SPORTS

O'Donnell Wins In Pony League

For the first time in six years, a Tahoka team failed to win the Lynn County Pony League championship this year as the pennant was snatched in a come-from-behind effort by the pre-season favorites, the O'Donnell Dodgers.

The Dodgers trailed the New Home Eagles for most of the season, but were able to defeat the New Home team for the first time during the last week of regular season play to move into a tie for first place and set the stage for a one game championship playoff Monday evening.

In that game, played on the neutral Tahoka field, the Dodgers spotted the Birds one run in the first inning and then tied the score in the second. The tie lasted until the sixth inning, when O'Donnell tallied four runs and then exploded for six more in the seventh to take an 11-1 victory.

Most of the coaches in the league favored O'Donnell to win before the season started, but the strong team fielded by New Home caught everyone by surprise. After losing the opener to Wilson, the Eagles began to methodically mow down the other teams, winning many of their games by large margins and seemed to have the title in hand until the Dodgers caught them in the final week.

Cooper, playing in the league for the first time this year, also put on a strong finish and came from far back in the pack to grab the number three spot in the standings. The Tahoka White Sox were the real surprise of the league as they fell all the way from a three-way battle for first down to fourth place in the last two weeks of the season. The Wilson Red Sox finished in fifth place and the defending champion Tahoka Braves dropped to last place.

Final Standings

Team	Won	Lost
O'Donnell Dodgers	12*	3
New Home Eagles	12	3
Cooper Colts	8	7
Tahoka White Sox	7	8
Wilson Red Sox	5	10
Tahoka Braves	1	14

All-Stars Picked By Pony League

Lynn County Pony League coaches met last week and selected the all-star team to represent the league in the play-offs.

New Home led the selections by placing four boys on the team, while O'Donnell placed three along with getting both alternate positions. The White Sox landed three boys on the squad with Cooper and the Braves getting two each and the Red Sox one. All-star team members are: Cooper Colts, Amando Acebedo and Johnny Neal; Tahoka Braves, Gene Walker and Robert Montemayor; Wilson Red Sox, Ronald Warshaw; New Home Eagles, Francisco Guajardo, Wayland James, Jimmy Fillingim and Ronnie Farr; O'Donnell Dodgers, Frank Olvera, Ronald Brownlow and Eddie Knight; Tahoka White Sox, Larry Durham, Joe Calvillo and James Sayles; first alternate, Gary Beach, O'Donnell; second alternate, Louie Amaro, O'Donnell.

Deadwoods Win Bowling Session

The Deadwoods was the only team in the Mixup League to win four games Saturday night as they defeated the Johnny Rebs. Virgil Haley was high for the winners with a fine 182 game and 493 series. Gaylon Tekell had high game of 164 and Sue Tekell high series of 443 for the losers.

Wayne Tekell led the Aces three games past the Old Pros when he rolled a 186 game and 500 series. Wayne Price led his pros with a 196 game and 523 series.

The Gem Dandys and the Night Owls split two games each. Vera Harston paced the Gem Dandys with a 172 game and 432 series. For the Night Owls, Sue Armontrout had high game of 190 and Helen Lee Peek high series of 471.

HUBERT TEINERT MOVES TO SOUTH TEXAS CITY

Hubert Teinert and family are moving this week to Victoria, in South Texas, where he will go to work for the Alcoa Aluminum Co. Hubert has lived at Wilson since five years of age and doesn't expect to get used to being away real soon, but hopes they will like that area. He sold his farming equipment last February.

WHOOPEES—The 47,000-acre Aransas National Wildlife Refuge, 75 miles northeast of Corpus Christi, is the November-through-March home of the only flock of wild Whooping Cranes in the world today.

White Sox End In Fourth Place

The Tahoka White Sox of the Lynn County Pony League pulled off the greatest collapse since those walls fell down at Jericho a few years back, as they won only one of their last six decisions and fell from a six won-three lost record and the thick of the championship fight to a final season record of seven wins and eight losses and fourth place in the league. Their only consolation after such a disappointing finish was the fact that they owned victories over both O'Donnell and New Home—the two teams that finished the regular season in a first place tie. And last Friday night, the Sox nearly succeeded in knocking the eventual champions, the Dodgers, out of contention in the regular season finale. The Tahokans put a scare into their southern neighbors before finally losing a wild one by the score of 14-12.

