## Small, enthusiastic group competes in Chili Pepper Relays Masters Track Meet

BY MELISSA PERNER  
THE OZONA STOCKMAN

The Chili Pepper Relays Masters Track Meet was held Saturday at Lion Stadium.

Proceeds from the event went to benefit the Crockett County Health and Wellness Center.

Even though the group of participants was small, those that did come out and compete had a great time, said Coordinator Kristie Williams.

Here are some of the results of the events. There were multiple age divisions for each event:

Long Jump - Bobbie Jo Benson, Saul Vargas and Roman Tambunga, all first place.

Women's Discus - 1. Chelsea Martinez, 105-fee, 5-inches and 1. Chasady, 52-8.

Men's Discus - 1. Ty Williams, 145-5, 2. Nathan Favila, 106-3, 1. Frank Tambunga, 88-6, 1. Mario Mendoza, 78-0 and 1. Roman Tambunga, 62-0.

Saul Vargas participated in nearly every running event from the two-mile to the 100-meter dash and came in first in all of them, Williams said.

"He was quite the trooper," she said.

Saul ran the 800-meter in 2 minutes, 27 seconds, 100-meter in 15.23, 400-meter in 65.2 and 1,600-meter in 6:40.

"Those are amazing times for such little recovery time," Williams said.

Nikki Sanchez, from San Marcos, did an excellent job in her running events as well, Williams said.

The 14-year-old ran the 800-meter in 2:43 and the 200-meter dash in 28.1.

"She beat all the boys in the 200-meter also. It was awesome. She is a great athlete," Williams said.

Will Hoover also ran very well this weekend, Williams said.

He started with the 100-meter dash and got first in his age division with a time of 16.4. Then he ran the last race, 1,600-meter, also first in the age division with a time of 8:02.

"He was on a good pace the entire race and had a great kick at the end," Williams said.

Another standout was Bobbie Jo Benson.

At 12-years-old, she ran the 800-meter for the first time in 3:39. Then she ran the 200-meter in 42.2. Then she turned around and ran the 1,600-meter right after 200-meter and ran it in 8:59.

"She will soon be one to watch as our very own Lady Lion. Keep up the hard work, Bobbie Jo, you had a good start this weekend. We are proud of you," Williams said.

BOBBIE JO BENSON leaps into the air placing first in her division in the long jump at Saturday's Chili Pepper Relays Masters Track Meet at Lion Stadium. Proceeds from the event went to support the Crockett County Health & Wellness Center.

## Speed limit to Crockett Heights could change to 70 mph

BY MELISSA PERNER  
THE OZONA STOCKMAN

Traveling 70 mph from the east Interstate-10 overpass to Sutton County may become possible.

During Monday's regular meeting, the Crockett County Commissioners approved for County Judge Fred Deaton to submit a letter to the Texas Department of Transportation to increase the speed limit on Loop 466 east of Ozona from 55 to 70 mph past the I-10 overpass.

Deaton said the road, which parallels the interstate and runs next to Crockett Heights, is 55 mph until the Sutton County line, where it then turns to 70.

"I've had several people wanting it to be 70," Deaton said.

Commissioner Pleas Childress III said he thought that any road paralleling the interstate has to be 55 mph if it is within so many feet of the interstate.

"This is how it was ex-

plained to me. If we can change that by a commissioners' court request, that is fine," Childress said.

### VENDORS ON THE TOWN SQUARE

Commissioner Randy Branch said several local restaurant owners have approached him about various other people from out of town setting up shop in the town square and selling their goods.

"How much are they paying in Crockett County taxes? How much paying to park there? If it's a non-profit organization, I don't have a problem with it. Maybe we need to come up with an area and have other people set up out there," Branch said.

Deaton said TxDOT lately has not allowed anybody on the south and west sides of the square, and that the county has not ever enforced vendors to obtain a permit or pay for a space.

## Lucky to be alive

VOLUNTEER FIREFIGHTERS and EMS PERSONNEL worked to extract a woman from a vehicle at 4:44 a.m. Saturday morning after an accident at the 336 mile-marker on Interstate-10. The vehicle and an 18-wheeler truck-trailer collided. Everyone involved was treated and released from area hospitals. Fire departments and EMS from Ozona, Sheffield, Iran and Pecos County responded to the scene.

