BIG DOGFIGHT--Dale Matlock, Spur quarterback, did a lot of different things well Friday night, including carry the ball as he does here. But defenders such as Ty Botkin (55) and David Brooks (62) kept him and his teammates in check enough for Tahoka to win the battle of the Bulldogs 27-20. (LYNN COUNTY NEWS PHOTO by David Chapa)

Bulldogs Beat Spur, Now Go To Crosbyton

BY DALTON WOOD
Playing their best game of the year, and making the most of a 215-yard rushing performance by running back Todd Nance, the Tahoka Bulldogs outlasted pass-happy Spur 27-20 here Friday night to the delight of a good and vocal hometown crowd.
It's been a long time since any Tahoka running back had rushing statistics close to those logged by Nance, who gained the 215 yards on 23 carries, including touchdown runs of 58, 37 and 5 yards. It also made the first time since 1981 that the Bulldogs have won more than one game in a season. Tahoka is now 2-6 for the season, with both wins being district 4-AA contests.
This week Tahoka goes to Crosbyton, which last week lost to Morton 56-6. Seagraves and Shallowater, both tied for the district lead with 5-0 records, clash at Shallowater.
The scoring started early in the game Friday night. Tahoka kick-

ed off, the defense held and forced a Spur punt to the Tahoka 42. On the first play, Nance was sprung by some good blocking, including blocks by fullback Mike McDonald and guard Mark Vega, and streaked 58 yards for the TD. McDonald kicked the point and Tahoka was up 7-0 with just over a minute gone in the game.
The hungry Bulldogs held Spur again after the kickoff and forced another punt out to the Tahoka 47, from where Tahoka drove for a second touchdown. The drive featured a 14-yard pass from QB

Ramiro Rodriguez to Nance and McDonald rammed 1 yard for a touchdown against his former teammates (he was all-South Plains tight end at Spur last year before moving to Tahoka). The kick was no good, and Tahoka led 13-0.
Spur, also Bulldogs, showed some teeth after the next kickoff, with talented QB Dale Matlock raining passes all over the place--as he did for the entire game with at least three very good receivers to help him out. Matlock hit James Adams with a 32-yarder which carried to the Tahoka 1, and Matlock ran it in himself. The PAT try was deflected by Tahoka's Jim Patterson and was no good, so it was 13-6 still in the first quarter.
In the second period, Nance scored again for Tahoka, racing 37 yards behind a lead block by McDonald and another good block by Rusty Jennings. McDonald kicked and Tahoka led 20-6 with 6:13 left.
Matlock, who passed 32 times in the game, hitting 14 of them with no interceptions, led the visitors to another touchdown before the half ended, passing 20 yards to Shane Shobert for the score, then missing the extra point to make it 20-12 at halftime.
In the third, Tahoka turned the ball over at the Bulldog 27 to set up another Spur touchdown drive. Jennings, playing at linebacker for the injured Ronnie

Unusual Sheriff Race To Be Decided Tuesday

Lynn County voters will join others over the state in the general election balloting next Tuesday, but in Lynn County the voters will also settle an unusual three-man race for county sheriff.
The Democratic nominee for the one-year unexpired term of sheriff remaining since Sheriff Stanley Krause resigned too late to get names on the primary ballots is Clifford Laws, a deputy. Laws was appointed by the County Democratic Committee. Two other men, former Tahoka Police Chief Jack Miller and former Lynn County deputy Bobby Cox filed to get their names on the ballot as independent candidates for the sheriff's job. All three have campaigned heavily, and most observers expect a close contest.
Unopposed for re-election are Precinct 4 County Commissioner J.T. Miller, Precinct 2 Commissioner Boyd Barnes and Justice of the Peace Ben Morrison of

O'Donnell. Also unopposed for election is H.W. (Sam) Edwards, Democratic nominee for justice of the peace in Tahoka and the rest of JP Precinct 1.
Interest is naturally high in the county in several contested statewide races, although U.S. Rep. Charles Stenholm and State

Rep. Steve Carriker are unopposed Democratic nominees for re-election.
The race for governor between Gov. Mark White and former Gov. Bill Clements, for attorney general between Democrat Jim Mattox and GOP nominee Roy Barrera Jr., and for agriculture commissioner between incumbent Democrat Jim Hightower and Republican Bill Powers, all are drawing some attention.
Four constitutional amendments are on the ballot for voters. No. 1 would allow the legislature to apportion railroad rolling stock value among counties for purposes of taxation. No. 2 would compel each legislative bill to have a title expressing the bill's subject. No. 3 would allow mutual insurance companies to do business with political subdivisions. No. 4, the most well-known, would allow banks to offer branch banking within the city and county where their main banks are located, but not outside those counties.

