Dalton Sisters Win Talent Show

A duet by Laquita and Carolyn Dalton was awarded first place in the senior talent show held Friday night in Muleshoe high school auditorium.

Second place winner was The Harmonettes, a sextette, composed of Rosetta Sims, Martha Wuerflein, Ruth Gipson, Sonnie McCormick, Louise Bowers, and Laquita Dalton.

Third prize was awarded a pantomime act with Gwen Williams and Sandra Allison.

First prize was \$15, second prize \$10 and third prize was \$5. Johnny Allison was master of ceremonies.

1957 Frigidaire Appliance Now On Display Here

Glamorous 1957 Frigidaire appliances with an exciting Sheer Look were unveiled here today, by Harvey Bass Appliance, dealers in Muleshoe territory, in their showrooms.

On view are Frigidaire refrigerators, washers, driers, and ranges.

The new appliances have a completely new and different type styling, Mr. Bass declared. He said the clean, squared-up lines so popular in today's architecture and functional interior design are highlighted in these new products. There is not a round corner anywhere on the new 1957 models.

He pointed out that styling experts are predicting that this concept will touch off a whole new trend in appliance design that will sweep the country in chain-reaction fashion.

The 1957 Frigidaire appliances are styled and designed so that the homemaker can have a kitchen with a built-in look without necessarily making expensive room and cabinet alterations when new equipment is installed.

Mr. Bass invites everyone to visit the firm and view the new appliances.

Harvest Season Nears End This Week

The harvest season in Bailey county and all over the west plains is just about finished for the year, according to most agricultural observers. Although some farmers still have some cotton to strip, the bulk of the full time ginning is expected to be over by this weekend. The grain harvest, except for some few scattered fields, is ended, grain men in Muleshoe report.

Early estimates of 68,000 bales of cotton in the county, appear to be about correct, according to the Texas Employment Commission office, which checks gin production weekly. As of November 16, the gins had processed 51,577 bales, and that number is expected to top 68,000 by the end of this week.

Most of the gins in the area will discontinue their nighttime ginning this week it is reported, and will operate only during the daylight hours.

Income from farming in this county was estimated in mid-summer to about \$146 million, and in spite of natural setbacks, it is believed that this figure will be reached, and perhaps surpassed.

Cotton alone, is expected to account for \$102 million, with the balance coming from grain, vegetables and related farm products.

Most of the Bracero labor in the county is gone, with only about 500 transient laborers left here at the present time.

The county had 97,000 acres planted to cotton, with an estimated 7,000 acres hailed out. About 200,000 acres was in grain sorghums, and 35,000 acres in vegetables, sudan and other crops.

Many farmers, suffering from five years and more of drought, who are making passable crops this fall, are not realizing a great deal of free spending money. In debt for the dry years, they are for the most part, getting back on their feet this fall, for the first time in several years.

The harvest season has not been sensational, but it has surpassed many years previous, and the outlook is better than it has been for some time.

Muleshoe High School Band Wins First Division Honors In Gridiron Jubilee

The 66-piece Muleshoe high school band, under the direction of Paul Summersgill, won first division honors for Class AA bands Tuesday night at Jones stadium in Lubbock at the Gridiron Jubilee, which featured high school bands from all over west Texas.

The award won Tuesday night was a gold trophy, and marks the first time that the local school band has won a first division award in marching competition.

Judging in the event was on marching agility, straightness of ranks, and ability to play while marching.

Eight other class AA bands were in the event and three others placed with Muleshoe in first division.

The band will enter two other contests next spring, in late April, Summersgill announced.

YUVONDA TAYLOR, was named 4-H Queen at the Farm Bureau fun and family night Monday night at Three Way school. Yuvonda is the daughter of Mr. and Mrs. A. G. Taylor.

Band To Sun Bowl

The 66-piece Muleshoe high school band, directed by Paul Summersgill, will take part in the parade of bands at the Sun Bowl football game New Year's Day in El Paso.

The Band Boosters club will underwrite the trip for the band, Summersgill announced.

County May Get Certification For Drouth Feed

Efforts toward securing certification of Bailey county for the drouth feed relief program have been made recently by county judge Glen Williams and W. T. Miller, president of the county Farm Bureau.

They have contacted government officials who have assured them of their interest in the program and that they will see that the county is certified.

Lane Buys Barron Insurance Agency

Eddie Lane has announced his purchase of the Barron Insurance Agency which has been operated by L. S. Barron. Mr. Lane, who formerly owned the agency, now acquires complete ownership.

The agency, to be known as Lane Insurance Agency, will continue to office in the same rooms of the Barron building that have been used by the agency the last two years.

Mrs. Grace Lane will be office secretary, at least for the time being. Ellen Gupton, who has been manager of the agency, will now be employed with Bailey County Abstract, to which Mr. Barron will now give his full time. The abstract firm is owned by him and his mother, Mrs. Lela Barron.

Mr. Lane said he will specialize on service to policy holders, giving prompt attention to all claims. He said an adjuster will be on the scene very soon after filing of any loss claim.

Two Injured In Sunday Morning Traffic Accident

Two persons were injured, one critically, in the automobile accident Sunday morning at 1 a.m. on the roller rink road, highway patrolmen reported.

A 1947 Pontiac, driven by Juan Servantez, attempting to make a left turn, was rammed from the rear, by a 1952 Oldsmobile, driven by Jose Rodriguez.

Servantez, and a passenger in the Rodriguez car, Joe Martinez, both sustained injuries in the accident.

A passerby, Timoteo Trevino, took the injured men to West Plains hospital for treatment.

Bula-Mobeetic Regional Game At Morton Today

The regional Class B six-man football battle between Bula and Paint Creek will be played in Morton, today (Thursday) at 2 p.m., with Bula as the home team.

Both teams advanced to the finals after winning bi-district victories. Bula has a 9-2 record, while Paint Creek is undefeated with 10 wins and a tie. The two teams met in the first game of the season, with Paint Creek winning 61-34.

Bula will play without the services of starting fullback Norvell Roberts, who broke his collarbone in last week's game against Mobeetic.

More Than 200 Attend Fun Nite At Three Way Gym

More than 200 persons attended the annual family fun night at Three Way school gym Monday night, and enjoyed an evening of fellowship.

W. T. Parker was master of ceremonies. Brief talks were made by county FB president Bill Miller, and Mrs. Lewis Henderson, who reported on her trip to the state Farm Bureau convention in Houston.

A covered dish supper was served family style, and a 4-H club queen and two attendants were chosen.

Members of the entertainment and arrangements committee included Mmes. Cass Stegall, Lewis Henderson, Horace Hutton, W. T. Parker, Jack Lowe, Dollie Ann and Cecil Cole.

GOC Members Inspect Post At OC Sunday

Three members of the Local Group Observer Corps flew to Oklahoma City Saturday and returned Sunday after visiting the GOC filter center and the radar control post at the 33rd Air Command headquarters.

They flew via C-46, as guests of the 33rd.

Making the trip were Tootie Middlebrook, Bobby Sanders, and Owens Jones. They were joined by GOC members from Clovis, Littlefield and Hale Center.

Vacancies exist in the local GOC and applications are being taken now.

Gil Wollard, Retiring Carrier, Is Honored With Party By Old Friends

Gil Wollard, rural route carrier for nearly a third of a century, who recently retired from the postal service, was honored with a party attended by some 150 of his former patrons and old friends Tuesday night in the American Legion home.

Gil, who is a first class ribber himself, got the ribbing of his life during the program, but it was all in fun and all for love. They accused Gil of blowing up the Muleshoe postoffice building so he could erect a building himself and rent it to the government. Mrs. C. A. Horsley presented Gil with a copy of the boxholder paper, "The Mail Box, which he used to grumble about when he had to deliver it over muddy or snow filled roads.

Thanksgiving Day Holiday Observed Today In M'shoe

Today is positively the final Thanksgiving day to be celebrated this year, and most folks in the Muleshoe and West Plains area are taking the holiday today, although a few celebrated last Thursday also.

Nearly every place of business in town is closed today, including the courthouse, both banks and The Journal. The postoffice and federal government offices, however, remain open as they celebrated Thanksgiving on November 22.

The Journal was published Wednesday night and put into the postoffice early today (Thursday) so that our subscribers could have their paper on the regular day and our employees could enjoy a day of rest.

Group Continues Course of Study

W. S. C. S. of Muleshoe Methodist Church met in the youth chapel Tuesday morning to continue their study "The Church of Southeast Asia", with Mrs. Clarence Stephens as study leader.

Mrs. Arnold Morris reported on the Country Fair which will be in Fellowship Hall, Thursday, Dec. 6, from 5 to 8 o'clock.

Mrs. David Anderson, lesson leader, gave a very interesting study from the course book. She was assisted by Mrs. Roy Bayless. Devotional was led by Mrs. Stephens.

Those present were: Mesdames David Anderson, A. H. Owen, H. C. Holt, Cecil Davis, Arnold Morris, C. R. Farrell, R. O. Grefory, W. D. Moore, F. B. Pierson, W. F. Birdsong, Roy Bayless, Clarence Stephens, H. Jay Wyer, Mervin Witterding, O. N. Jennings; two visitors, Mrs. Arch Pool and little Mark Edwards. The WSCS are always delighted to have visitors.

72nd Birthday Was Celebrated

Mr. and Mrs. G. E. Thommarson had the following guests in their home Saturday night: Mr. and Mrs. Joseph Thommarson and three children, from Plainview, and Sunday, their daughter and son-in-law, Mr. and Mrs. Robert Hucabee and son, Ronnie, of Oton, their daughter and son-in-law, Mr. and Mrs. Raymond Rudd and children, Darlene, Donna Kay, Delbert, and Elbert, of Littlefield.

Mason's 72nd birthday. Their son in California called them, they had a nice conversation, also their son at Decatur called Sunday wishing Dad happy birthday.

Everyone enjoyed the very nice dinner and visiting in their parents' home.

Dad is no longer the forgotten man around the house. A new series of decorative fabrics are designed to appeal exclusively to masculine tastes. The designs are hand-printed on unglazed chintz for use in draperies and slip-covers. History-making race horses are featured in one design, available with background colors of sage, barn red, sand, turquoise and gold.

Progress HD Club Met November 27 In O. M. Self Home

Progress Home Demonstration Club met November 27 in the home of Mrs. O. M. Self. Roll call was answered with a prayer that would be good for my club.

