Two Youths Injured In Beating By Gang

Two 16-year-old New Home youths were treated for injuries last Friday night at a Lubbock hospital after they were kicked and beaten by a group of eight other young persons who followed them from Tahoka and stopped their vehicle on FM 1317 six miles east of U.S. 87.

Three members of the gang, two age 17 and one 18-year-old, were charged with assault causing bodily injury. The other five, including one female, were to answer charges as juveniles.

According to statements of those involved, the attack followed an encounter in downtown Tahoka Friday night. The two youths who said they were pulled from their vehicle and beaten and kicked suffered no broken bones, but were badly bruised.

The Tahoka Self Service Car Wash located at 1400 N. 7th was reportedly burglarized sometime on last Friday. Total loss was estimated at \$27, including \$4 worth of quarters stolen and \$5 worth of paper towels missing and three master locks destroyed were valued at \$6 each.

Last Thursday night, the Dixie Dog reported to Tahoka police that some men were drunk in front of their business.

Police also answered a couple of

family disturbance calls during the past week.

In jail during the week were one person each for driving while license suspended, driving while intoxicated and no proof of liability insurance, and revocation of probation, plus two juveniles for burglary.

Four Bulldogs On All-District

Four Tahoka players were named to the District 4-AAA all-district football team announced this week. Making the first team was running back Steve Pierce, a senior who gained more than 1200 yards and scored 62 points. He was named to the first team on offense. Also on the first team was sophomore punter Johnny Morin.

Robert Munoz, a senior tackle, was named to the second team offensive line and also on the second team defensive line. Senior Harvey Hallmark, an offensive end and defensive halfback, also was named to the second team as an end.

Roosevelt running back Ira Johnson was named player of the year, and Denver City Coach Mike Wartes was coach of the year in the district.

Other players on the first team, offense, were Scott Honeycutt of DC, center; Richard Sherrill, Marc Curtis and Mark Jurik, all of DC, and Brad Sides of Roosevelt, line-men; Chris Kemp of Cooper and Jeff Rucker of DC, ends; Ty Sefcik of DC, quarterback; and joining Pierce and Johnson in the backfield were Darron Dorethey of DC and Craig Godfrey of Frenship.

BARBARA JAQUESS

Tahoka Teacher Best In District

Mrs. Barbara Jaquess, Tahoka High School business educator, was selected as the outstanding secondary Business Education teacher for District 17. This award was presented to her at the annual Texas Business Education Assn. meeting at the Civic Center in Lubbock Nov. 8. District 17 covers 20 counties.

Mrs. Jaquess received her Bachelor of Business Administration degree from Texas Tech University in December 1970 and her Vocational Office Education teaching endorsement in 1978. She has been teaching in the Tahoka school system for 12 years and is currently teaching Accounting-I and II and Vocational Office Education Lab I and II.

Her professional organizations include Theta Eta Chapter of Delta Kappa Gamma, Office Education Assn., Association of Texas Professional Educators, Texas Business Education Assn., Vocational Office Education Teachers Assn. of Texas and American Vocational Assn.

In addition to her regular teaching activities, Mrs. Jaquess has supervised student teachers from Texas Tech University, presented seminars and workshops to Texas Tech business education graduate classes on microcomputers, conducted introductory computer courses for Tahoka adults and presented programs for the local Rotary Club. She has been asked to serve on a committee in Austin with Bob Gordon, State Vocational Office Education Director, in January 1984 on microcomputer keyboarding.

Mrs. Jaquess has also been chosen to be listed in the 1983 edition of "The Most Prominent Educators of Texas." She is married to Jack Jaquess and they have two children, Jill and Jason.

Early Deadline For Next Week

Since next Thursday is Thanksgiving, the Lynn County News will be published one day early, which means that anyone with news or advertising for that issue should have it in by 4 p.m. Monday.

The edition will be mailed Wednesday, and the Lynn County News office will be closed Thursday through Sunday.

Most businesses in the county will be closed Thursday only.

Commissioners Ponder Microfilming

Lynn County Commissioners discussed at length the possibility of microfilming all the years of records

in the county clerk's office and continuing to keep on microfilm the current papers filed in that office.

Appearing to discuss prices and options on such a program was a representative of a microfilming company which has done such work for other counties in this area. The representative, Reed Roach, explained that keeping the records on microfilm would provide an insurance policy of sorts for any records that might accidentally be lost or destroyed. In addition, he said, it would solve the problem of having enough space to store all the documents.

Commissioners took no action in their meeting Monday, but indicated they would like to put the records on microfilm.

Also appearing before the commission Monday were Karen Taylor of Fenton Insurance Agency and Paul Moore of Lubbock, to explain a proposed group health insurance plan to the group. Action on this item also was postponed for further consideration.

Ballots of the recent constitutional amendment election were canvassed and approved without major change.

All commissioners and Judge J.F. Brandon were present.

Museum Annex Will Honor Hill

In its regular monthly meeting on Nov. 14, the board of directors of Tahoka Pioneer Museum voted unanimously to name the new addition to the museum building "Frank P. Hill Memorial Hall" in honor of the late member of the board. Frank Hill was one of the founders of the museum, and since its beginning served as acquisition director, recording and labeling all items acquired by the museum.

The addition to the museum is now under construction, a 30 x 60 foot building attached to the north side of the existing structure located at 1600 Lockwood Street. The present building is full to capacity, and the annex will be used for additional display and for storage. The public is urged to visit the museum and see the many articles used by the early residents of Lynn County.

