ADAMS HURT IN JAIL FIGHT

Chenault Charged Of Assault With Intent To Murder As Fight's Result

R. H. Adams, an inmate of the county jail, was terribly beaten up and choked Monday by another prisoner, W. D. Chenault. Adams, who is 64 years of age, is of rather delicate physique while his assailant, Chenault, is a man of apparently great strength.

Chenault leaped upon Adams and gave him a terrible beating and then choked him mercilessly. Henry Reed, another prisoner, finally succeeded in disengaging Chenault's death-like grip on his victim and pulled him off. Dr. Callaway, the county health officer, was called to treat the injured man and found him suffering intensely from the results of the attack.

The two men had resided near each other in the Grassland community and each was convicted of a felony in the district court here last week. Their enmity against each other grew out of the transactions for which they had been indicted.

The grand jury being in session investigated the affair Tuesday and returned an indictment against Chenault for assault with intent to murder.

Matthews Friend Of "Pretty Boy"

"When I saw that picture of 'Pretty Boy's' little son in the Star-Telegram a short time ago, I recognized it at once," Fred Matthews of Grassland confided to the News Monday. "He is just like his daddy."

"Pretty Boy," you know, dear reader, is that notorious Kansas bank robber.

Then Fred told us the story. When he and "Pretty Boy" were each seventeen years of age, they worked for a period of two months as employees of the Western Union Telegraph Company out of Amarillo along the Santa Fe line. "Pretty Boy" wore that nickname then, Fred says, due to his sporty dress and appearance but he exhibited no criminal tendencies whatever. "He was just a boy like the rest of us," Fred stated.

But time passed on. Fred settled down to farming and is still an honest and highly respected citizen. He has made good but his fame has not yet reached state-wide proportions. On the other hand, "Pretty Boy" became ambitious and decided to make a crook. He became a bank robber and now gets his name in the head lines on the front pages all over the country. "Verily, he has his reward."

District League Meet At Lubbock

Lubbock, March 2—Eighteen counties will participate in the inter-scholastic league district meeting at Texas Technological College April 15 and 16, according to Dr. A. W. Evans, director general. This meet has been held for a number of years at Tech. The one-act play contest will be held at the college April 2.

Schools from the following counties will have representatives at the meeting: Andrews, Bailey, Hale, Floyd, Cochran, Hockley, Lubbock, Crosby, Dickens, Yoakum, Gaines, Lynn, Garza, Dawson, and Martin.

Lamesa Florist To Sell Flowers Here

Mrs. L. J. Weaver, florist, of Lamesa was here Tuesday and announced that she had established an agency here, Messrs. Harris & Applewhite having accepted the agency.

Mrs. Weaver states that on funeral occasions when there is a large demand for flowers she will come up in person to make up the sprays right here in Tahoka, so that they will always be fresh and beautiful.

Jim Burleson of this city and his father and mother, Mr. and Mrs. J. W. Burleson of Lubbock, and a sister left early Wednesday morning for Christoval, where Mrs. Burleson will remain and take treatment for awhile. She is still suffering from a bad fracture of the bones of one of the lower limbs received some time ago.

Property Is Sold 'Under Hammer'

More property, doubtless, was sold under the hammer here Tuesday than was ever sold before in a single day.

Three sales were made by Sheriff B. L. Parker upon orders of sale issued out of the district court. These included a couple of lots in Tahoka, a house and lot in O'Donnell, and a half section of land in the Redwine community.

The other sales were made by trustees under authority granted in deeds of trust.

These involved six different transactions and the lands sold were respectively: one and a half sections of land, one section, one-half section, one-half section, a quarter section, and a tract containing 200 acres.

Arthur P. Duggan In Senate Race

Arthur P. Duggan of Littlefield, who has a long record of service in the interest of this section and West Texas as a whole, last week announced as a candidate for state senator for the thirtieth senatorial district.

Mr. Duggan was born on a cotton farm in Hays county; raised largely on a stock farm in San Saba county; moved to Jones county in 1900, and to Lamb county in 1912.

Arriving in Lamb county, Mr. Duggan took charge of the subdivision and sale of the famous 300,000-acre property known as the Yellow House Ranch and owned by the late Major George W. Littlefield of Austin. He owns and directs the cropping or some Lamb Co. farm land, and is therefore personally acquainted with the problems of the farmers at this time.

He was graduated from Texas A. & M. and from the law department of the University of Texas at Austin. It was Mr. Duggan's privilege to

School Trustee Election Is Soon

We are publishing this week a school trustee election notice for the Tahoka Independent School District. Three trustees are to be elected. We understand that the terms of J. K. Applewhite, A. J. Edwards, and S. D. Sanders will expire. It is presumed that their names will appear on the ballot for re-election.

Under a law enacted a couple of years ago, trustees are now to be elected for a term of three years. Four trustees were elected last year and they drew for terms. Two of them drew two year terms and two of them three year terms. Two trustees will be elected next year and two the following year, all for a term of three years.

The other members of the board at present are R. C. Wood, D. W. Gaignat, Claud Wells, and Sam Reid.

Step-Brother Of Local People Dies

Mrs. D. H. Goodnough and Harlan and A. G. Cook were called to Gorman Sunday morning by the death of their step-brother, Clark Simpson, who was struck by an automobile and killed in Ranger Saturday night. No details of the tragedy were given and Mr. Goodnough here had received only meager information up to the time we go to press.