The club voted to donate \$5.00 to Boyss Ranch.

Games were led by Fern Davis, and the ladies worked on aluminum trays TV lamps, octopusses made of yarn thread, and plastic ivy.

The next meeting will be in the home of Mrs. May Simmacher and will be the annual club Christmas party on Dec. 20. Each member is asked to bring a secret pal gift and a 50 cents exchange gift.

Refreshments were served to Mesdames Gladys Haley, Estelle Hill, Marie Malby, Fern Davis, Elvay Simmacher, May Simmacher, Phoebe Gray, and the hostess.

Loyce Kelton, Jeanette Cunningham, Donna Guinn, Doris Ann Gilbreath, Mrs. John Watson, Mrs. Elmo Evans, and the hostess, Alana Evans.

Marian McKnight, Miss America 1957, wears an elegant late-day cotton by Estevez. The simple princess lines of the dress enhance the rich beauty of the floral print. This short formal is one of an all-cotton 70-piece wardrobe styled for Miss America by leading designers using Everglaze fabrics.

BWC Will Pack A Basket For Needy

The Shivers B. W. C. of First Baptist Church met in the home of Mrs. Paul Lambert Monday evening, Nov. 26. Miss Lillie Williams, chairman, presided during the business session.

Plan was made to pack a Thanksgiving basket for a needy family and to bring articles to the church to be sent to the mental hospital in Abilene.

Mrs. Lela Barron taught a very inspirational Bible lesson from II Chron. "Solomon's Dedicator Prayer and Its Answer."

The hostess served delicious lemon cake tea and coffee to the following members: Mesdames Effie Bray, Ruth Dunn, Horace Blackburn, Lois Shook, Eddie Lane, Lela Barron, John Watson, and Miss Lillie Williams. Next meeting will be Dec. 10.

Club Presents Program of Music

Members of the Hi-Lo Piano Club met Monday, night November 26, for the regular monthly meeting. Mrs. J. K. Adams, president presided over the business meeting.

Mrs. George Bragg, secretary read the minutes and each pupil answered the roll call with a musical instrument.

A program of music was presented by Mrs. McKinstry. Janette McGuire played background music as the guests arrived. Donna Baker played the Birthday March for all who had birthdays during November.

Bennie McDaniel played the Johann Sebastian by Bach, which was preceded by her mother Mrs. B. O. McDaniel giving a short story of Bach's life. Gary Edwards presented a child's version of the life of Bach. Jimmy McReynolds, a guest gave a vocal solo, "Humpty Dumpty" and "Pop Goes The Weasel" and was accompanied by his sister Auris McReynolds.

Mrs. McKinstry, club counselor, says the meetings are becoming more and more appreciated and a large number of fathers attended which gives the pupils a real boost.

Mrs. J. H. Angeley and Mr. and Mrs. Alex Williams were the club host and hostess. Refreshments of cokes, and doughnuts were served to ninety members and visitors. Mr. and Mrs. Robert F. McKinstry of Mound City, Mo. were guests.

The next meeting of the Club will be December 17.

Lazbuddie News

Mrs. Lett Gordon — Phone Y. O. 5 3376

Friday, Nov. 23, the Lazbuddie Longhorns played the "Spring" game against the Wolverines at Lazbuddie. The girls winning this game by a score of 56-32 and the boys lost 48-29.

In the girls game Joy Smith counted 13 points, followed by Janice Oliver with 11, Sharron Thorn with 8, Carolyn Hinkson with 3, Maryellen Thompson with 2, and Wanda Steinbock 1 point. Pat McLeod, Danny Cargile, Jeannell Floyd, Janis Clark, Rosemary Agee, Glenda Robinson, Patsy Cox, and Juanita Scott showed fine defensive play.

For the Wolverines, Shirley O'Hair was high point with 13, followed by Wayne Mae Rutherford with 10, Lorene Bibby with 7, and Linda Kelly with 2.

LONGHORNS LOSE TO ROOSEVELT

The Longhorns journeyed to Roosevelt, Sat. 24 to play the Eagles, both girls and boys playing games.

The girls lost by a score of 67-59. The game was close all four quarters. High point for the Longhorns was Joy Smith with 38, Janice Oliver with 16, Maryellen Thompson with 4, Sharron Thorn with 1. For the Eagles, Gloria Gammill had 23, Ann Jones 8, Sue Williams 13 and Nell McRight had 13.

The boys lost their game by a score of 60-21. This was the first week of practice for the boys and their second game.

The boy's coach, Purl Tippie, began his basketball workout Monday, Nov. 19, with 24 boys reporting for practice. Mr. Tippie was feeling pretty good about the height of his boys, although they are lacking in experience. They have lost their first two games.

Returning lettermen from last year's squad are Johnny Gannon, Sr. 5'10"; Durwood Teague, Sr. 5'9"; Glen Watkins, Sr. 6'2" and Jim Weaver, Sr. 5'10". Two other Seniors who did not play last year are J. C. Gilmore, 6'3" and Jim Roy Daniel, 6'3".

Others out for the squad are: Juniors—L. Wilson, R. Ivy, Roy Vanlandingham, and K. Carrell. Sophomores—D. Watkins, L. King, R. Jones, S. Lawrence, D. Teague, R. Briggs, D. Nelson, and M. Smith. Freshmen—D. Jennings, Ray Vanlandingham, D. Ivy, T. Smith, J. Beavers, and Clyde Redwine.

T. J. Williams is coaching the Lazbuddie girls' team and is off to a good start with six wins and one loss. His team's success will depend on how well his five seniors continue to perform. Seniors on the squad are: Joy Smith, Janice Oliver, Juanita Scott, Jeannell Floyd, and Danny Cargile. Juniors—J. Clark, P. Cox, M. Thompson, Sophomores—C. Hinkson, R. Agee, M. Houston, S. Carpenter, W. Steinbock, P. McLeod, M. Schuman, S. Thorn, L. Vanlandingham, C. Scott, F. White and K. Smith. Freshmen—G. Broadhurst, O. Porter, M. Barnes, G. Robinson, and D. Redwine.

Thanksgiving Supper

There were about 95 people present for the annual Thanksgiving Supper held in the basement of the Baptist church given by the W.M.U. The faculty of the school were honor guests this year. A short program was given after the supper by the G. As, and the pastor C. K. Roberts expressed the church's appreciation to the school for the splendid cooperation given in all church activities. We wish to express our thanks to Mr. and Mrs. W. S. Menefee for furnishing fish.

SNAPPY SPORTSWEAR

Snappy sports ensemble of pull-over jacket and coordinated slacks by White Stag is for the man who likes the outdoors even in the winter time. Both garments made of Dan River cotton have been treated for crease resistance and water repellency. Jacket has ribbed knitting at zippered neck closing, cuffs, and hips.

Traffic All Snarled Up!

WATER TRAFFIC—How these Venetian boatmen steer their craft without plowing into one another is a navigation miracle. This mass of gondolas and assorted vessels glide along the Grand Canal in Venice, Italy, as part of the traditional festivities marking "The Wedding of Venice With The Sea," climaxed the tourist season.

TRAFFIC BOTTLENECK

This picture presents an unusual traffic "bottleneck"—two hamsletts scuffling over the same bottle of milk. When this pair of two-year-olds were abandoned by their mother, an enterprising Irvington, N. J., man came up with this ingenious idea of feeding.

AIR TRAFFIC—This sight of a mass of TV antennae protruding above a ramshackle weather-beaten house in Moscow verifies Russians have TV reception problems, too. Although Muscovite factory workers seemingly earn only enough for the bare essentials of life, here's proof they enjoy modern luxury items such as TV sets.

BOTTLENECK CURE—Units like this International TD-24 390 hp torque converter crawler tractor, push-loading an International Model 55 14 cu. yd. Payscraper are helping to build roads quickly all over the country which will ease hazardous bottlenecks in auto traffic.

for the group and to Mr. Sam Brownlee for frying the fish. They were delicious.

The RA boys and their sponsor attended the Texas Tech—University of Houston football game in Lubbock on Saturday afternoon. Boys making the trip were: Eugene Houston, Richard Gordon, Jimmy Boardhurst, Roy and Ray Vanlandingham, Arnold Wayne, Turman, Travis, and Reece Peter-

son, and sponsors; Bert Gordon, Sam Bradley, and C. K. Roberts, also Mr. A. T. Peterson attended the game.

Monday night, Dec. 3 is the regular meeting date for the Lazbuddie P. T. A.

Christmas holiday for the Lazbuddie school will be Dec. 22 to Jan. 2, 1957.

Brother and Mrs. Denton Thompson and children moved to Morton on Monday of this week where Bro. Thompson will be the pastor of the Church of Christ. He has been pastor of the Church of Christ here for several years. The community regrets to lose the Thompsons, but wish for them the best of everything in their new home.

Mrs. Clifford Beavers and children of near Hereford visited Saturday afternoon with Mrs. Claude Heath.

Mr. and Mrs. W. S. Menefee have returned home after spending about five weeks in Corpus Christi where they enjoyed fishing.

Clara Jean and Threse Jesko daughters of Mr. and Mrs. Matt Jesko and students at Midwestern University in Wichita Falls visited in the community over the holidays.

Mina Margaret Jennings student at S. M. U. in Dallas spent the weekend with her parents, Mr. and Mrs. Finis Oliver.

Barbara Hinkson daughter of Mr. and Mrs. Frank Hinkson and student at Texas Tech spent the weekend visiting her parents.

Mr. Luther Ham was home on Sunday he reports that Mrs. Ham has been dismissed from the hospital and is at the home of her daughter. She is slowly improving, but will be sometime before she will be able to come home. Cards and letters can be sent in care of Jim Delmar, Coleman, Texas to her.

Guests in the home of Mr. and Mrs. W. S. Menefee the last part of the week were Mr. and Mrs. Paul Syms of Albuquerque, N. M., Mr. and Mrs. Sam Long and children of Hereford, Mr. and of Friona, Mr. and Mrs. Juel Treider and Mr. and Mrs. Ted Treider Mrs. Burk McGee and children and Brad of this community and Mr. and Mrs. Joe Cox and baby daughter of Farwell.

Rev. and Mrs. Dale Lavender and small daughter of Levelland visited Saturday with Mrs. Lavender's parents, Mr. and Mrs. Frank Spillar and other relatives.

