### Bob Childress Elected President Of Ostrich Assn.

The American Ostrich Association announced election results to its membership at Autumn OstrichFest '96 last week in Louisville, KY.

Bob Childress of Ozona will serve the 2,250-plus member organization as president. Officers elected to a second one-year term are Burt Loessberg, vice president, of Edmond, OK, and Nancy Loveless, secretary/treasurer. (Continued on pg. 12)

### Bring Your Bobbie Bows To The Game

If you haven't turned in your Bobbie Bow for presentation to Bobbie Bryson, bring it with you to the first home basketball game Nov. 19. You may leave bows at a special place just inside the gym door.

### 911 On Agenda

A report by the committee appointed to do a feasibility study for 911 in Crockett County is on the commissioner's court agenda for Nov. 15 at 1:30 p.m.

The court will hold its regular meeting on Friday, Nov. 15, instead of the usual second Monday because of the Veteran's Day holiday.

## Post Office Vandalized

By Postmaster Ernest T. Jones

For the last two weeks, someone has been coming in to the Post Office and vandalizing post office boxes. The doors have been completely torn out and there is no mail in the boxes. The Post Office serves the entire community by leaving the lobby doors open 24 hours a day. We are asking for your help in identifying and putting a stop to the vandalism.

I have contacted the Inspection

Service, and they have given me specific instructions. The individual or individuals will be prosecuted to the fullest extent of the law. If you as a postal customer see someone loitering in the lobby, or trying to open P. O. Boxes, get a description, type of vehicle, etc... and notify anyone at the post office or the local sheriff's office at 392-2661.

As Postmaster, it is my responsibility to provide security for your mail. Should this type or any type of vandalism continue, I would have no choice

but to lock the lobby doors at 5 p.m. every day in an effort to secure the mail. Due to the inconvenience this act would cause to people who come get their mail after hours, this is the last option that I would consider. For this reason, we are asking for information to identify whoever is committing this crime.

As for the vandals, it is a Felony to destroy Federal Property, it is a Felony to steal mail, and you will be prosecuted to the fullest extent of the law.

## Wreck Fatal To 3-Year-Old

One member of a Big Spring family died Sunday morning after being injured in a wreck south of Ozona Saturday.

Elisa Rodriguez, age 3, was a passenger in a vehicle driven by her mother, Sylvia Rodriguez, when the accident occurred in Val Verde County 49.2 miles north of Comstock. The vehicle was southbound on Hwy. 163.

Mrs. Rodriguez, age 24, her husband Fernando, age 30, Fernando Jr., age 5, and Elisa were all injured in the one car accident. A report filed by Val Verde County officers indicated that the 1991 GMC Jimmy entered a curve and went off the left side of the road. When the driver overcorrected, the vehicle went into a sideways skid and overturned several times, going through a fence and landing upside down.

The family was brought to the Ozona DPS office Saturday by a passerby. Two ambulances were quickly called to the office, Code 3, at 4:50 p.m. Every available emergency medical technician was also called to the clinic to assist the staff, and Medivac was called from San Angelo.

DPS communications supervisor Paula Westmoreland said EMS personnel were at the hospital several hours to assist.

"Ozona volunteer EMS personnel worked hard with no monetary recompense," said Ms. Westmoreland. "The EMS is made up of a lot of people who do a lot of good on their own time with little recognition."

Mr. and Mrs. Rodriguez remained hospitalized in Shannon Monday. He was expecting to be released Tuesday according to Ms. Westmoreland. Fernando Jr. received minor cuts in the accident.

## AEIS Public Hearing Nov. 13

The Crockett County Consolidated CSD will hold a hearing for public discussion on the 1995-96 Academic Excellence Indicator System (AEIS) report on the district and its four schools. The hearing will be at 6 p.m. Wednesday, Nov. 13, during the regular monthly meeting of the school board.

The report, produced by the Texas Education Agency and based on information submitted by all Texas school districts through the Public Education Information System (PEIMS), provides both local and state information about the performance of 1,044 school

districts, more than 6,000 schools, more than 280,000 professional staff, and 3.7 million students.

The AEIS report contains data on local student performance at both the district and campus levels. In addition, the report provides four specific comparisons: 1. district performance is compared to the state and the region of the education service center in which it is located; 2. campus performance is compared to the performance of a group of 40 similar campuses across the state; 3. performances of student groups are compared to that of other groups with a single campus and/or

district; and 4. campus and district performance are compared to their performance for the prior year.

The report also contains profile information on: 1. students, including enrollment, ethnicity, and economic status; 2. finances, including revenue and expenditures; 3. staff, including number and types, years of experience, degree held, salaries and staff turnover rates; and 4. programs, including student enrollments and operating expenditures.

Copies of the 1995-96 Academic (Continued on pg. 12)

## Westmoreland New DPS Radio Supervisor

Paula Westmoreland, a 16-year resident of Ozona, became supervisor of the Ozona Department of Public Safety communications department effective Nov. 1. Her official title is supervisor, police communications facility.

Selection for this position is by a competitive process, she explained. Candidates take a test and go before an interview board. There were 30 applicants who tested and 20 who were interviewed for the post. The position is usually filled by someone from outside the community.

Ms. Westmoreland has worked up through the department, starting as a probationary, then advancing to operator one, two and three positions.

The Ozona communication department serves an eight county area and the sergeant area covers five counties. Five local dispatchers (the fifth one will arrive here Dec. 1) work with repeater stations in Sanderson and one outside Crane and Sheffield to cover the territory.

"I'm glad they selected someone from Ozona to stay in Ozona," said Ms. Westmoreland. "I feel like someone at home here will serve the public better. I'm planning to work closely with local law enforcement agencies in this area. Crockett County doesn't have a teletype and the DPS does all their teletyping. This necessitates working pretty closely with them."

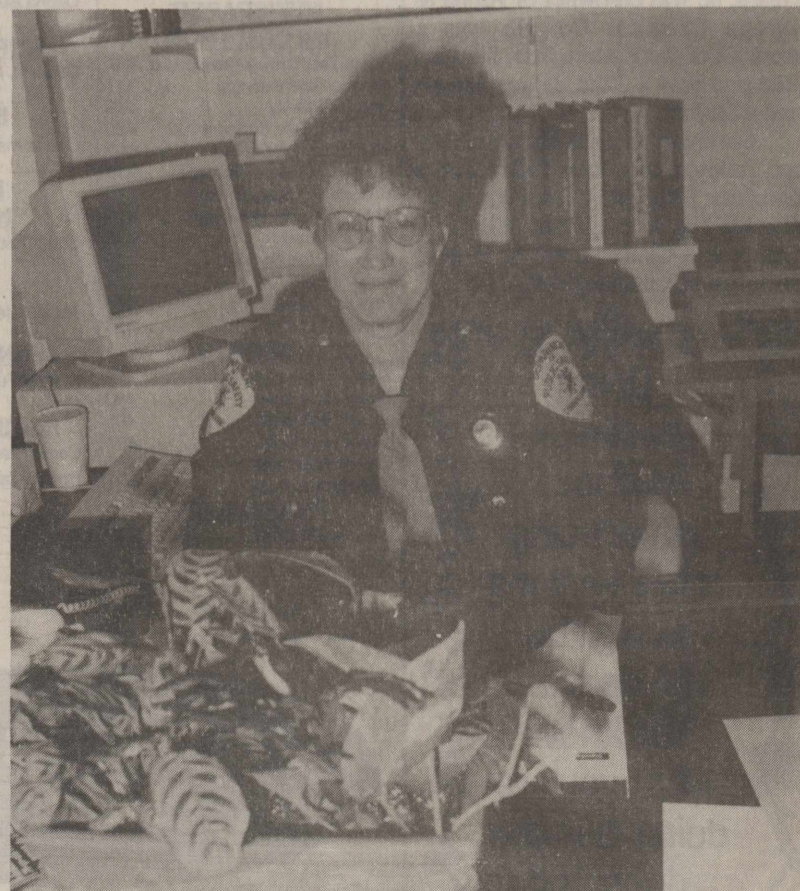

Ms. Westmoreland lived in the Odessa and Midland area before coming to Ozona. She has two sons, Scott Westmoreland who lives in

Massachusetts with wife Laura and daughters Corrine and Brittany, and Clay, a sophomore pre-med student at McMurry University in Abilene. Her parents, Dean and Pete Stroud, are Ozona residents.

