Corporation Court Official Set Up, Will Harper Is Named Judge

Will Harper, a member of the City Council, has been designated city judge of the Corporation Court, Mayor W. T. Bovell said today. Mr. Harper is mayor pro-tem.

Under the law authorizing the creation of the court, the mayor may serve or the council may designate someone else to be judge.

Barnetts Buy Two Texas Papers

Lt. Travis Barnett, of the U. S. Army, will soon be an editor and publisher in private life. Barnett, a former resident of Muleshoe and advertising manager for The Journal, writes that he and his wife, Mitzi, have bought the papers at Evant and Copperas Cove, Texas, and will live in Evant and publish papers for both towns from their plant there.

They are to take over immediately after he is released from the Army on Dec. 17. Barnett is now stationed at Fort Hood, Texas, and the couple have been living in Killeen, Texas.

He entered the Army in January, 1952, soon entered the officers candidate school and was commissioned a second lieutenant. A few months back he received his promotion to First Lieutenant.

The Barnetts made many friends while residing here in Muleshoe, and all will wish them well in their new venture.

Hereford Takes Two Games From Mules

The Muleshoe Mules A and B squads traveled to Hereford Monday night for basketball games with the Hereford Whitefaces, and came home losers in both contests.

Muleshoe's B-team lost to the Hereford A-team by a score of 50-31. At the half, the Hereford boys were leading the Mules 28-2.

D. R. Hower and Jackie Parker were high point men for Muleshoe's B-team with nine points each.

In the A game, Hereford won the tilt with a 66-40 score. The score at halftime was 39-13 in favor of the Hereford Whitefaces. Jimmy Allison was high point man for the night with 18 points. Jimmie Holt had 8, and Eugene Shaw and James Elders had 7 each for the night.

Boys playing for Muleshoe are the following: Jimmy Allison, Jimmie Holt, Jack Jones, Eugene Shaw, James Elders, Gordon Wilson, John Johnson, G. R. Howell, Leon Harvey, Jerry Inman;

Bo Bryant, Joe Coffee, Jack Parker, Dwayne Morrison, Hugh Otwell, and Stanley Fox.

Muleshoe Boys Win, Girls Lose In Basketball Games With Morton

The Muleshoe boys and girls cagers took on the Morton Basketball teams here Tuesday night in the Junior High gym.

The A-boys won their game by a score of 45-41. Muleshoe led the visitors in every quarter, leading at the end of the first quarter by a score of 23-8. The half ended with Morton on the short end of a 31-14 count. In the third quarter the Mules grabbed 9 more points while Morton was hitting for 14 more. In the last quarter the Indians rallied to cut down the mule's lead, but failed to overcome the lead that Muleshoe had piled up.

High point man for the game was Joe Daniel of Morton with 15 points. James Elders was high man for Muleshoe with 14 points to his credit. Jimmy Clyde Holt grabbed 12 points and Eugene Shaw hit for 8 points.

In the girls game Muleshoe led at the end of the first quart-

Lovelady Issues Appeal For Local Goodfellows Club

Karl Lovelady, Muleshoe attorney, is in the process of organizing a local goodfellows club.

The club is designed to help the needy children at Christmas time, mainly by taking old toys and rebuilding them as good as new.

Karl is issuing an appeal to all those who have toys and would like to get in on the effort to call him at his office in the Bailey County Abstract Company and arrange to have a meeting in the very near future. To put it in his words, "Time is getting short, and the need to get started is now at hand."

The Goodfellows Club will also accept any other contributions such as money, and food.

Just call Karl at 3940.

At present the city officers are giving a warning to violators but this period will soon end and violators of traffic controls and of general laws will be haled before the Corporation Court.

Mayor Bovell said he understood that it will be necessary for the Council to name a city attorney, and that this matter will be taken up at an early meeting of the body.

Muleshoe Citizens Contribute \$1250 To Scout Fund

Karl L. Lovelady, chairman of this year's local Boy Scout Fund Drive, says that through the help of over twenty workers, the citizens of Muleshoe have contributed about \$1250, for the South Plains Council of the Boy Scouts of America. Karl wants to thank all the persons who were so kind as to give of their time in helping in this drive, and the many citizens who contributed. The above amount represents the amount of cash raised plus the amount paid by sustaining members.

Rotary Ladies Night Tuesday

Roy Bass, Lubbock attorney, is to be the speaker at the annual ladies night and Christmas banquet, to be held by the Rotary Club the coming Tuesday night. Mr. Bass is a well known after dinner speaker, noted for his mixture of humor and serious matters, and he is in big demand for functions over this territory. He has appeared here several times before.

Bob Gregory has been designated by the committee on arrangements to act as emcee. The banquet will be held in the dining room of the West Post Office Cafe.

The club voted Tuesday to omit the last meeting of the month, Dec. 29, which occurs during the holiday season when many will be out of town and during which time the Post Office Cafe, where the club meets will be closed for several days.

ARE VISITING PARENTS

Mr. and Mrs. Raymond Bass and son of Midland are visiting here this week with his parents, Mr. and Mrs. M. G. Bass.

Two Ordinances Are Passed By City Council

The City Council in regular session November 30, 1953, read on first reading and passed two ordinances in keeping with their plans to afford a better living for the citizens of the city of Muleshoe.

The first ordinance pertains to the handling of food, persons, and the housing of said establishments engaged in the handling of food.

The second ordinance pertains to the licensing of ITINERANT VENDORS, and TEMPORARY BUSINESSES. This ordinance will, when finally passed, serve as an equalizer of those people who come into our town and sell merchandise in competition with our well established business firms.

Mrs. E. E. Holland Opens New Luziers Cosmetics Studio

Mrs. E. E. Holland will have the formal opening of her new Luziers Cosmetics Studio this coming Saturday, December 5. The new studio is located at the former site of the Holland Barber Shop.

Mrs. Holland started selling Luzier's cosmetics in 1948, and up until now has had her studio in her home.

In addition to selling cosmetics, Mrs. Holland will be the agent for Bernina Sewing Machines. The lady from Clovis will be here Saturday to demonstrate the machine.

Everyone is invited to come in and see the new studio, and the Bernina Sewing Machine.

Free gifts will be given away Saturday.

Several Cases Scheduled For Trial In District Court Here Next Week

Several cases have been set down for trial in district court for Bailey County the coming week. The week has been designated for trial of jury cases, both criminal and civil and a jury panel of sixty men will report Monday morning.

The docket includes cases against Gordon Smith, James Allen, and Fred Stewart, indicted on various charges by the grand jury which convened in November at the beginning of the term. Men summoned to report for possible jury duty are listed as follows:

FHA Loans Status To Be Discussed In Meeting Here

Possibilities of re-establishing Federal Housing Administration loans in Muleshoe will be discussed here the night of Thursday, December 10, when George Reinhardt, of Lubbock, FHA representative will discuss the situation with a group of local men.

A public meeting will be held in the dining room of the West Post Office Cafe, beginning at 7:30.

Local lumbermen, builders, representatives of loan companies, and those who might be interested in an FHA loan are invited to attend the meeting.

FHA loans have not been available here for some time, because private investors, who supply the money for FHA approved and guaranteed loans, have had the opportunity to invest their funds at a higher rate of interest. Some loans have been available from other sources, however, all along.

The entire situation will be canvassed at the meeting here and everyone who has any interest in the subject is invited to attend.

Max Steinbock To Receive Discharge From Armed Forces

A-2c Max C. Steinbock, son of Mr. and Mrs. Willie Steinbock, of the Lubbuck community, will soon receive his discharge from the U. S. Armed Forces.

He is presently stationed at Ellington AFB, in Houston.

There will be a meeting of the directors of the Bailey County Farm Bureau, this coming Monday, December 7, in the office of the Farm Bureau. The meeting will begin promptly at 2:00 o'clock p. m., and president, W. T. "Bill" Millen, asks that all the directors be present as this is a very important meeting.

Marvin Forbes, 60, Died November 29

Emory Marvin Forbes, 60, passed away Sunday night in Brooks General Hospital, Fort Sam Houston, San Antonio. He was a brother of J. M. Forbes, of Muleshoe.

Funeral services were held in Alamo Funeral Chapel, San Antonio, Tuesday afternoon and interment was in the National Cemetery there with the military in charge of committal services. He was a veteran of World War I. He had resided near San Antonio the last several years.

Born January 3, 1893, at Hillsboro, Mr. Forbes had lived most of his life in West Texas, in New Mexico, and in Colorado. He was wounded in action in the final days of the war, during the Argentine push through the Argentine Forest. He entered the service from Estancia, N. M., where he was homesteading land at the time, and served through the war with a New Mexico division. After the war he homesteaded in Colorado.

