PAPERS ARE NEEDED

The News has run short on papers again. We need a few copies of last week's issue, if several subscribers still have a copy laying around the house.—The News Publishers.

40 Boys Working Out For Bulldogs Under Two New Tahoka Coaches

About 40 boys started work-outs Monday morning for the 1959 Bulldog football team under the new coaches, J. D. Atwell and Maurice (Moe) Hodges, and Tom Bartley, who has been in the school system several years.

Actually 48 boys started out, but about eight had already dropped off the squad by Thursday.

The new coaches seemed pleased with the boys' efforts, but declared there is much work to do before the first game here with Seminole Indians on Sept. 4.

There are 10 lettermen back, six of whom were starters last year. Many of the boys are seniors, and the other classes are only moderately well represented.

Tahoka can start probably its heaviest line in history, if the heavy boys come through and can learn to move fast enough and rough enough to make a formidable forward wall.

Some of the leading line candidates are Richard Stice, 231; Dean Elliott, 200; Roy Thomas 171 Glenn Hopkins, a sophomore, 229; Larry Spruiell, 181; and Larry Owens, 150.

Quarterback George Adams, all district last year, has been shifted to fullback. Fred Hegi, 135, and Douglas McClellan, 142, have been running at quarterback. Both were squadmen last year.

Halfback lettermen returning are Kenneth Stice, 168; David Copeland, 158; and Billy Cain, 155. Ronnie Walters, 130; is also a letterman from last year.

During the rough going of this week, several boys have turned up with injuries, including Glen Hopkins, who has a fractured hand; Billy Cain and David Copeland, knee injuries; and Ronnie Walters, hand injury; and a couple of boys are ill with a virus. Otherwise, except for soreness, the boys seem to be doing all right.

Hail Damages Crops In Area

Hail Sunday afternoon destroyed or badly damaged a strip of farming country east of town stretching from the vicinity of the Rufus Slover farm, southeast of Tahoka, nearly to New Lynn, covering an area about ten miles long and from a mile to two miles wide.

Showers the same day ranged up to 2.5 inches measured in an area south and southwest of Gandy's store, six miles east of Tahoka. Gandy measured two inches. Showers that afternoon and also on Monday fell over parts of the Grassland, New Lynn, and Gordon territories. Southwest of town up to as much as .6 was received in the Hagood farms vicinity, but Wells and Newmoore had little rain.

Slover lost about 100 acres of cotton, and also suffering losses were Luther Wood, O. D. Orr, Elvis Philpot, Lonnie Howell, O. E. Eubank, J. R. Lambert, J. L. Scott, Clint Sikes, V. L. Botkin, Wayne and Calloway Huffaker, the Huffs, Ira Vaughn, and a number of others.

Band Practice Begins Monday

Rotary Visitor Back To Finland

Tom Sallinen, guest of Tahoka Rotary Club members the past six weeks, left Monday at 1:30 a. m. for his home in Finland.

He was given a Western send-off by local people. The Rotary Club presented him a Western hat, boots, and levis, and other friends made gifts such as a Western shirt and tie, a hand-tooled belt, etc.

He was accompanied to Lubbock to catch the train Sunday night by Mr. and Mrs. Harold Green, Dr. and Mrs. Skiles Thomas, and Roy Edwards.

The young man is a graduate student in agriculture in the University of Helsinki, Finland. Local people who had him in their homes said he was one of the finest young men that have been brought here by the Rotary Club.

Each summer the club brings a foreign agricultural student here as a gesture on international good will. Others have come from France, Austria, Switzerland, and Belgium.

In third place was Buddy Kaatz, also of Wilson, who had 11 pigs weighing 444 pounds, and his premium was \$18.00.

L. B. Strickland of Tahoka, route 3, was sixth with 11 pigs weighing 387.94 pounds, and his premium was \$2.00.

Kenneth Hart of Post, who attends the Tahoka schools, was 15th, his nine pigs weighed 298.3 pounds and his premium was \$3.00.

His brother, Ronnie Hart, placed 17th with his eight pigs weighing 286 pounds, and his premium was also \$3.00.

Another brother, Sidney Hart, finished out of the money at 24th place because he lost some of his pigs, but his five pig litter weighed 224 pounds.

Mr. Griffin was very proud of the showing made by Lynn county boys in the contest along with many boys from over the area.

Highway Work Starting Soon

Construction work on two farm-to-market roads in Lynn county will be started by the contractor, James C. Kerr of Lubbock, in September, states resident engineer A. W. Partain of Texas Highway Department.

The two projects are:

On FM 1317, grading, structures, base and surfacing from the end of FM 2081 east four miles to Petty.

