CofC To Meet Friday Morning

The entire membership of the Muleshoe Chamber of Commerce has been notified of a meeting to be held Friday, June 10, at 10 a.m. in Leigon's dining room.

Purpose of the meeting is for the members to vote on two proposed amendments to the by-laws and constitution of the Chamber of Commerce.

The two proposed amendments would change the method of electing the officers, allowing the members to choose the president, vice president, and treasurer, as well as the directors.

The other amendment would change the time of the election of officers and directors from December to August.

Proposed changes would allow the membership more voice in operation of the administrative part of the organization and would allow newly elected officers and directors more time to plan their program of work before the beginning of the new fiscal year in January.

All members of the Chamber of Commerce may vote on the proposals, and a two thirds majority vote of those present is necessary to effect the changes.

Chamber president Lindal Murray has requested all members to make an effort to be present for this unique meeting.

You Can Top The Pros Saturday

You golfers have your chance this week.

You can test your ability against two top-flight golfers in the annual National Golf Day Saturday.

Here's the way it works: In Akron, Ohio, at the Firestone Country Club, Bob Rosburg, Professional Golf Champ, and Billy Casper, U. S. Golf Association Open Champion, will tee off against each other Saturday.

If you beat the winner of that match (your handicap is included), you'll be awarded a medal by the sponsoring PGA.

It costs \$1 to enter and Ray Hardy, golf pro at the Muleshoe Country Club, says he'll start anyone off anytime they want to play before sundown Saturday.

Since 1952 the annual event has meant \$742,000 for the expansion of the golfing program in this country. These proceeds have been used to teach golf to the handicapped, for caddies' scholarship funds, and the like.

MULESHOE FLYING SERVICE

New Sailplane Flies Over Town Sunday

The Muleshoe Flying Service launched their two-place, 2-22 Sailplane trainer for the first time Sunday afternoon at the airport.

Three instructional flights were given by Harold Locke, Certified Sailplane Instructor. Locke recently completed a course at the Schweizer Soaring School in Elmira, N.Y., and obtained his instructor's license.

Morgan Locker and Neil Everett of the Flying Service also have had Sailplane training at Elmira.

Walter McMahan, Lamb county farmer, Lyndon Kinser, 16-year-old Flying Service employee and Jess Tyson, Goodland, Texas, farmer were the three students.

It was the first Sailplane ride for each of them. All agreed that the quietness was one of the most impressive features of soaring.

McMahan said, "We didn't find any strong air lifts, yet after being aloft about thirty minutes the air speed indicator still showed 50 miles per hour and we had to use our spoilers to lower the altitude enough to glide in."

Gilbreath Child Is Buried Sunday

Brigitte Ann Gilbreath, seven months and ten days old, was buried Sunday in Bailey County Memorial Park. Services were in the First Baptist Church, Muleshoe, the Rev. E. K. Shepherd officiating.

She was born October 22, 1959 in Miami, Florida, and died June 2 at Fort Knox, Ky.

Pallbearers were Bo Bryant and Stanley Fox.

Survivors are the parents, Second Lieutenant and Mrs. John C. Gilbreath of Fort Knox; grandparents, Mr. and Mrs. Rufus Gilbreath of Muleshoe and Mr. and Mrs. Oscar Kunkel of McAllen.

Casey Buys Lane Insurance Agency

W. Q. Casey has bought the business of the Eddie Lane Insurance Agency in Muleshoe, the two firms announced today. All records and accounts have been transferred to the Casey Insurance Agency office in the Muleshoe State Bank Building.

Mr. Casey announced that Mr. Lane will be a solicitor for the Casey Agency.

Mr. and Mrs. Lane have operated their agency several years, with offices in the Barron building south of the courthouse, and now will continue in the same office with their real estate business.

INDICTMENTS

The County Clerk's office in Muleshoe reported 12 indictments returned from the grand jury which met Wednesday, in the Bailey County Courthouse.

There were seven forgeries, three worthless checks, one burglary and one assault with intent to kill reported.

RETURN FROM VACATION

Mr. and Mrs. Willie James and children returned last Saturday from a week's vacation in Oklahoma with relatives and friends.

FORBES GONE TO THE HOUSE

Three New Staffers Join Local Paper

New faces are being seen about the Journal office these days.

New editor of The Journal is Greg Olds. Mrs. Olds is the new society editor. The editing team came here from West Columbia, near Houston, where they owned and operated the local newspaper, The Capitol Sentinel.

Both attended the University of Texas, where they were students in journalism and Eng-

lish, Greg having received his journalism degree and Peggy lacking a year of work for her degree. They are Greg and Peggy to you. The couple have rented the Dale Lavender house for the summer.

New Advertising Man

Vernon Foltz, recently of Clovis, has signed on as advertising manager. Vern received his journalism degree at the University of Oklahoma in 1957, recently had been in the

advertising department of The Clovis Journal.

Vern is by way of being a weather prophet and student; he has been writing about the weather for the paper for the last three weeks. The publisher thought it was pretty risky when, as dry as it was, he predicted rain for Sunday, May 30; but it did rain on that date, so things turned out all right. He's got another weather article in the paper this week.

Cherry Hoybook, who has been doing society reporting, will be office and merchandise saleslady. Polly Otwell is bookkeeper; J. M. Forbes has gone to his home and laid down in the back yard. In the print shop are two new operators: Herbert Duncan, recently of Hereford, and Charles Richards, Tech student. Foreman is H. B. Flanagan, who is assisted on floor work by J. C. Gatewood, Ronnie Locke and George Foltz.

Kenneth Henry Outstanding Ag Student at Tech

Kenneth Henry of Muleshoe has been named Texas Tech's outstanding agricultural engineering student of 1960.

To commemorate the honor, Henry has been given the first annual William F. Schwiesow Award. In addition to receiving a personal plaque, Henry's name has been engraved on a large wall plaque which will be placed in the Tech Agricultural Engineering building.

The award is named in honor of Asst. Prof. Schwiesow, sponsor of the Tech chapter of the American Society of Agricultural Engineers.

Henry, a 23-year-old senior who plans to finish degree work in January, was selected for the award in a secret ballot of the Tech chapter.

The honor goes to the student who has made the best all-around contribution to chapter activities during an academic year. The Schwiesow Award is made possible through contributions of Chapter members and alumni.

Henry is the son of Mr. and Mrs. Clyde D. Henry of Muleshoe and is married to the former Darlene Black of Muleshoe.

Osborn Is Winner In 2nd Voting

Winners in last Saturday's Democratic runoff were Jesse Osborn of Muleshoe, Representative of the state's 96th district; I. M. "Ike" Stinson, commissioner, precinct one, Bailey County.

Osborn beat off the strong challenge of Clarence Hamilton of Earth by an unofficial 4,511 to 3,827.

The commissioner's runoff went to Stinson over Gregory by 893 to 302.

Osborn carried all but one of the five counties in the legislative district. The exception was Lamb County, home of his opponent.

The victory will send Osborn to Austin for his fourth consecutive Legislative term. In the runoff for the Judge, Criminal Court of Appeals, Bailey County went for Davidson in his losing race, 679 to 548 for McDonald.

