

Miss Inman And Mr. Hicks Wed In Impressive Church Ceremony

MRS. GARY RAY HICKS

Miss Priscilla Ann Inman became the bride of Mr. Gary Ray Hicks Saturday, August 20, at 8:00 p.m. in the First Baptist church with the Rev. F. K. Shepherd officiating at the double ring ceremony.

The bride is the daughter of Mr. and Mrs. John Inman of Muleshoe and her husband is the son of Mr. and Mrs. Edward Hicks of Friona, formerly of Muleshoe.

The bride, given in marriage by her father, wore a gown of imported chantilly lace over satin fashioned with a Sabrina neckline, fitted bodice and long tapered sleeves. Her bouffant circular skirt terminated in a chapel train. A scalloped crown of pearls and iridescent sequins caught her veil of imported silk illusion. She carried white orchids with a cascade of rose buds atop her white Bible. The Bible was a gift of the Y. W. A.'s of the First Baptist church.

Mrs. Robert Halsell of Houston, sister of the bride, was matron of honor. Bridesmaids were Miss Ira Lea Inman, sister of the bride and Miss Kay Wilson. They wore identical dresses of blue silk organza over satin designed with sheer basque waists and round neckline. Their full skirts were waltz length. They carried lace hearts accented with Happiness Roses.

Larry Hicks of Friona, brother of the groom, was best man. The ushers were Tom Pat Hicks of Muleshoe and Max Legg of Afton. Richard Goodwin of Muleshoe and Gayland James of New Home assisted with ushering and lighted the candles. Max Brooks carried flowers and Anthony Crooks of Meadow was ringbearer.

The wedding music was played by Mrs. Marion Inman of Clovis and the soloist was Miss Coralynn Hicks, who sang "Because," "Oh Promise Me," and "The Wedding Prayer."

The mother of the bride wore a rose lace dress over taffeta with a brief jacket and accessories to match. The mother of the groom wore a honey beige lace over taffeta with bone accessories. They wore corsages of Happiness Roses.

The reception was held in the church parlor following the ceremony. Miss LaVon Copley played soft music. Miss Nelda Brooks registered the guests. Mrs. Dan Smith and Mr. J. C. Gilmore served.

The bride is a graduate of Muleshoe High School and has been employed at Bailey County ASC office. Her husband is a graduate of Muleshoe High School and is associated with his father in Friona Bowling Alley. He is a member of the U. S. Army Reserves and recently served six months active duty at Fort Ord, Calif.

Prather—

(Continued From Page 2)

With a white castle flanked with white angel hair with a tiny bride and groom beneath the arch of the castle. Decorations were originated by Mesdames Beedie Welch, Matt Patterson, Ruby Shelby, Rene Littleton and Spencer and Phyllis Beavers of Muleshoe.

For a wedding trip to Colorado the bride chose a beige and white checked suit with a quince and beige accessories with a white orchid corsage.

The couple are both '59 graduates of Springlake High School and attended West Texas State College in Canyon last year.

While attending high school the bride was secretary of the senior class and was Lions Club Queen in 1958. She is majoring in speech in college.

The groom was president of the senior class, '59 football captain and is majoring in business in college.

Following the wedding trip the couple will make their home in Canyon where they will both enter West Texas State College this fall as sophomores.

Out of town guests were from California, Snyder, Post, Canyon, Muleshoe, Floydada, Forton, Happy, Amarillo, Oklahoma, Brownfield, Lamesa, Eden, Wellington, El Paso and Amberst.

Mr. and Mrs. Thurl Lemons spent Friday and Saturday of last week at Ruidoso, N. M.

Rev. and Mrs. Byron Hardgrove and son left Monday for Dallas to visit his mother.

Stadium Spruced Up For Opener

Workmen were busy early this week sprucing up Muleshoe's Ben J. Douglass stadium in preparation for the opening game of the 1960 football season on here Friday night. The Mules will meet the Clovis Wildcats in the renewal of a series that has been going on for several years.

Grass was being mowed and field margins were being scraped to eliminate summer growth of weeds and grass burrs.

A capacity crowd is expected for the season opener, which will give most people hereabouts their first look at the 1960 edition of the Mules, now under the tutelage of a new head coach, Luke Halter.

Coffee Introduces Mrs. C. Griffiths

A lovely coffee introducing Mrs. Clifton Griffiths was given in the home of Mrs. R. D. Precure Friday, August 26, during the hours of 9:30-11:00 a.m.

Mrs. Et. Evans served from the silver coffee service. The table was attractively arranged with pink gladiolas and pink candelabra atop the lace cloth.

Little saucages, a fruit plate and coffee were served to approximately fifty ladies who called.

The flower arrangement was presented to Mrs. Griffiths as a gift by the hostesses. The hostesses were Mmes. E. H. Kennedy, W. T. Andrews, W. B. Wagon, Joe Damron, A. W. Crow, Cecil Tate, C. M. King, and R. D. Precure.

Evangelist Will Conduct Revival

Evangelist Norman Gordon, former Hollywood commercial artist, is conducting a revival at the Assembly of God church in Muleshoe. The revival started Sunday, August 28, and will continue through Sunday, September 4. The morning services begin at 9:30 a.m., and the evening services begin at 7:45 p.m.

The Rev. Gordon was formerly editor of Jack Coe's International Healing Magazine and T. L. Osborn's Faith Digest. He was also a member of the T. L. Osborn Evangelist Team.

He has conducted revivals in Oklahoma, Texas, Florida, California, Oregon, and Missouri. During his revival campaigns, Rev. Gordon often makes pastel drawings of religious scenes, which he gives to children attending the revival.

The public is cordially invited to attend.

Fair Boosters Coming Sept. 22

Dozens of Lubbock businessmen will participate in the Panhandle-South Plains Fair goodwill booster trips, scheduled to roll into Muleshoe on Thursday, September 22. The goodwill boosters, visiting South Plains cities in an effort to build good relations throughout the trade area, leave Lubbock after an early breakfast and distribute a Fair newspaper, placards, balloons and other literature. On the fourth day of the tours, the merry-making group will visit Littlefield, Amherst, Sudan, Muleshoe, Farwell, Texico, Clovis and Portales. The visitors will be in

Muleshoe on the fourth trip. A total of five visiting tours are planned, which will take the boosters to more than 45 South Plains cities. This year, each of the five trips will be sponsored jointly by the Lubbock Chamber of Commerce and the Panhandle-South Plains Fair Ass'n. The Fair boosters will be laden with souvenirs, free tickets for Kids' Day at the Fair and literature. The goodwill ambassadors will provide special entertainment in each city they visit.
Cancer Society Sets Tuesday Conference
 Bailey County Cancer Society board of directors will hold a meeting the coming Tuesday night, at 7:45 in the visual aids room of the high school.

DEDICATED TO THE PROGRESS AND DEVELOPMENT OF BAILEY COUNTY AND THE GREAT MULESHOE COUNTRY

WEST TEXANS SAY OF P-A-G

MAN... that's sorghum!

The way P. A. G. Sorghums look in the field makes everybody who sees them exclaim "Man, That's Sorghum!"

