## 500 ATTEND ANNUAL MEETING

### R. L. Davis, of Maple, Is New President of Electric Co-op

The annual meeting of the members of the Bailey County Electric Cooperative Association was held in the Muleshoe High School auditorium, February 12. Approximately 500 people including members and visitors were present.

Rev. V. P. Whitfield, pastor of the Longview Baptist Church gave the invocation.

Joe Harbin, Secretary-Treasurer gave the financial report and then reported on some of the activities of the Cooperative. He pointed out that the Cooperative had initiated a remedial program for the employees, built a shop for hot stick equipment and oil circuit recloser repair, and spent money for other things. The purpose of all this, he added "is just to give the members better service."

Merrill Riggen, REA representative from Lubbock gave a report on "Use of Electricity and How It Effects You." He pointed out how the cost of materials, labor and equipment had gone up in the past 20 years, about 300% but that the same rates for electricity were being used today as in 1940.

**REAVLEY WAS SPEAKER**

Tom Reavley, attorney for Texas Electrical Cooperatives, former Secretary of state and probably a candidate for attorney general in 1962, made the main address. From the comments by the members it was one of the best speeches heard in these parts in a long time. He talked about cooperatives and the state legislature. He pointed out how adversely the Texas Legislature had acted and had evaded doing anything about a change in the rural electric act in Texas.

A nominating committee for 1961, consisting of Jack Little, Eugene Black, Morris McMillip, W. T. Millen, and Lester Howard were elected.

R. J. "Skeeter" Brock, and Chester Setliff were elected as board members.

After the meeting the board met and elected R. L. "Mutt" Davis, of Maple as its president. E. W. Locker, Route 2, Muleshoe, as vice-president, and Joe Harbin, Route 1, Muleshoe, as secretary-treasurer.

**NEW BUILDING IS NEARING COMPLETION**

A building to house the Mills Machine Shop, Inc., should be finished by the end of the month, Les Mills, manager told The Journal.

Weather unfavorable for outdoor work the last several weeks has delayed completion of the building, which is located on Friona highway.

**Council Manager Form Selected By Charter Group**

The Charter Study Commission of the City of Muleshoe met Tuesday night to determine the type of government to be recommended in the Home Rule Charter which the group is writing.

Following considerable discussion, the Commission adopted the Council-Manager type of government. According to Commission Chairman Sam Fox, this type is preferable because it places the direction in the hands of elected councilmen and the mayor, and the administration duties under the office of a full time city manager for more efficient government.

Committees were then appointed to study various aspects of the Charter and to report on their findings at the meeting set for next Tuesday evening.

Fox said the Commission is hopeful of announcing their findings on various phases of the charter as each committee brings back its report.

A full report of the salient points of the proposed charter will be announced prior to the calling of an election by the taxpayers of Muleshoe.

"We welcome suggestions," Fox said, "for this charter will be the guide book for the future administration and growth of our city."

### Mrs. Morgan Is Candidate For Re-election

Mrs. Tom Morgan, who is seeking reelection as County Commissioner for Prec. 1, has issued the following statement to the voters:

TO THE VOTERS AND CITIZENS OF PREC. NO. 1:

I take this means of formally announcing my candidacy for the office of County Commissioner, Precinct 1, Bailey County, Texas, subject to the forthcoming Democratic Primary.

I am now filling out an unexpired term of this office, having been elected to same, and sworn into the office November 4, 1958. I am now asking for my first full elected term.

Since serving as your County Commissioner, I have attempted to save you the tax payers, money, and believe if you will only examine the records that you will find this to be true, at the same time I believe that I have rendered you the service you so justly deserve.

Since becoming your County Commissioner, this Precinct now has more money to spend on its roads, due to a new rule adopted by the Commissioners Court, allocating 25% of all Roads and Bridge Taxes, and County Car plate funds, to each of the Precincts.

This Precinct has a great many short roads, as well as the usual section line roads, since the town of Muleshoe has been growing in population, and many roads have been added, therefore the need grows greater each year to keep these roads in a good state of repair. As your County Commissioner, it has been my aim to keep all these roads in good condition, without running the precinct in debt. In this respect I want to say that I have not contracted any debts since taking over the office, and have kept all bills paid.

I sincerely want your vote for County Commissioner, and will appreciate same from the bottom of my heart, but I want your vote based on my service to you as your County Commissioner. I hope that I have rendered you the service you so much deserve, that will enable you to re-elect me.

I hope to see each of you before election day, but in case I should fail to see you personally and solicit your vote, please take this announcement as a personal request for your vote.

Sincerely yours,  
Mrs. Tom Morgan

### On Research Staff

Paul M. Belcher will assume duties as Laboratory Technician at the High Plains Research Foundation, Halfway, February 15.

Mr. Belcher comes to the Foundation after several years experience in the field of agriculture. He grew some of the first sesame produced in Texas in 1953. For the past few years he has conducted tests with grain sorghum, cotton, corn, soybeans and sesame on his own farm near Garland, Texas.

Mr. Belcher will assist Dr. Earl Collister in conducting research with grain sorghum, cotton, corn, soybeans and sesame and other crops. In announcing the addition of Mr. Belcher to the Foundation's staff, Dr. Tom Longnecker, Director stated that Mr. Belcher's years of practical experience in agriculture would be of value in the Foundation's program.

Evangelist for the revival is Rev. Homer Martinez, Fort Worth; singer is James McGinley.

### Letters to the Editor

Dear Editor:

The convictions that lead me to write this letter is the product of meditation.

On my heart is the increasing threat of communism in our great home, America. That our fore fathers fought and died for our freedom so free and I might live under a free enterprise system, and that we might go to church and worship as we please. Under communism these things would not be possible. Do we want this in America?

Every true American wants to run their businesses as they see fit and not have government men telling them how and what to do. American people who were thrifty and wanted to do something on their own, did well before the yoke of government controls and high taxes were put on them. If our socialism is a step toward communism, the relentless pace of communist aggression throughout the world is all too apparent to thinking Christian Americans.

We should become aware of the presence of communism in our own lives threatening the very freedoms and truths which are the cornerstones of our republic.

It is my conviction that God has charged us who do recognize the vicious intent of communism to destroy his church to stand in its defense. My Bible clearly reads, "He that is not for me is against me." Communism is against religion, and my God.

It is the duty of every citizen of the United States to oppose those who would destroy our precious heritage of freedom and truth.

Mr. J. Edgar Hoover has written a book on communism, "Masters of Deceit". This book should be in every home and every school library.

Muleshoe had two well informed men to speak on communism and socialism. Not many were interested enough to go hear them.

Every person should go hear Billy Hargis at three o'clock on Sunday evening, February 28th at the high school auditorium in Muleshoe. Mr. Hargis is well informed on what is going on in our country concerning communism and socialism. He was formerly a pastor, but gave this up to organize a bulwark against communism called "Christian Crusade".

Will we be more interested and concerned about football, basketball, and bowling than to inform ourselves?

We who are interested in keeping America free know what is happening, and how some of the politicians in Washington and through the country are selling out our beloved nation to socialism and communism.

