W. C. WELLS IS IN POSTOFFICE

Appointee Checked In As Tahoka Postmaster, Succeeding Larkin, Monday

On Monday H. M. Larkin checked out as acting postmaster, and Coleman Wells was checked in for a term of four years. Mr. Wells received his commission as postmaster Sunday.

Mr. Larkin was appointed almost a year ago to fill the unexpired term of D. A. Parkhurst, who was relieved of his position. He had been serving capably in this capacity for many years, but was not permitted to fill out his last term. This term would have expired on April 28. Mr. Larkin filled out the unexpired term in a most acceptable manner, but there were a number of applicants for the permanent position, and due to the uncertainties of politics, Mr. Larkin was not awarded the big plum.

The new postmaster, Coleman Wells, is in every way well qualified for the position. For many years he has been engaged in banking, the realty business, and other vocations of a clerical nature. He has long been a prominent citizen of the town and has always taken an active interest in politics. Like Mr. Larkin, he was an enthusiastic supporter of the present administration at Washington. He will make a most excellent postmaster.

El Paso Man Was Oldest Alley Friend

Below is an interesting letter received by Mrs. Jack Alley following the death of her husband, from Mr. Frank Collinson, 1200 Magoffin Ave., El Paso, who had known Mr. Alley longer than any other living man in West Texas:

"I was very sorry to read in the Morning Times of the death of John Alley. In all probability I knew John longer than anyone now living on the Plains. I first met him in 1880 when he was working for John and Bill Slaughter in Blanco Canyon, Crosby county. He later went to work for C. C. Slaughter on Tobacco Creek. The last time I saw him was in 1884 in Colorado City. I was driving a herd of steers north. I never saw him again but often heard of him. I was running the "Jingle Bob" herd of cattle on Tongue River, Motley county, now the Matador Land and Cattle Co. We sold to the Matadors May 1881. Later bought two herds of cattle on Duck Creek, Dickens Co., later the Pitchfork Co. In the late '80's and up to '94 I drove several herds thru Midland from the Big Bend country. But some how I always missed John when I passed thru the Slaughter country. There was no Tahoka at that time, only the lake. I watered there a good many times. I also missed seeing him on the head of Runningwater about twenty years ago. Geo. McKinnie was the first Slaughter boss when they drove to the head of the Colorado River in 1878. Guss O'Keefe was one of the hands on the ranch at that time, or I should say camp.

"I shall always regret not seeing him. He and I were once on a scalp hunt. Got as far as Cedar Lake but the Indians had gone. That was in '82. I was in the fight with Indians where Lubock is now located in the summer of 1878. The Indians stood us off, killing two of our party of buffalo hunters.

"I thought Jack was a little older than 77. But we got to be men early in life sixty years ago. Just had to. Well, I am sorry he's gone. I sure would have liked to have had one more talk with him."

PLAY AND RECITAL PRESENTED AT NEW HOME

The play given by the high school students last Friday night was well attended. The amount received from admission was \$15.10.

On last Tuesday night the music pupils of Mrs. Marcus Edwards appeared in a recital here. Those appearing on the program showed evidence of much progress during the past year. A medal given by Mrs. Edwards to the pupil playing his selection best was awarded to Margaret Bosny.

Ruling Requires Cream Grading

According to a ruling of the State Commissioner of Agriculture, all cream sold to produce houses on or after June 1 must be sold on a grade basis. No. 1 cream is to command a 2 cent higher price than No. 2 cream, and No. 3 cream will not be marketable.

It behooves every cream producer therefore to take the best possible care of his or her cream, so that it may grade No. 1 if possible. We are calling attention to this ruling so that cream producers in this county may not suffer loss by failing to comply with it.

Officers Kill Clyde Barrow And 'Moll'

Driving unexpectedly into an ambush arranged by Frank Hamer, former Texas Ranger captain, the notorious Clyde Barrow and his woman companion, Bonnie Parker, were slain by a posse of officers Wednesday fifty miles east of Shreveport, La.

As Barrow and his companion approached the place where the officers were hidden in the brush beside the highway, one of the officers called to the driver to halt. Barrow and the woman answered by reaching for their guns, but a fusillade of bullets from a dozen officers' guns riddled their bodies and their car went into the ditch. Barrow had left a long trail of crime and bloodshed and had been hunted for many weeks by officers of a half dozen states.

New Home School Closes Next Week

New Home School is closing a very successful year on Friday, June 1. The closing exercises will consist of three night programs besides the commencement address. The commencement address will be delivered by O. H. Nelson of Tahoka on Sunday, May 27, 11 a. m. Rev. Ben Richburg, pastor of the Baptist Church here, will give a scripture reading and invocation preceding the address. Special music will be provided.

On Tuesday night, May 29, the pupils of the first, second and third grades will be presented in an operetta, "The Adventures of Goldilocks." On Wednesday night, May 30, pupils of the 4th, 5th, and 6th grades will present a program consisting of readings, songs, and an operetta, "Down Among the Fairies."

On Thursday night, May 31, the high school and seventh grade will present a historical pageant in 12 scenes depicting the different periods of Texas history.

This will be followed the same evening by graduation exercises for grammar and high school.

These programs are free and the public is invited.

POPPIES TO BE SOLD HERE SATURDAY BY LEGION BOYS

As is customary, poppies will be offered for sale here Saturday, according to Jim Dye, post commander of the American Legion.

The proceeds will be used in behalf of disabled veterans and for other worthy purposes.

ENTER GOLF TOURNAMENT

C. N. (Shorty) Woods and Fred Bucy, Tahoka's leading golfers, left Wednesday for Big Spring, where they are participating in the annual West Texas golf tournament.

Mr. and Mrs. A. L. Dunagan and daughters, Bernice and Mrs. J. W. Lowrey visited relatives at Corsicana recently. They were accompanied to that city by Mrs. D. J. Mayberry, who went to visit relatives, and they were accompanied home by their daughter, Miss Blanche, who had been visiting at Madisonville. Mr. Dunagan says that generally crops were fairly good but some small areas near Frost had been destroyed by hail.

D. H. Goodnough is down in Comanche county this week visiting relatives and looking after business matters.

RELIEF WORK IS STILL OPEN

Move Office To Lubbock; Jobs Must Return Cards To Obtain Work

"Although the compiling and the keeping of data has been arranged to be taken care of by the district employees at Lubbock, this does not mean that N. R. S. services has been withdrawn from Lynn county," said Brown Bishop, local manager in charge of this work, Tuesday.

"Every person who has registered with N. R. S. will receive a card through the mail within the next few days. Every person who receives a card, will fill out the same, sign it, and immediately return it to Lubbock. Failure to do this will cause that person to be cancelled as an employable. It is hoped that every person who is out of employment or who has registered will return the cards so that Lynn county may be able to take care of any public works or road construction that might get started in the future. Filling out the cards is not much trouble and the postage is paid by the Government. It is hoped that every one will co-operate in this important matter."

Mr. Bishop says that if construction on highway No. 9 south of Tahoka should begin any time soon, the N. R. S. office will again be opened here.

Farm Marketing Meeting Saturday

W. J. Burckhart announces that there will be speaking at the court house Saturday, May 26, at 2 o'clock, by a state organizer of the American Farmers Marketing and Legislative League.

"Everybody invited to come and hear about the order. Farmers are especially urged to come and hear the object of the order explained," says Mr. Burckhart.

Tahoka Negroes Win Over Brownfield 8-7

The members of Tahoka's colored baseball team were all jubilant Monday morning. They went over to Brownfield Sunday afternoon and defeated the Brownfield team by a score of 8 to 7. In fact they say that they defeated Brownfield and Lubbock combined, for five of Lubbock's best players played with the Brownfield team.

Lubbock and Tahoka will play here next Sunday afternoon.

