TOPS IN NEW DIVISIONS—Kathy Childress proudly holds the cake she baked which won her the Grand Champion award in the new baked goods division of the county stock show. And Craig Wuensche is shown with his prize broilers, which won him the Grand Champion crown in that division, also new to the stock show this year.

Stock Show Support Good

Five Lynn County youngsters won Grand Championship honors in the annual Lynn County 4-H and FFA Livestock show in Tahoka last weekend, with good crowds turning out to support the four-day show despite the mud which was churned up in the vicinity of the show barn following snow and rain in the city.

The barbecue and auction sale on Saturday were highlights of the show, and sponsors and workers were pleased by the turnout and cooperation.

Show officials said Tuesday that the total from the sale should go over \$50,000 when everything is brought in and counted, and this would make it better than last year's \$48,000-plus, in spite of distressed economic conditions in the county's

agriculture.

New Categories
Added to the traditional steers, lambs and barrows this year were divisions of baked goods and broilers, with good numbers of entries in these events, too, and grand and reserve grand champions were named in those divisions as well as in the animal competition.

Cory Ballard of New Home 4-H Club exhibited the grand champion steer, a heavy cross; Jubal Dunlap of Tahoka FFA showed the grand champion lamb, a medium Suffolk. In the crowded barrow show, Stephanie Womack's crossbred barrow won the grand champion award for the Tahoka 4-H member.

Craig Wuensche of Wilson FFA won grand champion honors in the

broiler event with his entries, and Mark Wuensche of Wilson FFA captured the reserve grand championship banner.

Kathy Childress of O'Donnell FFA won the baked goods grand championship with a cake; and Cara Monk of Tahoka 4-H won reserve championship with a pie.

Showing the reserve grand champion lamb was Scott Brewer of O'Donnell FFA. The reserve grand champion barrow was exhibited by Bridget Miller of Tahoka 4-H; and Shawn Ballard of New Home 4-H showed the reserve grand champion steer.

Showmanship awards went to Todd Pebsworth, Tahoka FFA,

WOODWORK BY DALTON

THIS IS GOING to be all about how a man named D.R. Adamson is likely to scob my knob when he learns what I have done with something he entrusted to me, and also how I turned down an offer of a free volume of the Harvard Classics about Plato and Marcus Aurelius.

Of course, the last one is easy. I just don't have time to read no book about Mickey Mouse's dog and some hotshot basketball clown. I spend all my spare time reading books on grammar that learn me to write good.

I wouldn't have minded the free book, but the way I do things, I would never have remembered to cancel the ones they send you thereafter—volume 2 in five weeks, volume 3 in five weeks after that, and then 27 volumes at once, guaranteed to cost \$16.95 each and to give every postman who handles it a severe hernia.

MY INTENTION was to comment this week on a column writ-

ten in the Chicago Tribune which is pretty humorous regarding the farm situation (brought in by a farmer who still has a sense of humor), and also to write something about a column published some years ago by Frank Hill, former owner of The Lynn County News.

D.R. brought me this column by Frank, which D.R. found recently, and it included some pointers on how to raise a delinquent, similar to something I read once in Ann Landers' column. It's pretty good stuff, and I told D.R. I might rerun some of it. D.R. asked me to be sure to hang onto it for him, whether I used the material or not, and I assured him I would do so.

Ten minutes after he left the office Monday, I couldn't find it. As of Wednesday morning, it still was missing (famous lost words). I have dug through several piles of unpaid bills, notes to call people back, Kleenex boxes, old phone books and folders full of

Grandparents Brag Pages Featured In Valentine Edition

For our Valentine edition of the Lynn County News we'll repeat a fun feature which in 1982 drew a lot of reader interest. It's a grandparent's Valentine ad which will contain pictures of grandchildren 1 day to 6 years old, inside Valentine hearts with the name of the grandchild and grandparents beneath. Total cost is \$7 per heart.

