

At the Texas Press Association convention they called up my old friend, Albert Jackson, publisher of The Dublin Progress and presented him a plaque for first place in news writing in his division and I was right proud of him. His wife beamed and that made us happy.

We enjoyed our visit with them and other old friends as much as the meeting itself and more. This old boy, against my advice and urging when we were both young and gay, went and took a correspondence course on advertising. He's done well with it ever since, against all my gloomy predictions. And so we're proud of him. They have two grown sons, following in their parents footsteps and they'll get to run The Progress themselves some day.

And old Ben Oglesby and Lib (who used to be Muleshoe citizens when he worked for The Journal) we enjoyed reuniting with them. And Ben and Lib asked about everybody in Muleshoe and wanted to be remembered to the good folks of this community. Ben and Lib have won so many awards there is not room here to tell about them. They were good friends of the Jennings family when they lived here, now own and publish The Bronte Enterprise.

We consorted somewhat with our neighbors, Jimmy Gilentine of The Hereford Brand; Ross Middleton of The Earth News; Sonny Graham of The Farwell Tribune; and Sam Williams of The Littlefield Leader & County Wide News.

And we resolved to submit copies of The Muleshoe Journal for judging at some future meeting. We've never thought The Journal was up to snuff yet in make-up, editorially, or typographically, but we're coming along. Doesn't matter if we don't win anything, but we'll be with the bunch and will be cooperating; one doesn't live to himself, or shouldn't.

Sorry I didn't come away with anything profound for you out of this meeting. One fellow who told jokes, looked at me with this at your own expense. The doctor looked at the man's hand and said: "Have you had this before?" "Yes," the patient replied. "Well, you've got it again," the doctor said, after a profound thinking spell.

Conventions, by all let this be heard, are getting to be too cut and dried, too much cut along the same pattern. You've noticed this at your own expense. Most pleasure you get is the fellowship and association, but many stay away and ought not to. Our program committees must put more meat into these meetings; slip in more information for us country folks who don't get around too much.

But old Berl Huffman, the New Mexico boy who spoke at our Coif banquet year or so back, brought down the house with his wit and common sense when he spoke at noon Friday. Berl is now chairman of the newly created EDC (Economic Development Commission) of New Mexico and is coming right along. We thought we'd report on him to his many local friends.

We are indebted to our good friend, Mrs. Beulah Clarke, of Mt. Sterling, Ill., mother of Mrs. Babe Barbour of Muleshoe, for a copy of verses which appeared in her home town paper. Some of the things mentioned gave us a nostalgia for days and ways that are dead and done. Here they are:

Pleasant Memories
Do you remember way back when,

(Say, thirty, forty years)
You never saw your sweetheart's limbs
But judged her by her ears?

The kids were washed on Saturday night;
Their daddy cut their hair;
Their suit was made from their uncle's pants

And they wore no underwear.
The women padded but did not paint,
Nor smoke, nor drink, nor vote.
The men wore boots and little stiff hats

And whiskers like a goat.
Not a soul had appendicitis,
Nor thought of buying glands;
The butcher gave his liver away
But charged you for his hams.

You never needed a bank account
Your beer gave six per cent
The hired girl got three bucks a week
And twelve bones paid the rent.

You could stand each night when work was o'er
With one foot on the rail,
And your hip supported not a

John T. Davis Funeral Held Here June 26

Funeral services were held June 26 from First Methodist Church here for John Thomas Davis, 52, farmer and rancher who had resided on Rt. 5 Muleshoe for 36 years. He was a native of Clay County, and had been a patient in West Plains Hospital for almost a week prior to his death.

Rev. Hugh Blaylock officiated at services, assisted by Rev. Wayne Perry and Rev. Clarence Stephens. Interment was in Sudan Cemetery under direction of Singleton Funeral Home.

Mr. Davis is survived by his wife, a son, Harlan of Muleshoe; his father, A. L. Davis, also of Muleshoe; one sister, Mrs. Mary Clary of Hot Springs, N. M., and a brother, Cecil Davis of Muleshoe.

Active pallbearers were Arnold Morris, Jesse Osborn, Buford Butts, John Ray Hammock, Lee Pool and Jim Cox.

Honorary pallbearers were Ray Griffith, Oscar Reed, Robert Kellon, Gordon Duncan, Jack Scott, Bob Pillow and Clifton Finley.

Two From Here Are Enrolled At WTSC For Summer Terms

Two persons from Muleshoe are attending the first summer term at West Texas State College, which closes July 14, and opens again for the second six weeks term on July 17.

About half of the students enrolled at WT are graduates working toward the masters degree, but several are freshmen beginning college work for the first time. The summer session ends Aug. 22 with commencement.

Enrolled from Muleshoe are Dale Albright and Jimmy Dale Landers.

Albright, son of Mr. and Mrs. R. E. Albright of Amarillo, is a graduate student in education at WT. He received his B. S. degree at WT in 1955.

Landers, son of Mr. and Mrs. C. B. Landers, Rt. 4, Muleshoe, is a junior at WT. He is majoring in mechanical engineering.

Lions Club Will Meet On Monday

The Muleshoe Lions club voted Wednesday to hold their regular meeting next Monday instead of Thursday as previously announced.

The State president of the Texas Jaycees will be in Muleshoe next Thursday to meet with that club, and the Lions changed their meeting in deference to his appearance here.

Outgoing president Lee Pool presided at the Wednesday meeting, at which reports were given on Little League, minor League, and Babe Ruth baseball games.

thing.
Except your own shirt tail.

You had your friends and trusted them
You knew they were sincere,
Those were the happy, happy days,
We wish they'd reappear.

Bill Thompson says: Regarding your praise of Woody Lambert's hard work on his pretty lawn, neither I, or Morris Douglas, closest neighbors, ever saw or heard tell of Woody's taking hold of the lawn mower. But one summer, one of them did see Woody plug in the electric wire to it for Mrs. Lambert. Well, Woody, we did our best.

A farm boy said to his brother: "Reuben, how would you get a girl to marry you?"
Reuben answered, "Well, if she don't want to, you can't, but if she does, there ain't hardly no way to prevent it."

Old saying: In designing man's hinges, the Creator knew he would have little occasion to pat himself on the back.

Runaway Rufus Raises Ruckus

Muleshoe life suddenly was enlivened last Saturday afternoon by an old fashioned runaway, such as has not been seen here in many, many years, if ever.

Old Rufus, the JayCee mule, was the runaway. Sam Lindley, the Retail Merchants Ass'n. man, had hooked Rufus to an ice cream peddling wagon and the young Puckett boy was operating the vehicle.

Someone exploded a giant size firecracker in too close proximity. The noise frightened Rufus, who promptly took off and no one ever knew he could run so fast.

When a wheel came off the vehicle, the whole boogie wound up on the front lawn of the Rudolph Wiedebush home. The Puckett boy apparently didn't have time to ejaculate "Whoa", or else, being a modern boy, didn't know there was such a word.

Frances Trujillo Will Leave July 1 For Lions Camp

Frances Trujillo, age seven, daughter of Mrs. Virginia Otero of Muleshoe, will leave July 1 for two weeks of fun at the Texas Lions Camp for crippled children near Kerrville.

Frances will be sponsored at the camp by the Muleshoe Lions club, and Lion Bill Moore will take the little girl down to camp. The camp is free to any handicapped child in Texas from 7 through 16. Applications are handled only through local Lions clubs.

With 13 permanent buildings and a staff of 97, the camp will provide recreation for 720 youngsters during its six two-week sessions this summer.

Prepare Sheds In Muleshoe For Potato Harvest

Workmen were busy this week repairing machinery and getting the sheds ready at Barrett Produce Co. and the Millen packing sheds in expectation of the beginning of potato harvest next week.

A fairly large acreage of potatoes was planted in the Muleshoe area earlier this year, and yields are expected to be better than average.

Wheat Harvest Report

The Texas Employment Commission reports this week that combining of wheat is in full swing in the Muleshoe area, with approximately 40 per cent of the crop harvested. Yield average, according to TEC, is 30 bushel per acre, and dryland averaging 8 to 10 bushel per acre.

Phone Expansion Noted Locally By District Manager

Telephone pole lines and cable have been extended to the Lenau addition in Northeast Muleshoe, Roy Prince, district manager for General Telephone Company announced this week.

The project, which cost about \$5,400, involved placing 101-pair cable from the dial office here to the addition and 16-pair and 26-pair cable on poles in the alleys in the Lenau area. The plant extensions will make more telephone facilities available in the new addition.

Prince also reported a continuing rapid growth in number of telephones in Muleshoe. The exchange has gained 133 telephones since September of last year when Muleshoe reached the 1,000 telephone mark. There were only 550 telephones in Muleshoe in 1950, 155 in 1940 and 94 in 1930.

