D. A. To Be Named—

Counties Omitted In 106th District

On Sept. 1 only four counties will comprise the 106th Judicial District of which Truett Smith of Tahoka is district judge as a result of a bill signed last week by Gov. Price Daniel approving a new district, the 121st. The 106th will then contain Lynn, Garza, Dawson and Gaines counties.

Two other counties, Yoakum and Terry, will merge with Cochran and Hockley counties to form the new 121st District of which M. C. Ledbetter of Morton has been named judge, and Morgan L. Copeland of Brownfield, the present district attorney for the 106th district, has been named the new D. A.

A new district attorney for the 106th district will be appointed by the governor, according to District Judge Smith, sometime before Sept. 1. However, Copeland will continue to serve this district until that time.

The 106th Judicial District was set up in 1925 composed of Lynn Garza, Dawson, Gaines, Yoakum and Terry counties with Judge McGuire of Lamesa as its first judge. Until that time the six counties had been a part of the 72nd District under Judge Milliken. In 1925 when the new district was formed the population of the six counties was sparse, there were no oil wells nor irrigation wells and the civil and criminal cases brought before the district courts were likewise fewer. Since that time, the prosperity of the counties has increased, at the same time increasing the number of suits brought before the courts will now be heard in the handle all dockets in six different courts.

Judge Smith said that Dawson and Terry counties are the "heaviest" in the present 106th, and with the loss of Terry along with Yoakum, suits can be handled more efficiently.

He added that four counties can be handled by one judge, but that it had become very difficult for one judge to tackle all six counties.

With the new set-up, however, many workmen compensation cases that have been heard in Federal courts will now be heard in the state courts, also easing a situation in the Federal courts.

The bill signed by the governor was the one introduced to the legislature by Senator Preston Smith of Lubbock.

Telephones Knocked Out By Bad Weather

Approximately 200 telephones were on the blink Wednesday due to the heavy rains and wind Tuesday night.

Claude Adams, district manager for the General Telephone Company of the Southwest, told The News Wednesday that workers from Lamesa, Littlefield and Lubbock were working in the Tahoka area Wednesday to clear the lines and that all the telephones should be working by early Thursday morning.

This is the first time that the local phone lines have been damaged since the dial system was cut over in December.

J. Q. Warnick Jr. On Attorney's Staff

J. Q. Warnick, Jr., son of Mr. and Mrs. J. Q. Warnick Sr., formerly of Tahoka, has been appointed assistant county attorney of Lubbock county and assumed the office Monday.

Warnick was born in Tahoka, attended Lubbock schools and last January graduated from the University of Texas Law School. He served four years in the Air Force, county attorney's staff.

Billy Hardy, an oil field worker from Snyder who was working in a field in northeastern Lynn County, was admitted to the hospital Saturday after receiving burns from lye water. He was later dismissed to a Snyder hospital.

REV. J. B. THOMPSON

J. B. Thompson Is Returned Here

Rev. J. B. Thompson returns to Tahoka for his third year as pastor of the First Methodist Church after he was reapointed to the church at the annual Northwest Texas Conference held in Abilene last week. Only one change was made in the county.

Rev. Vernon O'Kelley will return to New Home, Rev. Howard Marcom to O'Donnell, Rev. Harold Rucker to Wilson, and Rev. R. Claude Nixon to Draw.

Grassland's new pastor will be Rev. Allen Watkins, replacing Rev. Richard Richards, who will move to the Lela-Doxier-Heald circuit in the Pampa district.

Dr. Dallas D. Denison will return as the superintendent of the Brownfield district.

Other appointments of former Tahoka pastors return most of them to their former churches or districts. Rev. J. B. Sharp returns to Shamrock, Rev. J. B. Stewart to Buchanan Methodist Church in Amarillo, Rev. Wallace Rosenberg to Asbury Church in Midland, and Dr. H. Clyde Smith as superintendent of the Big Spring district.

Rev. C. A. Holcomb, who has been pastor of the First Methodist Church in Sweetwater, was named district superintendent of the Standard district.

Rev. G. M. Bean, formerly of Grassland, will go to Middle Well in the North Panhandle from Southland, and Rev. Silas Dixon, former pastor at Draw and last year at Cone, has retired.

Housing Authority Contract Approved

The Federal government has approved the contract for the low-rent housing project for Tahoka made possible by the Public Housing Administration, according to J. M. Uzzle, executive secretary of the local housing authority, and the go-ahead signal will be given as soon as funds are sent to Tahoka.

The 14-unit project originated in January of 1958, when initial plans were made here with the City Council. Since that time the local housing authority, a zoning committee, and an electrical ordinance have been set up, making the project possible.

Uzzle says that as soon as money is made available the local authority will begin buying sites in different sections of town for the units. Hedrick and Stanley Architectural Engineers of Fort Worth are now drawing up plans.

CPL. ISHAM SERVES MARINES IN JAPAN

Iwakuni, Japan—Marine Acting Cpl. Charles G. Isham, son of Mr. and Mrs. Charles A. Isham, of Tahoka, is serving with the First Marine Aircraft Wing at Iwakuni, Japan.

The First Wing provides helicopter assault transportation and tactical air support for the Okinawa-based Third Marine Division.

Smith Receives 4-H Spur Clip

Wilmer Smith of New Home was presented the Spur Clip award Wednesday at the District 4-H Club Leadership Training Camp being held in Lubbock for his outstanding service to 4-H Club work. Also receiving the award was Dr. Willa Vaughn Tisley, dean of the School of Home Economics at Texas Tech.

In announcing Smith's award Buster Terrell of Hale Center, co-chairman of the District II 4-H Council, said that Smith had been one of the instrumental men in establishing the district cotton production contest and continuing to work for its success. Mrs. Smith, now president of the Texas Home Demonstration Association, received the award in 1957, making the couple the first husband and wife to receive the honor in this district and one of the few in the state.

