

April 13 Double Ring Ceremony Unites Evelyn Chapman and Pfc. Bobby Seid

Rev. R. V. Luna, pastor of the Assembly of God Church in Muleshoe, officiated at the double-ring ceremony Sunday, April 13, uniting Miss Evelyn Chapman, and Pfc. Bobby Seid.

The new Mrs. Seid is the daughter of Mrs. John W. Chapman of Hopewell, Va., and is a graduate of Hopewell high school.

The church was decorated with snowball flowers and evergreens. The altar was decorated with large bows of white ribbon on an arch of lace ferns and wedding bells.

The bride wore a light blue street length dress with white accessories. She carried a white carnation bouquet and a white Bible topped with white roses and orange blossoms.

Best man was the brother of the bridegroom, Matron of honor was Mrs. Reba Seid, of Lovington, N. M.

Following the ceremony, the couple left for a trip to Albuquerque, N. M., and returned to

Ft. Lee, Va., where Bobby is stationed. He will end his service term in September.

Out-of-town guests included Mr. and Mrs. G. W. Riddle of Booker; Mr. and Mrs. R. E. Simmons of Vega; June Riddle and Jerry Fosson of Lovington, N. M.; Lenro Jennings and Peggy Browning of Vega; June Riddle and Jerry Fosson of Booker; Darrell McNabb and Brooks Glibreath of Lovington, N. M.

Elizabeth Farley President Of PBW Club At Denton

Miss Elizabeth Farley, junior business-secretarial major from Muleshoe, was recently elected president of the Professional Business Womens Club at Texas Womens University at Denton.

Miss Farley was also named to the Deans List for the first semester, having a grade point average of at least 2.3 out of a possible 3.0.

She was a duchess at the recent Texas A&M Cotton Ball, and is the daughter of Mr. and Mrs. John Farley of this city.

Blackwater HD Club Meeting Held April 15

Mrs. H. C. Elliott was hostess to the Blackwater Valley HD club Tuesday, April 15.

A new secretary-treasurer was elected to replace the former one who had resigned from the club.

Thursday, April 17, was set as all day club day to quilt a quilt in the home of Mrs. Charles Glover.

Mrs. Harriette Brummett, agent, gave a demonstration on cleaning carpets and upholstery.

Refreshments were served to eight members and Mrs. Harriette Brummett.

The next meeting will be held in the home of Mrs. Charles Glover, Tuesday, May 6, 2:00 p.m.

District School Of Instruction Held In Plainview

A successful School of Instruction for Eastern Star Chapters in District 2, Section 3, was held Thursday, April 17, in Plainview.

The school was under the supervision of Mrs. Ruby Enloe, Worthy Grand Matron, Bryan; Mrs. Inez Boyd, District Deputy Grand Matron, Seymour; and Mrs. Anna Dell Quebec, Deputy Grand Matron, Lockney.

The Chapter Room was beautifully decorated with flowers, sprays of blossoms and white doves, depicting the school theme, "Garden of Peace". Mrs. Elizabeth Elliott, Grand Examiner, Colorado City, was in charge of the examinations for Certificates of Proficiency, 113 "A" certificates and 93 "B" certificates were issued.

Members from Muleshoe receiving "A's" were: Mr. and Mrs. Elbert Nowell, Mrs. Wynnie Dunn and Mrs. Mary Farley. Receiving "B's" were: Mr. and Mrs. Tom Smith, Mrs. Jewell Strong, Mrs. Lou Green, Mrs. Ada Thomson, Mrs. Lavon Hinkson and Mrs. Ruby Green.

Mrs. Lou Green, Worthy Matron of Muleshoe Chapter filled the office of Warder in the day sessions and the office of secretary in the evening session. She and Mrs. Peggy Childers assisted in serving coffee. Mrs. Wynnie Dunn presented the gifts to Grand Officers.

Knowledge Of Outer Space To Bolster Religion

Rev. Harry Vanderpool, pastor of the First Methodist Church, of Littlefield, was the speaker for the luncheon meeting Tuesday of the Rotary Club. He was introduced by Rotarian Ralph Douglas, long time friend, who had charge of the program.

Rev. Vanderpool presented some thoughts on man's present day attempts to master outer space and what effect our eventual travel to other planets might have on our religion.

Will we find other planets occupied by people or some other intelligent creature of which we have no inkling; will they practice the same religion or have the same religious ideas; would they seek to send missionaries to earth to convert us to their system of religion.

Regardless, he said, of what we may find when we travel to other planets, certain Christian truths and principles are eternal and enduring. He is satisfied that, because our discovery of the immensity of the universe, all of which God created would cause us to be humble; therefore more sincere and devoted Christians.

Guests included Rotarians W. A. Dorman, Lubbock, and Ellis A. Todd, of Sudan Club; Mr. Dorman brought with him George Schinn, Lubbock; and Ray Franz, Portales, was guest of Rotarian Senn Slemmons.

Clyde Black, manager here for Texas Sesame Growers, Ass'n., was introduced as a new member.

New Officers Of P-TA Installed At Monday Meet

New officers of the Muleshoe P-TA were installed Monday afternoon by Dr. C. V. Wivel of the Rotary Club. Dr. Wivel also gave an interesting talk prior to the installation.

Paul Summersgill, band director, spoke on "Young Voices Fill The Air."

Students of Mrs. Middlebrooks, Mrs. Clegg and Mr. Clegg and the freshman class, won the room count awards.

The next P-TA meeting will be the third Monday in September.

GOES WITH LAW FIRM

Miss Walter Marie Boness, of Muleshoe, has accepted employment as secretary in the law firm of Napier and Mote, Lubbock. She is the daughter of Mr. and Mrs. Walter Boness, of Muleshoe. After graduating from high school here in May, 1957, she entered Draughon's Business College in Lubbock, where she majored in secretarial science.

Slumber Party

Gene Autry entertained the boys in his class at school with a slumber party Friday night. Mrs. Autry says the boys played and ate until 4 a.m., before shutting an eye, but all were up and about Saturday morning feeling none the worse. Boys enjoying the night with Gene were: Pat and Mike Risinger, Curtiss Archer, Dennis Medlin, Roger Jones, Elyis Henderson, Dennis Turney, Lamar Pollard and Gene.

Hi-Lo Piano Club Meets On April 28

The Hi-Lo piano club will meet April 28 at 7:30 in Fellows Ship Hall, according to Mrs. Sam McKinstry, club counselor.

There will be a short musical program, and parents will be asked to tell some of their musical experiences.

Hostesses will be Mmes. J. A. Nickels, Lee Pool, L. W. Phillips, and Jess Pendergrass.

WCSA To Elect Officers At Next Meeting

The Woman's Society of Christian Service of Muleshoe Methodist Church met Tuesday in the Youth Chapel with 13 present.

The program was given by Mmes. I. F. Williams, W. D. Moore and Dean Bishop.

Three 4-H Teams To Lubbock for District Meet Held May 3

A demonstration contest by 4-H club girls was held in the REA building in Muleshoe last Saturday. Judges were Mrs. Harold Newsom and Mrs. Bill Gipson.

One dairy foods team entered, Polly Kindle and Betty Sue Hutton, of Three Way, and placed with a blue ribbon.

Two vegetable teams entered. They were Trudy Davis and Mary Ellen Wedel of Progress, who placed with red ribbon; June Gray and Frances Cooper of Progress placed with blue ribbon. One safety team, Pat Thomson and Mary Gross of Progress won a blue ribbon.

An electric demonstration was given by Betty Sue Hutton of Three Way, and she was also awarded a blue ribbon in this category. She won a red ribbon for Public Speaking.

The three teams winning blue ribbons in the Dairy Foods, Safety and Vegetables will represent Bailey county at the District meeting to be held in Lubbock May 3.

Ladies To Serve Luncheon At Golf Club On April 27

Luncheon will be served by the ladies of the Muleshoe Golf Club from 11:30 a.m. until 1:30 p.m. on April 27. This is the day of the finals in the club golf tournament, and the luncheon is open to the public. Meals will be served to adults at \$1.50 per plate, and 75 cents for children 12 and younger.

The luncheon menu will include turkey and dressing or ham, fruit salad, green salad, green beans, new potatoes, fruit cobbler, hot rolls and tea or coffee.

Pleasant Valley HD Club Meets

The Pleasant Valley Home Demonstration Club met Thursday afternoon at the home of Mrs. H. W. Kendrick, with Mrs. Jim Parish as co-hostess.

The club members discussed the county wide dress review for May 14 to be held at Springlake. The next regular club meeting was planned. It will be an all day meeting at the community center. Everyone is to bring a covered dish for lunch and also their friendship day gift to be exchanged. Visitors are welcome to come and enjoy the day.

Mrs. Jo Meeks who has been serving the club as president, resigned her position and Mrs. Ted Robbins was elected for the remainder of this year. Another change made was the changing of the meeting time back to the first and third Thursday afternoons as it was previously.

Mrs. Lady Clare Phillips gave an interesting program on gardening.

Refreshments were served by the hostesses to a new member, Mrs. Kenneth Price and to members, Mmes. Mildred Stewart, Vera Barnett, Glenda Haley, Dolores Duncan, Jo Meeks, Gladys Moore, Ruth Robbins, Loretta Gregory, Lena Taylor, Lillie Wuerflein, and Joyce Green.

Mrs. Blackburn Is Book Reviewer At ESA Sorority Meet

Mrs. Horace Blackburn gave a review of the book, "This I Believe," at the ESA sorority meeting held April 23 with Mrs. Kenneth Precure and Mrs. Carl Bamert as hostesses.

The group voted to hold a mother-daughter tea on May 14 at 8 p.m., with Mrs. Roy Jordan as hostess.

Refreshments were served to 19 members and ten guests.

Muleshoe HD Club Demonstration On Civil Defense

Two interesting demonstrations were presented to the Muleshoe Home Demonstration Club when it met Tuesday in the home of Mrs. M. T. Hukill.

Mrs. S. C. Caldwell gave the demonstration on "Carpet and Upholstery Cleaning", and two girls from the Progress 4-H Club, Mary Gross and Pat Thomson, presented the safety demonstration, "Tornado Defense" that won them a blue ribbon last Saturday in the County 4-H contest. Twelve members and three visitors were present. The next meeting will be May 13 in the home of Mrs. Bill Gipson.

