### Farm Bureau Presents Ideas On Democratic Agriculture Plank

Los Angeles, July 5 — J. H. West, president of the Texas Farm Bureau, today presented recommendations of the American Farm Bureau Federation to the Democratic Platform Committee.

He was accompanied by three other state Farm Bureau presidents from different sections of the nation. The recommendations presented were developed by Farm Bureau members in 49 states in their policy development process.

The Texas agricultural leader stressed Farm Bureau's platform for a "competitive enterprise system in which all property is privately owned, privately managed, and operated for profit and individual satisfaction, and in which supply and demand are the ultimate determinants of market price.

#### Proposals In Brief

Briefly here are some of the Farm Bureau's policies on national farm programs:

(1) Farm production cannot be balanced with effective demand by legislation as long as increased production is being encouraged by government guarantees. Price-fixing programs of the past have failed to control production and have failed to protect farmers against reduced incomes.

(2) We should move in the direction of eliminating government regulation of the right to produce agricultural commodities. Our experience in this regard clearly indicates that political determination of the right to produce is the road to low—not high—per family farm income.

(3) Our farm plant is over expanded in relation to current markets—including the extraordinary "markets" made possible by special export aids. Land retirement programs, such as the Conservation Reserve, are not a cure-all. Nevertheless, a sizeable land retirement program is urgently needed as a temporary measure to help farmers make the adjustments that must be made to correct the adverse results of past programs.

(4) Where price support and production adjustment programs are used, they should be designed to facilitate orderly marketing rather than to fix prices. Price support levels should take account of competitive conditions, supply and demand, and market trends.

(5) With less interference from government, the marketing system will be free to operate effectively and efficiently. This will encourage the expansion of market outlets and the production of quality products in line with market demands. Thus, we can better meet competition at home and abroad.

(6) Where special export pricing is necessary to regain or maintain foreign markets, we should return to a one-price system as rapidly as possible.

(7) Individual commodity programs must be in harmony with the interests of agriculture generally; however these programs must also recognize the inherent difference among various farm commodities.

(8) Congress should retain responsibility for determining

major provisions of commodity programs as it is the only body which represents all the people affected by such programs. The assumption that producers of a commodity are the only people interested in programs for that commodity is fallacious.

(9) We strongly oppose the establishment of maximums on price support loans, either in total or as applied to individual farmers. A ceiling on individual loans would not remove the basic causes of high program costs. More significantly it would tend to reduce the size of farm units and thus lower production efficiency.

(10) The compensatory or direct production payment approach is unsound and dangerous to our economic and political system.

Regardless of the form in which it is presented, a direct payment program would be fantastically expensive. It would stimulate production, increase unit costs, depress market prices, and make farmers dependent on Congressional appropriations for their net farm income and a part of their production costs as well.

The payment approach carries a "cheap fix" philosophy; however, in actual practice it would encourage inefficiency and thereby result in high food and fiber costs. Limitations on payments to individuals are inevitable in payment programs. Such limitations would place a ceiling on opportunity in agriculture and level individual farm incomes downward.

## Hat's In Ring

LYNDON JOHNSON

Senator from Texas, Lyndon B. Johnson, formally announced this week that he is a candidate for the Democratic nomination for President, only a few days before the opening of the party's convention in Los Angeles, July 1.

The Senate majority leader already had the Texas delegation pledged to him, and several other state delegations; altogether he has a tidy number of delegates going in, and is judged second only to Senator Kennedy in that respect. Texas folks are hoping.

## Lamb County Queen Contest Set August 19

Lamb County Farm Bureau annual queen contest has been set for August 19 in Littlefield. The contest is open to single girls, ages 16 through 20, whose father or brother is a FB member actively engaged in agricultural production.

Plans for the contest were formed at a meeting of the county organization held at Pleasant Valley.

## Pouncey Attends C of C Institute

Carroll Pouncey, manager of Muleshoe Chamber of Commerce will leave July 9 to attend the Institute for Organization Management of the Chamber of Commerce of the United States at the University of Colorado.

The Institute, to be held at Boulder, Colorado, is one of six such one-week courses presented annually for management executives at various universities over the nation.

Consisting of highly intensified classes in all fields of management problems, the courses are equivalent to training for a master's degree in related subjects.

## 3-Way Revival Meet Underway

A revival meeting began at the Three Way Methodist Church Friday night, and will continue through Sunday, July 17.

Preacher for the revival is the conference evangelist, Rev. Cecil M. Tune, who lives at Lamesa. Night services are at 8 p.m. and morning services also are being held.

Rev. C. E. Smelser, pastor, on behalf of the church, invites everyone to worship with them during this meeting.

## SUNSHINE, BUT SCANTY PREDICTED

### Continued Rain, Cloudy Skies Further Dim Cotton Outlook

By Vern Foltz  
"Think it will rain, Noah?" People on the high plains might feel inclined to answer this question for Noah. Many stations are reporting rainfall in excess of 4 inches since July 3.

Here in the U-Bar City of Muleshoe the official measurement through July 6 rounds out at a splashing 1.55. Up until 7:30 p.m. Wednesday 89 had fallen. By sunrise Thursday another .66 was captured in the rain gauge.

It is easier to believe now that Muleshoe may cross the 3-inch rainfall mark in July. The roughest and most concentrated rainfall is still anticipated over the weekend of July 16 and 17.

The end of our monsoon is in sight. Good rains are still in store up to about July 23. After this date a significant shift in the Bermuda high will place it further north to about the Carolinas and Tennessee.

In conjunction with the high pressure shift in the North Atlantic, a similar shift will occur in the North Pacific. This July is off to a wet start.

will place the North Pacific high pressure area off the northern coast of California.

What does all this have to do with Muleshoe?

First it will shift our winds from the present south and southeasterly direction to southwest and northwest. These are our drying winds.

Secondly, with the drying skies of late July the burning sunshine will return. Hot days will greet the lawn-watering festivities practiced so frequently by the people of our city who maintain prize lawns.

The 1960 precipitation in Muleshoe kicked off in the above-normal category with a wet 1.90 in January and February. March, April and May each fell into the below normal bracket. Their combined rainfall being 1.71.

June approached the 4-inch mark to climb back into the normal class with a 3.94 measurement. This was 1.31 above our 38-year average of 2.53. It also brought Muleshoe up 43.75 for the year . . . still 43 behind the average 7.98 through June 30.

## HE'LL HELP JOHNSON

### Mahon Reviews Work Finished By Congress As Body Recesses

WASHINGTON, D. C. — A busy Congress, heading for a recess early this week until after the national conventions of the two major political parties cleared several important measures and sent them to the White House for the signature of President Eisenhower.

One of the most important and far-reaching of these bills was the \$40 billion Defense measure, handled in the House by George Mahon of the 19th Congressional District of Texas. Speaking of the Defense bill, Mahon said:

"I think we produced a good bill. We kept politics out of the bill, as attested to by the fact that all Republicans on the Appropriation Committee except one supported it.

"We exceeded the budget in order to make up for certain deficiencies in the defense program. Many significant changes were made in the President's program in order to add needed strength to the defense effort. Congress took the position that this was no time to let down our guard."

Just prior to the recess, after heated debate, a wheat and feed grain farm bill was voted down in the House by a vote of 171 to 236. According to Mahon, the defeat of this measure means that no major farm legislation will be enacted at this session. Mahon said that the atmosphere was unfavorable and the conflicts were so great between Congress and Secretary Benson and among the farm organizations that it would be much better to consider the farm problem under the changed atmosphere of the new Administration, Democratic or Republican, which will take over next January, following the November elections.

**Bracero Law Extended**  
The House passed a bill extending the Bracero farm labor bill for two years. Favorable Senate action is expected in August.

Final action on most of the appropriation bills for the session was taken prior to the recess. Indications are that appropriations in the overall will approximate the amount of money requested by the

President in his January budget, but major readjustments, both up and down, were made. The Defense addition accounting for the major increase.

