VOLUME 85, NUMBER 17

TAHOKA, LYNN COUNTY, TEXAS, THURSDAY, APRIL 28, 1988

VOLUNTEER CRUSADERS — Nadine Dunlap, chairperson of the American Cancer Society fund drive in Tahoka, prepares to give information to these Tahoka 4-H'ers who have volunteered to collect donations and give out information in the door-to-door cancer crusade. These volunteers and others have already begun their collection campaign. From left are Mrs. Dunlap, Carrie Taylor, Wendi Jordan, Kristin Belew, Lendi Jordan, Luke Dunlap, Clay Taylor and Jason Belew. A benefit golf tournament is planned May 7 at T-Bar for the cancer fund drive. (LYNN COUNTY NEWS PHOTO)

Road Needs Fixing, But Nobody Sure Who Owns It

A stretch of road less than a mile long which runs from U.S. 87 east to the Tahoka cemetery is badly in need of repair or repaving, but nobody seems to know for sure whether the road is owned by the city, county or state. And whoever owns it needs to fix it, so nobody is eager to claim ownership.

The poor condition of cemetery road was one topic discussed at the meeting of Lynn County commissioners Monday, with Tahoka Mayor Jim Solomon on hand.

City Manager Barry Pittman said Tuesday that the road possibly may belong to the State of Texas, as some property in that area was deeded to the state in 1934, according to courthouse records. He said the state highway department has been contacted, and is researching the situation.

It was noted that the city limits of Tahoka run along that road, but whether the road is included in the city is uncertain. A similar problem of where the exact boundaries of the city are located exists in the area of the road going to the rodeo grounds at the south side of town.

The road going to the rodeo grounds has always been a dirt

road, however, while the road from 87 east to the cemetery was paved sometime in the past. Nobody seems to know who paved the road originally, but it apparently has not been maintained since.

City officials, meantime, are awaiting a report from the state before pursuing the matter further.

The county commissioners

Monday approved a law officers liability policy offered by Walker and Solomon Agency, discussed a new arrangement whereby the juvenile probation officer also works part time in adult probation matters, discussed the need for repairing the courthouse steps, and paid \$215 for March surplus commodities which are distributed in the "cheese and butter" program.

Commissioners Bart Anderson, Eldon Gattis and Boyd Barnes were present. Absent was J. T. Miller, commissioner of precinct 4.

Tahoka EMS Featured In S.P. EMS Magazine

(Editor's Note: The following story was published in a recent edition of the South Plains Emergency Medical Services, Inc. magazine.)

Tahoka EMS had a county-wide volleyball tournament, March 25-26 to raise funds for a new ambulance. Men's and women's teams from Wilson, New Home and Tahoka played a round-robin tournament with all proceeds going to Tahoka EMS.

Entry fee was \$35 per team, and the high school gym was

provided gratis due to EMS working school games at no charge.

Townpeople also donated food, providing the best concession stand menu I've ever seen. (When was the last time you had cream cheese pound cake and homemade strawberry ice cream at a ballgame?)

Tahoka EMS is a volunteer service with 14 active people. The service was rejuvenated 4½ years ago when some citizens took an EMT course that was paid for by Texas Department of Highways grant money. The local hospital auxiliary also paid for some students to take the course.

The service now has two ECAs. The service now has two ECAs, nine EMTs and three EMT Special Skills.

The hospital dispatches, and all EMS providers have pagers which were purchased with money contributed by the hospital and the hospital's auxiliary and with private donations.

When talking with Billy and Jolene Tomlinson and Susan Tipton of Tahoka, I could feel the concern, caring and dedication there is for Tahoka EMS.

Every person in town knows what that jacket stands for, Billy said, referring to the uniform the volunteers wear.

Billy continued, "We're guided by the hospital administration and board, but basically we are on our own. We've established some rules for the service. One of those rules is that once new people complete their training, they must go through a probationary period of approximately six ambulance calls. They are then voted on by the whole group to see if the other people are confident in the new person's skills," said Billy.

