Tahoka, Lynn County, Texas, Friday, March 25, 1955

Number 24

Serving Tahoka and Lynn County Since 1903!

Reasonover Is New C. of C. President

Teachers Will Get Service Pins

Tahoka teachers and wives or husbands and school board members and their wives will be honored at a banquet in the school cafeteria Thursday night of next week at 8:00 o'clock.

C. W. Tarter, superintendent at Lamesa, will be the principal speaker, and Supt. Otis Spears will be the master of ceremonies. One purpose of the affair will be the awarding of service pins to teachers who have been in the local school system five or more years.

Teachers here 20 years will receive a pin with a blue set; those 15 years, green set; those 10 years, red set; and those five years, a plain pin.

Brooks Smith Dies Tuesday

Brooks Smith, 83, retired farmer and former cowboy, a resident of Lynn county for 34 years, died at 8:50 a. m. Tuesday.

Ill and infirm for some time, he suffered a paralytic stroke early Saturday morning and never regained consciousness.

Funeral services were held at Stanley Funeral Chapel at 3:00 p. m. Wednesday with Rev. A. L. Beggs, pastor of the Assembly of God Church, and C. L. Newcomb minister of the New Home Church of Christ, officiating. Burial was in Lubbock Cemetery.

Mr. Smith and his wife had lived at 1820 South Sixth street since retiring from farming several years ago.

He was born on Padre Island, down on the Gulf Coast in Nueces county, on August 3, 1871. His father was a cowman and trail driver, and at the time of Brooks' birth was away on a trail drive to Dodge City, Kan., and did not see his new son for two years. He was reared on a ranch near Georgetown, Williamson county.

In the 1890s, his parents homesteaded in eastern New Mexico, near present Portales, where they lived 16 years. While living there, Brooks also worked in West Texas as a cowboy, and while doing so met and married Miss Mattie Pinnell in Shackelford county in 1898. Her parents were early settlers on Moor's Draw.

Mr. and Mrs. Smith and children came to Lynn county in a covered wagon in 1921 from Hall county and bought a quarter section of land in the Petty community which he farmed until his retirement.

He was a member of the Church of Christ and was a Mason.

Surviving are the wife; four sons, Thad of Wilson, Oris of Petty, B. T. of 2604 2nd street in Lubbock and Warren of Tahoka; two brothers, W. J. of Moran and Rome of Portales; two sisters, Mrs. Lou Carlisle of Wilson, Okla., and Mrs. Eva Ward of Aspermont; 11 grand children and 9 great grand children.

JIMMY ALLSUP HOME

Lewis Allsup reports his brother, Jimmy, returned home from Fort Lewis, Wash. recently with his Army discharge, and is now living with his mother at New Home. Bobby Allsup, who is in Korea with the U. S. Marines, expects to return to the States in April but still has a year to serve.

Milton Gardner, principal of North Elementary School, is ill this week. He became ill Sunday night, and was taken to Tahoka Hospital when it was feared he had had a heart attack. However, this proved not to be the case.

Teachers Will Get Service Pins

Johnny Reasonover is the new president of Tahoka Chamber of Commerce, and was to be installed at the banquet being held Thursday night. He succeeds Mitchell-Williams, who automatically becomes vice president.

Mr. Reasonover, who is local manager of Southwestern Public Service Company, has been very active in civic affairs since he moved here three years ago from Denver City. Currently, he is secretary of Tahoka Rotary Club.

The president was named Tuesday night at a meeting of new and old directors of the organization.

Recently, the C. of C. decided to increase the number of directors from 10 to 14. Since the term of five directors expired at this time, it was necessary to elect nine directors. A nomination committee proposed 18 members for the nine places. Ballots were mailed out to the 80 members, and 56 of them were returned.

The nine directors, terms to run two years, elected by the balloting are: A. M. Bray, L. C. Haney, Wynne Collier, and Winston Wharton, new directors; and W. B. Slaton, Alton Cain, Otis Spears, Frank Hill, and Fred McGinty, re-elected.

Holdover directors are: Williams, Reasonover, Guy Wheatley, Herman Heck, and Joe Marshall.

At the meeting of directors Tuesday night plans were completed for the banquet, approval given to sponsorship of the annual athletic banquet early in April, finances of the Lynn County Stock Show discussed, and there was also considerable discussion of the proposed four-lane highway north and south through the county.

New Home Girl Is Essay Winner

Miss Rebecca Morrow, daughter of Mr. and Mrs. B. A. Morrow, student in New Home High School, won first place in the county wide essay contest on the subject, "Why We Must Conserve Our Soil and Water."

Second place winner was Miss Marianna McGinty, daughter of Mr. and Mrs. Fred McGinty, a student in Tahoka High School. Jimmy Williams, Tahoka High Senior, who is married and operates his own farm, was third place winner. He is the son of Mrs. Gussie Williams.

The contest was sponsored jointly by the Lynn County Soil Conservation District Board of Supervisors and the Tahoka Chamber of Commerce. First prize drew \$15.00 cash, second \$10.00, and third \$5.00.

The winners were to be announced at the Farmer-Businessman banquet Thursday night of this week.

Game Party Is Set For April 2

The American Legion Auxiliary of Tahoka is sponsoring a game party on Saturday, April 2, at 7:30 p. m., at the American Legion Hall.

This is the only source the local Auxiliary has of making money, and it has been asked by the Big Spring Veterans Hospital to send boxes to the veterans confined to that institution.

The game party will consist of bridge and "42". There will be a door prize and high score prizes.

Everyone is invited to come to the party, have a good time, and help the Veterans.

Tickets are available from members, or can be obtained at the door. Tickets are \$1.00 per couple.

Methodists Plan April Revival

Rev. Howard H. Hollowell, pastor of Laurel Heights Methodist Church in San Antonio, has been secured to do the preaching in the revival of the First Methodist Church of Tahoka April 11 through 20.

Reared at sweetwater and a graduate of McMurry College, Rev. Hollowell has had a remarkably rapid rise in the ministry, serving successively during the last 15 years at Ackerly, O'Donnell, Spur, Midland, Oak Cliff in Dallas, and now at Laurel Heights in San Antonio, one of the larger Methodist Churches of the state.

He is well known over Lynn county, and has many friends here who are glad to learn he will be here in the revival.

Rev. J. B. Stewart, the local pastor, states that, during the revival period, there will be a breakfast service for men and boys each morning at 7 o'clock, morning services at 10 o'clock, and the evening services.

Mrs. E. W. Patterson, musical director of the Church, will lead the song service.

School Trustee Election April 2

All Lynn county school districts will elect trustees at the annual school board elections on Saturday, April 2.

In the Tahoka district, only two names had been filed for the two vacancies. The names of Kevill Coffman of West Point and Maurice Huffaker of north of Tahoka were filed. They would succeed Joe Robinson and Vernon Willhoit, who did not choose to run for reelection.

Also, there is no contest at New Home, but the names of Harlan Dean and Robert Poyer, present members of the board, have been filed by the board for reelection.

Wilson has four candidates for two places, C. C. Swope and F. J. Schneider, present members of the board, and Charley Lichey and T. L. Weaver.

Three men filed for the two vacancies at O'Donnell. Felix L. Jones, president of the board, has filed for reelection, and the other two candidates are Wayland Taylor and O. G. Smith, Jr. Naymon Everett did not file for reelection.

Six men are filed at Grassland, with two to be elected. Two of these, L. B. Burk and W. W. Young, are present members of the board. The others filed are Glenn Northan, C. W. Roberts, Iris Miller, and Vic Lauderdale.

Also, there are three members to be elected to the county board of trustees. The names of J. K. Applewhite Jr., chairman and trustee-at-large, B. M. Haymes of Precinct 3, and H. B. Crosby of Precinct 1, have been filed for reelection. Other members of the county board are Fritz Speckman of precinct 4 and Graham Hensley of Precinct 2.

Also, there are three members to be elected to the county board of trustees. The names of J. K. Applewhite Jr., chairman and trustee-at-large, B. M. Haymes of Precinct 3, and H. B. Crosby of Precinct 1, have been filed for reelection. Other members of the county board are Fritz Speckman of precinct 4 and Graham Hensley of Precinct 2.

