

## Muleshoe And Bailey County Brace For 5 Elections!

### COMMUNITY CENTER

#### Legion Home Use By City Is Proposed

Members of Ray Blakemore, American Legion, of Muleshoe, will discuss at a meeting Friday whether to take financial and maintenance of the Legion home.

The proposed contract is to run to Nov. 11, 1968. Joe E. Vaughn, Post Adjutant, told The Journal that Legionnaires to whom he had talked are favorably inclined toward the proposal, however, he said a more complete expression of opinion by members is desired.

Post members at a meeting in the Legion home Monday night discussed the proposal but there was no vote taken. Final action will come, Mr. Vaughn said, at the meeting of the coming Monday night.

The city proposes to use the building as a community and health center and to leave government of the building to a board of directors not composed of city officials.

The Post owns the building on a half block of ground in the west part of Muleshoe. The city owes \$2500 on the property and the building now needs maintenance work done which would be expensive. The city would retire this indebtedness, maintain the building, and would have the property suitably landscaped, and would pave the adjacent street if the street is to be paved in the future.

#### Veterinary To Hold Dog Clinic

Dr. Jerry Gleason, veterinary of Clovis, will be here April 20 to 27 to conduct a dog clinic, and will administer rabies and other vaccinations. He also will sell dog tags and City of Muleshoe licenses.

Dr. Gleason, a Muleshoe-Lazbuddie reared man, expects to establish an animal clinic here by the end of April. He is a graduate of A & M College.

City officials at the same time announced a tightening of their enforcement of dog ordinances, including pickups of stray dogs for the protection of the public, especially children.

#### BALLOTS ARE READY FOR MARKING

### School Trustee Vote Saturday, Four Elections Tuesday, April 4

Muleshoe and Bailey County folks are braced for the battle of the ballots, which will begin Saturday, April 1 and wind up Tuesday, April 4, making this the busiest 4-day voting period in their history.

Three school districts, Bula, Muleshoe, and Three Way will elect trustees the coming Saturday, April 1.

On Tuesday, April 4, people of the entire county will vote on the proposal to issue bonds in the sum of \$250,000 to purchase right of way for widening Highways 70-84 from Muleshoe to the Parmer County line.

People of Road District 1-A, consisting of Commissioners' Precincts 1, 2, and 3, will on the same day vote on the proposal to issue bonds of the district in the sum of \$85,000 to provide funds for repaving and maintaining paved roads in the district.

The entire county comes into the picture again in the special election called to choose a United States Senator for Texas. Some seventy Texas people are candidates for the job left open when Lyndon B. Johnson resigned to become vice-president.

they cast their ballots in the council candidates are: Place 1, Earl Harris, Arthur Crow; Place 2, Horace Blackburn; Place 3, L. I. St. Clair, Mrs. Thurman White; Place 4, W. M. Pool, II.

#### Election Parties Planned

Corner Drug and The Muleshoe Journal will conduct their regular election party the coming Saturday, April 1, date of the trustee elections, and again on Tuesday, when no less than four elections will be held.

Results in the trustee election should be available soon after the polls close at 7 o'clock. They will be placed on a board on the north side of the drug store as soon as they can be obtained.

On Tuesday, voters of Muleshoe are to participate in four elections: one for District 1-A

#### Beet Hope Fades Out

Hopes of Plains farmers to secure allotments for growing sugar beets were extinguished Wednesday night when Congress finally approved a bill extending the present law governing sugar production for 15 months.

The Senate came to the rescue of Southwest growers however, by offering an amendment designed to help them. But the Senate-House conference committee eliminated that amendment, the bill was passed and sent to the President where it awaits a certain signature.

The Kennedy administration opposed the amendment.

Congress included in the measure major provisions asked by the administration:

1. Authority to keep the Cuban sugar quota down to the minimum.
2. Prohibiting diversion of any quota to the Dominican Republic.

The present sugar law was due to expire March 31. In return for the elimination of the Senate amendment favoring U. S. beet growers in parceling out Cuba's quota, the House negotiators agreed to accept a 15 month extension instead of 21 months specified in the House bill.

