

H-D Club Clatter

WHAT'S THE OUTLOOK FOR 1961?

At the first of each year we wonder what to expect in the future. "Outlook" information has been brought back from the Washington, D. C. conference by Texas Extension Specialists. I believe you will be interested in some of the information and will use it when you make plans.

Retail food prices are expected to remain about the same as last year.

Meat prices, especially beef, are expected to be lower. Poultry will be more plentiful and slightly lower in price. Egg production in the first part of 1961 will be less than the corresponding period in 1960.

Milk supply will be more than ample to meet consumer demands. Supplies of fresh and processed fruits will be less through mid-1961. Supplies of vegetables will probably be no larger than the past year. More white and less sweet potatoes will be available this winter. Retail prices of white potatoes may be a little lower, but higher prices are in prospect for sweet potatoes.

Outlook for housing is taking on a rosier hue with mortgage money easier to come by. Competition is forcing builders to incorporate more ideas to make homes more marketable.

New developments in furniture materials are making it possible to have economical, attractive and durable furniture.

A slump in the equipment market is forcing manufacturers to come up with new conveniences. If you are shopping for a refrigerator, room air conditioner, washer or dryer, have a look at what's new in gadgets before you buy.

Do you see a new automobile in your crystal ball? It's a good time to buy; automobiles have gone down more this year than last. Check, too, on the left-over 1960 models still on the market.

College costs are creeping upward. This is truly an example of the future belonging to those who prepare for it. For many families, unless long-term financial preparation is made, their children will not be able to go to college.

Clothing outlook is for slightly higher prices in 1961. There will be a greater variety to choose from. Improved blending of natural and manmade fibers will offer more durable, more comfortable clothing that will be more easily cared for.

Prices for services, which now represent a big share of the average family's budget, have been increasing about three times as fast in recent years as prices for commodities.

Household operation services, gas and electricity are 3 percent higher than a year ago; medical care services are 4 percent higher. There is no indication that this rate of price increase will level off in the coming year.

Recent legislation provides that the Federal Government will match State funds devoted

MISS LENNELL ANN CLAUNCH

Miss Claunch and Mr. Powell To Pledge Vows in Bula Church

Mr. and Mrs. Jim Claunch of Bula announce the engagement and approaching marriage of their daughter, Lennell Ann, to Charles Olin Powell, son of Mr. and Mrs. Olin Dewitt Powell of Rt. 1, Littlefield.

The wedding vows will be read by Rev. H. W. Kile, pas-

tor of the Enoch's Methodist Church, Friday, Feb. 10, at 7 p.m., in the Bula Methodist church.

All friends and relatives of the couple are invited to attend the wedding and reception that will follow in the fellowship hall of the church.

Goldialu Goucher Wins Homemaking Award At MHS

Goldialu Goucher has been named the 1961 Betty Crocker Homemaking of Tomorrow at Muleshoe High School.

Miss Goucher received the highest score in written examination on homemaking knowledge and attitudes taken by graduating seniors at Muleshoe High School. She becomes a candidate for the State Homemaking of Tomorrow award which will be announced in March.

She will receive a Homemaking of Tomorrow award pin with the slogan, "Home is where the Heart Is." The examination papers of all local winners will be entered in competition to name

to assisting low-income persons over 65 to meet their medical bills. To what extent our State will initiate a program to obtain such funds remains to be seen.

Next week I hope to give you some interesting information on food facts and fallacies.

SPEND SUNDAY IN LEVELLAND

Mr. and Mrs. L. E. Martin spent Sunday afternoon visiting in Levelland with his sister and family, Mr. and Mrs. Jack Flake.

Local CTA Members Honor Miss Miller With An Informal Tea

Mrs. Loyce Killingsworth, local CTA president, presided during an informal tea given Saturday afternoon in honor of Miss Antoinette Miller, president of Texas Classroom Teachers Association.

Miss Miller gave interesting and pertinent information on the growth of CTA and TSTA through the years, also the role of our teachers as a professional group.

The serving table was laid with silver appointments and a beautiful center piece gave evidence of the spring that is near.

Progress Church To Honor Youth

Sunday, Feb. 5, will be observed at Progress Methodist Church as Youth Day. The youth will be in charge of the services for the day.

All Church School Classes will be taught by the Church's youthful members and they will also preside at the morning worship. Pat Thomson and Mary Ellen Wedel will be the featured speakers at the morning worship.

Evening worship will be at 6 p.m., at which time a program about the Methodist Youth Fellowship will be presented by the youth.

Evening Fellowship will be at 7 p.m. in the Fellowship Hall. All adults are invited to come. The program will honor the adult members of the congregation. The program title for the fellowship hour will be "Come and See."

MARRIAGE LICENSES

Marriage licenses were recently issued to Manuel Rios Garcia and Alicia Maria Perez of Muleshoe; Bobby Lloyd Crenshaw and Sandra Jean Wilabay of Odessa; Derrell Dean Ellis and Linda Louise Cousatte of Muleshoe; J. B. Martin and Louise Grace Carr of Levelland; Crispin E. Green and Lee Joy Mills.