Final batting averages for the White Sox are as follows:

Player	AB	H	AVG
James Sayles	45	28	.577
Joe Calvillo	49	21	.429
Danny Martinez	50	20	.400
Willie White	29	10	.345
Larry Durham	48	16	.333
Robert Garza	30	10	.333
Martin Warren	53	17	.321
Cliff Gardner	37	7	.189
Jim McCord	30	5	.166
Willis Burr	8	1	.125
Simon Rodriguez	7	1	.143
John Saldano	8	1	.125
John Rodriguez	14	0	.000
Jerry Edwards	5	0	.000

Bowling League Competition Close

Following Wednesday night's bowling competition in the Go-Getters league, the Lane Raiders advanced to first place, the Confederates dropped to second and the Eight Balls hold third place. Anything can happen as there are only eight games difference between first and tenth places.

In last week's play, the Keglers won three from the Lane Loafers. Harold Crooks led the winners with a 174 game and 434 series. High for the losers was Gayland James with a 181 game and 489 series.

The Sometimes won four games from the Good Guys behind Dick Turner's 196 game and 493 series. Nona Nieman led the losers with a 171 game and 461 series.

The Eight Balls took three games from the Confederates with

WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

For several months now, the U.S. State Department has been quite upset. It seems among the officials an anti-communist was found, and since this most unwelcome discovery, every effort has been exerted to remove this blot on the escutcheon.

In fact, by the time this is printed, it is possible that Miss Francis G. Knight may no longer be the State Department head of the passport division. As last C.W. Harder reports she has been stripped of some authority in this area. Miss Knight has been accused of very unorthodox beliefs. She just does not believe that an American passport should be issued to a known communist.

Her refusal on occasions to do so, even despite a Supreme Court ruling to the contrary, has made her quite unpopular with many of her superiors.

Now of course, her refusal on occasions to issue a passport to a known communist has caused some to say she is a reactionary. Apparently she is an American, and perhaps the nation has now reached a stage where the appellations of American and reactionary are synonymous, especially if the American also happens to be anti-communist.

This whole weak kneed attitude of the State Department is perplexing to most citizens.

Printed on any American passport issued is the information that the document is no good for travel into several communist areas, including Red China, the communist controlled portions of Vietnam and Korea, Cuba and Albania. Incidentally, this foolish the State Dept. has about tiny Albania is a curious one.

In addition, it is clearly stated that if an American goes into these areas he will be prosecuted.

So college students have flocked to Cuba with the expenses picked up by the Castro government. Three men, one of them a Yale professor, in the past few months, went to North Vietnam, and according to all reports even made anti-American speeches over radio Hanoi.

Now, of course, on their return, it could have perhaps been expected that a U.S. marshal or two would be down at the port to greet them.

But at the last report, they are still walking around free as birds, and presumably cheering the communist line as they learned it in Hanoi.

It perhaps should be in order at this point to comment extensively on these most peculiar situations.

On the other hand, further discussion is perhaps redundant, although it might be asked if the State Dept. is so sensitive to the feelings of communists, why are American boys dying in Vietnam?

Lynn Is Paying High Tax Price

(Special to The News)

New York—Taxpayers in Lynn County are paying a high price for the benefits their area receives under the various Federal aid programs.

Out of every dollar in aid received from Washington—for public housing, welfare, education hospitals, roads, urban development and the like—the cost to them is \$1.04.

That is how much they have been contributing toward the aid programs through their income and excise taxes.

And this does not include the amount the community has had to put up in the form of matching funds for local projects.

The findings are based on a state-by-state examination of Federal grants-in-aid made during the past fiscal year. It was conducted by the Tax Foundation, a non-profit organization whose purpose is to serve as a watchdog on public spending and taxation.

Its study shows that residents of 18 states paid more in Federal taxes toward the aid programs than they received in aid. Those in the other 32 states got back more than they put in.

In the State of Texas as a whole, approximately \$560,000,000 of the Federal taxes collected went into the aid programs and \$540,200,000 came back in grants. A breakdown indicates that Lynn County residents contributed \$625,000 of this total and that its share of grants was approximately \$601,000.

There is no attempt on the part of the government to provide Federal aid on a dollar-for-dollar basis. The money is allocated according to need and to desirability from an overall standpoint, it is explained.

The scope of the aid programs has expanded rapidly in recent years. There are now several hundred separate programs in operation, with a budget of \$14.6 billion for fiscal 1967.