### LETTERS TO THE EDITOR

## No apology for questioning the reason on the gazebo color

Dear Editor,

When the county started cleaning up the gazebo, we were glad to see it being done. We had noticed the work but did not know just why the cleanup was happening until Joe Hernandez from The Ozona Stockman came into the store and told us that it was for a wedding that weekend.

A little while later he came back in and told us that the brown the gazebo being painted

was not a primer coat (Joe said the workers had had several people ask them if the brown was the primer coat) but the color of the gazebo because it was the color of the wedding decorations. We wrote our letter to the editor and gave it to Joe at 1 p.m. and he immediately called Frank and read it to him.

After 3 p.m., Paul C. Perner IV walked Frank's response across the street for us to read (this letter is not the one published) and we were asked if we wanted

to retract our letter. Frank never denied the color of the gazebo being the color of the wedding in this letter or the one that was put into the Stockman, so we chose not to retract our letter. Until his daughter-in-law wrote that it was not the color of her wedding we thought we had good information.

We planned to put this in the last edition but with the holiday and the electrical storm, I lost my computer and did not get it up and running in time

to make the deadline. When we are wrong we will admit it. We do apologize for this misinformation about the color of the gazebo. We do not apologize for questioning the reason for the color or the reason that all of the work was being done in time for one event. True the All Class Reunion was coming up but it was three weeks away.

We know that Frank has done many good things for Ozona, we never disputed this, and the Fourth of July celebration is an

example of this. We have every right to question when any elected official has something done for them, no matter the good they have done. We question our elected officials all the time. It is one of our rights, whether you like our opinion or not does not matter, it is still our right. Just so everyone knows, sometimes the color of something is just that and nothing more.

Whenever you decide to paint the gazebo again, here

are two votes for a lighter color. We think it would make it pop and be more noticeable and, although it does get dirty, it won't show as easily as it will on the dark color.

Laura Parker and Tina Jarvis  
Ozona, Texas

Editor's note: On the reference about Mr. Tam-bunga's letter, the Stockman did publish the original letter that he submitted.

## Charitable raffles and casino/poker nights

Before organizing a charity raffle or poker tournament, well-meaning Texans may want to seek input from a legal professional. While some activities may be perfectly legal, this area of law is complex and can pose pitfalls for the unwary.

TEXAS ATTORNEY GENERAL

GREG ABBOTT

**POKER/CASINO NIGHTS**  
Unlike raffles and bingo, there is NO exception to the gambling law in Texas for non-profits to hold poker or casino night fund-raising events.

**RAFFLES**  
The Charitable Raffle Enabling Act, which can be found in Chapter 2002 of the Occupations Code, establishes the statutory framework for raffles in Texas.

Under Texas law, only certain charitable and nonprofit organizations are authorized to conduct raffles. Only the following entities - provided they meet certain qualifications - are permitted to hold raffles:

- religious societies
- volunteer emergency medical service providers
- volunteer fire departments
- qualified nonprofit organizations

Raffles that are conducted by individuals, for-profit businesses or non-qualifying charities are unlawful in the state of Texas, which generally prohibits gambling.

In order to conduct a raffle legally, a nonprofit organization must have, among other criteria, an exemption from federal taxes under Section 501(c) of the Internal Revenue Code and must have been in existence for three years.

State law allows authorized organizations to conduct only two raffles per calendar year, requires several disclosures printed on the raffle tickets, and limits the value of prizes purchased by the organization to \$50,000, or \$250,000 if the purchased prize is a residential dwelling.

It is also against the law to hold a raffle in which cash, or anything readily convertible to cash, is offered as a prize. Texas law also prohibits promoting raffles on a statewide basis or through paid advertising, including television, radio or newspapers. All proceeds from raffles must be spent on the authorized organization's charitable purposes.

Because the Texas Penal Code outlaws gambling activities, conducting an illegal raffle could constitute criminal conduct.

Chapter 47 of the Texas Penal Code applies to nonprofit and for-profit organizations.

Under Texas law, there are essentially three parts to an activity that could make it illegal gambling: 1) money or anything of value is paid to enter the game; 2) the winners are decided by a game of chance and 3) prizes of value are awarded. If all three of those conditions are met, then the activity may be considered gambling - and illegal.

If the game is free to enter, then prizes of value may be awarded. If an entry fee is charged, then prizes of value may not be awarded. There are some exceptions to this rule, including certain carnival contests in which prizes with a value of less than \$25 are awarded and mechanical devices for amusement purposes in which prizes with a value of less than \$5 are awarded.