Indications are that the granting of obligational authority other than appropriations by Congress will be decided over the President's Budget.

Final decisions as to what will be done on such major issues as federal aid to education, minimum wages, and social security will be made when Congress resumes. On these programs, as well as a number of others, either the House or Senate or both have taken preliminary action.

Mahon predicts that the Congress will be in session "from four to six weeks" when it reconvenes after the political conventions. The House is due to return to action August 15th, while the Senate has voted to convene a week earlier, on August 8th.

"I am hopeful," Mahon said, "that members of both political parties will refrain from turning the remainder of the session into a partisan show. The times demand serious, responsible attention to the legislation that will come before us."

Most members of Congress were disappointed that final adjournment was not achieved prior to the conventions, but sustained controversy over many key bills slowed action and prevented the windup of legislative business.

Mahon will attend the Democratic National in Los Angeles, beginning July 11th, and, as a delegate will join all other Texas delegates in working for the nomination of Senator Lyndon B. Johnson for President.

## COMMITTEES NAMED FOR ROTARY CLUB

Alex Williams, new president of Muleshoe Rotary Club, named his committees for the new year at the club's regular meeting Tuesday.

Assignment sheets, with suggested programs of work also were passed along the committee chairmen.

## BY MORE THAN TWO TO ONE

### NEW CHARTER VOTED

By a majority of more than two to one, the people of Muleshoe voted Tuesday to adopt a new charter of city government, known as the Home Rule Charter. The vote totals were: For 227, against 104.

The election had been called by the city council after the proposed charter was presented by a commission of local citizens, who had been studying the provisions of the new instrument for some time.

#### To Ask For Charter

The City Council will now petition the Texas Secretary of State at Austin for a charter. After it is granted, the council will order elections as required by the charter.

Providing for an interim city government, the charter specifies that present city officials shall continue in the office to which elected, to serve until an election is held. This will be at the regular time for a city election, early in April of 1961.

To qualify as mayor or a member of the Council, a person must be a resident citizen of Muleshoe, shall be an owner of real property therein; shall have resided in the city for not less than two years preceding his election; and at regularly scheduled meetings of the Council is obligatory; for if any member is absent for three such consecutive meetings without valid excuse, a vacancy shall be declared.

#### Terms of Office

The mayor and councilmen will serve for three year terms, so staggered as to leave experienced persons on the council a tall time. Therefore, at the first election the mayor will be elected for three years; two members of the council for one year and two for two years. In elections thereafter members will be elected for three years.

Council candidates will offer for Place No. 1, Place No. 2, Place No. 3, and Place No. 4. Candidates elected at the first election to Place No. 1 and Place No. 2 will serve one year terms; those elected to Place No. 3 and Place No. 4 will serve for two years.

#### It's A No Pay Job

The mayor and City Council shall serve without compensation. When a vacancy occurs on the Council, the remaining members shall appoint a qualified person to fill it; however, this method of filling a vacancy on the Council is limited to one such appointee; should another vacancy occur within 12 months, a special election must be called.

#### City Manager Functions

Muleshoe City Council will be authorized to employ a city manager. He may be employed at no fixed term, but may be removed from office by the Council. In general he will be empowered to employ and discharge personnel; prepare a recommended city budget for Council approval; prepare and submit a complete report on financial and administrative activities at the end of the fiscal year; and perform such other duties as prescribed in the charter.

There are many other provisions of this newly adopted charter of city government, all making interesting reading to the person who is interested in his town and community. Copies may be had at no cost at the city hall.

## Thomson Forms Seed, Grain Firm

Bill Thomson, for many years the seed department sales manager for King Bros. Grain & Seed Co. here, has started his own business under the firm name of Panhandle Seed & Grain Center. He has established an office in the Elliott building across the street from Muleshoe State Bank.

His firm will act as brokers for seed and grain, supplying seeds grown in the Texas-New Mexico area, as well as Colorado sudans and canes, California and Arizona Seeds, Oregon ryegrass, and Idaho Austrian Winter Peas.

The firm will be distributors also for Hy-Su, the hybrid sudan grass. Mr. Thomson invites his friends to visit him in his new office.

#### —BULLETIN—

At 1 P.M. Thursday, July rainfall had amounted to 2.36 inches, as measured by our official observer.

thing like Peony Falls. This would stir forth the thunder, Editor Jess Mitchell, and the Muleshoe Journal would be a lively sheet for several weeks.

It is changed now. People fly their light airplanes from its airport. It has no more 9-6 basketball games; its teams can score 100 like anybody else. A year or so ago, we picked its high school favorites for the annual, handsome boys and pretty girls very fanlike the Streets-of-Laredo types of our own day.

Still, it was a nice town back there when you could see through it in all directions.

## Muleshoe Little League All-Stars Named: Sox Winners Both Halves

Little League All-Stars have been selected and will soon enter the area playoffs. The regular season here will end tomorrow, Friday, July 8, with the Jaycees Sox winning both halves of the playing season.

The Sox got the lion's (no pun) share of the all-star posts placing six boys. They shared honors with the Rotary Cardinals who placed five boys on the dream team. The American Legion Cubs had two, and the Lions Club Lions, only one player.

Muleshoe's all stars will be managed this year by Herb Griffiths and Dr. George Chambers. Griffiths was Cardinals' manager. Chambers managed the Lions.

First-off the local all-stars drew a bye. Now they will play the winner of the Little League vs. Morton all-stars game at Levelland on July 22 in an afternoon game.

Here is a list of the all-stars by clubs:  
Cardinals, Mike Bryant, L. T. Green Jr., Michael Bell, Andrew Stovall, and Samuel Johnson.

Sox: Joe Jennings, Joe Putman, Larry Gregory, Andy Douglas, Joe Adams, Ransom Jones.

Cubs: Kelly Kenny, Pat Jacobs.

Lions: Ronald Swint. Alternates selected are: Ralph Lott of the Cubs, and Mark Gerard, Lions.

District play-offs will be at Plainview, state play-offs at Wichita Falls. Winners at Wichita Falls go to Louisville, Ky., and the winner there will go to Washington, D. C. for the national finals.

## County Level Of Consuming Is Very High

Special to the Journal)—NEW YORK — Consumer spending in Bailey County, for goods and services, has grown considerably in recent years.

According to the national surveys of retail trade and of service businesses, released recently by the U. S. Department of Commerce, and reports from other agencies, the combined spending locally jumped 17.8 percent in the period between 1954 and 1958.

The personal consumption expenditures locally ran the full gamut of the people's needs and wants. They covered food, furniture, clothes, cars, beauty care, health costs, cameras, baby sitters, and all the other essentials and non-essentials of modern living.

As in most parts of the country, the local consumer has shown clearly that he is the principal economic force and that his decision as to when to spend and what to buy is the determining factor setting the course of business.

This is evidenced by the fact that the nation's consuming public spends three times as much in a year for goods and services as the combined spending of all Federal, state and local governments.

An up-to-date rainfall chart for Muleshoe is on page 4, section 2 of today's Journal. This new chart is sponsored by five progressive Muleshoe businesses. We are grateful for their cooperation.

You will notice from the chart that Muleshoe's year of greatest rainfall was 1941 with a whopping 43.52. This compares with the all-time low of 8.91 received in 1956. The largest amount ever received in a single month was 11.86 in May of 1941.

For those who are figuring their bid for the first freeze in Muleshoe this fall, the entry blank is on page five, section two. The contest for the \$25 Savings bond is still wide open as it shall be until September 28.

