 8-6.

The Red Devils scored twice more in the second quarter and failed on both conversions to take a 20-6 half time lead.

In the third period, the Cubs drove 80 yards on their final score. The drive was climaxed by a 5-yard touchdown run by Leon Garcia. He also ran for the two point conversion, but failed, as they trailed the Red Devils 20-12.

Rankin also scored in the third

quarter on a long run with their two-point conversion failing, but they increased their lead to 26-12.

Ozona fought back with a good drive, but fumbled on the Rankin 15-yard line.

"We fumbled, killing the drive and squandering a golden opportunity," said Coach Delgado.

In the fourth quarter, Rankin scored their final touchdown, failing on the conversion, yet sealing their victory 32-12.

"Defensively, Rankin was fundamentally sound. We were not able to contain them," Delgado said.

"They tested our inside, but we couldn't contain them outside," added Coach Rick Bachman.

According to coaches Bachman and Delgado, Rankin had only about 15 seventh graders and added a few eighth graders for a seventh grade scrimmage. Each team ran 15 offensive plays, and if a team got the ball inside their opponents' 30-yard line, they would get an additional four downs to score. The Cubs took their offensive plays first.

"We started out slowly due to their stunting linebackers. After we adjusted to their blitzes, we started to move the ball," said Coach Bachman. "Defensively, our kids played extremely well."

Coach Bachman said Rankin had a 70-yard run down to our one-foot line. On the next play, they fumbled, and we recovered. Rankin went back to their 30-yard line.

"We did a pretty good job from there out—we held our own," Bachman said.

Rankin's only score occurred after first reaching inside the Cubs' 30-yard line. Then, they completed a good pass down to the 1-yard line. On the second play, they scored on a sweep play.

The Cubs will travel to Wall to play the Hawks, starting at 5 p.m. with the seventh grade and followed by the eighth grade at 6:30 p.m. on Thursday, Oct. 24. Get out and enjoy the weather and "Back The Cubs".

April Is Feature Month For Ozona's Courthouse

The Crockett County Courthouse is among the 13 featured on Bill Morgan's Old Friends: Great Texas Courthouses-1997 Calendar. A drawing of the building and information on the structure and the county await the turn of the page to April 1997.

Morgan dedicates the calendar series, the 1997 issue is one of three published beginning in 1995, to the memory of his mother, Jayne Dodd Edwards Ritter. Mrs. Ritter was a third-generation Texan and one of 11 children of Robert and Annie Edwards of Erath, LaSalle and Webb Counties. Texas-born Edwards descendants

spanned seven generations, and counting, in 1996.

The beautiful calendar is available at bookstores, other retail outlets and selected museums and historical societies. You may send \$11.95 per copy to Bill Morgan at 116 Sunview, Sunnyvale, TX 75182. A set of each of the three calendars is \$20, a set of the 1995 and 1996 calendars is \$10, and the 1995 or 1996 calendars are \$6 each. Orders will be filled within one week by first-class mail. The 1998 calendar will be available on Sept. 1, 1997. For more information, call 214-203-1752.

4-H Food Show Saturday

4-H'ers have selected their best recipes and completed their project work just in time for the annual Crockett County 4-H Food Show, slated for Saturday, Oct. 26, at the Crockett County Civic Center. The public is invited to join in the fun and enjoy an "Autumn Harvest".

More than 50 4-H members have participated in this year's project, and a majority are expected to compete in the food show, which is an optional activity in the project. 4-H'ers have learned from many activities, such as lessons in food safety and sports nutrition, demonstrations of sausage making, and tours of area food manufacturers and restaurants.

Contestants will begin arriving at 9 a.m., with judging from 9:15 to 11:15 a.m. Public viewing of dishes in the food show will be held from 11:15 to 11:45 a.m., and the awards ceremony will take place at 11:45 a.m., with a tasting tea to follow. Copies of food show recipes will be available in special collectors' edition cookbooks.

All interested persons are invited to attend the food show and support the 4-H members. There is no charge to attend, and guests will have the opportunity to see and sample each dish. According to Tedra Ulmer, County Extension Agent, "these 4-H members and their parents have put in many long hours in project lessons, preparations for the food show, and in studying their nutrition information."

Ulmer noted that the contestants in the food show are judged in three age divisions: Junior, grades 3-5; Intermediate, grade 6 up to age 14 as of Jan. 1, 1997; and Senior, age 14 as of January 1997. There are seven different categories from which contestants may choose: main dish, breads and cereals, nutritious snacks and desserts, fruits and vegetables, pork, lamb and beef. First-place winners from these categories in each age division will advance to district competition on Dec. 7 in Fort Stockton. Senior participants have the opportunity to advance from district to the Texas 4-H Food Show at State Roundup in June.