ESA Members Enjoy Beatnik Party

Laura Bartlett was hostess for the E. S. A. Beatnik party held Wednesday, January 25, in her home.

The guests wore beatnik costumes and were presented with beatnik cards on their arrival. Ann Alford, who wore a straight black wig in addition to beatnik clothes, won first prize for her costume. Other notable costumes were those of Shorty White who wore a black leotard and sweater and Maurine Hooten who dressed as a man with a beard.

Those enjoying the beatnik games were: Ann Alford, Anna Copeland, Chubby Douglass, Jean Gillespie, Maurine Hooten, Evelyn Johnson, Helen Krebs, Lanetta Small, Shorty White, and Johanna Wrinkle. Refreshments were served.

TEXAS ALMANACS now available at The Journal. The supply again may be limited. Better get your copy now.

Mrs. Blackburn Is Chapter Hostess

The Epsilon Delta Chapter of Delta Kappa Gamma Society met in the home of Mrs. Horace Blackburn in regular session, January 16.

Mrs. Flice Blessing, Olton, Mrs. Fredda Harvey, Amherst and Mrs. Evelyn Kisner, Sudan, were initiated into the Society as active members.

Following a business meeting presided over by Mrs. Addie Abernathy, president, a buffet luncheon was served to twenty members: Lois Witherspoon, Blackburn, Owetha Finley and Blanche Johnson.

Group singing led by Elizabeth Watson preceded a panel on "The Concepts and Philosophies of Buddhism, Confucianism and Hinduism discussed by Beulah Tullis, director, Daphne Smith, Allie Aikman, Elizabeth

Ayers, Lucille Brown and the Johnsons.

Alicia Perez And Manuel Garcia Are United in Marriage

Sunday afternoon, Jan. 29 4 p.m., Manuel Garcia and Alicia Perez, daughter of Manuel and Jeronima (Vela) Perez, of Muleshoe, were united in the Holy Sacrament of Matrimony in the Immaculate Conception Catholic Church, Muleshoe, in a very colorful ceremony.

Jesse and Irma Leall were the chief witnesses and The Rev. (Fr.) Clifton J. Corcoran was the officiating clergyman. Mrs. Hertha Walker was organist for the nuptial ceremonies.

WELCOME TO MR. AND MRS. FRED L. BOYD

Fred L. Boyd and wife of Miami, Florida, have recently moved to Muleshoe. Mr. Boyd will be associated with Morgan Locker at Muleshoe Flying Service.

Three Way News

By Mrs. Frank Griffith

Frank Wright of Seagraves, son of Mrs. Elmer Batteas Goodland, was found dead in hotel room Wednesday morning January 25. Cause of death was asphyxiation.

The people in the room next to his heard him get up at the usual time, a few minutes before 6 a.m. When he did not come down for breakfast and go to work his neighbors decided he must be ill and went up to his room to see about him. They found him partially dressed in his work clothes, and lying across the bed where he had fallen when he was overcome.

Wright had been a frequent visitor in the Batteas home and had attended church, school, and community activities with the family.

Funeral services were held Saturday at Seagraves.

Cindy, Debbie and Julie Batteas of Farwell spent several days with their grandparents, Mr. and Mrs. Frank Griffith, while their parents, Mr. and Mrs. Jimmie Batteas were at Seagraves attending the funeral of his uncle, Frank Wright.

Mrs. W. C. McCelvey, Jr., spent several days in Lubbock last week visiting her mother-in-law, Mrs. W. C. McCelvey, Sr.

The Three Way Methodist WSCS met Monday, Jan. 23 in the home of Mrs. Cecil Cole for a study program.

Mr. and Mrs. Ed Latimer left last week for Oklahoma City to be at the bedside of Ed's father, who is hospitalized due to a liver ailment.

Mr. and Mrs. Freddie Parkman were in Lubbock Monday on business and shopping.

Mr. and Mrs. Gene Kenley and girls visited relatives in Lubbock the past weekend.

Mrs. Adolph Wittner attended a hair style show at Lubbock Sunday afternoon. Mrs. Wittner operates a beauty shop in her home near Maple.

Mr. and Mrs. Thurl Lemons and children and Mr. and Mrs. Beck Ragsdale attended the funeral of Mrs. Eva Tiller of Needmore at Muleshoe Monday.

The Pete Tarltons visited relatives at Lubbock Sunday.

Mr. and Mrs. Frank Griffith were in Lubbock on business Monday.

Three Way high school girls and boys defeated Pettit in conference basketball games Thursday at Three Way. They play Bledsoe at Three Way this week.

The District tournament for both girls and boys begins Feb. 7 at Three Way.

Bailey Griffith left Tuesday for Houston to visit relatives for a few days. He will enroll at Texas A & M for the spring semester Friday, Feb. 3.

