IN BREAKDOWN OF INCOMES

58% of Bailey Families Had Earnings Over \$4,000 In 1959

(Special To The Journal)
NEW YORK—A larger proportion of families in Bailey County are to be found in the "have more" income groups and a smaller percentage in the "have less" category than in most parts of the West South Central.

The conclusion is based on a nationwide, county by county breakdown of 1959 incomes, conducted by Sales Management. It shows, for each area, what part of its population falls within each income bracket.

The copyrighted study also reveals, for every community, whether its so-called "average income" is made up of earnings that are evenly distributed or whether it represents a small number of families with very large incomes making up a much greater number

with sub-standard incomes. For Bailey County, the report shows a relatively even distribution as well as a high general average.

Approximately 58.2 percent of the local households had spendable incomes last year, after taxes, of \$4,000 or more. This compares favorably with the scale of earnings in the rest of the West South Central States, where only 49.0 percent of all households were in the over-\$4,000 brackets.

Better Than State Average
It was also better than in the State of Texas, where 52.8 percent had such earnings.

For the business man in Bailey County, it is a healthy state of affairs, making for a stronger market. It means that more of the local families have available the extra spending money for better

food and clothing, for second cars, for washing machines and for luxuries in general.

The overall spending of a large segment of a population enjoying middle-income earnings or better, as is the case locally, produces a greater volume of business than does a high-low income combination, the economists have found.

Also disclosed by the Bailey County income breakdown is the fact that 34.1 percent of the households were in the \$7,000 to \$10,000 bracket last year. They accounted for 31.7 percent of all local earnings.

Those in the \$2,500 to \$4,000 groups comprised 21.6 percent of the households and accounted for 12.0 percent of the income.

To the 58.2 percent in the "over \$4,000" class went 82.7 percent of the local income.

Farm Bureau Meets Tonight

Annual county convention of the Bailey County Farm Bureau is scheduled for tonight, Thursday, Oct. 20, at 8 o'clock in the dining room of Leigson's Cafe.

A group of proposals will be presented to the meeting, including local, state, and national issues. The county convention will adopt a set of proposals to be presented to the Texas Farm Bureau convention for consideration. Besides the proposals to be presented, others may be submitted from the floor.

Everyone interested is invited to attend, regardless of whether they are members of the Farm Bureau.

Absentee Voting Is In Effect

Absentee voting in the national election is now under way in Bailey County. Mrs. Hazel Gilbreath had received several applications even before voting became legal on Wednesday, Oct. 19. The national election is Tuesday, Nov. 8.

The absentee box was prepared early this week. Ballots have been printed and delivered to the county authorities.

The Bailey County voting is done in seven voting precincts: Muleshoe, West Camp, Three Way, Circleback, Bula, Baileyboro, Mays, and the absentee box makes eight.

Courthouse attaches who have been around for some time said the early interest in absentee voting seems to indicate a fine interest in the election on the part of Bailey County citizens, a thing to be desired.

Voters are reminded that absentee balloting will close three days before the day of the election; therefore Friday, Nov. 4, will be the last day when absentee voting will be legal. Those wishing to cast absentee ballots should apply at the office of the County Clerk, Mrs. Hazel Gilbreath.

"Prowler" Reports End, Three Are Arrested

Two arrests made recently by city officers seems to have stopped entirely the reports made by residents about prowlers, Chief of Police Findt told The Journal this morning. He said a third arrest had cleared up some store break-ins and stopped that activity.

The two arrested for "prowling" or peeping were: A boy of Mexican descent, 19; and a boy of Anglo descent, also 19. The Journal suggests to the people that the police and all peace officers will deeply appreciate it if untoward incidents or circumstances are reported to them immediately. An early report will help them in their work.

Muleshoe Will Get Vet Clinic

"Muleshoe can expect a veterinary clinic in the near future", are the words written to The Journal editor by Fr. Jerry D. Gleason, a local boy now serving with the Air Force in Washington, D. C.

Jerry said he will be released from the service in the spring and indicated he would be back home to establish his vet clinic (which Muleshoe and area needs).

He said that he had been in contact with the Noel Woodleys, who recently moved to the capital from Muleshoe, and he said they seem to be enjoying Washington.

Sen. Fulbright Dinner Speaker

LUBBOCK—Sen. J. William Fulbright of Arkansas will speak at a \$15 a plate Democratic Party Fund Raising dinner in Fair Park Coliseum here Monday night, Oct. 24.

The meeting will begin at 7:30 p.m.

Fulbright, who is chairman of the Senate Foreign Relations Committee, will be introduced by U. S. Rep. George H. Mahon of the 19th Congressional District.

Fulbright's visit is one of the few speeches he will make during the campaign, Travis Shelton, District Committeeman, and Dist. Judge Howard Davison announced.

"We feel we are fortunate to get Sen. Fulbright to come to Lubbock for his South Plains appearance", Shelton said, "for he has been kept at party headquarters in Washington for counsel on foreign relations during the campaign."

Judge Davison stressed "People outside Lubbock have joined up in this effort, and it isn't just a Lubbock affair. It's area wide, and we are expecting a big turnout."

Mrs. Pat Bobo, Democratic Campaign Director for this area, is in charge of ticket sales here.

Tickets also may be obtained by writing Democratic Headquarters, 1010 Broadway, Lubbock. Please send check or money order.

13 Men, Women Arrested Here

The city officers arrested 7 men for being drunk and picked up a "sleeper," a person who has no money, no food, no place to stay.

The sheriff's department arrested two women for vagrancy and one woman for the car theft. One woman for felony theft and released one woman to the Las Cruces, N. M., authorities for felony worthless checks.

Cotton Acreage Hiked For '61

The Agriculture Department has announced a cotton acreage allotment decrease for Missouri and Kansas in 1961, and an increase for Oklahoma, Texas, and Arkansas.

The department allocated to each state its share of the national acreage allotment of 18,398,424 acres, announced last week. The department also distributed to individual states a share of 60,000 acres taken from the national reserve, making a total of 18,458,424 acres divided among 21 states.

The allocations show an increase from 803,141 to 862,132 acres for Oklahoma, an increase from 7,337,151 to 7,489,196 acres for Texas, and an increase from 1,451,265 to 1,520,182 acres for Arkansas.

Homecoming For Three Way To Be Held October 22

Homecoming will be held in Three Way Saturday, Oct. 22. Registration will begin at 6:30 p.m. in the school.

The football queen will be crowned during the half time ceremonies of the football game between the Three Way Eagles and the Bula Bulldogs.