WOODWORK

BY DALTON

I DON'T KNOW how much tax J.M. Young of Winthrop, Ark. had to pay in 1915, but I did look over a list of what he told the tax collectors his property was worth: a total of \$245.

Buelah Hubbard of Tahoka brought by the 1915 assessment sheet which had belonged to her father, J.M. Young, who had filled out the sheet for the tax collectors in Little River County, Ark.

He had a firearm worth \$5, household goods valued at \$70, an organ (or other musical instrument) worth \$10, seven hogs worth a total of \$10 and three horses worth \$20. His two mules, though, were valued at a total of \$120, so mules were worth a lot more than hogs or horses. Or cows, because he listed three in the printed category of "Neat cattle, including calves and yearlings" at a total of \$20.

I have no idea what the rendition sheet meant by "neat cattle". Most of the critters I have seen in my limited experience were anything but fastidious; in fact, pretty careless about what they looked like or where they did things.

Anyway, the sheet didn't specify how much the tax would be or what the tax rate was. But whatever the total, I'd bet that J.M. thought it was too much.

ANOTHER DOCUMENT brought

by the office this week by a reader relates to a tax sale of some property in Lynn County in 1950, where some property was auctioned off for \$40 to pay the taxes. The person who bought the property just wanted to let me know (after what I had written the previous week about taxing entities sometimes making things hard on property owners) that such tax sales did occur.

In fact, I heard from a couple of other persons who have had some experiences (such as mine with Lubbock County) of getting billed for delinquent taxes they had never before been told about. But that's life in the Great State of Texas.

KNOTHOLES IN THE WOODWORK: We went to the Mall in Lubbock the other day for a little while and reinforced our belief in how much better it is to shop at home: There was such a mob of people wandering around lost. I think if we had stayed there for a couple of hours just sitting on a bench, we could have seen everyone in this part of the world...President Reagan called me the other day and asked what I thought he should do about the Grenada situation. I told him he ought to trade that thing in on a new Buick. That was his last question, but then, he is a busy fellow.

SCOTT MANLEY - DELLA LYNN FISHER

Della Fisher - Scott Manley To Be Married Dec. 17

Edwin and Dorothy Fisher of Midland announce the engagement and approaching marriage of their daughter, Della Lynn, to Scott Morris Manley, son of Leon and Shirley Manley of Stephenville. The wedding will be held Dec. 17, at 6 p.m. in the First Methodist Church of Tahoka.

The bride elect is a graduate of Lee High School in Midland and the prospective groom is a graduate of Stephenville High School.

Many small rodents live out their entire existence without ever straying more than 20 feet from the place of their birth.

Wuensche & Thornton Repeat Wedding Vows In Wilson

In a formal candlelight ceremony at 5 p.m. Saturday, Nov. 12, in St. Paul's Lutheran Church, Wilson, Cynthia Ann Wuensche and William Moore Thornton were united in marriage with the Rev. Albert Wuensche officiating.

The bride is the daughter of Mrs. Melvin Wuensche of Wilson and the bridegroom is the son of Dr. and Mrs. Myers Thornton of Carrollton.

The bride, given in marriage by her brother, Don, wore a candlelight satin gown featuring a high neckline and yoke of beaded peau d'ange lace. The Juliet sleeves were made of peau d'ange lace with covered button and loop closures. The basque waist was outlined with satin cord.

The satin skirt fell to floor length and swept to back fullness. Scalloped peau d'ange lace accented the hemline and extended the length of the cathedral train.

The waltz length veil was covered with re-embroidered alencon lace sprinkled with pearls and sequins.

She carried a silk bouquet of large catalpa orchids accented with dogwood and delicate flowering blossoms.

Attending the bride as maid of honor was Amber Wuensche of Dallas,

cousin of the bride. Bridesmaids were Dawn Holden of Collyville, Melinda Mitchell of Arlington, Connie Moerbe of Wilson, all cousins of the bride, and Kely Wied of Friona.

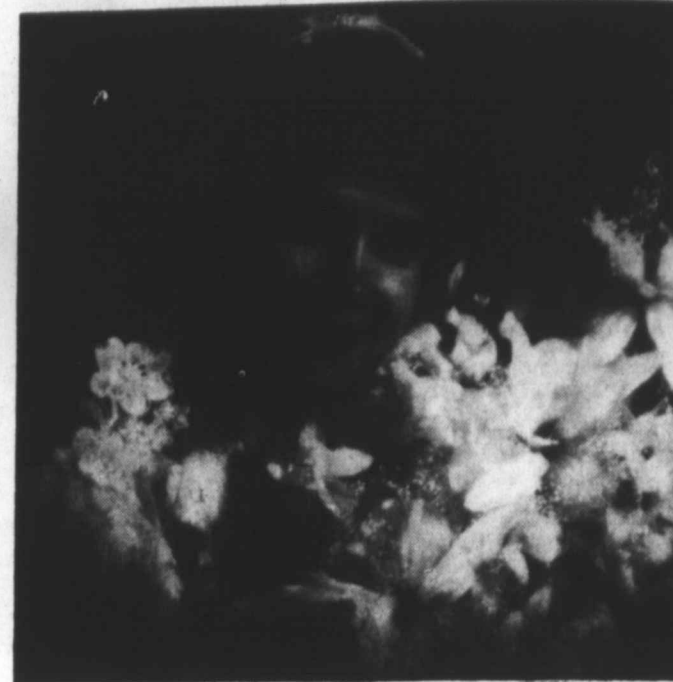

The attendants wore identical plum satin and velvet gowns and carried bouquets of grey and aubergine flowers.