PEANUT DISPOSAL--This elephant at the Terrell Jacobs Circus in Tahoka Tuesday obligingly gulped the peanuts fed to him by children out at the circus site. Lots of youngsters turned out for the event sponsored by Tahoka Chamber of Commerce. (LYNN COUNTY NEWS PHOTO)

Dunn, sacked Matlock for a loss of 8, but Matlock came back with a 20-yard pass to Freddy Gonzales, then hit Adams for a 6-yard score. Matlock ran for two points to tie the game at 20-20, and this was the score at the end of three quarters.
With the crowd getting more and more into the game, Tahoka came back in the fourth with what eventually proved to be the winning touchdown drive. Nance ran 31 yards to the Spur 32. Then on fourth down later from the 22, when the drive apparently stalled, Tahoka lined up for apparent

McDonald field goal try, but the ball was pitched to Nance and he ran 16 yards to a first and goal at the 6. He then ran 5 for the touchdown, going over the 200-yard mark at the time. McDonald again kicked the extra point, with 7:05 left.
With Matlock passing like crazy, Spur was always a threat to score from anywhere, but Tahoka held on downs at the Bulldogs 34 with 1:25 left, then ran out the clock.
A lot of credit for the win has to go to the defense, which rush-

ed the passer well and to the players in the secondary who were kept so busy by the hustling Spur receivers. Especially good defensive games were played by Jennings, Randy Taylor and David Brooks at linebackers and by tackles George Morin and Gary Daniell, who jammed a thumb early in the game but continued to play anyway.
In addition to Nance's top performance, Rodriguez gained 72 yards in 16 carries and McDonald had 31 yards in 9 carries.

WOODWORK

BY DALTON

NEXT TUESDAY is election day, and many of us will exercise our privilege to vote the way we want to. Many others of us will forget to go to the polls, or perhaps never intended to go in the first place.
Along with the elections comes a wasted night on television (of course, lots of other nights on TV are useless, too). Before the polls even close, the three major networks will tell us who won, based on projections figured on a voting box of 37 people in Four Corners, Mass. or some such place. The projections almost always are right, so the rest of the evening is spent with Dan Blather, Barbara Wa-Wa, Bernard Goldsinger and Walter Crankcase telling us all how come it came out like it did.
Next week's issue of TV Guide has in it an article by two persons who are analyzing the analysts, and who say that most of the network analysts

don't know from nothing, aren't very logical in their conclusions, and ought to be ashamed of themselves.
Although I agree, I doubt that the two writers, some folks called Joslyn and Ross, are any smarter about the situation. They say the analysts ought to do better; I say they ought to report the results and then go back to Kate and Allie or whatever.
These super-duper analysts on TV always gripe me whenever they come on after a presidential speech. They read things into what the President says that no doubt amaze the President himself if and when he hears the speech dissected. The TV people always assume that the viewing public is too stupid to know what the President said, so they're going to tell us.

IF YOU FEEL GOOD, asks the Fifth St. Philosopher, why not notify your face?

Dr. Kenneth Durham has been a member of the club since it was formed, and Vernon Jones was out of the club for a time when he moved from Tahoka, but now is a member. Charter member Winter Knight lives in Lubbock.
Other charter members were Mack L. Penn, Wynne Collier, L.C. Haney, Deen Nowlin, Leonard Craft, Walter Anglin, Perry Goad, Walter Slaton, J.K. Applewhite, W.E. (Happy)

The charter night program was held Nov. 12, 1936, in the Gagnat Motor Co. building more recently occupied by Lankford Variety.

