FROM ROSWELL

Mrs. L. A. Roe of Roswell, N. M., visited her daughter and family, Mr. and Mrs. J. M. King, Tuesday and Wednesday of this week. Mrs. Roe, who is 85, is convalescing from recent illness.

VISITED GRANDPARENTS

Misses Sandra and Doris Cooper visited their grandparents, Mr. and Mrs. F. G. Simpson and other relatives at Matador, Wednesday through Sunday of last week.

PAPER & Supplies at The Journal Office.

Read the Journal want ads.

Diana Roberts, Defense Savings Bonds Queen for the current Texas "Full Speed Ahead" Savings Bonds campaign during May 22-28, breaks through Treasury posters to ask all Texans to purchase Defense Savings Bonds during the drive. Diana, who is 23 years of age, has been directing for over five years customers and depositors of Dallas' Texas Bank and Trust Co., to purchase Savings Bonds. Diana would like to see Texans everywhere sign up for payroll savers or purchase bonds regularly at their local banks during the "Full Speed Ahead" week. Treasury volunteers hope to double the number of payroll savers and Defense Savings Bond purchases.

FARMER COUNTY Farm Bureau News

By RAYMOND EULER

Remember that when you received a notice that your tractor gas exemption claims must be filed, you have a maximum of thirty days to take care of them. This is your money only if your claim reaches the comptroller's office before the expiration date. Your wife, son or daughter can file the claim for you if you don't have time. We remind you wives again that you do not need your husband's permission to file the claim for him. Just come in and state your desire and we'll take care of it for you. When the refund check arrives, you can either spend it or turn it over to your husband.

If you are a farmer, here is a question for you: Do you want a law that compels you to pay a minimum wage to your farm hands of \$1.25 per hour? This is not a maximum, but a minimum scale. We realize some hands are worth more than that, but we've heard some are not worth quite that much, especially in some off-seasons. At present, agricultural workers and employers are

exempt from the minimum wage law, which is now 90c per hour. Gilbert Kaltwasser, your president, and Ralph Miller, your legislative chairman have wired your representatives in opposition to this movement. If you really care, we suggest you do a little writing on your own. If you need help, come by the office. James G. Patton and Walter Reuther are the chief components of the minimum wage increase and elimination of agricultural exemption.

Finland is buying 16,000 bales of U. S. cotton under the provisions of PL-480, a law championed by you and your American Farm Bureau. 3.7 million pounds of tobacco are also being purchased by Finland under this provision.

We were told last week that we might as well forget "what is right" when it comes to settle-

ment of agricultural problems and remember that the group of greatest influence was the deciding factor, regardless of "right or wrong". We are happy to note that we have seen and heard otherwise in many decisions reached by farm leaders and laymen.

Consider This: The blessing of the Lord, it maketh rich, and he addeth no sorrow with it. Proverbs 10:22.

CLASS ENJOYS PICNIC

About 40 members of the Muleshoe High school sophomore class enjoyed a day of fun in MacKenzie State Park at Lubbock on May 15th. The group played games, and swam before paying a visit to the Park's amusement center.

About Homemakers & Homemaking IN BAILEY COUNTY By MOLLIE STINSON Home Demonstration Agent

Shoes are often the largest items of expense in the clothing budget, as the average child needs a pair of shoes every four months. To get the best shoes for your clothing money, shop carefully.

Take the child with you. Shoes vary according to style and children's feet grow rapidly. Both feet may not be the same size, so measure both and buy the shoe that fits the larger foot. Also, measure the feet both while standing and while sitting. A shoe has only one size while a foot really has two — with and without the weight of the body. Remember to try on both shoes.

Some doctors frown on the use of an X-ray machine in fitting shoes. They warn that such exposure is a very real source of danger to a child's whole body. Children are impatient during the fitting process and you should check the fit carefully yourself.

The toe cap should be rounded, firm enough to hold the shoe away from the toes; yet not so stiff that you can't feel the toes through it. Each shoe should be 1/2 to 1 inch longer than the longest toe. The widest part of the foot should be at the widest part of the shoe. Feel the shoe at its widest point to see if the larger joint of the foot is under your fingers. There should be a 1/4 inch "pinch-up" of leather at the top of a shoe over the ball of the foot.

The shank should fit well into the arch of the foot and not gape out. No child should wear a rigid shank (such as is often found in the so-called "health shoes") unless so ordered by a doctor. The heel counter should fit snugly, but not grip the heel so tightly that it can't make a slight up and down movement.

For infants' pliable feet, select ankle height shoes with soft soles and uppers, and no heels. Babies' feet develop better without shoes until they have learned to stand or begin to walk. As toddlers they need firm but flexible soles with little or no heel. Pre-school children also need firm but flexible soles. The sole should bend at the ball of the shoe. Leather soles are better than rubber or plastic which are too hot. Look for firm but pliable uppers and four to six eyelets.

For general wear, oxfords are best for children of school age. They may be plain, moccasin

type, or saddle shoes. Look for a firm shank and heel counter, little heel, well-rounded toes and toe boxing high enough to clear the toes. The vamp should be long enough and high enough for the shape and thickness of the foot. This is especially important for chubby feet.

Ford's lower price lets you buy "the works"!

Because Ford is priced hundreds of dollars below other fine cars, you can have conveniences like Fordomatic, power steering, power brakes, power windows or a 4-way power front seat with the money you save!*

Can you see, steer, stop safely? Check your car... check accidents!

*Based upon a comparison of manufacturers' suggested list or factory delivered prices

You can profit from the experience of thousands of former medium-priced-car buyers who have made the switch to Ford. For one thing, you can enjoy as they do Ford's many truly fine-car features and, with the money you save, buy the fine-car power conveniences of your choice. Whichever of Ford's 16 models you prefer, you get the years-ahead styling of the Thunderbird. Rich Luxury Lounge interiors offer you the last word in interior décor. You'll be far ahead in "go," too, with Ford's reassuring Trigger-Torque power. And wherever you go, on boulevard or back road, Ford's exclusive Angle-Poised ride smooths the way. Try Ford and you'll agree... you can pay more but you can't buy better!

Master-Guide Power Steering lets you park up to 75% easier

You ease your Ford into or out of tight parking spaces with far less effort. Unlike many power steering systems, Master-Guide leaves you with a natural "feel" of steering... yet assists you the moment you need extra "muscle" for turning or parking.

Swift Sure Power Brakes let you stop up to 1/2 easier

You travel more relaxed... arrive more refreshed. And Ford's suspended brake pedal makes stopping even easier.

Power-Lift Windows let driver regulate all 4 windows

And there's a separate control at each window for individual passenger convenience. From the driver's seat you can set each window just as you want it with a touch on the control.

4-Way Power Seat gives exact seat adjustment

A single control moves the front seat forward or back, up or down, for the exact height and leg room you want. It's the only 4-way seat in Ford's field.

New Speed-Trigger Fordomatic for automatic driving at its best

Now, for extra-fast speed, trigger starts, just press the accelerator to the floor and you flash away in "low." Fordomatic automatically shifts you into intermediate gear then to direct—all while the selector lever is set at "Drive."

Wimberleys Mark Golden Anniversary With Open House; Married May 21, 1905

Mr. and Mrs. J. A. Wimberley observed their Golden Wedding Anniversary with open house at their home, Sunday, May 22, from 2:00 o'clock until 7:00 o'clock p.m. Four of their six children were present for the celebration. They were: Mrs. Wanda Powers, Lubbock, and three sons, Marvin of Oklahoma City; Hazel and Herschel of Muleshoe. Unable to attend were two daughters, Mrs. B. B. Lollos, San Bernardino, Calif., and Mrs. R. S. Bristol, Los Angeles, Calif. One of the highlights of the day was the telephone call from these two girls, congratulating their parents.

Present for the occasion was Mr. Wimberley's sister, Mrs. R. G. Raney, of Blackwell; and a brother, Alfred Wimberley, Friona. Also Mrs. Wimberley's two brothers, O. R. Smith, Big Spring; and Gambrell Smith, Muleshoe.

More than one hundred-twenty guests called during the afternoon.

Out of town guests were: Mr. and Mrs. Alfred Wimberley, and Mr. and Mrs. B. H. Brock and Sandra, Friona; Mr. and Mrs. R. G. Raney, Blackwell; Mr. and Mrs. Elgin Jones and Martha, Big Spring; Mrs. O. H. Scott, Lamesa; Mr. and Mrs. O. R. Smith, Big Spring; Mr. and Mrs. W. S. Morrow, House, N. M.

Mr. and Mrs. Frank Andrews and children, Carlbad, N. M.; Mr. and Mrs. W. C. Cox, Munday; Mr. and Mrs. Ralph Raney and children, Borger; Mr. and Mrs. Marvin Wimberley and two children, and Lester H. Ford, Oklahoma City.

Mr. and Mrs. J. W. Emfinger, Littlefield; Mr. and Mrs. W. D. Pate, Portales, N. M.; Raymond H. Fulwood, Roscoe; Mr. and Mrs. Ray Keeling and daughters, Littlefield; Mr. and Mrs. G. B. Wimberley and children, Lubbock; Carl Reece, Amarillo; Mr. and Mrs. Warren Powers and

children, Lubbock. Many friends from in and around Muleshoe called.

Juanell Wimberley, a granddaughter of the couple, presided at the guest book. On the registration table were pictures of Mr. and Mrs. Wimberley taken just a few days previous to their marriage May 21, 1905, and pictures taken recently.

Mr. Wimberley, a native Texan, was born and reared in Bell County. Mrs. Wimberley, the former Miss Lillie Frances Smith, daughter of the late Mr. and Mrs. J. J. Smith, was born in Mississippi, but came to Bell County, when five years of age. Mr. and Mrs. Wimberley have made their home in Muleshoe since 1926.