Mr. Simpson's home was in Gorman.

Mr. and Mrs. F. M. Sherrod and daughter, Miss Floyce, returned Friday from Corpus Christi, where they had spent the winter. They were accompanied home by Mrs. Chester Connolly and little daughter Geraldine, who had spent two or three weeks at Corpus Christi visiting.

Mrs. Sherrod says that they had the pleasure of going through "Old Ironsides" when that old relic of a ship visited Corpus Christi recently.

After visiting here a short while, Mr. and Mrs. A. L. Holloway left Sunday for Falfurrias, where they will either reside permanently or will return to Tahoka. Mr. Holloway bought cotton in Littlefield the past season.

AGGIE TEAMS WIN CONTESTS

Boys Make Good Showing In Stock Judging Events At Meeting In Plainview

Taylor White, teacher of agriculture in the Tahoka school, and a number of his pupils attended the judging contests held in Plainview last Saturday. Eighteen schools were represented at the meet with 47 judging teams or 141 students. The Tahoka boys won their share of the honors.

In the dairy cattle judging contest, the Floydada team led with 1020 points. All the teams but two scored more than 800 points, the Tahoka team scoring 929. Simm of Floydada made the highest individual score in this contest with 359 points. Perkins of Tahoka scored 349, being surpassed by only four other boys.

In the livestock division, which consisted of horses, sheep, hogs, and beef cattle, Tulia scored first and Tahoka second. The highest individual score was made by Shearer of Tulia with 531 points. Fortenberry of Tahoka was fifth with 483 points, Kemp was sixth with 477, and Littlepage was eighth with 466.

In horses, Fortenberry of Tahoka was third and Littlepage was fourth.

In sheep, Kemp of Tahoka was first and Fortenberry third.

In beef cattle, Kemp was fourth.

The boys all report a most pleasant trip.

School Census Is Being Taken

The law provides that the scholastic census shall be taken during the month of March each year. John Thomas, secretary of the school board, accordingly began the task of enumerating the scholastics in the Tahoka Independent School District Tuesday morning.

It is important to our school that every scholastic in the district shall be enumerated, for each scholastic enumerated will draw state funds in the sum of \$17.50, we believe. For every scholastic that is missed, the school district loses just that much money. Every patron of the district therefore should assist in every way possible and make it easy for the census trustee to list all the children in the district.

Candidate Meeting Called For Friday

There will be a meeting of candidates for county offices in the county court room Friday night at eight o'clock, the News has been asked to announce, and all such candidates are requested to be present.

The main purpose of the meeting will be to arrange a speaking schedule for the county; however, several other matters of importance will be taken up also.

Grand Jury Says Merchants Selling Too Much Extract For Beverages

The following report made by the grand jury for the February term of district court was made to the district judge and a copy handed the Lynn County News for publication: "We, your Grand Jury of the February Term, 1932, of the District Court of Lynn County, Texas, most respectfully make the following final report of our work as Grand Jurors to wit:

"We have devoted the larger part of two weeks of this term of our Court in the investigation of crime in our county and have returned into this Court 36 felony bills of indictment.

"In many respects our investigation reveals that crime is on the increase in our County, and this is especially true of the violation of our liquor laws, and that of burglary and theft and the various ways the swindler has in obtaining the property of the other fellow illegally.

"We have been called on to investigate the sale of Extract in some parts of our County and we are sorry to report that we have been unable to find one single good shown by the sale of various extracts for beverage purposes. In this connection it is shown by positive testimony that some of our very young boys have now been charged with the grave offense of burglary where the evidence reveals that these young boys committed this bad crime for the sole purpose of obtaining extracts to drink. We say that such practice of the sale of such can only lead to one thing and that is that some of our young boys must be charged with bad offenses due solely to the tampering with this unlawful practice. We think it should stop and ask those engaged in the handling of same for beverage purposes to refrain from the further practice thereof.

FEBRUARY WAS WARMEST EVER

Spring-Like Weather Causes Many Fruit And Shade Trees To Put Out

At 12 o'clock Tuesday night, February, 1932, passed into history; and it was probably one of the warmest Februaries the people of this section have experienced in many years. February, 1931, was a warm month itself but the records kept by the News man show that February this year was still warmer. There were only five days during this month when freezing temperatures were reached. The average maximum temperature for the month was 64.10 degrees against 58.32 last year. The average minimum temperature was 38.13 degrees against 37.07 last year. The average mean temperature was 51.12 degrees against 47.69 last year.

Spring-like weather continued with the coming of March, but the wind shifted to the west Tuesday and picked up quite a bit of sand—gave us just a hint of the old-time genuine sandstorm. But nothing serious happened. As a result of the continued warm weather, many fruit trees are in bloom and the foliage is appearing on many varieties of shade trees. It looks like spring is here—but remember, folks, winter may stage a terrific come-back yet. The coldest day of the entire winter of 1930-31 came on March 31, with the thermometers taking a nose-dive down to 13 degrees.

Central Host To Baptist Workers

The Workers' Conference of the Brownfield Baptist Association will meet with the Central Baptist Church twelve miles east of Tahoka next Tuesday.