U. N. Delegate Contest Friday

Muleshoe Rebekah lodge met Tuesday night with Evelyn Calder, Noble Grand presiding, Ruby Green made a report on the association meeting at Levelland. Thirteen members attended; door prize went to Clara Collins.

We will meet Monday night, April 26, for regular business and initiation, so that the members who would like to go to Whiteface Tuesday for the instruction of the Rebekah Lodge may do so.

Elimination contest for selection of the U. N. delegate will be at 8 p.m. Friday night, April 25, at the I. O. O. F. hall. The public is cordially invited.

Robert Robinson won the local division of the U. N. essay contest in the Muleshoe high school. Contest to select a delegate to the U. N. from Bailey county is sponsored by Needmore Oddfellow and Rebekah Lodges, Muleshoe Oddfellow and Rebekah Lodges, and the Muleshoe Canton and Auxiliary.

"Dust storms sure were bad news — till I switched to **AMALIE L. P. G.!**"

No game is as unpredictable as golf, and picking the winner of a major tournament is strictly guesswork. But if there was ever a golfer who was close to a "sure thing", it was Bobby Jones. Many experts consider him the greatest of them all, and the record bears them out.

For the decade when he competed as an amateur, he was almost unbeatable. Five times he was U. S. national amateur champion, and four times he took the national open crown.

Then came his greatest year, the year of the incredible "Grand Slam", a feat unmatched by any other golfer. He began in Britain, winning both the British and Open and the British Amateur championships. Then he returned to the United States, and completed his amazing sweep by winning the U. S. Open and the U. S. Amateur... taking the four major titles in golf in a single season.

Remember the year? It was easy to predict what a man would do when he bought a car that year. He'd shop around for the best deal he could get, the one that offered him tops in trade and terms.

The year was 1930. If you've even thought about buying a new car this year, we'd like you to see and drive the new 1958 CHEVROLET. When you find out the kind of trade we can give you right now on your old car... and the easy monthly terms you'll see that "now's the time to buy" at—

Salad CARNIVAL

ORANGE PINEAPPLE MOLD SALAD

- 1 envelope gelatin
- 1/2 cup cold water
- 1 8-oz. pkg. Philadelphia Brand Cream Cheese
- 1/2 c. Miracle Whip Salad Dressing or Kraft Mayonnaise
- 1/2 c. canned pineapple juice
- 1/4 c. orange juice
- 1/2 teaspoon salt
- 1 c. drained canned crushed pineapple
- 1 tsp. grated orange rind
- 8 Bibb lettuce
- Orange slices, cut in half
- Maraschino cherries
- Miracle French Dressing

Soften the gelatin in the cold water. Dissolve over hot water. Combine the cream cheese and salad dressing or mayonnaise, blending until smooth. Add the gelatin, pineapple juice, orange juice and salt. Chill until slightly thickened. Fold in the pineapple and orange rind and pour into a fancy 1-quart ring mold. Chill until firm.

Brighten up your spring meals with a delicious new salad . . . and let Piggly Wiggly supply the ingredients. Garden fresh produce, rushed to Piggly Wiggly in refrigerated vans, plus a variety of Kraft and other national brands at lowest prices.

Try the recipes shown here or make your own salad specialty! S & H Green Stamps with every purchase . . . Double every Tuesday, with \$2.50 purchase or more!

FROZEN FRUIT SALAD

- 1 c. Miracle Whip Salad Dressing
- 1 8-oz. pkg. Philadelphia Brand Cream Cheese
- 2 tbsp. confectioners' sugar
- 1 c. diced pineapple
- 1 c. diced apricots
- 1/2 c. chopped maraschino cherries
- 1 c. heavy cream, whipped
- Leaf lettuce
- Maraschino cherries with stems

Gradually add the salad dressing to the cream cheese, blending until the mixture is smooth. Add the sugar, pineapple, apricots and chopped cherries. Fold in cream. Pour into 6 or 8 individual molds, depending on size, and freeze until firm. Unmold each serving on lettuce on a salad plate. Garnish each with 2 maraschino cherries.

72 GOLFERS IN CITY TOURNEY Championship and 8 Flights Play First Round; Semi-Finals Sunday

A large gallery watched the unusually large field of contestants tee off Sunday afternoon at Muleshoe Golf Club to begin the annual men's city tournament. Number of entries caused a championship and eight flights to be arranged. First round matches were concluded and by Monday and Tuesday second round matches had been started, although only about one half of the matches had been played through Wednesday.

First round results in each flight are listed below:

CHAMPIONSHIP
Wayne Mantooh over Russell Haberer, 1 up.
Stan Barrett over J. Renner, 2 up and one to play.
Irvin St. Clair over Russell Bryant, 3 and 2.
Bill St. Clair over Bernard Phelps, 2 and 1.

FIRST FLIGHT
Woodie Lambert over Herbert Griffiths, 6 and 5.
Whimpy Walker over John Mock, 3 and 1.
Houston Hart over Noel Woodley, 2 up.
Gil Wollard over Joe Butler, 1 up.

SECOND FLIGHT
Dudley Malone over Dr. Slemmons, 2 and 1.
Senn Slemmons over Don Moore, 1 up in 20 holes.
Buck Wood over Charles Alsop,

Reed, 3 and 2.
Charles Lenau over Jack Young, 4 and 3.
Pat Bobo over Pesky Winn, 1 up.
Andrew Brown over Sam Gholson, 3 and 1.

EIGHTH FLIGHT
Dick Martin over Howard Elliott, 4 and 3.
Truman Lindsey over J. E. McVicker, 1 up.
Bob Harvey over Earl Richards, 2 and 1.
James Jones over Thurman White, 1 up in 19 holes.

First round winners in each flight go into consolation; if a player loses one round in consolation he's out of the picture. Quite a lot of interest therefore hinges on the consolation play. Semi-final matches will be played next Sunday afternoon.

THIRD FLIGHT
John Gammons over M. L. LeVeque, 3 and 2.
L. S. Barron over B. Z. Beaty, 2 up.
O'Neal Rocky over A. D. McCarty, 2 up.
Loyd Mingus over A. S. Stovall, 4 and 3.

FOURTH FLIGHT
David Carson over Fred Johnson, 3 and 2.
E. A. Flatt over Chief Jones, 1 up.
Alex Williams over Don Taylor, 2 up.
Morris Douglass over Eit Evans, 1 up in 19 holes.

FIFTH FLIGHT
Harold Newsom over Kenneth Hanks, 1 up.
Clyde Holt over Ben Foster, 3 and 1.
Jim Gaede over Babe Barbour, 3 and 2.

SIXTH FLIGHT
Bill Connell over Bill Thomson, 3 and 2.
Connie Gupton over Red Johnson, 5 and 4.
Jerry Angeley over Harold King, 4 and 3.
Wayne Clark over Francis Gable, 4 and 3.

SEVENTH FLIGHT
Vance Wagnon over "Digger"

JIMMY HOLT JUST LIKES TO RUN

Muleshoe Track Star In Senior Year Having His Best Season

Jimmy Holt, Muleshoe's gift to the world of track sport, is a great star in his own right down at the University of Texas, but he would get a lot more publicity and public notice were it not for his great teammate and fine friend, Eddie Southern, the junior track sensation.

When you go to playing round with a little over 47 seconds in running a quarter mile, you're great by any standards, Jimmie does that; but Southern comes along with, the other day, a 44.6, fastest lap ever timed in a relay race.

This writer has watched Jimmie run since he was in the 8th grade here in Muleshoe school, watched him improve every year. Others here have watched Jimmie run all that time, too, and they say, "I've never seen him run a

poor quarter".

His schoolboy mark of 50.5 seconds still stands as the record in the regional meet held each year at Lubbock. Jimmie has improved since that time.

And time and again he has been the difference in a second rate mile relay team and a winner. For instance, in the great Kansas Relays Saturday, when Texas' team set a new intercollegiate record with a timing of 3:09.1; Wally Wilson, first lap runner for Texas was out of shape, managed a 49.2, leaving Texas in fifth place; next man, Drew Dunlap, ran a 47.9 quarter and advanced Texas to third place; Jimmie brought his team back into competition and handed off to Southern even with Kansas runner Dodds and Stolarczyk of Colorado. The Star-Telegram writer said Dodds stayed closest to Southern, but couldn't have thrown his baton and hit the flying Texas.

Jimmie and his team mates ran in two other races that day at Kansas. He ran the opening 220 yard lap in the 880 yard relay, a race Texas lost narrowly to Oklahoma A&M, but recorded a 1:24.1 for the distance, one tenth of a second off the world record only 13 months ago.

Jimmie ran the opening quarter in the distance medley relay. He put the Longhorns in the lead with a sizzling 47.8 lap, but his successors lost ground steadily and Texas was far back in second place when the race was over.

The Longhorns, and representatives of other Texas schools will be in Iowa this week for the famed Drake Relays. Holt's college running days will soon be over; he's run for many years now and no one has ever heard of his going stale or losing the keen desire to run.

TO COMPLETE TRAINING
Marine Pvt. Paul K. Hughes, son of Mr. and Mrs. Paul W. Hughes of 500 Grand Ave., Friona, is scheduled to complete recruit training April 25 at the Marine Corps Recruit Depot, San Diego, Calif.

The 11-week course includes instruction in all basic military subjects and the firing of all basic infantry weapons.

Upon completion of training new Marines are assigned to a unit for further infantry training, or to one of the many Marine Corps schools.

SCIENCE STUDENTS HAVE PREPARED DISPLAYS
Science classes in Richland Hills elementary school, grades one through six, have prepared displays and demonstrations on various phases of science and the public is invited to visit the school and see the work of these youngsters.

Frank Ford, principal, said the displays and demonstrations may be seen in rooms 21 and 24, in the school's south wing. The rooms will be open during school hours beginning today through next Wednesday. Demonstrations are staged from 1 to 2 o'clock each day.

LAZBUDDIE FARMERS UNION TO MEET APRIL 28
Richard Alexander, State secretary and Insurance Manager of Denton, will be the main speaker at a meeting of the Lazbuddie Farmers Union to be held at the school auditorium, April 28 at 8:00 p.m.

There will be entertainment and refreshments. Families of members are invited to attend.

Turn In MOD Cans
Sam Lindley, county MOD chairman, this week issued an appeal to all business houses which have MOD coin collectors, to please contact him or turn them in to him or Norman Thomas at Muleshoe State Bank.

