2-Degree Weather Chills Lynn County

The cold wave which came down across the Plains last Saturday and continued through Tuesday was the coldest spell recorded here in a number of years.

The low here Sunday morning was officially recorded at 2 degrees above zero. However, many exposed thermometers registered lower readings than did the Government thermometer, some showing 0 and some as low as 2 below.

The morning before, Saturday, a low of 6 degrees was registered. Monday was also cold with a low reading of 7 degrees that morning. Monday night a low of 15 degrees was recorded. The cold was accompanied by little moisture, just a few flakes of snow Monday, and little wind.

Many people reported bursted pipes, especially on pressure pumps on farm wells.

Fires Destroy Farm Property

Tahoka Fire Department was called to the Chas. McCullough home, a mile north and a mile and a half west of Wayside, Tuesday night at about 9:00 o'clock, where a barn and granary burned. Also lost were cottonseed, tools, and equipment. The fire had gained too much headway before the fire boys could get there.

Monday noon, the Department was called to a farm home occupied by "Red" Mathis a mile north and a mile east of Storie gin in Garza county. The home burned before the Post and Tahoka fire departments could get there.

Wednesday afternoon, the Department was called to the L. A. Forsythe home, where a washing machine caught fire. Little damage was done.

Water District Election Tuesday

Farmers living in the northern one-fourth of Lynn county in the High Plains Underground Water Conservation District will vote on county committees and district directors on next Tuesday.

Elmer Blankenship of Wilson, director from Precinct 1 comprising Lynn and Lubbock counties, is a candidate for re-election without opposition. He is a member of the five-man board governing the 13-county district.

Four names are filed for two places on the county committee. In Commissioners' Precinct 1, Lynn county, Roy Lynn Kahllich and Weldon Bailey are candidates. In Commissioners' Precinct 4, Lynn county, E. M. Rudd and Robbie Gill are on the ballot.

Polling places are the City Judge's office in Wilson State Bank and New Home Community Center.

H. J. C. Koehn Has Read News 44 Years

H. J. C. Koehn of Weiser, Colorado county, an old friend of The News, sends along the following much-appreciated notes with his check for renewal of his subscription:

"I have been a subscriber to the paper some forty-odd years. In 1914, I think it was two days before the first World War broke out, I was up there and bought a half section of land in the Dixie community. At present, I still own a quarter, all in cultivation. Had 66 acres in cotton this year and harvested 63 bales, no irrigation. "Down here in South Texas, on January 4 and 5, we had a cold spell down to 18 degrees."

Mrs. Cora Bennett has shown slight improvement in the hospital since suffering a fall at her home several weeks ago.

Youth Admits Property Damage

A 16-year-old youth living northeast of Tahoka was placed on probation in the custody of his grandfather, with whom he has been living, early this week by County Judge W. M. Mathis after the young man had admitted guilt in "malicious destruction of property."

Charges against the youth followed his apprehension late last week by the Lynn County Sheriff's office after he had driven a tractor over four greens at T-Bar Country Club the night of December 28, doing an estimated \$2,000 or more damages.

County Attorney Harold Green said the youth and his folks had agreed to help in restitution for the damages.

The next morning after his act of deprecation, the youth returned to the Country Club in company with some other youths, apparently to see how much damage he had done. The greens keeper gave chase to the young man's car as he sped away and managed to get his license number, giving the officers a lead and enabled them to break the case.

He is alleged to have gone to the club, got on a tractor belonging to the organization, and drove over four greens spinning the wheels on the turf as he drove around and around the greens, gouging out trenches of sod.

Workmen have replaced the sod the best they could in hopes the grass will live, but months of work and care will be required to get them growing and level again. However, the grass used on golf greens is very delicate and hard to grow, and the hard freeze which followed the deprecation probably killed the roots of the torn up turf, members say.