The refreshment table was laid with a white satin cloth featuring gathered net flounces. Center-piece was a May pole arrangement of miniature picture dolls dressed in gold, with a miniature bride and groom standing in the foreground. Lighted white tapers flanked the arrangement.

Anita Powers, granddaughter, presided at the punch bowl and Mrs. Elgin Jones, neice of the honorees, cut and served the beautifully decorated three-tiered cake. Mrs. Gladys Wimberley and Mrs. Ruth Wimberley assisted with hospitalities.

At noon, the immediate family and out of town relatives attended a covered dish luncheon at Fellowship Hall.

Evertt McAdams Is Presented With The Citizenship Award

Evertt McAdams, son of Mr. and Mrs. Horace McAdams, of Amarillo, has been presented

Summett School in Amarillo, where he is a student.

Given by the American Legion, the award is based on citizenship, scholarship, courage and personality.

He was also presented with the Safety Patrol Award in recognition of meritorious service rendered in protecting the lives of school children, and the Amateur Athletic Union Award.

Everett is the grandson of Mr. and Mrs. Clyde Bray, and Mr. and Mrs. W. B. McAdams of Muleshoe.

Progress WSCS Members Visit Clinic In Amarillo

Seven members of the Progress WSCS visited May 13, at the Wesley Community Center at Amarillo. They reported the day's visit enjoyable and instructive.

Deaconess Helen Osborne is doing excellent work with both children and adults. The physical plant is a remodeled house with a large play area. Ladies from Progress making the trip were: Mmes. Sadie Bass, Joyce Walker, Mattie Griffin, Doris Wedel, Velma Jones, Johnnie Westbrook and Velma Gwyn.

Highlights of the trip were related at the regular W. S. C. S. meeting Thursday, May 19, at the Methodist Church. Officers made quarterly reports. Plans were announced for the daily Vacation Church School, which is to be held the week of June 5 to June 12.

Program leader for the day was Ruby Actkinson. Velma Gwyn served refreshments of punch and cookies.

Attendance was low due to many who were taking vacation trips, and also many were absent because of the rainy weather.

Members present were: Mmes. Vela Jones, Ruby Actkinson, Elvita Gray, Ruth Cooper, Velma Gwyn, and Doris Wedel.

WEST COAST TRIP

E. H. Baugh of Muleshoe, and F. F. Richardson of Fredrick, Okla., returned Sunday from a trip to the West Coast. They visited in Tucson and Phoenix, Ariz., and San Diego, Los Angeles, and Long Beach, Calif.

One of the many interesting places they visited was the Knotts Berry Farm, near Long Beach, better known as Ghost Town.

On the return trip they saw

one sights in Las Vegas, Nev. This was Mr. Baugh's first trip to California, and he enjoyed it very much, but was glad to get back to Muleshoe, especially when he got back and found it had rained.

ON TRIP DOWNSTATE

Mrs. Eddie Lane and children are visiting at Houston and Waco with relatives this week.

**Texas Cowboy Bradley Wrestles
Britisher Tom Thumb Here Saturday**

COWBOY BOB BRADLEY

Mighty mites of professional wrestling, big muscled midgets, again will show their wares in the Muleshoe junior high gym.

This time they are Texas-born Cowboy Bob Bradley and British-born Major Tom Thumb, two of the most highly rated of the "little men" who have shifted from other lines of endeavor to wrestling.

Of about the same physical proportions as the two midgets who appeared in Muleshoe two weeks earlier, the new duet is even stronger and better known than Ivan the Terrible and Tito Infante, who are also pretty frisky.

Bradley and Thumb appear in the feature section of a double main event Saturday night, wrestling for two best falls out of three or one hour.

In the other department, popular Luis Martinez, 205 pound Mexican, goes against Greek Chris Belkas of Athens and Boston. That also is for two best of three falls of one hour, and figures to attract a large following of Martinez fans. It will mark the last appearance in the Southwest States territory, for a few months at least, of Martinez, who is under contract to wrestle in some of the metropolitan cities of the mid-west.

Cowboy Bob Bradley, 41 inches tall and 98 pounds heavy, is one of the few Texas midgets in the game. He was born and brought up on his father's ranch near Amarillo, but since turning professional nearly ten years ago Bob has been "on the road" most of the time. An ardent physical culturist, he has built himself into one of the strongest of the midgets. He is one of the best looking of the little men as well as one of the most muscular.

Tom Thumb, 32 years old, a swaggering, strutting little man, was a professional swimmer, weight lifter and comedian on skates before turning wrestler. He served in the Merchant Marine during World War II.

LEFT WEDNESDAY

Mr. and Mrs. Joe Walker and small son, John Gwyn, left Wednesday, May 18, for a vacation in San Antonio and other points of interest in Texas.

**Local Softball
Teams Drop '55
Season Openers**

Enochs was off to a good start Tuesday evening as they jerked the lid off the City Softball League's '55 season by beating the Muleshoe Printers 12-1.

Playing on their home diamond the Enochs club stopped cold the efforts of two local hurlers, Eugene Shaw started for the Printers and was relieved by Arvel Lowallen after two error mared innings.

The lone Muleshoe tally came when Donald Roddam tagged a single and was brought home by Willie James after working his way to third on a steal and a fly ball.

In League action elsewhere the local REA club dropped their opener to Howard & Shaw Construction of Sundown in the first game at Morton.

Tomorrow night the Printers will journey to Sundown where they will face the Howard and Shaw team.

**4-H Workshop
To Be Held
At Needmore**

A Recreation Workshop for 4-H girls in Bailey County will be held Monday, May 30 and Tues-

day, May 31. This workshop be held in the Community Center at Needmore and will begin 9:30 a. m., each day.

Three girls from each of 4-H clubs and adult leaders other mothers will attend meeting. About thirty girls expected to attend. Mrs. F. Davis, Mrs. Roy Carney, Mrs. T. Sy Lemons, Mrs. Ruby Batchelor, Mrs. C. H. Gillis, Mrs. Mollie Stinson will be charge of the workshop.

The girls will bring their lunch the first day and the second day they will cook their lunch on the premises. Other activities include quiet and active citizenship games, singing games, pre- and get-acquainted games and play-party games.

LEGAL NOTICE

Sealed bids will be accepted on two farm levees to be sold by Three Way School. These are Bostrum No. 2 levee. One is approximately seven years old and the other one is a little more than one year old. Bids will be accepted until 12:00 noon, June 23, 1955. Bids will be opened at regular school board meeting at 8:00 p. m., June 23. These items will be inspected any time up to June 23, 1955. The school board reserves the right to reject any or all bids. Mail bids to Roy M. Crawford, Box 633, Maple, Texas.

News Highlights From 3-Way

By MRS. FRANK GRIFFITH

WCS MET MONDAY

Monument Lake W. S. C. S. met Monday, May 16, for an all day quilting. Mrs. Cecil Cole, vice-president, was in charge of the business meeting, which followed a covered dish luncheon at the noon hour.

Mrs. D. C. Rainwater opened the session with a prayer. Devotional was given by Mrs. Pete Tarlton. Three chapters from "Man and God in the Country", were reviewed by Mrs. Tommy Galt.

Officers elected to take office June 1, were Mrs. John Shackelford, president; Mrs. Cecil Cole, vice-president; Mrs. Pete Tarlton, recording secretary and treasurer; Mrs. Leon Reeves, secretary of promotion; Mrs. Tommy Galt, secretary of missionary education and service relation and local church activity; Mrs. Klyde Krebs, secretary of spiritual life and youth work; Mrs. Cecil Cole, childrens work; Mrs. J. G. Arm, secretary of literature and

publications of student work; Mrs. Louie Jordan, secretary of supply work; and Mrs. D. C. Rainwater, secretary of women.

FROM VIRGINIA

Mr. and Mrs. R. E. Warren and children Gary and Sharon, of Manassas, Va., visited the Bud Warrens recently. They went on to Ft. Worth, accompanied by Mrs. Lela K. Warren, mother of R. E. and Bud.

COMMENCEMENT EXERCISES WERE HELD MAY 17

Commencement exercises for the high school seniors were held Tuesday evening, May 17, at 7:30 o'clock.

Processional was played by Kay Cole and invocation was read by John Criner, high school principal. Pauline Warren Dupler gave the salutatory address, and Arlen Simpson read the class will.

Joan Reeves, Sue Warren, Elizabeth Dupler and Peggy Fowler rendered a vocal number. Will Coleman gave the presidents address, and valedictory address was given by Maudean Eubanks.

Students who had perfect attendance records for the year were: Bonnie Bateas, Don Richardson, Sue Warren, Juanita Wall, Barbara Mitchell and Betty Ann. They were presented with awards by the high school principal.

Supt. Archie Sims presented diplomas to Ann Collins, Stella DeHayoz, Wayne Donald, Zane Donald, Pauline Warren Dupler, Maudean Eubanks, Norman Phipps, Ida Faye Renfro, Mary

Ann Short, and Arlene Simpson. The class motto was, "If you can't find a way, make one". Benediction was read by Rev. Bobby Rowe. Recessional was played by Barbara Mitchell.

HD CLUB MET WITH MRS. ANN LYNKY

Three Way Home Demonstration Club met with Mrs. Ann Lynsky, Thursday afternoon, and Mrs. Mollie Stinson, county HD agent gave a talk on home recreation.

Members present were: Mmes. Chloe Klutts, Mildred Welch, Lenora Nexbeth, Faye Krebs, Florene Ensor, Pearl Lynsky, and the hostess.

Mrs. Krebs is to host the next meeting which will be June 2.

HAS RETURNED

Mrs. Vivian Ann and her mother have just returned from an extended visit in California.

DON KNOX IN WP HOSPITAL

Don Knox, who has been in ill health for the past few months was rushed to the West Plains Hospital and Clinic in Muleshoe Sunday and is undergoing treatment there.

