Tahoka, Lynn County, Texas, Friday December 1, 1950

Number 9

Lights Go On To Open Christmas Season Here

Free Turkeys To Be Given Away Christmas Week

The week before Christmas will be filled with free features in Tahoka, according to Russell McGee, Chamber of Commerce secretary.

Fourteen turkeys will be given away free to downtown holiday visitors, two each afternoon, Monday, December 18, through Friday, December 22, and four will be given away Saturday, December 23. A \$47.50 man's watch will also be given away December 23.

Friday, there will be a free picture show at the Rose sponsored by a group of business men.

Saturday morning, Tahoka Rotary Club will present its annual free Christmas show for children at the Rose.

Santa Claus will arrive in Tahoka Saturday, December 16, at 3:00 p. m. aboard the City fire truck, and will have free candy for all the children of the county.

Christmas lights on the court house square were turned on Wednesday night and others were being strung Thursday. It is hoped that a large Christmas tree will be decorated on the court house lawn.

The week before Christmas, music fitting to the season will be played over a public address system, and the Tahoka High band will play a downtown concert of Christmas music on December 9.

More Farm-To-Market Roads Are In Prospect

Eight more miles of farm-to-market road will be paved in Precinct 1 of Lynn county in 1951, if plans being submitted by the Commissioners Court are approved by the State Highway Department, according to E. J. Cooper, commissioner of the precinct.

Plans submitted include a little over four miles of new pavement connecting New Lynn with Wilson and a little over three miles from a point west of Wilson High school north.

The New Lynn-Wilson paving will connect with the existing paving which runs north from a point six miles east of Tahoka for five miles to the present Wilson to Garza county road at a point about two miles east of Wilson.

The other project will run north along the section line from a point just west of Wilson High School to the Sanders farm, three miles north and a little west of Wilson.

Eight miles in Lynn county's quota of Federal aid farm-to-market road for the year 1951.

Mr. Cooper states that the State Highway Department will also take over for maintenance purposes the remainder of the road through Lynn county which runs from U. S. Highway 84 in Garza county west through Wilson, New Home, Meadow, and to Sundown.

The two projects, however, must yet be approved by the State Highway Department.

FIVE GENERATIONS—The above picture, taken recently at Seymour, shows five generations of the Patterson family. Mrs. H. A. Patterson, 82, of Tahoka, and five direct descendants. To her left is her oldest son, D. E. Patterson, her great grandson, Robert are her grandson, Clifton Patterson, her great grandson, Robert Patterson, and her great great granddaughter, Bobbie Lynn Patterson, all of Seymour. Mrs. Patterson and her late husband, who died in August, 1948, came to Lynn county in 1914 from Gainesville, Cooke county. Her other children are: Ott, Tahoka; W. E. Phoenix, Ariz.; J. E. Los Angeles, Calif.; and Mrs. Clyde Shaw of Slaton.

Basketball Season Will Open Here On Tuesday

Tahoka Bulldogs will open their basketball season next Tuesday night at 7:30 p. m. in the Tahoka gymnasium with the Abercathy Antelopes. The A team game will start at 7:30, with the B game following at about 8:30 p. m., a reverse of the procedure last year.

Abercathy almost habitually has one of the better teams of this section, and hopes for a championship in its district this year.

Tahoka has five lettermen back, with four or five other boys giving the lettermen a run for their money for starting places. Coach Jake Jacobs, however, reports that the boys are rounding into form slowly. They should develop into a polished team by opening of the Conference season early in January.

Returning lettermen are: Jackie Slover, Ronny Gurley, Don Brice, Morgan Howie, and Lynn Halameck. Halameck injured his back late in the football season and will not be in top condition for some time yet.

Among the other boys, most of (Cont'd. On Back Page)

Rev. Holcomb In Iowa Meeting

Rev. C. A. Holcomb, Jr., pastor of the Tahoka Methodist Church, left Wednesday for Des Moines, Iowa, to participate in an evangelistic mission scheduled for the Des Moines area, December 1-8. Over six hundred Iowa Methodist churches will be participating simultaneously.

Rev. Holcomb has been invited to be guest preacher to the Methodist Church of Lenexa, Iowa, Creston District. He will be back in the pulpit for both services here December 10.

School Board Considering Bond Election For Building

Baptists Plan Big Day Sunday

The First Baptist Church plans to subscribe the recently adopted budget Sunday morning. An effort is being made to subscribe the \$36,000 budget in one service.

Sunday is also high attendance day. A goal of 500 in Sunday School has been set while an attendance of 225 in Training Union is sought. Sunday School meets at 9:45 and Training Union at 6:15.

Mrs. C. M. Lawler Killed Sunday

Mrs. C. M. (Annie) Lawler, 71, a resident of Lynn county for 26 years, died in a Lubbock hospital Sunday night as the result of injuries she received when struck by a car on Highway 87 south of Tahoka.

Funeral services were conducted at the Tahoka First Baptist Church at 10:30 a. m. Thursday by Rev. A. C. Hardin, former pastor, and Rev. Lee Rousour, pastor, and burial followed in Tahoka Cemetery under direction of Stanley Funeral Home.

The accident occurred five miles south of Tahoka, just after Mr. and Mrs. Lawler had alighted from a south bound bus at a point opposite their home. They were returning home from Amarillo, where they had been visiting their daughter, Mrs. Lois Settle, and family since Wednesday.

After alighting from the bus, the Lawlers went around behind the machine, with Mrs. Lawler (Cont'd. On Back Page)

Erwin Ross Cut Up In Scrape At Negro "Joint"

Erwin Ross, 20, of Tahoka, received deep knife wounds in the abdomen and chest, and Claude D. Campbell, 45, of Carthage was "beaten up" in a fight between the two at a Negro "joint" about a half mile southeast of Grassland at about 7 p. m. Sunday.

Campbell is in jail in lieu of \$1,000 bond set on charges of assault with intent to murder. No charges have been filed as yet against Ross, who is in a serious condition in a Lubbock hospital.

Ross had a deep cut across the stomach, another deep cut across the chest, and a slight wound on the right hand. His right lung and liver were punctured. It is believed that he will recover. The News is informed. He received emergency treatment at Tahoka hospital and was then rushed to Lubbock to a specialist.

Campbell had severe lacerations on the head and face, numerous bruises, and a chipped elbow bone. He received treatment at Tahoka hospital before being placed in jail.

According to statements made to Sheriff "Slick" Clem and Deputy Otis Curry, Erwin Ross and his brother, Kenneth Ross, 27, and Claude W. Redman, 33, all of Tahoka, late that evening went to the house of Negro Lightfoot.

Claude D. Campbell, who brought a crew of boll pullers to Grassland from Carthage about eight weeks ago, and three Negroes went to the Lightfoot place about the same time.

Erwin Ross and Campbell became engaged in a fight over a dice game in the house, moved outside, where the fight continued. Ross is alleged to have been cut by Campbell with a pocket knife, and Campbell, it is alleged, was beaten over the head with a shovel and hit with a brick.

Kenneth Ross and Redman brought Erwin to the hospital. The Negroes carried Campbell to Walker's store at Grassland and Mr. Walker brought the injured man in to the hospital.

Crowded Condition Of Local Schools Increasingly Worse

Tahoka's school plant is crowded past capacity, and the district is faced with the necessity of building a new building to relieve the situation.

The Tahoka school board has been studying the situation all fall, and sees no alternative than to call a bond election for erection of a new elementary building.

Butler & Brasler, Lubbock architects, represented by Arnold Maeker, who was reared at Tahoka, are submitting tentative plans for a 16 classroom and cafeteria building of conventional style architecture which would require a bond issue of approximately \$250,000.00. If the election is called and the voters approve the bonds, the building would be built on the block of land the district owns across the street south of the present grade school building and the new structure would face north.

The new building would house the first four grades, and the present grade school building would be converted to Junior High School use. At the present time, these first four grades have an enrollment of 455 students and are crowded into 13 rooms. (Cont'd. On Back Page)

PMA Committee For '51 Set Up

Delegates from the four PMA communities met at the PMA office Tuesday morning, November 28, and elected the 1951 PMA committee for Lynn county. Those elected include R. A. Kishlich, chairman; R. O. Nettles, vice-chairman; S. L. Walters, Regular Member; Bertice Askew, First Alternate; and J. W. Pirtle, Second Alternate. This committee will have overall charge of administering the various farm programs of the Production and Marketing Administration during the next year. Some of these programs include the Agricultural Conservation Program, the various price support and loan programs, and for the first time since 1946, a crop insurance program.

This committee will take office December 1. The old committee for 1950 was R. O. Nettles, chairman; C. B. Earley, vice-chairman; R. A. Kishlich, regular member; Bertice Askew, first alternate; and Lonnie Howell, second alternate.

Miss Frances Marton Haney, student in the University of Texas, spent the Thanksgiving holidays here with her parents, Mr. and Mrs. L. C. Haney.

