COMPANY UNDERFINANCED IS REPORT

Chamber Directors Nix Offer Of Industry To Move To Muleshoe

The directors of Muleshoe Chamber of Commerce voted Monday afternoon not to encourage an Amarillo manufacturing firm to seek a location in Muleshoe.

The action came after a committee reported the results of an investigation made into the background of the company and its officers. The committee reported the company is underfinanced and is seeking to sell stock as a means of expansion and of

moving to Muleshoe. Members of the board of directors stated they felt they could not honestly recommend the stock sale, nor that the company plan to move to Muleshoe on the basis of a stock sale promotion locally. The board also discussed the formation of an industrial board to secure suitable industrial sites for sale to future interested businesses which might desire to locate in Muleshoe.

Implement Dealer Sets Open House For February 21

Francis Implement Company, dealers for the Ford tractor and implement line in Muleshoe, will hold an open house on February 21, and also show the new Select-O-Speed Ford tractor, with automatic transmission.

The firm is operated by Hollie Francis, formerly of Plainview, who has had many years experience in the implement line.

Visitors will receive free coffee and souvenirs on opening day.

The firm is located on the Clovis highway west.

He Was Really "Out of Snuff"

LITTLEFIELD (Special) — A Negro man from Lazbuddie, fell tipsy after a big night, ran out of snuff and chewing tobacco here about 6 a.m. Sunday.

He looked up and down Phelps Avenue for a place where he might buy some.

Finally he saw an establishment with its lights on and a few cars parked in front of it.

He staggered in and told a woman across the counter he was "out of snuff" and wanted to buy some.

It didn't take long for the man to wind up in jail, owing a \$19.95 fine for drunkenness.

He had walked into the police station.

All Health Forces Minister To Give Up Pastorate

Rev. Frank E. Taylor, minister of First Christian Church, left Tuesday of this week for his home at Ruidoso, N. M.

Rev. Taylor is suffering from a blood clot in his leg, and has been forced to give up his pastorate here, due to ill health.

The church has been promised a replacement pastor.

Rites Tuesday For Mary J. Hooser Progress Church

Funeral services for Mrs. Jane Hooser, 95, who died Sunday afternoon at her home here, were held at 10 a.m. Tuesday from Progress Methodist Church.

Rev. Claude Lamb, pastor of the church officiated, assisted by Rev. Carroll Jones, pastor of the Stinnett Methodist Church.

Mrs. Hooser was a native of Montague county, Tennessee, and had been a longtime member of the Progress Baptist Church. Interment was under direction of Singleton Funeral Home.

Survivors include four sons, George and Ralph of Roswell, N. M.; Gene of Seymour; Joe of Girard; three daughters, Mrs. Mandy Actkinson of Muleshoe; Mrs. Viola Cowen of Roswell, N. M.; and Mrs. Minnie Yearkey of Sugarland; 43 grandchildren, several great and great-grandchildren.

Delinquency Is Topic of Talk At Lions Club

Coach George Washington spoke on the topic of "Juvenile Delinquency" at the Wednesday luncheon meeting of the Muleshoe Lions Club, stressing the responsibility of adults in preventing delinquency through participation in summer recreation programs.

Washington told his audience that prevention of juvenile delinquency is easier than correction after the harm is done.

W. Q. Casey was program chairman, and introduced the speaker.

Owens Jones presided in the absence of the president, Wilbur LeVeque.

PTA To Observe Founders Day

A founders day program has been planned for the PTA Monday afternoon, February 16, of the Muleshoe P.T.A. The meeting will begin at 4:15 o'clock in room 14 of the high school.

Highlights of accomplishments of the organization in years past will be given. Past presidents will be recognized during the meeting and two life memberships are to be awarded.

Refreshments will be served at the close of the meeting.

Gospel Meeting February 15 At Church of Christ

Joe Gilmore of Haywood, Calif., will preach at a gospel meeting beginning February 15 at the Muleshoe Church of Christ.

Services will be held daily at 10:15 a.m., and at 7:30 p.m. from February 15 through February 20.

A welcome is extended by the pastor, W. R. Tittle, and the congregation.

Counselling Leader Here

Miss Mary Anderson, District Director of the Caprock Girl Scout Council spent the day in Muleshoe Wednesday giving private counseling to individual Scout workers. Those attending were Mmes. Irvin St. Clair, Mack Ragsdale, Dick Ellis, Kirk Pitts, Bernard Phelps, Charles Lenau, Bob Jacobs, Helen Edmundson, Billy Williams, Gordon Pyland.

They discussed plans for the coming summer day camp in Muleshoe and established camp at Camp Rio Blanco. The leaders were urged to start preparing the girls for attendance at these camps.

It was announced that a camp craft activity meeting will be held at the Scout hut in March.

The meeting was held in the home of Mrs. Bernard Phelps.

PIE SUPPER

The WSCS of the First Methodist Church are sponsoring a Chili, Pie and Coffee Supper February 17 from 5:30 to 7:30 in the Fellowship Hall. Tickets are \$1.00 and 50 cents for children under 12. A bake sale will also be held in conjunction with this supper.

Special Classes To Be Formed For Retarded

Parents of children who are mentally retarded or physically handicapped, and who are interested in the formation of a special education class for these children, should contact Superintendent Jerry Kirk at an early date.

Kirk announced this week that he may be contacted by phone or letter, but urged parents to get in touch with him at once, as there is considerable work to be done before such a class can be organized.

Children who might qualify for training in a special education class are those who are mentally retarded, physically handicapped, needing speech correction, and similar disabilities.

At least 8 pupils must be secured before the class can be formed, and application location Agency prior to June must be made to the State Education Agency prior to June 1.

Kirk emphasized that it is important for parents to contact him at once, as considerable testing and examination must be done before formation of the class.

County Income Per Family \$4686 Survey Shows

Bailey county estimated 2540 families had an average income of \$4,686 during 1958, according to a recent survey made of the Plains counties, and a gross farm income of \$18,037,000, with retail sales totaling \$13,430,000.

The total population of the county has been estimated at 8900 persons who spent that \$13 million in the following manner: Food, \$3,144,000; drugs, \$354,000; general merchandise, \$1,336,000; apparel, \$346,000; autos, \$2,801,000, and gas stations, \$509,000.

Bailey county's average spendable income per family outranked those in four other neighboring counties, but was lower than that of at least 11 other Plains counties.

SECOND STRAIGHT YEAR

Tests Show Nitrogen Yields Best Net Return in Grain and Cotton

For the second straight year, tests made at the High Plains Research Station at Halfway show that application of 120 pounds of nitrogen results in the highest net return per acre in grain sorghum fertilizer application tests.

Results of grain sorghum tests at Half Way have just been released, and in the rate and application of fertilizers, the application of 120 pounds of nitrogen showed a net return of \$30.05 per acre, in a table of results ranging from a loss of \$5.02 per acre to an average increase of between 15 and 20 dollars per acre.

The tests were conducted on Pullman clay soil, which was in grain sorghum in 1957. No pre-planting irrigation was necessary due to high rainfall in the early spring.

The report also shows that while nitrogen at all rates produced significant yield increase, in no treatment did the added phosphate at any rate produce a significant increase over nitrogen alone.

All data in the current report agrees with results of the 1957 tests, in which 120 pounds of nitrogen produced the greatest net returns.

Directors Ask County, City To Work Out Emergency System

Directors of the Muleshoe Chamber of Commerce have appealed to members of the Muleshoe City Council and the Bailey County Commissioners

Court to work together in solving the problem of a central full time location to which calls for help in emergencies may be directed.

Teachers To Go To ENMU For Science Shop

Seven teachers from DeShazo Elementary school in Muleshoe will be among public school personnel from Texas and New Mexico who will attend the fifth annual science workshop at ENMU, Portales, February 21.

The workshop is sponsored by the math-science division and the School of Teacher Education.

Five speakers will be featured during the one day session. They include: Joe T. Dickerson, president of the Shell Pipeline Corp.; Reuby Rhodes, of Lubbock public schools; Dr. Roy N. Jervis, of East Texas State; Tom Wiley, state superintendent of public instruction, and Dr. Martin L. Cole, academic dean at ENMU.

Local teachers include Mmes. Robert Sanders, R. E. Everett, Radie Boone, Bill Parker, Donald Prather, Marion Harris, and Lois Killingsworth.

The Chamber has written members of both bodies asking them to meet together to attempt to come up with some way in which citizens of the county may get immediate help in case of fire, serious illness and similar emergencies during the night and weekends and holidays when the courthouse and city hall are closed.

In the letter, the Chamber directors pointed out that a delay of even a few minutes in case of serious emergency, could mean the loss of lives and property, and might result in panic and other harm.

Mr. Kerbow brought greetings from head coach Dee Weaver, who was unable to be present for the meeting. He thinks Tech will have a faster, more experienced team to field in the 1959 campaign. Tech will play several Southwest Conference teams this year, but will not compete for conference standings until the 1960 campaign.