Survivors are: his wife, Mrs. Louise Forbes, San Antonio; his sister, Mrs. Clara Tyson, San Antonio; and five brothers, Wallace Forbes, Hamilton, Colo.; Milton Forbes, Muleshoe; Ira Forbes, Houston; and Ben Forbes, Arlington.

Barron Stewart Is Speaker At Rotary Meeting

Barron Stewart, professor of economics at Eastern New Mexico University, Portales, spoke to members of the Muleshoe Rotary Club at their regular meeting in West's Post Office Cafe Tuesday.

Mr. Stewart based his very interesting talk on employer-employee relationships.

Guests for the day were Rotarians Brewer Neil of the Stamford Rotary Club, and J. Spaulin and John Dolin of the Melrose, N. M. Club.

Gene Black was the student guest for the day.

Bob Gregory presided over the meeting in the absence of the president, J. M. Forbes.

Thousands See Santa Claus, Take Part In Treasure Trail Here Monday

Thousands jammed the streets in Muleshoe Monday as the Santa Claus parade, and the big Christmas Treasure Trail Hunt got underway. Merchants who were to give away prizes in the Treasure Trail Hunt put the Treasure Trail sign in their windows, and anyone who wished to could go inside and register. Each place of business had their drawing at the time of day which was most convenient to them. Approximately \$500 dollars in prizes were given away.

Following is a list of the various merchants who participated in the Treasure Trail Hunt, and the persons who won their prizes:

Malone Milk Co., Alton Epping; Bovell Motor Supply; Mrs. O. G. York; Muleshoe State Bank; Morris Childers, Mrs. Morris Nowlin, Joe Damron, Mrs. Frank Williams, L. M. Bell, Mrs. Floyd Arnold, Mrs. Sylvan Robison, Mrs. Raymond Green, Mrs. Robert E. Ruddle, Jr., and Mrs. C. H. Bewley;

Supt. Jerry Kirk Attended State Meet In Dallas

Mr. and Mrs. Jerry Kirk and daughter were in Dallas last Wednesday, Thursday and Friday for the State Teachers Association meeting.

Mr. Kirk reports that there were some very interesting sectional discussions and speeches by Senator Akin, and Lyndon Johnson and various school leaders.

They attended the University Interscholastic meeting, and found this to be very educational, as were the exhibits of the various school supply companies which were on display at the State Fair Grounds.

Acapella Choir From WTSC Will Present Concert

The Acapella chorus and the male quartet from West Texas State Teachers College at Canyon will be in Muleshoe Tuesday, December 8, at the High School Auditorium, to present a concert.

The group will have lunch in the high school cafeteria at 12:30 and will begin their concert at 2:30 p. m.

Keith Gaede, a Muleshoe boy, will be choir soloist.

Everyone is cordially invited to attend.

"Robot" Sewing Machine At Bass Appliance Now

Harvey Bass Appliance are this week introducing something new in the way of Sewing Machines.

The machine known as the Vigorelli "Robot" is a completely automatic sewing machine, that boasts of being the only machine in the world that can make many beautiful designs without aid of adding any wheels or dials.

It is also capable of sewing with two needles at one time, as well as making button holes.

The machine has a capacity of more than two hundred different stitches.

Anyone interested is most cordially invited to attend.

Over 8,000 Tons Meal Produced By Alfalfa Mill Here

The National Alfalfa Dehydrating and Milling Company produced from green hay cut and dried through the drums this year 8,298.20 tons of alfalfa meal.

The farmers were paid \$111,695.48 for this hay. The average returns were from \$80.00 to \$90.00 an acre. Allowing \$35 an acre for water, labor, etc., this would leave the farmer from \$45 to \$50 an acre net. The Alfalfa Mill has a payroll from \$6,000 to \$8,000 every two weeks during the green hay season which is a source of livelihood for about 50 employees.

The merchants of Muleshoe are glad to see the mill begin operations in the spring as it gives revenue to the town as well as to the farmers. The farmers like to have the mill dehydrate their hay since it eliminates baling at night, it eliminates loss of time in watering while hay is curing on the ground while hay is curing the loss from damaged hay due to rains, it eliminates loss from wind blowing hay out of the field, etc.

"Man Of Year" Citation Awarded L.J. Cappleman

L. J. CAPPLEMAN

The Agricultural "Man of the Year" citation has been awarded L. J. Cappleman, Texas State Director of the Farmers Home Administration, for "conspicuous service in promoting improved farming and living practices". The Progressive Farmer award is made annually to a Texan in recognition of his leadership in agriculture in this state.

Two outstanding accomplishments have spotlighted Cappleman's Government service, both interwoven in the fabric of success of Texas farmers. Better farming always has been a factor motivating Cappleman's service to agriculture and Texas. Progressive Farmer pointed this up in its December issue. His slogan: "Let's do good farming" has been advice he has given every statewide or district meeting which he has attended and a motto he has strictly observed

during the seven-year life of the present Farmers Home Administration, of which he is the Texas head.

"His motto has proven itself. When folks do 'good farming' they can pay their debts and move up the ladder of success". Cappleman attributes the success of the Texas Farmers Home Administration to service rendered the program by county Farmers Home Administration committeemen. The local county committee is composed of three farmers, who aid the Farmers Home Administration county supervisors in planning and carrying out the farm operations. These committees are all public spirited citizens interested in improving the welfare of farm families in their communities. Learning heavily on these committees, Cappleman pointed out that the members make the task of the county supervisor and other officials lighter, as they aid in solving problems constantly arising locally within the program.

County Supervisor Arch Fowler of Muleshoe is in charge of the local program, assisted by Committeemen: David S. Anderson, Muleshoe; Albert Ellis, Baileyboro; and Ernest W. Locker, Route 2, Muleshoe.

Letters To Santa . . .

Dear Santa Claus,
I am a girl 11 years old. I have a very cute boy friend. He has a curly head and he is in the Muleshoe football games. I want a watch and purse and I want anything. I think he won't want a doll but I don't know. My nice wants a doll.

Parmer County Farm Bureau News

By Ralph Smith

Farmers of Parmer County: Before you forget what bountiful harvest you have been blessed with this year, picture the kids and grownups in Korea who doesn't have anything for which ever meal you may be sitting down to next. Picture, if you can, the gratitude in the faces of those hungry people when your church missionary comes to them with a sack of flour made from the maize that someone in Parmer County gave through CROP. You can avoid the next scene; that of the family that waited patiently and hungrily, but for whom your missionary had no food because you, or your neighbor neglected to give a little maize to the cause. If you don't have time to haul it to the Shirley Elevator in Bovina, Penny Anderson, manager, has agreed to come and get it at no cost to you. Pastors remember that your missionary budget does not include enough to feed and clothe those to whom your churches minister. Encourage your members to give to the Christian Rural Overseas Program. It won't hurt your local budget. Wilbur Charles of Bovina is chairman of Parmer County CROP.

Farm Bureau Directors and PMA and SCS representatives met Monday night in Friona to plan an attempt to save a large amount of money for conservation practices that, under the law of this year, could not be diverted from unnecessary practices, but would go back to Washington.

If you've never heard a parakeet talk, you haven't been in the Farm Bureau Office lately.

Do you appreciate the alert action of Texas Attorney General John Ben Shepperd in the recent alleged attempt of communists to gain control of Texas oil industries? Why not drop him a line and express your confidence.

Recent new members of Parmer County Farm Bureau are Harry Hamilton and Neel Wood, south of Friona. If you are interested in the 3,589,000 acre increase in cotton allotment for 1954, as advocated by Farm Bureau, say so by joining.

Consider This: He that hath a bountiful eye shall be blessed; for he giveth of his bread to the poor. —Proverbs 22:9.

Cotton Seed Donation Program At Stand Still

Rainfall normally slows the average farmers harvesting and land preparation down. During the lull the farmer could devote some of his spare time to making a donation to the Good Neighbor Cotton Seed Program.

In spite of the repeated call for help, the program is still very much at a stand still, according to Bill Millen, chairman of the effort.

Bill would like to again remind each farmer that the only way to put the program over is one hundred per cent co-operation.

Farmers Face 8.4 Million Bale Carry Over From Last Year's Cotton Crop

COLLEGE STATION. — When the 1954 cotton crop moves to market, growers will compete with an 8.4 million bale carry over, the largest of any postwar year.

Furthermore, while an approval to marketing quotas will assure growers a 90 percent parity support price, John G. McHaney, assistant extension economist, says cotton acreage allotments will reduce the state's crop next year by one-third.