Sound Pictures At Rotary Club

Two sound pictures, one depicting the atomic bomb attacks on Japan and the other portraying the development of the airplane, were shown a Thursday noon Rotary Club meeting by W. T. Kidwell. The pictures were secured from the War Department by the local American Legion post.

President Charles Townes announced that Dr. Emil Prohl of the Tahoka club had been named by the District Governor to the district committee on Rotary Foundation.

No meeting of the Rotary Club was held last week due to the fact that its regular meeting date fell on a holiday, Thanksgiving.

Previous Thursday, with Ernest West in charge, an entertaining program of slight-of-hand and magic was presented by C. V. Bell, a Lamesa business man.

Congratulations:

Mr. and Mrs. James K. Applewhite, Jr., on the birth of a son weighing 6 pounds 11 ounces in Tahoka Hospital at 9:46 a. m. Saturday. He has been named Billy Clinton.

Mr. and Mrs. J. E. (Red) Brown on the birth of a son weighing 6 pounds 4 1/2 ounces in Tahoka Hospital at 12:15 p. m. Saturday. The parents have named him Charles Clements.

Mr. and Mrs. D. R. Grayson on the birth of a 5 1/2-pound daughter in a Lamesa hospital at 8:45 a. m. Sunday. She has been named Debra Ann.

Mr. and Mrs. W. B. Dillard on the birth of a son Tuesday at 8:50 a. m., weighing 8 pounds 4 ounces, in a Brownfield hospital. Name, Monte Roy. Mr. and Mrs. L. E. Holton of Tahoka are the maternal grandparents.

Tahoka Bulldogs An Example of Clean Living!

(An Editorial)

Every now and then, we hear some person condemn a new generation of young people. For centuries, we suppose, the old folks have been saying "This new generation is going to the Devil."

This is not true. Not in Tahoka, at least. Certainly, not in the case of the Bulldog football team.

"I never saw a bunch of boys that beat these," says Coach Joe Turner. "We just haven't had any discipline problems. The boys worked out these troubles among themselves."

This year, there have been no training problems, and the boys have remained in condition physically, mentally, morally.

We know that the boys would not want us to print some of the things we are about to reveal. But, in view of some of the castigation the younger generation sometimes gets, we think it is our duty. And this is not meant for glorification, nor is it meant as a sermon—but there are plenty of us who should follow their example. And they are no "sissies"—just ask some of the teams they have met.

Each Wednesday or Thursday night during the football season, members of the squad have been holding a little private meeting of their own—no coaches or other adults present. At these meetings, it is known that they have discussed their many problems, built up the morale of each other, and developed a sense of cooperation and respect for each other to the fullest extent. If some fellow squad-member seemed not to have the right attitude, he was given counsel and advice and help. Sometimes a member of the team offered prayer.

Result is that they came out on the football field a true TEAM—still helping each other—a team that won five games and lost four during a season when the fans were saying the "little boys" could not win over two. They fought fair and clean. Yes, occasionally, in the heat of conflict some boy naturally became a little over-zealous and was the cause of a penalty. But, in the rough, tough game of football, against heavier and less scrupulous boys a little rough stuff sometimes bounces out in self-defense.

In one game, the "little boys" were apparently hopelessly behind at the half. There was no "cutting-out" from the coaches during the rest period, but attention was simply called to the mistakes. Then a Bulldog got up asked Divine guidance and thanked the Good Lord for their capabilities. It was a new team that ran back to the football field. They would not accept defeat, and they won! That team won three games it was not supposed to win, and that team used the best capabilities it had against the overwhelming odds of the four to whom it lost.

In that same group of boys a few days ago went to Tahoka Cemetery, without fanfare or publicity, and held a memorial service for their team-mate of last year, Detwyn Kelley, who died during the 1949-'50 season.

After almost every game played this year, the officials went to the Tahoka coaches and complimented the Tahoka boys for their good sportsmanship and attitude.

Evidently, the coaches of this and previous years have been building character, as well as strong bodies.

Not always have the boys had the big end of the score. But, we say the 1950 Bulldogs are Champions. What do you say?

Two Local Boys In Polio Clinic

Bobby Stone, 7, son of Mr. and Mrs. Carl A. Stone of New Lynn and grandson of Mr. and Mrs. W. A. Hardt of Tahoka, was taken to the Plainview Polio Clinic Sunday after receiving treatment at Tahoka Hospital.

The Stones and Hardts were at Plainview Wednesday, and were told that the specialists had succeeded in controlling his fever and hoped to have "good news" in regard to the boy Sunday.

Jackie Gass, about 5, son of Mr. and Mrs. Bill Gass of Draw, who is also receiving polio treatment at Plainview, is reported improving steadily and it is believed that he will regain use of his arm.

O'Donnell Exes Defeat Tahoka

O'Donnell ex-Eagles got revenge on Tahoka's ex-Bulldogs by a score of 19 to 0 in a bonafide post-season game played in that city Monday night.

The O'Donnell team scored once each in the first, second, and third periods. Tahoka had defeated that city's ex-lettermen 12 to 6 in a game played here last week.

The Tahoka boys were a little short on man-power in the latter game.

The two games were to raise funds for the respective high school football funds.

County Ginnings Nearing 70,000

Lynn county's 1950 cotton ginnings will possibly reach or exceed 80,000 bales in spite of the early freeze which cut the production by an estimated 10,000 to 20,000 bales.

To date, The News estimates that the county has ginned between 66,000 and 69,000 bales. This figure is based on comparative previous reports of Tahoka's ginnings with the county as a whole.

Thursday at 9:00 a. m., Tahoka had ginned 13,135 bales of 1950 cotton, 4,100 bales having been ginned since the report of Thursday, November 16—two weeks ago.

O'Donnell had ginned 16,944 bales up to Tuesday morning, according to the Index-Press.

Most of the cotton coming in now is being harvested by machines, however, it is reported to be turning out unusually well.

Many farmers are entirely through with the harvest of crops. Many are nearly through, while a few have quite a bit of cotton left. However, gin men estimate that the major portion of this will be ginned within the next week. Gin men estimate that Tahoka will gin another 2,000 to 2,500 bales.

The freeze, followed by high winds, just about finished up the grain crop. Farmers have realized considerable money from the grain crop though the price has not been nearly so good comparatively on grain as it has for cotton.

Official "Band Day" Is Declared

Saturday, December 9, has been proclaimed officially in Tahoka as Band Day by Mayor K. R. Durham.

On that day, the band will march down town, play a program of Christmas Carols, following which the members of the organization will sell Band Tags to citizens.

Purpose of the Band Tag sale is to raise funds for the uniform fund. Bill Trope, director, states that at least 40 new uniforms are needed badly by the band, and 15 could be used as he has that many students ready to play in with the other 55 members.

Home Decoration Contest Starts

Cash prizes are being offered for the best home Christmas exterior decorations by Tahoka Chamber of Commerce. First place winner will draw \$15.00, second \$10.00, and third \$5.00.

However, this year, all entrants in the contest will be required to register in order that the judges may know exactly who is entered and where his home is located. These entries may be left at The News office, December 19 is the last day for registration.

Also, first, second and third place winners will be selected in the decoration of business home show windows. A suitable plaque will be presented the winner in this contest.

Tom Trammell Dies In Wreck

Tommy Joe Trammell, 18, formerly of New Home but a resident of the New Deal community of Lubbock county about two years, died a few minutes after a car wreck which occurred six miles north of Lubbock at 4:20 p. m. Tuesday of last week.

Funeral services were held in the First Baptist Church here Thursday, with Rev. Rankin of New Deal and Rev. James Clark of Plainview officiating, and burial followed in Tahoka Cemetery under direction of Stanley Funeral home.

The accident occurred on the highway just north of Lubbock Municipal Airport. Tommy and his brother, Nolan, 21, and another passenger, J. E. Wright of Route 3, Lubbock, were returning home from the Panhandle Steel Products company in Lubbock, where they worked. The highway was crowded with holiday and football game traffic. Tommy was driving a 1946 model (Cont'd. On Back Page)

Art Exhibit At School Planned

(By Sue Fladt)

An art exhibit, presenting the work of great masters of art for the past two centuries, will be sponsored by the Student Council for Tahoka High School, Monday 4, Wednesday 6, and Friday 8, in the grade school gym.

This art exhibit is the property of the Colonial Art Company of Oklahoma City. Tickets will go on sale Thursday, Nov. 30, and can be bought from any member of the Student Council. Admission prices will be 14 cents for students and 25 cents for adults.

Proceeds from the art exhibit will be used for buying some of the pictures to decorate the interior of the school buildings, according to John Shepherd, Student Council president.

ODds AND EndS

By E. I. The Editor

This is being written at the close of Thanksgiving Day, and I am thankful that in spite of speed demons, crowded highways, mammoth trucks, narrow bridges, and frolicsome young heifers grazing along the highways when they ought to be over in the adjacent pastures, I am still feeling as fit as a fiddle though not quite as useful nor as high-priced as a Stradivarius.