The 4-H members will be judged on the quality of their dish, their knowledge of the preparation and nutrition of the dish, knowledge about daily nutrition, and their communication skills. Each age group has a list of questions ranging from knowledge of the basic food groups and servings

needed each day to the activities they completed during their project.

Ulmer noted the food show would not be possible without the support of local merchants and individuals. A complete list of donors will be published following the food show in The Ozona Stockman. "If you have not been contacted but would like to contribute, please contact the Crockett County Extension Office at 392-2721," said Ulmer.

"We especially thank our donors," said Ulmer, who noted that funds are used for supplies, awards and other expenses incurred in the foods and clothing projects as well as other home economics-related projects during the year. "By having money to help pay for supplies and awards, we can keep the cost down so that every 4-H member can participate in the lessons and workshops," she explained.

The agent also thanked the individuals and organizations who have assisted with the project, including the Crockett County Civic Center for use

of their facilities, DeCoty Coffee Company, Mrs. Rios' Tortilla Factory, and H.E.B. Grocery Stores for tours, and all the parents and leaders who have helped with supervision, transportation and supplies. Special thanks go to Louis and Tammy Bunger for putting together the sausage workshop, and to Myra Tambunga for presenting programs on sports nutrition and label reading.

For more information about the foods and nutrition project or the food show, contact the Crockett County Extension Office at 392-2721. Educational programs and information provided by the Texas Agricultural Extension Service serve people of all ages, regardless of socioeconomic level, race, color, sex, religion, national origin or handicap.

Individuals with disabilities who require an auxiliary aid, service or accommodation in order to participate in this event are encouraged to contact Tedra Ulmer at the number above to determine how reasonable accommodations can be made.

Red Cross Offering H.I.V. Aids Training

The West Texas area American Red Cross is offering H.I.V. AIDS training to the public, on Monday, Oct. 28, from 6:00 p.m. to 8:00 p.m. The class will be held at 2306 Elizabeth in Midland. Everyone is invited to attend. There are no prerequisites

for this training. This class is free to the public. If you wish the American Red Cross to come to your community and offer H.I.V. AIDS training to your company, group or organization, please call 1-800-378-6614 or (915) 684-6161 for more information.

Deadline Near For Prospect Show

The Big Lake Blowout Meat Goat Jackpot Show, which is sanctioned by the Junior Meat Goat Show Circuit, will be held at the Reagan County 4-H Center Nov. 16. Deadline for entries is Nov. 8. Entry fees will be \$15 per head. Late entry fees jump to \$20 per head. The official scales will be open from 7 to 9 a.m., with the show scheduled to begin at 10 a.m. A copy of the rules and entry forms can be picked up at the Extension Office.

The West Texas Lamb and Goat Prospect Show, hosted by Reagan County this year, will be held Saturday, Dec. 14, at the Big Lake 4-H Center. Only 4-H or FFA members are eligible to participate in the show. Entry fees will be \$5 per head, with a limit of four lambs, four Angora goats and four meat goats per exhibitor. All livestock must be in place by 9:30 a.m., with entry cards and entry fees due by 10 a.m. Lunch will be served from 11 a.m. to 1 p.m. Entry cards are

not issued ahead of time, but should be picked up when you arrive at the show on Saturday morning.

Also scheduled for Dec. 14 is the 4th Annual Hill Country Goat Classic for market, dairy and meat doe goats in Bandera. Entry fees prior to Dec. 1 are \$10 per head. After Dec. 1, entry fees will jump to \$15 per head, cash

only. Exhibitors must be 4-H or FFA members. A copy of the rules and entry forms can be picked up at the Extension Office.

For more information on any of these prospect shows, come by the Crockett County Extension Office at 1301 Ave. AA.

Scottish Rite Hospital For Children Program Tuesday, October 29

Texas Scottish Rite Hospital for Children will present an informational program focusing on childhood learning disorders as well as medical services offered by the hospital on Tuesday, Oct. 29, at 6:30 p.m. at the Crockett County Civic Center.

For more than 30 years, Texas Scottish Rite Hospital for Children in Dallas has provided diagnosis and treatment of children with learning disorders through the hospital's child development division. The hospital also creates and distributes instructional videotapes focusing on dyslexia and literacy which are in use in nearly 600 Texas school districts. The dyslexia training program and literacy videotape series are currently being used in the Crockett County Consolidated Independent School District for the benefit of local students.