Letter to The Editor

Dear Mr. Editor,

I would just like to thank the Chamber of Commerce for having the receptions for each of our sheriff candidates. This gave our community a chance to visit and ask questions of each candidate.

Projects like this is what makes a community a success.

With much appreciation,
Mary Beth McKibben

To The Citizens of Lynn County, So often we take our community and its services for granted, not realizing how fortunate we are to have them available, until we need those services.

The Emergency Medical Service and the dedicated people who volunteer their knowledge, time and efforts are to be commended. They provide us with a valuable and most needed service.

It was my misfortune to fall at home recently, fracturing a hip and a wrist; however, it was my good fortune to have June Brooks, Susan Tipton and Shannon Purcell on ambulance call that evening. They were a most caring, well trained team, who gave unselfishly of themselves when there was a need. My sincere appreciation to the three and to other civic minded EMS members who provide this service to others. Lynn County is a better place to live because of you.

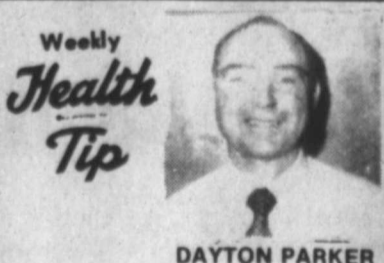

Gratefully,
Bettye Green

LIVING ALONE?
It's important for a person living alone to have access to help and medical services. Have essential medical supplies on hand - a First Aid kit. Establish a 'network' of relatives, friends, neighbors, co-workers you can call when necessary. Naturally you must be willing to help others in your 'network' - a mutual aid society.

Convenience Banking?
What's So Convenient About:
PAYING higher interest on your loans?
EARNING LESS interest on your savings?
PAYING HIGHER service costs at banks?
LOSING local control over banking?
SACRIFICING service to the big banks' benefit?
YOU WILL HEAR A LOT FROM THE SO-CALLED CONVENIENCE BANKERS ABOUT PROPOSITION FOUR BUT YOU PROBABLY WILL NOT HEAR THIS:
The big banks of Texas hope to create a bank monopoly at your expense. Proposition Four has disguised branch banking as "full service banking". Whatever they call it — Branch Banking is a bad idea for Texas, and Texans will end up footing the bill for the big Texas bank holding companies to get bigger.
You especially don't want this to happen now since the Texas Legislature just passed a law permitting the large banks of New York City to purchase some or all of the large Texas bank holding companies. Not only can this legally happen now, but is almost certain to take place in the immediate future.
For all these years, Texans have never wanted or allowed the big banks of New York City to own and control the Texas Banking Industry. We are sure that this position by the people of Texas still has never changed.
Protect Your Interests And Your Pocketbook On Nov. 4.
VOTE NO ON PROPOSITION FOUR.

ACTIVITIES HELP ALZHEIMER'S PATIENTS AND FAMILIES--A family caregiver may spend many hours each day assisting an Alzheimer's patient with eating, dressing and personal care. But there are still many hours of the day that remain unoccupied. Dr. Judith Warren, a gerontologist, maintains that doing a variety of activities during this time will provide the patient with a greater sense of usefulness and decrease the agitation and restlessness that is so characteristic of the disease. She says that depending on the level of impairment, Alzheimer's patients may be able to do gardening tasks such as raking

leaves, watering or weeding; cooking chores like peeling vegetables, stringing beans or setting the table; and simple cleaning jobs, including folding towels, dusting or polishing pans. Activities that encourage self-expression include making paper collages, modeling play dough, painting, drawing or taking museum trips. Simplified version of "concentration" type games, trivia games and jigsaw puzzles may also be appropriate activities for some patients. "Other family members, friends, a volunteer or paid aide can also work with the patient on recreational activities while the caregiver takes a much needed break," Warren says.

