### Muleshoe In Sixty-Two

Down at the meeting last year of Texas Pharmaceutical Association's annual convention, Sam Damron, local pharmacist, experimented with the slogan "Muleshoe In Sixty-Two", meaning bring the convention here in that year. It seemed to catch on and folks had a little fun out of it.

This year Sam, says his good wife, Elaine, went all out with banners, gimmicks, etcetera, until the whole convention was buzzing with the "Muleshoe In Sixty-Two" theme. She said one principal speaker felt it necessary to declare himself in favor of the convention for the Mule city before proceeding with his serious talk.

And we might get this big convention here, too, thinks Mrs. Damron, if some enterprising entrepreneur will build a hotel with dining hall and auditorium to seat 600!

This column consistently over the year has urged his more affluent friends to build a small hotel for Muleshoe. We have thought that a hotel of two, three stories, adequate meeting rooms and dining room might add to our cultural atmosphere; at the same time we advised our friends that we would not invest in it, ourselves.

But a fellow can go down to the hotel, get himself a newspaper, all the morning unnotified by the officious clerk, smoke an occasional Phillips Cheroot, drift into the coffee room for a cup of brew, meet his friends, and things like that in a hotel lobby and be out nothing except his time, in the favor of such a way of doing.

The best "carrying charge" arrangement, says R. L. Brooks, the Progress merchant, is 100 per cent down, hadn't heard of paying for anything outright at time of purchase in a long time.

Before handing the key to our front door here at The Journal to Dee Clements, we have decided to consider this: It won't be long now before the alfalfa mill, with its big payroll is operating; and the canning factory will be a little later on begin operating and start paying wages. These two payrolls add greatly to our local economy.

## TO FINANCE RECREATION PROGRAM

### Candidate Speaking, Box Supper On Agenda Here Saturday Night

Directors of the West Plains Recreation Program met Monday night and formulated plans for the summer recreation program and for the Saturday, April 23 box supper and candidate speaking to finance the program.

Members of the board of directors announced that the program will not include dancing, but will include selected activities designed to appeal to all age groups from young children up to and including adults of advanced years.

A full evening of entertainment is planned for the Saturday night box supper and candidate speaking according to board members. Every girl and woman in the trade area is asked to bring a box to be auctioned, with all proceeds to be used for financing the recreation program.

Mrs. Lewis Scoggin was elected treasurer of the board, and nominations were made for new chairman, to replace Mr. Jerry Kirk, who has resigned from that position.

### Six Year Olds Pre-Register Here On April 26

All children attending first grade in the Muleshoe Elementary schools will be registered next Tuesday, April 26 at the elementary schools—Mary DeShazo and Richland Hills. First graders will not attend school on this day as first grade teachers will be enrolling next year's first graders.

Children must be six years of age on or before September 1, 1960. Parents are asked to bring birth certificates if they have them. Birth certificates must be presented when school begins next fall.

Both schools will enroll pupils from 8:30 until 12:00 noon. At least one person will be expected to accompany their child. Parents and children may have lunch in the school lunchroom on this day if they so desire.

Everyone having a first grader for next year is urged to register their child.

## World Neighbors Head To Speak

Dr. John L. Peters, president of World Neighbors, Inc., will address an open meeting in Lubbock, on April 27, at St. Luke's Methodist Church, 3717 44th street, 7:30 p. m. Dr. Peters has recently returned from several months of service with the self-help program being operated at the village level by World Neighbors in Asia and Africa.

World Neighbors is a people-to-people movement dedicated to building peace through practical programs of training in literacy, agriculture, and public health among the vast village populations of the newly developing nations. The program, based on the principle of encouraging the villagers to use the resources they already have at hand to solve their problems, often coordinates the work of many agencies, such as United Nations, government programs, etc. More than 2,000 villages have been reached with self-help programs. It is non-sectarian and non-government.

Dr. Peters' recent period of overseas service included contacts with leaders of all levels in Ethiopia and India, two nations in which this organization has developed operations. The busy World Neighbors executive divides his time between supervising, organizing and extending overseas projects and extensive speaking tours in the United States and Canada.

### HELEN TALLY SPENDS EASTER IN NEW MEXICO

Helen Talley of Muleshoe, Pete Peterson and Mary Morgan of Clovis, N. M. spent the Easter holidays in Albuquerque and Santa Fe, N. M.

## Kirk Resigns As Superintendent

SUPT. KIRK

Jerry Kirk has resigned his position as superintendent of Muleshoe public schools, effective June 30. He told The Journal that he will accept the position of superintendent of Elk City, Okla., schools.

Mr. Kirk has been in the Muleshoe school system for 15 years, the last 8 years as superintendent. His first year in the system he was teacher of business and basketball coach; he served as elementary principal for three years, then as high school principal for three years.

He said there was only one reason for his resignation and that was to accept a better position.

Mr. Kirk expressed his deep appreciation to the citizens of Muleshoe school district for their support and cooperation during his tenure here. The Kirks, he said, will always have a warm spot in their hearts for Muleshoe.

The board in a special session Monday night accepted the resignation of Mr. Kirk as of the last of June; he recently had been given a renewed contract which would have run three years from July 1.

## Planting Time Drawing Near

As cotton planting time rapidly approaches, the ground still seems pretty cold for planting. The Journal has heard that some cotton has been planted but didn't learn who did it.

If the weather continues as warm as it has been the last few days, planting may begin during the last week of April. Most farmers say they will not plant until after May 1.

Cool nights have not contributed much to the warming of the soil. For instance it was pretty cool Saturday afternoon and Easter Sunday morning; some say they saw ice around irrigation ditches north of town. However, R. J. Klump's government thermometer registered a low that morning of 37.

Temperatures for the past few days:

|          | High | Low |
|----------|------|-----|
| April 14 | 71   | 35  |
| April 15 | 80   | 42  |
| April 16 | 84   | 47  |
| April 17 | 84   | 37  |
| April 18 | 61   | 38  |
| April 19 | 77   | 43  |
| April 20 | 87   | 49  |

No moisture has fallen here in the last several weeks.