It is legal for individuals to play poker or other casino activities in a private place, defined as "a place to which the public does not have access." Guests can bet money and win money; however, all money must be redistributed to the participants. The "house" cannot keep a cut.

Organizations or individuals who are considering conducting an event involving charitable raffles, casino games or poker tournaments should contact private legal counsel to determine whether their event complies with the law. Texans may also visit the attorney general's website at [www.texasattorneygeneral.gov](http://www.texasattorneygeneral.gov) for answers to frequently asked questions about charitable raffles and casino/poker nights.

## Speechless

IT'S THE PITTS

LEE PITTS

I have always been fascinated by the possibility of talking to animals. Like most ranchers, sheepherders and pig persons, I feel I have this special ability to know what animals are thinking and often I seem to communicate better with cattle and sheep than I do my wife. Don't lock me in the looney bin, but I feel strongly that animals speak to us. Oh, they may not use the proper syntax and pronunciation but when they say arf arf, meow, moo or baa, I feel they are trying to tell us something. About the only reason I'll like to live another 100 years is because I bet that in that time frame, using computers, translators and decoder rings, we'll be able to ask animals questions and get back answers. But I won't be around, so please ask these questions for me.

I'd like to ask a donkey if he's offended when we call a politician by his family name? I want to know what breed of dogs that sheep hate the most and I'd like to know chicken's innermost thoughts, if they have any. I'd ask pigs if they believe in God and, if so, what religion are they? Also, to what political party would most hogs belong if they could join? (Although sometimes I think they already have.) I'd like to ask a sow nursing 12 babies if, given the opportunity, she didn't ever want to just sneak away in the dark of night? I'd also like to know how they feel about their heart valves being used to save people they didn't even know, or were related to, and if they'd voluntarily fill out an organ donor

card if they could?

I have a ton of questions I'd like to ask dairy cattle. Such as... Do you consider milking machines foreplay and do they turn you on? When a milker strips your teats do you feel violated? How do you feel about artificial insemination and would you outlaw it if you could? Do you understand Spanish or English better? I'd like to ask a Mad Cow if she really does feel crazy and I'd follow up with, "Are you the brains behind PETA because it sure seems like it?"

I hate to pry but I'd love to ask dogs when they are watching television if they have a favorite show and if they don't think Dancing With The Stars is really lame? Whenever I see an urban dweller pick up dog poop and place it in a plastic bag I'd love to ask the dog if he or she wasn't laughing his or her socks off. And did they do it more often just to watch owners, and do they know what's coming at the end of their lives? The one question I'd love to ask all meat animals is, "Would you have rather lived to become someone's supper, or to never have lived at all?"

I think I already know the answer to that one.

## Texas responds as first Deepwater Horizon tarballs wash ashore

AUSTIN — Tar balls washed up on Crystal Beach on Bolivar peninsula north of Galveston on or about July 4. The U.S. Coast Guard soon after confirmed the presence of five gallons of the stuff.

On July 5, the Texas General Land Office confirmed those tarballs came from BP's Deepwater Horizon well. This prompted Texas Attorney General Greg Abbott to ask BP for \$25 million to fund the state's clean-up efforts.

Abbott said Texas businesses, fishermen and coastal residents economically harmed by the Deepwater Horizon oil spill should contact (800) 440-0858 to make a claim. And, he said, Texas state and local governments that have incurred costs because of the Deepwater Horizon oil spill clean-up and response effort should contact (302) 476-7732 to make a claim.

So, now, it's been three months since news hit of the drill platform's collapse and leaking wellhead, about a mile beneath the surface of the Gulf of Mexico and south of Louisi-

siana. Since then, Abbott has been working with the attorneys general of Louisiana, Mississippi, Alabama and Florida on legal issues emerging as a result of the spill.

Meanwhile, Gov. Rick Perry on July 6 proposed a "Gulf Project" to deal with the growing environmental disaster caused by the BP-Deepwater Horizon spill and develop safer ways to conduct future deep-water oil exploration. Perry called for a multi-state, multi-institution race-to-the-moon type response.

Land Commissioner Jerry Patterson on July 8 said the response to remove those tarballs found on Bolivar Peninsula won't affect the state's \$20 million fund set aside for oil spill cleanups, because BP is going to pay for it.