Every American should fight to keep America free and vote for men who believe in free enterprise, and who we know are against communism and socialism.

Sincerely,  
Mrs. R. D. Pouncey  
Muleshoe, Texas.

### Case Is Census Crew Leader

Carl Case of Muleshoe has been appointed crew leader for Bailey and Cochran Counties in the 1960 census, it was announced today by Harold Sneed, Bailey County chairman for the Republican party.

Mr. Sneed said that Mr. Case soon will announce his enumerators.

He said that 9 enumerators will be appointed for Bailey County and 7 for Cochran County. Mr. Sneed has been accumulating applications and now has about 30 on file.

The district office in Lubbock will conduct tests for these applicants before March 7, it was said, and the census will begin about April 1.

### TO TALK MARKET PROSPECTS

### Texas Sesame Growers Announce Meeting For Farmers February 26

Texas Sesame Growers, Inc. will hold a special meeting in Muleshoe Friday, February 26 to help farmers of Bailey County plan their 1960 sesame crops. Robert L. Parker, executive vice president of the organization, announced today.

The meeting will be at 7:30 p. m. in the meeting room of the new Leigon Cafe with J. E. Adams, County Agent, in charge. The meeting is sponsored jointly by Gilbreath Seed and Grain Company of Muleshoe and Texas Sesame Growers, Inc. of Muleshoe.

Parker will be on hand to discuss crop and market prospects for 1960. He will be accompanied by Bill Wimbley, manager of Texas Sesame Growers, Inc. High Plains plant at Muleshoe, and Red Hodges, Sesame field man.

"Market prospects for the sesame which will be produced this year are the best in several years," Parker said.

He pointed out that two factors combine to make the market bright this year. The first is that sesame seed consumption in this country is increasing, and the second is that the 1959 crop, both in the U. S. and in South Central America, was shorter than expected last year.

"These conditions combine to put us in a very good market position this year," Parker said.

"New producers are using an ever increasing amount of sesame seed, and more new uses are being found all the time. Any way we figure it, it is going to take more sesame to supply the demand in 1960."

## Study Club Will Sponsor Nurse

"If there is a girl in Muleshoe High school wishing to become a nurse the Muleshoe Study Club would be happy to sponsor her." This was brought out during the regular business meeting of the club which met in the home of Mrs. Lee Pool on February 11. This meeting was called "Service through Knowledge".

Mrs. Thurman White, club president, presided over a short business session. Mr. Sherman Sweatmon gave a report on the Charn School recently held here as a club project. She reported a total of 78 women attended. The club made a profit of \$390.00 on the school. The money will be used for the several different scholarships given by the Texas Federated Womens clubs. This year's project for Texas is to give as many scholarships in nursing as possible. If there is a girl in the Muleshoe High school wishing to be a nurse contact Mrs. Thurman White in order to obtain the information needed to qualify.

Mrs. W. Q. Casey was elected as president for the next two years by acclamation. The new officers for the next term are as follows: Mrs. W. Q. Casey, president; Mrs. J. G. Arnn, 1st vice-president; Mrs. John Farley, 2nd vice-president; Mrs. Gilbert Lamb, secretary; Mrs. Sherman Sweatmon; treasurer; Mrs. Ralph Douglas, parliamentarian; and Mrs. Thurman White, critic.

## Kemp and Howell Take Vows

Miss Jerre Jeanette Kemp, daughter of Mr. and Mrs. W. A. Kemp and Gideon Robert Howell, son of Mr. and Mrs. G. F. Howell all of the Y. L. community, were married in an impressive informal ceremony on February 10, in the Methodist Youth Chapel, Rev. L. C. Read performed the double ring ceremony.

The bride was given in marriage by Billy Joe Morrison, the "best man." She was wearing a lovely light beige faille suit. The suit was accented with pearl necklace and earrings. The bride's bouquet was red and yellow roses and she carried a white bible.

The tradition of something old, new, borrowed, and blue was carried out by the bride. Something old was a 1940 penny and something new was her bible. Something borrowed was her pearl earrings and something blue was a blue garter.

Betty Morrison, wearing a blue suit, was matron of honor and Billy Morrison was the best man for the occasion. Mrs. Dale Winders, sister of the groom, played the "Wedding March". The immediate family and close friends were present for the wedding.

After the wedding the couple left for a trip to Clovis, N. M. They will make their home in the Y. L. community where Mr. Howell is engaged in farming.

Both Mr. and Mrs. Howell are graduates of Muleshoe High School. Mrs. Howell was a student at New Mexico State University.

## Coffee Is Given For Former Residents

A lovely coffee was given in the home of Mrs. Chet Horsley on Saturday afternoon, Feb. 13 honoring Miss Juanita Smiley and Mrs. W. C. Cox of Munday. The ladies are former school teachers of Muleshoe.

Coffee and angelfood cake were served to Mesdames Jack Beddingfield, Jerry Kirk, John Watson, Ed Johnson, Eldon Page, Clifton Finley, Finis Kimbrough, J. S. Horsley, W. B. McAdams and the hostess.

Ideal books at The Journal.

## Former Residents Visit In Muleshoe

Out of town visitors over the past week-end, February 13 and 14, were Mr. and Mrs. W. C. Cox of Munday, Mr. and Mrs. J. E. Adams of Odessa and Mrs. Clarence Goins of Floydada. They are all former residents of Muleshoe.

W. C. Cox was elected superintendent of schools in Muleshoe in 1930 and he held that job until 1946. Mrs. Cox taught the first grade here.

J. E. Adams was elected county judge in Muleshoe in 1929 and held that office until 1937.

Call CHERRY HOYBOOK, Phone 5400

Mrs. Goins husband, who is deceased, was manager of Higginbotham-Bartlett Lumber Co. in Muleshoe from 1928 until 1946.

The home of Mr. and Mrs. W. B. McAdams was open to all the out of town visitors and their friends Saturday night. They talked about Muleshoe when it was fairly young and of their experiences.

Refreshments of coffee and cake were served to Mr. and Mrs. J. E. Adams, Mr. and Mrs. W. C. Cox, Mrs. Clarence Goins, Mr. and Mrs. Ray Griffiths, Mr. and Mrs. Joe Dameron, Mrs. R. L. Jones and the

host and hostess, Mr. and Mrs. W. B. McAdams.

The same group were in the home of Mr. and Mrs. Ray Griffiths Sunday. A lovely dinner was served and pictures of the group were made. A wonderful time was had by all, it was reported.

## OES Initiates At Lodge Hall Tonight

A called meeting of Muleshoe Order of Eastern Star will be held tonight for the purpose of initiation.

The meeting will be held in Masonic Hall at 7:30 o'clock.

Hostesses for the occasion were Mesdames E. O. Gregory, Lavayne Williams, L. E. Bratcher, Evelyn Smith, Mary Scoggins, Wanda Sanders, Hazel Gilbreath, Lona Embry

**Catholic Ladies To Aid Children's Home**

The Immaculate Conception had their regular monthly Ladies Rosary-Altar Society meeting Tuesday evening, February 16 in the pastor's study.