I am thankful that I had the pleasure of meeting again and singing with so many friends during the week-end while I was in Tahoka. I am thankful that my sister, Mrs. Alice Martin of this city, Waco, who accompanied me to Tahoka and return, had the pleasure of meeting so many of the good people there.

I was glad to have the privilege of meeting again and singing with so many friends during the week-end while I was in Tahoka. I am thankful that my sister, Mrs. Alice Martin of this city, Waco, who accompanied me to Tahoka and return, had the pleasure of meeting so many of the good people there.

lege of calling again upon my good friend, Mr. W. Hickerson, and finding him much improved after a severe illness. As everybody knows, Mr. Hickerson is one of our finest citizens with numerous friends and he is delighted when they call to see him. I hope that his friends, some of whom have possibly just neglected to call at his residence for a brief visit, will not deprive themselves of this pleasure any longer.

We were sorry too to learn on that very day, Monday, of the death of that fine young man, Goddard Williams, who grew up in Tahoka but had been employed in the office of the state treasurer in Austin for quite a number of years. We sincerely grieve with the family at the passing of this former Tahokan, his death resulting, as most Tahoka people know, from injuries sustained in a car wreck which occurred near Belton while he was returning to Austin from Waco, where he had witnessed the Baylor-Vassar University football game.

My sister and I stopped in Stamford Thursday for lunch and also stopped in for a few minutes at the jewelry shop of J. C. May. He was being assisted in the shop by Mrs. May and we had a few very pleasant minutes with them. J. C., son of Walter May of Wilcox, was in business in Tahoka at one time, going from there to Post. For quite a number of years now he has been in Stamford. He made inquiry about some of his Tahoka friends, Mrs. May is the daughter of Mrs. J. B. Lowe and the late Mr. Lowe, formerly of New Home, and is a niece of G. W. Hickerson. She eagerly inquired as to his condition.

Our good friend R. W. Allen, one of Lynn county's most successful farmers who necessarily milks a cow now and then, seemed to get a good deal of kick out of our experience with that incautious, injudicious, stupid and not beautiful young heifer that entered into a sporting contest with our little red Chevy on a highway near Abilene recently, that running across the highway instead of down it, to her great discomfort and sorrow. R. W. was telling us Saturday of an experience he had just recently experienced with a very careless old heifer out in his cowlot. He was undertaking to extract the juice from that old heifer's udder when she planted one of her hind feet down on one of his and just good there without moving a peg. She weighed about seven hundred pounds, he declared, and seemed to be resting her whole weight on that one foot. As his body was in motion when she stopped on his walking equipment, he tumbled over on the ground, milk and all. I believe he said he had to have a doctor to treat the bruises and abrasions that he received by reason of the negligence, carelessness, and unconcern of that "lousy" old heifer. I get a kick out of his experience.

I surely was sorry that that beautiful and brand-new Baptist Church building at O'Donell which was finished Saturday morning, at a cost of some \$85,000, caught fire in some way after workmen had left and was burned to the ground, a total loss. But it was well insured, we were informed. Guess it will be speedily rebuilt if the insurance company pays off with promptness.

This seems to be a church building era. Two of the largest churches in Waco are having extensive and expensive additions built now. Some other large churches here need to be rebuilt out and out.

We suspect that unless war intervenes and prevents there will soon be a great school building campaign on also. Since Mexican children under 16 will not be allowed hereafter to pick cotton while school is in session, they will probably stay at home with their mothers next fall and will enter the public schools. And since the Supreme Court of the United States has ruled that the states must offer to the colored children educational opportunities equal to those offered the whites, we imagine that quite a lot of school buildings will become necessary soon in order to accommodate the colored kids.

So far as we are concerned, that is all right. We think that Texas should make an honest effort to meet the demands of the U. S. Constitution. We not only owe that much to the Negro children but we owe it also to our white children. If equal educational facilities are not provided, Negroes will soon be appealing to the Courts to compel trustees to admit Negro children into the white schools. We think this mixture of the races in the school rooms would be unwise but we must submit to it sooner or later unless we build better school buildings for the Negro children.

Speaking of this matter of school buildings, we were delighted a few days ago to note the great amount of construction now being done on the Texas Technological campus. We suppose that it will be conceded that when the current construction is completed, the Tech will be the third largest school in Texas in point of buildings and equipment, exceeded only by the University of Texas and the Texas A. & M. College. And there is no doubt but that the state colleges will continue to

grow, the Tech faster possibly than any of the others. The State schools have a great advantage over Church schools, for their expenses are paid largely by the State. But, in our opinion, the Church schools have one great advantage over the State schools. The faculties in the Church schools include the Bible in their courses, and if they are functioning as they are supposed to function, they do include the Bible.

That, it seems to us, is important. A lot of folks may laugh at this statement, but as we see it no person can have a well rounded education without a fair knowledge of the Bible. It is the very foundation of Christ's civilization. The great principles of religious freedom, individual obligations and individual rights, freedom to worship God as each of us understands and interprets the instructions and principles laid down in the Bible, freedom of assembly, freedom of speech, soul liberty, just and righteous laws, the very essence of democracy itself—all these, principles are rooted and grounded in the Bible.

Our greatest statesmen, our greatest teachers, and our greatest men in almost every field of service are men who have considerable knowledge of the Bible. They do not get Bible instruction or any kind of religious guidance in the class rooms of our state colleges or in the state universities.

To meet this defect in our state educational system, we believe that the respective religious denominations should surround our state-supported colleges with church-supported Bible schools and should encourage their children who may attend a state college to do a certain amount of Bible study in the Bible school of their choice. Unless the denominations do this, then they should send their children to their own denominational colleges, in our opinion. College graduates who do not know B from Bull's foot about the Bible are really not well educated.

Last week we expressed our opinion about those election returns for district judge of the 79th judicial district set in from Duval county. This week we wish to congratulate Secretary of State John Ben Shepperd and Governor Allen Shivers that they found a way to do something a-

bout it. It is a universally accepted rule of law in this country that fraud vitiates all things. While the matter had not been judicially determined, yet it was evident to everybody that fraud had been practiced in the Duval county election. A man who was not even a candidate for that office but was a candidate for reelection to the office of Representative in the legislature was elected district judge over Judge Sam Reams, the incumbent and the Democratic nominee for the judgeship, by a top-sided write-

in campaign conducted in Duval county, the returns were canvassed and the results announced by County Judge Parr, son of the late Archie Parr, who had bossed the politics of the area for a score of years through his control of

(Continued)

There's Good SLEEPING

In Your Future . . .

If you have an electric blanket. And, there's several reasons why! For one, you sleep at a constant healthful temperature which you, yourself, control. Secondly, you eliminate that winter "smother" feeling caused by an overload of ordinary quilts, blankets and possibly your winter overcoat. The one "light-as-a-feather" electric blanket is all you need to keep warm. What's more, electric blankets come with single or double controls so that each person may set the temperature to his complete satisfaction and comfort.

Suggestions Offered On Christmas Mailing By Postmaster Happy Smith

With the approach of what promises to be the biggest Christmas season in history, Postmaster W. E. "Happy" Smith of the local postoffice, offers a few suggestions which, if followed by the patrons of the office, will greatly facilitate handling of the holiday mails.

All parcel post should be wrapped in heavy wrapping paper and securely tied with plenty of strong twine. Parcels gift-wrapped in flimsy colored paper and tied and decorated with cellophane ribbons are not acceptable for mailing unless they are enclosed in regular wrapping paper and tied with heavy string. The sealing of parcel post is forbidden either with glue, Christmas seals or scotch tape, unless the commercial type of address label is used which states that the parcel may be opened for postal inspection, etc. Such labels are not obtainable at the postoffice but may be purchased at the local drug stores and variety stores. Fragile arti-

cles must be carefully and thoroughly packed in heavy cardboard cartons before being acceptable for mailing. Because of the limited shipping facilities available during the Christmas season, all gifts should be mailed as early as possible; otherwise their delivery might not be effected until after Christmas.

Christmas cards are still mailable at the third class rate of postage, which has been increased to 2c each, provided they are unsealed and contain no writing other than the name of the sender. They may be sent sealed or unsealed for one cent each if intended for delivery to persons receiving mail in the local post office boxes or in general delivery. Those mailed to people on routes or in other cities require 2c unsealed or 3c when sealed. Christmas cards are not forwardable at the 2c rate but can be forwarded when mailed at the first class (3c) rate; therefore if there is any doubt as to the present address of any person to whom a greeting is to be sent, a 3c stamp should be used. If ten or more cards are being mailed at the same time, it will be appreciated if they are handed to one of the clerks at the window instead of being thrown through the letter drop one at a time.

If Christmas gifts or cards are sent to children they should in all cases be addressed in care of the children's parents, otherwise delivery probably will be delayed while the identity of such children is being established.

Present Play At Student Assembly

(By Sue Pindt)

"Girls Are Just Like People," by Ware Torrey Budlong, was the name of the one-act play presented by the National Honor Society in assembly at Taboka High Wednesday morning.