### Loot From Burglary Store Recovered

Four ring sets, one watch and one movie camera have been recovered from the robbery of Western Drug Thanksgiving night in 1959.

Larry Curtis Nichols, Billy Gene Nichols and Archie Tavenor Baker signed statements April 14 and will be brought to trial soon. The men are all around thirty years old.

## FAR EXCEEDS NATIONAL AVERAGE

### Absenteeism Costing Muleshoe School District, Study Reveals

The number of Muleshoe school children absent from classes during the current year far exceeds the national average.

The number of children returning to school after an absence with no excuses for being absent, is excessive.

The percentage of absences among Latin-American students is higher than among Anglo-Americans.

Non-legal excuses given are chiefly "working", "out of town", and "playing hooky".

## HAWAII FEVER IS MOUNTING

### 100th Merchant Signed For Free Fabulous Trip To 50th State

Muleshoe Antenna Company signed up as the 100th Muleshoe merchant to participate in the fabulous free vacation trip to Hawaii to be given by Muleshoe merchants on June 4.

Advertising material, furnished by Pan American Airways and the Hawaiian Tourist Bureau has been ordered from New York, and the Chamber of Commerce Retail Division was informed Tuesday that the material is on its way and is expected this week in Muleshoe. The material includes window posters, travel folders, and printed itinerary folders of the week long trip.

Valued at \$1500, the vacation will be presented to some resident of the Muleshoe trade area on June 4, as a good will gesture from Muleshoe merchants.

## PLAY TO BEGIN MAY 9

### Little League Tryouts Set For Saturday, Auction Monday

Little League baseball play will begin in Muleshoe on May 9, it was decided at a meeting held for registration Monday. Date for the Little League playoffs has been set up, officials explained, causing the season to be started here somewhat earlier than usual.

Tryouts Set Saturday  
Little League tryouts are set for the coming Saturday afternoon at 2 o'clock at the U Bar field in the west part of town. These tryouts are for boys who played last year in the minor league, now wish to play on one of the major league teams.

Auction To Be Monday  
Officials of the League said that auctions will be conducted the coming Monday, April 25, in the evening, and they said boys may listen to the radio or consult the paper to learn what team they are to play on.

This year is sponsored by the Fire Department and will be called "The Fire Fighters." Two minor league teams have had their names changed: the Muleshoe State Bank team will be known as "The Dollar Bills"; and the Lenu Lumber Company sponsored team will now be called "The Lumberjacks" instead of the "Wallies."

Refreshments of coffee and soft drinks will be available and entertainment will be free of charge. The public is cordially invited to attend.

Candidate speaking at Progress, in the community house, Progress community is 7 miles northwest of Muleshoe on Clovis road.

These are some of the conclusions reached by a study group appointed in November 1959 by Supt. Jerry Kirk, from among members of the Muleshoe Parent-Teacher Association, to investigate absenteeism in Muleshoe schools. The study group committee is composed of Mrs. Bernard Phelps, chairman; Mmes. Ray Daniel B. O. McDaniel, and principal Bill Parker. The group only recently completed their investigation after exhaustive study of records of attendance kept by teachers in all grades of Muleshoe schools.

431 Were Absent  
The group found that in a typical week, 431 pupils representing 5.1% of the total enrollment, were absent. Of this number, 326 had legal excuses, 76 had non-legal excuses and 39 had no excuse at all. While 9.8% of the Latin-American students were absent, 4.4% of the Anglo-American students were out of school.  
Mrs. Phelps and her committee report that in Muleshoe schools, each student is absent from 10 to 11 days annually, while the national absentee average is 8.4 days per year.

Legal Excuses Listed  
The committee also found that except for illness of the pupil, death or disaster within the immediate family, or similar reasons, a child may be legally excused from classes only for the following reasons:  
If the child is attending an approved private school; if the child's mental or bodily condition is such that attendance is inadvisable upon recommendation of a physician; if the child lives more than 2½ miles from the nearest public school and no free transportation is provided; or if the child is 16 years of age or over and has satisfactorily completed the 9th grade and whose services are needed in support of the family.

The committee points out that a parent has a strict responsibility to see that the child attends school, and may be liable to fines of up to \$25 per day each day a child is not in school on an unexcused absence.  
In addition, members of the committee report, there is a cost of \$1.80 per day for each child so absent, the cost being borne by taxpayers of the school district.

Recommendations  
The committee made the following recommendation at the conclusion of their report:  
1. That no child be permitted to return to school without an excuse from home.  
2. That the advisability of securing a paid truancy officer be investigated.  
3. That parents be better informed as to the financial consequences of absenteeism.  
4. That better public relations be established between the school board and the patrons of the school district so that patrons may better understand the operation of the school system.

### Mrs. McDaniel Hosts Study Club April 14

Mrs. B. O. McDaniel was hostess for the meeting of the Muleshoe Study Club which met Thursday night, April 14. Mrs. Thurman White, president, was in charge of the business meeting in which it was approved to omit the time of the meeting in order that each hostess may have the meeting at her convenience.

Mrs. J. G. Arnn gave a report on the Progress Day meeting held in Lubbock April 12, in which the principal speaker was Doc Blanchard. Mrs. White gave an interesting report on his address. New districts were formed and this district was named "Caprock District."

Mrs. Clinton Bristow directed the program for the evening. She introduced Gil Lamb who spoke on "Alcoholism."

A salad plate and coffee was served to the following members and guests: Mesdames Sherman Sweatman, Gil Lamb, Glinston Bristow, W. Q. Casey, J. G. Arnn, John Farley, Thurman White, Eddie Lane, and B. O. McDaniel, hostess. The guests were Gil Lamb and Dr. B. O. McDaniel.