She is active in the Emergency

Medical Service and Beta Sigma Phi and is a member of First Baptist Church.

"I'm interested in the community. It's been my home for 16 years and will continue to be my home," said Westmoreland.

## Tambunga Service Wednesday

Renal M. Tambunga, age 66, of Ozona died Monday, Nov. 11, 1996, in Shannon Medical Center in San Angelo.

Funeral service will be at 3 p.m. Wednesday in Our Lady of Perpetual Help Catholic Church with burial in Cedar Hill Cemetery. Arrangements are by Preddy Funeral Home.

Mr. Tambunga was born July 5, 1930, in Ozona. He had worked for the Ozona Public Schools for 40 years and was a lifetime resident of Ozona.

He was a member of Our Lady of Perpetual Help Catholic Church.

Survivors include his wife, Eduvina Garza Tambunga of Ozona; two daughters, Rosario D. Tambunga and Veronica Tambunga, both of Ozona; five sons, Frank D. Tambunga, Emilio D. Tambunga, Rene D. Tambunga, Johnny D. Tambunga, all of Ozona, and Reymundo D. Tambunga of Killeen; one sister, Olivia T. Garza of Ozona; one brother, Alejos Tambunga Jr. of Ozona and 15 grandchildren.

## Brownfield Service For Mrs. Casebeer

Services for Doris Casebeer of Brownfield were held Nov. 4, 1996, in Calvary Baptist Church of Brownfield. Rev. Pat Riley officiated assisted by Rev. J. L. Bass. Burial was in Terry County Memorial Cemetery.

Mrs. Casebeer died Nov. 2 in Brownfield Regional Medical Center at the age of 69.

She was born Oct. 24, 1927, in Hillsdale, MI, and was married to Clarence E. Casebeer on Nov. 29, 1954, in Hobbs, NM. They moved to Brownfield from Fort Stockton in 1994. She was a member of Calvary Baptist Church.

Mrs. Casebeer is survived by her husband; one son, Clarence, E. Casebeer Jr. of Andrews; two daughters, Carla Green of Ozona and Dolores Luera of Fort Stockton; and four sisters, Freida Morgan of Chickasha, OK, Dorothy Hilton of Kalamazoo, MI, Esther Healy of Paw Paw, MI, and Evelyn Anderson of West Bend, WI.

She is also survived by five grandchildren and one great-grandchild.

**Talley Service In Odessa**

W. C. Curtis Talley of Odessa died Wednesday, Nov. 6, 1996, at his residence. He was 64.

Service was held Saturday at Crescent Park Baptist Church in Odessa with Masonic graveside service in Sunset Memorial Gardens.

Mr. Talley was born Oct. 30, 1932, in Bangs. A veteran of the National Guard, he was co-owner of Alpha & Omega Chemical Co. He was a member of the Eastern Star, Scottish Rite and was a 32nd degree Mason and a Shriner.

Survivors include his wife, Betty Talley, a son, John Talley, and daughter, Charlotte Conklings, all of Odessa; two sisters, Alma Wilson of Ozona and Cloma Smith of Hobbs, NM; and a granddaughter.

Doing business without advertising is like winking at a girl in the dark..... You know what you are doing, but she doesn't!!!

## Out and Around with Eddy Hall

Grace Williams' grandchildren, Mr. and Mrs. Howard Bottles, spent two days with her on their way home to Round Rock from New Mexico.

12-year-old Jacob Tambunga, son of Melissa Ybarra, has a very exciting fish story. Nino Tambunga took his son fishing at Baker's Crossing and set out trotlines. Jacob had his own pole and left it in the river overnight. The next morning he went to get his pole, and he had to run with it as he had a 25-30 pound catfish pulling him along. It's a miracle the pole was still

there and that the line didn't break. He waded in to get the fish, but when he saw how big it was (four feet long), he decided he needed some help. His quote, after seeing the size of the fish's mouth, was, "Mom, he could have bit my arm off!" The family had a big fish fry, and everyone enjoyed that one fish.

They took 12 pictures, and Jacob is disappointed because the camera didn't work properly and he has no way to show us just how big the fish was. Maybe next time, Jacob. Good luck.

## Ozona Garden Club Readies For Winter

Ozona Garden Club members met in the home of Jeffrey and Carmen Sutton Nov. 11 for a Thanksgiving luncheon and regular meeting. JoNel Stokes and Jan Van Shoubrouck acted as co-hostesses.

After the luncheon, program chairman Mary Jo Mason introduced the speaker, Miles Dabovich, Crockett County Extension Agent, who spoke on "Getting Ready for Winter", which included the use of shredded foliage for mulching that moderates temperature and prevents soil erosion and is a very good soil builder as it provides 80 percent of the nutrients needed for proper growth of lawn and beds. Mr. Dabovich encouraged individual composting not only for healthier growth but also to cut back on landfill space which has become a major concern. There was a question and answer session which included tips on when to prune and plant trees and shrubs.

The business meeting was opened with the president, Lou Deaton, asking for roll call, minutes of the previous meeting and the treasurer's reports.

When committee reports were requested, Dorothy Montgomery told

the group that painting of the nativity scene was completed, and it is ready for the acrylic sealing to be applied. She encouraged the members to look at the finished figures at Celia West's home.

The chairman of awards, Marolyn Bean, reported that the club had received recognition from the State Garden Club Headquarters for various contributions the club has made.

Members were urged to attend the commissioners' court on Friday, Nov. 15, at 1:30 p.m. to show support for 911 in the area.

Chris Beckham gave dates available for the pilgrimage to the Christmas tree farm. The group voted to set the date for Dec. 2.

A memorial will be made to the First Baptist Church's scholarship fund in memory of Betty Tumlinson's mother.

Members present were: Marolyn Bean, Chris Beckham, Sue Burns, Lou Deaton, Nancy Forehand, Debbie Hamilton, Linda Hixon, Virginia Hubbard, Mary Jo Mason, Dorothy Montgomery, Marge Smith, JoNel Stokes, Carmen Sutton, Jan Van Shoubrouck, Jeanne Wellman, Grace Williams, Camille Jones, Ethel Miller and Jonesy Williams.

**PAINTING IS COMPLETED** and nativity scene figures await acrylic sealing in order to be ready for Triangle Park this December. Ozona Chamber of Commerce and an anonymous donor provided the materials for the refurbishing work done by Ozona Garden Club members with assistance from Jim White and Cap West. Pictured with the three wise men in Mr. West's shop are, from left, Sharon Farmer, Jonesy Williams, Carmen Sutton, Dorothy Montgomery, Celia West and Mary Jo Mason. *photo by Scotty Moore*

## Heritage Sculpture Arriving In December

Members of Woman's Forum met Tuesday, Nov. 5, at the civic center. Blanche Walker and Jewel Bailey were hostesses.

President Shirley Kirby called the meeting to order, and Vada Pridemore led the group in saying the American's Creed.

Charlotte Harrell and Arlene Clayton each gave a Federation report. They attended the Heart of Texas fall board meeting at Rochelle. It was noted that Jewel Bailey has been a life member of the GFWC. The TFWC annual spring convention will be held in Waco April 30 - May 2.

Mrs. Clayton said that through TFWC there are scholarships to be given to high school graduates. They need to apply for the scholarships.

Marolyn Bean announced that the heritage sculpture will be delivered Dec. 14 and placed in the park Dec. 16. Memorial and honorarium plaques will be delivered at a later date.

A report on the Forum project of 911 was given by Shirley Kirby.

*Autumn Magic*, a poem, was read by Mrs. Clayton.

Bibs for the care center have been

completed by Katharine Russell and Marie Gerlach.

Lucille Littleton, program coordinator, introduced Tedra Ulmer, Crockett County Extension Agent. The program was fun and had club participation. Her program title was "Are you a Lion, Fox or St. Bernard?"

Louise Bunger brought several books of pictures that members enjoyed seeing.

The president welcomed a new member, Bobbie Bird, before adjourning the meeting.