CALLED TO ASPERMONT

Mrs. Millard Townsend and Mrs. Bob Sandlin were called to Aspermont last week, due to the death of their brother, Mrs. Sandlin stayed with her mother in Aspermont until Saturday.

GRADE SCHOOL COMMENCEMENT MAY 19

Grade school commencement exercises were held Thursday, May 19, at 7:30 in the evening, at the high school auditorium.

Processional was rendered by Kay Cole, Rev. A. R. Coleman gave the invocation, and Larina Long gave the salutatory address.

The class sang, "Singing In The Rain" and "May The Good Lord Bless and Keep You". Class will was read by Lonnie Eakles, and Virginia Klutts gave the valedictory address.

Sam Green presented awards to grade school pupils with perfect attendance records for the year.

Claude Spears, grade school principal, presented diplomas to Dirlma Boozer, Mickey Coleman, Gloria DeHayoz, Billy Dupler, Lonnie Eakles, Leslie Fine, Doyle Fowler, Vester Gillam, Narcisa Herrea, Betty Hutton, Nan Johnson, Donita Jordan, Paula Kindle, Virginia Klutts, Lorena Long;

Jane Millar, Gwenda Lee Parker, Ava Lou Pierce, Curtis Pierce, Mike Pollard, Hansford Tunnell, Billy Wall, Wesley Warren, and Linda Welch.

Rev. C. Martin read the benediction and recessional was played by Kay Cole.

BARBER POLE STRIPES

A light-hearted design by Minx Modes features the barber pole look. This cotton coat dress has its own "barber pole" striped separate petticoat, tiny striped matching gloves, and striped bow tie. The cotton dress can be worn open with stripes peeking through or completely buttoned.

COLES HAD GUESTS FROM OUT OF STATE

Guests in the home of Mr. and Mrs. D. P. Brinker the past weekend were Mr. and Mrs. Lyndal Cagel and children of Tatum, N. M.; Major and Mrs. Harold Brinker and children of Gulfport, Miss; Mr. and Mrs. Glenn Brinker and children, Tatum; and Mr. and Mrs. R. B. Wittner and Terry of Lubbock.

Mrs. Cagil, Mrs. Wittner, Harold and Glenn are children of Mr. and Mrs. Brinker.

SUFFERED FRACTURE

B. B. Johnson, son of Mr. and Mrs. Baker Johnson, suffered a multiple fracture of the right arm Thursday, when he fell while playing.

SCOTCH TAPE and dispensers on SALE at the Journal.

THE MULESHOE JOURNAL, Thursday, May 26, 1955

FROM ARKANSAS

Mr. and Mrs. Walter Cogdell and daughters, Portales, N. M.; and C. B. Cogdell, Conway, Ark., visited with Mr. and Mrs. Ashby Askew Sunday afternoon. The Cogdell brothers were Mr. and Mrs. Askew's neighbors a few years ago, when they resided in Chaves, N. M.

TO HAGERMAN

Mr. and Mrs. Sam McKinstry and aunt, Mrs. C. E. Girdner left last Friday for Hagerman and Lovington, N. M., to visit for a few weeks with relatives and friends.

VISITED IN AMARILLO

Mrs. Owen Rogers and Mrs. Ashby Askew visited in Amarillo recently for a few days, with their sister, Mrs. Odie Lane, who is a patient in Northwest Texas Hospital.

VISITED SON

Mrs. Ashby Askew spent part of last week with her son and family, Mr. and Mrs. Lennis Askew and children, at Wills Point.

DO-IT-YOURSELF
... with help from the family (and your hardware man)

the item-of-the-month

PAINT ROLLER AND TRAY \$3.69
Makes painting easier, faster. Slip-on wood cover—and bearing. Sturdy aluminum tray.

1/4 H.P. MOTORS \$18.75
Mechanize your workshop with these rugged electric motors for home use. 1/2 H.P.

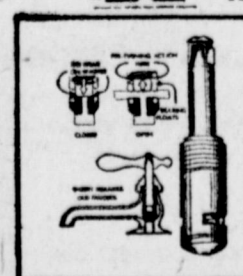

POWER DRILL \$12.95
Basic tool for the "do-it-yourselfer." With attachments, a multi-purpose tool.

BENCH SAW \$41.50
8-inch tilting arbor bench saw for use with 1/2 H.P. motor. Table top 13" x 16".

WINDOW FAN \$29.95
Fits upper or lower sections. Adjustable width. Steel frame and grill. Extension cord.

PORTABLE SAW \$49.50
Finest saw for home workshop. Converts to table saw, sander, shaper with accessory kit.

HOW TO REPAIR A FAUCET

It's a lot easier to buy a faucet insert of the kind shown in the drawing, which can be obtained at this hardware store, than to go through the laborious process of reseating or refacing the old faucet. When this insert is used it is not necessary to remove the faucet from the pipe. The insert provides a new stem, new seat and new threads. To install one, the cap nut of the faucet is removed, the insert put in place, and the cap nut and handle replaced. There is no wear on the washer in this insert.

Many other Handy Home Hints can be found in Popular Mechanics. "DO IT YOURSELF" books available at this store.

Built to Flash Ahead

(not just get by!)

New Dodge Custom Royal Lancer. Other Dodge models priced below many models in the "lowest price field."

Some things you can see right away that tell you this is the year of the big Dodge move. (Sales have doubled over last year!)

You can stack the new Dodge up against other cars in its field, and see how much larger and more luxurious it is: Up to 9 inches longer than competition.

You can see the distinction of new Dodge styling, with eager lines that are stealing the "OH's" from the costliest cars. The

swept-back sweep-around windshield. The "sparkle" of twin-jet taillights and three-tone color combinations. The beauty of Jacquard tapestry interiors.

But more important than this is the deep-down dependability engineered into every unseen part and feature of this great Dodge!

That is something you discover through the years and over the miles. It is your sure reward for choosing the new Dodge.

THE NEW DODGE

Flair-Fashioned . . . and Flashing Ahead!

 Bailey County Memorial Park, Inc., to W. M. Pool, Jr.; Lots 5 and 6, Block 50, Garden 1.

Fertilizer must be used on irrigated land. They will pay 90c per hundred for not less than 100 pounds or more than 330 pounds of 20% Superphosphate, or its equivalent. No fertilizer is needed on dryland to draw payment. Indications, from implement and seed dealers shows that there will be approximately 5,000 acres of Cowpeas and Grain Sorghum this year.
Be sure to inoculate your Cowpea seed.

Soil Conservation News

E. N. McCall, District Supervisor, is planning on putting a terrace spreader system on his farm at Enochs. Designs for the system has been completed by SCS technicians. Mr. McCall plans to pickup outside water and spread it over his farm with a system of terraces.
 Ed Little's vetch is making very good growth. A clipping on the vetch showed that there was 22-475 pounds of green manure per acre. Ed lives seven miles west of Muleshoe.

SCS personnel made a Range Survey on the U-Bar Ranch. Mr. Jack Hicks is the foreman of the ranch.

There was also a ranch survey on Mr. L. C. Wheeler's farm and ranch north of Needmore. Mr. Wheeler is planning to do some grass seeding next spring. Sudan will be planted on this land, so that he will have a good cover in which to plant his grass.

There seems to be more and more interest in the seeding of Cowpeas and Grain Sorghum in the Blackwater Valley Soil Conservation District. Virgil Nowell, District Supervisor, from West Camp, plans to plant 250 acres of peas. Mr. Nowell is planting 6 pounds of Cowpeas with his sorghum. David Anderson of Muleshoe, planted 4 1/2 pounds of peas to the acre in 1954, and plans to seed the same rate this year. He stated that he thought he had a good stand of peas at this rate of seeding.

The County ASC will make payment for the interplanting of Cowpeas with Grain Sorghums. The amount which they will pay is 50c per acre with a minimum seeding rate of 5 pounds per acre.

Announcing

D. G. SMITH

NEW FORD DEALER

FOR MULESHOE TERRITORY

FORD MOTOR COMPANY

Has approved a Ford Sales Agreement with D. G. Smith. The dealership will continue to be operated under the name "Muleshoe Motor Co."

Mr. Smith has bought the interest of Mr. L. H. Jones, who is moving to a larger Ford Dealership.

Mr. Smith announces there will be no changes in personnel. He has been in the automobile business the past 5 years, and comes to Muleshoe from Amarillo, where he has lived for 10 years.

He selected Muleshoe after having visited dealerships in towns and cities in many parts of the Southwest, being attracted by the progressive spirit shown here and the desirability of this city as a place to make a home for his family.

He plans to improve and enlarge all facilities of the dealership, so that the citizens of Muleshoe and territory will have the finest service available to automobile owners. Mr. Smith is anxious to get acquainted with all the people and he invites everyone to visit the dealership.

HERE'S OUR STAFF, READY TO SERVE YOU

Seated, left to right: Jo Wood, bookkeeper; J. W. Holmes, mechanic; Cecil Mills, body shop man; Charlie Claborn, car washer; Delores Garrett, stenographer. Standing, front row, left to right: D. G. Smith, owner; Clint Garlington, mechanic; Manuel Maestas, car washer; L. R. Testerman, service station attendant; Bob Harvey, car salesman; Harvey Baker, parts salesman; Dick Lawler, mechanic; Back row: Homer Ary, shop foreman; Walter Boness, service station attendant; Frank Swint, parts salesman; N. T. Coffey, car salesman; Ed Edmiston, car salesman; Buford Hemphill, mechanic.

WE'LL ANNOUNCE A DATE FOR OUR

Formal Opening

IN THE NEAR FUTURE

**AND WE ARE HAPPY TO ANNOUNCE A NEW DEPARTMENT
Irrigation Motor Sales and Service**

Mr. Kermit Schramm will be in charge of sales and service on industrial engines. He has had many years of experience working with farmers in a responsible capacity. He will be happy to figure with you on your irrigation engine requirements.