Senator Robert F. Kennedy, in a speech last month, urged communities to become more familiar with the benefits available under these programs.

He pointed out that many localities were passing up chances to tap these Federal funds because they were unaware of what was being offered and, in some instances, because they didn't bring enough "initiative and ingenuity" to bear.

With a steadily rising population in the State and Nation goes a mounting demand for wood and the thousands of products made from wood.

Trees are a crop, according to the Texas Forestry Association. Trees grow, are tended, and harvested like any other farm crop.

**PRINIER'S
INK-LINGS**

One of our loyal readers suggests that we send the following to our President, Supreme Court Justices, bureaucrats, and lawmakers—It's the "American Creed":

"I believe in the United States of America as a government of the people, by the people, for the people; where just powers are derived from the consent of the governed; a democracy in a republic; a sovereign Nation of many sovereign States; a perfect union, one and inseparable; established upon these principles of freedom, equality, justice and humanity for which American patriots sacrificed their lives and fortunes.

"I therefore believe it is my duty to my country to love it; to support its Constitution; to obey its laws; to respect its flag; and to defend it against all enemies."

Well, you send it to them; we don't believe our ravings are having much effect.

The Printer knows of a good paying job here in Tahoka for some man who has at least 60 semester hours of college work, a car, and doesn't mind working for

a government agency. See us and we'll put you on the track.

J. E. Nance says he saw a sight one day last week such as he has not seen in many a day—a sight which many grown young people have never seen. Down at Newmoore, he saw Jude Taylor plowing out a maize field with a two-row cultivator pulled by a team of mules. It seems Jude acquired this fine pair of mules as a sort of a link with the past, and he was probably out working them at a job for which they were built.

Mrs. Madeline Hegi calls attention to something unusual that has developed voluntarily among local high school students. Recently, a group of students met and formed a sort of youth council for the purpose of promoting good citizenship, good will, and school spirit among students.

We had two errors in last week's account of the Lynn county pioneer reunion. Mr. E. H. Cunningham, 87, was one of the winners of the eldest man award, not Mr. J. H. Kuykendall, who has been dead several years. And, we're informed, Mrs. J. L. Hill, the eldest lady, is 87 now and will be 88 in September, although she wishes she were 84, as The News stated. We're sorry, folks.

July Fourth has a little special meaning to the Gaylon Tekells. Their oldest of two children, Staci, age four, was born on July 4th.

We've never heard Rev. Robert Brown, O'Donnell Methodist pastor, preach but he's a frequent visitor with us here at The News and we have found he is one of the most interesting conversationalists we know. One day recently he was citing the many things a good pastor must do in addition to preparing for and preaching two sermons on Sunday. In the conversation, he expressed the opinion that a pastor could do more good out on the street mixing with the men and boys of his town than he could do in the pulpit. We think he has something there.

SCS Head Appreciates Special Edition
Editor, The News:

We have received a copy of your conservation edition and have read it with a great deal of interest. It is a good one both from the standpoint of conservation advertising and conservation benefit stories about the work of the Lynn County Soil and Water Conservation District.

The soil stewardship article by Rey Aubrey White of the First Methodist Church was timely and inspiring. Conservation articles by several local agricultural agency representatives provided useful information to readers. We were especially impressed by the article on parallel terracing by Joe Brooks, President of Tahoka Young Farmers.

Results from efforts such as these are intangible and difficult to evaluate; they are nonetheless essential if our natural resources are to be properly used and conserved for the future. We appreciate the part you are doing in this vital work.

Sincerely,
H. N. Smith, State Conservationist, Soil Conservation Service, Temple, Texas.

Easter Seal Drive Help Appreciated
Dear Editor:

This is for the 14,395 crippled children and adults whose names are on the patient rolls of affiliates of the Texas Society for Crippled Children and Adults and whose current source of pride is the collection of 1966 Easter Seal Campaign stories, clipped from your paper.

The agreement is unanimous; the Tahoka Lynn County News is a very special friend of the disabled.

Our patients thank you for the financial help you have fostered through your thorough and accurate reports of the Easter Seal Program in Texas. The assurance is theirs that treatment will continue in the year ahead.

And then they say thanks for the understanding you have persistently conveyed to your readers. This, perhaps most of all, bolsters their conviction that independence—for each of them—is in the offing.

Sincerely,
Lloyd J. Gregory,
Publicity Chairman, Texas Society for Crippled Children and Adults, Dallas, Texas.

