Seven THS Students Qualify For Competition At State Level

Five Tahoka High School students have qualified for state competition in athletic, literary and band events, and two others will make the trips as alternates.

Mark Vega and Ramiro Rodriguez, both seniors, won the regional Class AA boys doubles tennis championship in Abilene last weekend and will be at the state tournament next weekend, May 12-13. It may be the first time ever for any Tahoka High School tennis players to make it to the state tournament.

Also going to state May 12-13 will be LaDonna Tillman, THS senior who placed second in regional high jump at Abilene, clearing 5-2 before missing at 5-4.

Senior Jackie Jo Hays qualified for state in three events. She won first place in regional literary criticism and placed second in ready writing. Competition in both of these events will be this Saturday, May 6, in Austin. She also will be in state competition in trombone solo at Austin on June 5.

Sophomore Terri Solomon, twirler for the Bulldog band, quali-

fied for state competition in twirling, also June 5 in Austin.

Chuck Cate and Tony Pena, seniors, will make the trip to Austin as alternates, Cate in persuasive speaking and Pena in calculator operation.

Rodriguez and Vega won four straight matches last Thursday and Friday at Abilene Christian University to win the Region 1-AA tournament and earn the state playoff berth. They had advanced to regional after winning the district doubles title for the second year in a row.

At Abilene, they won their opening match 6-1, 6-1 over Hasting-Strickland of Jim Neel and then won 6-1, 6-3 over Sloan and Riley of Stratford. Rodriguez and Vega needed three sets to win a tough semifinals match over Griner and Kohutek of Big Lake, 6-2, 4-6 and 6-1, then came on to win the championship match over Burks and Tucker of Ozona 6-3, 6-4.

Tahoka seniors T.C. Spruiell and Chuck Cate, runners-up in district, won their first round match in the regionals at Abilene over Davis and Castillo of Hart. They lost in the

quarterfinals to Burks and Tucker. Stephanie Isbell of Tahoka lost 6-1, 6-1 to Ginger Woodruff of San Saba in the first round at regionals, and Tahoka's girls doubles team which qualified for regional, Connie Parker and Kim Ingle, lost their first round match to Butts and Townsend of Spearman by a score of 6-1, 6-1.

Fully-Dressed Suspect In Burglary Held

A 29-year-old Oregon man who was wearing several layers of clothing was charged with burglary of a habitation after his arrest west of Tahoka Sunday, when it was discovered that the many articles of clothing he was wearing had been stolen from the T-Bar Ranch headquarters building.

A Lynn County deputy arrested Roy Richard Crowell on suspicion of public intoxication and it was then discovered that the man was wearing a lot of extra clothing. A check with T-Bar officials revealed that the articles had been taken from the building, which had been burglarized. Officers said the man apparently had been living in the building for two or three days.

The man was wearing a coat and sweater, a regular shirt and three T-shirts, three pair of regular underwear and three more pair of thermal underwear, a pair of shorts, two pair of jeans, and four pairs of socks.

Deputies also investigated a burglary at West Point, Gin, 15 miles west of Tahoka on U.S. 380, which occurred between Friday and Sunday. About \$25 in cash was stolen after entry was gained by breaking a glass in a door and then unlocking it.

Tahoka Police Dept. reported the arrest of a 27-year-old Tahoka man Friday on a warrant for burglary of a motor vehicle out of Lubbock County. He was booked and jailed.

A Tahoka woman reported receiving threatening telephone calls during the last week.

Police arrested one Tahoka man for driving while intoxicated during the last week.

In jail during the week were two persons for DWI first offense, and one each for burglary of a motor vehicle, application to revoke probation on a charge of DWI second offense, making alcoholic beverage available to a minor plus possession of marijuana, DWI subsequent offense, public intoxication plus burglary of a habitation, resisting arrest, and traffic violation. A total of eight federal prisoners were in jail as of Wednesday.

Woodwork...

THE OTHER DAY I overheard our daughter fussing because she didn't know exactly what time of the day Saturday her husband was going to play golf. "I need to know," she said, "so I'll know what time to get an appointment with the veterinarian to get our dog's shots."

The person she was talking with asked exactly what I would have: "Do you mean you have to get an appointment to get a dog's shots?" And the answer was yes.

This made me realize that the animal doctors are operating (so to speak) just like the medicine people who treat humans. And I had visions of what it must be like to take a dog to the animal clinic these days.