Also, there are three members to be elected to the county board of trustees. The names of J. K. Applewhite Jr., chairman and trustee-at-large, B. M. Haymes of Precinct 3, and H. B. Spring Ushed In By Rain, Snow, Wind

Mrs. Claud Wells, Pioneer, Dies

Mrs. Claud (Cryte) Wells, 64, pioneer of Lynn county, died in Tahoka Hospital at 7:30 p. m. Wednesday following a brain hemorrhage she suffered that morning at her home at 2228 North Fourth.

Funeral services were held Thursday at 4:00 p. m. in the First Methodist Church with Rev. George Maurice Small of Plainview, and Rev. J. B. Stewart of Tahoka officiating. She was laid to rest beside the grave of her husband in Tahoka Cemetery under direction of Stanley Funeral Home.

Cryte Gibson Wright was born in Brown county, the daughter of Dr. and Mrs. T. D. Wright, on May 2, 1890. She came to Lynn county with her mother and brother, Ollie, in the spring of 1903, when her mother bought a "bonus" in the T-Bar community near the land of her brother-in-law, George Small, who had come out the year before.

Later they moved to Tahoka and she was married to James Claud Wells here on Dec. 24, 1914. Claude died here on March 2, 1951.

Relatives believe Mrs. Wells got up at about 7:00 a. m. Wednesday, took a bath and dressed. She has been working in J. W. Jaquess' lunch room, and when she failed to show up at 8:00 a. m., he tried to call her house. Receiving no answer, he called relatives and Mrs. Zilla McCoy found Mrs. Wells' door locked. Wade Holland was called, and he crawled in a window and found her desperately ill on the floor near a couch. She was rushed to Tahoka Hospital, where she died about 11 hours later.

Survivors include one son, George Claude Wells, route 5; two daughters, Mrs. Lloyd (Barbara Ellen) Crawford of Denver City and Mrs. Fred (Marjorie) Crozier of Fort Worth; one sister, Mrs. George Small; and six grand children.

Rain, snow, sandstorms, and cold weather have all had a hand in ushering in spring, which began, officially, on Tuesday.

Light rain Friday and Friday night and again on Saturday night last week totaled 24 inch of moisture in Tahoka. This was followed by a terrific sand storm on Sunday. Monday morning possibly an inch of dry snow fell, melting almost as fast as it came, which brought the week-end's moisture to .31 inch.

The temperature reached an official low of 20 degrees Tuesday morning.

Southeastern part of the county reported a fine rain, however, with Draw getting an inch to an inch and a half and O'Donnell received a total of a half inch.

A lot of people put faith in the old "Indian sign" publicized by the late Clark Mullican in which the direction of the wind at sunrise on March 22 is supposed to indicate the kind of year that will follow.

If it were true, Tahoka will have a very dry year for the wind was from the southwest, but O'Donnell will have a wet year as the O'Donnell Index-Press reports the wind there was from the north-east.

The News' wonders how the old Indian knew when March 22 came. Anyway, the man-made calendar has been changed since the Indians roamed this country, and also the calendar adjusts itself every four years (leap-year) to take care of an extra day by sun-time. And the Weather Bureau, which has hundreds of men studying the weather as a life-time business, does not believe in "Indian signs."

L. F. Smith, 87, Rites Are Today

Lewis Franklin Smith, 87, retired farmer and a resident of Lynn county for 30 years, died in Mercy Hospital, Slaton, at 9:30 p. m. Wednesday.

Funeral services will be held in Tahoka today, Friday, at 2:00 p. m. with Rev. John Martin Wilson Baptist pastor, and Rev. Bryan Ross, Slaton Baptist pastor, officiating. Burial will be in Tahoka Cemetery under direction of Stanley Funeral Home.

Mr. Smith had been in ill health about nine years. A little over three weeks ago, he suffered a heart attack and had been in the hospital since in a coma. A blood clot made necessary the amputation of a leg Wednesday, and he died a few hours later. He had been living with his son, J. B. Smith, at 515 West Lynn in Slaton.

Born in Arkansas April 15, 1867, he was married at Childress in 1910 to Miss Alice Estell Brown. His wife died at Lubbock April 11, 1927, and was buried at Olton. Mr. Smith moved to Lynn county in 1922, and had lived at Tahoka and Wilson most of the time since. He last lived in Tahoka with his son, Luitia, in 1953. Luitia died Sept. 2, 1954. Mr. Smith was a member of the Baptist Church.

Survivors include four sons, J. B. of Slaton, Frank of Portales, N. M., Roy of Lubbock, and Ray, in the Service stationed in Panama; one daughter, Mrs. Toby (Geneva) Masters of Lubbock; 14 grandchildren and one great grandchild.

"Why We Must Conserve Our Soil And Water" Told By Rebecca Morrow

Following is the first place winning essay, written by Rebecca Morrow of New Home, in the county-wide contest sponsored jointly by the Lynn County Soil Conservation Board of Supervisors and Tahoka Chamber of Commerce.

Soil is one of the most valuable of all natural resources and every living thing would perish if there were no water.

Nature provides rich soil with ways to conserve the water. The pilgrims came and began to take down the trees, nature's wind brakes, and plow up the grasses, nature's way of preventing the water from wasting the soil. This is the way our soil and water

have gone, from the very first pilgrim to today's modern farmers. When rainfall comes there is nothing to hold it to the soil. For many years it was not realized what was really happening to the soil. The farmers realizing their crops were not getting enough moisture, invented a way to take water from underground. Although the method of taking the underground water is in use, the supply is rapidly being exhausted. By neglecting to conserve our country could become a vast arid region or weak, and unable to produce enough food for the people.

Not only should we conserve our soil but we should build it

TEXAS HOMEMAKER OF TOMORROW—Marlene Comer of Moody is Texas' Betty Crocker Homemaker of Tomorrow. She will compete with 47 other state winners for the national award to be announced April 21 in Philadelphia.

OUR HATS ARE OFF TO—

Rebecca Morrow of New Home, Marianna McGinty and Jimmy Williams of Tahoka, on winning first, second, and third places, respectively, in the essay contest, "Why We Must Conserve Our Soil and Water," sponsored by the Soil Conservation District and the Chamber of Commerce, and to all the other boys and girls who participated in the contest. This is just another worthy undertaking to make us all more conscious of the importance of conserving our most important natural resources.

AYER WAY CLEANERS

Granvel Ayer

For Next Week Cafeteria Menus

Monday: Soup and crackers, cheese sandwiches, cherry cobbler, milk.

Tuesday: Fried fish, tomato sauce, cream potatoes, cabbage and pineapple salad, lemon pudding, hot rolls, butter, milk.

Wednesday: Brown Beans, mixed greens, tamales, cold slaw, orange halves, corn bread, butter, milk.

Thursday: Weiners stuffed with cheese, tomatoes and macaroni, kraut, carrot sticks, fruit jello, hot rolls, butter, ice cream, milk.

Friday: Hamburgers, fresh tomatoes, potatoes, lettuce, fruit salad, milk.

If you will think to slow down, we'll live to grow up.

up, for the building of soil and water goes with conservation. Terraces and contour rows will keep the water from washing away the soil; deep breaking loosens the soil so water can soak in easily; planting legume crops put the vital minerals into the soil and keep it from blowing. If we do not conserve and build up the soil we are not only doing ourselves an injustice but also people in generations to come. God put the soil and water on earth for us to use. It is just as if we had borrowed them from a friend; therefore we should conserve and repair them anytime the need arises.

B. L. Parker Jr. Is Home From Korea

B. L. Parker, Jr., arrived home Sunday from Korea, where he has been serving as Hospitalman second class in the Navy, attached to the Marines. He will have 30 days leave before reporting back to Camp Pendleton for assignment.

B. L. recently received a citation and quite a bit of publicity in the newspapers and on television for assistance he gave Commander D. R. Millard, a plastic surgeon, in humanitarian work among the natives of Korea.

Their work was featured on a nation-wide CBS television broadcast a few weeks ago. The pair spent much of their spare time, or all the time they could afford from giving attention to Service men, to doing plastic surgery on wounded or deformed natives.

MANY RELATIVES VISIT THE WINSTON DAVIES

Sunday would have been a perfect homecoming day for Mrs. Winston Davies of New Home if Pfc. Daniel Raye Cowan could have been with them.

Those enjoying the week end with their parents were: Mr. and Mrs. Charles Freeman and boys, Joe Loyd and Greg, of Crosbyton; Mr. and Mrs. Wayland Walton and Wayla Ann of Morton; Mr. and Mrs. Don Dee Cowan and Brad of Lubbock; Mr. and Mrs. Don E. Caraway and Mr. and Mrs. Carlton Davies of New Home.

