

O'DONNELL HIGH SCHOOL BAND SHOWN IN INTERSCHOLASTIC LEAGUE CONTEST SATURDAY AT SWEETWATER

OHS Band Receives Ratings Of II

The O'Donnell High School Band, received a rating of II (Excellent) in Concert and Sightreading last Saturday in the Interscholastic League Contest held at Sweetwater. Last fall the "Pride of O'Donnell" also received a II rating in Marching.

The Band has had a very successful year, perhaps the best in its short history. The sixty member band represented Lynn County at the State Fair of Texas, held in Dallas, last October. In March, the band won the "Outstanding Band" award in Sightreading

at the Lamesa Band Festival. This was the first trophy ever won by an O'Donnell Band. In contests this year, the band was complimented on its attentiveness, discipline, outstanding uniforms, and the efforts put forth. The Eagle Band has worked very hard and deserves a great deal of credit for its accomplishments. At one contest, the judge commented, "this band is a credit to your community, and I know everyone in your city is very proud of you." The band has been lead this year by its Drum Major,

Donna Moore, Band Captain, Bobby Caswell, Band Corporal, Judy Caswell, Secretary, Sheila Singleton, Reporter, Marv Moore, Majorettes, Tonia Beckham, Sheila Singleton, Linda Sumrall, and Debra Webb, Section Leaders, Virginia Cook, Sharon Dempsie, Judy Caswell, Clea Massey, Nieve Burleson, Bobby Brown, Gary Beach, Don Hanson, Robby Knight, and Charles Thompson.

The Eagle Band would like to congratulate Mr. David Talmadge and the Tahoka Band on its first Division in Sightreading last Saturday in Sweetwater. We in the O'Donnell Band salute you.

W. J. Buchanan, the O'Donnell Band Director, would like to express his appreciation to the band students for their tremendous band spirit—and also to the O'Donnell Parents for their continued support at every contest and performance.

Good Luck to the O'Donnell Jr. High School Band this Saturday in Odessa. We are backing you all the way. GO FOR A FIRST!

THS Band

Last Saturday, April 15 the Tahoka High School Band participated in the U. L. Concert and sightreading contest at Sweetwater. Tahoka Frontier Days

The seventh annual Tahoka Frontier Days Rodeo will open Thursday, April 27, with exhibitions of wild bull riding, calf roping, bareback bronc riding, barrel racing, junior ribbon roping and saddle bronc riding. Children under nine years of age may participate in the Kiddie goat sticking contest.

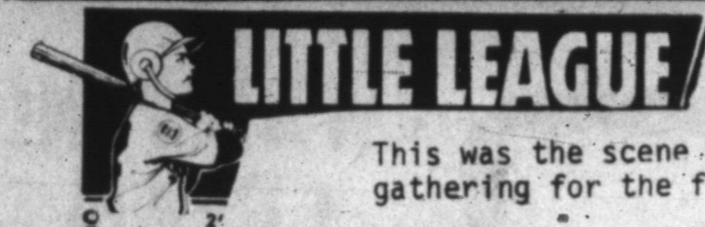

Performances will be held nightly at eight, and will feature the wildest and best sock in the southwest, provided by Ratjin Rodeo Co. Circuit clowns and announce-

ers will be on hand to add color and enjoyment to the events.

A parade will be held in the afternoon of opening day, and trophies will be given to the best riding clubs and floats.

Jimmy Mackey Orchestra will be on hand to provide music for a dance each night, to be held in the Community Center. Everyone is invited to attend.

Entry books for the event will close Thursday, April 27 at twelve noon.

This was the scene Monday evening as boys began gathering for the first day of league tryouts.

Tryouts began Monday for the boys' baseball leagues in Tahoka, including Little League, and PeeWee League. Teams this year will accommodate from 150 to 180 boys. Any boy who wants to play will be found on some team, according to George Glen, president of the League.

Managers and coaches conducting tryouts are R. E. McIlroy, Jim Payne, Lohamuel Harston, Dub Gurley and Elwayne Crowell.

Plans are made for the Little League season play to begin May 8 and continue through June 30, with a 15 game straight schedule.

Tournament play will begin at O'Donnell, beginning July 20. Tahoka will play Post at 6 p.m. on the twentieth to open the tournament. The four teams in Area 4 include Tahoka, Post, Lamasa and O'Donnell.