First, you call in, and the receptionist tells you that the doctor will see your animal at 3 o'clock. So at 3, you are in the waiting room, with lots of other pet owners and their sickly critters. You are in danger of catching some terrible disease, such as distemper or really bad breath.

Then you fill out a bunch of papers, and they give your dog a two-month-old copy of Field and Stream to chew on. After awhile, they put your pooch in a little room by himself, where he fidgets for 28 minutes with nothing to do but look at drawings on the wall depicting dogs' insides, so he'll know what he's going to look like if they decide to skin him alive. Sometimes they move him to a second room, just so you'll know he hasn't been completely forgotten.

Finally the doc comes in, does a few unmentionable things to your dog, suggests you quit feeding the dog any red meat or anything he really likes, and inquires if he is old enough to qualify for Dogicare. Then the receptionist hands you a fairly stiff bill, and you pay it and leave.

Maybe it's not like that yet, but this does appear to be the direction things are moving.

ON MAY 3, 1979, we published our first issue as the new owner of the Lynn County News, so this issue marks our 10th year in Tahoka. This is not a long time in comparison to the years of service of many local businesses, but it is, for me, the longest I have ever lived in any town. We like it here (we liked all the other places we've lived, too, but people kept insisting that we leave town).

In my first column when we moved here in 1979 from Slaton, I mentioned that I needed to trade my red wind-breaker (Slaton colors) for a blue one which would be more suitable for Tahoka and besides, I said, it matched my eyes better. High School Principal Jim Marcus brought me a blue one the next week.

After a decade of writing stories while straining over typewriters (and now computers), red probably would match my eyes better than blue. But I plan to stick with the blue.

Fun/Food Festival, Auction Slated Here Saturday

The Lynn County Hospital Auxiliary's annual Fun and Food Festival and Auction to benefit the Lynn County Hospital will be this Saturday, May 6, from 4 to 9 p.m. in the Lynn County Showbarn.

The Fun and Food Festival will feature the following booths: Fish and Fries- Hospital Board members and friends, Nachos Supreme- St. Jude's Ladies, Ice Cream- Phebe K. Warner Club, Pie- Tahoka Chamberettes, Granola Snacks- Cotton Belles Extension Homemakers, and Drinks- Lynn County 4-H Club. Festival Chairman Nadine Dunlap stated, "We are greatly indebted to these organizations for the funds their booths donate to the Auxiliary, and we are so appreciative to them for the time and effort they put into manning the booths and helping our fundraiser to be such a success each year."

All of the activities of May 6 center around the Auction. Businesses and individuals of Lynn County have donated all kinds of items and crafts to be placed in the Auction. Some of the donations will be given as door prizes which will be drawn for throughout the evening. Each 50 cents admission will entitle the holder to one chance for the door prize drawings. Donations are being collected by Mrs. Madeline Hegz, Mrs. Grace Huffaker, Mrs. Grace Prohl, and Mrs. Lahrue Tippit. Donations may also be left at The Mirror or at the Showbarn on Saturday morning between 10 a.m. and noon.

Clint Walker and Cal Huffaker will emcee the event and Billy Miller and Louise Landers will be auctioneering. The sound equipment is to be set up by Carroll Rhodes. Some of the special items to be auctioned off include a backyard cookout for 20 people by Mr. and Mrs. Eldon Carroll and Mr. and Mrs. Arlys Askew, a hot air balloon ride offered by a group out of Lubbock, and various works of art and crafts by local artists and artisans.

To provide entertainment, members of the 4-H group from O'Donnell will be on hand to perform their Junior Share-the-Fun program. Connie Parker will be organizing a face-painting booth for the little one's enjoyment. There will also be some game booths for children to enjoy while their parents are bidding on items in the Auction.

The "to your health" aspect of the Festival will include a cholesterol screening sponsored by the Cotton Belles Extension Homemakers in cooperation with the Lynn County Hospital Lab. The screening will be from 4 to 6 p.m. Best results are obtained when the person has fasted for 8 hours prior to the screening. Test results will be sent to the patient as well as his/her doctor. There will also be a display of cancer prevention posters created by the students of Tahoka Gardner Elementary School. The American Cancer Society's local chapter will judge the posters and award prizes for the winning posters in each class. Lastly, the United

Blood Services of Lubbock will be on hand to accept blood donations.

The Auxiliary will be setting up for the Festival on Friday, May 5, at about 6 p.m. Volunteers are needed to help with this task.