Dan at present is in N. C. O. School at Erlangen, Germany. He and Don Dee Balch, son of Mr. and Mrs. Bill Balch of New Home, recently spent a week end together and visited with Cpl. and Mrs. Clyde King and children in Karlsruhe, Germany.

The Kings, formerly of Southland, sailed for home March 4th, after 17 months spent in Germany. Mrs. King is the daughter of A. F. Davies of Southland.

METHODIST LADIES HEAR HAROLD GREEN

Harold Green, local attorney, talked on the Social Security, Old Age Assistance, and Unemployment programs at the meeting of the Women's Society of Christian Service at the First Methodist Church Monday afternoon.

His talk was a part of the Society's study entitled "Christianity and Wealth."

Next Monday afternoon at 3:30 o'clock at the Church, Birch Larsen will talk to the Society on the Mormon Church.

CARD OF THANKS

Our sincere thanks to all for the kind, sympathetic help, beautiful floral offerings, food and memorial extended to us during our recent bereavement over the loss of our little boy. May God bless each of you.—Mr. and Mrs. O. F. Hillhouse and Johnny.

The closer you follow, the nearer the accident.
Your first accident may be your last.

Help Is Needed With Cub Scouts

Efforts are being made here to reorganize the Cub Scouts, but a cubmaster and some more den mothers, and meetings are being some cooperation from parents is also needed.

Two dens are in operation under direction of Mrs. J. B. Stewart and Mrs. Otis Curry, den mother, and meetings are being held at their homes each Wednesday from 4 to 5 p. m.

Next Thursday night at 7:30 o'clock, all Cubs and boys age eight through ten interested in joining, together with their parents, are asked to meet at Scout Hall.

It is necessary for parents to accompany their sons in order to complete their registration.

Some weeks ago, the Methodist Men's Sunday School class attempted to reorganize the Cubs, and 13 boys registered. For some reason, the organization was not completed.

Mrs. Stewart and Mrs. Curry now have 18 boys in these two dens. Other boys desire to register but more den mothers are needed and parents need to accompany them to register.

Raymond Lupfer of Lubbock, director of Boy Scout Field Service, recently met with Mrs. Meldon Leslie, Mrs. Stewart, and Mrs. Curry, and told them to go ahead with the two dens until organization could be completed.

E. B. Gaither is the committeeman in charge of Cub Scouts here. Anyone who will be asked to come to the meeting next Thursday, or to contact one of the local people named above.

H. A. Matha entered a Lubbock hospital Tuesday for treatment. He was not believed to be seriously ill.

Honor Winners At Stock Show

Walton Terry's Hereford calf, "Sam", grand champion of the 1955 South Plains Junior Fat Stock Show, netted its owner a pretty tidy sum, a grand total of \$1,196.75.

Western Cotton Oil Co. bought the 1,010 animal in the auction following the show at \$1.05 per pound, and Walton's check for that was \$1,065.75. The firm also handed him a \$20.00 check later. He received \$25.00 in prizes at the Lubbock show.

At Odessa, the calf took third place and \$11.00 in prizes. Fifth place at Dallas brought in \$25.00, ninth at Fort Worth brought \$20. First place, grand champion and the bonus at the Lynn County show totaled \$30.00.

Walton originally paid \$80.00 for the calf, but he spent a lot

of money feeding him and getting him ready to show. Even at that, he came out with a nice profit.

Last Thursday, the 16-year-old Tahoka FFA student and his calf were featured on the Paymaster program over KCBD at 12:30 p. m., along with his parents, Mr. and Mrs. Earl Terry, route 1; his vocational agriculture teachers, V. P. Carter and Lester Adams, and School Superintendent Otis Spears.

Following the program, the

same group and the wives of Mr. Carter and Mr. Adams were honored at a dinner by officials of Western Cotton Oil Co. at the Plainsman Hotel.

"Sam", the grand champion calf, was then put on display in a special stall in the lobby of the Caprock Hotel, where he remained through Sunday.

Lynn county made a clean sweep of the grand champions of the Lubbock show this year, the most outstanding sweep in the history of the event.

Larry Mears, 11, Wilson 4-H club boy and son of Mr. and Mrs. Lloyd Mears, Wilson route 1, sponsored by County Agent Bill Griffin, won the hog grand championship with his Duroc barrow. The pig weighed 222 pounds and brought a total of \$921.30. He was sold to Sears for the all-time record price of \$4.15 per pound, after Willie Shambeck of Tahoka had forced the bidding to this high figure.

Bennie Edwards, 20, O'Donnell FFA member and son of Mr. and

Mrs. Clyde Edwards, sponsored by vocational Agriculture Teacher James Reed, won the sheep championship with his 101 pound Southdown lamb. He was paid \$3.00 per pound, or \$303.00, in addition to premiums, for the animal.

Lynn county also won the beef reserve championship, with Jack Wood, 9, Tahoka 4-H club member and son of Mr. and Mrs. H. E. Wood, taking this high honor. Joyce Verkamp of Wilson was selected as the FFA princess of

The Lynn County News, Tahoka, Texas

March 25, 1955

the show. To make it a grand slam, New Home FFA chapter took the banner for the neatest and most attractive lamb exhibit. In addition, Lynn county youths took more than their share of winnings in all divisions of the show.

Keep all nuts tight except the one at the wheel. Have News? Phone 35

James Foster, who has been working in Lubbock, left Tuesday for induction in the Army. His wife, Betty and baby will stay with her parents, Mr. and Mrs. W. J. Huddleston, at Grassland, while he is away.

Mr. and Mrs. W. C. Huffaker Sr. returned home Friday from San Benito, where they spent about six weeks visiting relatives and fishing.

Lynn County CHECKERBOARD NEWS

by Dale Thuren

CHICK BARGAINS

You still have time, after reading this, to get over to our store and get in on our CHICK SPECIAL today. We aren't quite giving them away, but almost. They are cockerels and will make fine fryers. We have them tied up in a "package deal" of 25, 50, or 100 with PURINA BROILER STARTER and DISINFECTANT.

STARTED CHICKS

If you haven't already done so, now is a good time to start straight runs and pullets for laying flock replacements. Pullets started now will be in production in September. People "in the know" are predicting egg prices of 65 to 75 cents this fall.

And have you bought any DRESSED FRYERS just recently? You'll find they are pretty high right now. You should be able to raise a fryer on the Purina Broiler Chow program that will dress out two pounds (2.06 pound live weight) for around 60 cents each.

We have quite a number started chicks 1, 2, 3, and 4 weeks old in Leghorns, Austra Whites, White Rocks, and New Hampshire Reds.

HOG CHAMPION

Our congratulations to Larry Mears, who showed the grand champion fat barrow at the Lubbock Show. Last Week's column was already written before it was announced that his hog had been named champion.

YOU MAY LOSE PIGS YOU NEVER SEE

Mother nature takes care of the brood sow, but she doesn't do so well by her unborn pigs. The early period of gestation is the most dangerous. Authorities estimate that 20-33% of all embryos are fed a ration rich in needed ingredients during gestation, the sow will resorb tiny embryos into her system.

When you consider that a well fed sow develops 9 to 12 embryos to 2 and one-half and 3 pounds in about 106 days, is it any wonder she needs balanced nutrition? She's a pig factory. She'll make money for her owner, if fed properly.

Yes, that's why we recommend Purina Sow and Pig Chow and grain from breeding until 5 days before farrowing. This program has what it takes to help you get large litters or husky 3-pound pigs.