Muleshoe Pupils Won Many Places In District Elementary Meet At Dimmitt

Muleshoe students did very well for themselves in the interscholastic League elementary literary contests held for District 1-A in Dimmitt. Muleshoe youngsters placed as follows for the three schools:

Mary DeShazo School
Spelling: Joyce Adams and Delia Porras, 2nd.
Declamation, boys: Barry Lewis, 2nd.
Picture Memory: Suzanne Goss, Shirley Hurst, Delia Porras, Susan Birdsong, and Linda Dement, 4th place. These had 100 per cent papers and the entire team averaged 98.5.

Junior High
Spelling: Barbara Surratt and David Douglass, 3rd.

Number Sense: Billy Gilbreath and Mary Ellen Wedel, 3rd.
Girls' Declamation: LaNelle Booth, 1st.
Boys' Declamation: Dick Allison, 3rd.
Ready Writers: Juanita St. Clair, 3rd.

Richland Hills
Spelling: Sheryl Stevens and Linda Scott, 1st.
Picture Memory: Team won second: Donna Kay Phipps, Sherry Lynn Billingsley, Sherry Lynn Lumpkin, Paulee Rojas, Stanley Black, Ronald Coomer, Tommye Welch, Sharon Tiller, Jane Pitts, Shirley Jean Smallwood.
Story Telling: Diane Avery, 2nd.
Declamation: Dusty Thomas, 3rd.

There Will Be a Regular Meeting
SATURDAY NIGHT, APRIL 26

At The Navajo Lodge No. 3 in the
Redman's Lodge
Texico, N. M.

— ALSO A BUFFET DINNER —

All members are urged to attend and bring a new member.

8 p. m. Texas Time

NEW "DRIVE-IN" OLIVER CULTIVATORS

Are Quick to Attach

New "drive-in" mounted 2-row and 4-row cultivators for Oliver row crop tractors can be attached in a few minutes. Besides, they're interchangeable among the three tractor sizes, adjustable in row width from 28 to 42 inches.

Here's unusual flexibility, too. Gangs are provided for each half row to make cultivation of bedded, terraced or rough fields easier. Gangs can be raised independently for cultivating point rows, along fences or ditches... lift to 10 inches on the outside for fast transport, and always to the same height regardless of cultivating depth. Many special attachments available.

3 CROP PAYMENT PLAN

Tractors may be purchased for 35% down, which your trade-in will probably cover, and up to \$500 in implements with no additional down payment.

Bula's Roberts Stars In Class B At Lubbock

Muleshoe scored three points in the clas A division of the Region I track and field meet held in Lubbock Saturday, with Jack Dunham winning second place in discus throw with 134 feet, three inches.

Norvel Roberts of Bula was a star in the class B division of the meet, winning the 10 yrd dash as well as taking second in the 220. Bula scored eight points in the meet.

Prize Winning Demonstrations Given This Week

Pat Thompson and Mary Gross, members of the Progress 4-H club, who won the county contest, gave their winning demonstration on safety to the West Camp and Muleshoe Home Demonstration clubs Tuesday and Wednesday of this week.

The demonstration was presented to the Progress club Thursday. The girls will represent the county at the district 4-H contest in Lubbock May 3.

Irrigation Installations Featuring
TWO WORKHORSE LINES OF ALCOA PIPE

New Alcoa® Lite-Line Irrigation Pipe... priced low, brings high-yield benefits of irrigation within reach of every farm. Lite-Line is a welded pipe, built to give years of profitable service under all normal irrigation needs.

Alcoa Lite-Line has a stronger alloy, excellent corrosion resistance. It's clad to withstand harmful minerals and chemicals. Extra interior smoothness cuts pumping friction. Uniform diameter insures full-rated performance.

Alcoa Standard... the heavy-duty Alcoa Pipe that pioneered portable irrigation. For years our engineers have recommended it for our complete irrigation systems.

Alcoa Standard is a seamless extruded pipe. Full-thickness walls guarantee extra dent resistance, even under the most rugged conditions.

We stock a full line of quality irrigation equipment... pumps, couplers, sprinkler heads and Alcoa Pipe. Our trained engineers will help you develop an irrigation system to water your land right. We'll be glad to figure with you.

FAVORITE SON IS HONORED Ernest Ware Selected As Airman Of The Month; Serves In Overseas Group

People of this community will be thrilled by this story of the continuing success of one of Muleshoe's favorite sons, Ernest Ware. The Journal editor has watched the career of this boy for a long time, and we have always considered him eligible for selection as the boy "most likely to succeed". The signal honor recently bestowed upon him by the Air Force unit in which he serves couldn't come to a finer young man. The article below first was printed in The Morton Tribune.

Born in Friona, Texas, he began his formal education in Muleshoe. At Muleshoe high school, he was class president and a member of the Student Council during his senior year. In addition, he worked as editor of the year book and student directory.

A. S. George E. Ware

A. S. George E. Ware, son of Mr. and Mrs. L. E. (Shorty) Ware, of Morton, has been named Airman of the Month in his overseas unit, the 6921st Radio Group, Mobile.

Graduate of the University of Texas, winner of a citizenship award in high school, and holder of the Gold Key in Journalism—are among the honors accumulated by A. S. George E. Ware.

According to a dispatch from an Air Force paper, here is the information concerning Ware's naming for honor:

"Airman Ware was chosen Airman of the Month not only because of his complex job, but also for his high character and morals which he has displayed throughout his tour in the Air Force.

All this time was not spent in just academic study; to gain extra money and practical experience, he worked part time as a bookkeeper at Wagon Grocery. As a result of showing this extra

initiative, he was presented with the Citizenship Award when he graduated. His hobbies in high school were photography and the collection of stamps and coins.

In 1952 Airman Ware entered the University of Texas. While there he served as assistant dietitian in Seton Hospital, dietician of the men's Student Co-op (Campus Guild), business manager of the Texas Good Neighbor Commission, accountant for the Contingent Expense Committee of the Texas Legislature, Military Section editor of the college Year Book, and member of the Arts and Science Assembly of the Student Assembly.

Moreover, he participated in the World University Services Committee and Forum Speakers Committee and consequently, by participating in such, was admitted into the Alpha Phi Omega Fraternity, and received the Outstanding Award for 1954-1955, and the Gold Key in Journalism.

After graduation from the University of Texas, he enlisted in the United States Air Force in January 1956. Next he traveled to Kelly AFB and the University of Syracuse and received primary and secondary training in intelligence work. He was then assigned to the 6921st Radio Group, Mobile.

Now, at First Radio, he is the Assistant Educational Coordinator and Advisory, and is in charge of all correspondence courses for E-I and USAFI. He has enrolled over 100 men in these courses.

Besides furthering his own education, he devotes his time to

New Texas Travel Maps Available

The Texas Highway Department this week released the new 1958 Official Highway Travel Map. Maps may be obtained by writing the Texas Highway Department, Austin 14, Texas, or at the Highway District Offices and ward instructing in the classes.

At the present time, he has completed four courses: two in business law, one in office management, and one in Military Policy. Despite his accomplishments, he has not relaxed, for he is enrolled in an International Political Relations Course and is taking an SCI Intelligence course and USAFI Russian language course.

Colonel Gerald E. Cranch, his commander, recommended him in this manner: "Airman Ware is a firm believer in man's ability to perfect himself by industrious application of self to work at hand and the utilization of every free moment for the practical good. This positive view has earned for him the respect of his fellow workers and he is constantly called upon for counsel and advice."

"Airman Ware is a model Airman. He is courteous and respectful to all and an earnest and hard worker. He enjoys the trust and confidence of his superiors who do not hesitate to remark that he is quite capable of performing almost any task with a minimum of supervision."

Travel Information Bureaus. County tax offices have map cards available for requesting copies of the map.

The Official Highway Travel Map is used by all state and governmental agencies in Texas for determining highway distances, mileages, zones, and like information. The same map is used by Texas tourists seeking roads to recreational and historical attractions throughout the state. The reverse side of the map reflects in full color some of the outstanding scenic and recreational facilities in Texas.

Texas' new 1958 travel map is the answer to today's demand for more and more travel information. The steady growth of Texas from a state with a population of slightly over seven million just ten years ago to its

Highway Patrol Issues Bulletin On Motor Scooters

The Muleshoe office of the Highway Patrol issued the following information this week, relative to the operation of motor present estimated population of more than nine million is reflected by the information shown.

The number of cities and towns indicated on the 1948 map was 567. Today, there are 1,812—an increase of 1,245. State and U. S. highways have been increased by 2,026 miles, and farm-to-market roads from 620 miles to 17,126 miles—a 16,506 mile increase. The map reflects a total of 43,292 miles of highways.

Roadside parks, long cherished by Texas highway users, were not shown on the 1948 map. Today, 1,026 roadside parks are pinpointed as pleasant stopping places. Divided highways also show a startling jump in the ten year period. In 1948 there were 110 miles of divided roads shown. Now there are 1,007 miles marked on the map with the black bands and red center indicating divided highway miles.

scooters in this area. Motor scooters with less than five horsepower come within the limits of the state Responsibility law, and must be registered, and bear a safety sticker.

A special combination operator and commercial operator restricted license may be issued to any person between the ages of 14 and 16 years, to operate only a motorcycle, motor scooter or motorized bicycle.

Applications for licenses must bear the signature of parents or guardian of the applicant minor. Examinations are given in the usual manner by the license examiner, who is in Muleshoe at the courthouse each Wednesday for that purpose. Examination shall include written tests as well as a demonstration of applicant's driving ability.

Farm Labor Days Each Thursday

Farm Labor Days are held here each Thursday afternoon from 1-4 p.m., at the office of Texas Employment Commission on the courthouse square west.

William L. Willis, office manager for the TEC announces that the meetings are to bring farmers and farm laborers together to the mutual advantage of both.

Crippled Children Clinic To Be Held Monday, May 5

Plans to conduct a clinic for all crippled children of Bailey county and surrounding counties have been announced by Dr. Wallace I. Hess, Acting Director of the Lubbock City-County Health Unit. The clinic will be held on Monday, May 5, at the Lubbock Cerebral Palsy Treatment Center, 3502 Ave. N, in Lubbock.