IMPRESSIVE CAST SUPPORTS NORMA SHEARER IN 'RIPTIDE'

With Robert Montgomery and Herbert Marshall leading man honors, one of the most impressive casts ever assembled is seen in support of Norma Shearer in "Riptide," her glamorous new Metro-Goldwyn-Mayer starring vehicle which opens Sun., May 27, at the English Theatre.

Montgomery, playing the part of Miss Shearer's play-boy sweetheart, makes his fifth appearance with the star in this film. He also played with her in "Their Own Desire," "Divorcee," "Strangers May Kiss" and "Private Lives." His last roles were in "Mystery of Mr. X" and "Fugitive Lovers."

Marshall, popular English stage and screen star, was last seen in "The Solitaire Man" and "Four Frightened People." He plays the part of Lord Rexford, Miss Shearer's husband in the new film.

Mrs. Patrick Campbell, one of England's most distinguished actresses, famous for her great triumphs in "The Second Mrs. Tanguay" and other famous hits, makes her screen debut as Aunt Hetty, eccentric dowager. Lilyan Tashman plays the part of Miss Shearer's sister. Skeets Gallagher is cast as Montgomery's New York chum and other famous personalities included in the cast are Ralph Forbes, Arthur Jarrett, Earl Oxford, Helen Jerome Eddy, George K. Arthur, Baby Marilyn Spinnert, Phyllis Cochran, Howard Chaldecott and Halliwell Hobbes.

Edmund Goulding wrote and directed the new Shearer production, a sensational triangular romance with a smart Continental background.

GIVE DIPLOMAS TO 29 SENIORS

School's Formal Closing Friday Eve When Address Given By Dr. Davis, Brownwood

As previously announced, 29 seniors received diplomas at the grass school building last Friday night, duating exercises held at the high fifteen girls and fourteen boys.

The graduates were certified by principal M. J. Weaver and the diplomas gracefully delivered by J. K. Applewhite, president of the school board. Scholarships were announced by Supt. J. B. Pace Jr., these going to Miss Jewel Pitts and Sylvester Reese, who made the highest and second highest grades respectively.

Dr. M. E. Davis of Howard Payne delivered the address, substituting for Dr. Thomas H. Taylor, the president of Howard Payne, who had been selected for this honor but could not be present.

Dr. Davis took "The Rose," the class flower, for his subject, giving much information about this queen of all flowers and drawing many beautiful lessons in real life from the characteristics of the rose. It was a unique and most interesting address which the audience greatly enjoyed.

Brother Of McCords Dies At Seymour

Mr. and Mrs. R. B. McCord and daughter Pauline, Mr. and Mrs. M. E. McCord and two children, H. B. McCord and family, Claud Thomas and family, C. E. Short and family, and Mr. and Mrs. Homer Harrison attended the funeral of C. H. McCord in Seymour Tuesday.

Deceased was a brother of R. B. and M. E. McCord, and was about 83 years of age. He suffered a stroke of paralysis Saturday and died Monday. Funeral services were conducted by Rev. Balch, a former pastor of the Baptist Church here and now pastor at Seymour. The funeral was conducted from the Baptist Church, of which deceased was a member, and a very large throng of friends and relatives is said to have been in attendance.

Caveness' Automobile Damaged By Fire

While H.P. Caveness was inside the school building at a candidate speaking at Newmoore Tuesday night fire was discovered in his car and practically all of the inside inflammable material was consumed before the flames could be extinguished.

The fire evidently originated in or near the back seat. It is not known how it caught, presumably from a lighted cigarette.

SERVICES AT CHURCH OF CHRIST UP TO PAR SUNDAY

Services last Lord's Day were up to par. The morning service was a little above par. When the invitation song was sung three came forward to unite with the church.

Subjects for next Lord's Day: "Great With God or Men, Which?"—morning theme; "The Great Salvation"—evening subject. The latter will be the first of a series of ten or more lessons on the same subject.

Those who gave the Church of Christ as your preference in the recent census, please come worship with us and we will do thee good. Come to the church where you are a stranger but once.—R. P. Drennon.

MEETING OF BOY SCOUTS CALLED FOR FRIDAY NIGHT

We are requested to announce that a meeting of all Boy Scouts will be held at 8 o'clock on Friday night, May 25. This meeting will be in the basement of the Methodist Church, we are told.

L. A. Strain and family and Mrs. Uzzie and two children came up from Mitchell county Friday to visit J. R. Strain and family. The Strains returned to their home Sunday but Mrs. Uzzie and children are still here.

An O'Donnell negro was placed in jail Monday charged with unlawful making intoxicating liquor.

Three Generations Born On May 18

A fine little daughter was born to Mr. and Mrs. Fred McGinty of the T-Bar community in a Lubbock sanitarium last Friday. Mother and babe are doing well.

There is nothing strange about all this, but here is the queer quirk connected with this birth. It occurred on May 18.

The mother, Mrs. Fred McGinty, was also born on May 18. A little strange, but read on. Mrs. McGinty's mother, Mrs. I. M. Draper, was also born on May 18. So the infant, the mother, and the grandmother will celebrate the same day as their birthday.

Showers Of Rain Fall Over County

Refreshing showers fell over the major portion of Lynn county and most of the South Plains early Wednesday morning, though some portions of the county got practically no rain.

In Tahoka the rainfall amounted to exactly .50 of an inch. It grew heavier north and northwest, fully an inch being reported in some localities near town. At New Home a two inch rainfall was reported, and a large area in that section of the county seems to have been soaked. At Redwine about twelve miles southeast of Tahoka, a half inch to a full inch was reported. In all other sections of the county the rainfall was very light, some communities getting no rain at all. In fact, the rain extended only two miles east of town on the Post highway and about eight miles west on the Brownfield highway. O'Donnell and Wilson had only light showers.

Tahoka Joins In Good Roads Move

The court house gang is almost unanimous for good roads, according to John Salwaschter of the Texas Good Roads Association, who was here seeking memberships in that organization a couple of weeks ago. The News has received a communication from Mr. Salwaschter, from which we quote as follows:

"The Tahoka court house has the largest representation (in the Texas Good Roads Association) of any court house in West Texas. It shows that your officials as well as the leading business and professional men are road-minded. Mr. John Thomas, Representative, assisted me in securing the Tahoka members in the Texas Good Roads Association. It shows that when Mr. Thomas goes after anything worth while he usually gets it.

"The Texas Good Roads Association is attempting to secure more Federal money for highways in Texas. Texas received \$24,500,000 for road work from the Federal public works in 1933 and 1934. If Texas can secure a similar amount from the Public Works money for the last of '34 and early '35, we should be able to complete most of our important highways."

Mr. Salwaschter appends a list of Tahoka citizens who have become members of this association, as follows: John Thomas, Happy Smith, R. E. Finley, J. H. Isard, West Texas Gas Co., W. S. Taylor, H. C. Story, Truett Smith, Carl Griffing, M. C. Rainey, V. F. Jones, A. M. Cade, Don Bradley, B. L. Parker, H. P. Caveness, Harris & Applewhite, L. C. Haney, E. H. Boulleoun, D. W. Gaignat, W. L. Burleson, J. Connolly, E. I. Hill, Dr. E. E. Callaway, W. O. Thomas, Deen Nowlin, and Walter Slaton.

Mr. and Mrs. C. A. Thomas visited Rev. and Mrs. J. E. Eldridge in Lamesa Sunday, attending the Sunday morning services at the Methodist Church. In the afternoon they attended the Dawson County Old Settlers Reunion, held on the Mullins ranch eighteen miles southeast of Lamesa. All people who came to that county twenty years or more ago were eligible to attend, and Mr. Thomas having been in the drug business in Lamesa many years ago, is qualified as a Dawson county old-timer.

AGED CITIZEN DIES AT T-BAR

J. H. Thornton, 92, Dies Suddenly In Home Of Son, Buried In Kaufman Co.

Possibly the most aged man in Lynn county quietly passed from the walks of men about five o'clock last Saturday afternoon, when J. H. Thornton, 92, died at the residence of his son, C. K. Thornton, in the T-Bar community.