Following the game, a business meeting will be held in the gym for all the former students of Three Way. Refreshments will be served.

Rex Briscoe Wins Trophy In Talent Contest Oct. 10

Rex Briscoe of Muleshoe, a vocalist, won a trophy in the Walsh Talent Showhouse held in Lubbock Oct. 10. He is now eligible to compete in the finals to be held the last two weeks in January. The winner will receive \$250.

Briscoe has performed twice, Oct. 9 and 16, on the Walsh Talent Show which is telecast over Channel 13 Sunday afternoons at 8:30.

Sugar Beet Acreage Restrictions Lifted

The Agricultural Department has removed all acreage restrictions on the 1961 sugar beet crop.

It will be the first time in seven years that beet sugar output will not be restricted under the sugar control program.

One effect of the action will be beet sugar to replace cane sugar supplies previously provided by Cuba.

In the irrigated section of the Plains there is mounting interest in beet sugar for 1961, brought about in part by the cutback in sugar allowances from Cuba. Sporadically the crop has been grown around Plainview, Lockney, Dimmitt, Muleshoe and other points in past years.

Farmers here tried the crop for two years, then apparently lost interest, perhaps because of a cumbersome marketing system.

BAND BOOSTERS

All Band Boosters are urged to attend the meeting to be held in the Band Hall at High School tonight, Oct. 20, at 7:30 p.m.

Homecoming At Canyon Nov. 5

CANYON—Homecoming at West Texas State College Nov. 5 will follow the pattern last year, when a return was made to the highly successful features of past years, according to Dr. Jack Walker, chairman of the event's steering committee.

Top events of the past which have found a place on the Homecoming agenda, designed to welcome the college's thousands of ex-students, includes a parade, barbecue, football game, club reunions, a 25th anniversary class reunion, and a dance to climax the affair.

West Texas State students will again set the mood for homecoming with observance of Western Week, conducted on the two days prior to Nov. 5. WT's traditional Homecoming Assembly is scheduled Nov. 5 at 11 a.m., and the program will be video taped by Amarillo's KGNC-TV and played back at 4:30 p.m. A bonfire and pep rally will set the final tune on Nov. 4.

Muleshoe Hunters Off For Prairie, Mountains

Local hunters have hied to the prairies and the mountains this week. Leaving today to hunt pheasants around Alma, Neb., were Mr. and Mrs. Harold Griffiths, Ray Griffiths, and W. M. Pool, Jr., in one party; Mr. and Mrs. Clinton Kennedy and Mr. and Mrs. Melvin Lee left today also for Alma; Mr. and Mrs. Childs, residing west of Muleshoe, also on their way to Alma, and ten local people will headquarter at the Arrow Motel there.

Among other local hunters that The Journal learned about are Lee Pool, Edd Little, and the latter's father, to Dove Creek area in Colorado to hunt deer.

1800 Enrolled In Local Schools

Enrollment in Muleshoe schools totaled 1,800 at the end of September, school authorities reported. This was slightly less than the maximum enrollment, reached shortly after the present term began. The breakdown by schools and classes:

High School: Seniors 64, Juniors 99, Sophomores 83, Freshmen 140; total 386.

Junior High: 8th grade, 150, 7th grade 165; total 315.

Richland Hills Elementary: 6th grade 76; 5th grade 91; 4th grade 76; 3rd grade 96; 2nd grade 84; and 1st grade 113; total 536.

Mary DeShazo Elementary: 6th grade 82; 5th grade 70; 4th grade 82; 3rd grade 100; 2nd grade 100; 1st grade 108; total 531.

Hilltop (colored): 8th grade 0; 7th grade 4; 6th grade 3; 5th grade 2; 4th grade 5; 3rd grade 7; 2nd grade 10; 1st grade 11; total 42.

Of 62 MHS Seniors One Prefers Teaching As A Life Vocation

A few days ago, O. E. Lumsden, supervisor of guidance and testing in Muleshoe high school, asked the 62 seniors in the school to indicate their first and second vocational choices.

Mr. Lumsden said that only one listed teaching as a first choice for a vocation. However, there were six who listed teaching as their vocational choice.

He noted also that eleven students listed secretary as their first choice, and twelve listed secretary as a second choice. He talked with some of the seniors who listed secretary as their choice.

Their answers were that teaching requires too much preparation for such a low salary. They said they could take a business course, a beauty course, etc., and begin work in a few weeks at a salary which is often more than a beginning teacher will draw with a bachelor's degree.

Mr. Lumsden said a study of this problem shows 2,124,000 students are enrolled in 1,500 school districts in Texas for the 1960-61 school year. This compares with 1,400,000 in 50-51, an increase of more than 83 percent.

Approximately 10,000 additional and replacement teachers are employed annually. One of each two of these teachers does not qualify for a legal teaching certificate, and is employed on a one-year emergency permit. In 1959-60, five thousand of these emergency permits were issued in Texas.

The state minimum salary for a beginning teacher with a bachelor's degree is \$3,204 per year. It is rather hard, concludes Mr. Lumsden, to advise young people to become teachers under these circumstances.

Calvary Baptist Begins Revival

Calvary Baptist Church of Muleshoe will begin a revival meeting the coming Monday night, Oct. 24, to continue thru Oct. 30 with services each evening at 7:30 o'clock.

Rev. Doyle Davis, of Walters, Okla., is the evangelist for the meeting. The church is located at 1733 West Ave. C.

The pastor, Rev. J. M. Moore, announced that the MHS chorus, consisting of about 35 members and directed by M. D. Shepherd, will sing for the congregation on opening night. A cordial invitation to attend the services is extended to the public.

Delta Kappa Gamma Regional Meets In Crosbyton October 8

On October 8 the Delta Kappa Gamma Regional met at Crosbyton. The meetings were held in the Pioneer Memorial Building. Mrs. W. P. Lamar, an honorary member of Gamma Eta, the hostess chapter, welcomed the guests. Mrs. Lamar gave the Pioneer Memorial

building to Crosby County honoring the early settlers of the West.

Miss Mildred Hulsey, Tulsa, First Vice-president, Alpha State and Dr. Madge Davis, Immediate Past President of Alpha State, Midwestern University, Wichita Falls, were the regional directors, and were in charge of the program. The members were divided into Special Interest Groups, and the following topics were discussed.

What can your chapter do to justify the claim that its members are professionally minded?

What can your chapter do to justify the claim that you are "Key Women Teachers"?

What can your chapter do this year in re-dedicating itself to the seven purposes of Delta Kappa Gamma?