Tech has a recruiting problem, just as all major schools; Oklahoma, the Southwest Conference, and schools of adjoining states as well as smaller Texas institutions compete for top football prospects. Mr. Kerbow is confident that the Lubbock school will attract its share of fine high school players in the coming years, and he thinks Texas Tech presents the greatest opportunity of any college he knows about.

Science Fair At High School Set For March 3 - 5

Plans are being made now to hold a Science Fair at Muleshoe high school on March 3, 4, and 5, principal Bill Parker announced today.

Parker said students from elementary and junior high will be invited to participate in the fair, and that outstanding students will be taken to the Science Fair in Amarillo later in March.

County court is set to try two DWI cases and one charge of possession at a session scheduled for February 19.

In jail this week were prisoners on the following charges: theft, three investigation, worthless check, breaking and entering, drunk, bond forfeit, and traffic violation.

School Bus and Car In Accident Monday In Blinding Dust Storm

Coach Kerbow Discusses Tech Grid Prospects

Blinding dust, blowing in gusts up to 60 miles per hour Monday afternoon, caused at least one highway accident near here.

Patrolman Bill Angel investigated an accident Monday afternoon at 4:55, five miles northeast of Muleshoe on the Y. L. road.

A 1958 school bus from the Muleshoe school, driven by Muriel Johns of Muleshoe, hit the back of a 1953 Dodge driven by W. H. Brewer, also of Muleshoe.

The patrolman reported that Brewer stopped his car when the sand became too dense to see how to drive further. He thought he was off the road, but could not see the shoulder for the blowing dirt. Johns drove into him in the poor

visibility with the empty school bus. Brewer was hospitalized, but his injuries were not believed serious. No charges were filed.

Monday Morning Accident. Highway patrolmen also investigated a one car accident at 8:45 a.m., Monday, 10 miles north on highway 214, involving an overturned Brown Supply Co. truck driven by Jose Resendez of Muleshoe.

According to the investigation, Resendez passed another vehicle, and the load of pipe he was hauling caused the truck to weave, skid on the shoulder and overturn in the ditch.

Two passengers and Resendez were slightly injured but released from the hospital after examination.

No specific information as to the cause of the loud explosion which shook the earth in this area about 2 o'clock Tuesday afternoon, has yet been advanced, although a number of theories have been advanced.

The shock was felt here, as it was all over the Plains, but no record of any earthquake or tremor was recorded on instruments at Dallas or Denver.

Other theories include everything from a sonic boom caused by jet aircraft at high altitudes to an atomic explosion.

Electric Co-op Members To Meet Here February 20

The annual meeting of the members of the Bailey County Electric Cooperative Association will be held February 20, 1959 at 2 p.m., in the high school auditorium, Muleshoe.

In addition to the business session and the election of three directors, J. R. Cobb, General Manager of the Texas Electric Cooperatives, Inc., Austin, will make the principal address.

Prizes amounting to \$700 will be given away at the meeting. Only members of the Cooperative are eligible for the prizes. The general public is invited.

Funeral W'nesday For A. L. Freeman

Mr. and Mrs. Ray Griffiths attended the funeral of her brother, A. L. Freeman in Dalhart, Wednesday.

Mr. Freeman passed away Sunday in Espanola, N. M.

Mr. and Mrs. Griffiths were in Albuquerque, where Mr. Griffiths was to undergo surgery, at the time of Mr. Freeman's death. However, tests were made, and the surgery has been postponed for about two weeks.

Loud Noise Is Still Mystery

The Bailey County chapter of the American Heart Association met Monday afternoon to set plans for the annual fund drive for the Association.

Heart Sunday, when volunteers will be calling at homes for donations, was scheduled for the afternoon of February 22, and block chairmen are to be announced at an early date.

A heart forum, featuring two cardiologists from Lubbock, will be held at 7:30 p.m., February 19 in room 14 at the high school building.

Ray Griffiths is chairman of the county chapter, with Gil Wollard as vice-chairman. Other officers include Mrs. A. W. Black, treasurer; Mrs. Opal Boothe, secretary, and Dr. T. M. Slemmons, program chairman.

Heart Fund Drive February 22 To Start Campaign

S. D. Slemmons is in charge of the fund campaign.

Dr. Frank C. Goodwin and Dr. Myron D. Mattison will speak, following the showing of a film, and a question and answer period will be held.

Graveside Rites Thursday For Pierce Infant

Graveside funeral services were conducted this afternoon (Thursday) at 2:30 for Jerry Lynn Pierce, infant son of Mr. and Mrs. D. F. Pierce of Rt. 1, Muleshoe.

The child was born December 18, 1958, and died February 11, 1959, at the age of one month, 24 days.

Rev. Bill Curry, minister of the Lazbuddie Baptist church officiated at graveside rites in Lazbuddie Cemetery under the direction of Singleton Funeral Home.

Surviving in addition to the parents are the grandparents, Mr. and Mrs. C. M. Corbell of Amarillo, and Frank Pierce of Lakeview; three sisters and four brothers, all of the home.

NEW STORE TO OPEN. Piggly-Wiggly's new ultra-modern store on the Clovis highway will open for business on February 20, according to information received this week. Full details of the opening will be found in next week's issue of The Journal.

Cupid's Darts Find Their Mark

Miss Linda Lou Lancaster To Wed Mr. Charles W. Lenau On May 31

Mr. and Mrs. D. B. Lancaster of 1520 Avenue C, are announcing the engagement of their daughter, Linda Lou, to Charles W. Lenau, son of Mr. and Mrs. Julian E. Lenau of 415 Avenue D.

The bride-elect, a 1956 Muleshoe high school graduate, is also a senior at Texas Tech College. He is majoring in Civil Engineering and is a member of ASCE, a branch of the national organization of professional engineers.

Both are 1959 August graduates.

The wedding is set for May 31, 1959, in the First Methodist Church of Muleshoe with the Rev. Edwin Hall officiating. A reception will follow in the home of the bride's parents at 1520 Avenue C.

The couple invite all who wish to attend.

Bridal Shower In Nowlin Home For Mrs. H. Watson

Mrs. Howard Watson, nee Judy Bruns, was honored with a bridal shower Saturday, February 7 in the home of Mrs. Morris Nowlin.

The serving table was beautiful with a lace cloth over red, centered with a basket containing red and white carnations, with two red hearts at the focal point. The white cake was decorated with red roses and green leaves. And the punch was served from a crystal punch bowl.

The honoree was presented with a corsage of red carnations; and her mother, Mrs. Les Bruns, and the groom's mother, Mrs. C. A. Watson, were given corsages of white carnations.

Hostesses were Meses. E. A. Parkam, T. L. Gleason, Joe Collins, Forrest Collins, R. L. Dillard, Alvin Allison, Buck Creamer, Joe Simmacher, Morgan Locker, L. T. Eubanks, Robbie Shaffer and Morris Nowlin. The hostess gift was a lovely mirror for the living room of the couple's new home in Richland Hills Addition.

There were 32 guests to sign the guest book and many sent gifts who were unable to attend.

Mayor W. T. Bovell gave the welcome address. Lunch was served by the Muleshoe Rebekahs.

The next meeting will be on the second Sunday in February, 1960.

Rev. and Mrs. Jameson Celebrate Golden Anniversary With Reception

Rev. and Mrs. C. E. Jameson of Odessa, were honored Sunday afternoon, February 8 with a reception given by their children, Mr. and Mrs. Noel Woodley of Muleshoe, Mr. and Mrs. T. T. Clements, Mr. and Mrs. J. A. Jameson, and Mr. and Mrs. Jamie Jameson of Carlsbad, N. M. The occasion was their Golden Wedding anniversary. The reception was in the church parlor of the First Methodist Church of Odessa and the receiving hours were from 2 until 4:30.

Rev. and Mrs. Jameson had served the First Methodist Church as pastor for five years before their retirement.

More than five hundred friends and relatives called during the afternoon. Hundreds of cards and letters, wires, gifts and phone calls came from as far away as Calgary, Canada; Anchorage, Alaska, and Cape Canaveral, Florida to make their day a most joyous one.

The children were also hosts for a dinner for the fifty-five relatives who came to honor them.

Reception Table

The reception table was laid with a handmade white cloth, tall gold candle epernes arranged with gold ivy and gold glittered carnations. The table was centered with a five tiered Bible cake inscribed "Whither Thou Goest I Will Go". The silver coffee service used was a gift of the Odessa Methodist Church when Rev. Jameson was their pastor. A silver lazy susan centered with an arrangement of gold carnations and ivy, held mints and nuts.

Rev. and Mrs. Jameson were seated in front of a gold candleabra entwined with gold ivy. Mrs. Jameson was lovely in a blue chiffon formal and Rev. Jameson pinned a white orchid on her for the occasion. One of the bridesmaids, Mrs. Ike Hartman of Dallas, was also in the receiving line, along with the children of the Jamesons.