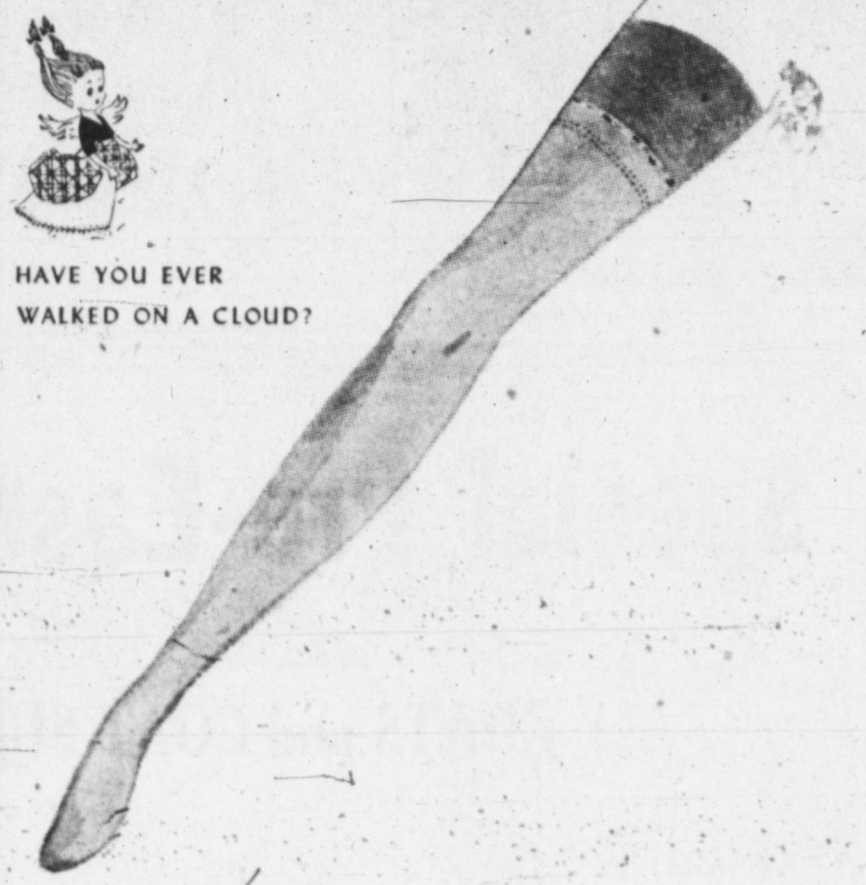

HEALTH HINT

Now that chicks are about to arrive, it's a good idea to completely sanitize the brooder house, the hovers, feeders, waters and all equipment with a solution of Purina Disinfectant.

Use Purina Chek-R-Tabs to sanitize baby chicks' drinking water. Complete directions on the label. Ask for Purina Disinfectant and Chek-R-Tabs before you get your chicks.

L. C. Unfred Utilizes Small Irrigation Wells

Farm No. 36, pictured above belongs to L. C. Unfred of one mile west of New Home.

Tom Hale Jr. was the first rural reader and Bob Connolly the first town reader to identify it correctly, and others guessing right were Clifton Ashcraft, Edgar Hammonds, Roy Nettles, and Yvonne Nettles.

L. C. Unfred has been farming the place ever since he came back from the service in 1946. It is a 200 acre farm, and L. C. has three small wells. These wells pump only 55, 87, and 112 gallons per minute, respectively, but he is making them pay off watering 75 acres of land by tying them together and using concrete pipe to carry the water where he wants it. He already has watered over the 75 acres once and is starting the second watering.

He also owns a quarter section of land at Petty, rents a half section at Lakeview, 100 acres from his dad, and also cash leases another 140 acre farm.

Mr. Unfred is up to date in his farming methods, contouring his dry land, deep plowing and chiseling to fit the need. He is active in civic affairs of his community, belongs to New Home Civic Club, and fishes as a hobby when he can find time to go. Mrs. Unfred is the former Miss Natalie Bailey, daughter of Acie Bailey, formerly of New Home. The couple have two children, Tanya, a fourth grade student, and Randy, who started to school this year.

Carolyn Adams, 11, daughter of Mr. and Mrs. Jack Adams, is a medical patient in Tahoka Hospital.

Have News? Phone 35

Mrs. Inman Is Taken By Death

Mrs. Gertrude Inman, 72, of Round Rock, died in Tahoka Hospital Monday at 8 a. m. following an illness of several weeks.

She came here about five weeks ago to visit two daughters living north of Tahoka at Wayside, and became ill while here.

The body was taken to Sanley Funeral Home and thence to Round Rock, where funeral services were to be held at the Church of Christ with burial in Round Rock Cemetery.

Mrs. Inman was born at Manor April 10, 1883, and had lived in Central Texas all her life. Her husband, Sam Inman, died and was buried at Round Rock in September, 1953.

Survivors include three daughters, Mrs. Alex (Trudie) Sanders and Mrs. Harold (Juanita) Warren, both of Wilson, route 1, and Mrs. Effie Gill of Houston; six sons, Bill and C. C. Jr. of Round Rock, Gene of Angleton, Noel of Georgetown, Homer of Hutto, and Eual of Amarillo; one sister, two brothers, and a number of grandchildren and great grandchildren.

BRIDGE, "42" Party IS PLANNED APRIL 2

Bridge and "42" tournaments, open to the public, are being planned for Saturday night, April 2, beginning at 7:30 p. m., with the American Legion Auxiliary as the sponsor.

There will be a nice door prize, and refreshments will be available. Admission is \$1.00 per couple.

You and your wife, or husband (or get yourself a partner) come out for an evening of fun.

Wilburn Reagan and wife and A. J. Reagan, all of Portales, N. M., formerly of Tahoka, were here last week end visiting their grandparents, Mr. and Mrs. W. A. Wyatt. Wilburn, who learned the Linotype operating trade in The News office, is an operator for a daily newspaper in Portales, while A. J. is engaged in farming near there.

Mrs. Tom Russell of Joe Stokes community is back in Tahoka Hospital as a medical patient.

Jack Wajdrip is reported improving gradually from his recent heart attack.

Mrs. Arthur Hagens, a medical patient in Tahoka Hospital is improving nicely.

Mrs. A. W. McClellan is a medical patient in Tahoka Hospital.

Most Powerful Car at its Price!

Come in and try the sensational performance of Pontiac's 200-HP Strato-Streak V-8!

If all the talk about horsepower has left you confused, let this one simple fact set you straight. Model for model, the sensational new Pontiac Strato-Streak V-8 delivers more horsepower per dollar than any car in its field. And that fact holds good whether you specify the four-barrel carburetor—a low-cost option that puts 200 eager horsepower under Pontiac's handsome hood—or the regular 180-horsepower Strato-Streak V-8. The Strato-Streak V-8, part and parcel of every Pontiac, produces performance as fresh and distinctive as Pontiac's Twin-Streak styling and Vogue Two-Tone beauty—with traditional Pontiac dependability and the greatest economy in Pontiac history.

But Pontiac's extra value doesn't stop with power. Its Shock-Proof chassis, wide-stance rear springs, long 122" or 124" wheelbase, recirculating ball steering and bigger brakes provide fine-car comfort and handling. Come in at your first opportunity and road-test Pontiac's spectacular Strato-Streak V-8 performance and you'll quickly see why sales are now at an all-time high!

You can buy a big, powerful Pontiac for less than many models of the lowest-priced cars and much less than stripped, economy models of higher-priced makes!

Look high and low . . . and you'll go Pontiac

Carters Attend Louisiana Celebration In Honor Of Her Great Aunt

Mr. and Mrs. Carter and daughter, Mrs. Peggy Beckham, last week attended a celebration in Tallulah, and Madison Parish, Louisiana, honoring the late Kate Stone.
 Kate Stone, a great aunt of Mrs. Carter, kept a diary of the Civil War days, 1861-1868, which resulted in the uncovering of many facts overlooked by historians in regard to the great war between the states in the neighborhood of Tallulah, a town located just across the Mississippi from historic Vicksburg, of Civil War fame.
 A Texas A. and M. professor, Dr. John Q. Anderson, took the manuscript of the diary and from it wrote a book, "Brokenburn, the Journal of Kate Stone."
 This book went on sale last Thursday, March 17, and a big celebration in honor of Kate Stone, Mrs. Carter's great-aunt, was held in the Louisiana town on that day.
 The Carters left Tahoka on Tuesday, returning home Sunday night, and Mrs. Carter brought back a copy of the book which she has donated to Lynn County Library.
 Mrs. Carter's mother was reared on the Omega plantation, a neighboring plantation to the Brokenburn plantation, where Kate Stone lived.
 During the town's celebration of the occasion, there was a parade at noon, presentation of the first copy of the book, an open house at which relatives of the woman were honored, other events, and a great crowd was on hand for the event.
 One of the autographed copies was presented Mrs. Carter.
 Later, after reading the book, The News hopes to present a more detailed story.
 The driver who doesn't get caught gets killed.

CATCH THE FISH
 A party of Tahoka fishermen returned a few days ago from Langtry, on the Rio Grande, with 54 catfish weighing from two to 18 pounds. In the party were Howard Wheeler, Olen Renfro, Cloyce Leverett, Jim Applegate, Alton Gardner, Kenneth Turner, and James Tippit.

