ABOUT TAXES AND SUCH THINGS
A friend showed us a copy of the magazine published by Texas League of Municipalities recently and we garnered some interesting facts.

Comparing 400 Texas cities, some larger some smaller than Muleshoe, we found:
Of the 400, 20 had a lower tax rate than our city; 39 had the same rate as Muleshoe, \$1 per \$100 of valuation. And 340 towns and cities had a higher rate than Muleshoe.

Muleshoe's property valuations for tax purposes totals \$5,200,345 for 1956.
We noted that Floydada, for instance, a town we suppose to have about the population of Muleshoe, has valuations of only \$2,645,230, and their tax rate is \$90 for 1956.

Of the 39 towns with the same rate as ours, 16 had less population, 9 with more.
Of course the per cent figure for evaluations might have some bearing, but it isn't likely that our percentage factor would vary too much from that of other towns.

And so, if you hear it said that some business men shy away from our town because of excessive taxes, as I have, take these figures and show the speaker that he knoweth not whereof he speaks. And, considering all our city dads have had to buy and do, we think there has been under this administration and former ones, some first class managing of city funds.

Uncle Jay, of KGNC, Amarillo, is a little upset when we quoted here a real estate man who claimed Muleshoe and Lubbock are the two good towns on the Plains. Now, Uncle Jay, we just meant in this part of the Plains. Remember, too, the real estate man said it, not I.

Amarillo truly is a wonderful city, a typical Plains city, and it's growing so fast people hereabouts are amazed. And I ask you what we in the small towns would do without our cities.

Halsell Sells Sandhills Water Rights To SWPS Company and City of Lubbock

Southwestern Public Service Company and the City of Lubbock, last week purchased more than 37,000 acres of sandhill water rights in Lubbock, Bailey and Lamb counties, at a cost reported to be \$1,300,000.

The water rights included all the Halsell interests which had not previously been sold, and included 10,000 acres in northeast Bailey county.

Lubbock is also reported to have purchased water rights on 12,000 acres of west Bailey county land from John McMurtry. As a result of the transactions, practically all of the sandhills water rights have been purchased or contracted for.

The transaction was first made public last week when a group of Lamb and Bailey county farmers and businessmen, interested in promoting a water district, met with Halsell at his home north of Amherst Tuesday afternoon.

The city of Muleshoe recently took an option on approximately 1700 acres of water rights south of Muleshoe for the purpose of future water development.

Here's Why you Save

Our Volume Buying Saves YOU Money!

Volume buying, by the carload, direct from the manufacturer does it. Volume and direct are the key words, key words that save you money at Piggly Wiggly supermarkets.

Because Piggly Wiggly buys in volume, you save whether you buy one item or 50. With these savings, you receive the additional thrift gift of S&H Green Stamps.

THE STATE OF TEXAS
To any Sheriff or any Contable within the State of Texas—

GREETING:
You are hereby commanded to cause to be published once each week for four consecutive weeks, the first publication to be at least twenty-eight days before the return day thereof, in a newspaper printed in Bailey County, Texas, the accompanying citation, of which the herein below following is a true copy.

CITATION BY PUBLICATION THE STATE OF TEXAS
TO: JAMES DUNNIVAN, Defendant, Greetings:
YOU ARE HEREBY COMMANDED to appear before the Honorable District Court of Bailey County at the Courthouse thereof, in Muleshoe, Texas, by filing a written answer at or before 10 o'clock a.m. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 13th day of May A. D. 1957, to Plaintiff's Petition filed in said court, on the 13th day of March A. D. 1957, in this case, numbered 2071 on the docket of said court and styled CALLIE DUNNIVAN Plaintiff, vs. JAMES DUNNIVAN, Defendant.

A brief statement of the nature of this suit is as follows to-wit:
Suit for divorce for cruel and inhuman treatment, as is more fully shown by Plaintiff's Petition on file in this suit.
Issued and given under my hand and the seal of said court at Muleshoe, Texas, this 27th day of March A. D. 1957.
Attest: Al Griffin, Clerk, District Court, Bailey County, Texas

Mules Place Fourth In Track Meet At Amarillo Held Last Saturday

The Muleshoe Mules placed fourth in the district track meet held in Amarillo last Saturday. With 21 points the Mules trailed the team who had 52 1/6, Dalhart 33, and Olton with 29. Behind Muleshoe was Tulia and Dimmitt with 9 3/6 and 4 points respectively. This meet was originally scheduled to be held at Canyon last Friday, but weather conditions made it necessary to revise the plans.

Black, John Young, and Charles Jennings. Three boys from Muleshoe will participate in the Regional track meet at Lubbock, April 13. These three are Jack Wright, Charles Jennings, and Ray Precure, all placed second in their respective events at district.

There were no first place winners from Muleshoe. However, the following boys placed: Donnie Shafer, 3rd in 100 yd. dash; Jack Wright, 880 yard run, 2nd, 2:11; Charles Jennings, one mile run, 2nd, 5:03; 440 yard relay team (Bill Black, Donnie Shafer, John Young, and Darrell Oliver), 3rd, 47.2; one mile relay team, (Leroy Corrales, Leon Actkinson, Royce Turner, and Bill Black), 3rd, 3:46.

Bob Sanders came in third in the 180 yard low hurdles event. Only the first place man was timed in this event, but Sanders' qualifying time was 23.0 seconds. Don Alexander placed fifth in this event, his qualifying time was 22.7 seconds. Dickie Johnson tied with another contestant in qualifying for the 120 yard high hurdles, but lost the coin toss, and didn't get to enter the finals.

Field Events
Ray Precure threw the discus 128 feet, 8 inches to win second place in that event. Teddy Eason was fourth in the discus throw with a distance of 105 feet, 5 inches.

In the shot put event, James Williams threw 39 feet, 8 inches and placed third, and was followed by Gene West who placed fourth with a throw of 38 feet, 9 inches.

Fourth place in the high jump was shared by six contestants. Joe King, Don Alexander, and Dickie Johnson were tied with three other contestants. The height of the jump was 5 feet, 2 inches.

Those who lettered this year are as follows: Bill Black, Donnie Shafer, Darrell Oliver, John Young, Leroy Corrales, Leon Actkinson, Royce Turner, Teddy Eason, Ray Precure, James Williams, Gene West, Bob Sanders, Charles Jennings, Jack Wright, and David Shepherd, manager. This coming Saturday, Coach Bill Taylor plans to enter the three who qualified for Regional, in the Sandie Relays at Amarillo. Also, this coming Saturday, the district track meet for the 7th, 8th, and 9th grades will be held in Dimmitt. Freshmen from Muleshoe who will probably be entered are Donnie Shafer and Darrell Oliver.

Tennis Champs
Elsewhere on the sports scene around MHS, there are two more district championships for Muleshoe. These are in the girls' tennis, both singles and doubles. Nancy Julian, playing singles, drew a bye in district play at Amarillo, Saturday and defeated her opponent from Canyon 6-0 and 6-2. Jeanetta Harrison and Mary Gross played doubles and found themselves in the same position as Nancy. They drew a bye in the first round of play and then defeated the Canyon team 6-2 and 6-3, to win the district title. All three of these girls are freshmen. They will enter the Regional tournament at Lubbock April 13.

The boy's tennis teams didn't fare quite as well as did the girls, as they lost both matches. Don Copley won the first round of his play, defeating his opponent from Canyon 6-4 and 6-3; however, he went down 6-1 7-5 and 6-3 to his opponent from Dalhart. Randal Goar and Bobby Eason teamed up to play doubles but they met with the same results as Don, losing to the Dalhart team 6-1, 6-1, and 6-3.