Graveside Rites Held Sunday For Mansell Infant

Graveside services were held for Judy Marie Mansell, infant daughter of Sgt. and Mrs. Charles Mansell, in Sudan Cemetery June 24, with Rev. J. E. Moore in charge of services under direction of Singleton Funeral Home.

Survivors besides the parents are a sister, Brenda, at home and maternal and paternal grandmothers, Mrs. Ida Mansell of Enochs, and Mrs. Mattie Heard of Muleshoe.

Muleshoe Gets .14 Rainfall Monday Evening

A total of .14 of an inch of rain fell in Muleshoe late Monday afternoon, bringing the total for the month to 3.04 and total for the year to 6.29, as compared to .35 in June last year, and 5.61 inches for the same period in 1955.

As much as 1 1/2 inches was reported west of Muleshoe, with most farming areas in the vicinity receiving some moisture Monday afternoon and evening. No hail or hail damage was reported early this week.

A light sprinkle of rain fell in Muleshoe about 7 a.m. Thursday, and a good shower was in progress at Lazbuddie at 8 a.m., with about .70 already recorded there. At Clays Corner, a possible half inch had fallen by 8 a.m., it was reported. No hail damage was reported, despite the cool north winds and dark clouds early Thursday.

Vanlandingham Rites Wednesday

Lazbuddie (Special). Ross Vanlandingham passed away in the hospital at Dimmitt June 26, following surgery. The body was taken overland to Hollis, Oklahoma, where funeral services were held at 3 p. m. Wednesday, with Rev. C. K. Roberts, officiating.

He is survived by his wife, Obeta; one son, Glendale, and three daughters, Sandra, Nomie and Darla Jan, all at home; one brother Edgar Vanlandingham, of Lazbuddie community, and several other relatives in Oklahoma.

Mr. Vanlandingham was a member of the Baptist church, and had farmed in the Lazbuddie community for several years.

Review Renditions

Members of the Bailey County Commissioners Court met Monday to continue their review of county tax renditions, as prepared by Bill Boothe.

The Commissioners met last Monday and reviewed all the renditions ready at that time and will continue until all the renditions have been adjusted and approved.

ABOARD FLAGSHIP

William R. Edens, fireman apprentice, USN, of Bovina, reported aboard the heavy cruiser, USS Helena at Kobe Japan in May.

The Helena is serving in the Far East as flagship of the Seventh Fleet.

HEINZ ULRICH, retail credit specialist from the University of Texas will direct a 10 hour course in special training dealing with techniques of credit and collection procedures. Sponsored by the Muleshoe Retail Merchants Association, the course will begin July 30 and will be held Monday through Thursday at 8 p. m. in the high school auditorium.

Lamb County Bond Vote On Highway 84 Fails Saturday

An \$800,000 highway right of way bond election met clear defeat "Saturday" in neighboring Lamb county.

The bond election was for money to purchase right of way for proposed 12 mile strip of four lane highway on 84, and for four laning portions of highway 70 across the county, if and when the Highway Commission appropriates money for that purpose.

But because no funds have been allocated for widening highway 70, voters in the north end of the county, along 70, voted overwhelmingly against passage of the bond issue. In fact, only seven of the 17 precinct boxes voted in favor of the issue, with unofficial returns of 924 against, and only 731 in favor.

Meanwhile, the Bailey County Commissioners Court is awaiting the return of easement forms from the Highway Dept. for securing right of way in Bailey county for the widening of highway 84.

Easement forms were sent here once, but were recalled, so the Highway Department could redraw the details of the easements.

Commissioners told the Journal Monday that just as soon as they receive the new easement forms, they will begin work to secure the right of way, so that work may begin as soon as possible.

Wednesday Holiday

Next Wednesday, Independence Day, is a holiday in Muleshoe. Both banks will be closed, as will county and Federal offices in the courthouse postoffice and agricultural office.

The Fourth of July is one of the holidays sanctioned by the retail merchants committee of the Chamber of Commerce, so most business houses will be closed all day Wednesday. The Journal office will be open for business as usual.

Funeral June 24 For John A. Ladd Who Died Saturday

John Anderson Ladd, age 82, a retired farmer and native of Arkansas, passed away June 23 in West Plains Hospital. Mr. Ladd had resided on Rt. 2, Muleshoe since 1936.

Funeral services were held June 24 at 3 p. m. from Progress Methodist Church with Rev. Roy Haven officiating. Interment was in Bailey County Memorial Park under direction of Singleton Funeral Home.

Mr. Ladd was a member of the Progress Methodist Church and of the Muleshoe Masonic Lodge. Graveside Masonic services were conducted by the Muleshoe Lodge.

Surviving are his widow; a son, Earl Ladd of Muleshoe, two grandchildren and one great grandchild.

Active pallbearers were Bill Collins, Arnold Alcorn, Gilbert Wollard, Jim Cox, C. D. Gupton, John Thomson, Herbert Potter and Irvin St. Clair.

Honorary pallbearers were John Watson, Ike Stinson, Troy Atkinson, Bryon Guinn, Albert, Davis, L. V. Kollar, J. O. Crawford and George Chalmers.

Auction Sales Begin June 30

The first sale in the newly completed Muleshoe Auction Barn will be held Saturday morning at 10:30, according to Col. Clayton Myers, auctioneer and owner of the new sale barn.

Located on the north side of the Santa Fe tracks, east of town, the new barn has only been finished a few days. The old sale barn burned during the winter.

Already consigned for the Saturday morning sale are a number of tractors, cotton trailers, farming implements, and at least two loads of fat cattle.

A full listing for the first day sale may be found in this section of The Journal.

Large Crowds At Formal Opening Methodist Church

A large crowd of visitors from all over the Plains attended the formal opening of the New First Methodist Church building Sunday afternoon here.

Rev. Clarence Stephens, pastor, said that following the morning sermon by Bishop William C. Martin, a noon meal was served to about 500.

Three former pastors of the church were guests for the day. They are Rev. R. S. Watkins, of Idalou; Rev. W. B. Vaughn, of Floydada, and Rev. Raymond VanZandt, of Dimmitt.

During the afternoon, open house was held and a great many people from the surrounding areas visited the church and building and inspected the new facilities.

Extended area, toll free service to both Needmore and Lazbuddie exchanges would be possible under a new proposal received this week by Muleshoe City Council from General Telephone Company officials. The new proposal is an extension of a proposition made here June 5, concerning extended area service to toll free service die exchange alone. The new proposal includes toll free exchanges of the Five Area telephone cooperatives; an enlargement program of phone facilities in Muleshoe, and enlarged nearby rural phone facilities. But the new proposal also includes an increase in local business and residential telephone rates.

At the June 5 meeting, phone company representatives said that by offering toll free service to the Lazbuddie exchange plus extension of nearby rural facilities and within Muleshoe, rates would be increased as follows:

PRESENT RATES	
One Party Business	\$7.00 mo.
Two Party Business	\$5.50
One Party Res.	\$4.00
Two Party Res.	\$3.25
Four Party Res.	\$2.75

RATES WITH LAZBUDDIE TOLL FREE SERVICE	
One Party Business	\$9.50 mo.
Two Party Business	\$7.50
One Party Res.	\$5.00
Two Party Res.	\$4.25
Four Party Res.	\$3.50

RATES WITH LAZBUDDIE AND NEEDMORE TOLL FREE	
One Party Business	\$10.00 mo.
Two Party Business	\$8
One Party Res.	\$5.25
Two Party Res.	\$4.50
Four Party Res.	\$3.75

A number of local business men have expressed an interest in getting toll free service to the Lazbuddie and Needmore exchanges as a service of local business houses. There are approximately 250 phones in service on the Lazbuddie exchange, and 55 on the Needmore exchange.

Mayor W. T. Howell told The Journal Tuesday afternoon that the matter would come up for discussion at the meeting of the City Council on July 6.

Three rural zones have been established near Muleshoe by the phone company as sites for extension of 8-party rural telephone lines that would be built if the rate increase is granted by the Council. Rates in the rural zones would be \$5 per month in the zone nearest Muleshoe; \$5.25 in the farthest zone, plus a \$50 excess construction charge.

Jack King Rites Held Thursday At Main Street Church

Clarence Edgar (Jack) King, 56, long time grocer in Muleshoe, passed away June 25 in West Plains Hospital after an illness of seven days. He was born in Farmersville, Texas and had resided here since 1929.

Funeral services were held June 28 at 2:30 p. m. from Main Street Baptist Church with Rev. M. E. Robinson officiating, assisted by Rev. J. D. Hutson. Interment was in Muleshoe Cemetery under direction of Singleton Funeral Home.

Masonic graveside service were conducted by Muleshoe Masonic Lodge 1237.