Members attending were: Jewel Bailey, Marolyn Bean, Sandy Bebee, Jane Black, Louise Bunger, Pauline Brown, Norma Carson, Crystelle Childress, Geniece Childress, Arlene Clayton, Marilyn Cox, Beverly Evans, Charlotte Harrell, Glenda Henderson, Virginia Hubbard, Benny Gail Hunnicutt, Lu Ingram, Shirley Kirby, Lucille Littleton, Dorothy Montgomery, Bernice Phillips, Vada Pridemore, Katharine Russell, Margaret Tabb, Blanche Walker, Mary Agnes Ward, Helen White, Patsy White, Jimmie Jacoby, Bobbie Bird, Madolyn Stokes and Luetta Kost.

## Xi Sigma Omega To Sponsor Replacement Blood Drive

Xi Sigma Omega and United Blood Services of San Angelo are teaming up to conduct a blood drive Thursday, Nov. 14, at the Ozona Civic Center. Hours of the drive are 11:00 a.m. until 3:00 p.m. and 4:15 p.m. until 7:00 p.m. Units collected will be considered replacement units for Doris Casebeer, Melinda Hokit and Margaret Neill. Mrs. Casebeer is the late mother of Carla Green, Melinda Hokit is the daughter of Floyd and Alena Faye Hokit, and Mrs. Neill is the mother of Roylan Sullivan.

Blood donors interested in donating replacement units for Bobbie Bryson may do so at this blood drive by notifying the donor technician during the interview process.

Appointments are available by contacting Martha Weant at 392-3491 or 392-3460 (evenings). Donors are reminded to bring a form of positive identification, such as a driver's li-

cence or blood donor card. Donors are also asked to know the name of any medication they are currently taking.

"We're going into the holidays, and it's more important than ever that we maintain an adequate blood supply," said Angie Tyson, UBS San Angelo Community Relations Representative. "The units collected at this drive will help gear up for Thanksgiving weekend."

For more information regarding the blood drive, contact Angie Tyson at United Blood Services at (915) 653-1307.

## It's A Boy

Christen Sanchez, along with her parents, Steven and Melissa Sanchez, would like to welcome her baby brother, Brandon Anthony. Brandon was born at Arlington Memorial Hospital on Oct. 31, 1996, weighing six pounds, 11 ounces. He was 20 inches long.

Also welcoming Brandon are his grandparents, Manuel and Rosa Fierro, Benny and Rosario Sanchez, as well as his great-grandparents, Jose and Teresa Sanchez and Lucia Sanchez.

## It's A Girl

Ericka Danielle Diaz was born Oct. 31, 1996, in Midland Memorial Hospital. She arrived weighing six pounds, 4.5 ounces and was 18.5 inches long.

Helping parents Beto and Alma Diaz of Midland welcome her home are big brother Erick Nathaniel and grandparents Mr. and Mrs. Jessie R. Flores and Mr. and Mrs. Bekie Diaz of Ozona.

## Small Businesses Can Compete

Can small businesses compete against giant retailers - and even thrive in today's highly competitive market? Are there special marketing strategies any business - no matter how small - can take advantage of? Can the very things that make giant discount stores so successful actually be used to compete with them?

Surviving in a Discount Environment says "Yes, you can." It's a free letter series offered to business owners in Crockett County by the Texas Agricultural Extension Service. The series looks at ways businesses in small towns - from hamburger stands to hardware stores, gas stations to clothing outlets - can compete with the giant retailers through simple merchandising, marketing, service and customer relations strategies.

The eight-week series includes the following topics:

- Impacts of discount general merchandisers on small businesses
- How local merchants can compete; attitudes and actions speak louder than words
- Merchandising tips; making simple changes in the merchandising mix can pay off big time
- Marketing tips; improving marketing practices regardless of competition is important to all businesses
- Service tips; superior service and flexibility is an important competitive advantage
- Customer relations tips; attitude and training make the difference
- Improving business efficiency; inefficient businesses are doomed to failure regardless of competition.

This letter series was developed from extensive studies conducted by Dr. Kenneth Stone, professor of economics at Iowa State University. The studies were conducted in Iowa and other states, and focused on the impacts of discount general merchandisers and "category killer" stores such as Office Depot and Circuit City, etc. on local and area markets.

Stone recently spoke at the "Children, Youth and Families" Institute in Austin, which was sponsored by the Texas Agricultural Extension Service. The ideas in his presentation were so good - and easy to implement - that the local Extension Service personnel developed this letter series.

The tips in this letter series are simple yet effective common sense ideas for developing a market niche. Most are easily implemented with little or no cost to the business.

Small businesses, according to Stone, have some definite advantages that can be played up to compete more effectively with the large chains. This letter series emphasizes those advantages and shows business owners how to take advantage of them.

To receive the letter series, just call the Crockett County office of the Texas Agricultural Extension Service at 392-2721. The first issue will be sent in November.

Educational programs and information provided by the Texas Agricultural Extension Service are available to all persons regardless of socio-economic level, race, color, sex, religion, national origin or disability.

### Meals On Wheels Menu

## New Pastor for Church of Christ

Ozona Church of Christ's new pastor, Johnnie Perkins, comes to Ozona from Sanderson where he and his family have lived for eight years. Perkins expects to be in residence here at the beginning of 1997.

He is a graduate of Sunset School of Preaching and the Mission School-Sunset School of Missions in Lubbock. He began preaching in 1979.

The Perkins family spent six years in Columbia, South America, as missionaries. "This was the most exciting time of our life," he said. Johnnie and Zoe Perkins' two oldest children graduated while the family was in South America. Mrs. Perkins is from Fort Stockton and he is from the Texas Panhandle.

Their children are: Adrienne Kirby, an art teacher who resides with her husband, Chris, in Amarillo; Zane, a marine biologist with a degree from Texas A&M at Galveston who is attending graduate school at Harding University in Searcy, AR; Clarice, a senior Spanish/elementary education major at Harding University; Billy, a senior Spanish/kinesiology major at West Texas A&M; and Kendall, a sophomore computer information systems major at West Texas A&M.

"I'm happy to be here," said Perkins. "I look forward to the opportunity to know everybody."

## Thanksgiving In Pandale

Pandale Study Club members hosted their 11th Thanksgiving luncheon Thursday, Nov. 7, at the Pandale Community Center.

There were 50 people, including members, present to enjoy food and fellowship.

Rev. John Henry Cash said grace before the meal, then Rev. Carl Rohlf's of First United Methodist Church of San Angelo brought the message of having a thankful heart versus an ungrateful heart.

Hymns were sung before ending with a circle of friends benediction.

## WTU Names Area Business Manager

Paul Evans has been named West Texas Utilities Company Area Business Manager for McCamey, Big Lake, Ozona, Iraan and Rankin.

"In this new position, Paul will play a key leadership role in community and business development activities for WTU in the area," said WTU President Floyd Nickerson.

"This appointment is part of WTU's stronger focus on economic growth and improved customer service. Paul brings a wealth of experience to these communities. We are in the process of reshaping our business to meet the changing needs of our customers in an increasingly competitive marketplace. Paul will provide the local leadership which will help us build upon our tradition of customer satisfaction while moving in new directions to improve the value we deliver to the customers and communities we serve," Nickerson said.

Evans has been with WTU for seven years. During that time he has been a management trainee, a division storekeeper, both in McCamey, and a division marketing manager in Marfa. He is a captain in the Texas Army National Guard. Evans holds a bachelor of business administration degree from McMurry University. The Abilene native has served as: president of the

Marfa Chamber of Commerce; a McCamey Chamber of Commerce board member; a member of the McCamey Lions Club; a member of the Marfa Rotary Club; and as a volunteer firefighter in Marfa. He and his wife, Donna, have one child, Michael Dean, 3.

"I'm looking forward to the opportunity to serve our customers in this region of West Texas," Evans said. "WTU has a strong commitment to helping our communities grow and prosper. I'm proud that I can be a part of that effort and I am looking forward

to working with old friends in McCamey and the area again."

WTU is an affiliate company of Central and South West Corp. CSW is a public utility holding company based in Dallas. The corporation owns four electric utility subsidiaries in the United States and non-utility subsidiaries involved in independent power production, telecommunications, energy efficiency and financial transactions. It also has a major ownership position in SEEBOARD plc, a regional electricity company in the United Kingdom.

### Card of Thanks

In Jesus name I want to thank my family. God bless you all, my pastor and everyone for your prayers, visits, flowers and meals. Thank you ladies from meals on wheels.

I am getting better everyday, I thank God for it.