As well as contributing much to the 4-H Clubs of this district, Smith is also recognized as being one of the agricultural leaders of this area, state and nation. He is presently vice president of Plains Cotton Growers Inc; president of the Plains-Cooperative Oil Mill; member of the board of directors of the Federal Bank of Cooperatives in Washington, D. C.; and served as a delegate to the Universal Cotton Standards Conference this year. In addition he has made numerous trips to Washington, D. C. to confer with Congressional committees in behalf of the South Plains farmers.

A farmer himself, Smith farms 1,020 acres in Lynn county.

Dan McGlaun Is Buried Thursday

Funeral services for Dan Hamill McGlaun were held Thursday afternoon at the First Baptist Church here at 3:00 p. m. with Rev. Joe Webb, pastor of the Sweet Street Baptist Church, and Rev. Wayland Edwards, pastor of the Southcrest Baptist Church of Lubbock, officiating.

Burial followed in Tahoka Cemetery under the direction of Rix Funeral Home in Lubbock.

Preceding the funeral the body laid in state from 1:00 until 3:00 p. m. at the First Baptist Church.

McGlaun, 34, died at 7:00 a. m. Tuesday in the Veteran's Administration Hospital following a long illness.

Born July 8 1925 in Corsicana, he came to Lynn county at an early age with his parents. He attended the local schools. He was married in Gainesville on Dec. 8, 1956, to the former Othell Goldman and was well known both in Tahoka and over the area.

Survivors include the wife; one daughter, Cheryl, 14 months old; his mother, Mrs. Fannie McGlaun of Lubbock; two brothers, Frank and Randall, both of Lubbock; one step-brother, Grady Herrin of Tahoka; two sisters, Mrs. J. E. Lindzey of Dallas and Mrs. L. B. Thompson of Tichomingo, Okla.

First Baptist Church Calls Supply Pastor

The First Baptist Church of Tahoka has called Bro. Louis Cobbs as supply pastor until a full time pastor is called.

Bro. Cobbs is the Baptist Student Director on the campus at Texas Tech in Lubbock. The church is most fortunate to obtain the services of Bro. Cobbs throughout the summer months. He will be teaching the book of John each Wednesday evening and preaching at both of the services on Sundays until the middle of July.

The church invites everyone to come and hear Bro. Cobbs at each service.

HAMILTONS BUILDING HOME

City of Tahoka has issued Ed Hamilton a building permit for a home measuring 2088 square feet now being erected on North Sixth Street at the location of their former home, which was moved off the lot. The home will have three bedrooms, a den and double garage.

GORDON SMITH

Baptists Planning Youth Revival

Date for the youth led revival at the First Baptist Church here in Tahoka has been set for June 12-14, according to Rowland Nitcher, youth director of the church.

Gordon Smith, a senior at Baylor University and son of Mr. and Mrs. Truett Smith of this city, will be doing the preaching for the revival. Gordon is well known in Tahoka and many will remember him for his excellent year, 1956, as captain of the local high school football team.

Leading the music for the week end revival will be Tracy Crawford from Lamesa who is also a senior at Baylor. Tracy is a 1958 graduate of Slaton High School. He and Gordon played on opposing teams during their high school football careers and were later roommates at college. Now the two will team together in leading the young people of the city in this endeavor.

Nitcher invites all adults, as well as young people, to come for this week end of services led by the youth of the city.

Services will be at 7:30 o'clock each evening with a youth fellowship following the service on Friday evening.

Swimming Classes To Start Monday

Swimming lessons will begin Monday morning, June 8, according to Coach Deane Wright, instructor.

Lessons for children six through eight years of age will be at 9:00 each morning. Children above eight years of age will be instructed at 10:00 a. m. The above two classes will be for beginners.

An advanced course will be held at 11:00 a. m. for those who are acquainted with a few of the techniques of swimming.

A charge of \$5.00 per person for 10 lessons will be placed on the two beginners classes. For the advanced course the charge will be \$7.50 per person for 10 lessons.

The classes will meet every weekday except Wednesday for instructions.

Ladies day will again be observed at the swimming pool this year beginning Wednesday, June 10, from 10:00 to 11:30 a. m. Ladies day will continue as long as there is enough interest, the operators announce.

LAUNDRY UNDER NEW MANAGEMENT

Mr. and Mrs. J. D. Morgan of Lubbock have bought the Modern Laundry at 1500 Lockwood from Mrs. Ruby Crumley and will endeavor to give efficient service to all patrons. They invite everyone to go by and see them and say they will continue to go by the name, Modern Laundry. They took over the new management Monday, June 1.

T. C. Beard was dismissed from the hospital Monday having been admitted on Saturday, May 16, following a heart attack.

FFA Boys Pass Board For Degree

Five members of the Tahoka Future Farmers of America chapter are candidates for Lone Star Farmer degrees which are to be presented at the state FFA convention in Austin July 14-16.

The boys are Larry Forsythe, Mickey Owens, Kenneth Stice, John Hegi, and Teddy Dockery.

This is the largest number of candidates for such a degree since 1948 when the chapter had five candidates.

Records of the five boys were approved at the Area II meeting held in Midland last week and will have to be approved by the state officials before the degrees are conferred upon the boys. Final check on the records were probably conducted this week.

Area II, extending from Lynn county to El Paso and almost to Ballinger, is the largest in the state.

To become a candidate for the Lone Star degree a boy has to make \$500 on his project program and have \$500 invested in livestock or in the bank. The candidate is also judged on leadership and grades.

About 5000 Texas Future Farmers are expected at the convention. Almost 1000 voting delegates—one from each of the State's chapters—will conduct the business of the convention.

A featured speaker of the convention will be the president of the national organization, Adin Hester from Aurora, Oregon. Presiding at the meeting will be State FFA President, Bill McDowell of White-wright. He will be assisted by nine vice-presidents representing every section of the State.

Vocational agriculture teachers in the Tahoka agriculture in the Tahoka schools are V. P. Carter and Lester Adams.