CHRISTIAN SCIENCE SERVICES

Why spiritualization of thought is necessary to individual growth and happiness will be brought out at Christian Science church services Sunday.

Introducing the Lesson-Sermon entitled "Spirit" is the Golden Text from (John 4:24): "God is a Spirit: and they that worship him must worship him in spirit and in truth."

Selections to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include (485:14-17): "Emerge gently from matter into Spirit. Think not to thwart the spiritual ultimate of all things, but come naturally into Spirit through better health and morals and as the result of spiritual growth."

Magann Lamb Installed As Worthy Advisor In Impressive Ceremony

MISS MAGANN LAMB

Magann Lamb was installed as Worthy Advisor, and Mrs. Ruby Lee Kerr was installed as Mother Advisor of Muleshoe Assembly No. 161, Order of Rainbow for Girls on Saturday evening, January 28, in Masonic Hall.

The Rev. Horace M. Brooks, pastor of the First Methodist Church, gave the invocation. Magann then introduced her installing officers, who were Jana Goodwin, Worthy Advisor; Mary Janice Brantley, Marshal; Sandra Allison, Chaplain; Quinell Roark, Recorder; and Sandra Meyers, Musician.

After the installing officers were seated at their stations, Fran Powers sang a medley of songs "America the Beautiful", "America", and "God Bless America." She was accompanied by Ann Brooks at the piano.

Other Officers installed were Janie Sanders, Worthy Associate Advisor; Donna Guinn, Charity; Shirley Henry, Hope; Ronda Johnson, Faith; Shirley Richards, Recorder; Wanda Harris, Treasurer; Sandra Harris, Chaplain; Kay Thomson, Drill Leader;

Love, Rhonda Wagon; Religion, Davy Jean Anderson; Nature, Becky Mason; Immortality, Charlene Lindsey; Fidelity, Nine Ed Bovell; Patriotism, Karen Jones; Service, Sonja Bass; Confidential Observer, Jan Landers; Outer Observer, Barbara Simmons, Musician, Susan Birdsong; and Choir Director, Zela Boles.

Choir members installed were Wilma Sue Puckett, Pam Kerr, Judy Elliott, Debbie Bullock, and Melinda Harris.

Advisory Board members installed for the 1961 term were Ruby Lee and Ernest Kerr, Mary Farley, Wynnie Dunn, Juarene Bovell, Viola Layne, Ada Thomson, David Anderson, Marion Harris, Harmon Elliott, and Ernest Brock. Other advisory Board members who were unable to be present, are Ruth and Alex Williams, and Mildred and Beryl Wingo.

After the officers were declared installed, Magann introduced her parents, Mr. and Mrs. Gil Lamb, and expressed her appreciation, love and respect for them and for her grandmother, Mrs. J. R. Singleton, when she introduced her.

Mrs. Ada Thomson, Worthy Matron of Muleshoe Chapter No. 792, Order of the Eastern Star, and Melvin Seymore, the Worshipful Master of Muleshoe Lodge No. 1237, A. F. & A. M., were introduced. All Past Mother Advisors, Eastern Stars, Masons, and parents of Rainbow Girls were recognized.

Pat Thomson, Past Worthy Advisor of Muleshoe Assembly No. 161, was presented with the Grand Cross of Colors, the highest honor an Assembly can bestow. Dolores Wagon Williams was also recognized as holding the Grand Cross of Colors.

how Girls for eleven years, and as Mrs. Farley accepted her pin, the girls sang, "For She's A Jolly Good Fellow". Mr. and Mrs. John Farley have presented to the Assembly a new fifty-star American Flag.

Jana Goodwin, retiring Worthy Advisor, was presented her past Worthy Advisor's pin at the altar. After Chaplain Sandra Allison led the assembly in prayer, lights were turned off, except the one over the Bible on the altar and the girls sang "Blest Be the Tie That Binds." In the East the words, "God Bless America" the theme chosen by the new Worthy Advisor, were written in red. Magann has chosen as her motto, "Honor Thy Father and Thy Mother" and red and white as her colors. In carrying out her theme, she placed small American flags at each station. In using her colors for her installation, Magann wore a floor length evening dress of white nylon over taffeta with sequin embroidered bodice and full skirt. A corsage of red gardenias and white leaves, a gift from her parents, covered her shoulder. Her dress was a birthday gift from her grandmother on her 18th birthday, January 26.

Each Rainbow Girl carried a white Bible with ribbons in the seven colors of the rainbow falling from her Bible. Magann presented all of her installing officers and those on her program with gifts of appreciation. Her parents dedicated to her the poem, "My Angel Dear" by J. J. Metcalf, which her dad read and after which he presented a challenge to Magann and her officers.