Grandparents who would like their "Pride and Joy" to be featured in a Valentine heart are asked to bring a photo and necessary information (child's name and grandparent's name) to the News office by noon Tuesday, Feb. 8. The charge of \$7 is to pay for photo reproduction and a portion of the space.

Black and white photos allow better reproduction, although color photos can be used.

The sweethearts are to be featured in the Thursday, Feb. 10, issue.

weird notes and brochures, all on my desk, and it has not surfaced.

It will show up someday, I'm sure (maybe), and then I can steal some of the material in it. Likewise with the Chicago Tribune thing. They may not like me using their stuff, but they're welcome to use any of mine.

Lots Of Things To See On England, Ireland Trip

An American tourist at the back of the crowd at Runnymede in England asked his wife, "What happened here?"

"This is where the Magna Carta was signed," she told him.

"Yeah? When was that?"

"1215," she answered impatiently.

"Say, Ethel," he said, looking at his watch, "we only missed it 45 minutes."

This is the kind of cultural background some of us have, perhaps, but those who join the West Texans tour of England, Scotland, Ireland and Wales leaving Lubbock May 28 may be a bit more knowledgeable about English history after they return from 16 fun-filled days of rubbernecking and picture-taking.

The tour costs \$1775 per person, double occupancy, out of Lubbock airport, and is sponsored by Woodwork, Inc., which publishes the Lynn County

News, Amherst Press and Sudan Beacon-News. Dalton Wood will escort the group, but there will be a much smarter guide accompanying and leading the tourists throughout the trip.

Anyone interested in knowing more about the trip may write for a free brochure, P.O. Box 1170, Tahoka, Tx. 79373, or call Wood at 998-4888.

Better yet, everyone interested is invited to attend a trip meeting at the Wood home, 2106 N. 8th St. in Tahoka, at 7:30 p.m. Friday, Feb. 4. Details of the trip will be

discussed, questions answered, and those who wish to do so may make deposits of \$100 to assure a place on the tour. There will be no obligation to make a deposit at that time, however.

Passport applications will be available at the trip meeting for those who need them, and passport pictures will be made free of charge for those planning to go.

Delta Airlines will transport the group to and from Dallas-Lubbock, and British Caledonian will take the group on (See TRIP, Page 3)

The varsity boys and girls and the JV girls played Roosevelt in Tahoka Tuesday, Jan. 25. Frenship came to Tahoka Thursday, Jan. 27, and played both varsity teams. Finally, all of the teams played Seminole here Friday, Jan. 28.

Varsity Boys

The varsity boys showed Roosevelt who was boss as they beat them 48-43. High point for the Bulldogs was Tracy Bryson with 30 points. Helping put points on the board were Tony Garcia with 9

points, Otis Pendleton with 8, and Trey Teaff with 1.

The Varsity Bulldogs were defeated by the Frenship Tigers 44-58. Otis Pendleton and Tracy Bryson led the team with 18 points each, Tony Garcia scored 6 points, and Trey Teaff 2 points.

The boys gave Seminole a run for their money as they were upset 51-56. High points for the boys was Tracy Bryson with 23 points. Also scoring were Otis Pendleton with 12 points, Tony Garcia with 8

points, Trey Teaff with 5 points and Travis Moore with 3 points.

Varsity Girls

The varsity girls defeated Roosevelt 44-35. Lela Bailey was high point for the girls with 20 points. Julie Patterson scored 12 points, Melanie Terry 4, Rhonda Nance and Patricia Payton both scored 3 points, and Cynthia Payton scored 2 points.

The Doggettes lived up to their name as they dogged Seminole 50-32. Julie Patterson and Lela Bailey led the team with 18 and 11 points respectively. Also scoring were Patricia Payton with 6 points, Rhonda Nance scored 5 points, Cara Monk and Cynthia Payton scored 4 points each, and Kim McMillan scored 3.

JV Boys

The JV boys played their

only game this week against Seminole and were defeated 60-31. Joe Dell Patterson led the team with 10 points, Doug Lawson scored 7 points, Danny Hart scored 6, and Raydell Martin and Shawn Stotts scored 4 each.

