FESTIVE OCCASION — Part of the crowd at Lyntegar Electric Co-Op's annual barbecue and stockholders meeting is shown here at the Tahoka High School football field Tuesday evening. A total of 3,365 persons ate and lounged in a relaxed picnic atmosphere.

Football Bulldogs Working With New Schedule, Offense

More than 40 boys reported for beginning workouts this week to Tahoka interim head coach Ted Wiley, who began installing a new offensive system in preparation for a schedule which has been changed since three new teams are included in the district lineup this year.

Larger Crowd Attends Co-Op Event Here

The annual meeting of Lyntegar Electric Cooperative, Inc. with a barbecue at the Tahoka High School football field attracted a larger-than-usual crowd, as 3,365 were served Tuesday evening. The previous year's crowd was just under 3,000.

Re-elected as directors were Weldon Mason of Meadow Rt. 1, district 1; Billy Fred Weaver of Post Rt. 2, district 6; and Leonard Nettles of New Home, district 7.

President Gonzell Hogg presided, and Gerald Huffaker was master of ceremonies. Attorney Harold Green conducted the business meeting.

The printed report of the year's finances showed the cooperative to have assets totaling \$33.9 million.

Crime Activity Light This Week

Tahoka Police arrested a 20-year-old Tahoka man for exhibition of acceleration and disorderly conduct during the week. Officers said the man became loud and abusive after being stopped for a traffic violation.

Also jailed during the last week were one person for public intoxication and disorderly conduct and one for driving while intoxicated.

No new burglaries or acts of violence were reported. Dept. of Public Safety officers investigated a two-vehicle collision east of Tahoka on U.S. 380 early Wednesday. No other details were available but no injuries were reported.

Harvest Festival Committee To Meet

All persons interested in planning this year's annual Lynn County Harvest Festival are urged to attend the Harvest Festival Committee meeting at 7 p.m. Thursday, Aug. 14 in the SPS Reddy Room.

The festival is slated for Saturday, Sept. 20 in downtown Tahoka. This year's co-chairmen of the committee are Nadine Dunlap and Juanell Jones.

Seven of the Bulldogs' 10 games will be district contests. Still in the district are Seagraves, Morton, Shallowater and New Deal, and newcomers in the district are Ralls, Crosbyton and Spur.

Plains is no longer in the district, but the Bulldogs will play the Cowboys in the season opener at Plains Sept. 5. First home game is Hale Center on Sept. 12, and the other non-district game will be homecoming on Sept. 19 against neighboring Wilson.

Two scrimmages are scheduled before the season, both in Tahoka. The Bulldogs will scrimmage Anton and Ropesville, probably on Aug. 22 and 29 respectively, although both dates were tentative this week.

Wylie is planning to use a veer offense with split backs, hoping to turn Tahoka's football fortunes around. After a string of winning seasons through 1981,

the Bulldogs have won just two games in the last four seasons.

This will be the first year since 1968 that Tahoka has not played Stanton in the opening game of the season. The Dogs, in fact, don't play Stanton at all this season.

Wylie is starting his fourth year in Tahoka, plus he coached junior high here back in 1974. Prior to returning to Tahoka as an assistant, he was head coach at Lorraine for two years. In high school at Lubbock Monterey, he was a receiver and halfback. He is a Tech graduate.

1986 SCHEDULE

Sept. 5 at Plains
 Sept. 12 Hale Center
 Sept. 19 Wilson (Homecoming)
 Sept. 26 *Seagraves
 Oct. 3 *at Morton
 Oct. 10 *Ralls
 Oct. 17 *at Shallowater

 Oct. 31 *at Crosbyton
 Nov. 7 *at New Deal
 *District games

Congressmen Join Rail Closing Issue

Staffs of Congressman Charles Stenholm, representing Lynn County, and Larry Combest, representing Dawson County, this week contacted the Interstate

Commerce Commission in Washington, telling them of the concern they have over Santa Fe Railway's plans to close the 54-mile spur line which goes through Tahoka, Wilson and O'Donnell.

According to the Lubbock Avalanche-Journal's Washington Bureau writer John Carter, in Wednesday morning's issue of the A-J, the federal agency, which must okay the abandonment, was told that closing the line would hurt the cities it serves.

Robert Garrett, spokesman for Santa Fe, was quoted as saying "there has been declining traffic on that line, but we don't have exact figures." He also said the line is just one of a number which the railroad will study for closure this year, but would not say how many of the lines studied for abandonment are actually closed. "Each line is different," he said.

Combest told the ICC that several businessmen along the line "use the railroad as virtually the only means of transportation to get their products to market ... I urge you to take into careful consideration the concerns of the towns that are served by this railroad spur."

Band Social To Welcome New THS Band Director

Tahoka band members of all ages and their parents are invited to an ice cream social at 7 p.m. at the Tahoka Mini-Park on Thursday, Aug. 14. Band members will welcome their new band director, Tony McGowan.

Everyone who can bring ice cream is urged to do so.

Wilson Students To Register Aug. 19-20

Wilson I.S.D. will have registration of all students following the schedule listed:

Tuesday, Aug. 19
 9-10 a.m. Seniors
 10-11 a.m. Juniors
 11-12 Noon Sophomores
Wednesday, Aug. 20
 9-12 Noon Elementary (K-6) in elementary gym
 9-10 a.m. Freshmen
 10-11 a.m. Eighth grade
 11-12 Noon Seventh grade

OUT OF THE WOODS

By Juanell (Wood) Jones

WELL, WE MADE it back from vacation, although it was really a tough decision on whether to stay in the cool mountains near Santa Fe, N.M. or return to the 100°-plus heat wave the area reported to have while we were gone.

One of the major deciding factors in favor of returning was our dwindling source of funds. We scrimped and saved for our annual summer vacation, only to hand it out in sizeable chunks when we reached our destination. Oh well, what's money for if not to enjoy yourself? We enjoyed ourselves so much that when we finally pulled into our driveway at home sweet home, we had enough cash between us to possibly buy a medium-sized Coke, and the gas gauge marker quivered just above the big "E".

Oh, but we did have fun on our annual camping trip. The guys once again donned all their fishing paraphernalia and trudged off through the woods, following the path near the Pecos River that we were told was stocked "every week." I don't know what they stocked it with, because I surely wasn't fish.

After three days of casting his line baited with those pretty little red salmon eggs (they look like red-hots to me), my husband had managed to hook into two fish — they don't really count though, because both of them managed to slip away after surfacing just long enough to give Gary the evil-eye for daring to catch them.

The other guy with us caught a grand total of eight fish and a six-pack of A&W Root Beer he fished out of the river that some other poor fisherman must have left cooling in the stream and it slipped away.

Because I had already said that I was going to fish on this trip, I had Gary bait a hook for

me and tossed the line (oh, excuse me, cast the line) into the water. I immediately felt a nibble and jerked it up in the air to see what delicacy we could have for supper. But the dumb fish had only taken the bait, not the hook. After that, I stuck with it for about another half hour, and not seeing hide nor hair (scales nor gills) of the slippery little creatures, I left the guys to their own devices and went hiking.

We always pack up our gear and head for Santa Fe for the last couple of days, and it was there that I purchased a local newspaper and read where bears had been attacking campers at the Boy Scout camping area north of Red River. It reported that bears had scratched and bitten several boys while they were sleeping in their tents at night, and six bears had been killed already.

Now we were not very close to Red River, but hey — bears got feet don't they? If they're walking around in the woods up there, then what's to stop them from coming south to sample other campers? I was thankful we were through with camping out, and very glad I hadn't read the article before we pitched our tents. My poor husband would have had to keep a night watch vigil, because if he thinks I'm afraid of mice, just wait til a bear shows up.