"However, we keep up with every volunteer—they are not just left on their own after six runs. Maybe two years later they go

Home Burglary, Another Pipe Theft Investigated

Another in a series of recent major burglaries of homes in Lynn County was reported during the last week as the mobile home of Bruce and Mary Angell, Rt. 2, Slaton, was burglarized April 20, between 7:30 a.m. and 4:30 p.m.

Stolen from home at FM 400 at the north Lynn County line were items valued at a total of \$3574. These included a Mossberg .22 rifle, a microwave oven, Magnavox VCR, a component stereo system, Canon 35mm camera, Kenmore sewing machine, Gruen watch, jewelry and men's clothing.

Crime Line, 998-5145, has offered a \$500 reward in the burglary and also is offering a \$300 reward for information clearing theft of six joints of aluminum pipe from a farm owned by J.R. Ash, located a half mile south and 1.5 miles west of Grassland. The theft occurred sometime during the last month, and the pipe was valued at \$540.

Cade Furlow reported he was driving his pickup just after midnight Saturday on FM 2053 east of O'Donnell when someone threw a rock through his pickup windshield. An 18-year-old suspect from Lamesa later admitted throwing the rock and agreed to pay restitution.

Dept. of Public Safety officers

investigated two accidents in Lynn County during the last week. On Thursday, April 21, about 12:15 p.m. a 1979 Olds driven by Josephine Garza, 24, of Wilson and a 1983 Dodge pickup driven by Melvin Lehman, 48, of Tahoka, collided on FM 1317 about 11 miles northwest of Tahoka. Both vehicles were headed west when the Garza vehicle attempted to turn in front of the pickup, according to the officers' report.

The driver of the Olds and four children riding with her were taken to Lynn County Hospital

and treated for minor injuries, then released, officers said. One of the children had been thrown from the vehicle, according to officers, who added that none of the persons in the Olds were wearing seat belts.

On Friday evening, a 1979 GMC truck-tractor towing a mobile home was involved in an accident on U.S. 84 about 6 miles east of Slaton. A high gust of wind overturned the mobile home, separating it from the truck, which did not overturn. Driver was Thomas E. Jackson, 44, of Eastland.

Maria Rita Lopez of O'Donnell was released to the Dept. of Corrections this week after being held in Tahoka for escape from a halfway house in El Paso.

Police, while on patrol on Sunday at approximately 6:30 a.m., noticed a vehicle parked in the middle of the road in the 1800 block of South 4th and found two people asleep in the front seat and also a .38 caliber pistol was seen in the glove box which was found open. Both men were charged with public intoxication and one of the men was also charged with unlawfully carrying a weapon.

In jail during the week were three persons for public intoxication, one for driving while intoxicated, second offense, and one each for DWI plus violation of probation and unlawful carrying of a weapon.

ODHS One-Act Play Advances To State Level

The play, directed by Mr. and Mrs. Glenn Hopkins, will be performed at Austin, May 7.

At regional, George Leal was judged Best Actor. Mike Greenlee was named to the all-star cast, and Scott Brewer was honorable mention on the all-star cast.

Ropesville's one-act play also advanced to state.

Open Forum Here To Feature School Board Candidates

Tuesday, May 3, at 7 p.m. to 8:30 p.m. the Tahoka Classroom Educators invites the public to attend an informal meeting of those people running for the school board.

This meeting will be in the high school library.

Each prospective board member has been asked to make a brief statement. There will be a time for questions.

In the school board election, a 2-year term is being sought by Delbert McCleskey, without opposition. A one-year term is sought by Mike Huffaker, also without opposition. But five persons are seeking two 3-year terms up for election.

Terms of Nedra Young and Robert Smith are scheduled to expire, and Mrs. Young filed for re-election. Also filing for the two available 3-year terms were Jim Wells, Richard Lopez, Linda Locke and Math Bartley.