Registration for the clinic, sponsored by the Lubbock County Society for Crippled Children, Inc., the Lubbock-Crosby County Medical Society, the Lubbock City-County Health Unit, and the Crippled Children Division of the Texas State Department of Health, will begin at 9:00 a.m. No charge will be made for examination.

It will be open to all children, under 21 years of age, who are crippled or who have conditions which might lead to crippling. Parents are requested to accompany the patient.

PAPER for all purposes at The Journal. Phones 5400 or 7220. We deliver.

FORMER SENATOR KARL L. LOVELADY ANNOUNCES FOR STATE SENATE

TO THE VOTERS OF THE 30th SENATORIAL DISTRICT:

I take this means of announcing my candidacy for the office of State Senator of the 30th Senatorial District in the forthcoming Democratic Primary. I make this announcement after careful and considered appraisal of the voiced opinions of the many persons who have come to me and that I have gone to see, who have insisted that I make this race based on my past record in the State Senate of Texas to keep the state out of debt and to vote a vote for all the people and not a vote for the chosen few.

I base my candidacy on the following platform:

HONESTY AND INTEGRITY—

The past few years have brought dark clouds of dishonesty and corruption in our state department, and I for one, if elected your State Senator, propose to do my part to see that the people of Texas shall once again have confidence in our government.

FARMING—

I believe in a broader "Farm-to-Market" road program, by trying to get an additional \$50,000,000 per year to the amount now spent, for more farm roads.

I believe in a much broader rural electrification and rural telephone program so that every farmer will benefit.

I would like to see a state supported experimental farm, to be located in the heart of the vegetable growing district, for experimentation in the growing of vegetables.

I would support a program to conserve our surface water supply by the state expending money for the construction of dams on all rivers and draws where needed. (In doing this we would also have places for recreation right here in West Texas.)

I would amend the present employment law so that the TEXAS EMPLOYMENT COMMISSION would bring into any given area suitable labor to be used on the farm where said labor is not locally available at the time when this labor is most needed by the farmer.

I would vote for and support a stronger seed regulation law in order to put this state on a par with other states in seed regulation. I will always oppose any legislation to unionize farm labor.

SCHOOLS—

A stronger emphasis on the teaching of the basic subjects of reading, writing and arithmetic in the lower grades, and on mathematics and science in high school, so that we can better equip our students to preserve our leadership as a nation in the world.

Better pay for all school teachers, and more money for better school plants from the state. (I

think teachers should receive salaries equal to other professions of similar education and training.)

I think we should have a state supported Junior College near the center of the district so that buses can run from the various towns carrying students to said college.

BUSINESS—

I would abolish the State Store Tax, State tax levied on stores that sell cigarettes and charge the collection of all taxes and cosmetics, etc., now collected by the merchant to that of the manufacturer who makes them. (In fact I think the merchant, farmer and all retail businesses should be taken out of the business of collecting taxes for either the state or the federal government.) It is about time the small business man got a break in this government of ours.

The present "Hot Check" law should be amended so that when any person gives or passes a check whether for cash, to pay a bill or to receive merchandise, he or she may be handled by the proper court if said check is not honored at the bank for payment.

Any person who makes a bill for groceries, clothing or drugs, same being necessities, the merchant should have stronger laws than we now have for the collection of said debts.

LOAN SHARKS—

I would vote and support a law to place 2-1/2 loan companies under the same regulations as the Banks are now under.

CITIES AND TOWNS—

I believe that all cities and towns in the state should be given aid from the state, based on population for use in building streets, alleys and for the purchase of highway rights-of-way through their cities and towns. (As you know all this expense is now carried by the property tax payer who already has all the burden he can carry.)

PROFESSIONS—

I believe that the present laws regulating the illegal and unethical practice of law, medicine and healing arts should be strengthened so that the public may be better protected, and any professional person or so called professional person who, either in private, in public, or in print, willfully misleads the public to obtain a client or a patient should be prosecuted by law for so doing.

ened so that the public may be better protected, and any professional person or so called professional person who, either in private, in public, or in print, willfully misleads the public to obtain a client or a patient should be prosecuted by law for so doing.

WELFARE—

I would give additional aid to all persons under the welfare program where need can be shown to exist. (Any increase in pension checks, etc., would help our economy because they spend their money on the necessities.)

OFFICIAL NOTICES AND CITATIONS—

I would vote for an amendment to the present law on official notices and publications to provide that all official notices and citations now posted at the court house door be published in a newspaper in the County so that the public will be properly informed, and that individual citizens affected will not be deprived of their just rights under our laws.

FREE PRESS—

Our laws should be amended so that all government records and all government meetings shall be open to the press so that the people may be informed on all happenings and acts of the government of state, county and political subdivisions.

TAXES—

The State Comptroller has estimated that by January 1, 1959, the State shall be about \$100,000,000 in debt, thus the next session of the Legislature will be faced with the duty of getting the state out of the "red". I think that this can best be done by the abolishing of needless jobs and the elimination of duplicate functions of various state agencies, none of which render any service to the tax payer. With times getting harder economy should start at Austin.

I would abolish the State Property taxes, as the property tax payer now has too great a burden to carry in supporting our school, cities and county governments.

I am not supported by any clique or clan, nor am I fighting any group or individual in this campaign, but if elected your State Senator, I will be your State Senator in fact and in truth, and the fighting that I will do will be on the floor of the State Senate, fighting for your interest. I implore that each person reading this announcement check my past record in the legislative halls of Texas, and as a public spirited citizen in the community in which I reside.

I am outspoken in my beliefs and never ride the fence on any issue. Trusting that you will take this announcement to your heart for the good and future prosperity of this district, and that we all go forward together with progress consistent with our times for the good of all of us.

SINCERELY,
KARL L. LOVELADY

Babson Discusses

The Real Problem Of Education

Babson Park, Mass., April 24—A great hullabaloo is being raised about the need for space in our colleges to take care of all our young people of college age. To insist that college education become universal would be to lower our educational standards to the level of mediocrity. In the present world struggle of the survival of the fittest, we need to turn out from our colleges something to work with in the first place; the large numbers of purposeless, immature high school graduates who find their way into our colleges have no business there!

Educators Must Set Their Own Houses in Order
What I am about to say will stir considerable controversy. Frequently I am asked if I do not think the large numbers who flunk out of college do not constitute a great national waste of manpower. The real waste is for colleges to continue to use funds for more buildings to house more and more incompetents who are bound to flunk out; or who, if they don't flunk, will drag down the level of performance. The problem which confronts us is one of intellectual honesty. It begins with secondary school headmasters who, with tongue in cheek, recommend for admission to college individuals whom they must know are not qualified for college.

Many college directors of admissions will tell you in confidence, that the supply of fitted

students is far from abundant. I could give cases in which principals have made parents, pupils, and college officials believe the young people were something they really were not. They got them into college with obviously abstruse recommendations; then left them for the college authorities to flunk out and send home. I am told that a certain prep school guarantees your son's admission to the college of his choice, or your money back. What that school does not guarantee is to keep the son in college!

Parents Must Become Masters in Their Houses

A college education for sons and daughters is eagerly sought today by many parents more as a mark of social accomplishment than for the learning the degree should represent. One college dean has said this about the attitude of parents whose children flunk: The amazing reaction many times is: "But my son just can't flunk; what will the neighbors think?"
Inferior educational preparation for college, or in college, cannot be cured just by raising teachers' salaries and building new buildings. First, there must be a rekindling of the will to learn—something parents have a lot more to do with than they will admit. Second, colleges must make of education a privilege, not a right. Perhaps Sputnik No. 1 will prove to have been our great educational Pearl Harbor, a jolt into the realization that for

self-defense we had better become intellectually honest with one another.

Young People Must Set Up Sound Value Goals

I wish thoughtful young people had more of an opportunity to speak out without fear of incriminating themselves with their teachers. One young man recently wrote a plaintive letter to the editor of a large city newspaper. In it he made a plea to the school committee of that city to stop wasting the time of talented students. He said that good teachers spend too much time with children who do not want to learn. His plea was to throw out the non-learners, to group homogeneously the bright children who want to learn, and to discipline severely those who would make a joke out of school.

Our young people must become very familiar with the fact that the "cold war" is a struggle of intellect. They must know why our schools must raise their standards, from the elementary grades up. Our colleges and universities should hold their admissions standards high, barring those who cannot qualify and flunking those who are looking for a four-year loaf on father. More selective admissions policies and a tightening of standards would find many colleges with much less of a teacher and building shortage problem than they now appear to have. It is not necessarily more money that our schools need.

In fact, some people are saying that what this country needs is more scientists in positions of leadership. Maybe a scientist's

program under way, work can be started on the Big San Angelo Reclamation Project and on the Mercedes Rehabilitation Project in the Rio Grande Valley.

These are wealth-producing projects.

The stepped up program would provide jobs for people who need them right now. Those two facts constitute sound reasons for immediately speeding up work in the field of water and land development and conservation.

CARD OF THANKS
We wish to thank the doctors, nurses and staff of the West Plains Hospital & Clinic of Muleshoe for their kindness during the illness and death of our husband and father,
Mrs. A. J. Walling
Jesse, Lucille and boys.

CHOICE OF ORBIT IS ACTUALLY OFTEN DETERMINED BY THE DIRECTION OF THE AVAILABLE FIRING RANGE AND ITS SYSTEM OF TELEMETRY AND TRACKING STATIONS.

THE CAPE CANAVERAL, FLORIDA, LAUNCHING STATION POINTS INTO THE SOUTH ATLANTIC ABOUT 35 DEGREES SOUTH OF EAST.

THE RUSSIAN SATELLITES ARE PRESUMED TO HAVE BEEN SHOT INTO SPACE FROM A LAUNCHING STATION POINTING NORTHEAST 80 DEGREES FROM THE CASPIAN SEA.

ANOTHER CONSIDERATION IS THE "SINGSHOT" EFFECT TO BE HAD FROM THE EARTH'S ROTATION. AN EASTWARD LAUNCH INTO AN EQUATORIAL ORBIT WOULD GIVE THE SATELLITE A FREE "BOOST" OF 1520 FEET PER SECOND. THIS IS ROUGHLY 5% OF THE NECESSARY VELOCITY. A WESTWARD LAUNCHING WOULD RESULT IN A PENALTY OF THE SAME AMOUNT.