The Pauline Cammack circle of the W.M.U. met on Monday afternoon in the home of Mrs. Juel Treider for mission study. Mrs. John Agee brought the re-

maining chapters of the book "So this is Africa". The circle voted to send \$5.00 to Miss Pauline Cammack, missionary for the Indians in New Mexico for a Christmas gift. Delicious refreshments were served to Mmes; Carrie Withrow, L. B. Hambricht, Abe Mallouf, F. W. Greene, W. R. Boardhurst, John Agee, Lucille Barnes and Junior, W. S. Menefee Bert Gordon, and the hostess Juel Treider.

Mr. and Mrs. J. W. Crim, Mr. and Mrs. Buck Crim and Doyle, and Mrs. Weldon Crim visited last Thursday with Mr. and Mrs. Winn Henley of Clovis, N. M.

We welcome two baby girls to our community; Donna Kim to Mr. and Mrs. J. J. McDonald, and Ann to Mr. and Mrs. T. R. Smallwood.

Therefore all things whatsoever ye would that men should do to you, do ye even so to them: for this is the law and the prophets.—(St. Matthew 7, 12.)

That is the Golden Rule—who is there among us who would not subscribe to it? But in the daily rush and hurry of our lives these days, so many of us forget to apply it—and to live it. Thus do we hurt ourselves, as we hurt others.

Check These Farms For A Good Buy In Irrigation

• 50 acres, 3 miles northwest of Muleshoe. This small farm is an ideal for a Dairy or vegetable farm. An 8 in. well drilled 50 feet, 16" casing, pump setting 90', 20 hp electric motor. A 3-room house, small shed for barn, pressure water pump. 16.1 acre cotton allotment. The price of the 50 acres, \$12,500. There is a \$4,000 payable, \$800 annually, plus interest.

• 160 acres 10 miles east of Muleshoe, 10" well drilled 200' cased 200'. Pump setting 90'. This 160 acres has a 48 acre cotton allotment. There is a 3 bedroom home on this place. Now check this: Price \$215 per acre. A \$14,500 loan, 5% interest.

• 80 acres, 4 miles east on Plainview highway, 1 mile north, 8" well that will draw down in summer to about 3/4 pipe of water. A 4 room house, modern, small shed barn. Now the price, \$200 per acre. Good terms if desired.

• 80 acres, 7 miles west of Muleshoe, 10" well, full pipe water. This is a good buy. Priced, \$18,000. A 24 acre cotton allotment.

• 360 acres, 3 miles south of Sudan, Texas. This place has a good clay sub-soil base. 1317 acres cotton allotment, 2-5 in. wells, 170' setting, 3/4 mile feed line, 3/4 mile sprinkler line. There is a 6 room modern house and many utility buildings. Now for this farm in the Soil Bank Plan: Lamb County will pay \$12 on feed and \$32 per acre on cotton which would gross from the program some \$4,500, and have half of your cotton allotment, that you could do a good job irrigating with the 2 wells. Price of this 360 acres, \$65,000.

• 157 acres, 2 1/2 miles north of Muleshoe on Friona highway. A good level place, 32.4 acres cotton allotment, 1-10 in. well, 1-8 in. well, shallow water, 5 room house, modern pressure water pump, 36x120' barn. For a well located place, you can't beat this one. Price, \$56,000, \$20,000 down, balance 14 years at 5% interest.

• 320 acres 3 miles west and 3 miles north of Bovina, Texas. 55.5 acre cotton allotment, 1-8 in. well, 227' setting. A nice 2-bedroom home, only 4 years old. A number of utility buildings. Price of this place, \$195 per acre.

• 320 acres, 8 miles northwest of Dimmitt, Texas. 3,000' underground irrigation pipe, 2-8 in. wells that pump a full pipe of water, natural gas fuel, 20 acre cotton allotment, 5 room house, pressure water pump. Price, \$275 per acre, a \$25,000 loan you can assume.

Noble Grand Jessie Robinson presided over the business session. Officers were nominated for the next term of office. The Lodge will elect officers at the next meeting which will be November 4.
Guests from Needmore Lodge were Mr. and Mrs. C. D. Troutman.

Attending the meeting were Mesdames Callie Smith, Jessie Robinson, Allie Snyder, Ona Berry, Lucille Gross, Grace Kemp, Fern Davis, Bessie Davis, Mary Thomas Lois West, Evelyn Calder, Ina Owen, and Frank Snyder and A. H. Owen.

RETURNS FROM FT. WORTH

Mrs. Hertha Walker returned home Thursday from Fort Worth, where she has been for the past three weeks. She has been with her daughter Mrs. Willie Green and family. Mr. and Mrs. Green have a new daughter, born November 5, weighing 7 lbs. The little miss was named Mary Lynne.

And when thou makest a feast, call the poor, the maimed, the lame, the blind: and thou shalt be blessed. —(St. Luke 14, 13-14.)
We who enjoy richly the good things of life—love, health, happiness, freedom from want and anxiety—surely are called upon to share them with the less fortunate. Sharing indeed will be blessed, being always a privilege and opportunity of praising the Lord.

JayCeas Favor Million Dollar Bond Issue

The Muleshoe JayCeas went on record Monday night as being unanimously in favor of a million dollar bond issue to be used for school expansion at the discretion of the board of trustees, and to include improvement of the football stadium.
Bill Wilson, state vice-president of the JayCeas said the unanimous vote came after a talk by Jerry Kirk, school superintendent, on the needs for expansion of school facilities here.
The board also voted to begin work on the public restrooms in city park as soon after the first of January as weather permits.
Regular meeting time has been changed to Monday noon at 8:00.

Lions Asked To Aid Girl Scout Fund

An appeal for funds to aid in carrying on the work of the Girl Scouts and Brownies in Muleshoe was voiced by Mrs. Jane Waite as part of the program at Wednesday's luncheon meeting of the Lions Club.
Mrs. Waite told the group that the Girl Scouts need financial assistance and asked that members, when contacted, give to the cause.
Nine members of the Girl Scouts and Brownies presented a short program, explaining the purposes of their organization. Magann Lamb spoke briefly on what Girl Scouts meant to her.
Two new members, Roger Albertson and John Dempster were officially welcomed into the club by Bill Moore.
The board of directors reported that it has set a fine of \$1 for any member caught throwing bread during a program.

High School And Community Choirs Join To Present Christmas Program

Muleshoe Community Choir will be joined in presenting the Christmas program, to be staged at 3 p. m. Sunday, Dec. 16 in the high school auditorium by the high school choir of 20 members, Paul Summersgill, director.

The combined choirs will sing the Christmas Cantata, "King of Kings and Lord of All". There will be other added attractions, including two numbers by the members of the high school choir, two solos, by Mrs. Jim Gaede, and Howard Jenkins, and the reading of the Christmas story by Gil Lamb.

The Community Choir met in regular rehearsal the past Sunday at the Assembly of God Church with 20 members present. Mr. Summersgill had in a special school rehearsal so the first part was conducted by Chairman Rufus Aylesworth.

After the rehearsal plans for putting the final touches on the Christmas performance were discussed.

The coming Sunday the choir will have the rehearsal in Calvary Baptist Church, Ave. F, and Main St. at 3 p. m. Since there are only three more rehearsals, it is very important that each and every member be present. The high school choir will begin rehearsing with the community choir that day.

Mrs. Ruth Dunn In Impersonation Of Minnie Pearl

Mrs. Ruth Dunn, a teacher in the second grade of Muleshoe school, entertained members of the Rotary Club and guests Tuesday with an impersonation of "Minnie Pearl." For her songs she was accompanied at the piano by Mrs. E. H. Kennedy.

A part of her Minnie Pearl impersonation was the song, "I Never Knew That Gun Was Loaded." After her Minnie Pearl act, Mrs. Dunn, in the spirit of the fall season and Thanksgiving week, "When the Frost is on the Pumpkin and the Fodder is in the Shock," and sang, "Somebody Bigger Than You and I."

Myron Pool had charge of the program and introduced the two ladies. Guests included Rotarians Gus Shaw, Littlefield, Wayne Brown, Tom Henderson, and Preston Hawks, Sudan; J. W. McDougald, of the REA, Littlefield. Rotarian Shaw placed two shoes on the speaker's table. He said Minnie Pearl had left them someplace. The first was a lady's shoe No. 5A, laced very high, and it is 55 years old. The other was a rather large man's shoe, No. 36 to be exact. That shoe is 6 inches across the sole. Mr. Shaw said the shoe was made for the giant, Robert Wardlaw, who was 9 ft. 3 inches tall. Mr. Wardlaw dying while with Ringling Bros. Circus at the age of 19.

There are many devices in a man's heart; nevertheless the counsel of the Lord—that shall stand. — (Proverbs 19, 21.)

When in all love and true humility, and in possession of our human frailty, we devoutly and sincerely ask God the Father for guidance and help to do the good, the right and the wise, He will heed our prayer—if our hearts are clean—and our motives unselfish.

SURVIVAL 'HARDWARE'

FCDA Stockpiles Would Aid U. S. After Huge Attack

One of the world's largest "hardware dealers" sells no merchandise, has an 80,000-ton "inventory" which is constantly increasing, and hopes that none of the "hardware" will ever be used.

This vast stockpile of machinery and supplies, housed in 65 warehouses across the nation, is the Federal Civil Defense Administration's store of items which would be urgently and immediately needed if the United States were ever attacked.

IF INCLUDES such widely diverse items as medical supplies and blood "expanders" (chemicals which augment whole blood), portable emergency hospitals, gasoline-operated pumps, generators and water purifiers, and radiological "survey meters" for detecting fallout.

FCDA warehouses of all types are located from 29 to 100 miles from most major target areas in the nation, the size of the stockpile depending on the size and potential need of the target city.

While FCDA stockpiles are primarily for man-made disaster, they have also played a vital role in some recent floods.

The cities of Easton, Stroudsburg, and Scranton, Pa., depended on emergency pumps and purifiers for their city water in August 1955. FCDA medical supplies and 600 cots alleviated human suffering in Marysville and Yuba City, Calif., in December 1955, while pumps bailed out inundated Yuba City.