SECOND SECTION

The Lynn County News

Tahoka, Texas, March 25, 1955

Scout Charter Received Here

E. A. Forsythe, one of the local Boy Scout committeemen, presented the Troop 22 charter to Tahoka Rotary Club, the sponsoring organization, last Thursday noon. He also presented the club a "100% Boys Life for 1955" certificate. The charter will be framed and hung in Scout Hall.

In a brief talk, Forsythe expressed appreciation to the club for its backing, for its leadership in building the Scout Hall, and told something of the Scout work here.

Forsythe is committeeman in charge of the Boy Scouts and E. B. Gaither, the club Scouts. Ross Smith, H. W. Carter Troy Havins, and A. V. Barnes are the other committeemen; A. M. Bray the district representative; Pete Hegi, finance chairman; and Tom Gill, institutional representative.

Rush Dudgeon is the Scoutmaster, and C. E. Ford is assistant scoutmaster.

Durwood Howard, who was in charge of the program, introduced Rev. J. B. Stewart and Tom Bartley, two of the most recent new members, who told some facts and "near-facts" about their lives before coming to Tahoka.

Howard then made a brief talk on Rotary, discussing the four types of membership.

President A. M. Bray announced the District Conference in Midland April 10, 11, and 12, and presented a letter to the club from the club in Tsushima, Japan, in observance of the fiftieth anniversary of Rotary.

Many slow processions are caused by fast drivers.

Have News? Phone 35

News Closed Up For Fishing Trip

If you found The News shop closed last Friday and Saturday, there was a good reason.

The force went fishing. We just as well make this fact public, if anybody cares, because those who do care will find out anyway.

The boys had been working hard for several months, and needed a little recreation.

Therefore, on Friday morning, Charles and A. W. McClellan, Carl Henry McMillan, and Frank Hill took off for Donald Caudle's King Creek Lodge, on Lake Whitney.

We won't say too much about our fishing ability, but will say that we caught all we could eat and brought home a good "mess" for eight or 10. We must alibi, however, that we hit the weather wrong as it misted and showered about all the time we were there. Fishermen old us they usually got the limit in a few hours.

What we do want the people to know is that the Caudles, who formerly lived south of New Home, have a nice camp, boats, and everything a fisherman needs,

located in a secluded wooded area on King Creek, one of the best spots on the lake, and that they do everything possible to make their guests happy. Mr. and Mrs. Caudle, Donald John and his bride, the former Delores Ann Edwards, Pat, and the two little boys go out of the way to accommodate their Lynn county friends. And, a lot of Lynn county people have been fishing with them, too. However, if you expect to go to their camp better make

reservations in advance if you will arrive there Friday or Saturday because they usually fill up for the weekend.

IN TURKEY BUSINESS

W. T. Jones, Jr., who once was in the produce business here, is now owner of the Lone Star Turkey Farms at Coleman. He has sent The News a little ad about his turkeys, which appears on the classified page.

NOW ON DISPLAY! New Chevrolet Task-Force Trucks!

It's the largest and finest fleet of trucks ever built by the nation's No. 1 truck builder. Whatever your task or trade, there's a new Chevrolet truck to make or save you money on the job. Come and look 'em over!

Now Chevrolet introduces "Work Styling"—an exclusive development in truck design. Plus new engines—new capacities—new Overdrive and Power Steering—new features and advantages throughout!

Here's what happens when America's leading truck builder pulls out all the stops! Here are trucks that are new from the drawing board out!

New styling in trucks

Fleet, functional styling that fits your job! For the first time in any truck line, two distinctly different styling treatments are offered—one in light- and medium-duty models, another in heavy-duty. Your handsome new Chevrolet truck will be an advertisement.

on-wheels for you and your business!

A new outlook for the driver

Truck driving was never like this! The new Flite-Ride cab is everything a driver could wish for, from its big Sweep-Sight windshield to its concealed Safety Step that keeps clear of mud or snow! The new instrument panel offers maximum convenience!

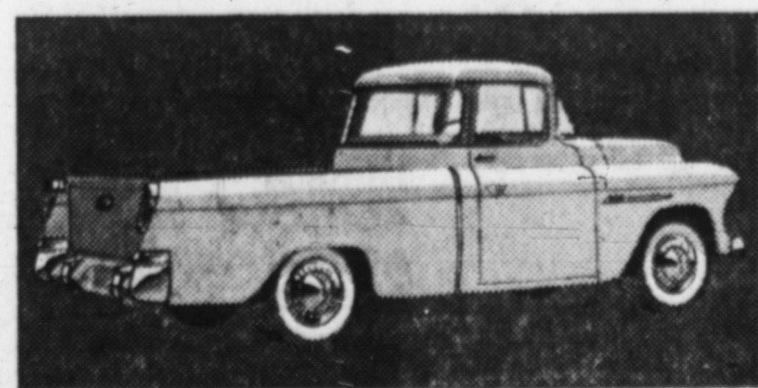

Six new "high-voltage" engines With a new 12-volt electrical system for

quicker, surer cold-weather starting and increased generator capacity! Plus more efficient cooling and lubrication systems, an improved fuel system, and completely redesigned engine mountings.

And much more that's new

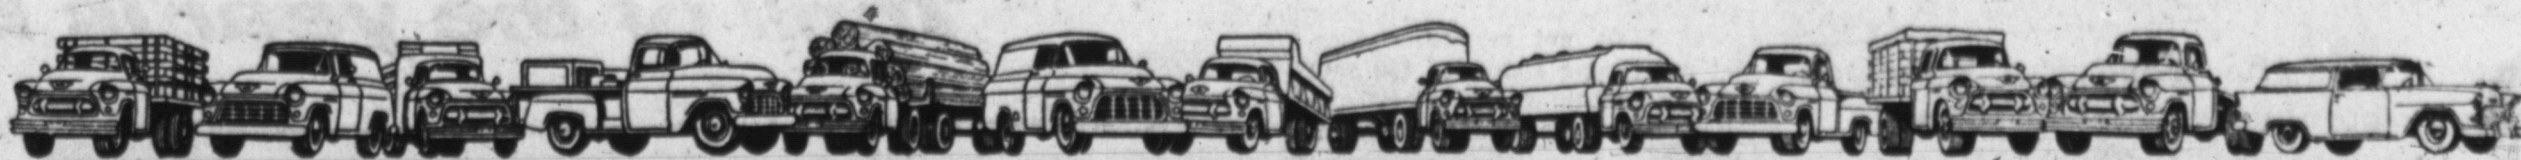

Like the smoother, load-steady ride... new High-Level ventilation... tubelless tires, standard on 1/2-ton models... Power Brakes* for all models, standard in 2-ton models... new 18,000 lb. max. G.V.W. in 2-ton models. And there's a new choice of transmissions, including new Overdrive* and Hydra-Matic*. New Power Steering* for all models. Come in and see the newest things in trucks!

*Optional at extra cost. Overdrive available on 1/2-ton models, Hydra-Matic on 1/2-, 3/4- and 1-ton models.

New Cameo Carrier

Here's a truck like no other truck you've ever seen! It's the "flagship" of the handsome new Chevrolet truck fleet... the first truly beautiful truck ever built. Come in and let us tell you more about this dramatic departure in truck design!

Odds and Ends

(BY E. L. THE ELDER)

Baalbek! — Damascus! — Bagdad! — Ctesiphon! Hasn't Miss Ross drawn marvelous pictures of the ruins of these ancient temples, cities, palaces, and other structures, and the material grandeur that once flourished in Mesopotamia (The land between the rivers) and on the desolate Syrian Desert of the present day, no occupied mostly by many miserable, indigent, nomadic Arabs or Bedouins that dwell in tents or movable camps, and subsist chiefly on the milk of goats and donkeys and on the flesh of kids and fowls and wild

game and a little garden truck. But Miss Ross has not yet shown us all of the marvelous man-made ancient grandeur that once existed throughout Mesopotamia and in parts of the Syrian Desert. She has not yet taken us down to see what is left of the ruins of old Babylon, that glutinous omnivorous beast among the nations, which during her existence became the very symbol of Satanic power, harlotry, and wickedness. Miss Ross is going to take us down to the site of the old city today.