Goldialu Goucher was in charge of the guest register, which was signed by 120 guests. Before and after the installation services, Susan Birdsong played piano numbers. Little Misses Linda Hart and Karen Mayhugh, each one a daughter of Rainbow Girls, the former Joyce Blackburn and Jo Addine Wagon, respectively acted as ushers. They were dressed in identical ballerina length white cotton dresses with organdy overskirts.

Everyone prayed "The Lord's Prayer" together in closing the installation, which was dedicated to the Worthy Advisor's parents. In the retiring march, the girls sang "My Rainbow" accompanied by Susan Birdsong, the newly installed musician.

The traditional Rainbow cake and punch were served by Jana and Magann in the reception hall downstairs. The serving table was laid with red napkins on a white linen cloth with an arrangement of red and white carnations in a pot of gold.

33 MILLION IN SCOUTING
Since 1910 there have been some 33,500,000 boys and men in the Scouting program. Some 41,550 churches in the U. S. of all faiths sponsor Scout units.

Truly, a Scout's obligation begins and ends with "duty to God." Over 1,356,432 volunteer adults lead, guide and direct Scouts in the Cubbing, Scouting, and Explorer programs. February 8 will mark the 51st Anniversary of Boy Scouts of America.

County Agents Corner

by J. K. ADAMS

The paramount problem on the Morris McKillip farm in northeast Bailey County in the past year was to work out a sound farming system that would bring in a fair return on those acres not planted to cotton. His cotton allotment was only sixty acres out of 220 acres farmed.

In trying heavy use of nitrogen, he had boosted his grain sorghum yield to over 7,000 pounds per acre in a test plot and close to 6,000 pounds per acre average on the home place in 1959. This showed a fair profit on land he owned but the steady decrease in price and the dark shadow of national oversupply of all feed grains caused Mr. McKillip to look to other crops for his answer. He had already raised alfalfa for hay and for grazing sheep with very satisfactory results and, furthermore, grain sorghum on old alfalfa land produced over 6,000 pounds per acre in 1960 without fertilizer. When the score was tallied on all possibilities, the alfalfa came out on top. Probably the major factor in the decision came when Morris McKillip and his county agent, J. K. Adams, discussed the possibilities of growing the new high producing Zia Alfalfa that is superior to Lohontan because it is not only resistant to the spotted alfalfa aphid, but also is a high producer of hay. The county agent felt that many farmers in the area would welcome a chance to purchase some of this new Zia seed locally for seeding new acreages.

Eight acres of this Zia Alfalfa is up to a perfect stand from fall seeding on the McKillip farm and neighbors are certainly going to give it some close inspections this spring and summer.

Retail Sales Are Rising In Bailey Co.

The 9090 residents of Bailey county had individual income totalling twenty-two and a half million dollars in 1960 according to information recently compiled by the Muleshoe Chamber of Commerce.

Census figures, and figures furnished by business statisticians reveal that in 1960 there were 2607 households in Bailey county, with the average income per household of \$7,708, which is somewhat higher than the average household income of Lamb or Parmour counties.

There are 884 farms in Bailey county which received 1959 income totalling well above eleven million dollars from crops and livestock.

Retail sales in 1960 totalled \$13,996,000, but are expected to reach the \$15 million mark in 1961, according to business prognosticators.

The population of Bailey county totals 9090, with 7,871 living in the Muleshoe division of the county, and 3,871 living in the remainder of the county. The population of Bailey county which received 1959 income totalling well above eleven million dollars from crops and livestock.

When the seed demand tapers off, the hay market may be the most profitable route but if the hay market is weak, sheep can always graze and make a good return. Mr. McKillip now has 300 head of sheep and is rapidly up grading his flock with registered Suffolk. He has 55 acres of alfalfa and plans to expand as seed business, hay business or sheep grazing all promise better returns per acre than grain sorghum. He also has those bountiful crops to follow alfalfa in coming years to lend proof as to the wisdom of his decision.

Muleshoe proper. The remaining 2,027 individuals live in what the Census Bureau terms the South Sand Hills Division of the county. The population of Muleshoe has increased 31 per cent in the 1950-60 decade, from a 1950 figure of 2,477.

The county population is up 19 per cent from the 1950 figure of 7,592. County population is distributed at 42.6 per cent non-farm, and 57.4 per cent rural farm.

The 1960 final census shows 3.48 persons per household in the county, which economists claim is indicative of the economic status of the area. As economic factors, such as salaries, migration of workers, etc., increase, the number of persons per household tends to decrease and vice-versa.

Detailed information on retail sales by various types of businesses, trade area trends, and related statistics are available on request from the offices of the Muleshoe Chamber of Commerce.

Announce Plans For New Packing Plant In Area

Preliminary plans for the new packing plant for Universal Meat Processors, Inc. released by architect's Atcheson, Atkinson and Cartwright today called for a \$600,000 plant to be built in the vicinity of Abernathy, Plainview, or Shallowater.

Universal's president, Charles E. Hall, called a meeting of the board of directors in the office of corporation attorney, Jim S. Moore, in the Great Plains Life Building to consider the architect's plans.