P. A. G. has earned the confidence which farmers have in this sorghum. Each exclusive variety is researched, tested, and proved before it is offered for sale. Then when you plant P. A. G. you can be confident that not only will it look good in the field, but it will provide top yields. Careful quality control through triple isolation on seed production pays off in your field when you plant P. A. G. Sorghums. Hundreds of tests have proved it.

Now is the time to book your P. A. G. seed.

122 Entered Muleshoe's Highly Successful Golf Invitational

Although the number of entries in Muleshoe Country Club's fourth Annual Invitational Tournament was slightly less than last year's field, this year's event was called the most successful yet held by the club. Entries numbered 122.

Calibre of the players who entered, said Ray Hardy, club pro, is shown by the fact that scores were very close in the top flights in which some 64 golfers were playing. Some of the best golfers in West Texas were out there contesting for honors in the various flights. Hardy expressed his entire satisfaction with the tournament, saying he believed all who entered had a good time and thoroughly enjoyed themselves.

Served 225 Sunday
Ladies of the Muleshoe Women's Country Club served lunch on each day of the three days. On Sunday, the last day of the tournament, he and others estimated that they served about 225 meals. The public was invited to eat at the club Sunday.

Starter again this year was James Rountree, of Arlington, who represents Wilson Sporting Goods Co. Tournament Committee for the club was composed of Bill Jim St. Clair, Clarence Weeks, Sam Gholson, and Ray Daniel.

Adams Again Champion
Roland Adams, Lubbock's crack shot maker, again won championship honors making this his third straight win here. In the finals Sunday he had to beat out Russell Haberer, Muleshoe; Mac Tubb, Levelland; and John Shackelford, of Vernon.

Complete results in the finals Sunday follow:
Roland Adams of Lubbock won his third straight Muleshoe Country Club golf tournament Sunday with a 144, beating out Mac Tubb, Levelland, by two strokes.

Russell Haberer of the host club, came in third with a 148 for the 36 holes.

(All golfers from Muleshoe unless indicated.)

Adams—
The award winner is proud of the record Bailey County 4-H Club members have made with their swine projects. Members he has supervised have exhibited five grand or reserve champions in the barrow show of the State Fair of Texas and even times the champion wine sire in the district show come from his county.

Adams is a native of Oklahoma but did most of his growing up on a Swiss county farm. He was a 4-H member for eight years and among the honors he holds was a trip to National 4-H Club Congress, Chicago, won on his outstanding swine projects. He worked his way through Texas A & M after graduating from Tullia High School.

He takes an active interest in civic affairs in his community and county. He and his family are members of the Methodist Church and currently he is serving a co-chairman of the Agri-Business Committee of the Muleshoe Chamber of Commerce.

Eagles Will Meet Roaring Springs
The 1960 Three Way Eagles have been working out twice daily the past two weeks, getting in shape for the 1960 season. The Eagles will meet Roaring Springs at Three Way Friday night, September 2, in the lid opener for the home fans.

According to Coach Mayo, the players showing the most improvement are: Tom Coffman, LaWayne Batteas, Virgil Thomas, George Holly, Larry Dupler, and Sam Sowder.

Following is the roster of the boys trying for berths on the Three Way squad:
Kenny Sims, center, Sr., 170; James Long, end, Sr., 170; Tom Coffman, end, Sr., 173; Jim Wall, end, Sr., 141; LaWayne Batteas, end, Sr., 147; Mike Flanken, QB, Sr., 160; Oran Reeves, end, Jr., 166; Dewayne Clay, halfback, Jr., 162; Frank Stegall, end, Jr.,

151; Loyd Warren, QB, r., 134; George Holly, halfback, Soph., 157; Virgil Thomas, QB, Soph., 162; Larry Dupler, halfback, Soph., 140, and Sam Sowder, center, Soph., 150.

Team captains for this year are Kenny Sims and Larry Dupler.

1960 SCHEDULE
Roaring Springs, here, Sept. 2; Cotton Center, there, Sept. 9; Bula, there, Sept. 16; Smyer, there, Sept. 23; Nazareth, here, Oct. 7; Cotton Center, here, Oct. 14; Bula, here, Oct. 21; and Nazareth, there, Nov. 11.

Mustangs Tabbed As Favorites
The Olton Mustangs has been stamped as the favorites to wrap up the District 2-AA football crown. The second in succession.

The Mustangs will have seven starters returning, including 190-pounder Robert Priest and Randy Buchenau, both backfield men.

Priest runs from the fullback slot while Buchenau is listed as a halfback.

Other returning lettermen besides Priest and Buchenau

are Kenneth Hooper, Bob Brown, Fred Riney, Harold Featherhill, and Robert Duncan.

Lockney is tagged as second place winner, with the always strong Floydada Whirlwinds winding up the top three, possible finishing at the head of the district.

Muleshoe, Abernathy and Morton are picked to bring in the last three places. Morton could possibly wind up as the dark horse contended for the district title, with Muleshoe and Abernathy fighting all the way.

Muleshoe Ladies Tournament Set For September 17

Qualifying in the annual ladies City Golf Tournament has been set for Saturday, Sept. 17, at Muleshoe Country Club and medalist will be determined. Ray Hardy asked that all who wish to play and did not qualify notify him by 6 p.m. Saturday.

First round matches will be played the following day, Sunday, September 18, beginning 1 to 1:30 p.m. Second round matches may be played during the following week and finals will be Sunday, Sept. 25. Entry fee has been set at \$5. Entry is not limited to members of the club but is limited to ladies of the immediate vicinity of Muleshoe.