I'm telling you that it is a marvelous picture of the ancient Eastern world that she paints for us, and a true one. It is a picture that makes the Bible live again in a special way for you and for me. Read her story and you will understand the Bible as never before. Now again we turn this Column for a little while over to her. Remember, we are on the Syrian Desert.

"As we drove across the barren waste we saw ruin and neglect everywhere, mounds, marking sites of ancient villages and cities, dotted the landscape, and walls of sand showed the course of old irrigation canals. Their irrigation system must have been wonderful. Several years ago, when Sir William Wilcocks, the noted English engineer, surveyed this country for irrigation, he suggested little more than a rehabilitation of the ancient system of the Babylonian days. One of their canals, the Nahrwan canal, is reputed to have been three hundred miles long by three hundred and fifty feet

wide and is said to have been built by Nebuchadnezzar — a madman who on his hands and knees ate the grass in those far-off fields. For it is recorded that, 'The same hour was the thing fulfilled upon Nebuchadnezzar and he was driven from men, and did eat grass as oxen, and his body was wet with the dew of heaven, till his hairs were grown like eagles' feathers, and his nails like birds' claws.' (Daniel 4:33).

"At last we found something modern—a signpost in English pointing the way to Babylon. However, I doubt not that Nebuchadnezzar had one just as good in his day for from the ruins and records that are left we know that this country was highly cultivated when he was in power as it had been for centuries before. The Code of Hammurabi is sufficient to assure us that life in those days was practically as well organized and carefully regulated as it is in our own day. The records tell us that thirty-three hundred years ago the kings of the countries of the Near East were issuing passports as a regular matter of foreign office business, and that credentials like Cook's and American Express notes were in use for travelers. I took out my little old Express check book, looked it over and felt quite small and humble in the presence of all this age.

"It was the ruins of Babylon we were looking on. Babylon, once the glory of nations was in heaps of ruins before us. 'And Babylon shall become heaps,' said Jeremiah. From Herodotus, the Greek historian, who wrote of Babylon two thousand three hundred years ago, we learn that the city was built in the form of a square, surrounded by giant walls. Each side of the square was fourteen miles long and had twenty-five gates of solid brass opening into twenty-five streets that went straight across the city from gate to gate.

"A branch of the river ran through the city; its banks were long wharves. We are all familiar with the old story of how Cyrus diverted the Euphrates, marched his troops up the dry river bed into the city and took it by surprise on a night of feasting. Some historians say that that this is all pure romance, that Cyrus did not go in that way, but we do know that part of the river ran through the city. There is still evidence of its old course, but it is no more. The river is near by, flanked on both banks by willow trees. I thought of that group of people who, once upon a time, were prisoners in this country, and who hung their harps upon the willow trees of Babylon."

Miss Ross does not go further into the story of the capture of Babylon by Cyrus. The prophet Daniel, much of whose prophecy is clothed in figurative language, does give his version of the capture in the fifth chapter of his prophecy, in which it is related that while Belshazzar the king and a host of his lords were staging a great feast in the palace and were drinking wine in the gold and silver vessels which the Babylonians had taken from the Temple in Jerusalem, a mysterious hand appeared on the wall writing the doom of Babylon. That is one of the most spectacular scenes portrayed in the Bible, but we are skipping that for the present.

Miss Ross, however, does quote several verses from the 137th Psalm, written by some Jewish bard, in which he set forth most pathetically the sorrow and the heart-ache of the captive Jews whom the Babylonians had transported from Jerusalem to the city of Babylon and there enslaved them. This is one of the most pathetic pictures in the Bible. Here is the psalmist's cry; as quoted by Miss Ross:

"By the river of Babylon, there we sat down, yea we wept, when we remembered Zion."

"We hanged our harps upon the willows in the midst thereof."

"For there they that carried us away captive required of us a song; and they that wasted us required of us mirth, saying, sing us one of the songs of Zion."

"How shall we sing the Lord's song in a strange land?"

"If I forget thee, O Jerusalem, let my right hand forget her cunning."

"If I do not remember thee, let my tongue cleave to the roof of my mouth; if I prefer not Jerusalem above my chief joy. (Psalm 137:1-6).

"This group of people are gone too," Miss Ross observes. The only sign of life we see about are jackals and owls. It is a dry land, a wilderness, a land wherein no man dwelleth. The lord of Hosts has swept it with

the broom of destruction. (From Isa 14:23).

"It was here, in B. C. that the great Alexander died before he was thirty-three years of age. They will show you the place where he is buried, neglected and almost forgotten. As the story goes, he had returned to Mesopotamia for a short period of rest, after completing his preparations for the Arabian campaign, and had spent several days in the country around Babylon surveying a new irrigation scheme. He went to a friend's carousal. A slight fever came on in his day for from the ruins and records that are left we know that this country was highly cultivated when he was in power as it had been for centuries before. The Code of Hammurabi is sufficient to assure us that life in those days was practically as well organized and carefully regulated as it is in our own day. The records tell us that thirty-three hundred years ago the kings of the countries of the Near East were issuing passports as a regular matter of foreign office business, and that credentials like Cook's and American Express notes were in use for travelers. I took out my little old Express check book, looked it over and felt quite small and humble in the presence of all this age.

"We climbed over mounds of debris of former habitation, strewn with broken tiles and bricks, each brick or tablet bearing the name of Nebuchadnezzar written in cuneiform writing. There were hundreds of these bricks about. Evidently he was as great a builder as Rameses of Egypt.

"As I looked down upon the ruins of Nebuchadnezzar's palace my mind went back to the days of Esther, that young Jewish maiden who became the queen of King Ahasuerus. It was probably here that Queen Esther revealed the wicked plot against the Jews, saved her uncle Mordecai and secured the King's sentence of death on the wicked Haman. (Esther 7:9)

"Today, on the barren plains near the city of Ur, Abraham's old home, Arab girls may be seen drawing water from the wells as Rebekah was doing when Abraham's agent, Eliezer, found her, after Abraham had sent him to find a wife for Isaac. He was a wise agent for he waited until

the time of the evening when the women went out to draw water. Then he prayed to the Lord God to direct him to the 'damsel that thou hast appointed for thy servant Isaac.' And it came to pass, before he had done, that behold Rebekah came out, and the damsel was very fair to look upon, and she went down to the well and filled her pitcher, and she let down her piteer upon her hand, and gave him to drink.

"And Rebekah had a brother, Laban, and Laban ran out into the man. And he said, 'Come in, for I have prepared the house, and room for the camels.' And the man came into the house and there was set meat before him to eat. And he said, 'I am Abraham's servant. And my master made me swear, saying go unto my kindred, and take a wife unto my son. And now if ye will deal kindly and truly with my master tell me."

"Then Laban answered and said, 'Behold Rebekah is before thee, take her and go, and let her be thy master's son's wife.' And they called Rebekah and said unto her, 'Wilt thou go with this man?' and she said, 'I will go.' and they sent away Rebekah and her nurse, and they rode upon the camels, and followed the man. And the servant took Rebekah and went his way."

"And Isaac went out to meditate in the field at the eventide; and he lifted up his eyes, and saw, and behold the camels were coming."

"And Rebekah lifted her eyes, and when she saw Isaac, she lighted off the camel."

"And Isaac brought her into his mother Sarah's tent, and took Rebekah, and she became his wife; and he loved her: And Isaac was comforted after his mother's death. (From Gen. 24)

Now, folks, wasn't that a thrilling love story, a thrilling

courtship, a thrilling marriage match, especially since it was ostensibly consummated entirely by proxy up to the very moment that the couple met?

But it was a heaven-made match. The hand of a great God can be seen in every little detail of the story. I am sure that this would be much happier world if all our marriages were consummated in Heaven.

And now Miss Ross takes over again.

"Away out across the waste of this desolate, thirsty plain, we come to the ruins of the traditional Tower of Babel, a great mound of sand and brick. Was this the place where men striving to get away from the endless flatness of the country, and the floods of water, decided to build a tower reaching unto Heaven? (Gen. 11:1-9) And all they have left us is this heap of earth and a confusion of tongues, which so often hampers me when I travel to remote parts of the earth and desire to converse, with ease and intelligence, with the many interesting people about me."

"But all is not ancient in this land of 'civilization's' birth. There is a young nation on the Euphrates, Iraq, which was admitted to membership in the League of Nations as an independent sovereign state on October 3, 1932, and it is attacking many of its problems with the spirit and vigor of a young nation."