Mrs. Everette Winn of Colorado City, a former college friend of Mrs. Jameson was also in the house party.

Rev. Jameson was licensed to preach in the Methodist Church in 1908 and in his early ministry served at Gomez, near Brownfield, Hemphill, Lorraine and Hamlin, Texas. In later years he served as pastor of the First Methodist Churches in Memphis, Canyon, Shamrock, Colorado City, Carlsbad and Hobbs, N. M., and Odessa. He retired six years ago.

Mrs. Jameson was the former Hunter Belle Goodwin of Paducah. Before she married, she taught in the school in Paducah; built on the land her father gave to the town, the present school in Paducah is named in his honor.

from the Texas Mission Home and Training School for Unwed Mothers at San Antonio.

Mrs. Kirk of Lubbock is Conference Key-Woman and Mrs. Ray Edwards is local Key Woman. Any person who would like to have a part in the good cause may give their contribution to her.

Mrs. I. E. Willman brought a very timely devotional from the second chapter of James and led the Lord's prayer as dismissal.

The Ester Circle met in the home of Mrs. Jack Morris on Tuesday morning and made plans for the Chili, Pie and Coffee Supper to be held in the Fellowship Hall on February 17 from 5:30 to 7:30. Tickets were distributed and are now for sale by members.

Mrs. James Pie had charge of the program which was a continuation of the current study. Mrs. Claude Farrell was appointed as "Sunshine Chairman".

The ladies were urged to attend the World Day of Prayer in the Youth Chapel.

Bethany S-S. Class Met In Reeder Home

The Bethany Sunday school class of the First Baptist Church met Thursday night, February 5, in the home of Carolyn Reeder with Betty Matthews as co-hostess.

Cara Juan Schuster brought the devotional on the Home Mission Project.

During the business meeting it was voted that a box be started for the needy.

Delicious refreshments with Valentine motif were served to these members present: Margaret Taylor Euletta Stockard, Joyce Goss, Margaret Timmons, Juanell Gable, Lucille Harp, Lenora Wells, Priscilla Bickel, Cara Juan Schuster, and the teacher, Mrs. Lela Barron.

Circles plan For "Day of Prayer"

The Mary-Martha Circle of the WSCS met February 10 in the Youth Chapel of the First Methodist Church. Mrs. W. D. Moore, circle chairman, announced that Mrs. Ralph Douglas will be in charge of the World Day of Prayer program to be Friday, February 13 at 2:30 in the Youth Chapel.

Plans were discussed for the Chili Supper on February 17. Ladies are requested to have their food at the hall by 4:30.

Mrs. H. O. Barbour brought the study to the nine members and one new member, Mrs. Allen.

Mrs. Moore explained about the new Conference Woman's Auxiliary set up for the purpose of establishing a scholarship for some worthy girl

Muleshoe Chiropractic Clinic

Dr. Brooke Green, Director

South of Courthouse Muleshoe

An Open Letter To Back Sufferers

To Whom It May Concern:

For 17 years I suffered from a lower back condition which had been variously diagnosed as slipped disc, ruptured disc, or herniated disc. As time passed this condition became progressively worse. I spent some time in hospitals with little relief and in November 1958, the pain became so severe that I was almost past going. On the advice of a friend who had experienced a similar ailment, which had been corrected at the MULESHOE CHIROPRACTIC CLINIC, I consulted with Dr. Brooke Green. After an examination which included spinal X-rays, I began a series of adjustments. From the beginning I felt some improvement and continued to improve steadily until now I am completely free of pain. I also suffered from headaches which have completely cleared up now, I give Dr. Green full credit for the good health I am now enjoying.

Double Ceremony Unites Miss Legg, Mr. Hill; Mrs. Davis and Mr. Dudgeon

Wedding vows were read Sunday afternoon at Sudan Methodist Church by Rev. Wayne O. Perry, Baptist minister, uniting Miss Ann Jane Legg of Sudan and Mr. Theron Lavoy Hill of Sudan; and Mrs. Winona Davis of Muleshoe and Mr. Noble Calvin Dudgeon of Sudan. Miss Legg is the daughter of Mrs. Bertina Legg and Mr. Hill is the son of Mr. Jack Hill, Sudan residents.

Mrs. Frances Blair of Muleshoe is the mother of Mrs. Davis and Mrs. Alsie Dudgeon of Sudan is mother of the bridegroom.

The ceremony was performed before arched candelabras entwined with greenery and holding white tapers accented with blue bows.

Maid of honor for Miss Legg was her sister, Geneva Legg, of Sudan. Pat Kent of Sudan served as best man to Mr. Hill. Mrs. Ruth Hammock of Muleshoe was matron of honor for Mrs. Davis, and Buddy Pickett of Sudan was best man for Mr. Dudgeon.

Betty Legg and Frances Hanna of Sudan were flower girls. The ushers were Hershel Parker of Muleshoe and Billy Hanna of Sudan.

Given in marriage by her brother, Ernest Legg, Miss Legg wore a ballerina length gown of white lace over taffeta complimented by long gloves. Her veil of illusion was attached to a scalloped headpiece, and she carried a colonial bouquet of white carnations with pearl leaves, net streamers and pearl loops.

Mrs. Davis, given in marriage by A. L. Davis, her former father-in-law, wore a light blue jersey suit with navy accessories and carried a colonial bouquet like that of Miss Legg.

J. V. Adecox sang "The Wedding Prayer" and "Whither Thou Goest". He was accompanied by Betty Wallace.

Mr. and Mrs. Hill went to San Antonio for their wedding trip. For traveling, Mrs. Hill chose a blue suit with black accessories. On their return home they will reside in Sudan. Mr. Hill is employed by Gatewood-Brown Motors and Mrs. Hill will continue her job as receptionist at West Plains Hospital.

Mr. and Mrs. Dudgeon went to points of interest in New Mexico. They are now at home at 819 South First Street, Muleshoe. Mrs. Dudgeon will remain working as supervisor and L. V. N. instructor at West Plains Hospital. Mr. Dudgeon is employed at Sudan Co-op Gin.

LESABRE, the Buick

you can own for only \$200 more than the best models of the leading low-priced cars...

This is in no way a "stripped" car you're looking at. Come in and study the manufacturer's suggested retail price of a Buick LeSABRE like this, equipped with Twin Turbine automatic transmission, radio, heater, white sidewall tires, and anything else you want in your next car. Then do the same to the top models of the leading low-priced three, and you'll find the statement above stands up.

money can buy. A wonderfully quiet and greatly respected car!

Owners report QUALITY outstanding

Your money in a Buick today puts you in on the ground floor of what promises to be a long new time of leadership for Buick cars. "My sixth Buick and the best I ever owned!" "Best-operating car I've driven in thirty years!" "Much the best Buick yet!" Reports like these mean extra pleasure in your Buick ownership... and they mean hard dollar value when the time comes to trade. It all adds up to the best proof in 50 years that: "WHEN BETTER AUTOMOBILES ARE BUILT, BUICK PEOPLE WILL BUILD THEM!"

New in gas economy, too!

In planning the '59 Buick, the new Wildcat engines, transmissions, and axles were all engineered to work together for greater gas mileage. Across the country owners tell us they are getting 15 to 20 miles per gallon in the '59 Buicks. And in a recent thorough test of Buick LeSabre against another car of comparable size and a good reputation for economy... the Buick won in every case under all kinds of driving conditions.

So we think we've got a new kind of value in this Buick LeSabre. And we suggest you go to your Quality Buick Dealer's and see whether you agree before you buy a new car.

THE CAR IS THE BUY!

Governor Sets February 28 As Beginning Of 4-H Week In Texas

By proclamation, Governor Daniel has designated the week of February 28 to March 7 as 4-H Club Week in Texas. The week is also being observed nationally.

"In 1914," Governor Daniel said, "the United States Government invested in the rural youth of our nation through the 4-H club program. Since that time, more than 20 million young people have received the benefits of this vast program and become 4-H alumni. These alumni are engaged in farming, ranching, homemaking and a variety of other occupations. Throughout Texas and the Nation a special salute is extended to them."

In a letter to the 111,000 4-H club members in Texas, the Governor said, "Since the 4-H club program was organized 50 years ago, members of your organization have made outstanding contributions to the material wealth of Texas and the Nation. More important, as young people, you represent the richest resource of our State.

"I extend sincere congratulations to each of you on your fine accomplishments of the past year and join the people of Texas in saluting you, your parents, adult leaders and friends who make this program possible.

"Please accept my best wishes for 1959 and the years ahead. May you continue to build yourselves, your homes and your communities, and thus help build our State and

Country. The future holds bright promise for our land, and as 4-H club members you have a vital share of this future."