Unanimous approval was given to the preliminary plans and the architects were instructed to initiate the construction schedule and detailed planning of the plant.

"Selection of a definite site for the plant will be made at an early date," Charles Hall stated, "contingent upon satisfactory negotiations for water and sewage from the communities now under consideration."

The plans submitted today by the architects provide for facilities to slaughter 4,000 hogs, and 1,600 cattle a week.

According to architect William Cartwright, the detailed planning will require about 90 days, including conferences in Washington, D. C. for government inspection approval.

Jehovah's Witnesses Hold Circuit Assembly

Jehovah's Witnesses of this area will hold their semi-annual circuit assembly in Levelland February 17-19.

Elmer B. Lowrey, presiding minister of the Muleshoe congregation said, "Texas Circuit No. 9's assembly will be held around the theme, 'Be Taught of Jehovah.'"

"We are looking forward to this assembly with great anticipation", Lowrey said, "The directive agency, Watchtower Bible and Tract Society, is revamping all of the present 204 circuits in the United States to make room for 54 new circuits, with 16 to 18 congregations to the circuit.

Recently 308 circuit and district overseers from the United States and Canada completed a 16-day intensified schooling course at the world headquarters of Jehovah's Witnesses in Brooklyn, to equip them to be better teachers and overseers in putting the new program into operation.

"The step-up in the program", Lowrey said, "is due to the criticalness of the times we are living in and in the light of Hebrews 10:25 which admonishes, 'Not forsaking the assembling of ourselves together, . . . but exhorting one another: and so much the more, as ye see the day approaching.'"

The last like assembly was held in Altus, Okla.

The Muleshoe Journal

Volume 39, NUMBER 5 THURSDAY, FEBRUARY 2, 1961

JEANNE GRAY, pictured above, will be featured solo clarinetist Friday, February 3, at the Muleshoe High School Band Concert. The Concert will be presented in the High School Auditorium at 7:30 pm. Admission will be seventy-five cents for adults and fifty cents for students.

HOLY HOUR TO BE HELD FEBRUARY 3

The regular Holy Hour for the month of February will be conducted on Friday, Feb. 3, the first Friday of the month starting at 7:30 p.m., with Holy Mass at 8 p.m. in Immaculate Conception Catholic Church here in Muleshoe.

As Friday, Feb. 3 is also St. Blaise's Day, the annual blessing of the throats of the faithful will follow the Holy Hour.

MHS GRADUATE WINS POETRY PRIZE

Abilene - Miss Sandra Cooper, 1959 graduate of Muleshoe High School, has been named winner of the top poetry award of the Miss Coopers, daughter of Mr. and Mrs. A. L. Cooper of Whiteflat resided in the Muleshoe area until the family moved to Whiteflat in 1959.

"Autumn Song," Miss Cooper's poem, has been published in the fall edition of the Galleon, color of the contest.

Miss Cooper is a member of Alpha Pi Alpha, social club, and Volunteers, religious organization. She was a member of the Galleon staff.

FARM BUREAU WEEK PROCLAIMED: Gov. Price Daniel is shown as he signs a proclamation designating February 5 to 11 as "Farm Bureau Week" in Texas. Looking on are: (left to right) J. H. West, Bishop, president of Texas Farm Bureau, and Millard Shivers, Waco, FFB Director of Organization. Farm Bureau membership enrollment activities will be concentrated during this special "Week." The Texas Farm Bureau has had a gain in membership eight years in succession and has moved into first place in the South and fourth place in the nation.

The special week coincides with the annual membership campaign of the Texas Farm Bureau, largest general farm organization in the state. The 1961 drive was kicked off with a big Chairmen's Rally Jan. 24 in Abilene attended by county FB presidents and other county men. About 125 counties are planning intensive membership drives during the next two months.

LOCAL PEOPLE BECOME GRANDPARENTS

A baby girl was born to Mr. and Mrs. Ed Clark of Hereford January 24, in the North West Texas Hospital at Amarillo. She has been named Teresa La Nell.

The baby's grandparents are Mr. and Mrs. Henry Bass of Muleshoe and Mr. and Mrs. Ed Clark of Lazbuddie.

JOHN WESTS HAVE GUESTS Mr. and Mrs. Robert West and daughters, Becky and Stephanie, of Farmington, N. M. are visiting in the home of his uncle and family, the John W. Wests.

POST BINDERS, ledger sheets, columnar sheets at The Journal.

Water-Well Drilling Declines On Plains

In 1960, commercial water-well drilling in the High Plains Underground Water Conservation District decreased by about 25 per cent from 1959. There were 1133 wells drilled in the thirteen county District as compared with 1518 wells drilled during 1959. In Bailey County only 48 wells were drilled as compared with 72 in 1959.