Patterson said the state fund, which comes from a 1.3 cent per barrel fee assessed on oil passing through Texas ports, pays for skimmers, air boats and oil boom at five offices along the Texas coast. Those

offices are staffed by General Land Office oil spill experts who work with other agencies in response to any oil spill in Texas.

One such agency, the Texas Parks and Wildlife Department, on July 8 reported its biologists are sampling the Texas coastline for evidence of Deepwater Horizon spill impacts.

### PERRY, WHITE STUMP IN SAN MARCOS

Incumbent Republican Gov. Perry and Democratic challenger Bill White were both in San Marcos on July 8 to speak at the Texas Farm Bureau County Presidents' Conference.

High on the list of attendees' concerns in the race for the governorship are property rights and eminent domain. It was the first time White and Perry appeared in the same forum in the 2010 campaign, but they did not appear together. White spoke before Perry.

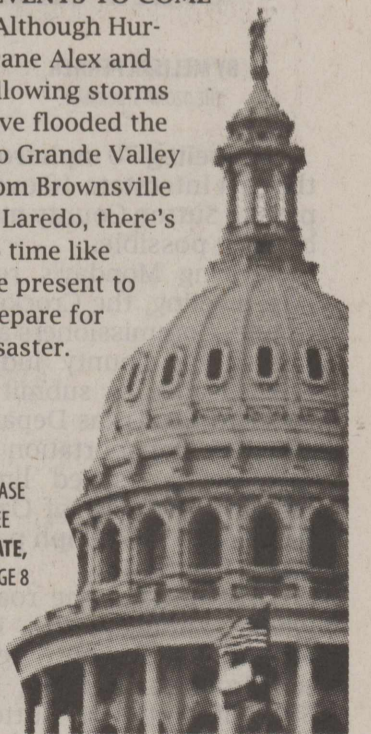

White accused Perry of betraying farmers by vetoing property rights legislation

that would have offered some protection to landowners if the now-defunct Trans Texas Corridor project had moved forward. In his time at the podium, Perry confined his remarks to general issues facing Texas.

### 'READY OR NOT?' EVENTS TO COME

Although Hurricane Alex and following storms have flooded the Rio Grande Valley from Brownsville to Laredo, there's no time like the present to prepare for disaster.

**OZONA SENIOR HAPPENINGS**

BY LYNN ENGLISH  
SENIOR CENTER DIRECTOR

We had another several days of rain showers. It was greatly appreciated.

Rick Storms is still on crutches. He has always been so active it is hard to see him hop around. We hope to see you walking on two feet soon Rick.

Also on crutches is Tina Moran. We wish you a quick recovery, Tina.

Sapopa Wyatt visited us here at the Senior Center last week. She was raised here in Ozona and was thrilled to be back. Sapopa had many good things to say about Ozona. She praised the sheriff's department, the gazebo and

the wild animals that came into town to visit.

Scott & White that is connected with Shannon will be here at the Senior Center at noon Thursday, July 15, to share with us more information about how they work to help us. Please try to attend.

Our Senior Bingo Social will be at 6:30 p.m. Thursday, July 22, at the Senior Center.

If you would like to help Helping Hands deliver meals for the summer, call Bertha Rivera at 392-5026.

Monday and Thursday at 1:30 p.m. is when the bridge players come to the Senior Center to play their favorite past time game. These ladies are faithful about coming and always have a fun after-

noon. We continue to have our regular activities: square dance lesson and dances, exercise class, bridge, bingo, home health, pool, canasta and puzzles.

We also have a collection of books, magazines and three computers that are on the Internet for seniors to use.

We have added a projector with stand and a screen.

Also, for your enjoyment, we have a Wii game and five different stimulating games. We are anxious for these games to be used.

Our activities are for those 50 years young and older. We will remain flexible as to age.