Sandhills Philosopher Says Scientists Are Fine But They Don't Have All The Answers

Editor's note: The Sandhills Philosopher on his Johnson grass farm gives an unscientific discussion of science this week, his letter reveals.

Dear editor:
Last night I was reading in a copy of a magazine which a friend handed me, I've heard you're not supposed to look a gift horse in the mouth or a used car under the hood, but still I figure a magazine is put out to be read and what attracted me in this one was an article on the school system.

According to it, the American school system is far behind the Russian system, and the main trouble with ours is that we're not turning out enough scientists. Now I know that everybody is talking about science today, about how we've got to develop more, pay them more, pay teachers better to turn out more, etc., and how the future of mankind rests in the scientist's hand.

In fact, some people are saying that what this country needs is more scientists in positions of leadership. Maybe a scientist's

Well, now, I'll tell you, I'm in favor of scientists, and I'm especially in favor of scientific results, like a flat-proof tractor tire, but science isn't everything and the scientific attitude doesn't answer all the problems. I'm not acquainted with any live scientists, at least there aren't any living out here, probably not the right kind of soil, but I have a notion that even the purest scientist must have his common troubles.

Don't scientists have unpaid bills, don't they get bad colds, don't they occasionally turn up with a delinquent child the same as other human beings? How would a scientist go about fighting a recession? Is there a scientific formula for arranging for the nations of the world to get along with each other? Can a scientist figure out a scientific system for getting elected to Congress? How's he stand on taxes?

Some day scientists may even grow all the world's food in test tubes, providing us unscientific people will keep them in laboratories, but until they do some-

Today's Meditation

Read Romans 15:1-7.
We who are strong ought to bear with the failings of the weak, and not to please ourselves. (Romans 15:1, RSV.)

A blind man, cane in hand, was standing on a busy corner waiting for the traffic light to change. A young lady came up in a hurry. In a moment there was a lull in the traffic, and he heard her go across the street.

The blind man, hearing no vehicles in motion, thought the light had changed. Just as he stepped out in the street the flow of traffic reached the corner once more. Though frightened, he managed to reach the opposite corner. The young lady never realized she had endangered the life of one who had relied on her for guidance.

People all about us, in our community and throughout the world, are looking to us Chris-

Large Group At Ginners' Meeting

Muleshoe was well represented last week at the annual convention of the Texas Ginners Association. More than 6,000 persons registered for the meeting, largest yet to be held by the association.

The Journal listed the following as attending:

Mr. and Mrs. Sherman Sweetmon, Mr. and Mrs. A. R. McGuire, Mr. and Mrs. Don Taylor, Mr. and Mrs. Guy Nickels, Mr. and Mrs. Ed Nickels, Earl Richards, Wiley Baker, W. T. Millen, W. C. Bishop, Buddy Bruton, and Frank Moon-

ey.
—Macel M. Friend (Ill.)

You can SEE the difference... when cotton plants get ENOUGH magnesium

but when they don't, it's

TOO LATE for TOP PROFITS

Normal, healthy cotton plants that have received all the magnesium they need have deep green leaves grown on sturdy, upright stalks — with full, plump bolls that ripen earlier and more evenly. Magnesium-deficient plants, by contrast, have purplish-red lower leaves that drop prematurely, and smaller bolls.

Prevent magnesium deficiencies in time... apply our complete cotton fertilizer containing SUL-PO-MAG, a combination of fast-acting, readily available, water-soluble sulphate of magnesium and premium sulphate of potash.

Look for this SPM Seal of Approval when you buy

ZBUDDIE NEWS LETTER P-TA Elects Officers At Tuesday Meeting

by Mrs. Clyde Monk
The Lazbuddie P-TA met last Friday evening, April 15, in a regular meeting.
Officers for the coming year were elected with Mrs. John Deane being elected president for another year without opposition.
The other offices will be filled by Mrs. Dee Chitwood as Vice-president; Mrs. Clyde Monk, secretary; and Mrs. W. G. Harlan, treasurer. A panel discussion on the subject, "Untying the Apron Strings", was very timely and interesting subject.
The panel consisted of Mr. M. Laney, Mrs. J. B. Young, and Mrs. Roy Daniels. Mr. Aaron Debell, a fourth panel member was not present.

Mr. and Mrs. Sam Brownlee and Joe May spent last weekend doing some fishing in Red River. They stopped over in Clarksville where Mrs. Joe May joined the club for the outing. The Browns say the fish were very cooperative and they returned home with some good eating.

Mr. and Mrs. Arthur Morman, Mr. and Mrs. Sherry from Clovis, visited overnight Saturday with their other, the Dalton Mimms.

Mrs. Gene Briggs, Ricky and ki from Lubbock are spending this week with her parents, Frank Hunts. Mr. Briggs accompanied his family down for the weekend.

Dee Brown and boys, Gary and Jimmie and J. B. and boys, Cooper and we were at Conchas Lake, Friday night doing some fishing.

Mrs. J. D. Carpenter, Sr., came home from the hospital in Muleshoe Monday evening. Mrs. Carpenter had been a patient there several weeks.

Mr. and Mrs. John McGehee are gone about 10 days on a trip to Pomona, Calif. They visited two sisters of John's, Mr. and Mrs. J. W. Minton and Mr. and Mrs. E. L. Forbis. Another sister, Mrs. McGehee from Lubbock, went along also on the trip. Ger and Kenneth stayed with the Minton McGeehes while their parents were gone.

Jew Daughter For Don Schumann

Mr. and Mrs. Don Schumann joyfully announce the arrival of a baby girl, born Tuesday, April 22. The young lady weighed 8 lb., 10 oz., and will be known as Mary Michele. Little Michele has two older brothers, Craig and Don, and a sister Marsha, who are anxious to start the "spoiling" routine. Grandparents are Mrs. J. H. Haun, Aztec, N. M., and Mrs. Beatrice Schumann of San Diego, Calif.

Mrs. J. J. Haun and a daughter, Mrs. David Genser visited with the Schumann family at Friday. Miss Louayne Gillan from Clovis also visited in the Schumann home last week.

Mrs. R. M. Dunn from Amarillo visited last Friday with her parents.

Mr. and Mrs. B. J. Trimble from Midland spent the weekend with her parents, the L. B. Hambrights. Mr. Trimble returned home, leaving his wife for a longer visit.

Mr. and Mrs. John Aduddell visited in Plainview with Mrs. J. B. Duckett.

Mrs. Annie Vaughan returned to her home after several months in Lancaster, Calif. Her daughter, Mr. and Mrs. H. D. Hutchinson from Clouderoft, N. M., accompanied Mrs. Vaughan to her home and visited with other relatives.

Mr. and Mrs. Wesley Barnes and family and Mr. and Mrs. E. V. Crain visited in Amarillo Sunday with a brother and son, Mr. and Mrs. James L. Crain.

Mr. and Mrs. James Robinson, Sherri, Vicki and Jimmy spent the weekend in Waco visiting her mother, Mrs. J. O. Webb.

Mr. and Mrs. Pete Mimms attended funeral services for her grandmother in Paducah on Monday. Grandmother Stinnett was 93 years of age at the time of her death.

Mr. and Mrs. Euel Mitchell and family visited Sunday in Kress with the James Beavers family.

Mr. and Mrs. Lacy Hardage are in Waco this week on business.

Mr. and Mrs. J. B. Thomas and family were in Ft. Worth most all week where Mr. Thomas received medical attention.

Mr. and Mrs. Leon Smith and family returned another daughter, Mrs. Jim Sybert and small daughter to Quanah to meet her husband from Denton, on Sunday. Mr. Sybert was accompanied by Mr. E. V. Vise from Gainesville. Mr. Vise, an uncle of Mrs. Smith will visit with the Smiths for a few weeks.

Mrs. Hattie Hood from Whitarral visited Wednesday in the home of Mr. and Mrs. Jess Pendergrass.

Mr. and Mrs. A. T. Beavers and Joe Don were in Littlefield visiting her sister, the Efton Grahams.

Sunday guests in the Ben Foster home were her brother, Mr. and Mrs. G. W. Brock, Wayland and Sharon from Clovis.

Hale-Aikin Committee

The Hale-Aikin committee from this district met in Bovina Friday night with the committees from the other schools. Going from here were Mr. J. G. Ward, Mrs. John Gammon, Mr. Jimmie Seaton, Mr. Frank Hinkson, Mrs. Dee Brown, and Mr. Clarence Mason.

Mr. and Mrs. Rufus Carter were in Big Spring the first part of the week visiting with a daughter, Mr. and Mrs. Duke Baker.

Mr. and Mrs. Bob Kimbrough, Brenda and Mike, Mr. and Mrs. Don Sanders, and Mr. and Mrs. Lee Kimbrough were at Lake Stamford the first of last week doing some fishing.

Mr. and Mrs. O. M. Jennings spent the weekend in Hereford with the Cecil Malones.

Carroll Littlefield suffered a broken collar bone last Thursday after a friendly wrestling match with a school mate.

Sunday evening visitors in the T. O. Lesly home were Mr. and Mrs. Durwood Marshall and Riley D. from Whiteface.

Miss Patsy Weaver from Odessa spent the weekend with her parents, the Quinn Weavers.

Mr. and Mrs. Jarrett Pinckley and Sue visited in Merkel over the weekend.

Mr. and Mrs. Dick Scott and Ronald visited Sunday in Lubbock with the Hardy Scott family.

Mr. and Mrs. Finis Jennings visited part of last week in El Paso with her sisters, Mr. and Mrs. Paul Pittman and Mr. and Mrs. F. W. Williams. On Saturday Mrs. Jennings enjoyed her birthday by being surprised by her daughter, the Billy Watts from Farwell with a huge birthday cake.

The Clyde Monks spent a long weekend visiting in Tulia, Quitaque, Silverton, and Hale Center.

Mr. and Mrs. Truman Gleason and children drove to Ft. Worth over the weekend and picked up their boat that was having some repair work done on it. The Gleasons had planned on some boating and fishing at Lake Stamford but decided against it and

visited the rest of the weekend with her parents, the Y. B. Mayfields in Anson.

Mrs. Andy Pendergrass from Weatherford and Miss Stella Pendergrass of Buckeye, Ariz., visited a couple of days last week in the Jess Pendergrass home.

The Raymond McGehees and Kenneth McGehee visited in Lubbock Sunday with Mr. and Mrs. B. F. McGehee.