The dimensions of the future are the dimensions of our members.

Luncheon was served at 12:15 p.m. and a very interesting program was given.

An award for the chapter, whose members traveled the greatest number of miles to reach the meeting, was presented to Gamma Kappa chapter, Clarendon, by Dr. Madge Davis.

The next regional meeting will be held November 4, 1961 in Plainview.

Mrs. Horace Blackburn and Mrs. Ed Johnson of the Epsilon Delta Chapter, Muleshoe, attended the meeting.

ALPHA CLASS MEETS
The Alpha Class of Trinity Baptist church met Oct. 18 at Dorothy Bowers' home for a class meeting and social.

All those present were served refreshments and elected officers for the coming year.

Mrs. Lindsey Presents ESA Program Oct. 5

Mrs. Viva Lindsey presented the program for the "Model Meeting" of the Epsilon Chi Sorority in the home of Mrs. Shorty White Wednesday, Oct. 5.

Special guests for the evening were Mary Paul Long, district president, Virginia Campbell, district co-ordinator, of Lubbock.

A film on the process of making fine china was shown by Mrs. Lindsey. She displayed the different phases of blowing and decorating crystal and she also displayed the various types of pottery and china.

Johanna Wrinkle presided at the business meeting in which each officer and committee chairman gave her duties for the benefit of the pledges.

Refreshments were served to the following: Mary Paul Long, Virginia Campbell, Viva Lindsey, Vicki Young, Sammy Louis, Marlene Martin, Jo Santos, Janelle Turner, Ann Alford, Laura Bartlett, Anna Copeland, Chubby Douglass, Jean Gillespie, Maurine Hooten, Evelyn Johnson.

Helen Krebs, Marjorie Precure, LaNetta Small, Johanna Wrinkle, and Shorty White, the hostess.

Mrs. Frank Hammond

Susie Carpenter and Frank Hammond Marry In Double Ring Ceremony

Miss Susie Carpenter and Mr. Frank Hammond were united in marriage in an impressive double-ring ceremony in the home of her parents, Mr. and Mrs. H. W. Carpenter of Lazbuddie Sunday, Oct. 16, at 3:00 p.m. He is the son of Mr. and Mrs. Bob Hammond of Farwell.

Rev. Ebb Randol of Farwell read the vows as the couple stood before an arrangement of candelabra, white gladiolas, mums, roses and baskets of fern.

The wedding music was provided by recording.

The bride, given in marriage by her father, was wearing a gown of Peau de Soie chantilly lace designed with a fitted

bodice and bouffant skirt and complimented with three-quarter length sleeves. The scalloped neckline, accented with seed pearls, dipped to a low V in the back. Her veil of imported illusion fell from a crown of seeded pearls. She carried a bouquet of white stephanotis on a Bible.

Carrying out the tradition of something old, new, borrowed, and blue, the bride's Bible was new; her veil was borrowed, her garter was blue and she carried a handkerchief that belonged to her grandmother.

Mrs. Jimmy Briggs of Friona, sister of the bride and the matron of honor, was wearing a rose chiffon dress. She carried a cascade arrangement of white mums and roses. Fred Magness of Farwell was best man.

John Herington of Farwell served as candlelighter. Mrs. Neil Ross of Lubbock, a sister of the bride, registered the guests. Her corsage was made of roses.

Mrs. H. W. Carpenter, mother of the bride, was wearing a racy ensemble. Mrs. Bob Hammond, mother of the groom, was wearing a brown two-piece suit. Both wore rose corsages.

At the reception which followed, the guests were served the rose and white decorated wedding cake with miniature bride and groom and rose colored punch. Miss Katherine Smith of Lazbuddie, Miss Linda Kay Murphy of Midland, Miss Darlyna Morris of Earth and Mrs. Beth Carter of Canyon were members of the house party.

For their wedding trip, Mr. and Mrs. Hammond visited points of New Mexico. She was wearing a gold sheath dress accented with brown accessories. They will make their home in Farwell.

Mrs. Hammond is a 1958 graduate of Lazbuddie High School and attended West Texas State. Mr. Hammond attended Farwell High School and mechanics school in Kansas City.

A Coffee Honors Mrs. Howerth

Mrs. Ralph Howerth of New Lexington, Ohio, was honored with a coffee held in the home of Mrs. J. W. Witherston Saturday, Oct. 8.

The serving table was centered with a fruit arrangement and silver appointments. Mrs. N. C. Moore assisted with the hospitalities. There were sixteen guests were present.

Mr. and Mrs. Howerth are visiting in Muleshoe with her sister and husband, Mr. and Mrs. G. G. Young.

Mrs. Blackburn Reviews Book For Study Club

Mrs. Horace Blackburn reviewed a book entitled "That Certain Something" by Arlene Francis for the Los Planos Study Club which met in the home of Mrs. Vance Wagon Tuesday night, Oct. 11. Mrs. Joe Mack Wagon and Mrs. Raleigh Mason assisted with the hostess duties.

Following the review, the members and special guests were served spiced tea, coffee, miniature sandwiches and cookies.

The special guests were Mmes. H. W. Callan, Bob Blackwood, W. A. Finn, Jr., Rufus Gilbreath, Odell Logan, and Mrs. R. W. Cudd of Smyer.

W. O. Simonsons To Observe Their 50th Anniversary

The 50th wedding anniversary of Mr. and Mrs. W. O. Simpson will be observed with an open house from 2-5 p.m. Sunday, Oct. 23, in the home of Mr. and Mrs. M. L. Oswalt, three miles north on Friona highway west.

Mr. and Mrs. Simpson were married in Paducah Oct. 22, 1910. The couple have a daughter, Mrs. Dud Graham, of Floydada and a son, Oren Simpson of Pampa, and five grandchildren and nine great grandchildren.

Hostesses for the occasion will be Mrs. D. E. Beller, Mrs. Bill Royce, Mrs. Weldon Criswell, and Mrs. M. S. Oswalt.

Mrs. Mable Nieman Is Hostess For Club

Mrs. Marvin Nieman was hostess for the Dig & Dream Garden Club which met for their regular meeting Wednesday, October 12.

A short business session was held in which they discussed having a program on flower arrangement and the Christmas party.

Refreshments were served to the following: Mmes. Mae Pattie, Caroline Hamilton, Luville Harper, Annette Black, Mabel Ryan, Kathryn Smith, Mable Nieman, and two guests Alma Henley and Billy Hamilton.

The next meeting will be in the home of Mrs. Mae Pattie November 8.