According to Water District officials the decline in drilling is probably a result of adequate moisture conditions last winter and spring. We experienced a damp, cold winter with above average precipitation. Even though most farmers irrigated their land prior to planting time last spring, only a limited amount of water was required. Some did not irrigate at all before planting.

In June and July, most of the southern High Plains received heavy rains. The rains delayed the need for summer irrigation until the latter part of August. There was a marked decline in the number of drilling permits issued by the District in

Bailey County and in the number of replacement wells drilled in 1960 with those drilled in 1959. One hundred and thirty-six permits were issued in 1959 and 75 in 1960 in Bailey County. There were 7 replacement wells drilled in 1959 and 15 in 1960. For the whole District 183 replacement wells were drilled in 1959 and 174 in 1960.

The number of replacement wells drilled each year is progressively increasing in comparison to the total number of wells drilled.

New Electronic Secretary® Phone Answering Set takes messages 24 hours a day

You're always "in business" with an Electronic Secretary set on duty. Because this amazing device automatically answers the phone when you're out, takes messages for you day or night.

With an Electronic Secretary set connected to your phone, a prerecorded message of your own choosing informs the caller you're out . . . then invites him to leave his name, number and any message he wishes. The set records every word he says.

When you return, you play back the recording, learn who called and why. Result: no missed calls—no lost business.

Electronic Secretary answering sets are so helpful . . . so versatile: take sales orders, business reports, emergency calls, reservations, absentee reports, employee suggestions, complaints, maintenance reports — any call at all! "Answer Only" model delivers informative message.

Phone our Business Office today and learn how little it costs to rent this modern service.

MANY PEOPLE STILL USE WRONG MAIL ADDRESSES

Although city mail delivery has been in effect here for nearly a year, many people still have not supplied their correspondents with their correct street addresses, local post office officials told The Journal.

In fact, less than half of the thousands of statements, letter mail, etc. come to the local office with the correct street address, they said. They said this entails a tremendous amount of extra and unnecessary work in the office.

They urged that everyone supply their correct address to their bank, department store, and in fact to all their correspondents.

GUARD EXAMS SET

"The U. S. Civil Service Commission is announcing examinations for the positions of Guard, GS-3, \$3760 per year, for employment at the Bureau of Mines Amarillo and Exell Helium Plants located in the vicinity of Amarillo, Texas, and other Federal agencies in the area of Amarillo. Full information may be obtained from the Post Office or from the Executive Secretary, Board of U. S. Civil Service Examiners, Bureau of Mines, Helium Activity, P. O. Box 911, Amarillo, Texas."

ANNOUNCING

ARMOUR'S NEW PLAINVIEW PLANT

A NEW FERTILIZER SERVICE FOR PANHANDLE AREA GROWERS AND RANCHERS

To help growers in this area increase profits through more efficient crop production Armour now offers a complete fertilizer service from its new, conveniently located plant in Plainview.

More and more growers in this area realize the need for scientific, complete crop feeding for maximum crop production and soil conservation. Armour's new Plainview service offers a complete line of fertilizer formulations and materials to suit the crop and soil requirements of this area.

Complete Fertilizers, Bagged and Bulk

- VERTAGREEN PLANT FOOD FOR COMMERCIAL CROPS . . . the famous, premium fertilizer that has proved to be "Worth More Because It Does More" by producing higher per acre yields of crops in this area. For example, Coleman McSpadden of Hereford, increased his potato yield 37.5% using
- Vertagreen in comparison with another fertilizer. The Vertagreen plot brought \$375 MORE income per acre!
- ARMOUR PEBBLE PLANT FOOD in a variety of popular analyses, bagged and bulk.
- BULK FERTILIZER custom formulated to your order.

Fertilizer Materials

- ARMOUR 46% Triple-Superphosphate
- ARMOUR AMMONIUM NITRATE, prilled for easy application . . . 33.5% nitrogen for full growing power . . . an excellent way to apply supplemental nitrogen to boost yield.

Take advantage of this new complete fertilizer service. Go after the high, profitable yield with Armour Fertilizers . . . fertilizers backed by over sixty years of know-how and Armour's program of agricultural research.

SAND HILLS PHILOSOPHER SAYS

Has No Plans To Modernize Old Dilapidated Diggins

Editor's note: The Sand Hills philosopher on his Johnson grass farm stands up for his principles this week, which is hard to do from a sitting position.

Dear editor:

A town friend of mine I hadn't seen in a long time dropped by to see me out here the other day and he got to looking the place over and finally he said, "Why don't you modernize things around here a little? This is 1961 we're living in, not 1932."

Well, I know what year it is. I've got a calendar, that's one of the splendid things about democracy, one man's calendar is just as good as another's and the man with 500 is no better off than the man with only one, but I didn't say anything, just sort of laughed apologetically as though maybe I would, although the truth is this place suits me like it is.

Well, maybe not exactly like it is, but the amount of work

it'd take to make it more modern isn't worth the difference. Moreover, what's modern is something that's hard to put your finger on. At the very moment you buy a new model, branded 1961 and made only two hours ago, engineers are off in a corner somewhere scheming up a newer model to replace the one you just bought.