The aged man was alone in his room and evidently died without a struggle when Death knocked at his door. The daughter-in-law, Mrs. C. K. Thornton, was doing the cooking for Sunday, and went into his room for some article, when she found him prostrate on the floor, dead. He had been in the kitchen conversing with her just a few minutes before.

Mr. Thornton was born in Mississippi May 26, 1842, and lacked just seven days being 92 years old. He was a youth in that state when the great Civil War broke out and he served as a Confederate soldier throughout the struggle immediately following the war he came to Texas almost 70 years ago. He settled in Ellis county, where he resided till 1904. He then moved to Tarrant county and later to Glen Rose in Somervell county, where his devoted companion passed away ten years ago. He then came to reside with his son, C. K. Thornton, near Meadow. About 18 months ago the family removed to the T-Bar community in this county and have resided there since.

The remains were conveyed in the ambulance of Harris & Applewhite to Kemp, Kaufman county, where they were buried Monday beside the grave of his wife.

Mr. Thornton has been a faithful member of the Church of Christ about 64 years. He died in accordance with his oft-expressed wish that death might come suddenly, unpreceded by and long drawn out period of sickness and suffering. He was apparently well and feeling fine up to the very time of his demise.

He left surviving him three sons and one daughter, C. K. Thornton being the only son residing in this section of the state.

Former VanZandters Meeting May 27th

The former residents of Van Zandt county will have a get-together at the County Park in Lubbock on Sunday, May 27. The program will begin at 10 o'clock and continue throughout the day. First a sing-song and afterwards preaching by Rev. W. B. Wages. Dinner will be spread at noon. In the afternoon another sing-song, a social meeting and short talks. Every Van Zander on the South Plains is invited.—H. M. McCachern

FORMER PASTOR PREACHED AT BAPTIST CHURCH SUNDAY

The congregation at the Baptist Church last Sunday morning heard a most mellowing and inspiring message from a former pastor, Rev. B. N. Shepherd.

Brother Shepherd became the pastor of the church here when it was still very weak numerically and rather inactive. He was pastor for four years, during which time the church made wonderful growth and built the present splendid basement in which the church still worships. He is a fine-spirited, noble-hearted leader and is always warmly welcomed back to Tahoka.

He is now serving as district missionary for this plains section.

At night, Judge W. W. Price of Brownfield, a layman, spoke on "The Trend of Religion." He spoke deliberately but interestingly, and many were the words of commendation of his address.

PLAY TO BE GIVEN AT GRASSLAND METHODIST CHURCH

According to announcement made by Weldon Milam, a play will be given at the Grassland Methodist Church Friday evening, May 25.

The public is cordially invited. There are to be no admission charges.

Bill Burleson was a business visitor in Dallas this week.

THE REMEDY FOR DRUNKEN DRIVING

In commenting on a recent editorial of ours relating to the incident in which one of our citizens was killed and our district attorney seriously injured, Jack Stricklin of the Brownfield Herald says in part: "We would also respectfully remind friend Hill that the accident did not happen in a county that sells beer, and very likely the driver was not drinking beer but some of Dawson county's strongest bootleg. But these drunken drivers are killing people in both wet and dry communities, and the law against drunken drivers should be made so stringent that they will fear to get in a car when drunk. You can't tell us that a fellow who knows anything don't know better than to drive when drunk, if he knows that he will be soaked with a heavy pen sentence and forever barred from driving a car again."

We do not know what the driver of that death-dealing car had been drinking. We do not know whether it was 3.2 beer or boot-leg whiskey, or both. But we do know that men

get drunk on 3.2. We know that whiskey will make a man drunk whether it be bootleg or legal. We know that if there were three or four open saloons in Tahoka, where men could tank up almost any hour of the day, there would be a lot more drunken drivers than there are. We know that if the sale of liquor were permitted in every hotel and cafe and restaurant and hamburger joint in Tahoka, there would be a lot more drunken drivers than there are. We know that if it were legally sold only in unbroken packages in "government stores" in Tahoka, there would be a lot more drunken drivers than there are. We are persuaded that you know all this too, Jack. Knowing it, we are against the repeal of state-wide prohibition. We are against legalizing the sale of liquor for beverage purposes, whether it is to be sold in a low dive or in a highly illuminated and enticing liquor palace; whether the stuff is sold to be drunk at the bar or out on the highways.

Laws against drunken driving may help some, but a drunk man is a fool. He doesn't know much and he cares less. Better try to prevent the sale of the devilish stuff that makes men drunk than to open up all the liquor flood-gates and then try to keep drunken men off the highways.

Edgar E. Witt of Waco fired his opening gun in the gubernatorial race at Belton last Friday night. Much of his speech as reported in the press was most commendable. He has mapped out a good program in many respects for the economic and industrial welfare of the people of this state. He is a splendid gentleman. We have known him from boyhood, went to school with him, and we have the distinction of being related to him by blood. Naturally we are biased in his favor. But he takes an idiotic position on the liquor question. He says that National prohibition was a failure because it could not be enforced. He favors the repeal of state prohibition because, he says, it can not be enforced, and because the "outlawed liquor traffic is one of the contributing causes of our deplorable crime situation." Therefore he "would return liquor control to the counties." Now if the nation and the state can not control the liquor traffic how does Edgar expect a county to do it? Such a proposal is worse than mockery—it is idiocy. Still Edgar Witt is a splendid gentleman and we would like to be able to support him for governor.

We can scarcely think of anything more pitiful than the predicament of a poor widow, penniless, but with a house full of children dependent upon her. Almost as pitiful is the predicament of a penniless but honest man, out of a job, and with a family to support. We have cases of this kind right here in Tahoka. Some of them are now being cared for by churches and other agencies. We believe that no church can do a finer thing in the field of charity and benevolence than to seek out and help the needy that may be at their very doors.

Cardui Helped Lady For Nervousness and Run-Down Condition

"I have taken Cardui several times for weak, run-down condition and it has helped me," writes Mrs. Walter M. Coulton, of Forsyth, Ga. "I was nervous and suffering from a weak condition. There were days when I had to lie down during the day. I sent for six bottles of Cardui, as it had helped me before. Cardui gave me strength, stopped the nervousness and helped me in every way." Cardui may be just what you need. It can't do you any harm, so why not try it? Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician. \$1 a bottle, at drug stores.

We wish that we might get out of the habit of referring to these high school exercises as baccalaureate occasions. They are no such thing. The word "baccalaureate" pertains to the degree of bachelor of arts awarded by a college or university. Baccalaureate exercises are held when such degrees are awarded. A baccalaureate address may then be delivered or a baccalaureate sermon preached. Yet most of our newspapers and members of our school faculties, including our superintendents, have fallen into the error of alluding to high school commencement exercises as "baccalaureate" exercises—a "baccalaureate sermon" or a "baccalaureate address." The ordinary country newspaper may be excusable for its ignorance of the right word to use in this connection, but as to our school people—well, nufsed.

It looks now as if Mother Nature might take a hand in this crop reduction business. Drouth through out the Dakotas, Minnesota and other Middle Western States as well as in the Texas Panhandle has already cut the wheat crop short and added many farmers to the relief rolls. Drouth is also making farmers and business men of the South Plains a bit uneasy. If the Government succeeds in materially reducing the cotton acreage and if Mother Nature then reduces the yield, the price of cotton may shoot up to 15 or 20 cents this Fall. If so, that will be fine for the farmer who raises cotton but a little hard on everybody else but the nudists. In fact, it might make nudists out of a lot of us. We hope it rains.

The News is not opposed to the resubmission of state prohibition to the people of Texas. But we are not going to help bring on an election. We will leave that up to those who favor a change in the law. We are not going to be a party to any movement to bring back the saloon. We believe in majority rule, however, and if the people want to vote on the proposition we are willing for an election to be called. If they vote for the return of the saloon, the saloon they should have.