Friendship Class Enjoys Dinner And Installation

Mrs. Pat Childers and Mrs. Ray Griffiths were hostesses for the dinner and installation of the Friendship Class of the First Baptist church Thursday night, Oct. 13, in the banquet room at Leigon's.

The table was beautifully decorated with bronze mums, yellow daisies, bronze candles, and fall leaves. The dinner music was provided by Mrs. W. T. Andrews and Mrs. E. H. Kennedy.

A delicious meal of baked ham and candied yams with all the trimmings was served to the 22 class members present.

Mrs. Ray Griffiths, class teacher, conducted the installation. Her theme was "Builders, Christ is the Architect". The officers installed were:

Thought Dead 40 Years, Uncle of Local People Reunited With Kin

Alvin A. Selph of Freeport, Angling Island, N. Y., an uncle of Frank Matthews and Mrs. C. Goss of Muleshoe, visited with relatives in Ft. Worth recently. The unusual note in this story is that the family had thought him dead for over forty years.

Selph lost track of his family in 1911 and had tried to locate them many times.

Bus Drivers Get Awards

Neal B. Dillman, Superintendent of Muleshoe Independent School District presented nine awards of Merit to as many bus drivers today.

In 1918, a newspaper carried the news about a train wreck in Arizona and listed among the fatalities the name, Alvin A. Selph. Since this is an unusual name, the Brownwood family concluded this must be their brothers.

Selph's son, Alvin E. Selph, lives in Camp Verda, Ariz. Selph decided to drive out and visit with his son the first of September. On his return home he stopped in Stamford to visit the grave of his mother. He started a conversation with a Stamford resident and learned that his brother, Tom J. Selph, lived nearby.

Together, Mr. and Mrs. Selph and Tom Selph drove to Ft. Worth to be reunited with a sister, Mrs. Dove Franklin (mother of Frank Matthews and Mrs. C. W. Goss) and another sister, Mrs. Ruth Turner of Roanoke.

About 75 relatives all gathered at the Franklin home for a reunion.

Selph, 72, remarked that he would visit them more often in the near future.

Over 90 People Attend P-TA At Richland Hills

Approximately 90 people were present when the Richland Hills P-TA met Monday, October 17 at 4:15 in the school cafeteria. Mrs. Eugene Black presided over the meeting.

Mrs. Jack Morris gave the invocation. Mrs. Melvin Seymour gave a report on the Pancake Supper, held Oct. 14. The yearbooks were distributed.

Mmes. Eugene Black and Bernard Phelps were elected as delegates to go to the P-TA State Convention in November at Austin. Mrs. Charles Lenau and Mrs. Myron Pool, II were elected as alternate delegates. Mrs. Effie Childers' first grade room won the room count.

The program was under the direction of Mrs. Jake Halter. She directed a skit entitled, "Family Weather - Fair? Cloudy? Unsettled?" Those in the cast were Mrs. Ray Hardy, Ray Daniel, M. D. Shepherd, and Mrs. Halter. After the skit, buzz sessions followed. Mrs. Bernard Phelps led the group discussion and summary of the program.

After Mrs. Black adjourned the meeting, coffee and cookies were served.

YOU HEAR Strange Things ABOUT CATHOLICS

Yes, you do hear some strange things about Catholics.

You hear it said that Catholics believe all non-Catholics are headed for hell . . . that they believe non-Catholic marriages are invalid.

Some think Catholics believe the Pope is God . . . that he can do no wrong . . . that they owe him civil allegiance and that he should have the political power to rule America.

It is said that Catholics want religious freedom only for themselves . . . that they oppose public schools and separation of Church and State as evils which should be destroyed.

The claim is made that Catholics pay the priest for forgiveness of their sins . . . that they must buy their departed relatives and friends out of Purgatory . . . that they adore statues . . . are forbidden to read the Bible . . . use medals, candles and holy water as sure-fire protection against loss of a job, lightning or being hit by an automobile.

But what is worse, some say, Catholics corrupt the true teachings of Jesus Christ with the addition of pagan superstitions and practices that are nothing less than the inventions of the devil.

If all these things or any of them were true, it would be a pity. For at least one out of every four Americans is a Catholic and it would be a national tragedy if one-fourth of all Americans entertained such erroneous ideas.

If you have heard and believed any of these false claims, and want the truth, we will gladly send you a free pamphlet explaining the true teachings of the Catholic Church. This free literature will be sent with the compliments of the Knights of Columbus of this area.

W. L. Broadhurst Is Speaker For Study Club

W. L. Broadhurst of the Hi-Plains Water District was the principal speaker of the meeting of the Muleshoe Study Club which met Thursday, Oct. 13, in Fellowship Hall. The honored guests for the evening were the husbands of the members.

Broadhurst explained that we have used 25% of our water and that 25% to 35% of the water does not produce income. He says we must take more advantage of our rainfall and we must have more efficient application of water.

Refreshments were served to approximately 35 members and guests.

The next meeting will be in the home of Mrs. Harriette Jackson, 1512 Ave. B.

CHRISTMAS CARDS, order early, be sure of delivery. 8 books to select from at The Journal.

Requirements For Graduation Listed By Muleshoe High School

College Preparatory Plan
English, 4 units.
Mathematics, 2 units above General Math.
*Laboratory Science, 2 units (one unit must be biology, chemistry, or physics).
Social Science, 2½ units (World History, American History, or Civics).
Physical Education, 1 unit (¼ unit each year) may substitute band, choir, or office work.
Elective Subjects, 6½ units (choose wisely) math, foreign language, speech, and typing are great aids for college.
TOTAL — 18 Units required for graduation.
*Two units of Foreign Language, or 2 units of Vocational Agriculture, or 2 units of Vocational Homemaking may be substituted for General Science only.
If you choose a foreign language, plan to take two units, because many colleges do not recognize one high school credit in language.
This course completed satisfactorily offers the necessary subjects for entrance to most colleges. Students preparing for engineering or scientific fields should take trigonometry, solid geometry, physics, chemistry, foreign language, and mechanical drawing.
Check with your school counselor about the entrance requirements of the college or university you are planning to attend. Many of the requirements differ at different schools.

Meet '61's new-size sizzler!