Tentative national marketing quotas call for the production of 10 million bales of upland cotton and 20 thousand bales of extra long staple. Acreage allotments should tend to boost the price, but will cut the total cash receipts from cotton, McHaney explains. Allotment quotas must be approved in a national referendum vote by two-thirds of the growers.

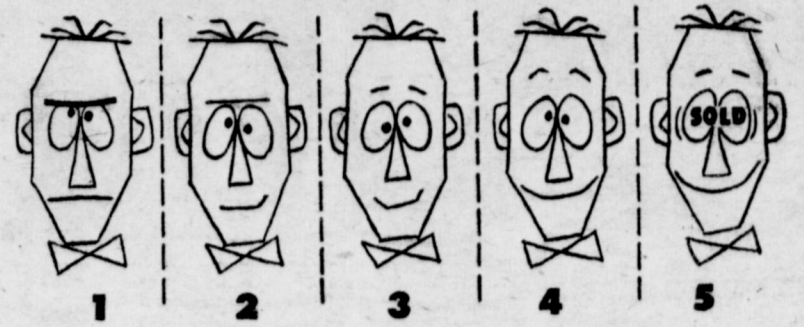

The current crop of upland cotton is about 25 percent larger than normal and approximately twice the extra long staple is in supply. Including the 1954 crop, the carry over from last year and a few imports this country now has 21 million bales. Domestic consumption and exports will lower the supply to 8.4 million bales by August, 1954, McHaney says.

The economist foresees a small drop in domestic milling consumption during the coming year. Delivery to the military forces probably will decline. And, while cotton exports are down 2.5 million bales from 1951's 5.5 million, a further decline is not likely. Exports may advance slightly, he says.

Cotton Allotment For Bailey Co Is 88,543 Acres

Bailey County's 1954 cotton allotment, as announced Sunday, will give the county considerably less than half of the acres seeded to cotton in 1953. The county's allotment figure is 88,543 acres.

Parmer County, which has in recent years gone into cotton production more and more, will be allotted only 28,000 acres under the plan announced. All counties in this area will have less than one half of their 1953 acreage.

What to plant on acres that will be withdrawn from cotton will likely be a problem for many farmers of the area.

Individual Allotments
It was said that individual allotments are being prepared and will be released by counties probably by Dec. 10.

Following are the allotments in acres for South Plains counties: Bailey, 88,543; Borden, 18,646; Cochran, 73,814; Crosby, 114,124; Dawson, 213,160; Floyd, 84,847; Gaines, 62,248; Garza, 192,340; Hale, 144,763; Hockley, 192,157; Howard, 77,629; Lamb, 193,657; Lubbock, 236,635; Lynn, 193,108; Martin, 93,604; Mitchell, 71,759; Scurry, 67,649; Terry, 138,824; and Yoakum, 28,211.

Referendum Dec. 15
The cotton referendum is set for Dec. 15, at which time Lubbock County farmers will help decide whether there will be a 90 per cent parity support price or only 50 per cent of parity on the cotton crop of 1954. If more than two-thirds of the nation's farmers vote for marketing quotas, then cotton will be supported at 90 per cent of parity with a 45 per cent of parity penalty for excess acreage.

If more than one-third of the farmers vote against quotas, then cotton will be supported at 50 per cent of parity for those who do not plant excess acreage.

Can Vote By Mail
The voting stations will open at 9 a. m. and will close at 6 p. m. Any farmers desiring to vote by mail must pick up a ballot at the ASC office. Also, if farmers with farms in other counties wish to vote from Lubbock, they may obtain a ballot at the ASC office and mail it to the ASC office in the county in which their farm is located.

Though the ASC is neutral on the question of how farmers should vote in this referendum, it urges that every farmer who will plant cotton next year go to one of the voting stations and vote as he sees fit.

Farmers are reminded said the ASC officials, they are not voting on the question of cotton allot-

ments. Allotments have been declared and will go into effect. In this referendum the nation's farmers are simply to decide what per cent of parity will be determined, and what penalties will be assessed to those who overplant their allotments before the Dec. 15 referendum, the ASC officials further said. The state and county allotments have been calculated and individual allotments are now being figured by each ASC county office.

Twelve Members Attend TEL Meet
The T. E. L. Class of the First Baptist Church met with their teacher, Mrs. A. C. Bray in her home, Tuesday, December 1, for their regular meeting.

Mrs. Motheral gave the devotional, and a short business session followed.

After the business meeting there was a social hour. Approximately twelve members were present.

Rebekahs To Have Christmas Party December 22

Muleshoe Rebekah Lodge met in regular session Tuesday night with Noble Grand Clara Lou Jones presiding.

The members voted to send a Christmas Love offering for the aged in the Rebekah home at Ennis, and for the orphans at Corsicana.

The Christmas party was discussed and it was decided to have it on the 22 of December.

Election of officers was held and those elected were Noble Grand, Fern Davis; vice-grand Myrtle Freeman; secretary, Fay Lambert; treasurer, Ina Gross; lodge deputy, Clara Lou Jones; team captain, Frank Snyder; representative to Grand Lodge, Clara Lou Jones; and alternate representative, Gladys Baugh.

Lola Goodnough, Lodge Deputy, held a school of instructions. The Lodge members were very happy to have several present who had been absent for some time. Interesting speeches were made by several members.

Everyone is urged to come and help with the Christmas party.

Scarborough-Evans Exchange Vows

Miss Patsy Scarborough, daughter of Mr. and Mrs. H. R. Scarborough of Muleshoe, and Mr. Billy Jo Evans, son of Mr. and Mrs. Joe Evans, of Hereford, were married Sunday afternoon at 3:30 o'clock in the home of the bride's parents.

Only relatives and close friends attended the ceremony, which was performed by the Rev. H. L. Bayless, pastor of the Muleshoe Assembly of God Church.

The bride, given in marriage by her father, was lovely in a ballerina length dress of lace over white satin. A lace ballerina was worn over the tight fitting bodice, and a peplum of lace edged in satin, flared out over the full skirt. She carried a white lace handkerchief on a white Bible for something old, and her corsage was of white carnations. Her white hat was trimmed in tiny seed pearls.

Bridesmaid Alma Hawkins, wore a street length dress of baby blue taffeta, and black accessories. Her corsage, worn at her waist, was of pink roses.

Wayne Knowlton served as best man.

Mr. and Mrs. E. J. Calloway, Sr., Observe Golden Wedding Anniversary

Mr. and Mrs. E. J. Calloway, Sr., of Lometa, celebrated their Golden Wedding Anniversary in their home Sunday afternoon, November 8th, 1953.

From the hours of two to five about 75 guests registered in the gold taffeta covered guest book. Granddaughters, Mrs. Carroll D. Black, Mrs. George Dilli, Jr., and Mrs. Jeral Kirkland registered the guests.

The refreshment table was covered with a white handkerchief lace cloth over gold. The beautiful three tiered cake, trimmed in white wedding bells, love birds and bride and groom figurines, was prominently displayed. Yellow flowers were used for the center piece. Crystal punch service, serving trays, and candle holders with gold candles completed the table arrangements. Daughters and granddaughters served the cake and punch during the afternoon.

Enoch J. Calloway and Miss Bessie Phillips were married in Meridian, Texas on November 11, 1903. They lived in Bailey County, Texas 24 years prior to moving to their ranch six miles west of Lometa five years ago.

Mr. and Mrs. Calloway have seven children, twenty-three grandchildren and fifteen great grandchildren. One son is deceased. All the other children were present.

The three daughters and their

husbands are: Mr. and Mrs. Frank Thomas of Muleshoe, Mr. and Mrs. George Dilli of Amarillo, Mr. and Mrs. J. D. Kirkland of Hereford.

The three sons and their wives are: Mr. and Mrs. S. B. Calloway of Lometa, Mr. and Mrs. E. J. Calloway, Jr., of Goldthwaite, and Ted Calloway of Lometa.

Grand children attending were Mr. and Mrs. Carroll D. Black, of Muleshoe, Frank B. and Donna Thomas of Muleshoe, Mr. and Mrs. George Dilli, Jr., of Amarillo, Mr. and Mrs. Jeral Kirkland of Hereford, Walter, Alice, Billy, and Bobby Kirkland of Hereford, Ronald Joe and Cheryl Lynn Calloway of Lometa, Tedney Leroy and Etta Jyniece Calloway of Goldthwaite.