CLIFFORD LAWS

Democratic Candidate For

SHERIFF

In response to a letter that I received in the mail on Oct. 18, 1986, I will briefly explain what I intend to do about the problem areas the letter contained. The first problem area is with drug abuse and drug suppliers. Drug abuse is the fastest growing threat in our society today. This threat is not only a Lynn County problem, but is nation wide as many of you have seen on TV or read in the newspaper. I will enforce the drug laws to the fullest extent of the law. Anyone, no matter who they are, who is caught supplying drugs, using drugs, or in possession of drugs will be charged with a violation of the law and prosecuted.

The second problem mentioned in the letter is with teenage drinking of alcoholic beverages. The cure for this problem must begin at home with discipline from the parents. If the parents cannot control the teenagers and the teenagers are caught violating the law as set forth by the Texas Alcoholic Beverage Code then the teenagers will be prosecuted. The teenage drinking problem in Lynn County can be described as bad, with Tahoka having a bigger teenage drinking problem than any other town in Lynn County. This is due mainly to the fact that the laws set forth by the Texas Alcoholic Beverage Code were not enforced in Tahoka until approximately 1½ years ago.

As far as protection is concerned, the citizens of Lynn County have had 24 hour per day protection and any time that a call for assistance was received by the Sheriff's Department an officer has always arrived within a matter of minutes. I will continue this important aspect of law enforcement because quick responses help clear many offenses because precious evidence can be destroyed or lost in a matter of minutes. Lynn County has had a very high clearance rate of all offenses and I will continue this important feature with the use of qualified and well trained officers. The other candidates for Sheriff have stated that they plan to cut personnel from the Sheriff's Department. A cut in personnel will only mean less protection for the citizens of Lynn County. In the past several years to the present time, Lynn County has had a well respected Sheriff's Department not only within the county but with the surrounding counties as well. It is very important to gain the respect of other agencies and to respect them as well.

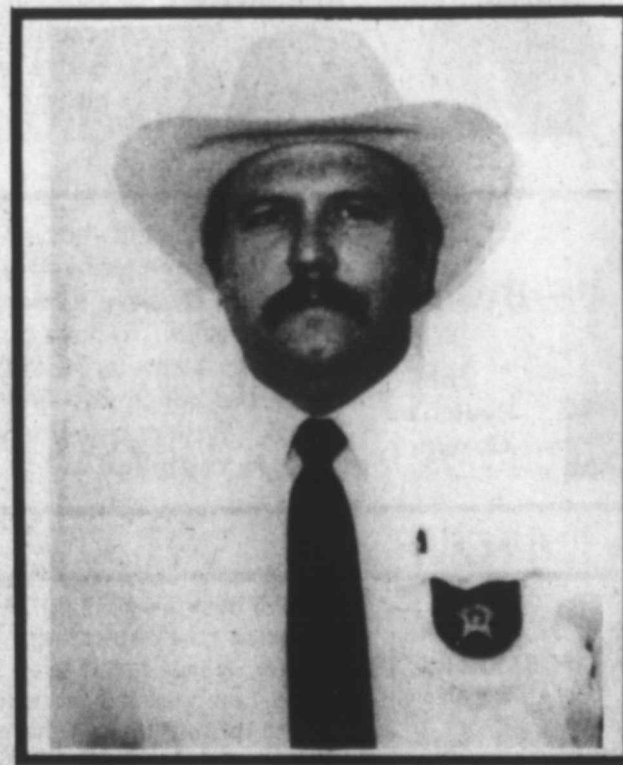

I will continue to do the respected work that the Sheriff's Department now does and I will work with all agencies in Lynn County to try to build a better law enforcement program.

Another area the citizens of Lynn County should be made aware of is a statement made by one of the other candidates for Sheriff, in front of witnesses, that he would close down the jail if he got elected and transport prisoners to other counties to house them. Lynn County has been averaging 5 inmates per day since Jan. 1, 1986. The cost of housing Lynn County inmates in other counties, if the other counties will accept them, will average at least \$50 per day per inmate. Lynn County has been housing inmates for less than \$15 per inmate per day. As you can see from the difference

in the costs that it would cost the county much more to house prisoners in some other county. The statement made by that candidate only shows how much knowledge he has about the office of Sheriff.