New Methodist Minister Here

M. Horace Brooks, newly arrived minister at Muleshoe's First Methodist Church, conducted his first services here this past Sunday.

The Rev. Brooks has served previously at Seminole, Dimmitt, Petersburg, and Kress. He comes to Muleshoe from Quanah, where he was minister for four years.

He and his wife are both graduates of Texas Tech. They have two daughters, Marka Lynn who will be freshman at McMurry, and Ann who will be a senior at Muleshoe High this fall.

3 Muleshoe Girls Go To Ridgecrest

Three Muleshoe girls will attend camp at Ridgecrest, N.C., the next two weeks.

They are Lynda Lee, daughter of Mr. and Mrs. M. E. Lee; Shirley Henry, daughter of Mr. and Mrs. Clyde Henry; and Bennie McDaniel, daughter of Mr. and Mrs. B. O. McDaniel.

At Ridgecrest the girls will attend a national Young Woman's Auxiliary retreat.

They will leave from Lubbock Tuesday night, travelling by chartered bus with other teenagers and sponsors. At Nashville they'll spend the night, finally arriving at Ridgecrest June 16.

Returning, they'll spend nights again in Nashville and in Arkadelphia, Ark. They'll return to Lubbock June 24.

The trip will include tours of Memphis, Jackson and Knoxville.

Sodbusters Pick Darrell Oliver

Muleshoe's talented half-back Darrell Oliver has been named to the Sodbusters squad for the third annual Panhandle Grid Classic.

The Sodbusters are the boys from B through AA schools. They'll meet at the City Slickers August 20 at Amarillo's Price College Field.

Darrell recently announced his decision to attend the University of Texas on a football scholarship.

The Slickers have won the two previous games of the classic, prevailing last year, 12-6.

Weather Outlook Sees More Rain

Suddenly rains have become the order of the day.

The rain-starved crops and lawns of just a dozen days back are now soggy and waterlogged. Rains pelted Muleshoe for two consecutive weekends then tossed in an additional 1.00 Monday and Tuesday nights to bring our total since May 29 to 3.40.

This 12-day period far outstrips the 2.43 inches received between January 1 and May 28.

Rains of 1.16 inches broke out Sunday evening as a cold front smashed through Bailey County. More rain (.65) developed Monday evening as the same front returned from the southwest as a warm front.

Tuesday afternoon an isolated thunderstorm dumped an additional .35 on Muleshoe as it passed directly over the center of town.

Mama Nature is striving to justify the fears of the Journal's prognosticator concerning an overdose of meteoric water. If these waters continue to descend from the soggy West Texas sky at the present rate throughout mid-

die and late June our problem will be to control runoff.

Every indication is that next week will be at least as wet as the one ending. General rains seem to be in store for Sunday, June 12. This will be our third Sunday in succession to produce rainfall. General rains are expected to linger behind the initial frontal passage.

Muleshoe's average June rainfall is 2.65. We are near this figure already with 2.16. This also puts us near normal for the year. We have 5.83 compared to the normal for this date of 6.40.

Several soil test holes Monday indicated that the moisture had penetrated to a depth of 9 inches. More holes Wednesday showed that continued rainfall filtered to 14 inches. These tests were taken on unplowed native grasslands. The wet horizon is twice as deep in tilled lands.

The recent rains have been of value to the local area, though the Texas Employment Commission's Amarillo wheat harvest control office reports that the moisture has come too late for dry-land wheat locally.

However, irrigated wheat acreage is reported in good condition with yields of 35 to 40 bushels per day forecast when harvest gets underway around next Monday.

The TEC report covers the Muleshoe, Littlefield, Dimmitt, Farwell and Hereford region.

Temperatures for the period of June 10 through June 16 are expected to be below normal:

Mable Hunke, 62, Is Laid To Rest

Funeral services were Wednesday in Muleshoe First Baptist for Mable Lettie Hunke, 62, who died Tuesday in West Plains Hospital.

The Rev. E. K. Shepherd conducted the services. Burial will be in Hennessey, Okla. Mrs. Hunke was born January 1, 1898 in Bison, Okla.

Pallbearers were Bill Hall, Albert Thomas, J. E. Wilhite, Troy Actkinson, Ross Goodwin, and Harold Mardis. Alternate was Lonnie Wilhite.

Survivors include two children, Tom Hunke of Muleshoe and Lloyd A. Hunke of Barstow, Calif.; her mother, Mrs. Emma Statte of Tahlequah, Okla.; four sisters Mrs. Ruth Brown of Hennessey, Okla., Mrs. A. W. Passmore of Tahlequah, Mrs. Luther Vinson of Muleshoe, and Mrs. Earl Cary of Fairview, Okla.; three brothers Carl Statts of Hennessey, Fred Statts of Selling, Okla., and George Statts of Parsons, Kan.; and three grandchildren.

Motel Bought And Remodeled

An extensive remodeling job and construction of two new units have begun at the Muleshoe Motel, now under the management and ownership of Mr. and Mrs. John Inman of Muleshoe.

The Inmans bought the motel from Robert O'Hair.

The business is located west of town on Highways 70 and 84.

"We shall strive always to give superior service to our customers," the Inmans have said. The phone number of the Muleshoe Motel is 4400.

Mrs. Crouch Wins Merchants' Contest

Mrs. Billy Crouch sat in a car with her daughters, Mrs. Doris Scott and Mrs. Helen Hall, last Saturday greeting some of her friends in the huge crowd waiting to hear who would win a free trip to Hawaii courtesy of the merchants of Muleshoe.

"Mother is talking so much we won't be able to hear the name," said Doris. "What difference does it make? I'm not going to win," said Mrs. Crouch. And she was still talking when her name was read.

Mrs. Crouch who has been a long-time resident of Muleshoe still couldn't believe it had all happened when we talked to her Tuesday.

It's the very first thing I ever won in my life," she said. And she can't remember signing up for the trip more than six or seven times at Cashway Grocery.

Although she has decided not to take the trip (Mr. and Mrs. T. R. White and their son Clifford will go in her place) Mrs. Crouch does plan a vacation soon in Dallas where she will visit with an only sister.

She thanks all her friends who are very happy over her good luck.

Miss Gwen Williams Becomes Bride of Arthur C. Splawn

Standing before the altar decorated with an arrangement of mums, gladiolas, candles and fern, Miss Gwen Williams became the bride of Arthur Charles Splawn in a double-ring ceremony Sunday, June 5, in the First Methodist Church at 2:30 p.m. Elder Glen Williams, father of the bride, performed the ceremony.

Miss Williams is the daughter of Elder and Mrs. Glen Williams and Mr. Splawn is the son of Mr. and Mrs. Howard Splawn, all of Muleshoe.

The bride, given in marriage by her father, was wearing a full length gown of imported lace fashioned with a small train of lace ruffles flowing from the scalloped waistline. The bodice featured a scooped neckline frosted with pearls and sequins and long petal pointed sleeves. Her fingertip veil of silk illusion fell from a crown of pearls and sequins. She carried a bouquet of orchids and stephanotis.

The bride carried out the traditional something old, new, borrowed and blue. Something old was a 1941 year of birth, penny in her shoe for good luck. Something new was her wedding gown. Something borrowed was a string of pearls from her sister, Mrs. Virgie Phipps of Friona. Something blue was a garter.

