## Bulldogs Snap Losing Streak In Big Way

The numbers on the jerseys and the names on the program were the same, but the guys playing the game looked a lot different as the Tahoka Bulldogs put together a super effort Friday night to stun favored Hale Center 45-12 and break a 17-game losing streak that dated back to midseason of 1983.

This was the same Hale Center team which bombed Tahoka 54-0 last year, and they still had most of their big, fast running backs, but the line was different. And so was the Tahoka line, which handled the visitors in the trenches quite well and helped the Tahoka offense accomplish some things it hasn't been able to do in the past.

Tahoka, 1-1, now goes to Class AAA Coahoma, which last week

beat Stanton 8-7 after losing by a single point to Seminole the previous week. It was Stanton which beat Tahoka 20-6 in the opener, but if the Bulldogs play as they did against Hale Center (and don't suffer a Dallas Cowboys-type letdown), then Coahoma had better be ready for a tough fight.

Senior running back Johnny Morin had his best game ever, gaining 166 yards in 31 carries and scoring three touchdowns. Trey Teaff also ran the option better than ever and gained 79 yards in 9 carries, including a 50-yard scamper for a TD. Halfback Todd Nance gained 61 yards in 14 carries and scored a touchdown and four extra points.

On defense, everybody did well, said Coach A.D. Shaver,

adding "they really got after them." Among the outstanding defenders were Doug Lawson with 12 tackles from defensive end and nose guard and down linemen Andrew Chapa and Scott Isbel, with 9 tackles each.

The Bulldogs had lost 30 of their last 31 games before Friday night, including 17 in a row since beating Plains 22-19 in 1983. In a 0-10 record during 1982, the Bulldogs scored only 33 points all season.

"We're not looking back any more, though," said Shaver. "Now that the team knows what it can do, we're looking to better times ahead."

In the first quarter, there was little indication that Tahoka was about to explode and blow out the Owls. In fact, on the first play from scrimmage, Hale Center's 197-pound running back Mitch McBeth broke out for a 53-yard gain, and with 8:51 left in the quarter, McBeth ran 3 yards for a touchdown. The point effort failed and it was still 6-0 at the end of the quarter.

Early in the second, Morin put Tahoka on the board for the first time with a 12-yard run and Nance ran for 2 points to make it 8-6 in favor of the Dogs. McBeth came right back with a 27-yard scoring run with 8:50 left in the half and Hale Center again led 12-8 after an extra point running try failed.

Tahoka then put on a good drive, which featured a fine catch of a Teaff pass by HB Randy Taylor, good for 33 yards, and later Teaff passed 13 yards to Nance for a touchdown with 3:51 left in the half. Morin passed to Nance for 2 points to put Tahoka ahead 16-12 at halftime.

Two touchdowns by Tahoka in each of the last two quarters put the game away. In the third, Morin ran 20 yards for a score and then ran for 2 points to make it 24-12. Later in the same period, Teaff broke free to run 50 yards on an option play to the outside, and this time Morin kicked a point to give Tahoka a 31-12 margin, much to the delight of the sparse crowd which came out in rainy weather.

In the fourth Nance ran 4 yards to score and Morin kicked point, and with 4:30 left in the game, Morin ran 4 for a TD and kicked another extra point to close it out.

Other council members present were Jim Thomas, Richard White and Nick Summit, plus City Manager Carl Reynolds and Mayor Jim Solomon. Member Dalton Wood was absent.

calls for spending \$310,504; the water and sewer budget expenses will be \$265,254; and the sanitation department expects to spend \$102,576. These three total up to \$678,334.

Tax rate already has been set the same as the current year, 49 cents per \$100 valuation. The water and sewer budgets reflect a planned increase in basic charges for sewer and garbage collection services, and in increase of 15 cents per 1,000 gallons of water used above the minimum 3,000 gallons per month. These increases, expected to go into effect in November, will allow the city to set aside funds for replacing major pieces of equipment in those departments.

## Joe Tijerina Again Brings In First Bale

For the fourth time in five years, Joe Tijerina of Tahoka brought in the first bale of cotton in the Tahoka area, claiming the \$100 premium paid by Tahoka Chamber of Commerce after the bale was ginned on Tijerina's lucky Friday the 13th.

The bale was brought to Haney Gin in Tahoka at 8 a.m. Friday and also is the first bale of cotton reported in the county. It was ginned free by Haney Gin, and the finished bale, put on display in front of First National Bank of Tahoka, weighed 518 pounds, after turnout of 23 per cent. It made 800 pounds of seed.

Tijerina said the Paymaster 266 cotton was planted the last week of May on the Britt Robinson farm on the west edge of Tahoka. It was gathered off three acres.

**FIRST BALE OF COTTON**--Joe Tijerina, center, brought in the first bale of cotton for Tahoka and Lynn County last Friday morning, and here he accepts a premium check of \$100 from the Tahoka Chamber of Commerce, presented by C-C President Dalton Wood. At right is Jay Kellin, representing Haney Gin, which ginned the first bale.

## OUT OF THE WOODS

By Juanell (Wood) Jones

I THINK this week that I'll write about a subject that I'm not ignorant about ... by now you must be wondering if there is such a subject.