Plans for observing 4-H Week are being perfected in the counties and will include special recognition for 4-H alumni. More than 1,000,000 Texas young people have been 4-H members during the past 50 years. Today, 4-H alumni are leaders in business, industry, the professions and government, and are among the strongest supporters of the Agricultural Extension Service sponsored organization.

Social Security Representative Here February 19

People under age 72 receiving social security benefits will not be eligible for all their earnings in a year if they have earnings of more than \$1200, according to John G. Hutton, social security district manager in Lubbock.

These are beneficiaries who are either working for wages of more than \$100 a month or are rendering substantial services in self-employment. They should immediately report this to the Social Security Administration. In this way benefits can be withheld while a person is working and will avoid the necessity of refunding

benefits or having them withheld later when a person is not working, Hutton noted. If earnings did amount to more than \$1200 in the year, it will be necessary to file an annual report of these earnings by April 15 of the following year. Failure to do so may result in a loss of additional benefits.

The information furnished on this annual report will be used by the Social Security Administration to make all necessary adjustments in the number of benefit checks properly due.

A representative of the Lubbock Social Security Office will be in Muleshoe on February 19, at 9:30 a.m., at the Courthouse and will be glad to assist in all matters pertaining to Social Security.

Awards Given At Scouting Banquet In Levelland

Four Muleshoe individuals and firms received special awards at the February 5 George White Boy Scout District banquet held in Levelland.

Pack 20 received an award for outdoor camping. Mrs. Ruby Green received a Den Mothers award, and Mrs. Florence Mills was awarded with a certificate for three years work, and for taking all the training courses.

The Muleshoe Journal received a special certificate of Honorable Service to Scouting, as did radio station KMUL.

The Muleshoe group was the largest representation from any city, and also traveled the longest distance to attend.

Dean Presswood of Levelland was the principal speaker, telling of his trip to the World Jamboree. Present from here were the following: Messrs and Mmes. Alex Wilkins, Owens Jones, Herman White, Gail Hoover, Rod Gwaltney, Seth Shaw, Leslie Mills, Homer Currey, Gil Lamb, Mrs. Raymond Green, Miss Loretta Stancil, Duane Lloyd, R. A. Bradley, and Mr. and Mrs. Bill Elrod.

Donald Taylor Named Alternate To USN Academy

Donald Owen Taylor, son of Mr. and Mrs. Don Taylor of Muleshoe, has been appointed first alternate in this congressional district for possible entrance into the United States Naval Academy at Annapolis.

He was appointed by Congressman George Mahon, who notified the local boy by letter this week.

Donald is a student in Texas Tech where he is taking math and science courses calculated to equip him to pass the stringent entrance exams. Donald's parents were not sure just what the alternate appointment means, but presumed that one of two appointees from this district would have to disqualify thru failure to pass physical or written examinations, or else turn down their appointment before Donald could be named the appointee.

But they have high hopes, and so has Donald, that he will get to enter the Academy and feel proud that he has received the first alternate designation.

Three Way News

by Mrs. Frank Griffith

Mr. and Mrs. J. L. Bateas and girls of West Camp visited their parents, Mr. and Mrs. Elmer Bateas and Mr. and Mrs. Frank Griffith, last week.

Junior Class Play "They Went That-A-Way", a 3-act comedy-drama will be presented soon by the Junior class of Three Way high school. Mrs. Betty Adonis, class sponsor, is directing the play.

The high school basketball team defeated Pep Friday evening. Three Way boys are

undefeated in the district.

Paula Griffith, Connie Reaves of Valsica, Iowa, and Carol Jean Weaver, ENMU, students took supper with the Frank Griffiths Friday evening. They attended the Pep and Three Way ball games. Miss Weaver of Elkhart, Ind., had never seen a girls basketball game.

Bible Study Club The Goodland Bible Study Club met Tuesday with Mrs. Lewie Jordan to study Mark 11 and 12.

Mrs. W. C. McElvey presided over the business meeting. Refreshments were served to nine members.

Airman and Mrs. Gary Bailey of Clovis, N. M., spent the weekend with her parents, Mr. and Mrs. O. A. Warren.

Mrs. Lewie Jordan and girls spent the weekend with relatives at Levelland.

Mr. and Mrs. Eddie Irwin and children of Mrton visited Sunday in the Thurl Lemons home. Mrs. Lemons and Mrs. Irwin are sisters.

Junior High Tourney

The Muleshoe girls and boys took first places in the Junior High School basketball tournament at Three Way last week. The Three Way girls and boys won second place. Bula girls and Causey, N. M., boys won consolation trophies.

The Home Demonstration Club met at the club house in Maple Thursday afternoon. Mrs. Harriette Jackson instructed the group in measuring and making drapes.

In the business meeting, a delegate and an alternate were named to the district meeting at Plainview April 16. Mrs. Louis Henderson is the delegate and Mrs. Bob Klutts is alternate.

Mrs. W. C. McElvey and Gayle visited with relatives at Anton Sunday.

Mr. and Mrs. Elmer Bateas, La Wayne and Shirley visited their daughter and sister, Bonnie, at Wayland College in Plainview Sunday.

W. C. McElvey went to Houston on business Saturday.

Income Tax Information

It is tax time at the Internal Revenue Service. Every Monday morning thousands of North Texans call the magic IRS telephone number for the answers to those baffling tax questions. Other taxpayers find it necessary to visit one of the 21 Internal Revenue Service offices located in major cities throughout the northern half of Texas.

District Director Ellis Campbell, Jr., of the Dallas office, who supervises the Internal Revenue Service district covering 143 counties in the northern half of Texas, has answered the ten most common questions being asked this year:

(1) Can I use the new card Form 1040-A. Answer: Yes, if your income is less than \$10,000 per year and you do not desire to itemize your deductions you can complete the simple Form 1040-A. These cards are available at all Internal Revenue Service offices, most banks and Post Offices;

(2) I am an employer. What are the new FICA tax rates for Social Security withholding on my employees for 1959? Answer: The new tax rates were provided to all employers on an extra sheet attached to the Form 941 mailed during the last week in December;

(3) I am an employer. When will I receive the new Circular E which gives the new Social Security rates for my employees? Answer: Unfortunately, the printing of this publication has been delayed. We expect to be able to mail the Circular E to the more than 92,000 employers in our district during the first week in March;

(4) Since the Internal Revenue Service took line 6 (a) off the form 1040 how do I claim my travel expense deductions? Answer: The instructions you received in the mail fully explain how to claim travel expenses on your

Christian Science Services

God's great healing and saving power will be brought out at Christian Science services Sunday.

Scriptural selections will include the following from Matthew (14:14): "And Jesus went forth, and saw a great multitude, and was moved with compassion toward them, and he healed their sick."

Subject of the Lesson-Sermon is "Soul" a word which, when capitalized, is used in Christian Science as one of the synonyms for God. From "Science and Health with Key to the Scriptures" by Mary Baker Eddy will be read the following (210:11-16):

"Knowing that Soul and its attributes were forever manifested through man, the Master healed the sick, gave sight to the blind, hearing to the deaf, feet to the lame, thus bringing to light the scientific

action of the divine Mind on human minds and bodies and giving a better understanding of Soul and salvation."

The Golden Text is from Psalms (62:1): "Truly my soul waiteth upon God, from him cometh my salvation."

IOTA CONCLAVE INITIATES MRS. FRANK D. FORD

Today's Meditation

Read Matthew 11:25-30. God so loved the world, that he gave his only begotten Son, that whosoever believeth in him should not perish, but have everlasting life. (John 3:16.)

Why do many of us wander through this life thinking, acting, talking like hollow men, misunderstanding and being misunderstood?

Why? Does God want us to cars on a track leading nowhere? No. To be empty shells? No.

We were put on this earth for a reason: To seek God—know Him—love Him—witness to Him.

Where can we meet Him? In prayer, in God's Word, in other persons.

How can we approach Him? Through Christ.

Does God in Christ really love us—care about us? Yes. "For God so loved the world that he gave his only begotten Son, that whosoever believeth in him, should not perish, but have everlasting life."

His words beckon: "Come unto me . . . My yoke is easy, and my burden is light." The yokes of this world are burdensome, but His yoke is a blessing to bear. An early saint, Bernard of Clairvaux, says with so much truth: "O blessed burden that makes all burdens light! O blessed yoke that bears the bearer up!"

PRAYER
O God, Thou eternal love, give me grace and courage to take the yoke of Christ upon me and be lifted up with His peace in my soul. I ask it in the name of Him who died that I might live. Amen.

THOUGHT FOR THE DAY
I will take upon me the "blessed yoke that bears the bearer up."

Tax Man Sam Sez:

The other day a well-informed lawyer asked me, "How can I keep up with this tax business? There is too much going on. I don't practice tax law, but I would like to know the answers for my own tax decisions."

After talking a little, we decided that the lawyer needed to spend 35¢ for "Your Federal Income Tax" and since he was operating a business, he also needed the "Tax Guide for Small Business" for 35¢.