Local farmers and business men had continued to work to get a bill passed that would have given prospective growers some beet sugar acreage, but it was a losing battle, which probably won't be renewed for 15 months at least.

#### Andersons Attend Credit Bank Meet

Mr. and Mrs. D. S. Anderson of Muleshoe attended the fifth annual stockholders' meeting of the Federal Intermediate Credit Bank of Houston and the Production Credit Associations of Texas, held in the Shamrock Hilton Hotel in Houston, March 26-28.

Anderson is a director of the Plainview Production Credit Association, which serves this area as a dependable source of short and intermediate term agricultural credit. He is a cotton and grain farmer.

#### Farm Trailer Bill Goes To Governor

A Legislature bill designed to exempt farm trailers and semi-trailers from registration and brake requirements up to a gross of 12,000 pounds, is now in the hands of Governor Daniel for his signature.

Bill Millen, legislature director of Bailey County Farm Bureau urges members of the organization to write Gov. Daniel asking that he sign the measure.

#### Susan Birdsong Is New Bailey County Spelling Bee Champion

Susan Birdsong is the new Bailey County Spelling Bee champion. Susan won over eight other finalists in the county Bee held here Friday afternoon and brought the championship to Muleshoe for the first time in several years.

Runner-up was Nelda Seagler, 13 year old 7th grader in Bula

School. Susan will represent the county in the district Bee at Lubbock April 15 and Nelda will be the alternate.

Susan is the daughter of Dr. and Mrs. W. F. Birdsong of Muleshoe. Nelda's parents are Mr. and Mrs. C. R. Seagler, Morton.

After the competition had narrowed to the two girls, they spelled for what seemed an interminable time before Nelda slipped up and spelled the word "paddle" with two ts instead of two ds. Susan correctly spelled the word and the next one given her to win the Bee.

The Bee lasted about an hour and 15 minutes and featured some of the best spellers ever to attend the county Bee. Harold Carpenter was third place winner.

Other contestants were: Linda Grusendorf, 13, 8th grade at Bula, daughter of Mr. and Mrs. D. C. Grusendorf, Morton; Charles Pool, 14, 8th grade at Bula, Mr. and Mrs. W. A. Pool, Morton; Diane Avery, 12, 6th grade at Richland Hills in Muleshoe, Mr. and Mrs. Douglass Avery, Route 2; Elaine Wyatt, 12, 6th grade at Mary DeShazo school, Muleshoe, Mr. and Mrs. H. L. Wyatt, Muleshoe; Harold Carpenter, 13, 8th grade at Three Way; Gracie Davila, 13, 7th grade at Three Way, Mr. and Mrs. Pedro Davila, Baileyboro; Julia Burkett, 12, 6th grade at Three Way, Mr. and Mrs. Jake L. Burkett, Maple.

Words were pronounced by Fred Johnson, Judges were Mrs. W. B. McSpadden, Mrs. Robert Alford, and Bobby Airhart, Muleshoe.

#### Babe Ruth League Meet

A meeting of people interested in Babe Ruth League baseball in Muleshoe has been called for tonight at 7:30 in the First National Bank community room.

Friday, March 31, is the final day on which application for a Muleshoe charter may be filed. A spokesman told The Journal that if insufficient interest is shown quickly the League will in existence here for several years.

#### Locker Unhurt In Plane Crash

Morgan Locker made a perfect vertical 180 degree turn when he crashed landed his small J-3 training plane in a field near West Camp early last Thursday morning.

Locker was flying low around the field looking for a place to land to check the field that he had sprayed the day before when the engine failed.

Upon departure from the airport the wind was from the east at about 20 miles per hour. Locker looked for blowing dust or anything to signify wind direction there at that time, but found nothing, so had only to assume that the wind there was from the east, too. As he neared the ground he found that instead of the right cross-wind that he expected to have, that he had a tail wind to cope with. Directly ahead was a power line and a ditch, so his only choice was to apply the brakes which resulted in the plane nosing over and landing upside down, thus the perfect 180 vertical turn.