Surviving are his wife; two daughters, Mrs. Ruby M. Dorsey and Imogene King, both of Muleshoe; his father, Edgar Lee King of Amarillo, five sisters; Mrs. W. H. Parsons, Lamesa, Calif.; Mrs. George Howard of Childress; Mrs. Mattie Harris, Mrs. C. H. Needham and Mrs. A. W. McGouirk, all of Amarillo; four brothers, J. M. of Muleshoe, R. B. of Canyon, L. L. and A. V. of Childress, and two grandchildren.

Golf Course Open To Member Play Sunday Afternoon

The Muleshoe Golf Club course will be played for the first time Sunday afternoon, pro Joe Lopez announced this week.

Members may play the course Sunday afternoon, although the course will not be officially opened until about July 15.

The 72 courses may be played by the public anytime after this coming Sunday by paying green fees of \$1.50 on week days and \$3 on week ends and holidays.

Council Hears 25 At Paving Protest Meeting Friday

About twenty-five persons appeared before the Muleshoe City Council Friday afternoon at a scheduled protest meeting on the city's projected paving plans. Although the meeting was designated for protest purposes, the majority of those appearing were not there to protest, but primarily to ask questions about the paving and what it would cost them.

Approximately an equal number of men and women came before the Council, mostly to ask how much the paving would cost and what kind of terms could be made for partial payment.

The Council explained that the paving could be paid for in four equal yearly payments, with the first due 60 days after the paving is laid and accepted by the city. Cost per front foot is based on actual construction costs, and in each case this cost was detailed to those inquiring.

A few of those appearing did protest the paving, and the protests were heard, and the Council explained that before work is begun, July 9, the Council or a representative will meet with them to discuss the problem further.

Mrs. Joe P. Wagnon Passed Away Early Thursday Here

Funeral arrangements were incomplete at press time for Mrs. Betty Ann Wagnon, 20, who passed away early Thursday in West Plains Hospital here.

She had been residing in Lubbock for 19 months, and was brought to the hospital here Tuesday night. Singleton Funeral Home will announce the funeral arrangements when completed.

Mrs. Wagnon is survived by her husband, Joe Pat Wagnon; her parents, Mr. and Mrs. Tom Morgan, of Muleshoe; her grandmother, Mrs. W. B. Morgan of Hedley, Texas, and one sister, Mrs. Coleen LeMaire of Lubbock.

NEW DAUGHTER

Mr. and Mrs. R. E. Mitchell announce the birth of a daughter, June 23 at 4:05 a. m., at the Littlefield hospital and Clinic. She weighed in at 5 lbs., 7 ozs., and is named Selma Joy.

St. Louis Cards Tryouts Set At Lamesa June 29

Lamesa, Texas has been selected as a site for one of the St. Louis Cardinals' nation-wide tryout camps. Red Bird talent scout Al Hollingsworth will be on the lookout there for future baseball greats on June 29 and 30 it was announced today by Chief Scout Joe Mathes.

"It's a big opportunity for the talented players in the area. We don't expect them to be polished players but they must show definite promise. If they've got the tools we'll find a spot for them, develop their potential, and move them up to the big time as fast as their ability warrants."

Sessions at Lamesa Ball Park will get underway each day at 10 a.m. A player must be between 17 and 23 and bring his glove, baseball shoes, and a uniform if he has one. All other equipment will be furnished by the Cardinals.

Muleshoe Sneaks Past Morton 6-5

The Muleshoe American Legion team broke a three game losing streak June 21 by stopping Morton at Morton 6-5.

It was a see-saw game all the way. Morton took a two run lead in the first inning then Muleshoe tied it two all. Morton went ahead 4-2; Muleshoe tied the game; Morton went ahead again 5-4. This set up a do or die situation in the seventh when Muleshoe rallied to go ahead on a single by Don Taylor.

Morton gave the local team a scare in the bottom of the seventh but a great catch by Joe Gross saved the day.

Muleshoe hurler Jimmy Weaver, who did not walk a man and struck out seven, fanned the last man on three straight pitches.

Levelland Beats Muleshoe In Last of 7th

Muleshoe lost a heartbreaker to Levelland in Levelland Sunday afternoon 8-7. After coming from four runs behind on a home run by Leroy Correlez Muleshoe got two out in the ninth then Levelland put two runners on the bases. A double won the game for them.

Muleshoe lost their big chance to take a big lead when third base which was not tied down slipped out from under Bob Sanders as he attempted to score.

Julian Cabrera pitched a great game for Muleshoe. He showed a blazing fast ball which Levelland batters had quite a time trying to hit.

Babe Ruth League Dusters 5, Eagles 4

The Dusters slipped by the Eagles Tuesday night 5-4 in one of the best games of the year. Charles White, the Eagles pitcher, and Cagle Davis, the Duster's pitcher, practically dominated the game with their fine hurling. Davis gave up five hits and White allowed four and struck out 14 men.

The winning run was scored when Monroe Lee stole home on a wild pitch.

Alma Turner gave the Council report on a meeting held in Littlefield Wednesday that she and Glenda Haley and Jo Meeks had attended. They reported the Lamb County HD Agent, Mrs. Hickman has resigned her position. Everyone regrets losing Mrs.

SOIL CONSERVATION DISTRICT NEWS

Soil conservation is the key to increasing crop yields and reducing erosion. The organic matter from these crops will open up the soil. Air can reach the crop roots easier. Rainfall and irrigation water can also be soaked up easier. Less irrigation water will be needed.

Such legumes as cowpeas, mung beans, soybeans and Hubam Clover are being planted to re-condition the soil.

Cowpeas are being planted on the greatest number of acres. Ed Moore, of the Muleshoe community, has 80 acres of land planted to cowpeas.

Virgil Nowell of the West Camp community, has cowpeas interplanted on 60 acres of grain sorghum.

Tom Watson who lives in the Progress community, has 100 acres of soybeans. He plans to harvest the beans and leave the crop residue to improve the soil.

There are 300 acres of Mung Beans being grown on the Willie Williams farm at West Camp.

The U-Bar Ranch has 20 acres of land planted to Hubam Clover. The clover will provide grazing in addition to improving the soil condition.

It is expected that many more acres of cowpeas will be interplanted in grain sorghums.

The greatest benefit from summer legumes is received if the legumes are planted alone and turned under green. However, cowpeas interplanted in feed is a desirable practice and is recommended by many farmers. By interplanting cowpeas in grain sorghums it is possible to improve the soil condition with losing a cash crop.

Hickman, as she has helped everybody in so many ways. The club voted to donate \$2 toward a 4-H scholarship.

Mrs. Victoria Hendricks and Mrs. Judy Green were appointed to attend the next Council meeting in Littlefield.

Delicious refreshments were served to those present and the visitors.

Those helping on the election board at the community center were Fred Determan, Bennie Dyck and Raymond Roubinek.

It rained an inch in some parts of the community Monday evening.

FROM LUBBOCK
Dorothy Lovery, of Lubbock, visited over the weekend with relatives and friends.

Bayley County Farm Bureau News

BY LONNIE M. BASS

In 1954 Social Security coverage was extended to include employment of any farm worker who earned as much as \$100 during a calendar year from one employer. This has resulted in Social Security taxation of earnings of large numbers of persons who are not actually members of working force.

A high school boy who works on a farm a few weeks during the summer; a farmer who works for other farmers for short periods; a farm boy who works on Saturday or a few hours after school for a neighbor all these will usually earn more than \$100 per year.

These people do not want to be included under Social Security legislation nor is any particular purpose achieved by such coverage. But many of them will earn as much as \$100 from one employer.

We therefore favor legislation to exclude very temporary and casual types of employment.

The Senate Finance Committee has sent to the floor for debate a House-approved bill, HR

COPLEYS VACATION IN VIRGINIA

Mr. and Mrs. A. W. Copley, Doris, Don and LaVon, returned home Monday from a vacation in Virginia. They spent a week in Richmond with Mr. Copley's mother, two sisters and two brothers.

On Sunday, June 17, at the North Holy Methodist Church in Richmond, Don and LaVon rendered a pipe organ and piano duet, "The Holy City," as a special number during the morning worship service. That evening the Copleys were privileged to hear the opening concert on the newly installed Austin pipe organ at the Highland Park Methodist Church.

June 20, the Copleys went to Clarksville, Va., to visit with Mrs. Copley's brother, Graham Chandler and family and other relatives. Their visit in Clarksville was saddened by the death of Mr. Chandler's father-in-law.

Enroute to Virginia the family went by way of Louisiana, Alabama, Mississippi, Georgia, and the Carolinas. Returning they took a cooler route which led through the Blue Ridge Mountains of Virginia, the Cumberland Mountains of Tennessee, through Arkansas and across Texas.

VISITORS FROM HOUSTON
Dr. C. B. Dryden and family of Houston were guests last week of his brother Bob Dryden and family.

7225, to amend the Social Security Act.