On FM 2081, grading structures, base and surfacing from U. S. Highway 380 at West Point south to FM 214 at Newmoore.

Mr. Partain explains that traffic will be routed through the construction work. Adequate barricades and warning signals will be prominently displayed, but extreme caution should be used in passing through the area as large highway construction equipment will be in use. Cooperation of the public is requested in obeying all traffic signals and warning signs, Partain said.

Miss Joyce Church Becomes Bride of Tom Harkey In Service At Slaton Saturday

The wedding of Miss Helen Joyce Church, daughter of Mr. and Mrs. Clarence Church of Wilson, and Tom Suber Harkey, son of Mr. and Mrs. H. L. Harkey, Sr., of Crystal City, was solemnized at 8:00 p. m. Saturday, Aug. 15, in the First Methodist Church, Slaton.

Double ring vows were read by Rev. Leonard Garrett, Crystal City, before an altar banked with emerald leaves and white tapers. Baskets of white mums completed the arrangement.

Mrs. R. A. Shaver of Rochester, aunt of the bride, played traditional wedding music and accompanied Gary Clary of Crystal City as he sang "I Love You Truly," "Because," and "The Lord's Prayer."

Given in marriage by her father, the bride wore an original gown of white French lace over net and satin designed with a portrait neckline outlined by scalloped lace embroidered with iridescent sequins and seed pearls. The fitted bodice featured long sleeves ending in sequin and pearl embroidered petal-points. Stemming from a rounded waistline marked by flower appliques of lace, the fully shirred lace skirt was styled with a stiffened lower edge. The immense fullness of lace, net and satin swept into a chapel-length train.

Her veil of silk illusion depended from a bandeau-type cap of lace embroidered with iridescent sequins and seed pearls to match the bridal gown. The bride carried a cascade bouquet of white cushion mums centered with a white orchid.

Miss Linda Dwigins of Anson, cousin of the bride, attended as maid of honor, and Misses Helen Willingham of Albuquerque, N.M., cousin of the bride, Jerene Wuen-sche and Marcia Standefer, both of Wilson, were bridesmaids. They wore identical dresses of Copenhagen blue silk-organza over mist blue taffeta. The dresses featured a scoop neckline, full skirt, and bowed belt. Their headpieces were circlets of Copenhagen blue tulle and they carried cascade bouquets of white cushion mums with blue satin streamers. Short white gloves completed their costumes.

Harold Harkey of Crystal City served his brother as best man, and Jerry Church of Wilson, brother of the bride, served as the groomsmen. James Walsh of Ovalo, cousin of the bride, Hal McGlothlin of Abilene, Jonny Tate of Clyde, and Mike Bayless of Lubbock assisted the guests.

Fellowship hall of the church was the scene for a reception which followed. Miss Neita Hewlett of Wilson registered the guests. Mrs. R. L. Willingham of Albuquerque, Mrs. Clara Dwigins of Anson, Mrs. M. C. Church of Olton, Mrs. J. H. Walsh of Ovalo, all aunts of the bride, Mrs. Jerry

McGehee of Lubbock, cousin of the bride, Mrs. Bob Sanders of Abilene, Mrs. W. P. Jones of Stephenville, Mrs. Jerry Don Ross of Slaton, Mrs. L. A. Coleman, Mrs. Grover Coleman, and Miss Pat Baxley, all of Wilson, assisted in hospitalities.

Following a wedding trip to Ruidoso, N. M., the couple will reside at 4501 42nd St. in Lubbock. For travel, the bride selected a Copenhagen blue pure silk shirtwaist dress. A feather hat of Copenhagen blue, black suede shoes and bag and white kid gloves completed her ensemble. Her corsage was the white orchid which centered the bridal bouquet.

A graduate of Wilson High School, the bride is a student at Texas Tech. The bridegroom graduated from Crystal City High School and received his B. S. degree from Texas Tech. The couple will return to Tech this fall where Mrs. Harkey will continue study for her Bachelor's degree and Mr. Harkey will work toward his Master's degree.

Baseball Boys Play Champions

Four Lynn county boys who attended the Big State Baseball Camp which closed at Meridian last week went to Monterey, Mexico, over the week end for a series of games with the former World Champion Little Leaguers.

Two teams from Big State went to Monterey, one a team of boys of Little League age. Randy Allen, Steve Greer, and Elton George played on the Big State Little League team, and Taylor Knight played with the boys of Pony League age. Alton Greer accompanied the group.

In a three game schedule with the Monterey Little League team, world champions in 1957 and 1958, but disqualified this year on account of a technicality, the Big State boys lost all three games, but gave the World Champions a run for their money.