### Coy and Calvin Mason Given Surprise Party

Mr. and Mrs. M. C. Mason honored their sons, Coy and Calvin, with a surprise birthday party Tuesday, April 12, at the Oklahoma Lane Community hall. Coy was 17 on April 4 and Calvin will be 16 May 5 so the party was given for both.

Mrs. M. C. Mason baked one cake and Mrs. Clarence Mason baked the other one. They were white angel food decorated with pink, green and white. Happy Birthday was written on each of them. Mrs. Lee Mason and Mrs. Florence Mason, grandmother of the boys, also assisted with the party.

The cakes were placed on either end of the table with a centerpiece made of white Easter Lillies. It was very attractive.

Due to the stormy weather, there were only thirty people present for the party, but all had a wonderful time. The boys received many gifts.

### Latimer-Holly Vows Are Read April 15

Janice Latimer, daughter of Mr. and Mrs. Ed Latimer of the Three Way community, and James Holly son of Mr. and Mrs. Virgil Holly also of the Three Way community, were united in a double-ring ceremony at 7:30 p.m. Friday, April 15.

Elder Glen Williams of Muleshoe read the ceremony in the Conrad Williams home. The couple stood before an arch way of candelabra decorated with white tapers and cathedral palms entwined with white carnations tied with pink ribbon.

Charles Latimer, brother of the bride, was best man, and Gayle McCelvey of Three Way was maid of honor. Miss McCelvey wore a blue and brown cotton check suit with bone accessories.

Linda Carol, niece of the bridegroom, carried the rings on a pink lace heart shaped pillow. She was dressed in a blue checked cotton dress.

The bride wore a light wool beige suit with bone accessories and a white carnation corsage.

Her mother was attired in a floral print with bone accessories and white carnation corsage. The groom's mother chose a beige dress with bone accessories and white carnation corsage.

The reception table was covered with a beige lace cloth over pink centered with a tiered cake topped with a miniature bride and groom. The table was complimented with crystal and silver appointments. A bowl of pink punch completed the reception table decor.

Sherelene Epperly and Winona Williams presided at the table.

Winona Williams registered guests in the brides book. The couple will be at home at Stegall after a honeymoon trip to New Mexico. Holly is employed at the gin at Stegall.

Guests at the wedding were members of the family and close friends of the couple.

## Can You Afford To Take A Chance?

You may be gambling your future security and your family's — your home, your car, your children's education, your savings—unless you have adequate health care protection.

Last year Blue Cross paid \$7,756.24 on one case for one family. This was, of course, an unusual case. Nevertheless, last year one out of every twenty-two hospital bills paid last year exceeded \$500. Over 1,500 hospital bills paid last year exceeded \$1,000. You can't afford to take the chance that you or a member of your family might have a serious accident or illness.

# ECONOMY PROVED IN MOBILGAS RUN!

## CORVAIR BY CHEVROLET DRIVE IT! GET OUR DEAL!!!!

A pair of Corvairs recently recorded 27.03 and 26.21 miles per gallon in the 2,061.4-mile Mobilgas Economy Run. That's certified proof that Corvair skimps n gas costs. It saves other ways, too. Corvair is the only U. S. compact car that never needs antifreeze or costly radiator repairs. Come in and drive the compact car that outdoes them all.

Things Corvair gives you that America's other compact cars can't:

- Practically flat floor . . . real foot room for the man in the middle. Fold-down rear seat gives 17.6 cu. ft. of extra storage space.
- Four-wheel independent suspension for a smoother, flatter ride.
- Rear-engine traction . . . that comes with the engine's weight bearing down on the rear wheels.

You probably realize already that the mileage figures Corvairs recorded in the Mobil-

gas Run are higher than the average driver can expect. But because the cars meet every kind of driving condition—rugged mountain grades, long country straightaways, congested city traffic—those mileage figures prove Corvair's inherent ability to save. Operating costs take a nose dive the day you take delivery of a Corvair.

### Coastal Bermuda Continuing To Win New Friends

COLLEGE STATION, April 20—Coastal Bermudagrass continues to make new friends because of its adaptability and high yielding characteristics, says George McBee, extension pasture specialist.

Spring, says the specialist, is the optimum time for planting Coastal in most sections of Texas. Fall plantings are considered best in far South Texas. Plantings made now will give the plants time to become established before the beginning of the summer season.

McBee offers these suggestions for the successful establishment of a Coastal Bermuda pasture. Plant fresh, good quality sprigs. Plant in a moist seed bed which has been well prepared and in clean, level and firm. Planting Coastal in

established stands of other perennial grasses usually results in a poor stand, he advises.

He suggests planting in 36 or 42-inch rows with the sprigs at 24-inch intervals in the row. This spacing will require about 3 bushels of sprigs an acre. Closer row spacing will require more sprigs but will mean a lower ground cover and less competition from weeds.

McBee recommends that fertilization be carried out in accordance with soil test findings. He says it's ideal to put the fertilizer in a band 3-4 inches to the side and below where the sprigs are placed. If weeds or other grasses are expected to give the Coastal stiff competition, it may be advisable to wait until the Coastal is growing to put down the fertilizer. He says never broadcast fertilizer on land to be planted to Coastal Bermudagrass.

Don't, says the specialist, let the cost of establishing a Coastal pasture be a deciding factor. Consider the cost of a long-time investment and compare it over several years. In

some sections, the relatively new grass has furnished more than 180 pounds of hay per acre during the peak growth periods. And, he adds, it makes mighty good hay should growth provide a surplus above grazing needs.

## Enochs News Events

by Mrs. Jerome Cash

Wedding vows were read on Saturday, April 16, at a ceremony in the home of Mr. and Mrs. Dale Nickols for Dorothy Holloway of Morton, and Quinton Nickols of Enoch's. Bro. J. J. Terry, pastor of Enoch's Baptist Church, officiated. Several members of the family were guests at the wedding.

Mrs. Flora Nickols had as Easter guests in her home her daughter, Myrlene, and another daughter and son-in-law Mr. and Mrs. L. B. Davis, all of Lubbock.