Miss Sandra Allison was maid of honor. The bridesmaid was Miss Sybil Williams of Petersburg, a cousin of the bride. They were attired in orchid street length dresses of nylon chiffon over taffeta featuring a scooped neckline. Their headpieces were white bands accented with pearls. They were wearing white gloves and orchid linen shoes. They carried white carnation corsages.

Montee Lee served as best man for the groom. Kenneth

Mrs. Charles Arthur Pilgrim

Hinkson-Pilgrim Wedding Solemnized Thursday At Lazbuddie Methodist

Miss Carolyn Sue Hinkson and Charles Arthur Pilgrim exchanged wedding vows in the Lazbuddie Methodist Church Thursday, June 2 at 3 p.m.

The bride is the daughter of Mr. and Mrs. Frank Hinkson of Lazbuddie and the groom is the son of Mr. and Mrs. Charles J. Pilgrim of Irving.

Rev. Harold Morris of Coahoma officiated at the double ring ceremony. The bride was given in marriage by her father.

The church was decorated with baskets of white stock and yellow mums. Candelabra with yellow candles formed an arch. Yellow bows marked the pews. Mrs. Ronnie Briggs played traditional wedding music and Mrs. Wayne Moore sang "I Love You Truly" and "The Lord's Prayer."

The bride wore a silk organza over taffeta gown designed with a portrait neckline and brief shirred sleeves and matching mitts. It had appliques of lace re-embroidered with iridescent sequins and pearls.

The fitted bodice was highlighted by crushed folds at the waistline from which lace streamers flowed into a bouffant waltz length skirt. A double-tiered crown of sequins and pearls held the shoulder-length veil of silk illusion. She carried a bouquet of stephanotis centered with a white orchid on a white Rainbow Bible.

A penny in her shoe the year of her birth was the bride's "something old." Her wedding dress was "something new"; pearls lent by the sister of the bride, Mrs. Glenn Luft, were "something borrowed," and a garter was "something blue."

The maid of honor, Miss Mary Beth Lade, cousin of the bride from Littlefield, Nebraska, was gowned in yellow crystalline over taffeta. Her dress had a scoop neckline and shirred sleeves and featured a full skirt with a large bow in

the back. She wore a white headpiece and carried a white fan with yellow carnations and streamers.

Ray Reynolds of Lubbock was best man. Ushers were Trice Williams of Atlanta, Texas, and Clarence Cochran of Amarillo.

The mother of the bride wore a beige lace dress with yellow accessories and a corsage of yellow feathered carnations. The mother of the groom wore a dress of white rayon linen accented with a panel of pastel embroidered flowers. Her accessories were white and she wore a white feathered carnation corsage.

A reception followed the ceremony at the Fellowship Hall of the Lazbuddie Methodist Church. Guests were registered by Barbara Lust, sister of the bride of Dimmitt.

The table laid with a lace cloth over yellow was complemented by an arrangement of yellow calla lilies. Yellow candles in crystal holders flanked the four-tiered wedding cake, served by Joan Parks, sister of the groom of San Antonio. Katherine Smith and Sussie Carpenter of Lazbuddie alternated at the punch bowl.

The bride was a 1959 graduate of Lazbuddie High School, and she attended Texas Tech one year. The groom was a 1956 graduate of Irving High School and 1960 graduate of Texas Tech with a BS degree in electrical engineering.

As she left on her wedding trip to Niagara Falls, the bride wore a yellow cotton dress trimmed with lace. Her corsage was a white orchid.

The couple will make their new home in Pittsburg, Pennsylvania, where Mr. Pilgrim will be associated with the Westinghouse Company.

VISITED IN VERNON
Mrs. James Phipps and Mrs. Bob Kimbrough visited in Vernon this past weekend.

Miss Wanda Steinbock Becomes Bride Of Bert Williams June 1

MRS. BERT WILLIAMS

Miss Wanda Steinbock became the bride of Bert Williams in a double-ring ceremony performed Wednesday evening, June 1, in the sanctuary of the First Methodist Church of Lazbuddie.

The bride is the daughter of Mr. and Mrs. Alex Steinbock of Lazbuddie. The parents of the groom are Mr. and Mrs. Jack Williams of Farwell.

Mrs. Rosemary Briggs was the pianist and Mrs. Nealy Moore, cousin of the bride, sang "Forever Darling," "Whither Thou Goest," and "The Wedding Prayer."

The bride's father presented her for marriage. She chose a gown of silk mist taffeta, designed with portrait neckline, outlined by a band of re-embroidered French lace and highlighted flared pleats at center front. From the princess bodice stemmed a magnificent skirt that swept to a chapel train. Her brief sleeves were complimented by long, formal gloves. A tear drop crown of pearls held her fingertip veil of silk illusion. The

bridal bouquet was a large white orchid surrounded by white stephanotis. For something old, she carried a handkerchief given to her by her grandmother, for something new, she wore her wedding ensemble, for something borrowed she wore a hoop borrowed from the maid of honor, Miss Carolyn Hinkson, and for the blue, she wore the traditional blue garter.

Attendants for the bride were Miss Carolyn Hinkson, maid of honor, and Misses Susie Carpenter and Katherine Smith, bridesmaids.

The attendants wore dresses of orchid lace over taffeta fashioned with boat necklines dipped low in back. Short sleeves were complimented by gloves. The fitted bodice was highlighted by a deep V at center back waistline. A flat satin bow with flowing streamers graced the front of the voluminous waltz length skirt. Headpieces were match-

ing satin bows with a small circular veil. The maid of honor carried a fan shaped bouquet made of orchid and white flowers, while the bridesmaids carried colonial bouquets also of orchid and white flowers.

Attending the groom as best man was Charlie Pilgrim of Irving. Serving as groomsmen were Tommy and Dickie Williams, both brothers of the groom. Ushers and candlelighters were Don Pool, Ray Reynolds, Jerry Don Utzman, and Jerry Venable.

Flower girls were Misses Vickie and Mickie Broyles, nieces of the bride, and Sharon Williams, sister of the groom. Mrs. Bobby Broyles, sister of the bride, registered the guests.

The bride's mother chose a dress of navy lace with matching accessories. The groom's mother wore a green silk shirt-waist with white accessories. Both wore corsages of pink roses.

A reception was held in Fellowship Hall immediately following the ceremony. Mrs. Moore and Mrs. Briggs presided at the serving table.

When the couple left on their wedding trip to New Orleans, the bride chose an orchid sheath dress with orchid accessories. The couple will reside in Baytown this summer, where the groom is employed by Humble Oil Company.

The bride is a 1959 graduate of Lazbuddie High School and attended Texas Tech for one year. The groom is a 1956 graduate of Farwell High School and a 1960 graduate of Texas Tech. He plans to attend Princeton University in the fall.

WEEKEND IN VERNON
Mrs. W. C. Browning, Cherry Hoybook and children, Diane and Mike plan to spend the weekend in Vernon and Childress visiting with friends and relatives.

Women's Jehovah's Witness Group Will Attend 4-Day Convention

Boyd Lowery, presiding minister for Jehovah's Witnesses, has announced that the Muleshoe congregation of Jehovah's Witnesses has been notified that it should attend a four-day training convention to be held June 23-26 at the Will Rogers Memorial Coliseum in Fort Worth.