Here's what we might expect for the coming week:

## Scoop Sez . . .

By J. M. Forbes

Several local persons have brought in a copy of "Big D", a column in The Dallas News, conducted and directed by Paul Crume, a former Farwell and vicinity boy who now tickles a potent typewriter in the big town. First to bring a copy of the issue in which Paul extolled at length about Muleshoe and environs was Dr. Birdsong, whose brother, a Journal subscriber in Fort Worth, clipped and mailed it to the good doctor. We remember that Mrs. John Smith is another who furnished us with a copy. The article explains itself as it goes along, so we'll see right now what Crume said:

#### BIG "D"

Somebody has mailed in a postcard advertising Muleshoe, Texas, with the note, "Nice, too. You should go there some time." This is a strange thing to say. Heck, we're the guy who wrote Muleshoe, Texas.

Muleshoe is on the outer reaches of Lariat. As a matter of fact, Lariat has to reach pretty far out there. Nowadays, they say, Muleshoe has thousands of people — well, one or two thousand anyhow. The Muleshoe that we knew, the real Muleshoe, had a population of 326 if you included the one who pitched for Galveston in the Texas League during the summer months.

Muleshoe was a noteworthy town even then however. For one thing, the country around there wasn't table-flat as it was over most of the plains. Muleshoe lay in the sandhill bet, and it was in the midst of high hills. Some were at least eight feet high.

It also acquired a swimming pool about 25x75 feet early in its existence, and people used to come from miles around to watch the water.

As a boy, we knew Muleshoe mostly as an athletic rival. Muleshoe was late getting started among plains towns and for years when a high school team had got itself thoroughly whipped at football or basketball by Hereford or Plainview, it would quickly schedule Muleshoe and get revenge.

Particularly do we remember one football game after we had got whipped again by Hereford. We ran in a couple of old town boys about 25 years old and beat Muleshoe 49-0. They screamed to high heaven about those two ringers. Actually, they would have done the same thing, given the chance, but Muleshoe didn't have any big old town boys to run in as ringers. It had already enrolled all of them again in high school so they could have a team.

We remember also that Muleshoe in those years had a high school gym with a ceiling four feet higher than the tops of the backboards. One year we played them when both teams were reasonably tall, and it is still the only basketball game we ever heard of that ended 9-6.

If this sounds unjust to Muleshoe, it's what happens when a town runs into a human being that was founded before it was.

In those years, nothing much ever happened in Muleshoe except that the train came in at 5 o'clock and the woman's club occasionally would start a movement to change the name of Muleshoe to some-

## Nowlin-Collins Vows Read In Double Ring Ceremony June 29

MR. AND MRS. JAMES COLLINS

Miss Jimmie Darrene Nowlin and James Melvin Collins were married Wednesday, June 29 at 6:30 p.m. in the Primitive Baptist Church.

Elder W. R. Dale of Lubbock read the doubling ceremony. The couple stood before an arch way decorated with greenery and wedding bells and white gladiolas. Charles Richards and Shirley Venable provided music.

Carolyn Nowlin, sister of the bride, was maid of honor. Wayne Collins, brother of the groom, was best man.

The bride chose a floor length dress of white lace over taffeta. The long lace sleeves were accented with tiny buttons and came to a point at the hand. The neckline was scattered with tiny sequins and pearls. A long veil shimmered with lace held by a jeweled crown.

The mother of the bride wore a beige over brown dress and brown accessories and white corsage. The mother of the groom completed her beige lace over pink dress with beige accessories and white corsage. Ted Collins and Danny Lill-

ley were ushers.

A reception followed at the home of the bride's parents. The table was set with a white lace over blue cloth. The wedding cake was trimmed in blue and blue punch completed the color scheme. White gladiolas centered the table. Serving were Joe Ann Williams of Levelland, Virginia Hickman and Caron Stevens.

For her traveling ensemble the bride chose a pink embroidered dress with beige accessories. The couple will make their new home in Dimmitt.

The bride is the daughter of Mr. and Mrs. Morris Nowlin. The groom is the son of Mr. and Mrs. Joe Collins.

## Marriage Licenses

Robert Edwin Parker and Edwin Roberta Morris. Charles Henry Holdeman and Bernice Allene Hendricks. James Melvin Collins and Jimmie Darrene Nowlin. Norma Dean Hennington and Billy Lee Bruce.

## Lillian Long And Carl Miller Are Wed In Three Way Methodist Church

MR. AND MRS. CARL MILLER

An altar decorated with tapered wedding bells and an arch cascade of white carnations was the setting for the recent marriage of Lillian Lorena Long to Carl Ray Miller.

The Rev. Hugh F. Blaylock read the double-wedding ring service in the Three Way Methodist Church.

Parents of the bride are Mr. and Mrs. Garvin Long of Maple, Mr. and Mrs. Earl Miller of 2907 5th Ave. in Canyon are parents of the bridegroom. Attendants for the informal service were James Long, brother of the bride, best man; maid of honor was the bride's college roommate, Miss Gail Sargent of Stinnett, Texas.

Deborah Kay Miller, sister of the groom, and Deborah Kay Adams, cousin of the bride, served as flower girls. Lynn Watson, nephew of the groom, carried the wedding bands on an organdy heart shaped pillow.

Mrs. John Gunter played the wedding marches and accompanied Miss Jane Garvin as she sang, "Whither Thou Goest." The bride was escorted and given at the altar by her father. She was attired in a dress of white pleated cotton, featuring a square neckline and accented by a bustline organdy jacket with puffed sleeves to the elbow. The wedding veil was made of organdy and edged in petite lace to match the jacket, and was attached to an oval headband that had been outlined with drop pearls.

Atop her white Bible the bride carried a nosegay of baby roses. To follow tradition the bride carried a silver dollar seventy years old belonging to her paternal grandmother. A white linen handkerchief edged in hand crochet and made for the bride by her mother was carried as something new. A double strand of pearls was borrowed from Mrs. Bobby Adams, aunt of the bride.

Attendants to the bride were attired in orchid ensembles. The maid of honor wore a sheath dress with the same neckline design as the bride's and her accessories were orchid and white. Identical dresses of orchid were worn by the flower girls. They wore white hair clips accented with small orchid flowers on each end.

The groom's mother selected an orchid dress and her accessories were white with a white carnation corsage. A lilac carnation corsage complimented the beige sheath dress worn by the bride's mother and her accessories were white.

Ushers for the wedding were Marvin Long, brother of the bride, and James Miller, brother of the groom. Presiding at the wedding registration table were Delores and Sharon Miller, sisters of the groom. Out-of-town guests registering were Bill Watson and family of San Angelo, Ruth Ray of Amarillo, Garland Fort of Midland, Mrs. Zemy Booer and Drilma of Bovina and Mrs. C. A. Welch of Mesa, Ariz.

The reception was held in the Fellowship Hall with orchid cloth overlaid with lace. A table centerpiece of carnations and candles formed an altar with a crochet bridal set arranged as in the ceremony. Orchid punch was served with the four-tiered wedding cake and white mints.

Serving were Misses Linda Welch of Maple; Bennie Bateas of Goodland, Karen Engstrom of Sudan, and Mary Elmore of Allison. The couple returned to Amarillo and have established their new home at 832 South Carolina Street. The groom is employed at the Milligan Construction Company and has completed three years with the Army and attended schools in Canyon and Hereford.

The bride was the 1959 valedictory graduate of Three Way School and has completed one year at West Texas State College with a major in journalism.

## Young-Rodgers To Engage August 6 At Buffet Supper

Mr. W. R. Young, of Rt. 5 in Muleshoe, announces the engagement of his daughter, Sue a Richard Rodgers, of Lubbock. Mr. Rodgers is the son of Mr. and Mrs. R. N. Rodgers also of Lubbock.

The wedding will be August 5. The bride-elect attended Muleshoe High School and is a graduate of Texas Tech and is presently teaching in the third grade at Wolfroth.

The groom attended Oklahoma City High School and is a graduate of Oklahoma University. He is presently employed with Dr. John Stoy in Methodist Hospital in Lubbock.

## Gay Douglas To Wed August 21

GAY DOUGLAS

Mr. and Mrs. Ralph W. Douglas of Muleshoe announce the engagement and approaching marriage of their daughter, Lorna Gay, to Charles Wyatt Kersh, son of Mr. and Mrs. Charles S. Kersh of Brownfield.