JV Girls

The JV girls were upset by Roosevelt 31-37. High Point for the girls was Sandra Castellon with 12 points. Cloey Chancy scored 8, Jo Ann Garcia 6 and Kelli Huckabey 5.

The girls were defeated by Seminole 52-38. Lena McKibben was high point with 11. Sandra Castellon scored 8, Rosie Montemayor 7, Kelli Huckabey and Jo Ann Garcia both scored 4, and Cloey Chancy and Deedie Daniell scored 2 points each.

Deadline For Internship News

The deadline for applications for the fourth Washington internship program sponsored by Congressman Charles W. Stenholm is Feb. 17.

Students and teachers interested in participating in the program, which will include two Omar Burleson Congressional Interns and two Lyndon Baines Johnson Congressional Interns, must have their applications postmarked

by midnight of Feb. 17 and mailed to the Congressman's District Office in the Abilene Federal Building.

Those selected to the program will receive full Congressional experience in Stenholm's Washington office this summer with one intern from each program to serve during June or July, 1983.

For applications and further details contact the Abilene Federal Building, P.O. Box 1101, Abilene, TX 79604 or call 915-673-7221.

GREEN THUMB AREA SUPERVISOR, Wendy Brown, (right) chats with Green Thumber, Natha Allen, at a recent training meeting for rural older persons employed by the program. Brown travels in Lynn County and 14 other south plains counties assisting in job placement of persons 55 and older.

Jobs For Seniors

Wanting a job and not being able to find one is a growing problem as the 10.8% national unemployment figure is predicted to rise before it falls again. A segment of the population for which finding employment is frequently difficult, even in a healthy economy, however, is older people in our society. Add their age to residency in a small town where employment possibilities are already limited and this stacks up to a real disadvantage to older job seekers, according to Wendy Brown, Area Supervisor for Texas Farmer's Union Green Thumb, Inc.

And she should know. She travels a 15 county area in the south plains alleviating this problem for as many rural, limited income seniors as time and energy allow. TFU Green Thumb is an employment and placement program for persons 55 and older, living in towns of 25, 000 or less, and whose current income falls at or below the Department of Labor's income guidelines.

She considers the position of Area Supervisor for Green Thumb is unique. "There aren't many employment organizations, the majority of whose staff operate from their cars and homes totally. We go to the applicant wherever he or she may be. For instance, I have taken applications in my car, at the applicant's home, in the city

park; even out in a field," she explains. So the applicant does not necessarily have to attend an interview at an employment office though Texas Employment Commission offices and other offices in public buildings are made available frequently to the traveling Green Thumb staff.

Green Thumb offers the eligible applicant two possibilities. In some cases Green Thumb can hire a worker and pay him/her wages on a part time basis. Upon becoming a "Green Thumber" the worker is placed under sponsorship of a public service agency such as city and county governments, senior citizen centers, school systems, and a variety of other non-profit organizations. Or Brown will assist the applicant in obtaining employment where Green Thumb is not the employer.

"Green Thumb is not a new organization, though many people are just finding out about us," she states. "We have operated in Texas for 12 years, and we are the oldest and largest senior community service employment program nationally."

At a time when consumer prices keep rising and employment opportunities for rural older people are especially tight, Green Thumb is a godsend for many. Inquiries about TFU Green Thumb should be addressed to: Green Thumb, Inc., P.O. Box 7898 Waco, Tex. 76714 or call 817-776-4700.

Top Conservationists In County Announced

Mrs. Harold (Judy) Payne, who with her husband farms 1,920 acres of land in the southwest Lynn County near O'Donnell, was announced Tuesday night as the county's Conservation

Homemaker of the Year for 1982. Donald Klaus, who lives north of Wilson and farms 1,121 acres on which he applies conservation practices, was chosen 1982 Conservation Farmer of the Year in

Space Heaters Warm A Lot Of Space

The quest to cut costs of home heating leads in many directions. Some people try turning down the thermostat. The result is usually a cold house, lots of discomfort and little savings, thanks to increasing prices of fuel.