Damage to the plane was comparatively light, with some damage to the motor, the wing and propeller. The plane is being repaired by A & E mechanic, Fred Boyd at the Muleshoe Flying Service repair station.

Locker was not injured in the crash, however, while getting out of the plane he cut his hand slightly.

Locker states that he prefers to make these turns in the air rather than on the ground.

#### Lamb—Bailey Road Job Set

A contract for 20.5 miles of construction on F. M. 303 and 298 in Lamb and Bailey County has been awarded to a Lubbock firm, it was announced in Austin this week by the State Highway Commission.

Henry L. Stafford submitted the low bid of \$241,555 on the project. Rebuild grading, structures, base and surfacing; F. M. 303 — from Sudan to FM 54, FM 298 — From 0.5 mile west of Baileyboro, east to Circleback, is expected to take 160 working days, according to Oscar L. Crain, District Highway Engineer at Lubbock.

Rhea Bradley, Resident Engineer at Littlefield will be in active charge of the project while it is under construction.

(For additional information concerning this project, please contact Rhea Bradley, Resident Engineer, Texas Highway Department, Littlefield, Texas.)

SUSAN BIRDSONG, the 1961 Bailey County Spelling Bee champion, is pictured with Fred Johnson, veteran announcer for the Bee. The event was held Friday, March 24 in the Muleshoe high school auditorium. Susan will represent the county in the District Bee in Lubbock April 15. (Journal Photo)

## Trinity Church Erects Building

Construction of an educational building for Trinity Baptist Church here began this week and the building is expected to be completed by July 1.

The building will have 2400 square feet of floor space and will have facilities for two nurseries, a beginners and primary Sunday School department, junior and intermediate department and the pastor's study.

The building was contracted by Higginbotham-Bartlett Co., of Muleshoe at a cost of \$18,200. It is being erected alongside the other buildings of the church, and its brick trim will match the other buildings.

Rev. Troy Walker is pastor.

## Norman Thomas Is Guest Speaker

Norman Thomas of the Muleshoe State Bank was the guest speaker when the Future Business Leaders held their regular monthly program meeting last Wednesday in Room 13 at the high school.

Mr. Thomas's subject was "A Career In Banking." He discussed the types of jobs and the opportunities banking available in a bank, the qualifications a student should have offers. The speaker pointed out that banking offers opportunities for both the short and long-term planners. He stated that a knowledge of money and banking is helpful to students whether they make a career of it or elect to be housewives.

Mr. Thomas said the qualifications looked for in an applicant for a job in a bank are: Personal Characteristics, one of the most important being honesty, and special skills and knowledge.

The speaker pointed out that banks provide training on the job and that there are various outside studies available for furthering a banking education. In conclusion he stated that salaries paid by banks do not fluctuate as rapidly as those of other industries, and the fringe benefits of banks are higher according to results of a study by the U. S. Research Department of the Chamber of Commerce.

In concluding his talk to the members of the chapter, he said, "Any business course you take while in high school will put you one 'leg ahead' in preparation for a position in a bank."

**COSMIC IS FEARFUL**

**April Showers Might Bring Us Tornadoes**

Cosmic, The Journal's weather wizard, took a look into the prospects for April showers and disclosed that the most likely dates for precipitation in April will be 1, 6, 11, 16, 18, 25, and 27.

The long range outlook calls for the chance of a light freeze as late as April 30. That should be the date of our last freeze of the year and mark the beginning of our growing season.

The growing season is defined as the number of days between the last freeze in the spring to the first freeze of the fall. Muleshoe's average number of days in the growing season is 185.

Two years saw Muleshoe's growing season stretch out as

**James H. Currey Services Held In Lawton, Okla.**

James H. Currey, 86, of Lawton, Okla., passed away Monday, March 27, after an illness of two months. He was the father of Homer Currey of Muleshoe.

