

Double-Ring Vows Unite Miss Marie Fort And Bobby Adams At Enochs Church

Double ring wedding vows exchanged at the Enochs Methodist Church, at 7:45 in the evening, August 23, united in marriage, Miss Marie Fort, daughter of Mr. and Mrs. Perry Fort, and Bobby Adams, son of Mr. and Mrs. W. R. Adams.

J. E. Merrell, performed the ceremony before an archway of greenery entwined with pink roses, and centered with white wedding bells tied with white satin bows. Wrought iron candelabra bearing seven candles flanked each side of the arch. Two wrought iron containers filled with huge bouquets of multicolored gladioli completed decorations. The bridal aisle was marked with white satin bows and rose petals.

Miss Anna Margaret Gunter, pianist, rendered a prelude of wedding music, including "Above The Hills," "O Love That Will Not Let Me Go," "The Bells Of St. Mary's," and "I Need Thee Every Hour." Mrs. John B. Gunter accompanied Miss Gunter at the piano as she sang, "Because," and "Always," during the lighting of candles. Other selections during the ceremony were, "The Lord's Prayer," and "O Promise Me."

Given in marriage by her father, the bride was lovely in a street length dress of white satin. The tight fitting bodice was designed with a V neckline and gathered half-sleeves. The full skirt was worn over crinolins to emphasize fullness.

Her elbow length veil of white nylon net fell from a tiara of rhinestones. She wore gauntlets of white nylon net, and carried a bouquet of small red roses with white lace bow and streamers, atop a white Bible.

Carrying out the tradition, something new and blue was a fancy garter made by Mrs. D. T. Johnson; something old and borrowed was a handkerchief belonging to Mrs. H. H. Snow.

Miss Sue Johnson, of Enochs attended the bride as maid of honor. She wore a floor-length creation of pink net over tulle, and carried a bouquet of pink roses.

John Alvin Jaynes, of Lubbock,

their annual trip, which they found so enjoyable, they are already making plans for the trip next year.

This year the ladies visited in Buidoso, Lincoln and Fort Stanton, N. M. Highlight of the trip took place at Lincoln, where they visited the oldest court house in the United States. The court house is part of a museum.

The ladies went fishing, and Mrs. Lois Schoenberger was champion fisherman. Those making the trip were: Mr. and Mrs. Will Harper, Mr. and Mrs. Neil Rocky, Alpha Matthieson, Lois Schoenberger, Beulah Carles, Jennie Panter, Anna Moeller, and Herta Wilker.

Lazbuddie HD Club To Meet September 21

Lazbuddie Home Demonstration Club will hold regular meeting September 21, in the home of Mrs. Roy Daniel.

Mrs. W. C. Williams will give a program entitled "Care of House Plants - Care of Bulbs." Each member is asked to bring a bulb to exchange.

Mrs. Bill Buchanan will give a report on the T. H. D. A. meeting.

All members are urged to attend, and visitors are always welcome.

Farewell Supper Honors Grandsons Of Mrs. E. H. Ivy

Mrs. E. H. Ivy honored three of her grandsons with a farewell supper, at her home in Muleshoe, Saturday evening at 8:00 o'clock. The boys are leaving this week for college.

A delicious meal of fried chicken and all the trimmings and cake and ice-cream topped with strawberries was served.

The honorees were: Billy Wayne Wagnon, who will attend A & M; Beenie Ivy, who left Sunday for N. T. A. C. at Arlington; Jimmy Dewayne Ivy, who will be a student at the University of Texas, at Austin.

Others attending the supper

were Chunkie Ivy, Mrs. Bill Garrett and daughter Dee Ann, and Dorothy Giles.

Breakfast Begins Years Activities For DKG Sorority

Local Delta Kappa Gamma members opened the years activities last Friday morning, September 2, with a breakfast at Leigson's Cafe.

Hostesses for the occasion were Mmes. Lois Witherspoon, Mary B. Obenhaus, and Radie Boone.

Others attending were: Mmes. Elizabeth Watson, Blanche Johnson, Juanita Kirk, Oetha Finley, and Mabel Dowell.

FAMILY REUNION HELD SUNDAY

Mr. and Mrs. J. M. King had all their children together Sunday, for the first time in several years. The group traveled to Clovis, N. M. for a picnic lunch in the park.

Attending were: Mr. and Mrs. Lloyd King and family, of El Centro, Calif., who visited his parents for ten days; Mr. and Mrs. Jimmy King and family, of Roswell, N. M.; Mr. and Mrs. J. R. King and family, Doyle Kly, and the parents of the boys, Mr. and Mrs. J. M. King.

SISTER SENDS GIFTS FROM THE CONTINENT

Miss Helen McCurdy, of Port Arthur, who is touring the Continent, has been sending her sister here, Mrs. W. W. Smith, many nice gifts. Mrs. Smith reports she has received a hand-made linen handkerchief, per-

fume from Paris, France; beautiful hand-made collar, and a music box.

Miss McCurdy returned to the United States September 1, after being away 44 days.

WEEKEND IN SUNDOWN

Mr. and Mrs. L. K. Dean and Leland spent the weekend in Sundown with their parents, Mr. and Mrs. George Denton and Mr. and Mrs. S. B. Dean.

NEW FURNISHING FOR HOME EC. DEPARTMENT

New Furnishings and decorations have been purchased for the home economics department of Muleshoe High School. A new

divan and chairs, flowers, plants, and planters, a magazine rack, book rack, candleholders, horn of plenty and a lovely centerpiece for the table have been purchased.

Here's Proof That Fertilizing Pays

From A Maximum of 1800 lbs. of Sorghum Grain To The Acre To An Average **3500 LBS. PER ACRE** On 200 Acres In A Few Years — That's The Record Of The Saylor Farm — Brought About By Progressively Increasing The Use Of—
FERTILIZERS

BELOW: N. L. "Pete" Saylor stands in chest high cotton on farm operated by him and his son, Jake Saylor. Good rotation practices, increasing proper use of fertilizers, application of plenty of water, has brought about an increase of production from 1/2 bale to an estimated 1 1/2 bales for this year. The Saylor farm was a step on the annual Fertility Day tour.

Now Peas Supplement Commercial Fertilizer

ABOVE: "Pete" Saylor and "Chief" Jones stand in milo that looks good for 3500 lbs. average on 200 acres of ground. Note the heavy growth of New Era Peas, which will be shredded then plowed under for further soil enrichment. Both men said Chie, whose firm sells dry fertilizers and Anhydrous Ammonia, had a sales job when he first induced the Saylor to begin fertilizing. The Saylor don't need any more salesmanship for their results do the selling.

WE HAVE HELPED MANY MEN TO PLAN THEIR FERTILIZER PROGRAM

Hereford Whitefaces Overpower Mules 47-7 In Season Opener Friday Night

The Hereford Whitefaces combined a fast-moving running and passing attack Friday night to trounce the Muleshoe Mules 47-7 in a game played before approximately 2,000 spectators.

Hereford kicked off to Muleshoe, in the football opener for both teams. Muleshoe moved the ball steadily on the ground for the first few plays, picking up one first down. After being held for downs on their own 40, the Mules punted. Howell banged a beauty all the way to Whiteface 15 and G. C. Merritt gathered in the ball and streaked 85 yards to pay dirt with beautiful blocking and some fancy broken field running. Kaul converted for the extra point, the first of 5 successful conversions.

