

Museum Will Dedicate New Mural Sept. 20

Tahoka Pioneer Museum this week announced that a formal unveiling of a new mural in the museum by Tahoka artist Bill Craig will take place on Sept. 20, during the Harvest Festival program.

The mural, depicting Tahoka Lakes as it was before the arrival of the white settlers—before McKenzie and perhaps after the Spaniards had given up their search for the Cities of Gold—was completed last week by Craig. The scene which goes several feet both directions from the southeast corner of the new portion of the museum, is a view of Tahoka Lakes in the fall season, with Comanche Indians camped on the shores.

More details on the dedicatory program will be announced soon by museum officials.

Two Voting Boxes In County Moved

Lynn County voting box for Precinct 1, which for years has been located at the Tahoka Community Center, has been moved from that location to the basement of the county courthouse, so it will be more accessible to persons in wheelchairs or otherwise handicapped. The move of the voting box has been approved by the Justice Dept., according to County Judge J.F. Brandon.

Voters in the November election will cast their votes at the courthouse basement if they live in Prec. 1.

Voting box for Prec. 2, Wilson, also has been moved, Judge Brandon said, from the Wilson school to the Green Building.

Wreck Injures Bicyclist, 12

Tahoka police investigated an accident on Monday at 1800 Lockwood and Ave. L that involved a 1978 Dodge pickup driven by Paul Pequeno of Slaton and a Schwinn bicycle ridden by Rene Navarette, 12, of Tahoka. The boy was transported by ambulance to Lynn County Hospital for treatment of minor injuries.

Tickets issued during the past week include one for defective vehicle, no driver's license and no liability insurance, one ticket issued to a motorcyclist for loud noise and no driver's license, one citation for exhibition of acceleration and expired license plates and one ticket for expired plates and no driver's license and no liability insurance.

In jail during the week were one person for revocation of probation and one for public intoxication.

Blaze Damages O'Donnell Store

Fire which apparently started above the ceiling in the rear of Nancy's General Store in O'Donnell resulted in heavy damage to the building and contents about noon Tuesday.

The business was not open Wednesday, and city officials said the damage was primarily caused by smoke and water, as firemen with the O'Donnell Fire Dept. battled the fire for about an hour and a half before getting it under control.

C-C Gets Thanks For Brochures Sent To Belgium

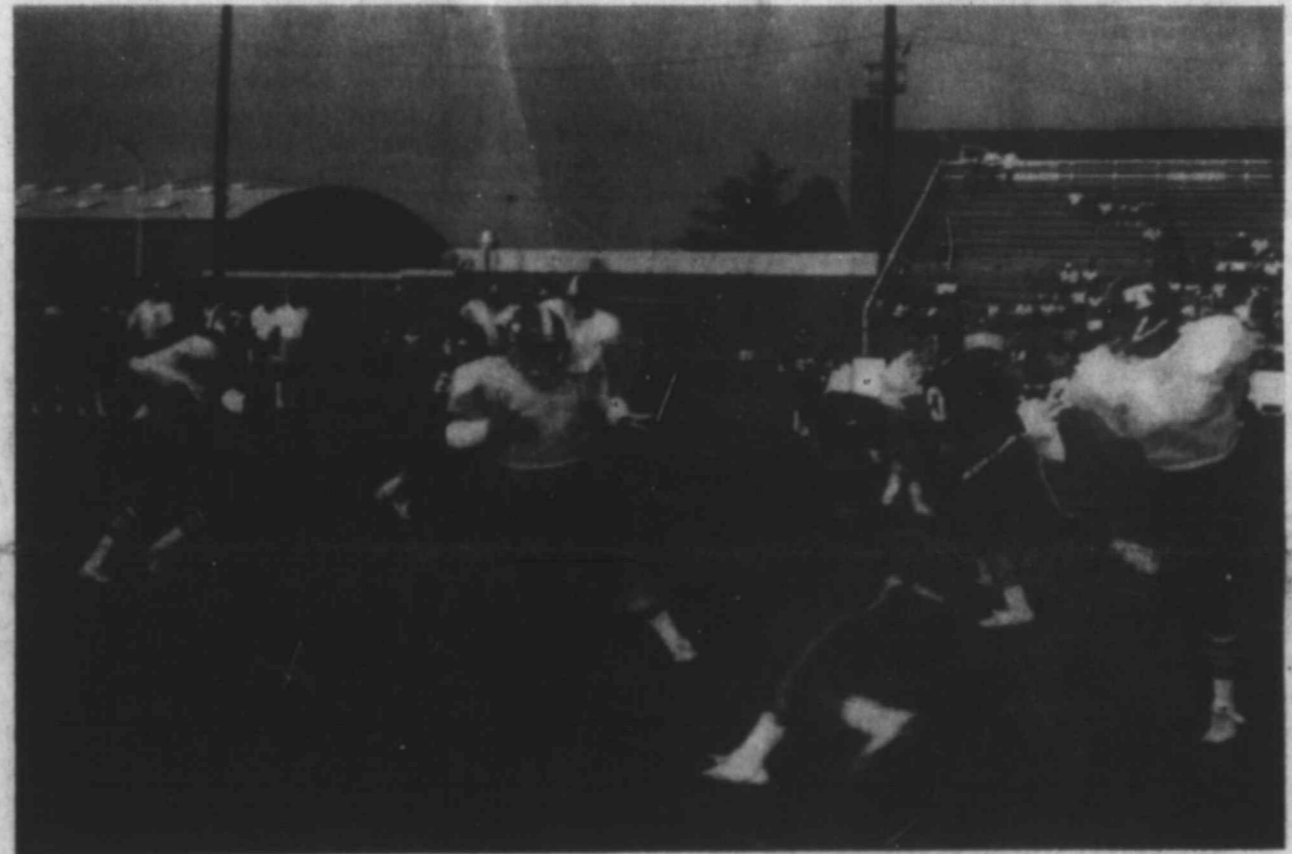

At the request of the Texas Decorations Committee the Tahoka Chamber of Commerce sent brochures on Tahoka to be included in the U.S. National Reception "A Portrait of America" held at SHAPE Belgium July 5.