A good program has been prepared, a new feature being a Royal Ambassadors declamation contest in the afternoon. The ladies of the church will serve lunch at the noon hour.

H. D. Club Women Visit Nurseries

A number of Lynn County Home Demonstration Club women met at the Lubbock Nursery at 11:30 o'clock Monday morning to inspect and learn about various shrubs, trees, and flowers adapted to this section. They report that they obtained much useful information. A delicious lunch was served and they say that Mrs. Kershner is a most gracious hostess.

Afterwards the ladies went out to the Experiment farm and inspected it, enjoying their visit very much.

The following named club members were in the party: Mesdames Finch, Richardson, Corley, Cade, Anglin, Robert Reid, and Miss Margaret Preston of the Tahoka Club, and Mrs. Pennington of the Edith Club.

Legion Contest Being Continued

The Marion G. Bradley Post of the American Legion has been conducting a membership contest. The members were divided into two camps with Dock Johnson and Sam Holland as their respective captains. The contest closed last Thursday night, and the losers, with Holland as their captain, furnished an elegant "feed" to the winners. The boys all say it was a most happy occasion. There were no speeches. They just met and et—and conversed, of course.

The occasion was so enjoyable that they decided to continue the contest three weeks longer, at which time they will eat again.

The membership has now been boosted up to about 100, Skip Taylor says.

36 Are Indicted By Grand Jury

The grand jury made its final report and adjourned Tuesday afternoon, after having returned into court 36 felony indictments, a number of which were presented Tuesday.

Among the new indictments were two against Oliver Todd and two against Al Scott, each being charged with embezzlement and with conspiracy to embezzle.

Roy Montgomery is charged with unlawfully transporting intoxicating liquor.

Three O'Donnell boys are charged with the burglary of a store there. The boys are Lawrence DeBusk, Maynard Eubank, and Norman Barber.

All of the above have made bond. There are still other indictments but the accused have not yet been apprehended.

Aged New Home Citizen Is Dead

J. L. Cyphers, residing in the New Home community, died rather suddenly Tuesday and the remains were interred here Wednesday afternoon. Rev. O. J. Hull conducted the funeral. The body was prepared for burial by Harris & Applewhite, undertakers.

Mr. Cyphers was 87 years and 7 months of age. Further facts as to his life and death were not available at the time of going to press.

Postal Receipts Increase

As a possible indication of better business conditions, Postmaster D. A. Parkhurst states that February postal receipts have shown a substantial increase over February of last year.

Snowden Chevrolet Moves Location

The Snowden Chevrolet Company moved its place of business Monday from the Sanford-Doak building on the east side of the square to the old Connolly garage building on Main Street, one door south of the building occupied by the Connolly Motor Company.

The sales and show room is in the east end of the building and the repair shop and storage room in the west end.

Nursery To Plant Model Yard Here

The Lubbock Nursery will lay out and plant in shrubbery and flowers the yard of Mr. and Mrs. J. H. Edwards here next Wednesday morning, March 9, according to Miss El Fleda Harrison.

This is expected to be an artistic job of landscape gardening, and all who are planning yard beautification may get many valuable suggestions from this piece of work.

Miss Audrey V. McCormack of Los Angeles, California, is here visiting her sister, Mrs. D. W. Gaignat. After spending a few weeks here she will visit in Longview.

Mr. and Mrs. L. C. Haney and baby visited Mr. Haney's parents in Roscoe last Thursday and Friday, Mr. and Mrs. W. D. Haney.

CONVICT HILL AND J. GRAVES

Vernon Hill Found Guilty Of Arson; Jack Graves Sentenced For Theft Accomplish

District Attorney T. L. Price bagged two more convictions in the district court last week after we went to press.

Jack Graves was tried Thursday afternoon on an indictment charging him as an accomplice in the theft of property from the ware house of the Connolly Motor Company. The jury promptly found him guilty and assessed his punishment at two years in the penitentiary.

According to the evidence adduced, Graves induced or encouraged two youths to break into the ware house and do the actual stealing of the property. They confessed to the crime soon after the theft was detected and property found. In their confessions and in their testimony Thursday, they implicated Graves as the chief offender.

On Friday, Vernon Hill of the Grassland community was tried and convicted of burying a house situated on the farm of Mrs. M. Donaldson in the Redwine community. The jury also assessed his punishment at two years down Huntsville way.

Court suspended operations Saturday. It met again Monday but found no cases ready for trial the first half of the week having been set aside for civil business, and the jury was dismissed until Thursday.

The D. A. Parkhurst case is set for trial today.

Will Offer College Entrance Exams

Children in unaffiliated schools should be interested in college entrance examinations that will be given on April 27, 28, and 29. Children taking these examinations will receive certificates of credit from the State Department of Education which will admit them to any affiliated school in the state.

The applicant may take examination in any subject he wishes; that is, one does not have to take the whole series of examinations. Teachers and parents should encourage children to prepare for these examinations. Any one interested should make inquiry about the examinations within the next two weeks, as requisition for questions must be made within a limited time.

Warning Is Issued Against Lotteries

Postmaster D. A. Parkhurst wishes us to issue warning to his patrons who may be tempted to take a fling at the Mexico lottery which is getting so much radio publicity just now.