In the first game Friday night, Monterey won 2 to 1. In the second

game Saturday, Big State had Monterey 3-3 at the end of six innings. In the top of the seventh, Steve Greer hit a home run to take a 4-3 lead, but Monterey tied it again in the bottom of the seventh and scored again in the bottom of the eighth to win. Sunday afternoon, Monterey took a 5-0 victory.

As a result of Steve's home run, he was featured in a picture in the Monterey El Provenir, daily newspaper.

Monterey's Pony League team was playing in the National contests, but Taylor Knight played on the Big State team against Monterey's second team, and Big State won all three games by scores of 8-3 in the first, about 9-4 in the second, and 14-4 in the last.

Alton says all the Lynn county boys made a wonderful showing with the Big State teams.

Today's MEDITATION

The World's Most Widely Used Devotional Guide

The Upper Room

C THE UPPER ROOM, NASHVILLE, TENNESSEE

Blessed are the merciful: for they shall obtain mercy. (Matthew 5:7)

The word beatitude means "blessing." It has a higher content of meaning than either happiness or well-being. Thomas Carlyle once said, "If you find blessedness, you can dispense with happiness."

In regard to this beatitude of mercy, we are to take divine mercy as our pattern. God's mercy is no more sentiment. His mercy is based on His fatherhood. In mercy, God has compassion on man's lowly sinful state. In mercy, He sent Christ into the world. The whole story of God's mercy is so beautifully expressed in John 3:16: "For God so loved the world, that he gave his only begotten Son, that whosoever believeth in him should not perish, but have everlasting life."

This mercy of God to us we must reflect to our fellow men. Mercy is the quality that prompts us to affection for persons and service to them. It brings also in its train healing for ourselves. "Blessed are the merciful: for they shall obtain mercy." Thorough mercy given to others, we ourselves receive mercy from God.

PRAYER

Blessed Father, give to each of us the spirit of mercy. We thank Thee for Thy mercy to us in the giving of Christ, our Lord and Saviour, to suffer on the cross for us and to assure our salvation. As we remember Him, lead us to show mercy to others. In the blessed Redeemer's name. Amen.

THOUGHT FOR THE DAY

"We do pray for mercy; and the same prayer doth teach us all to render the deeds of mercy."—H. D. Rans (Ontario)

"Previously Owned by a Little Old Lady..."

Surprisingly, that gentle little old lady who never drove over 30 miles an hour was really tough on her car's motor. The fact is that start-and-stop driving at low speeds means the motor doesn't warm up enough for its own good. Sludge forms in the motor oil. Damage to the engine will result.

Most of us do a lot of start-and-stop driving these days, and that's why it's wise to protect with Phillips 66 Trop-Artic Motor Oil. It flows quickly in a cold engine... resists sludge formation... then keeps on protecting your motor on long, hot drives.

Trop-Artic is an all-season oil. Get it from your Phillips 66 Dealer.

Miss Janice Coleen Sales, Troy R. Cartmill Marry in Ceremony at New Lynn Church

Miss Janice Coleen Sales became the bride of Troy Ray Cartmill in a candlelight ceremony read at 8:00 p. m. Friday in New Lynn Missionary Baptist Church. The Rev. Jack Courtney read a double ring service for the couple.

Parents of the couple are Mr. and Mrs. M. E. Sales, Post, and Mr. and Mrs. J. H. Cartmill, Post. Given in marriage by her father the bride wore a gown of Chantilly lace and tulle of taffeta designed with a Sabrina neckline accented with pearls. The fitted bodice was fashioned with long petal-point sleeves and her bouffant floor-length skirt was detailed with alternating tiers of lace and tulle. Her fingertip veil was attached to a hat of seed pearls and sequins. She carried an arrangement of feather mums interspersed with pearly pink hearts and centered with an orchid.

Miss Ann Sales of Lubbock, sister of the bride, was maid of honor. Other feminine attendants were Mrs. D. K. Waldrip of Lubbock, sister of the bride; and Miss Bobby Richards of Lubbock, cousin of

the bride. They wore ice pink cotton satin sheath dresses complemented with net overskirts. They carried pink satin heart arrangements with petal pink gladioli and Boston ivy.

Best man was Darrell J. Burbaker of Blackwell, Okla., brother-in-law of the bridegroom. Jackie Carpenter and Corkey Ammons seated guests and lighted candles.

Flower girl was Brenda Brubaker of Blackwell, niece of the bridegroom. Wedding music was presented by Misses Leatrice Justice and Nancy Courtney.

The subsequent reception was held in the home of Mr. and Mrs. S. B. Mathis in Post, aunt and uncle of the bride, guests were served by Miss Minnie Lee Mathis and Mrs. Don Sales.