**BEING A STAND-IN**

Not only the movie industry but also radio talk hosts and television shows and even the National Football League. In the movie industry they are next to the bottom because the extras are considered at the bottom and anyone can boss them around. Stand-in are sometimes are called the "Second team" and the stars are called the "First Team". they can be called upon at any time and for any reason, usually when one of the "First Team" can not be there or is doing something else or is incapacitated. Those stand-ins remind me of something in the Bible. After Jesus Christ was crucified on the cross and was resurrected three days later, He began appearing to the Disciples and many others, (Acts 10:39-44, 1 Corinthians 15:6). He taught His disciples what was most important to Him. It was people! Jesus gave His life serving others, (John 10:11) and He wanted them to do the same, (John 21:15-17). Paul told the Christians to follow his example of living for and obeying Christ, (1 Corinthians 11:1). The question is what are we doing? Are we just living for ourselves, like to have more money, more comforts, bigger homes, more of everything, and our fun things and times? The real question is what ways can we serve or be a servant? Maybe we are not stars but we can be helpers, (Colossians 3:23&24) or "Stand-ins". See you in Church next Sunday. Brother J

**CHAMBER OF COMMERCE NEWS**

**Triple C Hardware & Lumber chosen as June Business of the Month**

BY SHANON BIGGERSTAFF  
CHAMBER EXECUTIVE DIRECTOR

The Chamber of Commerce would like to recognize Triple C Hardware & Lumber Inc., as our June Business of the Month: It is currently managed by Russell and Cole Crenwelge.

In the spring of 2002, Triple C Hardware & Lumber, Inc., opened its doors. When it first opened you could buy lumber, tools, and hardware. They have since expanded to include hunting supplies, an equipment rental center and a greenhouse in order to better serve their customers' needs.

At Triple C you can find anything from coffee pots and duck tape to Christmas poinsettias.

At the Rental Center you can rent something as simple as a lawn mower or as large as a back hoe or dump trailer.

They carry feeders, blinds, and just about anything else a hunter may need.

You can also pick up wildlife feed for the backyard or in bulk.

When asked what Russell and Cole liked most about the business they both agreed it was the interaction with the customer.

"We like to watch a customer start a project and help them see it through to fruition," said Cole.

TRIPLE C HARDWARE & LUMBER has been chosen by the Ozona Chamber of Commerce Board of Directors as the June Business of the Month. Pictured are owners Cole and Russell Crenwelge.

"It's nice to drive by and see that someone has completed their project and know the supplies came from our business, and we were able to help," Russell added.

Both agreed that the greatest challenge is maintaining the highest level of customer service.

Cole serves on the Deerfest, Turkeyfest, and Crockett County Water Board.

"We appreciate what the community has done for us. We always try to give back to the community. We want to be able to offer any and everything the customer could possibly need or want. Consumer demand drives our business," said Russell.

"People assume small businesses are not affordable. We would like the customer to give us the opportunity to serve them with

prices competitive to the big city," Cole added.

The Chamber of Commerce has selected Triple C Hardware and Lumber as our Business of the Month.

We would like to recognize their success and their on-going efforts to expand their business, to provide additional local employment, and their ability to recognize and meet the need of the consumer.

Congratulations to Russell and Cole, and their employees.

Triple C Hardware & Lumber, Inc. is open Monday-Friday, from 7 a.m. - 5:30 p.m. and 7 a.m. - noon on Saturdays.

For more information call 325/392-4123 or visit their web site at www.triplehardware.com or send an e-mail inquiry to fatboyhardware@aol.com.

**Cruz to compete in several futurity events**

Thomas Cruz will be participating in the ABBI (American Bucking Bull Inc.) Lightning C Summer Bash Junior Futurity, Saturday, July 17, in Claremore, Okla. He will be competing for \$10,000.

Thomas has teamed up with PBR Stock Contractor Martinez Bucking Bulls. Edward Martinez of Martinez Bucking Bulls donated the bull for Thomas to be able to participate in these events.

Once Thomas is done with this year he will give the bull back to the Martinez and they will in return give him another one so that he may continue participating in the events every year till he is 18 years-old.

"It's like he's a mini stock contractor. Thom-

as has to flank the bull on his own with no help from any adult. The bull is a

two-year-old red by Martinez Bucking Bulls. Thomas named him El Chango Loco (The Crazy Monkey)," said mom Christy Cruz.

Thomas will also be traveling to Sulphur Springs, Texas on Aug. 14 to participate in another event, The Texas Heritage National Bank Challenge Junior Futurity.

"He is very excited and can't wait to participate. He says if he doesn't win that that's okay, he's just thankful he's been given such a great opportunity like this and would like to thank the Martinez Family for such an awesome gift," Christy said.

Thomas will be a sixth-grader this fall at Ozona Middle School. He is the son of Christy and Ruben Cruz, of Ozona.

