#### HIS

This is another one of those weeks when you sit in front of the keyboard and blood pours out of your sweat glands because you can't think of anything to write about.

There was one tale that came to mind as we were driving to work this morning (6:00 a.m.).

She let me know right off the bat that we needed to really get on the stick and try and make it to the office by 6:45 a.m. I thought I was making good time dodging deer, jackrabbits and oilfield trucks right and left, when she blurted out, "You're gonna get me killed if you don't slow down." So, I slowed down. Of course, I was only pushing 49 miles an hour when she rattled my

If your wife is like HER as a backseat driver, you have to take these commands with a grain of salt. You have to let it roll off with ease, and not sweat the small stuff. Otherwise you will never reach your intended destina-

I am reminded of one of our very first trips to the big city of San Antonio a couple of years after we were hitched.

I told her she would have to take the helm as navigator, because I knew the traffic in Tamale Town would be hectic, and of course it was. Anyway, she agreed, and we scooted right on into the downtown section trying to find a place to stay at 11:00 p.m. If there is any where I don't want to be at 11:00 p.m. is in the bad part of town in San "Antone", Texas.

We came to a red light while it was green, and she blurted out, "Turn right here." So, I squealed tires on pavement, and turned right just as she

"No, you were supposed to turn left right here, not right right here," she said.

"My gosh, woman which right and which left are you talking about, the right, right here, the right, left here, or the left, left here, or the left, right here?" I quizzed her.

After it was all said and done we ended up going the wrong way on a one-way street, and luck was with us there wasn't a cop in sight. So, I wheeled it around with a big old U-turn and headed in a northerly direction, or so I thought. We were actually going south, and if you know San Antonio, a southerly motion will eventually take you to the BAD part of town.

The good folks standing all along the sidewalks in front of some real classy joints didn't appear to be the type that you would want to ask for direc-

"My gosh, just look, hurry up, and roll up your window and lock the doors," she said.

I knew that if we kept on truckin' south we would eventually hit Loop 410, and all of its construction crews, and sure enough there was a big sign that said "Loop 410" next right. Seeing that sign was as good as getting your feet rubbed after a long day standing around on concrete.

Anyway, we finally found a nice motel, and the next day I tried my best to get her enrolled in a good navigation school, but never succeeded. We are still turning left when we should have turned right and vice versa, all "right here".

I have had some folks wanting to know what my good buddy Mutt looks like, well here he is in living black

I can't believe he told you all of that stuff. How cruel can you get. If he was the good driver he claims to be, he wouldn't need my navigational expertise in the first place!

He is supposed to know that if I don't say right, I really mean left and if I don't say left I really mean right.

Just how many practice sessions do we have to go through before he gets it through his thick skull anyway?

The two won their first regional match over Baker/Reyna of Forsan 6-3, 6-2, then went on to win their round two match over White/Strawberry of Friona 6-3, 6-2.

As the competition grew stronger, so did Albers and Faught. They defeated Phillips/Urrutia of Memphis 6-4, 2-6, 7-6 (7-4) in the semifinals round. The Ozona duo then took on Lozano/Barnes of Reagan County in the finals

This had to be their toughest game as Lozano/Barnes have beaten the Ozona doubles team twice this season. Albers and Faught dug deep down and beat the Reagan County boys in an incredible match 7-6 (9-7), 6-7 (4-7), 6-3.

In boys' singles competition, sophomore Derek Faught won his first match over Autry of Olney 6-3, 6-1. Faught went on to defeat Shank of Memphis in the second round 6-2, 7-6 (7-0)). However, in round three Faught lost to Hearsill of Wall1-6, 6-7. Faught then competed against Gardea of Tornillo for third place but lost the match 2-6, 5-7 to place fourth in regionals.

### REP. HENRY BONILLA APPLAUDS PRESIDENT BUSH'S FIRST 100 DAYS

Representative Henry Bonilla joined congressional leaders today to applaud President Bush for his First 100 Days in Office. Mr. Bonilla called the president, "willing to embrace others and seeking to include all."