I have a brother (yes, Terry, I'm going to pick on you this week), and he's okay as far as brothers go ... now, that is. But, boy was he a rat almost 20 years ago when he was barely a teenager (oh no, now I'm really going to get it) and my twin sister and I hadn't yet made it to the "terrible teens." We were three years younger and that was just enough difference for us to want to tag along after him, but for him not to want any "yucky little sisters" bugging him. This led to some rather rowdy arguments at times.

We use to have these terrific battles with those little yellow plastic hair curlers Mom used to use. We would set up card table barricades across the room and "bomb" each other with these curlers. Now Terry could always throw his more accurately and much harder than we could and it always ended the same, with us bawling and him telling us "not to be such babies!"

But we always tried to keep up with whatever he did, and

this included watching his favorite television shows. To this day I think of him whenever I see a rerun of "The Three Stooges" who he thought were the funniest guys on earth. (To this day, I also hate the dumb show.)

He also loved gruesome horror movies and I can recall nervously sitting through countless versions of Godzilla, King Kong, and all the other "fright night" movies that used to show on late Friday nights.

But, time changes all things, and we get along pretty well now ... of course, we don't have to live together anymore either! And it's funny how nice brothers can be when you don't see them as often as you used to. Now when I get him something dumb for Christmas he doesn't say "What'd you get me something stupid like that for?" He just grins and takes it.

However, he hasn't changed all that much. He's been itching to go see the new remake of "Godzilla" showing at one of the Lubbock theaters. I just know his wife can hardly wait to see that one.

And earlier this summer I

mentioned to him that my husband and I were going to build a fence and why didn't he get his hammer and come on over? He looked at me and said, "Why would I want to do that?" and I almost went home and got my old bag of curlers after him.

## City Adopts New Budget For 1985-86

### Devotional

By Rev. Hazel House

(Continued from last week)

SCRIPTURE:  
Colossians 1:1-20; John 15:1-17

Someone has said of this past generation that it is the most irreligious since Christ was born. And someone else said, "For the first time in human history, there is coming to maturity a generation of men and women who have no religion, and feel no need of one."

But I think this new or next generation is looking for more than man's earthly accomplishments for the world of humanity. And we hope they are searching for things not seen, things that are eternal, and in Christ only is this possible to attain. And to all who will hear, I can give you the key for the unseen: This word is Love! For God is Spirit — Love!

Love is the key word for Jesus said, "This is my commandment, that you love one another as I have loved you."

And what is Love? Love is something we cannot see but we know it is real, because we see the effects of love. There is nothing sweeter than a response to love that comes to humanity — How about your response to Jesus for His love to you? "You are my friends," Jesus said. And what is a friend? Some persons say "Amigo," or "buddy" or "best girl friend," and all of us can say "Jesus," for He is the Lord and is the most powerful friend any one of us can have. He has all power and knows how to take care of us now and how to take us from this planet Earth into the kingdom of heaven where He is, when He returns again in all His Glory, as He said. And since He does love us enough to die for us, and arose that we might be assured that we, too, might live forever with Him. Surely we can trust Him to guide us and do what is best for all who love Him, for us who know so little but have such a great hope through Jesus and through His promises.

A friend is one you love, you talk together, laugh together and you share things. If someone said they were your friend and they never talk

ed to you, never shared themselves with you, never spent any time with you, you would know that they were not truly a friend to you.

That is what we are doing now. We stop from just going our way to work or to school or to play games — just for this time to witness that we know we are only a branch, who also knows that the vine is alive and is here with us to take care of us, and rejoice with us for responding to His love for us. And we pause from our way just to tell Jesus we do love Him. We want to share all of our life with Him; we want to let Jesus be our life, and to say that we believe Jesus Christ is the Son of God who shows us how much God loves and cares about us. We cannot see love, but we see what it does. We see that it sent Jesus to the Cross because of His great love for us... Do we dare to love like Jesus loves?

Yes we see and know that God loves us, too — we see the evidence of that Love! Jesus is the vine, (He said it) and said, "He that abides in me, and I in him, the same brings forth much fruit; for without me you can do nothing. If you keep my commandments, you shall abide in my love." It takes some time for Jesus — it is the abiding in Him that keeps us faithful unto the end — for He keeps us, the branches, in the vine and alive forevermore! No, we can't see love, and we can't see God with only our human sight, but we can see the effects of our Love Relationship with Christ — the effects of a love that is forevermore. We can't see the wind — "Who has seen the wind? Neither you nor I; But when the trees bow down their limbs, we know the wind is passing by."

Who has seen our God? Neither you nor I. But when His children bow down their heads, we know that God is passing by.

## O'Donnell Allsup's Store Is Robbed

A strongarm robbery at Allsup's convenience store in O'Donnell early Saturday morning was being investigated this week by Lynn County sheriff's department, and the county Crime Line has offered a reward for information leading to the clearing of the case.

Attendant Norma Arguello told officers a white male,

possibly in his 20s, entered the store about 1:50 a.m. Saturday and asked to use the restroom to wash a cut on his right elbow. He then returned from the rear of the store, grabbed the woman from behind in a choke hold and forced her to the cash register. He took a small amount of cash and ran away on foot, she said.

The suspect was further

described as about 6-0, slender build, light brown medium length hair, wearing white shorts with a blue stripe down the side, no shirt or socks, and wearing tennis shoes. He was clean shaven, but had a mustache.