The meeting opened in the Immaculate Conception parish church with a common recitation of the Rosary, a prayer to Mary, composed of one Our Father and ten Hail Marys each, arranged in three series of the Joyful, sorrowful and glorious truths of Christianity with each series having five decades; then the group recited the Angelus Prayer.

They retired to the Pastors study for their business session and the club resolved to assist the Catholic Children's Home in Panhandle with food and other necessities, to hire domestics for the parish church and finance the altar appointments.

**Allison and McKinstry Visit Hoisington, Kans.**

Mr. and Mrs. Oscar Allison and daughter Nan, and Mrs. Sam McKinstry left Muleshoe Saturday morning, Feb. 13 to visit in Hoisington, Kansas in the home of Mr. and Mrs. Harrison McKinstry and Mr. and Mrs. Willis Stopkol.

They attended the wedding of Beth Lee Stoskopf, Beth Lee's mother and Sonny Allison are cousins and grew up together in Hagerman, N. M.

A Kansas snowstorm almost interrupted a safe return home on Sunday. The Allisons and Mrs. McKinstry had started home and they had to fairly creep over the ice covered highway all the way from Hoisington to the Texas state line. They saw wrecks and stranded cars all along the way as a result of the storm. They finally reached home late Monday and were glad to be back in Muleshoe.

### Inspections Set Snail's Pace In Bailey County

Motor Vehicle Safety inspections in Bailey County have slowed to a snail's pace as only 265 vehicles were inspected during January.

The inspections brought the total checked since September 1, when this year's sticker went on sale, to 1331 or 25 percent of the 5200 registered vehicles in this county.

Captain Alan Johnson, Supervisor of the Motor Vehicle Inspection Service in this region of the Texas Dept. of Public Safety has urged vehicle owners to have their vehicles inspected as early as possible to avoid delays in the last minute rush.

In past years crowds during the last few days before the deadline have lined up for several blocks waiting to get into the inspection stations.

The safety inspection sticker which must be on all registered vehicles operated over public streets, roads and highways by midnight, April 15 may be obtained at any of the 5 approved vehicle inspection stations in this county.

### Wayland Science Fair Set For March 10-12

Plainview — Initial plans for the six-county Wayland Science Fair, set for Mar. 10-12 under the sponsorship of the Science Department and Science Club of Wayland Baptist College, have been announced by Muerner S. Harvey, assistant professor of chemistry and chairman of arrangements for the event.

Held annually at Wayland, the Science Fair will draw entries from students in Hale, Bailey, Cottle, Floyd, Lamb and Motley Counties. Three divisions of competition: elementary, including entries from grade one through six; junior, grades seven through nine; and senior, grades ten through twelve, will be included.

Applications for entering displays may be secured by writing Mr. Harvey at Wayland. These forms must be completed and returned to him before March 5 deadline. Exhibits demonstrating principles, procedures and applications of any field of science and mathematics will be accepted for display.

Industrial firms may also display or demonstrate scientific applications at the fair by contacting Mr. Harvey.

### FISHING TRIP IN MEXICO

### Two Local Students On WTSC Honor Roll

Canyon — Two students from Muleshoe, Jake Ralph Tunnell and Elaine Moore, were listed on the fall semester honor roll at West Texas State College, according to Dr. Walter H. Juniper, dean of the college.

The dean's list, totaling 107, includes only undergraduates and is made up of the top five per cent of the undergraduate student body.

Jake, son of Mr. and Mrs. A. S. Tunnell, was among 11 students to compile a perfect record of "A" in all work. He is a sophomore history major and was graduated from Muleshoe High School in 1958.

Elaine, sophomore art major, is the daughter of Mr. and Mrs. John W. Moore. She was graduated from Claude High School in 1957 and is a transfer student from Texas Tech at Lubbock.

### Navy Recruiter To Be Here Each Monday

Ernie Moyer, the Navy Recruiter for the Muleshoe area, can be contacted every Monday morning at the Selective Service office. The Navy is very interested in getting applications, from young men between the ages of seventeen and thirty one years of age, and young women ages eighteen and twenty six years of age, the opportunities for both men and women in the Navy are equal and unlimited, dependent upon educational background and personal ability, but the Navy has a job for all trades, as a ship of the Navy is like a city and is completely self supporting.

If you are interested in an outstanding career see your Navy Recruiter for further information at the Selective Service office.

### WORKS IN FLOYDADA

Mr. and Mrs. Ronnie Shafer of Muleshoe have been to Floydada several times recently. He has been working at the Santa Fe railroad depot, while the regular employees took time off for various reasons.

### Christian Science Services

Man's God-given ability to think and act rightly will be emphasized Sunday at Christian Science services.

Scripture readings in the Lesson-Sermon entitled "Mind" will include these verses from Proverbs (16:1,3): "The preparation of the heart in man and the answer of the tongue, is from the Lord. . . . Commit thy works unto the Lord, and thy thoughts shall be established."

Correlative citations to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include the following: "The human capacities are enlarged and perfected in proportion as humanity gains the true conception of man and God" (258:21) The Golden Text is from Romans (12:2): "Be not conformed to this world; but be ye transformed by the renewing of your mind, that ye may prove what is that good, and acceptable, and perfect, will of God."

### Today's Meditation

Read Genesis 11:1-9 or Psalm 127

Except the Lord build the house, they labour in vain that build it: except the Lord keep the city, the watchman waketh but in vain (Psalm 127:1.)

The story of the curse of Babel is the story of our lives. Like the people of Babel, we often try to build by ourselves, build without God. We say: "Let us build us a city and a tower . . . and let us make us a name, lest we be scattered." The result of trying to build without God is purposeless, futile living.

The Christian understanding of wasteful living is that it is due to the worship of false gods—such false gods as sin, money, power, self, popularity. When we turn away from the false gods to the true God, our lives become purposeful. We grow from weakness to strength, from life perishable to life eternal.

Jesus Christ teaches us to build our lives with God—to do His will on earth as it is done in heaven. Then the problems and tragedies, all the heights and depths of life cease to baffle us. We learn that we can face them in the right way and live confidently, knowing that "underneath are the everlasting arms."

**PRAYER:** Our Father, redeem us from destruction that follows in the wake of purposeless living. Forgive us for trying to build by ourselves. Teach us to build to Thy honor. Help us to face the problems of life in the spirit of Christ. In His name we pray. Amen.

**WORTH MORE BECAUSE THEY WORK MORE!**

Compare this list of Chevy advances with the features ordinary trucks are still talking about. You'll see why Chevy trucks get more work done in a day . . . why they go extra thousands of miles before trade-in time. These Sturdi-Bilt Sixties aren't just new, they're a full scale revolution!

**6'S SWORN TO SAVE**  
Chevy's 6-cylinder engines are set to squeeze extra miles out of every drop of fuel. They're long famous for low fuel consumption, high performance.