Garden Club To Have All Day Meet

Mrs. A. J. Lenderson announces that the Garden Club will have an all day meeting Tuesday, December 8, in the home of Mrs. Morris Childers. The meeting will begin at 9:30 a. m., and all members are asked to bring a sack lunch.

Watch the paper next week for the surprise the Club is planning, which will take place sometime around Christmas.

Mrs. Wilson Pays Visit To Eastern Star Lodge Here

The Muleshoe Chapter of the Order of Eastern Star had their regular meeting Tuesday night, December 1, at 7:30. Ruby Cox, Worthy Matron, presided.

Mrs. Margaret Wilson, Deputy Grand Matron of District 2, Section 3, made her official yearly visit Tuesday night, and gave a very interesting talk.

Nine other guests besides Mrs. Wilson were present for the meeting. They were: Mmes Zonelle Maples, who is Worthy Matron at Dimmitt; Ruby Coke, Genevieve Howe, Mr. and Mrs. Roy Conard, Mr. and Mrs. Porter Stone, and Mr. Raymond Wilson. All were from Dimmitt.

It was decided to have the annual Christmas party, and the date will be decided later, and members will be notified.

An invitation was received from the Lubbock Chapter of Eastern Star inviting the Muleshoe Chapter to attend a coffee from 10:00 to 12:00, Thursday, December 10.

The Chapter voted to send \$10 to the Eastern Star Orphans home for their annual Christmas gift, and to adopt Mrs. Anne Bush, who is in the Old Peoples Home in Arlington, and send gifts or Christmas cards to her.

Following the business meeting, refreshments of mints, cheese sandwiches, pin-wheel, and ice box cookies, and punch were served to the approximately thirty-nine guests and members who were present by Mmes. Iris Butts, Almah Davis, Margaret Epting, and Lola Brown.

The Lodge Hall was decorated in the Christmas motif for the meeting, and the serving table was covered with a lace cloth

Let's talk turkey

Whether you are planning to serve one of the small turkeys that weighs just a few pounds or the traditional 20-pound bird this Christmas — you can be sure it will cook to perfection on your modern gas range. If you are broiling, roasting or frying your turkey let your modern gas range take over the cooking job — while you enjoy a real holiday with family and friends.

To Roast a Turkey

Salt body cavity and stuff lightly; close opening by placing several skewers across it, then lace around them with a cord. Grease the skin of the bird with melted cooking fat, then salt and pepper. Place on rack in an open roasting pan. Roast the turkey with breast down until 45 minutes before end of cooking time, then turn bird to allow skin to become golden brown. If desired, cover top and sides of bird with fat-moistened cheesecloth during the roasting period. Roast according to following chart:

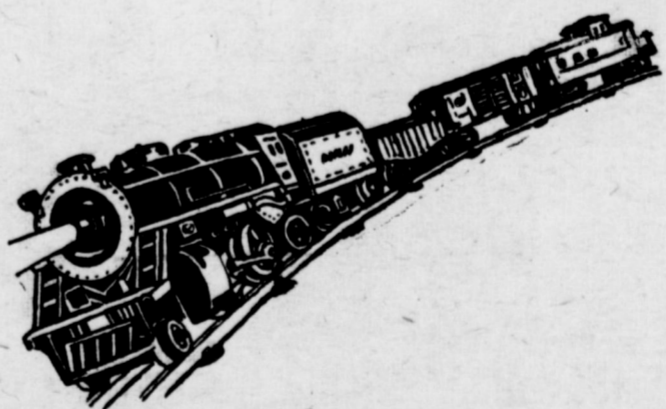

Weight	Temperature	Hours
8 to 10	325° F.	3 to 3½
10 to 14	325° F.	3½ to 4
14 to 18	300° F.	4 to 4½

4,000 Texas Youths Will Be Inducted In January, 1954

AUSTIN — Four thousand Texas youth will be sent for draft pre-induction physical examinations in January, the largest number to go in any one month since the past May.

Local boards will be sent the order the first week in December, Brigadier General Paul L. Wakefield, state Selective Service director, said Tuesday. At the same time, General Wakefield announced a January induction call of 1,314.

Pre-induction physical examination quotas have run under 2,000 a month since the past July. General Wakefield gave two reasons for the increase: (1) The pool of examined and acceptable men has decreased, and (2) induction calls are expected to rise sometime during the first half of 1954.

Pre-induction physical examination quotas for the state originate under authority of the state director of Selective Service. State quotas for induction come from the national director.

General Wakefield said that local board quotas for the January induction call should be in the offices of local boards by December 1. State induction quotas have run from 1,250 to 1,800 since the past June.

Local boards must fill their January call with men 20 years old or older if they have them. If necessary to reach its quota, a board may send men under 20 for induction. Eighty-three men out of every 100 inducted in October were 20 years old or older.

Since beginning of the Selective Service act in 1948, a total of 75,435 Texas men have been inducted under the law. All but about 1,450 of these have gone into service since the fight in Korea began in 1950.

Since beginning of the 1948 act, Texas has delivered 173,896 men for pre-induction physical examination.

The History Of Christmas

(This is the first of a series of articles written about Christmas by members of the Hardin-Simmons University Bible Department. This story was written by Dr. Lindell O. Harris, Head of the Department.)

WHY CHRISTMAS

OBSERVE CHRISTMAS

The History of Christmas

By Lindell O. Harris

The Christmas story centers in the Christ-child of Bethlehem. However, this fascinating story had its beginning in ancient Mesopotamia, the cradle of the race, and the probable site of Eden.

The "twelve days" of Christmas exchanging of gifts, brightly decorated floats, merrymaking, singing from house to house, feasting, and religious processions were all found in Mesopotamia over four thousand years ago.

The New Year's festival lasted twelve days, as the Christmas season is supposed to do. It was a time of crisis for the people as the old year died and the New Year was born.

Marduk, their chief god, had overcome the monsters of chaos in creation, but this struggle was renewed each year.

The empty brown of the fields told the story that life was dying. Marduk must fight to renew the world.

The people considered it their duty to help Marduk in any way that they could. Accordingly, much of the festival consisted in this support by the people.

The Mesopotamian faced a threefold problem: purification from the sins of the past year, the finding of a substitute who would take the consequences of those sins, and the renewal of strength which the old year had taken away.

An important part of the festival was the recitation of the Creation story, re-enacting the creation of the world by Marduk. As part of the drama the king must "die" at the end of the year and go into the underworld with Marduk in order to battle at his side.

However, a "mock" king saved the life of the real king by substituting for him. The "mock" king was dressed in royal robes, given homage, and then slain in place of the real king.

At last came the moment of the festival when Marduk began to prevail over the powers of evil. In great rejoicing the people drew large floats down the

streets. Many masqueraded in gay costumes. Friends exchanged gifts with one another.

Such was the festival spirit of this ancient land. These ancient festivals found their way westward to Greece and Rome. It was in Rome that the festival of the Saturnalia was conducted with such boisterous rejoicing.

It began around the middle of December and lasted until January first. In the midst was December 25, the day when the sun was at its lowest ebb, but soon ready to increase again and send its rays of warmth and growth to the earth.

Saturnalia was a time of drunken revelry for many Romans. For others it was simply a time of making merry. Jolly crowds masqueraded through the streets ate big dinners, and visited their friends.

They exchanged gifts and wished one another good luck. Moreover, the Romans decorated their houses this time with boughs of laurel and green trees and with lighted candles and lamps.

Slaves and masters ate together, often exchanging places, the masters waiting on the slaves.

The early Christians tried to prevent the celebration of the Saturnalia, but in vain. What happened in history was that the festival was purged of its crude and immoral elements and made to honor the Christ-child of Bethlehem.

After a battle of centuries the thoughts of the people were turned from the pagan gods to the worship of the Lord.

The festival spirit of pagan merrymaking became the glad rejoicing over the birth of a Savior.

When was Jesus born? No one knows the exact historical date of his birth. The observance of December 25 as the birthday of Christ was chosen several centuries after his death.

In fact, the early Christians were not interested in the date of his birth. The important thing to them was his death and resurrection.

In the early Church the deity of Christ was stressed much more than his humanity. As soon as the Church had settled to some extent the question of his deity, it continued with the question of his humanity.

Some had been unable to admit that he was really human.

In time the question of the relation of the two natures was much discussed. Christ was then viewed as being completely divine and completely human, a God-man. Jesus was born of a human mother, yet born divine, a God-infant and a human-infant.

It is a curious fact that the idea of baptismal regeneration which could be applied to infants, helped to accelerate the interest in the birth of Christ.