Mr. Lowery will head the local delegation of about fifteen persons.

The Watchtower Bible and Tract Society of New York is arranging the convention as one of 12 for Jehovah's Witnesses this year. The total attendance expected for the series is well over 200,000 and the expected attendance at Fort Worth is 12,000.

"The purpose of the meeting," said Mr. Lowery, "is to emphasize the theme of peace. This series of conventions has been given the name 'Peace Persuing District Assemblies.' There will be instruction on Bible topics concerning personal and family problems and instruction in preaching activity."

The program for the convention will be English and Spanish with morning, afternoon, and evening sessions. The main speakers and subjects will be announced at a later date.

Mr. Lowery stated that the convention is open to all people and not just Jehovah's Witnesses. Those who will attend can arrange for rooming accommodations in advance at reasonable rates by writing to a rooming committee in Fort Worth.

July 21 Referendum To Decide 1961 Wheat Producing Quotas

COLLEGE STATION—In line with and announced State with currently controlling leg-shares of the allotment, Texas' Secretary of Agriculture, announced that the minimum national average support price available to eligible growers in the commercial area will be not less than the minimum support to be announced before the referendum. On the basis of the present supply of wheat and present legislation, the legal minimum wheat support price for the 1961 crop would be 75 percent of parity.

Individual farm marketing quotas will be the normal production or the actual production from the farm acreage allotment, whichever is larger. Growers in the commercial area who stay within their allotments will be eligible for price support on their entire production. Growers who exceed their acreage allotments will be subject to market quota penalties if they have more than 15 acres of wheat for harvest.

Growers who sign applications for exemption under the feed wheat provision permitting 30 acres or less to be used exclusively for feed on the farm will not be subject to marketing quota penalties. If marketing quotas are not two-thirds of the voting producers in the July 21 referendum, there will be no restrictions on wheat marketing. Acreage allotments will remain in effect as a condition of eligibility for price support at 50 percent of parity as required by law.

4-H Rally Day Is Discussed in PV

The Pleasant Valley 4-H Club met June 1 at 4:30 p.m. at the Pleasant Valley Community Building. The reporter, Veta Allison, called the meeting to order and lead the meeting in the absence of the president and vice president. The secretary, Sheryl Stenvens, read the roll and minutes. The minutes were approved. There was a discussion of Rally Day, which is to be in Littlefield June 30 for boys and girls. They will register in Littlefield at 9:30 a.m. They will swim in the morning and cook their lunch at noon. It will last until about 4 p.m.

The meeting was adjourned, the boys and girls separated and Brenda Bills and Patsy Angley gave a most interesting program in good grooming. Larry Allison was in charge of a program on good grooming for the boys. The boys on the program were Fred, Bobby, and Sam Allison.

The next 4-H meeting will be July 6; the program will be on records. Everyone is asked to bring their record books.

The week of June 6-10 is Pleasant Valley sewing week. First, second and fourth year sewing girls are having a sewing workshop.

Mrs. Russell Bryant is leader for the first-year girls; Mrs. Gerald Allison, for second year girls; Mrs. Detwiler for the fourth year girls.

The Pleasant Valley 4-H girls really appreciate the time these ladies are giving to help them with their sewing.

Veta Allison, Reporter

cheered me greatly; and your good letters and cards kept me informed of home town news. The wonderful pies, cakes, and salads that you have brought since I have been at home have built my strength, and the beautiful arrangements of flowers with which you decorated my home have made convalescence a pleasure.

My husband Pat joins me in saying thank you. May good health be yours.

Recognition Of A Vital Industry

This is dairy month, the time of the year when we pay tribute to what is perhaps our most vital farm industry because of its essential health-giving products.

As the saying goes, milk is nature's most nearly perfect food. Here are some interesting facts about milk and milk products:

There are more than 200 nutrients in milk. Considering its cost per pound, milk offers more food for the money than any other food material available.

There is energy provided by one glass of milk to: play 9 holes of golf, clean house for 2 hours, walk one mile, sew for two hours, or climb 186 stairs.

The record high of almost 60 billion quarts of milk produced in 1957 was enough to fill a river more than 3,000 miles long, 40 feet wide and 3 feet deep. The river would stretch from Boston to San Francisco. Square quart milk bottles filled with this amount of milk and placed side by side would form a band around the world 140 times, and these same bottles, stacked one on top of the other, would reach to the moon thirty times.

The fastest growing milk product in the U.S. today is cottage cheese. There are some 400 cheeses recognized by name today. In spite of its widespread use, cheese was not prepared commercially until about 100 years ago. It takes 10 quarts of milk to make one pound of cheese. The finished cheese contains a large proportion of milk proteins, the minerals, the fat, and the fat-soluble vitamins found in the milk from which it was made.

Ice cream dates back to about the fifth century when Nero sent slaves to the mountain tops for the required snow and ice. Commercial production dates back to 1851 in Baltimore by the hand-cranked freezer invented in 1846 by a woman, Nancy Johnson.

Butter has been churned for thousands of years as a homemade product. The first butter creamery estab-

lished in the United States began its operation in 1848 at Goshen, New York. From that beginning, the butter industry spread across the nation to become a vital part of dairying.

Today dairying is one of the greatest single sources of farm income in the nation. About 20 cents of each dollar of cash receipts from farm products comes from dairying. This means about one-fifth of the nation's agricultural income is from dairying.

Mrs. J. J. Brockman and Jewelleen left Sunday morning by train for a two weeks visit in California. They are visiting her son and brother Jerry Brockman who is stationed at Ft. Winfield Scott in San Francisco, Calif.

W. A. POOL IN LUBBOCK

Mrs. W. A. Pool has been in Lubbock staying with her sick mother. She is better at this writing.

His son is head of Marco Engineering Co., which built the installation. He also helped build Disneyland and has projects planned for Tokyo, London and Caracas, Venezuela.

EVERY WEEK 10,000 PEOPLE BOUNCE ON ITS SEATS, HONK ITS HORN, KICK ITS TIRES, SLAM ITS DOORS, SHOP ACROSS THE STREET AND THEN RETURN TO BUY THIS CAR!

Falcon is having the best first year any car ever had... over 250,000 already sold since introduction... going at the record rate of 10,000 every week. What makes Falcon the world's most successful new car?

Economy!

To begin with, Falcon is America's very lowest-priced 6-passenger car... \$64 to \$154 less than the other compacts.

"Falcon delivers the best fuel economy of the three new compact cars," says *Motor Trend* magazine. Owner reports and fleet operator logs consistently show Falcon mileage figures of up to 30 miles per gallon with regular gas.

Falcon goes 4,000 miles between oil changes, costs less to service, less to license and in most places, less to insure.

Falcon saves you more and still gives you full room for 6 big people and all their luggage. Small wonder Falcon has become first so fast!

Services Were Sunday For Mother Of Muleshoe Woman Killed In Car Wreck

The mother of a Muleshoe woman was killed Friday in an auto mishap near Littlefield.

Mrs. Vesta Brown Cooper, 63, mother of Mrs. Louise Rucktashel of Muleshoe, died about an hour after her car overturned about 6:30 p.m. on a dirt road a mile southwest of Littlefield, Mrs. Cooper's home.