A letter of thanks for the brochures came from the committee to the Tahoka Chamber secretary, Rachel Huffaker, noting that the city brochures, along with similar items received from other Texas cities, "were distributed among the more than 1,600 guests representing 15 NATO nations."

HEADKNOCKING TIME—We can't tell who's doing what here, but it was action from the Anton-Tahoka scrimmage last Thursday. The good guys are wearing white jerseys, and they will do some more scrimmage tonight (Thursday) against Ropesville in Tahoka.

(LYNN COUNTY NEWS PHOTO)

Bulldogs Get Ready For A Better Season

Coach Ted Wiley got his first look at this year's Tahoka Bulldog football team in action against outsiders at last Thursday night's scrimmage against Anton, and he remains optimistic that the Dogs will have a much better season this year than in recent years.

The Bulldogs have won just two games in four years, but showed a lot of enthusiasm and promise as they outscored Anton 2-1 and Wiley said he thought "they played pretty well considering the amount of time they've had to learn a new offensive system."

Running backs Todd Nance and Mike McDonald each scored on runs of more than 50 yards in the scrimmage, and Wiley said that "On defense the team did a good job of going to the ball, and I was pleased to see that they didn't mind hitting hard."

Tahoka will scrimmage Ropesville here tonight (Thursday) in their last combat experience before the season opener at Plains Sept. 5.

Wiley is in his first season as head coach here after being an assistant to A.D. Shaver, who has given up that job since he has been hospitalized for more than two months with meningitis, has eight seniors on the varsity squad of 28, and there will be about 13 freshmen and three or four sophomores on the junior varsity team.

Among the seniors expected to start for the Bulldogs are returning Quarterback Randy Taylor and backs Todd Nance and Mar-

ty Hammonds.

Two seniors who moved here after starring on teams at their former schools are Mike McDonald, 220-pounder who was all-South Plains tight end for Spur last season, and David Brooks, 145-pound guard who was all-district at Groom.

Brooks will play guard and probably weak side linebacker for Tahoka; McDonald will be fullback and play defensive end. "McDonald has good speed and size," said Wiley, who indicated the Dogs would throw more to backs out of the backfield. However, Tahoka has not been known as a passing team at any time in modern history. Last season the Dogs averaged 3.1 completions per game, connecting on 31 passes in 10 games, out of 101 attempts, and had 12 intercepted.

On offense the Bulldogs appear to be shaping up this way: Ty Botkin, 165-pound senior at

center. Rusty Jennings, 200-pound junior, at right guard; Brooks at left guard. Gary Daniell, 223-pound junior at right tackle (Oscar Gutierrez, junior, 190, also will play some at tackle). Left tackle will be George Morin, 218, junior or Ronnie Dunn, 173, sophomore. Split end will be one of three good wide receiver candidates—Chad Brazil 147, senior; Jim Patterson, 147, junior; or John Aldous, 145, junior. Joseph House, 170-pound junior, is expected to start at tight end.

Taylor will be quarterback, Nance and McDonald at running

Dallas, Tech Weekends Offered At Festival Again

The popular Dallas Cowboy weekend and Texas Tech weekend giveaways are being offered again this year at the Lynn County Harvest Festival, according to spokesperson Nadine Dunlap. Tickets for chances for the two weekends will be sold by Harvest Festival Queen contestants in the near future.

Booth spaces, 12'x12', are available for \$10 fee at the county festival, set this year for Saturday, Sept. 20. A larger booth space can be rented for \$22. Call Donna Raindl or Pam Womack for more information.

Games and contests for all ages have been planned, including a Legs Contest for men only. Chairmen for this event are Billy Tomlinson and Susan Tipton. The popular hourly merchants drawings will be held again this year, with businesses throughout the county donating prizes for the drawings.

Committee Meeting

The Harvest Festival Committee will meet Thursday, Aug. 28 at 7:30 p.m. in the SPS Reddy Room. All interested persons are urged to attend.

Wilson Homecoming Slated Sept. 5

The Wilson High School homecoming parade, pep rally and bonfire will be held Thursday night, Sept. 4.

A barbecue supper is set for 5 p.m. Friday in the school cafeteria sponsored by the Lions Club and the football game against Petersburg will begin at 8 p.m. with the class of 1966 being honored.

All Wilson ex-students are invited to the Wilson museum after the game for refreshments and visiting.

Chamber Quarterly Meeting Set Sept. 9

The Chamber of Commerce quarterly meeting will be held at 12 noon on Sept. 9 at the First United Methodist Church Fellowship Hall with Jack Dale, sports director of KFYO Radio in Lubbock as guest speaker.

Everyone is welcome to attend. If you plan to bring a guest, please call the chamber office so sufficient food can be prepared.

backs and Hammonds at flanker. Defensively, the linebackers should be Botkin and Brooks on the outside and Dunn in the middle. On the front four, Daniell and Morin should be in the middle and McDonald and Jennings on the ends. Cornerbacks should be Nance and Hammonds and the other two secondary spots likely will be manned by Patterson, Aldous and Ramiro Rodriguez.