We Invite

Quarterly Luncheon Of WSCS Held At Fellowship Hall

Members of the Women's Society of Christian Service of the First Methodist Church of Muleshoe, with members of the Wesleyan Service Guild and Philanthropy Circle as their guests, met at Fellowship Hall Monday of this week for the fourth quarterly luncheon.

The program began at 10:30 a. m. Devotional on "Time," was given by Mrs. F. B. Pierson. Mrs. W. D. Moore read an article, "The Purpose of The WSCS", and reviewed the goals for the quadrennium ending in September, 1956.

Financial report was given by Mrs. Arnold Morris, and the presidential report reviewing the past years work, was given by Mrs. H. Jay Weyer.

The group then joined hands and sang one verse of "Blest Be The Tie That Binds". Mrs. Clarence Stephens dismissed the group at the noon hour.

Lunch was served to Mmes. H. Jay Weyer, W. D. Moore, F. E. Pierson I. F. Willman, L. W. Harden, I. W. Haney, L. N. Fowler, O. S. Richards, O. N. Jennings, Beulah Carles, Morris Childers, Mervin Witterding, Arnold Morris, Robert Hooten, Buford Butts, Birda Paul, W. F. Gable, Clarence Stephens, Cecil Davis, Ray Edwards, Pat Bobo, Ruth McCarty, and Wanda Huber.

English Residence Scene Of Brownie Scout Meeting

Brownie Troop No. 9 met at the home of leader Doris English, Tuesday afternoon, May 24, at 4:00 o'clock in the afternoon.

Answering roll call were: Carolla Bass, Judy Kay Burge, Ellen Louise English, Linda Jane Gross, Glenna Gail Guinn, Elaine Gulley, Linda Kay Floyd, Linda Moore, Betty Wilson, Ann White and Lydia Wolfe.

A review of the work done by the girls since May 3 was given. The girls had not met since that date.

As it was Ann Whites birthday, her mother brought a birthday cake, and a paper sack picnic was enjoyed. The group then sang "Happy Birthday" to Ann. Cake was served by Mrs. White and Mrs. English poured the fruit punch.

Ladies present at the committee meeting were chairman, Mrs. Harvey Bass, Mrs. Elmer Wolfe, and Mrs. Bob White, co-leader, Mrs. Alvis Burge and Mrs. Gene English. It was voted to have the summer meetings on the first and third Tuesday of each month at the English residence from 9:00 to 10:00 a. m.

Girls who were absent at this meeting are urged to study International Friendship, page 54, in the Brownie handbook. Next meeting is scheduled for June 7.

I. O. O. F. MEETS THURSDAY

Muleshoe I. O. O. F. will meet Thursday night at 8:30 and nominations for officers for the current year will be open for the last time.

Pop Dalton and Jimmy Lumpkin have been nominated for Vice Grand. Your presence at this meeting will be appreciated.

L. A. GREEN

HOME DURING SEMESTERS

Sam Donaldson, son of Mr. and Mrs. Scott Donaldson is home from Texas Tech for ten days during semesters. Sam left Monday to accompany Mr. and Mrs. Bill Caldwell, of Lubbock, to Colorado. They plan to return sometime the early part of next week.

Claudia Huber and Patricia Butts, Rev. Stephens, Wesley Stephens and Gambrell Smith were the three gentlemen who attended.

HOME OVER WEEKEND

Pvt. Rodney Lambert was home with his parents, Mr. and Mrs. S. A. Lambert over the weekend. Lambert left Monday for his return trip to Camp Campbell, Ky., where he will remain stationed until sometime in July, when he will leave for two years duty in Japan. Rodney, a former student in Muleshoe High school, is in the Airborne Division of the United States Army.

BIRTHDAY DINNER HONORS H. GRIFFIN

Sunday guests in the home of Mr. and Mrs. Horton Griffin were Mr. and Mrs. M. F. Whitaker, Marvin and Denise, Lovington, N. M.; Mrs. Bertha Langley, Montrose, Calif.; Mrs. Edna Cole, Santa Rosa, Calif.; Mr. and Mrs. Howard Griffin, Peggy and Curtis, Texaco, N. M.; Mrs. Mattie Griffin, Mrs. Johnnie Westbrook, and Mr. and Mrs. O. S. Richards, Proress.

The occasion was a birthday dinner in honor of Horton Griffin.

Mrs. Caldwell Is Nominee To State HD Club Meeting

Mrs. S. C. Caldwell was elected as a nominee to council from the Muleshoe HD Club, for a delegate to the State HD Meeting, when the club met at the home of Mrs. J. E. Day the past Tuesday afternoon, at 3:00 o'clock.

Mrs. A. W. Copley was elected to the post of vice-president to replace Mrs. O. L. Dutton, who has recently moved to Lubbock.

A demonstration on the making of a "Buddy Burner", was given by Mrs. S. C. Caldwell. Mrs. M. R. Oden was in charge of the program, on Civil Defense.

Games were played during the afternoon and refreshments served. Mrs. C. H. Gillis won the hostess gift, a pickle dish.

Members present were: Mmes. C. E. Briscoe, John Boydston, Mary Ratliff, Roy Carney, W. W. Smith, S. C. Caldwell, M. R. Oden, C. H. Gillis, John Purdy, M. L. Oswalt, Glenn Stevenson, S. L. Robinson, Fred Bruns, Ruth Wilbanks, and Tommie Sanders.

TO FLORIDA FOR SUMMER

Little Claudia Huber is taking off on her greatest adventure in her young life. At 7 years of age, she's taking a plane in Amarillo alone tomorrow to fly to Miami, Fla., where she will spend the summer with her father and grandparents. She is the daughter of Mrs. Wanda Huber.

Parmer County Has 13,000,000 Acre Feet Water Storage

Parmer County contains approximately 16,300,000 acre-feet of underground water in storage available for pumping. The map of Parmer County shows the thickness of the water-bearing strata between the water table and the top of the red beds. The patterns on the map show the ranges of thickness of water-bearing strata throughout the county. The map and studies of this type are parts of the regular technical work in progress by the High Plains Underground Water Conservation District. This information was compiled by G. W. Willis, geologist with the Water District, from records of wells on file in the office of the Water District in Lubbock.

The quantity of water available for pumping was determined by computing the total volume of water-bearing strata in the underground reservoir in Parmer County and multiplying this total by the coefficient of storage of 15 percent. This figure of 15

percent for the coefficient of storage was determined from studies made by the Texas Board of Water Engineers in cooperation with the U. S. Geological Survey. Subsequent studies indicate that this figure is reasonably accurate in the Southern High Plains when applied as an average for all of the water-bearing strata, including the fine-grained clay and sandy clay as well as the coarser-grained sand and gravel.

The approximate quantity of underground water in storage, available for pumping, beneath an individual farm may be determined by multiplying the number of acres in the farm by the thickness of the water-bearing strata underlying the farm and then multiplying by the storage coefficient of 15 percent. Suppose the farm consists of 320 acres and has 200 feet of water-bearing strata underlying it, then 320 acres x 200 feet x 0.15 equals 9,600 acre-feet of water

available for pumping. An acre-foot of water is the quantity required to cover one acre to a depth of one foot, and it is also equal to 43,560 cubic feet or 325,829 gallons.

An individual may use this information to determine, within reasonable limits, how long the quantity of underground water in storage beneath his farm will last. If he knows the thickness of the water-bearing strata and will keep records of the annual withdrawal and annual change of the water table, he can compute the approximate number of years his supply of underground water will last at any annual rate of withdrawal. This assumes, of course, that his neighbors pump a comparable amount of water per acre on their farms.

The map and the information concerning the quantity of water in storage will be revised from time to time as additional information becomes available. Similar maps and information will be

Irrigation In North Dakota Is Subject Of Talk

Senn Slemmons gave a run-down on development of irrigation from rivers and underground water sources in North Dakota in a talk before the Rotary Club Tuesday noon. Slemmons, a new member of the club, recently came here to become manager of the Muleshoe Chamber of Commerce.

He used maps of the region to bring home the points of his talk. The speaker was introduced by Arthur Crow, program chairman.

The club voted to contribute one dollar per capita to the fund being raised to help buy baseball gloves and shoes for boys who want to play in the Little League or the Babe Ruth League, but who are unable to purchase them.

Guests included Rotarian Drew Watkins of Sudan, and Albert Thomas, representing the Lubbock Avalanche.

FORMER RESIDENTS

Mr. and Mrs. James Phipps, former Muleshoe residents who have been making their home in Amarillo, have returned here to make their home. She is the former Melba Dearing.

prepared, as rapidly as practicable, for all the counties within the Water District.

Lazbuddie School District Votes Saturday, May 28, On \$180,000 Bonds

Patrons of the Lazbuddie School District will decide Saturday, May 28, whether to underwrite a proposed expansion program for the system with a \$180,000 bond issue.

Meeting last week, the school board cleared the way for the vote, which, if supported by the patrons, will provide a new elementary building, auditorium, and vocational agriculture building.

An offer to buy the proposed bonds at three percent was heard by the board, although they entered into no agreement. The present bonded indebtedness of the district is \$122,000.

Tentative plans call for three new buildings: 1. A ten classroom elementary building with offices, library, book room and toilets, one story, semi-fire-proof building of masonry, steel and concrete; 2. A 500 seat auditorium to be built adjacent to the present high school with stage, dressing rooms, foyer and public toilets.

3. A 32 by 120 foot agricultural shop building, including a class

SCOTCH TAPE and dispensers on SALE at the Journal.

room, office, toilets, and a shop for woodworking, machine repair, welding, and exhibit work.

All buildings are to be semi-fireproof with masonry walls and steel framing.

James G. Ward is superintendent of schools and Frank Hinkson is president of the Board of Education. Architects for the proposed construction are Stiles, Roberts & Associates, architects and engineers, Lubbock.