The Mules had two successive penalties, back to their own 1 yard line and had to kick out. On the second play from scrimmage, little Tommy Weems scattered 30 yards for Hereford's second touchdown of the night.

Hereford recovered a Mule fumble to set up the third touchdown of the game. Merritt, Bryant and Smith combined forces in three plays, with Smith romping the last five yards to a down for Hereford.

The fourth center for the Whitefaces came by the aerial route. Bryant hit his end Danny Elliston with a beauty on the 20 and Elliston outran the secondary for the counter.

The Mules were not to be denied. Tidwell, right end for the Mules, brought Muleshoe parti-

sans to their feet when he pulled an end around play that carried down to the Hereford 3, only to called back for an off-side penalty. Again Wilt, quarterbacking the Mules, called the same play with Tidwell carrying over for the touchdown, again being called back because of an off-side penalty. After driving from Hereford's 29, Rush finally hit pay dirt from the three yard line. He also carried over for the extra point.

In the third quarter Merritt lateraled to Bryant who scampered 65 yards for another touchdown.

Touchdowns in the fourth quarter to haul in two passes from Wilt, quarter to round out the scoring for the night, with the final count 47-7.

Muleshoe moved the ball consistently at times on the ground but couldn't keep up the steam.

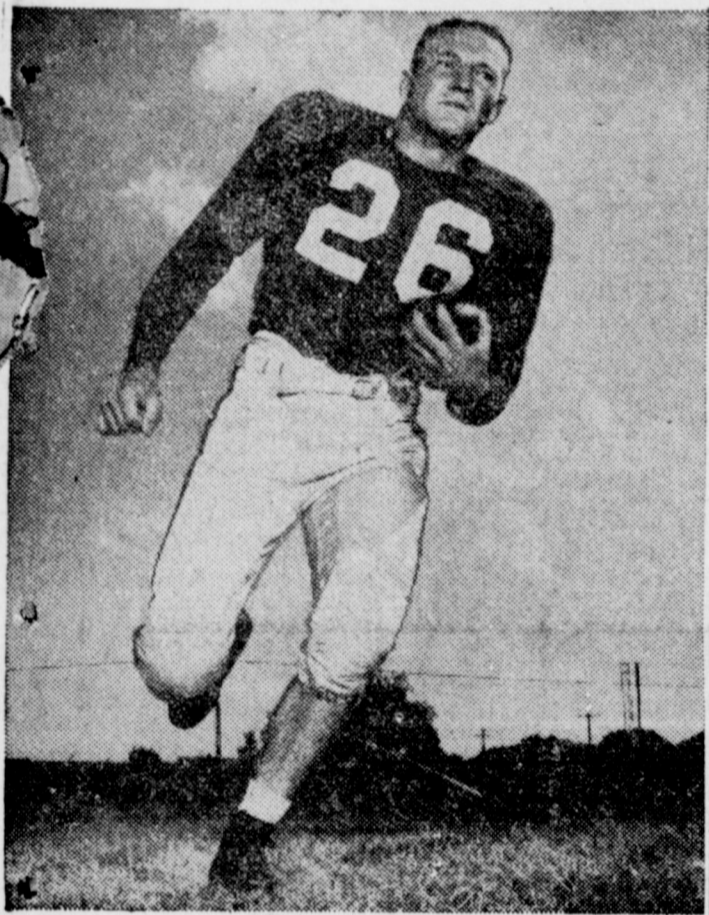

Howell was easily the leading ground-gainer for the Muleshoe squad, grinding out yard after yard for the hard fighting Mules. Tidwell also deserves praise for his tremendous efforts in trying to haul in two passes from Wilt.

Tomorrow night, Friday, the Mules travel to Sudan to tangle with their rival team, the Sudan Hornets.

With one ball game behind them and no player being hurt, the Mules will go into this game to make it a football game from the kick-off to the final whistle.

DON SCHMIDT
Texas Tech Halfback

Plains Football Fans Have Eyes On Tech Against Texas Saturday

LUBBOCK, Sept. 12 - Texas Tech's Red Raiders hope to change history in their game with the University of Texas in Austin Saturday night.

Through the years, Texas has never lost an opening game at home. Furthermore, so far, in seven starts, Texas Tech has never beaten the University of Texas.

One bit of history definitely will be made. That is the playing of the first night game in Memorial Stadium. Lights, installed this summer—along with strong interest in the game—help assure a crowd of about 40,000.

To swell the crowd, approximately 5,500 West Texans will follow the Raiders to Austin.

A major reason for the strong interest among West Texans is the fact that so many West Texas high school graduates are on the Tech squad. Fort Worth is the farthest east any of the probable starters hail from.

Tech's probable starters are ends Don Waygood of Sundown, and Pat Hartsfield of Lubbock, tackles Jerry Walker of Pampa and Minor Nelson of Winters or Bill Herschman of Vernon, guards Hal Broadfoot of Clyde and Arlen Wesley of Littlefield, center Dwayne West of Fort Worth, quarterback Jack Kirkpatrick of Post, halfbacks Don Schmidt of Olney and M. C. Northern of Littlefield and fullback James Sides of Lubbock.

Tech's first home game will be with Texas Christian University the afternoon of Sept. 24. Reserved seats to that clash are going fast, according to Jimmie Wilson, business manager of athletics.

Red Raiders Club members will hold a reception before and af-

Soil Fertility Day Program Drew Largest Crowd, And Most Interest

Nearly three hundred persons took part in the annual Soil Fertility Day tour, barbecue, and program, held here Tuesday. Those on the tour saw lush green crops, almost bewildering in their variety, uplifting to the spirit in their promise for harvest.

A long caravan carried business men, farmers, agriculture teachers and workers, agriculture students, and soil conservation district supervisors and technicians to the far flung corners of the rich farming country around Muleshoe.

The tired but happy group gathered at noon at the Buddy Meyers farm, about two miles south of West Camp gin for a barbecue dinner. The piece de resistance of the dinner, barbecue a la Roy Dyer of Central Drive In, was furnished free to all by First National Bank, Muleshoe State Bank, and Muleshoe Chamber of Commerce.

Members of Muleshoe Rotary Club served as waiters, and only three members failed to be present for the working detail. They dished out baked beans, boiled Muleshoe potatoes and onions, bread, coffee, and iced tea. Long benches had been erected in the Meyers machinery barn by Muleshoe ag. teachers and students out of materials furnished by Heathington Lumber and Willson-Sanders Lumber.

Principal speaker for the program carried out immediately after lunch was C. W. Fisher, superintendent of Spur Experiment Station, introduced by Jack Krael, farm editor of KFYO, Lubbock. Duane Bartee, work unit conservationist for Blackwater Valley Conservation District, presided.

He recognized and thanked the following firms and individuals for their help in making Soil Fertility Day a success.