As Christ was born divine, so could every infant receive the grace of God in a miraculous manner in baptism. Along with this, Mary, the mother of Jesus, was regarded in a new light. Up until now she had been revered with other great Christians of the Apostolic Church.

Since she was the mother of Jesus, she was regarded as having done something that no other woman had ever done. In addition to this, the idea of motherhood represented something tender and endearing to every heart. Adoration very easily became worship.

Why was December 25 chosen as the day to celebrate the birth of Christ. This date was probably chosen because some of the ancient pagan festivals occurred at this time.

The ancient Zagnuk and Saccia festivals of the Mesopotamians, the Saturnalia in Rome, and the solstice celebrations of the Northern European peoples made their contributions.

All these celebrations came in the last days of the old year and the dawning of the New Year.

December 25 came in the midst of these various celebrations. In the process of time Christendom was able in the Christianizing of the pagan world to direct the thinking behind these celebrations to the worship and celebration of the birth of Christ.

Jesus was finally given a birthday. The Christmas story, after a long voyage of many centuries through many lands, has centered its message in the birth of the Christ-child.

Today, it is a story that has become sacred to untold millions, not because of its ancient pagan background, but because of its meaning to every Christian.

It means that over nineteen hundred years ago the supernatural Christ broke into the stream of human history by taking unto himself a human nature and being born of a human mother.

It means that God has revealed himself to man.

It means that God has come near man.

It means that God has become

"The coffee's terrible but it's the only restaurant in town"

Muddy coffee. Soggy toast. Indigestible food. Bad luck for the hungry salesman who stops in that town for a bite to eat. The missing ingredient is "competition."

Funny how that word has a way of stirring up activity.

People who manufacture things, for example, prickle all over when they think about competition. They sit up evenings fretting about it, and spend millions to improve their products. The result, of course, is high quality at lowest possible cost. And the winner of a contest like that has to be the public.

People are tempted sometimes to wonder what life would be like without competition. For a clue, they might note the shabby fall in living standards in countries where clumsy fingers of state monopoly have strangled competition.

Over 3,000 manufacturing firms in America share in the electrical business. We can name offhand 20 sizable firms that compete at giving the public better refrigerators. There are more than 200 rivals in the making of electric motors. At least 37 in electric irons; 53 in home freezers; 25 turn out vacuum cleaners. And so on down the list.

Some companies competing with General Electric today actually sprang up from the seeds of General Electric research. New products have invited new companies. In certain cases, whole new industries. And more will come.

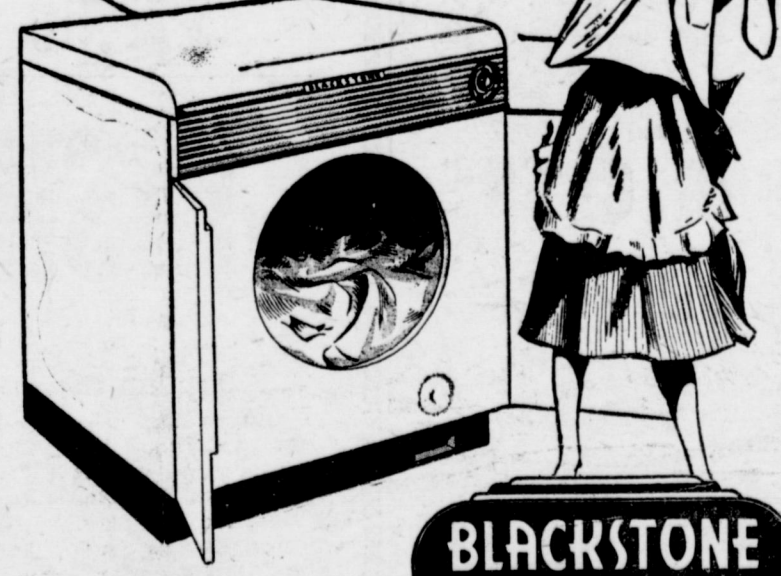

The competitive race just never ends. That sounds tiring for the contestants, but in fact it is healthy exercise. Healthy for the country, too. At General Electric we wouldn't have it any other way.

Muleshoe Lions Basketeers Are Ready For Earth

The Muleshoe Lions Club basketball team under the expert tutelage of Coach Pat Bobo are rarin' to go in their first game come 7:30 p. m. tonight. The team has a distinct odor of liniment, but Coach Bobo says he is using this method of throwing the other team off guard (it's not known just what he meant by this, but it probably means something.)

The Muleshoe team will battle the Earth Lions in the Muleshoe Junior high gym and will be the first in a series of clashes with other Lions Clubs in the district.

The line-up for the Muleshoe team are as follows: forwards, Lowell Irvin St. Clair, Lee Pool, Ernest Kerr, Tye Young, Ray Franz, and Bobby Sam Damron; Guards, H. S. Sanders, Jr., C. O. Jones, Frank Cox, Jeff Peeler, W. E. Young, Arch Fowler, and Ben Chapman; Centers, D. Clements, Jerry Kirk, and Lee Roy Scott. Coach Bobo at this time de-

clined to announce his starting line-up, but said that H. O. Barbour was definitely the medical advisor and trainer.

Referees for the tilt will be Mack Hale, Muleshoe and Collier Huffman, of Earth.

The game promises to be an exciting affair if the players can hold out, of course, winners of the district play will probably advance to some bowl game (or do they have bowl games in basketball).

ATTENDED REUNION

Mr. and Mrs. D. O. Burlsmith and family spent the holiday weekend in Vernon with her parents, Mr. and Mrs. L. W. Bell. The Bell family reunion was held on Thanksgiving Day.

'53 Cotton Crop Rolling To Gins

8.4 MILLION BALE CARRYOVER

Cotton Allotments Will Slash '54 Crop By One Third, Is Estimate

Secretary of Agriculture, Ezra T. Benson has recently followed the dictates of the laws passed by Congress and declared the necessity of acreage allotments on the next cotton crop. By using the formula in the laws of congress, the nations cotton crop is to be reduced to 17.9 million acres. Texas will get 7.3 million acres as their portion based on the states production from 1947 to 1952 excepting 1949 which was taken out by a special law that was passed to bring about a voluntary reduction for that year.

Bailey county has been given an allotment based on their cotton acreage for 1947 through 1952 excepting 1949. The allotment for Bailey County is 88,543 acres, 9,048 of which was added due to upward trends in cotton acreage in the county in recent years.

Each county in Texas has been given a factor for figuring cotton allotted to each farm and this factor is large or small depending on the long time history of cotton production in the county and other related factors.

The factor for Bailey County is 29.6% of the cultivated acres after wheat allotment acres have been subtracted

from cultivated acres. The answer derived from figuring 29.6 per cent of cultivated acres less allotted wheat acres will be the cotton allotment for a Bailey County farm unless the greatest cotton acreage in 1951, 1952 or 1953 is less than the answer obtained by the above means.

In the event a farm has not produced enough cotton in 1951, 1952 or 1953 to equal or exceed the acreage found by using the 29.6 per cent factor, he will be allowed to plant as many acres as he grew in his biggest cotton planting year of 1951, 1952 or 1953. Based on the 160 acre farm without a wheat allotment, a Bailey county man will be allowed 47,36 acres of cotton in 1954. The Congress of the U. S. could increase the national allotment and indications are that they will. In this event, Bailey County will again benefit more than older cotton growing counties due to the upward trend in cotton growing in this county in recent years.

TO TYLER

Mr. and Mrs. E. P. Burlsmith, long time residents of the Muleshoe country will move to Tyler some time this week or next.

The chug-chug-chug of tractors and the roar of many cotton gins can be heard around the country side as harvesting of the 1953 cotton crop continues. Cotton trailers by the hundreds are hugging every highway leading to the gins in and around Muleshoe. Cotton is piled high in fields where the farmer doesn't have enough trailers to go around. These and many other indications tend to prove that this will be the mightiest cotton crop in this area for many years. Ginners also report that the peak has not been reached.

The four gins in Muleshoe reported that up to Tuesday noon had ginned 11,907 bales of cotton. This group of gins include the Co-op Gin, the Edwards Gin, the Nickels Gin and Paymaster Gin.

Each of these gins report that their yards are full of unginned cotton and more is coming in each hour.

Grades of the cotton has remained fairly good, and the price is still in a fluctuating

stage. The Journal was unable to get a report on the amount of cotton already on the Compress yard or the amount that has passed through the yard, but the yard looks full and the Union Co., is adding additional storage space east of the present yard.

It has also been reported that few if any cotton trailers are available at any of the local dealers, except by special order.