Services were held at 2 p.m. Wednesday, March 28, in the Lawton Church of Christ with M. L. Sexton, minister, officiating, assisted by Harold McRay, minister of the Northwest Church of Christ. Burial was in the Sunset Memorial Gardens under the direction of Lawton Funeral Home.

Mr. Currey was born Feb. 10, 1875, in Sebastian County, Ark., and moved to Lawton in 1901. He married Dammie Lee Stone in Rush Springs, Okla., on Oct. 27, 1901. He was a member of the Church of Christ. Mrs. Currey preceded him in death in 1948.

He is survived by three sons, Orvell H. of Lawton, Okla., James H. of Tulsa and Homer H. of Muleshoe; four daughters, Mrs. Madison J. Casida of Amarillo, Mrs. Cordie Honeycutt of Shallowater, Mrs. G. W. Marshall of Cache, Okla., and Mrs. V. W. Ferguson of Lawton, Okla., and 22 grandchildren.

long as 210 days. It has been as short as 151 days. Cosmic looks for the 1961 growing season to be about 179 days duration beginning May 1.

On page two, section 2 of today's Journal you will see information on tornadoes. Although we don't have as many tornadoes out here as are experienced just a short distance to the east of us we are, nonetheless, in the spawning grounds of this most vicious storm known to mankind.

Many tornadoes on the high plains are spotted as funnel clouds high in the air. As these move one or two hundred miles to the east they encounter moisture and grow in intensity.

Then we have our share of tornadoes when the moisture is available. That's the only factor which keeps us from having more tornadoes than any where in the world. Tornadoes occur most frequently when the dew point is in excess of 50 degrees.

Our prospects for a plentiful crop of 1961 tornadoes are good. The next six weeks are due to be rather wet in West Texas. With all the moisture available for air mass movements to play with during the critical time of scattered tornadoes. The period of greatest activity should be April 1 to about May 15.

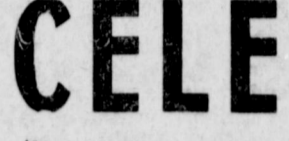

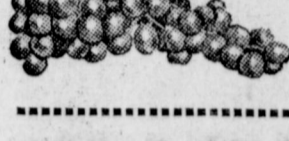

Cosmic calls for Friday to be windy and warm with thunder showers breaking out Saturday early and becoming cool. Early Sunday morning should be frosty, but mild and becoming warm by afternoon, Monday and Tuesday should continue mild.

The wind will pick up on Wednesday with rain and more wind on Thursday. Friday the 7th will be clearing and cooler.

In the past week Muleshoe measured .35 moisture in our first fully developed thunderstorm of this year. Strong winds followed the rains within 30 hours and managed to tear loose enough sand for blowing sand conditions most of Sunday.

Cosmic's 1961 outlook called for at least an inch of precipitation in March. The figure through March 29 stood at 1.43. Normal for March is .57. Cosmic has been calling for about 2.00 in April. Normal for April is 1.20.

**Judging Teams Win At Houston**

On March 4 Muleshoe's FFA livestock judging team, composed of Wayne Tunnell, Myke Murrah, and Dean Ethridge participated in the Houston Fat Stock Show's livestock judging contest. This team placed 7th in a field of 158 teams entered.

They were second high in swine judging and received a second place trophy. The team scored 1150 points out of a possible 1350 points.

Wayne Tunnell was high point boy for the Muleshoe team with a score of 399 out of a possible 450. Myke Murrah had a 388 score and Dean Ethridge scored 363 out of a possible 450 points.

Muleshoe FFA also had a dairy judging team participating at Houston. Donald Peel was one of the 10 high individuals in this contest and received a \$200 certificate, which he will use to purchase a dairy heifer, and exhibit back at the Plainview today. The animal sale will be held Friday, March 31.

### Worthless Checks Keep Officers Busy

The Sheriff's office has had calls from all over this week, advising Sheriff Clements that they have subjects picked up for his department on felony charges. Two have been picked up in Medford, Ore., by the FBI for theft of car. Bailey County has placed a "hold" on them, charge forgery.