Jesse Osborn of Muleshoe State Bank, W. T. Andrews of First National Bank, and Ralph Mardis of Muleshoe Chamber of Commerce for sponsoring the dinner; Howard Cox, who furnished a portable public address system for the tour; KFYO, KICA, Muleshoe Journal and others for publicity; Buddy Meyers for furnishing the place to meet, and the public address system used in the program;

The Rotary Club for serving the meal; Heathington Lumber and Willson-Sanders for the bench material; among others he singled out Glenn Slemmons for his untiring work in helping to prepare for the meeting, for printing the program, and helping get things ready at the barn; Muri Wilson of the Rotary Club,

who with Slemmons and Eddie Lane spent most of the morning preparing the meal.

Barrett Produce furnished potatoes and onions. Bartee probably didn't remember everyone there were so many, but he expressed the thanks of the Conservation District board to anyone who helped in any way. Bartee introduced the district supervisors: Burl Black, E. N. McCall, Virgil Nowell, Bill Eubanks, Ray Carter, Ed Hicks gave the invocation before the meal was served.

J. K. Adams and Bartee planned and conducted the tour, and were ably assisted by Lonnie Bass, ASC office manager. Looked as if nearly everyone got into the act somewhere along the line.

Bula and Three Way schools' FFA boys and their instructors went along on the tour and took part in the meeting, along with the Muleshoe FFA group and instructors.

Roaring Springs Doomed By Bula

Bula edged out Roaring Springs 13-8 in a six-man gridiron bout Friday, September 9, at Bula. It was the third quarter before Bula had taken the lead.

In the first quarter Jerry Green of Roaring Springs ran 45 yards for a touchdown and made the kick good for two points.

Bula racked up one touchdown for six points. The score stood until the third quarter.

The winning touchdown was made by Bula's Carl Hallford on a line plunge over the goal line. The extra point was picked up by Junior Austin Kirk Green pass.

The two teams played last year in Regional play-offs and Roaring Springs won that game 20-16.

Bula will play Southland Friday night, September 16 at Southland. They have nineteen on the squad and lost three from last year's team. Claude Morris is the Bula coach.

Texas Friendship For Korea Parades In Seoul

Some of the results of the Texas CROP friendship drive to aid Korea are shown in these pictures made at a parade in Seoul, capital of South Korea.

In the top picture, 4-H boys from Texas march past the Ministry of Commerce, labeled in both English and Korean. In all, some 17 Texans, including the boys, went over on the ship which carried the farm supplies to Korea.

In the next picture, a new pickup donated by the First Methodist Church of Plainview is shown.

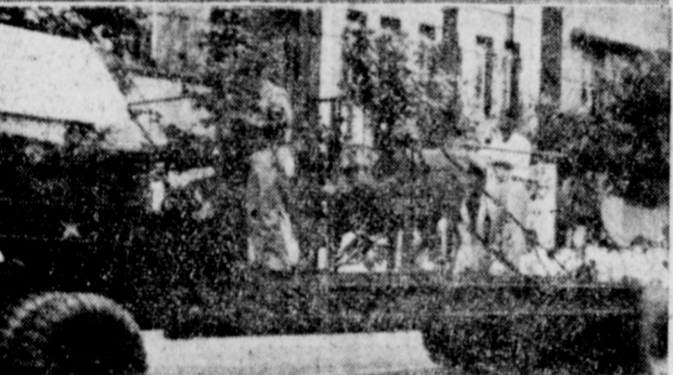

In the third picture, a huge Army transport rumbles along in the parade, hauling some of the stock donated by various Texas farmers.

The bottom picture shows the Wasung Gun 4-H Club marching behind a banner which welcomes the Texans to their country.

The Texans who went with the supplies returned to their homes two weeks ago.

The Rev. Ellis Todd was in charge of donations in this area.

—Herald-News Engraving

Enrollment At Texas Tech Is Estimated 7,000

LUBBOCK, Sept. 15 — Texas Tech this week is welcoming the largest student body in its history. Officials estimate more than 7,000 students will be enrolled by the final registration deadline Monday, Sept. 26. Tuesday, Sept. 20, is the last day to register without paying a special fee.

Most of the students will have completed signing-up procedures Wednesday or Thursday of this week. Classes, begin Friday.

The campus will empty suddenly after Friday classes, however, as more than 5,000 students, faculty and other Tech supporters head for Austin. The Red Raiders will open their 1955 football season there at 8 p. m. Saturday, meeting the University of Texas Longhorns.

Earlier this week freshmen and other newcomers were in the spotlight as guests at special receptions and meetings designed to make them feel "at home" and make their enrollment as smooth as possible. They also took pre-

registration tests which will help them plan their college careers. Entertainment lightening enrollment chores included: an all-freshman "mixer," Student Union appearances of the Norman Petty instrumental trio and Bowman Brothers vocal trio.

Pvt. Webb Brown Is On Hawaii

Army Pvt. Webb L. Brown, whose wife, Carrie, lives in Enochs, recently took part in battalion training tests held by the 25th Infantry Division on the island of Hawaii.

The two-day test was divided into three phases—defense, night withdrawal and attack. The island is about 200 miles from the unit's home station at Schofield Barracks on Oahu.

Private Brown entered the Army in Nov., 1954. His parents, Mr. and Mrs. Venson Brown, live at 270 Lomay Ave., Pueblo, Colo.

Chorus Officers Are Elected

The high school chorus elected officers Monday morning, September 12, for the 1955-1956 school year.

Elected were the following: President, Thurston Garrison, vice-president, Betty Moore, secretary, Betty Shanks, Student Council representative, Alve Lee Shofner, and Reporter, Margaret Stallings.

About thirty five are out for chorus this year, and are already doing well. Norvil Howell is the chorus director again this year.

VISITING SISTER DURING ILLNESS

Mrs. Dodie Peterson, of Amarillo, and Mrs. Myrtle Carlson, of Wichita, Kans., are here visiting their sister, Mrs. Lewis Stewart, who has been seriously ill, and who underwent surgery last week at West Plains Hospital

Marine Recruiter Making Regular Trips To Muleshoe

Marine Recruiter M/Sgt. Ira L. Lair, who is now making regular trips to Muleshoe, announced today, that the Marine Corps was now taking men for a period of three or four years.

The Marine Recruiting Sergeant can be found at Room 200 Post Office, Lubbock, from 8:00 a. m. to 5:00 p. m., Monday to Saturday. He is interested in interviewing men and women interested in joining the world famous United States Marine Corps.

The Marine recruiter announced that he would be glad to answer questions about the Marines and talk with anyone interested in joining the Corps.

New Building For Johnson Furniture

The Johnson Furniture Co., N. L. "Red" Johnson, owner will soon be in a new location. They will occupy the building going up south of Dunlap's on main street.

The building will be all brick and will have a modern all glass front. It will have all fluorescent lighting. The building will be 50 x 140 feet in dimensions.

John Johnson is building it and they expect to have the structure completed about the first of November.

Many brands of nationally advertised furniture will be handled by Red Johnson at the new building.

THOMPSON HAVE GUESTS

Visitors Sunday in the home of Mr. and Mrs. Andy Thompson were Mr. and Mrs. George Carpenter of Earth, and Mr. and Mrs. Leon Bumdel of Dimmitt.

and Clinic here. At latest reports, Mrs. Stewart was improving.

ed that he would be glad to answer questions about the Marines and talk with anyone interested in joining the Corps.