STOCKPILE of emergency supplies in Federal Civil Defense Administration warehouse is carefully marked and stored, so that supplies most urgently needed after an attack can be moved more quickly. (FCDA Photo)

VISITED IN ODESSA

Mr. and Mrs. Bill Thomson and son, Tommy, left Wednesday evening to spend Thanksgiving in the home of his cousin, Sam Robinson and Mrs. Robinson in Odessa. They will be joined there by his brother and wife, Mr. and Mrs. Tom Thomson and son, of Gatesville.

VISITORS FROM KIRKLAND AND PLAINVIEW

Visitors in the home of Mr. and Mrs. Doyle Thomas on Thursday were his parents, Mr. and Mrs. J. E. Thomas and Neice, Tony Lee Moore of Kirkland, and Mr. and Mrs. Marie Barkley and daughters, of Plainview.

RETURN TO HOME IN MOUND CITY, MO.

Mr. and Mrs. Robert F. McKinstry left Tuesday by train for their home in Mound City, Mo., after spending a week in the homes of Mrs. Sam McKinstry, the Harold and Oscar All-

isons. Mr. and Mrs. Oscar Allison accompanied them to Clovis, where they took the train.

Visiting their mother, Mrs. C. K. Mardis in Muleshoe last week end, were: Chester Mardis of Deer Lodge, Montana, Mr. and Mrs. Coy Burkhead and children of Roswell, N. M., and Mrs. Ivan B. Mardis and son of Tucson, Ariz.

Mr. and Mrs. E. O. Baker were in Amarillo Sunday to visit with her mother Mrs. Viola Busby. Mrs. Busby broke her hip several months back and is now in Amarillo with her son. She is getting along wonderful and says to tell everyone "hello".

Three Way basketball teams dropped three games Tuesday night to Anton at Anton. The boys A team lost 45-17; the girls lost 41-30, and the boys B team dropped their game 45-25.

Clinic Report

NERVOUSNESS CASE HISTORY:

Woman age 34, came to the Chiropractic Clinic, at the insistence and persistence of her husband whose sinus headaches had been greatly improved by Chiropractic at the Clinic. Her symptoms of extreme nervousness had been increased by major surgery which rendered her unbearably nervous for four years following the operation. A severe car accident aggravated an already serious condition so that she scarcely knew a free day from extreme nervousness, hurting in neck, shoulder and arm, pain in kidney headaches, constipation, colon trouble, poor circulation in arms, and soreness in neck glands.

Because Chiropractic is a principle of healing which locates the CAUSE of disease and malfunction in the body, the entire body function will respond and repair as nerve energy is released before coming to the clinic. Entire health is caused by vertebral pressure on nerves and eliminates those we cannot help.

Recommended service has remarkably improved this woman's health.

ARTHRITIS CASE HISTORY

Farmer, age 33, came to our clinic after being unable to work for two years with a condition diagnosed Arthritis. His entrance complaints included soreness in stomach and abdomen, extreme lower back and legs, headaches with dull feeling in head at all times, nervousness and constipation. This man walked at a 45 degree angle when he walked into the clinic.

After a complete spinal nerve analysis spinal adjustments were begun. Improvements in this patient's condition was gradual. This man realized that he was on the road to recovery. Today this man is able to work all day on his farm, and can drive his car which he had been unable to do for the two years before coming to the clinic. Entire health is caused by vertebral pressure on nerves and eliminates those we cannot help.

Canyon Students Visit Services At Lazbuddie Nov. 24

The membership of the Lazbuddie Methodist Church enjoyed the services of a deputation team from the Wesley Foundation of West Texas State College at Canyon for the evening services Sunday evening, Nov. 25. The students met with the MYF for a fellowship supper and then talked to the combined Fellowship Groups about the program of the Wesley Foundation. Luella Davis of Progress and Jim Flynn of Canyon showed and explained some slides of the facilities and functions that Wesley Foundation students had at Canyon. June Traylor of White Deer talked about how the Wesley Foundation met the spiritual needs of students through vesper services at the Wesley Founda-

tion and through united services with other Student Centers at WTS. Also she brought out the value and importance of Bible courses taught by the director, Rev. Robert Cooper. Jim Flynn highlighted some of the values of association, through retreats and camps, with other Methodist students on other college campuses. Carol Holman of Canyon led the group in recreation.

At the evening worship service James Jackson of Tulsa led the congregation in group singing. He also sang a solo, "Nearer My God To Thee". Carol Holman talked to the group about finding God and making him real in our daily lives.

Proper Wiring Is Theme For SWPS In Friday Meeting

Twelve Muleshoe business men and five officials of Southwestern Public Service Co. enjoyed the services of a deputation team from the Wesley Foundation of West Texas State College at Canyon for the evening services Sunday evening, Nov. 25.

The theme of the program was to show the advantages of proper wiring so that electrical appliances will operate at full efficiency.

A skit depicting the wrongdoings of "Skippy Wiring", was dramatized by H. E. Lair, Marvin Stadler and Harry Weber.

Grade Schoolers Are Observing Book Week Now

Book week is being celebrated in Muleshoe elementary school with fourth and fifth graders engaged in book week contests and a radio show and talent play in observance of the occasion. The fourth grade is conducting a poster contest on the book week theme, with the first three prizes to be books. The fifth grade is having an illustrated book report contest with books as first and second prizes. A display of old and new books is in the elementary building, featuring the old blue back spellers, McGuffey's readers and many modern books. The public is invited to see this display. Mrs. Henson's fourth grade room presented a radio play Wednesday morning over KMUL. Mrs. Middlebrook's room presented a play on health and book week Wednesday afternoon, to which parents were invited.

Harry and Dick Bell Increase Yields With Sprinkler Irrigation Systems

DICK BELL poses between the symbols that have brought increased yields and income on the places he farms with his brother Harry. They use three aluminum irrigation systems to bring up their crop yields. (Staff Photo)

Two brothers, Harry and Dick Bell, recent cooperators with the Blackwater Valley Soil Conservation District, have proven once again that sprinkler irrigation systems, properly used will increase the yield of cotton and grain sorghums in sandy land, without the use of any other aids than good farming know-how.

The Bell brothers farm three

laborers of land about 7 1/2 miles south and one mile east of Muleshoe. They have 162 acres in cotton and the rest in grain sorghum.

The land is rolling, sandy soil, with some clay in the topsoils as the result of deep breaking. It is watered with five wells; three eight inchers and two sixes, which could be eights, they are

that strong.

The Bells have two full sprinkler irrigation systems, with two half systems, which they use to cover their land. The full systems have eight inch main lines to six inch feeders and five inch sprinkler lines, with 90 sprinkler heads to each well.

The wells are so powerful that reduced pressure must be used

Bula 76 — Mobeetie 32

The Bula Bulldogs routed Mobeetie 76-32 last Saturday night in a bi-district six-man football game at Pampa.

The Bula team will meet Paint Creek this week for the regional title, place to be selected by Bula. Burley Roberts scored five touchdowns as Bula rolled up 630 yards in offensive gains.

at times to prevent damage to the joints and heads.

The land was pre-irrigated twice and then watered three times after planting on five hour sets. Dick Bell believes now that the third watering should have been on longer sets, perhaps as much as eight hours. He bases this belief on the fact that the third watering was during July-August, when the plants were putting on their heaviest fruit, and needed the most water. Next year, perhaps, the brothers will use eight hour sets on the last time over.

The farm is owned by A. J. Bell, Lubbock real estate dealer, who is the father of Dick and Harry Bell.

In addition to the sprinkler irrigation, the crops received some supplemental moisture from five inches of rain that fell after the crops were planted.

The Plainsman grain, with no fertilizer, made an average of 3,000 pounds, while the Martin Milo averaged 1,900 pounds.

The Lankart stormproof cotton will average from 1 1/2 to 1 1/3 bales per acre when it is all harvested.

The Bell brothers are completely satisfied with their sprinkler system, purchased from Peerless Pump in Muleshoe, and feel that the labor saved, plus the increased yields they can attribute to the sprinkler system, justifies the purchase of it.

Ag Workers Hear Report On Test Plots Monday

Fourteen members of the Bailey County agricultural workers club met Monday morning at Leigon's for breakfast and to hear a report by Cy Henson of the FFA office here.

Henson reported in detail on the results of several experimental plots where varied amounts and methods of application of fertilizer were used. Plots were on both dryland and irrigated fields.

Results of the experiments will be published at an early date, Henson announced.

Duane Barte, work unit conservationist, presided at the meeting.

The club will not meet in December, but will meet on the morning of the first Monday in January.

Letters To Santa Will Be Published In Journal Weekly

The Journal will again act as go-between for Santa Claus and the children of the West Plains.

Letters written to Santa Claus will be printed in the Journal each week, beginning December 6, and continuing through the weeks prior to Christmas itself.

So, get your letters written,

THE BELL BROTHERS harvested some fine yields of both grain and cotton as shown in this photo. This field had been pulled once and was expected to produce between a bale and a third, and a bale and a half. (Staff Photo)

Income Tax Forms To Be Available About December 3

Federal income tax forms for the preparation of 1956 returns will be available about December 3 in reasonable quantities to accountants, attorneys and other professional personnel, Howard O. Nichols, District (Administrative Officer) of the Lubbock office of the Internal Revenue Service, said today. The Internal Revenue Service has provided order blanks to the 3500 North Texas tax practitioners who have, in most cases, already submitted orders. These orders are being packaged and shipped starting December 3.

Individual taxpayers on record will receive their forms and instruction booklets through the mails on the same schedule as last year, during late December or early January, Mr. Nichols said.

There are very few changes in the form other than minor revisions for clarity and simplification. The instruction booklet which accompanies it has been changed, however, to provide a line-by-line series of explanations, keyed to the arrangement of the form and its sequence of entries.

Cadillac

Surpasses its Own Great Reputation!

You're looking at a mighty surprised man. Almost all of his adult life he has owned and driven Cadillac cars. And so, when he decided to take an hour out from his busy schedule to see and drive the new 1957 Cadillac, he thought he knew about what to expect.

Well, here he is—barely under way in the city—and already he is learning the startling truth. He is learning that *nothing* could adequately prepare a man for the new "car of cars"—not even Cadillac ownership itself!

He suspected it, in fact, the instant he stepped into the showroom and caught his first glimpse of this newest Cadillac creation. This was an entirely new kind of Cadillac beauty—brilliantly fresh in line and in contour.