Sometimes it seems to me there's no use in getting something new, there'll be something newer out tomorrow.

For example, take refrigerators. I've always contended that a refrigerator, when it manages to maintain a temperature of around 36 degrees, has reached its full purpose, and anything below that is ridiculous. Refrigerators have been doing this for years, maintaining the right temperature 24 hours a day, but they're still bringing out new models.

I've got me a refrigerator out here on this Johnson grass

farm, but if I bought a new one, it'd be out of date 12 months from now, and if you're going to be out of date 12 months, you might as well be out of date 15 or 20 years. An ex-convict is an ex-convict, whether he served one year or twenty-five. My notion is that the time to buy a refrigerator is when you haven't got one or the one you've got plays out.

Some people say this theory is bad for business, that it'd stand in the way of progress and mass production. This is because they don't have enough confidence in business. Business, as I see it, will always manage to sell the consumer a little more than he can pay for, regardless of what bracket he's in. If I ever get through paying for my 1939 tractor, I'm going to buy me a new one.

Yours faithfully,
J. A.

Letters To The Editor

Dear Sir:

I am a mid-law student at the University of Texas and have been taking the "Journal" for several of my college years. The last few months I have noticed a definite improvement in the paper. I especially like the more complete weather coverage and "rambling" by Brents Davis.

I run across a number of other students' home-town weekly papers, and the Journal compares favorably with any I have seen.

Sincerely yours,
Jimmy D. Ivy

Ed's Note: Thanks, Jimmy. I appreciate what you said about Vern Foltz, the weather man, and Brents Davis, the Ramblin' man. Both are young fellows who have the old fashioned notion that men should pull out and go to work. And we have other fine, efficient people at The Journal these days. So I don't feel it's too much to expect a still further improvement in The Journal as time goes by.

Over-Supply of Words Plagues Warm Springs Donations of Money

Gonzales—An "over supply" of words as well as a shortage of dollars is plaguing the Texas Rehabilitation Center of Gonzales Warm Springs Foundation these days, Walter H. Richter, executive director, observed this week.

"Nearly anyone you talk to about this Center will inform you that the State is taking it over, or that the Methodist Church is taking it over, or that we are on the verge of closing down", Richter said.

"To my best knowledge none of these eventualities is about to take place — except that, if these rumors keep being repeated, our backers will be inclined more and more to withdraw their support. Then we might have to throw in the towel", he added ruefully.

Richter pointed out that he had knowledge of donations, some of them rather sizeable, being withheld because the donors did not wish "to invest in a losing proposition."

"The truth is that every dollar contributed will be expended on the care of severely dis-

abled Texans whether we are in business two weeks or two centuries", he stated. "Only when the donation is not made and the care is not provided it is truly a losing proposition—and the only real losers are our handicapped citizens."

Richter acknowledged it is true that the Center's management is constantly seeking ways and means to strengthen its financial position. "We would welcome an alignment with some organization or even the State if this would assure continuity for this vital and badly needed work, but at the moment there is not even a slight probability of this taking place", he stated.

"The sure way to keep this program going is for everyone to pitch in and help with a contribution — even if it is only a dime or a dollar", Richter said.

CAST REMOVED FROM RAY'S BROKEN ARM
Blondy Ray, the Rocket Drive-In man, has had the cast removed from his broken arm and can maneuver around a little better. He slipped and fell on slick ice in December.

Social Security Representative Here February 16

The changes in the Social Security Act made by the Amendments of 1960, reduced the amount of work needed to defend benefits, reports John G. Hutton, District Manager of the Lubbock Social Security Office.

"There has always been a minimum and a maximum amount of work needed depending upon when the worker reached retirement age, died or became disabled", said Mr. Hutton, "and these limits have not been changed. Everyone needs at least 1½ years of work but never more than 10 years of work."

"Under the new law", he continued, "many people can become insured more quickly. Also many older people who did not work for the length of time required under the old law will now be eligible for payments. Anyone who was told in the past that he did not have enough work under social security to qualify should get in touch with the Social Security Office now to see if he is eligible under the change in the law."

As an example, anyone who reached retirement age (65 for men and 62 for women) this year will need to have no more than 3½ years of work. Also, the survivors of workers who died after June, 1954, and who were not eligible for benefits previously may now qualify in many cases.

Mr. Hutton urges prompt inquiry regarding the changes in the law so that benefits may be paid as quickly as possible. The Lubbock office is located at 1615 19th St., telephone Porter 3-0456. Informational leaflets covering the changes in the law are now available upon request. A representative of the Lub-

BABSON DISCUSSES LIFE INSURANCE STOCKS

Babson Park, Mass., Feb. 2. First a word regarding the purchase of life insurance. This should be a MUST for every young person. It should be first in one's financial program before thinking of real estate stocks, or bonds.