These amendments are in general accord with recommendations which Farm Bureau made to the Committee. AFBF has generally opposed proposals to increase benefits, such as the proposal to provide for cash disability benefits from Social Security funds, that would have required an increase in Social Security taxes.

The Committee Report also modifies farm worker coverage along the lines recommended by Farm Bureau. Farm Bureau has urged that extremely temporary or casual farm employment should not be subject to Social Security taxation. Farm Bureau suggested that employment of workers who worked less than 60 days for one employer should be exempt. Alternatively it was recommended that wages from one employer of \$200 per month should not be subject to Social Security taxation. At the present time Social Security taxes are collected in connection with farm worker employment if the worker earns as much as \$100 per year from one employer.

The bill as reported by the Committee provides that earnings of a farm worker on a piece work basis would be exempted from taxation if the employee earns less than \$200 from one employer in a year. In the case of employees paid on a time basis the bill provides that if an employee works less than 30 days for one employer, or earns less than \$200 from one employer, his wages shall not be subject to Social Security taxation.

The Senate Finance Committee also accepted a Farm Bureau recommendation exempting foreign farm workers from Social Security coverage and a recommendation to provide by statute that crop share farmers should be considered self-employed persons for Social Security tax purposes.

The Senate Finance Committee bill also contains a provision that a "crew leader" is considered an employer rather than the farmer and therefore, would be responsible for the collection and transmittal of Social Security taxes from the "crew".

The bill is scheduled for full scale Senate debate this week and will then go to conference to resolve the differences between the House and Senate versions.

CARD OF THANKS

We wish to express our sincere thanks for the sympathy, the kind words, the food and flowers and other help extended to us at the loss of our loved one. Also we wish to thank the pastor, choir and organist and all others who helped in any way to make it easier for us.

May God always help and richly bless each of you.

PARMER COUNTY Farm Bureau News

By RAYMOND ELLER

There are a lot of different opinions of the value of the Soil Bank Program for farmers. In Oklahoma, where dry land wheat average yields are higher than here, some don't think it is worth much. Here in Texas where average yields aren't so high, some think it is pretty good. It probably will be more favorable another year when time has been long enough to properly evaluate area situations better than the emergency application allowed this season.

We believe cotton farmers will

think more of it than any one, since it offers a pretty fair income from diverted acreage, considering the elimination of risks involved in production of the crops. We expect a county wide meeting, or perhaps community type meeting will be called in the near future to give producers the full picture, so they will know whether they wish to participate or not.

Glenda Rickerd, our office secretary, didn't tell us all about the meeting in Waco, from which she returned last week. We learned from some others who attended that she was rather outstanding as a student and participant in the training school. From 49 county secretaries attending, she was selected to make a summary report of the school's activities. That, we think, indicates that she rates high among Farm Bureau Secretaries.

Opal Thompson Guild Hostess

Wesleyan Service Guild of the First Methodist Church met Monday evening with Mrs. Opal Thompson.

Margaret Slemmons, president, was in charge of the meeting and gave the devotional, quoting Luke 9:24, "Whosoever will save his life shall lose it, but whosoever shall lose his life for my sake shall save it." She closed with the thought, "when we give our heart to God, faith and work unite for God's Glory."

Opal Thompson was made vice-president, taking the place of Helen Ingle.

The Guild will have one business meeting and a social during the months of July and August.

Refreshments were served to Evelyn Johnson, Margaret Slemmons, Elizabeth Harden, Jesse Wright, Matilda Slemmons, Lois Schoenberger, Lola Bray, Loveta McKinstry, Opal Thompson and Elda Harbert.

Next meeting will be with Margaret Slemmons, July 9, at 8:00 o'clock in the evening.

Green Home Scene PV HD Club Meet

Thursday, June 21, Pleasant Valley Home Demonstration Club members met at the home of Mrs. O. E. Green for a business session.

Mrs. Allen Haley, president, was in charge of the meeting.

A report on the last council meeting, which was held in Littlefield, was given by Mrs. Doyle Turner, after which Mrs. W. J. Meeks gave the program on keeping family records. She stressed the importance of obtaining a cabinet of some kind in which to keep important papers.

Delicious refreshments were served to Mrs. Leroy Hicks, a guest and members, Mmes. Seaborn Moore, W. F. Stewart, Claude Hendricks, Meeks, Haley, Turner, C. B. Landers, and the hostess.

Half Century Members Met In Mitchell Home

Mrs. Alice Mitchell was hostess in her home Thursday of last week to members of the Muleshoe Half Century Club, as they held an informal business meeting and luncheon, followed by an afternoon of canasta games.

Present for the occasion were Mmes. Berdie Paul, Clara Williams, Beulah Carles, Anna Moeller, Alpha Matthiesen, Daisy Engram, Mary Young, Pearl Moore, Jennie Panter, Lula Kistler, Matie Duke and Hetha Walker.

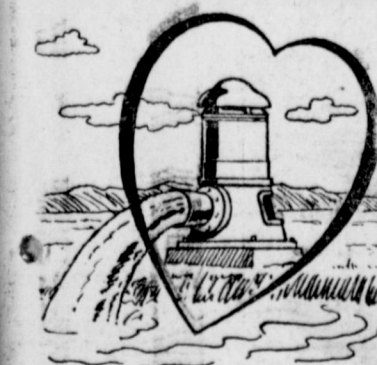

The next meeting will be July 5, in the home of Clara Williams.

CFW Business Meet Was Tuesday

An informal business meeting of the C. W. F. of the First Christian Church of Muleshoe was held last Tuesday afternoon at the church. A number of matters were discussed.

Attending the meeting were Mmes. G. T. Maltby, Leota Wilberding, H. E. Mitchell and Mary Bell.

The next meeting, on July 3, will be held at the home of Mrs. G. T. Maltby.

Miss Billie Ann Pence Becomes Bride Of Jackie Tidwell In Sunday Ceremony

MRS. JACKIE TIDWELL

First Baptist Church was the scene at 4:00 o'clock Sunday afternoon of the marriage of Miss Billie Ann Pence daughter of Mr. and Mrs. Andrew J. Dutton, and Jackie Carrol Tidwell son of Mrs. Ann Tidwell.

The Rev. E. K. Shepherd read the double-ring ceremony before an arch of candelabra garlanded with greenery and blue daisies. Baskets of ladioli completed the setting, and tapers and blue daisies marked the bridal aisle.

Traditional wedding music was played by Miss Karolene Towns, organist, who also accompanied Jimmy Wilkerson as he sang, "The Lord's Prayer," and "Because."

Given in marriage by her father, the bride wore an original gown of white embroidered Swiss organdy over net and taffeta fashioned along princess lines. The portrait neckline was enhanced with white satin bows which formed tiny sleeves, complimented by pointed gauntlets. The full skirt, which extended into a short train was made of organdy tiers with scalloped edges.

Her veil of silk illusion was joined to a tiara-type cap of looped iridescent braid holding orange blossom. She carried white gardenias and white roses atop a white Bible.

BRIDAL ATTENDANTS

Miss Diane Yarbrough of Roswell, N. M., cousin of the bridegroom, attended as maid of honor, and Misses Betty Shanks, Quinell Elliott, Pat Inman and Alva Lee Shofner, of Muleshoe and Sharon Wilemon of Lubbock were bridesmaids. Candles were lighted by Miss Roberta Elliott and Miss Janell McGuire of Muleshoe. Flower girl was Vickie Lawson of Lubbock, the bridegroom niece.

The attendants wore identical floor-length dresses of crystalite over taffeta in a soft pastel blue. The long torso bodices were designed with portrait necklines framed by draped berthas which tied in bows at the center backs. They wore simulated hats of matching tulle dotted with seed pearls and carried single long-stemmed roses.

Jack Jones served as best man and Stanley Fox, John Charles Gibrath, Bo Bryant, G. R. Howell of Ft. Worth and Eddie Will ushered. Ring bearers were Betty Harbin and Donnie Thomas.

RECEPTION FOLLOWED:

Assisting in hospitalities at the reception which followed were: Mmes. Verney Towns, Ed Hicks, Marie Yarbrough, John Inman, and Edward Thames and Misses Doris Ann Fields, LaVon Copley, and Jeanelle Sedgwick. The serving table was covered with tulle over taffeta and held the attendants' flowers and a three tiered cake topped by a miniature bridal couple.

For a wedding trip to Ruidoso,

N. M., the bride wore a two piece suit of gray and blue pure silk tweed, with pale yellow accessories.

The bride and bridegroom are both graduates of Muleshoe high school, and he is presently an instructor in the U. S. Air Force stationed at Frances E. Warren AFB, Cheyenne, Wyo.

Miss Ramage and Bill Daugherty To Be Married

Miss Margaret Ramage

Mr. and Mrs. C. W. Ramage, of Muleshoe are announcing the engagement and approaching marriage of their daughter, Margaret, to Bill Daugherty, son of Mr. and Mrs. Ted Daugherty, of Sulphur, Okla.