Mr. and Mrs. D. B. Ivy, Shorty and Christy visited in El Paso over the weekend with their son, Beanie.

Return From FHA State Meeting

Misses Freda White and Rosemary Agee, in company with the Home Ec. teacher, Mrs. Diane Reed returned home early Sunday morning after attending the State FHA meeting held in San Antonio, the 18th and 19th of April.

Freda was the voting delegate from here and approximately 3,000 girls were in attendance. The trio left Amarillo Wednesday by chartered bus in company with other girls and their teachers from this area.

They stopped off in Austin and visited the State Capitol building and also the Governor's mansion. They report they saw hundreds of acres of Bluebonnets in bloom and was a beautiful sight.

Mr. and Mrs. R. L. Kimbrough and granddaughter, Brenda Kay, and Mr. and Mrs. Glen Splawn from Muleshoe were in Plainview and Lubbock Monday on business.

Beverly Smith entertained a group of girls with a slumber party last Friday evening in the home of her grandmother, Mrs. McCurdy. Beverly prepared and served Mexican food after which the girls attended a show. Other girls with Beverly were Patsy Morrow, Carolyn Scott, Susie Carpenter, Coretta Watkins, Johnny Nowell, Linda Lancaster, and Katherine Smith.

Mr. and Mrs. Bob Jones and children, Bobbie Jo, Johnny and Jimmy, spent the weekend at Possum Kingdom doing some fishing.

Mr. and Mrs. Rufus Carter visited in Friona Sunday with Mrs. George Baker.

The Duane Darling family, Debbie Hawkins and Kay Ann Smith visited Sunday in Portales with relatives.

Children of Mrs. E. A. Seaton brought picnic lunches to her

Family Reunion

Mr. and Mrs. J. W. Crim were very happy to have all their children present in their home last Saturday evening for a supper and reunion. This was the first time they had all been together in over two years. Present were Mr. and Mrs. Winn Henley, Clovis; Mr. and Mrs. Lovel Johnson and family, Garland; Mr. and Mrs. Fred Curtis and family, Farwell; Mr. and Mrs. Buck Crim and Doyle, Mr. and Mrs. Max Crim and Laciada, Columbia, S. C.; Mr. and Mrs. Weldon Crim and Gregg; and Gary and Cheryl Pomroy, Ft. Worth. Also, Mr. and Mrs. James Ensor, Muleshoe, Mrs. Lena Kelso, Lubbock, and Mr. and Mrs. Wilbur McQuary, Plainview.

Mr. and Mrs. Luther Ham returned Sunday after a month's visit and vacation away from home. They first visited two daughters, Mr. and Mrs. Eddie Spence and Mr. and Mrs. Pete Oliver in Odessa. There they made the acquaintance of a new grandson, Donald Hoffman, son of the Eddie Spences. In Seguin they visited another daughter, Mrs. James Delmar. They spent some time in the

Davis Mountains, and in the Big Bend National Park. They went on down to Bloomington and Port Lavaca and report they have never seen any more beautiful flowers than at this time. The Bluebonnets and other wild flowers, made extra pretty this year, due to the rains, were generous with all their colors. The Hams visited her sisters in Temple and Gatesville and in Ireland with her mother.

The R. L. Kimbroughs visited in Portales Sunday with Mr. and Mrs. Dee Throckmorton.

Lunchroom Menu

Monday. Roast beef and gravy, buttered carrots, sauerkraut, mashed potatoes, milk, bread, and blackberry pie.

Tuesday. Meat loaf, English peas, sweet potatoes, tossed green salad, bread, milk, and plums.

Wednesday. Pinto beans, spinach, tomatoes and spaghetti, cabbage slaw, hot rolls, butter, milk, and pineapple pudding.

Thursday. Chunked ham, macaroni and cheese green beans, sliced beets, cornbread, butter, milk, and chocolate cake.

Friday. Fish sticks, catsup, browned potatoes, whole kernel corn, prunes, hot rolls, butter, milk, and fruit salad.

After a fishing trip last week by several of the Gammon family, a fish fry was in order Monday evening of this week in the D. B. Ivy home. Those enjoying the feast besides the Ivy family, Mr. and Mrs. Roy Daniels, Mr. and Mrs. Garvin Thorn, Mr. and Mrs. John Gammon and Marianna, Mr. and Mrs. Calvin Clark, Mr. and Mrs. Andy Brown and Sonya, Mr. and Mrs. E. H. Hall and Bobby, and Mr. and Mrs. Joe Briggs.

Legion Meeting In Brownfield

State American Legion Commander Warren G. Moore, of Tyler, will be the principal speaker before the 19th District Convention of the American Legion and American Legion Auxiliary of Sunday morning, April 27. District Commander Raymond L. Andrews of Big Spring will preside over the Convention. Others who will appear on the program are C. B. Cathy, 5th Division Commander and Mrs. Hill Lambert, of Snyder. Commander P. Q. Stickney, Adjutant Joe D. Vaughn and Service Officer H. S. Sanders, Jr. are expected to head a delegation from Muleshoe Post No. 403 to Brownfield, and participate in the Convention program.

1 DAY PRINTING service (nearly always) at The Journal.

Powdery Mildew Poses Threat To Ornamentals

Powdery mildew, a fungus disease which attacks many flowering and ornamental plants, is reported by Extension Plant Pathologist Harlan Smith as being very prevalent at this time.

He advises gardeners to check their plantings for signs of the disease. The fungus appears as a white to grayish growth covering the surface of the plant parts, mainly the leaf surface. He suggests dusting the plants with 325-mesh sulfur at the first appearance of the disease or spraying with wettable sulfur (2 ozs. per gallon). Repeat the application if needed. Karathane or MildeX, he says, may be substituted for the sulfur either as a dust or spray.

Some of the more commonly grown plants which should be watched for mildew are listed by Smith as roses, violets, chrysanthemums, honeysuckle, phlox, zinnias, crapemyrtle, euonymus, hydrangea, and such vegetables as beans, cucumbers, cantaloupes, pumpkin and squash.

Smith says unless the disease is controlled the plants may lose their foliage and thus fail to make normal growth and production. He adds that local county agents have detailed information on how to treat the various plants. They should be contacted if more information is needed. If commercial preparations are applied, Smith strongly urges that the recommendations of the manufacturer of the material used be followed in making the application.

Ministers Tour Planned By SCD Board Directors

The Blackwater Valley Soil Conservation District board of directors met Monday night and voted to hold a tour for local ministers.

Board members hope area ministers will become better acquainted with soil conservation activity and use some of this information in a special Stewardship sermon early in May. The board will furnish churches with special bulletin blanks for that service.

LUCKY GIRL

For good luck, choose a cotton knit pullover according to the month in which you were born. These wash-and-wear shirts by Freeport come attractively embroidered with twelve signs of the Zodiac. Knitted fabric by Beauvill Mills will be cool and comfortable for summer wear.

Driver Education Urges Stopping For Safety Sake

by Sandra Howard

On Friday, April 18, the Drivers Education students of Muleshoe high school observed the driving habits of drivers on Avenue G and Avenue H. From a period of three hours the students found that forty-six drivers failed to stop at a stop sign.

In the drivers education classes we are taught the importance of stopping at every stop sign. We learn that there are some conditions

Several board members plan to attend a meeting at Tulla April 23 for district boards and bankers. Both local banks plan to send representatives.

On April 18, the board attended a meeting at Levelland to discuss common problems with board members from other Soil Conservation districts. Speakers on the program included C. E. Fisher of the Lubbock Experiment Station, Dr. Johnson of Bushland, and T. C. Longnecker of the High Plains station.

Optimum Planting Dates For Cotton Set At May 5-20

Optimum cotton planting dates on the Texas High Plains are May 5-20, Don L. Jones, former superintendent of the Lubbock Experiment Station, has reminded Plains cotton growers.

"Later planting usually results in lower quality cotton and if planting must be done after June 1, select an early maturing variety," Jones advises.

As to prior planting, Jones explained that years of research work at the Experiment Station has shown that the best results for planting comes when the soil temperature averages 60 degrees for 10 days at an 8-inch depth from the top of the bed.

Daily radio and newspaper reports are now being broadcast and published which gives the average daily temperatures. This information is part of the Plains Cotton Growers, Inc., educational program to try and help High Plains Cotton farmers produce a higher quality cotton in 1958.

In other planting tips Jones urged farmers to use delinted, treated seed if possible, and warned them to check the seed germination percent and to alter planting rates accordingly.

A uniform stand of approximately four stalks per foot in 40-inch rows is recommended. Plant 20 to 30 pounds of seed per acre, adjusting the rate according to germination tests and the use of a seed press wheel and shallow furrows will help plant emergence to be rapid, he added.

The method of harvest to be used should help determine the variety to plant when practical since storm-resistant cottons maintain quality longer in the field and strip better than open-boll types, Jones concluded.

Traffic Program Presented Here By Safety Men

The entire student body of Muleshoe high school witnessed some graphic demonstrations of

high speed driving, and reaction time stopping in a safety demonstration and lecture presented for them Monday morning.

Sponsored by the traffic safety department of Texas Farm Bureau, the demonstrations included stopping time from various rates of speed, reaction time to stop safely, and a film on safety habits.

Members of the county, city and state traffic departments assisted in the demonstrations.

THANK YOU
I would like to take this means of thanking all of you who were so kind to me during my recent

illness. Appreciate so much all of your cards, flowers, gifts, but most of all I thank you for your prayers for me. Due to a nervous condition at this time, I am unable to write each of you, so will please accept this as my personal thanks. May God bless each of you.

Hereford, Tex., Man Reports— More Maize On Fewer Acres Using Phillips 66 Ammonia

Earl Holt, Hereford, Tex., says: "I harvested more grain from 250 acres of irrigated maize fertilized with Phillips 66 Ammonia than I got from my previous larger acreage which received no ammonia. And I got this increase using only one irrigation well for the entire 250 acres."

Other Southwestern farmers have discovered that 82% nitrogen from top quality Phillips 66 Agricultural Ammonia helps them get more profit per acre through higher yields. They get more cotton that classes higher at the gin . . . yields of sorghum grain and ensilage are increased . . . more marketable vegetables are harvested . . . and profits on wheat are increased through higher yields of grain and extended grazing periods.

Phillips 66 Agricultural Ammonia contains 82% nitrogen and gives you more nitrogen per dollar than any other form of commercial fertilizer available.