And then he opened the door and swung into

the driver's seat—and found added evidence all around him. On every side were new miracles of interior beauty and comfort and convenience.

And when he turned the key and put his foot on the accelerator, his sentiment grew to conviction. The car was incredibly nimble and quiet and smooth of ride.

Surprised, did we say? Just wait until he hits the open highway and receives the final verdict. No question about it—*this is the Cadillac that literally surpasses its own great reputation!*

We suggest that you come in soon to see and drive this most surprising new Cadillac in fifty-four years. It's an experience you shouldn't postpone—and one you'll not soon forget.

Mail Early For Christmas Campaign Begun By Postmaster Here This Week

Postmaster Arnold Allcorn, who launched his 1956 "Mail Early For Christmas" Campaign today, believes a word or two to the wise will help make your Christmas and those of your friends and loved ones as merry as it should be.

With Christmas only a little more than a month away, the Post Office is geared up right now to insure the delivery of all gift packages and Christmas cards by December 25, but your cooperation is essential.

Speaking about his plans, the Postmaster said, "There's about 167 million people in this country today. More than ever before. More people means more Christmas mail. That's why it's so important to have a helping hand from the public to 'Mail Early For Christmas.'" The Postmaster especially directed his appeal to the lady of the house, because she usually selects the Christmas cards, buys most of the gifts, and sees to it that the Christmas mailing list is up-to-date.

Predicting that this year's Christmas mail will set a new all time record, exceeding even that handled here in 1955, the Postmaster urged that you take the following steps at once: Check your Christmas card lists very carefully to make sure that each address includes the full name, street and number, city, zone and state. Then, secure pamphlet No. 2 at the Post Office, telling you all about packaging and wrapping parcels for mailing, and pamphlet No. 3, giving full details on domestic postage rates and fees. Stock up on stamps at the same time.

Also, ask for free labels reading "All For Local Delivery" and "All For Out of Town Delivery," so that you can speed arrival of your Christmas cards by sorting and tying them in two separate bundles with the addresses all facing one way.

A modest investment in heavy wrapping paper, sturdy empty cartons, strong cord and craft paper adhesive tape will pay big dividends in safe deliveries of your cherished Christmas gifts.

If you'd like to include your Christmas cards or letters inside the packages with your gifts, just add the appropriate First Class mail postage to the postage for the packages themselves. This combination mail service recently introduced by the Post Office.

Christmas Seals
On Sale In Texas

Ninety-three thousand pounds of TB-killing material will go through Uncle Sam's mail today in Texas.

Its magic will be spread in most office boxes throughout the State.

By itself the material will not kill tuberculosis, but it provides a means of controlling the disease which yearly causes more deaths than all other infectious and parasitic diseases combined. That disease is tuberculosis.

Those 93,000 pounds are Christmas Seals.

In the 50 years since the first bright bit of gummed paper appeared on the American scene, much has happened to tuberculosis control. Because of money brought in by those bits of paper, 3,000 TB associations dot the country, working slowly but tellingly against what was, a half-century ago, the nation's No. 1 killer.

Today, because of contributions of the voluntary TB movement, research and medical knowledge have been able to cut the death rate from the disease 68 per cent in Texas in the last ten years.

Department insures simultaneous arrival of your gifts and greetings.

Remember, that only Christmas cards carrying three cents, or six cents air mail postage, may include a personal message. Nothing more than a signature is authorized on cards mailed at the two cent third class rate, and be sure your return address is on every Christmas card envelope - this is socially correct, and helps you and your friends to keep your mailing lists up-to-date.

After your gift wrapping and packing is complete and your Christmas cards are addressed and stamped, plan your mailings so that those for the most distant points go first. Try to get all long-distance mailing into the Post Office before December 10 and those for nearby points should be mailed by December 15.

Follies of '56 At Clovis For Two Shows

The lights in the Clovis Woman's clubhouse have been burning brightly every evening this week from dark until around 11 p.m. and the walls have been resounding with activity, as members of the cast for the Jr. Woman's Club Follies of '56 have been rehearsing with much vim and vigor.

The Follies of '56 will be presented to the public November 30 and December 1, in the Marshall Auditorium at 8 p.m.

Besides featuring the best of talent in this area, the Follies promises to be quite spectacular

in regards to music, scenery, staging, costumes and unusual lighting effects.

The show will last exactly two hours and ten minutes and will feature skits, both on the glamour side and on the comedy side, which are followed through with lavish musical numbers. Music for the show is taken from the best recent New York musicals clear back to the Zeigfield Follies in 1921.

A large number of tickets have already been sold for the coming Follies production and various priced tickets are still available. The tickets are obtainable from any member of the Jr. Woman's Club and are on sale each day in Horton and Sons from 9 a.m. to 5:30 p.m. and may be had by calling 4401 after 5:30.

Urges Postmaster Complete Address

Postmaster Arnold Allcorn said today that while the Post Office still has a tremendous job ahead of it, efforts are being re-doubled to deliver all mail on time and in good condition by Christmas Eve. He points out that by taking a little extra care with your Christmas mailings now, you'll avoid disappointing friends and loved ones at Christmas time.

He asks for your special cooperation to be sure that your return address and the recipients address is plainly typed or written on all labels and Christmas cards. Use zone numbers, and it's a good idea to include an extra label inside your packages. Parcel Post size and weight limitations vary according to destination. Ask about them when you go to the Post Office to buy stamps.

Speaking about stamps, the Postmaster said, "Use three cents postage on all your Christmas cards. This way they will be delivered promptly, and forwarded or returned, if necessary, providing you include your name and address on your Christmas card envelopes." First-Class postage on your Christmas cards enables you to include handwritten messages, thus making your Christ-

mas greetings more personal. By including your name and address on each Christmas card envelope, both you and your friends can keep your mailing lists up-to-date.

The Postmaster urges that you mail all of your out-of-town Christmas cards and packages immediately, and certainly not later than December 10. Christmas mail for local addresses should be started on its way at least a week before Christmas.

You can do both yourself and the Post Office a real favor by securing free labels at the Post Office which read "ALL FOR OUT OF TOWN DELIVERY" and "ALL FOR LOCAL DELIVERY". Place these labels on bundles of cards for local addresses and on those for out-of-town destinations.

Try to mail your out-of-town Christmas cards several days in advance of those for local delivery, and those for nearby points should all be mailed by at least a week before Christmas.

The cooperation of all business

firms in postponing the mailing of circulars and catalogs until after December 25th is requested. The Postmaster expressed his thanks for the excellent response to his "Mail Early" appeals to date, but warns that only by stepping up all mailing of Christmas packages and cards immediately, can the record mail load be processed and delivered on time.

And He said unto them, Why are ye so fearful? How is it that ye have no faith?— (St. Mark 4, 41.)

Jesus, our Divine Saviour and Redeemer, speaks thus to all of us today as He spoke to His disciples. God gives us bountifully of love and good and strength. But He cannot give us faith. Through our own free choice and belief and will, we must create and maintain our faith, ourselves.

Lola Roark, Samuel T. Donaldson Wed In West Camp Church November 22

Nuptial vows were solemnized on Thursday evening, November 22, for Lola Roark, daughter of Mr. and Mrs. Everett Roark of Muleshoe, and Samuel Theodore Donaldson, son of Mrs. Scott Donaldson, of Plainview. Rev. T. L. Pond read the double ring service in the West Camp Baptist Church.

Centered on the altar was a large silver wedding ring, framing a lovely basket arrangement of huge pink chrysanthemums. Rising above this were pyramids of pale pink tapers. In front of the setting was a white wrought iron pre-dieu. On either side were seven-branched candelabra, holding pink tapers.

Further enhancing this altar setting was a background of emerald palms. Pink candles in white wrought iron holders, caught with pink satin bows marked the bridal aisle.

Miss Lavon Copley, organist, played a prelude including "Love Thee," "If Thou Art Near," "Because of You," and other appropriate selections. For background music during the ceremony, she played "Oh, Promise Me."

Kaner Stephens and Scotty Donaldson, brother of the groom, lighted the candles. Mrs. Scott Guber sang "A Band of Gold," and "Because" at the opening of the ceremony.

Matron of Honor

The matron of honor was Mrs. Charles Roark, sister-in-law of the bride. She wore a waltz-length dress of pink net over taffeta, with a satin midriff, with folds of lace over the bodice. She carried a bouquet shaped like a silver ring, with pink Fujii chrysanthemums clustered at the top and cascading down the side.

The flower girls, Susan Roark, niece of the bride, and Beverly Jones wore identical dresses of pink shantung silk designed with figurine bodice and rows of tiny ruffles over the skirt. They carried baskets of pink net filled with roses.

Bridesmaids
Bridesmaids were Mrs. Dink Hanks, Misses Ginger Gaede, Barbara Douglas and Nancy Donaldson, sister of the groom.

Their dresses were identical to the matron of honor. Their bouquets were similar, and all wore shoulder length veils of pink scalloped tulle, edged with seed pearls.

Bridal Gown
The bride, given in marriage by her father, wore a chapel length gown fashioned from crystal taffeta with hand clipped

pink-glittered ivy decorated the receiving room.

Covered with a pink satin cloth, the serving table was centered with a white cupid holding aloft a silver wedding ring. An arrangement of pink Fujii chrysanthemums and pink sweetheart roses, and pink candles in crystal holders decorated the table. Set on either side were the three-tiered wedding cake and a crystal punch bowl.

In the house party were Misses One-la Hildebrand, Carolyn Kirk of Midland, and Mrs. Neil Arnold of Muleshoe. Mrs. Charles Saylor registered the guests. Mmes. Tye Young, Raymond Gaede, Noel Woodley, G. E. Free, A. S. Stovall and Jim Jones assisted with the serving.

For her wedding trip to Carlsbad, the bride chose an aqua cashmere wool suit with white and aqua accessories.

The bride is a graduate of Muleshoe High School and attended Draughtons in Lubbock, and was previously employed with the PCA at Midland. She is a member of Beta Sigma Sorority.

The bridegroom graduated from Muleshoe High School, and is a senior student at Texas Tech. He is a member of Kappa Mu Epsilon fraternity.

Out of town guests were from Midland, Littlefield, Lubbock, Plainview, Shamrock, Wellington and Sammonwood, Texas.

The couple will be at home at 2322A Main Street in Lubbock.