Wedding vows will be exchanged in First Methodist Church, Muleshoe, August 21, at 4:00 p. m. All friends of the couple are invited.

Miss Douglas will receive a Bachelor of Arts degree from West Texas State College August 19 and will teach in Brownfield schools during the coming year.

Kersh is associated with his father in the implement business in Brownfield. He is a graduate of Brownfield High School and has attended Texas Tech and West Texas State College.

Jamie Ruth, daughter of Mr. and Mrs. James McCarty of Lubbock and Gary and LaLauri, children of Mrs. Jim Gariotti of Big Spring and the late Capt. Weldon McCarty have been visiting their grandparents in Muleshoe. Mr. and Mrs. Delma McCarty.

The theme, "A little bird told me", was used at a family buffet supper announcing the engagement and approaching marriage of Nan Allison and Charles "Buddy" Pool. They will be married August 28, 1960, at 4 p.m. at the First Methodist Church with the Rev. M. Horace Brooks officiating. Nan is the daughter of Mr. and Mrs. Oscar Allison of the Pleasant Valley Community and Buddy is the son of Mr. and Mrs. Lee Pool of Muleshoe.

The supper was given in the Harold Allison home by the aunts and uncles of the bride. They are Mr. and Mrs. Harold Allison, Mr. and Mrs. Gerald Allison, and Dr. and Mrs.

Kenneth Osborn of Lovington, N.M.

The serving table was covered with a net tablecloth decorated with a gold five point candelabra with pink candles. American Beauty roses, entwined with ivy and pink and white satin birds. The plate favors were small birds giving the date of the wedding.

Those present were Mr. and Mrs. Oscar Allison, Mr. and Mrs. Lee Pool, Mrs. Sam McKinstry, Mrs. Mart Pool of Plainview, Mr. and Mrs. Myron Pool, Jr., Mr. and Mrs. Gene Tunnell, Mr. and Mrs. Joe Millsap, Jr., Mr. and Mrs. Carroll Allison and Carole of Downey, Calif., Winston Allison, Sylvia and Cynthia Pool and the host couples.

**CHILD'S GARDEN** — A few flowers from a child's garden have been captured and embroidered on this dress by Cinderella Frocks. A breath of lace accents the green or tan color.

### Whalin-Jesko To Say Vows July 14

GLADY WHALIN

Mr. and Mrs. C. W. Whalin of Muleshoe announce the engagement and approaching marriage of their daughter, Gladys Marie Whalin to Rudolf William Jesko, son of Mr. and Mrs. Matt Jesko of Hereford.

Wedding vows will be exchanged July 14 at 6:30 p.m. in the Immaculate Conception Church in Muleshoe. All relatives and friends of the couple are invited to attend.

### Bridal Shower For Mrs. Bruce

Mrs. Norma Hennington Bruce was honored with a bridal shower in the home of Mrs. S. E. Goucher Tuesday, July 5.

Hostesses were Meses. J. E. Embry, R. E. Smith, W. D. De-ment, C. H. Gillis, O. M. Jen-nings, Clarence Johnson, John Thomson, Arnold Morris, M. L. Oswald, Orby Jarmon, Lee Anderson and S. E. Goucher.

Refreshments of assorted cookies and punch were served to about 30 friends.

### District Meeting Of ESA Sorority

The Epsilon Chi Chapter of the Epsilon Sigma Alpha Sorority will be hostess to a district 9 meeting at the Country Club in Muleshoe Sunday, July 10 at 2 p.m.

District 9 includes chapters in Brownfield, Denver City, Lubbock, Muleshoe, Plains, Seagraves, Seminole, and Sudan.

Mrs. Emmalou Brink, state president of the sorority, will be present.

### Miss Hennington Weds Billy Bruce

Norma Hennington, daughter of Mr. and Mrs. Lance Hennington, became the bride of Billy Bruce, son of Mr. and Mrs. O. O. Bruce Friday, July 1.

The ceremony was held in the parsonage of the First Baptist Church with Rev. E. K. Shepherd officiating.

Matron of honor was Linda Gillis and best man was Louie Keith.

The couple left Tuesday for Pueblo, Colo., where the groom will attend college.

### Dolores Wagnon, James Williams Wed June 27th

Mr. and Mrs. Vance Wagnon announce the marriage of their daughter, Dolores, to James D. Williams, son of Mr. and Mrs. Rex Williams.

The vows were exchanged in the Chapel of the First Methodist Church of Clovis, N. M., on June 27, at 2:30 p.m.

Those attending the couple were Candie Chappell and Eugene Howard. Dolores is a senior of 1960 and is presently attending Draughon's Business College in Lubbock. The groom is a graduate of 1958 and attended Texas Tech for two years. He is now employed by the Western "66" Company.

### Rebekahs Will Install Officers

Muleshoe Rebekah Lodge met in regular session Tuesday, July 5 with Grace Morgan presiding. Seven members and one visitor, Mr. A. T. Dotson of El Paso Rebekah Lodge No. 191 were present.

Final plans were made for the joint public installation with the Odd Fellow Lodge No. 58 in Muleshoe Thursday, July 7 at 8:30 p.m. The district deputy grand master, Mode Gibson of Muleshoe, and district deputy president, Kathryn LeWallen of Morton and their teams will install the new officers.

### Urges Care In Tax Reporting

Failure to type or print your information on that Federal income tax return for 1959 could cost you a lot of money.

This word came today from Howard O. Nichols, in Internal Revenue Service, Lubbock.

"Right here in this area hundreds of taxpayers had to be located last year so Uncle Sam could pay them refunds amounting to several thousand dollars. This business happens every year," Mr. Nichols says, "because people either don't write legibly, or they move to new addresses and neglect to leave forwarding addresses with their postmasters."

Mr. Nichols said that Revenue is using more electronic devices than ever this year to speed work, but hurriedly scrawled numbers such as 1 and 7 and carelessly closed loops in letters e, l and f, often short circuit the entire IRS production line.

"So type or print your return and notify your postmaster of your new address if you should move. These simple precautions will save everybody lots of time and money," Mr. Nichols said.

**4-H CLOTHING PROGRAM**

**740,000 GIRLS**

Twenty years of growth is the record claimed for the national 4-H clothing award program which today involves nearly three-quarters of a million girls between 10 and 21 years of age.

This report comes from the National 4-H Service Committee which developed the program over two decades ago in cooperation with the Extension Service. It has been supported ever since by Coats & Clark Inc. of New York.

Right now across the nation young seamstresses are putting the finishing touches on skirts, dresses and coats. The garments were carefully cut, stitched and sewn under the knowing eye of their local 4-H Club leader.

Many hopeful models also are rehearsing for a fashion show and exhibit of their handiwork in competition with other club members for county, state and national 4-H clothing awards provided by Coats & Clark.

An even dozen college scholarships worth \$400 each are awaiting the 12 top 4-H'ers to be selected from 50 state winners next fall. The state champion will be delegate to the National 4-H Club Congress in Chicago with all expenses paid.

For more information about joining a 4-H Club contact the county Extension agent.

## Savings Bond Interest Taxable

Interest on U. S. Savings Bonds must be considered taxable income," Howard O. Nichols of Internal Revenue Service, Lubbock, advised taxpayers today.

"If you are on the cash basis, you have an option as to when you may report the interest on your income tax interest yearly. If you do it this way, the amount of interest each year is given in the table on this bond."

"The taxpayer may wait until the bonds are matured or cashed before reporting the interest earned. In this case, the interest must be included as income for that year. Also, once the taxpayer begins to report interest yearly, he must continue with this plan, unless he is given permission to change to another method."

"Accrual method taxpayers must report interest on U. S. Savings Bonds each year as the interest accrues. They are not permitted to defer the reporting of interest until the bonds are cashed or matured," Mr. Nichols concluded.