Freddie James of O'Donnell reported theft of tools from three tractors and theft of 250 gallons of diesel from a tank a mile east of O'Donnell Saturday night. Total value of the stolen items was set at \$725. Crime Line also is offering a reward in this case.

Police arrested a Tahoka man on Sunday at U.S. 380 and West Access Road for DWI, no proof

of liability insurance and failure to yield right of way. The subject was taken to Lynn County jail.

On Wednesday, Sept. 11, police arrested a Tahoka man in the 1900 block of Ave. E for unlawfully carrying a weapon resulting from a family disturbance call received by the sheriff's office.

Police investigated an accident on Monday in the 1200 block of Lockwood, involving a 1977 Chevrolet driven by Jose Guitierrez of Tahoka and a 1978 Monte Carlo driven by Manuel Rodriguez Quintero of Big Wells. No injuries were reported.

Police issued 13 warnings and eight citations for running stop signs, speeding and no driver's license during the past week. "Out of 21 stops, 17 were written within two blocks of Tahoka High School", Chief Gary Morrison noted.

In jail during the week were four persons for driving while intoxicated, and one each for unlawful carrying a weapon, contempt of court, public intoxication, disorderly conduct and possession of marijuana, DWI and traffic offense, fleeing and no proof of liability insurance, second offense.

**Mrs. Texas Owens**

Services for Mrs. Texas Owens, 97, of Tahoka were held at 2 p.m. Tuesday, Oct. 17, at First United Methodist Church with the Rev. Gene Wisdom, pastor, and the Rev. L.C. Landers of Tahoka officiating.

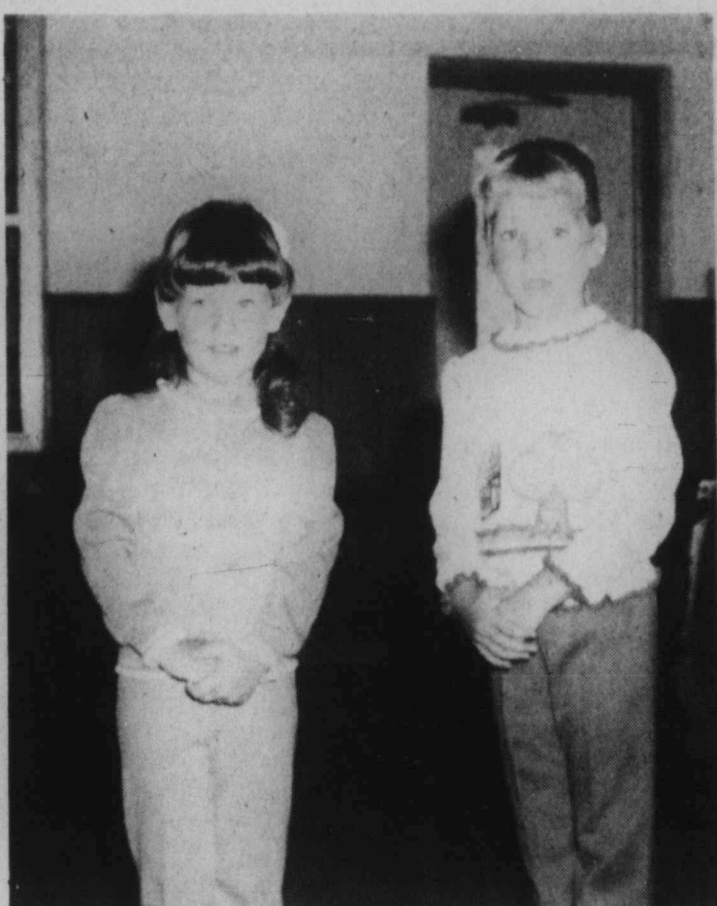

Burial was in Tahoka Cemetery under direction of White Funeral Home of Tahoka.

She died Monday in Lynn County Hospital here after an illness.

She was born in Fannin County Feb. 12, 1888 and attended school in Ladonia. She moved to Lynn County in 1916. She married J.T. Owens May 20, 1909, in Ladonia. He died in 1938. She was a Methodist. She was preceded in death by a daughter, Mrs. Christine Lindley in 1942.

Survivors include a daughter, Marie Davis of Tahoka; two sons, J.W. and Elmer, both of Tahoka; two sisters, Mildred Shephard of Dallas and Iva Fowler of Ladonia; seven grandchildren; 12 great-grandchildren; and one great-great-grandchild.

Pallbearers were Hershell Lindley, Clarence Lindley, Ross Lindley, Mickey Owens, Buz Owens, Steve Johnson and Ronny Walker, grandsons.

**STYLE SHOW** — Modeling new fall fashions at the Back-To-School Style Show sponsored by Tahoka Chamberettes last Saturday were, from left, Christie Weaver, daughter of Mr. and Mrs. Barry Weaver; Micah Smith, daughter of Mr. and Mrs. Edwin Pebsworth; and at far right, Beth Huffaker, all of Tahoka. In center photo,

Retha Pittman narrates the show, introducing the models and describing fashions from Genny's, Tahoka Daisy and Jennings of Tahoka, and jewelry from Dayton Parker Pharmacy. Several door prizes were given away during the show, and a bake sale concluded the event. (LYNN COUNTY NEWS PHOTO)

**Sales Tax Rebate Told**

State Comptroller Bob Bullock Wednesday sent checks totaling \$57.3 million in local sales tax to the 1,005 cities that levy the one-percent city tax.