Now, bears are a whole lot bigger than a puny little mouse, and their teeth and claws are big and sharp, but they're still not as disgustingly ugly as a mouse. I think if I saw a bear I'd have sense enough to act accordingly, but if I saw a mouse the size of a bear, rearing up on its hind legs, I'd die right in my tracks.

Okay, if I have to choose, I'll take a mouse instead of a bear. But, please God, make that mouse stay outside!

THS Students To Get Books, Schedules

Students at Tahoka High School and junior high are to pick up their pre-registration class schedules, books and locker assignments next week at the office of Counselor Molly Helmlinger, according to the following schedule, between the hours of 9 a.m. and 3 p.m.:

Monday, Aug. 18 — juniors and seniors.

Tuesday, 19th — freshmen and sophomores.

Wednesday, 20th — seventh and eighth grades.

Thursday and Friday, Aug. 21-22 — All those who could not come by at the scheduled time for their grades.

Miss Helmlinger said no schedules will be changed after Friday, Aug. 22.

Chamber Directors Meeting Held Here

Chamber of Commerce directors met Aug. 5 at the Tahoka Cafeteria. Weldon Self, President, set up an agriculture committee to help identify with the current economic problems.

Bernice Phipps was elected Vice-President.

A community survey will be ready at the Chamber office soon. This is a comprehensive study of Lynn County.

An arts and crafts sale will be held in November in conjunction with the Chamber.

"Wisdom is divided into two parts: a) having a great deal to say, and b) not saying it."

Former THS Athletes, Friends Meet

Former athletes at Tahoka High School got together Saturday for the first reunion of its kind, and more than 200 persons showed up, including about 140 ex-athletes.

The event started out as a reunion of athletes during the years Bill Harralson was football coach and Jake Jacobs coached basketball, but grew to the point that athletes from the years of 1948 through 1963 were present. Harralson and Jacobs were featured guests.

Former Lynn County News Publisher Frank Hill and Coach Tom Bartley were remembered for their service to athletics at THS. Cheerleaders from past years led cheers at the event, which also included golf during the day, and an evening meal.

Persons registered from California, Washington D.C., Alabama, Arizona and Louisiana.

FORMER COACH RETURNS — Former THS Football Coach Bill Harralson, center, is greeted by Mr. and Mrs. Jimmy Bragg as the coach was back in Tahoka Saturday for a reunion of athletes who played under Harralson and Jake Jacobs. Harralson now lives at Hideaway Lake. His teams won three district championships in the first four years of his 8-year tenure here.

MRS. DAVID MICHAEL BURKE nee KAREN BETH TUCKER
Tucker-Burke Vows Exchanged

Karen Beth Tucker and David Michael Burke exchanged marriage vows at the Immanuel Baptist Church in El Paso on July 12, 1986. Dr. H. Robert Tucker, Jr., father of the bride, officiated.

Parents of the bride are Dr. Tucker and his wife, Margaret, who is the former Margaret Roberts, daughter of Mr. and Mrs. John A. Roberts of Tahoka. They reside in El Paso. The groom is the son of Captain Patrick Burke (USN-Ret.) and Mrs. Diane Burke of Charleston, S.C.

The bride's gown was made by her maternal grandmother and was previously worn by her aunt, mother and sister.

Matron of Honor was Elaine Maltzberger, sister of the bride. Best Man was Lewis Barnett III.

The bride attended UTEP College of Nursing and Burke is a graduate of Furman University, Greenville, S.C. He is currently serving in the U.S. Army, and the couple is in Germany where Cpt. Burke is on a 3-year assignment.

Out of town guests included grandparents Mr. and Mrs. Roberts, Dr. and Mrs. H.R. Tucker of Athens, Tx., and Mr. and Mrs. Burke from Colorado.

Edwards Family Reunion Scheduled For Aug. 17

The descendants of the late Mr. and Mrs. C.J. Edwards will have their annual family reunion Sunday, Aug. 17 at 10 a.m. in the Tahoka school cafeteria.

Participants should bring a covered dish and visit with relatives and friends.

Home Base Applications Now Being Accepted

Tahoka Home Base is currently accepting applications for 4-year-olds. Requirements are: birth certificates, immunization records, and verification of income.

For more information call or come by the Lynn County Community Action Center at 1404 S. 3rd in Tahoka, phone 998-5094.

Lynn-Garza Counties Holiness Crusades Slated

Grassland Community Church of the Nazarene will host the second annual Lynn-Garza counties Holiness Crusades, Aug. 19-24. Services will be conducted each week-day at 7:30 p.m. with the concluding service Sunday afternoon at 6 p.m.

Workers for this year's crusade will be Rev. J.R. Smith, pastor of First Church of the Nazarene of Post. Rev. Bob Ferguson, pastor of the Grassland Community Church will alternate in speaking. Rev. Frank Taylor and the Light-house Singers will be directing the choir and special music.

Last year's crusades were conducted in Post with a large crowd at almost every service. Everyone is invited.

Look Who's New

Amy Sanchez is proud to announce the arrival of her new baby sister, Lysie Renee, born Monday, July 14, 1986 in Methodist Hospital in Lubbock. She weighed 6 lbs. 12 ozs. and was 20 inches long. Amy is six years old.

Parents are Richard and Mary Ann Sanchez of Tahoka. Grandparents are Mr. and Mrs. Antonio Saldana of Tahoka and Mr. and Mrs. Ramon Sanchez of Lubbock.

"Nine-tenths of wisdom consists in being wise in time."

Savings Bond Sales Up 51% In Texas

Sales of Series EE Savings Bonds in Texas during the month of May 1986 were \$45,825,627, up 51.7% over May 1985, T.J. Morrow, District Director for U.S. Savings Bonds Division, announced recently. This amount brings total sales in Texas since January 1986 to \$174,413,964, an increase of \$34,170,083 over the same period in 1985, for 47.4% of the state's assigned dollar goal of \$370 million.

Sales of Series EE Bonds amounted to \$3,472 during May 1986 in Lynn County, F.B. Hegi, Volunteer County Chairman, announced. Total sales in the county during the period January-May 1986 were \$19,432, which represents 26.2 per cent of the

county's 1986 assigned dollar goal.

LOCAL NEWS

Dr. Nolan E. Wood from Georgetown, Idalia Money and Ron David from Odessa, and Paula Kennedy and daughter Shannon from Grapevine, were weekend visitors in the home of their mother, Mrs. N.E. Wood.

The first fraternity house was occupied in 1839 by the Williams Chapter of the Kappa Alpha Society at Williams College, Williams town, Mass.

STILL GIVING SERVICE — The round barn in one of the photos and the 1941 John Deere tractor in the other still are giving good service. Shown with them are Ward Boulard Jr. of Alto, Mich., and Lenda Wood of Tahoka.

WOODWORK
BY DALTON

FEW PEOPLE who read this newspaper have ever heard of Ward Boulard Jr. of Alto, Mich., but Ward, a 75-year-old bachelor and retired farmer, is one of the world's good guys, and he deserves a little publicity.

For years Ward and some other members of his family operated a farm in southeast Kent County, Mich., just south of Grand Rapids, and one of the premier attractions of that entire area was — and still is — the round barn on their farm. Ward's uncle, who owned the barn, died in 1978 and the barn was sold in 1980 along with the farm. Ward now lives just a quarter mile north of the barn and he sometimes goes down and helps the people who now own it, taking care of the horses, for example, when the family is away for a few days.