Mrs. Pearl Elam Rites On Sunday

Funeral services for Mrs. Pearl Elam, 70, a Lynn county resident seven months, were conducted at 2:30 p. m. Sunday in Stanley Funeral Home Chapel with LeRoy Cowan, minister of Tahoka Church of Christ, officiating, assisted by the Rev. J. B. Thompson, Methodist minister.

Burial was in Tahoka Cemetery under direction of Stanley Funeral Home.

Mrs. Elam died in Tahoka Hospital Jan. 2, after having been seriously ill two months.

She came here from Tulsa where she had been hostess for student nurses at Hillcrest Memorial Hospital 11 years. Mrs. Elam was born in Lincoln county, Tenn., Sept. 14, 1888, and was a member of the Church of Christ and Woodmen's Circle.

Survivors include three sisters, Mrs. J. W. Watson, Hillsboro; Mrs. Ruby Ward, Duncan, Okla.; and Mrs. C. E. Woodworth, Tahoka.

Judge Louis B. Reed Retires From Bench Following 22 Years of Service

Lamesa—Judge Louis B. Reed, "dean of West Texas jurists," has retired from the bench after 22 years of service but the longtime presiding officer of the 106th Judicial District is still active in the practice of law.

Reed, the District's second judge, ended a long and distinctive reign as judge Jan. 1, when Truett Smith of Tahoka took over the post after an unopposed election. Reed has now assumed a private law practice in Lamesa.

Judge Reed was appointed to the bench in 1937 by Gov. James Allred. He succeeded the late Gordon B. McGuire who served 12 years following the creation of the district in 1925. Reed's term of office was interrupted only by a period spent in the Army during World War II. Judge J. E. Garland served as special judge during his absence.

Reed served in the army during both World Wars and retired with the rank of colonel. He is a native of Red River County and attended the University of Texas law school.

TRUETT SMITH

T. Smith Opens Court Sessions

Truett Smith, the new district judge of the 106th Judicial District, inducted into office January 1, actually got "in the harness" Monday, when he opened court in three counties, Terry, Yoakum, and Gaines.

Monday morning, he impaneled the Terry county grand jury, which later returned 20 indictments after a two-day session at Brownfield.

Later the same day, he called the docket and heard uncontested cases at Plains, Yoakum county.

Still later Monday, he did the same at Seminole, county seat of Gaines county.

Miss Emily Waller Has Read The News Since 1903

While in to pay up her subscription this week, Miss Emily Waller of Draw let out a little information of interest, especially to The News force.

She said she had been reading the paper just about ever since it was established in 1903.

Her late parents were at the time living in Wise county. Her dad, W. A. Waller, had bought a section of land two and a half miles east of present day Draw, and wanted to keep up with this country. He wrote to Austin to see how he could get some information on Lynn county and he was told about the newspaper, The Lynn County News.

Mr. Waller sent in his subscription, and they have taken it ever since. The Wallers moved out to Knox county, and in 1906 moved out to Lynn county. Mrs. Waller passed away in April, 1937, and Mr. Waller in October, 1938, but Miss Waller has continued to read The News.

Mrs. Hall Robinson has shown lots of improvement during the last few days report hospital attendants.

W. C. Huffaker Sr., is reported to be recovering nicely in Tahoka Hospital from a series of light strokes suffered last week. He is partially paralyzed in the left side, but is responding to treatment.

Tuesday of last week, while undergoing a minor operation on his left elbow in Methodist Hospital, Lubbock, he had a very light stroke. He was able to come home Friday morning, but at about 1:00 p. m. that day suffered another stroke, more severe, at his home here and was taken to Tahoka Hospital, where he has been a patient since.

County Cotton Crop Past 150,000

With only a few scattered bales yet to gin, Tahoka's four gins handled 26,500 bales of 1958 cotton up to Thursday morning.

This would indicate that the county has ginned a total in excess of 150,000 bales.

Coupled with a good milo crop, this had made 1958 one of Lynn county's best crop years. Grades and staples have been good and prices have been fair this year, enabling most farmers to get out of debt.