Golf
The MHS golf team composed of Terry Dill, Senn Siemmons, Tommy Thomson, and Don Taylor, will enter a tournament at Lubbock this weekend. The team hopes to repeat as district

JayCee-etts Install Officers Tuesday Night In Roark Home

Mrs. George Bragg was installed president of the Muleshoe JayCee-etts in a meeting at the home of Marie Roark Tuesday evening. Department Commander

WARREN H. LINER
District Commander

Legionnaires and Auxiliary members of the 19th Congressional District of the American Legion will assemble in Plainview Saturday and Sunday, April 6-7 for their annual spring convention, Post Commander Ed-

die Sessions announced today. Sessions stated that an elaborate program has been prepared for the visitors who will begin registering at The American Legion Home. The main feature Saturday afternoon will be the Color Guard Contest at 3:00 o'clock. At 4:00 p.m., a rehabilitation meeting will be held with all service officers in the 19th District attending. At 9:00 p.m., there will be a dance at the Legion Home, with the Esquire Orchestra furnishing the music. Sunday morning activities will begin with a Commanders' and Adjutants' breakfast at 9:00 o'clock at the Aleeve Restaurant on West 5th Street.

A joint session of The American Legion and Auxiliary will be held at 10:00 a.m. at the Legion Home. District Commander Warren H. Liner will preside over the joint session and the business session of the Legion. The address of welcome will be given by Charlie Young, Manager of the Chamber of Commerce, with response by B. B. Gilmore. The principal speaker on the morning program will be the Hon. Waggoner Carr, Speaker of the "House" of Representatives, from Lubbock. Memorial Service will be delivered by Herbert Hilburn, past post commander and editor of the Plainview Herald. Department Commander Joe L. Matthews of Fort Worth will deliver the address at the Sunday afternoon session. At the business meeting that afternoon, District Commander Liner will award Citations to the following Posts that have exceeded their quota for 1957: Anton, Aspermont, Big Spring, Coahoma, Haskell, Lamesa, Lockney, Lorahe, Lubbock No. 575, Muleshoe, Petersburg, Rochester, Rule and Seminole.

Mr. M. L. Hill is in the Methodist hospital in Lubbock, suffering from a back injury. He is a son-in-law of Rev. and Mrs. C. C. Dorn.

Diversification and Conservation Carried Out On James Wedel Farms

By LANS BROWN

Jimmie Wedel, cooper with the Blackwater Valley Soil Conservation District, and who farms five miles west of Muleshoe, has a diversified farm operation geared to produce profits and provide continued soil productivity. He is taking care of his land and reducing his chances of monetary losses. The accompanying photo shows hogs and cattle grazing on rye and vetch, which vividly points out part of his program. This rye and vetch, builds up organic matter in the soil, provides nitrogen, improves tilth, and increases yields of subsequent crops. Jimmie will put cotton on those acres next year, rotating his cover crops each year with cotton following.

He has 50 acres of barley overseeded with Hubam clover. He will cut the barley and the clover will be left on the land until fall. Then vetch and rye will be drilled into the clover residue.

Twenty acres of vetch and rye will be combined and the vetch seed saved for planting.

Sorghum with peas will be planted following the vetch if time permits. Then vetch and rye drilled into sorghum residue.

One of the most important benefits from these cover crops is the grazing returns from pigs produced. The cheapest gains and lowest cost for maintenance and reproduction are those from green growing plants.

Two other important benefits are soil improvement and increased yield of cash crops following the cover crop. Also worth mentioning are the seed crop produced for sale or planting, and manure returned to soil from grazing livestock.

Jimmie has yet another farm operation that fits into diversification, caged layers. These hens are fed milo produced on his farm and their manure is returned to the land. At present he has 600 hens and 1500 pullets

that will be in production in five or six months. He has 27 brood sows and three head of cattle at the present time.

Jimmie still believes that alfalfa is the best soil builder, but because of losses from aphids and the danger of bloat that accompanies alfalfa, vetch and clover will be used. Vetch and clover can be double cropped with sorghum stubble and small grain and are best adapted to short time rotation with diversified farming.

Wedel has been a cooper with the Blackwater Valley Soil Conservation District since 1949. In the fall of 1950 he put in a designed waterway and bench borders on his west 160 acres. He also has about half a mile of concrete pipe serviced and approved by the SCS work unit personnel. He is a conservation farmer and farm leader, being secretary of the Bailey County Farm Bureau, and a charge lay leader of the Progress Methodist Church.

Five Cagers On All-District Team In 1957

Five Muleshoe high school basketball players gained positions on the All-district team this year.

From the Mulettes squad, Shirley Matthiesen and Bobbie Nell, King made the All-district team at the forward and guard positions respectively. Shirley averaged 21.9 points per game in conference play, and Bobbie was the defensive spearhead for the Mulettes.

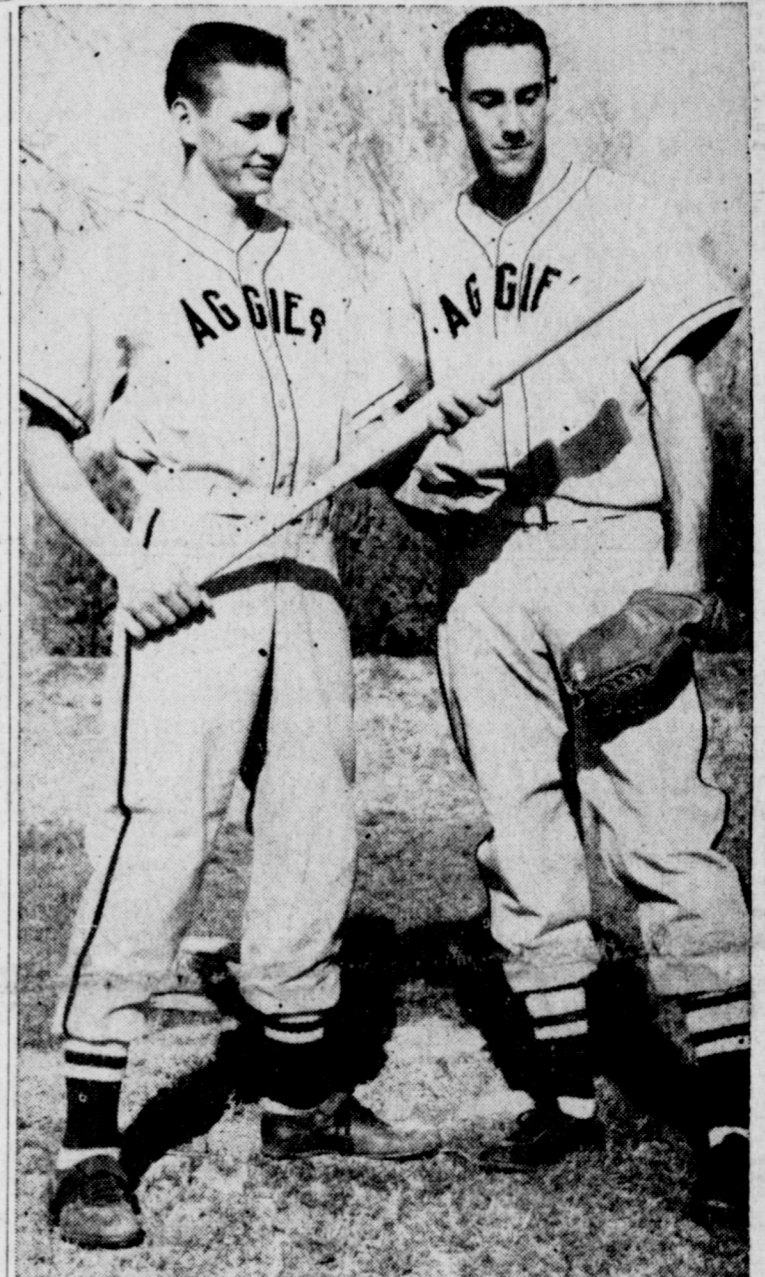

In the boys bracket, Muleshoe's two leading scorers, Charles Jennings and Bill Black, guards, received the honors. Both Jennings and Black's seasonal averages were in the double figures. Perhaps one feat which helped Black gain this standing was the 32 points he scored against Floydada in the bi-district game. Jennings you may remember, was also selected as a member of the All-regional team at Lubbock this year.

The fifth MHS cager to make the All-district standing was "Oakie" Alexander, who played center for the Mules. Although he wasn't the top scorer on the team, many rebounds and tip-offs can be credited to him.

Another player who wasn't in the area spotlight this year was Eddie Wilt. Wilt who was an All-district player last year, was recovering from a knee operation at the outset of the basketball season. Despite this slowing down, he came back strong during the conference play, and was given honorable mention on the All-State team.