September checks represent taxes collected in sales made in July and reported to the Comptroller's Office by Aug. 20.

O'Donnell's 1985 payments to date—\$9,612.21.

Tahoka's net payment this period—\$3,459.72; comparable payment prior year—\$4,060.46; 1985 payments to date—\$47,797.78.

**Emergency Lights At School Okayed**

Tahoka school board members approved emergency lights for the high school gym, school cafeteria and Gardner gym during an unusually brief meeting of less than two hours last Thursday night, with mostly routine items being taken care of.

The system to be installed, recommended by the state, would operate on batteries whenever a storm or other problem causes a loss of electrical power.

Business manager Loretta Tekell reported a balance in all funds of \$1,154,768 on Aug. 31, the end of the school year. At that time tax collections for 1984 taxes totaled \$771,115 and were 95.25 per cent complete.

More rules regarding the confusing and controversial career ladder program for rewarding outstanding teachers were discussed and some policy changes were made.

Sharon L. Ramsey was employed as special education teacher, and Patricia Knight was hired as a computer aide for the business office through Jan. 16. Added to the substitute teacher list were Marla Dawson, Sheri Craig, Joyce Taylor, Kim Hammonds and Marion K. Pennington.

It was voted to repair the school tennis courts at a cost of not more than \$1,100. And the members also voted to make repairs on the public address

system at the football field, approved a discipline management plan and authorized police officers to carry firearms on the school campuses.

**Lynn County Harvest Festival Fair Rules**

The Harvest Festival County Fair will be held Saturday, September 28 from 9 a.m. to 4 p.m. Each division will be judged and a first, second and third place ribbon will be awarded. This year there is a single entry fee of 50-cents which allows each participant to enter as many times as he/she chooses. There will be entry blanks placed in various businesses in town for your convenience. The divisions to be included in this year's Fair are:

**TEXTILE:** Includes needlepoint, crewel, bedspreads, wall hangings, children's clothing, women's clothing, men's clothing, embroidery, and quilts.

**CROCHET, KNITTING, TATTING AND WEAVING:** Entries may display afghans, baby items, hand weaving, knitted articles of all types and tating.

**CULINARY:** This will include bread, cakes, decorated cakes, cookies, candies, canned fruit and vegetables, pickles, preserves, jellies. \*\*All Canned products, including pickles and relishes must be exhibited in standard pint or quart glass jars. No mayonnaise or coffee jars accepted. All jars must be labeled as to contents. Rings must be left off jars and they must be sealed. These products will not be opened for judging. Paraffin will be accepted on jelly only.

**CRAFTS AND HOBBIES:** Holiday items, metal craft, woodcarving, ceramics, decoupage, dolls, macrame, leather craft, and misc.

**CHINA PAINTING:** Includes all hand painted china items.

**ART:** These items will include landscape, still life, pen and ink, tole painting and Norwegian rose making.

**ANTIQUES AND RELICS:** Cut glass, china, porcelain, ironstone, stoneware and crockery jars, depression glass, metals, jewelry, toys, and misc. items may be entered. There will be a special section for antique quilts.

**CREATIVE ART:** This will be shown by school students and will have been completed in the classroom, (except Junior and Senior High students). All art entered should have a Harvest Festival or Homecoming theme.

**PRODUCE:** This includes all produce items and also tallest cotton stalk and cotton stalk with most bolls. Sunflower and grain growers are also encouraged to show samples of their crop.

Plan now to enter something in the County Fair to make this the BEST FAIR ever. If you have any questions or require more information call Donna Willis, 998-4493 or Tamara Overcast, 998-4650.

The Fair will be held at the old Anthony's building on Avenue J (just south of Lynn County Extension Office), downtown Tahoka.

Entries are due from 8 a.m. til 12 noon September 26, 1985. Judging will be that afternoon.

**Applicants Sought For Miss South Plains**

The 1985 Miss South Plains Pageant will be held Nov. 9 at the J.W. Jones auditorium in Denver City. Girls 15-19 years of age, never married, are eligible to enter. There is no entry fee and applications are available upon request. No talent is required.

The pageant will also feature a Junior Miss Contest for ages 11-14; Little Miss ages 6-10 and a Tiny Miss South Plains ages 1-5.

A full day's activities is planned to award the old settlers of the Plains, pick the top vocalists and musicians and will culminate with the final selection of this year's queen in each category at 8 p.m. in the auditorium.

For application forms and further information contact Ray Trent, (806) 592-3073 or write P.O. Box 162, Denver City, TX 79323.

## Wilson Beats Spur 19-6

The Wilson Mustangs got in the win column Friday night to even their record at 1-1 as they beat Spur 19-6 at Mustang Stadium.

Justin Bednarz led the Mustangs with 18 carries for 192 yards and two touchdowns. Timmy Riojas carried the ball 12 times for 74 yards. Quarterback Greg Spears was 2-8-1 for 22 yards and one TD for the night.

Defensively for Wilson, Chris Burtch led the team with 15 tackles followed by Timmy Riojas and J. Bednarz with 14 tackles each. Bednarz also punted three times with a 39.6 yard average.