Prospects right now are not too good for listing land, as there has been no moisture so far this winter.

Church of Christ Completion Near

Finishing touches are being put to the new home of Tahoka Church of Christ this week by the contractor Killingsworth Construction Co. of Dimmitt, and furniture is expected to begin arriving any day.

The Church hopes to have its first service in the new building the first Sunday in February, according to Fred McGinty.

Fred Modlon, supervisor of construction, says painting and minor jobs are being wound up this week, and workmen hope to be through by Saturday.

Members of the Church of Christ are very pleased with the job done by the contractors on the \$80,000 structure, the most modern and most beautiful church in the city.

Mrs. Sallie Kemp Is Improving From Recent Hip Break

Mrs. S. R. (Sallie) Kemp, 83, who recently received a broken hip in a fall, is recovering nicely, sits up some every day, and is in good spirits, reports Mrs. J. K. (Beulah) Applewhite, her daughter, with whom Mrs. Kemp lives.

Mrs. Applewhite and Mrs. Kemp had just returned home from Lubbock Saturday night, Dec. 27. Mrs. Kemp had gotten out of the car but fell on the sidewalk breaking her left hip. She was a patient in Tahoka Hospital until Monday when she was carried to a specialist at Methodist Hospital, Lubbock.

During a successful operation, a pin was put between the two broken places of the bone and she was able to return home the following Friday.

Mrs. Kemp is a long-time resident of Tahoka and has many friends who are rejoicing that she is doing so well.

Lynn county bank deposits as of December 31, 1958, set an all-time record total of \$16,128,675.38.

According to reports made by the three banking institutions at Tahoka, Wilson, and O'Donnell.

Previous record was set Dec. 1, 1950, when total deposits of the three banks was a little less than \$15 million.

Since January 1, the deposits have taken a sharp rise due to the fact that many farmers were holding over cotton until the new year to keep from showing so much income during the past year.

First National Bank of Tahoka reported Wednesday that it has received deposits totaling approximately \$1,700,000 since January 1. Wilson State Bank reported considerably more than a million dollars have been deposited, and the First National of O'Donnell told The News it had received \$623,610.00 since the report.

First National Bank of Tahoka had on deposit December 31, 1958, a total of \$9,249,762.34, and deposits since that time have run the total to \$10.5 million.

Wilson State Bank had total deposits of \$3,897,165.63 on December 31.

First National Bank of O'Donnell had deposits totaling \$2,781,717.41 the last day of 1958.

Actually, the Tahoka bank did not break an all-time record at this report, but has done so since. Back in 1950, the bank reported \$9,698,000 on deposit, or nearly a half million more than this report.

Since 1930, Wilson's area has been helped by the coming of intensive irrigation, and O'Donnell has also improved its farming situation with some irrigation and more intensive farming.

The banks report that for the most part, farmers are paying off their debts and the country is possibly in better shape financially than ever before in history.

Tom Brewer, 70, Dies Saturday

L. T. Brewer, 70, of O'Donnell, died Saturday at 7:20 a. m. in a Lamesa hospital following an illness of several months.

Bible Topics -

By Leroy Cowan

TODAY . . . It is easy to look back on the past and it is startling to even try to look into the future. We wonder what will happen next! And while we are amazed about the past and engrossed about the future of the world, we often overlook the most important day of all days—TODAY.

The Bible tells us in unmistakable language that our chief concern should be of today. The past we cannot recall. The future we have no assurance of, and should we live to see it, it will be greatly affected by that which we have done today. Thus we should give more thought, study, work and prayer today. David spoke of the righteous praying unto God in the time when He could be found. Many writers urge that "today is the accepted time," that people should not harden their hearts nor turn away from doing the will of God.

Reason teaches us that the present time is all that we have. We cannot enjoy that which we have not. Yet perhaps the greatest evil in regard to the use of time is delay. We expect tomorrow. Jesus said of one man that he was a fool, for so expecting. (Lk. 12:19). James said we know not what shall be on the morrow. Ja. 4:13-14.