**SHORT STROKE V8'S**  
Power-packed for peak performance, Chevy's husky V8's make child's play out of the toughest hauls. They have a mind tuned to economy, too, that keeps costs down, profits up.

**SLICK NEW SUBURBAN CARRYALLS**  
These handsome new handy haulers "double in brass"—can transport eight passengers or up to 950 lbs. of payload. Rear and center seats are easy to remove and replace when necessary. For work or for pleasure, these double-duty beauties are best for both!

**CABS FOR BIG GUYS**  
Big guys get a bigger break in a Chevy cab. There's plenty of space inside to stretch out and relax; more room for hats and hips, more room for wide shoulders and long legs. There's horizon-wide visibility through a windshield with 26% more glass area; a new see-at-a-glance instrument panel. Cabs are safer, too, up to 67% more rigid.

**NO SHIMMY, NO WHEEL FIGHT**  
Drive a '60 Chevy. Just once. Right away you'll notice the absence of I-beam shimmy and wheel fight common on ordinary trucks.

**TORSION-SPRING RIDE**  
Each front wheel, suspended independently of the other, is free to step individually over bumps. And shockproof torsion springs up front soak up the jars and jolts before they reach the body. With three rugged new tailored-to-the-truck rear suspensions to further reduce road shocks, Chevy gives you the smoothest truck ride you've ever felt.

**SEE YOUR DEALER**  
It could be the most important visit you make in '60. When you've seen these new Chevies, you'll agree they're the world's most advanced trucks. Then drive one and find out why.

## BABSON DISCUSSES

### Hedges Against Taxes

Babson Park, Mass., Feb. 18—The wise investor is anxious to hedge against three main handicaps: (1) Inflation, (2) labor leaders, and (3) taxes. Let us consider, this week, hedging against taxes. These

will surely be more serious each year. **NON-TAXABLE BONDS** are cheaper than they have been for years. The "full faith" Municipals are rated best; but

## 5456-lbs. maize per acre following ammonia applications

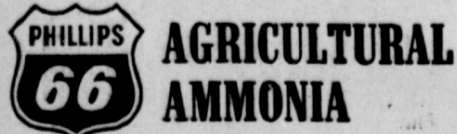

### FLOYD COPELAND of Dimmitt, Tex. reports pre-planting or side dressing ammonia makes a big difference.

"I've used ammonia for the past five years and can certainly see a lot of difference in the yields. On 289 acres of maize, 100 pounds of Phillips 66 Ammonia per acre was applied . . . one-half pre-plant and one-half side dressed. Yield was 5456 pounds per acre," according to Floyd Copeland, who farms 880 acres.

He says, "A hundred pounds of Phillips 66 Ammonia was also applied pre-plant on 200 acres of wheat. With 43% hail damage, wheat averaged 39 bushels. Where you have plenty of moisture assured through irrigation, it's just plain logic to use ammonia and get maximum yields."

Thousands of Texas farmers are now using Phillips 66 Ammonia to help assure top net profits per acre—on irrigated or dryland fields . . . in wet or dry years. Actual field reports prove that Phillips 66 Ammonia (1) produces more high grade lint (2) increases sorghum grain yields (3) boosts wheat and small grain yields (4) stimulates pasture growth for more meat and milk.

See your local Phillips 66 Agricultural Ammonia Distributor now. You can make more money this year with this 82% nitrogen fertilizer. It can be applied by you or your distributor.

single \$60,000), but the federal tax can be reduced in various ways. If you are young or middle-aged, give a certain amount to your heirs every year. You can give \$3,000 annually free of tax. You also are allowed to give annually from 20% to 30% of your net income to religious, educational, and scientific bodies. Such gifts I make regularly; this is really a joy.

The large investor, however, who misses this "joy of giving" and is trying to be the "richest man in the cemetery" has another means of cutting death taxes. Certain U. S. Government Bonds can now be bought at a discount of about 15% or more which will be accepted at par in payment of death taxes. Hence, by investing in such bonds to an estimated amount of your death taxes, you can save 15% or more by purchasing them now and holding them against your future death taxes. Everyone can hedge against taxes to a certain extent; but it requires care, though, pre-planning and the help of a tax expert.

### LEST WE FORGET!

Tomorrow, Friday, February 19, is a special day for Chief Jones, the Farm Store man, for it is the 15th anniversary of the Marines' landing on Iwo Jima, and Chief was there.

Chief poached Church-hill thushy: Never did so much depend upon so few.

For days the Navy and Air Force had bombarded the rock and now the Marines were to land and get everything well in hand. Chief hit the beaches with his regiment, the 4th Marines, who were aided and abetted by the 5th Marines, and there was a standby brigade, but no one thought they would be needed.

But says Chief, there were 20,000 of those little brown men alive and kicking on that little Pacific island, and blood had to flow for some 24 days before it was finally secured.

Even after the Marines had raised the flag on high Mount Suribachi, many days of weary struggle ensued before all pockets of resistance were wiped out and the sound of gunfire ceased. Chief was mighty glad to see that and mighty thankful to be able to walk off that bloody island on his own power.

Strangely, the day Chief told me these things, I read in my trade magazine, "Editor and Publisher", of the return of two news men who spent 24 days on the island during the famous WW II battle, one a combat correspondent, Keyes Beech of the Chicago News. He was up on Mount Suribachi for the initial flag raising Feb. 23; on the way down with his patrol, he met AP photographer, Joe Rosenthal going up with the men carrying the large flag in Joe's classic picture.

Now, 15 years later, the other newsman veteran of the Iwo Jima campaign, Robert Trumbull of the New York Times, walked along the silent beach past pill boxes overgrown with wild flowers. "I never thought Iwo could be pretty," he said.

### LAY YOUR PLANS ACCORDINGLY:

Richard Morehead, writing in The Dallas News, quotes experts on population trends and comes up with the estimate that in 5 years 50% of

the people in Texas will be living in 7 of our cities.

These seven cities and their estimated 1959 populations are: Houston, 1,000,000; Dallas, 674,000; San Antonio, 555,000; Fort Worth 399,000, El Paso 290,000; Austin 200,000; and Corpus Christi 175,000.

In the last ten years the state's population increased by 2 million; Big D itself increased by 102%.

Every indication, he says is that the trend of movement from the country to the city will continue. Most Texans now take to the country for recreation only, and even many farmers live in town.

Impact of this continuing trend upon city facilities, schools, churches, additions, service firms, roads and streets hardly can be foreseen. Wise is the business man and investor who will keep his eyes open to developments.

### Junk Something Every Day!

Junk something every day, suggests a philosopher. Junk your fears, junk your worries, junk your anxieties, junk your little jealousies, envies and

stretches. Whatever interferes with your getting up and getting on in the world—junk it! Every night before you go to sleep, put upon the junk heap all your disappointments, all your grudges, your revengeful feelings, your malice. Junk everything that is hindering you from becoming a big, strong, vibrant character.

The trouble with most of us is that we have no junk heap of this sort. We pull all our mental enemies, all our handicaps, our discouragements, our losses, our troubles and worries and trials along with us. That consumes more than fifty per cent of our vitality and energy, so that we leave only the smaller amount left for the great task of making life success. — Cheer.