Apparently Mrs. Cooper lost control of her car while driving back to town. Investigating officers said her speed, estimated at 45 m.p.h., was a safe one. But somehow the car left the road and turned over twice.

She died in a Littlefield hospital.

Services were Sunday at the Littlefield Drive Church of Christ, with burial in the Littlefield Cemetery. Assisting with the rites were the Rev. Dwayne Dennis and the Rev. Ebb Randol of Farwell.

She was born in Oklahoma Territory January 4, 1897, and had lived in Littlefield the past 27 years except for 1951 and 1952 when she and her husband lived on their farm west of Muleshoe, adjacent to the Ed Little farm.

An Editorial

Hungry people are hard people, and have very little thought of work for their Lord. They are easy prey for various isms, and now particularly are they prey to communism, the godless religion of the world today. That is one way soil depletion affects the work of our Lord.

Another way is when the population decreases, the church decreases in size and in missionary vision and zeal. Very often the cry is heard, "We just don't have the money or the people." Much of the time this has come about by faulty use of God given land.

Let me illustrate: "On November 1, 1940 the Farmer Stockman published pictures of a gullied field and a deserted house. They offered a cash prize of \$25.00 to the individual who submitted the best 100 word story describing the pictures. 2,605 entries were submitted. The winning story written by E. O. Enfield, Arapahoe, Oklahoma is given below.

"Both pictures show white man crazy. Make big tepee. Plow hill. Water wash; wind blow soil. Grass gone, deer gone, squaw gone too. Papoose gone. No chuckaway, no pig, no corn, no cow, no hay, no pony.

"Indian no plow land. Keep grass. Buffalo eat. Indian no make terrace, no build dam, all time eat. No hunt job, no hitch-hike, no ask relief. No shoot pig. Great spirit make grass. Indian no waste anything. Indian no work, white man heap loco."

It is not so much his words, but his wisdom, and the vacant house and ruined field which no longer produces food and fiber for hungry and cold people throughout the world.

The Lord's work flourishes in a democracy, but withers under other types of government usually. Sterling North, editor of the Chicago Daily News on October 16, 1938 said, "It takes rich land to support a democracy.

Every time you see a dust cloud or a muddy stream, a field scarred by erosion or a channel checked with silt you are witnessing the passing of American Democracy . . . the crop called man can wither like any other." How very true this statement.

But there is yet hope! To men of Old Testament times God spoke assuring them of His divine ownership. To Moses on the mountain top, He said, "If you will obey my voice and keep my covenant, you shall be my possession among all people, for all the earth is mine". Exodus 19:5.

Then again in Leviticus 25, God gives Moses instructions in the keeping of the land of Canaan, when the Israelite children reached the promised land, and in the next chapter, He gives the conditions of blessings and following the chastisement to His people if they do not keep His commands. Truly, Soil Stewardship is not only practical, but is commanded by our God.

Survivors Besides Mrs. Rucktashel Include Three Other Daughters, Mrs. Earl Dow and Mrs. Evelyn Bruster, both of Littlefield, and Mrs. Sylvia Masten of Morton; three sisters, Mrs. Jesse Henderson, Dallas; Mrs. Ella Lunsford, Littlefield; Mrs. Daisy Purtle, California; and 11 grandchildren.

Mr. Cooper died in 1953.

Smith's Station Was Sold Monday

The sale of Gordon's Conoco station at the crossroads in Muleshoe has been announced by Gordon Smith, former owner.

The station, beginning this past Monday morning, is now owned by C. V. Riley and J. A. Mills.

Gordon and his wife, Emily, say they want to express their thanks for the patronage and friendship while they were in business here. The Smiths say their plans are indefinite right now, though they have a trip to Arizona planned soon.

Golden Circle Has A Baby Shower

The Golden Circle Sunday School class of the Trinity Baptist Church hosted a baby shower for Mrs. Bob McClanahan Wednesday.

The ten members of the class and a guest, Mrs. Ogle Larance, attended the shower held in the annex of the Trinity Baptist Church.

The table was laid with a white linen and lace cloth and featured a flower arrangement of pink and white baby breath and sweet sulcans. Mints, homemade ice cream, and German chocolate cake were served.

The honoree was presented with a pink carnation corsage trimmed with a miniature baby in cradle.

Everyone is cordially invited to come and hear him.

Tates Honored At Shower On Friday

A newly-wed couple, Mr. and Mrs. Gaylord Tate, were honored with a shower Friday, June 3 at the home of Mrs. Sam Fox.

The bride, the former Nancy Plemons of Fort Worth, was in the reception line with Mrs. Cecil Tate and Mrs. Fox.

The hostesses were Mmes. Wilbur LeVeque, H. E. Schuster, Evelyn Autry, T. L. Slemmons, Morris Douglas, Noel Woodley, Winona Jordan, Harold Wyer, A. J. Gardner, Lois Lenau, Charles Lenau and Sam Fox.

A yellow and white theme was carried out in the table decorations. A white organdy cloth was complemented by silver and crystal appointments. An arrangement of yellow pansies with yellow tapers entered the table.

Mrs. LeVeque registered the guests and Mrs. Woodley poured.

A pretzel ring and twists, pineapple chunks, and coffee were served. About 50 guests attended.

Women's Golf Tourney Held In Muleshoe

The High Plains Women's Golf Association enjoyed a big day Wednesday. A luncheon and business meeting preceded the golf tourney that day.

Shooting the low gross (handicap, not incurred) score of the entire field was Lou Hardy of Tulsa. Another Tulsa sharpshooter, Betty Hickman, fired the low net (handicap included) score.

Other winners: Championship Flight: low gross, Lou Hardy, Tulsa; low net Marjorie Northcutt, Tulsa; low putts, Lou Hardy.

First Flight: gross, Reba Barrett, Muleshoe; net, Marie White, Muleshoe; putts, Marie Frances Holt, Muleshoe.

Second Flight: gross, Lottie Melton, Tulsa; net, Jean Monroe, Morton; putts, Lottie Melton, Tulsa.

Third Flight: gross, Rosalie Wallace, Morton; net, Dorris Cluver, Tulsa; putts, Betty Hickman, Tulsa.

Nine hole: gross, Elizabeth Nesbith, Levelland; net, Dugan Butler.

Cub Scout master Irvin St. Clair assisted by Richard Puckett accompanied thirty Cub Scouts of Pack 20 and twenty fathers on a camping trip to Lake Alamogorda Saturday.

The group left the Scout Hut at 1 p.m. and arrived at the lake about 4. After several hours of boating, the scouts and their fathers enjoyed a round of hotdogs.

Sunday morning after bacon and eggs they broke camp and arrived back in Muleshoe by noon. A good time had by all was reported.

Pack 20 is composed of boys from ages 8 to 10.

Dr. Charles Lewis Will Join Father

Dr. Charles Lewis, son of Dr. and Mrs. A. E. Lewis of Muleshoe, will soon join his father in dentistry. His decision was disclosed recently when Dr. and Mrs. Lewis and daughters, Lashelle, spent the weekend with their parents, Dr. and Mrs. Lewis and Mr. and Mrs. Albert Carroll.