Troop Followers

PARIS (AP) — Departure of United States troops from France has led to dissolution of nearly all English-language Baptist congregations in the country, including one in Paris, since they were established solely to serve armed forces personnel.

Sandy Koufax pitched 40 National League shutouts in his career.

A Budding Feud

HOMESTEAD, Fla. (AP) — Casey Stengel thought Eddie Stanky's idea of using a pinch hitter twice in one exhibition game was "a farce."

"I don't make rules for farces," said Stanky when his Chicago White Sox were here for an exhibition against the Mets. "no matter what any 75-year-old expert says."

Casey is 76, or is it 77?

LYNN COUNTY ACCIDENTS

The Texas Highway Patrol investigated 7 accidents on rural highways in Lynn County during the month of March, according to Sergeant A. A. Roberts, Highway Patrol Supervisor of this area.

These crashes resulted in six injured persons and an estimated property damage of \$4,725.00.

The rural accident summary for this county during the first three months of 1967 shows a total of 16 accidents resulting in no persons killed, 13 persons injured, and an estimated property damage of \$11,173.

The final entry in the Texas 1966 traffic records has been entered and closed. An all-time record high of 3,406 persons killed, 208,310 persons injured, and an estimated property loss of \$557,414,000 was sustained. This compares to the 1965 record of 3,028 persons killed, 186,062 injured, and an estimated property damage

of \$498,070,000.

Since the death count of 2,254 in 1960, Texas has gained steadily each year. The Sergeant stated, "If the death rate increases during the last four years of this decade as it has during the first years, the death count will stand at 4,745 in 1970." What is the solution? Only you, Mr. Motorist, hold the answer!

Grassland News

(Mrs. O. H. Hoover)

I am very sorry I didn't write any news last week I was in the hospital at Post, but am at home now.

Mr. W. M. Davis was so pleased and happy about his "birthday card shower" he received 33 cards.

Minnie Hood reported that her mother, Mrs. A. H. Hood received over a hundred birthday cards in a card shower.

Mrs. Ollie Huffaker fell and broke her arm at the wrist. It was a very bad fracture. They put her on a plane and she flew to Colorado Springs, so her daughter could care for her.

Maurine Rich of Dallas has been visiting her mother and other relatives here for several days.

Mrs. C. M. Greer is going home with her sister, Mrs. Lellie Lewis, Oji, Calif, for an indefinite stay.

Rev. and Mrs. Onie Reed were overnight guests of Mrs. Reed's mother, Mrs. Lucy Cunningham one night last week.

The Grassland W.S.C.S. entertained the Tahoka W.S.C.S. with a covered dish luncheon, April 5, in the fellowship hall of the Methodist Church at Grassland. Mrs. Mildred Le Mond gave a report on the annual W.S.C.S. Conference held in Amarillo. There were 15 ladies present.

Joy Spears has gone to Sanford, Florida, to visit her sister.

The Tom Murrays, Lucy Cunningham, and the W. G. McCleskeys went to singing in the afternoon in Slaton.

The V. L. Meltons came home from East Texas, Friday.

Mrs. Reba Turner visited her daughter Jane and family in Houston and her brother, who has been ill. She came back by Center, Texas and visited her mother and sister there.

Mr. and Mrs. Amos Gerner went to the Ginners Convention in Dallas last week. They also visited with Louise.

Mr. and Mrs. G. C. Watson spent several days recently in Eloy, Ariz., visiting friends.

Mr. and Mrs. Roy Le Mond visited in Littlefield Sunday afternoon with the Houston Hoovers.

Mrs. A. Z. Sewell has as guests over the weekend, Mrs. Mary LeMond, Lovington, N.M.

Mr. D. M. Sewell and two daughters of Estoucia, N.M., visited Mrs. A. Z. Sewell Tuesday night.

The first recorded law suit resulting from a traffic accident reportedly occurred in England in 1695. The suit was brought by a bystander who was injured when a horse being ridden on a thoroughfare became frightened and bolted.

TANDY BARTON, daughter of Mr. and Mrs. Marshall Barton, O'Donnell, was the junior winner in the meat group at the District 4-H Food Show held recently in Lubbock. Tandy was awarded a blue ribbon and a Gladiola Cookbook which was sponsored by Fadt Milling Co.