Wayne Brisow To Washington State This Summer

Wayne Brisow, a member of the First Baptist Church at Muleshoe, has been appointed a summer missionary for the Baptist General Convention of Tex-

FORMER INDIAN, NOW AN AGGIE. Jimmie Oliver, left, and Mike Briggs check equipment as baseball practice started Monday at New Mexico A & M. Oliver, who is the son of Mr. and Mrs. F. L. Oliver, Jr. of Route 1, Muleshoe, is a 1956 graduate of Lazbudee High School and played shortstop and second base for the Friona Indians the past two seasons.

as, leaders said Tuesday. Mr. Brisow is now a student at the Wayland College, Plainview, and will direct Vacation Bible schools and teach study

gon area of the United States. He is one of 17 such students selected for the job by the BCGT Student Department. Three of them will go to Hawaii, two to Italy, six to Mexico, one to Nigeria, two to Alaska, one to Washington state and one to Ohio. Another will work with Indians.

Most of the young people are from 18 to 20 years of age and will spend June, July, and August working with foreign missionaries already in the localities where they are going. For the most part, they will hold vacation Bible schools, and teach Bible classes. But they may be asked to do any work the missionary deems necessary — anything from driving an ambulance to preaching a sermon.

The 17 were elected as the representatives of Baptist students on Texas college and university campuses.

Any Kitchen Becomes Beautiful . . . Every Cook Becomes Better

WITH A COMPLETELY AUTOMATIC GAS BUILT-IN RANGE

Regardless of the shape, size or decor of your kitchen, add a glamorous GAS built-in range and it becomes (like a woman with a new facial, coiffure and hat) simply scintillating! Because here is beauty beyond compare . . . efficiency unmatched . . . and economy far beyond all competition. And with every completely automatic feature — including thermostatically-controlled top burners — a GAS built-in range just naturally makes the most of any recipe a woman turns her hand to! For full details, consult your Gas Company . . . then see a builder or gas appliance dealer.

AMAZING "TOP BURNER with a BRAIN"

So sensitive it seems to think for itself, this remarkable thermostatically-controlled burner completely eliminates the danger of boil-overs, scorching, or burning. It "feels" the temperature of the cooking vessel . . . raising or lowering the flame as need be

to maintain the precise heat indicated by the dial. All your pots and pans actually become automatic utensils when you have the Burner with a Brain . . . and only GAS ranges have it!

The new WESTERN-HOLLY automatic GAS built-in unit offers complete versatility of arrangement.

GREGG COTTON

The happy farmer who has grown the field of Gregg cotton shown in the picture above has nothing to distract his mind from the satisfaction of knowing his cotton has IT — an excellent yield with good grades. The pleasure of growing a field of cotton like this is not only a joy to be experienced in a year like 1956 — a year in which we have had an unusual amount of heat to mature cotton here on the Plains; but cotton fields of similar appearance should be grown on the Plains on almost any year with Gregg cotton. Gregg has been bred to produce under the adverse conditions of our cooler weather, and especially with its cooler nights; it should shine the brightest and show its colors the most on the really bad years; it should in a large measure cure those cotton headaches which are very common in our section of the country.

Early Maturity
Yes, cotton headaches are not a myth; they are a fact; for we have seen farmers in the midst of summer standing and discussing the problem of whether to water cotton, for fear that it would go to stalk and fail to fruit. Gregg with its close, quick, rapid fruiting has solved this problem for our farms. For the past six years we have made it an experiment to water a small block of our cotton five times, finishing around the 25th of August, with excellent results even upon the coolest of years. Each year it fruited heavily and the maturity was good. With results like these there are no headaches in the summer, and there are no headaches in the fall either for you or anyone else who may have an interest in your crop.

Maturity is not a problem for the Plains only; many cotton sections or communities under the Cap could grow a better-maturing cotton to a good financial advantage.

Clean White Seed
Clean white seed is an indication that white cotton came off the seed. Examine our seed in bulk at our farm or in open bag of our fuzzy seed which have been partially delinted, and note the absence of lemon or orange colored seed.

It is a matter of public information that the classing office in Lubbock handled 1,622,000 bales the past year with 47.1 per cent of the grades light spots and 2.5 per cent spots. This percentage figures 763,900 light spots, and 40,500 spots. It has been estimated by an authority that the average price over the entire season for light spotted cotton above the loan was 100 points; but even allowing 140 points there was lost on light spotted cotton \$15 a bale, and for spotted \$22, making a total of twelve million three hundred and fifty thousand dollars. The point that should be of interest to farmers in this connection is that on our own farm we had less than 2 per cent light spots, with the rest white cotton; and we have had the report from many growers of Gregg that their grades were this good or better.

High Yield & Grade
As to the tremendous importance of both yield and grade to the farmer let us take the example of a field of cotton that makes a bale and a quarter to the acre and another field that makes a bale to the acre, but brings \$15 a bale less when marketed. Figuring the extra lint and seed with the extra price and you have almost \$60 an acre increase for the first field of cotton.

Storm Proof
Our cotton is stormproof not only from the standpoint of its staying in the burr, but also the bolls remain on the stalk well. As an experiment we have left cotton in the field until late spring, with no great loss from the wind storms.

Stripping
Since nearly all farmers are using the mechanical stripper in the harvesting of their cotton, either partially or completely, they are naturally interested in a cotton that strips well. When you consider the fundamentals of a good stripping cotton, you will find Gregg ranks high. Its stalk consistency is well suited to the stripper, and because it is a close, heavy-fruited variety there is less trash, limbs, and leaves.

Staple Length
Our growing season on the Plains will not permit the growing of long staple cottons satisfactorily. Gregg has been bred to the optimum length to give the best results on the Plains, combining with staple length, fiber qualities of high character; for Micronaire, strength, and uniformity. Staple lengths, under irrigation, are generally from 31-32 to 1-1-32 for early hand pulled cotton, with slightly shorter staples for late machine-stripped cotton.

Our cotton is a close, heavy fruiting variety and this fact generally results in the stalks bending with their load of bolls, but when the cotton opens the stalks will straighten again, thus making it possible to do an excellent job of stripping.

Self Defoliation
While Gregg cotton is growing and up till the time it begins opening, it will hardly lose a leaf; but when it starts opening, a rapid self-defoliation sets in, which is far greater than in any other cotton which we have seen or grown. This self-defoliation together with the natural tendency of Gregg cotton to go to fruit and not to stalk, makes for a maturity in cotton which is highly desirable for us who grow cotton under the conditions we have on the Plains.

Self-defoliation in respect to our cotton, however, may vary somewhat with conditions of heat and moisture, there being a difference in defoliation between dry land and irrigated cotton. Under irrigation on the Plains and with cooler weather after the middle of September, the self-defoliation of Gregg cotton is near perfect.

Blight Resistance
We have found our cotton to be highly resistant to bacterial blight (angular leaf spot) as we have bred it and have observed it while growing on our farms here at Plainview. This quality has helped us to secure the many good grades which we have received.

With Gregg the solution of the problem lies in the quality of grades you can generally expect under the worst of conditions; because of its blight resistance; and its ability to take a frost and recover exceptionally white grades afterward makes it, no doubt, the kind of cotton you have been wishing to plant and harvest. Gregg Seed Farms confidently expect their cotton to perform according to the information given, and when you purchase seed from them, they believe you will get the same results which they have secured and other growers have also verified.

Visit The Gregg Farms
We cordially invite you to visit our farms any time during the growing season, to inspect our cotton for yourself and see its resistance to leaf blight or any other points you may wish to observe. From the farms of our customers we have received many reports of high yields and good grades which are the factors which determine the farmer's profit. If you realize that it is feasible and possible to improve cotton growing on the Plains, Gregg is recommended as something different in a cotton. Contact your gin for seed, or come to our farm 2 miles east of Plainview on the Lockney highway (Paid Ad.)

Social Friday Night In The Fellowship Hall

PROGRESS NEWS REPORT

By Mrs. Arthur Cooper
Community Invited To Social At Fellowship Hall

All of the residents in and around Progress are invited to attend a social next Friday evening at 8:00 p.m. in the Progress Fellowship hall, which is the remodeled school building by the Progress Methodist church.