Capt. Lewis was graduated from Baylor Dental College in Dallas in June 1958. He has been a dentist in the Army Dental Corps, and stationed at the guided missile base in Fort Huachuca, Arizona for almost two years.

His father, Dr. A. E. Lewis, has practiced dentistry in Muleshoe 31 years.

Dr. Lewis and his family will move to Muleshoe in July. He will spend most of the month of July here, returning to Fort Huachuca to receive his discharge about the middle of August.

DROWNING

A tragic accident occurred Wednesday when two Friona boys were drowned in Buffalo Lake four miles north of Friona.

Johnny Miller, son of Mr. and Mrs. Roy V. Miller Sr., and E. C. Wilson, son of Mr. and Mrs. Winston Wilson, along with Joel Landrum attempted to cross the lake on a raft made of planks and barrels.

While scuffling and playing on the raft, Wilson fell in. Miller jumped in to rescue Wilson and both boys were drowned.

Landrum, unable to stop the drift of the raft, ran for help when he reached the north-east bank of the lake. The body of Johnny Miller was recovered from the lake about 4 p.m. The body of E. C. Wilson was found later that evening.

Both boys would have been juniors in Friona High School in September and were known to be good students and well-liked.

OREGON VISITOR

Mrs. C. E. Lewis of Medford, Oregon, flew to Texas to visit her mother, Mrs. Arthur Askew, who has been ill lately.

Others who have visited Mrs. Askew are Burl Pierce and his wife; Tom Pierce and his family; and Mrs. Grace Mullin from Turkey, Texas.

CHRISTIAN SCIENCE SERVICE

The life-preserving power of spiritual understanding will be set forth at Christian Science services Sunday in the Lesson-Sermon "God the Preserver of Man."

Inspiring experiences of Abraham, Joseph, Moses, and Christ Jesus will be related in the Scriptural readings.

Speaking of Abraham, a citation to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy states (579:12): "This patriarch illustrated the purpose of Love to create trust in good, and showed the life-preserving power of spiritual understanding."

The Golden Text is from Ephesians (2:8): "By Grace are ye saved through faith; and that not of yourselves: it is the gift of God."

"THANK YOU"

Mrs. Osborn and I take this means of thanking each and every one for the help given us in the June 4th run off.

We would like to see each and every one but can't. We will always be grateful to all the good people of the 96th

District. Will always strive to merit the confidence you have shown.

We say thank you again and appreciate your help.

Needmore Rebekah Lodge Elects New Officers For The Coming Half Year

Needmore Rebekah Lodge No. 160 met Tuesday night with 13 members present. Noble Grand, Ethel Lee Meason presided.

Election of officers was held. Jewel White was elected Noble Grand and Jessie Jordan was elected Vice Grand for the July through December term. Florence Holmes was elected term captain for the year July '60-'61.

An invitation was extended to lodge members to attend the Friona Rebekah Lodge's first birthday party Thursday night June 9. A committee was appointed for the Rebekah and Odd Fellow memorial program

Tuesday night June 14. Final plans were made for the Circle 7 dinner for Thursday night, June 9.

A committee was appointed to help with the program for the state president's visit to Morton Friday night, June 24.

Thelma Gage reported on the Twin City Conclave in Wichita Falls last weekend. There were 24 drill teams from all branches of the order that performed, she said.

It was the first time the Oklahoma and Texas state presidents presented their programs at the same time. The next conclave will be in Oklahoma next spring.

Mrs. Allison Conducts The Program At WSCS Meeting

Mrs. Harold Allison conducted the program at the general meeting of the Muleshoe Women's Society of Christian Service Tuesday. The program was entitled "Set Apart For Me."

Mrs. Joe Roark offered an inspiring devotional, reading from Matthew 9 and Romans 10.

Mrs. Dean Bishop, newly re-elected president, conducted the meeting. She received a rising vote of appreciation from the 19 members present.

Mrs. Jack Morris, treasurer, and Mrs. Major Wood, retiring recording secretary, were presented life membership pins.

Mrs. Harold Allison and Mrs. Oscar Allison presented both phases of the missionary's work—that of the missionary and of the church.

Mrs. Roark led the group in the Lord's Prayer.

The meeting was dismissed with the ladies to meet at their circle meetings this Tuesday.

Earlier the WSCS executive committee met. Mrs. Bishop introduced Mrs. Horace Brooks,

the new pastor's wife, who was welcomed to Muleshoe by the 17 attending.

Dig, Dream Club Gains 2 Members

The Dig and Dream Garden Club met in the home of Mrs. Carolene Hamilton Wednesday at 2:30 p.m. with five members present.

Today's Meditation

Read I John 4:1-6

I have fought a good fight, I have finished my course, I have kept the faith. (II Timothy 4:7.)

When Christopher Columbus started out "against wind and the high seas" on his expedition to the New World, he ventured forth with three small ships. He conquered all opposition and all difficulties, including the mockery of his faith that the world was round.

Just before the Apostle Paul lost his life, he wrote a letter to Timothy. In it we find one of Paul's finest phrases: "I have kept the faith." He was referring to his faith in Jesus Christ.

Today we can have hope if we keep the faith. Christ offers to each one of His faithful servants the crown of righteousness and eternal life.

Our Lord Jesus recommended that we have faith, even if it is as small as a grain of mustard seed, for even that much faith is capable of great things. Without faith we can do nothing; but through faith in our Lord, we can do what He would have us do, for faith is the very essence of life.

PRAYER: O Lord, our God, increase daily our faith. Give us the assurance that we are Thy faithful servants. Help us to reveal our faith through personal dealings with others. In the Saviour's name. Amen.

Thought for the Day
By keeping his faith, the Christian lives a useful and victorious life.

Increase in Cotton Research Is Announced By Plains Foundation

Dr. T. C. Longnecker, director of the High Plains Research Foundation announced the Foundation is increasing its cotton research 34 percent over previous years.

Dr. Longnecker stated that the Foundation has 20 more acres of plot research with cotton this year than in 1959. This accelerated program in cotton research is a result of a cooperative research agreement that has been worked between the High Plains Research Foundation and the Texas Agriculture Experiment Station, Substation No. 8 at Lubbock and College Station.

Jaycees Discuss Go-Kart Racing

The J.C.'s met Monday with eleven members and three guests, Robert Akin of Olton, Charles Walters and Neal Anderson.

It was announced that Pat Childress won second and Roy Baker won third in the Regional Car Rodeo held at Littlefield, May 29. This entitles Pat Childress to drive in the state rodeo with first place winner Mike Eaton of Littlefield.

James Glaze reported on his trip to Grand Prairie for the executive board meeting of the Jaycees.

The JayCee "Go-Cart" race is to be held Sunday, June 12, at 1:30 p.m. It is hoped everyone will attend and enjoy these races.

Bo Bryant, James Glaze and George Bragg were appointed to see about joining the National Go-Cart Club of America and try to get the National Dirt Go-Cart Race in this district.

Anyone having posts and/or barbed wire that he would donate to the Jaycees to fence the Go-Cart track, please call Vernon Bluker at phone 3-3710. This would be greatly appreciated.