OPENING ANN'S PHOTO

Mrs. Ann Thomas is opening a photo shop in her home located at 1200 W. 11th St., in Muleshoe.

Mrs. Thomas stated that photography had been her hobby for several years. She will specialize in portraits, weddings, and commercial photography. Her ad will be found on another page of this issue.

RITCHEY-CRIM VOWS READ IN HOME SERVICE

Miss Barbara Ritchey and Max C. Crim, son of Mr. and Mrs. J. W. Crim, Lazbuddie, were married recently in an afternoon ceremony at the home of the bride's parents, Mr. and Mrs. Arthur Ritchey, 1122 Kuler Ave., Dalhart, Texas.

The Rev. W. R. Lawrence, pastor of the First Baptist Church, read the double ring ceremony before a picture window decorated with a tier arrangement of blue tapers and baskets of white gladioli.

Miss Betty Ritchey, cousin of the bride, sang "Because," "If God Lift Only You," and "The Lord's Prayer," accompanied by Miss Patricia Graham, organist.

Maid of honor was Miss Irene Ritchey, sister of the bride, who wore a ballerina length blue net dress over taffeta with a matching bolero of embroidered lace.

Her head dress was of blue sheer net.

John Norman Crim, brother of the bridegroom, was best man and candles were lighted by Don Ritchey, brother of the bride, and Weldon Crim, brother of the bridegroom.

Mr. Ritchey gave his daughter in marriage.

She wore a gown of nylon organza over taffeta styled with a molded bodice featuring a high neckline and a Peter Pan collar. The full skirt was ballerina length. Her veil of imported illusion was attached to a head-dress of net petals and pearls. She carried white carnations on a white Bible.

The bride's mother, Mrs. Ritchey, wore a navy linen suit with white accessories and a white carnation corsage. The bridegroom's mother, Mrs. Crim, wore a navy faille dress with black accessories and a white carnation corsage.

Mr. and Mrs. Kenneth Keith are vacationing in California.

Rev. Paul Symms of Albuquerque, N. M., visited with the W. S. Menefees Friday night.

Mr. and Mrs. Abe Malouf returned Friday from a ten day trip to Los Angeles, Calif.

Mr. Edgar Vanlandingham and children went to Hollis, Okla., Friday after Mrs. Vanlandingham, who had been visiting her mother for two weeks.

Lazbuddie Longhorns play their first Conference game with Pettit Friday night, Sept. 16, 8:00 p. m. Come and back our boys!

Young people of the community leaving for college this week are: Winnie Paul Ham, Jimmy Frank Carpenter, and Barbara Hinkson, going to Tech. Jimmy Dewayne Ivy and Rudolph Jesko to the University of Texas, Jean Louise Gammon to Texas State College or Women, Denton; Jerry Gleason to Texas A. & M., Clara Jean Jesko to Southwestern University, Wichita Falls; Mizily to Amarillo Junior College, and Robert Ivy to Arlington State College. There may be others we failed to contact.

The Lucy Bell Stokes Circle of the W. M. U. met in the home of Mrs. John Agee Sept. 12, for mission study. Mrs. Ham taught the book, "A Candle by Night". Members present were: Mmes. W. S. Menefee, Luther Ham, D. W. Cargile, Wesley Barnes, F. W. Greene, Raymond Houston, C. K. Roberts, Bert Gordon, J. L. Withrow, John Agee, and two visitors, Mrs. Jimmy Black, Muleshoe, and Mrs. R. L. Collins, Barnsville, Ohio.

TO AMARILLO
Betty Jackson, Maxine Parkinson and Virgie Pruitt, left Saturday for Amarillo, where they were to attend a Stanley Dealer's Meeting.

Mr. and Mrs. W. S. Menefee were hereford visitors Wednesday.

Mrs. J. L. Withrow has as her guests this week her daughter and family, Mr. and Mrs. R. L. Collins and boys, of Barnsville, Ohio. While here they plan to visit points of interest in New Mexico.

Mr. and Mrs. David Lynch and family of Slaton visited in the Raymond Houston home Sunday. Mrs. Lynch and Mrs. Houston are sisters.

PROFITS CAN YOU AFFORD TO MISS 'EM?

Amazing fuel savings 3 to 4 seasons without overhaul.

Oil life increased 4 times. No carbon, sludge, "ping".

Stepped-up engine power.

ENSIGN LP-GAS CARBURETION

You've heard how tractors using low-cost LP-Gas and Ensign Carburetors are scrapping customary performance standards. "Sure," you say, "I'd be sitting pretty with that kind of power, but I can't afford it." Stop a minute. Look at the facts, and you'll find that it is actually costing you money every day you delay switching to LP-Gas! Consider fuel costs. The per-gallon difference between your present fuel and LP-Gas will pay the modest cost of converting in a short time. Then you'll save dollars, while enjoying a more powerful, smoother running engine. Oil? With LP-Gas, lube oil life is 4 to 5 times longer! And, overhaul jobs are needed only every third or fourth season as LP-Gas leaves no carbon, gum or sludge.

See how switching to LP-Gas with Ensign carburetion pays dividends? Why not talk to your Authorized Ensign Dealer? Find out now about ALL the Ensign and LP-Gas advantages... You can't afford to miss 'em!

An Electric Freezer IS A FLAVOR SAVER!

Freshly picked fruits and vegetables have a blush as lovely as that of a schoolgirl on her first date. Yes, and they have a flavor that's just as sweet as that schoolgirl, too. Keeping that blush and that flavor after the fruit has been picked once was a problem, but it is no more. Your electric home freezer will give you all the beauty and good taste of fresh fruits and vegetables months after you have frozen them. Don't be out of step and "out of season", buy a home freezer now for foods at their finest all year 'round.

Money Saver, Too!

Real economy! That's top quality and low price. Your food freezer will pay for itself in price savings alone — in just a few years — and then you enjoy always the dividends of foods at their best — frozen.

First of the 1956 cars—this new Lincoln PREMIERE coupe is entirely new from the ground up. The unusually low silhouette of this new Lincoln series highlights a new kind of styling—large and spacious, yet lithe and graceful. Its overall length is 18½ feet, more than 7 inches longer and 2½ inches lower than 1955 Lincolns. Developing 285 horsepower, its new, low-friction V-8 engine has 9 to 1 compression ratio and delivers 401 ft.-lbs. of torque, assuring outstanding performance. Lincoln is first to introduce a group of safety features including retracted steering column and safety-flex steering wheel, triple-strength safety door locks and optional safety seat belts.

THIS & THAT

About Homemakers & Homemaking IN BAILEY COUNTY By MOLLIE STINSON Home Demonstration Agent

Just another reminder that advanced dressmaking workshop starts Tuesday, Sept. 20. I hope all the clubs will have several members attending. Perhaps we can have a style show or exhibit of the completed garments.

Family recreation is one of our demonstrations this year and here is some information on parties for the small fry.

To most children the word "party" is or should be a magic word that means friends, fun and food. It also means plans, activities and anticipation.

The child who is allowed to help plan and prepare the party has a double amount of fun. The party is more apt to be a success, and provides desirable social experience if it is planned with the child, with his interests, stage of development and temperament taken into consideration.

Try these principles for planning: Avoid elaborate parties—they usually end up being "mother parties".