Nine From Lynn Attend 4-H Camp

Nine 4-H Club boys and girls from Lynn county attended the District I Leadership Training Camp at the Panhandle-South Plains Fairgrounds Tuesday through Thursday this week when Dr. Barden Nelson of Texas A and M conducted sessions on "Understanding Youth in their Leadership Roles" for county extension agents and county agents lead group discussions.

Attending from this county were Gail Phillips, Lynetta Cain, Deaver Ford, Lester Ford, and Ronny Wood of Tahoka; Marcheta Wood, David Bessire and Robert Bessier of O'Donnell; and Muriel Swinson of New Home.

Gail Phillips is on the District 4-H Council, Denver Ford is a past council chairman, and both served this year on the planning committee for the camp.

Susie Smith Is Tech Graduate

Miss Susie Smith, daughter of Mr. and Mrs. W. E. (Happy) Smith, graduated Monday night from Texas Tech. Her parents attended the exercises and stated that Susie has accepted a position with the Magnolia Oil Company in Dallas.

She is a graduate of Tahoka High School.

R. A. Weatherby, route 2, Post, was admitted to Tahoka Hospital Friday suffering from a broken wrist received in an attempt to crank a tractor.

Dorsey Oliphant, Rose Theatre manager, was dismissed from the hospital Wednesday. He suffered a heart attack a few weeks ago.

The speed that thrills is the speed that kills!

Many farmers are preparing to return to their fields to replant cotton acreage after rain, hail and the highest wind many local people ever remember have wiped out approximately 4,000 acres and possibly more young crops this week. More rain was being predicted for Thursday night as the News went to press.

Farm land from a point north of West Point to the Gordon community, and south through Grassland and Draw received hail. The north-west portion of Lynn county is completely wiped out, with heavy hail falling Monday night and repeating Tuesday night, the later wiping out everything that was missed in the previous storm. Other sections across the northern half of the county receiving hail also report heavy damage, with the Grassland and Draw areas reporting spotted damage.

About three and one-half inches was reported over the three-day moisture laden storms in New Home and Grassland. However, Tahoka received .70 on Monday night, 1.30 on Tuesday night, and .32 on Wednesday night, for a total of 2.32 inches. No hail was received here, nor in the southwest portion of the county.

The most moisture reported was four and one-half or five inches about four miles east of Tahoka on the Clint Sikes farm on Tuesday night. On Wednesday morning water was still pouring from the furrows.

The high winds, gauged at 50 miles an hour in Lubbock and 80 in Flaton, sent people scurrying to cellars Monday and Tuesday nights. Although Monday night's rain, wind and hail was bad, it could not compare to the ferocious beating handed the area on Tuesday night.

Much wind damage was reported over town during the heaviest

storm, as hard straight winds and sheets of rain battered property. In west Tahoka, the concrete fence at the new home of Boyd Pebbworth completely collapsed across the back of his yard, and other concrete and wooden fences over the town were partially blown down. Playground swings, lawn furniture, trash barrels, were flung about as if they were tin cans.

Branches were ripped from trees all over the city, with a large tree in the yard of Carl Williams being snapped half in two. A spruce tree was seen laying in the street near North Sixth Street, broken off even with the ground. Telephones on nearly all rural exchanges were out as a result of the Tuesday night winds.

However, by some stroke of luck, winds in the business district remained intact.

The sheets of rain falling both Monday nights blew into some houses as if the windows had been left open. Wednesday night's rain fell slowly in Tahoka, however, although Grassland reported another bad wind storm.

Much cotton land not receiving hail was washed out. Bill West, who lives in the Lakeview area, miraculously escaped the hail of the two nights, but said about half of his crop was covered up with sand which washed over it.

Ivan McWhirter's farm near West Point received about one inch each night, bringing his total to three inches. W. W. Hagood received a total of 1.30 while Mrs. Jack Webb at Newmore reported about one inch for the three-day fall, bringing prospects for a good crop year in that area.

Farmers are consoled with the fact that they still have time to replant, and in the long run the soaked county may be very beneficial to this year's crop if there is a late freeze next fall.

Finland Student Will Be Visitor Here As Guest of Rotary Club

VELI-TUOMAS SALLINEN

Veli-Tuomas Sallinen, 24 years old, of Finland will be the fifth summer visitor in Tahoka as a guest of the Tahoka Rotary Club in the foreign student exchange program, Harold Green, chairman of the local program, has announced.

The exact date of his arrival here is not known but he is scheduled to arrive in New York City July 1.

While on the South Plains Sallinen will observe agricultural methods in this area and will stay in the homes of local Rotarians while pressing his search for knowledge in his chosen field of crop science. Other students who have visited here in the past four summers have been from France, Austria, Switzerland and Belgium. The local club has joined the program in an effort to establish better relations between the United States and other countries of the world.

This year's student claims Savonlinna, Ahvensalima his home, where his father farms 125 acres of "arable" land and about 3,000 acres of forest. Sallinen is a student at the Faculty of Agriculture Forestry of Helsinki University where he expects to obtain his Bachelor of Science degree in Agriculture next fall.

He is one of seven children and having been raised on a farm developed an interest in agriculture

at an early age. Although his father raises grain crops, most of the families livelihood comes from the forest where felling and driving timber are the "main fields of work in the countryside of Central Finland in winter."

Sallinen graduated from high school in 1953 and the following September entered military service for one year, emerging as an ensign in the reserves. Finishing his service with the Pioneer Regiment he entered Helsinki University where he was required to take five subjects to obtain his degree.

Along with many electives Veli-Tuomas chose crop science, agricultural chemistry and physics, agricultural economics, animal science, and forestry. He has trained at the Experimental Farm of the University and at the Agricultural Research Center.

Last summer Sallinen traveled to Great Britain to study English, a course which he has taken for seven years, and at the same time observed agricultural practices at various places. He also speaks Swedish and German as foreign languages.

His hobbies include skiing, photography, sailing, motoring and literature.

In a letter received by Green he says, "I have read very much of U. S. A. and with keen interest I have followed the achievements on different fields of research, whether they are economic, technical, literary or agricultural. I have always been my sincere wish to get an opportunity to become familiar with the States and its people."