Several fraud orders have been issued. It is not generally known that not only the lottery promoters but the patrons are subject to severe fines and even imprisonment for wilful violation of the Department's lottery regulations. It will be much safer not to use the mails in any way connected with the lottery game.

Legion Post Elects Three New Trustees

At a meeting of the Marion G. Bradley Post of the American Legion held last week, three trustees were elected to manage the property and the finances of the organization. These trustees are Judge L. C. Heath, Happy Smith, and Grover Stewart.

Local Insurance Rates Are Raised

Buster Fenton reported to us Monday that he had received notice that Tahoka's fire insurance rate has been greatly raised on account of the bad fire record made last year.

During last year we had a 6 per cent credit for the good record made theretofore. That has all been wiped out and in addition to that a penalty of 12 per cent has been added, so that our rates have been raised 18 per cent.

NOTICE TO THE PUBLIC

Any erroneous reflection upon the
reputation or standing of any indi-
vidual, firm or corporation, that may
appear in the columns of the News,
will be gladly corrected when called
to our attention.

We call attention to the grand
jury report appearing in this paper.
From this report, it would seem that
there are those in this county who
are selling intoxicating extracts for
beverage purposes. If so, they are
violating the law. Of course it must
be shown by competent evidence that
the dealers know the purpose for
which the extracts are being pur-
chased, and it is possibly lack of suf-
ficient evidence on this point that
restrained the grand jury from re-
turning indictments in this character
of cases. There have been instances
in other counties, however, wherein
grand juries returned indictments in
such cases with convictions follow-
ing. It is not probable that mere lec-
tures to this class of offenders will
avail much. A few indictments and
trials might have a wholesome ef-
fect. The recent grand jury has evi-
dently done excellent work, but if
the sale of extracts continues unabated
we believe that the next
grand jury should return some in-
dictments. As long as farmer Brown
threw grass at the boys in his ap-
ple trees they merely laughed at
him, but when he began to throw
stones they hot-footed it for the big
road.

The fire fiend is a public enemy.
He not only injures the owner of the
property destroyed or swindles some
fire insurance company, but he pen-
alizes the whole citizenship of the
city or town in which he operates.
Tahoka had quite a large number
of fires during this past year.
We do not positively know that any
of them were of incendiary origin
but the circumstances were highly
suspicious in a number of instances.
Whether these fires resulted from
carelessness, criminality, or acci-
dent, the people who own property
in Tahoka must pay dearly for the
losses. If the crime of arson has
been committed here, once or a doz-
en times, we hope that evidence of
guilt may yet come to light and all
the low-down culprits brought to
justice.

Mrs. R. W. Fenton informs us

that each member of the county
council of the home demonstration
clubs assumed responsibility for the
planting of at least one tree this
year, either on their own premises
or in some public place. This is to
be the policy of the council each
year. Enough trees properly cared
for will greatly enhance the attrac-
tiveness of the rural districts, in
time. Like Joyce Kilmer, we think
there are few things as beautiful as
a tree. He wrote a little poem about
trees, you know, and wound it up
something like this: Poems are made
by folks like me; Only God can make
a tree.

Much very fine work was done in
the district court last week. The fact
that there were ten convictions out
of ten trials and only one suspended
sentence granted is likely to have a
deterrent effect upon the criminal
and the criminally inclined. We re-
gard it as a calamity unspeakable in
the life of any man when he must
be sent to the penitentiary but that
seems to be the best way yet evolved
for society to deal with those
who persistently or flagrantly vio-
late its laws.

The News Twenty-Five Years Ago

From Files Of Lynn County News of February 15, 1907

C. W. Walton of Litwalton has
sold his entire bunch of cattle to E.
S. Duncan, consideration \$11.50 per
head.

Dave Crockett of Litwalton writes
in that "C. W. Post has just written
us that he will be out in March and
will begin work on his new town, so
our county seat will likely be called
Post-town. Mr. Post expects to put
in a \$50,000.00 stock of general
merchandise."

Dr. Windham had the misfortune
to lose a good horse the first of the
week.

E. D. Skinner is remodeling the
Peters house in the west side of
town, and when finished this will be
one of the prettiest houses in town.

Mr. J. P. Fleming, who has recent-
ly removed to Tahoka from Rich-
land Springs, made the News a
pleasant visit Wednesday, and after
a pleasant chat, he ordered the News
sent to his brother-in-law, who hopes
to come here to make his home some
time in the future.

Messrs. Curtis & Alexander are in
Lubbock this week to install a two
hundred drop switch board. We will
have the one they have been using
brought down here and fitted up in
the Tahoka exchange.

Hugh Moore is completing a pret-
ty little cottage in the west side of

town. If Tahoka keeps up the present
lick, she will have to break into the
T-Bar pasture in order to have
growing room.

The houses are getting thick
enough so you can tell where most
of the streets are. That's rather
good for four years old.

The 30 foot telephone poles on the
square the 25 and 20 foot poles in
the lead streets with the ten pin
cross arms makes Tahoka look like
a city sure enough.

Editor Visits Gail

The editor made a trip to Gail last
week. We did not have time to visit
The Citizen, as our time was limited
and business pressing. The New Ho-
tel, which is managed by John
Stokes, brother of J. E. Stokes of
this place, is one of the best stop-
ping places in the West. The service
and accommodations are good and
there is a homey look to things that
is very grateful to the weary
traveler.