The wedding will be read at 6:00 o'clock in the evening, Saturday, June 30, at Clovis, N. M.

Hall Home Scene Ice Cream Supper

The home of Mr. and Mrs. Luther Hall was the scene Tuesday evening of this week for an ice cream supper.

Home-made ice cream and cookies were served, and the group enjoyed visiting and watching TV.

Attending were: Mr. and Mrs. W. R. Tittle and children, Mr. and Mrs. Jess Pendergrass and Susan, Stella, Pendergrass, Mr. and Mrs. T. R. Smallwood and daughter, Mr. and Mrs. Eddie Joe Hall and children, Mr. and Mrs. Everett Talley, Glenda Hall, Dorothy Giles, Betty Logan, and Mona Hall.

Young People At Main St. Baptist Elected Officers

Young People's Class of the Main Street Baptist Church elected new officers at a meeting Friday evening of last week at the home of Lee and Nellie Kimbrough. The class will be given a name at the next meeting, July 27.

Heading the class as president is Lee Kimbrough.

Following the business, refreshments were served to Mr. and Mrs. Bob Kimbrough, Bro. J. D. Hudson and family, Mr. and Mrs. Don Sanders, Mr. and Mrs. Ed Nickels, Mr. and Mrs. Jimmy Shaffer, Mary Pruitt, and Bill Byford.

Bridal Shower Thursday Honored Paula Provence

A pre-nuptial shower honoring Miss Paula Provence, bride-elect of Mr. Travis L. Clements, was held from 7:30 until 9:00 o'clock Thursday evening in the home of Mrs. Rea C. Dill, 1410 West Ave.

Mrs. Dill greeted guests as they arrived. In the receiving line were Mrs. George Provence, mother of the bride-elect, Miss Provence, and Mrs. D. Clements, mother of the prospective bridegroom.

The honoree's chosen colors of blue and white were carried out in decorations and appointments. The serving table, covered with a maderia cut-work cloth, was centered with an arrangement of white shasta daisies. Fresh garden flowers decorated other rooms of the home. Gifts were on display in a bedroom.

Miss Wanda Joyce Clements registered guests in the brides book. Others in the houseparty were: Misses Sue Mills, Loretta Sullivan, Sandra Dill, and Darlene St. Clair, who alternated at serving punch and individual cakes decorated with wedding bells.

Miss Provence, her mother, and Mrs. Clements all wore corsages of blue carnations, gifts from the hostesses.

About forty-five persons called, and many who were unable to attend, sent gifts.

Hostesses for the occasion were: Mmes. O. M. Self, R. V. Ivy, Ross Goodwin, J. W. St. Clair, Jess Pendergrass, Dick Scott, Paul Scott, Rea C. Dill, A. M. Thompson, W. B. Wagnon, Jr., J. B. Wright, S. A. Bradley, Leslie Mills and Joe Smallwood.

Wedding Shower Tuesday Fetes Johnny Ladds

A wedding shower honoring Mr. and Mrs. Johnny Ladd was held Tuesday evening at 8:00 o'clock in Fellowship Hall.

Hostesses for the occasion were Mmes. Bill Collins, Morris Childers, Horace Blackburn, Herbert Potter, A. J. Gardner, Fred Johnson, Jesse Osborn, John Watson, and C. D. Gupton.

Decorations carried out the chosen colors of yellow, white and green. The serving table was centered with an arrangement of white shasta daisies, and bouquets of cut flowers decorated the hall at other points of interest.

Mrs. Joyce Walker presented background music at the piano throughout the evening.

In the receiving line were Mr. and Mrs. Johnny Ladd, the honoree, and his mother, Mrs. Earl Ladd.

Golden punch and cake was served from a crystal appointed table by Mrs. Herbert Potter, of Sudan, and Mrs. John Watson. Mrs. Bill Collins registered the guests.

Rebekahs Will Install Officers

Noble Grand Grace Kemp was in charge of the weekly Rebekah meeting Tuesday evening at Lodge Hall.

Rotary Installs New Set Officers

New officers and directors of the Rotary Club of Muleshoe were installed in an impressive ceremony held at the noon meeting Tuesday. The new Rotary year begins July 1.

D. B. Lancaster took over the job of president, succeeding E. O. Baker.

Murl Wilson introduced and changed the new directors, Ralph Hardis, W. T. Andrews, John Miller and Baker. Treasurer Jim White introduced and gave advice to incoming treasurer Earl Miller, who in turn presented White with the past-treasurer's pin.

Clyde Holt, who has served as secretary this year, introduced the new secretary B. A. Dalton, who presented Holt with the past secretary pin. Holt was presented by Baker as the incoming vice president.

President Baker congratulated Lancaster on his opportunity to be of service as president of the Rotary Club. He thanked all members for their loyal support and friendship during the past year. Lancaster expressed the desire to continue the work of the club that has been started in the past year and previous years.

On behalf of the club, Myron Pool presented the retiring president with a past president ring and told him that every member of the club has enjoyed working with him and has appreciated his leadership.

Guests included Roy Prince, Littlefield, and Dusty Kember of Brownfield, both with General Telephone Co., and Rotarian Malcolm C. Coleman, Clovis.

Local Students Attend Classes Hardin-Simmons

The first summer session at Hardin-Simmons University began June 4 and will extend through July 12. There are three students from Muleshoe enrolled in this first session. They are Sherman Inman, Betty Shanks, and Karolene Towns.

Besides numerous courses offered to undergraduate students, Hardin-Simmons University offers courses leading to graduate degrees summer band school, boys' activity school, driver education, girls' swimming school, piano clinic recreation program, and a workshop in string methods at various times during the summer.

Marine Reserve Unit Announces Meeting Change

Major Floyd P. Allen, USMCR, Commanding Officer of the 40th Special Infantry Company, Marine Corps Reserve in Lubbock, announced a change in meeting night of the unit. The company will hold weekly meetings on Tuesday evenings beginning July 26 at 7:15 p.m. Meetings have been held on Thursday nights in the past.

An invitation to the public to visit the training center was issued by Major Allen. The center is located at 710 College Ave.

The Reservists are preparing for the annual summer training to be conducted during the month of August at the Mare Island Naval Base, north of San Francisco, Calif. The entire unit will be flown to and from the training site in Marine transport planes.

Openings exist for young men who can meet the mental and physical requirements.

Scouts May Now Register For Jamboree Camp

The South Plains Council, Boy Scouts of America, is now accepting reservations for Scouts and Explorers for attendance at the National Jamboree to be held at Valley Forge, Pennsylvania, July 12 through 18, 1957, according to Dr. C. C. Schmidt, chairman of the Council's Jamboree Promotions Committee.

One space is being reserved for a Scout from each Troop and Explorer Post in the Council until July 31, 1956 which is the date for the first payment of \$25.00 which serves as a reservation fee. After July 31, all of the boys of the Council who plan to go must immediately send in their reservation fees and secure their reservations.

Dr. Schmidt announced that the Jamboree Delegation from the South Plains Council will travel by chartered bus to Valley Forge, Pennsylvania, leaving here approximately on the 5th of July and returning on the 23rd of July, 1957. Each bus will hold one entire Jamboree Troop which consists of thirty-seven Scouts and Explorers and three adult leaders.

The council has set the Jamboree fee, which will include all of the expenses of the Jamboree and transportation, food, etc., at \$250.00 per head. The initial reservation fee of \$25.00 per boy who plans to attend, is due in the Council's headquarters office in Lubbock by July 31, 1956.

Buck Johnson At AFROTC Camp In Riverside, Calif.

Cadet Roald D. Johnson, son of Mr. and Mrs. Fred Johnson, Muleshoe, enrolled at Texas Technological College, is one of 240 college seniors attending Air Force Reserve Officer Training Corps summer camp at March Air Force Base, 10 miles east of Riverside, Calif.

AFROTC Cadets spend four (4) weeks training in Air Force operations, weather, maintenance, logistics, flight planning, intelligence and athletics. Each cadet will receive orientation flights in Air Force aircraft.

March Air Force Base is a B-47 Stratofortress bomber base of the Strategic Air Command — the nation's long-range nuclear striking force. STC is currently celebrating its tenth anniversary.

George Mahon Is Candidate For Re-Election

Rep. George Mahon

Rep. George Mahon has asked the Muleshoe Journal to carry an announcement of his candidacy for re-election to Congress from the 19th Texas District. His statement follows.

"I am sending this message from where Congress is in session to announce my candidacy for re-election to Congress. I am grateful for the fact that I have no opponent. If I am honored with re-election, I shall continue to seek to be of every possible service in matters bi and small to the people of our District. My principle responsibility is to the people of West Texas. If I serve the District well, I feel that I have served the Nation well.