Mr. and Mrs. Hill of Levelland, parents of Mrs. Carrell Pearson, visited with the Pearsons this week.

W. M. Bryant was improving this week after surgery on April 11 at Medical Arts Hospital in Littlefield.  
Mr. and Mrs. J. J. Brackman

visited Sunday at Trinity Baptist Church in Muleshoe, where Bro. Perry was concluding a revival.

Plans are being made at Enoch's to start the Baptist Vacation Bible School on May 30.

A large number of students at Bula wasn't feeling so good last week as a result of recent small pox inoculations. They received them at Muleshoe from the County Health Doctor. The injections, which also included polio shots, diphtheria, whooping cough, and tetanus serums.

They were sponsored by the Bula P.T.A.

Mr. and Mrs. Robert George and son, Brent, spent Easter Sunday with her parents, Mr. and Mrs. E. N. McCall.

J. C. Snitker and Mrs. Bob Newton were visitors in Lubbock last week.

Mr. and Mrs. L. G. Harris celebrated their 40th Wedding Anniversary at their home on April 17, by extending an open house invitation to all their friends. Also present for the event were the children of the couple.

## CHRISTIAN SCIENCE SERVICE

How striving for spiritual perfection gives life new meaning and purpose will be explained at Christian Science services this Sunday.

Readings from the King James Version of the Bible and from "Science and Health with Key to the Scripture" by Mary Baker Eddy will comprise the Lesson-Sermon on the subject "Probated After Death."

One verse to be read from the Bible states (Matt. 5:48): "Be ye therefore perfect, even as your Father which is in heaven is perfect."

Correlative citations from Science and Health will include the following: "The divine demand, 'Be ye therefore perfect', is scientific, and the human footsteps leading to perfection are indispensable" (253:32-2).

The Golden Text is from Matthew (24:13): "He that shall endure unto the end the same shall be saved."

## Two Bula Girls Cage Stars Will Play With Famed "Flying Queens"

PLAINVIEW, Apr. 13—Two outstanding South Plains cagers have indicated that they plan to play basketball for Wayland's Flying Queens and Queen Bees next fall, according to Wayland Athletic Director, Harley J. Redin.

Carol Cooke, daughter of Mr. and Mrs. Hugh Cooke, Star Route, Enochs, and Opal Bogard, daughter of Mr. and Mrs. Tom Bogard, Bula, both members of W. C. Risinger's girls team at Bula last year, will join other top cagers at the Plainview school next year.

Each of the Bula cagers are four-year basketball lettermen, have gathered a host of honors off the basketball court, and have been fabulous in high school.

All-District honors were won by Miss Bogard in 1957, 1958, and 1959. Miss Cooke placed on the All-District team in 1958, 1959, and 1960. A 5-9 guard, Miss Bogard received All-Regional honors in 1958, 1959, and Miss Cooke made the All-Regional team in 1959.

The two girls served as co-captains for the Bula team in 1959-60, but Miss Bogard achieved something rarely heard of. She was co-captain her freshman, sophomore, and junior years.

Several All - Tournament

teams, from all over Texas, have been dotted by their names during the last four years. Annually one of the strongest teams in Texas. Bula attends the Southwest Amateur Athletic Union Tournament in Duncanville each year. They won the tournament in 1956 and 1958, placed second in 1957, and finished third in the tournament last season.

The first high school players signed for the coming season they will join several top South Plains players at the school.

## Lone Star Agriculture

### REALISTIC POLICY ON CHEMICALS

Not long ago Rep. Henry A. Dixon (R-Utah), who was an agricultural expert before he became a congressman, delivered a speech to the House in Washington in which he strongly implied that the present policy of the U. S. Food and Drug Administration toward use of chemicals in agriculture is downright ridiculous.

Rep. Dixon traced this policy to the administration's interpretation of the Delaney amendment to the food additive bill in the last session of Congress. The Delaney amendment prohibits in food any carcinogen residue — a chemical which ingested under any condition can produce cancer in animals or humans.

"The original Delaney amendment," said Rep. Dixon, "was opposed by the Food and Drug Administration and had been rejected in committee as being too sweeping. However, there was little opportunity for debate and on the floor House members were made to feel they would be voting for cancer if they opposed the Delaney amendment. So it passed in a breeze, as it also did in the Senate."

"The Food and Drug Administration takes the position that the Delaney amendment prohibits even the most minute trace of any carcinogen in human food, even though it requires heavy and sustained dosages to produce cancer in an animal. This has aroused the Farm Bureau, Farmers Union and virtually all other farm organizations to an unprecedented fury.

"Farmer groups want to use these needed chemicals and protect public health through designation of safe, low, tolerance of chemicals established by the National Academy

of Science, or a commission of scientists. They fear that the present interpretation of the Delaney amendment could virtually wreck U. S. agriculture as well as worsen rather than improve public health."

Rep. Dixon quoted the Food and Drug Commissioner, George P. Larrick, as having pointed out that "cancers can be produced in test animals by repeated injections of sugar solutions in the muscle tissue or peanut oil or cotton seed oil or lard or tannic acid."

A realistic policy on the use of chemicals in agriculture is essential the congressman insisted, because "so much publicity has been given to the cancer scare that even routine Food and Drug actions are now causing financial losses to farmers, merchants and companies."

Before becoming a congressman Rep. Dixon was president of the Utah State Agricultural College.

## Enochs News Events

by Mrs. Jerome Cash

W. M. Bryant underwent major surgery on Monday, April 11, at Medical Arts Hospital at Littlefield. He had been in the hospital for about two weeks before surgery.

## Water Studies Show Wasteful Practices

One of the most wasteful practices in the use of irrigation water is applying this water to land having slopes of 1-3% with the rows running down the slope. To illustrate this fact, water studies are being conducted at the High Plains Research Foundation comparing water usage on sloping land to a benched area of same acreage.

An 8-inch bench 726 feet in length and two areas of similar dimensions running down the slope were selected for this study. During preplant irrigation, 55,000 gallons or 4.6 inches of irrigation water were applied to the bench.