DANGLING ROPE and fragment of an overturned car at left are all that remains to mark a tragedy in which a family of three drowned when this giant oak tree to which they were clinging east of Cameron, La., fell into the flood churned up by Hurricane Audrey. Like some other families, they failed to heed Weather Bureau warnings to flee the low-lying coastal swamplands ahead of gigantic storm-driven waves. The ultra-modern Cameron Elementary School, built on pilings against any future floods, was aided by a \$171,550 disaster grant authorized by the Office of Civil and Defense Mobilization. Everyday Religion

By J. B. Thompson

Everyone is familiar with the solemn words in the marriage ceremony: "What God hath joined together, let not man put asunder." God has joined many things "together"—but he has also put many things asunder. We can say with equal sincerity the reverse of the wedding statement, "What God has put asunder let not man join together." Jesus said: "You cannot serve God and mammon." He has put asunder the service of money and money power as an end in itself and the service of God.

Many doubt that. They say: "Is that so? Just you watch me. I can worship both mammon and God." But it leads to ruin, both in the personal life and in society. God has put them asunder.

God has also put asunder the worship of idols and the worship of God. "Thou shalt have no other Gods before me." God has put asunder the license of immoral indulgence and the durable satisfactions of life. Man has often said, "Let us eat, drink and be merry." But God has put them asunder and man is never found lasting happiness at the end of indulgence.

God has joined together work and happiness and when we try to separate them we run into trouble. God has put asunder the evil and the good in the world and a great deal of man's trouble has come when he has tried to join them together.

Do you want fresh economic evidence that farmland is worth conserving? U. S. D. A. now reports the value of farm real estate has a new high—an average of \$108 an acre. Of this figure, \$83 represent land and \$25 building. New Jersey tops all states with an average per-acre value of \$568.

Officials expect the rising trend to continue. Farms are steadily moving to expand the size of their operations while the demand for farmland by city investors is strong and seems likely to stay that way.

PCG Officials Oppose Loan Limit

The outlook for cotton farmers faced with a Congressional move to limit price support loans to \$50,000 appears very "dim", officials of the Plains Cotton Growers, Inc. said Monday returning from Washington where they consulted with both Representatives and Senators and had a special session with Senate Majority Leader Lyndon Johnson.

Wilmer Smith, Vice President of the PCG and George W. Pfeiffenberger, Executive Vice President, were in Washington last week to attend the Universal Cotton Standards Conference when news of support loan limitations broke.

Pfeiffenberger explained that they worked with representatives of the National Cotton Council in opposing such limitations. He added that a Senate proposal is due for presentation some time this week and calls for action on price support limitations to start in 1960. An earlier House measure called for such limitations to begin this crop year.

Smith, Pfeiffenberger and Ed Bush, of the Texas Ginners' Association met with Senator Johnson last Wednesday to express opposition to the limitations measures and ask that a committee be set up to study effects of such a proposal.

Johnson gave the group little assurance that such a committee could be instigated and Pfeiffenberger said the group then asked, "That if Congress deemed limitations on farm participation in price support inevitable and \$50,000 is the ceiling that the Congress believes is necessary - then we would like to see the \$50,000 amount for non recourse loans to any one farmer applied only at the time the loan is called."

"This means that a farmer could obtain recourse loans in excess of \$50,000 during the marketing year but he would be required to reduce his loan balance by the end of the marketing year to a maximum of \$50,000," Pfeiffenberger added.

"Our group is still strongly opposed to price support limitations, but the outlook in Washington is dim and if they are to be instigated, we feel such a program as this would at least help our members," Smith explained. "Recent publicity on huge farm surpluses has caused a build-up of public opinion that has been expressed to Congress-

WASHINGTON AND 'SMALL BUSINESS'
 BY C. WILSON HARDER

It is sometimes difficult, if not impossible, to follow government logic, if indeed logic does prevail in the first place.

The nation is in a fight against any further inflation. This fight is supported by the solid element of the country as repeated polls on this question of the nationwide independent business leaders through the National Federation of Independent Business indicate.

The Federal Reserve Board C. W. Harder is on record as battling inflation. And the Federal Reserve Board has a more than ordinary influence on the nation's banks.

Yet out on the West Coast the banking giants found in this area have started an easy credit promotion that could well add fresh fuel to inflation's flames.

These huge banks are offering consumers credit cards good for purchases at any number of retail establishments. The retailer gets his cash, less a service charge to the bank, and the consumer gets billed for all his purchases by the bank.

If desired, the consumer can pay on a deferred balance plan whereby one-sixth of the outstanding balance is paid each month, at a charge of 1 1/2% per month, or 18% per year interest.

Some of the big department stores have long been using this plan, getting money by pledging accounts receivable for loans at regular commercial rates.

But never before have those presumably august proponents

of thrift, the bankers, gone into huge advertising campaigns to encourage people to buy more and more "on the cuff."

There are perhaps some who will argue this is merely putting the independent merchants on a par insofar as granting credit is concerned, with their huge competitors. On the other hand, it may be working in the long run to their disadvantage.

Because, if this plan works to the fullest extent, a few big banks will not only take over control of all retailing, but in addition, the plan will result in greater concentration of banking resources into a few hands.

As the battle between the giant banks in the West is now being waged, through newspaper advertising, through direct mail, every effort is being made to get people to take out that particular bank's credit card. Obviously, if a person holds a credit card from a bank, it is quite likely that his account will also be transferred to that bank.

Thus, there is being sown in the West not only the seeds of more inflationary buying, but also further massive competition for the independent banks.

But over and beyond that, it is quite a commentary on the times that banks are urging people, at least psychologically, to "spend it before you get it."

Thus, while the Federal Reserve Board makes it difficult for legitimate independent business to borrow money for legitimate reasons, huge banks are embarking on a contrary course.

With their "Diner's Club" type of credit cards, they are urging people to splurge.