"We continue to be confronted with many problems, local, national and international. Of principal interest this session was the farm legislation which we passed. It is far from adequate, but it was the best we could get this year in view of a Presidential veto and other difficulties.

I think we did a pretty good job with the military appropriations bill which I handle in the House and which has recently passed the Senate. In spite of new tactics and smiles from Moscow, I do not think there has yet been a fundamental change in the objectives of the Communists and we must continue to keep our guard up despite the resultant burdensome costs.

"My object in making this announcement is to ask you for

Texas Research Foundation Site Chosen Near Lazbuddie

The Texas Research Foundation, reputed to be the most advanced agricultural research group in the southwest, expects to establish a quarter section experimental station near Lazbuddie by January 1, 1957, according to Clyde Bray, Muleshoe businessman who has been working with officials of the TRF.

Dr. C. R. Lundell, director of TRF, spent several days in the Muleshoe area this past week, discussing plans for the proposed experiment station, talking with interested farmers and businessmen and examining possible sites for the station.

Near ideal and typical soil formations were located in the Lazbuddie area, and Lundell told Bray that the site appeared to be the one the Foundation would choose. An area landowner has already agreed to lease the site to the Foundation.

The Texas Research Foundation presently has a one million plant at Renner, Texas, near Dallas, where experiments have been carried on for the past 12 years.

The work of the Foundation

is supported primarily by contributions from firms and individual business men. It is estimated the proposed station in this area would cost about \$25,000 annually to operate, with operating funds expected to come from area contributions. One large utility firm in this area has already pledged funds to cover part of the operating cost for a five year period. Others are expected to be forthcoming. An area wide meeting of representatives of the four counties the station would serve, Lamb, Bailey, Parmer and Castro, is planned early in July. Dr. Lundell will be present at this meeting and plans will be made then for a drive to secure pledges to support the experiment station work.

At Renner, experiments have been made to improve soils and crops adaptable for the North Texas region. The station on the Plains would be devoted to research adaptable for this area.

The Renner experiments have yielded new strains of soybeans, sunflowers, sesame, two new strains of corn and several new strains and hybrids of grasses and legumes.

The Foundation director says, "In order to evaluate the improved strains of crops being developed continuously in the breeding program at Renner for adaptation to this area, it is necessary to establish and maintain an experimental field for at least five years. The annual cost of from \$25,000 to \$50,000 is an insignificant fraction of the hundreds of thousands of dollars that already have been spent at Renner during the last 12 years in developing improved strains of new and existing crops. As evaluation of improved strains of cash crops, grasses and legumes progresses, rotation of studies will be initiated to determine the cropping systems, fertilizer practices and management necessary for maximum returns from soil in this area."

"The use of better cash crops,

forages and farming practices would benefit both industry and agriculture."

Further information on the program and proposed plans may be obtained from Bray.

A meeting will be held in the District Courtroom at 8 p.m., July 10. All business men and farmers, as well as other interested parties are invited to attend this meeting.

"MORE WORK SPACE IN LESS SPACE WITH Electric Built-Ins!"

says Mrs. W. P. Crudgington, CLAUDE, TEXAS

"My husband built the cabinets in our kitchen, and had no trouble fitting in the built-in electric range top and oven. It worked very nicely and I'm proud of the job that he did."

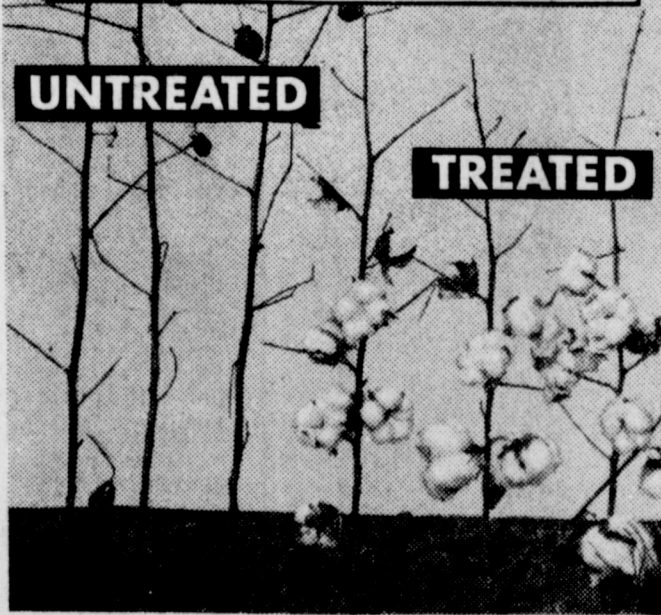

"One thing that has impressed me is that we could put our electric range exactly where we wanted in our kitchen for our own convenience and use. That's possible because it doesn't need any vents."

"I'm amazed at how easy it is to keep an electric range clean. Of course, that's easy to understand because there are no fumes to catch dirt and electricity is so clean. The units will actually clean themselves."

Your comfort and convenience is the test that your electric range will always meet. Built-in models come in any style that you want and can be put in the exact place that you want them.

Cook the modern way on the modern range. Of course, it's electric.

HERE'S PROOF dieldrin treatment kills thrips and fleahoppers . . . pays off in higher cotton yields

Photograph shows results of test performed at Texas A. & M. (1954). In this test, the dieldrin-treated plants produced almost three times (2.84 times) as many blooms in a three-week period after treatment as did the untreated plants injured by thrips and fleahoppers. Photo courtesy of Texas A. & M.

Results of this test prove without a doubt that treatment with dieldrin really pays. Dieldrin controls thrips, fleahoppers and other sucking insects. Cotton gets a good early start . . . you get better quality cotton and earlier harvest . . . less chance of heavy loss due to early frost.

Dieldrin provides long-lasting protection. Days after application dieldrin still has lethal effect. Two to three applications at the recommended dosage—1/10 lb. of actual dieldrin per acre—does the job. Dieldrin dusts are smooth-textured, free-flowing. In a spray, dieldrin forms top creaming emulsions . . . eliminates nozzle clogging.

Profit from this conclusive test. Use dieldrin early this year. Your insecticide dealer has dieldrin formulations and information on latest methods of application best suited for your use. Don't delay—get dieldrin now!

PAINÉ

Naturopathic Clinic

921 Avenue "B" Phone 7499
Muleshoe, Texas

INDIGESTION, GAS, BLOATING AND CONSTIPATION

Man, Age 47: Complained of neck and shoulder trouble. He said he had a constant ache deep in his left shoulder blade and that he stayed bloated most of the time and that he had been constipated for the past few years. A complete examination with X-ray and Urinalysis revealed Gall Bladder trouble and mucus in the intestines which produced gas. This man took the recommended treatment and today he never complains of stomach trouble, bloating or constipation.

HEADACHES

Man: Constant headache, none of the well known remedies seemed to stop his headaches. At the PAINÉ NATUROPATHIC CLINIC relief came after the second treatment; no return of headache after five months.

Lady: Constant headache for six years. After taking the recommended treatment at the PAINÉ CLINIC, there has been no return of headache, or nervousness.

EPILEPSY

(Notarized affidavit of name on request.)

TO WHOM IT MAY CONCERN:

I, Mrs. F. V. _____, of Clovis, New Mexico, do hereby make the following statement of my own accord and free will pertaining to the treatment of Epilepsy received from the PAINÉ NATUROPATHIC CLINIC of Muleshoe, Texas.

I have been the victim of Epilepsy for about twenty-three years, having usually about five or six seizures each month, each seizure lasting from 10 to as long as 15 minutes.

I have consulted various doctors from the state of Illinois to Tucson, Arizona, receiving only a temporary relief as the result of strong drugs prescribed by these doctors.

I have now been receiving treatment from the PAINÉ NATUROPATHIC CLINIC in Muleshoe since the latter part of January 1956 and since that time I have only suffered about four attacks which were very mild and within the past two months have not had any attacks and have felt very normal and no tendency toward an attack.

From my own personal experience I would not hesitate to recommend that any person suffering from this dreaded condition consult with the above Clinic for such treatment.

Ground Water Inventory - Cochran County

The portion of Cochran County within the boundary of the High Plains Underground Water Conservation District No. 1 contained about 1,320,000 acre feet of ground water available for pumping in January 1956. This same portion of the county contained about 1,500,000 acre-feet of ground water available for pumping in 1938; and about 180,000 acre-feet, or about 13 percent of the water in storage, was removed by pumping during the 18-year period. Most of the irrigation wells were drilled after World War II, therefore, most

of the pumpage took place after the war.

About 117,000 acres of Cochran County are within the boundary of the Water District. However, several thousand acres of land outside of the boundary of the Water District are irrigated by more than a hundred irrigation wells. The figures above do not include the ground water in storage or the water that was pumped in the irrigated area outside the Water District.

The accompanying maps were prepared from data compiled from a study of about 400 logs

of water wells and about 150 measurements of water levels in wells.