Tiffany Morebe of Wilson was flower girl and Cody Donald of Wilson was ringbearer.

Dr. Myers Thornton, father of the groom, was best man.

Groomsmen were John David Thornton of Grapevine, brother of the groom, Charles Kettlewell of Dallas, brother-in-law of the groom, Bob Ruth of Midland and Dan Heinchon of Flagstaff, Ariz.

Ushers were Chris Wuensche and Derek Holden of Lubbock, cousins of the bride, Harvey McClarty of Levelland and Marc Farmer of Dallas. Candlelighters were Karen Wied of Friona and

MRS. WILLIAM MOORE THORNTON nee Cynthia Ann Wuensche

Bennett Lee of San Antonio.

Jill Holden of Collyville, cousin of the bride, registered guests.

Rice bags were distributed by Tonya Bruster of Slaton.

Organist was Susan Slay of Menard, cousin of the bride, and Kay Arrellano of Lubbock. Wesley Kitten of Slaton, soloist, sang Wedding Blessing, Wedding Prayer, Wedding Song and the Lord's Prayer.

A reception followed in the parish hall of the church. Serving at the reception were Lisa Clem of New Home, Grace Thornton of Grapevine, Mary Jen Kettlewell of Dallas, Sandra Lemon of Idalou and Rachael Ramey of Dallas.

Following a Carribean cruise the couple will reside in Whitesboro.

Courtesies
The rehearsal dinner was hosted by the groom's parents at the Holiday Inn Civic Center in Lubbock.

A bridal shower was given at the St. Paul Lutheran Church Oct. 2. Hostesses were Connie Donald, Connie Moerbe, Carol Bruster, Velma Behrend, Teenie Behrend, Lorine Talkmitt, Kay Arrellano, Leona Herzog, Dorothy Miles, Leona Wied, Mildred Talkmitt, Gladys Gickhorn, Virginia Gickhorn, Mar-

cia Talkmitt, Mildred Schafer, Pearl Gickhorn, Sandra Lemon, Norine Patschke, Allyne Talkmitt, Verna Talkmitt. A shower was given in the home of Karen Wheatley in Lubbock Oct. 18. Hostesses were Karen Wheatley, Deborah Rhodes and Donna Hollon.

Phebe K. Warner Study Club Meets

Phebe K. Warner Club hosted their annual Senior Citizens Luncheon Tuesday, Nov. 8, at the First Baptist Church.

Mrs. Maurice Huffaker, president, welcomed over 100 guests and members.

After the invocation, led by Mrs. Ivan McWhirter, and the lunch, Mrs. Dub Kenley led the group in singing of favorite hymns.

Program chairman, Mrs. Mike Lankford, introduced Dalton Wood, who shared several musical memories.

Special recognition was given to Mrs. Jewel Connolly, who was celebrating her 83rd birthday that day, and to Mr. and Mrs. Belton Howell and their son, Wade, who made a special effort to drive from Odessa to attend.

Appreciation was expressed to Mrs. Milt Draper and her committee, Mrs. George Ray, Mrs. Mildred Abbe and Mrs. Binie White, for the decorations.

Appreciation was also expressed to Mrs. Truett Smith and Mrs. Pete Smith who served on the kitchen and food committee.

The next club meeting will be Nov. 22 in the home of Mrs. W.W. Hagood. Mrs. Leona Nall of Lubbock will give the program.

Home Economics In The '80s

BY TAMERA OVERCAST

Women's death rate from lung cancer has tripled since the 1980s. The U.S. Surgeon General now predicts that it will surpass the death rate from breast cancer and become the leading cause of disease-related death among women.

In addition, cigarette smoking is a major threat to a woman's ability to bear healthy children and increases her risk of heart disease and peptic ulcer. Most women realize the danger smoking holds for their health and the health of their children, and they know it costs them a lot of money.

Many women especially, say they can't give up cigarettes because they will gain weight. If you're one of those, keep in mind that most people who quit do not gain weight.

According to the National Cancer Institute, studies show that about one-third of the people who quit do gain; one-third stay the same; and another third actually lose weight, often as a result of a combined exercise and diet program.

Also remember that giving up cigarettes is far healthier for you than adding a few extra pounds. It would take the addition of over 75 pounds

to offset the health benefits a normal smoker gains from quitting!

Most smokers want to quit, they just don't know how.

Fingerprinting Of Children Slated

Fingerprinting of children is planned for Friday in the Tahoka Elementary School gym between 8 a.m. and 5 p.m. Pre-school, high school and junior high students are welcome either before school or just after school.

Fingerprints taken will be for parents use only and will not be on record at the County Sheriff's office or any Criminal Justice Dept., according to Lynn County deputy sheriff, Joe Bryan.

The program is sponsored jointly by the Lynn County Sheriff's office and Vocational Office Education unit of Tahoka High School.

Basketball Season Begins Soon

By SHAWN STOTTS

The 1983-84 THS varsity girls basketball team is looking forward to an outstanding season this year. Ben Blair will be coaching the second ranked team in district 4-3A. Starters returning from last year are Lela Bailey, Cynthia Payton, Patricia Payton, Rhonda Nance and Kimberly McMillan. Lela was named All-District and All-South Plains last year as a junior. Other team members are Tami Hood, Sandra Castellon and Jo Ann Garcia.