The Bulldogs are being directed by two less coaches than in the past. Assisting Wiley are Charles Cate, Johnny McDonald and Ron Yancy.

WHO IS the cleverest columnist? The nicest, most honest and effective politician? The most outstanding poet? The greatest singer or instrumentalist? The finest speaker? Or the greatest athlete?

Of course it depends on who you ask. But it is always the person who says or does the things you would like to say or do, only they do them better. The writer or speaker who clearly states your own beliefs and opinions better than you can is obviously a great writer or speaker.

In politics, people are more likely to vote against something or somebody than they are to vote for someone. But still the best candidate is the one who throws the sharpest barbs at the person or situation you hate the most. The best musician may be the country-western vocalist who really does such a great job on all those wonderful country songs. But to the next person, the same guy is just dumb old Eddie Harelip, who "sings them plum awful songs," while this person may think

Syrupy Sweetlips, the 95 year-old trumpeter player who drags out those notes on elevator music, is the best of all.

Same way with athletes. The finest athlete is the guy who does all those fantastic things --makes impossible basketball goals or passes or runs like crazy on the football field, or homers every third time at bat or whatever. But he has to play for your favorite team, or he's just another lucky bum.

THE MAIN ST. MOMMA, just back off vacation, says no family should attempt an auto trip if they have more kids than they do car windows.

A LONG-WINDED NOVELIST once asked a critic to read his latest book. The critic had one comment: "I think the covers are too far apart."

That's the way I felt after trying to wade through the Thornbirds, which everyone else seems to enjoy, but which I thought was about as exciting as Bella Abzug doing a fan dance.

New Program Can Help Local Businesses Grow

Spurring economic growth from within this area is the goal of an extensive new program being developed by Southwestern Public Service Company (SPS). Within the next two weeks, many industries throughout the SPS service area will be receiving a survey designed to provide a base of information about the needs and the services of these firms. Chambers of Commerce and development foundations are involved in the program. Rural electric cooperatives who pur-

chase wholesale power from SPS will be seeking participation from their customers. "The idea is to help cross-match firms in this area with other firms in this area with whom they can do business or otherwise cooperate," said Gary Gibson, vice president of marketing at SPS. "We want to keep dollars and jobs from going outside this region when they don't have to. Working together we can help existing industry spark the internal growth that

our area needs, especially now." Nationally, 85 per cent of new jobs are created by existing businesses that expand locally, Gibson said. "The more firms that participate in this survey, the greater good it can do—for those firms and for their employees and communities," he said. The SPS region has a lot of firms—big and small—who may discover with the help of this survey that the markets or services they need are in their own backyards, or not far from it, Gibson said. The survey asks for information about products, services, employment, transportation and

other vital factors, Gibson said. The information about specific firms will be kept in strictest confidence, he said. Great care will be taken that potential competitors do not become aware of details that another firm does not want to be known.

"We're not trying to get into the details of everybody's business," Gibson said. "If we find an opportunity for growth or cooperation, we'll let both parties know that it exists and then step back, letting them carry forward as they wish."

Lone Star Wagon Train To Travel Through Tahoka

The Lone Star Wagon Train will arrive in Tahoka Thursday, Sept. 4, traveling through Texas celebrating the state's 150th birthday.

The train will provide entertainment for the night camp with a drawing for a pair of Tony Lama boots with the Texas Sesquicentennial logo stitched on the front.

All local talent is invited to come to the night camp and perform. All local organizations are invited to set up shop with the wagon train vendors to sell their crafts, food stuffs, etc.

The public is invited to participate in all of the Lone Star Wagon Train events. There is no limit to the membership either horseback riders or wagons. Entry fee is \$25 per person or \$35 per immediate family. Ride will end in Austin on Nov. 30. For more information call 512-352-8853.

Heritage Furniture Headquarters For Donations For MD

Heritage Furniture in Tahoka will be the Lynn County headquarters for the Jerry Lewis Telethon this Labor Day weekend. Pledge donations may be made by calling 998-5513.

Janice Monk, Lynn County Chairman, said the center will open at 7 p.m. Sunday. A bake sale will be held during the event and baked goods will be accepted for the sale. Pickup and delivery will be available.

The telethon headquarters will be open until 6 p.m. Monday. Volunteers wishing to collect donations should come by Heritage Furniture during the telethon hours to pick up a volunteer kit, according to Mrs. Monk.

Phone and delivery volunteers should come by the headquarters Sunday evening for assignments.

Lynn County's goal this weekend is \$2,500. Last year's pledge donations were the lowest in many years at \$1,003. Please call in your pledges so the local donations will show up on the tote board.

DPS Estimates 43 Deaths Over Holiday

Officials of the Texas Department of Public Safety estimate that 43 persons could be killed in traffic accidents across the state during the Labor Day period.

The 78-hour holiday period begins at 6 p.m. Friday, Aug. 29, and ends at mid-night on Monday, Sept. 1.

"During this period, the Department will have additional troopers on duty," Adams said. "We know that some drivers will be determined to violate the traffic laws. DPS officers will be taking enforcement action against as many violators as they can to increase the safety factor for law abiding motorists."

Adams said the final fatality count for the 1985 Labor Day period was 52.

OUT OF THE WOODS

By Juanell (Wood) Jones

I HATE TO BE the bearer of bad news, but do all of you females out there realize that there is something ominous looming on the horizon? It's coming and there's nothing we can do about it... those ugly words listed in the TV-Guide that spell boredom for wives and girlfriends everywhere.

