Traditionally, the preparations for Christmas are guite feverish. Preparing the decorations for the home and the tree, the extra hours that go into selecting and preparing good things to eat, the sometimes-perplexing problem of choosing the right gifts, and remembering everyone that we should-all of this has become "traditional," And still, an afterglow to all the merri-ment, Christmas Day usually ushers in comparative peace and quiet, a time when in stlent reflection, the majority of us come face to face with the true meanings of Christs and the spiritual blessings that attend the season.

The totals show that from 1940 to 1958 there was a drop of only 5 per cent, from 45 down to 40, who make their living from agriculture.

As for income, agriculture is second only to oil. The income from agriculture in 1958 was \$1.9 billion; from oil, \$2.9 billion and others that stood high in our economy were salaries and wages to employees of manufacturing firms, \$1.7; insurance premiums, almost \$.8 and railroad

## THE CHURCH FOR ALL . . .

ALL FOR THE CHURCH The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily. Book Chapter Verses Day 100 Sunday Psalms 1-5

# HURCH?

1 Bell in the

Most of us take hymns for granted—until the eager mind of a child asks, "Why do we sing in Church?" And then we have to grope for the right answer ...

It isn't that God prefers singing to other kinds of worship. We know He is concerned with sincerity, not melody.

And we don't sing simply because we are happy. In trouble and sorrow we have turned to a favorite hymn for strength.

Nor do we sing in Church merely because we like to sing. That would seem a self-centered sort of worship.

We sing because sacred music has beauty, feeling, reverence. It is a fitting expression of our faith in God. And we sing because the message of a hymn reaches the soul of the singer and the heart of his neighbor—as well as the throne of God.

Singing star Teresa Brewer gives Santa an important Christmas assignment-the delivery of a United States Savings Bond to each of her four children. The lovely recording artist, whose inimitable style has thrilled millions on radio and television, thinks that the now better-than-ever Savings Bonds make ideal Christmas gifts for children and adults alike. "They are the present with a future," Teresa says, "the one that keeps on giving." She recommends Savings Bonds to all Americans as the ideal Christmas gift.