Coach Felix Fabila will be working with a young group of varsity boys. Returning players are Trey Teaff, Steve Pierce, Harvey Hallmark, Travis Moore, and Johnny Morin. Steve Pierce should be a strong rebounder and Trey Teaff and Johnny Morin will be important assets to the team. Joining the team will be Doug Lawson and Danny Hart.

Social Security ... Out West

By BILL WEST
Social Security Field Representative

Hundreds of questions are asked about Social Security and Supplemental Security Income (SSI) each day and our Lubbock office gets its share. A few of the questions and answers follow:

Q. How much can I earn in 1984 before I lose any benefits?

A. Those age 65 in 1984 can earn \$6,960 (\$580 a month); Those under age 65 can earn \$5,160 (\$430 a month). These is no limit for those who attained age 70 in 1983 or earlier.

Q. I believe some information in my Social Security record is incorrect and want it changed. How can I go about this?

A. Contact any Social Security office. You can review the information in question and correct it if it is wrong. If a medical report is involved, there are special procedures to follow.

Q. A bank refused to open an account for me unless I gave them my Social Security number. Is this legal?

A. Yes. Your Social Security number is also used for Federal tax purposes. In addition, some non-governmental organi-

zations also use Social Security numbers for recordkeeping purposes. Such use is neither required nor prohibited by Federal law, and the organization is not obligated to provide you service if you do not give your Social Security number. Just because an organization has your Social Security number does not mean that the organization can get any personal information from your Social Security record.

Q. Why does the Social Security program pay for "welfare" payments like SSI?

A. The SSI program is administered by the Social Security Administration, but Social Security taxes are never used to pay for anything but the Social Security program. SSI payments come from the general fund of the U.S. Treasury. These funds also pay for the cost of administering the SSI program. Social Security funds aren't used at all.

Researchers study crop tolerances

A long-term research project that ultimately may help farmers determine the best kinds of crops to grow based on the amount of salt in irrigation water has begun at Texas A&M University.

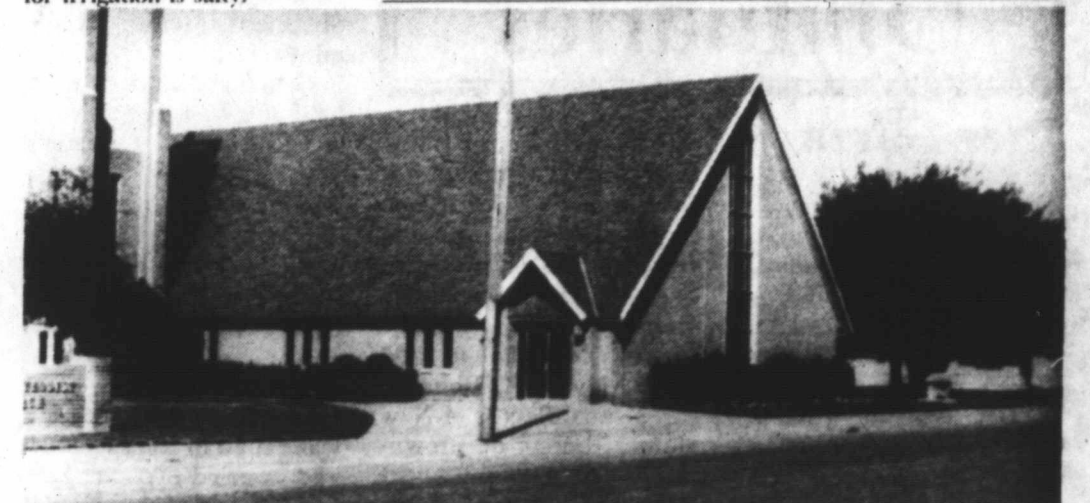

"Everybody knows you can't grow seaweed in West Texas and wheat doesn't grow in seawater," said plant scientist Dr. Keith J. McCree. "But by knowing how tolerant crops are of certain levels of salt in irrigation water, we can better determine which plants would grow best in certain areas."

Scientists presently know that certain species are more tolerant of salt than others, he said, and that the variation of tolerance within the species themselves is much less. Barley, for instance, is more tolerant of salt than fruit trees, and might produce better when river water for irrigation is salty.

FARM WEEK NOV. 18-24
"Farm and City: Partners in Progress--You Can't Have One Without the Other" is the theme of this year's Farm-City Week Nov. 18-24.

Purpose of the observance is to focus on the teamwork of farm and city people as partners in the growing, processing, marketing and consumption of food and fiber.

In other words, Farm-City Week is aimed at promoting better understanding between farm and city people and increasing the knowledge and appreciation of each for the American way of life.

Farm-City Week is under the direction of the National Farm-City Council, Inc., which is coordinated by Kiwanis International.

Agricultural production, marketing and processing provides jobs and income for about a fourth of the working force in Texas.

One of every 35 Texans is a farmer or rancher, and 30 percent of the state's retail trade business is directly associated with agricultural production and selling of food and fiber products.

Total cash receipts from Texas agricultural sales were just under \$10 billion in 1982. Economic activity generated from these marketings exceeded \$35 billion.