Poor Father
The head of the house was reading a newspaper article very carefully. When he had come to the end he remarked to his wife, "Do you know, dear, I think there's something in what this article says—that the

cleverness of the father often proves a stumbling-block to the son."
His wife heaved a sigh of relief.
"Well, thank goodness," she said, "our Bobby won't have anything to fall over!"

Tahoka PTA

The Tahoka PTA met April 4 in the school auditorium and outstanding features of the meeting were fashion show presented by members of the Future Homemakers, and recognition of outstanding students in school and community work.

Recognized were Marla Bray, Barbara Briwa, Jill Edwards, Milton Edwards, Dyaneghn Evans, Chloe Jan Huffaker, Joe Jaquess, Kay Lambert, Leah Short, Lucy Walker, Karen Antrv, Donna Riddle, Sue Woodall and Mike Lankford.

These students showed an unusual willingness to serve in any capacity that they might be needed. It is pleasant to use your talent and receive public recognition, but it is harder to work behind the scenes. These students are known to plan the party, then stay and clean up afterwards.

New officers were installed as follows: Mrs. Robert Abbe, president; Mrs. Ralph Beiste, VP; Mrs. Maurice Huffaker, 2 VP; Mrs. Billy Jack Dunlap, 3 VP; Mrs. Alton Kelley, ces. and Blake Lovelace, treas. Mrs. Elmer Owens was installed as Vice president in the Hale-Lynn-Lubbock Tri-County Council.

Refreshments were served by Mrs. Harold Reynolds and her hospitality committee.

Many modeled in the style show.

LOCALS

Mr. and Mrs. J. W. Owens are having a new brick home constructed in the Owens Addition in West Tahoka on Lockwood street.

Bill Salter visited in Stunnett Tuesday night, attending the school's annual athletic banquet. While there, the Rattler athletes presented him with an engraved plaque in appreciation of his news coverage and support while editor of the Stunnett Star.

Ricky Dooley has surgery. Ricky Dooley, son of Mrs. Mae Daun Dooley, underwent minor surgery Friday morning of last week in Slaton Mercy Hospital. He was released Saturday and is reported doing fine.

Johnny Hillhouse, son of Mr. and Mrs. Otis Hillhouse, Tahoka, underwent major surgery on his knee for the third time, Friday morning in Methodist Hospital, Lubbock. He was expected to be released this week.

College Station, — The banana is probably one of the oldest fruits known to man, says Mrs. Gwen Clayatt, extension consumer marketing specialist at Texas A&M University. "It is a native of India.

The people of the United States import more bananas than any other country—almost 3.5 billion pounds annually. An average person eats about 17 pounds per year.

Soil Stewardship

Week Scheduled

Soil Stewardship Week will be observed April 30 - May 7 according to Harold Payne, chairman of the Lynn County Soil & Water Conservation District.

"This makes 43 years that Soil Conservation Districts have called upon the public to consider the moral responsibility of caring for our natural resources," Payne said in making the announcement. "The emphasis for our observance this year is upon the private landowner's responsibility," Payne said.

"The stewardship of a piece of God's earth calls for a special sense of service," he said. "The landowner knows that the responsibility entrusted to him is unique. How each bit of land is tended affects neighbors near and far. That is one reason why millions of landowners join together and participate in soil district programs."

Mark Market Report

Mr. and Mrs. Melvin Lee gave birth to a son, April 3, weighing seven pounds. He has been named Dennis Ray. The father is a farmer in the Grassland area.

\$2 Million Set As Goal

Research into the causes and treatment of cancer will once more take the major share of funds raised in this year's Crusade Against Cancer in Texas. The annual fund-raising drive, which has a goal of \$2 million, will be conducted in every community in the state, along with a massive volunteer effort to distribute life-saving cancer information pamphlets and to carry out the first Cancer Education Survey.

Mrs. James Stedje, Crusade Chairman for Hansford County, has announced that this year's Crusade will be conducted on April 28.

A total of 31% of funds raised last year in the Crusade—\$597,911— is being spent for research this year, including grants to investigators in Texas hospitals and medical schools. Traffic Safety

"At least 3,500 Texans will be killed in traffic accidents this year, and at least 200,000 more will be injured," Clint Walker stated in a talk on traffic safety and Governor Connally's proposed safety program at the Rotary Club Thursday.

"Texans will spend \$400 million for auto insurance this year," he continued. Because of the alarming increase in death on the highways, a Texans for Traffic Safety organization has been formed to help push the Governor's program, or any other program, to cut down accidents.