The Internal Revenue Service has given the answer to all of the most common tax problems in these booklets. They both run a little over 100 pages. You don't have to be a lawyer to understand them because they give the answers just as simple as it can be given.

You can order a copy of either or both from Internal Revenue Service, 2101 Pacific Avenue, Dallas, Texas, for 35¢ each.

however, that the supply we sent home with him last summer would have long since been exhausted—and should have anticipated just such a move on his part.

We could have headed off this catastrophe if we'd only sent him a couple of boxes of Malt-O-Meal in his Christmas package. After all the many bushel baskets of delicious Florida grapefruit and oranges he has shipped to us (express paid, no less!) he should feel reluctant to write us about his craving for Malt-O-Meal and let us know he was out of same long since.

Miles, keep your chin up! We know about how long the two boxes will last. We will see to it personally that you will have Malt-O-Meal running out your ears from one visit to the next, whether you come here, or we go there; so you won't have to call on "The Journal Shopping Service", as courteous and competent as they are.

By the way, can you buy "Bull-O-The-Woods" in the stores at Vero Beach? Haven't seen any here in Muleshoe and we're "Out of Snuff!"

Regards to everyone, The Journal "Shopping Service" and the Miles Warrens in particular!

Sincerely, etc.,
THE FINIS JENNINGS

Ed's Note: We hope Mr. Warren has received the cereal The Journal sent him and is enjoying same. And we hope local merchants will read and heed the plea for "Bull-O-The Woods" by the Jennings. Thanks, Mr. and Mrs. Jennings.

LETTERS TO THE EDITOR

CARROL JONES WOULD TEACH IN ALASKA

Dear Mr. "Scoop":

A few weeks ago I talked with Dr. Donald F. Ebright, President of Alaska Methodist University, concerning a position on the faculty of the college. Actually I have applied for work as an instructor in Bible and director of religious activities.

I took the liberty to refer the personnel department to you as a business man who knows something of my character, ability, and concern for other people. I feel certain that you will be glad to give me a "lift" in this matter. I suppose you will be contacted within few weeks by the college administration. I shall greatly appreciate any recommendation.

Cordially,
CARROL M. JONES

Ed's Note: Should Rev. Jones go to Alaska to teach, it would be Texas' loss, Alaska's gain. We never had a harder community worker and a more intelligent one than he when he was pastor of Progress Methodist. I have known Carroll nearly thirty years, wouldn't have any trouble thinking up nice things to say about him in a recommendation letter. We thought all here would also be interested to learn about the mules we all sent to Korea that time.

you may be able to give. Our Mules Going Strong

You might be interested in knowing that I recently talked with a missionary who had just returned from Korea. He was quite familiar with the TEXAS FRIENDSHIP FOR KOREA project and had observed its effect in many areas of the land. Of course there has been some misuse of the material; but by and large, it was in his estimation, a wonderful boon.

He mentioned seeing the mules and wagon from Muleshoe often. In fact he had seen them just before leaving for the U. S. They are in excellent condition, and the whole rig well cared for. They are today and have been from the beginning on a farm operated by the Seventh Day Adventists Church near Seoul. The rig comes to Seoul regularly with produce. I'd say that in more ways than one we got our money's worth out of that deal.

Cordially,
CARROL M. JONES

Ed's Note: Should Rev. Jones go to Alaska to teach, it would be Texas' loss, Alaska's gain. We never had a harder community worker and a more intelligent one than he when he was pastor of Progress Methodist. I have known Carroll nearly thirty years, wouldn't have any trouble thinking up nice things to say about him in a recommendation letter. We thought all here would also be interested to learn about the mules we all sent to Korea that time.

BABSON DISCUSSES... THE TOURIST BUSINESS

Babson Park, Mass., Feb. 12—Our tourist business started in a very small way some 50 or more years ago. It grew steadily but slowly, until the automobile revolutionized it.

Automobiles and Tourists

The automobile has actually done harm to the summer hotel business of the north. Because of lack of business, the great summer hotels of New England are gradually being torn down. The majority of people who travel in the north by auto during the summer stop at motels as transients. They no longer stay for a month, or for the entire summer, as they used to do.

On the other hand, the auto has helped southern business, especially that of Florida, New Mexico, and Arizona, — and also the Pacific Coast. Moreover, many who go South as tourists remain to take up residence. This does not apply, however, to tourists who travel north in the summer.

Cost of Living

Tourists also find that the cost of living is less in the south. This fact is encouraging more people to retire on their social security money. Furthermore, in the north it is more difficult for a person to get a part-time position in order to secure the permitted extra income up to \$1,200 above social security which he needs in order to live reasonably comfortably.

In several southern and southwestern states, new industrial concerns are locating which make a specialty of employing these part-time workers. The new low-priced cars which can be bought today enable families to have two small economical cars, and

this is a great help to part-time workers.

How and Where To Buy?

After deciding where you would like to live—in Florida, for instance—write to the Chamber of Commerce of that city and inquire as to the opportunities for securing part-time work. Tell the Chamber your trade and your age, and add the information that you have an auto. Of course, you will not buy any property in any southern state without first seeing it.

When buying a house or lot in any tourist section, but at the end of the tourist season. This means in September (after Labor Day) or in October in the north. Or in May or June in the south.

Motels As An Investment

Motels, as business investments, are subject to several disadvantages. For one thing, the owner must pay taxes, interest charges, insurance, and maintenance costs for twelve months each year, while his profits are usually limited to six months or less. Even so, it was possible to make ends meet when there were very few motels; but now they are so thick that the competition is terrible.

In addition to the above economic difficulty, one's investment may be wiped out by a change of routes. When one buys a motel, it may be on a heavily traveled road; but then the state, or the federal government, may decide to build a new toll road or freeway which will leave the motel on a deserted highway.

The Investors League

This is a non-profit, non-partisan organization of investors united for action in

defense both of present legitimate investments and of free enterprise unhampered by unfair government competition. It was established in 1942 with headquarters at 234 Fifth Avenue, New York City. I especially commend the work of the Florida Division, of which Dr. Thomas H. Odeneal of 3115 So. Peninsula Drive, Daytona Beach, Florida, is the able President.

All present owners of motels or of Turnpike Revenue Bonds whose livelihoods or investments are threatened by the new freeways, for which the federal government has appropriated \$37,000,000,000, should join this Investors League and ask it to urge the government to make sure that their investments are fairly protected.

Conference Set For County Judges

County judges and commissioners from all sections of Texas will attend a conference scheduled for Texas A&M's Memorial Student Center, February 24-27. The County Judges' and Commissioners' Conference is being co-sponsored by the Texas Agricultural Extension Service and County Judges' and Commissioners' Association of Texas.

According to V. G. Young, state agricultural agent, and President Ralph M. Hall, of

Such topics as the legal aspects of commissioners courts and county judges offices; road machinery operation and maintenance; county finances, including budgets, tax rates, county funds and boards of equalization; probate and juvenile courts; road construction and maintenance; right-of-way problems and the importance of agriculture to economy of Texas counties will be discussed by outstanding authorities in the respective fields.

Many of the speakers will come from the various parts of the Texas A&M College System, State Highway Department, Office of the Attorney General; and the Judges' and Commissioners' Association. District Judge J. Harris Gardner and Attorney R. Dean Moorehead both from Austin are also featured speakers.

Young said that advance registrations for the conference were good. He added that information on registration along with copies of the program had been sent to all county agricultural agents and that they would be happy to supply additional information to county officials on the conference.

For this is the love of God that we keep His commandments; and His commandments are not grievous. —(1 John 5:3.)

We may profess with words and gestures that we love God, and yet by our actions which violate even one of His commandments, be a living denial of our protestations. Loving God and obeying Him is no part-time, half-hearted thing.

Sandhills Philosopher Says... Balancing U. S. Budget Is Like Balancing The Family Budget

Editor's note: The Sandhills Philosopher on his Johnson grass farm must have budgetary problems of his own, his letter this week indicates.

Dear editor:

I don't know how President Eisenhower handled his son when he was growing up, but if he handled him like he's suggesting Congress be handled, I take my hat off to him.

As I understand an article I read in a newspaper last night, Ike has drawn up a balanced budget for the next twelve months and has informed Congress if it wants to spend more money than the budget allows, it ought to add enough taxes to cover the extra cost.

This is a splendid idea for families—I don't know about Congress, what Congress does is not always limited to reason on account of the people—but I don't know of anybody who has succeeded in making it work.

Say you have a couple of kids and you draw up a budget, carefully including so many pairs of shoes, so many pairs of pants, so many dresses, coats, jackets, etc., and for the first month or two everything is in balance, until your son comes in with the toes busted out of his shoes at least six weeks before they were supposed to play out.

Maybe Ike could do it, but

all the parents I know who say, "Look here son, a new pair of shoes at this stage of the year wasn't included in the budget, if you want another pair you'll have to find the money for them"—well, most parents just can't bring this off.