Total farm assets in Texas are estimated at \$85 billion. With 184,000 farms in Texas, assets average \$462,000 per farm. Many commercial size, full-time operators, have in excess of a million dollars invested in their farm or ranch business.

Texas ranks in third

place in total cash receipts among the leading agricultural states, behind California and Iowa. Texas, however, is traditionally number one in the sales of cattle and calves, cotton, grain sorghum, sheep and wool, goats and mohair, cabbage and spinach.

One farm worker today provides food and fiber for 78 people. He also creates jobs for more than 5 nonfarm people who produce the things farmers need and who process, transport and merchandise the crops farmers harvest.

American agriculture is the world's largest commercial industry with assets exceeding \$1 trillion. This industry employs nearly 23 million people, a full 22 percent of America's total labor force. The agricultural industry encompasses manufacturing, processing, and merchandising.

Farm and city people make the best food and fiber team in the world and give this country the capacity to feed its own people and to export for humanitarian purposes.

CELEBRATION SANDWICHES

- 1 can (11 ounces) Campbell's Condensed Cheddar Cheese Soup
- 1 can (10 3/4 ounces) Campbell's Condensed Tomato Soup

- 1 cup shredded Swiss cheese
- 2 tablespoons prepared horseradish
- 1 pound sliced corned beef
- 1 jar (about 16 ounces) sauerkraut, drained
- 8 slices pumpernickel bread, toasted

1. To make sauce, in fondue pot or saucepan over low heat, combine soups, cheese and horseradish. Heat until cheese melts; stirring occasionally.

2. To make sandwiches, arrange corned beef and sauerkraut on bread. Serve sauce over sandwiches. Makes 8 open-faced sandwiches.

Letter to The Editor

Dear Editor:

I, like Mr. Rivers of a couple of weeks ago, am concerned about our school expense, especially football expense.

I am against hiring so many high priced coaches. Our several coaches haven't produced too good this year.

Several years ago football was just a boys game. Now we are making it our religion.

Let our boys play for fun again and not make a business of it.

This higher school tax may be o.k. for the rich, but it may put some of us smaller ones out of business.

Judd Thorpe

Born June 26, 1902, the Altus native married the former Gladys Faye Elliott on Feb. 9, 1923, in Floydada. In 1925 the couple moved to South Plains where Hitt was a farmer and grocer. They moved from South Plains to Tow in 1967.

Hitt was a Master Mason at the Masonic Lodge 1058 in Post and a member of First Baptist Church in Tow. He was a Sunday school teacher and deacon of the church.

Survivors include his wife; two sons, Jerry of Dallas and Sonny of New Home; two daughters, Mrs. Hope Robinson and Mrs. Bettye Scott, both of Tow; two sisters, Mrs. Dovie Martin of Llano and Mrs. Mae Martin of San Angelo; 13 grandchildren and 21 great-grandchildren.

Grandsons were pallbearers.

Survivors include his wife of Brownfield; a son, Phillip of Farmington, N.M.; two sisters, Mrs. Annie Flood of Amarillo and Mrs. Myrtle Bateman of Houston; and two grandchildren.

B.L. Parker

Services for B.L. Parker, 86, of Tahoka will be held at 2:30 p.m. Thursday, Nov. 17, at First Baptist Church with Rev. L.C. Landers, pastor of Sweet Street Baptist Church, officiating.

Burial will be in Tahoka Cemetery under direction of White Funeral Home. Parker died Tuesday afternoon.

From The ACEA's Desk GREG HENLEY

Youth enrolled in the 4-H wood science program can get involved in an enjoyable hobby as well as a profitable business.

Through the wood science project, many 4-H'ers have learned to make various wood creations for their own use as well as to sell, points out Henley, county 4-H program coordinator.

For some, woodworking has even become a full-time business.

Through the 4-H wood science project, youth also learn to appreciate the wide variety of fiber products that originate from the forest. These provide Americans with housing and furniture, textbooks, grocery sacks, plywood paneling, and photographic film.

Supported by Weyerhaeuser Company Foundation, the program encourages 4-H members 9 to 19 develop skills in identifying, selecting and using different types of wood and wood products.

The 4-H wood science program stresses the importance of environmental quality and protection and wise use of natural resources. It also provides quality and protection and wise use of natural resources. It also provides opportunities to tour pulp mills, fiberboard manufacturing operations and lumberyards for a broader understanding of economics and careers in the forest products industry.

Weyerhaeuser provides a host of awards to high achievers in the wood science program, including six \$1,000 scholarships at the national level, an expense-paid trip to National 4-H Congress in

"Pick a Phone, Any Phone?"

Just because a phone will plug into your wall jack, it doesn't mean that it will work.

Why?

Well, for instance, let's look at a phone that will be used on a party-line. Since customers share a common line to the telephone company switching office, each

phone has its own special ringing-cycle setting which allows the phone to know when it should ring on the party-line.

Even if you have a "Private Line", you still may have problems.

Single-line customers may also have special dialing or ringing requirements that are not apparent. So, they purchase a new phone and sadly discover that it won't work. This is especially true for customers who may be

considering a cordless telephone or even a universal dialing telephone, a clock radio that offers telephone access capability or any other special telephone service.

Trading in your dial phone could be asking for trouble.

The joy of owning your very own "Touch Tone" phone could turn into tragedy if your phone line is designated for a dial or pulse phone. A pushbutton "pulse" phone will work on most lines, since it also duplicates the signal of a regular dial phone. However, a

"Touch Tone" phone emits a "beeping" tone that requires special equipment to recognize the signal. Some dial phones, even if you have Touch Call Service, are not compatible under certain circumstances.