High Plains area. Personnel from the Agricultural Research Service of the U.S. Department of Agriculture, the Texas Agricultural Experiment Station, and the Foundation are cooperating as research teams in conducting the joint research projects.

On commenting about the scope of the increased program of cotton research, Dr. Longnecker stated that the following cooperative projects are being conducted at the Foundation this year.

- (1) Regional cotton variety test;
- (2) date of planting experiment with cotton;
- (3) climatology study involving different varieties, moisture levels, dates of planting, fertilizer levels and varieties;
- (4) an in the furrow fungicide experiment;
- (5) a cotton harvesting study involving different varieties and various methods of harvesting;
- (6) planting equipment test using different types of planting equipment; and
- (7) a cotton irrigation experiment consisting of detailed evaluation of different varieties, fertilizer treatments, and irrigation methods on the yield and quality of cotton.

Dr. Longnecker emphasized that the cooperative research program is just one phase of the Foundation's overall research program with cotton. In this regard, the Foundation is conducting additional cotton research involving different varieties, fertilizer treatments, irrigation methods, and cultural practices.

Ammonia produces more cotton per acre

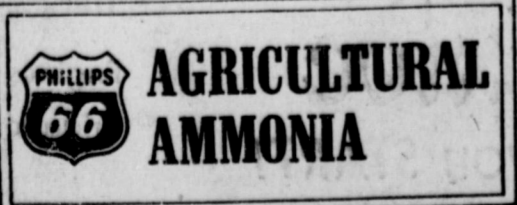

Leading West Texas farmers like FRED POPEJOY use 100 lbs. of Phillips 66 Ammonia on cotton

Fred Popejoy of Hart, who has 800 acres under cultivation, has used Phillips 66 Ammonia successfully on a variety of crops. "With cotton following cotton I put down 50 pounds of ammonia per acre. On cotton following maize I apply 100 pounds of ammonia. This gives me about 1/2 bale per acre increase," he says.

"Maize land receives about 100 pounds of ammonia per acre. Yields have been up to 7000 pounds per acre . . . increases average about 2000 pounds per acre. Wheat is where you see the big difference with ammonia. It just about doubles the yields. I use about 80 pounds of ammonia per acre on wheat land," he reports.

Thousands of Texas farmers are using Phillips 66 Ammonia to help assure top net profits per acre. Actual field reports prove that Phillips 66 Ammonia (1) produces more high grade lint (2) increases maize yields (3) boosts wheat and small grain yields (4) stimulates forage production.

See your local Phillips 66 Ammonia Distributor now. You can depend on better ammonia service.

The Sandhills Philosopher Finds Business Men Don't Keep Posted On The Latest Economic Trends

Editor's note: The Sandhills Philosopher on his Johnson grass farm apparently doesn't have a full understanding of what the price index is, his letter this week indicates.

Dear editor:
 One trouble with this country is that not enough business people keep up with the economic trends.

For example, I read in a copy of a newspaper day before yesterday that living costs rose four-tenths of one percent in April, as reflected by the consumers price index, a set of figures put out by the U. S. government.

As a result of this, the article explained, nearly a million workers in the auto, farm equipment and related parts industries got an automatic 2-cents-an-hour pay raise. Their contracts call for adjustments based on the government's consumers price index.

Well, now, I figured, I'm in the auto and farm equipment business, so to speak, especially the parts end of it, so naturally I concluded I was supposed to get a pay raise too, and since nobody pays me by the hour out here on this Johnson grass farm, the only way I could see how to get a pay-increase was to raise the price of things I sell.

I don't know how long it takes for a hen to lay a dozen eggs, but I figured on the basis of that 2-cents-an-hour boost the others were getting, me and my hens would settle for 2-cents-a-dozen increase, which ought to be cheap enough, so I automatically marked up the price that much, and took some to town.

Like I said, the trouble with this country is not enough business people keeping up with the economic trends. I couldn't find an egg dealer in this part of the state who'd ever heard of the government's consumers price index. When I said the price of my eggs is now 2 cents a dozen higher, they looked at me like they thought I was crazy.

What I figure is we've got a lot of business people in this

country who don't keep up with the economic trends, or else they're still using the same price index they had pasted on their office walls twenty-five years ago. You've got a printing press somewhere there in the Journal office, haven't you? How about printing up a bunch of these new price indexes and distributing them around the country?

Yours faithfully,
J. A.

Parmer County Farm Bureau News

Tractor gas costs five cents per gallon less if you claim refund of the State Tax. Please come in soon after you receive notice to file.

They tell us that a trip to Old Mexico is interesting and relaxing. We hope maybe some folks from this area will join the Texas Farm Bureau tour July 14 through 24th. It includes a nine day tour, and the prices seem pretty reasonable. Look at your Texas Agriculture paper, or come in and we'll give you one.

We don't quite understand how there can be so many men in our Congress who are willing to work days and days on a "farm bill" which they claim is designed to help the farmer when they know it will be vetoed if voted out.

This isn't the case with farm bills only, either. It seems that a lot of Congressional time is spent cooking up bills on various subjects with the hope they will get a lot of publicity and then be vetoed. This is the way some of our Congressmen spend our money to "show their interest" in their constituents.

We are basing our thoughts on a report of Doane's Agriculture, in which it was pointed out that the House of Representatives is expected to pass a bill designed to court a veto while the Senate was making efforts to come up with something the president would sign.

It looks like there will be no major changes in farm legislation. In fact this session is about over.

If we understand the announced support prices correctly, wheat will be six cents per bushel lower and sorghums will be four cents per hundred higher.

BABSON DISCUSSES Commodity Prices

BABSON PARK, Mass., June 9. The Dow-Jones Industrial Stock Average has declined from a high of 685 on January 5, 1960 to under 600, from which it is just rebounding. Manufacturers are wondering why commodity prices have not broken correspondingly.

The main reason is the increased costs of labor. All the basic industries are well organized and producers are timid about cutting wages for fear the union leaders will call strikes.

PRICE STABILITY
 This over-all price stability does not apply to all commodities. We have seen widespread declines in wholesale prices for foodstuffs; and farmers expect to receive less for 1960 crops.

However, owing to the demand by consumers for small quantities of foodstuffs which they purchase at the supermarkets, retail prices have remained high. It not only costs retailers more to sell small items, but the cost of packages and displays is greater. Supermarkets present a fine show which appeals to consumers, but in reality their prices are not as low as is generally supposed.

SUPPLIES ADEQUATE

In most cases, supplies of raw materials are sufficient or can be increased rapidly if prices should rise. Therefore changes in most commodity prices may be downward rather than upward for a while. An analysis of price trends should consider foreign demand and supply also. Not only will competition become more severe within this country, but foreign imports are crowding us more and more.

When I was in Europe recently, I was astounded at the low prices which are being paid there to labor. Japan does not produce many basic commodities, but confines her exports to manufactured products. Wages are very low in Japan. Reports from China vary, but presumably wages there are even lower than in Japan. If I can get a visa, I will visit China and get the facts about China's wages and her exports, which go largely to Russia.

OUTLOOK FOR COPPER AND OIL
 Copper production in the U.S. is affected by gradually rising wages; hence the price of copper should be well maintained. Copper producers are,

however, handicapped by the fact that the metal has a long life; some of that now being used in the electronics industry once existed in the form of trolley wires of our grandmothers' kettles.