The barn itself, constructed in March 1907, has been the subject of numerous articles in local and national publications; it still is well-cared for and maintained.

Red with a white top, the barn stands 64 feet high at the center. It includes 38,000 board feet of lumber and was built in the tent style (a silo in the center holds the structure up) because it would provide more space for less money. After it was built in the early part of the century, agriculture leaders from Pennsylvania and other states came to see it. Boulard says there is a similar barn in Indiana and one in Nashville, Mich., but neither is as large as the one near Alto.

Now a rectangular barn even older than the round one is attached on the east side of the round barn; the rectangular one was built in the 1880s.

Many items in the old farm were sold at auction in 1980, but Ward, in his home nearby, still has hundreds of items in his own storage buildings and shop which would be the envy of any antique collector. For example, he doesn't drive a car, but does drive down to the other farm and around on his own property on a 1941 John

Deere A tractor, which appears to be in excellent condition. He also has a 1914 Ford dump truck, a 1953 International pickup and some other old vehicles in running condition. He has some antique bicycles, lawnmowers and other stuff too numerous to itemize. (See photos of Ward, his tractor and the barn below.)

Ward is a soft-spoken, alert individual highly respected by his acquaintances. He has made trips to Haiti with Methodist work teams to do volunteer construction work at a children's hospital, and it was on one of these trips that we first met him. One honor he especially cherishes is that when teenagers in his hometown church were asked to name a Christian of their acquaintance that they would most like to pattern their own lives after, they chose Ward.

Anyway, if you ever go to the Grand Rapids area, drive out south to about 100th Street (which is a country road; they do things different in Michigan), then go east and ask someone where the round barn is. He's just north of there, and he'll be happy to show you the barn and all the

goodies in his own storage buildings.

SPEECHES are like babies — easier to conceive than to deliver.

"Never Too Late" Offered In Post

The Caprock Community Theater in Post, under the direction of New York actor-director Will McCrary, is in full rehearsal now for the Aug. 28-30 comedy, "Never Too Late," by Summer Arthur Long.

Shows begin Thursday, Friday and Saturday at 7:45 p.m. in Post's school auditorium.

"Never Too Late," originally produced in New York Nov. 27, 1962, starred Paul Ford, Maureen O'Sullivan and Orson Bean and was directed by Broadway's comic genius George Abbott.

The Caprock Theater's Main Street Box Office opens for advance ticket sales Wednesday, Aug. 20. Regular box office hours are Monday through Saturday, 11 a.m. to 1 p.m.

Mail order reservations are accepted at 226 E. Main, Post, TX 79356 or call 806-495-4005.

Texas Vietnam Vet Memorial To Be Constructed In Dallas

The Vietnam Veterans Memorial Fund of Texas is a chartered non-profit corporation which exists for the sole purpose of raising \$2.5 million for the construction of a statewide Memorial honoring all Texas Vietnam Veterans.

Ten years ago, the last U.S. piloted helicopter left Saigon marking the end of a decade and a half of American involvement in the Vietnam War. Of the 3,300,000 Americans who fought in the war, 450,000 (15%) came from Texas; 3,243 never made the long trip home, and 162 are still listed as Missing in Action.

The Texas Vietnam Veterans Memorial will be a living memorial designed to remember those Texas Veterans who were killed or are Missing in Action, as well as to honor those who returned to live and work in our communities.

The statewide memorial will be

located on the Texas State Fair Grounds in Dallas. The State Fair Ground site was selected because it is the most visited tourist attraction in the state and will provide the optimum opportunity for Texans to visit this historical memorial.

The memorial will encompass an area of approximately 12,000 square feet and will be surrounded by 80,000 square feet (approximately 2 acres) of landscaped area. The memorial will permanently enshrine four granite tablets bearing the names of the 3,243 Texans who were killed in action. These tablets, constructed of natural Texas granite, will be surrounded by two reflection pools. An eternal flame will stand vigil over a single tablet containing the names of the 162 Texans who remain Missing in Action.

Additionally, the memorial will incorporate two covered arenas designed to accommodate small groups and provide seating. The memorial was deliberately designed with the large surrounding landscaped area to serve as a natural place to hold large services on Veterans Day, Memorial Day and other appropriate times. It will serve all citizens of Texas by providing a place to visit, learn and reflect upon this turbulent period of our history.

The memorial is an opportunity for all Texans to join in appreciation and respect for all those who carried on the Texas tradition of service to our country. The cost of building the memorial and providing for its perpetual care is \$2.5 million. The funds will be raised from contributions, large and small, donated by corporations, veterans, foundations — Texans from every walk of life.

The memorial is an official Sesquicentennial project and is targeted to be dedicated on Veterans Day 1986.

BUY DURABLE SCHOOL CLOTHING—When you shop for school clothing, look for durable clothing that can "grow" with the child throughout the school year, says Alma Fommes, a clothing specialist. She points out that discount and outlet stores carry less-expensive clothing, but it may also be less durable. Before buying, inspect clothes for wide seams that won't ravel or pull out, and on knits, narrow seams that are stitched and overcast. Double stitched seams or tape inserted in seams that receive the most stress, such as pants crotch or armhole seams is another sign of durability. If the style, fabric, fit and price are right, you can add needed reinforcements on your home sewing machine to make less durable clothing last longer.

The smallest of all birds is the hummingbird. It can fly straight up in the air like a helicopter.

Parent-Child Golf Winners Are Announced

Winners of the parent-child golf events at T-Bar Country Club July 23 were announced last week.

8 and Under Division—girls, first Courtney Stennett; second Stephanie Stennett. Boys—first Travis Smith, second Tucker Harvick.

9-10 girls — Bonnie Stennett. Boys — first Dillon Stone, second Wesley Solomon.

11-13 year olds — girls, Nicki Harvick first, Terri Solomon second. Boys — Jeffrey Armes, Jon Stone second.

14-over — girls, LaShea Kieth, Patricia Davis second. Boys, Coley James first.

WIC Program Offered In County

More low-income women, infants, and children who are at nutritional risk will be receiving food assistance and nutrition education in Lynn County this month, as a result of a recent release of federal funds.

Local officials of the Texas Supplemental Food Program for Women, Infants and Children (WIC) are encouraging those who feel they may be eligible to apply for WIC services.

South Plains Community Action WIC Program is expanding its hours of operation in order to serve additional participants in an efficient manner. The clinic is open from 9:30 a.m. to 3:30 p.m. Mondays.

Potential clients can contact the WIC Program at 998-5094 to make an appointment or visit the WIC clinic nearest them. In O'Donnell, WIC clinic is located at O'Donnell Health Clinic on the third and fourth Tuesdays, 500 5th Street, phone 428-3786.

WIC participants receive a monthly supply of nutritious foods such as milk, eggs, fruit juice, iron-fortified cereal and iron-fortified infant formula.

Monthly nutrition education classes are also provided so that WIC participants can learn about the relationship between health and good nutrition and how to buy and prepare nutritious meals.

LUBBOCK TO HOST WESTERN COTTON CONFERENCE—Some 300 cotton industry leaders from Arizona, California, New Mexico, Oklahoma and Texas are expected to be on hand in Lubbock for the annual Western Cotton Production Conference, Aug. 12-14. Qualities of cotton that are sought by the ultimate users will hold the center of attention during the conference. Participating will be producers, ginners, research scientists, Extension educators, state and federal agency officials and agribusiness representatives, according to an agronomist with the Texas Agricultural Extension Service.