One heart-warming answer to the problem is the use of space heaters, fueled by low-cost propane gas. Energy experts call propane tops when it comes to versatility, efficiency and price. With chill-chasing propane space heaters in selected areas of your home, you can turn down that thermostat, save money and still be snug as a bug. Propane gas space heaters are safe, modern and attractive. They can be ideal for a chilly family room, a basement or an unheated porch. That can put wasted space to use all year-round.

Propane also known as L-P Gas, is available everywhere. To learn more about its economy, visit a propane dealer. He can explain why you may find a space heater the best way to win the home front battle of fuel costs.

PRIZE POULTRY--Mark Wuensche of Wilson showed the Reserve Grand Champion broilers in a new division of the county stock show last week.

A WINNER--Scott Brewer of O'Donnell is shown with his Reserve Grand Champion lamb in the annual Lynn County show last weekend.

the county. Both were presented plaques at the annual banquet of Lynn County Soil and Water Conservation District at Lyntegar meeting room. Norman Ledbetter, chairman of the county SWCD, introduced humorist Pat Porter, principal speaker.

Mrs. Payne was cited for having "a good garden each year and cans much of her family's food...she sews for herself and her family (the Paynes have three grown children and four granddaughters)...and she likes to refinish furniture."

The Paynes have been married 35 years and live in a home about 75 years old which has been remodeled several times. She is a member of the Order of the Eastern Star in Lamesa, and she and her husband are members of O'Donnell First Baptist Church.

Klaus, who already has added more acreage to his farming operations for 1983, has been a cooperater with the SWCD for 11 years. He is working with the LCC program, and was cited for a cropping system which "is taking on some real changes on his LCC

land. Crops will need to be more varied so irrigation water can be used year-long; this may include the use of alfalfa and truck crops later."

Outstanding agriculture students honored in the county were Mike Santos of O'Donnell, son of Mr. and Mrs. Richard Santos; Lance McNeely, son of Mr. and Mrs. Walt McNeely of New Home; Kendall Wilke, son of Mr. and Mrs. Carlton Wilke of Wilson; Todd Lockaby, son of Mr. and Mrs. Danny Lockaby of Tahoka; all FFA students, and 4-H member Marci Miller of Tahoka, daughter of Mr. and Mrs. Billy Miller.

Winners of conservation poster trophies through five grades also were announced. They included, in order of grades, 1 to 5, Cherry Crittenden, daughter of Mr. and Mrs. Robert Woods of O'Donnell; Michael Villarreal of Wilson, son of Mr. and Mrs. Antonio Villarreal; and two from Tahoka, Jay Jay Wiseman, daughter of Charlotte Wiseman; and J.P. Stice, whose parents are Mr. and Mrs. Billy Stice.

SHE COOKS, TOO--Cara Monk is hiding her prize pie with the Reserve Grand Champion ribbon she won in the baked goods division of the Lynn County Livestock Show last weekend.

Cleaning a fireplace tends to be a "dirty" job, but it is not difficult. Proper cleaning and care can put your fireplace in good condition for months of wintertime enjoyment.

A fireplace that is used only occasionally will probably not need cleaning for years. But if you use it frequently and burn resinous woods--such as pine, spruce, or fir--a flammable creosote deposit may form on the inside of the chimney, making annual cleaning a "must".

Cleaning Chimney Interior

Check your unit with a flashlight to determine the condition of the chimney walls. If they appear "furry" and flake off when brushed, they should be cleaned before the fireplace is used.

If you do the job yourself be sure to cover the hearth with plastic to protect the house from soot. It is also a good idea to place a plastic dropcloth inside the fireplace, and to fasten another piece to the opening by using duct or masking tape.