This was the first trip in a mail
hack ever indulged in by the editor.
Mr. Hale, the hack driver and owner
of the line, certainly makes the com-
fort and convenience of his passen-
gers his first care.

Gail is a picturesque little town
and quite a pleasant place to visit.

These bills were: 1. The cotton
conservation bill, to plant only one-
half the crop in cotton. 2. A com-
mission, like the railroad commis-
sion, for all utilities except trans-
portation. 3. The Divorcement Bill,
the oil companies not to control the
retail of gas. 4. The drivers license
bill; public safety demands this law.
5. The salary reduction bill of state
officers; why should their pay not be
out when those who have to pay
them have been cut so much?

Fellow voters, let us wake up and
give attention to this business which
concerns us so much.

**PAINS
QUIT COMING**

"When I was a girl, I suf-
fered periodically with ter-
rible pains in my back and
sides. Often I would bend
almost double with the in-
tense pain. This would
last for hours and I could
get no relief.

"I tried almost every-
thing that was recom-

nothing that would help
until I began taking
Cardul. My mother
thought it would be

business for his father there. They
returned Saturday.

Two hundred years ago a boy was
born in Virginia; they named him
George Washington. As he grew up
he developed the qualities of states-
manship in a very remarkable de-
gree. I do not think he has ever been
surpassed. He had more than any
other man to do in forming our
country and Government.

A little over one hundred years
ago another statesman was born in
Illinois; he was named Abraham Lin-
coln. He said "God must love the
common people, he made so many of
them." I think the greatest tragedy
that ever occurred to the U. S. was
his assassination. After nearly 40
years residence in the South, I am
sure that if he could have lived out
his term as President it would have
been far better for the whole nation,
and especially for the South during
the reconstruction period.

Ninety per cent of our people are
the common people, to whom he re-
ferred. Every one of this ninety per
cent has a vote that counts just as
much as the vote of any one of the
other ten per cent. And if they will
only think things through carefully,
then vote as they honestly believe to
be right, I have no fear of the fu-
ture of our country and its govern-
ment.

I think every candidate before his
election should be required to answer
under oath about a dozen non-parti-
san questions in regard to what he
stands for and will try to do for
the people, and if he does not try
after election he should be impeach-
ed. Our last legislature gave us a
good yard stick to measure them by,
and I think we should use it. Their
vote on each one of five bills that I
am sure the people wanted and need-
ed to have is on record at Austin,
and I think any man who voted
against more than one of them

Methodists Enjoy Social Meeting

Last Wednesday evening was the monthly Social Church Night under the direction of the lay leader, John Thomas, assisted by 'Happy' Smith's bunch of "rough necks", and the latter served coffee, hot chocolate, and doughnuts to the crowd which filled the church basement. The program was of a patriotic nature, in charge of Mrs. S. E. Reid, and consisted of the following:

Opening song, "America".
Address, "Washington as a Christian", by M. J. Weaver.
Reading by little Miss Betty Lane Boucher.
Paper, "Washington and His Mother", by Mrs. E. E. Callaway.
Vocal duet by Mesdames Carmack and Handley.
Address, "Washington as a Politician", by W. E. "Happy" Smith.
Vocal solo, Miss Charlene Maddox.
Humorous paper, "Influence of Washington's Wife on His Career", by Mrs. G. M. Stewart.
Closing song, "Star Spangled Banner".

On Sunday Mrs. N. E. Ballou gave a vocal solo, "Trees" by Joyce Kilmer, at the opening of the Sunday School and also sang at the evening church service. The Sunday School noted an increase in attendance. The preliminaries at the 11 o'clock church service were conducted by Frank Hill and the pastor, Rev. H. C. Smith, preached an effective sermon on "Christian Activities". A visitor, Preston Lee of Levelland, formerly of Tahoka, was invited, to direct the choir and he also took part in a vocal quartette, the other members of which were Mrs. Gladys Lee Carmack, Dr. C. B. Townes, and Fred Bucy. At the evening hour the pulpit was filled by the Presiding Elder of the Lubbock District, Dr. C. A. Bickley of Lubbock. A large congregation listened to the sermon based on the parable of the barren fig tree—particularly that part of it relating to the tree being given a further chance to produce results before being destroyed.

Rev. H. C. Smith left Monday evening for Oklahoma City to attend a Missionary Conference and will be gone until Friday of this week. The usual services will be held next Sunday.—Reporter.

MR. AND MRS. TOM SHORT HONORED AT BRIDGE PARTY

One of the most charming social events of the season was a bridge party Tuesday evening of last week honoring the latest addition to the young married set, Mr. and Mrs. Tom Short. This was given at the

home of Miss Virginia Sanford, Mrs. W. L. Burleson and Miss Sanford acting as hostesses. There were eight tables of bridge. Upon arrival the guests were seated at the tables and entered immediately into the game.

A gold and white color scheme was carried out with the bridal motif for tallies and score pads. After enjoying five games of bridge the guests were served lovely refreshments of ice cream, molded in ladies slippers, with monogrammed angel food squares. The tables were attractively centered with golden candles in crystal candle sticks. The plate favors were gold aster corsages for the girls and cigars for the men.