So, if you decide to buy a new telephone, take the time to stop by your neighborhood GTE Phone Mart and see if your particular line has any special limitations. It could possibly save you a lot of frustration and money.

1984 Grain Program
Target price for 1984:
Grain Sorghum \$2.88 bu.
Barley \$2.60 bu.
Oats \$1.60 bu.
National average loan rates:

Grain sorghum \$2.42 bu.
Barley 2.08 bu.
Oats \$1.31 bu.

Advance deficiency and paid diversion payments are not authorized. A PIK program is not authorized for 1984. If you participate in the feed grain program, you can plant no more than 90 per cent of your combined corn/grain sorghum base. Set aside acreage will be computed as planted acres x 11.11 per cent.

Your 1984 acreage base will be the average of your planted and considered planted acreage of corn and grain sorghum in 1982 and 1983.

Signup will be from Jan. 16 through Feb. 24, 1984. Producers who sign into the acreage reduction program will have entered into a binding contract and will be subject to liquidated damages if you do not comply. There will be no cross or offsetting compliance.

Eligible CUA must be cropland that has been devoted and certified to a small grain row crop or CUA in at least two of the last three years.

Grazing of CUA: Every one can graze their CUA. Remember if you want to bale your CUA, you still

have to come by and certify that you owned the livestock prior to Aug. 1 and you can only feed the baled CUA to your own livestock. This hay cannot be sold.

Cotton Harvest For PIK
Producers that have planted acres and their PIK needs are coming from CCC inventory will now be required to place enough 1983 cotton in the loan to satisfy 40 per cent of the PIK needs for that farm. The other 60 per cent is to come from CCC inventory. If less than 40 per cent of the PIK needs is harvested, that amount would be pledged for loan, the balance should come from inventory.

Persons who have cotton planted and will receive all or a portion of their PIK from CCC inventory should check with the office prior to selling any cotton. Operators, it is possible you are not involved, but your landowners may be.

PIK Entitlements from CCC Inventory
Due to circumstances beyond our control, PIK entitlements from CCC inventory have been delayed. When we received the warehouse receipts, you will be notified.

Failed Acres: If you have cotton or grain that you will not harvest after the hail and rains, come and certify the failed acres before you destroy the evidence of the crop so we will have the harvested acres when we figure the cotton or grain yield.

Cotton Prices Move Up

Cotton prices paid to High Plains farmers moved up two and one-quarter cents per pound this week according to Mack Bennett, Area Director at USDA's Marketing Services office at Lubbock. Delays in harvesting and late deliveries of PIK cotton to farmers created a "mini-shortage" of cotton supplies, he explained.

Growers sold mixed lots of mostly grades 42 and better, staples 30-32, mike 35-49 at around 1525 to 1650 points over 1983-loan rates. "That's up almost four cents per pound during the past two weeks," Bennett said.

Harvesting resumed slowly when skies cleared and humidity declined behind a cold front that moved across the High Plains Tuesday. Drying conditions had been poor until sunshine returned Monday.

Daily sample receipts had declined to less than 100 just before last weekend but had climbed to 5700 by Thursday, Nov. 10.

Lubbock's Marketing Service office classed 19,000 samples during the week ended Thursday. This brought the season's total to 84,000 and compares with 85,500 classed by the same date last year.

1983 Grain Production: If you planted grain in 1983, you might want to turn in your grain production for history purposes. Some day you may want to prove your yield.

Predominant grades during the week were grade 52 at 24 percent, grade 43 was 12 percent, grade 53 amounted to 18 percent and grade 42 was 11 percent. Tinged grades accounted for 15 percent. About 34 percent was reduced one grade because of bark and one percent for grass.

Predominant staples were staple 31 at 21 percent, staple 32 was 21 percent and staple 33 accounted for 16 percent for an average of 32.5 thirty-seconds of an inch.

Micronaire 35-49 amounted to 73 percent, 33-34 was nine percent, 30-32 was 11 percent and 27-29 accounted for six percent for an average of 38.

High Volume Instrument breaking strength averaged 25.3 grams per tex during the week.

USDA's Crop Reporting Board announced the revised cotton production estimate on Thursday. All cotton production for the 1983-crop is estimated at 7.49 million 480 pound bales - down 53,000 from the October projection.

Farm Bureau Annual Meet Is Slated

The Texas Farm Bureau will select a queen, talent and speech contest winners and announce the 1983 Outstanding Young Farmer/Rancher during the organization's 50th annual meeting to be held in Houston Nov. 27-30. Tawn Dulin of New Home will be among the contestants for the queen contest.

THE TWIRLER--Jennifer Ehlers, THS band twirler, received a 1 rating at the UIL band contest. She will be eligible to attend the state contest in the spring.

AVOID TAP WATER SCALDS--

Tap water that's too hot can be hazardous to your health, says Dr. Mary Ann Heussner, a health education specialist. Each year, thousands of people are scalded by tap water. Those most likely to be injured are pre-schoolers, the elderly and handicapped. Tap water scalds are usually more extensive than other burns because many occur in the bathtub or shower where larger portions of the body are exposed at one time to the hot water. Small children and the elderly or handicapped may be unable to react quickly enough to get out of water that is too hot before it scalds, says the specialist. But hot water burns don't have to happen if homeowners will simply lower the temperature of water in their hot water heaters to a safe range, she adds.