## NOW! A low-cost way to control Johnson grass in West Texas

**It's DOWN!**—the economical grass killer. Instead of chopping or cultivating all season, just apply Downon to your fields—in the spring before planting, or in the fall, after harvest—and you'll be rid of tough problem grasses. That's because Downon, sprayed on the leaves, kills the whole grass plant, from the tops to the deepest roots—at a rock-bottom cost per acre. Also use selectively in some crops.

**WINDOW DRESSING**—For informal window dressing, cafe curtains remain the favorite of the homemaker. They're easy to wash and iron, and can be opened to let in light or closed for privacy. Here, scalloped cafe curtains in a bright cotton print are used to make two widely spaced single windows look like a generous picture window. Made in three sections, the center panels cover wall space between the windows. Outer panels may be opened to provide sunshine.

### Texas Press Association

AUSTIN, Tex. When the various states go to battle to capture new industries, other states go in with cannon-sized budgets. But not Texas.

Texas is, by comparison, fighting with a rubber band and spit balls. At least that's the view of the man who heads the Texas effort, Walter E. Dickerson.

Dickerson, as executive director of the Texas Industrial Commission, directs himself. He has no staff and no secretary. Legislature allotted him \$23,750 a year to do a job for which the neighboring "poor" state of Arkansas spends more than a half-million a year.

Dickerson uses his slim funds for a brochure on Texas and, since out-of-state travel is impossible, long-distance telephoning. He's also seeking additional funds from Texas firms to carry on the work.

Next winter he'll be before the Legislature to ask for more money to give Texas an even break in the intensely competitive industry-seeking field.

Dickerson's pleas come against a background of warnings that Texas manufacturing has not been growing fast enough to offset the decline of oil and agriculture. Some areas such as the Gulf Coast, are becoming highly industrialized, but Texas needs more industry all over, say the economists, if it is to avoid a stall.

More manufacture of products for the Texas consumer market is especially recommended. Dickerson has data showing that Texans send \$2,500,000,000 of their money out of state to buy manufactured products.

Dickerson also supports his urging for a beefed-up Industrial Commission with figures showing that new industry is literally "money in the bank" for a town and state.

For each industry with 100 employees—not a particularly big one—bank deposits jump \$270,000 and retail sales \$360,000 per year.

**Business Totals Tumble**—Texas' most recent business activity reports are not entirely rosy, either.

Retail trade for May was down 2 per cent from April and 4 per cent from a year ago, according to the University Bureau of Business Research.

Building construction was also in a downward spiral, 3 per cent from April and 11 per cent from last year. Building decline between April and May was due to a sharp drop in home building. Non-residential construction was up 3 per cent.

Slow down in retail buying was unexpected, inasmuch as employment, income and savings are at an all-time high. An increase in home building is hoped for as a result of eased FHA down payment requirements. More home buying would, in turn, stimulate more retail buying, particularly furniture, appliances and hardware.

**Gas Tax Loses Round**—Texas' new natural gas severance beneficiary tax flunked its first court test when an Austin district judge ruled it unconstitutional.

Judge Jack Roberts held the tax violated the U. S. Constitution's prohibition against levying a tax on interstate commerce. Severance beneficiary tax is aimed at the natural gas pipelines companies who, the tax's supporters contend, benefit from taking the gas from Texas soil and should pay a tax for these benefits. Most pipelines operate on a national scale. Producers, the people who actually take the gas from the ground, already pay a tax.

Atty. Gen. Will Willson, representing the state, said he would appeal Roberts' decision, probably to the Third Court of Civil Appeals. Since the case involves a constitutional question, it could be appealed directly to the State Supreme Court.

Either way, it will not finally be decided until it gets to the U. S. Supreme Court, probably not in time for the next Legislature to know whether the state can count on any revenue from that source. Estimated yield is about \$7,500,000 a year.

Gov. Price Daniel said he was "keenly disappointed" in the district court decision, especially in that it saw no difference between the severance beneficiary tax and the old gas gathering tax which lost out in the courts.

Daniel said he was confident this tax eventually would be upheld.

**Stray Livestock Law in Force**—Farmers are warned to pen up their livestock and keep them penned, or be subject to a \$200 fine and impoundment of the animals.

Each day the animals roam at large will be considered a separate offense.

The new law relates to horses, mules, donkeys, cows, bulls, steers, hogs, sheep, and goats loose on state and federal highways. Farm and ranch roads are not included.

An increasing number of deaths and injuries due to auto collisions with stray animals necessitates the law.

Heretofore the motorist was liable.

**School Problem Erupts**—At the instigation of Texas Commissioner of Education, J. W. Edgar, Brownboro school officials, both board and superintendent, are resigning en masse.

Decision was reached after an involved and rather heated hearing in Austin to review school conflicts that had resulted in a killing at a Brownboro school board meeting.

Homer Bass was appealing his dismissal by the Brownboro school board when his contract as superintendent still had two years to go. Board members charged Bass with instructing teachers how to vote in school board elections, handling school funds carelessly and failing to meet state accreditation standards.

Several board members said they felt mass resignation was a good solution that would enable the community to start afresh on a peaceable basis.

**Bigger Budgets asked**—3 state agencies presented their requests for funds for the Sept. 1, 1961-Aug. 31, 1963 period. All want more than they are now spending.

Legislative and governor's office budget staffs are reviewing the requests of State Health Department, State Board of Insurance and Texas Employment Commission.

Health wants an 18 per cent increase to a total of \$17 million for the coming biennium. State Board of Insurance is asking \$5,173,664 for the same period, approximately a 20 per cent increase. TEC estimates its needs at \$28,384,905.

## Lumsden Attending NMU Math Institute

J. O. Lumsden, junior high math teacher, was home for the Fourth of July weekend from the University of New Mexico, where he is attending a math institute.

He said the eight weeks course is the best of its kind he has ever attended, for he is studying things that can be used by him in the school room, things that can be presented to children of the age that he teaches.

Fifty teachers are attending, and they come from 20 states of the Union, five from Texas. All have scholarships which have been presented outstanding instructors. Of the Texas teachers besides Mr. Lumsden, one is from Dallas, one from Alving, one from Midland, and another from Fort Neches.

## Sanders Family To Move To Amarillo

Mr. and Mrs. Homer Sanders Jr. and their son Mike, are moving to Amarillo after residing here since shortly after the close of World War II. He has accepted the position of home improvement and remodeling manager for Foxworth-Galbraith Lumber Co.

Until the business was liquidated a few months ago, Mr. Sanders was with the Willson-Sanders Lumber Co. here, in recent years as part owner and manager. Mrs. Sanders

also assisted in the business. Since the close of that business, he has been territory representative of the W. H. Norris Company, of Houston, selling building supplies. During his entire residence here, he has taken an active part in club, church and civic affairs.

The Sanders have sold their home at 214 West Avenue to Mr. and Mrs. Clifton Griffith and have bought a home at 3906 Linda Street in Amarillo. The Journal joins all who know them in expressing regret at their departure; and in wishing them the best in their new situation.

GATHERED IN WASHINGTON

# Employer Group Would Reduce Sec. Mitchell's Power Over Labor

Four representatives of the West Texas Agricultural Employers Group were in Washington June 20-25 working in behalf of the Farm Labor bill, which was passed by the House last Thursday. This bill called for the extension of Public Law No. 78 which governs the use of Braceros in agriculture labor in this country.

California and Wisconsin opposed such action and the National Users Group voted to work for the two year extension although WTAEG representatives voted to stand firm to try and curb Secretary Mitchell's powers over domestic agricultural labor.

If the Senate passes the House version calling for an extension of Public Law No. 78 it will insure Bracero labor for agriculture for two more years, from June 1961 until June 1963.

Representing the WTAEG were A. M. Muldrow, Brownfield; W. G. Boyd, Lamesa; C. E. Jackson, O'Donnell; and Ed Dean Lubbock, Secretary.