LYNN COUNTY

CALCULATION OF EFFECTIVE TAX RATE, ESTIMATED UNENCUMBERED FUND BALANCES, AND SCHEDULES

I, Dovie Miller, Chief Appraiser for Lynn County, in accordance with Sec. 26.04, Property Tax Code, have calculated \$ _____ per \$100 of value as the tax rate which may not be exceeded by more than three percent by the Commissioners' Court of Lynn County without holding a public hearing as required by the code.

\$ _____	per \$100 for farm-to-market/flood control tax;
\$ <u>.2732</u>	per \$100 for the general fund, permanent improvement fund, and road and bridge fund tax;
+ \$ _____	per \$100 for public road maintenance tax; thus
\$ <u>.2732</u>	per \$100 TOTAL COUNTY EFFECTIVE TAX RATE

The estimated unencumbered fund balances are as follows:

Farm to Market/Flood Control	Public Road Maintenance
Maintenance & Operation: \$ _____	Maintenance & Operation: \$ _____
Interest & Sinking: \$ _____	Interest & Sinking: \$ _____
General Fund	
Maintenance & Operation: \$ <u>974,315</u>	
Interest & Sinking: \$ _____	

The following schedule lists debt obligations that 1986 property taxes will pay:
NONE

The following schedule lists indigent health care services required of _____

	Continued Service Cost	New 1986 Service Cost
A. Required services that 1986 taxes will pay: (list each service and indicate the cost in the appropriate column as a continued or new service cost)	\$ _____	\$ _____
B. Required services that 1985 taxes paid: (list each service and indicate cost in continued service cost column)	\$ _____	\$ _____
C. State reimbursement for required services:		
1. Reimbursement received (indicate in continued service cost column)	\$ _____	
2. Reimbursement expected (indicate in new 1986 service cost column)		\$ _____
NET INCREASE FOR NEW SERVICES FOR 1986 (New 1986 service cost less state reimbursement anticipated)		\$ <u>-0-</u>

Dovie Miller
August 1, 1986

CALCULATION OF EFFECTIVE TAX RATE

Separate calculations are performed for each type of tax levied by Lynn County in order to determine a 1986 total effective tax rate. The following guide corresponds with the calculations shown: A - Farm-to-Market Road/Flood Control Tax; B - General Fund Tax; C - Maintenance of Public Roads Tax.

MAINTENANCE AND OPERATION (M&O) TAX RATE	Type of Tax:	B
1. 1985 total tax levy		\$ <u>686,987</u>
(1985 tax rate for type B: M&O \$ <u>.2652</u> I&S \$ _____ = \$ _____ / \$100)		
2. Subtract 1985 debt service (I&S) levy		\$ <u>-0-</u>
3. Subtract 1985 taxes on property in territory no longer in unit in 1986		\$ <u>-0-</u>
4. Subtract 1985 taxes for property becoming exempt in 1986 <u>102,000</u>		\$ <u>271</u>
5. Subtract 1985 taxes for property appraised at less than market value in 1986		\$ <u>-0-</u>
6. Subtract 1985 taxes used to regain lost 1984 taxes because of appraisal roll errors		\$ <u>-0-</u>
7. Adjusted 1985 M&O levy (subtract #2, #3, #4, #5, and #6 from #1)		\$ <u>686,716</u>
8. 1986 total taxable value of all property		\$ <u>258,688,184</u>
9. Subtract 1986 value of new improvements added since 1/1/85		\$ <u>7,397,100</u>
10. Subtract 1986 value of annexed property added since 1/1/85		\$ <u>-0-</u>
11. Adjusted 1986 taxable value for M&O (subtract #9 and #10 from #8)		\$ <u>251,291,084</u>
12. Divide the adjusted 1985 M&O levy (#7 above) by the adjusted 1986 taxable value for M&O (#11 above) (\$ <u>686,716</u> ÷ \$ <u>251,291,084</u>)		\$ <u>.002732</u>
13. Multiply by \$100 valuation	× \$100	\$ <u>.2732/\$100</u>
14. Effective M&O rate for 1986		\$ <u>.2732/\$100</u>
INTEREST AND SINKING (I&S) TAX RATE		
15. 1986 I&S levy needed to satisfy debt		\$ <u>-0-</u>
16. 1986 total taxable value of all property		\$ _____
17. Divide the 1986 I&S levy (#15 above) by the 1986 total taxable value (#16 above) (\$ _____ ÷ \$ _____)		\$ _____
18. Multiply by \$100 valuation	× \$100	\$ _____
19. Effective I&S rate for 1986		\$ <u>/\$100</u>
APPRAISAL ROLL ERROR RATE		
20. Rate to raise 1985 levy because of appraisal roll errors (\$ _____ ÷ \$ _____) × \$100		\$ <u>/\$100</u>
21. Add rate to regain 1985 taxes lost because of appraisal roll errors (\$ _____ ÷ \$ _____) × \$100		\$ <u>/\$100</u>
22. Total rate to adjust for appraisal roll errors		\$ <u>/\$100</u>
1986 EFFECTIVE TAX RATE FOR EACH TAX		
23. Effective M&O rate (#14 above)		\$ <u>.2732/\$100</u>
24. Add effective I&S rate (#19 above)	+	\$ <u>/\$100</u>
25. Add rate to adjust for appraisal roll errors (#22 above)	+	\$ <u>/\$100</u>
26. 1986 Effective Tax Rate for this tax		\$ <u>.2732/\$100</u>
TOTAL EFFECTIVE TAX RATE FOR 1986		
27. Add 1986 effective tax rate for each tax (\$ <u>.2732</u> / \$100 + \$ _____ / \$100 + \$ _____ / \$100)		\$ <u>-0-/\$100</u>

1986 Effective Tax Rate for Each Tax Levied and the Total 1986 Effective Tax Rate are the rates published as required by Sec. 26.04, Property Tax Code.

28. Rate required for additional indigent health care services in 1986 (\$ _____ ÷ \$ _____) × \$100

New Home News

By Florence Davies — Call 924-7479

The Joe D. Unfreds, Nancy, Melissa and Matthew McCracken; Kye, Vicki, and Steven Lear, surprised David Unfred with a birthday visit in his home in El Cajon, Calif. While there, they did some sightseeing and spent time in Disneyland.

The rains last week and again this weekend were welcomed, but at least six farmers north and east of Petty received an estimated 40 percent damage by hail.

Jo Spokes of Lubbock visited here with us Saturday evening.

Mr. and Mrs. Bob Bridges of Corpus Christi spent last weekend with Jean Ray and family. Mrs. Bridges is an aunt of the late Dub Ewing.

Ida Mae Edwards accompanied Evelyn, Howard and Dase

Madison of Carlsbad, N.M. on a two-week trip to visit relatives and friends in Follett, Tx., Kansas, Nebraska, Iowa, Dennison, Hillsboro, and Stevensville. They returned home Thursday.

Jean Ray and Karen Ewing drove to Admore, Okla. recently to check on Jean's mother, Mrs. Bessie Fuller, who had minor surgery in the Ardmore Hospital.

At the close of the Youth Bible Study in the New Home Baptist Church Monday, Aug. 11 through Thursday, Aug. 14, Clay Jacobs will present a concert at 7 p.m. Everyone is invited.

Mrs. Fernie Fillingim, New Home, and Don and Nell Balch of Lubbock left by plane Wednesday, July 23 for Boston, Mass., and by car visited other New England states. The main

CLEAR PROFIT — First dollar of profit for new Tahoka business Balloons and Flowers on Main St. was presented by Chamber of Commerce President Weldon Self during the firm's grand opening celebration last weekend. Accepting the framed dollar are employees Pam Patterson, daughter of owner Jo Carol (center), and Jane Horwood.