Following the refreshments the bride and groom were presented with a bountiful shower of all kinds of beautiful and useful gifts. There was a constant interchange of gay badinage and merry conversation through out the evening, and at its close all united in pronouncing this one of the happiest occasions of their lives.

Those present were: Misses Fern Aycox, Evelyn Wells, Elsie Wooley, Allene Taylor, Frankie Wells, Gertrude Bishop, Mabel Lee, Lillamae Reid, Lucille McCord, Faye Ruth Williams, Helen Applewhite, June Middleton of O'Donnell; Messrs. Jack Fenton, James Taylor, F. A. Robinette, Clay Bennett, Jack Alley Robinson, Reid Townes E. S. Evans, Jesse Gurley, W. D. Smith, Bill Speight; Messrs. and Mesdames: Buck Barnes, Harlan Cook, Ray Shaver, the hostesses and the honorees.

P. T. A. LOOKS AFTER NEEDY CHILDREN HERE

The Parent-Teachers Association met in a call session Thursday afternoon, Feb. 23, for the purpose of looking after some needy children who are in school. With the cooperation of the Phebe K. Warner Club, it was decided to see that these children were provided lunch and milk each school day and some clothing from different sources were provided for them. Committees were appointed to make investigations each week end as to their needs and also to see that they were taking the proper care of things given them.

Help from anyone will be gladly received as we have some other children who are in need of things. The Parent-Teachers will meet the third Wednesday afternoon of each month at the high school building at 3 o'clock. Special programs are being prepared, using some of our very best local talent. Everyone is urged to attend these meetings, especially the mothers.—Reporter.

YARD BEAUTIFICATION IS STUDIED BY WELLS CLUB

"It is not necessary to spend a lot of money to have a natural setting with which to begin improving your yard. Every situation can be improved with love and labor combined with native shrubs and principles of landscaping which are available to everyone interested" is a statement taken from Miss El Fleda Harrison's yard beautification demonstration Thursday of last week at the home of Mrs. John McLaurin, yard demonstrator for Wells Club.

Miss Harrison gave the demonstration, "yard planning principles", after which the ladies assembled in the yard and the foundation planting was given. The shrubs were grouped around the foundation of the house. The corner plantings were made up of Euonymus, for columnar plants in background, Spiraea, Salvia, and Abelia. The door step planting was composed of wax leaf Lucidum, Salvia, and Coral berry. Pussywillow was planted on the south side of the house to break the broad space between corner and window. Purple lilacs were planted under the bathroom window on the south and under the kitchen window on the north side of house. English Ivy was planted on the north side of house in broad space between windows and also on east side of smoke house and around the adobe garage. The windmill was screened from the house and road by a group planting of evergreens—Arizona cypress, yellow pine and red cedar. Mrs. McLaurin had planted before the demonstration her windbreak on the south and west of Amour River Privet. Dorothy Perkins roses had been planted so they might run on the fence, thus forming a windbreak on the north. This windbreak is to serve as a protection for yard and as a screen.

Miss Harrison had previously landscaped Mrs. McLaurin's yard so that she may now work gradually until she has accomplished her goal.

Those present were: Messrs. and Mesdames John Etter, Lamar McLaurin, John McLaurin; Mrs. Glenn Allen, Robert Cook, S. Scott, Eva Harris, A. R. Tyler, Ledbetter, D. G. Greenwood; Misses Eva Harris, Allie Tyler, Ina and Mertie Ledbetter.—Reporter.

BETTERMENT OF CLUB IS LYNN WOMEN'S THEME

Making our club one hundred per cent, was the topic discussed by the New Lynn Club at their club house this week. The main ideas were: Finding number of women in community, how many are club members, and soliciting new members.

Everyone present agreed to furnish a can or cans if wanted to put in the Tahoka bank.

This was followed by a program on George Washington's social life: 1. Social life of childhood home; 2. Social life before the Revolution, at Williamsburg and Mt. Vernon; 3. Social life in later years.

Those present were: Mesdames C. W. Krebs, Lynn Yandell, M. E. Robbins, J. A. Jaynes, J. M. Spears, R. W. Barton, E. B. Terry and Miss May Levacy.

Visitors are cordially invited.—Reporter.

EDITH CLUB STUDIES IMPROVEMENT OF YARDS

A little time spent in planning a home furnishes years of satisfaction and pleasure; and a few things to keep in mind when planning, which are space, windbreaks, lawns, foundation planting, and walks in curved lines, all of which add beauty to any home; pictures showing correct and incorrect planting.—Such was the program of the Edith H. D. Club in its meeting at the home of Mrs. Garland Pennington Feb. 24. Miss El Fleda Harrison, home demonstration agent led the discussions.

Those present were: Mesdames A. R. McGonagill, Lula Douthitt, Vivian Tippit, Mattie Hargett, Onie Botkins, Lizzie Tippit, and a new member, Venoy Sanders.

We adjourned to meet with Mrs. Sallie Nowlin March 9 at 2:30 p. m.—Reporter.

drew a slip of paper telling just what share the drawee was to have in preparing the refreshments.

Real talent in cooking must have been in the group since delicious fudge, divinity and taffy candies were passed at a late hour. Popcorn and fruit punch were also served. While some prepared refreshments others enjoyed music furnished by J. W. Partin Jr. and played in and out door games. This was probably the first time some of them, as guests, had prepared refreshments at a party but all reported an enjoyable time.