And it doesn't have to be something as necessary as a pair of shoes. Say your daughter comes in with the announcement she's been nominated as a candidate for class queen and has to have a new fancy dress for the campaign, the average father would be run out of the house if he suggested it wasn't included in the budget and she'll have to find the money herself for the new outfit.

That's the problem Ike is up against with Congress. And the problem Congress is up against isn't that Congress just likes to spend the money, it's just that the people like to have these things.

I guess that's the way it works. In my case, I don't have any trouble balancing my budget on paper, but my 10-year-old tractor hasn't got any appreciation for figures and is liable to blow a gasket any day and throw my budget head over heels. And I think Congress has found the people have gaskets too.

Yours faithfully,
J. A.

Washington News Letter From Lyndon B. Johnson U. S. Senator

Dear Friend:

This Nation faces challenges by Russia on two vital fronts—in space and on the ground. In the survival race for space, this Nation trails the Soviets. And on the second front—of economic warfare—it faces the taunting dare of the Kremlin.

In development of missiles—in the exploration of outer space—this Nation is engaged in the deadly game of playing catch-up. We are trying to catch up with the Russians.

Catch up we must. And soon. The goal must be to exceed the Soviets.

But before this achievement can be accomplished, we must determine how far this Nation is behind. We must determine what need be done now.

That is the purpose of the Defense Preparedness and Space Committee hearings now in progress.

But in meeting Communism on one front, we cannot abandon the other.

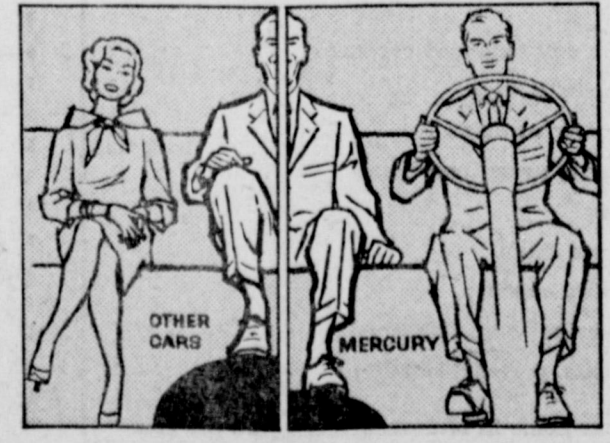

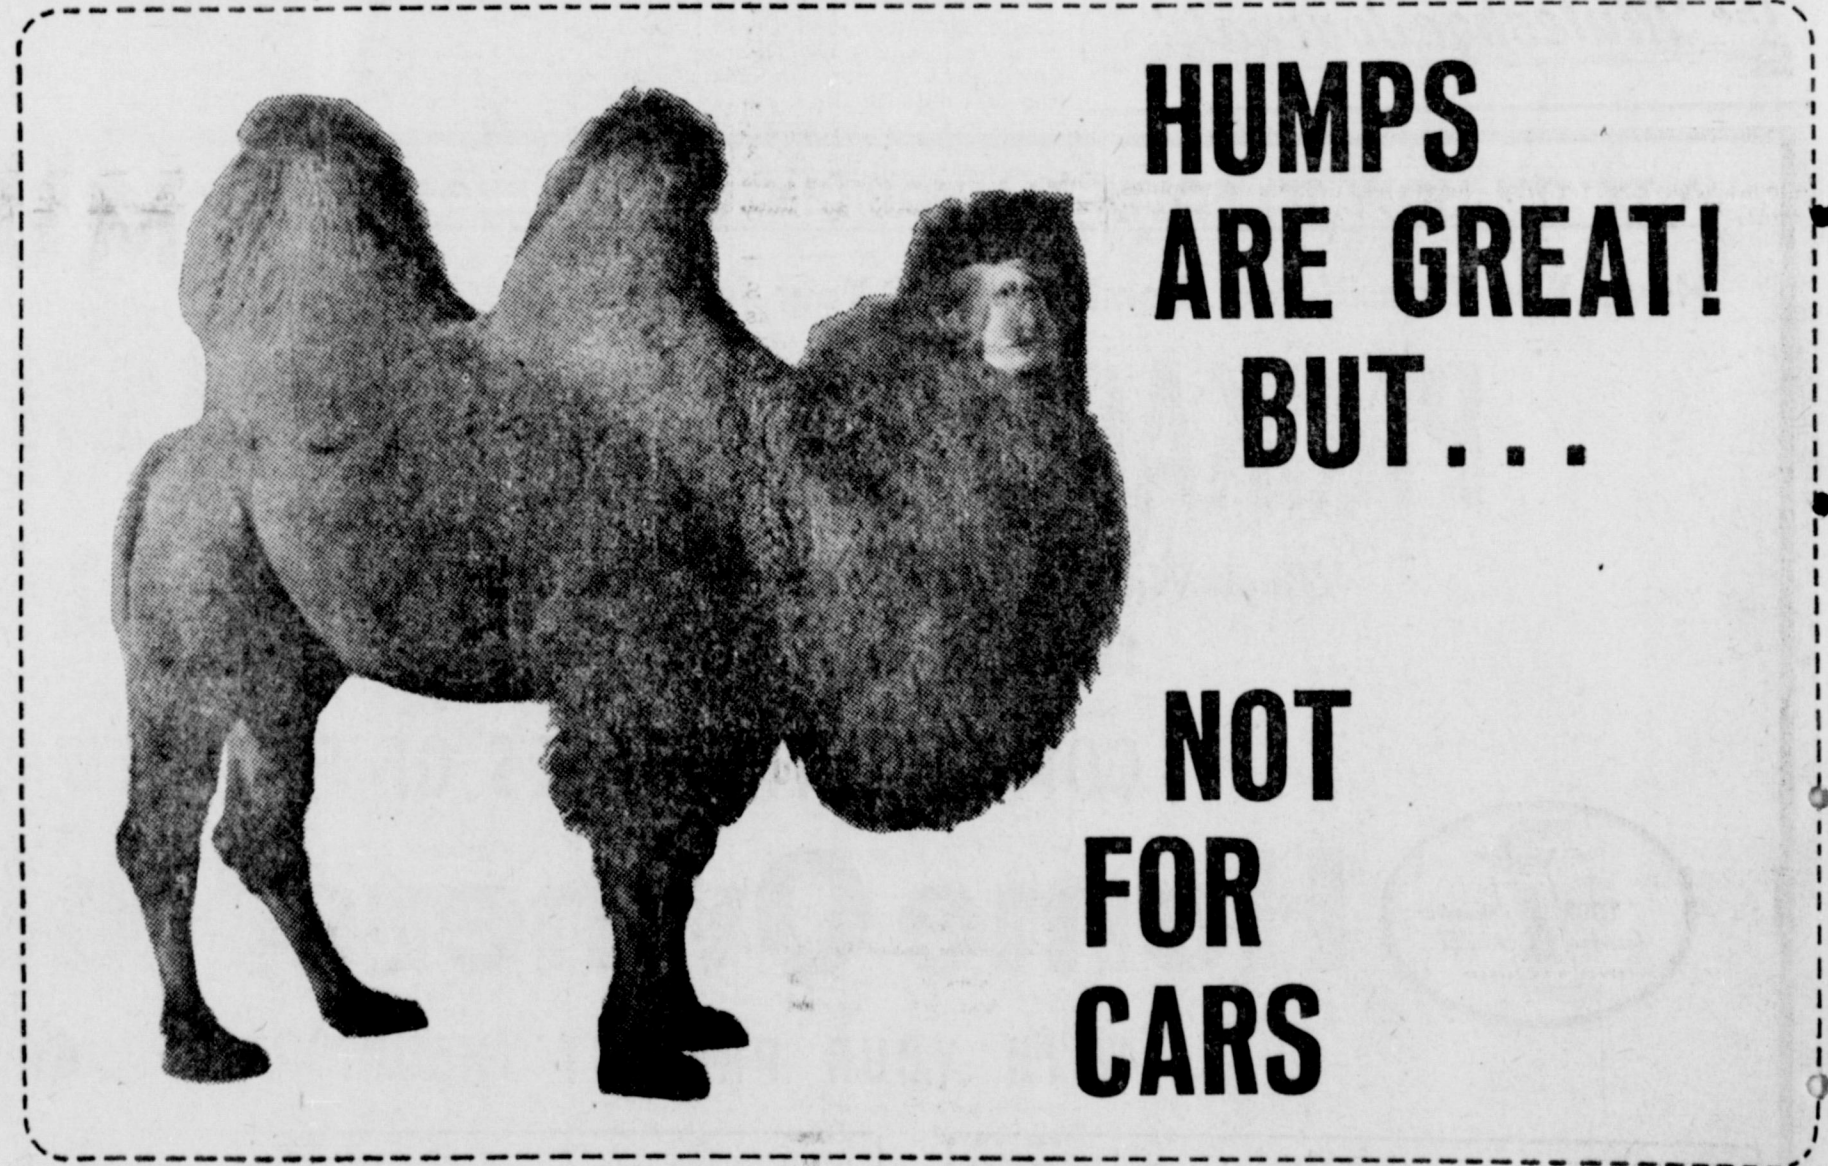

It was Nikita Khrushchev who recently boasted the Soviets can beat this Nation to its knees by economic warfare.