Seeing that these things are true, we need to live each day as if it were the last.

 Two students from the Masonic Home at Fort Worth will be present to give the program, according to E. R. Edwards, chairman of a committee on arrangements.

Christmas Reunion Of Chancy Family

Mrs. Ted Chancy had 30 members of her family, including her eight children and a number of grandchildren, home for the Christmas holidays.
 Members of the family had their Christmas tree at the home of Bill Chancy, and then on Christmas Day they gathered in Mrs. Chancy's home for the holiday feast.
 Children present for the event were Arnold Cloe, Anchorage, Alaska; Charles Cloe, Alamogordo, N. M.; Jim Cloe, Brownfield; Gloyd Cloe, Alamogordo, N. M.; Tom Cloe, Tahoka; Ray Chancy, Levelland; Billy Chancy, and Mrs. Veda Reed, both of Tahoka.
 Mrs. Chancy told The News that she is returning to Alaska, probably sometime in February, with Arnold for a visit with his family, and says she'll stay until the snow melts, which will be in April—that is, if she doesn't get too "homesick" for Tahoka.

Dixie H. D. Club Opens New Year

 Next meeting will be January 21 in the home of Mrs. J. O. Allen, where there will be a special program on qualifications and work of a county commissioner.
 Bill Grider, who operates a store at Sasabe, Arizona, was here this week visiting his parents, Mr. and Mrs. G. C. Grider.

Today's MEDITATION

The World's Most Widely Used Devotional Guide

The Upper Room

If any man be a worshipper of God, and doeth his will, him he will hear (John 9:31).
 At two o'clock one Sunday morning, a minister friend of mine was drinking coffee in a small cafe and talking with another minister. My friend was discouraged and downhearted. He had just come from a hospital in which his wife lay dying. The doctor had told him it would be just a short time until the end.
 In a few minutes my friend left to go back to his parish to preach the Word. Coming down the main street of the town, he was surprised to see the lights still on in one of the homes. Going down the street farther, he noticed other lights in other homes—bedroom lights still lit.
 He knew that those were the lights of some of his parishioners praying for the life of his wife. They prayed in faith. In a spirit submissive to the will and wisdom of God, they prayed for her recovery. Their prayers were answered. That woman is alive today, witnessing for Christ.
PRAYER
 Our Father, give us grace, that we may have peace even in the midst of our anxieties. Grant to us the inner light of Christ's spirit that in all things we may live to Thy glory. We ask these things in the name of our Jesus Christ, Thy Son, our Saviour. Amen.
THOUGHT FOR THE DAY
 "I will pray with the spirit, and I will pray with the understanding also." —T. R. Fletcher (Colorado)
 World-wide Bible Reading—John 1:1-18.

CARD OF THANKS

We would like to thank each and every one who extended their sympathy, those who sent food and flowers, and those who helped with the funeral of our dear mother. May God bless each and everyone of you.—The Family of Mrs. J. C. Welch.

Checker of Year Will Be Chosen

All of the checkers at D & H Super Market today have a chance for a free trip to Atlantic City this spring, perhaps another vacation in Hawaii or Florida, and to wear a mink stole this fall.
 H. E. Humphries announced the super market firm had entered all its checkers in the Checker of the Year Awards, an annual event sponsored by Super Market Institute and the National Cash Register Company.
 Each year the institute conducts a search for the girl in each company who is most representative of the best checker in the super market industry. First, checker queens are chosen for every state, territory and foreign country. Ten finalists will be flown by United Air Lines Mainliners to the Super Market Institute Annual Convention in Atlantic City May 24-27, where the Checker of the Year will be chosen. She wins a mink stole, luggage, clothing, silverware, various other prizes, and a two-week all expense-paid tour of Hawaii. The second, and third-place winners receive vacations at the Hollywood Beach Hotel, Hollywood, Florida.
 Davis & Humphries will conduct its company promotion throughout the 18 D & H stores during the month of January. Customers will be asked to vote for their favorite checker during that period. The company winners will receive cash awards.
 The event is not a beauty contest—the checkers will be judged on customer courtesy, efficiency, neatness and cash-register accuracy.