HERE FROM CHICAGO

Mrs. Odis (Ruby Nell) Pendleton Jr. of Chicago left for home Tuesday after spending a week here with her parents, Mr. and Mrs. Clarence (Red) Denzy. Ruby Nell's little son remained with his grandparents as his daddy expects to get a vacation in about a month and come by and pick up the little fellow. The Denzy's served barbecue Monday to a number of both colored and white friends, as has been their custom on the Fourth of July for many years.

Travis Stuart of Lubbock, a former Tahoka cotton buyer, was here Monday visiting old friends.

The family of Mrs. C. S. (Ada) Allen want to take this time to say "thank you" for the flowers, cards, food and the words of sympathy and to thank Martin and Billie White for being so kind during the loss of our beloved wife, mother, and grandmother. Also we would like to thank Dr. Thomas, the nurses of Tahoka Hospital, and the Tahoka and Slaton nursing homes and the people who came to visit during the 8½ years of her confinement. Tech Coaches Honored Here

"We have been making such Red Raider Club meetings as this for six years, and this is the finest and most enjoyable reception we have had anywhere," Assistant Coach John Connally told the crowd last Thursday night at the program session of the first annual coaches' visit sponsored by the new Tahoka Red Raider Club.

"Tahoka Club raised its \$1,000 in support of Tech athletics in 30 days, and I've been using your town as an example at other towns over the area to demonstrate what a small club can do," stated Leete Jackson, executive vice president of Red Raider Clubs.

Both statements brought loud applause from the Lubbock visitors, and local people believed they meant it.

Fifteen coaches and others from Lubbock attended the meeting.

Local golf players joined the visitors in matches at T-Bar Country Club during the afternoon.

About 60 people attended the barbecued steak dinner which followed at the Mel Leslie ranch "line camp" near Tahoka Lake with the Mayor as host. Steaks and other food, declared by the visitors the best they had ever eaten, were prepared by Evon Wilson, city water superintendent, and "Red" Denzy, long known for his cooking ability.

Following the dinner, the group returned to T-Bar party house,

where Athletic Director Polk Robinson outlined Tech's program in general. Coach Connally told of football prospects and Assistant Basketball Coach Charles Lynch told of the cage prospects, and Leete Jackson outlined the Red Raider Club program. Coach Burl Bartlett narrated game highlights as color movies were shown.

Burl Huffman, baseball and freshman football coach, was the last speaker and came up with one of the famous home-spun humor talks for which he is so well known.

Maurice Small, local Red Raider Club president, and Clint Walker also spoke briefly.

The day's visit and program was featured by a lot of good-natured banter and kidding which the visitors seemed to enjoy.

About the only Tech staff members not present were Coaches J. T. King and Gene Gibson.

A number of New Home Tech boosters turned out for the meeting and joined the local Red Raider Club.

Mr. and Mrs. J. O. Reed and Judy returned Friday night from a two-weeks' vacation trip through the western states to the Pacific coast.

Reeds Make Trip To West Coast

They visited the Grand Canyon and Las Vegas, Nevada, and then went to Vandenberg AFB in California where their son and brother, David, is stationed. David acquired a seven-day leave to visit and sightsee with his family before returning to the base.

The Reeds went to Los Angeles and the Wax Museum, Disneyland, visited relatives in San Jose, Santa Cruse, San Francisco and Chinatown. On their way home, they stopped in Phoenix, Arizona, for a visit with relatives before returning to Tahoka.

Mr. Reed is manager of the Tahoka Co-op Gin.

LOCAL PEOPLE ATTEND READS' ANNIVERSARY

Mr. and Mrs. W. T. Luttrell, Mrs. A. Z. Sewell, and Mrs. Louis McKay, all of Draw, attended the Golden Wedding anniversary open house of Rev. and Mrs. J. W. Read in their new home at Happy last week end.

Rev. Read retired last month after having served as pastor of Draw Methodist Church.

At the observance, the couple had a "money tree", a thorny mesquite, on which friends attached gifts of paper money.

Mr. Shelby Parnell, an official from the state mental hospital in Big Spring will be featured on the program for Thursday night. He will present a program on narcotics. Also included Thursday will be a recording with colored slides entitled "The Gospel According to Ray Charles".

The week will be climaxed Friday night with the showing of a feature length film about a young jazz musician: "Face the Music". Preceding the film, a humorous skit on smoking will be presented and following the film, a shaving cream fight is scheduled.