Gives you more pow per pound of engine than the compacts... more even than many full-size cars!
Now you can have gas savings and go... easy handling and all-day comfort... in this luxurious new Buick Special... Where did this Buick pick up all its pep? From its zippy new aluminum V-8 that does more total head, hip and leg room than...
livers twice the pow per pound as the engines of most compacts! From its new aluminum transmission*—the liveliest automatic in any car! Together they give the whiz which normally would have meant adding 500 pounds more weight. And, for ride... the Special is host to the most. The Big Comfort Zone gives you...
the compacts. The 4-coil Control Arm suspension is the same kind as on full-size '61 Buicks so you ride "on velvet." The Hide-Away drive shaft gives more flat floor space. When you gift-wrap all this with Buick's Clean Look of action... then tag it just a whisper above the compacts, it's no wonder the word's out... '61 IS BUICK'S YEAR!
*Aluminum Dual-Pak Turbine Drive—optional at extra cost.

The best of both worlds... **SPECIAL-SIZE BUICKSPECIAL**

Methodists Dedicate Buildings In Program Here Sunday

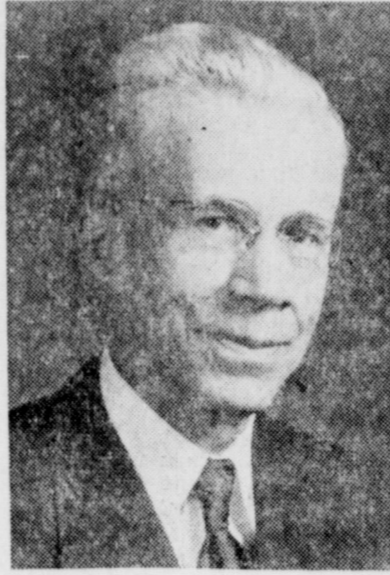

H. W. HANKS. The late Rev. Hanks started the fund which led to the building of the present First Methodist Church of Muleshoe.

CLARENCE STEPHENS, now of Sweetwater. It was during his pastorate that the present Methodist church and parsonage were built.

R. S. WATKINS, former pastor, First Methodist Church, Muleshoe.

R. H. HUCKABEE, a former pastor of Muleshoe Methodist Church.

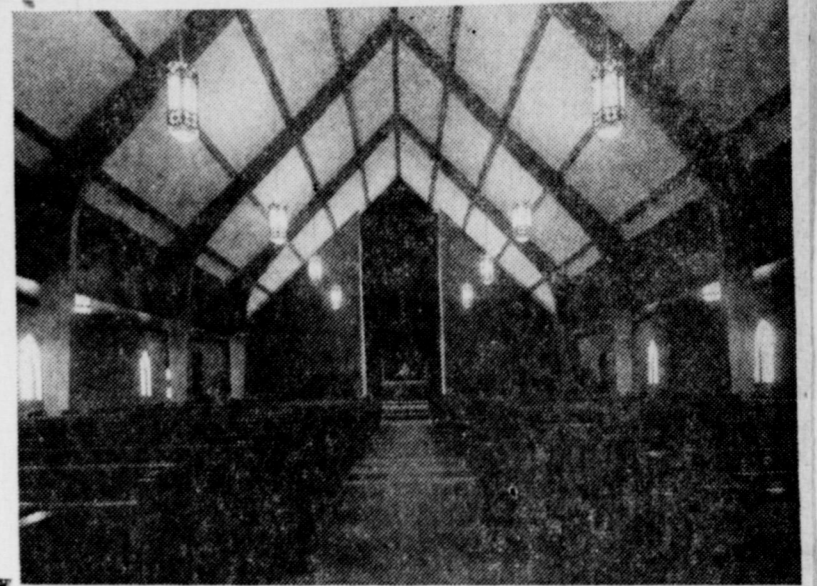

EDWIN HALL, pastor of First Methodist Church, Muleshoe, 1957 to 1960. It was during Rev. Hall's pastorate that the church building indebtedness was cleared. Also, during his pastorate the Mexican Mission was established and a church and parsonage bought.

Sunday will be a big day for Methodists in Muleshoe when the splendid building of the First Methodist Church and the church parsonage will be dedicated in appropriate services. Dedication of the church building will be at 10:45 a.m., and of the church parsonage at 1:30 p.m.

Coming for the dedication

are Bishop Paul V. Galloway, of San Antonio; and Dr. J. E. Shewbert, district superintendent, Plainview; several former pastors; and many members of other years who have moved away. Pictured on this page are these personages, present officials of the church, and scenes of the building.

BABSON DISCUSSES EUROPE

En Route Home, Oct. 20—My first thought as I complete my six weeks away from the United States is that we and Great Britain should hold together as a solid bloc and foundation for others of the free nations who are willing to put character and courage ahead of propaganda and selfishness.

Attitude of France
Certainly deGaulle has done wonders for France. He, however, appears to be a very conceited man and knows little about economics. If deGaulle should suddenly drop dead, most intelligent French people believe that France would revert to chaos. Surely I would invest no money in France. Mrs. Babson, who spent her time at the hotels and stores, fears that France is "pricing herself out of business."

Personally, I have not seen much of the Germans since I spent some months there just before World War I. There is no doubt, however, that they are a most industrious people. If the French endeavor is to give a little for as much as possible, certainly the Germans are supplying the most goods possible for as little as possible. A result, great purchases of machinery and of goods are being made in Germany by American manufacturers.

What About Italy?
Italy is also forging ahead in exports to the United States and all over the world. This especially applies to plastics, for the manufacture of which

The Valley Motor Co., reports 1941 Chevrolet automobile sales as follows: H. A. Robbs, Jr., a special Town Sedan; J. A. Ellison, Special Sport Sedan; Allan McReynolds, Special Town Sedan; E. A. Daniels, Special Sport Sedan, and J. K. Walton, Jr., Special Sedan.

—1940—
The Muleshoe Motor Co., reports 1941 Ford V-8 automobile sales as follows: Sam Fox, long wheel base cab-over-engine truck; J. E. White, of Earth, long wheel base cab-over-engine truck and F. E. Lancaster, Deluxe 2-door Sedan.

—1940—
General News As Reported From Over The U. S.

Baseball is a big game. After the Cincinnati Reds defeated the Detroit Tigers, four games to three, to win the World Series, statisticians reported enthusiastic fans had boosted the total receipts to an all time series high of \$1,321,817.84.

—1940—
Hogan Named As Nightwatch
Roy Hogan, Progress community, former deputy sheriff of Bailey County, has been named nightwatch in Muleshoe during the busy season, assisting Bert West in property protection.

Ten Years Ago
—1950—
Fourteen Deer Bagged By Muleshoe Nimrods

A group of seven local hunters last week bagged two deer each in the mountains near Dove Creek and Delores, Colo. Each had a buck and a doe when they broke camp to return home.