An Austin news story reports that there were only nineteen commercial failures in Texas in April this year as compared with forty-four in April last year. Liabilities of the bankrupt firms falling the past April were \$235,000 compared with \$470,000 in April last year. All of which shows that business conditions have greatly improved. But there are still far too many people unable to get employment—too many in the bread-lines and hunger marches.

Everybody is hunting for Dillinger but nobody finds him. Everybody is hunting for Barrow but nobody finds him. Everybody has been hunting for Pretty Boy Floyd but nobody has found him. There must be something wrong with the police and the constabulary in the respective vicinities where these three criminals operate.

Black-Draught Good For Biliousness and Bad Taste in Mouth

"I have found Theford's Black-Draught so good for biliousness, bad taste in the mouth and other disagreeable feelings due to constipation," writes Mrs. Mary Garner, of Burleson, Texas. "My mother used it for a number of years and we do not think there is a better medicine. I was pleased when I saw Syrup of Black-Draught advertised. I sent for it and gave it to my children (as a laxative) for colds and when they felt bad. Soon they felt fine." FORD DEALER REPORTS INCREASE IN SALES LATELY

The steady increase in sales of Ford V-8 cars and trucks has recently made possible the addition of several hundred men to the large force already employed in the Dallas branch of the Ford Motor Company, according to Mr. W. F. Fry Jr., local Ford dealer.

The Dallas plant is assembling cars and trucks for dealers through out Texas and Oklahoma and production has been steadily increased to meet the growing demand, resulting in over 50% increase in employment since the plant opened in February.

Mr. Fry expressed considerable pleasure at the thought that sales of Ford cars and trucks in the Tahoka community had contributed to this improvement and stated that he confidently expected even greater improvement in June and succeeding months.

Mr. and Mrs. Bob Asbury went to Tahoka Tuesday to attend the funeral of Jack Alley, pioneer West Texas ranchman. Mr. Asbury worked as a cowboy on C. C. Slaughter's Long S. ranch north of Big Spring when Jack Alley was manager of the ranch.—Big Spring News.

CORRECT SPACING OF GRAIN, COTTON INCREASES YIELDS

Cotton spaced 9 to 12 inches in 3-foot rows and chopped out 10 days to two weeks after it comes up produced the best yields at College Station, Angleton, Spur and Lubbock, while at Beeville 20 inches was the best spacing. In the East Texas sandy lands the best spacing was 27 to 30 inches when the chopping was done early. Where the thinning was delayed the closer spacing was best. These conclusions published in Bulletin No. 340 of the Texas Experiment Station in 1926 followed by far-flung experiments for 12 years at Angleton, Beeville, Chillicothe, Lubbock, Nacogdoches, Pecos, Spur, Temple, Troup and on the Main Station Farm at College Station, and were further strengthened in 1927 and reported in Bulletin No. 360. These experiments showed that the cotton plant has remarkable ability to adjust itself to a wide range of spacing, 6 to 30 inches, without very seriously affecting the yield. The practice of deferred thinning was not successful, resulting in lowered yields and the extremely close spacing recommended by some was not as good as the medium spacing usually practiced.

The spacing requirements of grain sorghum reported in Bulletin No. 424 depend largely upon their tillering habits. For the best yields of grain, varieties that tiller freely require greater plant space than those that tiller but little. The milos are freely-tillering in habit, are grown primarily for grain, and should be spaced 12 to 24 inches. Approximately 20 per cent more grain, or five bushels, was produced from milo spaced 18 to 26 inches in the row at Lubbock than when spaced 3 to 9 inches. The average results at all stations indicated the best spacing of milo to be 12 to 24 inches. Kafir is sparsely-tillering in habit and produced the best yields from a close spacing of around 6 inches, yielding 10 to 20 per cent more grain, or three to four bushels more, than when spaced 12 to 24 inches. Hegari and fetterita tiller freely but as they are important forage types they should be spaced so as to allow 6 to 12 inches between plants in the row.

The largest yields and best quality of forage of all varieties were produced from close spacing. Kafir and milo, spaced 3 to 9 inches, produced 11 per cent more forage than when spaced 12 to 18 inches.

RESULTS LACKING

Federal authorities, including Joseph H. Choate Jr., in charge of the alcohol section, make no bones of the fact that repeal of the 18th amendment has failed to accomplish the principal purpose for which the friends of repeal urged it—elimination of bootlegging.

Now, say these authorities, bootlegging flourishes in a wider front and to a greater extent than before repeal. This not only deprives Uncle Sam of needed revenue but cuts down the sale of legal liquor, thereby reducing his income from the excise tax.

It is understandable enough. The price of legal liquor is so high, thanks to high taxes and the greed of distillers, that the bootlegger is able to undersell the licensed dealers.

So it has come about that the bootlegger not only flourishes in dry territory, such as Texas, but in the wet centers where the sale of hard liquor is perfectly legal.

Government men say that it will take much money and considerable time to end the era of bootlegging. Their most effective weapon would be cheap legal liquor. In some sections where legal liquor is comparatively cheap and plentiful, the bootlegging fraternity is encountering rough sledding. In others, where prices remain high, the bootleggers do a thriving business as of yore.

Evidently repeal has not yet ushered in that millennium of temperance and law observance so ardently promised by repeal advocates.—Abilene News.

UNIVERSITY OF TEXAS IS CAPSTONE TO OUR SYSTEM

Austin, May 23.—In a recent letter to high school and junior college graduates, Registrar E. J. Matthews of the University of Texas pointed out that the University is the capstone of the public school system of Texas. "Its work is everywhere accepted at face value, he explained.

The main University, at Austin, has a faculty of over 325 well-trained men and women and a student body of nearly seven thousand in residence in the long session. The endowment, including over two million acres of land, is now almost thirty million dollars. Thirteen new buildings have recently been completed and occupied. The campus is also being beautified. The library, the heart of any institution of learning, is the best in the South, consisting of more than four hundred thousand bound volumes and sixty thousand pamphlets.

IT'S LAW

The State Department Of Agriculture Says That on and After

June 1st, 1934

All Cream Buyers Will Be Compelled to Buy Cream On a Graded Basis

All No. 2 Cream must be Paid for at the rate of 2c less than No. 1 Cream. All No. 3 Cream Must Be Refused.

A Heavy Penalty Hangs Over the Head of Every Cream Buyer or Creamery for Not Complying with This Law.

Your local cream buyer does not want to embarrass you by calling your cream No. 2 or No. 3 cream. Your local cream buyer does not want to pay you 2c less for your cream nor does he want to refuse your No. 3 cream. You can help your local buyer by taking better care of your cream and avoid having anything but No. 1 Cream.

Observe the Following Rules to Produce No. 1 Cream

- Wash your separator twice a day, and sun. Sunlight kills germs.
- High test cream does not sour as quickly as low test cream.
- There is nothing to be made in allowing cream to sour. It does not increase the amount of your butterfat. It may cause your cream to grade No. 2.
- Market your cream at least twice weekly.
- Do not put cream in a can or bucket that has had Gasoline, Kerosene or Distillate.
- Wash and scald your cream can again before putting cream in it, even though it may have been washed good at the station or creamery.
- Sun empty cream can before filling with cream. Sun all milk pails daily.
- Do not put cream in rusty cans.
- Do not mix warm cream with cold cream.
- Stir your cream at least twice daily.
- Keep cream in cool place.
- Do not keep cream in damp cellars, or near anything with strong odors.
- Keep your test up to 40 per cent or better in summer.

FIRST GRADE CREAM

Is cream that is sweet or slightly sour and is free from all undesirable odors or flavors.

SECOND GRADE CREAM

Is cream that is too old to grade as first; too sour, and has undesirable odors and flavors. Is frozen, lumpy, or cream that tests less than 25 per cent.

THIRD GRADE CREAM

Is cream that is old, mouldy, rancid, dirty. This kind of cream is unlawful to buy.