Babson Discusses . . . THE MIDDLE EAST AND PROSPECTS FOR WAR

Babson Park, Mass., Nov. 29 — Israel will withdraw from the Middle East situation. She has been warned if there is a real war, she will probably be wiped out. If there is real trouble, it will be between Egypt, supported by Russia, and England, supported by France. France has probably lost the Arab countries. So it would be Egypt, supplied by munitions and airplanes and so-called "volunteers" from Russia, against England, backed by France.

HOW PRESIDENT EISENHOWER FEELS
Mr. Eisenhower knows the situation probably better than anyone else; he spent a year in North Africa with the Arabs. We must count on a possible two or three year struggle, — which means inflation. The United States will supply arms at least to England and possibly to Egypt. We would do that because we want to be on friendly terms with the Egyptians and Arabs.

Mr. Eisenhower is very much disappointed in both England and France. Not only did they not ask his advice, but they went ahead very contrary to his wishes. Mr. Eisenhower has also been disappointed in the way the Western Powers have failed in connection with NATO. He would not object to having these Western Powers — including England — get a good scare. Mr. Eisenhower was elected on the platform of Peace, Prosperity and Progress. He will now either refuse to take any action or else will dump the problem in the lap of the United Nations. He certainly wishes to avoid another Korea.

PRICE OF GASOLINE WILL RISE
The oil interests have notified Washington that, on the basis of supply and demand, fuel oil and, indirectly, gasoline will move up 12¢ a month until oil is again coming from the Middle East. The Mid-East has pipe lines and the most important one has already been blown up. England and France have already gone on a rationed basis for oil.

I think that the present uncertainty will drag on until the next Congressional elections. If it does Eisenhower may think he can win Congress by just going to the people and telling them it is a choice between paying 10¢ a gallon more for oil

or sending their boys to Europe, and that he will leave it to Congress. Therefore, he and his advisers feel the Republicans have a chance of getting control of both Houses in the next Congressional elections. With Eisenhower favoring free enterprise, he would very much hesitate to interfere with the natural flow of oil in either the East or West, but would leave the price to supply and demand.

INTERNATIONALIZE THE DARDANELLES
The Middle East oil fields are the plum of the world until we get organized on nuclear energy. A month ago the land there was the most valuable land in the world. Russia claims that she is not interested in the oil — that the only thing she insist upon is the following: If the Suez is internationalized, the Panama Canal and the Dardanelles must also be internationalized. Russia insists that the Dardanelles and Panama be put on the same basis as Suez.

Egypt pretends to represent the Arab world but what is happening in Hungary should make the Arabs fear Russia and no longer trust her. The United States, therefore, stands a better chance of winning the Arab world. Eisenhower was over there for a year and he knows North Africa far better than does Eden or Mollet.

EXPERT'S CONCLUSIONS
Under the above conditions, I now see no chance of a real slump next year (1957); but 1957 may be a leveling-off year. A big break may not occur, especially in view of all the pension funds and unemployment legislation, minimum wage laws and the Employment Act of 1946. I still have faith in the Law of Action and Reaction; but when I developed the Babsonchart, we had been on a Gold Standard for many years. We had a natural ceiling and a natural floor. Hence, it was fairly easy then to make correct forecasts based on the Babsonchart.

Now we are on a Political Standard and not on a Gold Standard. An elastic band can be stretched, but sometime it will break. Hence, I have not lost faith in the Law of Action and Reaction. Those Babsonchart areas can be manipulated by political action for perhaps four or five years before we go below the X-Y line but ultimately we will have to pay the price.

ness should have been by the law." Correlative passages to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include the following (273:21-24): "God never

TODAY'S MEDITATION

Read I John 2:24-29

I am sure that he who began a good work in you will bring it to completion at the day of Jesus Christ. (Philippians 1:6, RSV.)

Once a little girl taught her mother a wonderful lesson. Her mother had been a Christian for a long time, but something had gone wrong, and she was very unhappy.

Suddenly one day her mother was changed. Her eyes were smiling, and she was singing

ordained a material law to be the spiritual law. If there were such a material law, it would oppose the supremacy of Spirit, God and impugn the wisdom of the creator."

The Golden Text is from Jeremiah (10:10, 12): "The Lord is the true God, he is the living God, and an everlasting king. He hath made the earth by his power, he hath established the world by his wisdom, and hath stretched out the heavens by his discretion."

with joy all the day long; all because she had read something in the Bible. How happy they were!

But the day after, everything was gone; joy and smiles and songs, nothing was left of it all. No matter what the little girl did, her mother seemed unhappy.

The little girl went into the next room to bring the family Bible. She came back to her mother, pointed at the Bible, and said: "This book says just the same things today, doesn't it, Mummy?"

Indeed, the many promises of God our Father are the same however the days are, whatever our feelings. Let us therefore have faith in God!

PRAYER

O God, our Father, we thank Thee for all Thy promises, which Thou hast given us as a rock on which to build our lives. Grant us faith to believe, and in believing find joy; though Jesus Christ our Lord. Amen.

THOUGHT FOR THE DAY

I believe God means what He says in His Word.

Sand Hills Philosopher Wants INTERNATIONAL SYSTEM OF HANDLING PAST-DUE NOTICES

Editor's note: The Sand Hills Philosopher on his Johnson grass farm is mixed up on the international scene, his letter this week indicates.

Dear editor:

Among all the things I don't know anything about, the international situation, especially the Mid East, stands pretty close to the top, and while I'm not ashamed of this — why should I be ashamed when nobody in Washington or London is ashamed and they apparently don't know much more what's going to happen next than you or me — still I keep on trying to pick up information on it here and there, and yesterday I picked up an idea from the international field that I would like to see adopted around here.

I noticed in a newspaper which blew out of a teenager's car as it went around a corner out here on two wheels — I think his car had weak tires on one side and he was trying to protect them by making the corner on the two good ones, who teenagers don't think ahead — where the United States had sent Russia a note opposing Russia's plan to send troops into Egypt to help Nasser protect the Suez Canal, and the Russians had read the note, closed it up, and returned it marked "Unreceived".

This seemed to be customary diplomatic pro-

cedure, nobody in Washington was disturbed or surprised, and I've been wondering why we can't get up on the international plane around here and adopt this system in our own commu-

cations. For example, if a store sends me a bill for a past-due account, with maybe a firm notice at the bottom like, "This bill is past due, PAY IT", and I could seal it back up, mark it "Unreceived", and mail it back and all he could do was shrug his shoulders and say, well, he out-smarted me that time, and go on to other business, then life would sure be a lot more even-tempered around here.

Off-hand, I can think of dozens of uses this system could be put to, it would be first-rate for handling bank correspondence along in the fall of the year when notes come due, it would solve the medical expense problem from the patient's standpoint, would be handy in handling small matters like cafeteria bills kids bring home from school, in fact, everybody can figure out his own uses for this system, without any help from me.

If you think this international system has any possibilities, I wish you would try it out and if you get by with it, even fifty per cent of the time, let me know immediately.

Yours faithfully,
J. A.

Counties Exceed U. S. Bond Quotas

ABIENE, Nov. 28 — Sixty-two West Texas counties are above the state average in the sale of Series E and H Savings Bonds, an article in the November issue of West Texas Today reports.

According to the article in the monthly publication of the West Texas Chamber of Commerce, reports through September show the state average has reached 67 percent of the total quota in bond sales. This is about 1.2 below the sales average at the same time last year, the article states. However, during September, sales were about 4 percent above sales in September of last year.

Based upon information from Nathan Adams, chairman of the State Savings Bond Committee, the article points out that 19 counties in Texas have gone over their quota — 12 of which are in West Texas.

Those counties in West Texas going over their quota are: Andrews, 208.8%; Ochiltree, 134.3%; Concho, 128%; Moore, 118%; Coleman, 118%; Bosque, 116.8%; Montague, 116.7%; Roberts, 115.7%; Haskell, 114.4%; Jones, 112.2%; Mills, 110.9%; & Callahan, 110.2%.

Andrews county was the only county in the state to exceed its quota by 200 percent or more.

Livestock Survey Being Made In Texas By U. S. D. A.

Nearly 40,000 cards will be left at random in rural mail boxes throughout the state this week. When filled out by farmers and ranchers and returned, these cards will help V. C. Childs, Texas Statistician, Agricultural Marketing Service, determine how many livestock are on Texas farms and ranches.

Childs lauded the U. S. Post Office and rural mail carriers for their cooperation in making this annual survey. "With this help, we're able to get an accurate picture of our states livestock holdings," Childs said.

Every farmer or rancher who gets a card is urged to fill it out as accurately as possible and return it promptly.

"The more reports we get, the more reliable our estimates will be," Childs pointed out. This survey is the basis for the state and national inventories of livestock and poultry on farms as of the first of the year. It includes cattle, calves, milk cows, hogs, sheep, goats, horses, mules, chickens and turkeys.

Also the survey provides the basic data for the estimate of pigs and sows farrowed during the June-December period and intentions to breed for January-June farrowings in 1957.

What You Eat Is Important Factor To Good Health

Three "hearty meals a day" is no guarantee of good health. It is "what you eat" and not "how much" that counts.

Strangely enough, in the richest agricultural nation on earth, an alarming percentage of the population is deficient in consumption of vital nutrients such as calcium and vitamin C. Even over weight people who eat high-calorie foods rarely get a real balanced diet.

The current popularity of high-calorie foods only tends to make some people fat, according to recent diet studies. A danger point is approached when these rich but unbalanced eating habits prevent a person from getting enough protective foods necessary for good health.

It is generally accepted that people should maintain in later years the weight that was ideal for their height and bone structure at age 25. Recent studies show that a large number of older people are seriously overweight. The problem today is to encourage people with low energy requirements to plan diets that eliminate surplus calories but do not curtail essential nutrients.

For example, the National Research Council recommends a daily intake of 8 grams of cal-

cium as necessary for good health. Yet, only about one person in six takes that much calcium daily—and calcium is abundant in eggs, milk and cheese.

It is well established that vitamin C is important in maintaining health teeth and gums. Most people are 10 percent below normal in vitamin C intake except in areas where citrus fruits are plentiful.

Texas is a big producer of citrus fruits. The diet study seems to suggest that foods rich in vitamin C should be promoted and made more attractive to adults, and that frozen and dried citrus concentrates and other dependable year-round sources deserve more attention.