"To me, one of the Government School for Girls in Bagdad under the direction of an American woman, with Iraq and Syrian young women on the teaching staff. We wandered down old, narrow, dirty streets until we found the gate in the wall which led into the school building. They were built around a court and had several hundred girls enrolled from windergarten

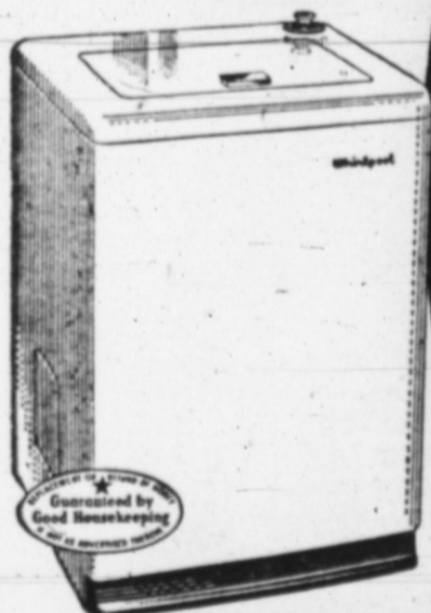

up to, and including, a teacher's training course. AAs we entered there seemed to be an unusual amount of excitement. Then one little girl cried out, 'She has come! she has come!' and she has a hat on too.' It developed that they were expecting the Queen to visit them that morning, and when we arrived they thought that we were the Queen and her party, but the Queen had never been seen wearing a hat, hence the excitement."

"The girls were very bright and attractive, many of them beautiful, and the young teachers were very keen and alert. Some of them had lived in New York, studying at Columbia and living in International houses. One young Syrian teacher said that she had been waiting five years for her turn to come for her to be admitted to the United States, and she would wait five more if it were necessary. To her the United States was the 'Promised Land.' How she idealized us! I could not help but pray that after five years' residence with us she might still feel ours was the country of opportunity she had longed for and expected."

It thrills me, Miss Ross, to know that we have had American Schools for fifteen years or more both in the Holy Land, in Iraq, and in other countries in various parts of the world imbued with the spirit of Christianity and democracy and teaching by precept and example the great basic principles of true Americanism. Some time or other Christian schools and democratic principles are going to leave the whole lump and save the world.

Looks like Buick's Biggest Year

It's been happening week after week.

More people coming in every day to see, sit in, sample and select the '55 Buick of their choice. More people than ever before in our history.

That's why you see so many new Buicks on the road today. And that's why — to meet this unprecedented popularity — Buick production has been boosted to the highest levels of all time.

Buick Sales Are Soaring

The simple measure of it all is this: Buick is so "hot" an automobile that it now outsells all other cars in the United States except two of the best-known smaller cars. And for reasons sound, substantial and thrilling.

Buick styling, you see, was never so crisp, clean, distinctive. Buick horsepower was never so high — Buick interiors never so rich — Buick's great ride never so satin-smooth and steady.

But there's something else, too — something vastly different and exciting.

Never before was there any motoring thrill like the

thrill you get from Buick's spectacular new Variable Pitch Dynaflo.

It lets you do what a pilot does — switch the pitch of your driving propellers — one way for gas saving in cruising — another way for instantaneous acceleration and getaway.

Your propellers are inside the Dynaflo unit, spinning in oil. You change their pitch merely by pressure on the gas pedal. You get action that was never in any earth-bound vehicle before.

No wonder we're writing up orders and selling Buicks at a rate that's making this the biggest year in Buick history.

And no wonder — when you see our price tags — that more and more people can afford the price of a new Buick.

For all the way up the line — from the budget-priced SPECIAL to the custom-built ROADMASTER — each Buick is a stand-out buy in its field.

Why not come in for a visit this week and get a down-to-earth look at the hottest Buick in history? *Dynaflo Drive is standard on Roadmaster, optional at extra cost on other Series.

Thrill of the year is Buick

Bray Team Has Excellent Season

The Bray Chevrolet basketball team journeyed to Petersburg last Thursday night with hopes of going all the way in the tournament there, but they were eliminated the first game by Mays' Gas House Gang of Ralls 59 to 58. The Bray team started out with a bang and had an 11 point lead at the end of the first quarter. Score 21-10. They led 34 to 25 at half-time but dropped to a 2 point lead by the end of the third period. Score 45-43. During the last quarter it was anybody's game with Bray in the lead, then Mays'. The game was tied 58-58 with only five seconds to go when Richard Havens fouled trying to steal the ball. Steve Slover grabbed the ball and threw it down court to Charles Hyles who drove in for a shot, but was covered by two of Ralls' men. Thus the game ended with Ralls on the big end 59-58.

Steve Slover took high point honors for the Bray team with 21 points. Gainerd McNeely followed with 16, Charles Hyles had 9, Tracy Brown 7, Douglas McNeely 5, John Curry 0, and Richard Havens 0.

Had Successful Season

The Bray team closed out their season with 13 wins and only 4 losses. They entered two tournaments, but lost out in the first game of each one. Games played during the season are as follows:

BRAY	OPPONENTS
48 Wilson Independent	48
100 Speed Shifters, Tahoka	36
32 New Home Exes	30

NEW HOME PEOPLE FISH AT WHITNEY

A group of New Home residents last week spent three days at Kings Creek Lodge at Lake at King Creek Lodge is operated by Mr. and Mrs. Donald Caudle and sons, former New Home residents.

Enough fish were caught for a big fish fry on Saturday night. Those enjoying the feast were: Mr. and Mrs. Frank Lisemby and boys, Mr. and Mrs. F. G. Roper and boys, Mr. and Mrs. Charles Armontrout and son, Mr. and Mrs. Floyd Smith and Donna, Mr. and Mrs. Winston Davies all of New Home, Jay of Lubbock, and the Caudle family of the Lodge.

The perfect spring weather before the wintry blast brought enormous crowds to the lake, and the Caudles expect to be very busy people for the next few months.

Mrs. J. D. Donaldson, who fell about three weeks ago and broke her arm, is reported to be improving. Her daughter, Mrs. Lola Thomas, arrived last week end from McAllen for a visit with her parents.

Joe Brooks	4	11
Douglas McNeely	1	5
Wayne Havens	2	3
Two games with New Home		
32 and 56		88
Total		952

Individual records were not kept on the two games with New Home.

We, the players on the team, want to thank Mr. A. M. Bray for sponsoring our team, and for taking an interest in our activity. We also want to express our thanks to Coach Jake Jacobs for letting us use the high school gym and for working out with us at times.

I personally want to thank each boy who came out for the team, for putting everything he had into each game, and for cooperating and working together in order to make this a successful season.
 -Richard Havens, Mgr.

Wilson News

MISS JUANITA MURRAY Correspondent

Staff Sergeant Junior Hagens visited in the home of his parents and family Mr. and Mrs. Arthur Hagens and daughters over the weekend. Junior is stationed at Albuquerque.

Thursday night in the School Cafeteria the F. H. A. girls honored their mothers with the annual Mother-Daughter Banquet. Mrs. T. T. Barger was honored with a beautiful pot plant for being the oldest mother and Mrs. A. A. Nolen was also honored with a pot plant for being the youngest mother there. Along with the mothers and daughters there were several guests. Javan Schreiner, their F. H. A. Sweetheart, and his mother and Miss Dorothy Knippling, Mrs. Luther Coleman, and Mrs. Pearl Davidson all teachers in High School were guests.

The theme of the banquet was "Spring Is Bustin' Out All Over". Misses Eileen Maeker, Don Evelyn Joiner, Donna Ward, Ida Mason and Mary Lou Lichey presented the entertainment.

Lt. and Mrs. Lynn Murray and family visited in the home of Lt. Murray's parents and family, Mr. and Mrs. M. L. Murray and daughter over the weekend. Lt. Murray is on his way to Fort Sill, Oklahoma where he is to attend a 3-week school. Mrs. Murray and girls are going to spend this time with her parents, Mr. and Mrs. T. A. Crissom of Greenville, Texas.

Mr. and Mrs. R. E. Blankenship and daughter of Muleshoe visited in the home of Mr. and Mrs. E. L. Blankenship over the weekend.

Miss Dorothy Knippling, Mrs. Pearl Davidson and Ann went to Borger Saturday on business.