THE PRINTING CODE

The printing code has been fully approved by President Roosevelt and the prices for the industry made effective. General Johnson states that the printing code was one of the most complicated he has handled owing to the intricate questions involved in printing. In adopting the code, buyers of printing closely scrutinized the prices recommended by the code authorities in order that the industry should not take too long a profit from the buyers. Now that a uniform price has been recommended the users of printing may feel sure that they will receive a fair price, based upon accurate information as to the cost of production. There is no use of shopping around for cheaper prices. This has not been true in the past, as too many printers used the hit and miss method of calculation. A heavy penalty is provided for violation of the code prices. Most of the major industries are now under codes, and fair prices have been established. One sure road to recovery is open when all lines of business are making a profit, rather than losing money under cut throat methods. The President undertook a stupendous job in attempting to regulate prices in this country, but this stabilization will mean much to the people as a whole, and lead the way back to prosperity.—Canyon News.

The Press Association which met last week in Amarillo has put on new life and a spirit of optimism prevailed throughout the meeting. There's no business that has been harder hit by the depression than the newspaper business but the editor is the last to howl and the first to catch a gleam of hope. They are far from recovery, even now, but they feel that the future is bright and are working and boosting for what they see ahead.—Bob Haynes in Miami Chief.

CAUSES FOR RUPTURED APPENDIX AND DEATH GIVEN

Austin, May 23.—This is the season of the year when more deaths are recorded for appendicitis than in cooler weather. A careful study by the State Department of Health brought out the fact that more appendicitis deaths occurred during the warm months. In twelve months about six hundred and fifty persons died of this disease, many of whom would be alive today if they had not been delayed in calling a doctor.

There are two principal causes for these deaths: the first is delay in calling a doctor, and the second is the taking of strong purges when one has pains in the abdomen. When the appendix is in a diseased condition the taking of strong laxatives often results in the rupturing of this organ. Of the deaths mentioned, 588 of them had ruptured appendix and thirty-five per cent were not operated upon.

The removal of an appendix is now a very simple matter when done early or before the appendix becomes gangrenous and ruptures, which may take place as early as 15-18 hours after the onset of the attack. In the case of abdominal pain that persists do not take a strong purge but call your physician as he will be able to tell you whether or not you have appendicitis and the method you should use in treatment.

Many persons wonder why there is so much appendicitis today when years ago it was never mentioned. The reason for this is that it has undoubtedly been with us always but was unrecognized as a specific condition. One of the common names under which it was cloaked was inflammation of the bowels.

The News this morning received a card from J. H. Collenback, who is in Mineral Wells taking baths, and he says he is feeling pretty well. He also reports that R. C. Wood is doing fine. The report as to J. E. Thompson is not so encouraging. Mr. Collenback of course wanted the paper sent to his address there.

Mr. and Mrs. W. E. Taylor and Mrs. Roy Taylor and baby Louan came up from their Dawson county farm Tuesday to visit the relatives here. W. E. brought along his fish hook and said he was going fishing over in Two-Draw Lake.

Miss Belle Henderson, daughter of Mr. and Mrs. Harve Henderson of Redwine, underwent an appendicitis operation in a Lubbock hospital Saturday. This morning she was reported not to be improving as well as expected.

J. H. Cobb and son, G. L. Cobb, left Monday for Amarillo, called by the serious illness of an aged brother of the elder Mr. Cobb.

Miss Sylvia Robb had as her guests the first of the week her two brothers, D. D. and Glen Robb of Dallas and their wives. On Monday they visited the Carlsbad Cavern.

NOTICE OF APPLICATION TO CONVERT LOTS, BLOCKS INTO ACREAGE

The State of Texas
To the Sheriff or any Constable of Lynn County, Texas, Greeting:
Whereas, on the 14th day of May, 1934, Zappe Land Company filed and presented to the Commissioners Court of Lynn County, Texas, its Application in words and figures as follows:
"Your petitioner, Zappe Land Company, a private corporation, with its principal office at Wilson, Lynn County, Texas, by Wm. D. Green, its President, and L. Lumsden, its Secretary, who are duly authorized, respectfully represents that said corporation owns all these lands situated in Lynn County, Texas, described as follows:
Being a part of the Southeast One-quarter (S.E. 1/4) of Section No. 568, Certificate No. 526, Abstract No. 548, patented in the name of the Tahoka Cattle Company, and described as all of the following blocks in the "Tahoka Heights Addition to the town of Tahoka, in Lynn County, Texas," as shown by the County Clerk's office of record in the County Clerk's office of Lynn County, Texas, and now being used by the Tax Assessor of said Lynn County, Texas, to-wit:
All of blocks No. 1 to 8, inclusive; 10 to 16, inclusive; 18 to 23, inclusive; and 26, 27, 28 and 30; and all of Block No. 9, excepting Lots No. 22, 23 and 24.
That no part of said lands is situated in the incorporated city or town.

That heretofore, on or about March 9th, 1928, your petitioner subdivided the said Southeast One-quarter of Section No. 568, Certificate No. 526, Abstract No. 548, patented to Tahoka Cattle Company, into lots and blocks as shown by the map of said "Tahoka Heights Addition to Tahoka, Texas," of record in the County Clerk's office of Lynn County, Texas, in Vol. 43, page 478, of the Lynn County Deed Records, to which map reference is made for further description.
Petitioner respectfully makes application to the Commissioners Court of Lynn County, Texas, wherein all of said lands are located, for permission to cancel all of the above described portions of such subdivision, together with the following streets and alleys and parts of streets and alleys, to-wit:
All of that part of North First, North Second, North Third and North Fourth Streets extending West from the West line of Wells Street; all of North Fifth Street extending West from the North line of Block No. 3, in Block 16, and the Southwest corner of Lot No. 22, in Block No. 9; all of North Sixth and North Seventh Streets extending West from the West line of Miller Street; all of that part of Green Street extending North from the Northwest corner of Block No. 29; all of Lynn and Edwards Streets; and all of that part of Wells Street extending North from the North Line of North Fourth Street.
All alleys in Blocks No. 10, 11, 14, 15, 16, 18, 19, 22, 23, 26 and 27, and all of that part of the alley in Block No. 9 extending West from a line connecting the Southwest corner of Lot No. 3 and the Northwest corner of Lot No. 22, in said Block No. 9, to be cancelled and returned to acreage.

So as to throw said above described portion of such subdivision, streets and alleys, back into an acreage tract as it existed before such subdivision was made; but Blocks No. 29, 31, 32, 25, "School grounds," and Lots No. 22, 23, and 24, of Block No. 9, and so much of the alley north of said three lots as adjoins same; and so much of the street South of said lots as adjoins same; and so much of Green Street as is West of and adjoins said Block No. 29; all of Lockwood Street; all of Wells Street extending South from the North margin of North Fourth Street; all of North Fourth Street extending East of the West margin of Wells Street; all of Miller Street; and all of the Streets between Blocks No. 32 and 25 and "School Grounds," to be left unaffected by this cancellation.

As grounds for such cancellation, petitioner respectfully shows that such cancellation of that portion of said subdivision above described, which remains the property of petitioner, will not interfere with the established rights of any purchaser owning any portion of such subdivision, and all other owners of any portion of said subdivision have agreed to the cancellation now applied for.

The all of the said land now belonging to petitioner is in reality acreage property, and the assessment of same as lots and blocks works a great hardship on the owners and on the taxing officers, leading often to undue tax valuations, as well as unnecessary great expenses, confusion and possible litigation. Petitioner represents that the cancellation applied for will be a great benefit to petitioner, will work no hardship upon any one, and will greatly lessen confusion, labor, costs and expenses in the assessment and collection of taxes, and will promote the prompt payment of legal taxes on said property.