The program proposes making Driver Education available to 100 percent of the people. There were 733 youngsters killed last year. Only 27 percent eligible teenagers take Driving courses in high school.

Revision of the Driver License Law is proposed, making the minimum licensing age 16 with completion of DE course or 18 without, making all licenses for those under 21 provisional licenses, establishing medical advisory boards to determine minimum physical standards of older drivers, re-examine vision every four years, require motorcycle operators to wear helmets, and make more severe penalties for driver violations.

Also, the program proposes more patrolmen, now 900 short, more and better equipment, salary, and ability; expansion of the vehicle safety laws, adoption of the Uniform Traffic Code, and establishment of local traffic safety committees.

Marla Bray introduced Bill Wright as the student guest of the month.

Gardening Tips for April

Downtown merchants are urged to begin replanting the flower boxes in front of their businesses this month, as this is the time when greenery begins to grow and bloom. Any Garden Club member will be glad to help or make suggestions for those putting out new planters, or for freshening the older one. Phone. 998-4254 for tips.

Petunias, Geraniums, Coleus and verbenias have been found to be best in the planters in this area.

April is the month to divide and re-set your Chrysanthemums, and to plant your Marigold, Zinnias and other annuals. Roses are beginning to bloom and should be checked for mildew, blackspot, aphids, spider mites, leaf cutters, and should be sprayed if necessary.

Watch each month for gardening tips.

The Lynn County News

An Editorial

Sometimes We Have To Speak Out

We don't expect anyone else to become as concerned over things as we do, but we are happy to report that the number of people who are becoming concerned about this and that seems to be on the increase.

Take, for example, Bobby Kennedy's ability to "hog" the television screen and front page news space. Now while we agree that money is important, we do not agree that its flagrant use in an apparently successful effort to personal ambitions of any one man—or any two men—is good for the country.

Then, too, the arrogant disregard for the courtesies and amenities which have long been traditional in the United States Senate, not to mention the embarrassment which he has caused the administration, and especially the State Department, should give all of us pause to question his motives.

There are 98 other senators in Washington, but at least 90 of them would have to commit nothing short of mayhem in order to be noticed, officially, by those responsible for reporting the news of the day from our nation's capital.

One of the best examples of the near consternation which gripped the Kennedy camp happened recently after Bobby's outburst against the bombing of North Viet Nam. Following his speech, a two-hour debate ensued, and he was not able to get before the waiting TV cameras until it was already too late for the 6 o'clock news. This situation disturbed the new media no end.

Hurley Has Good Eyes

BRADENTON, Fla. (AP) — Former American League umpire Ed Hurley asked 86-year-old scout Ted McGrew how he was fixed.

"Pretty good," said the man who discovered such stars as Pee Wee Reese and Rico Carty. "Wait some money?"

"No," replied Hurley, now traveling secretary for the Kansas City Athletics. "But what about your bank book?"

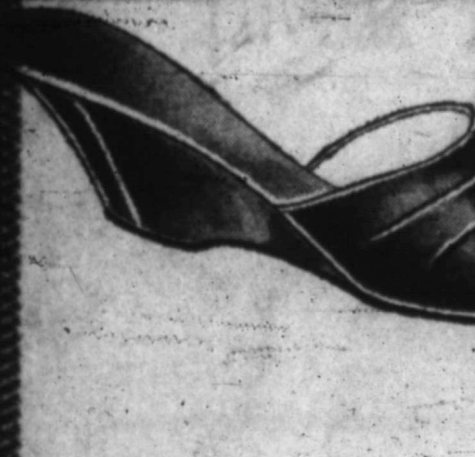

As McGrew reached into his pocket, Hurley handed Ted his bank book which showed a nice balance.

Hurley found the book on a grandstand seat before a recent exhibition game at McKechnie Field.

and local announcers around the country saw fit to take note of it in prefacing the long Kennedy spot on the 10 o'clock news, which was devoted to his speech in a specially taped sequence, appearing as if it were filmed on the floor of the senate!

Senators have been calling for a review and reappraisal of the selective draft system in the United States for a long time, but no individual among them was ever able to get the attention which Senator Ted Kennedy's speech on the subject received from the Washington press corps and other media. Why?

We have no quarrel with the brothers Kennedy per se, but we are a bit weary of the flood of exposure to which they have access, for some reason known best to those responsible for it; and we do feel that there should be some relief for the other two hundred million of us who are subject to it.