Cleaning equipment can be simple and inexpensive for a single story house, lower a long-handled broom from the roof to dislodge the sticky deposit. If the house is more than one story, use cylinder of chicken wire, or fill a burlap bag with rock and straw suspended on a rope. Carefully lower and then raise the device up and down to dislodge accumulations on the walls of the chimney.

Cleaning Fireplace Face
Overloading your fireplace can cause a black, sooty stain on your fireplace face. For brick, stone, or other masonry products, there are two solutions to remove stains:
1. For ordinary stains:
1/2 cup vinegar or acetic acid
1/8 cup detergent
1 gallon water
2. For tougher stains:
1-2 cups trisodium phosphate
1/2 cup household bleach
1/8 cup detergent
1 gallon water
Apply either solution with a stiff bristly scrub

brush. Rinse well with clear water, dry completely, and then apply a clear masonry sealer to prevent penetration of stains.

Always wear gloves and protective clothing to avoid skin irritation.

Be cautious of an older or poorly constructed chimney. In this case it is best to have a professional do the job with modern suction equipment. Prices will range from \$25 to \$125 and more.

A professional could be called for any chimney cleaning job, but this is a task that can be done by any agile, determined "do-it-yourselfer."

Judge Warns Of Marijuana Use By Teens

The alarming increase in smoking marijuana, harmful effects to the smoker, and the ultimate lead to other drugs by school-age youths was discussed by Judge J.Q. Warnick Jr. of Lubbock, County-at Law, No. 2, before Tahoka Rotary Club last Thursday.

Judge Warnick, a native of Tahoka, declared "use of marijuana by youngsters is not off somewhere else; it is right here in West Texas."

Survey of Lubbock schools indicated 75 percent of the children have tried marijuana by the time they are age 15. Sixteen percent smoke the weed daily, some as young as 13 years.

Today, there is no doubt, marijuana is a drug. Becoming addicted to the weed leads to a stronger narcotic-- cocaine, and others.

There is so much marijuana available that children can get a smoke in a few minutes. And, there are so-called "headshops" in Lubbock where anyone may obtain drug appliances. He passed out a number of instruments that can easily be obtained.

Forces are at work nationwide, he said, to repeal marijuana laws, and insidious propaganda appears in TV and radio shows, and movies, in songs, and talks, that by innuendo promote use of marijuana and other drugs.

As a judge he has been confronted with all the arguments and seen the results of use of the drug.

He said parents and school teachers, parents principally, should note signs that their children may be using marijuana. Some of the signs may include sudden drop in

the child's grades, combativeness toward parents and others, pale face, imprecise eye movements, secretiveness about or disappearance of money -- as well as the range of the child's associates, the discovery of bits of weed in the clothing or strange smoking instruments, and also the odor of the weed.

Judge Warnick is the son of Mr. and Mrs. Jake Warnick, the later being the former Miss Alice Small.

Stenholm Named To Committees

Congressman Charles W. Stenholm was named to five subcommittees of the House Agricultural Committee, including the powerful Conservation, Credit and Rural Development subcommittees.

Stenholm has also been named by Chairman Kika de la Garza to serve on an ad hoc subcommittee on grain elevator bankruptcies. The group will explore ways to protect farmers against the losses they sometimes experience when elevators declare bankruptcy and crops stored there are seized by the courts.

THURSDAY BRIDGE WINNERS

Bad weather conditions caused Thursday afternoon bridge to be played at Tahoka Sentry Savings. Winners were: first, Auda Norman and Doris Ashcraft; second, Rachel Huffaker and Mac Edwards; third, Mabel Gurley and Vinita Hamilton.

INSIGHT INTO EYESIGHT

VAN MOORE, O.D.
— OPTOMETRIST —

THE SINGLE-VISION LENS
When most people get their first pair of eyeglasses or contact lenses, more often than not they're made with single-vision lenses. This doesn't mean they can only see in one direction. Nor at only one distance. The "single" stands for just one set of optical corrections in the lens.