In the case of oil, gasoline, and other petroleum products, there is no such problem; when these are used up they are totally consumed. However, the world now faces a surplus of oil. Not only have the Arab States large supplies which they are anxious to sell, but the production of the Sahara Desert must be considered. France is very much interested in this Sahara production. President DeGaulle is striving for self-sufficiency in order to regain world status.

EXCEPTIONS TO THE ABOVE
 The main bullish argument for oil is that Nasser, President of Egypt, may succeed in becoming the "sales manager" for all the Arab countries and stop them from cutting prices or giving special favors.

I have recently made studies on the effect "fallout" might have on commodity prices in case of World War III. I asked various authorities, whether farmers would be obliged to buy more or less fertilizer to offset the radioactivity which would be absorbed by surface crops.

In case of World War III, our government might not allow the planting of new crops. Milk, beef, and other products be an exception.

Friendship Class Meets In Mrs. Cox's Home

The Friendship Class of the First Baptist Church met in the home of Mrs. Jack Cox Thursday, June 2 with twelve members present. Mrs. Cox was assisted by co-hostess Mrs. Frank Snyder.

The ladies enjoyed a covered dish luncheon and afterwards Mrs. R. D. Precure, president of the class, conducted the business and social meeting.

Mrs. W. B. McAdams gave the devotional, the title of which was "Rush of Time." The subject was taken from the book, "Man Called Peter."

PROTECT THIS INCOME WITH HAIL INSURANCE
 During 1959 in Texas alone, more than five and one-half million dollars in crop hail damage claims were paid by insurance companies. Statistics show that equally that amount of loss was suffered on crops that were not insured. Your Texas Farm Bureau agent can give you complete details of the LOK-RIB policy that allows you more insurance per acre than any other policy. Texas Farm Bureau maintains their own staff of adjusters so you are assured of fast, equitable payment on all your claims. See your Texas Farm Bureau agent NOW — be sure of adequate insurance coverage for your crop.

The safest place in a lightning storm is your LOK-RIB Building
 You enjoy peace of mind in stormy weather when you own a LOK-RIB Steel Building. It's all steel — it won't burn — and if lightning strikes, the easily grounded steel panels dissipate the charge. The extra strength of LOK-RIB's exclusive V-rib design gives you that same safe feeling when winds are high.
 The factory-engineered, mass-produced LOK-RIB Steel Building goes up easier and faster. There are no high framing costs. Every part is pre-punched and matched to fit. Four widths — 24, 32, 40, and 48 feet.

LONE STAR AGRICULTURE

GIVE OLD BOSSY A REST AND INCREASE YOUR PROFIT
 Sounds absurd, but old bossy will return you more profit the next year if she is given about two months of vacation.
 Recently a new all-time, all-breed fat production record was set by a cow that had practically no time to condition herself before the record lactation. Many folks have tried to estimate how much higher the record might have been if she would have had the opportunity to build her body for this grueling feat.
 Studies by a leading university have shown that each two weeks of rest returned an additional 10 pounds of butter fat in the next lactation. This is an average for a six to eight week dry period since the cow actually responds more from the first few weeks of rest than the last. To feed beyond eight weeks will seldom return sufficient additional milk to offset the feed cost, unless the cow is in very poor condition.
Mature animal weight records have shown that slightly over two pounds per day gain during the dry period will give total increase of about 125 pounds body

weight. Depending on the breed, this conditioning will return 1000 to 2000 pounds more of extra milk in the succeeding lactation.

This additional milk will bring more than twice the cost of the ration for the dry cow. A 1200 pound cow will consume about 700 pounds of concentrates during the 60 days. This grain ration should be of oats or barley base and depending upon whether home-grown grains are utilized, the cost will run three cents to four cents per pound. A 1500-pound milk increase at \$4.00 per hundred weight would give a return of about \$60. This return on investment would be difficult to equal in any other phase of animal agriculture.

BULA NEWS BRIEFS

by Mrs. John Blackman

Mr. and Mrs. L. H. Medlin observed their 50th wedding anniversary Sunday, June 5, from 2:30 till 5 p.m. with a reception in the Fellowship Hall of the Bula Methodist Church. The occasion was hosted by the couple's children. They

are L. H. "Buck" Medlin, Bula; Buddy Medlin, Amarillo; and Mrs. Jethro Gilbert of Broken Arrow, Oklahoma. Ivy, a son, passed away in 1932. They have eight grandchildren.

Mr. and Mrs. Medlin were married May 22, 1910 in Stamford, Texas. She is the former Ora Coleman.
 They moved to the Bula Community in 1927 and built a home on the land they bought. They resided here until 1947, moving to Bentonville, Arkansas, but at the present time they have a home in Broken Arrow, Oklahoma and have been living there for the past two years.
 The serving table was laid in white lace over gold taffeta, centered with a miniature gold buggy drawn by a white horse, with a miniature bride and groom sitting inside the buggy, with faces of Mr. and Mrs. Medlin cut from pictures. The picture was fixed on a reflector caged in gold and offset with white mums tied with gold ribbon.

One hundred sixteen guests were registered during the calling hours by the grandsons Dennis Medlin and Jerry Gilbert.

Gold punch and a three-tiered wedding cake were served by granddaughters Loveda Ann Medlin, Jane and Paulette Gilbert.

Guests registered from Dumas, Ackerly, Stamford, Albuquerque, Friona, Lubbock, Abernathy, Shallowater, Halfway, Silverton, Hereford, Dalhart, Dumas, Morton, Littlefield, Muleshoe, Anton, Amherst and Tahoka.

Lunch guests Sunday in the M. B. Gage home were Mr. and Mrs. Billy Gage and son Timmy of Lubbock and Mr. and Mrs. J. E. Peters of Shallowater.

Recent visitors in the E. W. Black home were their son and family Mr. and Mrs. Richard Black of Stanton.

Mrs. S. H. Clevenger was admitted to the Littlefield hospital Friday of last week for x-rays and observation.

Mr. and Mrs. Arlus Hogue and daughter Debbie were guests Sunday with his parents Mr. and Mrs. Clyde Hogue.

Spending the weekend at Conchas Dam and enjoying fishing and boating were Mr. and Mrs. Ewell Battles. The Battles keep their trailer house

parked at the lake, so they make frequent trips there.

Lunch guests Sunday in the Buck Medlin home were Mr. and Mrs. Herschel Mobby and daughter Kay of Albuquerque, Mr. and Mrs. Glenn Medlin and children of Tahoka, Mr. and Mrs. Buddy Medlin and loveda Ann of Amarillo, and

Mr. and Mrs. Jathro Gilbert and children of Broken Arrow, Oklahoma, and Mr. and Mrs. L. H. Medlin of Broken Arrow.

Mike Elisinger and Gerald Reid are spending this week at Ceta Glenn Camp along with a group of young people from the First Christian Church in Littlefield.

INVITATION EXTENDED
 Miss Charlene Volkman and Mr. Lewis Blaylock wish to extend an invitation to all their friends and relatives to their wedding June 15. The wedding will be held at 6 p.m. in the Nazarene Church in Muleshoe. A reception will follow in the parsonage. No formal invitations will be sent.