TOM HUNTER MAKES HIS PLATFORM KNOWN

Tom Hunter of Wichita Falls does not propose to be eliminated from the race for governor by a threatened fight between Governor Sterling and the Fergusons. He is an active candidate with a virile platform and he promises to become a vigorous campaigner.

In his platform recently announced, Mr. Hunter says in part:

"A government derives its just powers from those governed. The masses of Texas no longer control our State Government. Certain types of big business, not recognizing the fact that equal rights should be given to all and special privileges to none, have by skillful manipulation, through organized combines, placed their emissaries at the helm of the 'Ship of State' and are guiding its course without regard to the rights and interests of the great majority of our people.

"Public utilities are taking from the citizens of this state every year some \$70,000,000 in excess profits. Charges collected by these concerns for service are exorbitant and outrageous. In many instances during the past few years their charges have been increased on watered stock from 100 to 200 percent. The monies paid to this and other unfair profits must remain with our people and with a maximum charge for utility service fixed so that it cannot be passed to the consumer, an adequate tax levied upon them.

"Although the Standard Oil interests were once ousted from this state and enjoined from doing business in it, this octopus has again fastened its tentacles upon every root and branch of the oil industry. They are taking from our citizenship and our state and public school system fabulous sums. These interests must be subdued and the right of the individual to pursue that business must be restored.

"Eastern capitalists own our sulphur deposits. Some 80 percent of the world's supply of sulphur is produced from Texas. This sulphur, though consumed by the world, pays a tax of only 75c per ton. Citizens pay a tax equal to sixteen times that amount on products of oil. These interests carry to the East exorbitant profits from this natural resource. The states of the Nation and the nations of the world shall pay a just tax on our sulphur.

"Texas is rich in natural gas. The gas companies, through monopolistic control buy their gas as low as 2c per 1000 cubic feet and in most instances sell it at 75c per 1000 cubic feet. Yet, they pay only a fraction of what they should pay toward the support of the state government. A very great portion of the gas produced in Texas is transported to other states for consumption. We must not permit this gas to be exhausted for transportation throughout the Nation without making it pay its share of the taxes. It should not be said that Texas, the richest state in the union in natural resources, has permitted her laborers to be pauperized, her farmers made destitute, and her merchants and bankers seriously crippled financially by an unbearable ad valorem tax rate.

"Chain Stores are an ever-increasing menace to the commercial progress of our state. The profits earned by these chains go East never to return. We must protect our citizenship from this evil. It can be done by placing a sufficient graduated tax upon each store owned by these chains. This law should be so constructed that it could not be evaded by using foreign corporations as holding companies for these concerns. Foreign corporations must be prohibited from controlling stock in a domestic corporation. One who is not amenable to our laws, who does not pay taxes in our state, and who does not share our responsibilities must not profiteer upon us.

"It must be made a penal offense in this state for one who receives compensation from the state to be on the payroll of or to receive pay from a corporation. One cannot serve two masters.

"The poll tax levy should be reduced to 50c. All war veterans and their dependents should be exempt from poll tax payments.

"We must reduce taxes. To do so, governmental expenses must be reduced and the tax burdens redistributed. We have a multitude of expensive duplications in offices, departmental bureaus and commissions that must be eliminated or consolidated to secure more efficiency at less cost.

"Our highway department is so operated that less than half of our state highway funds actually go into the road beds. This department has degenerated into an expensive political machine. Too much authority is centralized in the Commission at Austin. Local self-government in road control has been abandoned. Details of the roads as to maintenance must be restored to the counties and the commission authority

limited to general state supervision. It must be so reorganized that our dollars will do their duty. Taxes collected by the state should be allocated and extended fairly and justly between the counties.

"We shall levy an adequate tax upon the utilities; upon the world commerce for our sulphur, upon the nation for our natural gas; upon the purchasers of luxuries, and a levy upon like sources of our wealth heretofore escaping taxation. We shall not confiscate, though we must require the powerful combines to treat fairly with the masses."

DUGGAN ENTERS RACE FOR STATE SENATOR

(Cont'd. from first page)

University of Texas. He takes considerable pride in the fact that he earned his own living while attending school and paid all his own school expenses.

As president of the West Texas Chamber of Commerce, the most intimate needs of every county in this district were brought to Mr. Duggan for analysis and assistance. During the past 20 years he has striven, as a citizen, for the upbuilding of this area. As a senator it would be his ambition to continue that work for the best interests of this senatorial district and its people.

His duties, over a long period, in Chamber of Commerce work; as an officer in the Rotary Club, and other city and rural civic organizations, has placed him in close touch with the economic conditions and real problems of the towns and rural districts of West Texas. His connections as honorary vice-president of the State Fair of Texas, and director of the Tri-State Fair of Amarillo, have forcibly brought to his attention the wonderful agricultural development of this section during the past few years; also the unlimited possibilities of diversified farming under proper encouragement. As vice-president of the South Plains Scottish Rite club; as a director of the Tech Y. M. C. A.; work with the Boy Scouts, and as presiding officer of fraternal organizations, it has been his privilege to work with, and assist, those who seek to place the social and moral standards of our men and boys on a higher plane.

In 1918 he enlisted in the Texas National Guard; went to the U. S. officers training school at Camp Stanley and came out with a captain's commission. He became a charter member of the American Legion, and is still a member in good standing.