They made the trip in two pickups and a trailer and camped during their stay at the hunting grounds. In the group were Bill Jim St. Clair, Hut Crawford, Dr. L. T. Green, Johnny Johnson, Lee Pool, Jim Cox, and Loyd Roberts.

Milan has very large factories. This includes not only solid plastics, which will soon compete with steel in our new lightweight automobiles, but also textiles of all kinds from tableware to dress goods and clothing. Both the textile labor unions and the manufacturers of woven products already see the handwriting on the wall!

During my trip I met several buyers for such concerns as Sears, Roebuck, Montgomery Ward, Woolswath, McCrory, McLeilan, and Macy's. These concerns are bringing goods from both Europe and Japan in shiploads to sell in the United States and South America—at low prices and at good profits. When China also breaks into these markets the competition will be very severe. This latter may be worrying Mr. K and be one reason for his tirades!

What About the American Stock Market?

From the above, it looks as if the profits of our industrial companies will continue to decline, and be followed by dividend reductions. If competition increases, as I expect, it will result in unemployment followed by more labor strikes. Employers may not be about to reduce wages but they surely will resist wage increases and the "fringes" which are constantly increasing. I now see no reason for a real business depression, but certainly this situation does not now encourage another bull market, except possibly in the merchandising and specialty stocks.

Then what is holding our U. S. stock market up? My answer is "European buying." Our gold supply is surely eroding, yet every European with whom I have talked believes that the United States is the safest country in which to invest funds. Every German and Italian manufacturer who gets surplus funds (either from the sale of goods or perhaps from the sale of his entire business to Americans) is sending a portion of those dollars to the U. S. to invest in the Dow-Jones stocks, including steel!

Conclusion
Such foreign buying of U. S. stocks could hold the Dow-Jones Industrials up while earnings and possibly dividends decline. But I now hesitate to recommend either the stocks for capital gains or tax losses. Of course, we will know much more after November 8. We then, however, should not judge the true effect of the election by what happens to the stock market during the first 30 days, but should have patience to wait a few months.

P. S. Reading over my notes, I see that I made no mention of Spain, in which we spent ten days. We liked Spain and the Spanish customs. The hotels are good, the prices reasonable, and the people are contented. Spain's sandy beaches on the sunny blue Mediterranean Sea are heavenly. Furthermore, an American cannot get lonesome because every streetcar and bus appears to be named "Coca Cola."

CHRISTIAN SCIENCE SERVICE

The practical significance for today of Christ Jesus' victory over death will be brought out at Christian Science churches Sunday in the Lesson-Sermon entitled "Probation After Death."

Scriptural readings will include the following: "Now when Jesus was risen early the first day of the week, he appeared first to Mary Magdalene, out of whom he had cast seven devils. . . . Afterwards he appeared unto the eleven as they sat at meat, and upbraided them with their unbelief and hardness of heart, because they believed not them which had seen him after he was risen" (Mark 16: 9, 14).

SAND HILLS PHILOSOPHER WANTS World To Keep Production Costs Up On Bombs, Same As Tractors

Editor's note: The Sand Hills Philosopher on his Johns-on gross farm seems to be worried about deflation in the bomb market, his letter this week indicates.

Dear editor: When I turned on a hydrant and see running water, I sometimes think science is man's greatest benefactor, but when I pick up a newspaper, I sometimes think it's his worst enemy.

For example, I read in a newspaper last night that science has now discovered a cheap way to produce a nuclear bomb.

Before I go any further, I don't know whether you're in the habit of shifting gears in your mind when you get up on the international level or not, but it's necessary to follow a discussion of this type, and I will appreciate it if you'll stop and do it. That is, take the word "cheap." If you're in low, or ordinary gear, cheap means cheap, like low-priced automobiles before they became high-priced, or a \$40 suit marked up to \$50 and then marked down to \$39.50, but in international or high gear thinking, cheap means something else. The first atomic bomb cost, I think, better

than a billion dollars, but this new method science has developed can produce one for around 50 million dollars. I'm not trying to be funny, that is comparatively cheap.

At any rate, if a nuclear bomb can now be made for 50 million dollars, the experts figure at least 20 other nations beside the three or four that now have it can soon have the bomb too.

This is the reason I say scientists seem to have as their goal working themselves out of a job, because I can name some of those 20 nations it's going to be highly un-

healthy to let have the bomb. **You take Cuba.** If all that's standing between Castro and a hydrogen bomb is 50 million dollars, he can make that much just by getting on television one afternoon and taking over a few more American businesses over there. In fact, I guess you'd say Castro is the highest paid television performer in the history of the industry. I understand some American television stars make a million dollars for 52 shows a year, but Castro can make 50 times that much the first 30 minutes he's on the air. Ask any American who's lost a refinery over there. And he

Tax Man Sam Says:

The Internal Revenue Service folks are real proud of the fact that the United States has the only major voluntary compliance system of taxation in the world. They work hard to keep it that way. One of the International Revenue's best educational programs is their little Teaching Taxes course given by our high school and college teachers.

Last year the Dallas District with the help of some mighty fine school teachers taught 71,366 young Texans how to prepare their income tax returns. The Internal Revenue Service folks think that this is one of their most important programs.

It certainly goes a long way towards helping our country's taxpayers comply with the tax laws. International Revenue sometimes speaks for four or five hours.

Now I don't trust Castro with a B-B gun and a bag of chicken feathers, not to mention Castro with three or four hydrogen bombs and three or four planes and enough gasoline to fly to you know where.

If scientists were smart, they'd make hydrogen bombs more and more expensive to make like tractors. What's got in to em, anyway?
Yours faithfully,
J. A.

News Of Men In Service

Gerald Gore, 18, son of Mr. and Mrs. Leslie Gore, Route 2, Juleshoe, enlisted recently in the U. S. Air Force.

Gore attended Muleshoe High school and was residing with his parents prior to his enlistment.

Enlisted in the "Electronics" occupation area he will have a wide range of highly technical skills to choose his specific job from. Missile Guidance & Control Systems, Armament Systems Maintenance or Atomic Weapons are a few of the selections he will be given an option of. He may also be administered the Language Test and upon successful completion could attend language school and subsequently be assigned to the intelligence branch of the USAF.

Now assigned to Lackland AFB, San Antonio, for basic training, he is undergoing an intensive program designed to process and orient newly assigned airmen in the Air Force. This training will provide a smooth transition from civilian to the Air Force way of life. The knowledge and skills that he gains during basic will form a firm foundation for the future and make him a vital, effective member of the Air Force team.