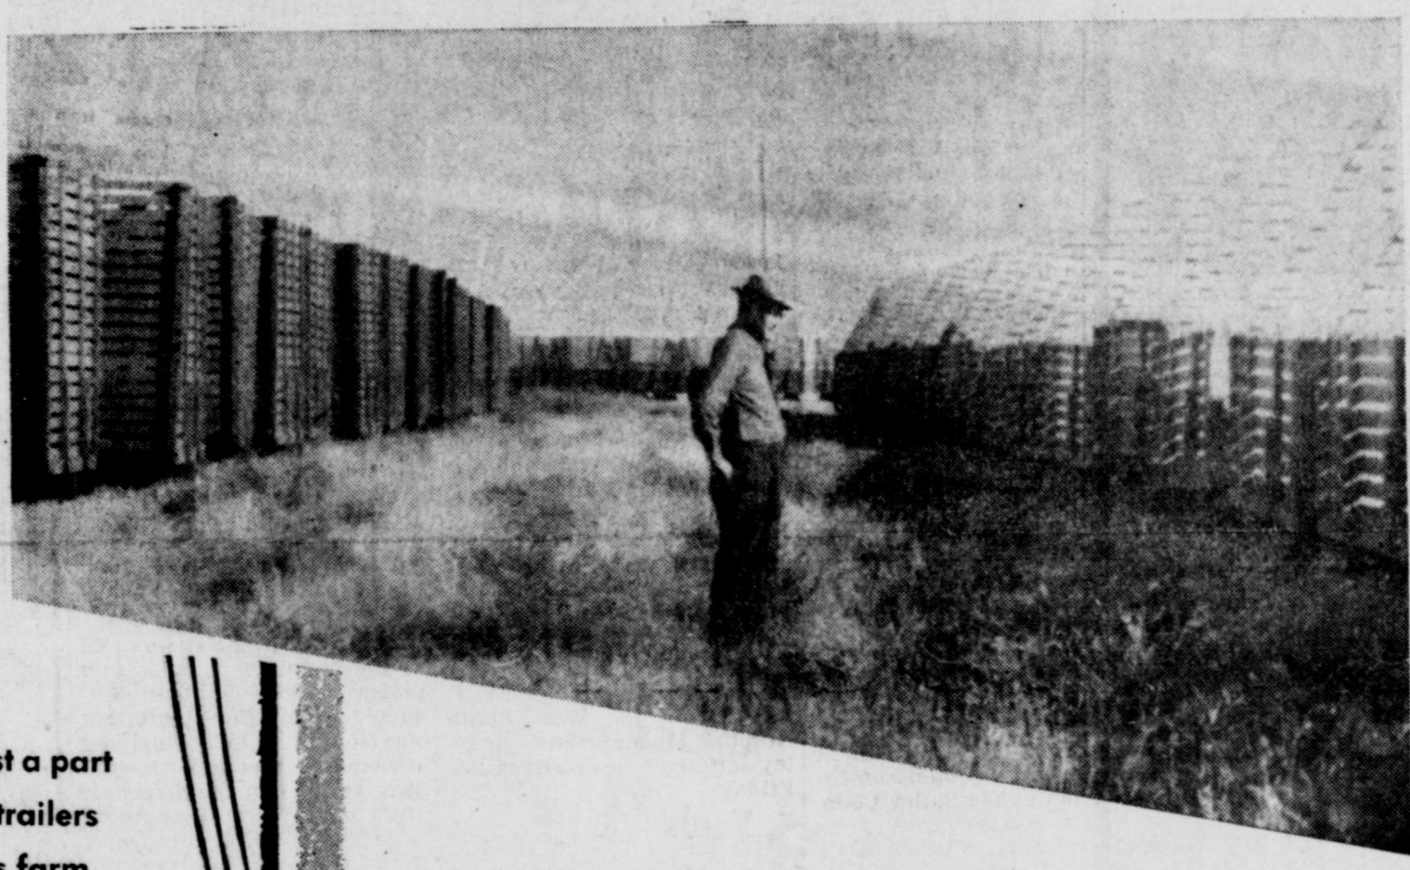

FOUR CASES OF ENCEPHALITIS!
There are four cases of encephalitis in the West Plains Hospital and Clinic. Two of the victims are in fair condition, one is in poor condition, and the other patient is doing fairly well.

American GI Forum Organized In Meeting Held Here This Week

Noe Anzaldua, Jr., of D & G Foods, Muleshoe, was elected chairman of the local G. I. Forum, in an organization meeting held in the Legion Home here Tuesday

night. Present were 67 representatives of Latin American peoples of surrounding communities.

Presiding for the election was Briggs Mungaray, Littlefield, a long time member and well informed about the American G. I. Forum.

Other officers elected: Benigno Ibañez, farmer, Earth, vice-president; David Guiterrez, barber, Muleshoe, secretary and treasurer; Rev. Roque Puentes, pastor, Mexican Baptist Mission, Muleshoe, chaplain; Ruben S. Cano, farmer, Barrett's Produce, Muleshoe, sergeant-at-arms.

Installation of officers will be at a later date, arrangements to be made by Dr. Hector P. Garcia, who has been invited to attend the next G. I. Forum meeting. Attorney Gregorio Coronado, of Lubbock, also will attend the next meeting.

Letter From Founder

Mr. Andaldia has received a letter addressed to the members of G. I. Forum, as follows: "My congratulations and thanks to the wonderful members of the greatest organization that I have ever known. The American G. I. Forum, of the U. S., whose birthplace is the State of Texas, but today twenty three states and the District of Columbia call it their own. Naturally we expect that since never in the history of Mexican origin have they had an organization that they can call their own, whether it would be in Los Angeles, Calif., Salt Lake City, Utah, Superior, Oregon; Nampa, Idaho; Chicago, Illinois; New York City, or just simply, 'Papalote', Texas.

We in Texas should feel proud that we organized the forum 12 years ago and we as founders of all of us should forever remember that it is our obligation as leaders to maintain Texas as the strongest and largest G. I. Forum group in the United States. Let us produce a new program that will carry our very dear organization, 'The American G. I. Forum', to greater heights and greater goals."

Farewell Coffee For Mrs. Moore

Mrs. Donald Glen Moore was honored Wednesday morning with a farewell coffee in the home of Mrs. J. D. Small. The guests called between the hours of 9 and 11 and were served coffee and doughnuts.

The honoree was presented with gifts of Blinks glassware from the hostesses. The hostesses were the Epsilon Alpha Sorority and the Alpha Circle of the First Methodist Church. Guests attending were Mes. David Stovall, George Chambers, J. D. Small, Houston Bartlett, Earl Ladd, Jr., Jan Wampler, Roy Winkle, Edwin (Sonny) Kinkden, Don Samrow, Hilbert Wisian, Roy Whit, Kenneth Hanks, Cecil Mardis, W. B. LeVeque, Ray Santos, Robert Alfred, Mrs. S. O. Workman, mother of the honoree, and Mrs. Douglas Lowe.

The Moores are moving to Springfield, Colo., to be associated with the John Deere Implement Co.

Muchas Gracias y Que Dios Los Bendiga.

Your national founder and local chairman, Dr. Hector P. Garcia and Noe Anzaldua.

Tragic Accident Victim Thanks People Of Muleshoe

On the night of July 29, Mrs. Charles McFall met death in a highway accident near Muleshoe. Mr. McFall, her husband, and their two year old son, Terrence Michael, were seriously injured and have been under treatment in Muleshoe hospitals.

Kathleen McFall, of Brooklyn, N. Y., sister of Mr. McFall, has been here with him and Terrence Michael since August 2.

Funeral services for Mrs. McFall were held in San Jose, Calif., their home August 6. The little boy had been in traction for three weeks here, and Mr. McFall was released from the hospital Monday, August 29. Early in the morning of August 30, Tuesday, he wrote the following letter of thanks to the people of Muleshoe, which we quote verbatim.

This is a "Thank You" letter that was written by my brother, Charles McFall at about 4:30 a.m., on Tuesday morning before he left for San Jose.

"Dear People of Muleshoe, Terry, Mary Lee, myself and both families want to thank you very much. And I, Charlie, want to thank you. Even though Terry has lost his Mommie, and I the best wife in the world, we are fortunate it happened here in Muleshoe, Texas.

My wife, Mary Lee was like

most people in Muleshoe, in that she wanted to help everybody, regardless of race, creed or color. Sometimes, I think that is why the tragedy had to happen here. For me it was the Great Awakening. I had never known people were so good.

Terry and I want to thank everyone in Muleshoe. We want to thank from the first nurse, or ambulance driver, to the last gas station attendant to put gas in our car leaving town.

One thing that I hope and pray for; is that the people of Muleshoe never out grow their community spirit. To walk the streets of Muleshoe and see the American Flag all over town, is something that is hardly seen any place else in the country.

I am proud my wife entered her eternal life through Muleshoe. My only regret, as well as my family's, is that we could not be with her.