The group worked through Congressman George Mahon and with other congressional representatives and met with the National Users Group to consider including legislation which called for curtailing Secretary of Labor Mitchell's power over domestic labor. Representatives from Arizona,

of Portales, New Mexico, stayed with Von and Frank while they were gone.

Mr. and Mrs. Foy Lewis and children left Sunday after church services for Brownfield to visit her parents, Mr. and Mrs. Shepherd and from there they went to San Angelo to visit their son and family, Mr. and Mrs. Earnest Lewis and Gail.

Mr. and Mrs. Guy Gattis visited his parents, Mr. and Mrs. Gattis of Littlefield Sunday afternoon.

Mr. and Mrs. H. H. Pierce was in the hospital at Muleshoe several days last week but is as home now and is doing better at this time.

Mr. and Mrs. Tony Kelley and daughters of Dallas visited his parents Mr. and Mrs. Fred Kelley and other relatives here last week.

Mr. Travis Kelley and Mrs. Bill Robinson were shopping in Lubbock Friday.

Mr. and Mrs. Kenneth Pyburn visited her mother and brother in Lubbock Sunday.

We hope all of you will remember to file for the Federal Road use tax refund on your farm fuels. You can do it now. Your dealer will give you the amount of gas you bought prior to, and after, October 1, 1959. The refund is 3c per gallon prior to that date and 4c after that date. We will be glad to help you with it if you wish.

Some of you still have invoices that can be sent in for refund of the 5c state tax, too. If you are one of those, be sure to come in soon, before more of

them expire. Did you know that only five and six tenths per cent of the wheat farmers in the United States voted in favor of quotas last year? This is about four times as many as voted against them, but it still is not a very representative vote, is it? Why don't you vote this year?

Because of various things, Rhea Community didn't hold a Fourth of July celebration this year. That's the first time in many years. Wheat harvest, other farm activities and work being done on the Parish Hall, where such meetings are usually headquartered, were the reasons.

Farm Bureau Directors will meet Monday night. They skipped meeting the Fourth, too. You are welcome to attend. They'd be glad to see you, says Herman Gerles, and his directors and other officers join him.

July 24-30 is National Farm Safety Week. We suggest that, in preparation for that week's observance, you practice safety beginning now. Think about this subject, and you will no doubt make some changes in some of your procedures on the farm for the sake of safety.

We've always wanted to see that new volcano in Mexico (it appeared in 1942) and if we were in a position financially and had time, we'd go on the Texas Farm Bureau Goodwill tour July 14-24. Maybe you can go.

## CHRISTIAN SCIENCE SERVICE

Self-examination and purification of thought are essential to spiritual progress. This is a theme to be dealt with at Christian Science services Sunday.

Keynoting the Lesson-Sermon entitled "Sacrament" is the Golden Text from Psalms (139:23-24): "Search me, O God, and know my heart: try me, and know my thoughts; and see if there be any wicked way in me, and lead me in the way everlasting."

Citations to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include (8:28-30): "We should examine ourselves and learn what is the affection and purpose of the heart, for in this way only can we learn what we honestly are."

Scriptural selections will include the following verse: "Create in me a clean heart, O God; and renew a right spirit within me" (Psalms 51:10).

## BABSON DISCUSSES

### Babson Discusses Selling

Babson Park, Mass., July 7—Now that graduates of high schools and colleges are looking for jobs, may I devote this week's column to a discussion thereof? Let me start by saying that the first step is to analyze oneself and ascertain the line of work for which one is best fitted.

#### Five Different Pathways

Most of today's graduates have come to a "parting of the ways" and are faced with five different paths which they may follow. (1) The professions. If you feel you are best suited to be a doctor, dentist, or minister, you must go back to a college which specializes in one of these professions. I sometimes think there are enough lawyers in the country, but certainly the other groups are rendering a needed service and are being amply rewarded.

(2) Engineering and Building. There are many opportunities in this line provided you work in a progressive and growing community. (3) Manufacturing. This is the line of work which will probably confine you to spending your life with one or more large companies. If you like people and are not ambitious to be your own boss, it is well to get connected with a large manufacturing company. You, however, must be willing to go where you are sent and to obey orders.

(4) Agriculture. At one time this meant working on a farm, but is not so any longer. The reason is that raising both crops and livestock has become an intricate business. Those loving such work could take an additional course at an agricultural college. Every state has such a college with low tuition.

(5) Selling and advertising. If you want to sit in an office and dictate to a blonde, you should not take up selling—not even selling advertising. If, however, you are willing to wear out shoe leather, ring door bells, and fight for business, selling offers you a great opportunity.

#### Importance of Salesmen

Salesmen have never needed a labor union in order to get higher wages or commissions. A salesman can always get well paid, according as he produces. I know a salesman who earned more money than anyone who had gone into the first four of the above-mentioned lines of work. A salesman must be willing to start at an average wage; but "the sky is the limit," if he will produce. This especially applies to those who secure a position with high-grade banking houses and are able to help float important underwritings.

ANOTHER THING, all of those who choose one of the first four lines of work listed are dependent upon the selling of their products or services. This is especially true of construction, manufacturing and agriculture. The customer must be "sold" if he is to buy houses, merchandise, or even farm products. Truly, "the harvest is great," although the good salesmen are few. The national problem of employment and in fact the prosperity of the nation are dependent, not on the Administration or the Congressmen and Senators in Washington, but rather upon the salesmen of the nation; they control its economic destiny. Some will wonder why I did not make a special sixth division for Banking, but the successful bankers must be excellent salesmen.

#### Importance of Patience

When climbing a ladder, use the first rung, and climb slowly upward. Do not try to start where your parents leave off. The fun of life is in striving, rather than in the arriving. Present starting wages in all the above five groups are good at the present time; but

sometime there will be a day of reckoning. "Trees do not grow to the sky" and prosperity does not continue forever.

I OPENED THIS week's message by referring to graduates who are meeting a "parting of the road." It may not be long, I fear, before these five paths may converge again into a temporary period of readjustment and unemployment. Then the travelers of all these pathways will be competing with one another, and surely with the hard-working intelligent people of Europe.

## Scoop Sez . . .

By J. M. Forbes

What I came back to tell you is this:

The two giant planets of our solar system, Jupiter and Saturn, will be in conjunction for earth dwellers on February 18, 1961. It is a "hold the press" item of information in which conceivably you might not be interested. To many it is a hum item, and they'd rather not hear any more about it.

Nevertheless it will be a show worth watching and it'll be for free; every earth man (and his missus and the kids) will have the opportunity to see it happen. That ought to be enough of an introduction; let's see how often this event occurs.

Jupiter revolves around the sun in 12 years, thus moves about 30 degrees in a year; Saturn, the second largest planet, moves around in its orbit in 30 years, so it moves about 12 degrees each year. Jupiter therefore gains 18 degrees on Saturn every year. Dividing 360 degrees by 18 we find that Jupiter gains a whole lap on Saturn in 20 years. Jupiter will "catch up" with Saturn Feb. 18.

The last conjunction of these planets was in 1941; they also were in conjunction in 1921 and in 1901.

From the earth, it will seem that the two big planets almost join, because they will be in a line with our viewing from the earth. Actually, of course they are millions and millions of miles apart; Jupiter will pass only one-fifth of a degree south of its outer neighbor. Okay, so you don't want to watch it; maybe you'd rather wait until the 1981 passing.

You might like to be reminded that the two planets are prominent in the sky almost all night now and they appear quite near each other. Saturn comes up as the sun goes down; Jupiter rises about one hour before they're in the south and southeastern sky.

#### AFTER 6 WEEKS TOUR

### Plainsman Says Cotton Is Playing Important Role in Western Europe

George W. Pfeifferberger executive vice president of the Plains Cotton Growers, Inc., returned this week from a six-weeks tour through textile mills in Western Europe and reported that West Texas cotton is playing a vital part in Western Europe exports of cotton and that it has good prospects to continue providing farmers can supply quality cotton at the world market price.