Thank you all,  
Jesusita Ybarra

### "The Gift"

I remember seeing a picture of myself that was taken years ago before I became a Christian. The photo shocked me! In all honesty, I looked like 10 miles of hard road. In those days I was drinking heavily and in general was living in sin. I slept with a 357 magnum and didn't like myself, much less other folks. Then I met Jesus! I remember selling my pistol and applying the money to my tuition for Bible School. It's even hard to describe, but when someone accepts Christ as Savior, something happens on the inside of them. Somehow God places His peace with them. Things that would worry them in the past now don't! I've noticed that Christians seem to have a different look about them. I've even spotted folks in the mall and stated that they were probably Christians and come to find out, they were. My friend, the greatest gift upon becoming a Christian is God's peace inside you. The Bible in Philippians describes this peace as, "The peace that passes all understanding." The world looks for peace through alcohol, drugs, or amusements, but God's peace (real peace) comes only through Christ. Ya'll, His peace is a gift; why don't you receive it! You will be glad you did and others around you will, too. You will sleep better, also.

Attend Church This Sunday

## The Goodness Of Christ

By Dennis J. Prutow

The requirement for life in heaven is perfect obedience. "So you shall keep My statutes and My judgements, by which a man may live if he does them" (Leviticus 18:5). This is an impossibility for us. We must not trust our own good works to earn us a place in heaven. If we do, we will be sorely disappointed. "For there is no distinction; for all have sinned and fall short of the glory of God" (Romans 3:22-23).

On the other hand, Jesus did what we could not do. He lived an absolutely perfect life. He was "tempted in all things as we are, yet without sin"

(Hebrews 4:15). Imagine, not one single sin. As the Bible says, "Being found in appearance as a man, He humbled Himself by becoming obedient to the point of death, even death on a cross. Therefore, God highly exalted Him...." (Philippians 2:8-9). Christ is the only man to have entered heaven on the basis of His own obedience.

Christ not only earned a place in heaven for Himself, He earned eternal life for people like us. You should ask God to forgive you of your sins because of Christ's death on the cross. You should also trust in the perfect life of Christ to open the door of heaven for you. Christ's goodness and righteousness, it's a wonderful gift.

# Blizzards Blow Out Lions 55-12

By Neal Ulmer,  
Stockman Sportswriter

The Ozona Lions ran into a blizzard last Friday night as the Winters Blizzards blew by the Lions 55-12 in their last district 8-2A game of the season in Lion Stadium. The Lions disappointingly ended their season with an overall record of 1-9 and district record of 0-6.

"Winters is good—they really are. I think Roscoe is better than anybody else and I think Eldorado and Winters are better, too," said Lion head coach Walter Hargrove. "They are definitely one of the better teams in the district. They had five starters back from a 13-1 team last year, and both running backs were back."

Winters went to work in the first quarter scoring three touchdowns. Their first TD occurred at the 10:38 mark, with the Blizzards starting from their own 29-yard line. A 67-yard pass reception by Dennis Conner placed the Blizzards on the Lion 3-yard line. Two plays later, fullback Arnold Silva scored on a 2-yard run. The PAT by Jonathan Cobb was good, and the Blizzards led 7-0.

Approximately five minutes later, the Blizzards' Silva broke loose for an 80-yard run, putting the Blizzards on the Lion 5-yard line. Silva scored his second TD of the evening from four yards out. The PAT by Cobb failed, but the Blizzards moved the score up a notch to 13-0.

The Blizzards' third TD drive of the first quarter started from their own 45-yard line. An 11-yard pass reception by Conner from quarterback Kenny Whittenburg, and an 11-yard run by Marshall Scates enabled the Blizzards to reach the Lion 27-yard line. Whittenburg connected with Jonathan Gann for a 27-yard touchdown with 3:31 remaining in the period. The PAT by Cobb was good to inch up the Blizzards' score to 20-0.

"Defensively, we missed a lot of tackles. We had guys to make the play but missed tackles," said Coach Hargrove. "We gave up some big plays, and that's been a thorn. We've given up big plays, and that really hurts."

Ozona's first touchdown scoring

drive started from their own 38-yard line. Lion quarterback Justin Browne completed a 16-yard pass to brother Jason Stuart on the third play to get the Lions going. Jon Sanchez bounded down the field for a 40-yard run to the Blizzards' 8-yard line. Browne ran the ball in for the Lions' first touchdown with 1:45 left in the period. He missed the PAT with the Lions trailing the Blizzards 20-6.

"Offensively, we did some good things and ran the option pretty good. At times we ran pretty good and times we didn't," Coach Hargrove said. "They didn't do anything we expected them to do. The blitzed their linebackers and we've had a hard time handling that. We talked about some blocks, but they made some adjustments."

Winters added a fourth touchdown in the second period starting from their own 46-yard line. They methodically drove down the field mixing up the plays. Blizzards running back, Eric Bernal, slipped by the Ozona defenders for a 28-yard touchdown with 8:45 remaining in the first half. They faked the PAT and holder, Justin Minzenmayer threw a pass to Conner for the two-point conversion, giving the Blizzards a 28-6 halftime lead.

The second half appeared to be no better for the Lions than the first half. Winters took the ball on their next possession and scored on a 68-yard run by Scates. Fortunately for the Lions, the ball was brought back due to a holding penalty.

On the next play, Silva squirted loose for a 42-yard run down to the Lion 20-yard line. After a couple of Blizzards' penalties, strong end Ricky Lux scored on a 32-yard pass reception with 8:26 remaining in the third period. The PAT by James Andrae was good to give the dominating Blizzards a 35-6 lead.

"Winters is good, but we played harder than last week. We didn't execute as well as they did," Coach Hargrove said. "We had some kids that played real hard. It is pretty hard to do when you are 1-8."

Another third quarter Blizzards' touchdown started from their own 40-

yard line. Silva and Scates ran the ball down to the Lion 5-yard line. Then, quarterback Whittenburg scored on a 5-yard run with 2:53 left in the period. The PAT by Cobb fell short, but the Blizzards held onto a 41-6 commanding lead.

The Lions started their last touchdown of the night from their own 21-yard line late in the third quarter. Pete Castaneda, Jon Sanchez, and Browne each picked up some yardage, but the drive was capitalized by a 50-yard pass completion to Anthony Ortiz down to the Blizzards' 17-yard line.

A nice 17-yard touchdown pass was caught by Armando Flores with 11:54 remaining in the final period. A conversion run by Browne failed with the Lions trailing the Blizzards 41-12.

Winters did not just lay down and quit with the lead they had, but continued to blaze their way to victory, scoring two more times. Bernal scored his second TD of the night on a 7-yard run with 8:48 left in the game. Another fake PAT and a pass from kicker Cobb to Shane Lewallen was good for the two points, giving the Blizzards a 43-12 lead.

Their final TD of the evening with 6:26 remaining in the game transpired on a 37-yard run by Scates. The PAT by Cobb was blocked by Jason Baker, but the Blizzards blitzed their way to a 55-12 victory.

In summing up the year as a whole, Coach Hargrove said, "Overall, I believe we were a better team this year than last year. We still have a long way to go to get where we need to be."

He further explained, "I thought all along, you are going to have to play hard every week. We got to get tough mentally and physically. We got to learn to trust each other, work together for the common goal, which is to win. I believe and the rest of the coaches, too, that it is gonna happen."

"We have some really good kids coming back and some good JV kids coming back," said Coach Hargrove. "Our numbers are good and we will have a good off-season."

Coach Hargrove and his coaching staff know that it takes more than coaches and a team to have a football game. "A lot of people don't realize

OZONA QUARTERBACK JUSTIN BROWNE starts toward making yardage as teammates #10 Pete Castaneda, #89 Manuel Mendoza and #72 Steven Martinez block the Winters Blizzards in last Friday's District 8-2A game in Lion Stadium.  
photo by Neal Ulmer

the work the cheerleaders put in, in a season. We appreciate what they do. I appreciate everything the Ozona Athletic Booster Club has done. Also, the administrators, school board, teachers, and fans for their support," Hargrove said.

### Basketball Excitement In Air

**By Pam Tarr**

Basketball season is here, and Tuesday, Nov. 19, is the first home basketball game of the '96-'97 season. Ozona Athletic Booster Club is excited about the new season, and we have lots of fun things planned. Before the girls' game, we will introduce the '96-'97 Lady Lions and unveil their second championship banner. Our '96-'97 Lions will be introduced before their game.