The primary purpose for the Lynn County Hospital Auxiliary's annual fundraiser is to provide additional money to buy items and equipment for the hospital that are not provided for in the budget. Rural hospitals operate on an extremely tight budget even those who receive tax support from the county. Hospital Administrator Louise Landers state, "Our hospitals has set for itself a commitment to provide the citizens of Lynn County with quality medical care, but it will take all of us working together to make our hospital a success." Mrs. Landers has provided some statistics regarding current hospital usage and to create better awareness as to the current function of the hospital. Since the beginning of fiscal year 10/1/88 through 3/31/89, there have been a total of 256 inpatient admissions: 85 Medicare, 39 Medicaid, and 132 others. There have been 842 Emergency Room patients.

A new service offered by the hospital is Holter Monitoring- a lightweight cardiac monitoring device which is placed on the patient to be worn from 24 to 72 hours to record a patient's normal activities at home and work.

The hospital has also recently introduced its Special Care Program.

Less Than \$7000 Owed On New Ambulance

BY DEBBIE VICKERS

The Lynn County Hospital Auxiliary has designated a portion of the funds raised in this year's Fun and Food Festival to go to the Lynn County EMS's new ambulance fund. The new blue and white Ford ambulance has been in operation since the first of June 1988.

Since that time, the ambulance has made a total of 294 runs; 240 of those runs were in town, 54 were rural, and 121 were transfers (to the Care Center and from the local hospital to Lubbock).

The approximate cost of the new ambulance was \$42,160. The Hospital Auxiliary donated \$20,000 of this amount. The EMS has an ambulance fund at the First National Bank of Tahoka where memorials and donations are taken. Each memorial and donation is acknowledged by a card from the Lynn County EMS.

The EMS has raised some of the funds for the ambulance with concession stands, volleyball tournaments and spaghetti dinners, and the Volunteer Fire Department donated funds raised at their annual fish fry. Also, certain businesses pledged a percentage of their total sales for a designated period. At this time, \$6,800 is still owed on the ambulance, plus some interest at the bank.

EMS volunteer Billy Tomlinson stated, "This ambulance is comparable to any ambulance in the larger cities. In fact, there are some paramedics in Lubbock who wanted to know 'How in the world could Tahoka have such a good rig?' They were told of our outstanding hospital auxiliary and Lynn County citizens who care about pre-hospital care."

The Lynn County EMS is a voluntary organization that works in conjunction with Lynn County Hospital under the supervision of the Board of Directors, the Administrator, and Dr. Lonnie Vickers, the EMS Medical Director. Most of the ambulance

supplies needed are provided by Central Supply at Lynn County Hospital.

The Hospital Auxiliary has furnished funds to buy some special equipment, such as the Kendrick Extrication Device which is used mostly when working an automobile accident, to stabilize the cervical spine. The auxiliary has also purchased several \$240 pagers for the EMS volunteers.

The Lynn County EMS works two 12-hour shifts per day, seven days a week, and utilizes a three-person crew. With 15 active EMS people, each person is on-call three to four times a week. However, there is an EMT class currently in progress in Post, and there are five new people from this area enrolled.

At present, there are three Emergency Medical Technicians/Special Skills (EMT/SS), six Emergency Medical Technicians (EMT), four Emergency Care Assistants (ECA), and two people assigned as drivers.

Businesses Responding To "Welcome Bags" Service Offered Here

Tahoka business are responding favorably to a new service offered by Tahoka Chamberettes. The Chamberettes are putting together "Welcome To Tahoka" gift bags which will be presented to new residents of Tahoka. The service is free, and Chamberettes welcome any business or individual who wishes to donate something for the bag.

However, a "product" or "free service" is not necessary for the bag, according to Ann Roberts, president of Chamberettes. "We also will put in information sheets about your business which tells what services you offer, hours of operation, etc., or whatever you want new residents to know about your business. This is a free service to promote Tahoka, and we want as much information as possible about our town to be available to new residents here," she added.

Chamberettes will deliver these gift bags to residents as they move to Tahoka, and this will be an on-going service. At any time, a business or individual may contribute an article or information sheet to Chamberettes to be used in this service. For more information, contact Ann Roberts, 998-4938, or Betsy Pridmore, 998-4640, or any other Chamberette.

Library Seeks Volunteers To Build New Shelves

Shirley Draper, City-County librarian, this week issued a call for volunteers to build additional shelves for children's books at the library. "Tahoka's children will be flocking to the library this summer, with the library at Gardner Elementary School closed, and the children must find their books at the public library," she observed.