Mrs. Cartmill is a graduate of Southland High School. Her husband graduated from Post High School and served in the United States Army. After a wedding trip to Ruidoso, N. M., the couple will be at home at 3007 Ave. X in Lubbock where he is employed at Wilkerson's Wholesale.

A Past Chief Club was organized. Officers elected were president, Gladys Cobb; vice president, Pauline Warren; secretary, Bernice Carter; and reporter, Nina Short.

Rainbows Initiate Two New Members

Tahoka Rainbow Assembly No. 234 had initiation Monday, Aug. 17, at which time Anna Lee Biggerstaff and Andra Sue Carroll were initiated into the order.

Mrs. R. C. Carroll from O'Donnell was a visitor along with many

majority of its inhabitants, many of them dressed in the garb of the old days, and no sooner had we alighted from our coaches than pandemonium broke loose. A band of desperados attempted to rob the bank dispersed after a gun battle that would make today's T. V. westerns look like child's play.

At 9,300 feet elevation the town is air conditioned by nature and coats and sweaters were much in evidence. We ate a buffet lunch in the ball room of the Grand Imperial Hotel which was built in 1882 and was the showplace for the gold and silver kings from London to San Francisco and where the great Lillian Russell once sang. An original oil painting of her hangs in the master stair landing. The head waiter was dressed ala 1880, long tails, side burns, etc.

The trip back down in the afternoon is easier on the little engine since Silverton is more than half a mile higher than Durango and to those who ride the train of yesterday it is truly a journey across the years—seventy years back to the world of today. I want to do it again!

Legion Post Has New Set Officers

The American Legion had another barbecue and business meeting recently.

New officers nominated were Martin Wuensche Jr., Wilson, Commander; Carl Griffing Jr., Vice Commander; Tom Gill, chaplain; Allyn B. Cox, Adjutant; C. W. Conway, service officer; Albert Curry, custodian, and Dwan Jones, sergeant-at-arms. With these new officers the Legion is looking forward to another successful year.

Regular meeting night has been changed from the first Monday to the fourth Monday of each month. The change was made to avoid a conflict with the Methodist Men's meeting date, thus allowing the Legion to have two meetings this month.

All Legionnaires are urged to attend Monday night, August 24, at 8:00 o'clock and greet the new staff of officers for the coming year.

The retiring officers, C. W. Conway, commander; Rayford Smith vice commander; Jess Gurley, adjutant; and Lewis Allsup, sergeant-at-arms, wish to thank all members for their good work and cooperation for the past year's Legion work: a job well done. The post is now over a hundred men strong—more now than the post has had in over ten years.

Peggy Halameick, Larhea Great-house and Jan Thomas returned to Tahoka Wednesday from Denton where they attended the last six weeks of summer school at Texas Women's University.

Clint Sikes went down to Meridian over the week end for Mrs. Sikes and girls, who had been there visiting her mother, Mrs. Ada Davis.

Mrs. Sidney Fallin underwent an appendectomy in Tahoka Hospital Saturday. She was dismissed Wednesday morning.

Rev. James Burchfield, Amarillo, was admitted to the hospital Friday. He was dismissed Sunday afternoon.

Mrs. Joe Sanders' condition remained as serious in the hospital where she has been a patient for several weeks.

Mrs. R. C. Coppedge was admitted to the hospital Sunday as a medical patient. She was dismissed Tuesday.

County Agent Bill Griffin and Guest From Finland Speak At Rotary

Two interesting speakers, Tom Ballman of Finland and County Agent Bill Griffin, appeared on the program of Tahoka Rotary Club Thursday noon of last week.

Ballman, here as the summer guest of the club under a program carried on the past five years had expected to present a complete program, but he was called on to make the return trip to Europe sooner than expected.

The young man almost choked up in expressing his appreciation for the wonderful opportunity given him by the Tahoka club to come to the United States. He said he likes Texas very much and the people here were the nicest he had ever met. Things that impressed him the most, he said were our sense of humor, having kind words to say about one another, and the nice ladies.

He said he would become the first farmer ever to grow cotton in Finland, and laughingly declared he would send his product back to Roy Edwards' compress, since there are no compresses in Finland.

He expresses special thanks to Harold Green, chairman of the committee responsible for bringing a student from Europe here each summer, the six families with whom he stayed during his six weeks here, Herb Carter and wife for their courtesies, and Club President Mitchell Williams.