The little old lady was walking to town, so I gave her a lift in my auto. She was on her way to the postoffice and I inquired: When they start delivering the mail here will you change your address and have your mail delivered? She didn't think so; for, she said, if you keep doing things like that, you'll soon run out of exquisites to go to town.

One doesn't expect humor at the unearthly hour of eight in the morning from anybody, and especially not from a little old lady.

## SAND HILLS PHILOSOPHER HAS A

### Puzzling Question To Ask About How Hit Records Get To Be Hits

Editor's note: The Sand Hill Philosopher on his Johnson grass farm wants us to clear up something for him this week, but we decline.

Dear editor: There's a problem that's been worrying me all week and I'd like to have you clear it up for me.

It's about these disc jockeys. As I understand it, Congress has uncovered some odd things about the business of phonograph records, but what has puzzled me is the fact nobody has mentioned the oddest thing about it.

Up to now, Congress, I guess sort of resting its mind in between investigations of the missile lag, has turned up the fact that certain disc jockeys have been taking side pay from some phonograph record companies to play their records over the air. The way it works is, the record companies make a record, they send it to the disc jockeys, then send them a little cash, and the disc jockeys play these special records oftener than others, thus making a hit out of them.

Congress has said this is outrageous, that it's wrong to give one record special attention over another. Also, radio stations have said it's wrong and a lot of disc jockeys have been fired.

Well, up to this point, I guess Congress and the radio stations are right, but what everybody seems to overlook is: what sort of colossal insult is this to the teenagers of the United States?

You mean to tell me a disc jockey can make a record popular with the youngsters just by playing it over and over? You mean to say teenagers don't make up their own minds on these smash hits? You mean to tell me they did not really and truly love "Hound Dog," they just heard it so often they thought they did? And then went out and bought it by the millions? Or at least kept every juke box in the country roaring out the thing? These are the questions I'd like for you to answer for me.

Personally, I'm not taking side in this thing, but I'll tell you, either Congress has a lot of explaining to do to teenagers, or teenagers have a lot of

## Personality Of The Week

**Alice Gordon**  
This week the Mule's Tale proudly presents Gwen Roberts, one of the majorettes of the Mighty "M" Band, as the personality of the week. Red headed, brown eyed,

Gwen was born on September 15, in Clovis, New Mexico. She has two brothers who are in Muleshoe Junior High School. Gwen, who is now a sophomore in MHS, has participated regularly in all school activities since Junior High.

During her Junior High years she was a majorette for the Junior High Band. This year she is a majorette for the

Mighty "M" Band. She has won one individual twirling medal, and she, along with the other twirlers of MHS, has won three other medals this year. Gwen is also a member of NETA, the National Baton Twirling Association.

With the personality and the school spirit that Gwen has she will go far in her remaining high school years.

not in school any more. The person elected to fill the position was Julia Hollis.

The motion was then made for each student in the class to pay a dollar a semester class dues. The motion carried. This dollar will go to cover the class parties and for the foreign exchange student.

The class decided it was time for a party. Many different ideas of parties were brought up but the class decided a trip to Palo Duro Canyon was the most exciting. Mr. Parker then explained to the class that because of certain school laws they would not be able to make the trip.

They are planning to have another class meeting in the near future to plan for another class party.

The officers of the Sophomore class, President, Gary Pierce; Vice-president, Ronda Johnson; Secretary, Julia Hollis; Parliamentarian, Stacy Lackey; and Reporter Lynn Lenau should be congratulated for doing such a fine job in leading the Sophomore Class this year.

### MHS Senior Class In Called Meeting

**Kenneth Phipps**  
Lyndal Black, president of the Senior Class, called a meeting Tuesday. Lyndal announced the First Baptist Church was giving the Seniors a formal banquet. All

the Seniors are invited.

Robert Robinson reported the party postponed before Christmas will be held April 8, if the committee could get it cleared through the office.

Lyndal announced there would be a class meeting Wednesday night. Everyone should be present if possible because the class is going to vote on the Senior trip.

Coach Powers, one of the sponsors of the Senior class, announced that there would be an important basketball game at Olton. Coach said he wanted everyone present who could make it.

### Speech Club Picks Cst For Play

**Sue Logan**  
THE SHERIFF, a one-act tragedy is the present activity of the MHS Speech Club. The play is to be presented to the student body at later date.

The play was written by James W. Arnold and is a production. It is the story of a new sheriff, who, in arresting a respected citizen for killing a man, the sheriff is later killed by the deceased's brother. The scene is Shelby, Wyoming, 1881.

The play will be under the direction of Mr. Dwayne Reeves, speech instructor. Pat Thomson will assist Mr. Reeves in make-up supervision.

The cast is as follows: Pete, a Mexican, Joe Bob Stevenson; John Nolan, sheriff of the town, James Ehrbridge; Ted, a boy, Ronnie Locke; Hiran Walsh, an elder of the town, Joe Childs; Matt Connors, a merchant, James Towns; Abe Douglas, a farmer, Lyndal Black; and Ann Mitchell, daughter of the town doctor, Donna Guinn.

### Seniors Planning Their Annual Play

**Pat Barrett**  
In a Senior class meeting held January 29, the Seniors of MHS began making plans for their annual Senior Play.

The meeting was conducted by president, Lyndal Black. He told the class that the play is to be held on April 21 and 22. He appointed a committee to begin deciding on a play to use. The committee appointed is Max King and Lealand Dean chairmen, Sharon Evans, James Towns, Tub Angeley, Latoya Howell, Kay Brown, Charlene Volkman, Delores Wagnon, Nancy Julian, Mary Sanders and Pat Childers.

On February 4 this committee met and several different books of plays were passed out to members on the committee so they can choose a play.

On Thursday night, February 11, the Baptist Church gave the Seniors the Red, White and Blue Banquet. The

banquet was formal.

The seniors are planning on having a class party sometime soon. A committee had been appointed before Christmas to find a date we can have the party.

After this discussion the meeting was adjourned.

### Did You Know?

**Susan Birdsong**

Seven C and Mrs. McSpadden's other three classes brought baby pictures to school in the form of a valentine. Many of them were really cute. Beckye Mason made a cardboard heart and put medium sized red bows all around the heart. In the center was a hole in the shape of a heart with Beckye's picture inside. Almost everyone could identify the cute picture inside. Mrs. McSpadden gave a prize to the person who identified the most babies.

We all enjoyed the Valentine party which was held at Dr. Birdsong's house the last period. The class liked over there, a few of us paired off namely Donna Phipps and Gene Atkins; Sherry Billingsley and Mike McKown; Shirley Richards and Dwight Burkhead; and Mike Fite and Tonyne Welch.

Mrs. McSpadden had scrambled the letters of the names of our class mates and we

tried to unscramble them. Mike Fite and Donna Phipps got the prize of a candy heart for unscrambling the most names.

Pink lemonade and cookies were the main refreshments at the party. To snack on, we also had pretzels and fritos. Tonyne Welch and Susan Birdsong each had a turn at the piano for a while.