I DON'T CARE WHAT Copley News Service says, I can't believe it costs more than \$7,000 to pay for a wedding. Now, I realize that many parents (or older brides and grooms) are spending a lot more than that, even, but still, I doubt that most people (in my income bracket, at least) spend more than \$7,000 to get their daughters hitched.

When our daughters got married 10 years ago, or whenever it was, I, like most fathers, offered the young couple \$500 or whatever to just elope and forget all that hoopla. And like all daughters, they refused, preferring the fancy church wedding. Frankly, I don't remember what it cost, but it was nothing like \$7000 and certainly nothing near the top of the scale, which the news service says is about \$35,000.

True, we made them sew their own dresses out of flour sacks and sent invitations on scratch pads, but that was just being frugal.

SOME SIXTH grade students were shown a copy of the painting of Whistler's Mother, and were asked to write down what it meant to them.

One boy had this to say: "It's a nice old lady waiting for the TV repairman to bring back her set."

THE PARENTS on Ave. P are worried about the eyesight of their two teenagers. The daughter can't find anything to wear in a closet full of clothes and the son can't find anything to eat in a refrigerator full of food.

FIFTH GRADE RECEPTION — Tahoka fifth graders greeted KAMC Channel 28 Anchorman Jeff Klotzman and several local dignitaries during their annual Fifth Grade Reception held Tuesday afternoon in the Fellowship Hall of the First Baptist Church. Klotzman presented an interesting program to the crowd in attendance. Shown from left are Dr. Duane Carter, Superintendent of Tahoka I.S.D.; Drew Stone; Danny Curry, pastor of First Baptist Church; Jim Solomon, Mayor of Tahoka; Johnathan Rhodes, Wesley Solomon, Robbie Webster, KAMC's Jeff Klotzman, Amanda Curry, fifth grade teacher Nan Adams, and Susan Draper. Organ/Tissue Donor Awareness Week Set

Nearly 100 area residents have had their sight restored by corneal transplant surgery in the past year, Dr. David L. McCartney, medical director of the Great Plains Lions Eye Bank in Lubbock, said this week.

"National Organ/Tissue Donor Awareness Week (April 24-30) is a good time to talk about corneal transplant surgery, one of the most common and the most successful of all organ and tissue transplant," he said. "Ophthalmologists here and nationally confirm that more than 90 percent of these operations restore sight to persons who have corneal-related blindness due to injury or disease," Dr. McCartney added.

In 18th-century England, eye-glasses were often worn purely as fashionable accessories, not as aids to vision.

'Butterflies Are Free' Opens In Garza Theatre April 28

For South Plains theatre lovers, if you missed our distinguished and memorable production of "The Glass Menagerie" in March, you'll have a chance this month to see another of the unique Garza Theatre productions designed and directed by West Texas' own Will McCrary, the charming comedy "Butterflies Are Free."

The play opens April 28 and continues through a special Sunday matinee May 1, with evening performances starting at 7:45 p.m. and the matinee at 2 p.m.

"Butterflies" first opened in October 1969 at the Booth Theatre in New York City. Movie-goers may remember that Goldie Hawn starred in the film "The Garza Theatre" version which featured Tatina Self in this role of 'Jill Tanner,' an aspiring young New York actress, who befriends her next door neighbor, a blind boy, 'Don Baker,' played by James Burnett, who is struggling to be free from his too possessive mother, Suzanne Pass. Rounding out the cast will be local restaurateur and florist Benny Jackson as 'Ralph Austin,' a young New York theatre director.

This delightful comedy is set in the 'hippie'-'mini-skirt' days of the late '60s, is full of bright contemporary humor and suitable for young people as well as adults.

And remember, a group of 12 or more patrons are eligible for our generous discounts. Call the box office at 495-4005 for information and reservations. The box office is conveniently open Monday through Saturday 10 a.m. to 4 p.m.