This same number of gallons was applied to one of the sloping areas, but 12,800 gallons or 1.06 inches were lost in run-off, and the moisture was not sufficient.

On the remaining sloping area, irrigation water was applied until the soil was sufficiently moist. To obtain this moisture, 108,000 gallons or 9 inches had to be pumped with 30,300 gallons or 2.5 inches run-off.

## The safest place in a lightning storm is your LOK-RIB Building

You enjoy peace of mind in stormy weather when you own a LOK-RIB Steel Building. It's all steel—it won't burn—and if lightning strikes, the easily grounded steel panels dissipate the charge. The extra strength of LOK-RIB's exclusive V-rib design gives you that same safe feeling when winds are high.

The factory-engineered, mass-produced LOK-RIB Steel Building goes up easier and faster. There are no high framing costs. Every part is pre-punched and matched to fit. Four widths—24, 32, 40, and 48 feet.

## Babson Is Optimistic, Whatever Happens

BAIBSON PARK, Mass., April 21—I am a statistician,—not a politician. Most statisticians promise the impartial truth; while most politicians appear to promise what will get them the most votes. As a result of the latter, the following facts are entirely forgotten. People allow themselves to get scared and vote foolish sums of money, thinking that they will thereby have security, freedom from accident, and employment.

### Note These Figures

Although the daily newspapers feature crime, yet only one in 10,000,000 will tomorrow suffer or witness any crime. When a man is killed over the country, yet only one man out of every 5,000,000 will be killed by lightning in the next very bad storm. Business failures are increasing; but they are decreasing on a percentage basis. The stock market has to go down before it can turn up. If trees grew any higher they would blow down. Everything which happens — is for the best.

During the past ten years the population of the U. S. has increased 18%; the gross national product has increased almost 70%; consumer income, even after taxes, has increased 60%. No figures on crime, accidents, or juvenile delinquency can equal these increases.

**Cost of Living Downward**  
 The politicians and labor leaders present figures to show that the "cost of living" is constantly going up. This is because new products, greater conveniences, and other

## Johnson Praises Civil Rights Bill

Senate Majority Leader Lyndon Johnson said Sunday enactment by the Senate of a civil rights bill was a "triumph for national unity."

Johnson, in a radio report recorded for broadcasts in Texas, said the civil rights bill is a "victory for fair play."

"It establishes the voting rights of all qualified citizens, but it does not treat the South as a conquered, outlaw province. It is a triumph for grown-upness in our national politics and, most of all, it is a triumph for national unity at a time of great peril and of great opportunity in a world which is hurtling toward tomorrow and which has little time for yesterday," he said.

Johnson pointed out, "There have been those who were determined that we should do nothing about civil rights. There have been those who were determined that we should undertake so very much that the end result could only have been nothing at all."

Enactment of the bill came because a large majority of the Congress adopted a "policy of moderation," he told his listeners.

"Moderation," Johnson said, "means advance—sensible advance, obtainable advance—under the one great imperative of our system, which is that we keep this as a government operating by the consent of the governed."

## Sand Hills Philosopher Reads

### Newspapers During Working Hours and Learns Startling Facts

Editor's note: The Sand Hills Philosopher on his Johnson grass farm takes a look at the international situation this week, probably from a highly provincial viewpoint.

Dear editor: I couldn't be expected to know anything reliable about international affairs, half the time I don't even know what my neighbors out here are doing, but I have come to the conclusion that the biggest or wealthiest nations are not necessarily the brainiest ones.

For example, I read in a newspaper yesterday morning someone thought a farmer shouldn't read a newspaper in the day time, only at night when it's too dark to work or maybe during the noon hour, but what people think never has bothered me, I don't even let what I think bother me—that some of the smaller na-

tions, judged to be hard up by the United States, have been borrowing money from us at 3 per cent interest, then investing some of that money in U. S. government bonds paying 4½ per cent, making a net profit of 1½ per cent on our own money.

These small countries may not have any satellites circling the globe, but you'll have to admit they ain't so dumb.

Or take even England, England's not nearly as big as it used to be since sailing ships no longer are a measure of a country's power, she doesn't have any satellites up and as far as I know doesn't have any plans to, but I noticed in the same newspaper I was reading yesterday morning that England still has some brains left.

For example, she has given up plans to build her own rockets. The Defense Minister over there announced England was abandoning her two billion dollar rocket program, because it was too expensive and besides she had made a deal to buy the things from the United States. Under the new arrangement, England will buy the rockets from us, after we iron out all the kinks, then attach a nuclear warhead in the ends and be set up in the defense business, at about a tenth of the regular cost. I don't know where England will get the money to buy these rockets, but some Englishman will think of something. By George, he'll say, I've got it, how about a loan from Washington to buy U. S. rockets with?

Meanwhile, England is sending Princess Margaret to her wedding in a buggy built in 1886.

In these days of inflation and high living expenses, a nation, like a man, has got to tighten down and think ahead, cut corners, where he can.

Yours faithfully,  
 J. A.

each month about something I had worried about that never happened. Then, when some new problem comes, I read those notes. They are better than any tranquilizer pills!

The same optimism is needed in business. Things run on about the same from generation to generation. Human nature is not changed. We continue to spend one third of our life in sleep; and the less we eat the better we feel; the more we exercise, the longer we live. The world is very slowly but surely getting better. We all should be optimists.

members of the High School Senior classes were the honored guests of the Junior class in a delightful banquet affair, attended by members of both classes and all of the school faculty except four who were unavoidably absent.

Rev. R. N. Huckabee, Methodist minister, gave the invocation, which was followed by an address of welcome by Rolf Johnson, Junior class member, and response appropriately made by Claude Riley, Senior class member. There was a clarinet solo by Robert Moates, a reading, "By Candlelight" by Dorothy Raye Jones, an instrumental quartet by

Connie Gupton, Robert Moates, Horace Edwards and Don Awtry.