Wherefore petitioner prays that the Court shall cause notice to be given of this application as required by Article 7227, Revised Civil Statutes of Texas, and after such notice shall have been published as the law requires, that the Court hear and act upon this petition at the next regular term of said Court, and upon such hearing that the Court make and enter an order cancelling so much of said subdivision as covers and includes the above described property now belonging to petitioner and all blocks, parts of blocks, streets and alleys and parts of streets and alleys in the "Tahoka Heights Addition, Tahoka, Texas," except those portions of same hereinabove specifically described as excepted, and authorizing the owner of said land, by written instrument such as is required by law to cancel said subdivision to the extent defined and designated in such order of the Court, and record the same in

the Deed Records of Lynn County, Texas, and authorizing the Tax Assessor of Lynn County, Texas, thereafter to assess such property so thrown back into acreage property, as though it had never been subdivided, and otherwise to pursue the authority and requirements of said Article 7227.

In the alternative, as respects such cancellation, petitioner prays that the Court at such hearing order and permit the cancellation of so much of said Tahoka Heights Addition, to Tahoka, Texas, as the Court shall deem proper.

Respectfully submitted,
Zappe Land Company, By
Wm. D. Green, President.
Attest: L. Lumsden, Secretary."

And, whereas, the foregoing application having been presented to the Commissioners Court, such Court made its order in words and figures as follows:

"On this the 14th day of May, 1934, at a regular term of the Commissioners Court of Lynn County, Texas, all the members of said Court being present and acting, came on regularly to be heard the Application of Zappe Land Company for an order of the Court cancelling and authorizing the cancellation of a portion of the subdivision of the Southeast One-Fourth of Section No. 568, Abstract No. 548, Certificate No. 526, patented in the name of the Tahoka Cattle Company, as made by Zappe Land Company and known as "Tahoka Heights Addition to Tahoka, Texas," by map recorded in Vol. 43, page 478, of the Deed Records of Lynn County, Texas, as set forth in said application, and it appearing to the Court that said application is in compliance with Article 7227 of the Revised Civil Statutes of Texas, 1925; now, in obedience to said Statute, it is ordered by the Court that the Clerk of this Court issue a citation in terms of law, addressed to the Sheriff or any Constable of Lynn County, Texas, requiring him to summon any and all persons interested in such lands to be and appear before the Honorable Commissioners Court of Lynn County, Texas, at the regular term thereof, commencing on the 11th day of June, 1934, the same being the second Monday in said month, in the town of Tahoka, Lynn County, Texas, in the Court House of said County, at ten o'clock, a. m., when and where said application will be heard by said Court, and then and there to protest if desired against

the action therein prayed for; and said citation shall contain a copy of this order and of said application, and shall be published in some newspaper published in the English language in Lynn County, Texas, for three consecutive weeks prior to the 11th day of June, 1934."

Now, therefore, you are hereby commanded to summon all persons interested in the Southeast One-fourth of Section No. 568, Abstract No. 548, Certificate No. 526, known as the "Tahoka Heights Addition to Tahoka, Texas," situated in Lynn County, Texas, and being the land described in the foregoing application and order, by making publication of this citation once in each week for three consecutive weeks before the return day hereof, in some newspaper published in the English language in Lynn County, Texas, to appear at the next regular term of the Commissioners Court of Lynn County, Texas, to be held at the Court House thereof in Tahoka, Texas, on the second Monday in June, 1934, the same being the 11th day of June, 1934, then and there, if desired, to protest against the granting of said application filed in said Court on the 14th day of May, 1934, and being the application hereinabove set out.

Baseball Dope

(By Carl Cross)

Dear editor: Mr. Ponder said he seen the ball game Sundry 'twixt Tahoka and Punkin Center, but he couldn't rite it up fer weapin, and he couldn't weap much fer laffin, an' axed me wood I tell yore readers some of the main feechers of it. Well, it shore had sum and hear's how it looked frum wher I set. The first feecher is, Tahoka got beat (but that ain't nuse), the score bein 6 to 4. Only 7 hits wuz got in the hole game. We got two and Punk C. got the other little 5. But the first three fraims wuz hitless fer Punk C. and the first 5 fer Tahoka—reason, Harley was pitching purty good ball, whilst the kid on the mound fer the visitors didn't give us a chance, 'cause he couldn't throw no strikes hardly—no wonder though, for he's young an' wuz throwin all the time with his rong hand. In the 7 and 2 thurds innings he throwed 14 strikes (sum said it wuz 15), an walked about 14 men besides 2 or 3 batters he hit. In the 6th fraim he give up a hit, then walked 2 men, fillin the bags, then he axidently tossed a strike while "Bo" was lookin, and he mashed it for 3 bags, drivin 3 runs in. The other talley was complimentary—walkin a man wile the bases wuz loaded. Punkin Center rapt a homer in both 6th and 7th verses, each time with one on. Our fellers hit lots of long flies, but they wuz all promptly sacked by Punk C's outer-gardeners, who jest cum along for fun, and seemed to have it. Their hole force fielded errorless, whilst we made 4 bungles, 3 of 'em costin a run. Mr. White Applejack said we needed a pitcher, sum said we needed a manager, an others said we need a new team. But all agree that we need practice an especially in the feald an at the bat. Their relief hurler, Paul's brother, Also throws rong handed, but he had good luck. Howsomever, we're gonna beat some team yet—mind what I say.

SHERIFF'S SALE

The State of Texas, County of Lynn.
Wm. M. Peck, Plaintiff, vs. G. W. Hickerson, et al. Defendant.

In the District Court of Lynn County, Texas.

Notice is hereby given that by virtue of an order of sale issued out of the District Court of Lynn County, Texas, on a judgment rendered in said court on the 8th day of April, 1934, in favor of the said Wm. M. Peck, as plaintiff, and against the said G. W. Hickerson and Laura B. Hickerson, his wife, No. 920 on the docket of said court, foreclosing his deed of trust and mortgage lien against both defendants on the property hereinafter described, and also in said cause Wm. M. Peck, as plaintiff, recovered judgment against G. W. Hickerson, as defendant, on the 8th day of April, 1934, for the sum of \$5137.00, with interest from

said date at the rate of six percent per annum, together with all costs of suit, which order of sale was issued on the 27th day of April, 1934, by the District Clerk of Lynn County, Texas, and placed in my hands for service, I, B. L. Parker, as sheriff of Lynn County, Texas, did on the 9th day of May, A. D. 1934, levy on certain real estate situated in Lynn County, Texas, described as follows, to-wit: All of the South one-half (S½) and northeast one-fourth (NE¼) of Section No. 4, Block C-40, Public School Lands, situated in Lynn County, Texas, less forty acres off of the east side thereof, said forty acres so excepted from said decree, being a part of the defendants' homestead, and levied upon as the property of G. W. Hickerson, same being the property described in said order of sale, and upon which plaintiff was decreed a foreclosure of his deed of trust and mortgage lien thereon against both