Elizabeth Cantrill, outreach coordinator of the child development division at Texas Scottish Rite Hospital for Children, will present the program and will provide useful information to the community about childhood learning disorders and other services available to Texas children through Texas Scottish Rite Hospital for Children.

Celebrating its 75th birthday in 1996, Texas Scottish Rite Hospital for Children treats children with orthopedic conditions, related neurological disorders and learning disabilities. The hospital is recognized as one of the finest pediatric medical centers in the nation treating over 11,000 active patients from throughout the state of Texas.

Texas Scottish Rite Hospital for

Children accepts children from birth to 18 years of age for orthopedic or neurologic conditions; and from five to 14 for evaluation and treatment in the hospital's Luke Waites Child Development Center for learning disabilities. In the 75 year history of the hospital, no family has ever been charged for their child's treatment. All patients must be referred by a physician to be seen by the hospital. Supported entirely by voluntary donations, Texas Scottish Rite Hospital for Children does not receive federal or United Way funding, nor dues paid by any Masonic order.

The Tuesday, Oct. 29, program includes dinner and is free to the public. Reservations may be made by calling 915 392-3776.

Bedford Completes Navy Basic Training

Navy Seaman Recruit Michael J. Bedford, son of Lynn M. Dominguez of Ozona, recently completed U. S. Navy basic training at Recruit Training Command, Great Lakes, IL.

During the eight-week program, Bedford completed a variety of training which included classroom study, practical hands-on instruction, and an emphasis on physical fitness. In particular, Bedford learned naval customs, first aid, fire fighting, water safety and survival, and a variety of safety skills required for working around ships and aircraft.

Bedford and other recruits also received instruction on the Navy's core values - honor, courage and commitment - and what the words mean in guiding personal and professional conduct. Bedford joins 55,000 men and women who will enter the Navy this year from all over the country.

Men and women train together from their first day in the Navy just as they do aboard ships and at shore commands around the world. To reinforce the team concept, Bedford and other recruits also were trained in preventing sexual harassment and ensuring equal opportunity.

Even as the naval service gets smaller over the next few years, highly motivated young people like Bedford are still finding an opportunity to improve their knowledge and education as they become part of the most highly technical naval force in history. This year alone the Navy will have more than 57,000 job openings and opportunities, most of which include guaranteed training.

He is a 1995 graduate of Yucaipa High School of Yucaipa, CA.

OZONA JV GOLD QUARTERBACK CLAY RICHARDSON tries to get away from three Rankin defenders in last Thursday's action in Lion Stadium. Photo by Neal Ulmer

Red Devils Defeat JV Gold Lions 28-0

By Neal Ulmer,
Stockman Sportswriter

The Ozona JV Gold team was tormented to the tune of 28-0 by the Rankin JV Red Devils last Thursday night in Lion Stadium. The Lions fall to 1-6 season record.

"We played them really hard the whole game and held them in check in the first half," said Ozona JV Gold coach Alan Phillips. "Our kids never gave up and played hard. Our team plays as hard as they can and give it all they've got."

The Red Devils wasted little time in getting on the scoreboard. They scored in the first period on a 24-yard pass play with 3:58 left in the period. A pass fell incomplete for the conversion.

Clay Richardson led the Lions as quarterback with good running by backs Michael Martinez, Randall Borrego and Joe Luna.

"Offensively, they overpowered us in the middle. They lined them up and brought them all. We have to get our heads up and read their stunts. Defensively, in the first half, we shut them down and we put pressure on them," said Coach Phillips.

In the third quarter, a Rankin player returned a punt 91 yards for a Red Devil score with 5:44 remaining. The conversion run failed, but the Red Devils had a 12-0 lead.

About three minutes later, the Red Devils scored again on a 59-yard run and a pass for the conversion was complete to increase their score 20-0.

"In the third quarter, they ran the wingback trap and they scored three times on us. They came out in the second half and executed that play and turned it up," Coach Phillips said.

An Ozona fumble at mid-field set up the Red Devil's last touchdown. They took another eight plays before scoring on a 7-yard run with 5:30 remaining in the game. A run for the conversion was successful to give the Red Devils a 28-0 win.

"In the second half, besides the big plays, we played them pretty tough. We weren't used to what they run. Their experience really overcame us.