Characters in the play included: Fitz McGinty, as Peg; Wanda Norman as Arlene; Dot Durham as Mrs. Linden; Blain Draper as Joe; Wendell Moore as Biggo; Lynn Halameck as Slippy; Wiley Curry as the mailman, Dale Will-Tort as Smudge, and John Shepherd as Pete.

The play was directed by Floyd Tubb, NHS sponsor, and was presented by special permission from Seventeen Magazine.

Betty Huddleston acted as mistress of ceremonies for the program.

A quartet consisting of Marjorie Clinton, Margaret Roberts, Emily Slover, and Jo Anne Bennett accompanied by Mary Louise Fenton sang "Play a Simple Melody." Marjorie-Clinton played a piano solo.

Mr. and Mrs. C. A. Browning and son Larry of Brownwood spent last week visiting her aunt, Mrs. R. L. Littlepage. They also visited Walthal Littlepage and family at Tulsa and her uncle, W. D. Cleveland at Portales, N. M. They were accompanied there by R. L. Littlepage.

Lee Savage, who has been farming five miles west of New Home, has sold his farm there and bought a 353-acre farm three miles southwest of Smyer, in Hockley county, to which he is moving.

WHAT A RELIEF From Rheumatic Muscle Pain!

Now you can get quick-action, temporary relief from local superficial pains of rheumatism—lumbago, neuritis, neuralgia, sciatica, arthritis—as well as fatigue and muscular aches and pains of simple colds with the new ointment—SURIN—because SURIN is based on a new application of a principle. It contains an active modern research drug—methacholine chloride, a powerful ingredient to dilate surface blood vessels when applied at the point of pain. SURIN provides double action pain relief: (1) It increases blood supply (2) It allows heat, relaxing agents, vasopar and menthol and local anesthetic to penetrate faster giving quick, temporary relief at the point of pain. In a few minutes you feel the soothing warmth from SURIN. Then follows blood relief lasting 1 to 3 or more hours. No internal dosing—use SURIN locally. Not an ordinary rub ointment or liniment. SURIN has a new, distinct base, creamy-white, smooth. Easy to apply. Will not stain washable fabric. Quickly washes off in warm water. Money back at your druggist if not satisfied!

*SURIN is not intended as a cure or treatment of these diseases. It is to be used only for temporary relief of local superficial pain.

GET PAIN RELIEF! — GET SURIN!

Taboka Drug

SAVE with SINKERS

ACID-DELINTED COTTONSEED

SAVE TIME... Plant Sinkers with your corn-planter in half the time it takes to plant fuzzy seed. Plant six acres without refilling hoppers. No clogging! No skips!

SAVE LABOR... Sinkers are planted to a stand. No labor for thinning! Rapid Sinkers germination permits cultivation within a week, saving greatly on chapping labor. Sinkers early maturity means lower first picking costs and higher grades.

SAVE MONEY... Planting Sinkers saves money. Plant only 1/4 the amount of Sinkers you do of fuzzy seed. The great saving in time and labor throughout the planting and growing season means a great saving to you in money.

SINKERS Acid-Delinted Cottonseed is easy-to-handle 50-lb. Bags available in all Leading Varieties.

Costs As Little As \$1.62 PER ACRE To Plant —

Available In All Common Varieties— Especially **MACHA EARLY**

School Athletic Districts Changed

Next year, 1951, Tahoka will be in a new football and basketball conference, as the result of a drastic reclassification of schools announced Thursday by the Texas Interscholastic League.

As a result of the sweeping changes, Tahoka will compete in Class AA, District 6, along with Post, Slaton, Ralls, and Spur. The reshuffling becomes effective September 1, 1951.

The new line-up abolishes the old City Conference but creates two new ones to be known as AAAA, AAA, AA, A, B, and Six-Min B for football, while the latter two will be combined for basketball.

The new alignment places Lubbock in Class AAAA along with Amarillo, Abilene, Borger, Odessa, and San Angelo in District 1. Big Spring, Lamesa, Midland, Plainview, and Sweetwater form District 1 AAA classification.

Other teams competing in Class AA in this area place Brownfield, Levelland, Littlefield, Morton, and Muleshoe in District 7; and Andrews, Kermit, Monahans, Pecos, and Seminole in District 8.

O'Donnell will be in Class A, District 4, along with Denver City, Seagraves, Stanton, Sundown and Whiteface.

Under the new program, Class AAAA is for schools with 850 or more high school students, while schools with 750 to 849 can be voted into this conference. There are 51 schools in this division.

Class AAA is for high schools with 450 to 849 enrollment, with voting-in minimum of 375. Schools, 50.

Class AA is for schools with 200 through 499 enrollment, with a voting-in minimum of 175. Schools, 172.

Class A is for schools with 115 through 199, with 100 being the voting-in minimum. Schools, 201.

Class B will include schools with 114 and under who wish to play 11-man football, while the six-man conference will have a top limit of 100.

The first four divisions will compete to a state championship.

MRS. C. T. TANKERSLEY VISITS CENTRAL TEXAS

Mrs. C. T. Tankersley returned home Tuesday from Waco, where she visited several days, including Thanksgiving, with her son-in-law and daughter, Mr. and Mrs. Roy Rutland, and their two children, Buddy and Patsy, and at Hico a couple of days with her brother and wife, Mr. and Mrs. Joan Bulman.

Mrs. Tankersley says the daughter and husband are enjoying their large and beautiful home which may be very suitable for them she says but too large for her.

She especially enjoyed a trip they took one day while in Waco to Mart, Groesbeck, and Mexia during which they looked in on old Fort Parker, which Editor E. I. Hill described in a recent article in The News.

She found Central Texas everywhere she went very dry just as it is in West Texas.

Mrs. Gene Riley will leave today for Belen, N. M., to be with her mother, Mrs. P. B. Corley, who has been ill for about a month.

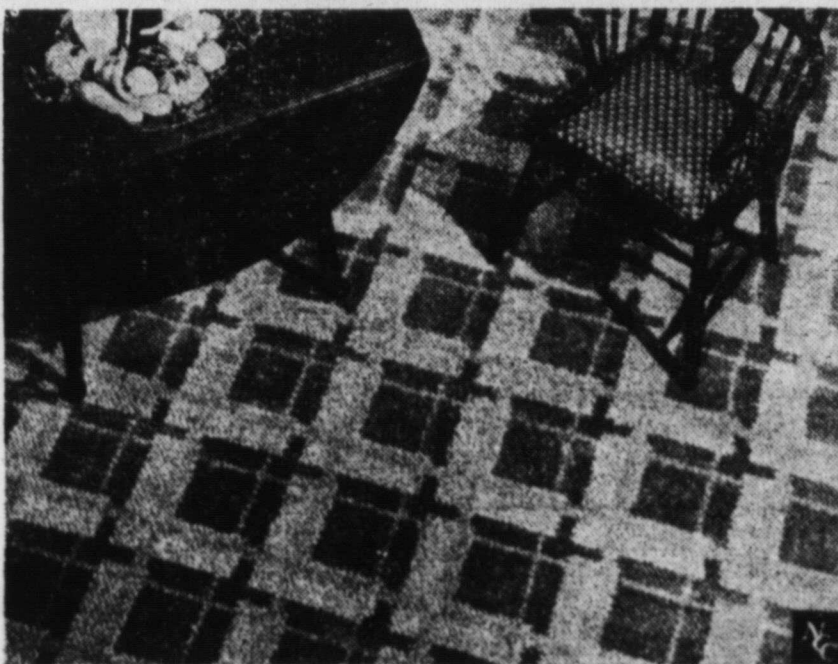

Mrs. C. B. Keltner went home from Tahoka Hospital Sunday where she had been a medical patient a few days.

"SHIVERS ASK FREEDOM FIRES FOR LEGION"

"Fires of Freedom" will blaze December 7 in the American Legion's second annual "Operation Democracy" day proclaimed by Governor Allan Shivers, center above, with the American Legion's state commander Bill Elkins left and State Secretary John Ben Shepperd, the Legion's state Americanism chairman, right.

SOMETHING NEW IN HOME FASHIONS

This season something new has been added to home fashions. For the first time, figured broadloom rugs have been designed in fine cotton. The new casual cotton broadlooms were designed by Karastan rug fashionists to harmonize with the American informal home furnishings trend. The clear, brilliant colors and luxurious textures of this new group of casual cotton floor coverings are created for modern American furnishing or period designs which reflect the simplicity of the modern trend.

MISS DOROTHY BRADSHAW WEDS OTIS McAFEE

Miss Dorothy Bradshaw, daughter of Mr. and Mrs. H. C. Bradshaw of Tahoka, was married to Otis McAfee Sunday morning, November 26, at 10 o'clock in the First Baptist Church at Carlsbad, New Mexico.

They were accompanied by her brother-in-law and sister, Mr. and Mrs. H. G. Anderson, Mr. and Mrs. W. W. Tuckness, friends, and by Buster Millman, who served as best man.

DRUNKS ARE ARRESTED

City Police last week end arrested eight drunks, who were assessed fines in Justice Court. One man was fined \$10.00 and costs on charges of speeding and running a red light.