That same candidate has made the statement that none of the deputies working at the Sheriff's Department at the present time would be hired by him because, according to him, the deputies have families and a person with a family has no business being in the occupation of law enforcement. I do not believe that a person should be excluded from the profession of law enforcement based on these reasons. A department run with young qualified personnel can be more effective and just as efficient as a department run with older personnel. A person that is qualified and well trained should have the opportunity to work at his chosen profession no matter what his age may be.

I know that the comment has been made that my age could affect my ability to effectively operate the office of Sheriff. The Democratic Committee of Lynn County felt that my age would not affect my ability to run the office or they would have appointed one of the other candidates. A person can be as mature in his thinking at 31-years of age as a person who is much older. There are sheriffs in the State of Texas who were elected to the office at the age of 21. I feel that I am mature enough to handle the responsibilities of Sheriff. I am the Democratic Candidate for Sheriff in a Democratic county and I hope that I have earned your respect and vote.

Wilson Shades O'Donnell 19-16

The Wilson Mustangs, led by a standout performance by tailback Justin Bednarz, squeezed by the O'Donnell Eagles 19-16 last Friday at Wilson to put the Mustangs into a first place tie with Plains for the district lead.

Bednarz rushed for 87 yards, scored two touchdowns, kicked a field goal and intercepted a pass. But it was junior lineman Paul Ehlers who secured the victory when he blocked a field goal attempt by the Eagles' Kyle Summers with 53 seconds left in the game.

Wilson, now 3-0 in district and 6-1 overall, will go to Meadow this week. O'Donnell, 5-2 for the year, but 1-2 in district, will host winless Ropesville.

A Lubbock Avalanche-Journal story by Charles Ehrenfeld reported that Bednarz had in-

tercepted a pass to apparently stop O'Donnell with just 1:41 left.

But on the ensuing play from scrimmage, Bednarz fumbled after a 2-yard gain, giving O'Donnell the ball at the Wilson 17. Summers fired a pair of incomplete passes before sophomore Charles Sanchez gained five yards to the Wilson 12 with 1:07 still left to play in the contest. O'Donnell then stopped the clock 14 seconds later to set up the field goal try.

However, Ehlers broke through the O'Donnell front line and blocked Summers' kick.

Bednarz bulled his way into the end zone from 3 yards out for his second touchdown of the game after Wilson opened the third quarter by marching 68 yards in 18 plays, picking up six first

downs and chewing nearly eight minutes off the clock along the way.

Wilson quarterback Greg Spears snuck across the goal line for the two-point conversion, putting the Mustangs ahead 19-16 with 4:04 still remaining in the game. Wilson coach Gary Lewis later said that he was afraid the Mustangs had scored too soon.

"I was scared to death," Lewis said. "I knew when we scored that the game wasn't over. O'Donnell has a heck of a team, and I felt that if they could get a first down they would have a shot at us."

O'Donnell took control of the ball following Bednarz's second touchdown run on its own 37 with 3:56 still left to play. Three plays later, Summers hit junior end Cody Crouch for a nine-yard gain to move the ball to the 45. On fourth and two, Kelly Sanders picked up the needed yardage for a first down, before Summers teamed with Sanders again for a 10-yard gain and a first down at the Wilson 43.

Two plays later, Bednarz picked off his pass.

Leading tacklers for Wilson were Guzman with 14, Garcia with 12, Chris Burch with 11, Jason Bartley with 11 and Chad Joy with 11 tackles.

THE STATE OF TEXAS NEEDS GOOD CONSERVATIVE LEADERSHIP

VOTE FOR THE REPUBLICAN CANDIDATES ON THE BALLOT NOV. 4

REPUBLICAN

For Governor
BILL CLEMENTS
Dallas

I have a proven record as Governor and am proud of that record. We left a billion dollar surplus in the state treasury, cut the number of state agency employees, fought a War on Drugs, eliminated the state property tax and teachers received the largest pay raise in Texas history.

We don't have a financial crisis as much as we have a leadership crisis. The \$37.2 billion state budget is at an all time high. Tax revenue under three years of Mark White's administration has increased 38%, and yet we are facing at least a \$2.2 billion deficit. For the first time in 25 years the state ended its fiscal year with a quarter billion dollar deficit. We need to curtail our spending and live within our means.