One subject has been picked up in Burnet, Texas, on charges of disposing of mortgaged property, one in Flagstaff, Ariz., on felony worthless checks, another in Phoenix, Ariz., felony worthless check.

Sheriff Clements went to Hereford Thursday of last week and returned one on a charge of felony worthless, Garland Freeman, deputy, returned one from Littlefield Saturday for worthless.

Thirty-four warrants and capias have been issued to the Sheriff's office this week, most of these worthless checks. Twenty have been served.

The City picked up four for investigation; the Highway Patrol and Sheriff's officers working together, picked up 6 for drunk.

### \$50 Million Made Available For FHA Loans

An additional \$50 million has been made available to the Farmers Home Administration for farm housing loans, Mr. John C. Kennedy, the agency's county supervisor, announced today.

He said that the new loan funds assure an adequate supply

of this type of credit for eligible farm families during the balance of the fiscal year. Loans made so far this year plus those being processed had practically exhausted the funds. Farm housing loans are made throughout the rural areas of the United States. The loans provide farm families with an opportunity to acquire an adequate house and efficient service buildings.

The major demand in Bailey County is for loans to conduct and modernize farm houses, and most of the funds are used for new construction. Other uses include building, repairing, or modernizing barns and other farm service buildings and other owners find much of this type of construction necessary to cope with changing agricultural conditions.

Eligible to borrow are owners of farms that annually will produce at least \$400 worth of commodities for sale or home use based on 1944 prices, but who cannot be adequately financed through other sources.

Applications for farm housing loans may be made at the local office of the Farmers Home Administration, Mr. Kennedy said. The loans bear 4 percent interest and are repayable over periods up to 33 years.

# One Million Saved From Cancer

AUSTIN — A personal representative of more than one million Americans who have been saved from cancer called on Governor Price Daniel here his week.

Mrs. Jack E. Walsh of Lubbock, with her husband and two of her three sons, was present when the Governor signed a proclamation designating April as Cancer Control Month in Texas, and received from him the Sword of Hope, symbolic of cancer control for the 1961 Crusade.

Mrs. Walsh underwent surgery for cancer seven years ago and is now counted among those fortunate ones who have been saved from cancer by early diagnosis and treatment. She and her family now live a normal life.

In accepting the Sword, Mrs. Walsh emphasized the importance of the personal responsibility of each individual member of the family to guard one another against the dangers of

cancer by heeding the message of the American Cancer Society and learning the seven danger signals which may mean cancer.

As a "full time" wife and mother to sons John, 21, Richard, 18, and David, 10, Mrs. Walsh points out that in such a busy family she, like other mothers, is the guardian of the family health.

Check-ups for the family are easily remembered, since Mrs. Walsh annually has her own check-up. For several years following her surgery, her check-ups were much more frequent.

## Down Payment On Farm Storage Facilities Drastically Cut

College Station, March 30, Secretary of Agriculture Orville L. Freeman has taken action to modify down-payment provisions of the farm storage facility loan program, reports the USDA. Purpose of the measure, which the President called for in his message to Congress on farm program proposals, is to encourage storage of grain on farms and strengthen economic activity in farming areas.

The new provisions will enable farmers to borrow up to 95 percent of the outlay for farm storage facilities which cost 40 cents per bushel or less to build. Previously, loans on these types of structures were limited to 80 percent of the cost.

For facilities costing more than 40 cents per bushel, farmers may borrow up to 40 cents per bushel or 80 percent of the cost whichever is greater, but not more than 50 cents per bushel of capacity.

These loans are made at 4 percent interest and run for five years from the time the loan is taken out. They may be repaid in four annual installments, with the first installment due on the first anniversary of the loan. Since the program started in 1949, 135,991 loans totaling approximately \$149,196,000 have been made for storage facilities with a total capacity of about 546,380,000 bushels. Loans outstanding at the end of January amounted to \$43,799,000 with \$105,399,000 loaned to farmers having been repaid.

According to the USDA, approximately \$40 billion will be spent by farmers for storage facilities under the broadened program. This will give added stimulus to the general economy because of the increased demand for steel, wood and other building materials.