Susan Birdsong and Mike Sanders won the prize of a candy heart for making the most words out of "Valentine".

We were very sorry to hear that Rex Lowery and David Luna were too sick to attend the party.

Unfortunately, April Bell missed the bus that Friday afternoon so Mrs. McSpadden caught up with the bus and put April on it. After the bus had left, Mrs. McSpadden found, to her dismay thirteen miles out of town, that her car had stalled. Finally, a truck came by and after she hauled it, the driver took her back to town and her husband went out in his car and got her car started. It seems we're always having excitement in 7-C!

### Skill Tests Given At Richland Hills

**Jeanne Gray**  
Achievement and basic skills tests were given to the fourth grade students of Richland Hills Elementary School on Monday, Tuesday, Wednesday, and Thursday of last week. Classes of 4A and 4B took the tests on Monday and Tuesday and classes 4C and 4D took them Wednesday and Thursday.

New students in Richland Hills are Max Horsley from Lazbuddie, Marcus Varner who transferred from Mary DeShazo Elementary, and David Crenshaw from Abernathy. Sarah Lee is also from Mary F. Shazo. From Houston comes Mark Gerrard.

Valentine parties were given by the room mothers for each individual room. Valentines were exchanged among the students and refreshments were served. The students in Mrs. Middlebrook's room surprised her with a box of candy.

Students who had recent birthdays were David Byrd, Brenda Ellis, Barbara Allen, Jerry Hoover, Carrie Beddingfield, Alex Hicks, Steve Akin, Betty Wilson, and Mike Bryant.

Several posters have been made in the science classes this past week. Mrs. Hawkins' pupils made posters showing nutrients and food value. These posters show the basic seven foods essential to a good diet. Mrs. Beddingfield's classes made posters showing the phases of the moon.

The Richland Hills School band is making preparation for the open house to be held for the parents. The meeting is March 3 at 2:00 p.m.

Both sixth grades at Richland Hills and Mary DeShazo are organizing softball teams. These teams will be matched in competition at a later date.

### Seniors Are Honored At Banquet By WMU

**Key Wilson**  
The Women's Missionary Union of the First Baptist Church gave the 1960 Seniors a Red, White, and Blue Banquet, Thursday night. This patriotic banquet was the fifth banquet given to graduating seniors.

The food was served by the YWA members of the Church Mrs. Verney Towns, president of the WMU, welcomed the seniors and Lyndal Dexter Black, president of the Senior Class, gave the response. James Towns read a poem, "Truthful George", and Carolyn Hicks sang "God Bless America" accompanied by Diane Atkins on the piano. Wayne Bristow was the speaker for the evening.

The banquet was decorated in red, white, and blue, with a large American flag behind the head table. There were additional cherry trees to complete the decorations.

The napkins had several patriotic symbols on them and the nut-cups were glittering little hatchets. Small footballs from Hardin-Simmons were given as souvenirs. The banquet was thoroughly enjoyed by all the seniors.

### Mary DeShazo Takes Richland Hills Girls

**Darrell Lancaster**  
The Mary DeShazo sixth graders beat Richland Hills sixth graders by a score of 12-7 in basketball last week. Before the game started, Mrs. Guinn and Mrs. Fowler put on a skit with basketballs. All the sixth grade DeShazo girls were beaten by the junior high non-competitive physical education class by a score of 16-8.

Everyone enjoyed the Valentine parties held by each class last Friday. The first, second, third, and fourth grades had their room decorated with Valentines. Almost everyone who has been sick from the flu has returned to school with the exception of one or two from a few of the classes.

Those having birthdays include Cherry Pierce and Jimmy Broyles. Jimmy's birthday is on St. Valentine's Day, February 14.

### High School Waiting For Eighth Graders

**Magann Lamb**  
Seven and a half years of hard work stand behind the Muleshoe Junior High eighth graders and less than three months are between them and the time they will take that big step. They have dreamed of it for many years and now they are starting to cross over that last bridge which will take them to the door that opens into a New World of high school.

Twenty-eight of the eighth grade students made the honor roll for the second nine weeks of work. For these students it is almost a certainty that they will make it. The door is farther off though, for some of the other students, in fact, there is the possibility that they will not open the door this year.

It is up to those students, who think they might stumble crossing that last long bridge to get down and study just a little bit harder. If these students will realize now that school is not all fun and no work, they will have a head start on getting something out of their high school years.

Coach John Lumsden's eighth grade girls' basketball team finished the season placing second in the Dimmitt tournament. Janice Henderson and Lola Harrell were named to the tournament team. The girls have now started playing volleyball.

Eleven wins and two losses were the record for the eighth grade boys' basketball team this year. Coach George Washington has now started the boys in track workouts.

MJH teachers and students have started making preparations for the Interscholastic League contests. Muleshoe schools will be the host school this year for the contests which will be held on April 8.

Mrs. John Watson has received new books for members of the MJH Teenage Book Club. Also new books have been coming into the Junior High library. Mrs. Ed Johnson is the librarian.

Laura McCray, Betty Pierce, Betty Schoolcraft, Larry Roberts, Beatrice Stinson, and Charlotte Childs have birthdays during the month of February. Mrs. Orville Siewert, one of the eighth grade language arts teachers, also has a birthday during February.

Time does not stand still and especially for the parents of those eighth grade students. Each one of them can remember when only yesterday they started their children to school.

### "The White Dove" Deemed "Too Morbid"

Muleshoe's Inter-scholastic League play, The White Dove, was canceled because the morbid for high school production. Mr. Dwayne Reeves, high school speech teacher, has already selected a new play and cast for the contest.

The new play is a tragedy in one act, entitled "submerged". The play is written by H. Strut Cottman and LeVerne Shaw. "Submerged" is said to be one of America's most successful one-act plays which probably means it's one of the best. The play has won many state contests.

The play has six male characters. The characters and the actors are Dunn, the lover, played by James Shepherd; Shaw, the dreamer, with Bobby Eason taking this part; Jack Bruce plays the part of Brice, the coward; Robert Robinson as the commander, Mac Andrews; Nab, the cockney, played by Leland Dean; and Jorgson, the bully, played by Robert Camp.

### Seniors Studying Places For Trip

Monday at noon the Senior Trip Committee met. At the meeting they picked out five likely places to go, and all approximately the same distance from Muleshoe. The five places chosen were Cowles, New Mexico; Texarkana; Bark Ranch near Austin; Brant, Missouri; and Estes Park, Colorado.

The places will be brought before the class and one will be chosen as the place to go.

### 7th Graders Observe Spirit of Valentine

**Mary Ann Greene**

Giving and receiving Valentines once again filled the atmosphere of the seventh grade classrooms as Valentine's Day appeared on the scene Friday afternoon. Many different ideas and games were created as a result of this day.

Pictures of plump pink faces of many of the students in Mrs. W. E. McSpadden's classrooms, as well as pictures of several of the teachers, could be seen framed in various valentine designs. The students had a great task in matching the various creatures pictured with the real live teenagers whom we see today. The one who matched the most pictures with the names of the students to whom they belonged received a box of Valentine chocolates as a prize.