DIFFERENT KINDS OF LIFE INSURANCE

Personally, I prefer the simple "twenty-payment life" with-out any endowment or other fringes. Get this first. After you are married you can get life insurance to pay the mortgage on your house, or to put your children through college, or to travel in the U. S. or abroad. An endowment policy may be a good way to save money for one who has no patience or self-control, but I would rather invest some other way.

I do believe in business insurance and "estate planning," in which my friend Mr. McMillan of Memphis, Tenn., has specialized. This is a newer form which applies chiefly to those in active business whose estates would be severely taxed at time of death. It also shows how by use of trusts, gifts to members of one's family and to charities such taxes can be greatly reduced.

BUYING LIFE INSURANCE STOCKS

But this week I want to write about buying the stocks of life insurance companies. These usually do not yield much income. Their cash dividends are very small and they sell at high prices. The reason is that a group Social Security office will be in Muleshoe in the County Courthouse at 9:30 a.m., on Thursday, Feb. 16 and will be glad to assist in all matters pertaining to social security.

owing life insurance company must continually "plow back" more money for the required legal reserve. You know that life insurance companies are carefully audited by the government which is another reason for buying them.

To offset the small cash dividends, the companies pay generous stock dividends. Some pay such stock dividends every year; while other companies give a large 50% or more dividend every five years. These stock dividends are non taxable until you sell the stock received therefrom. As a rule, life insurance stocks are bought only by rich people; but in many cases this is one reason these people are rich! My appeal this week is that small investors buy good life insurance stocks now, although most bankers and brokers will always claim that such stocks are "too high!"

PRESIDENT KENNEDY HELPING LIFE INSURANCE STOCKS

One of the planks in President Kennedy's platform was to help the aged by free medical care and in other ways. The American Medical Association and the American Dental Association, composed of some 275,000 doctors and dentists, are fighting this program.

Heretofore, most of the life companies have refused to insure people over 65 years of age; but if the Kennedy legislation passes, they may insure persons 75 years of age or perhaps older. Not only do the "oldsters" favor this legislation, but also the children of the aged who are thus relieved of providing proper medical and dental care for their parents. Hence, I forecast that President Kennedy will succeed in getting this legislation passed.

EISENHOWER AND KENNEDY MEDICAL PLANS COMPARED

The Eisenhower Plan was to provide Federal funds to match State funds for medical aid. The AMA and ADA were willing to approve this, apparently on the assumption that most states would be niggardly in their appropriations. The Kennedy Plan is to have the movement purely a Federal affair, tying it to the Social Security program. It would probably mean a ¼ of one percent boost in the Social Security Tax, to be paid as now — jointly by employer and employee.

Either of these two plans should be most beneficial to the life insurance companies, which are interested in one thing, namely in increasing the health and length of life of the American people. Wherever the money may come from, every doctor and dentist, every drug manufacturer and druggist — and all devoted children — are interested in helping older people and their friends. In fact there is no group of companies except the life insurance companies which have so many people working for them.

County Bond Sales 65.3 Pct. of Goal

December sales of Series E and H bonds in Bailey County totaled \$2,496, according to announcement of Mrs. Inez F. Bobo, county chairman. This brought to \$78,396 the amount of such bonds bought during the year by county citizens. However, the county goal was \$120,000, so the county wound up with 65.3 per cent of the goal.

Allison's Return Home
Mr. and Mrs. Harold Allison returned Sunday night from Leavenworth, Kan. where they attended funeral services for Mr. Fred McKinstry, uncle of Mrs. Harold Allison and Mrs. Oscar Allison.

Today's Meditation

Read Romans 8:1-6
They that are after the flesh do mind the things of the flesh; but they that are after the spirit mind the things of the Spirit. (Romans 8:5.)

Food is a basic necessity for the body. Moreover, the production, distribution, and preparation of it provide employment for a vast portion of the world's population. But meat and bread are not to have priority in our concern.

The Master's counsel that man shall not live by bread alone, but by every word that proceeds out of the mouth of God, needs reaffirmation in our day by each of us. Let us look about our homes to see where we are putting emphasis. Are we putting it on the material or on the supernatural?

We do well to keep in mind that our standard of attainment is set by God, not by man. We reach it not by measuring ourselves by ourselves, but only by bringing our desires into conformity with God's will.

God has expressed this will through His Son, our Lord, and constantly reminds us of it through whisperings of the Holy Spirit.

PRAYER: Grant, O God our father, that we may be motivated by the mind of Christ. Discontent us with that which is small and base — out of character for us. Help us in our outreach and up-reach to partake of Thy divine nature; through Christ our Lord. Amen

THOUGHT FOR THE DAY
In the presence of the incapable Christ, we cannot plead ignorance of God's purpose for man.

UNDERGOES SURGERY
Randy Johnson, Muleshoe businessman, underwent minor surgery in John Sealy Hospital in Galveston Wednesday.