Someday Terry and I are going to return to Muleshoe to see all of the people that have helped us recover. One thing I would like to see, the American Flag still flying, and Terry would probably want to see the Boo Man from KMUL.

Charles and Terry McFall Sincerely yours, P. S. Kathleen and John (my little Kid brother) are very appreciative of the way they were treated in Muleshoe.

Muletrain Staff Is Complete

Mrs. Horace Blackburn, sponsor of the Muleshoe High School yearbook "The Muletrain", has announced the 1961 staff. Magann Lamb is the new editor; Pat Thomson, co-editor; Darrell Lancaster, advertising editor; Todd Witt, photographer; Janna Goodwin, girls' sports editor; Janie Sanders, art and layout editor; Sondra Broyles, circulation editor; Donna Guinn and Nonnie Taylor, typist; Pat Brown, feature editor; and Sandra Taylor, class editor.

The two editors will act as business managers and Witt and Lancaster will work on boys' sports. The staff has already started work on next year's edition.

Businessmen who want to buy ads in the yearbook may contact Darrell Lancaster, and Sondra Broyles will take orders for the yearbooks. The books cost \$4 each. All staff members are seniors.

SCRATCH-ME-NOT WITH ITCH-ME-NOT

Apply ITCH-ME-NOT. In 15 minutes, if the itch needs scratching, get your \$4 back. You feel the medication take hold to quiet the itch in minutes; watch healthy, clear skin come on. Get ITCH-ME-NOT from any druggist for external skin irritation. NOW AT—

Officers Arrest 11 Persons This Week

The City Police arrested four people for drinking in public and one for being drunk. The Sheriff's department arrested one for drinking in public, two for being drunk, one for aggravated assault, who was fined \$500 and one for assault and battery against his wife. The Highway Patrol arrested one for speeding, failure to stop and no driver's license.

NEW TUMBLEBUG

MM TW
MINNEAPOLIS MOLINE MODERN MACHINERY
Two-Way gang plow

Here's the latest MM roll-over plow for plowing hilly fields, irrigated fields, terraced fields — anywhere where furrows are turned one way. The TW eliminates dead furrows and back furrows. You can turn all furrows uphill so that each furrow acts as a dam to keep the soil on the hillside.

Important features . . . Heavy beam construction and strong frame members permit deep tillage plowing. Roller-type swinging hitch is fully automatic, has 52 inch horizontal adjustment for use with crawler-type tractors also . . . square axles for strength and rigidity . . . roller bearing disc wheels with 590 X 15 tires . . . solid round hitch for greater strength and shorter turns Available with general purpose, stubble or deep tillage bottoms.

get the full TW Tumblebug story. Come on in and look over the many features of this new Minneapolis-Moline land - saving, two - way plow.

Made of pearlescent leatherette with large buckle bow, street sole. Packed in pouch purse of matching material. In colors of bone, light blue, black or pink. Sizes S-M-L.

World Wide Gauze Diapers \$2 dozen

Soft, absorbent and sanitary. Fine World Wide quality. Size 20 x 40. Stock up now and save.

OUTDOORS IN TEXAS

by Vern Sanford

Newest and by far the best method of life saving—in case of drownings, heart attacks, shock or suffocation—is mouth to mouth resuscitation.

We've just seen a short film on the subject—which every one in the state should view. It tells how, in graphic way, to apply this greatly improved method of artificial respiration.

We can't explain it as clearly as the film portrays, but we'd like to relay this message to you until the time comes when you too can view the picture.

First step is to free the victim's mouth of any obstructions—food, if the victim is choking, water if drowning—then lay the person on his back, sit beside him, tilt the head far back, lift the chin high, grasp the nose to close it tightly, then take a deep breath (bring enough air in to your own lungs to serve two persons), open the victim's mouth wide and force all the air you can from your lungs into his.

Then rest a second or two, take another deep breath, open the victim's mouth wide and again force all the air you can into his lungs.

Keep his nose closed all the time you are breathing into his lungs.

Repeat the resuscitation procedure until you see the first signs of life returning.

If air gets into the victim's stomach, press gently on his stomach to force the air out.

Here's hoping that this film will be shown before

New Club Formed By Catholic Men

Kenneth Duncan presided during a special called meeting Sunday, August 28, in the Immaculate Conception Catholic Church for the purpose of electing officers for a new Men's Club.

The club will be called Immaculate Conception Men's Club and they will meet the second Sunday of each month. The officers elected were: Rudy Jesko, president; Bennett Dearing, vice-president; and James Macka, secretary and treasurer.

every sportsmen's organization in Texas, in the youth camps, before every civic group, women's club, the boy scouts, girl scouts, schools, groups everywhere, including of course the Red Cross, Junior Red Cross, and the military.

Many a life, lost from drowning, suffocation and the like, could have been saved had knowledge of this revived process been widely known.

There is one important fact about this method of revival—the only equipment needed to do the job is always with you. It's you.

The film, entitled "That They May Live", is available for any and all gatherings, free of charge, from the film library of the State Department of Health, 100 West 49th Street, Austin, Texas. The telephone number is GL 3-6631. If you want to make an LD call, ask for the division of health education.

Whether you're an outdoorsman, or an indoorsman for that matter, you need to view this film. You need to learn this method—for your own good and your family's good, if for no other reason.

While deaths by accidents outdoors—on lakes and streams and our hunting grounds—are many, fatal accidents in the home occur even more frequently. So, whoever you are, wherever you are, there is a good possibility that you or those dear to you may find this lifesaving method useful. We urge you to read, again and again, the simple procedure outlined above, learn the steps by heart so that you can perform them quickly. Then, if at all possible, see the film!

It was our good fortune to witness the showing at the recent Austin meeting of the Sportsmen's Clubs of Texas. It received a tremendous ovation. Everyone agreed that it should be circulated throughout the length and breadth of Texas.

Regardless of your station in life, it is important that you have knowledge of the methods of performing artificial respiration. In fact, your own life may some day be in the hands of someone you taught how to do an efficient job of artificial respiration.

We repeat, at your first opportunity, see the film "That They May Live."

The Muleshoe Journal

VOLUME 38, NUMBER 35 THURSDAY, SEPTEMBER 1, 1960

Plains Farmer Saves Irrigation Tailwater

LUBBOCK—J. R. Belt, Jr., Floyd County farmer and vice president of the board of directors of the High Plains Underground Water Conservation District, has recently installed a pump on one tract of his land for the purpose of recirculating irrigation "tailwater."

Until the pump was installed, it was difficult to irrigate the land adequately without some waste because the surface of the land slopes sharply near the end of the rows. However, since installing the recirculating pump, it is now possible to run irrigation water down the slope long enough to facilitate proper penetration into the soil.

A permanent border is constructed at the low end of the field. It is used to retain "tailwater" on the farm. When water runs through the field to the border it then gravity feeds along the surface to the intake of the recirculating pump system.

The pump itself is located about 200 yards from the lowest point on the farm. The take which is situated at the

intake was made by placing a section of concrete pipe in the ground in a vertical position. The pipe section is 3 feet in diameter and 4 feet long.

A standard 12-inch concrete pipeline was then laid beneath the surface to connect the intake with the recirculating pump. The pipeline is gradually sloped toward the pump so water entering the intake will flow by gravity to the pump. It was necessary to locate the pump away from the intake to keep the pump on high ground and out of water.