There is no charge for attending; this monthly social is simply a place for neighbors to relax and to become better acquainted. You may bring your folding table and your dominoes or other games if you wish. Several people are planning to get around the piano and sing, if enough other singers will join them. There is another separate room for the babies and small children, with supervised games for all ages. Mrs. Gordon Murrah is entertainment chairman and Mrs. Byron Gwyn is in charge of refreshments. Coffee and other simple refreshments will be served.

Come to the social, April 5, and invite your friends and neighbors.

Guest Pastor

Rev. Cone Merritt, who is pastor of a Baptist church near Snyder, filled the pulpit at the Progress Baptist church for both services last Sunday. Rev. Merritt's family accompanied him here.

Nursery Decorated

Members of the W.M.U. met Thursday of last week to start painting and decorating the church nursery. Those working on the project included Mrs. E. F. Eason, M. L. Shipp, Bessie Davis, C. A. Bishop, Elmer Downing, H. T. Pugh, and D. M. Marrow.

The regular monthly business meeting of the W.M.U. was held in the church Monday afternoon with the president, Mrs. Marrow in charge. Mrs. J. L. Redwine brought the devotional from the fourth chapter of Ecclesiastes. The group planned to do painting and repair work on the parsonage during Thursday of this week. Members attending included Mrs. C. A. Bishop, J. L. Redwine, D. L. Redwine, H. T. Pugh, Bessie Davis, M. L. Shipp, D. M. Marrow, and Elmer Downing.

4-H Club To Begin Study

The girls of the Progress 4-H club have their regular meeting next Wednesday afternoon, April 10, after school, with Kay and Pat Thomson as hostesses. All girls aged nine or older, who are interested in dress making are urged to attend. "Choosing patterns" will be the general theme of this session.

New Officers Elected

A complete roster of officers for the new W.S.C.S. year, beginning June 1, was recently elected by the Progress society of the Methodist church. New officers are as follows: President, Fern Davis; vice-president, secretary - treasurer, Elneita Gray; sec. of promotion, Ruby Actkinson; sec. of missions, Velma Gwyn; sec. of spiritual life, Johnnie Westbrook; local church activities, Doris Wedel; statutes of women, Irma Lee; sec. of supply, Erma Childrix; Christian social relations, Ruth Cooper; sec. of literature, Mattie Griffin; sec. of youth work, Ada Murrah; sec. of children work, Jean Henry; sec. of student work, Nellie Powell.

Young Man Plays Trick

Mr. and Mrs. Doyle Green are proud parents of a son, Gary, Doyle born at 5:34 a.m. Monday, April 1. He weighed 8 lbs., 2 oz. Gary's big brother, Darwin, age 3½, feels that somehow a trick has been played. Darwin has had an order in for a "baby sister" for some time, but at latest reports had almost decided to accept Gary as a substitute.

Gary's grandparents are Mr. and Mrs. Barney Greer, Littlefield, and Mr. and Mrs. Bill Shaw of this community. Great-grandparents include Sam Shaw of Burk Burnett; Mrs. Iris Reynolds of Clovis, N. M.; Mr. and Mrs. Smotherman, El Dorado, Okla., and Mrs. Betty Green, Duke, Okla.

From California

Mrs. Nellie Langley of Bakersfield, Calif., arrived Sunday to visit about a week with her mother, Mrs. Mattie Griffin, and her brothers and sisters here. She had not been here for more than three years.

Texas Tech students home for the weekend included Patricia Sinnacher, daughter of the Joe Sinnachers, Sue Actkinson, daughter of the Troy Actkinsons, and Roy Sooter, son of the Joe Sooters.

Touring the West Texas State college campus at Canyon last Friday were Mrs. Owen C. Powell and Kenneth, Mrs. Bill Millen and Rose Lee, and Brenda Sinnacher. They also visited with Lucille Davis, freshman student here and daughter of the Albert Davis.

Russel Beardon returned Thursday from a short visit with his aunt and uncle in Tahlequah, Okla.

Mrs. D. M. Kirk and Jerene Murrah made a trip to Littlefield last Thursday.

Congratulations to Billy Eason, a senior student at Ouchita Baptist College, Arkadelphia, Ark. He recently won an assistant fellowship at Louisiana State University for next year. This includes a large cash grant, a position as assistant in chemistry, and an opportunity to work for his Masters Degree. He is the son of Mr. and Mrs. E. F. Eason of Progress.

G. E. Redwine and family of Bovina had a number of relatives visiting them last Friday night on the occasion of G. E.'s birthday. Those attending from here included his parents, Mr. and Mrs. J. J. Redwine, and his brother's family, Mr. and Mrs. D. L. Redwine and children.

Mr. and Mrs. Vern Beardon of Lubbock spent the weekend here with his brother and wife, Mr. and Mrs. Russell Beardon.

Mr. and Mrs. Carl Dwyer and Carla Jo of Canyon, were weekend guests in the home of her parents, Mr. and Mrs. John Thomson.

Mr. and Mrs. Jake Tunnell and sons went to Lubbock Sunday for a visit with his sister's family, Rev. and Mrs. L. L. Burdine and Virginia.

Rev. C. T. Jackson, former Methodist pastor at Progress, visited Tuesday of last week. Rev. Jackson, who now has a pastorate at Garden City, Texas, was accompanied by his daughter, Rebecca, his son, Lynn is a freshman student at W.S.C.S. Canyon.

Mr. and Mrs. Ross Goodwin returned Wednesday of last week from Hot Springs, Ark. They reported a restful vacation with lots of rain that curtailed their fishing.

Mr. and Mrs. A. L. Dutton visited Sunday in Lubbock with their son's family, Mr. and Mrs. Olan Dutton and sons.

The Amon Blair family went to Olton Sunday afternoon.

Mr. and Mrs. Byron Gwyn visited in Oklahoma Lane Sunday with her parents, Mr. and Mrs. W. D. McDorman.

Mr. and Mrs. J. R. Walker left Tuesday to visit near Mt. Pleasant, Texas.

Mr. and Mrs. D. L. Ivy left last midweek to go to the bedside of a critically ill relative.

Bible Comment:

Words of Christ Gave His Disciples Their Duties' Scope

WITH the reappearance of Christ after His resurrection, the disciples knew that His message of salvation was not directed toward a limited number of people at a particular crisis in their history. For the first time there came to them the vision of a kingdom which would encompass the earth and all the men on it.

This must have been forming very clearly in their minds, but these words of Christ brought a sudden clarity to the situation: "Go ye therefore, and make disciples of all nations, baptizing them in the name of the Father and of the son and of the Holy Ghost; teaching them to observe all things whatsoever I commanded you; and lo, I am with you always, even unto the end of the world."

We have been familiar for generations with Christianity as a world religion and we have seen the missionary enterprise of the church so widespread and so effective in the modern world. It is difficult to place ourselves in the position of those who heard this message from Christ.

What a vast world of vision and enterprise these words opened up—a limitless field for those who believed that they had a gospel of good news to proclaim. Here was a great task of teaching in which men could learn the principles of true character and sound relationships in daily living.

It was the greatest task conceivable that Christ was committing to these 11 disciples. They had been dependent upon His physical presence before. Now they knew that He was leaving them to impress upon them the message of a spiritual kingdom, a message they now understood.

The conversion of the world must be the greatest need and the supreme concern of all who think man and his world are worth saving. What hope for the world is there save in the Gospel?

Wayne Chiddix of Plainview spent the weekend here with his parents, Mr. and Mrs. A. W. Chiddix.

Mrs. Wayne Johnson, Diane and Bryan are visiting her parents-in-law here, Mr. and Mrs. O. S. Richards.

Mr. and Mrs. H. L. Wisian and Jimmy Don visited Sunday with her parents, Mr. and Mrs. Gregory of Olton.

Edgar Bass, Jr., is starting construction on an airplane hanger on his place.