The single-vision lens can be for reading or for seeing at a distance. It all depends on the problem that needs correcting. Nearsighted people need help in seeing things at a distance. Farsighted people may need help seeing objects near-by. People who have astigmatism need help in both directions. Their eyes have two points of focus instead of one. This gives them blurred vision no matter how close or far away an object may be. Corrective glasses or contact lenses clear things up so they can see as well as people with normal vision.

No matter what the vision problem, it can usually be solved with the right kind of glasses or contact lenses.

4-H PROJECTS--WHERE THE LEARNING IS

4-H projects are where the "real" learning takes place.

4-H offers exciting projects and activities for every young person between the ages of 9 and 19 who has a curious desire to learn, says Brent Drennan, county 4-H program coordinator.

4-H encourages "learning-by-doing" and provides citizenship and leadership skills. 4-H wants to involve all youth -- rural, urban, suburban, teens and pre-teens, and from all races, creeds, ethnic and economic backgrounds. 4-H youth learn, work and play together.

In 4-H, young people can learn how to make things, grow things, take care of things and repair things in a wide variety of projects.

And the great part about the whole program is that 4-H youth can select what they want to do. Projects include things such as nature study, wildlife, entomology, animal science, beef cattle, horse and pony, dog care, plant science, gardening, field crops, home economics, foods and nutrition; clothing, automotive, bicycle, small engines, mechanics, electricity, personal development, citizenship, leadership and public speaking.

4-H has a lot to offer. So if you have a desire to learn and want to get involved in an action or-

iented program, contact the County Extension Office.

Burglary, Auto Mishaps Listed

A burglary of the home economics building at Wilson High School was reported Monday. Missing was a bank bag and \$5 in change.

Taylor Tractor & Equip. Co. in Tahoka reported ten 55-gallon drums of oil missing, after inventory was made last week.

On Thursday, employees at Thrift-Mart reported to Tahoka police that "a bunch of drunks" were driving around their store and were backing up recklessly in their parking lot and were afraid that someone was going to be hurt.

Also on Thursday, Mrs. Andrew Benavides reported that her car was hit while parked at the Pastry Place between the hours of 2:30 a.m. and 6:30 a.m.

Police investigated a two car accident on Sunday at the intersection of Lockwood and Main St. that involved a 1979 GMC pickup driven by Keith Lane Anderson of Tahoka and a 1982 GMC pickup driven by Robert Martin Martinez of Tahoka. There were no injuries.

Tahoka police arrested a Tahoka man Monday for unauthorized use of a motor vehicle, which was impounded.

Two tickets were issued during the past week: one

NH, Wilson Teams Split

New Home and Wilson basketball teams split district games Tuesday night, with the Leopard boys and Mustang girls winning.

New Home boys had a big 25-point fourth period in winning 71-58 to bring the New Home record to 15-8 and 2-1 in district. Joe DeLeon had 14 points, Johnny Vickers 13 and Kyle James and Lance Kieth 12 each for the winners.

Wilson's Sammy Nava led all scorers with 25. Wilson's record is now 14-9, 0-3.

The Mustang girls, with Nolte scoring 18 points, downed New Home 41-36. Linda Tillman had 16 and Elaine Griffin 14 for the losers, now 13-9 and 1-2. Wilson now is 16-7, 1-2.

The first real word in the average American dictionary is aa. It is the name for a spongy kind of lava.

for exhibition of acceleration and one for following too closely.

In jail during the week were one person each for public intoxication, disorderly conduct, criminal trespassing and unauthorized use of a motor vehicle.

COTTON TODAY

A NATIONAL COTTON COUNCIL SERVICE

Cotton People To Set Policies: "Meeting Cotton's Challenge" will be the focus as cotton industry leaders from 17 states gather in Phoenix Feb. 6-8 for the National Cotton Council's 45th annual meeting.

Advance sessions begin Feb. 4 at the Hyatt Regency, with program committees meeting the following day to draft recommendations for the industry-wide organization's 1983 policies.