"Last fall, when the freight rate on cotton in a large part of this senatorial district was increased, it was my privilege to be made president of the South Plains Freight Rate Association," Mr. Duggan said. "By quick, energetic concerted action that organization secured a hearing by the Texas Railway commission at Lubbock, and brought in about a reduction in freight rates on cotton that saved the farmers of this section many thousands of dollars.

"West Texas should become road-minded. If I am elected your senator, I will go to Austin expecting to insist and demand that this senatorial district gets in addition to its full share of road money, its full pro rata part of all moneys, emolument and benefits coming to it from the state government. In other words, a square deal.

"It has become very popular to advocate tax reduction. Five years ago, as president of the West Texas Chamber of Commerce, I urged this very thing all over the country, as well as the equalization of taxes in Texas. I have never been able to see the justice in some ninety-nine counties, mostly in eastern and central Texas, drawing from the State Treasury every year some \$3,250,000 for text books, rural aid and witness fees, more than they pay into the Treasury for all purposes. The last time I checked it up 155 counties in this state, including West Texas, and the counties where the large cities are located, were paying all the state government expenses and,

in addition, approximately three and a quarter million dollars annually to educate the children of the said ninety-nine counties. I do not consider that equal and uniform taxation. Neither do I think it necessary or fair to our people out here. As a senator I would do my very best to have it corrected.

"Yes, taxes should be, must be reduced and equalized. During twenty-five years our national population has increased some 55 per cent while our tax burdens have increased about 700 per cent. Any sane man knows that must stop NOW. This cannot be accomplished by seeking for something new to tax but by stopping the spending of so much money, and the making of unnecessary appropriations.

"Having been president of the school board at Littlefield for almost twenty years, I have had to study closely the school problems of our small towns and rural communities. I ought to know them pretty well. Since the large majority of the boys and girls in this district will never attend school away from home, our rural schools and high schools should be the best possible. We are due them that.

"Being a native Texan, I am very proud of this great state, and of its traditions, history and institutions. I am for Texas as a whole, and I am for a squarer deal for West Texas, and for the people of the 30th Senatorial District."

Lakeview

This community was sorrowfully
 shocked Monday by news of the un-
 timely death of Lois Smith after an
 illness of only four days. Funeral
 services were conducted at the
 church with Rev. Horn in charge.
 The throng of sorrowing friends who
 came to pay their last respects
 showed plainer than words the es-
 teem in which the family has al-
 ways been held. Lois was five years
 old.

We had a real large crowd at
 Sunday school and League Sunday.
 We are to have Sunday school next
 Sunday morning at ten o'clock, after
 which Bro. Howell will preach.
 There will be dinner on the ground,
 after which Bro. Bickley, the presid-
 ing elder, will preach and hold quar-
 terly conference. Bro. Bickley will
 preach again Sunday night. We in-
 vite every one to be present with us
 next Sunday in our services.

We still have quite a few on the
 sick list. About fifteen percent of
 the school children have been absent
 the last ten days on account of ill-
 ness.

The school children finished labor-
 ing over their mid-term examina-
 tions Friday. This completes four
 months of school. The school re-
 ceived \$471 rural aid.

The school boys again had the
 pleasure of winning another basket-
 ball game Friday, defeating Barton
 by a score of 9 to 8. The girls were
 not so happy about their game. They
 were defeated with a score of 4 to
 6. The boys are still putting a lot of
 vim into their track training.

Mr. J. J. Nettles of Meadow and
 Mr. and Mrs. Clarence Nettles of
 Levelland were visitors in our com-
 munity Sunday.

Messrs. Milton Herron and Wil-
 mur Smith of New Home and Miss
 Doris Darby of Petty were visitors
 in our League Sunday night.

Mr. L. H. Moore reported again
 for grand jury service this week.

Miss Watson spent Saturday in
 Lubbock visiting her uncle and aunt.

Miss Omega Speckman, who is at-
 tending business college at Lubbock,
 spent the week end with her par-
 ents here.—Reporter.

CARD OF THANKS

CARD OF THANKS

We thank the white people for be-
 ing so kind and nice to us upon the
 death of our dear daughter, wife and
 mother, Adell Martin. We thank all
 of them for the nice dinner served
 and the beautiful flowers. We will
 pray for all and ask the Lord to
 bless each one.

George Bivins, Mattie Bivins, Cora
 Ellson, Leea Mae Bivins, Ruby Biv-
 ins, Mattie and family, Johnnie Mar-
 tin and family.

Our good friend H. W. Calaway
 dropped in Monday just to talk a lit-
 tle politics and agriculture. H. W. is
 no longer an agriculturist but is now
 a real dirt farmer. He is a bit leary
 of cotton, however, and expects to
 plant only about 65 acres. He will
 have 80 acres or more in feed. H. W.
 says he and the better half have
 three good milk cows down on the
 farm with which they have been
 paying all their expenses. He seems
 to be level-headed agriculturally but
 is a bit off-color politically. For in-
 stance, he claims to be for Alfalfa
 Bill Murray for President, notwith-
 standing the fact that Texas has as

good a man as Jack Garner to offer
 the party and the nation. H. W. is
 a man of excellent judgment—agri-
 culturally.