Invite the same number of guests as child is old.

Have one other adult to help with children and refreshments.

Provide room and recreation away from children, for other mothers who must come.

Limit the time to 1½ or 2 hours. A good time is just before lunch or after nap time in the afternoon.

Encourage guests to dress comfortably. In planning refreshments,

choose foods that are healthful, colorful, and suited to the time of the day. Serve small portions and allow chances for "seconds" Make the table as colorful and attractive as possible.

Plan entertainment that is within the ability of all. A child's span of interest is fairly short, so plan a variety of activities. Tell children when the party is ended and send them on their way.

Simple, well-planned parties help children to develop as hosts and provide an opportunity to share home, friends and toys.

Of course you don't always have stains, heat rings and scratches on furniture after a party. But in case you do here are some helpful suggestions on that.

Quick, "first-aid" treatment can often hide stains or marks and prevent costly damage to furniture.

Wipe up spots of perfume, medicines and beverages containing alcohol as quickly as

possible. If the stain is light, try to rub it out with a small amount of silver polish or moistened cigar ash.

Another good home remedy is to make a paste of one tablespoon of linseed oil or lemon oil and one tablespoon of rottenstone, which you can get from your paint store. Apply the stain with a soft cloth, rubbing with the grain of the wood. Cigarette burns which are not too deep may be treated in the same way.

White blemishes from hot dishes are difficult to remove. Try camphorated oil. Stroke the spot lightly with a soft cloth moistened with the oil. Dry immediately with a dry, non-linty cloth. This method can also be used for water rings.

An easy home remedy for scratches on dark woods is the oil from a walnut, pecan, butternut or Brazil nut to strain the scratch. Cut the nut in half and rub well into the scratch.

GUESTS FROM ILLINOIS

Guests this week in the home of Mr. and Mrs. John Benson, are her sister and brother-in-law, Mr. and Mrs. Olie Wilson, of McLeanboro, Ill.

Sunday visitors were: Mr. and Mrs. Burnis Pierson and children, Canyon, and Mr. and Mrs. D. C. Hensley and sons, Clovis, N. M.

ROY LACEYS VISITED IN MULESHOE SUNDAY

Mr. and Mrs. Roy Lacey and daughter, of Lubbock, visited in

Muleshoe over the weekend with his cousin, Mrs. Thelma Donaldson.

For the past two years, Mr. and Mrs. Lacey have made their home in Ft. Worth, but now are residing in Lubbock, where he will be professor of English at Texas Tech.

TO NEBRASKA

Mr. and Mrs. D. O. Burlsmith left Monday of this week for a vacation in Lincoln, Neb.

Read the Journal want ad's.

FARMER COUNTY Farm Bureau News

By RAYMOND EULER

Unfortunately, the potato assistance program mentioned last week will not help potato producers of this area at all. It appears that if it helps any producers, it will be those in areas with many years of history in the production of potatoes.

The per family income of full time farmers in 1950 averaged \$3,630; in 1954 the average was \$3,700; less than \$400 difference.

Nothing that concerns farmers, and so much what they made, that it cost them to make it. We think the trend that is becoming evident regarding an organized effort on the part of producers themselves to expand domestic and foreign markets and control diverted acres has a lot of encouraging promise. Most farmers are beginning to realize that politically controlled operation of their farm is not the most desirable situation they can hope for.

Before long we should know that is legally (or illegally) "a bad, depraved or corruptiveomic book". It is now against exas law to sell them. It is also unlawful to bring intoxicating beverages into any stadium or field where school athletics are staged.

We hope every farmer, with his future success or failure in mind, will be concerned when his Farm Bureau Directors and resolution Committee announce the county wide meeting where plans will be heard and discussed by the farmer himself. If enough farmers turn out to give true picture of our people's wishes, you can rest assured that resolutions presented to Texas Farm Bureau in November will be exactly what the majority of Farmer County farmers believe is best for them now and in the long run. If you have been critical of your community director, we believe nothing will make him happier than to come and tell the membership what you think your director ought to do. You can be sure that if your concerns sound good to most of your fellow farmers, it will appear black and white, with all delegates from Farmer County supporting it in Fort Worth in November. How else can you get the power of over seven hundred farmers behind your plans? You are urged to participate.

member. How else can you get the power of over seven hundred farmers behind your plans? You are urged to participate.

The "Soil Fertility Bank", a farm program intended to give farmers more freedom and more net income is gaining nation wide attention. Originator and promoter of this program, is Texas Farm Bureau's President, J. Walter Hammond, of Tye, Texas. The American Farm Bureau is studying and recommending the program, too. We think you'll like the idea if you know it.

"Jumping at conclusions is not half as good exercise as digging for facts!"

First Showing LINCOLN FOR 1956

Unmistakably . . . the finest in the fine-car field

Unmistakably the finest in design . . . the longest, lowest, roomiest Lincoln of all time

When you see Lincoln for 1956 you will see for the first time in an automobile . . . sculpture in steel. In these lowest, longest, most spacious Lincolns ever built, every line and plane unite in a clean, harmonious whole—pure as a bird in flight. You will see how Lincoln design joins function with beauty in every detail. You will see that coachwork throughout is in the great Lincoln tradition. In two completely new series: Lincoln CAPRI, and the even more magnificent Lincoln PREMIERE.

Unmistakably the finest in performance . . . spearheaded by new 285-hp engine with the highest usable power (torque) of any car

Here is the best-performing car on the road. Power? The new 285-hp Lincoln engine with Turbo-Drive delivers instant safety-minded response in every situation. Roadability? The renowned Lincoln suspension system hugs the road with unwavering confidence. Safety? Lincoln brings you, in addition to every known power assist, the retracted steering column with safety-flex steering wheel, triple-strength safety-plus door locks, largest windshield area in the fine-car field, optional safety belts.

Unmistakably the finest in appointments . . . expressed in 29 exclusive Lincoln interior color combinations

Jewel-like touches throughout . . . decorator fabrics and leathers obtainable in no other fine car. Lincoln for 1956 brings its owner the finest complement of all—the compliment of having chosen the best. For this Lincoln on every count was built to be the best. You will feel this is the car you belong in, whether you graduate to it from a car of lower price or step up to it from another car of the same price. Your Lincoln dealer awaits the privilege of letting you prove this for yourself.

WMU Activities Began Monday

Dining hall at the Muleshoe First Baptist Church was the scene of the Executive Committee meeting of the W. M. U. Monday morning, as the group began another year's activities.

Officers were elected, and are as follows: president, Mrs. Ruth Fowler; 1st vice-president, Mrs. Effie Hicks; recording secretary, Mrs. I. M. Stinson; corresponding secretary and treasurer, Mrs. Betty Bratcher; young peoples director, Mrs. E. K. Shepherd; community missions, Mrs. Ruth Roberts; mission study, Mrs. Monna Towns; program chairman, Mrs. Mary Sweatmon;

Music chairman, Mrs. Truma Griffiths; publicity, Mrs. W. B. McAdams; pianist, Mrs. Martha Hicks; prayer chairman, Mrs. Lela Barron; stewardship, Mrs. Mildred Howell; social, Mrs. Dorothy Green; Bible study, Mrs. Truma Griffiths; literature, Mrs. J. E. Moore; business women's chair, Mrs. Eddie Lane and Mrs. J. L. Alsop; mission study chair-

man, Mrs. Bobby Ratcliff; and chairman of circles, Mrs. M. D. Gaddy, Doc Wilhite, Pauline Jameson, Faye Cox, and Joy Avery.