EE Loans Available For Farmers

The economic emergency loan program which was in effect from 1978 to 1981 is being reopened by the Farmers Home Administration, probably before the end of this year.

These economic emergency (EE) loans are meant for farmers who are in financial trouble through no fault of their own. They differ from the natural disaster programs for farmers in designated counties who have suffered severe production losses.

Economic emergency loans will be available to farmers who are in financial difficulty beyond their control, have tried unsuccessfully to get a loan from other sources and who can repay the loan over a period of time. Funds from these EE loans may be used to finance 1984 crop production, to pay overdue farm and family operating debts or for other related uses. An economic emergency loan to any one borrower cannot exceed \$400,000.

For direct loans--where FmHA lends money directly to the farmer--the interest rates will fluctuate with the cost of money borrowed by the government. Currently the EE interest rates are 11 1/4 percent for operating purposes and 11 3/4 for farm ownership loans, but the rates may change by late December when the program is expected to reopen.

For guaranteed loans--made by commercial lenders and backed by the government--the interest rate is negotiated between the borrower and the lender.

Additional details on the economic emergency loan program are available from Farmers Home Administration county offices.

BUDGET FOR HOLIDAY SPENDING--

Many families do not recall ever making a conscious decision on how much money to spend for Christmas gifts and other holiday items, says home economist Nancy Granovsky. Christmas spending can have a snowballing effect, where a spending level or end point is never identified, says Granovsky. Advertising, offers for easy credit and no finance charges until after the holidays, and the emotions associated with Christmas gifts tempt us to overspend. "Unfortunately, the thrill of purchase often escapes when the bills come due, and some families wind up in financial trouble after the first of the year," she explains. Families can keep holiday spending under control by making a budget and setting spending limits before they get involved in shopping, says Granovsky.

Cod liver oil was valued for its health benefits as early as 1635 in New England.

Stop Buying From Iran, Hance Urges

U.S. Rep. Kent Hance, D-Texas, has called on President Reagan to order immediately a stop to all purchases from the government of Iran.

"It is obvious from the evidence we have collected," Hance said, "that terrorists loyal to the Ayatollah Khomeini's government are behind the massacre of American troops in Lebanon."

"In addition to a very small portion of our oil needs, the U.S. buys millions of dollars worth of other products from the Ayatollah. I believe Americans would be willing to do without the yarns, hides, carpets, art-

work and fish they buy from Iran if they knew that this money supports terrorists intent on killing Americans."

The words to the U.S. Presidential song "Hail to the Chief," are from Sir Walter Scott's *The Lady of the Lake*.

According to Texas A&M University Agricultural Extension Service home economists, the answer to these and other questions about the wholesomeness and safety of meat can be provided by calling the Meat and Poultry Hotline. The hotline is a service provided by the USDA's Food Safety Inspection Service. The number is (202-472-4485), not toll free. But long-distance callers can leave their names and number and the government representatives will call back.

WILSON NEWS

BY MARGARET CRISPIN

Mrs. Donna Woosley, fourth grade teacher, has resigned her position and will be leaving after Thanksgiving.

Folks who need to go shopping should remember that several groups of local youngsters are selling products for money-making projects. WHS band members are selling pizza kits, FFA members are selling apples, oranges, grapefruit, peanuts, sausage patties and link sausage. If you want to order these items contact the students for more details.

Quiz Team Places First
Three teams from the Wilson FFA Chapter competed in District competition Monday at Seminole. The freshman quiz team made up of Jayson Bartley, Justin Bednarz, Michael Gatzki and Chris Burch, won first place in

their meet. Mark Burch won second place in Extemporaneous Speaking. The radio team, which included Gary Autry, David Ehlers, Brian Bednarz and alternate Fabian Rios, placed fourth.

The quiz team and Mark Burch will leave Friday for Big Spring where they will compete in Area competition Saturday accompanied by FFA sponsor, James Thiebaud.

Booster Club News
Kelly Livingston, Mustang Booster Club president, announced that the club is making plans to meet after high school home basketball games.

Approximately 200 people attended the pie supper held Tuesday night after the Wilson-Tahoka scrimmage games. Coaches and athletes were introduced.

Wedding Shower
Mrs. Ricky Rice, formerly B.J. Sewell, will be honored with a bridal shower Sunday afternoon from 3 to 4 p.m. at St. Paul's Lutheran Parrish Hall. Friends are invited to attend. Gift selections are at Hemphill-Wells.

Mr. and Mrs. Rice were married Oct. 29.

Junior High Party
The home of Miss Pam Bishop was the site of a party Saturday evening for junior high football team, pep squad and cheerleaders. Forty-two guests were present for a sandwich supper and games.

Mrs. Garland Brown was injured in a fall two weeks ago and was hospitalized. Mrs. Brown suffered two fractures and has, in fact, been hospitalized for more than a week.

Cindy Wuensche and William Thornton were married at 5 p.m. Saturday in St. Paul's Lutheran Church. They will make their home in Whitesboro after a Caribbean cruise honeymoon.

4-H FOOD WINNERS QUALIFY FOR DISTRICT--Lynn County youth participants in the 4-H food show Saturday were: (top row) senior division, Patricia Davis, main dish; and Luke Dunlap, (not pictured) nutritious snacks and desserts. Junior division winners- Robin Moore, breads; Cody Smith, snacks and desserts; (bottom row) Kris Belew, main dish; Brandi Barton, honorary contestant, snacks and dessert; Lasse Monk, fruit and vegetables; Petra Vasquez, fruits and vegetables and Efonso Rodriguez, breads.