"President Bush's budget will give people the tools they need to improve their quality of life. His tax cut proposal and child tax credits are good news for every family in America," said Mr. Bonilla. "The American public appreciates a president who can close the achievement gap of the last seven years -President Bush's first 100 days have established that he can and will accomplish this goal."

"President Bush is a strong leader who is living up to his promises. He has led with a steady and measured hand while addressing many of America's most pressing problems - from education to energy, from the economy to foreign affairs, from confronting poverty to racial profiling, from airline strikes to Medicare reform. He's getting the job done," said Mr. Bonilla.

"President Bush hit the pavement running. His actions demonstrate that he is a different kind of Republican, willing to embrace others, seeking to include all," said Mr. Bonilla. "In only 100 days, he's already surpassed all previous Democratic administrations by appointing the most diverse cabinet and staff in history. He visited our friends in Mexico on his first foreign trip Abilene Christian College to receive as president. And he met with hundreds of Latino business leaders at his first Rose Garden event. Now that's what I call progress."

"The President's first 100 days have been productive, positive and focused. His emphasis on bipartisan respect and results has begun to change the way Washington does business," said Mr. Bonilla. "If we've come this far in just 100 days, imagine the progress we'll make over the next four years."

Excerpts from the book "Finding

God in Unexpected Places" were given by Patrice Searsy, who also shared many touching personal testimonies, several copies of games, poems, songs, character profiles, gifts, etc. She also quoted from Max Lucado's book "When God Whispers Your Name".

A delicious breakfast casserole, flaky biscuits and various fruits and juices were prepared by the ladies of Iraan and Sheffield. For lunch, the ladies spread the many salads and desserts brought by them to accompany the tender brisket sent out by Margaret Coates who was unable to attend.

There were items of group sharing, private and group prayers, singing, strolling the grounds of Paisano and a few hours of sleep. While traveling through the beautiful mountains to Paisano, the ladies had surmised it would be pretty cool at the camp, and they were right. They also saw the many damaged trees from the really bad ice storm in the Alpine area earlier this year.

The ladies were challenged by Patrice to each bring an item of sentimental value to them, and the variety of items and stories behind them were fascinating. There were special Bibles, precious jewelry, family photos, newsclippings, items of clothing, and even a talking watch brought by a lady who is losing her sight.

Those sharing this experience from Ozona were T. K. O'Byant and Patsy Hester of Calvary Baptist Church, Jenna Jackson, Jeannie Fuller, Wanda Dews, Gwin Jamerson, Katrece Hale, Lynda Falkner, Gail Spence, Ruth Dorris, Patrice Searsy, Roylan Sullivan and Audrey Glynn of First Baptist Church.

### Thank You Ozona

Members of Xi Sigma Omega would like to thank the community of Ozona for yet another successful blood drive on Wednesday, April 26th at the Ozona Civic Center. The importance of maintaining adequate blood supplies prior to the upcoming summer months is critical as usage typically increases and donations normally decrease during this time. Thank you Ozona for contributing- "YOU make the difference!"

We also have Ozona address books available for sale from any Xi Sigma Omega member and books are also available at the Ozona Chamber of Commerce, Crockett County Abstract, Crockett National Bank, Petals and Pearls and for all you graduating seniors at the Ozona High School Office. Proceeds from the sale of the address books aids our chapter's contribution to the Beta Sigma Phi Scholarship Fund, a local scholarship offered by all three local chapters of Beta Sigma Phi.

by Dr. Dennis J. Prutow

No fault divorce has become standard. Big hearts seem in short supply. Parents leave children in the lurch. Little hearts are torn. Children lose a sense of stability. They do not know whom to trust.

Is it lawful for a man to divorce his wife for any reason at all?? (Matthew 19:3). Good question. Society says, Yes! Jesus Christ has a different response. Have you not read that He who created them from the beginning made them male and female, For this reason a man shall leave his father and mother and be joined to his wife, and the two shall become one flesh. So they are no longer two, but one flesh. What therefore God has joined together let no man separate (Matthew 19:4-6).