With 10:05 left in the opening period, Bednarz ran 23 yards for TD and also kicked PAT making it 7-0 Wilson. With 1:53 left in the first quarter, Spur scored on a 28-yard pass play and missed a PAT with a score 7-6 Wilson. With 6:56 remaining in the second quarter, Spears threw a 9-yard pass to Bednarz and extra point no good made it 13-6 at halftime.

With 15 seconds remaining in the third quarter, Bednarz ran 40 yards for a TD and failed on a try for two making 19-6 at the end of the third quarter. There was no scoring in the final period.

Wilson will host Sundown at 8 p.m. Friday. Sundown lost to Ralls 21-15 last week.

**FARM AND RANCH SAFETY WEEK**—Texas Farm and Ranch Safety Week is Sept. 15-21 and is a special effort to call attention to safe farming and ranching operations. A safety engineer with the Texas Agricultural Extension Service notes that farming and ranching is one of the most hazardous and stressful occupations in the nation. And, with so many of today's farmers and ranchers concerned about the economic health of their operations, they could not bear the added burden of loss that would result from a serious accident or illness.

## WILSON NEWS

BY MARGRET CRISPIN

The Mustangs will play Sunday here Friday night at 8 p.m.

The Wilson Athletic Boosters meet each Tuesday night at 8 to view the video of the football game of the previous week. Everyone is invited to attend the meetings and join the organization. Membership fee is \$5 per family.

Boosters will be giving away a football and jam box at the homecoming football game Oct. 4. Contact any booster for information. Mustang decals will be on sale each week in the concession stand, along with denim Mustang caps (size small only are left). Support the club in their money making projects.

The homecoming parade will be held Thursday, Oct. 3, and churches, clubs, businesses or individuals are invited to participate with a float or entry. Interested persons may contact Barry Poth, principal at the high school or Debra Webb, booster club president.

Chris Burtch sustained a broken bone in his hand during Friday's play against Spur, and Jayson Bartley suffered a badly sprained ankle. Burtch is expected to play this week, but Bartley will be out at least one more week.

Mrs. Charles Whisner visited in Wilson Saturday with her mother, Mrs. Lorian Crowson. She was enroute to Hobbs where

she and her husband are moving. Charles is employed by Amoco Production Co. and has been transferred from Clayton.

Mrs. Shorty Moore visited Friday with her son and family, Mr. and Mrs. Brad Moore, Randy, Russ and Kelly. Mrs. Moore also attended the funeral of her cousin, Mrs. Ina D. Kendricks of Dimmitt. Burial services were in Hart.

Runt Moore has been released from the VA Hospital in Amarillo where he underwent surgery for a hip prothesis. He is recovering at the home of his niece, Mrs. Shirley Gage in Lubbock.

The First Baptist Church is working for a high attendance Sunday this week as Rev. Phil Sams fills the pulpit in view of a call. A covered dish luncheon will be held after the church services to allow people to get acquainted with Rev. Sams and his wife and two children. Everyone is invited to attend.

FBC held its annual Appreciation Banquet Wednesday night.

### Whiteweed's Effect On Cotton Eyed

The costly effect of silverleaf nightshade (whiteweed) on area cotton crops was pointed out in a recent article in the Southwest Farm Press by U.U. Alexander, Texas Extension Agronomist. In part, Alexander's article, stressing the financial loss, said:

Silverleaf nightshade (whiteweed), devilscaw and johnsongrass are thriving in 1985. Studies in the Trans Pecos region in 1983 indicated that one nightshade per two foot of row could cut lint yields by 17 percent.

"In the Rolling Plains in 1984, Ray Minkley, Motley County Extension agent, demonstrated a yield decrease of 34 percent from that same population. This motley County demonstration showed a dollar loss per acre of \$96 as a result of silverleaf nightshade.

"In these times of trying to hold the line on expenses of producing a crop, one economical approach is spot treatment with glyphosate or Roundup, at the fruiting stage of the weed. A 2 percent solution of Roundup plus surfactant applied when neither the weeds nor the crop are undergoing drought stress, and after the nightshade have begun to produce berries, has proven to be effective.

"Another approach, which is still more economical, is the use of a weed wiper or wick applicator used in skip row cotton. A mixture of one part Roundup to two parts water, wiped in two directions, uses very little herbicide per acre, yet is effective if applied at the berry stage of growth under good growing conditions.

"Travel at speeds of under five miles per hour to allow adequate wiping action on the weed.

Next year, move the skip and treat the newly created skip area. This method requires several years to get the weeds under complete control, but is a very economical method.

With either of these methods, remember to keep the herbicides off the crop. Roundup is completely non-selective."

### Lynn County Gets Road Maintenance Funds

Lynn County has been allocated \$27,117.10 by State Treasurer Ann Richards for road construction and maintenance.

The Treasurer each year disburses money appropriated by the Legislature for the Lateral Road Program. The grants may be used by counties for the purchase of right-of-way and for construction and maintenance of lateral roads, farm-to-market roads or state highways.

The money is allocated to each county under a formula based on the county's area, rural population and lateral road mileage.

### South Plains Community Action Assn. Receives \$19,458 Contract

The South Plains Community Action Assn., Inc. was awarded \$19,458 for weatherizing homes of low income people, with priority given to the elderly and disabled.

Under program guidelines, as much as \$1,600 can be spent to weatherize a single dwelling by applying caulking, weatherstripping, and insulation and by replacing windows or doors.