All the officers elected were present with the exception of Mrs. Faye Cox, and Eddie Lane. Mrs. A. C. Bray was there to take the part of Mrs. Lane.

Progress HD Club To Elect Officers Next Mo.

Progress Home Demonstration Club met in the home of Mrs. Mead, September 8, at 3:00 o'clock.

During the business hour, it was announced that the Community Center Club ladies would meet with the Progress Club as their guests, on Achievement Day, October 13, at the home of Ada Murrah.

Election of officers is to be held the last meeting day in October.

At the next meeting, which is to be held in the home of

June Smallwood, a demonstration on barbecuing will be given.

Refreshments of Ritz crackers and cheese, potato chips, cookies, mints, and cokes were served by Mrs. Mead to her guests.

Attending were: Mrs. Gray, Davis, Self, Mead, Wells, Hill, and the agent, Mollie Stinson.

Sides, Meeks Vows Read At Canyon

In a beautiful double-ring ceremony read by Rev. John Petry August 19, in the B. S. U. C. at Canyon, Miss Martha Sides became the bride of J. P. Meek.

Parents of the bride are Mr. and Mrs. Perry Fort, of Baileyboro, and the groom's parents are Mr. and Mrs. E. E. Meek, of Canadian.

Solost Ray Lee Jones was accompanied at the piano by Nancy Cunningham.

Following a wedding trip to Eagle Nest, N. M., Mr. and Mrs. Meek are making their home near Canadian, where the groom is engaged in farming and ranching.

Both Mr. and Mrs. Meek are graduates of W. T. S. C., and have received their degrees.

Attending the wedding ceremony were: The parents, Mr. and Mrs. Perry Fort, and Mr. and Mrs. E. E. Meek; brother and sister-in-law of the groom, Dr. and Mrs. Clinton Meek, of North Dakota, University; the bride's sisters, Mrs. Garvin Long, Morton; Mrs. H. O. Huff Jr., and children, Marie Fort, a brother Garland, of Baileyboro.

Also several friends: Mrs. Frances Wardlow Dumas; Bobby Adams, Morton; and a group from Canyon.

Bass Home Scene Ice Cream Supper

Mr. and Mrs. Lonnie Bass en-

Francine Pisano, appearing here all this week with Brunk's Comedians in the tent theatre, sponsored by the Muleshoe Junior Chamber of Commerce. She is a Chicago girl and this is her first time in West Texas. She will appear as one of the careless wives in "The Careless Stork Friday Night". "Careless Stork" is strictly a continuously funny show that deals with Careless soldiers, careless lawyers, careless mechanics, careless waiters, careless operators, careless doctors, careless nurses, careless printers, careless husbands, and careless wives. Brunk's will close their engagement here Saturday night and go to Clovis for next week.

tertained members of his office staff with an ice-cream supper at their home last Thursday evening.

Attending were: Mr. and Mrs.

James Finley, Mr. and Mrs. Burnis Kemp, Mr. and Mrs. Jack Douglass, and Mr. and Mrs. Jimmy Pressley.

Gaede Home Is Setting For WSCS Meeting

Mrs. A. C. Gaede was hostess for a regular meeting of the Women's Society of Christian Service, September 12, in her home, with nineteen members in attendance.

Mrs. Clarence Stephens was in charge of the program. A lovely

sent by Mrs. Stephens, and Mrs. Moore.

A business session followed the program. The Country Fair this year will be held Wednesday, October 26.

On Monday, September 29, at 2:00 p. m., members of the Women's Society of Christian Service will meet at the home of Mrs. Morris Childers in observance of the fifteenth anniversary of the W. S. C. S. All ladies of the church are cordially invited. Mrs. Mervin Witterding will assist with refreshments. Mrs. F. B. Pierson and members of the program committee will have charge of the program.

After Mrs. Gaede served refreshments at the meeting Monday, she took the ladies on a tour of her flower garden and presented each with a lovely bouquet.

ATTENDED PICNIC

Mrs. Ethel Julian and Mrs. Olen Dutton, of Lubbock, former member of the Muleshoe H. D. Club here met the club members at Mackenzie State Park, Lubbock at the annual picnic last week, and spent the day with them.

MAKE IT A Pontiac

for a good deal and a good deal more!

We're matching Pontiac's record sales with record-breaking trades!

You can put this down for a fact. You won't match our deal anywhere else in town because this one pays off double!

For a starter, you'll get an appraisal too good to pass by. We're out to make September another record-breaking month, and all trades are figured on a volume basis. Your car can command a better deal from us right now than it ever will again.

For the clincher, you'll get a car that is way

ahead of anything near its price... designed and engineered to stay new for years.

You'll get style that sets the fashion for tomorrow;

You'll get the advanced performance of the Strato-Streak V-8, newest engine in the industry.

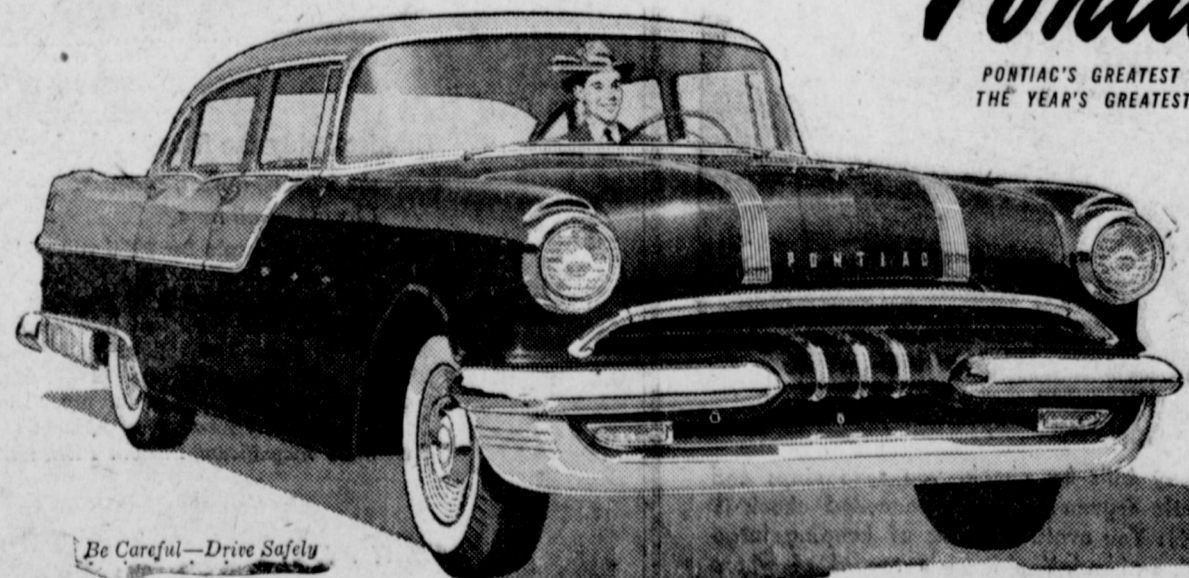

You'll get the size you must have for safe cornering and solid security.