Dale Thuren, in introducing Bill Griffin, said this is Bill's 12th year as county agent here, that

he is one of the best county agents he has had contact with, and that he is an outstanding expert on entomology, particularly that phase dealing with cotton insects. He called attention also to the fact that Bill had been recognized nationally with the Distinguished Service Award of the National County Agents Association and currently is vice president of the Texas Association.

Griffin gave a thorough discussion of cotton insects, illustrating his talk with samples of the insects with which this area is concerned.

He said this has been a light insect year, especially fleahoppers and thrip because of the early rains, high winds and hail.

However, this year a new insect has appeared on the local scene usually native to Arizona and California, the cotton leaf perforator or miner, which has appeared on early June cotton plants. The insect is a maggot and later a fly, and its work causes the cotton leaves to dry and drop off the stalk. He said some farmers had confused this infestation with bacterial blight, which causes spotted cotton.

Bollworm infestation so far, which is our greatest threat, has been light, although some eggs are being found.

Principal other late season harmful insects are cabbage looper and the leafworm.

When to apply control measures is important to the cotton farm-

REV. AND MRS. BRYAN MOCK AND SON

Missionary To Bolivia Will Speak To Assembly of God Tonight

Featured in the missionary program of the Tahoka Assembly of God Church today, Friday, will be the Rev. and Mrs. L. Bryan Mock, who have recently been appointed by the Assembly of God to serve as missionaries in Bolivia, South America, the Rev. H. C. Lonis pastor, announced today.

Rev. and Mrs. Mock are graduates of Central Bible Institute, Springfield, Missouri. Rev. Mock has also attended the St. Louis Institute of Music and Amarillo College, Amarillo, Texas. He is a piano instructor and was a member of the Amarillo Symphony Orchestra

for two years. Recently the Rev. Mock has been engaged in both pastoral and evangelistic ministries in the United States and Cuba. In his services he illustrates his messages with chalk talks and music.

Radio evangelism in Bolivia will be discussed in the special missionary rally. Bolivia is a comparatively new field for ministry to the Assemblies of God. The first mission station was opened in October 1946. Today there are more than twenty Assemblies of God Churches in Bolivia and have a total average attendance of one thousand at their main services. Three national worker's training centers are in operation and twenty Bolivian nationals are engaged in full time ministry.

Rev. Mock is now traveling in the United States with his wife and one year old son. They will leave in a few months for Bolivia, South America, to begin their first radio program.

Rev. Lonis extends a cordial invitation to the public to hear the Rev. and Mrs. Mock. The services will begin at 8:00 p. m.

er, he declared. If we learn to identify the beneficial insects we can save a lot of money on control measures, as unnecessary poisoning knocks nature out of the balance.

Beneficial insects are good to the point where they can control the harmful insects.

Among our most beneficial insects are the beetle, the big-eyed bug, the ladybug, and flowerbug, or oris, the most beneficial of all insects because it feeds on bollworm eggs, small bollworms, and lice, the damsel fly, lacewing fly, wasps and ants, and assassin bugs.

However, he says, some of the harmful insects are becoming immune to poisons, as the fly did to DDT. Especially, thrip and fleahoppers are becoming immune to low dosage. The cabbage looper has been resistant to poison seven or eight years.

He also cautioned on the danger of phosphates (parathion, and methel-parathion, poisons to humans and all warm-blooded animals. These should not be applied with ground applicators, but by airplanes, as these poisons may be absorbed through skin, gets into the bloodstream, which results in critical illness or death to the person affected. With care, malathion can be applied by ground machines.

He said the county has 100,000 acres of old cotton, 70,000 acres of early June cotton, and 10,000 acres of late June cotton. Without rain, he predicted the crop at about 105,000 bales.

Two Chevy middleweights prove their rawhide stamina!

Top hands on high-country hauls!

Ask any trucker who's been over Wolf Creek Pass, 10,850 feet up in the San Juans: a 9-mile pull to the summit and low gear all the way down. Mr. C. H. Phillips of Alamosa, Colorado, has a 6403 and a 6503 Chevrolet truck that are up over this route the year round, taking sheep and beef to pasture, later marketing the stock in Denver. In less than a year, his Chevy middleweights have averaged about 50,000 miles of

this kind of treatment—and they're going stronger than ever! Watch Chevy trucks at work out in range country. It's a sight to see the way they pack into high-up mountain pastures and handle through brush and rock like a cowman's favorite cutting horse. Take any truck work for that matter. Chevy middleweights probably handle a bigger variety of jobs than any trucks alive. About anything you name, includ-

ing work that used to be reserved strictly for bigger rigs. When a truck's built the way a Chevy is, lean-muscled and rawhide-tough, it takes to ugly trails the same way most trucks roll over the highway. It just keeps going, without a big to-do, but looking good every mile of the way. How they do it is your Chevrolet dealer's department. He'll be glad to supply details and specifications on the type of models you need.