Lazbuddie News Letter

by Penny Grusendorf

The Lazbuddie senior class will have a bake sale Saturday, October 22 at Clay's Corner and Lazbuddie Grocery. We would like to extend our thanks to everyone buying something so far, and we hope you enjoyed it and would like for you to continue your service.

Mr. and Mrs. Leon Smith and

Toni, and Mr. and Mrs. Leon Smith, Jr., went to Roswell, N. M., Saturday to visit with David, who is in Military School there.

Mrs. Leon Smith and Toni and Belva Lorraine went to Canyon to West Texas State Teachers College Sunday. They visited the Art Dept. They went to the Art Show at the new Fine Art Building.

Kenneth and Elaine Watkins, and Kie from Lubbock visited in the C. W. Watkins home Sunday. They ate dinner and enjoyed the visit.

The Methodist Church will have choir practice at 7:00 each Wednesday night.

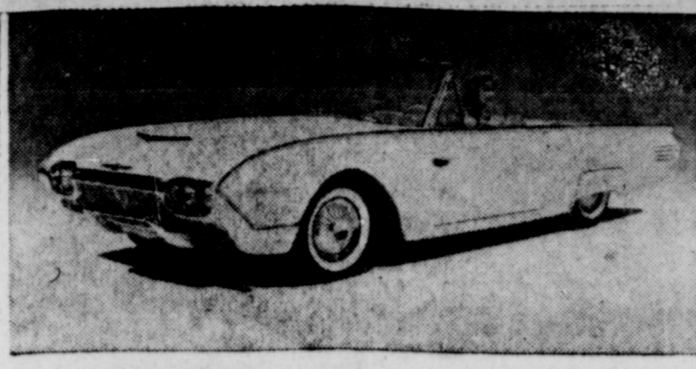

The Methodist men will meet every third Wednesday night.

Larry Treider will play and entertain at a Rock and Roll Show Saturday, Oct. 22, at 8 p.m., in the Lazbuddie auditorium.

The prices are 75c high school and adults and 50c for grade school students. Pre-school children free. The senior class urges everyone to come out because we feel everyone, no matter what age, will enjoy this. We plan to have local entertainment.

Those having birthdays this past week are:

Robert Pruitt, Oct. 18; Kent Vaughn, Oct. 20; Opal Graves, Oct. 20; Darla Jo Spitzer, Oct. 20; S. T. Tipton, age 89, Oct. 22; Charley Neely, Oct. 22; and David Hargrove, Oct. 23. We hope all of these have a Happy Birthday.

With no change in the basic character of the Thunderbird, the 1961 models shown above introduce all-new styling, improved performance, and new standards of comfort and convenience. The new Thunderbird retains all the features that mean Thunderbird—the classic roofline, four-passenger luxury, the famous console and rich interiors. Although neither as wide nor as long as the previous model, the new Thunderbird has more shoulder room all around and up to eight inches more hip room in the rear seating area. An optional movable steering column permits the steering wheel to glide ten inches to the right for driver ease in getting in and out. Other comfort improvements include elimination of the "dog-leg," wider door openings and 12 pounds more foam padding in the seats. Standard equipment includes dual-range automatic transmission, power steering, new, larger power brakes that adjust themselves automatically, and a new Thunderbird 390 four-barrel V-8 engine.

Better Penetration In All Soils

The new MM Disc Harrows have an exceptional combination of light weight and strength . . . light enough so you can work in soft ground without too much reduction in angle and sacrifice of quality work; strong enough so you can add as much weight as needed to give you good penetration in hard soils. The new MM deep pan weight boxes enable you to use soil from the field you are working in for needed weight.

The harrow is designed so that all discs penetrate at a uniform depth and follow the contour of the ground. Disc bearings never require lubrication, and the disc gang assembly is designed to protect the bearings against wear and to assure long-life trouble-free performance.

Let us tell you all about these outstanding new harrows.

Mrs. Dunlap Teaches
Mrs. N. A. Dunlap taught the Bible Study at the regular meeting of the Longview Baptist WMU which met at the church Wednesday night, Oct. 12.
After the study refreshments were served to the following: Mmes. Bruce Slayden, E. A. Glenn, V. Whitfield, Dan Darsey, Virgie Obenhaus, W. F. Ragland, Ralph Ethridge, S. M. Ethridge, N. A. Dunlap, James Warten, J. R. Cater, O. G. Killingsworth, Orvil Lackey, and W. B. Kittrell.

When we look at some of the TV westerns we get the idea that most of our grandfathers were gun slingers.

However, today there are perhaps more gun slingers than there were in the Eighties. And the guns are faster.

Gunslinging is a fad now. Every town has one or more persons who stands for hours practicing the quick draw and twirling a revolver.

It has meant lots of business for the arm manufacturers, too. Colt, High-Standard, Ruger, Western and some others, all have come out with frontier models especially adapted to the quick-draw trade.

There are numerous quick draw clubs scattered over the country. San Antonio has a big one. It is composed primarily of business men who practice before an electric timer.

But that isn't the unusual thing. Their wives have formed a similar organization.

San Antonio now has a bunch of quick draw girls who can pull a single action from its holster and fan off a shot in about 1/30 of a second. That's fast work.

They shoot twice a month in the basement of the Tiner Sporting Goods Store, at a cut-out known as Pistol Pete.

Some are working girls. Others are housewives and mothers. All of them are as serious about their shooting as the men, if not more so.

Sure, there have been accidents. Some of these fast draw people have been careless. Accidents are decreasing, however, because most of the fans are using more care.

Generally the practice shooting is done with .22 ammunition. Many of the guns now on the market are for .22 caliber. These include all the top brands.

There are many conversions. You can get inserts for the cylinder or a new cylinder for the .22 caliber to be used with the .38 special or the .45. These, however, are only good where you practice the quick draw and want to hear the reports.

If you actually shoot at a mark, you need a barrel of the proper caliber.

Most of the quick draw work is done with the tied-down buscadero-type belt.

Phillip Y. Hahn, president of the Crosman Arms Co. has produced a gas-operated single action revolver, especially for the quick-draw enthusiasts.

This CO2 pistol is made exactly like the old .45 single action. In fact, it is so good it is being used on some of the TV westerns.

If you are watching one of these pictures and you see a cowboy knock off 18 Indians in a row with a six gun, chances are it will be one of the Hahn BB guns. They fire 18 shots with BB pellets.

Hahn also did another piece of clever merchandising. He made a buscadero quick draw scabbard and belt to accompany the gun. Now you can buy a fast draw combination at your favorite gun store without being in violation of the law. And it is a precision gun, plenty good for target practice.