You'll get the latest innovations in springing, brakes and steering to cushion the ride and make driving an effortless pleasure.

Come in for the deal with the double payoff and drive away a big, high-powered future-fashion Pontiac. You have the word of half a million owners—you'll never make a better buy!

Guess Who Lives Here

A FARM HOME of the Muleshoe and Bailey County territory is pictured above. It should be familiar to many of The Journal's readers. First person who gets his mail to the post office here, and first person who gets his mail on a route or at another post office correctly identifying this farmstead will receive two tickets to COX DRIVE-IN THEATRE. Phone The Journal, 7220 or 5400 and submit your guess, come to the office or mail a card.

Land Commissioner May Continue To Run Veterans' Land Buying Program

AUSTIN — The Commissioner of the General Land Office may continue to run the Veterans' Land program under new laws passed by the 54th Legislature, but additional safeguards for the public are provided, the Attorney General's office ruled Tuesday in a specially written and reviewed opinion.

The opinion was written by Special Assistant Cecil E. Burney, former president of the State Bar of Texas, and approved by three former members of the Supreme Court of Texas, A. J. Folley, of Amarillo, Richard Critz, of Austin, and Gordon Simpson of Dallas.

The opinion was issued at the request of Land Commissioner J. Earl Rudder.

Rudder, who took over the Land Office after the resignation of Buscom Giles January 1, asked for an opinion as to whether new laws passed by the 54th Legislature would change the procedure existing since 1949 under which the Land Commissioner administers the program.

The new laws, in general, require investigation of all veterans' land deals on the local level by citizens' committees, provided criminal penalties for unlawful promotion or false swearing, and tighten appraisal requirements. The old law had no penal provisions for prosecuting promoters.

The opinion pointed out that the new laws correct abuse at the local level but have no bearing on board functions.

"The trouble has not been in the Austin records," Burney said Tuesday, "but in the lack of safeguards down the line. Records in Austin were correct on their face. They had consistently been checked and audited. These new laws now provide the means to check these records against the facts on the local level."

Burney's 15-page opinion traced the history of delegated authority by the Veterans' Land Board and a number of other boards and agencies of the State.

Original intent of the Legislature in setting up the Board, the opinion said, was for the Veterans' Land program to be administered by the Land Commissioner, with ex-officio members performing only a policy-making function.

The Veterans' Land statute does not prohibit making the Land Commissioner responsible for administering the program, the opinion went on, and in fact authorizes the board to lay down any necessary rules for proper administration.

"The Legislature could not have intended that the board superintend every purchase. During the five and one-half years of operation of the Veterans' Land Program, some 20,000 applicants have been filed.

"As there are four principal steps involved in each, it is apparent that it would be impossible for the board to have passed on these more than 80,000 separate items, particularly when the Legislature is presumed to have known that two members of the board, the Governor and Attorney General, each serve on many other state boards and commissions in addition to the heavy duties of their own elective offices," the opinion declared.

Burney added, "Ex-officio board members could never review all

on those days to discuss matters of Veterans' Land Board policy, and to take action required," the ruling stated.

"However, it is seen from affidavits filed with the board that the members, although they were present and on numerous occasions did act on matters of policy, never did take any action on the administrative and ministerial details of the program. This was the responsibility of the Land Commissioner."

"Some confusion has arisen as to whether the board ever actually met and transacted any business. Members went to meetings of the School Land Board—and were therefore available

BABSON DISCUSSES—

"BRAIN FACTORIES"

Gloucester, Mass., Sept. 15 — I have just again spent Labor Day Week at my birthplace. As I was writing this, I was looking down at a marvelous new school built by my cousin, the distinguished late Major Elmer Babson.

CHANGES IN SCHOOL ARCHITECTURE

Fifty years ago schoolhouses were built as architectural additions to a city—with columns, facades, and fancy stone trimmings. My cousin had the courage to make a radical change and built only to provide the most efficient teaching conditions possible. The result was a building which the local taxpayers dubbed the "New Factory."

These critics were more truthful than intelligent. The time is coming when every schoolhouse will be built as an efficient factory, with teachers working and being paid as efficient managers, experts, and formen de-

servé. The sooner local School Committees and taxpayers adopt this "factory" idea, the better off those cities and towns will be. The hope of every community is its children, provided they are properly taught the right things. I have little use for some of the silly subjects being taught today.

AUTOMATION AND ELECTRONICS

During the next few years students will hear much talk about AUTOMATION. This is a fancy word for "automatic factories." These are the factories where the raw materials are fed into one end and the finished product come out the other end. Such factories are very expensive to build; but they will turn out the same amount of shoes, clothing, candy, and cloth with 50 people that is now produced by 500 people.

AUTOMATION has become possible only with the development of Electronics (which I hope every High School is teaching). As a result the American electronics industry has grown from a business of only a few dollars to one of over a billion dollars. Electronics accomplishes two things:—(1) It enables a very faint electric current to be turned into a strong current, as illustrated by the loud-speakers of radios. (2) It enables an electric current to be turned on or off by a change of light or sound, or by temperature instead of by hand. This is illustrated by the "electric eye", which opens and closes doors for you.

TUBES TO BECOME OBSOLETE

One reason for the coming great increase in AUTOMATION is that tubes such as are used in your radio and TV sets will soon become obsolete. These tubes are being replaced by tiny "transistors". These transistors are so small that hearing aids are now being made with them, being

built into the frames of eyeglasses so that no one will have a hint that the person is deaf and uses a hearing aid.

Now, let me come to the real important point of this column. I refer to the great opportunity facing teachers, preachers, and parents of impressing upon young people that they already possess the most wonderful "automatic factory", far more marvelous than any other in existence. With a good working knowledge of "reading, writing and arithmetic" and a full recognition that they own and control such an efficient factory, every student should become healthy, prosperous, and happy.

YOUR AUTOMATIC FACTORY!

For raw materials, you feed in water, air and certain foods. These pass through pipes and cookers in a process not unlike that used by the most modern electronic factory. These raw materials are automatically changed into muscle, brains, and cultural "gifts". But this is not all. In addition, students can turn an "electronic knob" and determine whether his or her automatic factory will produce physical force, used by common labor, or brain power, used by executives, or a cultural product, such as music, painting, poetry, etc.

But—wake up! Automation—as illustrated by television—is fast catching up with you. I noticed and advertisement of a prominent TV manufacturer whereby with a flash of light a person sitting in any chair in a room (with no wires, no cords) can turn a TV set on, off, or change the channel while remaining in his easy chair. It even enables one to shut off annoying "commercials" without changing the picture. This power of remote control students have had since babyhood; but how many are using it? To teach students to use it should be an important work of the Public Schools.

HENDERSON COUNTY REUNION

Mackenzie State Park will be the scene of the fourth annual reunion of former residents of Henderson County which will have an all-day meeting with lunch being spread at noon. Drinks will be provided by the Reunion committee. Directions signs will be posted at the East entrance, off of the Idalou Highway, entrance to the park. Time: All day, Sunday, September 25, 1955. Place: Same as last year, first parking area to the left, as you enter from the South East entrance. Everyone bring Basket Lunches.