I will follow the same sound business principles that worked during my first term: instituting audits by private businesses of each agency to identify and eliminate waste, duplication and inefficiency; requiring agencies to prioritize spending and incorporating management by objective. During my term no new taxes were imposed and state government lived within its means. White has raised or proposed to raise taxes every year he's been in office.

Served 28 years as Chief of Police in Tahoka, serving under 3 mayors, 3 city managers and more than 40 councilmen. For 16 months he has been with the U.S. Marshal's office in Lubbock, as a guard and court security officer, having been qualified by the standard stringent FBI background investigation and clearance required for this work.

I have good working relationships with Lubbock and area law enforcement agencies who specialize in the area of drug abuse and liquor law violations, and I am a firm believer in strict enforcement of all of these laws designed to protect our citizens, especially our young people, from these particularly detestable offenses.

Property protection will naturally benefit if the liquor and drug laws are enforced and if we can keep the pushers and bootleggers from operating in the county.

I believe in strict, but common sense law enforcement.

Festive Foods Program Slated Tuesday

Melinda Holloway, SPS Home Economist, will present 1986 Festive Foods demonstration Tuesday, Nov. 4, at 12 noon in the SPS Reddy Room, Tahoka. This program is free of charge and open to the public.

CONTOUR TERRACES CONTROL WIND EROSION--Permanent grasses seeded on terraces or in contour strips is a very effective conservation practice for controlling wind erosion in Lynn County. There are some other important advantages to seeding a permanent grass instead of annuals. Some are: A permanent stand of grass will keep tractors and equipment off the terraces which will extend life of the terrace system. Wind strips are very effective in controlling blowing sand. Wildlife species such as quail, dove, pheasant, crane, and song birds will benefit from the extra food and cover on the terraces. For more information on good native grasses which can be used call the SCS Office in Tahoka.

4-H NEWS

4-H Food Nutrition Program Aimed At Better Health.

While proving that "you are what you eat" may be difficult, 4-H members in the food-nutrition program can certainly gain a better understanding of nutritious foods that can contribute to healthful living, says Tamara Overcast, county 4-H program leader with the Texas Agricultural Extension Service, The Texas A&M University System. Specific objectives of the 4-H food-nutrition program are these:

- *Learn the importance of including foods from each of the basic food groups in the daily diet.

- *Understand the principles of nutrition as they relate to health, physical fitness and appearance.

- *Learn about the wide variety of foods which may be included in the diet.

- *Understand the scientific principles of nutrition.

- *Acquire and demonstrate skills in planning, purchasing, preparing and serving tasty, attractive and nutritious meals and snacks.

In addition to gaining lifelong learning experiences regarding a nutritious diet, 4-H members in the program can qualify for a number of awards. General Foods Corp. provides county medals of honor, an expense-paid trip to the National 4-H Congress for each state winner, and six scholarships at the national level.

Additional information about the 4-H food-nutrition program is available at the county Extension office, adds Tamara Overcast.

Christmas Bazaar Set Nov. 8 In Post

A Christmas Crafts Bazaar sponsored by the Gamma Mu Sorority will be held Saturday, Nov. 8, in the Post Community Center from 9 a.m. to 4 p.m.

DON'T EAT YOUR JACK-O-LANTERN--Pumpkins make great halloween decorations, but don't expect to eat them after the goblins have left. The heat from candles inserted in carved pumpkins and the moisture from the air promote rapid deterioration of the vegetable. For best eating quality, buy a second pumpkin for cooking or buy prepared pumpkin in a can.

PUBLIC NOTICE

Poka-Lambro Rural Telephone Cooperative, Inc. hereby gives notice it has filed with the Public Utility Commission of Texas for authority to detariff mobile telephone (radio telephone) equipment, establish unbundled rates for mobile service, offer mobile service in the Southland Exchange and offer wide area mobile service. The changes are proposed to become effective 35 days after filing, which will be approximately November 5, 1986. These changes will eventually affect all of the approximately 380 mobile customers of the Cooperative.