Ozona Athletic Booster Club will sponsor a 3-point shot at Tuesday's game. For \$1 you will have a chance to have your name drawn to shoot a 3-

pointer. The prize will be one-half of the money collected. If the shot is missed, the prize money that would have been awarded to the shooter will rollover and be added to the shooter's prize money the next time.

At different times throughout the season we will raffle off the game ball. For \$1 chance you could be the lucky person and receive that night's game ball.

Ozona Athletic Booster Club will also have their booth again this year. We will be selling T-shirts, caps, spirit towels, etc.

Please come out on the 19th for an enjoyable night of basketball. We promise you won't be disappointed. See you at the gym.

## Gifted And Talented Students Learn About Elections

### ELECTIONS AND HOW THEY OCCUR

**By Layne English**  
Ozona Intermediate School  
GT Student

The fifth-grade has been learning about elections and how they occur. Every class learned what elections are for and how to vote. County Judge Jeffrey Sutton gave the students sample ballots and spoke to them about elections. Mr. Taylor, School Superintendent, also spoke to the students and explained what happens if a president is assassinated.

Each class elected an Election Judge. Mrs. Floyd's class elected Corin Garcia, Mrs. Pool's class elected Bobbie Bangeman, Jake Stewart won in Mrs. Laughlin's class and in Mrs. Sewell's class, Rose Garza won.

The students were introduced to the symbols for the two major political parties: the Democratic donkey stands for hard working people and the Republican elephant stands for strength and honesty.

An election was held for President of the United States. Bill Clinton received thirty-three votes. Bob Dole received twenty-three votes and Ross Perot received five votes.

Special thanks to Judge Sutton and Mr. Taylor for their presentations and time spent with the fifth grade.

### ELECTING A PRESIDENT

**By Dean Wadsworth**  
Ozona Intermediate School  
GT Student

This is a story about what I have learned about voting for the President of the United States of America in my third grade class. The qualifications are that you can only be President one time before. You have to be 35 years or older. You have to be born in the United States and have lived here for the past 14 years.

The law says who can vote. You must be 18 years or older. You have to be a registered voter, and by the way, my class had to register to vote in our school election. We filled out a slip. We signed our full names, box number, our street address, our birth date, and where we were born.

The law also tells us who can not vote. If you are in prison, you can't vote. If you are convicted of crime, you can't vote, and if the courts decide that you are not mentally capable of voting, then you can not vote.

Our third grade classes voted in a make-believe election. We had to know our precinct number in order to vote. It was my favorite part of the lessons that we have been studying. The third grade winner was Bob Dole.

### ELECTING A PRESIDENT

**By Matthew Harris-Cane**  
Ozona Intermediate School  
GT Student

Last week our Intermediate School had a mock presidential election. First we filled out a voter registration card.

After hearing each candidate talk about their views on a cassette tape, Ms. Childress read each candidate's platforms to the class.

Then we voted for the candidate of our choice. The winner was Bob Dole. Then we made a badge that said "I have voted!"

I have learned that voting is a serious matter. The End!

### ELECTIONS AND VOTING

**By Jenna Henderson**  
Ozona Intermediate  
GT Student

The past month I have learned a lot about elections and voting. These are just a few of the things that I have learned.

I learned that there are qualifications for voting. I learned that you have to be at least 18 years old to vote and you could not be in prison. You also have to be a U.S. citizen and you have to have a voter's registration card.

I also learned that there are certain characteristics for running for President of the United States. You have to be at least 35 years old and you could not have been convicted of a crime. You also have to be born in the United States and lived there for at least 14 years. What I thought was really neat was there are not just three people running for President. Bill Clinton ran as a Democrat, Bob Dole ran as a Republican, and Ross Perot ran as part of the Reform Party. The other three candidates ran on an independent ticket.

What I thought was most important was learning how to vote. It was really neat because my class got to go on a field trip to the courthouse. We were told that you need to register to vote. So we filled out a voter's application. Of course, we weren't old enough to really vote. I took my class' voter's application cards and filled out a voter registration card for each student in my class. We had a mock election on Nov. 5. The students had to show me their registration card in order to vote. Taylor and I then counted the votes for the entire fourth grade. President Clinton won in the fourth grade and also in the whole United States!

Maybe someday a person from Ozona will become President of the United States. Wouldn't that be neat!

### ELECTION TIME

**By Jakob Parks**  
and **Jake Stewart**  
Ozona Intermediate School  
GT Students

The fifth grade classes have been studying about elections. We have talked about people in major offices of the U.S. We have had our own election. Bill Clinton won with 33 votes, Dole had 24 and Perot had 5. We had our own election judges. The election judges were Corin Garcia from Mrs. Floyd's class, Rose Garza from Ms. Sewell, Bobbie Sue Bangeman from Mrs. Pool and Jake Stewart from Mrs. Laughlin. The teachers in the fifth grade also had sample registration cards for the students.

We studied about presidents and how they are elected and about how elections are held. We learned you have to have certain qualifications to be President. You have to be 35 or older, born in the U.S., citizen of the U.S. and you can't be convicted of a felony. Another fact is you have to be 18 years or older to be able to vote.

### FOURTH GRADERS HAVE ELECTION

**By Taylor Oglesby**  
Ozona Intermediate School  
GT Student

The Ozona Intermediate 4th graders held an election on November 5, 1996. The students had to register and receive registration cards to vote. When it was time to vote, they took

their cards to the election leader who checked their names off when they voted. The election leader gave them a ballot, and the voters sat down at the booth to vote. After they voted, they folded their ballot and put it in the ballot box. The candidates were Bob Dole, Bill Clinton and Ross Perot. Jenna Henderson and Taylor Oglesby were the pollers. Ross Perot got 1 vote. Bob Dole got 26 votes. Bill Clinton got 36 votes to win the election.

### Book Fair At Intermediate School

The Ozona Intermediate School Library will host a scholastic book fair Nov. 18-22 from 8 a.m. to 3 p.m. The fair will remain open until 4:15 p.m. on Wednesday. Admission is free.

This reading event features the newest titles from more than 100

publishers and presents students, parents and teachers a golden opportunity to see the latest works by popular authors and illustrators of books for young readers.

"This will be the only fair we will have this year, so don't miss it," says librarian Donnie York.

# JV Blizzards Breeze By Lions 21-12

Neal Ulmer,  
Stockman Sportswriter

The JV Winters Blizzards breezed by a combined Ozona JV Purple and Gold teams 21-12 in last Thursday's game in Winters. The JV Purple Lions ended their season with a 5-5 overall record and 3-2 in district.

"Defensively, we played a pretty consistent game," said JV Purple Lion defensive coach Lee Gonzales. "Our young kids stayed focused regardless of the breakdowns we had. Our defense caused three fumbles and recovered two of them."

"Offensively, we played extremely well all night long," said JV Purple offensive coach Ronnie Casey. "The offensive line blocked better than I've seen them block. They did a great job all night long. That was a great offensive line. They ask questions and do what you ask of them to do."

Playing in this game on the offensive line were: Ernie Hernandez at center, Dustin Shaffer--right guard, Fabian Trujillo --right tackle, Ty Mitchell--left guard, and Mario Barrera--left tackle.

The coaches picked four of the gold team to play with seven on the purple defensive team. "Members of the gold group that started with the purple defense displayed no ill will," said Coach Gonzales.

In the first quarter, Winters took the

opening kickoff and drove from Ozona's 48-yard line in for a touchdown. The PAT was good, and the Blizzards led 7-0.

In the second quarter, the Lions did a little blazing of their own as Miguel Rios flew by the Winters' defenders for a 56 yard touchdown. A run for the two-point conversion failed and the Lions trailed 7-6.

On the following kick off, a Blizzards back returned the ball for a touchdown. The PAT was good, and the Blizzards increased their halftime score to 14-6.

"We had several gold team members that played on the kickoff team that night, and the coverage was good, but the Winters kid was fast and made a great run," Coach Casey said.

Coach Gonzales had a lot of praise and respect for the Blizzards' offensive team. "Their offensive line was definitely the best one we've competed against. However, that is not to say our defensive line backed down. Defensively, they were the fastest and quickest group we've played this year," he said.