# 2010 Chili Pepper Relays Masters Track Meet

## RELAYS: *from page 1*

Roman Tambunga, a former Ozona Lion, came back to run in Lion Stadium again.

"Even though he didn't run like he did in high school, you can tell he still has it," Williams said.

He ran the two-mile, the 400-meter in 76.8 and he

also ran the 1600-meter at a jog.

His dad, Frank Tambunga also ran a screaming 100-meter and 200-meter, with Ira Childress and Javier Perez, Williams said.

"Those were fun races to watch," she said. "We plan to make Chili Pepper Relays an annual event and certainly hope to build on the 2010 relays."

## Fourth of July events successful, even in rainy weather

By FRANK TAMBUNGA  
EVENT COORDINATOR

**CROCKETT COUNTY VETERANS**  
We had to postpone the Crockett County Veterans G.I. Joe fund-raiser to a later date to be announced. We had some runners and some walkers ready to go but the rain did allow the time.  
We had some donations for the flags on the pole. I appreciate the donors J.R. Bhakta and Best Western, Shirley Kirby and Lillian Tijerina. The flags on our poles gave our town a festive look and really shows how proud we are of our troops currently serving and shows our veterans how proud we are of there time in the service. It also allowed the community to be proud and ready for the Fourth of July Celebration.

EVEN FOURTH OF JULY EVENT COORDINATOR FRANK TAMBUNGA got to participate in the weekend's events.

**KNIGHTS OF COLUMBUS**  
The Fourth of July Festival at the park turned out to be big success despite of the rain. We had 10 food vendors and three arts and crafts throughout the afternoon. Our entertainment by TKO DJ Johnny Tambunga was outstanding. The parade was good. Everyone participating in the parade were patriotic our colors were presented by all floats in the parade. We also had numerous bicycles, and 4-wheelers, fire trucks and several decorated floats.  
Our fireworks display turned out to be very colorful. It was hard because we had to line up fireworks a row at a time to keep them dry. We had several business, and individuals that donated to our fund and we really appreciate their donation.

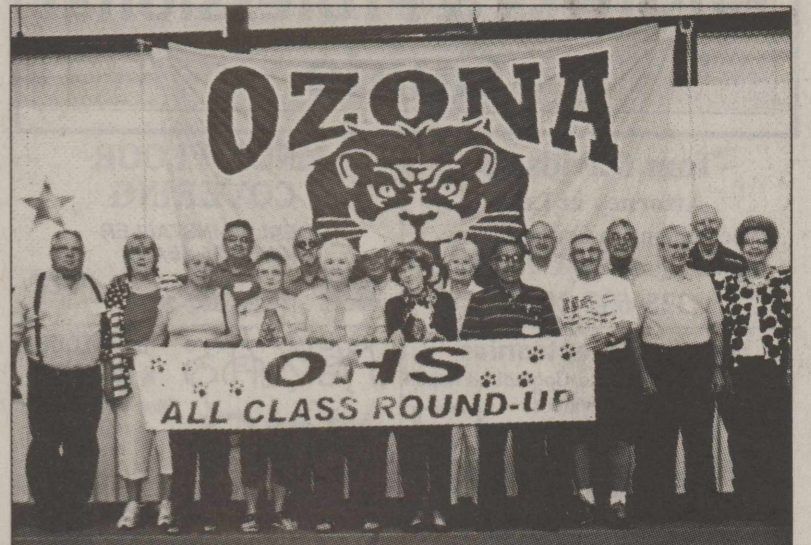

Our fireworks show was made possible with the help of the following donations we received from: The Knights of Columbus, Crockett Automotive, Hitchin Post Steakhouse, Shirley Kirby, Thomas Cameron, Will and Beth Hoover, Pleas and Sandra Childress, Ozona Deer Processing, Cindy Komechak, Allison McGuire, Gloria Wilson, Mr. and Mrs. Rick Hunnicutt, Crockett County Abstract Co. and Mr. and Mrs. Winkley. If I missed anyone I apologize it was not intentional.  
We really appreciate these donations the fireworks show require purchases of expensive fireworks that are not normally purchased. We hope that we have other business and individuals that will consider supporting this fund for next year to make it a bigger and better show,

which will require bigger and more expensive fireworks. The Knights of Columbus Fireworks Fund is available all year at the Ozona National Bank.  
The more funds we have the longer, bigger, colorful, and more enjoyable the fireworks show can be for the entire community to enjoy.  
I would like to personally give a special thanks to all that supported our Fourth of July activities it really helps when we have supporters in our community such as the Ozona Volunteer Fire Department and especially the hard work and dedication of the Crockett County Road Department Employees. They do so much behind the scenes to help prepare things and without them some of these events would not be possible.