The challenge must be picked up. Answered. Hurdled back. We must realize this Nation is engaged in a race for survival of our way of life. It is a race in which we are a day late and a dollar short.

We must have bold, imaginative programs to open new markets. New patterns of distribution must be sought by the best informed minds in the fields of foreign trade.

To answer the challenge of the Kremlin, I firmly believe it would be well now if we were to assemble an advisory committee of businessmen. Men of action, experience and vigor.

From this group should come recommendations of economic strategy—broad plans that would put this Nation on the attack in answering the Soviet economic challenge.

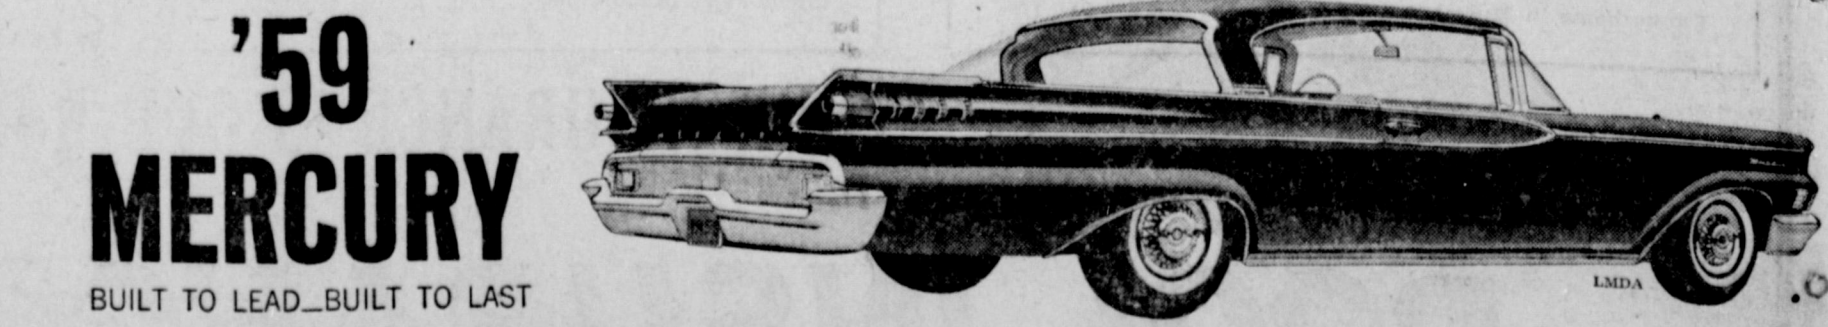

'59 MERCURY CUTS THE HUMP IN THE FLOOR WAY DOWN. FIRST CAR WITH REAL COMFORT—even FOR CENTER-SEAT PASSENGERS

For 1959, Mercury's got what the other new cars forgot. For example, Mercury is the only new car that remembers "the man in the middle."

Other new cars still have that big tunnel-hump in the center of the floor. The so-called "6-passenger" models are only comfortable for 4 passengers. Center-seat passengers ride with their legs doubled up. But Mercury has cut the hump in half—shrunk it into a footrest. Seat cushioning is deep and soft. There's solid, stretch-out comfort wherever you sit.

Stop in. See all the ways Mercury turns problems into pleasures: windshield wipers that clear even the center, doors that are easy to get through (wider than in the costliest cars). And so much more—all at a price that 2 out of 3 new-car buyers can afford.

GOV. PRICE DANIEL is shown signing a proclamation designating the week of Feb. 15-22 as Farm Bureau Week Texas. Looking on are J. H. West, Bishop, president of Texas Farm Bureau; and Millard Shivers, Waco, organization director. A big rally of Farm Bureau county and community membership chairmen in Dallas Feb. 12 will kick off annual state-wide membership drive. Texas ended its 58 membership year with 76,032 farm and ranch families. Daniel, who is a member of the Liberty County Farm Bureau, congratulated the state organization for having the largest membership gain in the nation last year — 51 members.

Sudan' Smith Resigns Post

Early season football just won't seem the same anymore, now that Francis Smith, long-time coach at Sudan high school has resigned that position.

The longtime rivalry between Muleshoe and Sudan on the football field was always highlighted by Smith's determination to make a winning team each year the battle was fought.

Sid Pruitt, assistant coach for the past two years, has been named coach, while Smith has applied for a position as teacher in the Sudan school system.

His Hornets won district basketball championships nine times in the 12 years he was their coach.

Three Way Tops District With Win Over Pep

Three Way boys team clinched the 5B district championship Friday night by downing Pep 37-32 at home.

Three Way has a 7-0 record with one more game to play, and must win the tournament next weekend at Bisdco to sew up district honors.

The Three Way girls upset Pep 33-31, with Jane Garvin as high pointer with 16. Kenny Sims with 15 and Mike Pollard with 10, led Three Way scorers.

Olton Upsets Mules Friday; Mulettes Win

The Olton Mustangs with a 6-loss record in district 2-AA play, upset the favored Mules 67-53 Friday night in MHS gym here.

The game killed any chance of Muleshoe winning the district title.

Two of the top Mules, Oliver and Mitchell were not in the game. Shepherd and Gary King led the Mules in scoring.

The Mulettes beat the Olton girls 62-20, and the B Mules beat the Olton boys 42-33. Gwen Williams led the girls with 29, followed by Mary Gross with 20.

Connie Mack Baseball League

Revival of county leagues. Metropolis amateur players throughout Texas is projected the 32-year-old Texas Amateur Athletic Association, according to announcement by Sham P. Pierce, president.

"We used to have a lot of county and bi-county leagues in Texas," Pierce said, "and T. A. A. F. feels it now is the organization to fill its responsibility of helping any group that wants to revive metropolis amateur baseball. It only will we provide all the organizing information, but establish contact with the nearest of our 25 district directors."

The age groups being active-promoted this year are the Connie Mack Division for players under 19 years of age and Major Division for unlimited age players, all of whom must be non-paid bona-fide residents of the area represented. The Connie Mack division basically serves players just over American Legion junior age, the "overflow" from local programs and those not included in the program. The Major Division corresponds to what is generally known as "town teams" or city leagues.

Both age groups are affiliated with the American amateur baseball congress, only coast-to-coast amateur body above junior age. Teams progress through district and state competition to regional and national tournaments. The Connie Mack regional is at Bryan, Texas, this year.

T. A. A. F. dues are only \$5.50 per team and provide league championship trophies, reduced insurance rates, a monthly newspaper, training films and may other advantages. Full information may be obtained from Graham Pierce,

South Plains Junior Stock Show Dates Are Set For March 16-18

Regularly enrolled 4-H Club and Future Farmers of America members of this county are eligible to apply for entry in the South Plains Junior Fat Stock Show, March 16, 17, and 18, at Lubbock.

Teachers and the county agents have all information and forms with which to enter qualified exhibitors. Ray F. Johnson, the show's general chairman, has announced.

Entries in the Junior Fat Stock Show, one of the largest in the state, must be post-marked by March 3, 1959. All entries must come through FFA teachers or the county agent.

Entries Due March 14
The livestock barns at the

Panhandle South Plains Fair Grounds will be opened for exhibitors at 8 a.m., March 14, for checking in of animals. All entries must be in their stalls by 6 p.m. that day, Johnson added.

Sifting committees, which eliminates unqualified animals from the show, will begin work Sunday, March 15.

The show will close with the annual auction sale of prize-winning animals on March 18.

Lubbock is presently raising money among merchants and businessmen to provide higher market prices at the auction of 4-H and FFA stock and to provide prize money for winning stock.

LONE STAR AGRICULTURE

How Will You Have Your Chicken?

Texas is a chicken-raising and chicken eating state. More than two million broiling or frying chickens are bought by Texas consumers each week, and the popularity of the budget-wise bird is ever-increasing.

To determine just what sort of bird the Texas fryer buyer is looking for when he or she goes shopping, the Texas State Fair in Dallas was the site for comprehensive consumer preference tests on certain poultry products.

The tests, conducted among 2,000 men and women attending the State Fair, were directed by personnel from the Texas Agricultural Experiment Station of Texas A&M College.

Items on which Fair visitors were asked to indicate their choice included: skin "color" — light, medium, or dark yellow; method of pre-cutting chickens — into 6 pieces (as is commonly done), 10 or 13 pieces; type of wrapping for pre-packaged birds — conventional clear cellophane, colored cellophane or aluminum wrap.