The game became rather interesting in the third quarter as Winters kicked off to Ozona. "We ran an SMU return and got a 20 yard return--the kids executed it real well," said Coach Casey.

Coach Casey explained that the Lions got the ball down to the Bliz-

zards' 3-yard line. Ross Crawford was at the helm with Randall Borrego and Rios running the ball. An option play got one yard then, the Lions tried an end-around with Chad Myers, but he fumbled and recovered the ball on the 8-yard line. Two passes fell incomplete, and the ball went over on downs to Winters at the 8-yard line.

Winters fumbled the ball by a "hard hitting defense", said Coach Casey. From there Rios ran the ball in for the Lions' second score. A two-point conversion pass failed, and the Lions trailed the Blizzards 14-12.

Late in the fourth quarter, Winters blocked an Ozona punt at about the Lion 10-yard line. They drove the ball in from there for the score, kicked the PAT and won the game 21-12.

"I thought offensively, that because we didn't put it into the end zone more is because I messed up on some critical play calling on a couple of series," said Casey. We had Randall Borrego substituting in our offense due to some illnesses. He did a good job, but Randall's injuries unfortunately stopped our momentum."

In the fourth quarter, Coach Casey did a switch with Crawford to running back and Clay Richardson at quarterback. "We moved the ball successfully and ran seven plays, but we fumbled. Clay has done a terrific job with the gold team and a good job on the purple team game," said Casey.

With the combination of the purple and gold teams, the coaches used several combinations of players. Coach Casey said they used three split ends including Chad Myers, Will Roane, and Cade Clark. They also used three different tight ends--Mark Childress, Brad Sullivan, and Seth Webster. In the backfield they used Joe Luna and Miguel Rios, who switched out with Ken Sessom and Randall Borrego, and Ross Crawford shared time at the Z back position. Also, running at tailback were Glenn Sutton and Matt Castaneda. "Michael Martinez had a great week of practice, but unfortunately didn't get to play," said Casey.

Finally, all of the coaches could not say enough about the parents' and fans' participation at the games. "We appreciate the support of all these fans and the community for watching them play. They (the boys) have a lot of support behind them. It was a great year, and we expect a lot from the these boys in the future," said Coach Casey.

Jamie Ramos, Ernie Hernandez, and Ross Crawford did an exceptional job on leadership throughout the season. The greatest quality, in my opinion of this JV team is they believe in the principle, "It takes teamwork to achieve success," said Coach Gonzales. I think the coaching staff sees a promising future with these particular dedicated young men."

THE 1996 OZONA JV PURPLE FOOTBALL TEAM ARE: (bottom row, l. to r.) Mark Childress, Tim Maldonado, Rick Hamon, Anthony Martinez, Ken Vargas, Albert Quintinar and Alan Cruz. Middle row: (l. to r.) Jamie Ramos, Donnie Bullard, Ken Sessom, Michael Bullard, Matt Castaneda, Ross Crawford, Chad Myers, and mgr. Shannon Fleming. Top row, (l. to r.) Ernie Hernandez, Glenn Sutton, Fabian Trujillo, Dustin Shaffer, Brad Sullivan, Will Roane, Miguel Rios and Luis Hernandez. Photo by Cameras Two

# LETTERS TO THE EDITOR

## Sen. Lucio Wants To End Feud, But Will Pursue Matter Further

Dear Editor:  
A few weeks ago, I held a press conference in Austin to denounce the discriminatory practices of Ozona County Club in West Texas. During the press conference and in press releases, I called Ozona a black eye on Texas based on what I experienced there.

Several letters and editorials have appeared lately in newspapers criticizing my actions and accusing me of threats that I never made. I am glad to hear the responses, whether they agree with me or not, because they are at least showing that people are paying attention and talking about the "unwritten" rules of this Club.

Just prior to the press conference, a group of Hispanic Democrats and I toured Texas for five days in a bus to encourage people to get out and vote. On one of our stops, six of us participated in a golf tournament to raise scholarship money for deserving Hispanic students in Ozona. At the sixth hole, the club's president stopped Crockett County Attorney Orlando DeHoyos and informed him he could not continue playing with our group. The president said that residents of Ozona are not allowed as guests of members. When I asked him if any resident of Ozona had ever played golf there as a guest, the president refused to answer. What bothers me is that I never received a response to my question.

I have also been accused of going to the club to obtain special privileges or as a publicity stunt. I don't consider contributing to a scholarship fund for Ozona students to be seeking anything but educational opportunities for our kids. Actually, this type of publicity saddens me immensely and I would rather that our group's good intentions of helping kids would have been treated with respect and support.

But the club's policies speak for themselves. Originally, a person had to obtain recommendations from three Club members. These names were then submitted to the Board of Directors for approval, but the board of trustees composed of three anonymous members could override the Board's decision. Around 1992 or 1993, the rules for first time approval changed from three members vouching for a person to five stockholders of the Club, with the policy of approval by the Board of Directors and the anonymous trustees remaining in place.

Although the Club claims that the rules preventing residents of Ozona from participating at the Club are to encourage them to join, their membership practices do not reflect such an attitude. First of all, if Ozona residents want to join the Club, they should not only be allowed but encouraged to play there to see if they like the place. Secondly, how many Hispanic residents of Ozona can get five stockholders to vouch for their memberships if they have traditionally been prevented

from joining. It has been admitted by several knowledgeable people of Ozona that for many years the club's bylaws clearly stated that only Anglos could become members.

The question has been raised, "How can anyone believe the rule is discriminatory, when the same rule applies to every person in Ozona?" But how can anyone not believe the rules are discriminatory, especially when the majority of Ozona's population is Hispanic and the club's membership has only three Hispanic members. The screening process to become a member reeks of underhanded practices to either keep out Hispanics or to at least discourage them from joining.

I was also accused of threatening the livelihoods of area farmers and ranchers; yet I would never even consider placing any obstacles for hard-working people. As chair of the Subcommittee on Agriculture last session, and as a State Senator for six years, I have filed and supported dozens of bills that enable agriculture to better thrive in Texas, and I will continue to do so. I have always recognized the importance of farming and ranching in this state.

Although in 1993 during the legislative session I did mention imposing sanctions on the Club for its discriminatory practices, I know it is almost impossible to control what private country clubs do. But if I can find any method effect positive changes in the Club's policy, whether it be legislative or otherwise, I will certainly pursue the matter further. For now, I want to end this feud in the belief that many people have been made aware of Ozona Country Club.

My 80-year-old father once fought in foreign shores to protect the rights and privileges of all Americans. He loves this country dearly. In all my life, I've only seen my father cry twice: once, when I told him I would drop out of college to help him pay for some of my brothers' and sisters' schooling, and the other time when he saw the American flag being burned on television.

My father taught my nine brothers and sisters and me to be proud of our Hispanic heritage, but most of all, to be proud of being Americans. Unfortunately, the Ozona County Club

officials differentiate among Americans, basing their policies on skin color and surnames. It is a sad day in America, and especially in Texas, when Americans keep their fellow Americans out of business establishments in their own communities. My goal as a state legislator and a patriotic American citizen is to end these practices whenever possible.

As state Senator, I am often invited to speak to school children, and my speeches always touch on staying off drugs, finishing school, and listening to mom and dad. I never, ever, miss an opportunity at the end of each speech to remind them to love and respect their country, and to get along with their fellow man. This, I believe, is the American way. However, it is difficult to expect children to follow these admonishments when adults in areas like Ozona refuse to do so.

My sincerest desire is that the next generation of Ozona and all of Texas will embrace Americanism and patriotism that will lead to a society in which we show one another more respect and in which bridges of opportunity are built for everyone.

State Senator Eddie Lucio, Jr.

## A Very Closed, Clannish Community

Dear Editor,

First off, thank you for having the courage to print an article in the Stockman regarding the flap at the country club, congratulations!!!

Secondly, the flap at the country club could have been avoided, with a little tact, or had the country club been charging a fee for non members to play, it would have been avoided; but NO, our country club must be different. A very closed, clannish community. As a member of Emerald Green Country Club in St. Louis, our non members pay \$35.00, this permits non members to play, and use the snack

bar, and the cocktail lounge, we have never had a problem.

Thirdly, I do not feel that the senators' remarks were a threat to the community, but rather were a reminder, that he is not a total stranger to Ozona. That he is on the side of agriculture, is familiar with the community, and, the main source of income for this community is; agriculture. It's his way of saying, "I am not a stranger, but I am your friend!"