Irwin Lehman of the University of Texas spent the Thanksgiving holidays at home with his parents, Mr. and Mrs. Al Lehman.

Mr. and Mrs. Hollis Brice spent the Thanksgiving holidays in Bracketville visiting her parents, Mr. and Mrs. C. B. Ballantyne.

"White Gold" Hits A High

On Wednesday, November 22, December cotton futures on the New York Exchange ranged up to 44.14 cents per pound for Middling 15/16 inch staple.

This was an all-time high, the previous record being 43.75 cents per pound established in 1920. The New York Cotton Exchange was established in 1888.

Spot cotton sold higher during 1920 than the above quoted future market. Many farmers held their cotton expecting 50 cents per pound. The market broke and finally when this cotton sold, it brought from 6 cents to 13 cents per pound. Many merchants went broke "bucking" the cotton market. The older farmers of Lynn county can verify the conditions existing during 1919-1920 in the cotton market. Spot cotton at the end of the Civil War brought an all-time high of \$1.90 per pound.

An interesting historical record on U. S. production of cotton and spot prices in New York follows:

Year	B/C	High	Low
1828	680,000	\$.13	\$.09
1835	1,062,000	.20	.15
1845	1,806,000	.08	.05
1855	3,221,000	.12	.08
1860	3,841,000	.11	.10
1864-65	299,000	1.90	.72
1870	4,025,000	.21	.15
1880	5,468,000	.18	.16
1890	8,562,000	.14	.08
1900	10,123,000	.12	.08
1910	11,609,000	.16	.12
1919	11,421,000	4375	2885
1920	13,440,000	.40	.11
1931	17,097,000	.08	.05
1937	18,946,000	.11	.08
1942	12,817,000	.22	.19
1945	9,195,000	.28	.23
1949	16,000,000	.31	.25

(Figures for 1949 estimated)

Sweet Street Has Record Attendance

The Week-end Revival at the Sweet Street Baptist Chapel has been reported as highly gratifying in its results.

There were four additions to the church, two of these coming for baptism. New records were set in attendance, with 64 in Sunday School, 49 in Training Union, and 102 in the evening worship service.

Rev. W. H. Scantling, Wayland student, who is the pastor, returned Wednesday night and began a regular Wednesday night prayer service at the Chapel.

Mrs. Elizabeth Cronister of Amarillo arrived Monday for a few days visit with her friends, Rev. and Mrs. C. F. Carmack.

MR. AND MRS. ENGLISH HONORED ON THEIR 50TH ANNIVERSARY

Mr. and Mrs. D. B. English, for many years prominent citizens of Tahoka, were honored with an open house last Monday afternoon from 2:00 to 5:00 p. m. in their home here by Mr. and Mrs. Maurice Small and friends, the occasion being their fiftieth wedding anniversary.

ed during the afternoon, and others sent flowers or gifts.

Mr. and Mrs. English and Mr. and Mrs. Small were in the receiving line. Mrs. Jack Penton and Mrs. R. H. Gibson served coffee and cake to the callers.

Mr. and Mrs. English formerly operated the local theatres, but retired a few years ago because of his ill health. Both greatly enjoyed the occasion although their other two daughters could not be present.

COOPERATION ASKED IN GATHERING OF GARBAGE

Tahoka citizens are asked to co-operate with the City trash hauling service by waiting until after 4 o'clock in the afternoon to burn refuse in garbage barrels. Many times garbage can not be picked up because of fires in barrels. If citizens will co-operate in this respect, barrels will be emptied when otherwise it may be impossible because of fires therein.—City of Tahoka. 9-2tc

Bob Rusk Has Noted Ancestors

R. H. (Bob) Rusk was in The News office the other day on business, and a reporter managed to "pump" out of him a few interesting facts concerning him and some of his relatives.

Bob is one of the real pioneers of this section. He first came to this country in 1895 while working as a cow hand. He came back early in the present century, and for several years, from about 1903 to 1906, drove the mail truck to Tahoka from Gall and Big Spring.

Bob's great grandfather came to America from Ireland, and the family name is well known in early day Texas history.

His grandfather, Dave Rusk, fought in the Texas army at San Jacinto, and later he served as a captain in the famed Texas Rangers.

A great uncle was among the big men in the early day history of Texas, Thomas J. Rusk, for whom both Rusk county and the city of Rusk are named. Thomas J. Rusk was the Commander in Chief of the Army of the Republic of Texas, following the establishment of this empire as a nation. After Texas was admitted to the Union as a State, Gen. Rusk and Gen. Sam Houston were named the first U. S. Senators, and served in this capacity from February 21, 1846 to July 29, 1857, on which date he died.

Incidentally, Rusk succeeded as Senator by J. Pinckney Henderson, Texas' first governor, a kinsman of the late W. O. Henderson of Tahoka.

LOCAL PEOPLE VISIT KIN IN CALIFORNIA

H. R. Tankersley, Jr., Billy Dorman, and Van Brookshire, all in the U. S. Navy stationed at San Diego, Calif., enjoyed a visit from home folks the past few days.

Mrs. Hubert Tankersley, mother of H. R.; Mrs. Pete Dorman, mother of Billy; Mrs. W. G. Brookshire, mother of Van; and Miss Mary Ann Tankersley, John Garner and N. M. Barham, Jr., and Robby Dorman were all expected home Thursday or Friday of this week from a visit with the young men. They left here Tuesday of last week.

H. R. had received his orders for sea duty.

The annual Dairymen's Short Course will be held at Texas A. & M. College on December 7 and 8.

AERIAL VIEW OF WOSAN AMPHIBIOUS LANDING—The U. S. Army brings this dramatic photograph of the gigantic U. N. invading force that put U. S. Marines ashore for the final movement against the Communists in North Korea. Hundreds of ships took part. This operation was planned in approximately one-tenth the time it took to plan operations of the same size in World War II.

CARD OF THANKS

We take this opportunity of thanking the friends of Waymon, who is now home from the Polio Hospital in Plainview, for the gifts, cards, and letters and all other things which have been done for him during his illness. May the Lord bless each and every one of you as He has Waymon Lee. —Mr. and Mrs. Leon Tamplen and Waymon.

The important thing to remember about building farm fences is to build a good one. The use of posts treated with preservative, well-braced corner posts and the use of quality fencing plus a good construction job will add years to the life of the fence.

Even in captivity, some elephants stand guard while others sleep.

Rollin, Jr., and Mary McCord, children of Mr. and Mrs. Rollin McCord, who are attending school in San Marcos, spent the Thanksgiving holidays here with their parents.

Mr. and Mrs. Billy Hill and daughter, Marion Lee, spent the past week end in Amarillo visiting friends, Mr. and Mrs. Kenney Allen.

TAMPLIN BOY HOME

Waymon Lee Tamplen, son of Mr. and Mrs. Leon Tamplen of Wilson, who has been under treatment for polio in the Polio Center at Plainview, is now at home and showing steady improvement. He has been a patient of the hospital there for several months.

Go To Church Sunday.

The '51 FORD steps ahead

for the years ahead...

with 43 new "look ahead" features!

Look Ahead... at your Ford Dealer's today! Look at the '51 Ford!

Here's the car designed and built not just for this year and next, but for the years to come. To stay in style, to stay young in performance, to stay thrifty!

It's the '51 Ford with 43 new "Look Ahead" features—some illustrated above—every one planned and engineered for the years ahead.

You'll find such advances as the new Automatic Ride Control that makes even rough roads easy on you—easy on the car itself!

This unique new springing system automatically adjusts spring reaction to road conditions. Automatic Ride Control includes Advanced "Hydra-Coil" Front Springs and new Variable-Rate Rear Spring Suspension. Both team with new "Viscous Control" Shock Absorbers to give you a relaxing ride, a level ride—no bounce, no pitch, no roll!

Yes, you'll ride in comfort in the new '51 Ford... and you'll ride in style, too! Inside and out, you'll find beauty in every detail of styling, coachwork and finish of this fine new Ford. And it is beauty that lasts because the quality is there!

You can have your choice of two great Ford economy engines: the world-famous, 100-h.p. V-8 or its companion in quality and quiet, the 95-h.p. Six. Both of these engines offer the Automatic Mileage Maker that matches timing to fuel charges so that every drop of gasoline is used—none wasted.

And in the new '51 Ford you are offered a choice of three advanced transmissions—the Conventional Drive, the Overdrive,* and Fordomatic Drive,* the newest and finest of all automatic transmissions. Visit your Ford Dealer today to see and "Test Drive" this finest Ford ever built!

You can pay more but you can't buy better

Odds & Ends

(Cont'd. From Editorial Page)

the Mexican vote or by fraudulent votes. His son, the present county judge, was undertaking, it seems, to follow in his Daddy's footsteps.

We also wish to congratulate the lawyers of Texas who have volunteered their services in defending John Bea Sheppard in the courts in the event that his suit is refused to court the vote of Duval county in that race should be contested. Of course only a few lawyers could actually appear in court to defend the defendant secretary of state, but to make it that practically every respectable lawyer in Texas would be willing to do so.