So, on with the games! Football fans the world over can back those Dallas Cowboys to a winning season, armed with popcorn, pretzels and 'Dagwood' sandwiches as they 'hunker down' in front of the television screen, oblivious to the fact that their back-seat coaching yelled from the comfort of the living room is not going to help the poor team at all.

That's right. It's nearly time for 'Monday Night Football'... and Sunday afternoon football, and live Friday night football at high school stadiums throughout the good ol' USA, I guess — it's a powerful thing.

Now, being a true American, I enjoy football to some degree. I don't mind watching a quarter or two of this 'sport.' I guess I actually enjoy watching big macho men fighting each other for possession of a pigskin ball. And I like to see grown men chase each other down a striped grassy field, leaping with a mighty yell as they tackle each other with glee.

And I suppose it's basic to human nature for these men to growl and cuss at each other as they squat facing head-to-head on the scrimmage line, presenting a lovely 'rear view' to audiences everywhere. Ah, this is true American culture, folks. And we cheer them for it, and their coaches urge them to do it, and — this is the killer — if they do it well enough they actually get paid for it!

Now, for other females with more refined tastes, such as myself, I have an alternate solution other than secluding ourselves in the bedroom to watch movies on a little TV that's not quite up-to-par as the living-room set — that's after we finally get the VCR moved from the other TV and hooked up in all the right places.

To save ourselves from all this trouble, I have a solution that sounds wonderful if only the merchants will comply. Yes, it could be 'Monday Night Shopping' from 8-10 p.m., complete with 'fourth-quarter specials' and 'touchdown bargains.'

Oh, it's a wonderful idea. Our men can enjoy their game while we outfit ourselves for the fall season. It's the best idea I've had this week, if I discount the idea of putting 'American Movie Classics' in place of 'Monday Night Football.' I thought that had about as much of a chance as a snowball in H---, uh, Hawaii.

SPORTSCENE

by RICK HAYES

"Its Purest Form"

LUBBOCK-- A lady called me the other night with a complaint. The overemphasis on athletics--namely football-- was out of hand.

"And you promote it," she charged. "It's as much your fault as anyone else's. You and the rest of the news media prey on the kids, on the fans, on everybody. You cater to their need for this sort of stuff. You make it more important than it really is."

Guilty. I'm guilty as charged. But how can you blame me? I love high school football. I don't say it's more important than school work, I don't profess that high school athletics have any bearing on the state of the world

at any given time. Preparation for life? Give me a break. The breeding ground for leaders of the future? Balderdash. Pure coincidence that several of our national and state leaders played football in school. It's of no more significance than the ones who played in the band.

Let's get down to brass tacks. I like high school football. I think it's good, beneficial, whatever you want to call it or however you want to phrase it for one reason and one reason alone.

It's football. It's not Tony Dorsett screaming at the top of his lungs about a guy just as fast and eight years younger than Dorsett himself

making more money than Dorsett himself.

It's not an athletically gifted college senior muddling through academic oblivion while wasting four years of eligibility, or that same senior's roommate who takes payoffs from a booster.

It's high school football. It's the twelve minute run on the first day of practice. Hurt so bad, yet it hurt so good.

It's the pep rally in the Clarendon High School gym and that shower of confetti. That football jersey I wore proudly. The locker decorations and the endless pieces of posterboard tacked onto the school walls.

It's that high school band, and that fight song. The disorganization of the sidelines after a touchdown.

It's sitting in the stands, chewing nervously on ice when the temperature is dipping into the twenties--just because you're nervous.

More than anything, it's the tingle of game day. You know the feeling; that excitement that grips every West Texas community every Friday night. And it's the same everywhere: Amherst, Clarendon, Memphis, Tahoka, Littlefield, Dalhart. You name it. Business stinks, farming is terrible, the "aw biddness" has hit rock bottom.

Yet, for a while this fall, it will be something we can all put behind us for a spell. Forget how tough times are...the kids have a game tonight...they're playing 'em there, and it'll be tough...but we're leaving early to get a good seat...taking the blankets and a coffee thermos...

No, it's not the most important thing in the world by any means. And, certainly, it's not a perfect situation. But it's positive. It's clean. It's part of this culture...a big part. An important part.

My conversation with the lady I discussed earlier didn't last long. I thought long and hard about what she told me. How I overemphasized high school football...winning and losing...the whole nine yards. I thought about her theory that if I would just keep it off television, the pressure would be off the kids, and that people would quit putting so much stock into something so unimportant.

Maybe she's right, but I don't think so. To me, high school football is Americana. It is a rallying point for a lot of people who have bloody little to rally around, especially in West Texas.

As a sport, it is football in its purest, most unadulterated form.

And I for one can't wait until kickoff.

OCTOBERFEST OFFERS CAMPING FOR OLDER TEXANS

Texans 55 and older have an opportunity to enjoy camping programs at the Texas 4-H Center at Lake Brownwood this fall. Called Octoberfest '86, the camping program offers older Texans a chance to spend a week "learning and doing" in a comfortable and supportive atmosphere, says a 4-H specialist. This year's program offers five different sessions: Sept. 30 - Oct. 3; Oct. 7-10, Oct. 14-17, Oct. 21-24, and Oct. 28-31. Each session offers a variety of "hands on" experiences as well

as a wide range of recreational activities. Reservation forms are available at any county Extension office and should be received by the Texas 4-H Center at least one week prior to the camp the individual plans to attend.

HTIAF -- What Is It?

You cannot keep eating the husks and rotten slop with the swine in the mud and mire of the pigsty, and expect to be joyful, grow strong and keep clean as you would in your father's house. Scripture: Ephesians 2:8,9; Hebrews 11:1-3; 12:1-4.