CHICKEN CONTEST IS NATIONAL AFFAIR

Chicago, Ill.—Twenty million super market shoppers in the United States, Canada and Latin America will have an opportunity to vote for their candidate for the 1959 Checker of the Year, Henry J. Eavey, president of Super Market Institute and operator of one of the world's largest super markets in Ft. Wayne, Indiana, announced today.
 Checker of the Year campaigns will begin in more than 2,000 super markets on January 8. About 25,000 checkers-cashiers have been enrolled in the international competition. Stores will be specially decorated during this industry's unusual tribute to its front-line shock troops—the girls (and some young men) who ring up and bag hundreds of food orders daily and manage to keep smiling all the while. Customers will mark their ballots and drop their votes into big red-and-white ballot boxes until the closing day, which, appropriately enough, is February 14, St. Valentine's Day.
 The Checker of the Year Awards, sponsored by Super Market Institute and the National Cash Register Company, is not a beauty contest, Mr. Eavey explained. While customer votes count in selection of the Checker of the Year, customer voting is only one plateau. Proficiency and personality tests also are conducted by independent boards of judges.
 There will be company winners, state winners and then ten regional winners from nine regions of the United States and one international region. International entries include candidates from Cuba, Puerto Rico and Newfoundland. The ten regional winners will be flown via United Air Lines to Atlantic City, where the final judging and selection of the 1959 Checker of the Year will take place on May 25, during the annual convention of Super Market Institute.
 This is the fourth year SMI and the National Cash Register Company have conducted the Checker of the Year Awards. SMI President Eavey said the competition not only has served to acquaint the public with the high standards of the super market industry, but also has given the industry itself some interesting information about the girls who ring up the daily sales totals.
 Using information gleaned from competitors for the international checker's crown, Mr. Eavey was able to provide this profile of the checker who will be crowned queen of them all next May 25:
 She will be between 21 and 40 years of age, is most likely married, and lives in the immediate neighborhood of the market where she is employed. She is a graduate of a local high school, where her favorite subjects were mathematics and English. She is working most often either to help her husband buy a home—or to provide for her children's education. Her average hourly rate of pay is \$1.49, ranging up through \$2.33 an hour in some metropolitan areas, to a high of \$2.68 in Alaska. (This compares favorably with the \$1.41 hourly average for other retail establishments reported by the U. S. Bureau of Labor Statistics.)

Everyday Religion

By J. B. Thompson

Faithful in Little Things

The smallest fly will ruin the sweetest pie. A crop of many tiny mushrooms may raise up a large flat stone in a single night. Microscopic germs spread the most deadly disease. Flies and mosquitoes are small insects but despite that fact they are to blame for a large part of human misery. There are no little things.

Rome was saved from capture by the cackling of geese. It took only \$7,000 to finance the voyage of Columbus. One vote gave Texas to the United States and caused the war with Mexico. The coral is very small and one of them can do very little; but enough of them can build an island in mid-ocean. A mere drop of water put under the microscope immediately appears to be a teeming ocean of life. There are no little things.

One degree is not much, but it takes that three hundred and sixtieth one to make a complete circle. Ninety cents—and even ninety-nine cents—will not quite make a dollar! "More trifles make perfection, but perfection is no trifle." A little smile may gladden a whole day. There are no little things.

In the Bible we read about a little cloud, a little maid, little fishes, a little leaven, a few little fishes, and the least of all seeds! But one misses the whole point if he gets the idea that these things really are little. James argues that just as a small match can start a big fire, so the small tongue can start a "hell-fire" of trouble. There are no little things. Jesus said: "He that is faithful in that which is least is faithful also in much." (Lk. 16:10).