(LYNN COUNTY NEWS PHOTO)

purpose of the trip was to attend the 350th anniversary of the Balch House in Beverly, Mass. John Balch came to America from England in 1623 and along with four other planters was given a land grant. John built their home in 1636. It is the oldest house in the U.S.A. with documented history. A reunion is held every two years. Approximately 350 attended this year. Fernie and Don's father, the late Bill Balch, had always wanted to attend but never did get to go. Don and Fernie decided to attend this anniversary. They visited and saw many historical places in

Main, Vermont, New Hampshire, Connecticut and Rhode Island. They returned home July 30.

WWII Aircraft To Fly At Slaton Airport Ceremonies

Slaton Municipal Airport will have re-opening and rededication ceremonies at the airport on FM400 on Sunday, Aug. 24.

A fly-in will be staged by a number of World War II airplanes and various other kinds of aircraft staging flying activities from 1-4 p.m. Ribbon cutting events will be at 1:30 p.m. The public is invited.

Obituary

Jennie Fetter

Services for Jennie F. Fetter, 92, of Lubbock will be at 10 a.m. today (Thursday) in Resthaven Chapel with the Rev. Elton Wyatt, associate pastor of St. Luke's United Methodist Church, officiating.

Burial will be in Resthaven Memorial Park under the direction of Resthaven Funeral Home. She died at 1:30 a.m. Tuesday in the Sherwood Health Care Center after a lengthy illness.

She was born in Marysville, Pa., and had been a Lubbock resident since 1949, moving from Marysville. She married Harry Westfall in Halifax, Pa. in 1918. He died in 1943. She married John Fetter in Lovington, N.M., in 1952. He died in 1957. She was a housewife and was a charter member of St. Luke's United Methodist Church.

Survivors include a daughter, Betty W. Unfred of New Home; three grandchildren; and seven great-grandchildren.

The family suggests memorials to St. Luke's United Methodist Church.

Pallbearers will be Dr. Kye Lear, David Unfred, L.C. Unfred, Aubrey Smith, Frank Lisenby and L.H. Moore.

Admission will be \$5 per adult and children 11-and-under free. Concession will be available.

For more information contact the Slaton Chamber of Commerce 828-6238.

RESPONDING TO FREE GIFT OFFERS—Some 'free gift' offers come with strings attached, that the consumer doesn't find out about until the merchandise has been received, says family economics specialist Nancy Granovsky. She points out that under Federal Trade Commission rules, all conditions and terms for receiving a free item must be sent out with the original offer. "Before you sign up for this type of offer, be sure to read the fine print, she advises, 'you'll probably find out that you have to pay something or do something in order to get the free item,'" says Granovsky.

Weekly Health Tip

DAYTON PARKER

FOAM INSULATION

Two kinds of foam insulation widely used in houses and mobile homes are urea-formaldehyde and polyurethane. The urea-formaldehyde, which is uncured when installed may release formaldehyde fumes in the home while it's curing. Sensitive persons may react with symptoms of asthma, bronchitis, anxiety, depression — even hypochondria. So far, polyurethane is known to release harmful fumes only when burning.

21. Add rate to regain 1985 taxes lost because of appraisal roll errors (\$ + \$) × \$100	+ \$ / \$100
22. Total rate to adjust for appraisal roll errors	\$ / \$100
TOTAL EFFECTIVE TAX RATE FOR 1986	
23. Effective M&O rate (#14 above)	\$.3384 / \$100
24. Add effective I&S rate (#19 above)	+ \$.0803 / \$100
25. Add rate to adjust for appraisal roll errors (#22 above)	+ \$ -0- / \$100
26. 1986 Effective Tax Rate	\$.4187 / \$100

1986 Effective Tax Rate is the tax rate published as required by Sec. 26.04, Property Tax Code.

27. Rate required for additional indigent health care services (\$ + \$) × \$100

SCHOOL DISTRICT: New Home I.S.D.

CALCULATION OF EFFECTIVE TAX RATE, ESTIMATED UNENCUMBERED FUND BALANCES, AND DEBT SCHEDULE

I, Shirley A. Smith, Tax Assessor-Collector for New Home I.S.D., in accordance with Sec. 26.04, Property Tax Code, have calculated \$.95 per \$100 of value as the tax rate which may not be exceeded by more than three percent by the governing body of the New Home I.S.D. without holding a public hearing as required by the code.

The estimated unencumbered fund balance for Maintenance & Operation fund: \$ 285,553

The estimated unencumbered fund balance for Interest & Sinking fund: \$ 14,457

The following schedule lists debt obligations that 1986 property taxes will pay:

	Principal	Interest & Fees	Total
Buildings	\$28,000	\$2,366	\$30,366

Shirley A. Smith Tax Assessor-Collector

(date) August 4, 1986

CALCULATION OF EFFECTIVE TAX RATE

MAINTENANCE AND OPERATION (M&O) TAX RATE	
1. 1985 total tax levy	\$ 322,261
(1985 tax rate: M&O \$.85 + I&S \$.09 = \$.94 / \$100)	
2. Subtract 1985 debt service (I&S) levy	\$ 30,856
3. Subtract 1985 taxes on property in territory no longer in unit in 1986	\$ -0-
4. Subtract 1985 taxes for property becoming exempt in 1986	\$ 841
5. Subtract 1985 taxes for property appraised at less than market value in 1986	\$ -0-
6. Subtract frozen M&O levy of over-65 homesteads	\$ 4,568
7. Subtract 1985 M&O taxes used to regain lost 1984 levy	\$ -0-
8. Adjusted 1985 M&O levy (subtract #2, #3, #4, #5, #6, and #7 from #1)	\$ 285,996
9. 1986 total taxable value of all property	\$ 33,777,680
10. Subtract 1986 value of new improvements added since 1/1/85	\$ 46,600
11. Subtract 1986 value of annexed property added since 1/1/85	\$ -0-
12. Subtract 1986 value of over-65 homesteads with frozen taxes	\$ 696,710
13. Adjusted 1986 taxable value for M&O (subtract #10, #11, and #12 from #9)	\$ 33,034,370
14. Divide the adjusted 1986 M&O levy (#8 above) by the adjusted 1986 taxable value for M&O (#13 above) (\$ 285,996 ÷ \$ 33,034,370)	\$.0086
15. Multiply by \$100 valuation	× \$100
16. Effective M&O rate for 1986	\$.86 / \$100
INTEREST AND SINKING (I&S) TAX RATE	
17. 1986 I&S levy needed to satisfy debt	\$ 30,366
18. Subtract frozen I&S levy of over-65 homesteads	\$ 485
19. Adjusted 1986 I&S levy (subtract #18 from #17)	\$ 29,881
20. 1986 total taxable value of all property	\$ 33,777,680
21. Subtract 1986 value of over-65 homesteads	\$ 696,710
22. Adjusted 1986 taxable value for I&S (subtract #21 from #20)	\$ 33,080,970
23. Divide the adjusted 1986 I&S levy (#19 above) by the adjusted 1986 taxable value for I&S (#22 above) (\$ 29,881 ÷ \$ 33,080,970)	\$.00090
24. Multiply by \$100 valuation	× \$100
25. Effective I&S rate for 1986	\$.09 / \$100
APPRAISAL ROLL ERROR RATE	
26. Rate to raise the 1985 levy because of appraisal roll errors (\$ + \$) × \$100	\$ -0- / \$100
27. Add rate to regain 1985 taxes lost because of appraisal roll errors (\$ + \$) × \$100	+ \$ -0- / \$100
28. Total rate to adjust for appraisal roll errors	\$ -0- / \$100
TOTAL EFFECTIVE TAX RATE FOR 1986	
29. Effective M&O rate (#16 above)	\$.86 / \$100
30. Add effective I&S rate (#25 above)	+ \$.09 / \$100
31. Add rate to adjust for appraisal roll errors (#28 above)	+ \$ -0- / \$100
32. 1986 Effective Tax Rate	\$.95 / \$100

1986 Effective Tax Rate is the tax rate published as required by Sec. 26.04, Property Tax Code.

33. Rate to replace lost state aid or qualify for maximum equalization allotment (\$ + \$) × \$100

A Visit With Your County Agent

By Stanley Young

Paying Practices Outlined For Beef Production

Cattlemen must pay close attention to efficient management practices to survive financially in today's depressed economic conditions. That means following practices that offer the greatest potential for increased income while keeping risks at a minimum.