The key phrase of this Scripture for our instructions to act is, I think: "Looking unto Jesus the author and finisher..."

So many things have been written and spoken on this subject, and yet this is still a very mixed-up and misunderstood word: Faith -- what is it?

If you stopped reading here, you probably said, "Well I certainly know that faith means to believe something." And you are right, up to a point, but faith through which man is saved from sin and death is much more than that.

Saving faith is faith to believe in Christ, but not just with your mind (as one might turn on a light switch in faith, that the light would come on). This kind of faith is perhaps best said as trust, deep trust in a person so that one is willing to commit

one's life to another's keeping or to act on a conviction believed to be true.

Saving faith, then, involves at least two things from man, as evidence that he has it, which are repentance and commitment. You might say here that "she hasn't said anything new about faith." True, but as we look at the meaning of repentance and commitment I hope it will give us a basis for considering and estimating our own personal faith. Because to live now, and eternally, man must have faith in Jesus. It is that important.

There always comes a time when we become more aware of our need to have faith, the faith we thought we had until the "testing" came. Remember, too, that testing (both by study of God's Word and by trials) only proves the truth (the evidence) of faith. Yet, it is not the darkness or light that proves faith, it is how you react to either of these. Do you know when there are dark clouds, that the sun is still shining and the clouds only obstruct your view?

So, what is repentance and action in commitment? Briefly, repentance is being sorry for your sins and determining to turn from them to Jesus Christ. Now, being "sorry" is an emotion -- as love and joy are emotion -- but fact and reason come in when we look at God's word for why we should be sorry for sin, and why we could trust in Jesus to save us from sin and death. So, faith is not just blind acceptance of all things, it is based on the truth, on Christ, who said, "I am the way, the truth, and the life."

NCC Criticizes Consumer Alert On Furniture Flammability-- The National Cotton Council and American Textile Manufacturers Institute have advised the Consumer Product Safety Commission that a consumer alert bulletin it is planning to issue is inaccurate and misleading.

The proposed bulletin on flammability suggests that cellulose fibers in upholstered furniture are unduly hazardous.

The Council and ATMI urged the agency to stress that furniture meeting the voluntary flammability standard of the Upholstered Furniture Action Council (UFAC) is safe regardless of the kind of fabric used.

CPSC is now reconsidering the matter and has delayed issuing a bulletin.

Final Brief Filed On Cottonseed Oil Mill Standard-- The cotton industry has filed a reply brief challenging the cotton dust standard's application to cottonseed processing.

The brief, filed in a federal appeals court in Washington, maintains that the standard should not be applied to the cottonseed processing industry because the Occupational Safety and Health Agency has not established that cottonseed workers are exposed to a significant health hazard risk. The brief also argues that medical surveillance is not necessary or appropriate for oil mills in the absence of significant risk, and that it is not feasible for oil mills to comply with the standard's medical surveillance provisions.

A National Cotton Council spokesman said the case is expected to be argued in early 1987.

South Africa Buying U.S. Cotton--With Bangladesh and Zaire leading the way, U.S. upland cotton sales for 1986-87 delivery totaled 225,200 running bales during the week ended Aug. 14. This brought the season's total upland cotton sales commitments to 3,504,000.

Bangladesh bought 58,900 bales and Zaire 33,100. Other big purchases included 41,900 by Japan and 30,000 by Taiwan.

Drivers Cautioned As Schools Open

Last year in Texas there were 1,228 accidents involving school buses, with seven fatalities and 323 non-fatal injuries. Schools are about to open again, and drivers are once more being cautioned to be unusually attentive in and around school zones and school buses.

An increasing problem in recent years has been drivers who either ignored or were unaware of the law restricting vehicles from passing a school bus while the bus

is loading or unloading children. Children often cross the street in front of the bus, and a car that's trying to pass may not see them coming.

The problem became so bad two years ago that the Texas Legislature considered requiring buses to have mechanical arms at the driver's window that would extend into the traffic lane while the bus is stopped. At present, buses in Texas have flashing lights at the front and back of the vehicle when stopped, as well as signs noticing that vehicles are required to stop for the buses.

"It's important to note that stopping for those flashing red lights is not just a courtesy, it's the law. That means stopping whether you're behind the bus or approaching it from the other lane."

Family Assessment Can Help Deal With Stresses

A family assessment can help farm and ranch families survive the current economic crisis and establish a family environment that will enhance their relationships and general well-being in the long run.

Some questions that can be useful include the following:

- *What is our family's financial situation?
 - *What is the financial situation of our ag enterprise?
 - *What's the picture of our family relationships. What about the emotional well-being of individual family members?
 - *What is most important to our family? Why do we hold those things important?
 - *Where would we like to be (in our family) in the next year? In the next 5 years?
 - *Where would we like to see our farming or ranching operation in the next few years?
 - *What will it take for us to achieve those goals?
 - *Are there any conflicts between family goals and goals for our ag operation? What can we do to reconcile the conflicts?
- Families that assess their situation increase their ability to recognize, discover or create new opportunities and alternatives which can help them deal with crisis situations.

Littlefield Community Theatre Presents Play

The Littlefield Community Theatre will present the female version of Neil Simon's comedy hit "The Odd Couple" on Sept. 6. This will be an evening of dinner theatre in the round to be held at DeFalco Hall, 1300 West 8th Street.

Tickets for the performance and dinner are priced at \$10 per person and must be reserved in advance. Reservations may be made by calling 385-4911.