Write Letters To Santa Now

Santa Claus, from his home at the North Pole, has asked that all little boys and girls get in their letters to him as soon as possible.

The Journal hopes to print every Santa Claus letter that is written to him, and will appreciate it if the children will write their letters at once and mail them to The Journal.

To send a letter to Santa Claus just address it to The Muleshoe Journal, Box 787, Muleshoe, Texas. They will be forwarded to Santa and will be printed in coming issues of the paper.

Ex-Farwell Mayor Enters Guilty Plea

WICHITA, Kan., Nov. 28 — C. M. Henderson, former mayor of Farwell, Texas, and Wayne Marteney, former presidents of the bankrupt Garden Grain and Seed Co., of Garden City, Kan., pleaded guilty in federal court today to charges of dealing interstate in fraudulent grain warehouse receipts and drafts.

Marteney pleaded guilty on two of 15 counts and Henderson on one of five counts. The government dismissed the other counts.

Federal Judge Delmas Hill ordered both to appear for sentencing Dec. 14. Marteney has been free under \$10,000 bond. Henderson has been serving a four year year sentence in an unrelated case at the federal correctional institution at Seagoville, Texas.

Marteney also is awaiting sentence on his conviction Feb. 27 on a 29-count grand jury indictment charging that he converted 3,000 tons of government owned grain.

He was convicted of diverting to his own use or to company use grain sorghums owned by the Commodity Credit Corp., and stored with Garden Grain in the months before the firm's creditors threw it into federal bankruptcy early in 1952.

Today's Meditation

God sending his own Son in the likeness of sinful flesh, and for sin, condemned sin in the flesh. (Romans 8:3.) Read Hebrews 3:12-15.

Someone has said: "God has left nothing undone". He has watched over the human family from the beginning. He graciously provides for us. With infinite wisdom He laid plans for our redemption by sending His Son to prepare the human family for the Redeemer. Through thousands of years of careful tutoring this preparation was accomplished.

One night in Bethlehem came

by the shepherds upon the Judean hills. Light burst from heaven. A brilliant star shone in the sky. Instantly, an angelic choir was singing. The shepherds were told the story of a little Babe in a stable in Bethlehem. What a perfect Christmas!

What a perfect Christmas awaits all those who accept God's gift of love—Christ, the Lord. Christmas is joyful for all those who receive and gratefully acknowledge heaven's gift.

PRAYER

We thank Thee, our heavenly Father, for Thy Son's coming. We pray that Thou wilt keep the light of Thy love shining over the path of our pilgrimage. Nurture us in faith and help us to live by those spiritual qualities

that will bring us to Thee. In the name of our Lord. Amen.

THOUGHT FOR THE DAY
God has proved His faithfulness by sending among us the promised Saviour.

Joe Adams

Dear Santa,
We have been two good little boys this year and I would like for you to bring me boots, spurs, gun, holster, and moccasin. My little brother, Leon, wants some boots, spurs, gun, holster and moccasin too. We love you very much and wish you a Merry Christmas.

Please don't forget Mommie and Daddy and all the other children in our Sunday School Class at the Methodist Church.

Love,
Gary and Leon Mitchell

Dear Santa Claus,
I want a cub scout knife and some soft wood. And I want the wood in all sizes. And please let the sub scout knife be sharp.

Edwin Ray Cox

Dear Santa,
Please bring me a set of dishes, a cooking stove, a doll that walks, and a baby buggy. I have been a good little girl. I hope all the other little children have a Merry Christmas.

HOW TEXAS MUST PRESERVE WATER

Nature was very generous in providing us the capacity for storing water underground. Although four-fifths of Texas has poor natural surface water resources, the underground water storage space is not only great but widely distributed.

Conservation of underground water means preventing the waste of water which nature has already stored in these subterranean reservoirs. Conservation of surface water is the saving of water that nature would otherwise waste.

Most of the municipal supply in Texas is still coming from

underground. Among the 700 or more municipal systems in the state using this source are those of Houston, San Antonio, Beaumont, Orange, Port Arthur, Galveston, Amarillo, and Lubbock. Houston and San Antonio are two of the largest cities in America still getting their water from underground. Only about 200 Texas towns or cities depend entirely on surface water.

But when we start thinking of conserving future supplies, we are apt to make a natural mistake. We may see only the surface water and fail to visualize the need for replenishing the stock underneath the land. Farmers and city people near a river are easily impressed by the sight of flood waters that sweep by unused. They can be quickly sold on putting up money for a big dam, especially where the federal government will match their dollars.

Big dams are practical and have their uses. But they are only one-half the picture. The dam hasn't been built yet that wouldn't be rendered useless in 50 years by constant siltage behind it, unless expensive maintenance work is practiced constantly.

We need countless small dams and check dams in the tribu-

Dear Santa,
Please bring me a walking doll a dressing table, and an iron. I have been a good little girl all year. If you do not have enough gifts for everyone, you may use some of mine.

Melinda Harris

Dear Santa,
Please bring me an electric stove, a dolly, and a cabinet. I have been a good little girl all year. Please bring all the other boys and girls lots of nuts, fruits and candy too.

Joyce Puckett

Dear Santa,
I have been a good little girl all year and I would like for you to bring me a doll and bottle. That's not very much so maybe you will find time to come by my house if you are not very busy with the other children.

Love,
Jeannie King

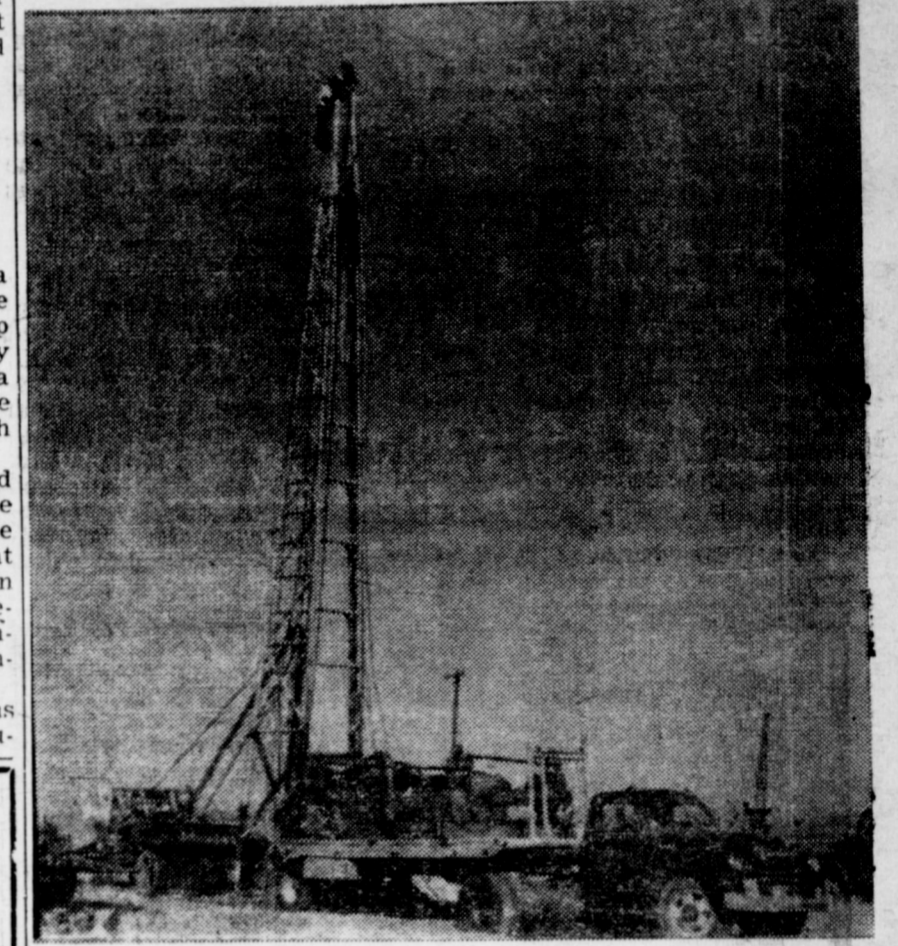

Dear Santa,
I have been a very good little girl and I hope that you will bring me a baby doll and a bottle, and some dishes. Please bring all the little boys and girls lots of nuts and fruit. And a Merry Christmas to you too, Santa.

Love,
Connie Freeman

puts more of the water in the soil. Money spent in this way helps hold the soil on the land, allows water to seep back into natural underground reservoirs and prevents erosion.

The practical idea is to strive for a good balance between large dam projects and soil practices which would restore our underground water. Our most valuable mineral is not oil or gas. We must use our most precious resource, water, in a wise manner—and take steps to replace it whenever possible.