The weatherization contracts, which are administered by the Texas Dept. of Community Affairs, use funds from the U.S. Department of Energy and U.S. Health and Human Services.

South Plains Community Action Assn. Inc. covers the counties of Bailey, Cochran, Garza, Hockley, Lamb, Lynn, Terry and Yoakum.

## Farm Credit In Texas Claimed Strong, Despite Journal's Report

The Farm Credit Banks of Texas this week released information on the condition of the Federal Land Bank of Texas, Federal Intermediate Credit Bank of Texas and the Texas Bank for Cooperatives that officials said showed "the Texas District is experiencing excellent financial health."

This position was in contrast to the negative picture of the Farm Credit System painted by the Wall Street Journal in its Sept. 4 lead article.

James A. Rogers, president, reported that as of July 31, the banks' combined net earnings were \$19 million on combined loans outstanding of \$4.1 billion. The banks project that earnings for all of 1985 will total \$26.1 million. The figure is after providing assistance to two ailing system banks - the Federal Intermediate Credit Banks of Spokane and Omaha.

Rogers said that for the Texas Farm Credit District as a whole, which also consists of the Federal Land Bank Associations (FLBAs) and Production Credit Associations (PCAs), projected net earnings for 1985 total \$38.5 million. FLBAs and the Federal Land Bank make and service mortgage loans. PCAs are direct lenders and obtain their loan funds from the Federal Intermediate Credit Bank.

The Texas District had incurred net loan losses of only \$1.1 million through July 31, according to the report. Rogers projects that total net losses for 1985 will reach no more than \$6.1 million. The district has loan loss reserves of \$100 million, as of July 31, "more than

adequate to handle projected losses," Rogers stated.

Credit quality for the Texas District continues to be strong, Rogers said. The Federal Land

Bank has only \$1.7 million of vulnerable and loss loans or 0.06 percent of total loans outstanding. For the FICB/PCAs, vulnerable and loss loans total \$10.4 million or 0.97 percent of outstanding loans. The Bank for Cooperatives has vulnerable and loss loans of \$5.5 million or 2.9 percent of outstanding loans.

Rogers pointed out that in addition to adequate loan loss reserves, the Farm Credit Banks of Texas are strongly capitalized. Total capital for the banks was more than \$483 million as of July 31, 1985. This represents about 10 percent of total assets of \$4.8 billion.

"Land Bank, PCA, and cooperative stockholders in Texas should not interpret what they read in national publications as the situation in Texas," Rogers said. "We continue a strong organization in every way."

"The strength of the Farm

Credit Banks of Texas will allow us to continue as a reliable source of credit with attractive rates for farmers, ranchers and agricultural cooperatives."

### Conservation Tour Set

The Lynn County Soil and Water Conservation District invites interested persons to a conservation tour of Lynn County today (Thursday) from 9 a.m. to 12 noon. The tour will leave from the courthouse at 9 a.m. and return by noon.

### Dawson County Farm Tour Set

The Annual Dawson County Farm Tour will begin at 9 a.m. Friday, Sept. 20, leaving from the Dawson County Community Building, South Houston Street, on the Fair grounds by bus.

Guest speakers on this year's tour will include Dr. James Supak, Area Agronomist-Cotton with the Texas Agricultural Extension Service, Lubbock and John Farris, Dawson County Extension Agent, Lamesa.

Tour stops will include the following demonstrations: Grain sorghum demonstration, Jerry Vogler farm; Cotton Pix Demonstration, Quinton Airhart farm; Drip Cotton, Donald Love farm and Regional Dryland Cotton Variety Test, Donald Love Farm. All participants are invited to join us for a free "Poor Boy" lunch at 12 noon in the Dawson County Community Building.

### PUBLIC NOTICE

BRIEF EXPLANATORY STATEMENTS OF PROPOSED CONSTITUTIONAL AMENDMENTS GENERAL ELECTION NOVEMBER 5, 1985

**PROPOSITION NO. 1 ON THE BALLOT**

Sections 1 and 2 of House Joint Resolution 6 propose a constitutional amendment that would authorize the Texas Water Development Board to issue an additional \$980 million of Texas Water Development bonds.

The additional bonds to be issued will be dedicated for deposit in the Texas Water Development Fund, with \$190 million of those bond proceeds to be used for water supply loans and facilities acquisition and with \$400 million of those bond proceeds to be used for state participation in the acquisition and development of facilities for storage, transmission, transportation, and treatment of water and wastewater. Of the remaining bonds authorized, \$190 million will be dedicated for use in water quality enhancement projects, and \$200 million will be dedicated exclusively for flood control projects.

The amendment would also allow the legislature to provide for the creation, administration, and implementation of a bond insurance program to which the state pledges up to \$250 million of its general credit to insure payment of the principal of and interest on bonds or other obligations issued by political subdivisions of the state for water conservation, water development, water quality enhancement, flood control, drainage, recharge, chloride control or desalinization. Unless authorized to continue by a two-thirds vote of the members of each house of the Legislature, the bond insurance program will expire on the sixth anniversary of the date on which this section becomes a part of the constitution. Bond insurance issued before expiration of the program will not be affected by such expiration.