Certain management practices can make a difference in total dollars returned to an operation, depending on such factors as weather, market prices and dedication to efficient management, points out

points out, Stanley Young, county agent.

The following practices offer an expected return on savings per cow. The dollar values shown were taken from result demonstration trials on cattle under "average" environment conditions. Returns will be variable where cattle are stressed due to drought, disease, and other natural influences.

Practices	Realized Dollar Return Per Cow
Pregnancy testing and culling of open cows	\$30
Herd health program (vaccinations)	\$5 to \$20
Breeding soundness evaluation in bulls	\$3 to \$50
Controlled breeding season	\$50
Breeding heifers 30 days before the rest of the herd	\$10
Use of performance tested sire	\$30 to \$90
Use of easy calving sire in virgin heifers	\$10 to \$60
Observing for calving difficulties three times daily	\$4 to \$10
Use of wormers	\$12 to \$5
Use of growth implants in calves	\$7 to \$25
Prescribed range burning	\$15 to \$40
Rotational grazing	\$10 to \$20
Use of estrous synchronization	\$3 to \$12
Use of artificial insemination	\$7 to \$30
Sorting cows based on feed needs	\$8
Use of year-round mineral supplements	\$5 to \$12
Control of external parasites	\$2 to \$5
Retained ownership of calves (stockers and/or feeding)	\$0 to \$400
Targeted marketing	
(Specialized production, such as F1 heifers, club calves)	\$20 to \$200
Crossbreeding	\$15 to \$30

One might think that if all the practices were implemented simultaneously, the result would be increased net income equal to the sum total of all the values in the dollar column. That, obviously, is not true, but certainly a combination of two or three practices would have an additive effect on net income. The actual realized return also depends on the level of production and management that the cows are experiencing when the practices are implemented.

These practices will help a cattleman maximize production with minimum costs. Use of these types of technological profits is real.

CONSERVATION RESERVE PROGRAM — Are some of your cropland fields highly erodible? If you keep on cropping these erodible acres you could lose a number of farm program benefits. One Answer: Plan and apply a soil and water conservation system. Another Answer: Convert erodible fields to soil — saving grasses — through the long term Conservation Reserve Program (CRP). You can even sell hunting rights on the land. Deadline for CRP sign-up is Friday, Aug. 15 at the ASCS office. Come by or call the SCS office at 998-4622 for more information.

Ag Field Day Slated Sept. 9

The Texas Agricultural Experiment Station located at Lubbock will host its annual Field Day on Tuesday, Sept. 9, 1986 beginning at 1 p.m. Other agencies at the Center and cooperating in the event are the USDA-ARS, Texas Forest Service, Texas Agricultural Extension Service and the High Plains Research Foundation.

Highlights and topics to be featured will include agronomic cropping systems, weed research, cotton genetics, grape production and new technology. In addition, specialists will be centrally located and available for discussions of specific problems. Displays and exhibits will also be featured for public viewing.

Federal Land Bank Lowers Interest Rates

The Federal Land Bank of Texas lowered its variable interest rates on Aug. 1 to farmers and ranchers who finance with the bank.

Variable interest rates on farm and ranch loans will decrease to 11 percent. According to Jay Dee House, president of the Lubbock-Tahoka Federal Land Bank Assn. of Lubbock, the reduction will save Texas farmers and ranchers almost \$12.5 million in interest cost annually.

"We are pleased that FCA has approved our request," House said. "For some time now, we have been looking for ways to give our borrowers some relief on the cost of their operations. We will continue to ask our regulator for even lower rates for our borrowers."

Pro-Life Concert Slated At Buffalo Springs Lake

The Singles Department of Trinity Church in Lubbock is sponsoring a pro-life concert Saturday, Aug. 16, at Buffalo Springs Lake. The concert will be held from 2-8 p.m. at the stage area of the lake.

Christian artist Bob Ayala will be special guest. Several local artists will also be featured.

An offering will be taken to benefit Right to Life. An area-wide singles rally will be held immediately after the concert at the camp grounds.

All-Around Cowboy honors, boys of all ages will be riding the calves, bulls, broncs and steers. Riding clubs from the Tri-State area will join the boys during grand entries both days.

It is a rodeo for all of the boys, and those who do not compete as contestants will be selling barbecue plates, soft drinks and popcorn, or working at the many jobs required for a successful rodeo.

Several popular specialty acts will include a wild steer race, FFA project parade, calf scramble and barrel races with five and six-year-old boys riding stick horses. Among the spectators will be many of the Ranch graduates who return with their families for an annual reunion. Since 1939, over 4000 boys have called the Ranch "home," and some travel long distances to attend the rodeo and meeting of the Boys Ranch Alumni Association.

Up to 10,000 people are expected to fill the rodeo grandstands, most of which are

covered. Tickets for children (6-12) are \$1.00; general admission, \$2.50; reserved bleacher seats, \$3.50; and reserved box seats, \$4.50. Barbecue plates, prepared and served by the boys at noon each day, will be sold for \$3.50. Rodeo action begins at 2:30 p.m.

The Boys Ranch Rodeo is the Panhandle's largest Labor Day weekend event, and is the only rodeo of its kind in the nation. Further information and reservations are available by calling (806) 372-2341, or by writing P.O. Box 1890, Amarillo, Texas, 79174.

Tuesday Bridge

The club championship game was played at T-Bar Duplicate Bridge Aug. 5, and the winners were: first, Betty Hurd and Ruth Thurman; second, Boots Walker and Eunice Hunter; third, Marjorie Peltier and Ruby Miller; fourth, Lottie Jo Walker and Fern Leslie.

Boys Ranch Rodeo Scheduled For Labor Day Weekend

It will soon be rodeo time at Cal Farley's Boys Ranch where nearly 250 young cowboys will be competing over the Labor Day weekend.

This forty-second annual event will be held Sunday, Aug. 31, and Monday, Sept. 1 at the Ranch, 36 miles northwest of Amarillo. In hopes of winning belt buckles or

ATTENTION: GTE CUSTOMERS IN WILSON

General Telephone will offer an optional customer exchange program to all Wilson customers. This exchange program will be in effect Thursday, June 5, through Friday, September 5, 1986.

The exchange program is being offered to single line residential and business customers with leased equipment who wish to exchange their present rotary dial for touch dial equipment. These customers may do so by bringing their telephones to the Tahoka Local Service office, located at Murray's Florist, 1537 Avenue J, from 9 a.m. to 5 p.m., Monday through Friday. The equipment exchange is on a voluntary basis, and any customer who wishes to continue with current rotary equipment may do so.