Greater calcium consumption should be encouraged through increased public education in the value of milk and milk products, and perhaps also through development of new calcium-rich foods. Overeating of the wrong foods may make a person fat, but he still may be starving for the essential nutrients.

teach would seem more sensible than pay based on how many hours the subject spent under the tutelage of certain "qualified" professors.

For the benefit of any who believe farmers should ally themselves with organized labor in working out economic problems facing agriculture, we present the following questions answered by J. L. Mitchell, president of the National Agricultural Workers Union as recorded in Farm Journal: (Regarding his work with the dairy industry) Q: There are splinter group leaders who say they'll help them tie up the milk supply and get higher farm prices. A: "If that's what farmers want, they're going to have to wait a long time and not only for milk! And if we get higher prices for farmers, we'll want some help in Washington. We don't object to farmers getting a proper price, but we want the same right. Farmers can't stand around complaining about how much they had to pay for hauling." Q: Do you think you could work with farmers then? A: "The only advantage to us besides regulating milk hauling would be to agree on milk price. The only reason we can't work together for all practical purposes, All That Farmers Have In This World Is Their Own Labor—They Have Relatively Little Capital Invested. Let's be frank; if the farmers and farmers get together in some areas, it will be purely for Political Purposes."

The capitalists are ours, because they emphasize the difference in the facts and what organized labor is lead to believe about farmers by some of their moguls.

In contrast to the above, we present three points of the most recent Texas Farm Bureau Preamble. "We pledge allegiance to those basic democratic principles of free enterprise and human freedom." "We believe that no workers should be forced into joining any union or deprived of his right to work by reason of failure to become a member of any organization." And finally, "We recognize and accept our responsibilities as a farm organization to develop an intelligent and realistic farm program based upon sound economic principles to meet the needs of all farmers."

Consider This: To have respect is not good; for, for a piece of bread that man will transgress. Proverbs 28:21.

New York Life To Pay Big Dividends

For the first time in its history, the New York Life Insurance Company will pay total dividends of more than \$100,000,000 to its policy owners in 1957. Chas. O. Clark, Jr., C. L. U., general manager of Amarillo Office, announced today. The record amount includes

dividends to individual life insurance, annuity, and accident and sickness insurance policy owners as well as group policy owners, he said. Of the total amount, \$86,100,000 will be received in 1957 for dividends to individual life insurance and annuity policy owners as compared with \$93,100,000 in 1956. Mr. Clark said. He said that the dividend increase is due to the growth of the company.

Mr. Clark added that dividends to individual life insurance and annuity policy owners will vary according to the amount of a particular policy, the plan and benefits, the age at which the policy was issued, and the time it

has been kept in force. The company in 1957 will continue to credit interest at 3% per annum, or at the guaranteed rate if higher, under supplementary contracts and dividends left on deposit.

PARMER COUNTY Farm Bureau News

By RAYMOND L. JELER

We don't know at this time how many Parmer County people will attend the American Farm Bureau Convention in Miami, Florida, December 9-14. Several had planned sometime ago to attend, but various obstacles have eliminated several of them. The last word we heard, Ernest Anthony and his wife were still planning on going. They have relatives along the way to visit. Your writer plans, at present, on catching a plane the day before the convention and returning in like manner to save the seven or

eight days necessary for travel by automobile. Plane fare is very little more than train fare. Any one who feels like a Miami vacation in December would be very welcome to spend it in the vicinity of the convention where a great many other Texans will be.

CLOVIS HIGHWAY

By John C. White, Commissioner

Modern pork production has reversed the old truism, "You can't raise a pig in a parlor." Apparently you can! And at a net profit, too!

Southwestern hog feeders are showing interest in a recent housing and management practice that involves a "pig parlor" believed far superior to pens and wallows. The method calls for fattening of hogs in low-cost, shed-type buildings erected on concrete slabs.

This development approaches the breeder's concept of putting production on efficient assembly line basis. The idea makes it possible to market as high as 300 head of hogs a year with a minimum investment in money and labor, yet get maximum returns.

A group of hog pioneers came up with the parlor idea, starting

with a large group of pigs on concrete. According to studies of the Ralston Purina Company, the first 32 hogs marketed from a "parlor" returned a labor profit of \$6.32 per pig in 45 days on a 16c market.

A parlor 30x22 feet can handle 50 pigs weighing 60 to 80 pounds. Maximum efficiency of investment, labor and feed is claimed with a turnover every 60 to 70 days. The cost of the parlor including equipment was about \$4009 in the experimental locations.

Feeders who have used the parlor system believe that their hogs show better carcass yield in addition to these stated advantages: Quick turnover of investment, fewer disease problems, ease of adaptability to either hot or cold weather, and higher daily gains.

Texas hog raisers may want to investigate this method of production, in view of the high competition for the consumer dollar. In addition, current hog prices call for low production costs in order to make a profit.

Information concerning "pig parlors" may be obtained by writing to John White, Commissioner, Texas Department of Agriculture, Austin.

Bailey County Farm Bureau News
BY LONNIE M. BASS

Texas will be invading Florida en masse this December when Texas Farm Bureau members and their families aboard a modern diesel streamliner roll into the Everglade State for the 28th annual convention of American Farm Bureau Federation.

The Texas delegation to the big conclave will embark from Houston December 5 on a ten-day cross country lap to fabulous Miami.

Southern Pacific Lines will transport the entourage, providing a special train, if a sufficient number of passengers can be mustered. A minimum of 150 adult tickets is necessary before a special train can be engaged, rail officials state.

The train is scheduled to pull out of Houston's Grand Central Station at 7:45 p.m., Dec. 5. Stopovers in New Orleans and Ocala, Fla., will grant passengers an opportunity to view the enchantment of gay, exotic, colorful New Orleans and see the wonders of the fabulous Silver Springs resort center, near Ocala.

The schedule calls for arrival in Miami at 8:30 a.m., Saturday, with a full day and a half for leisure before getting down to the serious business of the convention.

The AFBF convenes on Monday, Dec. 10, following registration which begins at noon, Dec. 9. The convention remains in session through Dec. 13.

Following adjournment on Thursday, the Texas party will again make up for the return trip, leaving Miami at 7:45 p.m.

The ensuing day, Friday, will be spent in Jacksonville, Fla. The train will arrive Dec. 15 in Houston at 8 p.m.

Special Gray Line tour buses will transport tourists on the three and one half hours, 25 mile swing around New Orleans, visiting historic shrines and landmarks, the quaint and picturesque French, Spanish and Creole sections and the Vieux Carre. The tour includes the old and New City, modern New Orleans, enchanting parks, gardens, dense with mosshung oaks and elabo-

rate French and Plantation homes. Balance of the day in New Orleans will be free.

In Silver Springs visitors will be taken on boat rides and sight seeing excursions, including a tour in the "glass bottom boat" over the springs affording an extraordinary view of underwater life, the Sunken Gardens, and plant life. A ride in the "Photosub" around the big springs will show travelers how and why most of the world's underwater movies are filmed at this point.

The party will cruise five miles up the Silver River through dense tropical jungle land — the real everglades and jungle habitat of alligators, wild birds, and hyacinths — nature's last stand untouched by man.

Climaxing the jaunt will be a visit with a tribe of wild monkeys which was introduced into the Florida jungle as an experiment years ago, and a visit to Ross Allen's Reptile Institute. At the institute tourists will be shown a complete and authentic Seminole Indian village and a large assortment of birds, animals and reptiles common in Florida and the South, and will have an opportunity to watch the milking of a rattler.

The Saturday and Sunday in Miami preceding the convention will provide time for tours of the Miami area.

Reservations were to be made by Nov. 19, but every effort will be made to fill requests on a first come basis. If you plan to go to Miami by train, please contact Doris Trawick, office secretary immediately.

If you desire to go by bus, you can make the round trip from Lubbock for \$55 per person. There will be a snack bar on the bus to save time, but rest stops will still be made. The bus will leave Lubbock at 6:00 p.m., Dec. 5, arrive at 1:00 p.m., Dec. 6 in New Orleans. One day will be spent in New Orleans. There will be sight seeing tours on the road. Arrive in Miami evening of the 9th.

The return trip by bus will leave Miami Dec. 13 and arrive in Lubbock Dec. 16.

While in Miami, you can fly to Puerto Rico for \$185. Included are: Round trip from Miami, transportation to and from airport, hotels (doubles), meals and receptions offered, sightseeing. Single rooms at slight additional charge.

Why not take that deserved vacation and in addition serve your County Farm Bureau at the same time.

Pomanders For Christmas Gifts

Squeeze your Florida oranges every day for delicious vitamin-C rich juice but save a few for pomanders — they're fine Christmas gifts that you can make yourself. Even in the days of "good Queen Bess" pomanders were "efficacious in keeping away musty scents" from closets and linen shelves. Make them now for their fragrance is best a few weeks after they are made.

Select thin-skinned oranges (easiest to stick cloves into), or grapefruit for bigger pomanders, and follow these directions. If you prefer, you can make your own scents from different spice combinations.

FLORIDA POMANDER

Florida oranges Whole cloves Powdered orris root Ground cinnamon

Select firm oranges for making pomanders. With fork tines, make rows of holes in the skin. Stick whole cloves into the holes until the rind is completely covered. Roll orange in a mixture of equal parts of orris root and ground cinnamon. Pat in as much of the powdered mixture as will adhere to the orange. Wrap the pomander in tissue paper or other soft paper for several weeks. Remove the paper, shake off any loose powder, and the pomander is ready for use in drawers or on linen shelves.

To hang in a closet, crochet a loose circular cradle, or simply tie the pomander with a piece of ribbon, ending in a loop.

Farmers Urged To Continue Use of Good Insecticides

Successing generations of insects that prey on plants and animals appear to be developing resistance to insecticides which formerly gave promise of their effective control.

Chlorinated hydrocarbon insecticides — such as dieldrin, endrin and toxaphene — are widely used by farmers to control boll weevils and other insect pests.

Research by the Texas Agricultural Experiment Station indicates that the boll weevil may

have developed resistance to these compounds in a few small parts of Texas.

Chlorinated hydrocarbon failed to give commercial control of the weevils during 1956 in several cotton fields in the Brazos River Valley near Hearne. Laboratory experiments at College Station confirmed this possible resistance.