Conclusions showed that most of these tested (57 percent of

men, 55% of women) preferred a medium yellow skin color for broiler chickens although a considerable number preferred a dark yellow color and very few (13% of men, 15% of women) chose a light yellow, almost white, skin color.

Although most poultry offered for sale in Texas stores is packaged with the carcass cut into 6 pieces, most consumers selected the carcass cut into either 10 or 13 pieces, with no significant preference between the two. This is probably because many housewives either do not know how to cut up a frying chicken or else have no desire to do so.

In the test for wrap preference, groups of poultry carcasses cut into six pieces were packed in pulpboard trays and wrapped in clear, yellow or red cellophane or in wrapping paper with an exterior aluminum finish. Eighty-three percent of those expressing a choice took the transparent cellophane overwrap now commonly used. Only 8 percent expressed a choice for the aluminum-wrapped package, probably because it would give better protection if the poultry were to be held frozen before consumption.

Skin Pigmentation

Concerning the tests for skin pigmentation or color, it is interesting to note that a similar survey conducted in Baltimore, Maryland, revealed that

New Portable Spray Rig Purchased By Conservation District Cooperators

The Blackwater Valley Soil Conservation District has recently purchased a spray rig for use by any of its cooperators. After lengthy discussions as to size and type best suited for local needs, the Board of Supervisors ordered the unit pictured above.

The sprayer has a 50 gallon tank with a 2 1/2 h.p. motor. It will develop up to 600 pounds of pressure, and is mounted on skids so two men can put it in a pickup truck. There is 25 feet of high pressure hose, enabling the user to spray a circle 50 feet in diameter.

Bought primarily for spraying bindweed and Johnson grass, it could be used for any spraying chore with proper cleansing.

The sprayer will be located at the Ag building in Muleshoe, and a nominal fee for upkeep will be charged for use, as is the case with all District-owned equipment.

The Supervisors feel that this sprayer will enable farmers to more effectively control small areas of noxious weeds.

"For those who want to understand Communism, we prescribe, not a fifteen day trip to Russia, but fifteen days in a library studying the Communist conspiracy." (Quote from the American Bar Association, 1958. And we concur.)

Jack Patterson, vice-president membership chairman, urges those of you who are receiving your March statements for membership dues to send them in as soon as you receive them. This, he says, will save some neighbor of yours the time, expense and trouble of coming to see you on March 3. Your membership will be paid for a year from the due date, no matter when you pay it. We know that your prompt response will save time and money in the office, too.

Patterson, Florian Jarecki, and possibly Gilbert Kaltwasser are going to Dallas to attend a membership meeting.

Most consumers there preferred either a very light or very dark pigmented carcass. It is possible that the differences can be explained on the basis of regional preferences, but further work is underway to determine some of the factors consumers associate with a white or yellow skin.

Passage of this bill would bring an estimated five to ten thousand dollars for Parmer county to be spent with local merchants. The inconvenience of the present method causes hundreds of gallons of gasoline refunds to be neglected or overlooked.

We hope you will urge your county officials, sheriff, judge, attorney, etc., to use the full extent of the Texas law in an effort to curb drunk driving which definitely tends to in-

The Riser Located In The Center of The Lateral Lines Provides A Convenient Grip For Handling The Pipe, Because This Is The Balance Point of The Pipe. Individual Lengths Are Uncoupled, Carried and Recoupled Without Extra Trips To The End of The Pipe. Gripping The Riser Also Prevents The Pipe From Turning In The Hands and Possible Damage To The Sprinkler Head By Mud and Dirt.

The MATHIESON SYSTEM of Sprinkler Irrigation Also Has A Positive Lock Coupler That Can Be Replaced In The Field Without Special Tools Or Welding Equipment.

MATHIESON Uses Standard I. P. S. Aluminum of Uniform Wall Thickness. There Is No Thick Spots or Thin Spots For Weakness. Nothing To Add Needs Weight.

Mathiesons New Center Riser Can Be Installed On Your Present System In The Field With No Special Tools.

SBA Office Set Up At Lubbock

South Plains businessmen now can take advantage of a Small Business Administration branch office which has been opened in the Veterans Administration Building, 1600 19th St., Lubbock.

The SBA, created by Congress in 1953, gives financial assistance to qualified small businesses, counsels them on their financial problem and provides them with technical aid and management tips.

"Sometimes we can help a business without ever making it a loan," points out Carl Gallagher, acting manager of the new Lubbock office. "In fact, we are not in competition with private institutions and we encourage businessmen to go to their local banker."

To qualify for an SBA loan, according to Gallagher, a business must show that it is unable to get help elsewhere and the owner or owners must evidence good character and ability to operate a business successfully. He also must have enough capital so that "with the aid of an SBA loan, the business will be on a sound basis."

Serves 96 Counties
The Lubbock SBA office will serve a 96-county area west of a line from Quanah to Ozona. William H. McKelvey and Miss Sadie Chumley will be in the office with Gallagher.

Small businessmen in this area can obtain help from the SBA concerning how to boost a product, how to get a fair share of government orders and contracts, how to improve accounting methods and how to solve other management and technical problems.

The SBA is authorized to make several types of loans, including direct and participating, up to \$350,000.

SOIL CONSERVATION DISTRICT NEWS

Recent soil tests received by local farmers indicated a need for potash to be included in fertilizer applications. Most farmers have assumed local soils had sufficient potash.

Now is the time of year to check your soils for fertilizer needs in order to obtain maximum yields next fall. In order to determine the fertilizer needs of a soil it is necessary to collect some representative soil samples and have them analyzed.

Here are the steps to perform in taking soil samples for analysis. (1) Take a spade, clean the trash and crop residue from the surface of about a square foot of soil, and dig a hole about eight inches deep. (2) Take a slice of soil about an inch thick from the sides of the hole with your spade. (3) Use a pocket knife and cut away both sides of the slice, leaving a strip of soil about one inch square and eight inches long on the center of the spade. (4) Place this strip of soil in a clean carton, glass jar, or bag and identify it in some way so that you'll know

the location where the sample was taken (5) Take as many samples in this manner as you think is necessary to represent the area you plan to fertilize, and mix them all thoroughly. (6) Place about one pint of the mixed soil in a clean container and label it with your name, address, and area or field number which the samples represents. Information as to where to send your soil samples for analysis can be obtained from the Soil Conservation Service office or from the county agent.

There is some additional information that should be sent along with the soil sample which is necessary and helpful in making fertilizer recommendations. You should state what crops have been grown on the land in the past four or five years, what crop you expect to plant on the land this year, whether or not

the land is irrigated or dry-land, and what kinds and amounts of fertilizer have been applied in past years.

Some precautions to remember in taking a soil sample are: (1) Don't take a soil sample from a lake bed, or a shallow spot in the field, or a spot where straw or manure has been piled unless this area is large enough to be treated separately. (2) Avoid taking soil samples from turnrows, fence rows, old roads, or terrace channels and ridges.

Remember that your test or analysis results will be no better than your sampling of the soil. The soil samples should adequately represent the area or field you plan to fertilize.

About this time of year the garden magazines announce the All-American selection of the best new plants in flowers and vegetables for the new year.

For 1959 the array is impressive, as plant breeders seem to have outdone themselves to provide more beautiful, heavier bearing, and hardier plants for the home gardener.

New Vegetables

Every home gardener likes snapbeans, and the new Garden Green snapbean is said to produce many straight stringless pods which are smooth, tender and full. Gold Cup, a new variety of sweet corn also seems to hold much promise, as does Gold Crest, a new 67-day variety for early roasting ears.

Other vegetable introductions to look for are the Caro-Red tomato, Oregon Centennial vining tomato, Lakeland lettuce, and Jade Green Brussel sprout.

New Shrubs

Among the new trees and decorative shrubs are: Blue Bird althea, Coolshade elm, Friesia locust, Sweetheart camellia, pink frolic lantana, Theve poplar, and the much talked about Starkrimson apple tree.

New Flower Introductions

Leading the list of new flowers are the petunias, with Cherry Tart, Satellite, Lavender Lace, and Sabre Dance, only a few of the new named varieties to be found in seed stores and at nurseries this spring.

Other new flowers which sound interesting, are Gold Orb marigold, curliclocks aster, and Grego's giant, the Cinderella begonia, and new Pomponette daisies.

Also, you might like to try Peppermint pink dianthus, rose colored vinca minor, Toyland violas, and a new miniature lupine which might stand up to the winds we have out here.

New plant varieties are not like new model cars, which often require a full year after introduction to have the "bugs ironed out". All these varieties have been tested for several years, some of them for many years, and all are guaranteed true to name. It's a satisfying small thing in this world of uncertainties and "caveat emptor".

Your tulips, hyacinth and jonquils should be breaking through the ground about now. If the dry weather has crusted the top of the soil, you might help things along by giving the area around your bulbs a good soaking.

NEXT WEEK: LAWNS. It's Time To Be Thinking About How Yours Will Look.