"I always look forward to the children each summer, but the library has such a small area for the children's books, I know a lot of good titles are lost on the crowded shelves."

The library has received a commitment from Jimmy Huckabey at the Higginbotham-Bartlett Lumber Co. to supply lumber for some additional

shelves in the children's area. "Now we need to find someone who can contribute the time and energy to building the shelves," she said.

The librarian said she likes the idea expressed by British author Graham Greene, who wrote: "The influence of early books is profound. So much of the future lies on the shelves. As bookpeople, as believers in the future, let us, in 1989, resolve to get books off the shelves and into the hands, hearts, and minds of young people in America."

Anyone who would like to help with the construction of the shelving is urged to call Shirley Draper at 998-4050.

Some SPS Patrons To Get Credit On Bills

Starting last week, Texas retail customers of Southwestern Public Service Co. who live outside city limits will receive on their bills a credit related to a 4.3 per cent reduction in electric rates.

"These customers have been billed at the new, lower rate since December," said Jerry Diller of SPS. "On April 19, the Public Utility Commission of Texas finalized the lower rate. This decrease was made possible primarily by lower federal income tax rates on corporations and SPS's ability to hold down other costs."

The new ruling allows SPS to credit customers' bills as though the new rate had been in effect since last July 8.

"The credit will be based on the actual amount of electricity each customer used between July 8 and the date interim lower rates began," Diller said. "These one-time credits total \$3.4 million and average about \$13 for a residential customer outside city limits."

Customers inside city limits also should soon get an additional 1.2 per cent reduction to match the amount of decrease for those outside city limits, Diller said.

R TAKE THE WHOLE PRESCRIPTION

Don't stop taking a prescription drug after you begin to feel better unless your physician approves. This is most important. Often anything less than the full course of treatment may prevent the medicine from completely correcting the condition.

For example, not taking the prescribed amount of an antibiotic allows either the "bug" or your body to become resistant to it. Not enough of the required medicine may be worse than none at all.

"A GREAT MANY PEOPLE ENTRUST US with their prescriptions, health needs and other pharmacy products. We consider this trust a privilege and a duty. May we be your personal family pharmacy?"

SNACK TIME - Amy Holland, Kathy Davis and Dena Engle pass out nutritious snacks to third graders as part of their FHA nutrition project.

FHA Members Join In Food, Nutrition Project

A major state FHA project for the last several years has been student body. The emphasis has been on good nutrition for Americans as well as a complete exercise program.

Recently, FHA members participating from the advanced food science and nutrition class at Tahoka High School presented nutrition programs to the Elementary students at Tahoka Elementary school. Children learned the need for good nutrition by learning about the basic four food groups and the nutrients provided by the food groups. The children also

learned what the nutrients do for their bodies.

After the discussion on nutrition, FHA members provided the Elementary children with a nutritious snack and drink they had prepared.

Advanced food science and nutrition students participating for the individual Elementary classes were: Kindergarten: Connie Parker, Luis Trevino, Abraham Vega, Charles Jurden, Amy Holland and Michelle Colon.

First grade: Amy Holland, Dena Engle and Abraham Vega.

Second grade: Kathy Davis, Dena Engle, Amy Holland, Abraham Vega and Luis Trevino.

Third grade: Kathy Davis and Michelle Colon.

Fifth grade: Connie Parker, Elizabeth Hernandez, Michelle Colon, Charles Jurden and T.C. Spruiell.

Safety Program To Be Presented

A program entitled "Falls and Fires: Safety in the Home" will be presented by the Home Economic

class, Families with Special Needs, on Friday morning at 9:30 at the Lynn County Pioneer Club.

Every year thousands of older Americans die, or are faced with long, expensive convalescences because, in an unguarded moment, they suffered an accidental injury in their home. For those over age 50, two types of home accidents-falls, and fires and burns-account for well over half of all home accidental deaths.

Such accidents and the suffering they cause are avoidable.

To help older citizens learn to lead safer lives, the American Association of Retired Persons (AARP) has developed a program on these vital subjects. The program provides pointers for making easy, inexpensive changes in lifestyles and the home environment for greater safety. The public is invited to attend.

During the Middle Ages, the year began at various dates in different times and places. In England it was not until 1751 that January was restored to its place as first month, as it had been during the Roman era.

RETIREMENT TEA-A retirement tea at the Lynn County Hospital last Friday honored June Dunnam, left, on her retirement as director of Home Health Services for the hospital. She is shown here with Hospital Administrator Louise Landers.