Do we treat our friends this way, catching them on the sixth hole, and then asking them to leave? Ozona, great job of getting your name in every major paper in the state, you can't buy publicity like that, you just get it.

Bob Hodges

## Are We Asleep At The Wheel?

Dear Editor:

The past two weeks have made some things absolutely clear hear in Ozona and Crockett County.

First, even though Orlando DeHoyos was the best county attorney in the history of Crockett County, this fact was not important to those who voted against him or those who failed to vote.

Secondly, he always spoke up for those who wanted a voice in our town and county, but never had the courage to do so.

Thirdly, he is speaking for the majority of the citizens of Ozona and Crockett County, both Anglo and Hispanic, when he challenges a rule that denies citizens of our community the opportunity to be welcomed to the Ozona County Club, the same way as non-citizens are welcomed! Why give him permission to be at the club, take their money, then withdraw the permission at the sixth hole? That doesn't sound like a publicity stunt. It is the past and present prejudiced attitudes of the "non-profit" club that was in-

volved.

Fourthly, phrases from this paper like "a pile of beans" and "whatever his title is" when referring to Senator Lucio is an example, in my mind, of the deep divisions in our community.

Last, but not least, did those Hispanic families, who voted against Mr. DeHoyos because a family member was prosecuted in County Court, re-

ally believe and think that he was going to prosecute Anglos only and not Hispanics?

I think the majority of us were and have been asleep at the wheel and we need to wake up for the sake of ourselves and especially our children.

### Terrific Turkey Tips

Thanksgiving is on the way, and turkey lovers can look forward to mounds of gravy, mashed potatoes, and of course, the featured attraction. Following a few simple turkey tips will ensure a delicious turkey for the holiday.

In order to make this a happy event, there are some steps to follow. First, decide how many people will be served—this will help determine what size bird is needed.

"One pound of meat should be ample for one person unless you really want leftovers," advises Dr. Sarah Birkhold, Extension poultry specialist. "Then, estimate one and a half pounds per person."

Knowing how much to buy helps harried shoppers facing cases crammed with frozen turkeys. The freezer sections in local grocery stores will be overflowing with turkeys for Thanksgiving and turkey lovers can watch for reduced prices as the holiday approaches.

Tenderness? Dr. Birkhold dismisses the myth that hen turkeys provide the most tender meat. "It doesn't matter, tom or hen, tenderness is all the same," says Birkhold.

For those people who are going to battle the frozen food section looking for the perfect gobbler, make sure the turkey is bought no less than three days before Thanksgiving. This should leave enough time for thawing.

It will take a 12-15 pound frozen turkey two and a half to three days to defrost. Estimate 24 hours to defrost five pounds of turkey. All defrosting should be done in the refrigerator, not at room temperature.

If frozen turkey doesn't appeal to you, try a fresh turkey. Fresh turkeys could be purchased one or two days before Thanksgiving. As insurance for a good bird, place an order with your butcher in advance.

Another option is a self-basting turkey. It's less time-consuming since the bird is already spiced, set with oils and ready for the oven.

An unbasted bird requires constant checking to see if the uncovered turkey has shriveled to a crisp. To avoid dryness, cook the turkey uncovered while basting with natural juices continually. When 15 minutes of cooking time remain, cover the bird with either the pan lid or a tinfoil tent. These tips will help it remain tasty and tender.

The oven should be pre-heated to 325 degrees F for an unstuffed or stuffed turkey. Cooking time for an 8-

12 pound unstuffed turkey is about two and three-quarters of an hour to three hours. A stuffed turkey of the same size will take approximately three to three and one-half hours. Time may vary depending on the oven.

Cooking bird and stuffing separately is safer. However, if you do choose to stuff the bird, do so right before cooking, stuff loosely, and serve promptly. A meat thermometer should always be used to make sure a safe temperature is reached for the stuffing as well as the bird.

A meat thermometer should be used in addition to the pop-up thermometer found on the turkey. This adds to the margin of safety and will determine the temperature at two points on the bird.

"The turkey is done when the inner thigh reaches 185 degrees Fahrenheit, juices run clear, and the joints on the bird move freely," Birkhold says.

A tip to keep the bird savory is to allow it to "rest" 15 to 20 minutes. This will prevent the juices from escaping and allow them to settle into the meat.

The turkey has been cooked, carved and served...now the chore of what to do with leftovers awaits.

"After dinner, leftovers must be refrigerated promptly. By food safety guidelines, you have about two hours to serve and refrigerate the turkey," says Birkhold. It's best to cut it up and separate meat and stuffing for storage.

Leftovers can provide satisfying snacks, but be sure to reheat the turkey and dressing to 165 degrees F. Gravies should be brought to boiling when reheated.

For more information on food safety, contact County Extension Agent Tedra Ulmer at 915-392-2721.

Educational information and programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socioeconomic level, race, color, sex, religion, disability or national origin.

### Usener Completes Marine Basic

Marine Pvt. John P. Usener, son of Steven K. Usener and Terry Price of Ozona, recently completed basic training at Marine Corps Recruit Depot in San Diego.

Usener successfully completed 11 weeks of training designed to challenge new Marine recruits both physically and mentally.

Usener and fellow recruits began their training at 5 a.m. by running three miles and performing calisthenics. In addition to the physical conditioning program, Usener spent numerous hours in classroom and field assignments which included learning first aid, uniform regulations, combat water survival, marksmanship, hand-to-hand combat and assorted weapons training.

Usener and fellow recruits worked as a team to solve a number of tactical problems during the program. They performed close order drill and operated as a Marine small infantry unit in the field.

Usener and other recruits also received instruction on the Marine Corps' core values—honor, courage and commitment, and what the words mean in guiding personal and professional conduct.

Usener joins 41,000 men and women who will enter the Marine Corps this year from all over the country.

### Social Security Rep. To Visit

Garland Gregg, representative for the San Angelo Social Security Office, has scheduled his November visit to Ozona. He will be at the Conference room, Courthouse Annex in Ozona on Wednesday, Nov. 20, from 1:00 to 2:30 p.m.

Anyone who wants to file a claim for benefits, get information, or transact other business with the Social Security Administration may contact him at this time.

Belated wishes for a happy birthday go to Sammy Ortiz who was 16 again on Nov. 8.

MARLIN AND KARYN BROWN of San Angelo exhibited many items from their business, The Wood Shed, at the guild's craft show and sale Saturday. Marlin is the nephew of Colleen Everett.

## September Permits To Drill

The Texas Railroad Commission issued a total of 1,068 original drilling

### September Oil And Gas Completions

In September operators reported 362 oil, 292 gas, 31 injection and five other completions, compared to 233 oil, 486 gas and 27 injection and other completions during the same month of last year.

Total well completions for 1996 year-to-date is 6,522, about five percent above the 6,208 recorded during the same period in 1995.

Operators reported 736 holes plugged and 116 dry holes in September, compared to 330 holes plugged and 116 dry holes reported the same period last year.

permits in September compared to 859 in September, 1995. The September total included 803 permits to drill new oil and gas wells, 46 to re-enter existing well bores, and 219 for re-completions.

So far in 1996, there have been 9,338 drilling permits issued compared to 8,448 recorded during the same period in 1995.

Permits issued in September included 405 oil, 253 gas, 338 oil and gas, 28 injection and 44 other permits.

**Pain may be eliminated for millions**

(SPECIAL) -- A drug that is exciting researchers in the treatment of pain has been formulated into a new product known as "Arthur Itis," and is being called a "Medical Miracle" by some, in the treatment of debilitating conditions such as arthritis, bursitis, rheumatism, painful muscle aches, joint aches, simple backache, bruises, and more. Although the mechanism of action is unclear, experiments indicate that Arthur Itis, relieves pain by first selectively attracting, and then destroying the messenger chemical which carries pain sensations to the brain, thus eliminating pain in the affected area. Arthur Itis, is an odorless, greaseless, non-staining cream and is available immediately without a prescription and is guaranteed to work or your money back.

## \*Sanchez, Marshall

(Continued from pg. 1)

"The course had a lot to do with it," added Sanchez. "The course was different, and I liked it better than the one in Georgetown (last year). It was easier to run than the one in Georgetown."