The pastor of First Baptist Church, Rev. Jim Turner, will lead in a brief devotional period each evening. Activities will end each night at 9:30 except for the closing session on Friday which will be over about 10:30.

Teen Seminar Begins Monday

A week-long series of "Teen Seminars" sponsored by the First Baptist Church for all teen-agers and college students in the area, will begin Monday evening at 7:30 in the fellowship hall of the church. A varied program of special interest to young people will be presented each night with the primary emphasis being placed on contemporary moral problems. Also, each evening, refreshments will be served and a period of recreation scheduled.

Included on the program for the opening session Monday evening will be a report: "Facts About Alcohol" and a film: "Mechanized Death," presented by the Lubbock office of the Department of Public Safety. Tuesday, Rev. Tad Corbet, Baptist Student Union Director and an instructor at South Plains College will lead a discussion on "Sex and the Christian Attitude" and a film entitled "Teen Queen" will be shown.

On Wednesday, Major Asa Hunt, protestant chaplain at Reese Air Force Base, will talk to the boys about what to expect in military service while the girls will enjoy a style show presented by Marshall-Brown Department Store and a review by Mrs. J. C. Womack of the book, "That Girl In Your Mirror" by Vonda Kay VanDyke, Miss America of 1965. Following a coke break, there will be panel discussion of questions submitted by the teen-agers. The panel will be composed of Mrs. Womack, Major Hunt, the pastor, Rev. Jim Turner, and Mrs. Harold Reynolds.

Mr. Shelby Parnell, an official from the state mental hospital in Big Spring will be featured on the program for Thursday night. He will present a program on narcotics. Also included Thursday will be a recording with colored slides entitled "The Gospel According to Ray Charles".

The week will be climaxed Friday night with the showing of a feature length film about a young jazz musician: "Face the Music". Preceding the film, a humorous skit on smoking will be presented and following the film, a shaving cream fight is scheduled.

Mrs. Pearl Calloway Attends Boston Rites

Mrs. E. E. (Pearl) Calloway of Abilene was here Wednesday visiting friends.

She had been to Amarillo to attend funeral services on Tuesday for Mrs. U. J. (Mary) Boston, sister of the late Dr. Calloway, who died suddenly on Monday at her home in Amarillo. Mrs. Boston formerly owned land in the Dixie community.

Mrs. Calloway also visited in the home of Mrs. Boston's son, Dan Boston, and family. Mrs. Dan Boston is the former Miss Margie Howard, niece of Mrs. Frank Hill and Mrs. Harley Henderson, who as a girl spent one summer here and visited numerous other times with her cousin, Patricia (Hill) Jacobs.

ATTENDED REUNION

Mr. and Mrs. D. R. Proffitt attended a reunion of the Proffitt families held last Sunday at the City Park in Hico. D. R. says there were a lot of kin there and some pretty tall tales told.

Visitors here last week end with Mr. and Mrs. J. T. Brice were Mr. and Mrs. Jack Brice and children of Dallas and Mr. and Mrs. Hollis Brice and children of Midland.

CARD OF THANKS

I would like to express my sincere appreciation to everyone for their prayers, cards and visits during my stay at the hospital. Your kindness will always be remembered.—Mrs. E. A. Howle. 1tp.

We also refer you to these farmers who have used TRI 40—

Doyle McFerrin, Dimmitt, Texas: Cotton fertilized with Tri-40 had yield of 213 pounds per acre more than cotton not fertilized, an increase of \$55.00 per acre for a small investment of about \$5.00 per acre. I will certainly continue to use TRI 40.

Jerry Wilhelm, Nazareth, Texas: After spraying maize with one gallon TRI 40 per acre, in the boot stage, really too late for maximum results, we increased our yield 700 pounds per acre on a 55 acre test plot over that not fertilized with TRI 40.

Harold Rogers, Lovington, N. M.: Best maize we have had in years. TRI 40 is a good product, friend!

J. D. Shamburg, Seagraves: Harvested 130 bu. peanuts per acre on TRI 40-fed peanuts, an increase of \$25.00 per acre. Also had amazing results on my cotton. From here on, I am going to use TRI 40 all the way.

Tom Birchfield, Dodson, Texas: You won't believe the results—and I got an earlier maturity on my cotton.

Kenneth Hudson, Dodson, Texas: I will recommend TRI 40 to anybody, anytime, anywhere.

We can refer you to many other farmers using TRI 40.