The current rate for single line residential service is \$8.55 plus Extended Area Service (EAS) \$1.35 and \$2.00 access charge. For single business line service, the rate is \$22.15 plus EAS \$3.55 and \$2.00 access charge. Depending on the style of equipment the customer selects, the monthly customer rental rate may vary. Regulated customers (those customers who have not changed any service since January 1, 1982) who turn in their equipment will change automatically to a deregulated rate base, since all regulated equipment stocks have been depleted. Deregulated customers see a slightly higher monthly rental charge. During this special 90 day period, between June 5 and September 5, 1986, the usual handling fee for touch call service of \$8.00 for residential customers or \$13.50 for business customers has been waived. The monthly rate for touch call dialing is \$2.00 for residential customers and \$2.50 for business customers.

This exchange program is being offered in conjunction with the May conversion of the Wilson central office to computerized switching. The switch, which is designed to process touch call dialing, requires rotary dialing to be converted into touch call dialing signals, with the result that rotary dialing is much slower and more expensive than touch call dialing. General Telephone would like to offer the opportunity to Wilson customers to upgrade their telephones with as little inconvenience and cost as possible.

Customers with questions may contact the local business office at (806) 637-8531 for residential customers or (806) 637-7641 for business customers.

Vaccinations Aren't Just For Kids

Most adults assume vaccinations, like tricycles and long summer vacations, are just for kids. But, according to the Texas Medical Association, many adults are not adequately protected against vaccine-preventable diseases.

To determine whether you should obtain one of the immunizations listed below, check your vaccination record. If you are unsure about whether you have been sufficiently immunized, the safest bet usually is to assume you have not and to con-

sult your doctor for the appropriate vaccine. Be sure to keep a record of current and future vaccinations.

Diphtheria. A disease that typically produces a severe sore throat, diphtheria can also affect the heart and other internal organs. Most adults received primary immunization during childhood; if you did not, do so without delay. To remain immune, all adults require a booster shot every 10 years. This ordinarily is combined with tetanus toxoid in a vaccine called Td.

Tetanus. The bacteria that cause tetanus enter the body through a contaminated wound and can cause painful muscular contractions, which may prove fatal. Adults should receive a booster every 10 years, or following a heavily contaminated wound if no booster has been given within five years.

Measles and mumps. Many adults are no longer susceptible to these diseases because they had them as children. But a substantial number of young adults born after 1957 have had neither the diseases nor vaccination. Furthermore, people vaccinated for measles between 1963 and 1967 may have had a short-lasting vaccine and should be vaccinated again.

Rubella. Injury to a fetus or miscarriage are the major consequences of rubella (German measles) in adults. Women of child-bearing age who have no history of vaccination should be tested for antibodies and, in their absence, be immunized. Following immunization, a woman should wait at least three months before becoming pregnant.

Influenza. To be effective, flu vaccine must be administered yearly. The vaccine is strongly recommended for everyone 65 and older, since severity and risk of death from flu increase with age. Anyone with chronic pulmonary, heart, or kidney disease or with diabetes also should get annual flu shots.

Pneumococcal pneumonia. A vaccine is now available that offers protection against most of the pneumococcal disease. The same groups immunized for in-

fluenza should be immunized with pneumococcal vaccine, but only once. Yearly or booster doses should definitely NOT be given.

A pamphlet, "Immunizations - Investing in a Healthy Future," can be obtained by writing the Texas Medical Association, Communication Department, 1801 N. Lamar Blvd., Austin 78701, or by calling 512/477-6704, ext. 212.

AVOIDING TOO MUCH SODIUM. Four out of 10 adults are trying to cut down on salt or sodium in their diets, and probably more would join them if they knew how. "Americans generally consume more than the recommended amount of 1,100 to 3,300 milligrams of sodium per day," says Mary K. Sweeten, a nutritionist. Sodium has been associated with high blood pressure and an increased risk of heart attack, stroke and kidney disease. For that reason, the newly revised Dietary Guidelines for Americans recommend avoiding too much sodium in the diet. "Since sodium comes in a number of forms and is used as an ingredient in many foods, simply putting the salt shaker away is often not enough," says the nutritionist. Since most processed foods are high in sodium, it's important to read the food labels. The nutritionist maintains that cutting back on sodium does not require eliminating certain foods from the diet. "Most people can moderate their sodium intake by choosing lower sodium foods more often and by balancing high-sodium

foods with low-sodium ones, Sweeten says.

CHOOSING BACK TO SCHOOL CLOTHES. Buying back to school clothes can turn into a power struggle between parents and children. Youngsters consider fit, comfort and looks in selecting clothing, while parents usually place priority on cost, care, fiber content and durability, says clothing specialist Becky Saunders. Peer pressure also plays an important role in the clothes children choose. Many children are more influenced by what other children are wearing than whether the style or color looks good on them, says the Texas A&M University Agricultural Extension Service home economist.

AG, MUNICIPAL WASTE-WATER CAN BE USED ON LAND. Wastewater from cities, food processing plants and livestock feeding operations can be partially treated and then applied to agricultural soils and crops. The soil removes solid particles by filtration and decomposition, says an agricultural engineer in wastewater management. The soil also removes disease-causing organisms and retains nutrients for plant growth. However, care must be used with wastewater application or problems can develop due to overloading the soil-plant system with certain constituents that could cause plant toxicity, soil salinity, nutrient imbalance or groundwater pollution.

SPORTSCENE

by RICK HAYES

"A Jolly Idea ...
A Terrible Game"

LUBBOCK--How fitting. In the fourth quarter of one of the most boring football games imaginable, one guy made this great run in the open field. Wearing a Cowboy Uniform? Not this day. The black and orange of the Bears? Nope.

No uniform. No number. Not even cleats. Not even a jock-strap. The man was nude-wearing nothing but a smile. "I looked around to make sure it wasn't one of our guys," Bears coach Mike Ditka joked afterward.

"Shoot," quarterback Jim McMahon said. "I'm not sure anyone's got THAT kind of nerve."

Obviously SOMEBODY's got that kind of nerve. A bare buttocks on my television screen was living proof. As McMahon himself might say, "What a way to wake people up!"

And Lord knows they needed

waking. In fact, as the game dragged on, I'm willing to bet the only conscious consumers of that Cowboys-Bears game at London's Wembley Stadium were the 40,000 suckers who bought tickets to stand the entire game. That's right, they stood... like Aggies...through the entire game. They didn't, however, kiss after every touchdown. That sort of behavior is reserved for Sarah Ferguson.

Anyway, the game was a yawner. The crowd was tranquil, the Cowboy offense was comatose. Six points they rang up against that Bear defense--the streaker was only two field goals short of six points by himself.

"I thought we'd do more on offense," Cowboys coach Tom Landry declared afterward. Now THAT'S profound. With that sort of foresight, our friend the nudist might have thought to wear a fig leaf.

What a worthless idea it was to play this game. Pre-season football is low caliber to begin with. Pre-season football after a week's worth of sightseeing and fooling around a foreign country is even worse. No one concentrated, and obviously no one cared. Jet lag was a problem the entire week, believe it or not, and it might not wear completely off for several weeks. Now that's the way to get ready for a season...fight jet lag for two weeks.

Worst of all the best run of the day wasn't by Tony Dorsett or Walter Payton, or even Rafael Septien. It was by a naked lunatic, motivated by whatever perverse (or perhaps financial?) cause.

And that, friends, says it all.