Phillips 66 Order Your Supply Of Phillips 66 Agricultural Ammonia Today!

Here's the Smoothest riding pickup. . .

'58 FORD

Proved by Scientific Impact-O-Graph ride tests

You (and your family) are in for a pleasant surprise when you drive a new Ford pickup. A new suspension system, with rubber-cushioned springs plus long two-stage rear springs, gives you a ride that's more car than truck—empty or loaded. Yet, Fords are priced with the lowest. Running costs are low, too—because of economical short-stroke design in Ford's V-8 and Six. Ford resale value is traditionally high. And an independent study by insurance experts proves Ford trucks last longer.

Take a test ride today!
FORD TRUCKS COST LESS
... less to own ... less to run ... last longer, too!

Shortage of Seed Forces Lowering Of Germination Requirements On Cotton

The Texas State Seed and Plant Board has lowered the germination requirements for certified cotton seed to 40 percent, according to Dr. A. W. Young, Texas Tech professor who is chairman of the Plant Board.

While this is only a temporary measure for the 1957 crop of seed only, cotton producers on the Texas High Plains are warned to be sure and check the germination content of any seed they buy for 1958 plantings and alter planting rates accordingly.

Cotton seed produced under certification regulations in 1957 may now be certified if they test as high as 40 percent germination, exactly half of the standard requirement of 80 percent.

"This change was made on the basis that farmers in some sections of the state have already had to replant cotton, and were

unable to find adequate high germination seed", Dr. Young said.

"If it is necessary to plant low germinating seed, he added, we feel that it will be better to plant those produced under certification regulations than others of unknown or questionable origin."

The board recommended that low germinating certified seed be used only where there is not an available supply of seed with higher germination, Dr. Young explained.

"A farmer should expect to purchase the low germinating seed at a reduced price, since they will contain less live seed per bushel", he added.

New Fertilizer Distributed By Muleshoe Firm

Application of complete fertilizers containing sulphate of potash-magnesia have increased yields of seed cotton as much as 250 to 500 pounds an acre, experiment stations reports show.

"Results like these are possible in this area", says Buddy Blackman of Farmers Coop Elevator, fertilizer division in Muleshoe, "when growers apply recommended amounts of our premium-grade, mixed cotton fertilizer containing Sul-Po-Mag."

"This product", explains Blackman, "is a combination of fast-acting, readily available, water-soluble sulphate of potash and premium sulphate of potash. When added to complete, mixed cotton fertilizer, Sul-Po-Mag prevents magnesium deficiencies and helps produce bigger yields of high quality cotton."

Magnesium deficiencies are often hard to detect until it's too late, Blackman points out. Cotton plants may look healthy, both when they are small and while they are maturing. Often, however, when the critical harvest period comes, lower leaves turn purplish-red with green veins, and then drop prematurely. At the same time, the bolls often fail to develop fully. These smaller, inferior bolls produce less cotton than healthy, plump bolls.

Mr. Blackman recommends soil tests to determine the degree of magnesium deficiency in cotton-growing soils in this area. "When that is known", he says, "we can recommend the right grade and amount of fertilizer, containing Sul-Po-Mag, for you."

SOIL CONSERVATION DISTRICT NEWS

Two Washington SCS officials and three State SCS officials recently visited the Blackwater Valley Soil Conservation District. J. C. Dykes and Cy Luber of Washington were on an inspection tour of four counties in Texas, designated for assistance

Farm News

under the Great Plains Conservation Program. They were accompanied by H. N. Smith, head of the Soil Conservation Service in Texas and by Homer Taff and C. A. Tidwell, assistants to H. N. Smith. James Abbott, area conservationist for two of the counties, visited, also accompanied them to Muleshoe.

Dykes and Luber were especially interested in one of the contracts signed in the Blackwater Valley Soil Conservation District. The farm of Ralph Douglas was visited and it was explained that Ralph plans to seed several hundred acres of land now in cultivation to grass.

At the time of their visit, 144 contracts were signed in the ten eligible Great Plains states. Seventy-three of these were from Texas.

The entire party was impressed by the sound conservation practices being used by some of the district cooperators.

Some of the farms mentioned

were the McPherson farm east of Muleshoe, where Rub Hardin has done a very good job of stubble mulching. Another was the F. D. Holt farm south of town where vetch and rye was planted to provide cover in cotton and sesame land.

As there are hundreds of acres of cropland that should be turned back to grass because of slope, texture, or erosion hazards, SCS and SCD officials believe the Great Plains Conservation Program is ideally suited to Bailey county farmers and ranchers.

Parmer County Farm Bureau News

by Raymond Euler

Rhea community completed raising funds for the purchase of a lift for the Parmer County Community Hospital last Friday night

when they served a friend chicken supper in the Rhea Parish Hall. There was also a program of pantomime acts presented by the younger set that made a very enjoyable evening for patrons of the affair.

Harry Hamilton and Roy V. Miller loaded, hauled and unloaded the hay for the junior livestock show last week. Farm Bureau directors have taken the responsibility for getting bedding located and on the spot for county fairs and shows for several years.

We remind you again that you are due a nickel per gallon tax refund on gasoline used in farm equipment. You must file within six months of the first purchase. If you haven't received a notice regarding this lately, drop in and see if you should file now. Office secretary Joyce Osborne can take care of this and any other service you may desire. You will appreciate the personal attention she gives to your problems, or providing services you may be in need of.

We are glad to see cartons of "ungraded eggs" in grocery stores. This indicates that mis-understandings about the protective Texas Egg Law are disappearing.

We hope that before January 1959, many of you will have been reminded of the importance of legislation that will be introduced then. It would be well to discuss these items with candidates for state office before you decide how to vote. Some of the objectionable bills likely to appear are: Slow down or elimination of construction of new Farm-to-Market roads; compulsory realigning of County Commissioners' precincts on a population basis; and a plan to deplete the Permanent School Fund.

Subjects all farm and ranch people will be emphatically for: Increased state appropriations for Extension Service, Experiment Stations, and Forestry Service; Increased state appropriations for an expanded Animal Health and Disease Control; and an amendment to the Texas REA law to restore service rights to this important service to rural people. (There will be many others, of course.)

Any person posing as the farmer's best friend while trying to tear down a farmer's organization needs to be examined thoroughly before being followed.

CONSIDER THIS: Bread of deceit is sweet to a man; but afterwards his mouth shall be filled with gravel. Prov. 20:17.

PANTERS ON VISIT HERE

Mr. and Mrs. John L. Panter and son, John, of Kansas City, and Miss Mary M. Panter, of Chicago, have been here on a visit and attended to business matters. Their aunt, Mrs. Jennie Panter, was on a visit to California, so they missed seeing her.

HOW EGG PRICES ARE DETERMINED

The chicken egg, probably the most universal of all foods, is a part of everybody's diet in one form or another. Eggs are produced, bought and sold practically everywhere, and yet the business of pricing eggs is an unexact science in which many gauges are used, although not all of them are accurate.

Ultimately, of course, egg prices like all free commodity prices, are determined by cost of production and handling and supply and demand. In day to day pricing it is impossible, however, to know just how much influence factors such as sentiment, rumors, connivance, personalities, weather conditions, human judgement, faith, hope and perhaps even forced charity are involved in arriving at egg prices.

Who Should Determine Prices?

The people most directly affected by egg prices are the same people who should establish these prices. They are the people who produce, buy, sell and consume eggs. In order that these individuals involved in egg mar-

keting know how to make the intelligent price decisions which are required of them, they must have the most factual and up to date information possible.

Market information agencies such as the Texas Market News Service, a section of the Texas Department of Agriculture, whose job is to report conditions and prices on certain commodities, can do a great deal toward removing mysteries concerned with marketing.

Their job (or our job, as it is) is to report information, carefully received and evaluated as an aid for the buyer and seller in determining their own prices. The important thing to remember is that the Market News Service does not function to determine prices but to report the prices which have been paid, after such payment has been validated.

The Texas Egg Report

Very recently, egg price reporting was established in five separate areas of Texas production—Lubbock, South Plains Area; Dallas-Ft. Worth area, East Texas area, Houston area, South Central Texas area, and the Corpus Christi-Rio Grande Valley area. Prices and conditions

Eight Arrested Over Weekend

Weekend arrests netted eight persons, law officers reported Monday morning.

Charged Saturday and Sunday were five charged with being drunk, one for driving without license, one for permitting an unauthorized person to drive, and one driving while intoxicated.

VISITS IN MEMPHIS

Helen Jones has recently returned to Muleshoe after visiting with relatives in Dallas and Memphis, Tenn.

RETURNS FROM VISIT

Mrs. Birdie Paul recently returned home after visiting relatives for several weeks in Las Cruces, N. M.

from these areas are reported and published twice weekly, both through press and radio and through a mailed bulletin available free of charge on request.

The Texas report is as welcome and valuable to the Texas egg industry as it is new. Texas egg market prices should be determined by Texas egg market conditions, and it is our hope to accurately and thoroughly report these conditions.

Anyone desiring to receive Texas Egg Market News Service in printed form is welcomed to write John C. White, Commissioner, Texas Department of Agriculture, Austin, Texas.

PROGRESS NEWS REPORT Lullaby Shower Fetes Mrs. Ralph Roming

by Mrs. M. O. Nigh

There was a pink and blue shower in the home of Mrs. Sherman Sweatmon April 21, honoring Mrs. Ralph Roming.

The table was decorated with a net and embroidered organdy cloth and centered with a bouquet of pink and blue flowers.

The guests were served pink lime punch and pink cake.

The honoree and her mother were presented a corsage made of baby toys.

Games were played and the gifts were opened.

There were 30 ladies present, and several sent presents who weren't able to attend.

The hostesses were, Mmes. Gordon Murrah, E. A. Bass, Joe Sooter, Bill Watson, Byron Gwyn, and Sherman Sweatmon.

Progress 4-H Club
The 4-H club met in the home of Mrs. Arthur Cooper, Wednesday.

and children of Ardmore, Okla., were here visiting his parents, Mr. and Mrs. W. M. James and other relatives.

Herbert is being sent overseas for 18 months duty. Mrs. James and children will make their home in Oklahoma City while he is away.

Mrs. Gordon Murrah has been in the West Plains Hospital for a few days, but has been released and is at home.