As for John Bea Sheppard, he is youthful but he is a fighter. We know, for we saw him fight to hold a crowd against an approaching tornado one night some two years ago. He was addressing a South Plains Press Association in a Lubbock hotel when a terrific rainstorm began falling and pretty soon a report came that a tornado had blown Sandown away and was headed toward Lubbock. Pandemonium

broke loose. Members began grabbing their hats and leaving the hall. With a little help, Sheppard quieted the crowd and proceeded with his speech. He was talking about the world situation with especial reference to Russia and Communism, and it was a good speech. We decided then and there that John Bea would do to tie to.

That tornado was in fact a terrific disturbance of the elements and of the locality where it hit, but the world situation which Sheppard was discussing has proved to be a million times more terrific and destructive than any local tornado.

John Bea obviously is the right man in the right place down at Austin.

That was an amazing statement that General MacArthur made on Thanksgiving Day to our soldiers in Korea—at least it was amazing to me—the statement that he expected to be able to send them home for Christmas. Evidently he is convinced that the war in Korea is already practically over. It does appear to be, but while the Chinese Reds seem to be retreating and apparently have no further desire to fight, we remember that just recently it was announced that the North Kore-

Just Like Mother's

Gibson girls, dressed like mother, display cakes "just like mother used to make"—but these are made the modern way with Duff's new improved cake mixes. The newly designed, larger packages and the improved mix formulas were introduced by Duff's division of American Home Foods at a luncheon in New York. A dozen pretty Gibson Girls served the cakes on the scene.

One of the heaviest expenditures in the clothing budget goes for hosiery. The reason may be due to the fact that not enough attention is given by the buyer to the size and kind of hosiery bought nor to proper care and handling.

ars and their allies had been absolutely crushed and their fighting power destroyed only to find later that the great armies which had disappeared had found refuge in the mountains and reappeared as a mighty fighting force when joined by the Chinese Reds. We wonder what assurance General MacArthur has that hundreds of thousands of Chinese Reds may not appear on the border again if the Americans are all sent home. We hope that he knows and that the Korean War in fact is practically over.

If that is true, then surely we did the right thing in meeting these puppets of Soviet Russia on her Asiatic front, and Russia has suffered a terrific defeat that will greatly retard her efforts to subjugate the world. We have not merely hit the serpent on the tail, we have struck her a powerful body blow.

FLOWER SHOW JUDGING SCHOOL AT LITTLEFIELD

Littlefield Garden Club is sponsoring a Flower Show Judging School December 5 and 6 at the Youth Center there, according to Mrs. L. L. Messersmith of that city.

ATTEND PONTIAC SHOWING

Mr. and Mrs. H. B. McCord and Mr. and Mrs. Clyde Spruiell returned Monday night from Dallas, where they attended the formal showing Monday of the new 1951 Pontiac.

The new car was unveiled at a meeting of dealers at the Hotel Adolphus roof garden following a luncheon. They declare the new model is "the most beautiful things on wheels."

HALL ROBINSON

1313 LOCKWOOD STREET

JACK ALLEY ROBINSON

School Bonds

(Cont'd. From First Page)

The next two grades, fifth and sixth, have 189 students (more than the entire high school) and occupy four rooms. The seventh and eighth grades, with 163 students, are housed in the high school. This has also crowded the high school, whose four grades have 183 students.

A few years ago, two Army barracks were moved to the grade school campus. One was converted to five classrooms and is usable though undesirable. The other is used exclusively for the school cafeteria, a necessity in this day of bus transportation, with 300 or 400 students coming to school from the rural areas.

The proposed new building would just about take care of the present school enrollment adequately, with possibly two rooms left for the almost certain increase the next two years.

The new building would be modern and fireproof, with individual rest rooms for four rooms to serve the first grade children. The cafeteria, located on the west, would seat 380 comfortably.

The old cafeteria building, it is proposed, would be remodeled, stuccoed, and finished inside for

a modern band and equipment building. The board hopes sometime to use the material from the other barracks for erection of a modern Home Economics cottage, though it is doubtful if funds will be available from the bond issue for this purpose.

Enrollment figures for the various grades indicate that High School is due to have a greatly increased enrollment with each succeeding year, from here on, and the classrooms being used by the seventh and eighth grades in that building will have to be converted to use of High School classes soon. In fact, most of them are badly needed now.

There are now 990 students enrolled in school, not counting the approximately 60 or 70 students in the Negro school, distributed as follows: First grade, 134; second, 106; third, 102; fourth, 141; fifth, 95; sixth, 94; seventh, 88; eighth, 75; and the four high school grades, a total of 183. Tahoka district is receiving state aid on the basis of a census enumeration last spring of 1197 students.

Though all taxes have been steadily increasing, the Tahoka board points out that the local district, though always pressed for funds with which to operate the school, is in much better con-

Official Department of Defense Photo

'BUDDY SYSTEM' KING—MUTUAL UNDERSTANDING:—The problem of integrating South Korean nationals into American military units has been solved by GIs to the satisfaction of top level planners. Pvt. Moon Bing Yong El, South Korean soldier, (left) and Pvt. Fanzle C. Benefield, Jr., member of the 5th Cavalry regiment, fight side by side against Communist forces in Waegwan area. When ROK soldiers were recruited and hurriedly trained behind the tight Pusan perimeter in the critical days of the Korean campaign, results frequently were not too good. Individual ROKs were outstanding soldiers, but many failed to fit into the integration plan because of the language barrier and lack of mutual understanding. But GIs who had served in Korea and Japan before the North Korean invasion and knew something of the languages soon demonstrated their ability to work with Korean soldiers effectively. These Americans also had a higher opinion of the South Korean as a fighting man. In a new training program Korean and American nationals were paired for every phase of their daily lives in the field. The ROK was a faithful shadow of the Yank, patterning his actions after those of his instructor. The men became good friends, and the bargain has not been one-sided, either. The Korean's knack for camouflage and his knowledge of Communist habits proved valuable. ROKs have an uncanny way of discovering the tricks of guerrillas in infiltrating behind the lines and were able to alert their American buddies to hidden dangers.

Note Burning At Baptist Church

On Sunday, Nov. 12, the congregation of the First Baptist Church took twelve minutes to raise more than \$4700 to retire the indebtedness against the parsonage. The modern four bedroom brick parsonage was built two years ago and his had a debt against it since that time.

The payment of this debt is a preliminary step in a building program which includes the erection of a new educational building, the enlargement of the present auditorium, the renovation of the basement, and the installation of an elevator in the present building.

Wednesday night at the service of the revival now in progress, the note recently retired was burned in a simple ceremony.

Dr. K. R. Durham, chairman of the parsonage committee, and Mr. Levi Nordyke, supervisor of construction, and Mr. Everton Nivill, contractor on the job, and Mr. W. M. Harris participated in the service. Rev. Lee Ramsour led the congregation in a prayer of gratitude for God's blessings and Mr. Bob O'Brian led the church in singing the Doxology.

Avoid The Rush

And Save Money!

You can save 1% on your 1950 State and county taxes by paying them during the month of December, which taxes are now due and payable.

The last date for payment without penalty and interest, is January 31, 1951.

dition to stand another bond issue than are most other school districts in this section.

Tahoka district, which covers 334 sections of Lynn county, has a valuation of only \$5,062,526.00, and an outstanding indebtedness of only \$140,500.40. Like most other districts, it has been forced to raise the tax to \$1.50 per \$100 valuation.

The board, composed of Calloway Huffaker, president, Alton Cain, Douglas Finley, Buel Draper, Ross Smith, Hubert Tankersley, and V. F. Jones; together with Supt. Vernon Brewer and District Secretary Helen Ellis, have been studying the situation for weeks. They can find no practical method of solving the almost intolerable crowded condition of the Tahoka schools without a building program.

Mrs. Lawler

(Cont'd. From First Page)

slightly in the lead. When she stepped out from behind the bus to go east across the pavement, Mr. Lawler recognized the danger, issued a warning and grabbed for her. However, at that moment, she stepped into the path of a 1951 Ford speeding north, driven by Lee Robert Pfleger, 20, of Eden and occupied by M. G. Davis, also of Eden, and Bill Sims of Lubbock, all Texas Tech students returning to school from a vacation spent in Eden.

A Stanley ambulance was called, and she was rushed to Lubbock, where she died at 10:35, about 15 minutes after arrival at the hospital. She suffered two badly crushed legs, possibly other injuries, and extreme shock.

Deputy Sheriff Otis Curry, who investigated the accident, said the accident seemed to have been unavoidable. The young men remained at the scene and helped in every way possible.

Mrs. Lawler was born in Bandera county October 16, 1879, the daughter of Mr. and Mrs. Bill Palmer. She was reared in Bell county, joined the Baptist Church at the age of 16, and was married to Mr. Lawler April 12, 1903. The family came to New Home in 1924, and since that time they have lived in the vicinity of Tahoka.