"The course is different than at regional, and times will be different," explained Coach Maldonado. "With a lot of people there, you need to get out a little faster," he said about running in a pack and getting blocked in.

Marshall and Sanchez have been running for months in order to receive a chance to run in the state meet. They both know what it takes to get there.

"You need to practice hard and have a positive attitude," Sanchez said. "Be mentally and physically prepared," added Marshall.

"A good finish to a good season, and I'm looking forward to working with them in the spring," said Coach Maldonado.

"We will be working more now on the track for the track season," Lori and Terren added.

As usual, Coach Maldonado looks forward to working with next year's group of cross country runners. "Every year you set the stage, and get them there young, where they can go again," he said.

## \*Childress

(Continued from pg. 1)

urer, of Bakersfield, CA.

Tom Mantzel of Fort Worth was elected to serve another two-year term as director-at-large. Greg Lilley of Walnut Springs will also serve as director-at-large for two years. New regional directors will be Bob Ringleb of Baker, FL, and Bob Mathews of Northfield, MN. Ringleb will represent the southeastern portion of the United States, and Mr. Mathews will represent the Midwest. Tonya Williamson of La Luz, NM, appointed by the board to fill the vacant southwestern United States regional director position last February, was elected to serve a full two-year term in that position.

In an address to the membership, Mr. Childress said the ostrich industry has a solid future. With more than 120 USDA approved slaughter facilities, ostrich meat is offered in several hundred markets and restaurants nationwide. Ostrich meat has a taste similar to beef with less fat than chicken, turkey, beef, veal or pork. Ostrich leather is being tanned in the United States and sold to U.S. manufacturers.

Autumn OstrichFest '96 educational seminar featured a meat fabrication demonstration, starter management for chicks and breeders, marketing of meat and leather, maximizing ranch profits, updates on current research and more.

The American Ostrich Research Foundation gala raised more than \$25,000. Ostrich meat choices of roast and stir-fry headlined the gourmet meal, and local entertainers, the Other Smothers Brothers, capped the evening with humor and music.

The American Ostrich Association provides leadership for the American ostrich industry and is laying a foundation for its future through work with government agencies and the media, promotion of ostrich and ostrich products, and information and referral services for breeders and related operations. Founded in 1987, the AOA also supports research into ostrich breeding and raising, the benefits of ostrich products and potential markets for ostrich through the American Ostrich Research Foundation.

## Let's Get Down To Business

By Congressman Henry Bonilla

Now that the elections are over, it's time to get back to basics and down to business. We have a country to run and there's always room for improvement in government.

In an age when everything is smaller, faster and better, it seems like the federal government has gotten bigger, slower and more bureaucratic. Some people in Washington think that the solution for everything is more government regulations. Since when has a problem been solved by creating more problems?

As we gear up for a new congress, it's time to take a step back and evaluate what is really working. Something is wrong when the government's book of regulations is quickly approaching 100,000 pages.

This year alone government regulations will cost this country around \$700 billion. To put that in real terms, that's enough to buy every Texan almost 15,000 Taco Bell Value Combo meals every year. Incredible, but true.

Some in Washington just don't understand that excessive regulations have a domino effect. Small business bear the brunt of government regulations. Small business doesn't have the financial resources to pay the costs of compliance. Estimates are that government regulations cost small business \$100 billion annually. That's \$100 billion with a "B" that could be spent on hiring new employees or buying new equipment.

It's time to get control over our lives again. The 104th Congress made progress in streamlining government and reducing government spending. We cut 297 unnecessary Washington programs, saving \$53 billion taxpayer dollars. We passed the Small Business Paperwork Reduction Act and a balanced budget to ensure that government works for all Americans, not against them.

As we head into a new Congress, some bureaucrats in Washington are already churning up new regulations to strap American business with. The 104th Congress made a financially responsible and streamlined government its top priority and that promise is here to stay.

## Crockett County Sheriff's Report

### WEEK ENDING 11-12-96

#### ARRESTS:

11-6-96...Benjamin Esquivel, age 27, of Midland was arrested on a charge of driving while intoxicated. He was released 11-6-96 after posting bond.

11-6-96...Manuel Tambunga Villarreal Jr., age 49, of Ozona was arrested on a charge of possession of marijuana over four ounces. He was released 11-9-96 after posting bond.

11-9-96...Elesco Montez Barriga, age 39, of Ozona was arrested on charges of public intoxication and disorderly conduct. He was released 11-9-96 after paying fines.

11-10-96...Juan Antonio Vasquez Jr., age 24, of Ozona was arrested on a charge of public intoxication. He remains in county jail laying out his fine.

11-11-96...Joseph Wilson, age 19, of Canyon Lake was arrested on a charge of theft under \$20 from Sutton County. He was picked up by Sutton County officials and transported back to Sonora.

#### INCIDENTS:

11-7-96...Rodney Payton reported the theft of an AM/FM cassette/CD player from the sanctuary of

the First Baptist Church between Oct. 15, 1996, and Oct. 16, 1996. The player was valued at \$120.

11-7-96...C.E. Light reported the theft of 18 locks from the machines at the Crockett Laundromat. The locks were removed, but no money was taken from the machines.

11-7-96...Forrest Gregg reported that a forged check had been passed at the Town and Country Market. Another report was made on 11-9-96 where another forged check was also passed. Both offenses are under investigation.

11-8-96...A criminal mischief report was taken at the post office where two doors to post office boxes had been pried off between 11-7-96 at 5 p.m. and 11-8-96 at 8 a.m. The damage was estimated at \$150. This offense is under investigation.

11-10-96...The post office reported that the same two doors from the post office boxes from the previous report had been pried off again.

11-10-96...Rodolfo Morin Vargas of Ozona reported that he had been assaulted while on Santa Rosa Street. Charges are pending on the suspect.

## Communication Vital For Families With Cancer

For families and friends of cancer patients, open communication is often the key to coping with the disease.

People deal with cancer the same way they handle other major life stresses, said Dr. Lois Friedman, a psychologist at Baylor College of Medicine in Houston.

Some family members may avoid talking about the illness or may withdraw from the patient. Others react by maintaining a cheerful facade.

Friedman offers these suggestions for coping with cancer in a family:

- \*Include the patient in all family activities.

- \*Inquire about the patient's illness.

- \*Do not avoid using the word "cancer" around the patient.

- \*Avoid being overly protective of the patient.

In the middle of nowhere, on the way to everywhere.

The Town & Country Difference

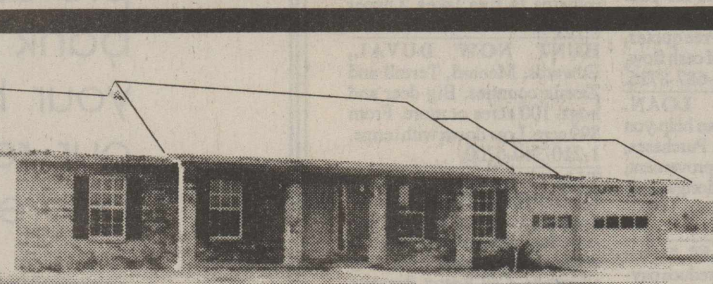

Come Experience The Town & Country Difference!

We will be accepting applications & interviewing for our new Town & Country and Taco Bell that will soon be opening in Ozona.

Applications will be accepted and interviews will be conducted at the Ozona Chamber of Commerce Office located at 1110 Avenue E from 1:00 p.m. to 5:00 p.m. on November 15, 1996.

Accepting applications for Part-time and Full-time positions, in the Taco Bell located in the Town & Country Food Store. Full benefit package. Prior experience not necessary. High school students welcome.

(Drug Testing Required) An Equal Opportunity Employer Good Value. Great People.

ATTENTION!!! Ozona Home Buyers FOR SALE!!

Come see new 3 B/R, 2 bath brick home located in the Quail Run Subdivision located South of Ozona. This 1,892 sq. ft. home is ready for immediate occupancy and is available for viewing at your convenience and leisure Monday - Friday from 8 a.m. to 7 p.m.

It is furnished with gas heating, gas stove, gas water heating, electric air conditioning, dishwasher and thermopane windows. Also includes 2-car insulated garage. All utilities are underground. Interested buyers can contact Lilly Construction at 392-2669 during regular business hours or 392-3990 after hours for further information.