FROM BORGER

Mrs. C. E. Geary and children of Borger are here this week visiting her mother, Mrs. G. D. Kersey and brother Ray, who is home from the service.

Sales get BIGGER!
and BIGGER!
and BIGGER!

This '55 Buick must have something that folks just won't do without!

TWO months ago, in the public print, we said that this looks like Buick's biggest year—and we weren't fooling.

But what has happened—and continues to happen—is almost beyond belief.

People buy up these stunning new Buicks practically as fast as we get them from the factory. Buick production—already revised upward several times—keeps forging ahead to new highs every month to meet the mounting demand.

And Buick sales keep soaring higher and higher and higher—outstripping by far the phenomenal success of last year—the success that moved Buick into the "Big Three" of America's best sellers.

What is it about the '55 Buicks that folks by the

hundreds of thousands just won't do without? It's many things.

It's styling that's boldly distinctive and fresh as tomorrow. It's beauty of line and beauty of interior décor. It's a ride that's level, firm and steady. It's a new sweetness of handling. It's great power—walloping new V8 power of record might.

But above all, it's a new kind of performance, from a new kind of automatic transmission that was born of flight thinking.

It's Variable Pitch Dynaflo*—engineered from the principle of the modern plane's switch-pitch propeller—and what it brings you in the way of pure thrill, mere words can't describe.

Just you drop in on us this very week and try it. That way you can see what a terrific automobile—and a terrific buy—the hottest-selling Buick of all time really is.

*Dynaflo Drive is standard on Roadmaster, optional at extra cost on other Series.

CAN YOU SEE • STEER • STOP SAFELY? CHECK YOUR CAR — CHECK ACCIDENTS!

COOL COMFORT FOR HOT WEATHER DRIVING WITH

Buick's Airconditioner
(A genuine Frigidaire)

Automatically cools down the hot interior quickly—and keeps it cool, even in slow-moving traffic. Continually replenishes inside air with fresh supply of filtered outside air. Lets you ride in clean, quiet comfort with windows closed on dusty, windy, and rainy days, even when cooling is not required. Available in all 4-door Sedans and Riviera models at extra cost—and well worth it in cool, cool comfort.

Thrill of the year is Buick

IMPROVED CROP OUTLOOK

Recent heavy rains in many areas of the state have changed the Texas crop outlook from "dis- mal failure" to "hopeful pros- pects".

Yet, regardless of the immed- iate picture, it is evident that Texas farmers and ranchmen still will need a "normal amount of additional moisture the rest of this year.

Enough rain has fallen to as- sure a good grain sorghum plant- ing conditions in the production belt from Corpus Christi to the High Plains region. In the next few weeks, farmers will be busy planting millions of acres of this crop.

Cotton prospects are now fair- ly good after a disheartening start. Even though the rain washed out some fields and some hail damaged others, it

is not too late to replant, in most cases, since for corn look even better than cotton.

Unfortunately, the rain came too late to do much good for Texas wheat. Oats are gone for the most part but benefits to pastureland cannot be underes- timated. Ranchmen hail the rains as "the best in the last five years" in Central and North Cen- tral Texas.

Despite the unusual amount of rainfall, however, the relief can- not be termed as a "drouth breaker". Damage done by five extremely dry years will not be repaired by a week of rain. A vast area of South Texas, extend- ing from Alice to Laredo and north to San Antonio has receiv- ed only spotted downpours.

Water reserves are still short in many sections except those which received more than five

inches. The initial showers must be followed by additional mois- ture equal to a normal year's supply before the threat to our water reserve is past.

Briefly, the rains are a bless- ing — but Texas needs more! At least a full "wet" year will be necessary to put agriculture back on its feet.

Sodium Chlorate Deal Announced By Farm Bureau

Bailey County Farm Bureau will supply sodium chlorate at an estimated price of \$9.60, de- livered here, officials of the Bu- reau announced this week.

They said they had decided to accumulate orders for the poison, used to kill bindweed, in order to encourage more land owners to join in the fight against this hard to kill pest.

Early this week they needed or- ders for 13,000 more pounds in order to make up a truck load. It will be bought in Louisiana.

The PMA will defray half of the cost of applying the chemical in bindweed. There is no support for using sodium chlorate on Johnson Grass, but it is effective in controlling it, and it is expect- ed that many farmers will want to use some of it for that purpose.

Those interested in the Farm Bureau offer may get additional information by calling at the lo- cal office.

FAMOUS TEXANS' RECIPES

Glamorous Cattle-Raiser Picks Beef and Kidney Pie

Fort Worth— Beef & Kidney Pie, a legacy from her native England, wins praise for Texas' most glamorous cattle-raiser, Greer Garson.

The casserole is admired by Greer Garson the celebrated actress's Texas friends almost as much as her prize winning herd of all white beef Shorthorns which she im- ported from Scotland.

Miss Garson, wife of Dallas oil executive, E. E. Fogelson, exer- cised her rights to Texas citizen- ship five years ago when she pur- chased the small pure-bred Short- horn herd and began to expand it. Currently, Mrs. Fogelson is en- gaged in a cross-breeding experi- mental program with the object of producing a new type of beef.

When asked to name her favor- ite beef recipe for the Texas Beef Council's "Famous Texan" collec- tion, Miss Garson narrowed it down to three, each expressing her personality. The publishers plan to include all three in the book which is now being compiled.

Rich in taste, delicate in spic- ing, the following recipe serves six.

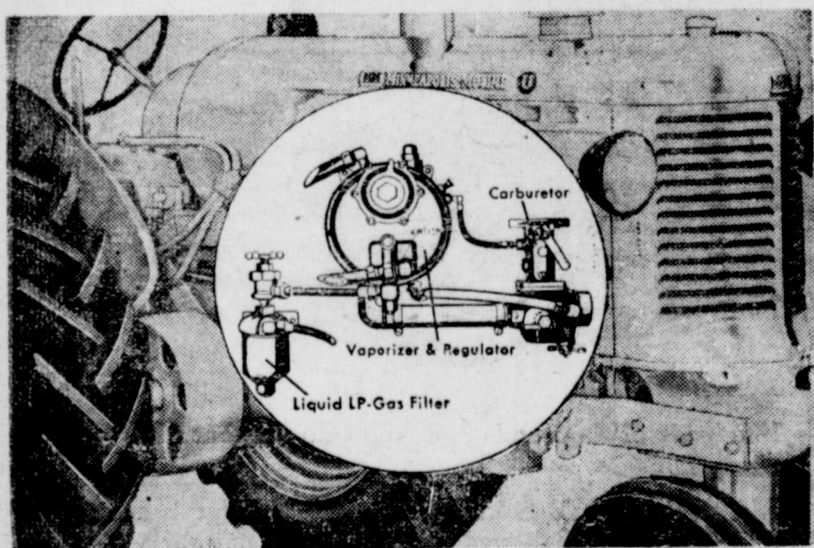

Beef and Kidney Pie
2 pounds top sirloin (or trian- gle) cut 1/2" square

- 2 beef kidneys cut 1/4" pieces
- 4 ounces chopped onions
- 1 tablespoon flour
- 1 clove garlic chopped
- 2 tablespoons tomato puree
- 1 cup sherry (or dry red wine)
- salt, pepper, thyme, parsley to taste
- 1 bay leaf (optional)
- 1/2 pound mushrooms, fourthed
- 1 egg, beaten

Saute beef rapidly, remove from pan, drain. Saute kidneys, drain off excess grease and water. Com- bine beef and kidneys; return to pot; stir in onions and brown. Blend in flour, chopped garlic, to- mato puree and wine. Add enough water to cover, mix in seasonings, and simmer two hours. In separ- ate container, saute mushrooms; add to beef and kidney mixture when cooked. Pour into baking dish; cover with

Pie Crust Dough
3/4 pound flour
1/2 cup cold water
6 ounces salted butter
Combine flour and water; spread dough on table. Place butter in center. Fold dough over the but- ter (like a book). Roll it with roll- ing pin. Fold it twice and let rest 20 minutes; fold it twice more and wait 20 minutes and repeat the process a third time. Roll dough out 1/4-inch thick and cover the beef-kidney mixture. Brush top with beaten egg to give a golden color to crust. Bake in moderate oven (350°) for about 30 minutes.

make your tractor a MODERN tractor

CONVERT TO LP-GAS With ENSIGN Carburetion

Right there in the circle above you've got the key to modern tractor efficiency — LP-Gas fuel plus Ensign Carburetion. It's just good business sense to find out how modern LP-Gas efficiency scraps ordinary performance standards. Get the facts on profit-boosting fuel savings and phenomenal freedom from maintenance expense (3 or 4 seasons without service!). The six points below suggest a few LP-Gas and Ensign Carburetor advantages. Keep the profit-angle in mind as you read them!

1. Fuel savings 25 to 40 percent.
2. Lube oil lasts four times as long.
3. 50 to 75 percent fewer overhauls.
4. Increased power. 100 octane fuel permits high compression.
5. Smooth-running engine — no vibration.
6. Same fuel storage serves tractor and household.

Let your Authorized Ensign Dealer check your engine. He can tell you what you can save by making your tractor a MODERN tractor with LP-Gas.

Barbecue Tomorrow Honors Men Who Built Southwestern's Big Plant X

They're going to turn the tables at Southwestern Public Service Company's huge Plant X in Lamb County tomorrow, (Friday, May 27). Turn them twice, as a matter of fact.

First of all, the men who built the plant, the largest power plant in West Texas, aren't going to do a lick of work. They're just going to sit around and talk about this great accomplishment of theirs which has turned a bald spot on the prairie into a giant generating station capable of producing nearly 370,000 horsepower in electric energy. And then they're going to eat a big barbecue, prepared and served by their supervisors, and be waited on hand and foot.