No job's too tough for a Chevrolet truck!

Lynn county farmers are having their troubles, one after another. But, pity the poor Central Texas farmers. Last week's Moody Courier reports the bollworms have "mooched it up" in McLennan and Bell counties, and boll weevils are now showing up. Bollworms are hard to control with poison, and one pessimistic farmer at Moody had predicted the cotton crop will not make a bale to twenty acres.

Andy Bray, 14, has been a very active boy athletically. He weighs 140 pounds and is a high school freshman. He has shown fine possibilities in football, basketball, and baseball. He had a wonderful

record as a Little League and Pony League player. This season, the lost one pitching for his Pony League "lefty" had won eight games and a game team, and had a batting average of .631 percent.

Then, it seemed, the roof fell in. Just as Tahoka All-Stars were getting ready to go into area play-offs, the ace Tahoka pitcher, Andy Bray was in a little car accident which injured his hand. But, of greater concern, the doctor in examining him, found he had a heart murmur. Sent to a specialist, he was put to bed or confined to his room most of the time until a more thorough examination and test could be completed to determine the exact amount of damage to his heart. For an active, athletic and mischievous boy this was terrible. For his dad, an ex-great football line-man at SMU and for 6 years in pro football ranks this was a terrible disappointment. For his mother, just off the operating table herself; his sister Marla, suffering a broken arm; big brother, David, who had his own troubles—this was nearly the last straw for one summer of misfortune.

Friday night, all was happiness in the Bray household. Dr. Gordon, the heart specialist, sent Andy out for football with his blessings. Thorough tests had revealed Andy had slight damage to his heart from rheumatic fever, or something, in the past. A protected life of extreme care might be more harmful to the youngster than an athletically active life, "Forget the whole matter and enjoy living," the Doctor told Andy.

And, a promising young man in his youth can now look to the future.

Is it possible to write 25 words and misspell all of them? Well, Borden Davis received this letter a few days ago from some prankster, with one penny enclosed:

Bordin Davies Tir & Tubbe Chop, Citi.

Dear Sir: Pleas assipt this hear on painmt uf mi akkount. i wil tri tu paid a sum mor effin i mak mutch krop. Yourn Truelle, (Sender failed to sign name.)

Dun & Bradstreet says: Ninety-five percent of all failures in business are from the ranks of non-advertisers. Only five percent of those who fail are advertisers."

We're going to hear some more stories from some businessmen because of the fact that they will soon be loaded up with another bookkeeping chore as a result of new tax laws passed by the recent Legislature. The boys spent a lot of time at Austin figuring out something to tax but little or no time figuring out means to save money.

J. L. Cunningham, 731 W. 8th Freeport, writes: "I enjoy the paper very much. I'm feeling fine. We are just about straightened up since the storm."

"Why didn't you have such and such in the paper?" we are frequently asked. Well, we just print what news we hear or you, our readers, send us. To get all the news and make a better paper, we need YOU to tell us the news.

A pleasing personality and a sense of humor will go a long way toward replacing lack of ability or education.

We're glad to note Congressman George Mahon voted for a strong labor control bill. Senate majority leader Lyndon Johnson is due to seek a weakened bill to placate the Union bosses. And, Senator Ralph Yarborough is obligated to Union Labor and Union bosses and will vote for a weak bill, if any, or whatever the same bosses dictate. Coupled with his refusal to help retain the bracero program, doesn't look to us like he's doing much for the farming country. But, he's the man a majority of Lynn county farmers supported for senator.

Ulcers are caused not so much by what you eat as by what's eating you.—Cheer.

Made a little mistake in the story last week about Britt Robin son, 11, the expert trapshooter. He shot in Denver against shooters from a bunch of states, but actually the Southwestern Zone is composed of just eight states, Arkansas, Colorado, Kansas, Louisiana, Missouri, New Mexico, Oklahoma, and Texas.

Thelma Oliver, the high muckety-muck of the Pythian Sisters in Texas in making her visits to Temples over Texas last week visited Greenville, Sherman, Denison, and Weatherford, and J. B. tagged along to keep her company.

J. B. says that in Greenville they ran into Mrs. Maurine Eck, formerly Maurine McNatt, home demonstration agent of Lynn county about 17 years ago. Her late husband, Col. Sam K. Eck, once stationed at Reese Airforce Base, was killed in a plane crash about 12 years ago, and left her with three fine children.