A talent show was held in the 7-B classroom. Several different music selections were played to add to the merriment of the day.

Jean Killingsworth, Billie Jo Gillis, Gay Lewis, Judy Inman, Carolyn Hollis, Shirley Richards, and Judy Putman all recently celebrated their birthdays as well as Valentine's Day. All these ladies are aging fast.

After all the fun and excitement of the day the students again started working on the Interscholastic League projects. The teacher's minds began wandering back to the plans for Education Week.

After losing their first game in the Dimmitt tournament, the girls began their spring training in volleyball. Track was begun by the seventh grade boys under the coaching of Coach Lewis Powers and Coach George Washington.

### Arlene Howard Named Tomorrow's Homemak

**Mary Gross**

The 1960 Betty Crocker Homemaker of Tomorrow in MHS is Arlene Howard, a senior student. She received the highest score in a 50-minute written examination on homemaking knowledge and attitudes taken by graduating senior girls.

Arlene will receive an award pin, manufactured by Jostens and representing the slogan, "Home is where the heart is". Her examination paper will also be submitted for competition with other high school winners to determine the state Betty Crocker Homemaker of Tomorrow.

The test, which was prepared and judged by Science Research Associates of Chicago, was taken by a record number of 379,018 girls in 12,597 schools, an increase of 29,868 girls and 337 schools over last year. Total enrollment in the six-year-old \$10,000 scholarship program sponsored by General Mills has neared the two million mark. Alaska and Hawaii are participating for the first time this year.

Each state Homemaker of Tomorrow will receive a \$1,500 scholarship and an educational trip April 23-29 with her school advisor. The tour will include New York City and Colonial Williamsburg and will culminate with the American Table Banquet in Washington, D. C., on April 28, at the Statler-Hilton hotel where the All-American Homemaker of Tomorrow will be announced.

The All-American Homemaker of Tomorrow will be presented a \$5,000 scholarship. The second, third, and fourth ranking Homemakers of Tomorrow in the nation will receive \$4,000, \$3,000, and \$2,000 scholarships, respectively.

The runner-up in each state will receive a \$500 scholarship; the school of each state winner will be given a set of the "Encyclopaedia Britannica."

# If we made Gladiola Flour for Zigzag, Ore...

it wouldn't need to  
be quite so good

...but we make  
it for you

Gladiola Land is just a little bigger  
than Texas. What's it famous for?  
Biscuits, cakes and pies turned out by  
the best home bakers in America.

When it comes to flour, these ladies  
are as choosy as a princess picking a  
husband. Only snow-white Gladiola  
Flour is good enough. So, naturally, it  
outsells every other brand.

If you're from Zigzag, Ore., we hope  
we haven't hurt your feelings. We just  
wanted to make sure you realize that  
Gladiola Flour is different. It has to be.  
And by the way, it costs only about  
1/2¢ a day more than the cheapest flour.

## Pleasant Valley Views

by Mrs. John West

The Pleasant Valley Social Club met Feb. 11th at the Community Center with Mrs. O. E. Green and Mrs. Weldon as co-hostesses. A report was given on the Stag Dinner given for the members husbands. Plans to obtain new curtains for the kitchen of the Community Center were discussed. Refreshments were served to eleven members. Next meeting will be Feb. 25 with Ruth Briscoe.

Mrs. Oscar Allison and Mrs. John West were in Clovis last Thursday.

Mr. and Mrs. E. K. Angeley, Patsy and Sheryl Stevens went to Lubbock on Sunday to visit Jack Angeley who is a patient in the Methodist Hospital.

Mr. and Mrs. John West attended the study course being given on Free Enterprise and American in Littlefield last Friday night.

Mr. and Mrs. Gerald Allison, Larry and Bobby went to Brownfield Sunday to visit Mr. and Mrs. E. J. Angus.

Weekend guests of the T. E. Bills were Mrs. E. H. Holder, Mr. and Mrs. Ralph Barr of Odessa and Mr. and Mrs. S. J. Bills of Whiteface.

Mr. and Mrs. Weldon Jones and Maurice, Mr. and Mrs. C. E. Wells had supper at the El Monterey, Saturday night.

Mr. and Mrs. Oscar Allison, Nan and Mrs. Sam McKinstry went to Holsington, Kan. Sat. to attend the wedding of their cousin, Beth Lee Stokof. Nan was a member of her cousins houseparty.

Mr. and Mrs. Joe Millsap, Jr. of Needmore, and Sam Allison spent the weekend with the Harold Allison.

Mr. and Mrs. Weldon Jones went to Lubbock Monday to visit his mother. Mrs. Jones condition is much better but Tom Bells the brother of Mrs. Weldon Jones condition is still serious.

Mr. and Mrs. Wayne Moore are the proud parents of a baby girl born Monday in the Taylor Clinic of Lubbock. The grandparents are Mrs. Seaborn Moore and Mr. and Mrs. Walter Steinbock of Lazbuddie.

Harold Allison and Kenneth Precure went to Plainview Monday night to the Laymans Banquet. Dr. Kenneth Copeland of the Travis Park Methodist Church in San Antonio was the speaker.

The Community extends sympathy to the Edgar Broyles in the loss of his mother.

## Parmer County Farm Bureau News

We were privileged to attend the Rhea Community Farm Bureau meeting last Friday night, for the first time in many months. The meeting was well attended and well conducted by President Billy Sifford. They discussed the formation of a game improvement program aimed at populating the area with quail.

We have a few of the forms in the office if you are interested in signing up. Bruce Parr, Black community farmer, showed a roll of motion pictures he took on a trip to and from Alaska last September.

Although he spent quite a bit of time explaining that the pictures were very amateurish, we thought they were very good and, certainly interesting and informative. His commentary was unusually good. The pictures were taken from a four place plane, and all photographers know that this type of photography is difficult. He also showed a picture of the 1958 Maize Days, in which our last Farm Bureau Queen, Mary Ann Stacy rode the FB float.

Although Mr. Ellender says it has small chance of passage, we believe the Farm Bureau wheat program suggestion is a good one. It would eliminate acreage allotments and tie the support price to that of corn, with the support for the 1961 crop being not less than 120 per cent of the price support of corn.

Greatest opposition to this program, says Ellender, would come from the corn producers who he thinks would not like wheat to become competitive with corn for feed purposes. Regardless of that element, it seems to us that the program would be an equitable one, and pleasing to wheat producers who depend on wheat for a major part of their income. It would also eliminate the minimum 15 acre man who has been the cause of so much of the surplus accumulation under the present program.

With all the talk, writing and showing of solutions to problems of the world, America and the local area, we hope that all the Christian people everywhere will remember that the only real solution to these problems will come through a dedicated Christian population. Our faith in God, in every phase of life, can open the door to opportunity for everyone everywhere. Let us be very careful to keep our faith founded where it belongs.

**CONSIDER THIS:** Where there is no vision, the people perish; but he that keepeth the law, happy is he. Proverbs 29: 18.