The "senior will" was read by Mary Dennis, followed by an inspirational talk on "After Graduation" by Supt. W. C. Cox, after which Prof. O. C. Dickinson pronounced the benediction. Following the banquet many members of both classes attended the picture show.

Members of the sophomore class who assisted in serving the banquet were: Betty Jo Jordan, Gloria Gowdy, Mary Sue Osborn, Fern Smith, Geraldine Taylor, Wynell Eskridge, Theresa Pierson and Barbara Morris.

**WILL ENFORCE RULES**

**Water Conservation District To Crack Down On Wilful Wasters**

LUBBOCK—In a recent meeting of the Board of Directors of the High Plains Underground Water Conservation District it was decided that a procedure would be adopted to strictly enforce the district's rules against waste of irrigation water.

The district has in the past approached the problems of waste from an educational standpoint, preferring to present facts about the underground water and its efficient use rather than invoking more drastic methods. However, the wilful and habitual waste of water by a minority of irrigators has become increasingly more serious.

With the continued decline of the underground water level in the southern High Plains area coupled with increased public opinion against wilful waste, the water district has come to the conclusion that the time is now upon us to supplement education with strict enforcement.

In the future, violators of the district's rules concerning waste will be notified that they have 24 hours in which to correct the situation and stop the waste. This does not mean that the district would wait any further to stop irrigating but only to put a halt to continued waste.

The notice will be delivered to the farm operator by a deputy sheriff, constable or by some other official person in the county where the waste has been observed.

At the end of the twenty-four hour period, district personnel will check to see that the irrigation water is under control and is being retained and used on the land where it is produced.

Should the waste continue beyond the twenty-four hour period granted to the violator by the district, then legal action will be taken through

**the courts to stop any further waste.**

By far the large majority of area irrigators recognize that their underground water is one of the most precious of all resources, and they care for it as best they can; however, a minority continue to promiscuously run water off their land into roadways, creating not only a situation described as waste in the rules of the water district but also a definite public nuisance and a hazard to human life.

The multitude of reasons why underground water should not be wasted have all been discussed in much detail through the newspapers and over the radio and television stations. All who are even remotely interested in conservation can explain why waste is detrimental to continued prosperity in our area. Even the school boy knows that waste is a bad practice. All are aware that water should be put to beneficial uses.

**Put an end to any waste that originates from your land—do it today.**

### Irrigation Efficiency One Of Answer To Cotton Production

"Irrigation efficiency is one of the answers to profitable cotton production," James Valliant, Assistant Water Engineer at the High Plains Research Foundation, stated in the 1959 research reports just released to supporters of the Foundation.

Irrigation applied and at peak bloom produced the best grade and highest income in 1959. Production from this irrigation method ranged from 85.3 to 94.3 pounds of lint per acre inch of supplemental water applied.

The return from the preplant, peak bloom method of irrigation ranged from \$161.00 to \$181.00 per acre. Pumping costs were figured at \$6.00 per acre foot at Halfway. Some authorities, however, report this cost as high as \$9.00 per acre foot.

These results indicate that the time of application, not the total amount of irrigation water applied, controls dollar returns from irrigated cotton.

Cotton irrigated at a total of 17.2 and 21.5 inches returned less income in 1959 than the 8.6 inches applied in the preplant, peak bloom method.

From these results it is evident that a more profitable cotton crop can be grown with less water, less labor, and less pumping costs in a year like 1959. Time of irrigation and fertility level are two of the major controlling factors in irrigated cotton profits.

"This experiment will be conducted over a period of several years before definite conclusions can be made regarding the recommended irrigation methods and fertility levels needed for most efficient cotton production," Mr. Valliant said.

**By Mrs. John Blackman**  
Miss Jo Ann Hubbard, bride-elect of Barney Oldfield, on April 16, was honoree at a miscellaneous wedding shower on Thursday April 14 from 7 until 9 p. m. at the Bula school lunch room.

The bride's chosen colors of white and orchid were carried out in all the decorations. The serving table was laid with orchid net over orchid, centered with a miniature bride in her bridal attire surrounded by white mums and greenery, with crystal and silver completing the setting.

Gifts were displayed from tables laid in orchid and white.

White punch and cake squares in orchid icing with

white wedding bells were served by Miss Wanda Hubbard and Miss Nancy Aaron. Hostesses for the occasion were Mesdames Eugene Bryan, C. K. Holt, F. L. Simmons, Jack Hicks, L. H. Medlin, Leo Holt, Cecil Jones, Fred Archer, D. Cash, Bud Hammans, Glenn Aaron, Bennie Claunch and John Blackman. Hostess gifts were two table lamps and pair of orchid sheets.

Mrs. Bud Hammans registered twenty-one guests in the bride's book.

Many sent gifts that were unable to attend.

Miss La Joyce Shaw and Christopher K. Pierce exchanged wedding vows on Saturday, April 9, at 5 p. m. at the home of the groom's sister, Mrs. Travis Allen in Roswell.

The double ring wedding rites were read by the Rev. Travis Allen of Roswell.

The bride is the daughter of Mr. and Mrs. M. Q. Shaw of Tipton, Okla., and the groom is the son of Mrs. Ben Pierce of Bula.

After a short wedding trip the couple are at home three miles south of Bula where the groom has farmed and ranched for several years.

**Supper for Cancer Drive**  
In behalf of the American

Cancer Society fund drive a pancake supper will be held at the Bula school lunch room Tuesday, April 26 from 6:30 to 8:00 p. m. After the supper, educational films for the public on cancer will be shown in the school auditorium along with a short talk from County Judge Glenn Williams and Dr. Sosa of Muleshoe. ## "Muletrain 1960" Are On Hands of Students

**By Mary Sanders**  
To complete a long awaited event, the MHS annuals, "Muletrain 1960," were given out in the Muleshoe High School gym at an annual party recently. "Will you please sign my annual" is the common statement around school lately.

An admission of twenty-five cents was charged for this party to take care of cokes and pop-corn served.