The sump, in which the pump is installed, is constructed in the same manner as the intake except that, instead of using only one length of 3 foot by 4 foot concrete pipe, three pieces were used. When joined together vertically they made a sump twelve feet deep.

The pump consists of a one-stage 10-inch bowl assembly and 10 feet of 6-inch column pipe. It is powered by a 5-horsepower electric motor that starts and stops automatically through the use of a switch controlled by a float in the sump. When the sump fills, the float cuts the motor on—when the pump empties the sump, the floats cut the motor off.

The discharge of the pump is connected to a steel riser that in turn is connected to 8-inch plastic pipe buried beneath the land surface. The plastic pipeline extends approximately 600 yards to one of two irrigation wells on the farm. There it joins a previously-installed concrete pipeline system.

Irrigation water from the two wells is distributed to the crop through the older underground pipelines and surface gated-pipe. The recirculating pump coming on and going off does not interfere in any way with the normal irrigation process, and no labor is required to operate it because of the automatic controls.

Mr. Belt states that the overall cost of installing the recirculating pump system was approximately \$2500. However, he says that under ordinary circumstances this cost could be reduced by decreasing the size of the plastic pipe. He installed pipe of this size because he has future plans for utilizing it that have nothing to do with the recirculating pump.

Mr. Belt has only used the recirculating on one occasion so he is not fully aware of its benefits; however, he states that he can now run irrigation water through his field until he has the desired moisture penetration without fear of wasting water. Also, he states that now he does not need to tie up a man's time in maintaining the border at the bottom of the field because water does not build up on it.

The High Plains Water District has installed a flowmeter on the discharge of the recirculating pump to calculate the amount of "tailwater" being pumped.

Mr. and Mrs. George Laing are proud parents of a boy born at 4:46 p.m. August 21, in Methodist Hospital, Lubbock. The young man weighed 6 lbs., 3 ounces, and has been named James William. Mrs. Laing taught public school music here last year.

Mr. and Mrs. W. L. Key, Amherst, and Mr. and Mrs. Perry Fort, Balleyboro.

We enjoy the paper very much, although there are a lot of new names. Bill is working for Convair on the Atlas Missile, the first missile base.

Also this news item if you care to print it as we both are former residents of Bailey County. (Mr. Key is a former principal of Muleshoe High School).

Mr. and Mrs. S. D. (Bill) Key would like to announce the arrival of their first grandson, Sidney Louis Key, August 16, at Moses Lake, Wash., born to Mr. and Mrs. Sidney Wayne Key. Great grandparents are Mr. and Mrs. W. L. Key, Amherst, and Mr. and Mrs. Perry Fort, Balleyboro.

Grain Growers Hope To Expand Sorghum Exports

AMARILLO—Two U. S. agricultural leaders will push for greater use of grain sorghums and other feed grains in Greece and assist local farm leaders there with related livestock and poultry problems and opportunities. Named as consultants to the U. S. feed grain exhibit at the International Trade Fair at Salonika, Greece during September are William W. Grisham, Jr., of Amarillo and Dr. E. L. Stephenson of Fayetteville, Ark.

Grisham, a District Extension Agent of the Texas A & M College System, supervises the work of the county agricultural agents in the 22 counties of District I area of the Extension Service, while Dr. Stephenson of the University of Arkansas is a recognized authority on poultry nutrition.

Goal of the pair's month long tour is to further show Greek feed industry leaders and farmers, through demonstration, the practical aspects of using grain sorghum in mixed balanced livestock rations, according to Frank Moore, president of the Grain Sorghum Producers Association through which the arrangements for the assignments were made, in cooperation with the U. S. Feed Grains Council and Foreign Agricultural Service.

Moore said he is pleased to join V. G. Young, Director of the Texas Extension Service and Dr. John W. White, vice-president of the University of Arkansas in announcing the forthcoming 30 day activities in interest of developing further markets for U. S. feed grains.

Tax Man Sam Sez:

Quite a few Pops still worry every summer about how much Junior makes during vacation. At one time Pop lost his income tax exemption for Junior

If Junior earned over \$600 during the year. However, since 1954 this is no longer the case. Pop doesn't have to worry about how much money Junior makes.

A father who furnishes principal support for his child can claim an exemption for a child under 19 years of age, or for a bona fide student, over 18

years of age who was a full time student for 5 months of the year, even though the child files his (or her) own income tax return and takes his (or her) own personal exemption on his (or her) return.

This is the one case where you can take a double deduction for the same exemption.

IN TEXAS... You pay 90¢ tax on 10 gallons of gasoline

Everywhere in Texas, car owners pay 90¢ tax on every 10 gallons of gasoline they buy. Does a tax this high—on a basic commodity like gasoline—really make sense? Gasoline taxes across the nation amount to a 50% sales tax—and that's five times as high as the tax rate on luxuries like diamonds and mink coats.

How did gasoline taxes get so high? Well, since World War II, there have been three increases in the federal gasoline tax alone. This brought the Federal tax to 4 cents a gallon, in addition to the State tax of 5 cents a gallon.

Looking at it another way, in the last ten years gasoline taxes have skyrocketed 51%—yet the price of gasoline itself has risen only 5.5% during the same period.

\$78 a year for gasoline taxes! Gallon by gallon, these taxes add up to a lot of money. Each year the average motor vehicle owner in this state pays \$78 for gasoline taxes alone. That's just a few dollars less than the average week's pay for most people!

Your gasoline dealer—who must collect these taxes from you—feels that gasoline taxes are much too high. More and more, thinking people are coming to agree. What do you think?

HIGHWAYS AND GASOLINE TAXES

Your gasoline retailer, naturally, favors construction of the roads that the motoring public needs. He believes in fair and reasonable taxation for this purpose but feels that taxes on gasoline have now reached unreasonably high levels. He also believes that all special taxes on the motorist should be used only for highway purposes. Yet last year, out of every automobile tax dollar collected by the Federal Government from highway users, more than 40 cents went for non-highway purposes. If these automotive tax revenues were dedicated for highway purposes, there would be no need for the latest increase in the federal gasoline tax.

Presented in the public interest by the Gasoline Tax Education Committee 575 Lexington Avenue New York, New York

The gasoline you buy... is taxed too HIGH! Your Gasoline Dealer

BABSON DISCUSSES

Why He Is Leaving For Europe

On the Atlantic Ocean, Sept. 1. When readers see this column, I will be leaving New York City on the Cunard Steamship "Mauretania" to make my annual "check-up" abroad.

PREVIOUS TRIPS SEEKING INFORMATION

Readers will remember that two years ago Mrs. Babson and I went to South Africa and reported on the unbelievable social conditions there. Cape Town is a beautiful city; but the segregation laws are terrible. My associate, Mr. George M. Rideout, visited the West Coast leading into Central Africa, and is not surprised at the revolution going on in the Belgian Congo. Last year we visited the Scandinavian countries and West Germany, East Germany, Poland, and Russia. Our reports on these have been published by this newspaper.

The world is ruled by feelings rather than by figures, and I have learned that it is impossible to know how people feel without mingling with them in their own country. I have been especially anxious to visit France, which is the controlling link between the East and the West. Spain is now of no consequence; England seems primarily interested in looking after itself; but France, under the dominant leadership of Europe's strongest man, Charles De Gaulle, can swing us all either to the left or to the right according to his exercise of foresight and courage, and by strength of the wealth of French foreign holdings.