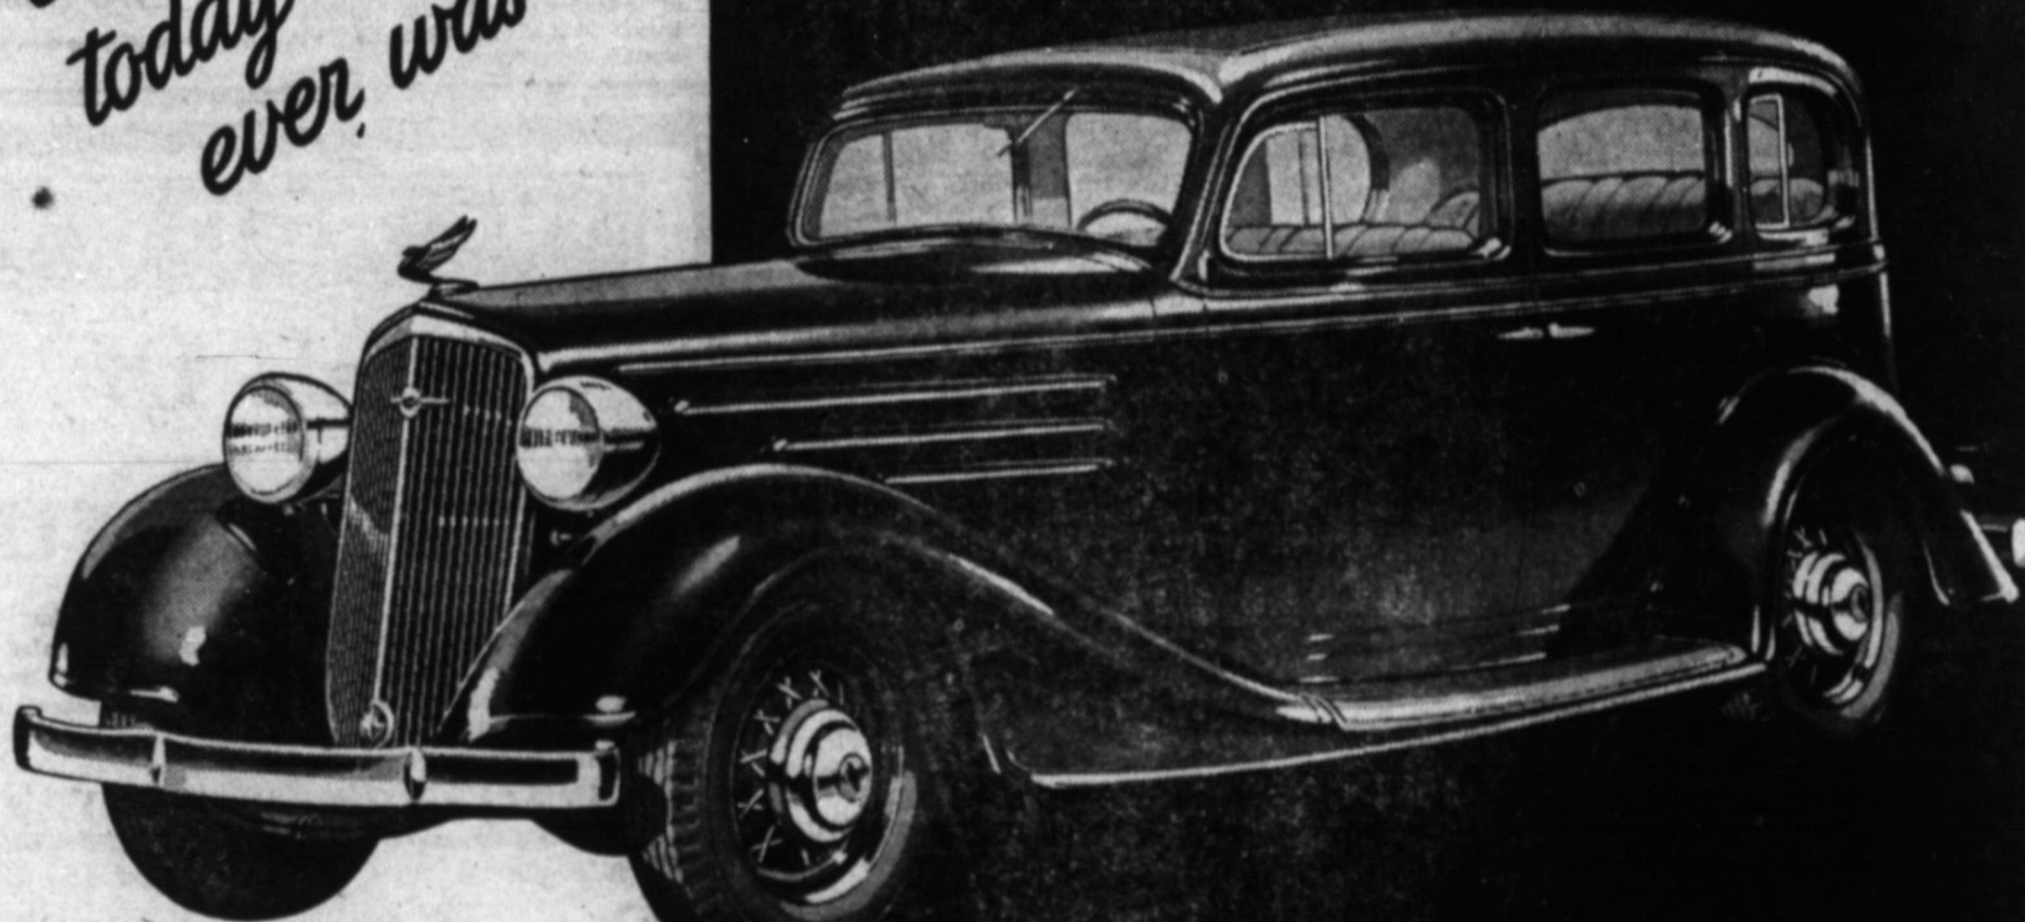

defendants, G. W. Hickerson and Laura B. Hickerson, and on the first Tuesday in June, A. D. 1934, the same being the 5th day of said month, at the courthouse door of Lynn County, in the town of Tahoka, Texas, between the hours of ten o'clock A. M. and four o'clock P. M., by virtue of said levy and said judgment and order of sale, I will sell said above described real estate at public vendue, for cash, to the highest bidder, as the property of the said G. W. Hickerson. And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Lynn County News, a newspaper published in Lynn County, Texas.

Witness my hand, this the 9th day of May, A. D. 1934.

B. L. PARKER, Sheriff, Lynn County, Texas. 38-3tp

more emphatically true today than it ever was

A SIX COSTS LESS TO RUN

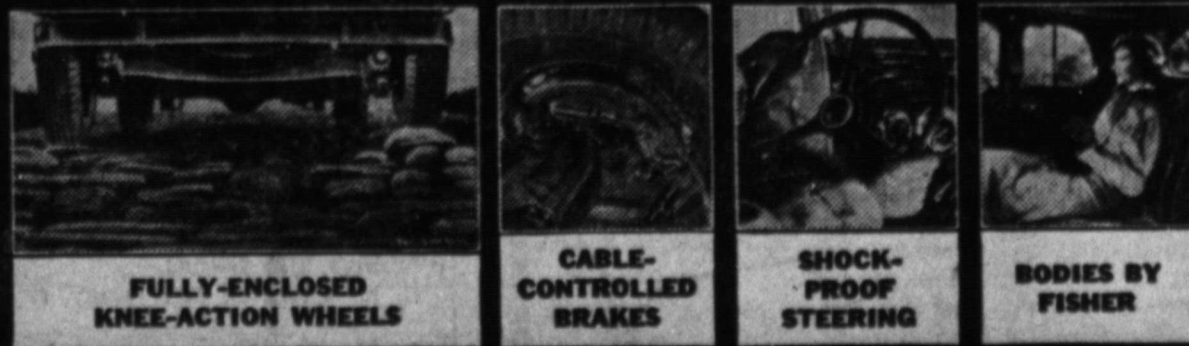

CHEVROLET Engineering facts prove it. Experience in building nearly ten million cars confirms it. And the record of over 3,000,000 Chevrolet Six owners removes any shadow of doubt about it: **The only way to get real economy in a low-priced car is to insist on SIX cylinders and OVERHEAD valves.**

SIX cylinders—no more!—because extra cylinders mean extra cost for gas, oil, upkeep and parts. OVERHEAD valves—nothing else!—for the same good reason that airplanes use them. And speedboats. And racing cars. They get the MOST power out of the LEAST gas. That's why overhead valves are the choice of leaders—and champions.

CHEVROLET MOTOR CO., DETROIT, MICH. Compare Chevrolet's low delivered prices and easy G.M.A.C. terms. A General Motors Value.

... and the **CHEVROLET OVERHEAD VALVE SIX** is the most economical car in the world

Drive it only 5 miles and you'll never be satisfied with any other low-priced car

SHERIFF'S SALE

State of Texas, County of Lynn.