Someway, Col. Eck had in his possession when he died a golf trophy, which Mrs. Eck sent by the Olivers to Charles Townes, assistant postmaster here. The large silver trophy was the Service Team Trophy won at the Sweetwater tournament in May, 1942, by a team from Lubbock Army Flying School (now Reece) composed of Townes and three other golfing service men.

They say that Calloway Huffaker stopped at a roadside Florida watermelon market the other day while vacationing in that state, and asked, "What's the price of this cantaloupe?" The clerk, looking at the Texas license plate, wittingly replied, "Take your finger off that olive!"

What we are is God's gift to us. What we become is our gift to God.—Louis Nizer in Brooklyn Law Review.

Washer* DISHWATER HANDS

Lovely hands, aren't they? So different from dishwater hands. When you wash dishes by hand — they should be in 150° water for two minutes — think what that does to your hands — even with gloves on. You end all this with an electric dishwasher. Your hands will be smoother, softer, leveler. Manicures will last longer, too. Don't have dishwater hands — have lovely dishwasher hands.

ATTENTION! HUSBANDS
Remember how lovely her hands were before you made a dishwasher out of her? Well, don't let her be a dishwasher — buy and hubby's wages to run it. It'll be 11¢ a day.

Letters to Editor Editor, The News:

I should like to thank The First National Bank for its advertising plugging patronage of home business institutions.

I can understand why some peo-

ple may go away from their home town occasionally to purchase merchandise they may need. But, in most cases, there is no excuse for this. Some business in Tahoka—all of whom pay taxes for support of institutions every citizen needs—either has in stock or can get anything any average citizen might want.

Would you live in a town without schools, churches, C. of C., or merchants who would not contribute to any and every worthy cause that comes along? Don't you think they deserve your support, too?

What burms me up is that, after paying state, county, city, school and other taxes, we see some of our county officials, some of our city officials, and a lot of our school

Mrs. J. L. Gray Writes The News

In a letter to The News, enclosed with \$3.00 for subscription, Mrs. J. L. Gray, 1050 McKinnley Ave., Woodland, Calif., sends her best to all here. She states, "I always look forward for Tuesday to get my paper."

Recent visitors of the Grays were Mr. and Mrs. Charlie Boswell of Tahoka, and Mr. and Mrs. H. M. Boswell of San Saba. The Boswells also went to El Paso to visit Mr. and Mrs. Charles Johnson.

HAMILTON'S HAVE VISITORS HERE LAST WEEK

Mr. and Mrs. W. A. Waits of Lott, Fall county, were here last week visiting her parents, Mr. and Mrs. W. S. Hamilton, and brother, Ed Hamilton and family. They left for home Sunday.

Also here were Mrs. C. B. Fitzpatrick, sister of W. E. Hamilton, and her daughter, Mrs. Vernon Harrison, all of Elgin, and another daughter, Mrs. Claude Marshall and husband and their daughter, Pattie, all of Corpus Christi.

teachers going to Lubbock to buy clothes, groceries, appliances, automobiles and what not.

If they can't trade here, why don't they move to Lubbock—or the town they like to trade in. I don't think I'm radical, but I'm getting a little tired of paying the freight for drones.

How about it, school boards, county commissioners, city council?

Is it unjust for the local taxpayer to ask for your employee's trade? I don't like to scratch your back unless you are willing to scratch mine occasionally. I've got a big investment; your employees have little or none. Me and others are making these folks jobs possible.

ELMER BLANKENSHIP

WHAT'S BEHIND THE SOIL CONSERVATION STAMP?

The soil conservation postage stamp issued on August 26, 1959, commemorates more than a quarter of a century of intensive work to protect and improve our most valuable natural resource—the soil. Formally released at Rapid City, South Dakota, at the 14th annual meeting of the Soil Conservation Society of America, it is the world's first commemorative soil conservation stamp.

Issuance of the stamp is a tribute to farmers and ranchers who have put to use such soil and water conservation measures as those shown in the stamp design—terracing, stripcropping, pasture improvement, pond construction, tree planting.

It is a tribute to the nation's soil conservation districts—locally organized by landowners to marshal all possible effort toward stopping erosion and building up the productivity of the soil. It is a salute to State and Federal scientists and technicians who have carried out research, found better ways of protecting the land, and help landowners carry out conservation plans. It is an expression of gratitude to those carrying on other programs—such as education, credit and cost sharing—that have helped farmers and ranchers install conservation improvements more rapidly.

The silhouette of a city in the background is a reminder of the common concern of city people and farmers for the care of the land—our primary source of food, shelter, clothing and wildlife.

In coordination with the official release of the stamp, Lynn Soil Conservation District will hold its annual "Farm Tour" on the 26th of August. The tour will start from the Court House in Tahoka at 8:30 a. m.