The band master suddenly stopped the whole band: "Where is the piccolo?" To the ear of the band master the harmony was incomplete without the tiny piccolo. Just so, to the ear of our Master our music is incomplete when the least of us fails to join in.

ELMER BLANKENSHIP

Cotton stands improved by Rye According to J. B. Weaver Jr. and O. T. Brooks, University of Georgia agronomists, cotton stands were improved where a cover crop of rye was turned under before planting.

Better stands were also noticeable where no nitrogen was applied at the time the rye was turned under. Where no nitrogen was used, cotton yields were higher than at the 30 to 60 pound nitrogen rate. The cotton received normal fertilization in addition to the nitrogen and the rye had received 75 pounds of nitrogen the previous fall.

Terraces are being constructed for Charles Brookshire near Grassland. Charles feels that water conservation is one of the most important farming practices. Rows on his irrigated land will be run level to conserve water and prevent erosion. Charles believes this will also give him more uniform water distribution and will result in a uniform crop which will increase yields and be easier to harvest.

J. W. Pirtle who farms 8 miles east of O'Donnell is completing construction of terraces on his farm. The terraces are part of an overall conservation plan Pirtle is applying on his farm.

Conservation plans have recently been completed for Frank Smith, F. R. Nolte, Alex Sanders and L. W. Goad.

The Lynn District Board of Supervisors met Saturday and annual goals were set.

Pork Supplies Show Increase

The Texas 1958 pig crop totaled 1,777,000 head according to the Texas Crop and Livestock Reporting Service. This is based on livestock surveys cooperatively made by the Post Office and Agriculture Departments. A pig crop of this size will boost potential pork production on Texas farms and ranches 24 percent above last year, but is still below the 10-year annual average of 1,987,000 pigs. Fall farrowing, estimated at 127,000 sows, were 27 percent above farrowing a year earlier. Fall litters averaged 7.0 pigs, which is a new record. Bulk of these fall pigs will reach slaughter weight during the spring of 1959.

Breeding intentions for 1959 spring farrowings in Texas point to a 40 percent increase above the 1958 spring season. An unusually favorable ration between grain

The News Slights Woodrow Brewer

Woodrow (Ode) Brewer must think The News has something against him. He hasn't said a word, and being a very modest fellow he probably won't complain.

Somehow, The News left Ode entirely out of two news stories last week in which his name should have been mentioned.

In the first place, in reporting the county officials taking office, The News failed to mention the fact that Woodrow took the office for a new term as county commissioner of Precinct 2.

In still another story, this one concerning the Odd Fellows Lodge, The News failed to record the fact that Woodrow Brewer is the past Noble Grand of the Lodge.

It's hard to explain how a newspaper would unintentionally leave one man's name out of two news stories of entirely different nature, but it did happen. Ode, we apologize!

costs and finished hog prices stimulated renewed interest in hog production. Bulk of this sharply increased spring farrowed pig crop will reach market weights during the fall of 1959.

The information on prospective pork supplies was made possible by voluntary reports from farmers and ranchmen along mail routes served by W. A. Reddell, Route 1, H. L. Roddy, Route 2, D. C. Carroll, Route 3, Clyde Ashcraft, Route 4, A. C. Weaver, Route 5, combined with other reports from all parts of Texas and the Nation.

The Nation's 1958 pig crop totaled 94.8 million head—8 percent larger than the 1957 crop of 88.0 million. Reports on breeding intentions indicate 8.3 million sows to farrow in the spring of 1959. This will be 12 percent more than the number farrowed last spring, but only slightly larger than the 1947-56 average.

Boys Lose Two At Brownfield

Tahoka boys dropped two games in the Brownfield tournament last week end, participated in by some top teams of the area.

Hereford nosed-out tough Plains Cowboys, who went all the way to the state finals in Class A last year and who have virtually the same team this year, 44 to 42 in the finals Saturday night for the tournament championship. Others in the meet were Monterey of Lubbock, Denver City, Meadow, Levelland, and Brownfield.