WEST BERLIN AND CUBA

I have had a feeling, as readers know, that Khrushchev will forget West Berlin for the present, in the hope that the lush plum of Cuba will fall into his lap. Whether I am correct or mistaken in this thought will be ascertained by my talks with influential German people. I am also anxious to learn whether the so-called "West German Boom" has reached its peak. Now that American bankers are urging U. S. investors to send funds into Germany, I am suspicious. I want to learn whether the money which we send over is being used for constructive industrial development, or whether the Germans are now selling their stocks to us and using the funds to buy United States securities.

Manufacturers in the United States now suffering from Ger-

man exports are anxious to know whether this foreign competition will become more intensive, or whether it will gradually decline. Germans with whom I expect to talk are already complaining about gradually increasing wage and other costs in Germany. This is very important from our standpoint, and I hope to bring back an impartial report thereon.

WHAT ABOUT BELGIUM

For nearly one hundred years, the Belgians have controlled the Congo and its rebellious province of Katanga. With the United Nations upholding the Lumumba, the people of Belgium are outraged, bitter, and angry. I am told they feel that they have been betrayed by their allies. They feel that the Lumumba regime in Leopoldville is only a "front" for the Communists. Readers realize that the United States and Britain have joined with Russia—through the United Nations—in ordering Belgian troops out of the Congo. In this affair, President De Gaulle of France will be an important factor as he lived for many years in Elizabethtown, Africa. He probably knows the African situation better than any other leading statesman.

The Katanga province is now a source of abundant cheap copper. Doubtless the handling of labor there is rather ruthless, and the district is handicapped by its distance from the sea and transportation costs. There are two stocks listed on the New York Stock Exchange which will be directly affected by what happens in Katanga. These are "Roan Antelope Mines" and the "Rhodesian Selection Trust." Before the Congo revolution, these were selling at 4 1/2 and 2 1/4 respectively.

They have since fallen to around 3 and 1 1/2 respectively. Whoever ultimately controls the Congo, these mines must be kept operating. It seems absolutely impossible for the natives to carry on these great copper developments. To close them down would be suicidal to the Congo. This means that either the Belgians must change and take a more constructive attitude, or else these mines will be operated by the Russians or by some appointee of the United Nations. This is another matter which I wish to learn about on my trip.

20 Years Ago Today
—By—
CHERRY HOYBOOK

EDITOR CONDUCTS A LITTLEFIELD RITE

In keeping with a promise made 10 years ago to J. C. Whicker, prominent citizen of Littlefield since 1913, editor Jess Mitchell was called to that city last Saturday for the last rites of that man who had reached 75 years of age.

He was assisted in the service by Rev. Jim Sharp, Methodist minister of that city and a former Muleshoe pastor of that denomination. Whicker had the reputation of selling more land in this area than any other dealer. He was a member of the Methodist Church, a man of wide charities and a large humanitarian interests.

FOUR SCHOOLS ARE BEGUN MONDAY

Wilson, Watson, Goodland, and Bula school districts began their fall school terms last Monday. It is stated some of them may dismiss later for cotton pulling.

TEN YEARS AGO

TO ENROLL AT ENMU Joyce Blackburn, who graduated from Muleshoe High School last spring, will enroll at Eastern New Mexico University, Portales, this fall. Miss Blackburn, daughter of Mr. and Mrs. Horace Blackburn, will major in speech.

BACK FROM TRIP

Mr. and Mrs. James Phipps and children, James Ray and Beverly, have returned from a trip to Ft. Worth, Brownwood, and San Angelo, where they visited with relatives.

WEEKEND IN TAOS

Mr. and Mrs. Albert Grusenford and children spent a few days in Taos and other points in New Mexico recently.

MRS. JAMISON TAKES SUPERJET TO FRANCE

Mrs. Wilma Jamison of Farwell recently flew in a superjet to Fontainebleau, France to join her husband, Corporal Leon Jamison who is stationed there for a one year tour of duty with the U. S. Army.

VISITORS ARE INVITED

During the Labor Day weekend, all visitors are invited to attend Holy Mass at the Immaculate Conception Catholic church. Mass will be held Sunday at 7:00 a.m. and 8:30 a.m. Daily Mass is celebrated at 8:00 a.m.

Ad Facts

U. S. citizens smoked approximately 456 billion cigarettes last year—4.5% more than in 1958. Consumers in the U. S. and Canada spent over \$7,000,000,000 for all kinds of tobacco products in 1958. To sell the greatest number of prospective customers, the tobacco industry, in 1959, increased its investment in newspapers an estimated 21.6% over 1958. The Muleshoe JOURNAL Phone 7220 Member Texas Press Assn.

Yours faithfully,
J. A.

NO. 5: MANUFACTURE OF WEATHER

The Weather Control: Land and Water Areas

The surface of the ground will heat more quickly than the surface of water. This is due to three primary differences in the two substances: 1. The opaque condition of the ground as opposed to the transparency of water; 2. The rigid form of the ground in contrast to the constant mixing of the fluid seas, and 3. The specific heat of water is greater than that of land. As the conditions of a surface are, so will the conditions of the air be that moves off that surface. Thus air that moves from the oceans will have characteristics which we associate to ocean air. Air that moves from land surfaces will have characteristics familiarly associated with continents.

When land heats it radiates this heat into the air directly above it. The hotter the surface of the land gets, the hotter the air adjacent to it becomes. The same is true with water, of course, but with water the process is much slower than that of land. The same is true of the cooling rate of the air over land and water. You will find air

cooling much faster over the ground than over water surfaces. This is because the upper layer of the ground cools quickly and is not replenished by underground heat at a worthwhile rate. Water, on the other hand, cools slowly because it continually mixes from below and to change its surface temperature the whole body of water must undergo a temperature change. Also, water holds more heat than an equal amount of land will contain.

When solar radiation reaches land it is transformed in to heat and is radiated back in to the air immediately above it. Since sunlight cannot penetrate the ground it heats only a very thin upper layer. The heat is concentrated at the surface and the temperature rises quickly.

In the desert a temperature reading was taken from the top of the sand and found to be 150 degrees. Yet just two inches beneath the surface the temperature at the same time was found to be only 80 degrees.

In contrast, when the sun shines on the water it is able to penetrate to a considerable

Today's Meditation

In the world ye shall have tribulations: but be of good cheer; I have overcome the world. (John 16:33.)

Not all the early Christian martyrs were sent to the stake or thrown to the lions. W. E. Sangster, of England, reminds us. Some were condemned to the mines of Numidia, now known as Algeria. They were made to row their own galleys to North Africa, then trek through the scorching mountains to their mines.

On arrival, their chains were shortened so that never again could they stand upright. They were branded with irons. Given a lamp and a mallet, they were whipped underground, never to return.

Many wrote messages on the depth. Thus it distributes its energy throughout a much greater volume than it does sunlight reaching the ground. Finally, since the specific heat of water is much greater than that of land, it requires five times as much energy to raise the temperature of a cubic meter of water 1 degree as is needed to raise the temperature of dry land 1 degree.