They had more experience and knew what they had to do in the second half. Our kids will be ready this next time," Phillips added.

The JV Gold Lions will get another chance to play the Red Devils, starting at 7 p.m. in Rankin on Thursday, Oct. 24.

"Two things we have to do is: throw short passes and get Clay around the corner," said Phillips.

Junction Stockyards Report

Junction Stockyards sold 661 head of cattle Friday, Oct. 11. Choice calves sold steady on a active market. Replacement heifers were \$5-7 higher. Slaughter cows and bulls were steady. Stocker cows were steady to stronger.

Ballots should be postmarked on or before Oct. 29, 1996..... TS&G Commodity Board Election

Ballots are available from now until Oct. 29, 1996, in the offices of County Extension Agents within the 111 county referendum area for any producer who does not receive a ballot in the mail for the Texas Sheep & Goat Commodity Board (TS&GCB) Biennial Election. Terms will expire for one director in each district on Dec. 31, 1996. Ernest Woodward (District 1), Perry Bushong (District 2), and Billy Roeder (District 3) are the directors of the nine-member board whose terms are expiring.

Ballots have been mailed to all known producers with the hope of increased participation. The current board urges all sheep and goat producers within the referendum area to vote in the district of their legal residence or the one where their operating headquarters is located. A map on the back of the ballot should answer any questions regarding the district you should vote in. Candidates are:

- District 1—Dwight Childress-Crockett County
- District 2—Alfred (Mack) Gil-liat-Real County
- District 3—Presley J. Arhelger-Gillespie County; Zane Reese-Crosby County; Bill Sneed-Coleman County

To be considered valid, section "A" or "B" of the Verification Of Production portion of each ballot must be signed, must include your complete physical address, the number of the district that you qualify to vote in, and your inventory of sheep and goats for 1996 if section "A" applies. Failure to do so will cause the ballot to be invalid.

The postmark deadline for ballots is midnight, Oct. 29, 1996. Any ballot which is postmarked after the Oct. 29 date will be considered invalid.

Producers are to mail the ballot in the pre-addressed (postage paid) return envelope provided. Official canvassing of the ballots

will take place on Nov. 21, 1996. The canvassing committee will consist of Tom Green County Judge Mike Brown, District 7 Texas Agricultural

Extension Service Director Scott Durham, a representative from the Texas Department of Agriculture, and TS&GCB President W. Roy Jacoby.

Education Service Center Region XV Seeks Public Input

The commissioner of education has extended the review period of the Texas Essential Knowledge and Skills until Oct. 31. The Education Service Center Region XV invites members of the public to review and comment on the draft of the proposed new state education curriculum. A new curriculum, the Texas Essential Knowledge and Skills (TEKS), is being developed in response to legislation passed in May of 1995 as part of Senate Bill I requirements. This set of TEKS represents the first major change in curriculum standards since the essential elements were put in place in 1984-85. The TEKS are available in fifteen (15) content areas.

In March 1995, the commissioner of education appointed writing teams to develop the TEKS. These writing teams, totaling nearly 400 teachers, parents, business representatives and community members, have worked for the past several months to develop basic understandings, knowledge and skills, and performance descriptions in each subject area. In developing the TEKS, the teams received information from more than 25,000 Texans on the skills young people need in the world outside of school.

If you would like to preview the draft of the TEKS, you can:

- Go to the Education Service Center Region XV at 612 S. Irene, San

Angelo, Texas. Copies are available for preview, purchase, or on loan for 72 hours.

• Look at the TEKS on the World Wide Web at www.tea.state.tx.us.

If you would like to suggest changes in the draft of the Texas Essential Knowledge and Skills, you can:

- Complete a Response Form at the Education Service Center Region XV.
- Complete a Response Form on the World Wide Web and return it electronically.
- Testify at the public hearing sponsored by ESC XV.

The public hearing is scheduled for Oct. 28, 1996. The purpose of the public hearing is to provide the public the opportunity to give input to the Texas Education Agency, the State Board of Education, and the teams that are writing the TEKS. The public hearing will be from 6:30 p.m. - 8:30 p.m. at the Central High School Cafeteria, 100 Cottonwood Street, San Angelo, Texas. Persons wishing to testify should contact Judy Meador at 915-658-6571 ext. 158. Testimonies must be submitted in writing and will be audio-taped.

Anyone interested in obtaining copies of the Texas Essential Knowledge and Skills (TEKS) should contact Judy Meador at the Education Service Center Region XV, 915-658-6571 ext. 158.