CHARLES A. SPENCER,

LEARN TO LET GO:

If you want to be healthy morally, mentally and physically, just let go.

Let go of the little brothers of everyday life, the irritations and the petty vexations that cross your path daily. Don't take them up and nurse them, pet them and brood over them. They are not worth while. Let them go. That little hurt you got from a friend, perhaps it wasn't intended, perhaps it was, but never mind, let go. Refuse to think about it.

Let go of that feeling of hatred you have, for another, the jealousy, the envy, the malice, let go all such thoughts. Sweep them out of your mind, and you will be surprised what a cleaning and rejuvenating effect it will have upon you, both physically and mentally. Let them all go; you house them at deadly risk.

But the big troubles, the bitter disappointments, the deep wrongs and the heart-breaking sorrows, tragedies of life, what about them? Why, just let them go too. Drop them softly maybe, but surely. Put away all regret and bitterness, and let sorrow be only a softening influence. Yes, let them go, too, and make the most of the future.

Then that little pet ailment that you have been hanging on to and talking about, let it go. It will be a good rideance. You have treated it royally, but abandon it; let it go. Talk about health, instead, and health will come. Quit nursing that pet ailment, and let go.

It is not so hard after once you get used to the habit of letting go of these things. You will find it such an easy way to get rid of the things that may mar and embitter life that you will enjoy letting them go. You will find the world such a beautiful place. You will find it beautiful because you will be free to enjoy it free in mind and body.

Learn to let go. As you value health of body and peace of mind, go—just simply let go.

CHRISTIAN SCIENCE SERVICES

The fact that understanding the allness of God, Spirit, frees man from the idolatry of materialism will be set forth at Christian Science services this Sunday. Keynoting the Lesson-Sermon entitled "Matter" is the Golden Text from I Corinthians (10:14): "My dearly beloved, flee from idolatry."

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy the following passage will be read (475:3) "To infinite Spirit there is no matter, all is Spirit, divine Principle and its idea."

Scriptural selections will include the following from Isaiah (42:5,8): "Thus saith God the Lord, he that created the heavens, and stretched them out; he that spread forth the earth, and that which cometh out of it; he that giveth breath unto the people upon it, and spirit to them that walk therein; . . . I am the Lord; that is my name; and my glory will I not give to another, neither my praise to graven images."

SAND HILLS PHILOSOPHER DOUBTS

Machinery People Will Be Able To Take Fatigue Out Of Farming

Editor's note: The Sandhill Philosopher discusses tiredness this week, another subject he has only a theoretical knowledge of. Dear Editor:

I read in a farm magazine the other night, one of these magazines edited mostly by city people whose aim is to convince a farmer he can ride a tractor all day and never lose the crease in his trousers, where equipment manufacturers are working on ideas to take the fatigue out of farming.

I think this is fine, and my only regret is that they haven't been able to hit on any yet.

Now I know that farming isn't as tiring as it was 50 years ago, or at least that's what they say, but just from observation I've noticed that a man doesn't fall a sleep any faster at night after he's plowed four acres with a walking plow than he does after he's plowed 40 acres with a tractor.

When equipment makers say they're taking the fatigue out of farming, they mean actually they're increasing the amount of work a man can do in a day, with the amount of fatigue remaining constant. I ain't never seen a farm yet that couldn't take all the energy out of a man he has.

I'll admit it takes more energy to chop 40 acres by hand than it does to plow 40 acres with a tractor, but I'm not sure chopping 40 hours takes up any more energy than plowing that long, although I'm like most farmers and the very time any crop needs any hand labor is the same time it needs the more experienced care of a tractor, with me on the tractor, umbrella up.

As a matter of fact, I think there is a lot of misunderstanding over the place of the machine in life today. A machine enables a man to do a lot more work, but if machinery has cut down on the amount of fatigue, I haven't seen it. Leastwise, everybody seems about as tired as he ever was. The only way I know how to take the fatigue out of farming is to rent your land out and move to town.

However you take town jobs, Machines have taken over a lot of the work load in all kinds of white-collar jobs, from banking to jerking soda to making

grading has met with state inspection standards and containers have been sealed with the Texas Department of Agriculture certificate.

By the same token, all potatoes moving into Texas must be graded according to TDA specifications. All offenses are punishable by fine, imprisonment, or both.

The over-all effect of the program will be to increase and insure markets for producers and to assure consumers of the quality they are seeking.

ADVANTAGES OF TEXAS' SWEET POTATO LAW

Administration of a new law designed to give the Texas sweet potato industry a boost is now in full swing.

The law, which became effective Sept. 1, requires that all commercial lots of sweet potatoes moving into, within, or out of Texas be graded and certified by the Texas Department of Agriculture.

Some 60 TDA inspectors are available for the job of seeing that grading specifications are being met by marketeers in the various growing regions where new crop potatoes are appearing.

Potatoes are divided into three classifications—No. 1's, No. 2's and Unclassified. Classification depends on size, weight, shape and defects.

For instance, No. 1 potatoes must be no more than 3 to 10 inches long, no more than 3 1/4 inches in diameter, weigh no more than 5 per cent serious damage. Soft rot damage in any single lot must not exceed two per cent.

Texas specifications are uniform with those of all states who have adopted the U. S. grading standards.

The new law will not directly affect most farmers, since packers, processors and marketers assume responsibility for grading and packaging. Only if the farmer markets his crop through a retailer, directly, in commercial lots of 25 or more bushels is he required grading and certification.

Although sweet potatoes are grown over many areas of the state, most of Texas' commercial crop comes from two separate areas in extreme East Texas and on the lower plains.

After harvesting, most crops are sold to commercial packers who clean and process them for packing in 50 lb. crates, sacks or baskets. No sweet potatoes are allowed on the market until

soil moisture supplemented by irrigation of about 25 per cent of the state's crop. Boll weevil infestation is somewhat worse this year than last, but damage has not been excessive.

Cotton production is expected to be down only about 1 per cent, although Texans planted a million fewer acres in cotton this year than in 1954.

Reporting on livestock, the Bureau says most cattlemen feel they can see their herds safely through the coming winter season. Prospects for early fall and winter pasturing are better than they have been in years, and there was a bumper crop of hay.

Texas farmers suffered a 3 per cent decline in income during the seven-month period of January, July, 1955, compared with the same period of last year. Prices received by farmers during July fell 2 per cent from June figures, but remained about the same when compared with prices received during July, 1954.

Texas To Produce More Than Half US Grain Sorghums

AUSTIN, Sept. 10 — Texas will produce more than half of the nation's grain sorghum crop this year, with a bumper crop expected to beat last year's yield by more than 20 per cent.

The University of Texas Bureau Research says the production gain in grain sorghums can be attributed to a 15 per cent increase in acreage and generally more rainfall in most areas.

The Bureau also reports remarkably high yields are in prospect for most of the cotton-producing areas, due to improved

Booking Systems on sale at the Journal phone 7220.

NO DOVE SEASON IN BAILEY CO. THIS YEAR

The Journal may have involved some hunters with the law. The paper announced recently that dove shooting season would be September 1 to Oct. 15, and failed to note the small type that said "Season closed in Bailey County."