"Talent Time" Here Saturday, April 13 Offers Everyone Chance To Present Act

The Palace Theatre in Muleshoe will be the scene for the first presentation of "Talent Time" at 7:30 p.m., on Saturday, April 13. This contest, consisting of all types of talent, will be open to everyone in and around Muleshoe. Any talented person (whether they sing, play an instrument, twirl a baton, or have some other talent) desiring to appear in competition at this program may contact either Mrs. George Haskins in Muleshoe, phone 7461, or Mrs. Claude Coffman at the Elite Hotel, phone 4010. Prizes will be awarded to the first, second, and third place winners.

L. L. Crabbe, instructor of music, associated with the Dunagan Studio of Music, Lubbock, met with the mothers and fathers of his students on several occasions to discuss the possibility of organizing a local talent club in Muleshoe. Parents, as well as the children, were very enthusiastic in their approval of his idea; this was formed your local "Talent Time".

The latest meeting of this newly organized club was held in the annex of the Assembly of God Church on Saturday evening, March 30. A group of adult students comprised of Mrs. Jean Kemp, Mrs. Mildred Burris, D. C. Bell, Jr., Hobart Bell, and George Cabera, accompanied by instructor Crabbe on the accordion, played two or three selections, including "Rose Ann", on their Spanish guitars for the enjoyment of the twenty-one persons present.

One of the items on the agenda for the next meeting of club members, to be held on April 6 at 8:30 p.m. in the Assembly of God church, will be color, style, etc., of uniforms for the children who will play in the band Mr.

Crabbe proposes to organize. Also a topic for discussion and committee action, will be methods for improving the contests. Final details will be completed for the contest on Saturday, April 13.

Any member of the club's planning committee will be pleased to accept suggestions for the betterment of the club and they, in turn, will pass these suggestions along to the club as a whole. This committee is made up of Mrs. R. O. Gregory, Mrs. Jean Kemp, D. C. Bell, Jr., Mrs. Mildred Burris, Mrs. Billie Haskins, Hobart Bell, R. M. Wright, and Claude Coffman. If you have an idea or a suggestion that you feel might benefit the club, please contact one of these committee members.

The club would like to extend thanks to the management of the Palace Theatre and to Rev. Luna of the Assembly of God church for their consideration in allowing us to use their building and other facilities; to The

Muleshoe Journal and Radio Station KMUL for "plugging" the program; and to each and every one who has aided the club in any manner.

An interesting program is being planned for the first contest. Each contest thereafter should be a little more entertaining than the previous one. It is proposed to hold these contests at two-week intervals on Saturday night, beginning with the contest on April 13. There will be no admission charge for entering, or for the audience watching these contests. A box or a jar will be placed in the lobby so that anyone desiring to make a contribution to the club finances to help in defraying expenses will be given an opportunity to do so. Remember, come on out to the Palace Theatre at 7:30 p.m., on April 13 for approximately two hours of good entertainment by our "own" talent artists.

The only thing they haven't packaged so far in the line of ready-to-eat dinners is the deep-frozen stare of a waiter who's left a nickel tip.

Babson Discusses BANKERS AND INVESTMENTS

Babson Park, Mass., Apr. 4. I have great respect for bankers. My father was a country banker in Gloucester, Mass. It is safe to trust a banker for the protection of your deposit. His first and foremost aim is to protect the money which you leave with him. Based on my large acquaintance with leading bankers all over the world, I unequivocally support their 100% desire to protect your savings. Furthermore, barring the ravages of war over which they have no control, they will give you back every dollar you deposit with them. Never criticize banker for refusing to make a loan.

WHAT ABOUT INFLATION?
When you draw your dollars out of a bank, whether your dollars will buy as much in food, clothing, and shelter as they would have when you put them in is another question. The bankers have little control over what your dollars will buy in the future. It, however, is only fair to say that the bankers are fighting inflation in every possible way. Inflation hurts not only the value of your deposits but also the value of every bond which the bank holds!

Furthermore, it should be remembered that a banker should naturally be conservative. It is said that only one thing is more easily frightened than a banker, — namely, a pair of bankers. Bankers brag of their deposits; but the greater their deposits, the more they owe! In their hearts they realize that deposits represent debts. The depositors sit in the driver's seat. The depositors of any bank could close the bank in a week. Hence I repeat we should not blame bankers for being cautious.

ASKING BANKERS FOR INVESTMENT ADVICE
Bankers may be making a mistake associating so much with other bankers. Instead of attending Bankers' Conventions, they perhaps should attend conventions of physicists, chemists, and other scientists. Instead of asking the advice of other bankers who are remembering 1929, they should perhaps ask the advice of those who are looking into the future rather than the past.

If you ask some bankers for investment advice, they look up the company in an investment manual and study only its balance sheets and earnings statements. They ask to see the accountant's audit. Yet, accountants are only students of the past. Their business is to make autopsies, — not forecasts. Accountants may be classified as "undertakers," — not as "doctors."

OFFICERS OF BANK
In my humble judgement, the president of a bank should be a graduate of some highly professional school, such as the Massachusetts Institute of Technology, if he is to give invest-

ment advice. He needs to know what is ahead, the wonders which are now on drawing boards and in test tubes.
He should read scientific journals and associate with men who are acquainted with the wonderful changes which will come about during the next 50 years. Furthermore, there should be more "egg-heads" on bank boards of directors, whose knowledge is not limited to existing industries.

THINK BACK 50 YEARS
Fifty years ago, the telephone companies had comparatively few subscribers. There were only 140,000 automobiles compared with 54,000 today. Then there were no radios, televisions, electric refrigerators or stoves, and only a few chain stores. Over half our present national income and wages come from industries not even dreamed of 50 years ago.

My first job was surveying for a horse car line in Gloucester, Mass. A half century ago this changed to an electric car line, and now the tracks have been ripped up and busses provide the only public transportation. My second job was as bookkeeper for Andrew's Spar Yard, which brought great spars from Oregon to serve as masts for the fishing vessels. The chief industry of Cape Ann was making paving stones. These industries have now vanished.

WHAT ABOUT THE DOW-JONES AVERAGE?
These averages will soon become obsolete, as are horse cars, the Oregon masts, and the paving blocks. The Dow-Jones Averages which so many bankers now worship are only tombstones of fading great industries. These "Averages" will be eroded and decline, while the basic wealth of our nation — barring war — will continue to climb higher and higher.

HOW TO MAKE A FORTUNE
I scarcely dare to tell you again in this column about a little non-profit organization in New Boston, N. H., known as the Information Center, which will show you for \$3.00 how a fortune could be made. Old Boston, Mass. will tell you old ways of getting 4% interest, but go to New Boston, N. H., for the coming ways of making millions by investing in nuclear power, electronics, rare metals, and other miraculous industries of the future.

One thing more: Give attention to Church Averages rather than Dow-Jones Averages. Consider the graduates from our Colleges and the work being done by Youth Organizations, The Hearts and the Brains of our young people are what will determine employment and business conditions.

TODAY'S MEDITATION
Read Acts 16:25-34.
And they (Paul and Silas)

said, "Believe in the Lord Jesus and you will be saved, you and your household." (Acts 16:

31. RSV.)

Two teen-age Filipino boys, Nas and Conrado, were handed

Keep Your Mind on Your Work!

religious census cards to fill in. Across the cards each wrote the word "pagan".

The grandfather of these boys had been head-hunters. As children during the war years, they had lost many of their close relatives. Their god had been a totem pole, and as a result of their experiences they lost faith in any god at all. However, when they heard the message of Christ from evangelist C. L. Spottswood, they gave up everything they had to serve the Master.

As we built a model demonstration farm with the boys, I realized they were seeking the Christian way in their lives. Six months after they had been there, I saw them stand boldly and testify before three thousand of their countrymen that Christ was their Saviour. It took courage and faith for them to believe on the Lord Jesus Christ. They were convinced of His power for them.

PRAYER

O Lord, we often find ourselves lacking in faith even though we know Thee. We thank Thee for the inspiration of seeing converts new in the faith. We thank Thee for the impact they make upon us. In Christ's name we pray. Amen.

Sandhills Philosopher Applauds SAFETY OUTFIT'S ADVICE ON HOW TO LESSEN ACCIDENTS

Editor's note: The Sandhills Philosopher on his Johnson grass farm probably is misinterpreting an article he read, his letter this week indicates.