As a special observance of our second anniversary, honored guests at "Butterflies" opening night will include the original cast and stage manager of "The Silver Whistle," which was performed at the Post School Auditorium in April 1986.

Texas DPS Reports March Statistics

Capt. L.A. Reinhart, District Supervisor of the Lubbock Highway Patrol District comprising 21 counties said, "For the month of March, our troopers investigated two fatal accidents, 39 personal injury accidents, and 63 property damage accidents. There were two persons killed and 39 persons injured in these accidents."

Sgt. Lamar Beckworth of Brownfield stated, "In Lynn County, our troopers investigated one personal injury accident, two property damage accidents in the month of March. One person was injured in these accidents."

Sales Tax Checks Sent

State Comptroller Bob Bullock Friday sent checks totaling \$57.5 million to 980 cities that collect local option sales taxes at either one or one-half percent rates.

In Tahoka the sales tax total \$3,294.95, in Wilson \$557.22, O'Donnell was \$0.00, an overall total of \$3,852.17.

This month's allocation bring the year-to-date increase over 1987 to 6.5 percent.

"The state's economy is on the upswing and growing. Texans are becoming more confident about spending their money," Bullock said.

Bullock also sent checks totaling \$5 million to 81 counties that collect a half-percent county sales tax. Businesses in these counties and 55 cities that adopted the additional half-percent tax began collecting it on January 1 this year.

April's checks represent taxes collected by monthly filers in February and reported to the Comptroller's Office by March 21, Bullock said.

EMS ...

(continued from page 1) back on probation if needed. We always have three people on every ambulance run," stated Tomlinson.

Billy added, "The people who have just completed their training are a little 'green' at first, but when you need them, they come to. We fall in together."

There is a Lynn County Ambulance Fund set up at the Lynn County Bank for contributions and memorials. The ambulance Tahoka currently has is a 1982 model and the backup unit is 17 years old.

The service also has an EMS Fund to which each provider contributes \$5 a month. This fund is used for C.E. hours and minor equipment.

When discussing the ambulance, Tomlinson said, "The backup unit doesn't have med radios, and I feel naked without them. It feels good knowing no matter where we are, we can get medical control on the radio and not be on our own."

Billy continued, "We're tickled to death with the SPEMS protocol. The (hospital) board accepted the protocol as is. It's great to have a basic protocol to go by."

When I asked Susan and Billy about the service's relationship with E.R. staff, Susan said, "We now have a good working relationship. For a good while, we had to prove ourselves step by step."

Tomlinson said they also have a good relationship with law enforcement and other authorities.

"We work well with the sheriff's office and the city and highway patrol, and it's due to professionalism and quality of training," he added. "We've got a ways to go, but we're a lot further than we were."

Thanks for what you do, Tahoka EMS!

Almost 4600 Texas women--our mothers, sisters and friends--died last year from smoking-related diseases. Although most women know that smoking poses significant health risks, many fear they will gain weight once they stop.

Which is worse, smoking or gaining weight? According to

Dr. Michael Crawford, President of the Texas Affiliate of the American Heart Association, "pound for pack, you're better off giving up cigarettes."

But putting on pounds doesn't have to be the result if you put down cigarettes. Here are some of the problems women who quit may face, and some ideas for dealing with them.

* Increased appetite. Once you quit smoking, food may taste better, as you want to eat more. Or since you no longer smoke after dinner, you may find yourself having extra helpings or desserts. Try slowing down meals by cutting food into smaller pieces; eat slowly; and leave the table as soon as you are finished. Save dessert for later and substitute lower-calorie treats.

* Oral craving. If you're used to having a cigarette in your mouth, food may become a replacement. Instead, try sugarless gum or mints. Occupy your hands too, with needlework, puzzles, gardening or anything

you enjoy doing.

* Munching. The desire to munch is associated with oral craving. You put food, rather than a cigarette in your mouth. To satisfy the munchies, keep your kitchen stocked with raw vegetables, crackers, unbuttered popcorn or dry cereal. Or try saving a portion of your meal as a snack.