This year the annuals are black covers with a design in white.

The Muletrain staff of the 1960 annual consists of Mrs. H. L. Blackburn, sponsors; Max King, editor-in-chief; Sharon Evans, co-editor; Don Rosemary Richards, circulation editor; Sue Logan, feature editor; Kay Brown, LaQuina Stone, assistants; Pat Barrett, class editor; Kay Wilson, assistant; Bobby Eason, advertising editor; Derrell Oliver, boys' sports editor; B. H. Wagon, assistant; Mary Gross, girls' sports editor; Latoyia Howell, typist; James Towns, photographer.

This year the Muletrain was dedicated to Ben Williams, the MHS custodian. He has been working in MHS Land for eleven years as its custodian. Mr. Williams is very fond of sports—football and basketball mainly. He likes to travel, fish, hunt and go to the beach. He belongs to the Church of Christ and the Masonic Fraternity.

On Honor Hill the outstanding students of MHS are pictured. Robert Robinson, Mr. MHS; Sharon Evans, Miss MHS; Lyndal Black, Prince of Friendship; Nancy Julian, Princess of Friendship; Robert Robinson, outstanding boy; Sharon Evans, outstanding girl; Derrell Oliver and Carolyn Hicks, most talented; Tommy Thomson and Mary Ann Greene, most studious; Todd Witt and Sue Logan, most courteous; Jerry Gilbreath and Sue Williams, cutest freshmen; Jerry Gilbreath, most handsome; Sue Williams, most beautiful.

The table of contents of MHS Land was Dedication, Faculty Fountain, Activity Alley, Honor Hill, Sports Arena, Club Basin, Class Corral, Junior High Highway, Advertising Avenue, and Index.

## Junior High School League Meet Held

**By Jeanne Gray**  
Last week, April 8, the Junior High School Interscholastic League at the Muleshoe High School was held in connection with the Senior Interscholastic League. Those contestants from Muleshoe Junior High School were as follows: number sense—Barry Lewis, Peggy Lewis, and Joyce Adams, spelling—Joyce Adams and Linda Scott, ready-writers—Virginia Bowers, and Lola Harrell, and declamation—Sandra Scott and Mike Miller. Muleshoe is extremely pleased with the results of this meet.

Held also on April 8, was the seventh and eighth grade girls District Volleyball Tournament. The schedule was as follows: Olton and Muleshoe seventh graders from 3:15 to 4:00 and Lockney and Morton from 4:45 to 5:30. These play-offs were from 6:15 to 7:00.

The eighth grade schedule was: Olton and Muleshoe from 4:00 to 4:45 and Lockney and Morton from 5:30 to 6:15. These play-offs were to be from 7:00 to 7:45. The seventh grade invitational tournament was won by Morton, and the eighth grade Interscholastic League tournament was won by Muleshoe.

The seventh and eighth grades have been planting flowers and shrubbery around the building. To make it more interesting for the students, Se held a contest and served lunch.

The class in each grade winning first place received a blue ribbon and second place received a red ribbon. The winning classes were 8A and 7C and second places went 8E and 7D. This should improve the grounds around the building very much.

April birthdays are Linda Johnson 3, Dusty Thomas 16, Dennis Eaks 15, Beth Kimbrel 11, Barbara Jones 8, and Dorothy Pruitt 14.

## Athletic Banquet Was Held April 9

**By Kay Wilson**  
The Muleshoe Athletic Boosters sponsored an Athletic Banquet April 9, 1960. All MHS athletes and their guests were invited to the banquet.

The banquet was held in the dining room of Legion's Cafe. The theme for the banquet was a football game. James Shepherd gave the invocation. Principal Bill Parker made the "kick-off" by giving the welcome address and by recognizing the special guests.

The special guests attending the banquet were Mr. and Mrs. Milton Forbes, Mr. and Mrs. Gil Lamb, and the wives of the four coaches, Mrs. Louis Powers, Mrs. H. C. Callan, Mrs. Bill Taylor, and Mrs. George Washington. Mr. Parker extended his appreciation to Mr. Forbes and Mr. Lamb for the publicity they have given MHS athletes.

Eating the food represented the first half of the football game. As in most football games, half time at the banquet was musical entertainment. Jeanne Gray, Carolyn Hicks and Pat Brown sang "Autumn Leaves" and "Hello" accompanied by Karen Jones at the piano.

The guest speaker, Reverend Edwin Hall, began the last half of the game with a talk on the effect of athletics. Afterwards, Coach Powers recognized each of the Mulettes. Next Coaches Callan and Taylor recognized each of the boys participating in MHS sports. They also gave each boy credit for the sports in which he has taken part. Coach Washington concluded the coaches part of the last half with a special talk about athletics.

Mr. Parker recognized the two captains of the girls team, Mary Gross and Janie Sanders, the tri-captains of the football team, Derrell Oliver, Eugene Hawkins, and Lyndal Black, and the manager of the football team, Max King.

In turn the two girls presented Coach Powers with a gift certificate and the boys presented the three football coaches and Mr. Parker with jackets.

Each of these athletic leaders expressed his appreciation on behalf of his team mates, for the help the coaches and Mr. Parker had given them. Tommy Thomson ended the "football game" by giving the benediction.

## Junior High Track Team Wins District

**By Derrell Lancaster**  
Don Nicewarner, an eighth grader at Muleshoe Junior High, won two of the four first places. Muleshoe won to help them win the elementary 2-AA track championship held last week. Nicewarner placed first in the 100-yard dash and the 75-yard dash.

Sammy Gonzales also won a first by throwing the shot put. The 440-yard relay team, consisting of Clifford Gray, David Roberts, Larry High, and Don Nicewarner won first with a timing of 50.3 seconds. The Junior High football spring training started last Wednesday.

Barry Lewis won first in number sense with a score of 260 in the Interscholastic League meet while Joyce Adams placed second in the event.