Dear editor:
I'll admit I don't have any advice to give on what to do about the traffic problem and the growing number of highway accidents, when a man looks up and sees a car coming toward him with the wavering accuracy of a guided missile, the only advice for him is he should have stayed at home, which is a little late in the day, but I was interested in what a group of experts had to say about the problem.

According to an article I read in a newspaper last night which I found on top of the stack of papers my wife was saving to spread around in the brooder house, the American Automobile Association has come out with a set of rules for safer driving, and one of them is if you have financial worries, let somebody else drive the car.

I believe they have hit on the right answer. You eliminate as drivers everybody who has financial worries, and the traffic problem is solved and they can turn the highways back to grazing land, and city streets will be safe

for bicycles and jay-walking.
If only the man who is free from financial worries, who has his farm paid for, his tractor paid for, his children's education paid for, or, if it's a town man, his home paid for, his business paid for, his family provided for, his car paid for, his job guaranteed for life, and plenty of money in the bank, is going to do the driving, the traffic problem is over. Won't be anything but a few Cadillacs cruising up and down the lonesome highway, and I have an idea some of them will be eliminated too, as you might be surprised to find out how many highpriced cars bought on time the same as the lower-priced ones.

And also, I think this outfit ought to go one step further and advise any farmer who has financial worries not to drive a tractor, or swing a hoe, or do anything else that his financial worries might distract him from doing safely. And if they'll include worry over the hydrogen bomb, they can eliminate the automobile altogether. This probably is the only real solution, anyway. There weren't any car accident in George Washington's day.

Yours faithfully,
J. A.

100,000 Texas Students Don't Have Teachers

More than 100,000 Texas school children are in classrooms without qualified teachers, Dana Williams, Texas State Teachers Association president, said today.

Williams pointed out that the Texas Education Agency this school year has issued 3,062 emergency teaching certificates to persons who could not qualify for a regular certificate. The education agency is now issuing "teaching permits" at the rate of more than 125 each week, Williams said. These are granted to persons who are "the best available", and many have only a high school diploma. "I think the people of Texas ought to have this information," the TSTA leader said, "because it is an alarming situation."

Now pending before the 55th

Legislature is an emergency teacher pay raise bill which would help solve the problem by keeping experienced teachers in the classroom and attracting new qualified ones, he explained. It would provide \$399 increase to \$3,204 in the state base minimum, plus \$180 in increments.

"It now appears that only \$200 per teacher will be available for increased teachers salaries, if all the money remaining after the General Appropriations Bill is used for this purpose. This will not do the job; this will not solve the problem."

HUNTING SAFETY RULES STUDIED AT ROTARY MEET

Bob Darnell, of Muleshoe Wildlife Refuge, read a list of 10 rules for gun safety and commented upon them as a part of the program at the meeting Tuesday of the Rotary Club.

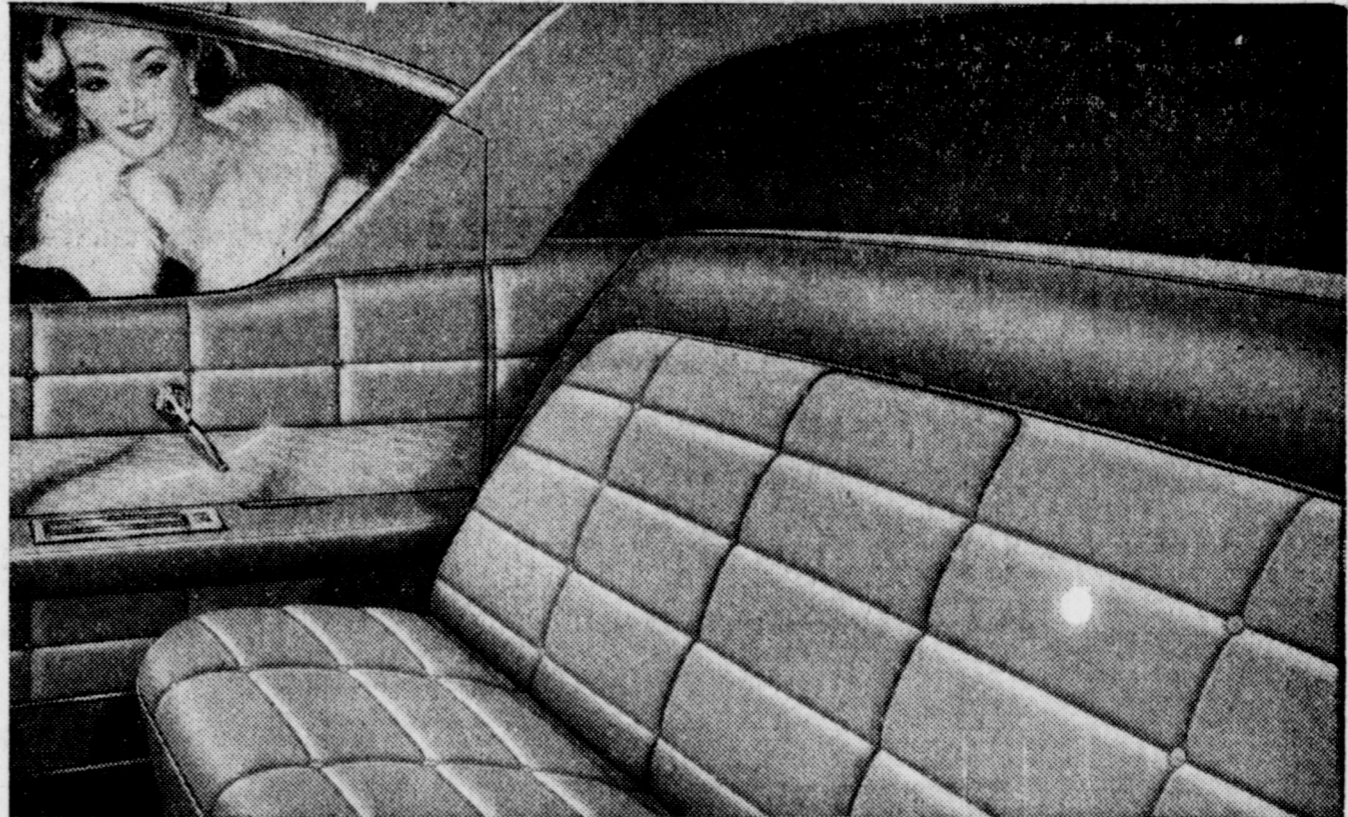

Bob has quite a few copies of these rules, and suggested that children learning to shoot a gun would do well to study them. However, the rules are for adults, too. They were gotten up by Sporting Arms and Ammunition Manufacturers' Institute.

J. M. Forbes gave the newscast. Guests included Rotarian Hugh Jones, of Clovis, Frank Pearlman, of Lubbock; and R. T. Stack, Muleshoe.

TROOP 49

Girl Scout troop 49 met March 29 to discuss their farmers badges and to set dates for future meetings.

The group went down town and had refreshments. One of the leaders, Mrs. Wells was not present due to the death of a relative.

Step into a new world of Pure Luxury

ROADMASTER 75

Custom Built by Buick **NOW ON DISPLAY**

A NEW CONCEPT in motorcar excellence awaits your inspection in the ROADMASTER 75 just introduced.

You will see what we mean the first time you glimpse the interior.

The impeccable tailoring and taste of the rich appointments are as obvious as the comfort is opulent.

The seats, for example.

They are meticulously fashioned in glove-finished fabrics of broadcloth or Nylon, with backs topped in supple, hand-buffed leather. They are thickly layered with contoured foam rubber. They are wide, deep, superbly soft.

The doors present a new standard of luxury and restfulness—fully uphol-

stered and softly cushioned from floor line to window.

The instrument panel, below the safety cushion, is chromed from end to end. The deep-pile carpeting is backed by foam. The integral armrests are fully in keeping with the spacious grace of the car.

The complete interior is matched by the mechanical excellence that is ROADMASTER tradition.