* Social situations. You may find yourself overeating in social situations where you ordinarily would have smoked. Try substituting a walk for a donut at coffee break, and position yourself away from the food table at parties.

HAY FEVER

One in 13 Americans has the running nose, itchy eyes, sneezing and throat congestion that hay fever produces. Hay doesn't cause it, and a fever is seldom present. Rather, it is an allergy to some airborne pollen, such as spring grasses or autumn ragweed. Other allergens that can cause the symptoms are mold spores, animal dander, foods, feathers, or cosmetics. To help you pinpoint the cause of your allergy, send 50-cents for the book HAY FEVER from Asthma and Allergy Foundation, 1302 18th St., NW, Suite 303, Washington, D.C. 20036.

Salute to Our Fund Raisers

Our community has seen its share of tragic accidents and sudden devastating illness. Facing long hospital stays and staggering medical bills, the victims are often overwhelmed by their uncertain futures.

It is these times volunteers in our community step in to organize a collective effort designed to alleviate the worry and strain of facing such heavy debts.

These volunteers spearhead drives among organizations and individuals to sponsor events and use the media to publicize the needs. Usually these efforts prove successful to reach intended goals.

Our community also has fund raisers ringing doorbells and circulating in business districts during regular campaigns to raise money for worthy causes.

There are many excellent drives going on to support varied health research. The most notable success from such activity came with the discovery of a vaccine to counteract the dreaded polio. Fund raisers, too, have occasion to collect funds for local causes.

Not everyone wants to be a money collector. The ones that do the job are commended for their faithful and needed work.

IDENTIFYING THE TRUE CHURCH

In order to identify the true church, one must know what the Bible says about the true church. Read what your Bible says.

1. The true church does not have a large membership. "Narrow is the gate, and straitened the way, that leadeth unto life, and FEW are they that find it." Matthew 7:14. See also Matthew 22:14, Luke 10:2.
2. The way of life taught by the true church is strait (difficult) and narrow. Matthew 7:14. See also Revelation 7:14, II Timothy 3:12.
3. The true church is composed largely of people from the humble walks of life. "Not many wise after the flesh, not many mighty, not many noble, are called." I Corinthians 1:26. See also Mark 12:37.
4. The true church has Christ as its only head. Colossians 1:18, Ephesians 1:22,23. He has "all authority in heaven and on earth." Matthew 28:18. No man is the head of the true church on earth.
5. The New Testament speaks of the true church as "the church" Acts 12:1, "church of God" I Corinthians 1:2, "churches of Christ." Romans 16:16. Warning is given against divisions in I Corinthians 1:10-13.
6. Men enter the true church by hearing the gospel, believing it, repenting of their sins, confessing Christ and being immersed for the remission of sins. Mark 16:15,16, Romans 10:9, 10, Acts 2:38, Romans 6:3,4. God then adds them to His church. Acts 2:47. The Bible does not teach "joining the church of your choice," or that one should be voted into the church, or received into the church as an infant. One must be old enough to be taught, to believe, to repent, and to submit to baptism with an understanding heart.
7. The true church has God's Word only for its guide. II Timothy 3:16,17. It has no man-made creeds, disciplines or articles of faith.
8. The true church is essential. Christ gave Himself for it. Acts 20:28, Ephesians 5:25. It is His body. Colossians 1:18. One Head, one Body. I Corinthians 12:20.
9. The true church worships "in spirit and in truth." John 4:23 "In spirit," from the heart; "in truth," according to God's word. Acts 2:42 describes the true worship. Lord's supper on the first day of every week. Acts 20:7, Singing from the heart, Colossians 3:16, Ephesians 5:19. (No instrumental music). Every Lord's day of equal importance; no religious seasons. Galatians 4:10,11.
10. The true church is the bride of Christ. Ephesians 5:22-33. Christ has one bride. His bride wears His name. Romans 16:16.