Calcium arsenate and several phosphorus compounds controlled the boll weevils in the same fields where the chlorinated hydrocarbons failed, but troublesome safety precautions are necessary in their use.

A & M System entomologists recommend that farmers continue to use chlorinated hydrocarbon insecticides unless future research offers proof of boll weevil resistance to them.

We're Thankful...

not only for the bounty of a generous Mother Nature but for a year that has brought to us many pleasant associations and lasting friendships.

Outdoor Sports Big Business

Last year, 1955, about 25,000, 000 Americans sportsmen fished and hunted and spent a healthy \$3 billion in connection with their activities. Ed Cooper, extension specialist in wildlife conservation, says these figures are proof of the importance of fish and wildlife to the general welfare of the country.

In Texas last year, he says, the Game and Fish Commission reported that 1,625,000 Texans either hunted or fished or did both. The state's sportsmen spent \$165,054,000 for equipment and all of the other things which go with hunting and fishing. Cooper said the average includes all fishermen over 12 years of age, spent almost \$70 each while the average Texas hunter spent slightly over \$59 in pursuit of their favorite game.

For the nation, fishermen spent about \$92 each. They devoted 19 days of their annual leisure time, at an average cost of about \$5 a day, to the sport of fishing. Americans last year spent for fishing more than was expended on any of the following items: dental care, medical care and hospitalization insurance, personal legal service, funeral and burial expenses. But comments Cooper, hunting and fishing the both mighty fine recreational activities. A few days spent in the woods or at a lake or beside a favorite stream or on the salt water can do things for sagging spirits or jangled nerves. He strongly recommends regular hunting and fishing outings.

In order to improve hunting and fishing in Texas, the specialist, suggests to landowners that they join with their neighbors in wildlife conservation associations so their lands can be made more productive. Wildlife conservation must be carried out on an area basis for best results, hence, the need for cooperative action.

THIS WEEK —In Washington—

Clinton Davidson

The Nation's top farm economists are meeting in Washington this week to size up the farm situation and make their annual forecasts for 1957.

There are approximately 300 of them here from all over the country to attend the Department of Agriculture's annual Outlook Conference. Their forecasts in the past have been remarkably accurate.

This year the big question is: Have farm prices and income started to climb, and if so how much of an increase can be expected next year?

That question is being debated from every angle and, by the end of the week, they expect to arrive at a general agreement on the outlook. There will be, as usual, a lot of "ifs."

To begin with, they must assume that there will be no big war in 1957. World War III would, of course, upset all their calculations. Production forecasts for next year will be based on expectations that the weather will be "normal." The economists can't predict the weather.

The size of 1957 crop production depends, too, on how much land goes into the soil bank. The USDA is asking farmers to put 35 million acres in the bank—25 million in the acreage reserve and 10 million in the soil conservation reserve next year.

Winter wheat growers already have cut their acreage for 1957 harvest by nearly 11 million acres, about one-fourth that of 1956. USDA is asking that another 14 million acres be taken out of spring wheat, corn, cotton, rice, peanut, tobacco and other crop acreage next year.

If the USDA gets all of the 35 million acres into the soil bank, it would mean a reduction of nearly 10% in 1957 acreage in crops. Economists figure that, because most of the land put into the bank will be farmers' least productive acres, the reduction in production might be only 5%.

The biggest worry is, of course, the more-than-\$8-billion worth of farm surpluses held by the Commodity Credit Corporation. That includes more than a billion bushels each of wheat and corn and 10 million bales of cotton. That must be reduced before farm prices can rise much above support levels.

We're now expecting farm commodities at the rate of \$4 billion a year, the highest since World War II. Economists we've talked with in advance say that if (1) there is no big war, (2) 1957 weather is normal, (3) 35 million acres go into the soil bank, and (4) exports hold at \$4 billion, the 1957 outlook for farmers will be:

Average farm prices will increase by 5% or 6%, about the same as for 1956. Gross farm income from the sale of both crops and livestock products will go up by about \$500 million. Add to that \$1 billion in soil bank payments.

Against that increase, however, they expect rising prices of farm labor, machinery and other things farmers buy to increase production costs by at least \$500 million. The net result would be \$1 billion more farm income next year.

Rufus Gilbreath Home Features Many New Innovation and Ideas

THE KITCHEN of the Gilbreath home features a multitude of built-in conveniences, solid maple cabinets with formica tops, and a beautiful view over the old ranch. Here Mr. and Mrs. Gilbreath pause for a cup of coffee. (Staff Photo)

The results of countless hours of planning and viewing homes in other cities has become apparent in the lovely new pink Colorado stone home of Mr. and Mrs. Rufus Gilbreath at the corner of West Seventh street. The Gilbreaths began their home Sept. 5, 1955 and moved in on March 17, 1956. Built by Higginbotham-Bartlett of Muleshoe, the Gilbreath home contains more than 3400 square feet of well planned floor space, plus a triple garage with four storage closets.

Mr. and Mrs. Gilbreath put in many, many hours of planning each detail of their new home, and also visited many homes of comparable size in other cities to gain ideas which they could incorporate into their own plans.

The results of this planning have shown up in countless details that make the house more than just a home. There is, for instance, an intercommunication system built into the house, that makes it possible to communicate with any room, and which also supplies radio music to any room through built in speakers. Touch plate wall switches complete with a master switch in the

master bedroom. Installed by Hunke's, are another unique feature.

Ceramic tile around windows in the two and a half bathrooms, plus all aluminum window casements and screens are another feature designed to combat the ever present bugaboo of the West Texas housewife, dust.

But such details are not all the story of this big house. It is big, but planning and re-planning as construction progressed, have made it extremely comfortable and easy to care for.

ENTRY

The entry is paved in red tile, as are the front and rear porches.

Carolina, with an interesting legend surrounding it.

The living and dining room furniture is French provincial in pumice and fruitwood, Crystal Chandeliers from Czechoslovakia carry out the formal decorative scheme. The living room is 15x32 feet.

A long hallway, giving access to three bedrooms and two baths is to the left of the entry. It is carpeted in wall to wall carpeting in the Rippletone pattern.

BED ROOM

The bedroom of Doris Ann, the Gilbreath's 13 year old daughter is a picture of dainty femininity, befitting a young lady in the eighth grade. The walls are pale peach, and the furniture is French provincial in ivory. Two walk in closets feature sliding louvered doors which open automatically when the doors are opened, as they do in many of the 13 closets in the house.

A connecting bath is in shades of blue and peach, with a ceramic tile dressing table, long mirror, and chrome fixtures.

An office-study, paneled in pirana pine, with sand colored walls, serves the needs of elevator-seaman Rufus. It contains a sturdy desk and office chairs.

The next room down the hall is the bedroom of John Charles, a freshman student at SMU. The room is in aqua, with chinese modern furniture in black lacquer. It features twin beds and the rippletone wall to wall carpeting.

The master bathroom is in green ceramic tile, with a long mirrored dressing table and twin wash basins. Indirect fluorescent lighting is used over the dressing tables in all the bathrooms.

A glass brick window lets light into the long hall during the daylight hours.

The master bedroom is in green with walnut furniture, and also features twin walk in closets. At the end of the hall is cedar lined closets that measure more than 40 square feet.

The bedrooms are 15x16, 15x14, and 15x17 feet in size.

A doorway out of the hall opens onto a covered tile back porch, with a built in barbecue grill, and featuring a fireplace wood storage closet, and an outside

pass-through for fireplace fuel. The house is heated and cooled by centrally located heating and air conditioning system by Coleman. A white cement tile roof adds to the insulating qualities of the home.

FAMILY ROOM

The family room, den, is paneled in birch with exposed beam ceilings. This room carries into the dining alcove, and the kitchen, which is in maple.

Oak parquet floors are featured in the den, with the focal point being a pink stone fireplace wall. Comfortable furniture, and a large oval hooked rug, complete the den here.

The dining alcove, with its maple panelling and maple furniture is a picture of early American taste and charm.

KITCHEN

In the kitchen, maple cabinets, with green formica cabinet tops, set off the coppery tones of the built-in range, oven, dishwasher, and refrigerator-freezer. The sink is stainless steel, and a curved window above the sink offers a lovely view over the old ranch lands. Louvered shutters at the window add to the colonial atmosphere.

A multitude of innovations are to be found in the kitchen, including lazy susan shelves, roll-out shelves, built-in storage

spaces, and many others.

The house also contains a large utility room, a half bath and the triple garage with storage closets and automatic doors.

In spite of the large size of the Gilbreath home, the feeling of comfort and "hominess" is immediately apparent, attesting to the good taste and skill of Mr. and Mrs. Gilbreath.

\$74,000 Set For Farm To Market Road In Bailey

The Texas Highway Commission has taken the first step to inaugurate a new two year Farm-to-Market Program for Texas. E. H. Thornton, Jr., Chairman of the Texas Highway Commission, stated that the funds for this program are being derived from the Federal Aid Highway Act of 1956, matched with State highway funds on a dollar basis.

S. C. McCarty, District Engineer of District 5 of the Texas Highway Department at Lubbock, Texas, has stated that the following farm-to-market roads in this area are scheduled for work under this program:

In Bailey County, a farm-to-market road, extending from end of FM 745, near Coyote Lake, south and west to road intersection, a distance of ap-

proximately 6.0 miles; at an estimated cost of \$74,000.

Mr. McCarty stated that this year the Commission has authorized the development of some area roads which will serve the dual purpose of service to the adjacent land as well as aiding in the development of the entire area of the State.

It was announced that work will begin on these projects just as soon as final planning is completed and right-of-way secured. Resident Engineer, Rhea Bradley, will be in charge of the work in this area.

Bro. and Mrs. Vernon Whitfield and a group of young people attended the church Rally Thursday at Amherst.

BLOOD "EXPANDERS" and albumin—a plasma derivative—stored in the Federal Civil Defense Administration's stockpiles would be indispensable after a large attack to supplement limited supplies of whole blood for millions of casualties in first aid stations such as above. For example, 5,000,000 casualties would require an estimated 7,500,000 pints of whole blood, 2,000,000 bottles of albumin and 5,500,000 bottles of blood "expanders" during the first three weeks after attack. By mid-1957, FDA expects to have enough blood derivatives and plasma volume "expanders" stored to provide for 4½ million casualties. (American Red Cross Photo)