The conclusion is simple. If God puts a man and a woman together as husband and wife, do men and women have a right to tear apart what God establishes? Even the disciples of Jesus backed away from this idea. If the relationship of the man with his wife is like this, it is better not to marry (Matthew 19:10).

Again, Jesus has a different thought. Why divorce for any cause? Because of your hardness of heart (Matthew 19:8), Marriage takes big hearts. Family life necessitates giving, loving hearts. The answer is soft heats, new hearts, loving hearts, big hearts.

If you have quit smoking, lung cancer is less likely to threaten your future. But even nonsmokers should know the signs of lung cancer.

Dr. Denise Kavanaugh, assistant professor of internal medicine at UT Southwestern Medical Center at Dallas, says there are several warning signs of lung cancer.

The most common indications of a potential problem are a persistent cough, blood-streaked sputum, hoarseness, unexplained weight loss, night sweats, decreased appetite and shortness of breath, which may be accompanied by sneezing or other harsh breath sounds.

"If you have any of these symptoms, and they have persisted for more than a few weeks," Kavanaugh says, "you should consult a physician."

"The Texas Youth Hotline is answered 24 hours a day and provides prevention and crisis intervention services to callers who are in need of a caring voice and a listening ear," Smith said. "Hotline counselors talk with callers who face a variety of issues including family conflicts, delinquency, truancy and abuse and neglect."

Smith said new television and radio public service announcements and more than 250,000 pieces of public awareness materials for schools, social service agencies, runaway shelters, law enforcement and youth-related organizations are aimed at bringing the troubled youth problem to wider public attention and to make youth and parents more aware of the services available.

"Many of today's youth who are lonely or angry do not have constructive ways of venting their frustrations," states Smith. "We offer a safe, non-threatening environment where callers can discuss their problems with someone who will listen and not judge them. Hotline callers are urged to seek

Minutes count in an emergency, and what people do before EMS arrives makes a significant difference to an injured or ill person, according to Kathy Perkins, chief of the Bureau of Emergency Management at the Texas Department of Health (TDH).

Recognizing an emergency is the But the time between the call to first step in getting assistance for an ill or injured person. Most people consider auto crashes, severe chest pains, obvious broken bones and serious burns to be emergencies. But not all emergency situations are so apparent. Call 9-1-1 immediately if any of these conditions are present: serious bleeding, unconsciousness, neck or spine injuries, signs of a heart attack including uncomfortable pressure or fullness in the chest or chest discomfort with lightheadedness, fainting, sweating or shortness of breath; unexplained paralysis, burns, no indication of breathing, choking, broken bones or head, chest or abdominal injuries.

> Common sense and knowing the victim also are important to assessing an emergency. "Factors such as stressful events, a pre-existing medical condition or abnormal behavior may signal that a person is in an emergency situation," Perkins said.

> How you make the 9-1-1 call also is important. Stay calm or have someone else make the call. Give the 9-1-1 dispatcher any information requested. This information usually includes the address or location of the emergency, your name and the telephone number at your location, name of the injured or ill person and information about the illness or injury.

> Stay on the phone with the dispatcher until you are told to hang up. Send someone to wait near the street or in the parking lot to direct the ambulance to the victim.

> Do not move the injured or ill person unless the person is in immediate danger. Do not allow the person to eat or drink anything or to smoke. Keep the person calm and still.

"While we can be proud of the emergency medical services in Texas," Perkins said, "prevention is till the best way to avoid needing help." Safe, healthy lifestyle habits include; wearing seat belts and buckling children into child safety seat, being sure that all children 12 and under ride in the back seat, driving at safe speeds, avoiding alcohol and drug use while driving, keeping immunizations current, eating right and exercising regularly, keeping guns and poisons locked in a safe place.

### Agricultural/wildlife tax appraisal

Almost all of Crockett County qualifies for agricultural tax appraisal. However, the creation of small tracts through subdividing may bring change. Purchasers of some of these tracts, the county now has seven subdivisions, are applying for wildlife management status, which is also an agricultural use, according to Tommy Stokes, Tax Assessor/Collector.

Sales held April 26 at both Ozona warehouses included approximately 615,000 pounds of wool.