Tahoka lost to Plains in the opener 44 to 28 and in the consolation round to Brownfield Cubs 56 to 45.

Coach Jake Jacobs' boys, looking good before Christmas, could do nothing right, it seemed, in the Brownfield tournament, especially against Plains.

The Bulldogs were playing without the services of Gerald Huffaker, who broke a hand in practice last week. David Bray, who had been a regular starter, was back in after being out several weeks with a sprained ankle, but he was not back to top form.

Tahoka had trouble finding the range in the big gym, and sank only six field goals in the game. Plains had trouble too, but not so much as did the Bulldogs. Plains led 3-4 at end of the first quarter, 13-11 at the half, and 28-20 at end of the third period. The Bulldogs hit only two field goals in the first half of 21 tried and only four of 21 in the second, while Plains hit 17 of 65 in the game.

George Adams was high Tahoka scorer with 7 points, Jerry Adams had 6, Larry Spruiell, Weldon Calloway, and Frank Greathouse four each, Bray three, and Ford one.

In the game with Brownfield, Tahoka did a little better, but trailed 13-9 at the first quarter, 24-21 at the half, 38-29 at the third, and 56-45 at game's end. Greathouse hit 15 points, J. Adams 2, Ford 7, G. Adams, 4, Calloway 3, and Spruiell and Bray 2 each.

Scores during the meet were: Plains 44, Tahoka 28. Monterey 66, Denver City 33. Levelland 59, Brownfield 36. Hereford 66, Meadow 53. Hereford 61, Monterey 55. Plains 58, Levelland 52. Brownfield 56, Tahoka 45. Denver City 58, Meadow 47. Denver City 50, Brownfield 45. Hereford 44, Plains 42.

The Navy's new aircraft carrier USS Independence, will carry more than 100 jet-powered planes which will be able to carry the latest weapons to targets far beyond the reach of earlier carrier based planes.

Tahoka Winner Over New Home

Tahoka boys and girls were winners over New Home in two games here Monday night, the girls winning 49 to 36 and the boys 56 to 33.

In the boys' game, Tahoka A team played the first and third quarters and the B team the second and fourth. By quarters, Tahoka led all the way 17-6, 25-10, 43-14, and 56-33. Neither team played smooth ball, but the Bulldogs had better luck hitting the basket than did the Leopards.

For Tahoka, Frank Greathouse scored 14, Jerry and George Adams 7 each, Larry Spruiell 6, Weldon Calloway, Gerald Short and Larry Forsythe 4 each, David Bray and Perry Flippin 3 each, John and Fred Hegi 2 each, and Paul Ford failed to score.

For New Home, Terry Brown had 10 points, Freddie Keith 9, Ronald Wyatt 7, Larry Edwards 6, Nick Ford 1. Others seeing action were Wesley Dean, R. L. Harston, Skeet Poer, Davil Crooks.

Tahoka girls led most of the time in the game that was very close until the closing minutes 9-7, 19-16, 29-24, and 49-36, as New Home girls had trouble finding the basket.

For Tahoka, Jan Thomas scored 23 points, Patsy Norman 16, Marihelen Reid 6, Judy Thomas and Kay Halameck 2 each. For New Home, Kay Smith scored 18, Joyce Swinson 10, and Judy Milliken 8.

The cigarette lighter industry of Japan produced 5,000,000 dozen in 1957.

Tahoka Playing At Seagraves

Tahoka boys are entered in the annual Seagraves basketball tournament this Friday and Saturday, and will meet Denver City Mustangs in the opening game at 5:30 p. m. Friday.

Teams in the meet are Plains, Stanton, O'Donnell, Sudan, Spur, Tahoka, Seagraves, and Denver City.

Monday, the boys and girls both play at New Home, and will open the District 3-AA conference season at Floydada on Friday, January 16.