Then the wives are going to turn the tables on their husbands who built Plant X. Every husband is a self-appointed expert and inspector of housework, and he gets an opportunity every day to comment on his wife's ability to keep house. But not so with the homemaker. Her opportunities to inspect her husband's work are limited, but tomorrow will be her day, and she'll look his work over closely. But she'll be more proud than critical, for Plant X is a living, throbbing, productive monument to the skill of the men of organized labor who built it.

"It has been said many times that the tools with which American industry builds bigger and better plants are the three 'M's', men, machinery and money. Machinery and money are lifeless without men. Only man's creative skill can mold money and machinery into a productive, useful thing such as Plant X. This picnic is but small tribute to the skills of the men who have made this plant possible. It is a mere salute, a gesture for the real tribute to their ability is the plant they have raised on this site." H. O. Hodson, vice-president of

Southwestern Public Service Company announced the plans for Plant X on November 2, 1950. Ground was broken March 7, 1951, and since that day, work has continued, with the result that in Plant X alone there is more than twice as much generating capability as there was in the Southwestern Public Service Company's entire system 13 short years ago. As a matter of fact, Plant X alone could provide the power requirements of a city of a half-million people.

More than \$30,000,000 has gone into Plant X, but the money, by itself, would have produced nothing. 1,500,000 man-hours went into Plant X, too, which makes the money make sense, and electric power for you.

And so tomorrow, the men who built Plant X will sit down, and Vice-presidents, Chief Engineers, Construction Superintendents, and other supervisors, will serve them, and their ladies, lunch. It could only happen in America — the last great stronghold for all freedoms, including the freedom of labor.

Six Graduated At Bula High

Six seniors graduated from Bula High school Friday night in Commencement Exercises which were held in the school auditorium.

DeWayne Neel was class valedictorian and Susie Jones was salutatorian.

Sam May, minister of the Bula Church of Christ, was the guest speaker and spoke on "Three Most Important Choices".

W. C. Risinger was sponsor of the small class. Due to lack of funds the seniors decided not to take a trip.

The Junior High school had conducted its graduation the previous night, Thursday, with the students providing the program on the theme "True Americanism".

Sandra Angel was class valedictorian and Rachel Motes was salutatorian. Joe Turner was class sponsor.

VISITED PARENTS
Mrs. Noel Woodley spent the last weekend in Midland visiting her parents, the Rev. and Mrs. C. E. Jamison.

WAS HERE SUNDAY
Roald Johnson was in Muleshoe last Sunday visiting his parents, Mr. and Mrs. Fred Johnson and friends. Roald was on his way back to Texas Tech, Lubbock, from Tempe, Ariz., where he and other Tech athletes attended the Border Conference Meet.

FROM LUBBOCK
Mr. and Mrs. R. E. Bryant of Lubbock were in Muleshoe last Tuesday to attend the High school commencement exercises and to visit relatives and friends.

Wheat Farmers To Vote June 25 On 1956 Quotas

COLLEGE STATION, May 24 — Texas wheat farmers will join with the nation's growers June 25 to decide in a national referendum whether marketing quotas will continue in effect for their 1956 crop. The State Agricultural Stabilization and Conservation Committee urges Texas producers to participate in the vote.

"Under the present surplus situation, we are required to proclaim marketing quotas", Secretary of Agriculture Ezra Benson said.

"We will have almost as much wheat in the total supply after harvest this year as we had a year ago. In other words, we will have enough wheat to take care of all our domestic and export needs for two full years".

Benson has said that wheat is one of the major problems facing the Department of Agriculture this year.

Any producer in commercial areas who will plant more than 15 acres of wheat for harvest as

grain in '56 is eligible to vote in the referendum. Two-thirds of the vote must favor marketing quotas before they can be put into effect.

Local voting places for the June 25 balloting will be announced for each county.

The available supply of wheat for the 1955-56 marketing year is 66 percent above the considered "normal supply". The Secretary must call for marketing quotas when the normal supply exceeds 20 percent.

In the referendum last summer, 73.3 percent of the farmers voting approved the quotas.

ATTENDED PROGRAM
Rex Robinson attended the Armed Forces Day program at Clovis Air Force Base, Saturday.

HERE FOR COMMENCEMENT
Keith Gaede, Bob Ball of Dumas, Ann Woodley, and Phil Nickol, of Amarillo, all students of WTSC, Canyon, were in Muleshoe last Tuesday evening for the High School Commencement exercises. Keith, Bob, and Ann spent the weekend in Muleshoe, also.

ATTENDED GRADUATION
Mr. and Mrs. Lee J. Sanders, of Floyd, N. M., formerly of the Monument Lake community, were in Muleshoe last Tuesday evening for the graduation exercises. Their son, David, graduated.

The Journal Sells autographic registers and forms to fit your business. Let us show you.

WERE HERE OVER THE WEEKEND

Mr. and Mrs. Archie Scarbrough and Mr. and Mrs. David McCorkle of Amarillo, spent the past weekend in Muleshoe in the home of Archie's parents, Mr. and Mrs. A. E. Scarbrough.

BUILD FOR TOMORROW

From whatever direction you cross the seas to return to this land, you see first a magic vision duplicated nowhere else, the American skyline. New York — New Orleans — San Francisco — Seattle — your eye catches the outline of the tall structures towering as freedom's challenge to the world.

The American skyline is there as the trademark of a land of boundless resources in imagination, energy, and thrift. It symbolizes the strength and security of the nation, made so because our people have conserved their strength to assure their security. This country's faith in itself is epitomized in the E and H Savings Bond program for all of us.

More than anything else the American skyline is the physical evidence of American investment power and the resources of American savings. It is a monument to the forethought of thrift. This is the country that has looked always to the future. It has become strong because its people invested in it, as they in turn have fared well because of that investment return.

Think well! Every dollar put into America comes back in dividends. These are paid not alone in the rich reward of living in liberty under God, but alone in the highest standard of living for a whole people that the world has ever known. Dividends are earned too from every individual investment in the savings bond program of the nation.

From childhood our thrifty parents have taught us that, only as we save from our earning years, can we guarantee the security of life's evening. We can protect the needs of our growing families only by conservation of our resources of today against the certain calls of tomorrow. There are few, if any, more practicable means of investing at once in the security of our country and of ourselves than in methodical participation in the E and H Savings Bonds. Your money is lent to the Nation today. The country returns it to you in your own time of need with its interest earning augmenting your investment.

Few of us are able to put substantial sums in either bank or securities. But no wage earner need be deterred from orderly saving by that fact. By utilizing payroll deductions in the purchase of E and H bonds, regular investment is open to the small income and salary.

Your regular weekly or periodical deduction will range you with 40 million American families that own U. S. Savings Bonds. For out of every ten of them earn less than \$5,000 a year. Savings Bonds are an asset to American wealth. But, in sober truth, they are a godsend to the worker whose dollars must be budgeted to go as far as possible and still be ready to meet every emergency.

That American skyline is the visible evidence of American investment at work. Every business or industry that its structures house is kept going by activity of American dollars, invested to serve and earn. The Nation is such an industry, the greatest of them all. Your dollars, placed in its service, keep the wheels of government turning. Your Bond-a-Month bought from the United States finances its huge service to all of us.

Your family structure is only as secure as your own energy and your own thrift. No spendthrift family succeeds. No spendthrift Nation survives. So your country is only as secure as the confidence and strength of the investment of all Americans in it.

Keep America strong! Keep America secure! Buy a bond a month!

In Texas, May 22-28 has been designated as Defense Savings Bond Week. Texas in 1954 ranked 38th among the states in percentage of quota attained. That is no place for the biggest state and the sixth largest in population, far and away first in heart. This is a Texas-size job for Texas-size people.

Editorial by: William B. Ruggles, Dallas Morning News.

BABSON DISCUSSES—

Agricultural Research

Babson Park, Mass., May 26 — Industrial and Chemical Research — not Federal Aid — is the farmer's best bet. Although most American farmers appear to be doing pretty well, I am keenly aware of the drop in farm income which has occurred during the past two years. Despite the best-intentioned government price-support program — or perhaps because of it—we still have a farm problem in this country which could easily erupt into a serious social cancer.

I remember well what happened to the farmer in the thirties and what happened to the rest of the economy as a result of the decline in the farmer's economic position. In those days, the farm problem was seemingly a more arresting public issue than it is today. At least, it evoked more discussion in business and political circles.

HOW THE CHEMURGIC MOVEMENT BEGAN
In an effort to improve the demand of that era, the National

SAND HILLS PHILOSOPHER WORRIED—

Over Suggestion Experts Get Out And Show The Farmers How To Farm

Editor's note: The Sand Hills Philosopher on his Johnson grass farm is unnecessarily worried this week, but apparently he'd rather worry than work.

Dear editor:
According to an article I read in a newspaper last night which my wife had spread on the floor to keep from tracking mud in after a little rain some time back, some experts in Washington have been thinking over the farming problem, and have come to the conclusion the trouble with farmers is they aren't efficient enough they don't produce enough stuff per acre.

To remedy this, one of the thinkers said it might be wise for the experts to get out in the field and show the farmer how to grow more per acre.

I'd like for you to know I don't believe the situation is bad enough to require such a desperate remedy.

In the first place, I don't know any experts who are hankering

Farm Chemurgic Council was organized at an historic conference held in 1935 at Dearborn, Michigan, under the auspices of Henry Ford and Francis P. Garvan, President of the Mechanical Foundation. Another leader in the movement was Wheeler McMillen of The Farm Journal. The idea was to encourage research which would lead to an expansion of markets for American farm products to be used as industrial raw materials. From the beginning, I supported the aims of this council.

Since then, the whole movement of allying chemistry with agriculture has grown tremendously. In March of this year, the old National Farm Chemurgic Council was superseded by a new and larger organization called the Council for Agricultural and Chemurgic Research. The new organization will continue to encourage individual research projects looking toward the discovery of new crops and new characteristics of old crops. In addition, it will set up the machinery to co-ordinate the various agricultural-chemical research projects which are being undertaken. Farmers' sons should learn of this work before leaving the farm for city employment.