The amendment would authorize the legislature to create and appropriate money to special funds in the state treasury to make grants, loans, and other financial assistance available to governmental entities for certain enumerated water planning purposes. Also, the legislature would be permitted to extend the benefits of constitutionally approved water projects to nonprofit water supply corporations.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the issuance of an additional \$980 million of Texas Water Development Bonds, to create special water funds for water conservation, water development, water quality enhancement, flood control, drainage, subsidence control, recharge, chloride control, agricultural soil and water conservation, and desalinization; to authorize a bond insurance program, and to clarify the purposes for which Texas Water Development Bonds may be issued."

**PROPOSITION NO. 2 ON THE BALLOT**

Section 3 of House Joint Resolution 6 proposes a constitutional amendment that would allow the Texas Water Development Board to issue and sell Texas agricultural water conservation bonds in an amount not to exceed \$200 million, if authorized to do so by a two-thirds vote of the members of each house of the legislature. The Texas agricultural water conservation bonds would be general obligations of the State of Texas, and would be paid from the first money coming into the state treasury in each fiscal year. The amendment would allow Texas agricultural water conservation bonds to be issued and sold only for four years after the date on which this Act becomes a part of the constitution.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the issuance and sale of \$200 million of Texas agricultural water conservation bonds."

**PROPOSITION NO. 3 ON THE BALLOT**

House Joint Resolution 54 proposes a constitutional amendment that would permit the legislature to authorize a city or town to spend public funds and levy assessments for the relocation or replacement of water laterals on private property if such relocation or replacement is done in conjunction with or immediately following the relocation or replacement of water mains serving the property. Any legislative enactment permitting the expenditure of funds for such purposes would authorize the city or town to fix a lien on the property, with the owners' consent, for the cost of relocating or replacing the water laterals, and would provide that such cost shall be assessed against the property, with repayment by the property owner to be amortized over a period not to exceed five years at the rate of interest set by law. Such liens could not be enforced until after five years from the date the liens were affixed.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the legislature to enact laws permitting a city or town to spend public funds and levy assessments for the relocation or replacement of water laterals on private property."

**PROPOSITION NO. 4 ON THE BALLOT**

Senate Joint Resolution 21 proposes a constitutional amendment that would authorize the use of the proceeds from the sale of permanent school fund land to acquire other land for the permanent school fund. Currently, the constitution requires that proceeds from the sale of such land be invested in certain bonds and other securities.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing proceeds from the sale of land dedicated to the permanent school fund to be used to acquire other land for that fund."

**PROPOSITION NO. 5 ON THE BALLOT**

House Joint Resolution 89 proposes a constitutional amendment that would enable the legislature to regulate the provision of health care by hospital districts by determining

### Social Security... OUT WEST

By Bill West  
Social Security Field Representative

Many people with Medicare protection and their families may not be aware of a new type of Medicare benefit designed to help people who are terminally ill to live the rest of their days with some degree of comfort and dignity. "Hospice care" is

primarily a comprehensive home care program which provides all the reasonable and necessary medical and support services for the management of a terminal illness, including pain control.

Although the patient is usually cared for in the home, hospice services can be provided in an institution. The care must be provided by a public agency or private organization certified by Medicare to provide hospice services.

In general, care outside a hospital is less expensive for both Medicare and the patient. Medicare pays the hospice directly for the full cost of all the reasonable and necessary covered services it provides for a terminal

illness and related health problems. There are no deductibles and co-payments, except for two items. These include drugs or biologicals for pain relief and symptom management and inpatient respite care — a short term inpatient stay to enable the person who regularly assists the patient to get some temporary relief.

The hospice can charge 5 percent of the reasonable cost, up to a maximum of \$5, for each outpatient prescription for pain relief and symptom management. The hospice can also charge 5 percent of the cost of the inpatient stay, up to a total of \$400 in 1985. The patient may not be charged more than this amount during a period of hospice care.

To be eligible for Medicare-covered hospice care, the patient's doctor and the hospice medical director must certify that the patient has a terminal illness; the patient must sign a statement choosing hospice care instead of standard Medicare benefits for the terminal illness; and the patient must receive care from the Medicare-certified hospice program.

Since Medicare hospital insurance covers the full cost of all Medical and support services for a terminal condition, the patient generally give up the right to payment for standard Medicare benefits for the terminal illness when hospice care is chosen.

Medicare can pay for a maximum for two 90-day periods of care and one 30-day period. However, if a patient still needs hospice services after the hospice periods are exhausted, the hospice must continue care unless the patient no longer wants hospice services.

The Health Care Financing Administration publishes a pamphlet, *Hospice Benefits Under Medicare*, which is available at Social Security offices.

will be the responsibility of the Legislative Redistricting Board if the Judicial Districts Board fails to make a timely reapportionment. The amendment would provide for the creation of judicial districts smaller than a county in counties where the creation of such districts has been approved by the voters at a general election. The amendment would provide for more than one judge for a judicial district. The amendment would rename supreme judicial districts as courts of appeals districts. The amendment would provide that the jurisdiction and terms of court of district and county courts may be as provided by law. The amendment would provide for the jurisdiction of justice courts, which may have additional jurisdiction as provided by law. The amendment would provide for rules of judicial administration and civil procedure to be promulgated by the Supreme Court, and would provide that the legislature may delegate additional rule making power to the Supreme Court or to the Court of Criminal Appeals. The amendment would provide that courts and judges in existence at the time of its adoption remain in existence until otherwise provided by law.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment providing for the reapportionment of the judicial districts of the state by the Judicial Districts Board or by the Legislative Redistricting Board, and providing for the administration and jurisdiction of constitutional courts."