Whereas, by virtue of an order of sale issued out of the 99th District Court of Lubbock County, Texas, on a judgment rendered in said court on the 10th day of April, 1934, in favor of The Peoples Building and Loan Association of El Paso, Texas, and against I. R. Street for the sum of \$1736.98, and costs of court, and for foreclosure of a deed of trust lien on the following described property, and also a judgment for \$116.80 against I. R. Street and a foreclosure of its tax lien upon the following described property, the foreclosure of both of these liens being against I. R. Street, and wife, J. Verna Street, W. C. Yell, Mrs. W. C. Yell, Don Bradley, Mrs. Pauline Campbell, a widow, and W. F. Suddarth, in cause No. 5737 on the Docket of said court, and to me as Sheriff directed and delivered, I did on the 8th day of May, 1934, at 3:00 P. M., levy on said property which is situated in Lynn County, Texas, and belonging to said defendants, to-wit: All of Lots 1, 2, and 3, Block 62, of the Original Town of O'Donnell, Lynn County, Texas; and on the 8th day of June, 1934, being the first Tuesday in said month, between the hours of 10:00 A. Texas Lady Tells How Black-Draught Laxative Helps All Her Family

Here's how Black-Draught fills the needs of a family laxative in the home of Mrs. J. S. Stoker, Fort Worth, Texas: "The grown-ups in my family," she writes, "have always taken powdered Theford's Black-Draught for biliousness, headaches and other ailments (due to constipation) and found it a reliable remedy. I was very pleased when I saw Syrup of Black-Draught advertised. I bought it and gave it to my little daughters, ages 6 and 4. They needed something to cleanse their systems and Syrup of Black-Draught acted well."... Your druggist sells this reliable laxative in both forms. "Children like the Syrup."

REPORTS FROM THE COUNTY CLUBS

Miss Sylvia Robb, H. D. Agent

Edith 4-H Club May Send Delegate to Short Course

The Edith 4-H club met May 18. Most of the girls had their dresses ready to try on. The others were working very hard on theirs. Miss Robb suggested different ways of improving our dresses. She asked us to try to have them finished by the next meeting and we are striving to do so. We want our club to be one hundred per cent if possible. Miss Robb also asked us if we want to send one of our members to the Short Course and then on to Galveston. We are going to do so if possible.

Those present were: Rose Welch, Pauline Mae Harper, Britte Milam McKee, Lodema Garnett, Margaret Shannon, Wanda Dyer, Dorothy Faye Kahl, Iness May Anderson, Ruth Howard, Birdie McKee, Leah Mae Bell, and Irene Banks.

South Ward-Redwine Club Discusses Uses of Yeast Bread

The South Ward-Redwine Club met May 18 in their regular meeting with Mrs. E. W. Holloway. Uses of yeast bread was the subject discussed by the club. The club voted to send Mrs. Roy Tunnell to the A. and M. Short Course. A social committee was appointed by the president.

Those present were: Mmes W. L. Rowe, E. W. Holloway, C. C. Johnson, Hugh Robertson, W. Z. Florence, H. W. Pennington, W. P. Inman, Chas. Patterson, Marvin Hinkle, F. S. Turner, Willis Pennington, Sherman Inman, Miss Mary Ellen Inman.

Edith Club Serves Lunch in Tahoka

According to announcement made last week, the Edith women's H. D. Club served a lunch at the American Legion Home last Friday at noon. Quite a neat little sum was realized but not enough to send a representative to the A & M short course.

The ladies were kind enough to invite the editor and present him with a complimentary ticket, and we can give inside information that the ladies served a mighty good lunch. More of our men should patronize the next one they give.

Edith 4-H Club Girl Has Variety of Vegetables

Irene Banks, food preservation demonstrator of the Edith 4-H club has a variety of 15 vegetables planted in her garden—spinach, mustard, onions, beets, green beans, carrots, parsnips, cucumber, lettuce, English peas, okra, pumpkin, squash, tomatoes, Swiss chard. Irene is enjoying her garden work and plans to fill all the requirements of her position as food preservation demonstrator.

Wells H. D. Club Chooses Delegate to A & M Short Course

Fifteen Wells Club ladies met at the home of Mrs. Dewey Greenwood Thursday, May 17.

After a short business session, in which Mrs. Shelby Baucum was chosen to go to the A. & M. Short Course in July, Mrs. Walter Jordan led in the discussion of ways of using yeast breads.

Delicious refreshments of ice cream and angel food cake were served to the following: Mmes. Shelby Baucum, W. J. Goodins, Walter Jordan, W. G. Allen, Ruth-erford, Levi Gray, Felix Jones, Carl Alexander, John Etter, C. Boich, Dewey Greenwood, John McLaurin, Mrs. F. A. Greenwood, Lester Etter, and Harvey Jordan.

New Lynn H. D. Club Met Tuesday, May 15.

On Tuesday, May 15, 1934, the New Lynn H. D. Club met in the home of Bill Flemings.

Those present were as follows: Mesdames Velma Fleming, F. S. Barton, Tresie Kenley, E. B. Terry, H. Higginbotham, T. J. Jones, R. W. Barton, P. K. Flemings, Douglas Jones, Raymond Stone, Pete Wet-sel, L. M. Reed, J. W. Chesser, J. M. Spears, J. A. Jaynes, T. A. Stone, and Miss Francis Thornbrow. Visitors were: Misses Mavis Jones, Elva Stone; Mesdames D. F. Fleming and Grandmother Flemings.

Delicious ice cream and cake were served. Everyone reported a very enjoyable afternoon.—Reporter.

Rug Valued At \$6.00 Cost Only Two Cents

Mrs. V. A. Botkin, bedroom demonstrator for the Edith H. D. club, is enjoying a beautiful hooked rug at the cost of two cents and her club work put into practice. The rug is valued at \$6.00.

The following merchants gave prizes for the Girls 4-H Club Bedroom winners: Higginbotham Bartlett, J. C. Woodriddle Lumber Co., Cicero Smith Lumber Co., Levine Bros., Jones Dry Goods, Thornhill Variety and Goodnough Shoe Shop.

Draw 4-H Club Met in Club Room May 16

Eleven members of the Draw 4-H Club met in their club room May 16. Miss Robb talked to the girls about how to finish their dresses. All dresses are to be finished by the next meeting which is June 6.

Those present were: Omega Murphy, Doris Cowsey, Emma Gean Porterfield, Quinil Bratcher, Mae Crawford, Geneva Smith, Lois Walker, Lucille Cox, Louise Florence, Maurine Cargile and Alene Spruell.

CHEVROLET TOPS 100 THOUS- AND MARK IN APRIL SALES

Detroit, Mich., May 23.—For the first time in three years, sales of an automobile manufacturer for a single month topped the one hundred thousand mark. This was brought out today in a statement issued by William E. Holler, general sales manager of Chevrolet Motor Company announcing retail sales of Chevrolet passenger cars and trucks during April of 100,046 units. This figure includes Canadian, export and domestic deliveries.

This compares with 59,193 units in April, 1933, and 96,893 units in March of this year, according to the statement.

Retail sales the first four months of this year totaled 281,033 as compared to 184,138 in the same period a year ago, an increase of 52 per cent.

Chevrolet's April retail sales record is considered significant in view of the fact that this company has suffered an acute car shortage, practically since the new 1924 models were introduced and only now is catching up in a small measure with the thousands of unfilled orders on its books. Retail sales were higher than for any similar period in 35 months, since April, 1931, to be exact, and this tremendous retail volume, according to Mr. Holler is the direct result of the modern features and many unusual improvements incorporated in the new 1934 knee-action models.

Kept Taking Cardui Until She Got Rid of the Severe Pains

When Mrs. Ida Hege, of Edinburg, Ind., was in a painful, run-down condition, she took Cardui, with the results she describes below: "I had just been what one might say dragging around, feeling miserable and all out of sorts. I remembered how Cardui helped my aunt. I sent for six bottles of Cardui and when I had taken them, I was much better and stronger. I did not suffer so much pain. I continued taking Cardui until I had taken nine bottles. I do not have the severe pains." . . . Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician.