FARMERS MUST DIVERSIFY

I hope that the activities of this scientific farm research will have the wholehearted support of science, industry, and government. It takes time to expand any research facilities; it especially takes time to co-ordinate research activity in so large a field as agriculture. This wider approach to the problem is not being undertaken any too soon, for there is now a great need for American farmers to diversify their production and look more to industrial, rather than food, consumption. Such diversification should lead to more stable economic conditions.

This need for diversification of farm products is so apparent that the Council chose "New Crops" as the theme of its March meeting in Columbus, Ohio. It may seem odd to be concentrating on new crops when we have such heavy surpluses of old crops, but such research has paid off handsomely before, as in the case of soybeans. There is every reason to believe it will again pay off. New crops now being studied include timber bamboo, a good source of paper pulp which has been grown successfully in the Southeast; discorea, a plant source of cortisone-like drug; new varieties of castorbeans; canaigre, a wild root plant of high vegetable tannin; and acerola from Porto Rico or phylanthus from the Hawaiian Islands, both of which have miraculous vitamin.

MARINE RESEARCH IS ALSO NEEDED

In addition to their work in the agricultural field, the Council could encourage further studies of the mineral and other wealth cradled in the two great oceans. These flow up to the very doorstep of our land along more than 4,800 miles of coastline. These oceans are a storehouse of organic and inorganic matter of great actual and potential importance to industry. As our soil is getting poorer with every hard rain, our oceans, into which the rivers empty, are getting richer.

For example, a large number of chemical elements are found in crab meal and fish meal. Fish products contain aluminum, barium, calcium, chromium, copper, fluorine, lead, lithium, magnesium, manganese, nickel, phosphorus, potassium, silicon, silver, sodium, strontium, and zinc! Truly the resources of the sea provide plenty of opportunity for the new College of Fisheries at Gloucester, Massachusetts.

to get out in the field and plow, if they were inclined in that direction they wouldn't be experts. Most experts I know, with a few exceptions, got that way to avoid plowing.

And in the second place, I don't know any farmers willing to turn their plow over to em.

It's sort of like economists. Business men listen to speeches by economists at conventions telling how business will pick up by three and two-tenths percent by September, but don't many of em hire em to run their outfits. Every time they try it, something goes wrong with the profit department.

Understand, I'm in favor of economists and agricultural experts, but they want to stick to their own departments.

However, this particular group of experts I'm talking about may be smarter than we realize.

If most farmers thought there was any likelihood they'd have to turn their farms over to an expert if they didn't get more efficient, things would pick up considerably, although not necessarily in my case.

Yours faithfully,
J. A.

CHRISTIAN SCIENCE SERVICES

Divine healing which casts out evil and restores harmony on the basis of God's unflinching power and goodness will be set forth at Christian Science services this Sunday.

The Lesson-Sermon entitled "Ancient and Modern Necromancy, alias Mesmerism and Hypnotism" will include the account of healing as recorded in The Acts of the Apostles (5:12 to 16): "And by the hands of the apostles were many signs and wonders wrought among the people; There came also a multitude out of the cities round about unto Jerusalem, bringing sick folks, and them which were vexed with unclean spirits; and they were healed every one."

Also stressing the practical power of Christian healing is the following passage to be read

from "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "God will heal the sick through any man, whenever man is governed by God. Truth casts out error now as surely as it did nineteen centuries ago" (495:1-3).

WEEKENDED HERE

Fuston McCarty, of Lubbock, spent the past weekend in Muleshoe, visiting his parents, Mr. and Mrs. Delma McCarty and other relatives and friends.

RETURNS HOME

C. L. "Happy" Dyer has just returned from a ten day vacation at Lincoln, Neb., in the home of his son, Hershell Dyer and family.

Mr. Dyer reports an enjoyable

trip, and said the country up that way really looked good, due to the rains they have been having there.

VISITED SUNDAY

C. L. Dyer, Jr., and family of Lubbock, visited his father, C. L. Dyer, Sr., in Muleshoe, Sunday.

WEEKENDED IN ARKANSAS

Mr. and Mrs. A. W. Copley, Don and LaVon, spent the past weekend in Siloam Springs, Ark., and attended commencement exercises Saturday evening at John Brown University.

They were accompanied home by another daughter, Doris Jean, who is a student at the University the past term.

Eastern Stars Met Last Friday

A special meeting was held at the Masonic Hall, by the Eastern Stars the past Friday evening for the purpose of initiating two candidates, C. Owen Jones and Paul Carter.

Billie Mathis, Worthy Matron, and John Thomson, Worthy Patron, presided over the meeting.

At the close of the meeting, refreshments were served by Betty Burkhead and Viola Layne.

The next regular meeting of the Lodge will be the coming Tuesday evening, May 31.

Book Review Given By Fred Johnson Monday Evening

Members of the Wesleyan Service Guild and their guests enjoyed a book review by Fred Johnson at the Fellowship Hall Monday evening of this week.

The book reviewed was, "A Man Called Peter", a current

Dinner Honors Three Of Family

The home of Mr. and Mrs. James Phipps, of the Circleback Community was the scene of a birthday dinner and family gathering the past Sunday.

Honorees of the dinner were: Mr. Phipps, and his daughters, Eva Alsip and Maxiene Sessions.

Those present other than the honorees were: Mrs. Phipps, Mr.

best-seller, by Katherine Marshall. The book concerns the life of Mrs. Marshall's husband, Peter.

Mrs. Johnson, president, was in charge of the meeting. Invocation was given by Rev. Clarence Stephens, and Mrs. Clarence Stephens introduced the speaker.

Following the review, punch, cookies and mints were served. Mrs. Buford Butts presided at the punch bowl.

Special guests were members of the Sudan Wesleyan Guild, Muleshoe W. S. C. S., and Philathea Circle, and the husbands of ladies of these organizations. Approximately forty persons attended the review.

Sessions and children, Charles Alsip and children, and Mr. and Mrs. James Phipps and children.

6th Grade 4-H Members Met At Sanders Home

Muleshoe's 6th Grade 4-H Club members met May 20, at the home of Jane Sanders. Five members, two mothers and the leader were present.

Jane Sanders was elected president. Other officers elected were: Magann Lamb, vice-president; Bernice Clark, secretary; Margaret Durham, reporter; and DeLora Braune, recreation leader.

The meeting for next week has been postponed due to the fact that Vacation Bible School is in progress. The next meeting will be held June 3, at 4:00 in the afternoon at the home of Magann Lamb.

May 30 and 31, there will be a Recreational School at Needmore. Bernice Clark, Jane Sanders, and DeLora Braune were appointed to represent Muleshoe at the meeting.

The new name for the club is The Sunshine Club.

LAST RITES FOR GEORGE BEAVERS

Mr. and Mrs. Clay Beavers and Mr. and Mrs. Spencer, and Mr. and Mrs.

Sherman Sweatmon were in Vernon Sunday, to attend the funeral services for Mr. Beaver's brother, George H. Beavers, who

passed away suddenly at his home Friday, of a heart attack. STEEL FILES in stock at The Journal.

HOW TO READ A ROAD MAP

by CAROL LANE TRAVEL AUTHORITY

EVERY YEAR, THOUSANDS OF OTHERWISE LITERATE MOTORISTS LOSE THEIR WAY BECAUSE THEY CAN'T READ ROAD MAPS. YOU'LL NEVER BE PUZZLED BY THE "ROAD MAP RIDDLE" IF YOU UNDERSTAND THE LEGEND. THESE IMPORTANT SYMBOLS WILL HELP YOU READ YOUR ROAD MAP ON YOUR NEXT HOLIDAY WEEK-END!

NATIONAL PARK IS SYMBOLIZED BY A GREEN BROWN-LINED SQUARE. A STATE PARK BY A GREEN TREE.

STATE HIGHWAYS ARE DENOTED BY A CIRCLE OR AN EGG-SHAPED SYMBOL, WITH A NUMBER INSIDE.

NATIONAL HIGHWAYS HAVE NUMBERS ON SHIELD-SHAPED SYMBOLS, WITH ODD-NUMBERED ONES RUNNING NORTH TO SOUTH, EVEN-NUMBERED, EAST TO WEST.

A STAR INSIDE A DOUBLE CIRCLE IS THE SIGN FOR A STATE CAPITAL.

SYMBOL FOR SCENIC, HISTORIC POINTS OF INTEREST IS A SOLID DOT INSIDE A LARGER SQUARE.

TWO PARALLEL RED LINES INDICATE A SUPERHIGHWAY OR EXPRESSWAY; A HEAVY SOLID LINE, A FIRST-CLASS PAVED HIGHWAY.

DISTANCE BETWEEN TWO POINTS IS INDICATED BY NUMBERS BETWEEN RED DOTS OR STARS.

We thank you for your many expressions of good wishes for our future.

We shall miss our pleasant business associations with you from day to day, but will always treasure and hope to keep your friendship.

THE DYERS

Penalty On Excess Wheat \$1.13 Bushel

The marketing quota penalty on "excess" wheat of the 1955 crop is \$1.13 a bushel, Lonnie M. Bass, county office manager of the local ASC office announced.

The rate is uniform throughout the country and, as directed under law, represents 45 per cent of the wheat parity price as of May 2, 1955.

Farmers who do not comply with their wheat acreage allotments and sell their wheat must pay a penalty on their "excess" wheat. Their wheat crop also is ineligible for Government price support.

The first buyer of the wheat becomes liable for the penalty if the farmer at the time of marketing is not able to present a wheat marketing card or wheat marketing certificate as evidence that his crop is penalty-free. In such a case, the buyer should collect the penalty and transmit it within 15 days to the treasurer of the county ASC Committee for the county in which the wheat

Today's Meditation

DISOWNING OURSELVES FOR CHRIST

Read Romans 10:6-15. With the heart man believeth unto righteousness; and with the mouth confession is made unto salvation. (Romans 10:10).