## Water Table Reports Ready

The Board of Water Engineers this week issued a bulletin which adds to the available knowledge of the Southern High Plains water resources.

Bulletin 6101, Water Levels in Observation Wells in the Southern High Plains Texas, 1960-1961, reports ground-water-level measurements in observation wells in 25 Southern High Plains counties which include the most extensive irrigated farming development in the state. The bulletin may be obtained without cost at the Board of Water Engineers office, P. O. Box 2311, Capitol Station, Austin.

Systematic measurement of water levels in observation wells is useful as an index in maintaining a current inventory of available water supplies and in making quantitative predictions of the future availability of those supplies. Collection of data for the report began September 1, 1960.

The bulletin contains tables of water-level measurements made in observation wells and maps showing their location in the 25 counties during 1960 and 1961. Changes in water levels from 1960 to 1961 are also shown.

Board of Water Engineers personnel were assisted by the U. S. Geological Survey and the High Plains Underground Water Conservation District No. 1 in making field measurements of observation wells.

Counties covered in the survey are Armstrong, Bailey, Briscoe, Carson, Castro, Cochran, Crosby, Dawson, Deaf Smith, Donley, Floyd, Gaines, Gray, Hale, Hockley, Lamb, Lubbock, Lynn, Oldham, Parmer, Randall, Roberts, Swisher, Terry, and Yoakum.

## LaVon Copley To Perform In Beaumont

Denton — La Von Copley of Muleshoe will be one of four North Texas State College organ students performing for the Beaumont chapter of the American Guild of Organists March 28.

The daughter of Mr. and Mrs. Wilson Copley, she will play Dupre's "Prelude and Fugue in G Minor." The recital will be presented in Westminster Presbyterian Church, Beaumont.

Miss Copley is a member of Mu Phi Epsilon, the NTSC Grand Chorus, Independent Student's Organization and Music Educators' National Conference.

## Rainbow Girls Initiate Five New Members

Five girls were initiated into the Rainbows Monday night, March 27. They were Linda Timmons, Karen Burelsmith, Linda Griffiths, Jeannine Wagner and Louise Pouncey.

Magann Lamb, Worthy Advisor, presided at the business meeting. The girls decided to have a bake sale April 8. They also discussed plans for the banquet to be held April 15. The girls plan to go in a group, to church services at the First Methodist church Sun, April 9.

Refreshments of punch and cookies were served. The table was decorated with Easter baskets and peach blossoms.

All of the following won First Division in twirling solos: Gwen Roberts, LaNelle Boothe, Maria Reed, Sue Willman. (These four also won first in twirling quartet), and Kathy Moore.

The winners of the instrumental ensemble were as follows: Brass Sextet, First Division, Zona Millen, Kenneth Ewins, Karan Bragg, Bob White, Jim Thompson, and W. S. Hatfield. Clarinet Quartet, 2nd Division.

## Lone Star Agriculture

### FOOD COST COMPARISONS

While the most frequent public complaint about rising living costs concerns food, the fact is that rent, medical care and transportation have gone up twice as much as food during the past ten years.

This is a point frequently emphasized by Secretary of Agriculture Orville L. Freeman during his brief term in office, and it is apparent he wants to have it repeated again and again.

For understanding of the farm problem, says the secretary, "I am convinced that success depends in no small measure" on how well the message can be carried to the non-farm public.

"Evidences of this need for greater understanding abound," he has pointed out. "Only recently a Gallup Poll revealed that the most frequent complaint on the part of the general public was concern about the increased cost of food; yet the fact is that costs of rent, medical care and transportation have increased twice as much as that of food during the past ten years."

The relatively slight rise in food costs has been one of the principal non-inflationary aspects in our economy in recent years. If the prices received by farmers had increased in proportion to other prices, and if such increase had been increased had been passed on to consumers, Americans would pay billions of dollars more each year for food and clothing. And thus, in a very real sense all American consumers have gained, at the expense of the American farmer.