I like apple pie, but I don't want it every day.
East Texas Magazine

man is sometimes wrong but respect for the law and the enforcement officer is all that keeps our society from being swept back to the jungle.

If you don't believe it, just look at what happened to Boston in 1919.

The blue coats were drawing only \$1,100 a year, about half the wage of an industrial worker. To cap it off they were on a 12-hour shift.

When nobody would hear their grievances they went on strike. Of 1,544 Boston police 1,117 walked out on a Sunday afternoon.

News of the strike swept the city. By dark mobs were jostling in the flop house and gin mill area of Scollay Square. A few fist fights tested the new freedom from restraint.

Then, wanton vandalism followed. Trolleys were wrecked. Windows were smashed and cars were overturned. The crowd became a mob.

Women were raped and stores looted. Terror-stricken citizens barricaded themselves in their homes with loaded guns to protect themselves and their families.

Men were being slugged and robbed in plain view. By Wednesday the mobs were partially armed and Boston teetered on the brink of catastrophe.

Governor Calvin Coolidge had refused to call out the national guard and left Boston to solve her own problem. Finally, Police Commissioner Edwin Curtis found a technicality whereby he could not out a small part of the state guard. These moved into Scollay Square with bayonets fixed.

Guardmen killed three people before the mob fell back. Four Harvard students, citizen volunteers, almost were lynched by the mob before help could reach them. Coolidge finally called out the guard and order was restored.

A lot of our picketing and rioting today is poorly veiled erosion of respect for law enforcement officers without which the law cannot be enforced.

An article in this month's American Legion Magazine notes that "it is respect for the police—rather than the police themselves—that actually enforces most of the law in this country."

WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

Independent proprietors across the nation are echoing an urgent cry for adequate help to run their businesses.

"Competent, qualified help is scarce" complains a Western wholesaler-retailer.

"I just can't find skilled employees to operate my dry cleaning business," laments a Southern proprietor.

"and several small businesses, including the restaurant across the street have had to shut down for the same reason."

Unemployment problems in the U.S. are fast being overtaken by a drastic shortage of employees for existing jobs. The situation cannot be righted until two major difficulties are solved: a redistribution of workers where they are needed in the economy, and an up-to-date comprehensive job clearing house for both employees and employers.

The National Commission on Technology, Automation, and Economic Progress informed Congress earlier this year: "There is simply no place in any local labor market, let alone on a regional or national basis, where individual job-seekers or employees can discover the full range of possible jobs or services available."

The U.S. Dept. of Labor, accelerating employment data, recently completed a survey of 16 American labor markets. Results showed a great number of jobs could be filled by many of the unemployed. A Senate

House sub-committee, encouraged by this report, has suggested that the study be broadened to include 56 U.S. markets.

There has been advocated legislation such as the Manpower Development Training Act to educate unemployed. Some have praised the War on Poverty and work-study college programs. Particularly effective in Harlem is the Vocational Education Act in which public school drop-outs are paid while attending trade schools.

Modern, growth trades are taught in these schools, rather than occupations padlocked by unions, already overcrowded fields, and jobs soon to be automated.

The Technology Division's proposal for a national "Job and Manpower Bank" to be run as a combination public-private enterprise is gaining support. This "bank" would be operated between state and private employment agencies, and include labor unions and other job clearing houses. Private industry, government, and state opportunities would be listed along with the job-seekers and their vocational and educational backgrounds.

The national "bank" would index information harvested from regional computer centers and circulate it. Economic planners and educators would have access to this information for their rival purposes.

A rapid solution must be found to match the estimated 3 million jobless with the abundance of jobs available. Meanwhile, independent business reports it is willing and able to employ those with even a minimum of experience, according to nationwide surveys by the National Federation of Independent Business.

FORT KNOX, KY.—Second Lieutenant Perry W. Flippin, son of Mr. and Mrs. Welch Flippin, Rt. 3, Tahoka was commissioned here in graduation ceremonies April 14 at the United States Army Armor School.

Graduates of the school are primarily qualified as platoon leaders in either tank or armored cavalry units.

Prior to entering the Army, Lieutenant Flippin was employed as editor of the Broneville (Ark.) Democrat. He is a graduate of Tahoka High School and Abilene Christian College.

Flippin has been assigned to the Third Armor Division, Frankfurt, Germany, and will be reporting for duty about May 1.