CONSTRUCTION PERMITS FOR AIR CONTAMINANTS--

Landowners can no longer assume they can build anything on their land they wish, especially not a potential source of air pollution, says an agricultural engineer in waste management. Any new operation or process, whether in industry or agriculture, is required to obtain a construction permit from the Texas Air Control Board if it has the potential to contaminate the air. Among air contaminants are odors, dust, hydrocarbons, nitrogen oxides, sulfur oxides and similar substances. The construction permit has to be obtained from the Texas Air Control Board before the facility is built.

CHURCH CONFERENCE TO FOCUS ON TEXAS' RURAL CRISIS--

Strategies for dealing with the crisis in Texas' heartland--the financial woes that have beset farmers and ranchers and smalltown businesses--will be discussed at the 1986 Town and Country Church Conference at Texas A&M University Sept. 15-17. "Rural Crisis in Texas: Hope-filled Strategies" will be the theme of the 41st annual conference, which is for clergy and church lay leaders. A major effort of the conference is to see how clergy and lay leaders are involved in dealing with the financial crisis throughout Texas and how their efforts and the efforts of various agencies can be inter-

Booster Club To Meet Tuesday

The Bulldog Booster Club will meet at 7:30 p.m. Tuesday, Sept. 2, at the football field. Come meet the Bulldogs of 1986. There are still a few Bulldog jackets for sale.

LINDA GALE WHITE

Mrs. White To Be Honored In Post

The committee to re-elect Mark White announced that Linda Gale White, the First Lady of Texas, will be honored with a reception at 10:30 a.m. Thursday, Sept. 4, in the community room of the First National Bank in Post.

The public is cordially invited. Democrats, Republicans and Independents are all welcome.

Mrs. White looks forward to discussing her husband's record and bid for re-election with all the voters of Garza and Lynn counties.

Lynn County Farm Tour Set Sept. 4

The Lynn County farm tour will be Thursday, Sept. 4, beginning at 1:30 p.m. The tour will originate on the east side of the courthouse in Tahoka. The tour will visit cotton variety plots which reflect different maturity groups, high strength varieties and comparison of the more popular varieties. Also, a Johnsongrass control plot will be toured. Dr. James Supak, Area Cotton Specialist, and Dr. Jim Leser, area Entomologist will be present to update on cotton production and the insect activity.

Personal vehicles will be required for the tour this year.

DAYTON PARKER

ASPIRIN vs BLOOD CLOT
Many physicians take a small daily dose of aspirin to reduce the chance of stroke or heart attack. Aspirin helps because it slows blood clotting. Clots in coronary arteries cause some heart attacks -- clots in brain arteries cause stroke. Researchers find that half an aspirin daily is as effective as bigger doses for slowing blood clotting.

STENHOLM FAMILY--The Charles Stenholm Family, from left to right: Courtney, Chris, Charlie, Cary, Cindy, are shown at Bethel Lutheran Church in August, 1986.

Stenholm 'Funday' Set Sept. 6 Near Stamford

The first Saturday after Labor Day is a favorite day for U.S. Congressman Charles W. Stenholm of the 17th District and his family and supporters, as that is 'Funday', Saturday, Sept. 6, this year. It's a special time for Charlie, Cindy and their children, Chris, Carey and Courtney to come home. The event is also the Stenholm for Congress Committee's largest yearly fundraiser.

Funday begins around 5 p.m. and ends at dark at the Ericsdahl Picnic Grounds just two miles from Stenholm's farm home. Volunteers from Stamford and members of the Bethel Lutheran Church spend weeks getting ready for Stenholm supporters from 35 counties to arrive, usually some 1,500 strong.

Apart from seeing old friends, Stenholm also uses Funday to "show off the District" that he serves. This year attending the festivities will be four fellow Congressmen: Les Aspin (D-Wis) Chairman of the Armed Services Committee, Richard Ray (D-GA) serving on the Armed Services and Small Business Committees,

Buddy roemer (D-LA) serving on Banking, Finance and Urban Affairs Committee and the Small Business Committee, and Ike Skelton (D-MO) serving on the Armed Services Committee, Small Business Committee, the Select Committee on Aging, and the Truman Scholarship Foundation.

Tickets to Funday may be purchased for \$10 per person. It's a picnic with all the fixin's and field-fresh sliced watermelon. It's live entertainment. For tickets or information, call or write: The Stenholm Committee, P.O. Box 1032, Stamford, Tx 79553 or phone (915) 773-5521. Those attending may wish to bring a lawn chair and dress casually.

Patricia Rambo Presented Award

Patricia Rambo of Lubbock was presented an award by the Vocational Home Economics Teachers Assn. of Texas at their 23 annual awards luncheon held at the Hyatt Regency Hotel, in Dallas, on Wednesday, Aug. 6. The award was in recognition of her dedication and service to the teaching profession.

Ms. Rambo, a teacher at Tahoka High School participated in a three-and-one-half day State Inservice Conference for the professional development of vocational home economics teachers.

Obituaries

William Bell

Memorial services for William C. "Bill" Bell, 62, of O'Donnell were held at 3 p.m. Wednesday, Aug. 27, in White Memorial Chapel in Tahoka.

Cremation was under the direction of White Funeral Home.

He died Monday at his residence. Justice of the Peace Ben Morrison ruled the death a suicide.

He was born in Tahihina, Okla., and moved to Lynn County in 1959. He was a retired truck driver.

Survivors include his mother, Mattie Holland of Tahihina, Okla.; a son, Clark of O'Donnell; three stepsons, Jimmy Barton and Jerry Barton, both of O'Donnell, Monty Barton of Lamesa; a brother, Lawson of Roseburg, Ore.; and eight grandchildren.