Of course, 18% annual interest is quite an attraction.

More Men May Succeed Governor

Wherever you live in Texas, after August 12, a potential successor to the office of Governor will be living near you.

A new law, passed by the 56th Legislature and signed by Governor Price Daniel, became effective on that date. It extends by 13 the number of persons who can legally succeed the governor without a special election. Most of the 13 live outside Austin.

The purpose is to assure the state a chief executive in case of calamitous occurrence, such as a atomic attack.

Previously the only legally designated successors to the governor were the lieutenant governor and president pro tempore of the Senate. Added to those now are the speakers of the House, the Attorney General, and the chief justices of the 11 courts of civil appeals in their numerical order.

Fish Fry Proves Fish Story True

Last week Jack Reynolds, Gene Draper and E. M. Rudd went to San Angelo and fished on the Concho River and as usual brought back a fish story.

The trio caught a number of fish and on Tuesday night had a fish fry at the Draper home. Also present was the George Hill family. Eighteen enjoyed the fish fry and had plenty to eat. In fact, the fishermen must have had too good luck because a number of the fish had to be disposed of Wednesday morning.

men and little hope is now seen of forestalling such a bill as this one on limitations," Smith added.

Pfeiffenberger said that no study on what effect such a limitations measure would have on the entire cotton industry has been made. It could affect our farmers in many ways and we feel it should be investigated more before the measure becomes law, but a study now seems impossible before passage.

The National Cotton Council reported Monday that because of the far-reaching implications and unknown effect of limitations, Senator Stennis (D-Miss.) proposed that no limitation be imposed until Senate Agriculture Committee could study the problem. When this effort failed, Stennis attempted to soften impact of committee action. His proposal would provide that \$50,000 limit would apply only to type of Loans CCC now makes which do not have to be repaid by the farmer. No limit, however, would be placed on amount of recourse loans farmers could obtain from the CCC. Stennis' effort failed in full committee on the vote.

Later, on the Senate floor, Stennis discussed this proposal and urged Senators to study it carefully. The bill is scheduled for action on the Senate floor this week.

Wilson Group Takes South Texas Tour

On Monday, May 25, Pastor and Mrs. James Burnett of Wilson took the recent confirmants of St. John Lutheran Church on a trip to South Texas. Those traveling were Vondal Rinne, Betty Gindorf and Coy Rinne.

The group visited the zoo in San Antonio, as well as the Sunken Garden at the Alamo. On Tuesday morning they toured the campus of Texas Lutheran College in Sequin. Other points of interest were the two Spanish missions in Goliad and some interesting and historical spots in Gonzales.

Their tour concluded with a quick look at the capitol building in Austin. They returned to Wilson late Wednesday afternoon.

nificant milestone in Texas' survival preparedness program," said James H. Garner, acting state coordinator of civil defense and disaster relief. "Continuity of government at all levels is basic to civil defense, and the short line of succession to the governorship here has been a matter of serious concern."

The civil appeals judges represent an extra safety margin since they are scattered geographically over the state. Their courts are located at Galveston, Fort Worth, Austin, San Antonio, Dallas, Texarkana, Amarillo, El Paso, Waco and Eastland.

Senator Culp Krueger of El Paso, long-time proponent of civil defense, introduced the measure, and Senator George Moffett of Chillicothe was co-author. Representative Stanley Boyson of Yoakum was House sponsor.

Mrs. Henry Receives Recipe for Huge Cake

Mrs. J. O. (Avis) Henry received a letter from a friend in Lebanon, Oregon, with a great recipe for strawberry shortcake, that is, if you like lots of it.

The friend, Mrs. L. F. Brinkley, former ElFlada Wise of Lamesa, stated that Lebanon was to celebrate the 50th anniversary of the Strawberry Festival June 4-6.

She and Mrs. Henry met while pulling bolls southwest of Tahoka in 1934 and have kept in contact with each other ever since.

Lebanon is known as the "home of the world's largest shortcake." The huge cake was to be placed on a parking lot and later served to the people. This celebration will also get the Lebanon rodeo underway.

Following is a list of the ingredients used in making the shortcake:

- 750 lbs. flour; 250 lbs shortening; 375 lbs. milk 75 lbs. sugar; 375 lbs. eggs 38 lbs. baking powder; and 2 1/2 gal. flavoring. It is topped with a ton of strawberries

grown in Lebanon and 250 gallons of ice cream.

The baking crew consist of six who work 36 hours to make the cake which serves 5,000 people. Three hours are required to serve such a cake.

Mrs. Henry stated that the number of sheets she had to pull each day at Post Tex Mills is nothing compared to the shortcake of Lebanon.

Cards Continue To Lead Little League

(By Tony Spruiell)
Tahoka Little League games are as good, if not better, than last year. The Cards, winners of the Little League last year, at this time are still in the lead.

Cards over Cubs
Thursday, May 28, the Cards defeated the Cubs 5 to 3 in a very close game. The winning pitcher, Larry Jolly with a record of one win and no losses, gave up three runs on eight hits. The losing pitcher, Terry Brown who has had no wins and one loss, gave up five runs on eight hits.

Yankees over Giants
Friday night of last week the Yankees defeated the Giants 22 to 12. Winning pitcher, Mike Smith who has one win and one loss,

went all the way for the Yankees and gave up 12 runs on six hits. The losing pitcher, Miller with no wins and one loss, gave up 22 runs on 16 hits.

Cubs defeat Giants
Monday night, June 1, the cubs defeated the Giants 10 to 6. Winning pitcher, Anderson with two wins and one loss, gave up six runs on 11 hits. The loser, Stanley Renfro with no wins and three losses, gave up 10 runs on 11 hits.

Cards over Yankees
Tuesday night the Cards defeated the Yankees 12 to 0 behind the excellent pitching of Terry Harvick, who allowed no runs on one hit.

Losing pitcher, Allen Cox, was relieved by Mike Smith. Larry Jolly hit his second home run of the season to be tied with Fin Taylor for the most home runs this season.