Next Week: The Weather Control Wind and Air Masses.

walls of the mines—prayers, names of friends. One word appears again and again, vita—life. They had it, even there, under such appalling conditions! Their tribulation could not rob them of their joy and victory in Christ Jesus.

PRAYER

Gracious God, our heavenly Father with whom there is neither near nor far, but one eternal presence, we thank Thee that Thou art with us always, wherever we are. Grant us in all things the joy and victory which come through knowing Christ Jesus as Saviour and Lord. In His name we pray. Amen.

THOUGHT FOR THE DAY

"This is the victory that

overcometh the world, even our faith."

CARD OF THANKS

I am very grateful to my relatives and friends for their cards, letters, visits and gifts, and the many lovely things done for me while I was confined at home with a broken knee cap. I am doing fine now. Hope to soon be back to normal. May God bless each one. Dottie Wilterding

Local Draft Boards Announce New Procedures For Class 4-F

AUSTIN, Aug. 26—New procedures to identify men who would be qualified for military service in an emergency, but who are not accepted under current Armed Forces standards, have been put into effect by Texas Selective Service local boards, Colonel Morris Schwartz, state Selective Service director, announced Friday.

These men will no longer be placed in Class IV-F, Colonel Schwartz said. It is expected that Selective Service regulations will be amended in the Selective Service classification

near future to provide a new for men not accepted under current standards, but who would be qualified in an emergency, the state director added.

Until the contemplated changes in the regulations are adopted, men found qualified for emergency service will keep their current classification. Local boards will continue to place in Class IV-F men the Armed Forces are unlikely to need in emergency, the state director said.

Armed Forces examining stations will report to local boards whether a man is currently qualified, may be qualified in an emergency, or is unlikely to be needed for military service in emergency, Colonel Schwartz added.

The state director pointed out that current standards of acceptability have resulted in high rejection rates. Many men not being accepted today, now classified IV-F, would have to serve in emergency under altered standards.

Advance identification of men qualified for emergency service will permit local boards to save time in meeting emergency mobilization requirements, Colonel Schwartz added.

The new procedures, the state director said, provide a more realistic picture of the manpower resources for emergency. It will also emphasize that rejection is temporary, he added.

Approximately 235,000 men were classified IV-F in Texas as of August 1, out of 1,175,000 men classified by the state's 137 local boards since 1948. Under the new procedures, far fewer will be put in this class in the future.

Christian Science Services

How mankind today can set about fulfilling the divine demand for perfection will be explained at Christian Science services Sunday.

Keynoting the Lesson-Sermon entitled "Man" is the Golden Text from Matthew (5:48): "Be ye therefore perfect, even as your Father which is in heaven is perfect."

These comforting words of encouragement from James will be included in the Bible readings (2:24): "My brethren, count it all joy when ye fall into divers temptations; knowing this, that the trying of your faith worketh patience. But let patience have her perfect work, that ye may be perfect and entire, wanting nothing."

Among correlative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy this will be read: "The divine demand, 'Be ye therefore perfect,' is scientific, and the human footsteps leading to perfection are indispensable (253:32-2) . . . God requires perfection, but not until the battle between Spirit and flesh is fought and the victory won." (254:6-8).

Plains Cotton Growers To Meet In Lubbock 4th

LUBBOCK—Three nationally prominent speakers representing the American Cotton Textile Industry, U. S. Congress, and the U. S. Department of Agriculture will be here Friday, Sept. 2 for the fourth annual meeting of the Plains Cotton Growers, Inc.

Now in its fifth big year, the Plains Cotton Growers, Inc. will hold its annual meeting, at Fair Park Coliseum in Lubbock, starting at 10:30 a.m. prior to the meeting, at 9:30 a.m., PGC county directors will meet to elect officers for the 1960-61 year.

Those on this year's program include J. Craig Smith, President of Avondale Mills, Sylacauga, Ala., and president of the National Cotton Council of America; the Honorable Harlan Hagen, Representative of the 14th California District, who is a member of the House Agriculture Committee; and Ralph H. Raper, Director, Cotton Division, Commodity Stabilization Service of the USDA, Washington, D. C.

Three Way News

Mrs. Frank Griffiths

Mr. and Mrs. M. L. Fine visited Mrs. Fine's parents at Colorado City last week.

Frank and Bailey Griffith went fishing last week near Del Rio.

The Pete Tarltons and the Baker Johnsons spent several days last week at Lake Brownwood. A good time was reported.

McCELVEY-LATIMER Miss Gayle McCelvey, granddaughter of Mr. and Mrs. W. C. McCelvey, of Goodland, became the bride of Charles Latimer, son of Mr. and Mrs. Ed Latimer of Goodland. The ceremony was read by Judge Glenn Williams at his office in Muleshoe Saturday morning, August 27.

The bride wore a pink sheath dress and pink accessories. The McCelveys and Latimers attended the wedding.

The couple took a trip to Cloudcroft, N. M., before settling in their home on a farm near Stegall, where Charles is engaged in farming. The bride

will continue high school at Three Way where she is a senior. The bridegroom is a 1960 graduate of Three Way.

Leslie Fine and Bailey Griffith went to Alpine Monday. Leslie has tentative plans to attend Sul Ross College at Alpine.

Mr. and Mrs. Frank Griffith and Mrs. Florence Bailey spent Sunday in the home of Mr. and Mrs. J. L. Bateas at West Camp.

Mr. and Mrs. Don Lowe are the parents of a son, born August 19 at 1:44 p.m., at Lubbock. The baby weighed 7 lbs., and was named Marshall Wayne.

The community received rain Sunday afternoon. Repts of 1/2 to 2 inches were recorded.

Mr. and Mrs. Carl Miller of Amarillo visited Sunday in the home of Mrs. Miller's parents, Mr. and Mrs. Garvin Long.

It was the first time for Mrs. Olza Long to see her great granddaughter this past weekend when Mr. and Mrs. Jimmie Lee Long and family visited here.

Attending the Pollard family reunion at Clovis Sunday were Mr. and Mrs. Marvin Holt and Beyh, Mr. and Mrs. Kirk Holt and son, Mr. and Mrs. Carl Pollard, Terry, Kathy and Mike, and Miss Elaine Kenley.

Born to Mr. and Mrs. Jerry Simpson, a boy weighing 8 lbs., 4 ozs. He was born Saturday night at West Plains Hospital in Muleshoe.

Mrs. Boykin of Littlefield visited in the home of Mr. and Mrs. Don Lowe. Mrs. Boykin is the grandmother of Mrs. Lowe.

Relatives from Reno, Nev., visited recently in the Jack Hutcheson home. They all visited in the Orville Washington home at Portales last week.

Three Way school opened Monday morning with a general assembly. Mr. Ray Clay gave the invocation and Supt. Archie Sims introduced the teachers.

He announced that school insurance would be available for all students if the parents wished to buy it. Insurance for the school term on all school sponsored activities is \$3, the 24 hour policy is \$10 per year instead of \$8 as previously announced.

Maple News

by Mrs. Cron Reeves

Mr. and Mrs. Albert Smyer and children and her parents, Mr. and Mrs. Allen of Crosbyton, went to Grandbury over the weekend to visit Mr. Allen's mother.