The Rev. Malcolm Hoffman,

J. J. RAINDL

NEW 198-HP MONTECLAIRS PROVE THEIR NEW SUPER-TORQUE BY PICKING UP SPEED ON 28% GRADE AT TEST-TRACK IN DEARBORN, MICHIGAN

NEW 198-HP BEAUTY PICKS UP SPEED

CLIMBING 28% GRADE

More power where it counts from Mercury's new Dual-Exhaust SUPER-TORQUE V-8 engine

There's a lot of talk about horsepower these days. The numbers go up and up. But what does all this extra power do for you?

The picture above tells part of the story. There's so much power delivered at the wheels of this new 198-horsepower Mercury Montclair that you can actually pick-up speed while climbing the steepest hill you can find. This is one graphic way of demonstrating Mercury's new kind of super-torque power.

More top speed is of little value to most

motorists. Cars already can go faster than most legal speed limits. Where you want extra power is in the everyday speed ranges where you do 95 per cent of your driving. And that's exactly where the 1955 Mercury gives it to you . . . for instant pickup, safer passing power, easier hill climbing.

We've said nothing here about styling—and now there isn't room. But Mercury's years-ahead design is speaking for itself right now at our showroom. Stop in today.

IT PAYS TO OWN A

MERCURY

FOR FUTURE STYLING, SUPER POWER

Our early season moisture provides an unusually favorable condition for fertilizer application on Blue Panic and other grasses that are already established. It would be well to have soil tests as a guide if possible. Tests made so far indicate that both nitrogen and phosphorus are needed. Applications of 100 to 200 pounds per acre of 16-20-0 should adequately provide for plant needs for early spring growth. The fertilizer should be placed as deep as possible—probably 6 inches to 8 inches with a chisel-type applicator.

Now is the time to be thinking about planting grass. A firm seed bed is desirable and is best obtained by leaving the ground flat and using a sweep type implement to destroy living vegetation and at the same time leave stubble or other dead cover on the surface to protect the young grass seedling from wind and excessive crusting. One of the most favorable conditions for seeding grass is to have a fairly good cover of sorghum still standing. The mid-

dies can be cultivated to control weeds, or sweeps may be run ahead of planting. But the stubble should be left to give as much protection as possible. Grass planting will probably start around the first part of April and may be planted anytime up until mid-summer. If conditions are right, however, an earlier planting would be less apt to be crowded out by weeds since it generally takes a rain to bring up the grass.

Summer Legumes

Many farmers are going to use soil building crops on their land that can't be planted in cotton. By building up their soil this year with a legume they expect to increase their yield per acre on the crop which is to follow. In some cases soil building crops can be used as cash crops also. The seed of most legumes can be harvested and marketed at a profit.

The use of legumes as soil building crops is not new in agriculture. Soon after man began to plant crops and cultivate them he realized the need for replenishing the soil to make up for the crop which was gathered and taken away. The early man began to notice that greater yields were made following a good growth of plants that produced pods of fruit. These plants that produced pod fruit or beans were legumes. Since that early recognition of a need to replenish the soil for products gathered and taken away, agricultural scientists have been in constant research to come up with new ways to build up, improve, and maintain soil productivity. They pass on such information to the farmer so that he may benefit from their experimentation, and expect increased yields from their suggested practices.

Here in Lynn county we have several ways in which legumes may be worked into a crop plan. Guar, peas, and Seshania are the most popular summer legumes and may be planted in regular width rows, in 20 inches to 24 inch rows, or drilled with a grain drill. Interest in the interplanting of grain sorghums with cowpeas is increasing rapidly, and has shown good results. Make plans now to include a summer legume on your farm.

WASHINGTON AND
"SMALL BUSINESS"
By C. WILSON HARDER

An interesting event happened in Congress the other day. Through means of a "privileged resolution" Rep. Clare Hoffman (R. Mich.) got information from Pentagon.

A "privileged resolution" provides information requested be forthcoming in seven days, or Congressional action forces revelation of information.

Rep. Hoffman wanted to know how many military posts U. S. has abroad, how many men involved, the cost. He was told promptly U. S. has about 950 overseas installations manned by about half present U. S. combat force, or 1,370,000 men. He also learned there are about 167,000 U. S. civilian employees in armed forces plus 218,000 civilians working for foreign governments under contract to U. S. plus 124,000 German civilians. Altogether, wages to civilian employees runs over \$4 1/2 billion per year.

Rep. Hoffman is reported planning to use same method to force some information out of State Department. Thus, he invoked a Congressional weapon that had all but been forgotten.

Revival of this weapon may even embolden some Congressmen to get curious about Foreign Operations Administration which continues to soak up billions in American taxes to give away around world.

It is held doubtful that one Congressman in 20 knows how these billions are being thrown around, yet so far no investigations have been made.

© National Federation of Independent Business

For example, FOA announces gifts to Israel.

FOA announced among other items it has given Israel \$900,000 worth of fruit wrapping tissue.

Some representatives of U. S. citrus industry on questioning refused to hazard guess on how many oranges could be wrapped with almost a million dollars worth of tissue.

But average monthly exports of Israel of all products is far less than amount of fruit wrapping tissue FOA has just given nation. And it is held pretty certain no Congressmen has any idea how many years supply \$900,000 worth of fruit wrapping tissue is for Israel.

Nor probably can any Congressmen explain how tissue wrapping Israel fruit contributes to U. S. defense. If tissue wrapped fruit is vital to defense, then fact majority of U. S. grown fruit is sold naked indicates U. S. home defense is in woefully weak condition.

Thus it appears in Washington Rep. Hoffman has hit upon method whereby Congress if so minded, could learn many interesting facts about way U. S. billions are tossed away while U. S. schools and roads suffer.

Of course, some say GOP will not investigate vigorously a situation it is permitting; neither will Democrats investigate a situation they started.

But on other hand, it is pointed out, Sen Harry Byrd of Virginia, undoubtedly a democrat just as undoubtedly as is fact FHA was started by democrats, pulled out rug from under FHA scandals. So Washington feels it is not impossible for a vigorous probe of FOA to be launched during present Congressional session.

Gordon News

MRS. EARL MORRIS
Correspondent

Mr. and Mrs. Buddy Hoffman of Slaton are announcing the arrival of a son, born March 5 in Slaton Mercy Hospital. Mrs. Hoffman is the former Bobbie Mining, in this community.

Mr. and Mrs. Chas. Hafer of Odessa visited his grandmother, Mrs. N. E. Jones, recently. Mrs. Jones returned with her to Odessa for a week's visit.

The young people of the Gordon Church of Christ enjoyed a skating party and supper at the Club house on Slide road, Lubbock.

Mrs. Robert Lee Hagler and daughter and Miss Velma Hagler took Mrs. Hagler's mother, Mrs. Bradshaw, to Buchholts last week. They spent three days visiting in that part of Texas.

Mr. and Mrs. Buford Jones returned last week from Milwaukee, Wis., where they had been visiting their daughter, Mrs. Olga Groc, and family. Buford reports the weather up there is almost too cold for a West Texas guy, and he came home with a cold.

Mr. and Mrs. J. B. Rackler and children and his mother, Mrs. J. F. Rackler, were in Meadow last Sunday as guests at a birthday dinner given in the home of the Freeman Racklers in celebration of their son Robert Lee's birthday and Mrs. J. B.'s birthday. About forty guests were present.

Mr. and Mrs. Arden Maeker and daughters of Lubbock attended church at Southland Methodist Church Sunday and were dinner guests of her parents, the Earl Morris.

W. M. McFarland and wife, pastor of Gordon Church of Christ, were Sunday dinner guests in the home of the R. L. Haglers.

Mrs. Haywood Basinger and Dolores of Slaton visited her mother, Mrs. N. E. Jones, Sunday. Mrs. Claud Roper and her

mother, Mrs. J. F. Rackler, were in Slaton last Wednesday visiting Mrs. Nanny Ruddy, who is ill. Sharon Lee Saunders visited Carolyn Ward last Sunday.

Mr. and Mrs. Wendell Saunders and children spent last Sunday in Ropes visiting his grandparents, Mr. and Mrs. F. A. Sims. His mother, Mrs. Royal Saunders, was also in her parents' home.

Mrs. Wood, who has been spending the winter in the home of her son-in-law and daughter, Mr. and Mrs. J. O. Reed, returned to her home in Plainview last week.

Mr. and Mrs. Davidson and Louise were in Lubbock last Wednesday where Mrs. Davidson had an examination of eye trouble.