Charles Townes and Irene Spears Take City Open Golf Tournament

For the second year Charles Townes and Irene Spears took home first place trophies in the annual City Open golf tournament at T-Bar Country Club Sunday, both defeating the medalists in the men's and women's divisions. Townes topped Robert Harvick, who qualified with an even par of 72, in the tightest match of the tournament one-up on 22 holes. Irene Spears successfully defeated her title two and one over Peggy Elliott, who had taken medalist honors with an 85.

Winner, of the consolation bracket in the championship flights were Red Brown, who took a four and three win over Jake Jacobs, and Jewell Smith over Alta Thomas.

In the men's division G. W. White won the first flight by defeating Gerald Short three and two, while Irving Dunagan took consolation honors over Bill Griffin. Berry Fischer took a three and two match over Reble Thomas to win the second flight and consolation winner was Otis Spears over Jimmy Huey in another close match, one-up on 19 holes.

Eldon Carroll defeated Sonny Roberts to win the third flight while Sam Edwards topped E. L. Short for consolation. Fourth flight winner was Dub Harvick with a six and five victory over Willis McNeil and Charlie Holland won the consolation over Alfred Clark. Two-up. Bill Cathcart out-shot Clyde Ashcraft for fifth flight honors. Johnny Wells defeated Leighton Roddy seven and six for consolation.

In the first flight women's division Gladine Cox defeated Melba Clem and Jeanne McCord won consolation over Corene Cathcart. Mary Wright downed Betsy Wells four and three to win the second flight while Dink Short defeated Fredda Townes three and one for consolation.

Trophies were presented winners, runners-up, consolation winners, and medalists following the final matches Sunday afternoon. A catering service served dinner in the evening at the club house.

A total of 71 men and women entered this year's tournament when play began Sunday, May 24, with first and second rounds being played during the week. Semi-final results follow, al-

though all scores are not available:

Pony League Sees Orioles Leading

(By Tony Spruiell)
Pony League is now in full swing with the Orioles leading the league.

Orioles over Braves
Thursday of last week, the Orioles defeated the Braves 19 to 3 in a wild game played at Tahoka. The winning pitcher was Cervates who pitched three innings before being relieved in the fourth by Tony Spruiell.

The losing pitcher was Craig Leslie, who was relieved by Gary Grogan and Billy Clinton.

Eagles over Red Sox
Also on Thursday night at New Home the Eagles defeated the Red Sox 8 to 4. Adequate information of the game was not on hand at this writing.

Orioles over Eagles
Tuesday night at New Home the Orioles of Tahoka defeated the Eagles of New Home 9 to 0 to lead the Lynn County Pony League with a record of three wins and no losses. The winning pitcher was Andy Bray who went all the way for the Orioles.

The losing pitcher was Billy Kopecy. Bobby Curry hit his first home run of the season and the first home run to be hit on the New Home field.

Red Sox over Braves
On the Tahoka field Tuesday night the Red Sox won over the Braves by a score of 10 to 6. The winning pitcher was Charlie Walton who allowed six runs on six hits. Two of these hits were home runs which were hit by Craig Leslie and Adolf Chapa.

The losing pitcher was Henry Chapa. Chapa, who went all the way for the Braves, allowed 10 runs on 17 hits. Baker hit his first one run of the season for the Red Sox.

Black Cats Leading In Draw League

Tuesday night the Tahoka Boys were defeated 11-8 by the Black Cats, also a local team.

Winning pitcher was Chester Hood. Kenneth Hanes was the losing pitcher. The Black Cats made a rally in the last inning to get four runs on three hits and one error. The error occurred when the Tahoka Boys' first baseman missed a pop fly over his head and the runner on third base advanced on home for a score which tied the game.

Following the first error the pitcher, Hanes, walked three players. Robert Hood came in relief to close out the inning. Tahoka Boys could not possibly get a rally in the seventh and were defeated.

Tahoka Boys are now in second place in the league, and the Black Cats are in first position.

During the last three innings of Tuesday night's game, Jim Green was the only one to get a hit. He now leads the league in home runs and has a batting average of .989.

The Tahoka Boys were to play Draw at Draw tonight, Friday.

Carolyn Hall Weds Edward Dunn Here
(Mrs. T. A. Stone)

Miss Carolyn Hall, daughter of Mr. and Mrs. M. M. Hall of Tahoka, and Edward Dunn, son of Mr. and Mrs. L. L. Dunn of O'Donnell, were united in marriage Thursday, May 21 at 8:00 p. m. at Tahoka Church of Christ with Leroy Cowan, former minister, performing the double ring ceremony.

The bride wore a pale blue suit with white accessories and carried a white Bible and cascade of sym- cium orchids and feathered carnations.

Miss Jolene Sikes was maid of honor and was dressed in all white.

Serving as best man was Charles Holcomb of Lubbock.

The families and close friends of the couple attended.

Mrs. Dunn is a 1959 graduate of Wilson High School. Her husband is a graduate of O'Donnell High School. The couple is now at home at 1511 14th St. Lubbock, in which city Dunn is employed.

Bridal Shower Given Margaret Cawthron
(by Mrs. T. A. Stone)

Miss Margaret Cawthron, bride elect of Olin Pinkston of Falls, was honored with a shower Tues- day, May 26, in the home of Mrs. J. F. Toler.

The bride-elect's chosen colors of pink and white were carried out in decorations. The table was laid with a lace cloth over pink. Milk glass, epergne held pink tea roses. In the center was a minia- ture bride and groom on pink satin streamers with the names Olin and Margaret placed on each.

Hostesses for the occasion were Mmes. J. C. Womack, G. H. Hines, Ira Vaughan, Tom Mason and T. A. Stone.

Miss Cawthron and fiance are to be married Sunday, June 7, in the home of her parents, Mr. and Mrs. A. G. Cawthron at New Lynn. The couple will live in Crosby- ton.