Sandhills Philosopher

WHY SUPREME COURT DOESN'T ACT ON UNFAIR FISHING SITUATION.

LYNN COUNTY SANDHILL Philosopher on his Johnson grass farm apparently has a fishing problem, his letter this week indicates.

Dear editor:

The other morning I got my fishing gear together, picked up a copy of The Lubbock Avalanche-Journal to sit on in case the bank was wet, and headed for my favorite spot.

But when I got there, got the paper spread out, settled down and looked up, I found two other men already fishing ahead of me, so I picked up The Avalanche, after all, everybody knows it can be read as well as sat on, and came on back home.

On an inside page I found an article that got me to thinking. It was telling about the opening of the trout season in some state, Virginia I think it was, and accompanying it was a picture showing hundreds of people lining the banks of a small stream casting away, the odds being calculated about three fishermen per trout.

What I would like to know is why is the Supreme Court sitting on its hands in this connection?

Why hasn't it come out with a one-man,

one-fishing-spot ruling?

It's one thing to rule that a man in the country is no longer entitled to four votes for a man in the city, although you'll have to admit the nation came a long way under this arrangement, but just as fundamental is the right of every man to his private fishing spot. One man, one pond, that's the way it ought to be.

I don't quarrel with the Court's ruling on the one-man-one-vote proposition, after all, there are some people in state and national government I don't want to take four times the responsibility for, which is why I suppose the Supreme Court made the ruling. It relieves the country voters of a lot of embarrassment, and we appreciate the Court's thoughtfulness.

But back to the subject at hand. If you agree with me on this one-man, one-fishing-spot idea, get hold of our Congressman and let's get the ball rolling.

It's spring, and there's nothing worse than trying to fish elbow-to-elbow with some city man who thinks that just because his vote is now as good as mine he has a right to my fishing grounds too.

Yours faithfully,
J. A.

JUDGES DECISION COSTS CROWN

Bulldogs Take Third In Track

BY BILL SALTER
(News Sports Editor)

Tahoka High School track squads combined last Friday for one of the most successful showings in the school's history at district meets with the Freshman squad racking up a first place, while the Junior High and High School placed third, although a judge's snap decision apparently cost the varsity squad first place in the meet.

The contested event, the 440 yard relay, proved the difference in the final point totals and if Tahoka had been awarded what appeared to be their rightful placing in the event, the Bulldogs would have been winners of the meet by one-half point.

But, in placing third, the Bulldogs still qualified for this weekend's regional competition in five events involving three individuals, Cliff Thomas, S. R. Penn, and Mike Lambford.

Thomas, the starlet of the Bulldog track, qualified for the region competition with firsts in the discus, shot put and broad jump, plus a second in the 330-yard intermediate hurdles.

In only his second competition, won the mile by a handy margin while Lambford placed second in the shot behind Thomas.

A complete rundown of the Bulldog placings are as follows:

440-YARD RELAY - 3rd, Mike Roberts, Tommy Kiddell, Cliff Thomas and Lewis Penn.
600-YARD RUN - 3rd, Doyle Schneider, 2:06.
120-YARD HIGH HURDLES - 3rd, Mitchell Williams, 17.2.
100-YARD DASH - 3rd, Mike Roberts; 5th, Tommy Kiddell.
330-YARD INTERMEDIATE HURDLES - 2nd, Cliff Thomas; 3rd, Jerry Edwards, 4th, Lewis Penn; 5th, Mike Roberts; 6th, Mike Lambford.
MILE RUN - 1st, S. R. Penn, 4:58.2.
MILE RELAY - 4th, Doyle Schneider, Tommy Kiddell, Lewis Penn, John Tyler, 5:42.4.
HIGH JUMP - 5th, Mitchell Williams.
BROAD JUMP - 1st, Cliff Thomas; 2nd, Mitchell Williams; 5th, Lewis Penn.
POLE VAULT - 4th, Billy Cherry.
SHOT PUT - 1st, Cliff Thomas; 2nd, Mike Lambford.
DISCUS - 1st, Cliff Thomas; 6th, Tommy Kiddell.

Scoring on the first three places in the meet was extremely close, with Plains taking first with 127.07, DeWitt second with 122 and Tahoka third with 120.

In the Freshman division, coach Robert Ryan's track team took first in only three events, the 440-yard relay, the 330-yard dash, and the