She is survived by the husband and four daughters, Mrs. Lois Settle of Amarillo, Mrs. Opal Dillard of Oakland, Calif., Mrs. Vera Donaldson of Los Angeles, Calif., and Mrs. Claudia Fulkerson of Tahoka; nine grandchildren, one brother, and four sisters.

Mrs. F. E. Redwine is going to Belen, N. M., this week end in company with Mrs. Jean Riley (visiting) her daughter, Mrs. Clarence Gausoin.

Trammell

(Cont'd. From First Page)

Ford coach at a speed of about 60 miles an hour, and apparently did not see until too late a 10-ton highway department roller on the road. Nolan and Wright shouted a warning when it was apparent Tommy had not seen the roller, and grabbed at the steering wheel, but the car crashed into the right rear side of the roller, pushing the car engine back into the driver's compartment. The car careened to the right and came to a stop in the bar ditch.

Tommy died a few minutes later in an ambulance while en route to a Lubbock hospital. Nolan received a fractured left arm, and Mr. Wright received minor cuts and bruises.

Tommy Joe Trammell was born April 7, 1932 in Henderson county. The family moved to the New Home community in 1943, and Tommy attended school there. He had been a member of the Baptist Church since 1945.

The youth is survived by his parents, Mr. and Mrs. T. E. Trammell of Route 3, Lubbock; two brothers, James of Tahoka and Nolan of the family home; two sisters, Emma Laura and Minnie Evelyn, both of the family home; his grandparents, Mr. and Mrs. A. W. Trammell of Eustace; and an aunt, Mrs. Pete Gage of Tahoka.

(Cont'd from front page)

them with experience, reporting for work-outs the last two weeks are: Wayne Tekell, Earl Bartley, James Foster, Bill Short, Richard Haves, Charles Hyles, John Foster, Steve Slover, Joe Brooks, Richard Carter, Glenn Wells, Jimmy Uzzle, Charles Jones, J. B. Ables, John Curry, Kay Waldrip, Roger Hensley, Sam Pridmore, Max Dodson and Wayne Tomlinson.

In other pre-conference games, the Bulldogs will play at Levelland Friday night of next week, only if Levelland loses its regional football game. If Levelland wins, Tahoka will play Denver City here Thursday night of next week. The Bulldogs play O'Doncell here Dec. 12, and will be in tournament at Sundown Dec. 14, 15. They play in Abernathy Dec. 19, and Seminole comes here Dec. 21.

Fans are urged to give the teams a little better support this year than in the past, as support in the past has been none too good. The local boys, by past performance, have shown that Tahoka plays a high class type of basketball.

Local People Get Service Awards

Three long-time Tahoka employees of Southwestern Public Service Company were each presented with appropriate service pins at the second annual service award dinner held at the Lubbock Country Club one day last week.

H. L. Allen, company vice president and southern division manager, made the presentations to the Tahoka people whose combined service records total 25 years.

Wills G. Clark headed the list of Tahoka employees with 15 years of service followed by Florine S. Best and E. W. Patterson each with 5 years of service.

Friends and relatives of the award winners also attended the service award dinner.

Social Security For Service Men

Here is a special message for widows of World War II servicemen. Be sure to check on your rights under the new social security law. There is the possibility that you are eligible for benefits under the new law.

A representative of the Lubbock social security office will be in Tahoka at the Post Office on December 5, 1950 at 9:00 a. m. and will be glad to talk with you at that time.

Subscriptions To News Expiring

The time of year is here when the subscriptions of many of The Lynn County News readers expire.

The publishers urge that all subscribers keep paid up well in advance. The News has not raised its subscription rates in the past few years, in spite of the advances in the cost of everything that goes into a newspaper. The rate remains at \$2.00 a year in Lynn and adjoining counties, \$2.50 elsewhere.

The Postoffice Department and our contracts with National advertising agencies require that they must be substantially paid up to date.

The News is also agent for several daily newspapers, and will be glad to take your subscription to those.

The Lubbock Avalanche, seven days a week, is \$10.95. The Lubbock Journal and Sunday Avalanche-Journal is \$9.00. The Avalanche without Sunday is \$9.00, and the Journal without Sunday is \$8.00.

The Fort Worth Star-Telegram, daily and Sunday, is \$13.95, while the same paper, without Sunday is \$12.00 a year.

The Abilene Reporter-News, daily and Sunday, is \$11.95 a year, and daily without Sunday the price is \$10.95.

For a while it was believed that some of the daily papers might have to discontinue accepting new subscriptions, and they may have to do so yet, but the newsprint shortage has evidently eased up slightly and these papers are still accepting new subscriptions. If you have not already renewed your old subscription, however, it might be wise to do so as early as possible. The News will be glad to handle the same for you.

Insecticides May Be Short In 1951

The outlook for increased supplies of the more widely used insecticides is not very favorable at this time according to a report submitted to County Agent W. B. Griffin by Guy E. Carpenter, Extension Service Entomologist for the South Plains. Cotton farmers should keep this fact in mind when they make plans for expanding their 1951 cotton plantings. Farmers can help the situation by purchasing now and storing the insecticides on the farm. Farmers should purchase their minimum insecticide needs at this time or at least within the next few months. The insecticide manufacturers have limited storage space and when this space is completely filled, they must cease operations. Farmers and distributors by taking delivery now can keep the insecticides moving and at the same time, help the storage and transportation situation.

Insecticides will cost no more now than they will next summer and there is a possibility that they may cost more next year. Dusts and sprays can be stored safely on the farm. The dusts must be stored in a dry building and the spray containers should be stored where they will not be damaged from breakage. Both types of material can be safely stored for at least 12 months.

Sprays will not freeze because of the emulsions they contain and no cases have been reported that show that dusts or sprays have broken down when kept in storage for as long as a year. Most of the metal containers, have a

special lining and unless this lining is broken, no trouble from leaky containers should occur.

The recommendations covering the use of insecticides for cotton insect control have yet been made for 1951 but the standard formulas will not be changed.

It must be remembered that the basic chemicals used in the insecticide manufacturing process are also needed in connection with our national defense program and any change or changes in the present situation could quickly offset the supply of insecticides. Officials in the USDA are making every possible effort to see that adequate supplies of the standard insecticides will probably be the determining factor on the 1951 supply.

The cotton farmers should also get their spraying and dusting equipment repaired during the slack season and if new equipment is needed, now is a good time to buy.

Many problems are sure to arise in connection with the expanded cotton program and if they can be solved ahead of time or at least partially solved, production can be made more efficient and insect damage can be held to a minimum.

Mr. and Mrs. Joe Turner and baby spent the Thanksgiving holidays in Fort Worth with her sister.

O'Donnell Church Plans Rebuilding

Members of the First Baptist Church of O'Donnell have voted to rebuild their new structure, which was destroyed by fire Saturday, November 18, just a few days prior to the planned opening of the \$85,000 structure.

According to the Index-Press, the loss was covered by \$110,000 in insurance policies. Due to increases in costs of building materials, replacing the structure will likely cost more than the newly completed building had cost. Sunday morning following the fire, \$6,500 was raised in a special collection, and more was reported coming in to add to the building fund.

The congregation hopes to get rebuilding work started just as quickly as possible. Most of the furnishings had not been installed when the new building burned, and these will be kept until the

rebuilding job is completed. Only the kitchen equipment and a piano were lost.

Meanwhile, the church will continue meeting in its old building across the street east from the site.

Mrs. E. A. Hargraves of Close City, formerly of Wilson, was released Sunday from Tahoka Hospital, where she was a medical patient.

How Do You MEASURE a Life Insurance Man?

WHAT we mean is this—if you are about to invest in life insurance, on what basis do you choose your agent? Don't let it be a first-come first-served hit-or-miss process of selection. Measure him, and be sure that—

- He represents a financially sound, well managed company.
- He understands your particular life insurance needs.
- He knows his business well and that you can accept his counsel with complete confidence.
- He will provide continuing service in planning and adjusting your insurance program throughout your lifetime.

The confidence of Texans in Southwestern Life and its agency force has been well demonstrated for 48 years. Texans, by their investments, in Southwestern Life Insurance, have made this the largest life insurance company in the nation operating exclusively within one state (Texas).

Today a quarter million Texans own more than 800 million dollars of Southwestern Life insurance. These figures are important; they strongly support the conclusion that Southwestern Life agents measure up!

LOCAL REPRESENTATIVE

Seed Shortage Is Predicted

The problem of obtaining good planting seed is one of the most critical facing cotton farmers in their effort to produce 16 million bales or more in 1951, the National Cotton Council said today, urging producers to save their good seed and store them properly.

The Council emphasized that weather conditions and other factors have prevented many cotton farmers from producing enough good seed to meet their needs in planting greater acreage next year. Cotton growers who have produced more planting seed than they will need are urged to save their surplus in order to supply less fortunate farmers.

Gordon D. Bennett Given Promotion

CLARK AFB — Another stripe was awarded to former S/Sgt. Gordon D. Bennett, son of Mr. G. B. Bennett, Tahoka, when he made the grade of technical sergeant in the November-U. S. Air Force promotions at Clark Air Force Base in the Philippines.