The map in plate 1 shows the approximate thickness of the water-bearing strata in the Ogallala formation in 1938 before an appreciable amount of water had been pumped from the reservoir. The map in plate 2 shows the approximate decline of the water table from the spring of 1938 to January 1956.

The volume of water remaining in the underground reservoir was determined by subtracting the volume of material unwatered

since 1938 from the total volume of saturated material in 1938 and multiplying the remainder by the coefficient of storage of 15 percent.

The approximate quantity of underground water in storage, available or pumping, beneath an individual farm may be determined by multiplying the number of acres in the farm by the thickness of the water-bearing strata underlying the farm and then multiplying by the storage coefficient of 15 percent. Suppose the farm consists of 160 acres and has 100 feet of water-bearing strata underlying it, then 160 acres x 100 feet x 0.15 percent equals 2400 acre-feet of water available for pumping. An acre-foot of water is the quantity required to cover one acre to a depth of one foot, and it is also equal to 43,560 cubic feet or 325,892 gallons.

An individual may use this information to determine, within reasonable limits, how long the quantity of underground water in storage beneath his farm will last at any annual rate of withdrawal. This assumes, of course, that his neighbors pump a comparable amount of water per acre on their farms.

These maps and studies of this type are parts of the regular hydrological work in progress by the staff of the Water District. Maps for 12 of the 13 counties in the District have been completed, including Armstrong, Bailey, Castro, Cochran, Deaf Smith, Floyd Larib, Lubbock, Lynn Farmer, Potter and Randall Counties. The maps for Hockley County will be completed as soon as possible.

CIRCLEBACK REUNION SUNDAY AT LUBBOCK

The Circleback Community reunion will be held next Sunday, at MacKenzie Park in Lubbock. All residents and former residents are invited to attend. Signs leading from the park entrance on West Broadway will direct traffic to the location.

Those attending are asked to bring basket lunches and folding card tables and chairs. The reunion will get underway at 10:00 a.m., and continue through the day.

Better Cotton Defoliation Seen In New Product Amino Triazole

The promising cotton defoliant, amino triazole, should become more extensively used among growers this year, say agricultural scientists of the U. S. Department of Agriculture in a report to Fred C. Elliott, extension cotton specialist.

Studies of defoliant mixtures incorporating amino triazole are indicating that the amount of other defoliant in the mixture can be considerably reduced when incorporated with 0.75 pounds per acre of amino triazole.

This continues to be the recommended treatment for 1956. However, trials last summer showed that 3 gallons amino triazole per acre would increase the percent of defoliation achieved over that from amino triazole alone. Scientists believe economical, effective dosage lies somewhere between 3 gallons and 3 1/2 to 4 gallons.

Amino triazole, as a defoliant, removes the leaves for easier boll picking and less trashy harvests, and as a regrowth inhibitor, prevents new plant growth after defoliation and before harvest is completed. When used in combination with other defoliants, addition of amino triazole at the rate of .75 pound per acre allows reduction of the other defoliant by half the dosage normally required when used alone.

In cooperative studies between USDA's agricultural research service and the state ex-

perimen stations serving the Mid-South Cotton Belt, scientists found that amino triazole, used alone as a defoliant at a 1-pound-per-acre rate, caused only about 70 percent defoliation. When the dosage was tripled, about 80 percent defoliation resulted. Thus, a rather small defoliation response was obtained with a large increase in the amount of chemical used. Scientists, therefore, recommend no less than the three-pound-per-acre rate, to obtain adequate defoliation.

Tests of the ability of amino triazole to prevent cotton plant regrowth during the harvest season have shown wide variation in results during the past three years. Generally, the higher the rate of application, the better regrowth control achieved. Scientists conclude that growers should apply at least one pound per acre to take care of possible variations in control.

TO OZARKS

Mr. and Mrs. Onard Upton and daughter Evelyn, of Denver City, formerly of Muleshoe were visitors one day here this week. They were on their way to Denver, Colo., and a tour of the Ozark Mountains.

FROM LAWN

Mr. and Mrs. C. W. Burford, of Lawn, were here over the weekend visiting their daughter and son-in-law, Mr. and Mrs. Joe Smallwood and children.

VISITING HERE

Mrs. Clela Bynum and children are visiting here with her parents, Mr. and Mrs. Roy Bayless while waiting for their house in Albuquerque, N. M., to be vacated. The family has been living in Amarillo, until recently when Mr. Bynum's job called for his transfer to Albuquerque.

FROM LUBBOCK

Mr. and Mrs. Bud Dyer of Lubbock, and his sister, Mrs. Leo Baker, of Abilene, visited here

over the weekend with Bud's and Mrs. Baker's father, C. L. Dyer, and friends. They attended Sunday morning services at the Church of Christ.

THANK YOU!

We wish to express our appreciation to all the friends, neighbors, Dr. Green and the nurses at West Plains Hospital for being so kind while Mrs. Maggie Woodard was in the hospital. Many thanks, and God Bless You. The Woodard Family

Most modern truck V8's ...and the pounds prove it!

Pound for pound, the most powerful truck V8's today are Chevrolets. That's one way you can tell they're the most modern V8's going!

Chevrolet's modern short-stroke V8 truck engines do more work for their weight than any other V8 in any truck today!

That means they carry around fewer pounds for power they develop. (They weigh up to 200 pounds less than other comparable engines!) It means, too, that less of the maximum truck G.V.W. consists of engine weight—and more is devoted to payload.

Stop by and let us give you the facts on Chevrolet's compact, super-efficient truck V8's.

Weigh the facts... and you'll choose today's most modern trucks

Wasted weight is engineered out of Chevrolet truck V8's!

The ultra short-stroke of Chevrolet's truck V8's makes possible a rugged yet compact cylinder block. Modern design cuts down engine weight and increases engine efficiency.

More power per pound means more power for your payload!

Since less power is used in moving engine weight, a bigger proportion is available for moving your payload. You get hour-saving performance on the job. And modern V8 power saves dollars, too!

There's a modern V8 for every Chevrolet Task-Force truck!

There's a powerful, deep-breathing V8—either standard, or optional at extra cost—in every Chevrolet truck model. Horsepower ranges as high as 195 for fast, efficient high-tonnage hauling.

Chevrolet Task-Force Trucks

Navy Recruiter At Clovis Honored For Enlistments

National recognition for outstanding achievement in obtaining Navy enlistments has been granted the Clovis Navy Recruiting station, according to Chief Phil Van Dusen, whose office is in the Clovis post office building.

The recognition which came in the form of the "Navy Recruiting Station of the Month Award", was signed by Capt. Roy S. Benson, director of Navy recruiting in Washington, D. C., and was presented the Clovis recruiter by Lt. Com. J. L. White, officer in charge of the Albuquerque Recruiting District.

The award is based on the recruiting results obtained during the month of May when 284 1/2 of the assigned quota was enlisted. Other factors which are given consideration in the determination of the award are a high and efficient level of administrative procedure and publicity work.

This is the third time in the last five months that this honor has come to the Clovis Recruiting Station. And in addition, Chief Van Dusen was selected as the Recruiter of the Month for the month of May for the Albuquerque Recruiting District and has received a personal letter of commendation from Capt. L. S. McWhinney, inspector of Navy recruiting for the Seventh Recruiting Area, with headquarters at Dallas.

BABSON DISCUSSES MAKING MONEY IN THE STOCK MARKET

Babson Park, Mass., June 28. The only way I have made money in the stock market has been by selling stocks and taking profits at times like this, depositing the money in banks, and waiting until the bottom of the next decline.

BUYING INTO NEW INDUSTRIES
In this way I am not a speculator, but am like the ice man in the North who gathers ice in wintery weather and stores it up for people to use during the summer.

Others make money in the stock market by performing another kind of service... that is by helping new industries when they are unpopular and taking profits when these industries mature and are popular.

WISCONSIN UNIVERSITY'S PROGRAM
Although swapping maturing industries for new industries is exceedingly profitable when done intelligently, very few individuals or even

institutions have the ability and courage to act on this principle. One college, however, has had a most interesting experience in this connection. I refer to Wisconsin University, which on its typical Board of conservative college Trustees, had also some bright chemists and engineers.

I might also give the names of individual clients which my organization has helped along these same lines. I could also cite a member of my family who during fifty years increased \$600 to over \$1,000,000 by putting the dividends and profits back into newer industries when they were unpopular and selling these when they became popular.

THE REPORT OF A PSYCHIATRIST
Let me close with a story which one of my valuable associates, John D. Rordan, tells. It concerns a friend who had a nervous breakdown on account of his overactivity in the stock market.

Adlai Says, "It's In The Bag!"

THIS WEEK -In Washington

With Clinton Davidson

Congress is putting the final digits this week on appropriations to run the Federal agencies through the fiscal year starting July 1. They will total a staggering \$20,000,000 a day for the next 12 months.