The Lubbock cotton official was the only producer delegate from the United States to attend the meeting of International Standards Organization in London May 19-28 in which 23 countries took part.

After that he visited mills and cotton officials in Belgium, France, Germany, Switzerland and Italy. He was invited to

The government thermometer in Muleshoe showed a temperature of 101 above zero last Monday. Farmers report growing crops need rain.

Tuesday the temperature shot up to 107°, according to Judge R. J. Klump, local government authority, who said it was a record high so far this year.

Last year, the record high was 198 degrees in June.

Mr. and Mrs. Ed Myers, living about nine miles north of Muleshoe, are parents of a 7 3/4 pound son named "J. Stanley," born last Monday morning at the local clinic. Mother and child are reported getting along nicely.

Mrs. Catherine McNeese, assisted by Mrs. R. L. Hobbs, entertained with a lawn party honoring the third birthday of little Caroline Sue McNeese, at their country home, Friday of last week.

Many outdoor games were enjoyed by the little guests, after which they were invited into the dining room, where a lovely cake adorned with three candles, which were blown out by the honoree. The cake was then cut and served with punch to Caroline Holt, Jimmy Holt, Mary Jo Holt, Stanley Fox, Scotty Lancaster, Barbara Douglass, Della Ruth Eckler, Jeanette Gaede. The mothers were Mrs. Horace Holt, Clyde Holt, Sam Fox, Monis Douglas, Rachael Eckler and Woodron Gaede.

Balloons and bubble pipes were presented as favors to the small guests.

#### CARD OF THANKS

We are deeply grateful to all our friends and neighbors for their expressions of sympathy, their cards, their flowers, for the food in the time of our sorrow. We especially want to thank Dr. W. B. McSpadden and Dr. L. T. Green, Jr., and the nurses of West Plains Hospital and Clinic for their thoughtful care. May God bless you.

## SANDHILLS PHILOSOPHER CLAIMS

### He Knows Why Truman Won't Go To Los Angeles Convention

Editor's note: The Sandhills Philosopher on his Johnson grass farm is getting Johnson grass farm is getting set for the National Political Conventions, his letter this week indicates.

Dear editor:

A neighbor of mine who has been working sixteen hours a day so he can rest and take it easy possibly the last ten or twelve months of his life, had a flat on his car near my house yesterday morning and was working fast to get the spare on so he could rush on into town to get a part for his tractor so he could get back to work and I was standing there helping him somewhat, at least I offered to help but he figured I'd be in the way, so he said "No thanks, you probably want to get back in your field and get on with your work. Here, take this newspaper. I understand you like to read 'em. I never have time to read one myself."

I didn't say anything, but I took the paper and went back home, not to my field. I don't need outside advice on how to run this farm.

and sat down on the porch and read where Harry Truman isn't going to the Democratic Convention in Los Angeles.

This news, the article said, stunned a lot of people, as Mr. Truman has always attended Democratic National Conventions. All the experts seemed baffled.

Regardless of what reason Mr. Truman gives for not going, I already know.

Him and me have discovered the best way to attend a political convention, prize fight, baseball game, summit conference, or any other sporting event is to lean back in an easy chair, prop your feet up, and watch it on television, dodging traffic, fighting your way into a convention hall or baseball stadium, and trying to see around the man in front of you while somebody behind you is yelling in your ears . . . all that belongs to a bygone era and me and Mr. Truman are living in the 20th Century. The only hitch in the set-up is that some day the delegates themselves may catch on, like baseball players already have.

and refuse to go without a good salary, sick benefits, and retirement pay. Some people say some of the delegates in fact have already seen to these details, but I don't know anything about that.

MEANWHILE, though, when the Democratic convention starts in Los Angeles, and the Republican convention starts in Chicago, I'll be on hand, sitting comfortably at home on my Johnson grass farm out here waiting to see which party really gets smart and writes a government-financed picture-tube replacement plank into its platform. That's one phase of the farm problem everybody seems to have overlooked.

Yours faithfully,  
J. A.

another of His powers to transform the mental act of washing feet. He might have told a manservant to do it. He might have simply omitted this much-needed service. But Jesus became the servant. He girded Himself with a towel and washed the disciples' feet.

A master cannot be served until he has demonstrated his own ability to serve. So Jesus humbles Himself to serve us. He who holds the universe in His hand kneels down before us and washes our tired, dusty feet.

So the Son of God took a towel, not simply to cleanse the feet of His friends, or only to set an example for them to follow. He did it to show us unmistakably that He who is sent is not greater than He who sends. God is like that.

PRAYER: O Thou Creator, who dost astonish us continually by serving us, help us to see that only with the eyes of faith can we witness the glory of Thy service for us. Why dost Thou repeatedly sacrifice Thyself for us? We have the answer in Thy great love. Help us to be faithful, even if we cannot be worthy. In Christ's name. Amen.

### No Fishing License Causes Arrest Of 176

AUSTIN—Too many fishermen still think they can get by without a license, according to the director of law enforcement of the Game and Fish Commission. Last month 176 persons paid fines for failure to buy their \$2.15 fishing license. This license is required for all persons who fish with rod and reel, except those under 17 and over 65. Persons fishing outside their home counties also need a license.

In all, there were 272 violations in May, with a total of \$5,197.74 collected in fines and costs.

A number of arrests also were made for killing game out of season. Several were caught shooting doves, quail, ducks and deer.

Two others were caught "tephoning" for fish, which is the illegal use of an electrical device for shocking fish.

Current fishing licenses will be valid until September 1, when a new license will be required.

The 1960-61 hunting license has been revised and the new licenses will be placed on sale September 1. The new license has been devised to provide a better record of sales and to facilitate handling of the licenses by license deputies.

### Stubble Mulching Has Advantages

Stubble mulching has advantages in the long time farming programs in the High Plains that outweigh the immediate and temporary gains from burning the wheat stubble. Delbert Langford, assistant agronomist at the High Plains Research Foundation, stated in a recent interview.

The advantages of plowing under the stubble are (1) maintaining the organic matter content of the soil which facilitates water penetration by improving the tilth and structure of the soil; (2) returning plant food to the soil; (3) better aeration of the soil; and (4) prevention of diseases.

Temporary advantages of burning are (1) killing weeds, (2) killing insects, (3) immediate effect of released potash, and (4) double cropping.

Research tests have shown that burning stubble for a period of five years results in a considerable reduction in wheat yields as well as crops used in rotation. The loss in production from continuous burning of stubble over a period of time is very high.

Mr. Langford emphasized that the return of crop residues to the soil is a sound conservation practice in maintaining soil productivity. It will become more important as our underground water level declines, and we are more dependent upon rainfall for crop production. Soil with poor physical structure and low organic matter is much less effective in absorbing and holding rainfall than soil with adequate humus.

SUBMERSIBLE

- The answer to your water supply problem
- Economy of Operation  
Greater capacity and pressure with minimum power consumption.
- Lower Initial Cost  
Because of high efficiency you can buy a lower horsepower pump to meet your capacity and pressure requirements.
- Smaller Well Diameter  
You can make a substantial savings on a new well because a Berkeley Submersible can be installed in wells as small as 4" diameter.
- Protection from Freezing  
All operating parts—pump and motor—are set deep in your well, completely safeguarded against extreme cold.
- Berkeley Submersibles will pump efficiently from depths to 800 ft. Capacities range as high as 30 G.P.M.

MRS. BILL JIM ST. CLAIR, ROUTE 3, MULESHOE, TEXAS, SAYS

"These four help us with our four!"