## SOIL Conservation News

There is land on every farm that can and should be used to produce useful wildlife as a primary crop because it is wildlife land. Small areas of wildlife land well distributed over a farm and coupled with proper use and management of other land, make the whole farm an efficient unit for the production of all crops, including wildlife.

Cropland management practices which are helpful to useful wildlife are crop rotations that include grasses and legumes, strip cropping, use of cover crops, stubble mulch tillage, spring plowing and leaving of small areas of unharvested grain crops near good

**VALLEY'S BIG CITRUS SEASON**

The Rio Grande Valley is about half way through its first 9,000,000 to 10,000,000 box citrus season since the disastrous freezes of 1949-51, and improved quality of the fruit is a key point in the recovery program.

The 1959-60 citrus season is figured to yield at least 3,000,000 boxes more than the 1958-59 season, and the Valley is well on its way toward getting back to the peak production years of the late 1940's.

Hard freezes in 1949-51 cut Valley citrus production to 3,000,000 boxes and less, but rapid progress has been made since 1952 in the rehabilitation of the industry.

A few orange trees planted in the 18th century on a Spanish grant north of Edinburg in Hidalgo County are believed to have been the first citrus grove in Texas. Scattered citrus plantings were growing along the Texas Gulf Coast from Victoria to Brownsville by the 1850's. By the turn of the century in 1900, however, it had been proven that with the exception of some production in the Winter Green area citrus crops could not be grown successfully outside of the Lower Rio Grande Valley counties of Hidalgo, Willacy and Starr.

It was not until 1894 that the first commercial grapefruit grove in the Valley was planted. By 1925, about 80 per cent of the Texas citrus crop consisted of grapefruit. Oranges accounted for about 15 per cent, and limes, lemons, tangerines and kumquats for five per cent. The Valley was shipping some 500 boxes of citrus in 1925.

Most of the older grapefruit trees in the Valley were of the Marsh Seedless variety, but nearly all of these were wiped out in the 1949-51 freezes. Since then, the quality improvement program has brought the red blush types, notably the Ruby Red, to the front and nearly all Valley production is now based on these improved types.

The large canning industry that had developed in the peak years of Valley citrus production turned to processing vegetables and other products while the citrus groves were being established, and this remains a vital and dependable part of the Valley's economy.

**ALBERTINE B. CASTLE JOINS GLADIOLA**

Sherman home economist, Albertine Berry Castle, who has achieved top rank in her field in Texas, has been named director of home economics at GLADIOLA.

In her new capacity, Mrs. Castle will work closely with home economists over the state, acquainting key persons with qualities of GLADIOLA home products. She also will have charge of recipe testing and development, and will work with advertising and sales departments in developing and judging recipes for inclusion in GLADIOLA advertising.

She will work closely with the laboratory and milling technicians in quality testing and control.

In 1956, Mrs. Castle, the former Albertine Berry, was named Home Economist of the Year by the Texas Home Economic Association. She is past president and presently treasurer of the state home economics group and is also past chairman and still a member of the Texas State Nutrition Council.

Her first position after graduation from North Texas State College, Denton, was as home service director for a San Antonio company. She then became director of home economics for Lone Star Gas Co., Dallas. She held this position 13 years, during which she became known for her radio shows.

Mrs. Castle has made frequent guest appearances on television. She and her 10-year-old son, Sterling, and her mother, Mrs. Maye Berry, live at 1611 North Lockhart.

### SWEETHEART BANQUET

Thursday night, Feb. 11th at 7 o'clock Progress Baptist Church enjoyed the first churchwide Sweetheart Banquet. The banquet was held in the beautifully decorated reception hall. The decoration was in the Valentine, red and white motif by the decoration committee.

The total registered was 72. The food was delicious and plentiful.

A short program was enjoyed. The Queen was chosen from the Adult Bible Class. She was Mrs. Bessie Davis. The Queen was chosen from the class having the best attendance and grade attending prayer meetings. Rev. Jester of Springlake church brought a very good message, after the banquet. Everyone had a wonderful time, and we hope to have a bigger and better banquet next year.

### WMU MET MONDAY FEB. 15

The WMU ladies met with 9 members, and the pastor Rev. Earl Hord taught their Bible study.

There were 14 R. A. boys, 13 G. A. girls and 110 Sun-

beams meeting at 4:30 Monday for their studies. Meeting with them was Rev. Hord, Mrs. Mary Marrow and Mrs. Earl Hord.

### SMALL DAUGHTER PASSED AWAY

We wish to extend our sympathy to Mr. and Mrs. Darrell Fink on the loss of their infant daughter, who passed away in a Muleshoe hospital. She was the granddaughter of Mr. and Mrs. Burt Hudson of Progress.

### PROGRESS HD CLUB

### Christian Churches Name Dr. Swearingen

Fort Worth, Feb. 2 — Dr. Tilford T. Swearingen, president of William Woods College in Fulton, Mo., has been named executive director of the Texas Board of Christian Churches.

His appointment to the top executive position among Texas Christian Churches was announced today by Dr. Dudley

Strain, president of the state board and minister of the First Christian Church in Lubbock.

President of church-related William Woods College for the past nine years, Dr. Swearingen will assume duties at the Fort Worth headquarters office of the TBCC about March 15.

He will deliver an inaugural address in the opening session of the 73rd annual assembly of the Texas Convention of Christian Churches, April 27 in Lubbock.

A minister for 35 years, Dr. Swearingen has served as a national executive in Christian education for his communion and for an interdenominational agency and has held important pastorates among the Christian Churches.

He will head an organization that provides churches specialized services in areas ranging from Christian education to church development.

### ON-THE-FARM GRAIN STORAGE

You Can Own This

# Behlen Curvet

and have it "PAID IN FULL" IN ONLY 28 MONTHS

**WHY YOU ARE AHEAD with an ALL-STEEL BEHLEN CURVET:**

- Multi-Purpose — Both grain and machinery may be stored with a partition bulkhead.
- Heavy-Duty Construction — So rugged grain can be stored 12' against side walls.
- Low Cost — About 30% less than straight-wall steel buildings.
- Only Practical Leak-Proof Building on the Market — Non-aging rubber strips seal off weather, vermin, insects out.
- Unlimited Capacity — Available, 40' widths, length unlimited. Easily enlarged.
- Quick Erection — Can be erected on your site in a week.
- Easy Financing — Through Behlen Purchase Plan or local ASC office.
- Special Drying Floor Systems — May be installed at low cost.

Here's an example of how one 40' x 50' Behlen Curvet will pay for itself in 28 months ... and within 40 months give you a profit of \$2,502.05 to boot.

- The first year, seal your grain at the support price.
- The second year the ASC will pay you approximately 16 cents a bushel to re-seal your grain.
- In 28 months, your ASC earnings will have equalled the complete cost of your Behlen Curvet.

When you drop into our store, I'll show you exactly how you can also make a profit of \$2,502.05 as well as owning your Behlen Curvet "free," lock, stock, and barrel.