Sergeant Bennett, who has been on duty at the Philippine base since February of this year, is assigned as a mess steward for the 18th Food Service Squadron of Philippines Command (Air Force) and Thirteenth Air Force.

He has been in the military service for the past sixteen years and served his first overseas assignment in France, England, and Germany in 1945.

His wife, Mrs. Bonnie Belle Bennett, and three children, Gordon, Jr., 8, David, 3, and Shirley Ann, 2, live in Houston.

Mason Family's Story Interesting

L. R. Mason of the Garza community was a visitor in The News office a few days ago to pay up his subscription and to visit a while. In the conversation, The News editor gathered several bits of interesting information from him.

He and Mrs. Mason were born in the same county and state, McLennan county, Texas, the same year and the same day of the week.

Mr. Mason's grandfather came to that county 90 years ago, in 1851. Mr. Mason grew up north-west of Waco, and he says he could add a bit to the stories "E. I. the Elder" if he been writing about that country, particularly about "Lover's Leap."

Mr. and Mrs. Mason brought their family to the Lynn-Garza country line in 1918, and have lived in the same place ever since. When Editor E. I. Hill moved to Tahoka, he got caught in a spell of weather, spent the night in the Mason home while en route from Sweetwater here.

Mr. and Mrs. Mason have raised 10 boys and three girls. Early in their married life, they took a cousin to raise. Later he married and died a few years later, 1934, leaving three young boys, and Mr. and Mrs. Mason raised these.

They have 9 children of their own, six boys and three girls, all living, of whom they are justly proud.

Their children are: T. B. of New Lynn, Roy of Acuff, and Lee of Gordon, each of whom has had some degree of success in farming; Robert Louis, instructor in Mechanical Engineering at Texas Tech and formerly a Lieutenant in the Navy; M. Sg. Woodrow Bertson, who has been in the Air Corps 14 years, saw service in Germany and the Far East in World War II, and in Korea in the present war; Harvey W., who also served in the War, but graduated at Tech last May and now is with General Electric in Massachusetts; Mrs. Lilhe Belle Maxey of Barth, a farm housewife; Mrs. Eula B. Smith of Close City, the same; and Miss Ruby Mae Mason, who served as a lieutenant in the Naval Nursing Corps in the last war, and who re-entered the service on November 22, and now is stationed at Portsmouth, Va.

Dorcas S. S. Class Has Social Meet

Members of the Dorcas Sunday School class of the First Baptist Church entertained their husbands with their annual Thanksgiving dinner on Tuesday evening, November 14.

The group assembled at the school cafeteria at 7:30, where the dinner was served at 8:00 o'clock. Arrangements for the dinner were made by committees and other class members.

The dining table was decorated in the Thanksgiving motif.

Mrs. Ivan McWhirter, master of ceremonies, called the meeting to order and he following program was rendered:

Mrs. Hoyette Hodges, president of the class, gave the welcoming address, after which the group sang "Count Your Blessings." The invocation was given by the teacher, Mrs. Clay Bennett, followed by the dinner.

The menu consisted of chicken, dressing, coddled yams, green beans, cranberry sauce, pineapple salad, gravy, rolls, mince meat pie and coffee.

Mrs. Joe Bob Billman and Miss Robbie Milliken rendered the

song, "The Peary White City." The group then sang, "Harvest Moon," after which a picture pertaining to Thanksgiving was shown by Mrs. J. A. Biggerstaff.

The committee and all who assisted in this affair were recognized and thanked by the presiding officer for all they had done to make it complete.

Closing prayer was rendered by Mrs. Dave Polk.

Those present for the occasion were: Mr. and Mrs. Ivan McWhirter, Mr. and Mrs. Jack Warren, Mr. and Mrs. Oren Hickerson, Mr. and Mrs. A. D. Riddle, Mr. and Mrs. T. L. Riddle, Mr. and Mrs. Dub Kenley, Mr. and Mrs. Dale Williams, Mr. and Mrs. Albert Curry, Mr. and Mrs. W. T. Kidd, Mr. and Mrs. Troy Havens, Mr. and Mrs. Frank Greathouse,

Mr. and Mrs. Urban Brown, Mr. and Mrs. Lawrence Harvick, Mr. and Mrs. J. A. Biggerstaff, Mr. and Mrs. Roy Hicks, Mr. and Mrs. Dave Polk, Mrs. Ernest Deager, Mrs. Truett Smith, Mrs. Clay Bennett, Mrs. Hoyette Hodges, Mrs. Clyde Spruett, Mrs. Hollis Hill, Mrs. Lewis Murray, Mrs. Joe Bob Billman, Miss Clara Harper and Miss Robbie Milliken.

CARD OF THANKS

Words will not express our gratitude for all the kind deeds and thoughtful things that were done during our recent sorrow caused by the passing of our son and brother, Tommy Trammel. We want especially to thank the ladies for the nice dinner that was brought in and for all the beautiful flowers. —Mr. and Mrs. T. E. Trammel, Emma, and Minnie, Mr. and Mrs. James Trammel and family, Mr. and Mrs. Nolan Trammel.

CARD OF THANKS

We wish to thank our many friends for their kindness shown us through our great sorrow over the loss of our darling Tommy. May God's richest blessings rest upon each and every one, is our prayer. —Mr. and Mrs. Pete Gage and children.

Arrow Arabian Nights Ties

Here's some Christmas magic, ladies, well within your reach—fabulous Arrow ties made of a luxurious satinwood fabric. . . . The patterns are out of this world—inspired by legends from the Arabian Nights tales. You wouldn't (nor will he) want a more imaginative gift!

Get Nitrogen Into The Soil

It is possible to put nitrogen into the soil for five cents per pound by turning under legume cover crops, reports M. K. Thornton, extension agricultural chemist of Texas A. & M. College.

A Virginia experiment station report shows that corn yields rose to 104 bushels per acre on plots where crimson clover had been turned under. The per acre yields on the plots where no legume was turned under, and on which no commercial nitrogen was ap-

plied, were only 50 bushels per acre.

The application of 100 pounds of nitrogen, in commercial fertilizer, raised the per acre yield to 102 bushels but the nitrogen application by this method cost 17 cents per pound. Tests conducted by the Texas Experiment Station have given similar results.

The test plots in Virginia were not grazed. Thornton says if livestock is taken off the legume in time to let it grow before plowing it under, that there will be no appreciable decrease in the amount of nitrogen added to the soil. The reduction, if any, will be more than offset by the feed pro-

A new idea for chilly outdoors is this handypak combination of a Lumite woven fabric case which includes an all wool, plaid-fringed blanket to keep you warm.

duced and utilized as a grazing crop by livestock.

In addition to adding nitrogen to the soil that can be used by the crop that follows the legume, Thornton says the addition of the organic matter to the soil is helpful. Organic matter increases the water holding capacity of the soil and checks erosion. It also aids in improving the tilth of the soil.

Now, adds Thornton, is the time to get the winter legumes planted. An application of superphosphate will materially improve the growth rate of the legume, and Thornton warns not to forget to inoculate the planting seed.

FIND WEATHER BALLOON

A balloon possibly released by either the Weather Bureau or the Air Force was found Monday morning in a field in the northwest part of the county by B. G. Smith. The balloon and an attached battery was brought to town by Smith's father, Waymon Smith, and a report made to the Air Force at Lubbock.

A number of similar balloons have been found in this area in the past few months, and the finders are requested to notify Air Force authorities.

Failure to provide farm livestock and poultry with the protection and feed they need during the winter months, may mean the difference between a profit or loss for the producer.

House Design Is Important Factor

Designing an ideal small farmhouse is not simply the process of taking the plans for a large house and reducing the measurements of the different rooms. Such reduction has resulted in many houses with small rooms that are either convenient nor comfortable. Instead, the first aim should be to plan the different rooms so they may be used for as many purposes as is necessary, says W. S. Allen, extension agricultural engineer, buildings of Texas A. & M. College. Careful planning of space and equipment will allow the rooms to be used for more than one activity, yet provide the space and privacy that every home needs.

Although low-cost houses cannot afford the luxury of single-use areas such as dining and guest rooms, Allen says that the small house may be so designed that additional units can be "built on" as the family grows and the farm income allows construction.

He points out that new houses built with trussed roofs and concrete slab doors may have partitions that can be moved at low cost when interior changes are needed.

Hall space is kept at a minimum in a properly planned small home, and traffic is routed around rather than through, the living and sleeping quarters. Al-

New Game Warden For This Area

A new game warden, Campdon Lawson, will go on duty in this district, which includes Lynn, Garza, Lubbock, Hale, Floyd, and

len recommends planning space, equipment and storage needs according to the number of people sleeping in the house.

Crosby counties, on December 1. He is Campdon Lawson of Crosbyton, who recently completed work in the Texas A. & M. College special school for game wardens.

Mr. Lawson at present is in the Texas Panhandle serving through the deer hunting season, November 17 through November 26, but will be on duty there through the quail season, December 1 to January 15.