Poppy Sales Are High In Tahoka

The ladies' auxiliary of Tahoka Post 3905 of VFW reports a very successful Buddy Poppy sale on Friday, May 29. Proceeds from the sale amounted to approximately \$120.00.

The auxiliary wishes to extend their thanks and appreciation to the public for the generous re- sponse. Also to the poppy chair- men, Zella Taylor and Vera Gat- tis, and to the girls who worked so willingly and faithfully, namely, Carla McNeely, Judy Connelly, Janis Baurington, Cynthia Park- er, Sue Jones, Sharon Brown and Billy Smith.

Thanks are also extended to Mrs. Avis Buchanan.

A memorial service was held at dawn Saturday, May 30, on the court house lawn. A plaque was placed on the Memorial Monu- ment and the flag was raised by Andy Bray and Larry Price, local Boy Scouts. Tony Spruiell, also a Boy Scout, blew the traps for the ceremony.

Rev. Joe Webb, pastor of the Sweet Street Baptist Church, pre- sented a talk for the Memorial Day service and also gave the closing prayer.

The auxiliary met for a regular meeting Monday night. Next meet- ing will be held Monday, June 15, at 8:00 p. m. in City Legion Build- ing.

Maurine McClellan, president.

Rotary Club Hears Life Stories Of Three Newest Members Thursday

Three new members of Tahoka Rotary Club furnished the program at the club last Thursday noon, the affair being arranged by C. W. Conway.

Dale Thuren, the first speaker, told in a humorous vein of his life up to date. Born and reared in rural Illinois, he said he didn't know there were two kinds of Yankees until after he moved to Texas.

He told of his school days, athletic career, including a "hitch" as

a semi-pro baseball "bum". Entering college during the depression, he worked his way through school, paying \$4.00 per week for board and room and \$18.00 per quarter tuition. After teaching school and coaching, he entered the Air Force and came to San Antonio.

A short time later, he was in Lubbock, where he "fought the battle of Lubbock" while stationed at Reese and South Plains Air Force bases. At war's end, he rented 900 acres of land at Wells, where he farmed in 1946, 1947 and 1948. In 1948, he was one of the few who raised any cotton and ginned the first bale in Tahoka that year.

He entered the farm store business in Tahoka in 1948, which firm he has operated nearly 11 years.

Leighton Knox said he was born at Bowie, and moved to Southwestern Oklahoma as a baby and became an "Okie." He attended a rural school, won the state wrestling championship two years in the 98 pound class and also won the state title in the mile run.

After three years in the Army at Fort Sill, he came to West Texas to operate a farm for the late Claude Tatum, and in 1939 went to work for Tatum Bros. at Econo-

Tech Fraternity Erects Scout Altar

An out door chapel, which will serve as a devotional center for area Boy Scouts, has recently been constructed by 102 members and pledges of the Phi Delta Theta fraternity at Texas Tech.

The chapel, located at Camp Post, Texas, was built as the chapter's Community Service Day project. This is an annual event in which 129 college chapters of the fraternity participate.

The site for the chapel is across a deep ravine from the main camp which is reached by foot bridge. It is a secluded area which has as a background the rugged edge of the caprock rising approximately seventy-five (75) feet.

The altar consists of a partial screen at the back, with an altar and lectern in front. A partially roofed area might be included later for shelter during private conferences or meditation at the altar.

A weather-proof and vandal-proof storage area for hymnals, candles, books, etc. could be furnished at the altar or behind the screened backdrop.

Seating consists of planks bolted onto telephone pole uprights which are implanted into the ground.

The whole aspect is conducive to reverence. Igneous rock, rustic wood, brick, stone redwood and concrete were used in the project.

This is Texas Epsilon's fourth year of Community Service work. The last three years have been spent landscaping the Lubbock Children's Home.

President of the chapter is Bill Dean, junior from Lubbock. Chapter advisor is John Harding, an instructor on the Tech faculty.

The Texas Farm and Ranch Safety Council reminds farm and ranch families that accidents among rural residents start increasing with stepped up tempo of farm activities. Be safe by practicing safety, they urge.

my Mills in Lubbock. He came to Tahoka as local manager four years ago.

Larry Hagood said he was born at Okra, between Sipe Springs and Carbon, lived in Knox county, before coming to Tahoka in 1935. He fought the war in the base at San Angelo, attended Texas Tech a while, and has been farming near here. Recently, he has entered the mutual investments and securities business, which work he finds fascinating.

Harold Green announced that the summer student guest of the Rotary Club this summer will be a young agriculture student from University of Helsinki, Finland.

Rev. J. B. Thompson's Father Is Honored

Rev. and Mrs. J. B. Thompson attended the opening service of the North Texas Methodist conference in Dallas Tuesday.

Rev. Thompson's father, the late Rev. C. B. Thompson was among the deceased ministers honored at the annual Memorial service of the conference.

They were accompanied to Dallas by his mother, Mrs. C. B. Thompson of Throckmorton.

Brother of Local Man Dies Sunday

Funeral services for Ernest Witt, 72, a longtime Lubbock resident and brother of John Witt of Tahoka, were conducted at 2 p. m. Monday in the Rix Funeral Chapel, Lubbock, with J. V. Davis, pastor of the Southside Church of Christ, officiating.

Witt died at 3:15 a. m. Sunday in the Lubbock Osteopathic Hospital following a short illness.

An early South Plains cowboy, he had worked on the Bar-N-Bar and Half Circle S ranches. He had lived in Crosby County from 1896 until moving to Lubbock in 1922.

He held farming interests in southeast Lubbock. A portion of Witt's farm was purchased by the state for construction of the Slaton Hwy. cut-off, which was completed last year.

New Home Plans Homemaking Class

New Home summer homemaking class is to start on Monday, June 8 and continue through June 12.

The sophomores will help teach parliamentary procedure to the freshmen and in-coming freshmen. Summer school will only last one week and will be sponsored by Mrs. Joe Lewis, homemaking teacher.

The girls will give a party to the F. F. A. boys and sponsor on the night of June 12. At that time the group will go swimming and then to the park for supper.