After the dinner, the group was entertained by students from the Baptist Student Union at Texas Tech.

Cub Scout Den 2 met on Monday, April 18. Marcos Vergara was the denner for the meeting and served refreshments. The boys studied heroes and folk tales from the past and learned a little about each one. Then each Scout was given a map of Wilson and had to locate various places on the map including the way from the school to the Scout's house. Finally, the boys made a belt chain from a leather strap and beads.

Marcos Vergara, Jeremy Raley and Greg Savell have completed their requirements for the Bear badge. Eric Arellano has earned three of the four beads for his Wolf badge and Andy Rodriguez has earned three of the four beads for his Bear badge.

Most of the Scouts are making plans to attend either Day Camp or Webebo Camp in June.

 Visit With Your
County Agent
 By Brett Cypert, CEA-Ag.

Forget here and now, this a matter of here and then. If you were a farmer in the 1970s, you're entitled to a refund for some of your fuel expenses. But you have to act before June 30, reports Brett Cypert, county agent with the Texas Agricultural Extension Service, The Texas A&M University System.

The refund is a result of a settlement reached by the Dept. of Energy with oil companies that allegedly overcharged for crude oil during a period regulated by price ceilings.

Consequently, farmers can get back about \$80 or more for every 100,000 gallons of fuel used between August 19, 1973 and January 27, 1981, says Cypert. That equates to a little over \$14 for every 100 acres of cropland in production during the seven-and-a-half year period, according to economists with the Extension Service.

Cypert notes that this refund should not be confused with the income tax credit for federal excise taxes on fuel.

The Dept. of Energy will base refunds on actual gallons purchased, estimated gallons used or a USDA estimate of 23.8 gallons per acre of cropland per year.

Fertilizer Use Held Vital To Crop Yield

Soil tests indicate that soil fertility levels in the Southern High Plains of Texas will limit average crop yields to less than 300 pounds of lint per acre if producers do not apply fertilizers.

Cotton requires about 18 inches of water and from 50 to 60 pounds of nitrogen to yield 300 pounds of lint per acre. Five hundred eighty samples collected from 200 farm contained an average of 36 pounds of nitrate nitrogen in the top two feet of the soil. These soil samples were collected in the High Plains Underground Water Conservation District's service area by the USDA-Soil Conservation Service and Water District personnel in December 1987 and January 1988 while making the pre-plant soil moisture survey.

Plant nutrients levels measur-

ed in the soil samples were nitrate nitrogen, phosphorus, potassium, calcium, magnesium, zinc, iron, manganese, copper and sodium. In addition, soil pH and salinity were measured. Only nitrogen appeared to be low enough to limit crop production.

Cotton requires about 22 inches of water and 80 to 90 pounds of nitrogen to yield 500 pounds of lint per acre. If a higher yield goal of 750 pounds per acre of lint is desired, 30 inches of water and 110 to 120 pounds of nitrogen are needed. In addition to the nitrogen, 20 to 25 pounds of phosphorus are required for a yield goal of 500 pounds of lint per acre, while 35 to 40 pounds of phosphorus are required for a 750 pound yield. The sampled sites had an average of 122 pounds of phosphorus in the top two feet of the soil.

Research demonstration plots at Texas Tech University, on the Texas A&M University Research Station, and on producer's farms in 1987 did not show significant responses to the addition of phosphorus on cotton.

Nature provides about 20 pounds of nitrogen per acre each year from soil organism activities, soil chemistry interactions and from the atmosphere in this area where cotton generally follows cotton. It should be safe to assume that one-half of the nitrogen provided by nature will be available during the growing season.

The average amount of nitrate nitrogen found in the top two feet of soil in Lynn County was 8 pounds per acre.

The averages should not be used to determine fertilizer needs for individual farms in the counties represented. Producers are urged to collect soil samples from their own farms for fertility analysis to make these determinations.