Construction is almost completed on the concrete water storage tank planned on K. R. Durham's ranch. Several of these structures are planned in Lynn County under the Great Plains Conservation Program.

Mrs. King Tells of Arkansas Trip

Mrs. J. O. King of Wilson writes interestingly below of a recent trip she and her husband made to Arkansas:

On Aug. 2, we left Wilson for Arkansas with our daughter and son-in-law, Mr. and Mrs. G. P. Bailey and sons, Jim and Ronnie, of Odessa, on their vacation, and our 55th wedding anniversary (Aug. 4).

We drove through Oklahoma, entering Arkansas at Fort Smith, driving on to Fayetteville, then on through the Ozark Mountains to Mountain Home, where we stopped for the night.

Then, at big Lake Norfolk, we rented a cabin, and the Bailey family took boat rides on the lake and fished.

Then we moved down close to the White River, and Pen Bailey caught three medium sized trout the last Saturday we were there. No one was catching any fish, too hot, they said.

The Baileys then took us up in the mountains and forests, where we saw the log cabins of the pioneers. Some of them were very old, crumbling and falling down. Some few had stayed and the descendants were still there, but most of them had sold out to cattlemen.

Our son-in-law's father and family lived in the mountains about 1921.

We went to Bull Shoals dam while there, and crossed Lake Norfolk on a ferry. The State Highway has to ferry the public across the lake because there is no other way to cross the lake there.

We had a grand time with them on the vacation and saw lots of country, good highways, beautiful trees, and wonderful scenery, coming home through Oklahoma and stopping with Rev. J. Paul King and family.

We came home Aug. 12, and the daughter and son-in-law and children went on to Amarillo to spend a few more days of their vacation.

Charles Propst, senior pre-med student in the University of New Mexico, has been visiting his parents, Mr. and Mrs. J. A. (Jess) Propst at Grassland. He formerly attended Post High School.

CITATION BY PUBLICATION THE STATE OF TEXAS

TO: JOHNNIE WATERS, Defendant, Greetings:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock a. m. of the first Monday after the expiration of 42 days from the date of issuance of this citation, the same being Monday, the 14th day of September, A. D. 1959, at or before 10 o'clock A. M., before the Honorable District Court of Lynn County, at the Court House in Tahoka Lynn County, Texas.

Said Plaintiff's petition was filed on the 31st day of July, 1959. The File number of said suit being No. 2441. The names of the parties in said suit are: Velma Ronell Waters as Plaintiff, and Johnnie Waters as Defendant.

The nature of said suit being substantially as follows, to wit: The same being a suit for divorce, custody of the parties' minor child, to wit, Malanie Ann Waters, and for child support for said minor child, wherein said petition for divorce the Plaintiff alleges that only one child was born of her marriage union, as above named and that there is no community property owned by the Plaintiff and Defendant. The grounds for divorce alleged by the plaintiff being that the Defendant disregarded the solemnity of his marriage vows, and his obligation to treat the Plaintiff with kindness and forbearance, and Defendant commenced a course of unkind, harsh and tyrannical conduct towards the Plaintiff over a period of time, and until about December 26, 1958, when the Defendant, without cause or justification, abandoned the Plaintiff, and the parties' minor child, and fled to parts unknown, and that the Defendant was guilty of such excesses, cruel treatment, misconduct and outrages toward the Plaintiff of such a nature and degree as to render their further living together impossible and insupportable; Plaintiff is further asking for custody of the parties' minor child, and for child support payments from the Defendant in an amount which the Court may deem just and fair, until said minor child reaches the age of 18 years, as is more fully shown by Plaintiff's Petition on file in this suit.

If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

Issued this 31st day of July A. D., 1959.

Given under my hand and seal of said Court, at office in Tahoka, Texas, this the 31st day of July A. D., 1959.

people who are at home with **QUALITY** choose **GAS** appliances

Enter the home where choices are made strictly on the basis of quality, and the chances are excellent that you'll find a built-in Gas range in the kitchen. That's because people who are concerned enough to evaluate, discover that a Gas range offers superiority in two ways. The range itself combines precision accuracy with complete automation. And GAS, as a five-flame fuel, does important things that no other fuel can do. It consumes cooking vapors so that you can enjoy closed-door smokeless broiling. With Gas there's no warm-up wait when it's turned on...no lingering heat when it's turned off. And only an instantly responsive Gas flame permits perfect control of the subtle variations in temperature that mean so much to the taste and texture of foods. Gas is the choice of people who insist upon quality at any price...and it's incidental that Gas costs from five to eight times less than any other fuel. Where the Guest is truly appreciated...GAS belongs.