CHRISTMAS CARDS should be ordered now to insure choice, and to insure early delivery.

Ford Tudor—America's lowest-priced V-8 Sedans

Check the other V-8's and you'll discover Ford's Tudor sedans and business coupes are the lowest-priced of all! Like all this year's Fords, they bring you the smoothest going ever. They give you a ride that's a wonder on any kind of road.

Here are America's lowest-priced V-8's...

and they're all worth more when you buy them, worth more when you sell them!

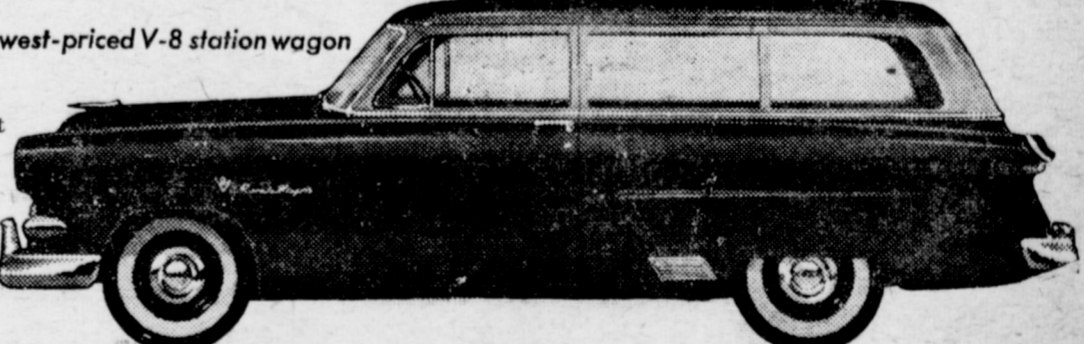

Ford Victoria—America's lowest-priced V-8 hardtop

Meet America's "Best Dressed" Car, the Ford Victoria. Its Crestmark body is haultight. And under its baked enamel finish is the only V-8 in the low-price field. Teamed with Ford's Automatic Power Pilot, it gives you 110-h.p. high-compression GO on "regular."

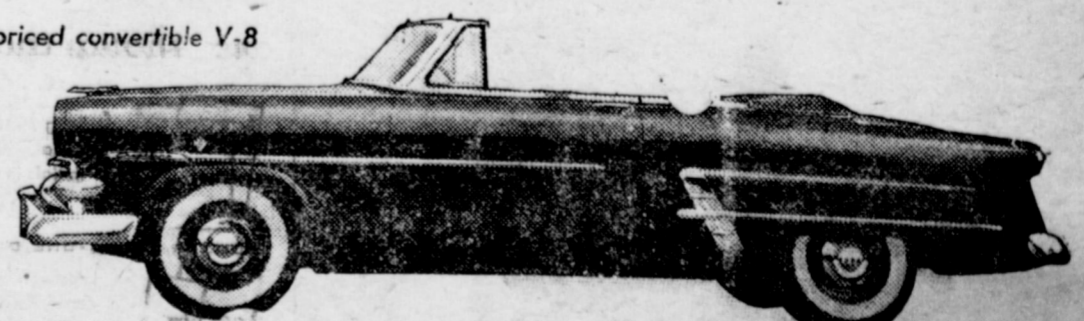

Ford Ranch Wagon—America's lowest-priced V-8 station wagon

The 2-door Ranch Wagon is also available with Ford's Six. It's six passengers big, yet converts to a cargo hauler in seconds... with 6½ feet to the end of the tailgate. Ford also offers the 4-door all-metal Country Sedan and the wood-trimmed Country Squire. Both are V-8 powered.

Ford Sunliner—America's lowest-priced convertible V-8

More people drive Ford convertibles than any other make. Its V-8 engine is the same type of engine as in America's costliest cars. You can have it with Fordomatic, Overdrive or Conventional Drive. Also you can have Ford Master-Guide power steering.

Ford Master-Guide, Fordomatic and Overdrive optional at extra cost.

Ford is the only V-8 in the low-price field.

SOUTHWESTERN PUBLIC SERVICE COMPANY

Clem-Morgan Vows Exchanged Thurs.

The marriage of Miss Jeanne Clem, of Lubbock, daughter of Mr. and Mrs. T. H. Clem of Muleshoe, and Mr. Dean Morgan of Lubbock, son of Mrs. Carra E. Morgan of Springlake, took place at 4:00 o'clock p. m. Thanksgiving day in the Longview Baptist Church.

The double ring service was read by Minister Billy Hatch, pastor of the Circleback Baptist Church, and took place before an archway of greenery and wedding bells tied with white satin ribbons. Altar vases containing white mums were flanked on either side by candelabra.

Traditional wedding music was furnished by Janelle Hackett.

The bride, given in marriage by her father, wore a street length dress of sky blue velvet, which featured a fitted bodice, sleeves of fingertip length, and flared skirt. Her matching blue velvet hat was trimmed in rhinestones, and she wore black accessories. Her bouquet of gardenias surrounded by blue stephanotis, was carried on a white Bible.

Mrs. Billie Marlow, sister of the bride, was matron of honor.

She wore an olive brown suit complimented with dark brown accessories. Her corsage was of yellow roses.

James Riddle, cousin of the groom, was best man. Candles were lighted by Troy Clem, brother of the bride, who also acted as usher.

Jon Ann Thompson of Muleshoe presided at the bride's book. A reception was held immediately following the ceremony in the home of the bride's parents.

The bride's table was laid with a lace cloth over green, and centered with the beautiful tiered wedding cake.

After the reception the young couple left on a short trip after which they will be at home at 506 Ave. X, in Lubbock.

The bride is a 1953 graduate of Muleshoe high school, and the bridegroom is a senior at Texas Tech.

ATTENDED REUNION

Mr. and Mrs. Lee Pool and Mr. and Mrs. W. M. Pool, Mr. and Mrs. Myron Pool, Jr., and Mr. and Mrs. Ragdolph Johnson attended the Pool family reunion in Levelland on Thanksgiving Day at the home of Mr. and Mrs. H. D. Pool. Relatives attended from Harlingen, Plainview, Lubbock, Portales, N. M., and Ordway, Colo. Approximately fifty-three persons were present.

Wesleyan Guild Entertains With Turkey Supper

The Wesleyan Service Guild entertained Monday evening, November 23, with a turkey supper at 7:30 o'clock in the home of Mrs. Fred Johnson.

The house was beautifully decorated with cut flowers. Mrs. Mable Dowell gave a very interesting book review on "Adam 'Bede'".

Guests present were Rev. H. W. Hanks, and Fred Johnson and Mmes. Beulah Carles, J. C. Wollard, I. W. Harden, W. D. Moore, C. R. Farrell, H. C. Holt, H. Jay Weyer, David Anderson, F. B. Pierson, Cecil Davis, J. J. Gross, D. B. Lancaster, J. E. Day, Jesse Wright, Sam McKinstry, Hazle Metz, Nowell Woodley, and Mrs. Good Harden of Port Neches. Members present were Mmes. A. S. Stovall, Delma McCarty, Buford Butts, Homer Sanders, Jr., Dee Warner, Ray Edwards, Jim Burkhead, H. W. Hanks, Mable Dowell, Lois Schoenberger, Jim Cox, and Miss Elizabeth Harden.

Junior Class To Present Play On December 15

"Junior Miss", comedy by Jerome Chordow and Joseph Fields, will be presented by the Junior Class of M. H. S. December 14 and 15.

Rehearsals, under the direction of Miss Barbara Gaither, have been going strong every night from 7:00 until 9:00 o'clock p. m. at the high school auditorium for the past two weeks and will continue up to their production date.

Centered around a "junior miss", the story concerns the well-known Graves family of radio fame. The "junior miss", played by Lou Ann Agee, is familiarly called Judy Graves. Her dotting parents are played by Wayne Bristow and Ginger Gaede. Joanne Dalton plays the older and very sophisticated sister Lois. Lois has many boy friends, among them being, Dwayne Epting, Clinton Dillard, Ernest Martin, R. L. Gabbert, Leon Bayless, and Jerry Inman. Judy's best girl friend, Fluffy, is played by Pat Wright. Old friends of the family are Leon Harvey and Marlene Black, who play J. B. Curtiss and his daughter Ellen. A romantic angle between Ellen and Willis, played by Keith Buhman also develops with the help of Judy. Judy also has a little interest in the opposite sex where Haskell Cummings, played by Jimmy Wilkerson, is concerned. Haskell's best friend, Barlow, is played by Gaylord Tate.