If you've never tried BB or pellet gun shooting, you've missed something. In the first place it is a great deal more economical than shooting a firearm. The guns themselves are precision made. You can get them in various types. Some are the pump-ups, others are lever action, and still others are gas powered.

They are wonderful for target practice and basement shooting. I like to shoot tin cans with them. Frequently I'll take a spree at saving small cans until I get a box full. I punch a hole in the end of these cans, then run a wire through the hole and suspend them from a tree limb—where there is a hill for a backdrop. Then I back off 30 or 40 feet and start to work on the cans.

It is more interesting if the wind is blowing. Then the cans begin to swing and they are harder to hit. With a little practice you can hit them almost every shot. The real fun is to start one swinging and then plink it with one of these BB guns.

Gas powered guns, like the Crosman, are real effective. Once in awhile they'll cut small limbs off the trees. When they hit a can at a side glance they sound like a .22 bullet on a flat surface.

Don't underestimate the power of these guns, however, and be careful where you shoot them. They are excellent to take on camping trips. The gas powered gun is ample for killing small game animals and birds. They also are excellent for popping snakes.

Keep in mind though, that you are not to shoot any birds or game birds out of season. This is rather costly. Game seasons follow on it. It's a lot better to stick to the cans.

And it's real fun, too!

RESPONSIBLE FOR RAIN!

Mrs. Ed Little reported to us that her parents, Mr. and Mrs. Dave Dunn of Paradise and her brother and family, Mr. and Mrs. Raymond Dunn and grandson, Chuckie, of Ft. Worth, are responsible for all this rain. They were weekend visitors in the home of Mr. and Mrs. Ed Little and every time they visit here it rains!

And it's real fun, too!

Fiber Qualities Of First Bales Being Analyzed

LUBOCK—Fiber qualities on the first bales harvested of an anticipated two-million bale cotton crop on the Texas High Plains were released today by the Plains Cotton Growers, Inc. in the first of a series of bi-monthly quality crop reports.

Early ginning on the Plains, according to PCG statistics, show a longer staple on cotton produced, an increase in light spotted cotton and less white cotton as compared to early statistics on the 1959 crop for this same period. Geo. W. Pfeifferberger, Executive Vice-President said.

The report shows white cotton accounted for 68.4% of the crop with 65% Middling White and above for this year. This compares with 84% and 82% respectively for the same period in 1959.

Light spots this year total 30.6% with 30% being Middling light spot and above as against only 15% for 1959, indicating nearly double the percent of light spots this year at this stage. Full spotted cotton is still less than 1%, similar to the same percentage a year ago.

The average staple length this year is 31.3 thirty-seconds inch compared to only 30.8 thirty-seconds at the first report last year. Staples one inch and longer total 35.7% of the crop this year as against only 31% last year.

The micronaire average this year is 4.5 with nearly 100% being above the tenderable limit of 3.5. In 1959 the average was only 4.2 at this date with 95% above 3.5.

Persley fiber strength (zero gauge) averages 75,000 pounds per square inch this year with about 73% above 75,000 pounds. Last year's average was only 75,000 pounds at this time.

YOU HEAR True Things ABOUT CATHOLICS

Yes, we hear many truths about Catholics. Let us quote word for word from Webster's Encyclopedia.

CATHOLIC CHURCH — That body of Christians which acknowledges the Pope as its head.

ROMAN CATHOLIC CHURCH — The body of Christians in communion with the Bishop of Rome or Pope. In the eyes of its adherents the Church is the only legitimate representative of the body founded by Christ, whose authority on earth is exercised through His vicar, the Bishop of Rome, and spiritual descendant of St. Peter. The Pope has a universal jurisdiction over the WHOLE CHURCH; Local jurisdiction is exercised by bishops, each responsible for a definite territory or see, the immediate spiritual welfare of the faithful being committed to parish priests whom the bishops appoint. The central government of the Church is in the hands of congregations or committees of Cardinals, seated in Rome, to whom Papal authority is delegated. The Roman Church is the largest organized Christian body, being estimated to number 421,341,000 including about 33,570,000 in U. S.

HOLY OFFICE — A tribunal established for the avowed purpose of AP-PREHENDING and PUNISHING heretic offenders against the Roman Catholic Church.

HERETIC — ONE who rejects the commonly accepted beliefs.

VATICAN COUNCIL — (quote in part)—a Council, which never dissolved. It defined the INFALLIBILITY of the Pope.

BIBLE — (quote in part)—The Protestant Churches teach that the Bible may be interpreted by the individual; the Roman Catholic Church teaches that it may be interpreted only by the Church.

All of the above was written from a little Webster's unified Dictionary and Encyclopedia, (1959).

For Home Study, look up HERESY, VATICAN, VATICAN CITY, and CHURCH HISTORY. Common knowledge is TRUTH.

For further study start with Canon Laws 1258 and 1374.

May Christ reign in your life because of truth and freedom.

Parmer County Farm Bureau News

by Raymond Euler
Although rains are always long range blessings to this area, they sometimes work hardships on farmers trying to harvest crops already produced. Even worse, of course is the accompanying hail, unusual for this time of year, but no less damaging because of the rarity. We know many farmers have already sustained serious losses, and we hope the rest of the crops can be saved.

In line with membership provisions of the 1960 convention, AFB President Charles Schuman has made the following recommendations to the USDA Secretary as guidelines in establishing 1961 cotton upland allotments:

1. An increase in the national allotment of not less than 10 percent nor more than 14 percent above the original 1960 allotment.
2. A price support level of more than the authorized minimum of 70 percent of parity but not more than 75 percent of parity.
3. Provision that no cotton can be released from Commod-

ity Credit Corporation stocks for unrestricted use during the marketing year 1961-62 at less than 115 percent of the 1961 support level.

We believe these recommendations will meet with the approval of cotton farmers of this area, as well as others.

The Texas Farm Bureau board of directors has voted to establish a trade development and bargaining organization as a means of expanding markets and increasing income of Texas farmers and ranchers.

The American Farm Bureau Federation established a foreign trade office in Rotterdam, Holland in February 1959. Harrell West, Texas Farm Bureau President said the success of this office in developing new markets in western Europe was beyond all expectations. He said the activities of the Rotterdam office had demonstrated the need for organizing an "efficient order-filling service" in this country.

Harman Geries has called a special meeting of the board of directors for the third of November to prepare for attendance at the State Convention in Dallas the ninth of November. As usual, you are invited to attend these meetings.

CONSIDER THIS: By humility and the fear of the Lord are riches, and honor, and life.