War costs take up about 85 cents out of every dollar spent by the government. That includes payment on debt for financing previous wars, pensions, and the building of our national defense.

It started just a little over two years ago, in a small way, and has become one of the largest and fastest growing all-cargo air services in the world. The approximately 30 big cargo planes pick up and deliver equipment at 31 Air Force bases in this country.

With a fast cargo service available from any Air Force base to the place where the equipment is needed, it becomes unnecessary to maintain large stockpiles at all bases.

High priority and costly instruments used by the Air Force can be stored in a central location and delivered to any part of the world, using Logair and Military Air Transport, in a fraction of the time previously taken.

SAND HILLS PHILISOPHER SAYS Wants To Be Treated As Well As The People of Egypt

Editor's note: The Sandhills Philosopher on his Johnson grass farm is confusing international problems with his own, his letter this week indicates.

Dear editor: I don't always follow too accurately some of the news I read in the newspapers that turn up out here, although I don't know why a reader should be so concerned with accuracy when editors frequently aren't if you get what I mean, but at any rate I was reading an article last night that has me puzzled.

According to it, there's a race on between the United States and Russia to see which one can furnish the most money to build a big dam in Egypt, so that country can irrigate its land and produce more.

Now I'm not going into the economics of the United States helping somebody else produce more agricultural products when we're about to choke to death on a surplus here at home, but what interests me is the contest angle.

Naturally, I wouldn't be interested in a contest between the United States and a foreign country to see which one could say furnish the most money to help me dig a water well on my

farm out here, that'd be impractical, but in order for the United States to sort of sharpen up on its training in this line, why couldn't the Republicans and the Democrats get in a contest to see which one could furnish me the most money to dig a water well?

If the Democrats offered to loan me the money at 4 per cent to dig the well, the Republicans could counter with an offer of 2 per cent, to be countered by the Democrats with an offer of no interest, to be countered by the Republicans with free money, to be countered by the Democrats with an offer to dig the well, put in a pump, install a hot water heater, and furnish a ten-year supply of soap and towels.

The whole purpose of this, of course, would be to keep me on one side or the other, the same as is the case with Egypt. I know something about myself and I figure my sentiments would lie with the side that made the best offer until the well ran dry, and if you ask me that's a pretty expensive way to win friends and keep allies, especially when they're in no better shape than me and Egypt, but you've got to remember I'm sure could use a new water well.

Yours faithfully, J. A.

CHRISTIAN SCIENCE SERVICES

Read I Corinthians 1:25-31.

"Is the Universe, including Man, Evolved by Atomic Force?" is the subject of the Lesson-Sermon to be read at Christian Science services Sunday.

Man's God-given dominion over material laws and limitations will be set forth in readings from the King James Version of the Bible and from "Science and Health with Key to the Scriptures" by Mary Baker Eddy.

Among the selections to be read from Science and Health is the following (307:26): "Man was not created to obey material laws which Spirit never made; his province is in spiritual statutes, in the higher law of Mind."

The Golden Text is from Psalms (95:3,4): "The Lord is a great God, and a great King above all places of the earth; the strength of the hills is his also."

WHEN SHOULD I CONSULT THE CHIROPRACTOR?

This question was asked the other day and I ad libbed, "when other methods have failed" but this is only partly correct. Actually most people think of Chiropractic when they have stiff neck or a sore back because they know Chiropractors work on the spine. Yet this too is only partly correct.

There is a human tendency to think the cause is where we hurt, one of our greatest errors. We fail to realize that sick organs are usually affected by a faulty nerve supply or by other sick organs.

To illustrate, all our organs are connected with the brain by nerve lines through which the organs are regulated by the brain. These nerve lines pass through the spine enroute between brain and organ. When one or more spinal bones (vertebrae) become displaced, pinching these nerve lines the organs at the end of the pinched nerve lines starts giving trouble. Here are cases wherein the pain is at the malfunctioning organ, but the cause is in the spine. There may or may not be pain in the spine.

All this time, patients never suspect their spines since pain is elsewhere. They may remain sick, become a slave to pills, potions or diet. These patients instead have their spines checked for pinched nerves so that the real cause of their trouble can be corrected.

So, when should you consult a Chiropractor? It is best not to wait until all other methods have failed (damage is usually great in these cases) or until you get a stiff neck or sore back. Instead a Chiropractic Analysis should be included every time you are sick, regardless of the name given your condition.

Case History RUPTURED DISCS

Case History: A man, age 44, was referred to our clinic with conditions medically diagnosed as ruptured disc and arthritis. He suffered excruciating pain in lower back and down right leg, whether sitting or standing. Entrance complaints also included nervousness, back and shoulder pains, nervous indigestion, black out spells. This man had not been able to work for some time. After a spinal analysis to locate pinched nerves causing his trouble, spinal x-rays were taken to reveal the cause of the nerve pressure. Spinal adjustments were begun to remove pressure on nerves affected. Under recommended service, this patient reports no aches or pains.

DAILY HEADACHES VANISH WHEN CAUSE CORRECTED

Case History: "I get headaches every time I lie down or get hungry," said this 28 year old housewife and mother of one child. She complained of weak spells that came suddenly, and indigestion, heartburn, stomach pains, and low blood pressure. She came to our clinic for an examination to locate the cause of her trouble. Our spinal x-rays and spinal analysis located nerve interferences in her central nervous system.

At our first comparative check up, she stated the headaches had vanished at the very beginning and had not returned, and all other symptoms were greatly reduced or gone.

When your personal opinion is based on fair investigation and not upon conditioned emotionalities, you become a satisfied patient. It will pay you to investigate now.

Today's Meditation

Read I Corinthians 1:25-31.

The Lord said to him, "What is that in your hand?" (Exodus 4:2 RSV.) When Moses stood by the burning bush and heard God calling him, he offered many excuses. Like Moses, we say, "What can I do? Who would listen to me? I have no special abilities."

Then God asks, "What is that in your hand?" What do you have that can show God's power in your life? Do you have a job? Let your faith shine there. Do you have a home? Is there any better place to prove God's power? Do you have a talent? Dedicate that to God.

All Jesus had in His hands at the close of His earthly life was a wooden cross. Did God say, "Too bad"? No, He said, in effect, "If a cross is all that men will put in Your hands, then it will become the way for the redemption of all who will believe."

Our lives are important to God. We are the leaven in the lump of human society. God will use us for good, if we commit ourselves to Him.

PRAYER

Dear Lord, we feel so incapable.

able. Nevertheless, help us to dedicate ourselves to Thee, to answer Thy all knowing that with Thee all things are possible, we commit our lives to Thee. Take us as we are, mold us after Thy will, fill us with Thy Holy Spirit, and use us in Thy service. We pray in Jesus' name Amen.

Double-Ring Ceremony At Clovis Unites Miss Martha Thomas and Bill Aylesworth

An impressive double-ring ceremony at the Trinity Methodist Church in Clovis, N. M., Sunday afternoon at 3:00 o'clock, united Miss Martha Thomas and William E. "Bill" Aylesworth.

The bride's parents are Mr. and Mrs. W. C. Thomas of Clovis. Parents of the bridegroom are Mr. and Mrs. Dave Aylesworth, of Muleshoe.

Vows were exchanged before a kneeling bench flanked with high baskets of white gladioli and mums, and fern. An arch-

signed with pinafore tops, and trimmed with white ribbon bows on the skirt and bodice. They carried bouquets of white daisies.

Johnny Moore, brother-in-law of the bridegroom, served as best man. John Aylesworth, brother of the groom, was an usher.

Music at the reception which followed the ceremony, was presented at the piano by Rufus Aylesworth, brother of the bridegroom, of Evergreen, Colo.

Out-of-town guests included Mrs. J. E. Lovelady and children, of Amarillo; Mrs. Dave Aylesworth, Sr., and Violet Callahan, Plainview; and Mrs. I. G. Hipp, of Dallas.

Mr. and Mrs. Aylesworth both are graduates of Muleshoe high school. They will make their home here, near where he is engaged in farming.

Mrs. Bill Aylesworth

way of white tapers in the background completed the setting. Rev. J. R. Buntz, pastor of the church, officiated.

Wedding music was presented at the piano by Eva Ruth Bryant, of Clovis.

Given in marriage by her father, the bride was lovely in a ballerina length gown of white satin designed with a fitted bodice and low neckline. The full pleated skirt featured gussets near the hemline. She carried a bouquet of stephanotis centered with a white orchid, atop a white Bible.

Maid of honor was Miss Ima Jean Hawkins, of Clovis. Her ballerina length gown was of pale blue taffeta, and was designed along princess lines. Her bouquet was of white roses.

Junior bridesmaids were Misses Beatrice Aylesworth and Glenda Thomas, sisters of the bridal couple. They wore identical dresses of pale blue taffeta de-