Indeed, nowhere else among the world's fine cars can you enjoy superb performance quite like that of a ROADMASTER 75—from the instant response of its brilliant new Dynaflo, to the smooth obedience of its all-new air-cooled aluminum front brakes — *newest and the finest in the fine-car field.*

Crops Research At Hi-Plains Station Program Told

The crops research program at the High Plains Station of Texas Research Foundation was announced today by Dr. Johnny H. Davis, associate head of the station.

This phase of the program will be divided into three parts; experimental and observation tests in small plots. These will include many strains recently developed of which only a small quantity of seed is available. Most of this material will be planted in 22 foot, single row plots to study its adaption to this area; commercial varieties and hybrids in 4 row 100 foot plots and; areas of varieties and hybrids generally planted in this area to compare their productivity.

Crops to be tested are:

Grain Sorghum — 49 leading varieties and hybrids will be tested in 2 row plots 100 feet long replicated 4 times. 100 experimental varieties and hybrids will be planted in single row plots for observation. 7 or 8 leading varieties and hybrids will be planted in 10-15 acre

field sized plots for comparison.

Cotton — 25 varieties of cotton will be planted in 4 row plots 100 feet long with 4 replications. Advanced strains test of strains from seed breeders to observe characteristics and production of strains which these breeders are developing for this area. 7 leading varieties will be planted in field sized areas of 8-10 acres to compare them on this larger scale.

Sesame — 50 strains of sesame including 5 direct harvest or nonshattering types will be compared in small plots. Renner No. 15, a non-shattering type, will be planted in a seed production field.

Corn — 100 varieties and hybrids will be tested in small

plots to determine adaptability in this area. Seed of T. R. F. No. 9, a white hybrid developed at Renner for the milling industry, will be produced in a seed production block.

Soybeans — 10 leading varieties will be tested in replicated 2 row 100 foot plots. 50 varieties and strains will be planted in a production and observation test.

Castor Beans — 12 varieties of castor beans will be grown in a test to determine best variety for this area. Test to solve the volunteer problem will be initiated.

Sunflowers — 40 strains of sunflowers will be tested in replicated tests.

Grasses — 21 different grasses will be planted to study their place in this area.

Many of the tests listed above will be duplicated on dry land to determine the productivity of these crops without irrigation.

In addition to the tests outlined here, Dr. Davis stated that Dr. Longnecker, head of the High Plains Station, would be conducting fertilizer and other soils tests with these crops.

Bellevue Hospital in New York City is the oldest general hospital on the North American continent, according to the New York Convention and Visitors Bureau. The hospital covers 12 square city blocks.

"Butane from here on out — with **AMALIE L. P. G.!**"

"Man, it seems as if these trucks are never down any more. When we drain, that AMALIE L. P. G. still looks plenty good; and it sure won't thicken up on you, like that ordinary, common grade oil we used to use. You can't beat butane — if you've got AMALIE L. P. G. Oil!"

Butane or propane (Liquid Petroleum Gas) burns HOT. That's why ordinary oil oxides — the qualities that give it its viscosity, or flowing power, burn away. And it thickens up almost like gear-grease. AMALIE L. P. G. Oil is ENGINEERED to the job. HOLDS its viscosity. Keeps grit and dust "suspended," so they filter out. And its 100% pure Pennsylvania oil.

Revival Beginning Friday At Main St. Baptist To Put Emphasis On Youth

PAUL ROBINSON

According to the pastor, Rev. J. D. Hudson, revival services will begin at the Main Street Baptist Church Friday evening, April 5. Rev. Paul Robinson will be the visiting evangelist. Rev. Robinson is no stranger to the congregation of the Main Street Church. He conducted the singing here last August during the summer revival. He is a young man, who at present is the minister of education of the First Baptist Church of Jacksonville, Texas. Special emphasis will be given to the youth of the church and the community during this meet-

ing. Services will be conducted daily at 10:30 a.m., and 8:00 p.m., continuing through April 14. W. C. Pruitt, local choir director, will be in charge of the song service.

Prayer services for every age group and singing for the smaller children will begin each evening at 7:30 p.m. The public is invited to attend all services of this revival.

By John C. White, Commissioner

The Texas Department of Agriculture is 50 years old this month. Voted into existence by the Texas Legislature in January of 1907 to become operative in March of that year, the original agency had four employees whose duty was nothing more than to organize farmers' institutes over the state to keep alive agriculture interest.

Future sessions of the legislature broadened the scope of activities and established greater powers for the protection and furtherance of Texas agriculture. Today, 50 years after its inception as a bureau of limited function, the Texas Department of Agriculture is a major state agency charged with the administration of agriculture laws and providing services to all Texans through its many and varied duties.

To carry out the numerous and important tasks of the department there are now some 140 employees with the Commission-

er of Agriculture as head. Briefly, the Texas Department of Agriculture serves to keep open the channels of trade within and without the state for Texas farm products.

It promotes, fosters and encourages expansion of Texas agriculture industry through recognized inspection procedures such as quarantine control measures against certain plant diseases and pests; makes available to farmers and seedmen better planting seeds, both registered and certified; protects the entire public through inspection services from fraudulent and dishonest weighing and measuring devices; prevents operation of improper nursery, floral and other agriculture businesses through licensing, registration and inspection; provides market news reports of primary benefit to the farmer; and expands and develops better markets for Texas agriculture products.

It is the only major state agency established by statute and is one of the few independent farm agencies remaining in the United States. Through reorganization plans carried out in the last few years,

TOURISTS SPEND MONEY, TOO

Texas Lost 1.5 Million Visitors In 1956 Compared To '55 Figures

million less out-of-state visitors in Texas in 1956 than there were for 1955, according to the annual report of the Texas Highway Department on Texas Travel Industry, a copy of which has been furnished to The Journal by Harrol Griffiths, president of the Muleshoe chapter of U. S. Highway 70 Association.

Mr. Griffiths was of the opinion that this decrease in visitors to our state should cause each of us to take inventory. Surveys show that a good percent of state travel is repeat, especially as concerns tourists, he pointed out. Tourists are like any other guests or customers, they like to go where they feel wanted, are welcomed and treated right.

Tourists spend money when they are visiting in Texas. Here is how the Tourist Dollar was spent: Food, 28%; lodging 25%; purchase in retail stores, 20%; gasoline and oil, 19%; entertainment and recreation, 8%;

tires and repairs, 3%; and here is how those percentages look in dollars: food, \$106 million; lodging, \$83.4 million; retail stores, \$75.8 million; gasoline and oil, \$72 million; entertainment and recreation, \$30.3 million; tires and repairs, \$11.4 million.

Why did they visit Texas: 69% were on vacation; 19% were visiting; 12% were here on business.

California led all other states in visiting Texas in 1956 with 1,223,000. Louisiana was second, Illinois third.

In 1956, Mr. Griffiths, pointed out, one out of every 30 jobs in the nation was provided by highway business. Our highways are important to our local economy. If you are not a member of your highway organization, join, Mr. Griffiths urges. Help bring this business to Muleshoe.

SCIATICA
 Case History: Man age 44, was referred to the Chiropractic Clinic with a condition medically diagnosed ruptured discs and arthritis. He suffered excruciating pain in lower back and down right leg whether sitting or standing. Entrance complaints also included nervousness, neck and shoulder pain, nervous indigestion, black-out spells, his hands shook and he was bordering on a complete nervous breakdown. This man had not worked for three months. After a spinal nerve examination to locate pinched nerves causing his trouble, spinal x-rays were taken to reveal the cause of nerve pressure. Vertebral adjustments were begun to remove pressure on nerves affected. Under recommended service, this patient reports no aches or pains. Says he feels fine and is able to provide a good living for his family. Five years later on latest report, this man still feels fine, works every day!

NEURITIS
 Case History: Woman, age 50 years, consulted us at the Chiropractic Clinic with a severe condition of pain in the neck area down into the shoulders and arms, medically diagnosed Neuritis. She also had symptoms of heart trouble—a result of pres-

sure on the same nerves as those going to the arms and shoulders; hay fever, indigestion, kidney trouble, rheumatic pain in lower back and legs, constipation, nervousness and tendency to high blood pressure, and headaches. Because there is a common cause for malfunction in the body, the chiropractic principle of healing was able to restore function to all the affected areas. Under recommended service, this woman reports absence from entrance ailments.