Scheduled Feb. 6 is a prayer breakfast that includes a talk by the Rev. Duane A. Cossart, director of development at the Beatitudes Campus of Care, and music by the Phoenix Boys' Choir. Rep. William M. Thomas (R-Calif.), member of the House Ways and Means Committee, will speak at an afternoon seminar and the Council's Arizona Unit will host an evening cook-out at Rawhide.

The meeting's first general session opens the following morning with a welcome by Gov. Bruce E. Babbitt and speeches by Council President Ed Brienan, Lubbock, Tex., and Rep. Edward Madigan (R-Ill.), ranking minority member of the House Agriculture Committee. A panel of Council staff leaders will review 1982 activities.

RESERVE STEER--Shawn Ballard of New Home exhibited the Reserve Grand Champion Steer in the Lynn County Stock Show last weekend.

Farm Credit Board Elects New Officer

Wilmer Smith of New Home was elected chairman of the Board of Directors of the Farm Credit Bank of Texas in December.

Smith was first elected to the board in 1966 by the cooperatives in Texas. He

is active in a number of West Texas cooperatives and is a former chairman of the board of the Central Bank for Cooperatives in Denver, where he is still a director. He is a director and past president of the Plains Cooperative Oil Mill and is a director and has served as president of the American Cotton Growers Assn.

He farms just south of Lubbock, with principal crops being cotton and

sorghum. A graduate of Texas Tech University, Smith holds a bachelor of arts degree in government and history. He and his wife, Lola, have one daughter, two grandchildren and three great-grandchildren

PIK Brings Increase In Guarantees

Farmers who participate in the Payment-In-Kind (PIK) program are eligible for increased insurance guarantees on insured wheat, corn, grain sorghum, rice and upland cotton at no extra cost, says F.W. "Ted" Crouch Jr., Director for the College Station Field Operations Office of the Federal Crop Insurance Corp. (FCIC).

To encourage the widest participation possible in the PIK program, FCIC will accept downward revisions of previously reported acres and increase the per acre guarantee on the remaining acreage. Downward revisions of acreage reports may be made until March 11, 1983.

For the 1983 crop year only, insurance guarantees on the eligible crops will be increased by the following proportions: a 6 percent increase for acre-

age reductions of 10 to 19 percent; an 8 percent increase for reductions of 20-29 percent; and a 10 percent increase in acreage reduced by 30 percent. "Percentage reductions are calculated for acreage reductions above the regular farm program set aside Crouch says.

Farmers may participate in the PIK acreage reduction on one farm and not another.

"Upon acceptance of the revised acreage report, the premium will be recomputed on the reduced acreage and the per acre guarantee will be increased for the remaining acreage," Crouch states.

Under a bid arrangement farmers may reduce the entire acreage to zero. In that case, a zero acreage report may be made to the agent by March 11. Farmers should verify acceptance of the bid with their agent by March 18. If the bid is not accepted, the farmers remains insured for the acreage intended for harvest.

"Insured farmers should contact the local agent authorized to service their FCIC policy before March 11 to report any downward revisions on insured acreage and to gain the advantage of the increased protection," Crouch says.

Snow Halts Harvesting

Final stages of the cotton harvest halted again just after mid-January when wet weather pushed across the High Plains on Monday the 17th. Moderate to heavy snow climaxed the week-long storm system by dropping a four to 18 inch cover. Frequent storms have prevented harvesting from gaining much momentum since just before Thanksgiving, said Mack Bennett, Area Director for USDA's Marketing Services Office at Lubbock.

The Lubbock office classed 41,400 samples during the two week period ended Jan. 27. This brought the season's total to 640,000 or about 92 percent of the estimated total for the entire season, Bennett said.

Predominant grades during the two weeks were grade 42 at 38 percent, grade 52 was 31 percent, grade 43 amounted to 10 percent and grade 53 accounted for seven percent. About 35 percent was reduced one grade because of bark and eight percent for grass.