Hilda, the very patient maid, is played by Barbara Douglass. Small but very cute parts are played by Jack Jones, who is the Western Union boy, and James White, who is the elevator boy.

Mary Alice Baker is student director and Wanda Cherry is prompt girl. Miss Martha Thomas, junior sponsor, is assistant director.

Everyone is urged to make his plans now to attend "Junior Miss," December 15.

It is no longer necessary to invest in expensive oversized equipment to profit from ALL the benefits of land leveling when you own a WESTATE. It gives you better seed beds, easier irrigation, freedom from crop-destroying pot-holes and improves the soil year after year. It has a bulldozer attachment to move large humps of earth or fill ditches, and a scraper of exceptional performance.

You can save 50% over comparable levelers doing an equal amount of work because, by a remarkable new principle, the WESTATE uses your tractor as a PART OF THE LEVELING LENGTH. It gives you the additional advantage of greater maneuverability—gets you along fences and ditches and works around and among trees.

WESTATE MODEL "B" is the ONLY effective land leveler that does a satisfactory job with a 3-point hoodup tractor. WESTATE MODEL "B" gives top performance with all other types of wheel tractors.

SEE this new method of land leveling at our store. Ask us to demonstrate it on your own farm.

BABSON DISCUSSES— Our Health And Prosperity

Babson Park, Mass., Dec. 3—
I have an idea that has been
chasing me around lately and
I want to share it with you. I
am beginning to wonder what
effect our national mental health
may have on the business cycle
and continued prosperity.

YOUR EMOTIONS AND MINE

Human nature tells us that our
emotions influence our behavior
in more situations than we would
like to admit. Psychologists point
out, for example, that after the
successful salesman has tried all
his appeals to our logic, and failed,
he burrows away at our
emotions. More often than not
we succumb to the emotional
appeal.

Certainly, if we have ever had
the opportunity to attend a
town meeting we know that the
emotional appeal of some in-
dividual will override all the
logic. Every national political
election has been won by emo-
tional upheaval rather than by
common sense. Probably it was
Eisenhower's appeal to moth-
ers, sisters, wives, and sweet-
hearts, relative to Korea
which won his election.

If, then, it is true that emo-
tion plays such an important
part in our individual lives, and
in our individual lives, and on
our political scene, is it not
just as possible that how we feel
about business conditions may
actually affect the conditions
themselves? We surely know
that confidence is a very impor-
tant factor in banking, manufac-
turing, and buying.

FERTILE AREA FOR STUDY
Businessmen are impatient
with sociologists, anthropologists,
and psychologists because their
experiments take so long to com-
plete, and are so costly. If, how-
ever, some practical-minded so-
cial scientists would team up
with a group of open-minded
businessmen to study the effect
of our national mental health
upon the business cycle and
prosperity, I forecast great dis-
coveries would follow.

The longer I have worked on
the problem of forecasting, the
more I have wondered if there is
not some unknown spiritual and
mental factor that affects other
economic prognostications. At
the turn of the century, Har-
vard's famed Doctor Cannon said
that 50% of the patients who
came into his office for medical
care had nothing wrong with
them physically. Their ills were
psychosomatic, that is, mental
and emotional. If we will add to
these the huge numbers who are
partially psychosomatic but who
never visit a doctor, we must
conclude that millions are ill be-
cause they think they are ill, and
millions are poor or discouraged
because they think they are.

EMOTIONS AND ECONOMICS

We all know what a positive
effect such forces as religion and
psychiatry have had in building
entirely new successful and
happy personalities. We know
from studies made by industry
itself, that the cause of many
costly strikes is not economic.
Rather, they are emotional in
origin. More important than
wages is a desire for recognition,
security, and individual atten-
tion. Business depressions may
be considerably affected by emo-
tional upsets.

I wonder what might happen
at this point in the business
cycle if business and people con-
tinued to feel confident and op-
timistic, irrespective of what the
bankers forecast. While most ec-
onomists forecast a business de-
cline in 1953, employment has
hit an all-time high thus far.
Production, wages, and earnings
are now higher for 1953 than for
1952. The dollar has been stabil-
ized; costs of certain basic needs
like food, autos, and clothing
have ceased to climb. Inflation
has been halted. We have tre-
mendous market potential in the
form of our ripening crop of war
babies. Satisfying these wants
and demands could conceivably
absorb the products of expanded
plant facilities for some time to
come. I just wonder if we are
not now placing the cart before
the horse in thinking only of
money, employment, and sales
as criteria for prosperity. It may
be that our spiritual and mental
health affects business condi-
tions. — I don't know.

SAND HILLS PHILOSOPHER UP IN ARMS— Over Dallas Mayor's Plan To Get Rid Of Johnson Grass By Supporting SMU

Editor's note: The Sand Hills
Philosopher on his Johnson
grass farm is riled up this
week, his letter reveals. He'll
get over it.

Dear editor:
I generally take a calm atti-
tude toward most things, from
high taxes to atom bombs, from
trustee elections to Presidential
elections, but this week I don't
mind sayin' I'm up in arms and
frowthin at the mouth.

I was out here yesterday en-
joyin' the after-
noon sunshine
and watchin' my
cows graze as
peacefully as
though there
never would be
another norther
when I decided
to look over a
copy of the Dal-
las News which
I got home with
from town be-
cause some shoes I'd had half-
soled was wrapped up in it.

I was readin' along as peace-
fully as my cows was grazin'
when I ran into a statement by
no less a man than the Mayor
of Dallas. It ruined my day.

Accordin' to this statement,
Dallas is raisin some money to
help finance Southern Methodist
University and the Mayor was
urgin' the folks to shell out.

"What would Dallas be like
without SMU?" the Mayor ask-
ed. "Why, it would set our city
back more than half a century,"

he answered. "The culture and
atmosphere derived from the uni-
versity are what we need to build
the great Southwestern city we
are trying to build."

Well, up to there, what he said
suted me all right. I'm in favor
of all institutions of higher
learning. There's a period in lots
of young people's lives and most
professors' when college is about
the only handy place for em at
the time.

But the Dallas Mayor kept on
talkin'.

"When you wonder about how
much to give in this drive", he
continued, "just envision a pas-
ture of Johnson grass. That's
what was out there before they
built SMU."

That's what burns me up.
What's wrong with Johnson
grass? And further more, that's
the first time I ever heard of any-
body recommendin' supportin'
a university because it god rid
of Johnson grass. There ought to
be some other reason for support-
in a university, and some other
way of gettin' rid of Johnson
grass.

In fact, if the Mayor is gonna
set out to eradicate Johnson
grass by buildin' universities on
it, he's gonna wind up with more
universities on his hands than
he knows what to do with. Up
to now, there ain't been a uni-
versity anywhere with the brains
to figure out an easy way to get
rid of Johnson grass, outside I
guess of smotherin' it to death
with buildings.

I wish to inform the Dallas
Mayor I got lots of Johnson grass
out here on my farm, but it
never has occurred to me to at-
tack it with a university.

The Mayor has gone too far.
There's room in Texas for SMU
and Johnson grass too. I hope
Dallas puts its SMU drive over,
but I can tell em now it's one
of the most impractical ways I
know to get rid of Johnson grass.

Yours faithfully,
J. A.

the amount of fire insurance take out should depend partly
on the cost of replacement, so the amount of life insurance
should depend partly upon the trend in the value of the

Ever boss
BIG POWER at a buy like this?

MAYBE you didn't know that you
can get yourself a bundle of big
and'able Buick Fireball 8 power at the
low delivered price of a "six."

But that's only the beginning of the
bigger things you get in this eye-catch-
ing Buick SPECIAL for the low figure
it carries — a figure that's just a few
dollars more than that of the so-called
"low-priced three."

Take a quick roll call.

In this Buick you get more room
than those few extra dollars can buy
elsewhere.

You get more comfort—comfort that a
lot more money can't buy anywhere
else—the comfort of the Million Dollar
Ride, with coil-spring cushioning on all
four wheels, torque-tube steadiness,

Safety-Ride rims, the firm solidity of a
massive X-braced frame.

You get more satisfaction—more of that
good and happy feeling that comes
from traveling in a car of ample road-
weight, of brawny structure, of impres-
sive styling.

And you get more fun, more thrill —
from bossing the wallowing, silk-smooth
power thrust of the highest-powered,
highest-compression Fireball 8 engine
ever placed in a Buick SPECIAL.

What it all sums up to is this straight
fact: you get far more automobile in
this Buick for just a few more dollars.
Better look into the matter if it's a real
deal you want for your money. We're
ready when you are.