LAZBUDDIE NEWS LETTER

Senior Class Bake Sale Scheduled Saturday

By Mrs. Clyde Monk
Joy Smith returned home last weekend from the National AAU tournament for women that was held in St. Joseph, Mo. Bob Dowell picked an all-star basketball team of 10 girls from the South Plains area of Texas, and entertained them in the tournament, who was chosen along with one girl from Bula, one from Dimmitt, one from Hedley, one from Buall, two from Tulla, two from Hinnett and one All-American star from the college in Canyon.

Baseball Game
The next baseball game of the season will be played at Nazareth between Nazareth and Lazbuddie on Tuesday, April 9, at 3:00 p.m.

The P-TA would like for all to know how they appreciated the cooperation in getting the food prepared and served during the track meet. Their special thanks go to Mrs. Ethel McCurdy and Mrs. Noia Treider, the women who work regularly in the lunch room. Mrs. McCurdy worked both days to help the P-TA ladies who were not accustomed to preparing and serving so many.

Bake Sale
The senior class will have another bake sale on Saturday, April 6. Their last bake sale was not a success due to the blizzard that was taking the headlines at that day.

Mr. and Mrs. Eddie Jo Hall and Mr. and Mrs. H. A. Douglas, Jr., were at Lake Waik for a few days this past week where they did some water skiing and fishing.

Mr. and Mrs. Pete Mimms, Kelly, Jill, Clay and Tracy left on Saturday to be gone most of all week visiting in Wichita Falls and Ft. Worth. They visited her parents and sister, Mr. and Mrs. R. D. Bratton and Perry in Ft. Worth. The Brattons had never seen their young grandchild, Tracy, so it was quite a treat for all concerned. The Mimms also attended the dinners convention in Dallas while they were gone.

Mr. and Mrs. T. L. Gleason and family had as their guests over the weekend his brother, Mr. and Mrs. Paul Gleason, Paula Jean, Verley and Dennis from Odessa.

Mr. and Mrs. Hubert Elliott and family were in Amarillo on Saturday doing some shopping and on business.

Mr. and Mrs. Alton Morris and family were in Portales on Sunday visiting his parents, Mr. and Mrs. J. W. Morris.

Zahns Have New Son
Mr. and Mrs. Paul Zahn are very proud grandparents of a new grandson, born March 31, to a son and wife, Mr. and Mrs. Zahn of Clovis, N. M. The young man has an older brother, Craig, who is 20 months old. The other grandparents are Mr. and Mrs. Bob Inklebarger.

Mrs. Pauline Dunn and daughter, Elizabeth Jo from Amarillo, are visiting her parents this week, Mr. and Mrs. Paul Zahn.

Those present were Times, Andrew Brown, Ted Treider, Joe Cox, Gene Smith, Beal-dean Broyles, Wayne Clark, Gene Phillips, and the hostess. Next meeting will be in the home of Mrs. Andrew Brown on April 14.

A county wide recreational school was held in Farwell three nights this week for 4-H clubs. Those attending from Lazbuddie were Jerry Don Glover, Blydardage, Otis Bradshaw, Cooper Young, Dick Chitwood, Sharon Thorn, Pat Chitwood, Beverly and Katherine Smith, and their leader, Mrs. E. D. Chitwood.

Mr. and Mrs. Raymond McGehee and Jeanne were weekend visitors in Slaton.

Mr. and Mrs. J. B. Thomas and family had as their guests on Sunday, Mr. and Mrs. Lloyd Echols of Portales, Mr. and Mrs. Virgil Echols of Clovis, and Mr. and Mrs. Sam Thompson and children of Plainview.

Mr. and Mrs. T. W. Bewley have returned from California where they have been spending the winter. They said after spending a very mild winter at Long Beach, they were not prepared for the blizzard that met them on their return.

WMU Circles Meet
All three circles of the WMU of the Baptist church met Monday afternoon at the church building for a business and social. Community Missions committee reported the project of distributing the bedding worked on last meeting had been completed. Plans were also completed for the Senior banquet to be held Friday night, April 5. Refreshments of Devils Food cake, coffee and tea were served by Mrs. Juel Treider and Mrs. W. R. Broadhurst to the following: Mmes. John Agee, Wesley Barnes, F. W. Greene, George Washington, Dan Cargile, Buster Jones, Claud Heath, Bert Gordon, Jack Black, Alton Morris, Earl Peterson, Raymond Houston, and A. E. Redwine.

Mr. and Mrs. A. E. Redwine, Donna and Bobby spent Sunday in Ft. Sumner, N. M., visiting with relatives and friends.

James D. Vaughan and Lorraine Mehl and daughter, Mary Francis from Frederick, Okla., were weekend guests in the home of Mr. and Mrs. Willie Steinbock.

Mr. Clarence Pyritz from Cheyenne, Wyo., Mr. Laverne Pyritz from Enid, Okla., Mr. and Mrs. Clifford Pyritz from Odessa, and Barbara from El Paso, are all here with their parents, Mr. and Mrs. Rudolph Pyritz. Mr. Pyritz has been in the hospital critically ill for a couple of weeks.

Mr. and Mrs. J. H. Brown from Slaton spent the weekend with their son, Mr. and Mrs. Andy Brown and Sonya.

Mr. and Mrs. C. H. Needham and son, Danny, were weekend guests in the home of Mr. and Mrs. Davis Gulley. Mrs. Needham is a former school teacher here.

Sunday dinner guests in the home of Mr. and Mrs. Max Steinbock were Mr. and Mrs. Ted Treider and Brad, Mr. and Mrs. Beal-dean Broyles and Beckie, and Mr. and Mrs. Gene Smith and Timmy.

Mr. and Mrs. O. D. Spittler, Darla, Denise, and Steve visited in Shawnee, Okla., during the weekend with Mr. Spittler's grandparents, Mr. and Mrs. S. O. Spittler.

Mrs. Dewey Clark, Jimmy and Micky from Brownfield visited over the weekend with her parents, Mr. and Mrs. D. A. Tarter.

Mr. and Mrs. Millard Moore from Amarillo visited Sunday with her sister, Mr. and Mrs. Glen Stevens.

Mr. and Mrs. J. B. Young, Mr. and Mrs. D. Chitwood, Mr. and Mrs. Grady King and their families enjoyed a "42" party in the home of Mr. and Mrs. Dee Brown Saturday night.

Mrs. Everett Peel and daughter Pamela, from Lubbock, visited her parents, Mr. and Mrs. J. F. Strickland on Sunday. Mr. and Mrs. Strickland are new comers to the community and have moved here from Ropesville. They have a son, Jimmie, who is attending Hardin-Simmons at Abilene.

Mr. and Mrs. Carter had as their guests on Sunday, Mr. and Mrs. Eugene Morton from Dimmitt.

Farewell Sermon
Mr. and Mrs. E. D. Chitwood, Dick and Pat spent Sunday at Conchas Lake.

C. K. Roberts, pastor of the Lazbuddie Baptist church preach-

ed his farewell sermon there last Sunday. He and Mrs. Roberts will soon be moving to Lubbock where they have bought a home out in Lyndale Acres.

Mrs. Juel Montgomery, from Amherst is staying with her laughter and family, the Claude Johnsons and having some dental work done.

Mr. and Mrs. J. L. Seaton and family visited his mother, Mrs. A. M. Seaton in Canyon on Sunday. Mrs. Seaton had suffered a heart attack but was feeling better on Sunday.

Mrs. Ben Foster, Sr. spent a few days in the hospital last week.

Mr. and Mrs. John Bond from Shamrock, visited friends over the weekend here, also in Muleshoe and Olton.

P-TA Meeting
The Lazbuddie P-TA met Monday night with the president, Mrs. J. B. Young in charge. The

election of new officers was the main topic of the evening. Mrs. John Agee was elected to be the new president, and Mrs. Davis Gulley will serve as vice-president. Mrs. R. B. Seaton, secretary and Mrs. Hoyt Eubanks as treasurer.

Mr. Cooper's room won the money for having the most parents present. After the election of officers, Mrs. Leon Smith had charge of the program on "Mental Health".

The P-TA cleared \$106 on the lunches served during the track meet.