"But there is so little general public understanding of these facts that we must, in effect, become salesmen for American agriculture. We must develop a recognition on the part of the general public of the contributions made by agriculture to the high standards of living we enjoy - - - and a public understanding of the importance of a sound farm program, not only to farmers, but to all Americans.

"As long as two thirds of the people of the world are hungry, the problem of our agricultural surplus is a world problem as

NEW TWENTY-YEAR RECORD FOR MARCH RAIN FALL IS SET

The weather man hung up another record here the past week. Rain actually fell in great quantities. Beginning before daylight Saturday morning, it rained all day to the amount of .94 of an inch. This had just soaked in well by Monday night when it started again and continued with a slow soaker throughout Tuesday.

A total of 2.58 inches had fallen up to Wednesday morning, as measured at the government station. This is the heaviest rainfall for March since records have been kept by the government, starting in 1921.

Previous to this the heaviest for March was in 1929, when precipitation was 2.25. March, 1940 was a complete blank. As far as can be learned, the rain was general all over this section.

YOUTH COMES TRIPPING is the title of a three-act play to be presented by members of the Junior class, Muleshoe High School, at the auditorium, Friday evening, April 11.

Prof. P. C. Windsor is sponsor of the play and practice is now in progress. All local residents and the public in general are cordially invited to attend and enjoy a full evening of entertainment.

Today's Meditation

Read Matthew 28:1-8 Fear not ye: for I know that ye seek Jesus, which was crucified. He is not here: for he is risen, as he said. Come, see the place where the Lord lay.

During the dark days of World War I, Air Pilot Smith, now Bishop Angie Smith, heard Harry Lauder, the great singer of Scotland, when he sang to 1100 officers and men at a chapel service at a camp in Arkansas.

Before singing, Harry Lauder said: "Comrades, my son, my only child, was killed in battle two years ago. My heart was crushed. I said I would never sing again. I looked down the road to dissipation to kill my grief.

"Then I decided to travel a road that was to lead me up a hill. I found it a rough and rugged road, but I traveled it to the end. There I found the grave of my son and a cross upon it. There my burden of sorrow was lifted, and I received new hope and the impulse to sing again.

"Now I can sing with more assurance than ever before, for I know that because of the one who died on the cross of Calvary lives, my son also lives, and someday I shall see him again."

That is the Easter message. PRAYER: Our father, we thank Thee for Thy redeeming love, which, through Thy Son who suffered, died, and rose from the dead, saves us from sin and

Babson Discusses A Dangerous Industry

Babson Park, Mass., March 30. Unfortunately, the "cold war" is developing into a dangerous industry. Too many voters are directly or indirectly making money on it.

WHO LIKES THE COLD WAR? I am ashamed to say that many people are learning to like this "cold war". Even labor depends upon it for employment and employers feel it necessary for profits. They dreaded the "cold war" at first - but now are getting used to it and even depending on it. Surely if the cold war should suddenly stop, there would be a great increase in unemployment. This is feared not only by those now out of work, but also by employers who are benefiting from sub-contracts and forced sales.

Talk with Dun and Bradstreet if you think I am overly fearful; or watch the "mark-down" advertisements in the Sunday newspapers.

Most of the active stocks listed on the New York Stock Exchange are counting upon the

Driving Tips

The stopping distance represents a danger zone which always stretches out ahead of every moving car. It is the distance within which you cannot stop.

A driver who is not alert and who is late in seeing an object in the path of his car increases the probability that, as the car approaches it, the object will be within the car's stopping distance or danger zone. He greatly increases the probability that the object will be hit.

The slower the reaction time of the driver, the longer is the danger zone. As the speed of the car increases, this zone of danger stretches out very much further. Adverse road and brake conditions make it still longer.

When driving, you always have this danger zone to deal with. You cannot escape it. Your driving must always be in terms of it. In fact, your car is never in actual control unless you are managing it with danger zone in consideration.

Your driving alertness, the way you care for or neglect your brakes and tires. And the speeds at which you drive help decide the length of the danger zone ahead of your own car.