Iron chlorosis, a condition of lawngrasses, and ornamental characterized by yellow or bleached leaves due to iron deficiency, was favorably controlled with powered iron chelate about 85 percent of the time in 78 demonstrations conducted by county agents in Texas last year. Local county agents can supply information on treating plants for iron deficiency.

TO THE CITIZENS OF TAHOKA

My family would like to say thanks to each of you, our many friends of Tahoka, for every pleasant occasion while we worked with the Church of Christ. Our work has started off in a fine way at Amherst and we look forward to making many new friends there but we want to retain you, our friends here. We also appreciate your concern during Frances' illness. We shall continue to remember Tahoka.— Sincerely, Leroy Cowan.

VALUE-RATE the ROCKET

The man who
knows value
goes Olds!

More and more medium-price car buyers who want the most for their money are joining the swing to Olds.

Why? Because they figure up all the extra quality features and conveniences Olds has as standard equipment. They carefully consider the economy of the Rocket Engine... the low-cost maintenance of an Olds... its higher resale value. But most of all they ask themselves...

"Is this the kind of car my family and I will be proud to own... one that will give us the full measure of fun and comfort we want... is this the car whose style will stay in style?"

The overwhelming "yes" can be found in the zooming sales success of the '59 Oldsmobile. See your Oldsmobile dealer today... Value-Rate the Rocket!

Senator Preston Smith

Texans will vote on four constitutional amendments on the 1960 general election ballot. The proposed amendments are the results of 76 resolutions proposing amendments offered during the regular session.

One amendment would increase the 3 per cent ceiling on veterans' land bonds to 3 1/2 per cent, to make the unsold portion of a present \$100 million issue salable.

The "loan shark" amendment, to allow the Legislature to set interest rates above the present 10 percent ceiling, and to classify loans for different interest rates and to license lenders is another proposal to be up for 1960 voting.

House Joint Resolution 3, to fix an annual salary of \$4,800 for members of the legislature, plus \$12 per diem for 120 days of regular session and all special sessions, and limiting the regular session to 140 days.

The fourth proposed amendment to be submitted would authorize creation of hospital districts in Lamar, Hidalgo and Comanche counties, a similar amendment to several one-or-two hospital proposals previously submitted and adopted.

Failing to make the list for 1960 voting were two proposed constitutional amendments that would have authorized issuance of \$300 mil

God so loved the world, that he gave his only begotten Son, that whosoever believeth in him should not perish, but have everlasting life. (John 3:16.)

Why do so many of us wander through this life thinking, acting, talking like hollow men, misunderstanding and being misunderstood?

Why? Does God want us to be cavs on a track leading nowhere? No. To be empty shells? No.

We were put on this earth for a reason: To seek God—know Him—love Him—witness to Him.

Where can we meet Him? In prayer, in God's Word, in other persons.

How can we approach Him? Through Christ.

Does God in Christ really love

us—care about us? Yes. "For God so loved the world that he gave his only begotten Son, that whosoever believeth in him, should not perish, but have everlasting life."

His words beckon: "Come unto me . . . My yoke is easy, and my burden is light."

The yokes of this world are burdensome, but His yoke is a blessing to bear. An early saint, Bernard of Clairvaux, says with so much truth:

"Using Liquid Fertilizer Saves Me Money!"

"By using Liquid Fertilizer I am saving this year about \$1.50 per acre over the equivalent in dry fertilizer. I believe I am getting a more uniform application, and I know it is a lot easier to handle and to put down," says J. A. Pebsworth, Jr., who farms quite a bit of land, both dry and irrigated. He also says he saves money, time and work in his tractor operation and in loading the properly and evenly mixed liquid fertilizer direct from out of tank trailer into his tractor mounted applicator barrels.

We can furnish you any mixture to meet your requirements, delivered to your tractor in the field. Applicator is simple to arrange and to operate, simple to regulate amount of fertilizer, and anyone who can drive a tractor can apply it.

J. A. Pebsworth Jr., well-known farmer, is shown above inspecting the job done by his tractor driver in putting down liquid fertilizer. Anyone who can drive a tractor has no trouble applying fertilizer in this method.

CHEVY BESTS

Independent experts and official facts and figures prove Chevrolet's ahead of its field in seven big ways.

BEST BRAKES . . . In direct competitive tests of repeated stops from highway speeds, conducted by N.A.S.C.A.R., Chevy out-stopped both the other leading low-priced cars—and why not? Chevy brakes are far larger, built with bonded linings for up to 66% longer life. **BEST TRADE-IN** . . . Check the figures in any N.A.D.A. Guide-Book. You'll find that Chevy used car prices last year averaged up to \$128 higher than comparable models of the "other two." **BEST STYLE** . . . Popular Science magazine sums it up: "The fact is, in its price class the Chevy establishes a new high in daring styling . . ." It's the only car of the leading low-priced three that's unmistakably modern in every line. **BEST ECONOMY** . . . No doubt about this: two Chevrolet Sixes won their class in the famous Mobilgas Economy Run, got the best mileage of any full-size car. **BEST ROOM** . . . Official dimensions reported to A.M.A. make this clear. For example, Chevy front seat hip room is up to 5.9 inches wider than comparable cars. **BEST ENGINE** . . . Every motor magazine has given Chevy's standard and Corvette V8's unstinted praise. As Sports Cars Illustrated puts it: "Indeed, this device is surely the most wonderfully responsive engine available today at any price." **BEST RIDE** . . . You'll be able to tell this yourself, instantly. But Motor Trend magazine expresses it this way: ". . . the smoothest, most quiet, softest riding car in its price class."

... you just can't beat **ELECTRIC COOKING!**

Those who enjoy the flavor of fine foods cooked electrically just won't cook any other way. Vegetables are cooked in covered pans using just half a cup of water. Result: healthful vitamins and minerals are "locked in" and food tastes good. Roasts retain natural flavorful juices and shrinkage is less than 15%—and that means money saved.