First places for the event, spelling and writing, were Joyce Adams and Linda Scott. Entering in Junior girls declamation was Sandra Scott and for the boys Mike Miller was entered. The volley team also won first at the meet.

The results are not yet known from the ready writing contest in which Virginia Bowers and Lola Howell entered. The writings had to be sent to a college to be scored. If Muleshoe wins first in ready writing they are expected to take the first place trophy offered to the school which boasts the highest number of points.

In the cleanup campaign headed by Mrs. Johnson's room, 8-6, first place was won by Mrs. Watson's 8-a class. In the seventh grade, Mrs. McSpadden's 7-C placed first.

Winning ten solo first place medals, the Junior High band won two firsts, one in sight reading and the other in concert. The band is under the direction of Bob Cheek.

## Muleshoe Golf Team Second At Morton

**By Magann Lamb**  
Muleshoe High School golf team placed second behind Morton in the District 2-AA tournament held at Morton on Tuesday, April 12. The team from Olton placed third in the meet.

Muleshoe will help represent the district at the regional tournament on Friday, April 22. Terry Hans was the medalist in the district tournament.

Danny Gunstream was low man for Muleshoe with 96 and Joe Fred Whitewas next with 99. Archie Evans scored 102 and Wayne Malone scored 104.

Danny, Joe Fred, and Wayne are all MHS sophomores. Archie is a freshman.

## MHS Team In Dairy Cattle Judging

**By Kenneth Phipps**  
Bill Bickel and Jerry Adams, Vocational Agriculture teachers at Muleshoe High school, took two teams of boys to Nazareth, Texas, to judge dairy cattle.

Mr. Adams' team consisted of William Howard, Freddie Ewart, Eddie Puckett, and acy Lackey. Mr. Bickel's team consisted of Wayne Tunnel, Glenn Phipps, Jerry Coulter, and Mack Allison. Wayne Tunnel made the highest score for Muleshoe and he is third highest out of eighty teams.

The boys judged the dairy cattle at Nazareth to help them in the contest at Texas Tech on April 24. Wayne Tunnel, William Howard, and Jerry Coulter will be the students representing Muleshoe at the Texas Tech contest in dairy cattle judging. The ten top teams at Texas Tech will go to State. The contest will be held at Texas Tech and Mechanical College, College Station, Texas.

## Rev. Hall Speaker For Baccalaureate

**By Pat Barrett**  
In a called meeting of the Senior class to settle some important matters the Seniors elected their speaker for their Baccalaureate Service.

Lyndal Black, Senior class president, called the meeting to order and presided over the meeting.

The first matter to be settled was to elect the speaker for the Baccalaureate Services to be held on Sunday night, May 8. The speaker will be the Reverend Edwin Hall.

Reverend E. K. Shepherd and Reverend Paul Robinson will give the invocation and the benediction.

The class is planning to buy shirts alike for the Senior trip. Lyndal appointed Dolores Wagon and Max King to pick out several shirts to bring before the class to have them vote on the shirt they like best.

The question was brought up whether or not to wear roses at the Baccalaureate and Commencement Services. The class voted to wear them.

Mr. Parker, principal, explained to the Seniors that now most graduating classes are putting on their own Commencement exercises rather than ask a speaker to speak. The motion was made to put on their own exercises. The motion carried.

## Many High Honors Received By Band

**By Carolyn Hicks**  
Saturday, several students from the Muleshoe Schools went to Levelland for Band Contest. This was solo and ensemble contest only.

The group ratings received were as follows: a trombone quartet composed of David Douglas, Bill Howard, Barbara Evans, and Jim Thompson received a Division III; a brass sextet composed of Don Finn, Jack Roubinek, Jackie Bruce, John Wilkins, Bob White, and Gary Farr received a Division II; a twirling ensemble composed of Gwen Roberts, Maria Reed, Lynn Leneau, and Sue Willmon received a Division II.

Solo Ratings received were as follows: Jack Griswold, playing a class III clarinet solo, received a Division II; Jeanne Gray, playing a Class I clarinet solo, received a Division II; Joe Fowler, playing a Class III baritone solo, received a Division II; Jim Thompson, playing a Class II trombone solo received a Division II; Don Finn, playing a Class I trombone solo, received a Division I; and David Douglas, playing a Class II trombone solo, received a Division II.

We are extremely proud of all of these students.

## Four Girls, Three Boys On All-District

**By Alice Gordon**  
Four girls and three boys from Muleshoe were selected for the all district 2-AA basketball teams on March 29, 1960. Abernathy, Lockney, Olton, and Muleshoe are the teams in the 2-AA district.

The boys from Muleshoe who made the team were James Shepherd, Derrell Oliver, and Jim Young. Oliver and Shepherd made the first team, and Young made the second team.

The girls from Muleshoe who made the team as forwards were Mary Gross and Trudy Davis. Brenda Melson and Janie Sanders made the team as guards.

## Six Will Attend State FHA Meeting

**By Mary Gross**  
Six MHS students will attend the State FHA meeting in Austin. The meeting will be April 29 and 30.

Muleshoe will have four delegates, two from the Little Sister Chapter and two from the Big Sister Chapter. Little Sisters attending are Kathy Gray and Patsy Holly. Big Sisters are Trudy Davis and Judy Bishop. Also two girls will attend to receive their State Degrees. They are Mary Gross and Virginia Hickman.

## Student Council Held Annual Party

**By Sue Logan**  
President Robert Robinson called the meeting to order. The council met to discuss plans for the Annual Party.

The party was scheduled for that night, Monday April 11, from 6:00 to 9:00. The motion was moved and seconded to charge a quarter admission. A committee of Magann Lamb, Joy Autry, Sandy Darsey, and Dolores Wagon was appointed to collect the money at the door from those students planning to stay for the party.

James Shepherd and Robert Robinson volunteered to make the pop-corn for the party. The Student Council decided to provide free cokes and pop-corn.

Robert reported that at the next meeting the representatives to the Texas Association of Student Councils Convention will give a report on the convention.