**PROPOSITION NO. 10 ON THE BALLOT**

House Joint Resolution 19 proposes a constitutional amendment that would authorize the legislature to provide for the issuance of general obligation bonds, the proceeds of which would be deposited in a fund to be known as the farm and ranch finance program fund. The fund would be administered by the Veterans' Land Board and would be used to make loans and provide other financial assistance for the purchase of farm and ranch land. The amount of bonds outstanding at any one time would be limited to \$500 million. The principal and interest that becomes due on such bonds in each fiscal year would be paid from amounts remaining in the interest and sinking fund at the close of the prior fiscal year, with the balance due to be appropriated from treasury revenues in the fiscal year when such amounts become due.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the issuance of general obligation bonds to provide financing assistance for the purchase of farm and ranch land."

**PROPOSITION NO. 11 ON THE BALLOT**

Senate Joint Resolution 16 proposes a constitutional amendment that would define indictments and informations as instruments charging a person with the commission of an offense, and would delete certain technical requirements as to the form of writs and processes.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment relating to the manner in which a person is charged with a criminal offense and to certain requirements applicable to state writs and processes."

**PROPOSITION NO. 12 ON THE BALLOT**

Senate Joint Resolution 10 proposes a constitutional amendment that would grant the Texas Supreme Court and the Texas Court of Criminal Appeals jurisdiction to answer questions of state law certified from a federal appellate court.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment granting the Supreme Court of Texas and the Court of Criminal Appeals of Texas jurisdiction to answer questions of state law certified from a federal appellate court."

**PROPOSITION NO. 13 ON THE BALLOT**

Senate Joint Resolution 14 proposes a constitutional amendment that would create a board with responsibility for the reapportionment of judicial districts, subject to legislative approval. The amendment would provide for the continued power of the legislature to provide for judicial reapportionment and would provide that reapportionment

will be the responsibility of the Legislative Redistricting Board if the Judicial Districts Board fails to make a timely reapportionment. The amendment would provide for the creation of judicial districts smaller than a county in counties where the creation of such districts has been approved by the voters at a general election. The amendment would provide for more than one judge for a judicial district. The amendment would rename supreme judicial districts as courts of appeals districts. ## 4-H News

BY JASON SPENCE

The Tahoka 4-H Club met Sept. 16 at the Lyntegar meeting room. President Sharla Miller called the meeting to order. Rochelle Reid led the 4-H motto and pledge with Eden Williams leading the pledge to the American flag. Cody Smith gave the Inspiration.

There were 37 present including members, parents, leaders and guests. Guests were Laura Aldous, Casey Tyler and Jana Engle. They were welcomed and then invited to become 4-H members.

Officers for the 1984-85 year carried out their last duties and then officers for the 1985-86 year were elected: Senior offices; Sharla Miller, president; Rochelle Reid, vice president; Tricia Davis, secretary-treasurer; Jason Spence, reporter; Melissa Askew, parliamentarian; Jody Woodard and Kathy Davis, council delegates. Junior offices: Lanae Monk, president; Kris Belew, vice president; Timothy Young, secretary and Aron Miller, reporter.

Nadine Dunlap, representing the Harvest Festival, reported that boys and girls wishing to enter the Harvest Festival Project Show should register by Thursday, Sept. 25, no later than 2 p.m. at the fair building. A high point award will be given to the boy and girl having the most points. Also, posters showing "What 4-H Means To Me" will be due in the Extension Office Sept. 24. A committee was appointed to investigate the idea of the 4-H sponsoring a booth at the Harvest Festival.

Cody Smith and Jody Woodard served refreshments.

National 4-H Week is coming up and all youngsters are encouraged to join 4-H. In honor of this week, the club voted to attend a service at the First Baptist Church.

## Energas Files For Refund From Westar

Energas Company (OTC) recently filed with the Railroad Commission of Texas a request for an interim relief and a refund of approximately \$23.7 million plus interest from Westar Transmission Company based on overcharges by Westar for gas purchased by Energas between October, 1984 and June, 1985. Any amount refunded to Energas based in this filing would be passed on to our customers in a manner to be determined by the Railroad Commission. This request stems from a complaint case filed by Energas against Westar and its parent, Cabot Corporation, in December of 1984 before the Railroad Commission. The case is still pending.

In the complaint, Energas alleged that higher priced gas purchased from affiliated producers or suppliers of Cabot or Westar was delivered to the utility company instead of lower priced gas supplies that may have been available. Information Energas obtained in the discovery phase of the Railroad Commission proceedings substantiates the allegations. Therefore, the company has asked for immediate refund of the overcharges for those months.

Also alleged in the complaint was that Westar and Cabot may have transferred certain utility property and gas supply contracts from Westar to an affiliate. Any refunds based on this charge will be addressed at a later time.

A pre-hearing conference in this case has been scheduled for Friday, Sept. 13, at the Railroad Commission offices in Austin.

## THS Class of 1975 Reunion Planned

The 1975 graduating class of Tahoka High School will hold their 10th reunion after the homecoming game Sept. 27 in the building behind the Clifton Clark home four miles north of Tahoka on the east side of Highway 87.