Mr. and Mrs. Guy Smyer had as their guests over the weekend, their daughter and family, Mr. and Mrs. Wayne Cash and children, and their granddaughter and family, Mr. and Mrs. A. D. Massey and daughters, all of Lubbock.

Mr. and Mrs. C. L. Taylor and Dorman spent the weekend in O'Donnell with her parents, Mr. and Mrs. John Burkett and other relatives.

Miss Maudine Eubanks and Miss Shirley Reeves of Lubbock visited their parents, Mr. and Mrs. Bill Eubanks and Mr. and Mrs. Leon Reeves.

Mr. and Mrs. Roland Nitcher of El Paso spent the weekend with her parents and other relatives, and took their son home with them. He had spent the weekend visiting his grandparents.

Mrs. Lora McCarthy of Dallas and Mrs. Hollis Chandler and Mrs. Lewis of Snyder, visited in the Foy Lewis home Tuesday. Mrs. Lewis stayed for a longer visit. Mrs. Lewis is Foy's mother, and Mrs. McCarthy and Mrs. Chandler are his sisters.

Mr. and Mrs. Cecil Mann and children of Arch. N. M. visited her parents, Mr. and Mrs. C. L. Taylor Monday.

Mr. and Mrs. Thurman Kelley of Amarillo visited with their parents, Mr. and Mrs. John Tyson and Mr. and Mrs. Fred Kelley and other relatives Sunday. They took their children home with them. They had spent the summer here visiting relatives.

Mr. and Mrs. Foy Lewis and children took his mother to Snyder Sunday and visited

ORIENTAL SPLENDOR FROM 'FLOWER DRUM SONG'

This scene of Oriental splendor is from "Flower Drum Song," the tuneful Rodgers and Hammerstein Broadway musical hit that will be the Music Hall attraction for the 1960 State Fair of Texas in Dallas. The show will have 24 performances October 7-22.

with his sister and family, Mr. and Mrs. Hollis Chandler.

Rex Stegall of Kilgore visited in the home of his brother and family, Mr. and Mrs. Cass Stegall the first of the week.

Mr. and Mrs. Bill Eubanks and girls visited their daughter, Miss Maudine Eubanks of Lubbock Friday. They also visited her mother, Mrs. Davis in the hospital in Hale Center.

Mr. and Mrs. Jerry Simpson are the proud parents of a baby boy, who was born August 27 at 11:15 p.m. in the West Plains Hospital in Muleshoe.

Mr. and Mrs. Vurles Wall visited with his parents, Mr. and Mrs. M. O. Wall of Portales, N. M., Saturday.

Shop The Muleshoe Journal for all Your Back-To-School Supplies.

It makes good sense to pre-plant ammonia on wheat land

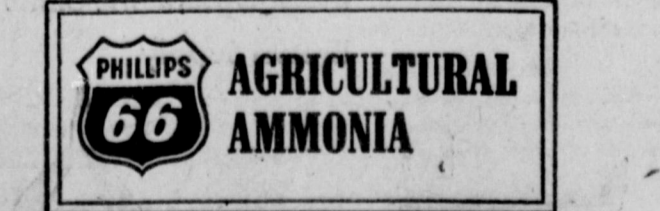

Prominent West Texas farmers like RAY SCHULTE use ammonia to get wheat yields up to 60 bu.

Ray Schulte of Castro County, who farms 875 acres, says: "On this soil around here, it wouldn't pay you to put in a wheat crop without ammonia." Applications of 100 pounds of Phillips 66 Ammonia per acre have given Mr. Schulte up to 60 bushel per acre wheat yields.

"On maize," he reports, "I put down 100 to 120 pounds of Phillips Ammonia per acre. I've made 8600 pounds maize per acre in the De Kalb 5-acre contest. Ammonia on cotton gives me about 1/4-bale increase per acre."

Thousands of Texas farmers are using Phillips 66 Ammonia to help assure top net profits per acre. Actual field reports prove that Phillips 66 Ammonia (1) boosts wheat and small grain yields (2) increases maize yields (3) produces more high grade cotton (4) improves forage production.

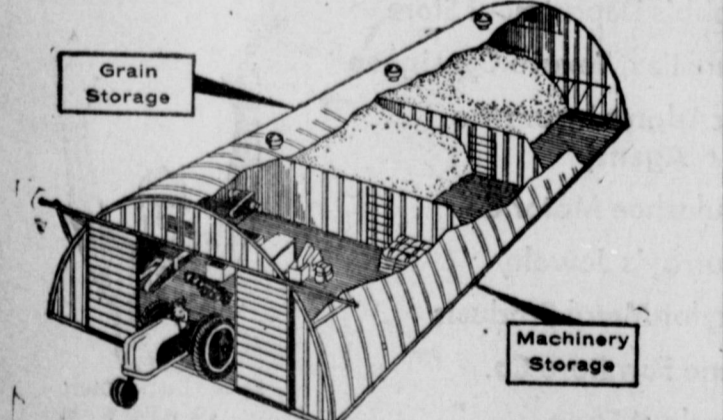

See your local Phillips 66 Ammonia Distributor now. You can depend on better ammonia service.

Lazbuddie News Letter

By Penny Gensendorf

The Lazbuddie santon's went annual selling Wednesday. They received approximately \$800. Those going were: Thomas Keotum, Corota Watkins, Patsy Morrow, Oats Bradshaw, Judy Brown, Eddy Morris, Jerry Smith, Norman Brandy, Janie Sanders, Beverly Smith, Ronnie Goslin, and Penny Gensendorf.

Rev. and Mrs. Bill Curry and family went last week to Eagle Nest and Red River. They also went to Cimmaron where they visited friends. They returned home Wednesday.

Those having birthdays this week are Gary Eubanks, Sept. 1; Billy Jones, Sept. 2; Johnnie Eagle, Sept. 2; Gerald Wayne Foster, Sept. 6; Terry Darling, Sept. 6; E. C. Ketchum, Sept. 6.

We hope all of these had a Happy Birthday!

The Lazbuddie Longhorns will play Portales in a scrimmage game Saturday.

Mr. and Mrs. U. L. Lesly and children, Reba, Ann, and Peggy, of Dalhart were guests in the T. O. Lesly home Sunday. Geraldine Broadhurst returned home Monday after spending a week in Lubbock with her brother, the Rev. Charles Wayne Broadhurst and wife Carolyn. She helped with her nephew, Lesly, and the new addition to the family, the Donna Beth.

Son Of Former Resident Hobbs Reading Champ

The Hobbs (N. M.) Daily Sun in its issue of August 21 carried an interesting article about John Owen Walker, 7 year old son of Mr. and Mrs. Joe Walker, former residents of Mulleshoe.

John Owen has won first place in the Hobbs Public Library vacation reading program, in a contest with 246 other youngsters. He read 126 books during summer vacation, but that wasn't all he did during school vacation.

The article went on to say that this summer he took art lessons and swimming lesson, studied piano and went on a two weeks vacation trip with his family as well as his reading sponge. John Owen was drawing books out of the library 10 or 12 at the time.

Mr. Walker, the child's father, held a teaching position in Mulleshoe schools for several years. Mrs. Walker is the former Joyce Gwyn, daughter of Mr. and Mrs. Byron Gwyn.