The family suggests memorials to the O'Donnell Volunteer Ambulance Fund or a favorite charity.

Lewie Jordan

Services for Lewie Jordan, 74, of Friona were held at 2 p.m. Wednesday, Aug. 27, in Franklin-Bartley Funeral Home Chapel with the Rev. Richard Edwards, pastor of the Olton United Methodist Church, officiating.

Burial was in the Peaceful Gardens Memorial Park.

He died at 8:40 a.m. Tuesday in Parmer County Community Hospital in Friona after a brief illness.

He was born in Frederick, Okla., formerly lived in Lynn County and had been a resident of Lubbock for 18 years before moving to Friona one month ago. He was a retired farmer and cotton ginner. He married Ruby Dial Feb. 9, 1935, in Plainview. He was a member of the Tahoka Masonic Lodge and the Earth United Methodist Church.

Survivors include his wife; two daughters, Donita Martin of Friona, Linda Givens of Olton; two sisters, Maxine Chesbro of Grand Prairie, Dorothy Vite of Frederick, Okla.; five grandchildren; and two great-grandchildren. Nephews were pallbearers.

School Vacation Almost Over

Vacation is almost over for the children. This means "Back to School". For the motoring public this means we should prepare ourselves for the Back to School traffic.

Major V.J. Cawthon, Regional Commander of the Texas Department of Public Safety in Lubbock said, "Every year as school starts we have a rash of accidents caused by drivers not watching out for children on their way to and from school."

"When you see children walking on the side of the road or waiting for a school bus, reduce your speed in case a child darts into the street in front of you. When children get together they tend to get excited and even though they know better, will run into the street without looking," Major Cawthon explained.

Whether meeting or following a school bus state law requires all drivers to stop and remain stopped when the bus has activated its alternating flashing red lights while loading or unloading children. You cannot start again until the flashing red lights are no longer activated or the bus driver signals you to proceed.

"Be especially watchful in school zones as this is where students will be congregated. Extra effort on a drivers part will pay off in preventing traffic accidents in these areas", advised Major Cawthon.

His wife, Mary, is the daughter of Jesse and Tony Mendez of Wilson.

Area Grape Industry To Be Spotlited

The Texas South Plains has gained national attention as a grape producing area, and 15 years of research to help grape producers will be featured at the 77th annual field day of the Texas Agricultural Experiment Station (TAES) in Lubbock Tuesday, Sept. 9.

This year's tour and open house will be from 1 to 5 p.m. at

the Texas A&M University Agricultural Research and Extension Center. It is north of the Lubbock International Airport on FM 1294, just east of I-27 at the Shallowater exit.

The research vineyard at the Lubbock station will be one of four featured stops, including display efforts to control effects of weather on crops; cotton breeding to meet customer demands, and integrated "farm ing systems" approach to crop production to reduce inputs and increase profitability.

Visitors can also see the latest techniques and products for weed and insect control, tour the Texas Agricultural Extension Service soil testing laboratory and the Texas Forest Service greenhouse, examine computers and software to aid farmers and ranchers and view the latest farming equipment.

Talented Mustangs Must Avoid Injuries

By MICHAEL P. MANN
Avalanche-Journal Sports Staff
WILSON — The Wilson Mustangs have all their key people back and are poised to push the Ponies into the state football playoffs again in 1986.

The drawback is the Mustangs don't have hardly anybody else, as head coach Gary Lewis greeted just 15 players as preseason workouts began last week. Two more boys suited up this week for Lewis bringing the roster total to 17.

"We've got everyone... all our key people are here," Lewis said. "We'd like to have another six or so. We feel like we can compete well. We're not just trying to make it through the season; we're trying to win the district championship. That's the goal from the start."

With just four more than the minimum number of players required for football, Lewis knows the season could come to an abrupt halt, especially if the Ponies are beset by injuries as they were last season.

"We can't afford injuries and we can't afford falling grades at the six weeks (due to no-pass, no-play)," Lewis said. "We're just hoping our old luck will hold out. There's no way we can have injuries like we did last year. We're hoping our luck changes. We've got every procedure and taken every precaution we can put on them."

The Ponies went so far as to equip all their players with knee braces, with a special brace for running back-linebacker-kicker Justin Bednarz, who led area Class 1A players in yards-per-game in 1985 with 222 yards and eight touchdowns in eight games.

"He took a physical the other day, and the doctor said he couldn't tell he

had been hurt," Lewis said. "If (quarterback Greg) Spears goes down... he could be vital to us. They both have to be there. When he's healthy, I think Spears is the best Class 1A quarterback on the South Plains."

Spears was limited to six games last season, but found time to pass for 436 yards and seven touchdowns.

Ruben Garcia, who earned all-league honors after Bednarz was hurt, returns to handle the wingback position, and 1985 injury victim Chris Burch brings an experienced hand to the fullback duties.

The Mustangs will scrimmage Garden City at Klondike today (Thursday) at 6 p.m.

R DR. JONES IS ON THE PHONE

Hardly a day goes by in our pharmacy where we do not have to talk to a physician. It can be for a great many reasons. It might be about a prescription he has written, a health-aid or a sickroom item that has been called for. Sometimes it is just for information on a new drug or a special dosage form on an old one.

The professional relationship we have established with the medical profession is one of which we are proud. It is helping us to offer the type of pharmacy service that you expect from us.

"A GREAT MANY PEOPLE ENTRUST US with their prescriptions, health needs and other pharmacy products. We consider this trust a privilege and a duty. May we be your personal family pharmacy?"