The St. Clairs have four lovely children; Karen 8, Janis 6, Brenda 4, and Tommy 2 years of age, and it's obvious that a busy mother of 4 children needs help. Thanks to Reddy, Mrs. St. Clair can be a 4-appliance owner, for Reddy supplies the energy, dependably, 24 hours a day, and at low cost. Mrs. St. Clair says about her electric dishwasher, "It is nice to know our dishes are germ-free because they are always thoroughly cleaned electrically." And about electric cooking she says, "I enjoy electric cooking because it is so clean, safe and fast." Her clothes dryer and freezer come in for praise, too. "I just couldn't do without my dryer, because we always have clean clothes regardless of the weather. Our clothes stay new looking longer, safe from the fading rays of our strong sun." Mrs. St. Clair, in addition to storing food, uses her freezer in advance by baking cakes when she has time for use when company comes.

### 2 From Muleshoe On Wayland Honor List

Plainview—Two from Muleshoe are among students listed on the 1960 Spring Honor List recently released by Dean Cecil Cosper at Wayland Baptist College.

They are Wayne Bristow, with a 2.75 grade point average, and Martha Wuerflein, with a 2.60 average for the spring semester.

Bristow, who received his BA degree in history this spring, is the son of Mr. and Mrs. G. C. Bristow, 114 W. 5th. A 1955 graduate of Muleshoe High School, he has served as president of the Baptist Student Union, vice-president of the freshman class, president of the sophomore class, stewardship chairman of the B. S. U., and sports writer on the college paper. He was named to the campus leadership group Spinning Wheels for two years and was also active in the Ministerial Alliance.

Miss Wuerflein, daughter of Mrs. Lillie Wuerflein, is a 1957 graduate of Muleshoe High School. In addition to maintaining a high scholastic average, she serves as secretary of the Young Woman's Auxiliary, program chairman of the Home Economics Club, which

## 'Hawaiian' Girl Scout Camp Called A Successful, Fun-Filled Adventure

HAWAIIAN GIRL SCOUT - 2-24 The Girl Scout Day Camp closed Friday, June 24, with a Hawaiian feast and program. Hula dances by the whole camp standing in a horseshoe began the program. A short history of the past day camps (this was the seventh annual one) and this year's was given by Magann Lamb. Certificates stating each Scout's attendance at the camp were presented. The girls, led by Jerry Parsons and Pamela St. Clair, then sang "Sallie Was A Brownie" and "America." The program ended with the closing flag ceremony. This year's camp was deemed a fine success by everyone concerned. The success was largely due to the efforts of camp director, Mrs. Wanda Hardy, and the leaders, assistants, and program aides who contributed their time and energies to this project. The camp provided first aid at all times with Miss Nancy Julian and Mrs. T. L. Slemmons serving as nurses.

Co-leaders of the Hawaii unit were Mrs. Dorothy Wyer and Mrs. Elsie Pylant. Assistants were Mrs. Eula Calhoun, Mrs. Marlene St. Clair, and Mrs. Opal Armstrong. Senior Scout program aides were Billie Weeks, Ann Tipton, Donna Moore, Marilyn Green, and Janet White. The Maunaloa unit was led by Mrs. Sissie Glass and Mrs. Billie Haskins. Program aides were Eugenia English and Linda Wells. Mrs. Mary Nell Blecker and Mrs. Doris Peat were leaders of the Wakaii unit. Their program assistants were Roxana Hart and Cathy Moore. The Kauai unit was led by Mrs. Doris English and Mrs. Phama Anderson. Program assistants were Magann Lamb, Rhonda Wagnon, and Sandra Scott. Leader for the Hukilau unit was Mrs. Jean Moore. She was assisted by Mrs. Myrtle Wells and Mrs. Dorothy St. Clair. Mona Rucktashel, Linda Scott, and Jan McVickers were program assistants.

## Pleasant Valley Views

Mr. and Mrs. Harold Taylor, Paul and Mrs. Nora Harris left for their home in Phoenix, Ariz. Monday, after an extended visit with his parents, the Roy Taylors and other relatives. Douglas, Ronald and Larry remained with their grandparents for another two weeks.

THE JOURNAL has such a wide circulation in the territory that a simple, inexpensive want ad produces surprising results. Try one. We'll help you word it.

Lamb County 4-H Rally Day was held June 30. Those attending from Pleasant Valley were: Patsy Angley, Brenda Bills, Sheryl and Rickey Stevens, Johnny West, Walter Lacky, Kenny Kendrick, Mary and Barbara Dyck, Ramona McMahan, Carolyn and Veta Allison. The day started out with swimming at the Crescent Park Swimming Pool. Then there was a cook out, held at the Littlefield Community Center. Games followed this. There were names drawn to go to Junior Leadership camp. Those drawn from Pleasant Valley were: Sheryl Stevens and Mack Allison. Veta Allison's name was drawn as an alternate. Those taking cars from Pleasant Valley were Johnny West, Mrs. Elmo Stevens, Mrs. E. K. Angeley. Everyone going had a big day.

The Lamb County 4-H Dress Revue will be held in the Pleasant Valley Community Center July 12, at 8 p.m. Girls from all over the county will be modeling blouses, skirts, and dresses, which they have made. The public is invited to attend this very interesting occasion.

Word was received that Arlis Autry wasn't doing too good. Arlis was hurt in an accident in which he nearly lost a hand in a combine, while he was in wheat harvest. He is still in the hospital at Guyton, Okla.

Mr. and Mrs. J. E. Autry were up there and are going on with the wheat cutting.

Mr. and Mrs. Ronnie Ethridge and son, Jerry, of Muleshoe, visited her parents Sunday, Mr. and Mrs. Jerome Cash and attended church at the Bula Church of Christ.

Dr. and Mrs. Kenneth Osborne and family spent the weekend with the Oscar and Harold Allison.

## Enochs News Events

by Mrs. Jerome Cash

Mr. and Mrs. Cleo Hall and children Belva Jean, Jerry and Kenneth of Arizona, are visiting this week with their parents, Mr. and Mrs. Carl Hall and Mr. and Mrs. J. D. Bayless.

Mr. and Mrs. Jo Dane and Jean visited last week in East Texas with his brother, Jake and Temple of Denton and Troy of Sanger. They also visited in Ft. Worth with Mrs. Dane's brother.

Janelle and Sandra Seagler, daughters of Mr. and Mrs. C. R. Seagler, were home for the July 4th Holiday. They are students at ENMU at Portales.

Kenneth and Gary Speck, nephews of Mrs. J. O. Dane, are visiting with the J. O. Dane family. They are sons of S/Sgt. and Mrs. Troy Speck of Carswell Air Base at Ft. Worth. They are also visiting their grandmother, Mrs. Alice Speck.

Myrlene Nickels of Lubbock was home to spend the holidays with her mother, Mrs. Flora Nickols. Also visiting Mrs. Nickols on Sunday were Mr. and Mrs. Dale Nickols and children, Mr. and Mrs. Quinton Nickols and Mrs. W. L. Sandifer and children.

Mr. and Mrs. Robert Pool visited last Monday with Mrs. Odessa Stone of Lubbock.

Mrs. W. A. Pool spent several days last week with her mother, Mrs. Lillian Everett and her sister, Mrs. Harry Bedell in Lubbock. Both have been on the sick list for some time.

Mr. and Mrs. Robert George and son, Brent of Lazbuddie, visited over the holidays with her parents, the E. N. McCall.

Mrs. Sheldon, mother of Mrs. Buford Peterson, has not been well for some time.

Peggy Thomas, daughter of Mr. and Mrs. Emmett Thomas of Morton, visited relatives at Enochs last weekend.

Marlyn and Romy McCall spent the weekend with their grandmother, Mrs. Nath Crockett of Moron.

AMONG THE MANY EXHIBITS at the Girl Scout Day Camp is the dribble bucket demonstrated here by Donna Heathington and Rebecca Phelps of the Hawaii Unit.

PRACTICING THEIR HULA DANCES are from left to right, Wanda Blecker, Pamela St. Clair, and Jerry Parsons from the Hukilau unit.