Lynn County Hospital Report

Patients admitted to the Lynn County Hospital during the last week, and those dismissed by Tuesday include the following:

Aug. 5-11, 1986

Admissions

Carrie Powell, Martha Resendez, W.A. Caveness, Isabell Rodriguez, Maria Huerta, Baby Girl Huerta, Mary Flores, Curtis Stice, Eunice Leverett, Mae Hill.

Dismissals

Ann Witt, Effie Evans, Martha Resendez, W.A. Caveness, Maria Huerta, Baby Girl Huerta, Mary Flores, Adelita Perez, Jeremy Munoz.

Senior Citizens Menu

SENIOR CITIZENS MENU

Aug. 18-22, 1986

Monday: Chicken, buttered broccoli, pear and cheese salad, brownie and nuts, milk.

Tuesday: Smothered pork chops, mushroom sauce, hominy, mustard greens, cornbread, applesauce, milk.

Wednesday: Spaghetti and beef, cheese casserole, green beans, tossed salad, roll, butter, rice and raisin pudding, milk.

Thursday: Turkey and dressing, cranberry sauce, oriental vegetables, roll, butter, canned plums, milk.

Friday: Swiss steak, blackeyed peas, tossed salad and cucumbers, tomatoes, cornbread, butter, custard, milk.

Drinking Age Will Rise To 21 Labor Day

At 12:01 a.m. on Monday, Sept. 1, possession or consumption of alcoholic beverages will be illegal for any person who has not reached his or her 21st birthday. The only exception is if the underage person is in the immediate physical presence of his

own parents or spouse who is over 21. Possession of an alcoholic beverage by the underage person is a misdemeanor with a possible fine of \$25 to \$200.

It is also a crime for the underage person to present false identification or to misrepresent his age in an attempt to purchase alcoholic beverages, or to successfully make such a purchase even without misrepresenting his age. Giving alcohol to a minor carries a fine of \$100 to \$500.

Sale of alcoholic beverages to an underage person is the most serious offense. A fine of \$100 to \$500 and/or a year in jail is the penalty for the first violation. A second violation can result to the same jail term and/or a fine of \$500 to \$1,000.

DON'T RUN AIR CONDITIONER BLOWER FAN CONSTANTLY--How you run your air conditioning blower fan may be costing you more in utility bills, says a housing specialist Dr. Susan Quiring. Many people set the fan selector on manual rather than automatic. This leaves the blower fan running constantly and makes them feel more comfortable. "From an energy standpoint, it's much better to set the blower fan on automatic because you get better moisture control," the specialist maintains. Part of the air conditioner's job is to remove moisture, she explains. When the blower fan is left on constantly, it re-evaporates water collected on the condenser coils and puts it back into the air. This means the air conditioner has to work harder to remove that recirculating moisture. "Using box fans, circulating fans or ceiling fans to move the air, will achieve the same effect as constantly running the blower fan, and at less cost," says Quiring.

WHAT'S ENOUGH "VARIETY IN YOUR DIET?" Many people know they should eat a variety of foods from the major food groups for good nutrition. The major food groups are the protein foods, including meat, poultry, fish, eggs, dry beans and peas; dairy foods like milk, cheese and yogurt; fruits and vegetables; whole grain breads, cereals, pastas and other grain products. Once you know the major food groups, then the question becomes, how much is enough variety? An easy rule of thumb, says nutritionist Dr. Alice Hunt, is to remember the "4-4-2-2" guideline. A diet which contains 4 servings of fruits and vegetables, 4 servings of breads and cereals, 2 servings of protein foods and 2 servings of milk each day, has enough variety to provide an adult with essential nutrients.

Use denture cleaner to get some food stains off your china plates and cups.

LEGAL NOTICE

Notice is hereby given that the Commissioner's Court of Lynn County will receive bids until the regular meeting of the Court at 10:00 a.m. on Monday, August 25, 1986 for a five year lease purchase of one new motor grader, with trade-in for Precinct 4, meeting the following specifications.

Motor grader equipped with 150 h.p. at mole board, diesel engine with 24 volt electrical system, 35 ampere alternator, dry-type air cleaner with service indicator and automatic dust ejector, blower fan, muffler, accelerator-decelerator, power shift transmission, articulated frame, hydraulic (controls, steering, and leaned front wheels) tandem drive. 6' x 5/8" DH2 steel cutting edges, hand throttle, sound suppressed ROPS cab, inside rear-view mirror, front defroster fan, windshield wipers and washers, seat belt, service meter horn, back-up alarm, adjustable control console, four wheel oil disc brakes, parking brake, rear drawbar, stop and tail lights, tilt adjustable steering wheel, tool box, Articulation Indicator, 14' Hydraulic Sideshift Mold with tipcontrol, Hydraulic system, lights, low temperature start, 10" rims, heater, 14.00 x 24-10 ply tires, chromed 14' mold, factory air.

Lynn County Commissioner's Court reserves the right to accept and/or reject any and/or all bids.

32-11c

NOTICE

The New Home School Board will hold a public hearing for the 1986-87 school budget on Tuesday, August 26th from 8:00-9:00 p.m. in the board room of the high school.

33-11c

NOTICE OF APPLICATION FOR WASTE DISPOSAL PERMIT AMENDMENT

THE CITY OF WILSON, P.O. Box 22, Wilson, Texas 79381 has applied to the Texas Water Commission for an amendment to Permit No. 10624-01 to reflect the existing operation of the facility. The existing permit authorizes a discharge of treated domestic wastewater effluent at a volume not to exceed an average flow of 58,000 gallons per day. The proposed amendment would authorize the treated effluent to be disposed of by evaporation at the oxidation/evaporation pond which consists of approximately 2.35 surface acres. No discharge of pollutants to surface water in the State is authorized by this permit.

The plant is located approximately 0.8 mile southwest of the intersection of Farm to Market Roads 400 and 211, approximately 600 feet west of Farm to Market Road 400 in Lynn County, Texas. The treatment plant and evaporation pond are located in the drainage area of the Double Mountain Fork of the Brazos River in Segment No. 1341 of the Brazos River Basin.

Legal Authority: Section 26.028 of the Texas Water Code, as amended, and 31 TAC Chapter 305 of the Rules of the Texas Water Commission.

No public hearing will be held on this application unless an affected person who has received notice of the application has requested a public hearing. Any such request for a public hearing shall be in writing and contain (1) the name, mailing address and phone number of the person making the request; and (2) a brief description of how the requester, or persons represented by the requester, would be adversely affected by the granting of the application. If the Commission determines that the request sets out an issue which is relevant to the permit decision, or that a public hearing would serve the public interest, the Commission shall conduct a public hearing, after the issuance of proper and timely notice of the hearing. If no sufficient request for hearing is received within 30 days of the date of publication of the notice concerning the application, the permit will be submitted to the Commission for final decision on the application.

Requests for a public hearing and/or requests for further information concerning any aspect of the application should be submitted in writing to Michael E. Field, Assistant Chief Hearings Examiner, Texas Water Commission, P.O. Box 13087, Capitol Station, Austin, Texas 78711, Telephone (512) 463-7905.

Issued this 29th day of July, 1986.

/s/ Mary Ann Hefner, Chief Clerk
Texas Water Commission

TV, Stereo & VCR Repair

If your air conditioner goes out this summer,
**Replace it with a
heat pump.**

A heat pump can utilize your present system to both cool and heat your home. It offers the ultimate in home comfort. The heat pump is clean, quiet and efficient. Economical to operate, too. So, if your air conditioner has to be replaced, call your heat pump dealer. He will help you make the best of a bad situation.