Leopards Looking For District Honors

By MICHAEL P. MANN
Avalanche-Journal Sports Staff
NEW HOME — After two years in the ranks of the independents, the thing New Home-head football coach George Deck likes so much about the 1986 season is the possibilities.

Unlike last season, the Leopards will be eligible for a district honors and postseason play as they make their official debut in six-man football.

New Home dropped from the Class 1A 11-man ranks two years ago, but too late to be classified as a six-man team. So the team spent two years playing a non-honors schedule.

After a 7-3 season in 1985, the Leopards are primed to make a run at their first playoff berth ever.

"It gives them something to shoot for, to make a name for themselves," Deck said. "Last year, they had their first winning season in

quite some time. I understand. There's lots of possibilities, and they look pretty good."

Deck has five starters each way, and is highly optimistic.

Six-foot, 145-pound quarterback Lloyd Caballero returns at quarterback, and will be joined in the backfield by experienced running backs Jimmy Wyatt, Darrell Paul and Leo Torres. Other backfield candidates include Carey Rudd, Tyrone Watkins, Juan Munoz and Coby James. James and Rudd also could work out at quarterback.

Chuck Smith is back at end, and 5-11, 165-pound Fritz Speckman probably will be the starter at center. Among the other linemen in the Leopards fold are Jerry Speckman, Jaime Garza and Grady Thompson.

Defensively, Wyatt will lead the way from his middle linebacker spot. Paul and Nieman are also back at

linebacker, where Rudd, Munoz and Andy Correa will also work.

Nieman could start at end if Fritz Speckman works out at linebacker, or vice versa. Jerry Speckman, Watkins, Garcia, Villarreal and Thompson are also working on the defensive front.

Smith is back at safety, with Rudd, James and Munoz backing him up.

"There's just so many possibilities," Deck said. "I expect a lot out of Chuck (Smith), Jimmy (Wyatt), Lloyd (Caballero), Darrell (Paul), Fritz (Speckman) and Leo (Torres). And Robbie Nieman, he's going to be a good one, too."

The big plus is still the chance to compete for postseason honors in District 1-A.

"It means everything," Deck said. "When you're playing that kind of ball and then can't go any further . . . This year they can play for district and the possibility of going to the state playoffs. We always shoot for that."

Combining his capable individuals into a single unit is Deck's main priority.

"If they want to, they'll be good," Deck said. "Individually, they have the talent. It's just a matter of piecing it together and how bad they want it. If they really decide to dedicate themselves, I think they've got unlimited possibilities."

New Home will scrimmage Klondike this Friday at 6 p.m. at New Home.

Aunt Bessie Strain spent two weeks in Borger with her daughter and son-in-law, Ruth and Pat Chapman. Margaret drove there on Wednesday and carried her mother home Friday. The family celebrated Bessie's 92nd birthday with a dinner in the Chapman home.

Mrs. Lil Todd, her daughter Sharon, and her daughter of Wichita Falls visited with friends in the L.H. Nettles home Saturday, Aug. 16 and on Sunday at-

tended the Todd family reunion in Tahoka.

Mr. and Mrs. Roy Blevens, Mr. and Mrs. J.A. Evans went with two bus loads from Lubbock to the senior citizens bowling tournament in Dallas. They left Friday and returned Sunday.

A good crowd attended the concert by Jim Fullingum Sunday evening in the New Home Baptist Church. The Wilson Baptist Church dismissed their services and attended the concert.

Mrs. Ron Walker was taken to the emergency room in Methodist Hospital Thursday night and later admitted to the hospital. She returned home Saturday.

Mr. and Mrs. Preston McWhorter of Eastland spent Saturday night here with Mr. and Mrs. Leroy Nettles. After lunch Sunday they went to Lubbock for the golden wedding reception for Mr. and Mrs. Bill Hoard.

Our daughter, Sue Oliver of Odessa, visited with us Monday, Aug. 18.

Mrs. Bob Poer was able to return home from the Lynn County Hospital Thursday.

Don Sharp and his son of Lubbock were in Kirbyville on business and visited his brother and sister-in-law, Mr. and Mrs. L.G. Sharp.

Mrs. Charlotte Neece and children, Landon and Kimberly of Abilene were here a week with her parents, Mr. and Mrs. L.H. Nettles. They returned home Saturday.

Scooter Sharp and her aunt, Madeline Fewell of Roswell, visited in Plains Thursday with Mr. and Mrs. A.B. Chitwood.

We spent the weekend in Crosbyton with Billie Jo and Charles Freeman. Other family members there were the Freeman's children, Joe, Jay and Jacey of Colorado City, Greg, Megan and Kelsey of Lubbock, Roger, Becky and T.C. of Lubbock, also Ann and Wayland Walton of Snyder and Sue Oliver of Odessa. Friends present were Art Nelson of Odessa, and Jimmie and Wanda Carr of Crosbyton. After a back yard dinner we all attended the prairie drama "God's Country" celebrating the 100th birthday of Crosby County at the Blanco Canyon Amphitheatre 10½ miles north of Crosbyton.

Garnet Reeves and his mother, Lois Reeves, Blake Payne and Kathryn Chafin of Lubbock were among the visitors at the Fullingum concert Sunday evening.

After living in the Lakeview community for 61 years, Mrs. W.T. Knight has moved to the Lubbock Village Retirement Home in Lubbock.

Moman Johnson of Tahoka remains in very serious condition in Methodist Hospital ICU.

Bret and Holly McClung of Austin are visiting here with their grandparents, Mr. and Mrs. Leroy Nettles.