At a national professional convention, an enthusiastic young salesman came to me. He sought me out to tell me his story. He said that he and his young wife were both brought up in Christian homes, reared in the church and active in it.

He had been taught by public opinion that to be successful one had to be able to take a social drink. He said he had been having a difficult time at the convention, for he had been drinking with the fellows, even though he knew it was wrong.

Having heard that I was a total abstainer, he came to talk with

me. After a very heartwarming experience together, he confided it was good to have come to the meeting if for no other reason than to meet one person who could take a definite stand in the business world against all drinking. He was sure he was better prepared to return to his home and resume business and take a positive stand against drinking.

PRAYER

Our Father, we thank Thee for Thy dear Son and for Thy merciful goodness in sending Him to earth to be our Redeemer and our example of Godlike living. May we be truly grateful for all Thy kindness and love. For Jesus' sake. Amen.

THOUGHT FOR THE DAY

A good example is the best sermon.

Richard W. Campbell (Penn.)

FROM HOBART

Mrs. Charles Lenau, Sr., and Mrs. Myrtle Lenau, of Hobart, Okla., have been recent visitors here in the homes of Julian and Charles Lenau and families.

IN NEW YORK CITY

Mr. and Mrs. Jack Lenderson and daughter Kay left immediately after the close of school last week, for New York City, where they expect to stay for a month.

VISITED RELATIVES

Mrs. Don Sanders and her mother, Mrs. L. L. Estep visited relatives Saturday afternoon in Lubbock and Idalou.

FROM FT. WORTH

Mr. and Mrs. Preston Sechrist of Ft. Worth spent the past weekend in Muleshoe with her parents, the Major Woods.

ARE IN AUSTIN

Mr. and Mrs. Boyd Landers are visiting this week in Austin with her father, C. M. Hurst and her brother, Margent.

ATTENDED GRADUATION

Mr. and Mrs. John Thomson and family and nephew, John L. Thomson attended the graduation exercises Sunday afternoon at W. T. S. C., where their daughter, Mrs. Carl Dwyer received her B. A. Degree. Mrs. Dwyer is the former Miss Jon Ann Thomson.

VISITED SISTER

Mr. and Mrs. Rex Sanderson and his brother, Jack, of Clovis, N. M., and her mother, Mrs. Garland Freeman, spent the weekend in Midland with Mrs. Freeman's sister, Mrs. Chester Campbell and family.

HERE FOR WEEKEND

Mr. and Mrs. Gale Dorrell and children of Erick, Okla., and Mrs. Alvin L. Harris and son Bobby of Seymour, visited here the past weekend with Mr. and Mrs. Dalton Harris of West Camp and Dorothy Harris, of Muleshoe.

ATTENDED TEA

Mrs. Joe Mack Wagnon and Mrs. W. B. Wagnon, Jr., attended the annual tea of the Spade and Hoe Garden Club in Lubbock

the past Tuesday. Their sister-in-law, Mrs. Dick Wagnon is to be president of the club for the coming year.

RETURNED HOME

Mr. and Mrs. Rex Sanderson of Clovis, N. M., visited here the past Wednesday with her parents,

Mr. and Mrs. Garland Freeman.

They were on their way home from Spencer, Va., where they had been vacationing.

VISITED FRIENDS

Mr. and Mrs. John Seid visited friends in Clovis, N. M., the past Sunday afternoon.

Less Friction with Trop-Artic Motor Oil!

In the experiment below, the slide on the left is coated with ordinary motor oil, while the one on the right is coated with TROP-ARTIC All-Weather Oil. When two steel blocks are dropped on the two slides at exactly the same time, the one on the right slips down nearly twice as fast as the one on the left. The reason is: less friction with TROP-ARTIC oil.

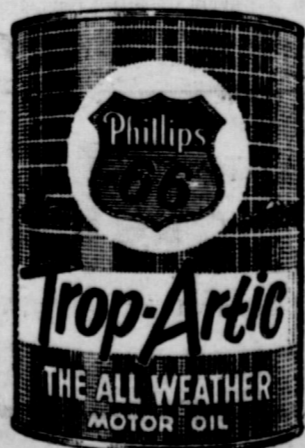

IT'S PERFORMANCE THAT COUNTS!

New Phillips 66 TROP-ARTIC reduces friction far more effectively than any ordinary oil. By reducing friction, it extends gasoline mileage. And it can reduce wear, even to the extent of doubling the life of an engine. It can cut oil consumption 15% to 45%. It keeps pistons cleaner. New TROP-ARTIC is the first all-weather type motor oil to meet the highest standard ever established for automobile motor oils, the Mil-O-2104 Supplement 1 Test. Get TROP-ARTIC from your Phillips 66 Dealer.

Ladies Golf Ass'n. Met For Luncheon

Tiny Forbes was hostess to members of the Ladies Golf Association last Wednesday, when they met for the monthly luncheon. Co-hostess was Verne Fox.

Three visitors were present for the evening. They were Helen Gardner, member of the Midland Golf Association, and Ann Gunter and Reba Barrett.

Members present were: Melzine Elliott, Nona Blake Douglass, Eunice Evans, Marie Lenuau, Arlene Phelps, Betty Jo Beaty, Mary Frances Pool, Inez Bobo, Mary Frances Holt, Elizabeth Woodley, Jo Wood, Lois Lenuau.

Dorothy Harris Shower Honoree

The lovely new home of Mrs. Sherman Sweatmon was the setting for a pre-nuptial shower Friday evening, May 20, from 6:00 until 8:00 o'clock, honoring Miss Dorothy Harris, bride-elect of Max Self.

Brown and gold, chosen colors of the honoree, were carried out beautifully in decorations and appointments. The serving table, covered with a cloth of brown net over gold satin, was centered with a lovely arrangement of bronze and yellow mums and yellow pom poms, centered with hearts of brown braided satin ribbon and gold stryfoam love birds. Attached to each corner and the center front of the table was a heart made of brown satin ribbon centered with yellow pom poms, featuring brown satin streamers. Bouquets of yellow roses and other floral arrangements had been placed at points of interest throughout the home.

Upon arrival guests were greeted by Mrs. Pat Bobo and registered in the brides book by Miss William Ed Jones. In the receiving line were Mrs. Sweatmon, the honoree, Miss Harris, her mother, Mrs. Alvin L. Harris of Seymour, mother of the groom-to-be, Mrs. O. M. Self, sister of the honoree, Mrs. Dale Dorrell of Erick, Okla., and sister of the groom-to-be, Mrs. R. V. Ivy. The hostesses had presented all with a corsage of yellow gladiolus.

Mrs. Jimmy Presley poured punch and Miss Dorothy Giles and Miss Aliene Lowery alternated at serving. Golden punch and cookies were the refreshments served. The napkins were yellow, and in one corner printed in brown, "Max and Dorothy". Plate favors were small yellow umbrellas sprinkled with gold glitter, attached to white cards on which was printed in gold, "Max and Dorothy, June 11".

Guests were ushered into the two bedrooms of the home, where gifts were on display, by Miss Dorothy Lowery. Some fifty guests called during the evening, and many who were unable to attend, sent gifts.

Hostesses were Aliene Lowery, Dorothy Lowery, William Ed Jones, Dorothy Giles, and Mmes. Pat Bobo, Sherman Sweatmon, Travis Winter, W. B. Wagnon, Sr., Arvel White, Clarence Jones, B. Z. Beaty, M. H. Otwell, Jimmy Presley and G. T. Maltby.

WENT FISHING

Mr. and Mrs. Ett Evans and family, and Mr. and Mrs. Dudley Malone and family left Wednesday for Conchas Dam where they spent the past weekend fishing.

VISITED SUNDAY

Mr. and Mrs. Frank Bennett of Lubbock visited at the Church of Christ here Sunday, and spent the day with Mr. and Mrs. Lewis Stewart.

Mildred Lambert, Ruth Malone, Ruby Hart, Janet Wagnon, and Elizabeth Thomson.

Bridal Shower Is Given In Honor Of Wanda Kimbrough

Miss Wanda Kimbrough, bride-elect of Mr. Jack Houk, was honored with a pre-nuptial shower at the home of Mrs. Claude Sanders the past Saturday, from 6:00

to 8:00 o'clock p. m.

Yellow and blue, chosen colors of the honoree, were carried out in decorations and appointments. Guests were greeted at the door by Mrs. Sanders and Mrs. Glenn Splawn.

Punch and individual cakes decorated with yellow roses were served guests, from a table covered with a lace cloth over yellow and centered with a beautiful arrangement of yellow roses. Miss Kimbrough was presented

with a corsage of blue daisies and her mother and the mother of the groom-to-be, were presented with corsages of white carnations.

Hostesses were ladies of the WMA of the Main Street Baptist Church.

DON'T BE A HURRY BUG!

SLOW DOWN and LIVE!

An Appeal for 101 Days of Safe Driving

During the summer months—from Memorial Day through Labor Day—highway traffic fatalities are high. So high that the Governors' Conference has endorsed a nation-wide safe driving program during the 101 days between the two holidays.

Only you, the motorist, can make this campaign a success... If you, and every other highway traveler, will resolve to drive at a safe speed, to follow the recommendations of Safety Associations for safe highway driving, literally hundreds of lives will be saved during this summer's travel. One of them may be your own.

Wherever you drive this summer, PLEASE DRIVE SAFELY

Safety Associations recommend that you follow these simple rules for a safe vacation trip:

- Observe all posted speed limits; don't hurry, ever.
- Regulate the speed of your car to highway and traffic conditions.
- Don't drive too long—stop when you're tired.
- Observe all highway caution warnings—slow down for curves, when descending steep hills, etc.
- Don't drink when driving.
- Follow the golden rule of traffic courtesy: give other motorists the same consideration you'd like for them to give you.