The proposed detariffing will cause a reduction in regulated revenues of approximately \$67,000 per year. Revenues to be generated from the new services are not known. Rates and services to local exchange members will not be affected by this filing. Persons with questions or who desire more information about the requested rate changes are encouraged to contact the Cooperative at (806) 924-7234 or at P.O. Box 1340, Tahoka, Texas 79373. A complete copy of the filing is available at the offices of the Cooperative.

Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission as soon as possible. A request to intervene, participate or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Blvd., Suite 400N, Austin, Texas 78757. Lyng To Address Cotton Council—Secretary of Agriculture Richard E. Lyng will address the National Cotton Council's 49th annual meeting Jan. 25-27 at the Sheraton Harbor Island Hotel in San Diego. A strong defender of the 1985 farm act's cotton title, Lyng will be the featured speaker at the Council meeting's closing session.

The Californian has headed USDA since March. He served as deputy secretary throughout President Reagan's first term, and was assistant secretary from 1969 to 1973. Prior to that, he was director of the California State Department of Agriculture. Lyng also has been president of his family's seed and bean producing and processing company in California, and head of the American Meat Institute.

Other guest speakers are to be announced later.

Preliminary sessions are slated to begin at convention headquarters on Friday afternoon, Jan. 23. Scheduled are an orientation for new delegates, and meetings of the Producer Steering Committee and Cotton Council International's board of directors. The Council's Industry Practices and Policies, Technical, Foreign Operations, and Public Relations and Promotion committees will meet jointly on Saturday morning, Jan. 24, to hear cotton's economic outlook and then hold separate sessions to draft recommendations for delegate action. On the agenda for Sunday, Jan. 25, are a prayer breakfast, a session of the retiring board of directors, a meeting of the Committee for the Advancement of Cotton, and caucuses by representatives of the industry's seven segments to elect board members.

Various activities for Council members and guests are being planned by host committees of the California state unit, chaired by Glen Stevens of Producers Cotton Oil Co., Fresno. Cotton Wives Prepare For Apparel Mart Production—Twenty-five cotton wives from four states will staff a cotton service center at the Dallas Apparel Mart Oct. 23-28 as part of the National Cotton Council's "Grown & Made in the USA" campaign.

More than 15,000 buyers from seven states in Mid-South and Southwest are expected to attend the spring showing of women's and children's clothing by 3,000 manufacturers. By helping retailers locate sources for apparel made in the U.S.A from cotton grown in the U.S.A. and

encouraging consumers to demand and buy these products, cotton wives hope to help the industry survive the flood of textile and apparel imports.

Mississippi cotton wives Joy Barret of Belzoni and Mrs. Janet Flowers of Tunica, who helped originate Beltwide campaign, will coordinate the service center. The Dallas project was made possible by a grant to the Cotton Foundation from Union Carbide Agricultural Products Company.

**Hospital Worker
Of The Week**

(Lynn County Hospital opened its doors in January of 1971. The facility now employs 57 persons in a variety of departments, 49 fulltime and 8 part time, and has 24 beds available for patient care. Because of the importance of the hospital to the Tahoka and Lynn County economy and medical well-being, one employee or department per week will be spotlighted here.)

JOHN BROOKS is Hospital Administrator, and has been here for six and one-half years. His job is to see that the hospital is run as efficiently as possible with the finances and help available. Before coming to Tahoka, he was Administrator of Groom Memorial Hospital, Groom, Texas for 13 years. He has 33 years experience in hospital work as insurance clerk, credit manager, assistant business manager, accountant, controller and administrator. He has a certificate from Trinity University, San Antonio in Hospital Administration.

R NEVER BE AFRAID OF ANY SICKNESS

Too many people suffer from constant pains and discomforts because they are afraid to go to a physician. They fear they may learn they have a serious condition.

This is not smart. Your Doctor can now do more for you than was ever before possible. Modern improved diagnosis plus recently perfected drugs almost insure quick help. There are so few incurable diseases and even those, if detected early, can be more comfortably lived with.

"A GREAT MANY PEOPLE ENTRUST US with their prescriptions, health needs and other pharmacy products. We consider this trust a privilege and a duty. May we be your personal family pharmacy?"