## 2010 OHS All Class Reunion: 'It was so much fun'

By SHANNON HUNNICUTT  
EVENT CO-COORDINATOR

"It was so much fun!" This seems to be the consensus for the 2010 OHS All Class Reunion.  
From Eugene "Jake" Miller, Class of 1934 to Christopher Fierro-Williams, Class of 2010, everyone had a great time.  
OHS classmates from all across the country gathered over the Fourth of July holiday weekend to share memories and catch up with old friends.  
From all accounts, the party started Friday evening, with individual classes getting together at various locations around town, but the official welcome came on Saturday morning at the Crockett County Convention Center.

OHS CLASSES OF 1956 AND 1977 had the largest turnout at the 2010 All Class Reunion.

Event chairman, Helen Bunger Bean, with help from Crockett County Judge, Fred Deaton, welcomed the crowd of 300-plus, who came from all across the state of Texas, as well as from Arizona, Arkansas, California, Colorado, Georgia, Louisiana, Massachusetts, Maryland, Missouri, New Mexico, Nevada, North Carolina, Pennsylvania, South Carolina, Washington, West Virginia and even Costa Rica.  
With purple and gold as the theme, everyone felt right at home. The OHS Cheerleaders raised that Lion Pride with a few cheers, before leading the former Lions in the Fight Song and OHS School Song. Fun continued throughout the day with activities next door in the 4-H barn, an Open House at the Crockett County Courthouse and school tours. The dance, with music by the Chris Story Band, was another great success. Alumni, spouses and friends danced the night away, and continued visiting into the morning.

Ozona, Texas 76943.  
A huge "thank you" goes to the reunion committee, made up of chairman Helen Bunger Bean; treasurer, Karen Kirby Huffman; secretary, Lupe Tambunga Cervantez, as well as Jeannine Perry Henderson, Sally Bailey Oglesby-Harris, Shannon Dockery Hunnicutt, and Frank Tambunga. Thank you to the Knights of Columbus for organizing the Fourth of July activities, parade and fireworks, to Benny Logan and the Ozona Cub Scouts for their help cleaning up, to the OLPH Youth Group for making food and drinks available at the dance, to Pleas Childress and the county guys for helping hang signs, to Petals & Pearls for decorations, and to Tiffany Esparza and the OHS Cheerleaders for the wonderful signs, cheers, and hosting the tour of schools.

### LETTERS TO THE EDITOR

## Cemetery is not suitable for dogs

Dear Editor,

This is in response to Bob Darling's letter of last week. It is true about the dogs, but they don't only do their stuff on the lots they also break things. We have had to replace the birdbath on our grandson's lot twice because they stand up to reach the water and they push them and break them.  
Once, we saw a Doberman standing up trying to get water from the birdbath. He ran off before we got out of the car. We know whose dog

it was and he knows it too, but he is not the only one who takes his dogs and lets them run loose to do their stuff. There are a lot of other people doing that.  
I have talked to Frank Tambunga about this and even suggested he talk to other commissioners, maybe pass an ordinance or something, but he never got back to me.  
Maybe he has been too busy doing other things for other people more important.  
Yes, I have known Frank

Tambunga all my life. He is a nice, quiet person. He does a lot of things around the community, but he needs to listen to other people's problems too, not only a chosen few especially the ones in his precinct.  
Why don't the people go run their dogs at the old rodeo grounds park? There is nothing but dry weeds and dry trees out there, or else learn to pick up after your dog.  
May Galindo

## Don't let a fall at home change everything

Studies show that more than half (55%) of all falls by seniors take place in the home. Who will be there to help should a fall or other medical emergency occur?

Philips Lifeline is the leading medical alert service, recommended by thousands of healthcare professionals and organizations across the country.

### How Lifeline works

Lifeline is a simple, wireless device worn as a pendant or wristband that allows the wearer to summon help with the push of a button. Lifeline with AutoAlert\* can offer an added layer of protection, because it can call for help if a fall is detected and your loved one can't push their button.

Call today for access to help, 24 hours a day, for falls and other emergencies.