Predominant staples were staple 30 at 15 percent, staple 31 was 46 percent, staple 32 amount ed to 23 percent and staple 33 was nine percent for an average of 31.4 thirty-seconds of an inch. Micronaire 35 - 49 was 68 percent, 33 - 34 amounted to 10 percent, 30 - 32 accounted for 10 percent, 27 - 29 was seven percent and 26 or below was five

A Visit With Your County Agent

By Stanley Young

PIK IS NEW WORD IN FARM VOCABULARY

PIK, a brand new farm program provision for Lynn County producers, is receiving significant attention.

PIK, for payment-in-kind is the new aspect of the 1983 farm program which allows producers to receive Commodity Credit Cooperation (CCC) grain or cotton in exchange for adjusting 1983 planted acreage, points out Stanley Young, county agent.

To help farmers analyze their operations as to whether or not to participate in the new program, the Extension Service has developed educational information and a special worksheet. This material

is available at the county Extension office.

The PIK program was announced in mid-January by President Reagan. Farmers have until March 11 to decide whether they want to participate in this added feature of this year's farm program.

With PIK, farmers now have essentially four program alternatives for upland cotton, rice, wheat, corn and grain sorghum. They can: (1) participate only in the 20 percent acreage reduction program previously announced; (2) participate in the PIK program and reduce acreage another 10-30 percent; (3) bid the entire farm crop base to be laid out in 1983; and (4) decline participation in any aspect of the 1983 program.

Research analysis of the PIK program by crop and region of the state indicates that considerable variability exists regarding economic benefits of participation. Each farmer, therefore, is encouraged to closely evaluate the PIK program alternatives using his specific cost, yield and price data, says Young.

Teachers Given Style Show

Members of Theta Eta Chapter of Delta Kappa Gamma, women teachers' sorority, were treated to a style show at their Jan. 29 brunch in Hemphill Wells' Gold Room. Members from New Home hosted the brunch. Following the style show and meal, special guests Katrina Smith, Mitzie McAllister, and Ellen Dickson were introduced. They have been past recipients of Theta Eta's Grants in Aid which are awarded yearly to deserving college women who plan to pursue teaching careers.

Following an inspirational talk by Annette Sharp, a brief business meeting was held. Helen Mock, chairman of Delta Kappa Gamma's state scholarship committee, spoke to the group about the availability of scholarships to members pursuing graduate level work and the means of applying for the scholarships.

Members of the Theta Eta Chapter are from O'Donnell, New Home, Wilson, Southland, Brownfield, Tahoka and Post.

FREE ANTI-POLLUTION BOOKLET AVAILABLE
A new, free, eight-page illustrated booklet, entitled, "The Story of Willie Bacteria, or HOW TO TAKE CARE OF YOUR SEPTIC TANK OR CESSPOOL" is now available to owners of Septic Tanks and Cesspools from Whitaker Hardware in Tahoka.

In a light vein, illustrated by cartoons, the booklet explains the workings of the septic tank and cesspool in simplified fashion. It describes the bacterial action of the disposal system and what is necessary for its proper functioning.

The booklet was produced by the FX Lab Company, Inc., 1275 Bloomfield Ave., Industrial Park Bldg. #2-13, Fairfield, New Jersey 07006.

HELP CLEAN YOUR SEPTIC TANK THE EASY WAY with FX bacteria, \$7.98. Tree roots removed, drains opened. Ask for FREE BOOKLET. 4-8tc

★ CARD OF THANKS ★

We would like to say "thank you" to everyone who helped to make our Lynn County Stock Show and Sale another great success. We cannot begin to mention everyone individually but we know the cooperation of all the people working together is what contributes to this success.

This is one county endeavor that every person you meet will say "I will do what I can." And when you do - that is all that anyone can do.

Our association knows that we are helping our county when we invest in the youth of our county. We feel that our 4-H and FFA programs are family projects that help to make the character of our young children to make them better citizens and leaders for the future.

Again our salutes are to you. Thanks.