When the first escalator was installed in a London department store, brandy was served to passengers who felt faint.

The first permanent settler of Iceland was believed to be Ingolfur Arnason of Norway, who arrived with his family around the year 870.

The amazing electric heat pump.

Most heating units are inefficient because they have to create heat. There's one that doesn't... the electric heat pump, one of the most efficient ways to heat and cool your home. In the winter it gathers heat from outdoors to warm your home... and in the summer it reverses itself to become an air conditioner.

Helping you use electricity more efficiently is another way we're working to justify your trust. For more information, contact your Southwestern Public Service Company manager.

Better Business Bureau

The South Plains Better Business Bureau and the Lubbock Office of the Texas Securities Commission released their Investor Alert for November which focuses on questionable and fraudulent tax shelters.

Local enforcement officer of the Securities Commission, Kenneth Hooper, stated that, "The last quarter of the year is the time people are searching for tax shelters. Our office is getting complaints about tax write-off plans that promise four to eight times one's investment in tax savings in the first year. Some of these are outright frauds which will be disallowed as tax deductions if the investors are audited by the Internal Revenue Service. If investors choose tax shelters that are disallowed, it will cost them four ways: They can (1) lose expected tax deductions, (2) have to pay IRS interest and penalties, (3) lose their cash investment, and (4) be liable to make payments on loans that were part of the scheme.

Typically promoters of fraudulent tax shelters advertise in local and national newspapers or send ads through the mail. They may hold seminars or use high pressure telephone sales techniques that stress the great tax advantages of their plans. Hardly ever mentioned is the likelihood of making any money from the investment itself."

BBB President Alan Bligh said "We would strongly caution anyone trying to save on taxes through investments in tax shelters to look first at the underlying economics of the offer. If it does not seem likely that one could make money--regardless of the tax write-off possibilities--this should be a warning sign to avoid the deal. If the underlying economics of the deal are unsound, the investor cannot profit solely from tax losses; you cannot make money by losing money."

The November Alert details the problems attendant to investing in these questionable ventures and sets out questions potential investors should ask before signing up in tax shelter programs.

The Better Business Bureau of the South Plains has received calls from all over the South Plains area regarding a company called TRADE-TECH out of San Diego, Calif. going door to door selling magazine subscriptions.

Representatives of TRADE-TECH are presently in the Lubbock area selling their magazine subscriptions and based on Bureau files, BBB/South Plains advises caution in dealing with this company. Company representatives are requesting checks to be made out to "Cash" so if you were to have a complaint, you would not have proof that you gave the check to the company.

If you are approached by a representative of TRADE-TECH or any other company, ask to see their license to peddle.

CHRISTMAS BAZAAR SET IN LUBBOCK
Creative Dimensions presents a very special Christmas bazaar, Thursday, Nov. 17, from 6 to 9 and Friday, Nov. 18, from 10 a.m. to 6 p.m. at the Racquet Club, 9000 Memphis Drive, Lubbock.

Many believe that the best teas grow at high altitudes, sometimes at over 6,000 feet.

Day Care Plan Here Explained

Working parents in this county may qualify for help in paying the day care expenses for their children, according to Phyllis DiGennaro, Day Care Coordinator for the South Plains Community Action Assn.

As an example, she said a family of three earning \$200 a week gross would pay about \$20 a week for child care for two children. Rates for all sized families are available.

Anyone interested is invited to call the Community Action Center, 998-5094.

Area Gridders Pile Up Stats

Three Lynn County football players were listed in various categories of individual accomplishment in the Lubbock-Avalanche Journal's compilation of statistics for the regular season just ended.

Steve Pierce of Tahoka, a senior running back, was sixth among all area rushers in Class AAA with 1204 yards in 268 carries, an average of 4.5 per carry during the season. He also rated seventh in scoring, with 10 touchdowns and 2 extra points for a total of 62.

O'Donnell quarterback Jay Edwards placed ninth among all South Plains Class AA passers, with 37 completions in 91 attempts for 501 yards and three touchdowns. He had one four interception.

Wilson quarterback Keith Spears was fourth among all the Class A passers, completing 58 of 107 attempts for 909 yards and seven touchdowns. He had 16 interceptions.

★ CARD OF THANKS ★

Thank you seems such small words to try to express what is in our hearts to each of you who helped make our Golden wedding anniversary so perfect.

To each one who attended the reception, for the lovely cards and gifts, the telephone calls and all who extended good wishes for 50 more, we are truly grateful. Most of all we value and are truly grateful and thankful for your wonderful friendship through the years.

We want to thank our children for their hard work and love that made this all possible. The reception and the trip will be long remembered.

We love each one of you. God bless you one and all. Gus and Mary V. Sherrell 46-1tp

I would like to thank the ambulance driver and girl attendants last Friday night who came to pick up my husband. They were very kind to us. Also thanks to Robbie Roberson who escorted us to the Lynn County Hospital. A special thanks to Dr. Banerjee for being there and ready to help. Tiny Lee McNeely 46-1tc

I would like to thank each and every one that helped in any way while I was in the hospital and after I came home. A special thanks to the ones that took care of my husband, who is ill. Buck & Estelle Cook 46-1tc