Mr. and Mrs. Willie Proffitt and sons were here from New Mexico to spend the weekend with her mother, Mrs. John Rogers.

Mrs. C. B. Kindred and son, Bud, went to Odessa Friday to visit until Saturday with their daughter and sister and family. Mr. and Mrs. Bill Leonard and daughters.

Mr. and Mrs. J. R. Walker, Sr., have as their guests their son and family, Mr. and Mrs. H. W. Walker and children of Pittsburg, Texas.

Mrs. M. O. Nigh and Larry spent Monday in Plainview on business and also in Lockney, visiting Mrs. M. F. Nigh.

Rev. Calvin Calvert brought the morning message at the Progress Baptist Church Sunday morning, while the pastor was away in a spring revival.

Mr. and Mrs. Doyle Henry and son of Lubbock were here over the weekend visiting their parents, Mr. and Mrs. Clyde Henry and Mr. and Mrs. J. L. Redwine, Sr.

Uncle Bill Wall is making his home with Mr. and Mrs. D. O. Smith. He is recently from Paris, Texas.

Uncle Bill made his home with Ottie York for several years, before Mr. York passed away.

Mr. and Mrs. Doyle Green and sons of Sudan, visited Sunday in the home of Mr. and Mrs. Bill Shaw.

Mr. and Mrs. Paul McMahan and son of Levelland, Mr. and Mrs. Ralph Cooper of Lubbock visited in the home of Mr. and Mrs. Arthur Cooper Sunday.

Mr. and Mrs. Early Daniel of Lubbock, Mr. and Mrs. James Daniels of Y. L., visited in the home of their daughter and sister and family, Rev. and Mrs. Bill Watson and children Sunday.

W. S. C. S.
The WSCS ladies met at the church this past week with four members present with Bro. Watson teaching the lesson.

Mr. and Mrs. Luke McCall and sons spent Sunday in the J. D. Gray home.

WMU Met
The WMU met for their community mission program Monday, April 21, with the mission leader Mrs. Minnie McCray in charge.

There were 12 ladies present, and they enjoyed a good program.

Mr. and Mrs. C. A. Bishop are proud great grandparents of twins, a boy and girl, born to the grandson and wife, Mr. and Mrs. Jimmie Bishop of Ft. Sumner, N. M. They were born April 6. This makes them 15 great grandchildren.

FROM TEXARKANA
Mr. and Mrs. Dee McDaniels, of Texarkana, Ark., have been visiting here with her brother's family, Mr. and Mrs. J. W. Holmes. They all went to Roswell, N. M., for a visit with Mr. Holmes' sister, Mr. and Mrs. W. O. Jordan, and took a tour thru Billy the Kid country around Lincoln, N. M.

Mr. and Mrs. Morris Gant visited at Lamesa over the weekend.

Mr. and Mrs. Maleshus Fine attended the funeral of Mrs. Sexton at Brownfield Saturday.

PRETTY PLEATS

The long torso of this swimsuit by Rose Marie Reid ends in a burst of permanent precision pleats. The bright stylized print takes its mood from the mysterious East.

Three Way News

by Mrs. Frank Griffith

Mrs. Baker Johnson suffered a broken finger last week. The accident occurred when she was shaking dust from a throw rug and struck her hand against the wall of the house.

A group of men left Monday evening for Lake Whitney to fish. They returned Friday evening. Making the trip were Rev. Byron Hardgrove, Morris Gant, Andrew Wittner, Baker, and Jim Henry Johnson.

Word was received here Friday evening that Mrs. Margie Sexton of Brownfield had died. The funeral was Saturday at Brownfield. Mrs. Sexton was a former resident of the community.

Attending the State FHA meeting at San Antonio last week were Virginia Klutts, Nan Johnson, and their sponsor, Mrs. Nan Dyer. They made the trip by chartered bus with delegates of Anton and Dewell schools.

Mr. and Mrs. C. Hightower were patients in the West Plains Hospital in Muleshoe last week. Mrs. Hightower was expected to be released the first of this week. Mr. Hightower was reported to be improving Sunday morning, but was still too ill to be released.

Ed Latimer was confined to the West Plains Hospital several days last week.

Mrs. Frank Griffith and Mrs. Florence Bailey were in Lubbock Saturday to attend the regional track meet. Three Way boys did not place in their events.

Mrs. Manning of Idalov visited the past weekend with her daughter, Mrs. D. P. Brinker.

Mrs. J. L. Batters is confined to her bed with a throat infection.

Mrs. Roland Nitchner and son of El Paso, visited her parents, Mr. and Mrs. Bennie Emmerson.

Co-op Gin Meeting Held
The Maple Co-op Gin held the annual meeting at the Three Way school gym last Thursday evening.

New directors elected were Curley Avery, Gene Kenley, and Bundrant.

Sandwiches were served by the senior class.

Mr. and Mrs. Louie Jordan and Linda spent the weekend at Slaton and Lubbock visiting relatives.

Mr. and Mrs. Morris Gant visited at Lamesa over the weekend.

Mr. and Mrs. Maleshus Fine attended the funeral of Mrs. Sexton at Brownfield Saturday.

Maple News

by Mrs. Oran Reaves

Everyone is very happy over the rains that we have received lately. Several have started planting cotton.

Mr. and Mrs. James Pruitt spent last weekend in Roswell, N. M., with his brother, Mr. and Mrs. Burl Pruitt.

Fish At Snyder Lake
Several men from the community went fishing at Snyder Lake last week. They caught several fish, but it rained and they returned before they had planned. Those going were C. L. and Lawrence Taylor, Roy Epperly, Varles Wall, Ted Simpson and Foy Lewis.

Mr. and Mrs. Kenneth Pyburn visited Sunday afternoon in Morton with Mr. and Mrs. Roy Turner.

Mrs. Ted Simpson and children visited her parents in Shallowater last week while Ted was gone fishing.

Mr. and Mrs. George Reaves of Abilene spent the weekend in the home of his parents, Mr. and Mrs. Oran Reaves.

Mr. and Mrs. Roy Lee Pierce spent the weekend with his parents, Mr. and Mrs. Gene Pierce.

Dean Lackey, of ENMU, spent the weekend with his parents, Mr. and Mrs. Orville Lackey.

The eighth grade class of the Three Way junior high school have their banquet at Lubbock Friday night, April 25. Mr. and Mrs. Archie Sims will take them over on a school bus.

Brenda Emmerson has the measles this week.

Plentiful Foods List For May Is On The Short Side

The smallest plentiful foods list in a decade has been announced by the U. S. Department of Agriculture for May. Only two general food categories are in heavy enough supply to make the May list — dairy products and spring vegetables.

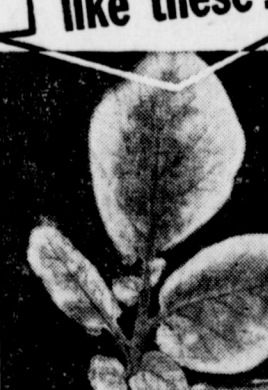

The announcement points out that there is a special reason for featuring milk and other dairy foods during May. Current production is running ahead of last year's record levels and output is expected to increase around one billion pounds. Too, prices are at seasonal lows and favorable to heavy consumption.

The unusual cold in Florida and other southern areas the past winter delayed many vegetables, and forced others to be replanted. Therefore, crops usually harvested in March and April will be reaching markets in May, along with those from areas normally producing for May markets.

Mrs. C. T. Coffman, mother of Clyde Coffman, was in the hospital at Muleshoe again last week.

The Goodland Bible Study Club held an all day meeting last Tuesday to quilt. The quilt will be sold to raise money for the club to carry out the various projects.

any potato leaves like these?

SPM Few magnesium deficiencies in potatoes are recognized as easily as the one shown by these leaves, but the unrecognized magnesium deficiency reduces your profits before you know it. Nearly all the soils used for potatoes in this area lack enough water-soluble magnesium to grow maximum yields of U.S. No. 1 potatoes... and that's why our SPM Premium complete potato fertilizer containing SUL-PO-MAG® can help you increase yields 50 to 80 bushels per acre. See us today.

Escaped Juvenile Gives Himself Up To Lubbock Police

James Louis Shobert, who eluded officers in Lubbock several months ago, and escaped while being taken to Lubbock jail by Sheriff Dee Clements, gave himself up to officers recently.

According to Lubbock police, the youth, who leaped from Clements' car after a tussle, called in and offered to give himself up into custody again.

He was one of three youths arrested here after a hot check ring was broken up, and the group was found with a small arsenal plus a number of other stolen items.

Farm Bureau At Pleasant Valley Holds Meeting

The Pleasant Valley Farm Bureau met Tuesday night in the community center with about 30 members present.

Allen Haley presided over the business meeting and welcomed the visitors, Dr. Johnnie Davis, Dr. Tom Longnecker, Mr. Janeway, Clyde Bray of Muleshoe, Gil De Leon and Jay Winters of Earth.

John Inman resigned his office of alternate county delegate and Dub Hardin was elected to this office. Mrs. Allen Haley resigned as community reporter and no new reporter was elected at this time.

A program on the Field Day at the Research Station at Halfway was given.

ASSIGNED TO MISSILE COMMAND

Amy Sgt. Larry D. Hooley, son of Mr. and Mrs. C. L. Hooley, Earth, recently was assigned to the 2nd U. S. Army Missile Command at Fort Hood, Texas.

Sergeant Hooley, a squad leader in the command's Headquarters Company, entered the Army in March 1956.

The sergeant attended Spade high school.

HOME ON LEAVE

Claude Don Holmes, who has finished his basic training at the U. S. Navy Training Station, San Diego, is home on a 15-day leave for a visit with his parents, Mr. and Mrs. J. W. Holmes and sisters. When he returns to duty, he will serve aboard the Thetis Bay, the Navy's helicopter carrier, now at Long Beach. His brother, Wayne Holmes, is also aboard the Thetis Bay.

CLAUDE HOLMES ENDS BOOT CAMP

Claude D. Holmes, son of Mr. and Mrs. J. W. Holmes of Muleshoe, graduated from recruit training April 11, at the Naval Training Center, San Diego, Calif.

The graduation exercises, marking the end of nine weeks of "boot camp", included a full dress parade and review before military officials and civilian dignitaries.

In nine weeks of instruction, the "raw recruit" is developed into a Navy Bluejacket, ready for duty with the fleet.