Death. In His name we pray. Amen. THOUGHT FOR THE DAY The Easter fact gives hope to our hearts and meaning to our lives. M. A. Childers, (Texas)

Oldtimers, Note! You may not be what is called an "oldtimer" but you may have lived in the Bailey County and Muleshoe area long enough to have first hand knowledge of their history.

For the first time since we first settled this area, an effort is being made to assemble facts and so compile them as to make a history of Muleshoe and Bailey County. No formal history exists to this moment, 47 years after the Santa Fe rails reached Muleshoe and inspired an influx of settlers.

Carrol Poncey, manager of Muleshoe Chamber of Commerce and his staff and committee people will begin work on finding the facts, sorting and compiling them. No matter how long you've lived here or how short a time, if you have a story, some information, a picture - they'll

stocks, bonds, real estate, or commodities. The way to render service is to store up cash now and be prepared to use it when it again is in great demand.

The first group to "feel the pinch" are the country banks. When borrowers fail to pay their notes, then we know the turn downward is coming. The "Roaring Sixties" can roar from two causes, - from enthusiasm, or from panic. Anyone who has lived on a ranch with cattle, hogs, and other livestock has seen his stock roar when frightened and look for a hole on the wall to get out through!

Another movement to watch is the John Birch Society, which has "Americanism" of the DAR type as its watchword although it favors a semi-dictatorship for the nation. It is named after John Birch, who was a Christian missionary in China and later fought with the Nationalist Chinese in their war against the Japanese.

Birch was promoted to a Captain and worked in the Intelligence Division under General Chennault. On August 25, 1945, Birch was killed by the Chinese Communists. The pre-natal leader of the Society is a neighbor of mine, Robert Welch, of Belmont, Mass. Frankly, he is fighting for our return to a Republic and away from Democracy, which Mr. Kennedy probably also thinks is the only way to win the "cold war."

Buy Distressed Property - Surely distressed property is coming on the market someday, regardless of the forecasts being made by optimistic investment advisors. The safest way to make profits is to render service. No investor can render service now by climbing to buy

SANDHILLS PHILOSOPHER UP IN ARMS Over Idea That The Farmers Write Their Own Farm Program

Editor's note: The Sandhills Philosopher on his Johnson grass farm is upset this week, but he'll probably get over it.

I have seen some strange and hard-to-believe things come out of Washington in my time, but the one I have now found out about has bowled me over. That is, it would have if I hadn't been sitting down already at the time. These days a man has to be in a position to handle any new idea, and the best position I know is sitting.

At any rate, as I understand it, and I checked it in three different papers, even went into town and paid money for two of them, Washington has come out with the proposal that the farmers themselves figure out the answer to the farm problem.

"Let the farmers themselves write their own farm program," is the way the idea goes, and I don't mind admitting I'm in a state of shock.

Up to the present, one of the real and I thought enduring satisfactions of farming was the realization you could always explain away an unsuccessful year by saying, "What did you expect me to make, under them farm programs we got? Them birds that write the farm programs don't know anything about farming. We haven't got a chance."

But now some smart aleck has fed the President the idea that the farmers themselves ought to write their own farm program, and I'm calling on you right now to help put a stop to it. It's the most outrageous thing I ever heard of.

Be mighty glad to get it. To be thorough, such a compilation of information about us and our section, needs your cooperation. Will you help?

FORMER RESIDENTS Mr. and Mrs. Gene Foerster, former residents, are now making their home in Bentonville, Ark. Mr. and Mrs. Rudolph Jesko, also former residents, are making their home near Bovina.

hear bankers asking their customers to set their own interest rate and borrowing limit, do you?

You let the government turn the farm program over to the farmers, and farmers then wind up in the same shape they're in now, and who're we going to point our finger at?

No sir, it's the government's job to figure out the farm program.

Yours faithfully, J. A.

TORNADO INFORMATION

WHERE TORNADOES CAN OCCUR:

Any place in the United States at any time of the year. They happen most frequently in the midwestern, southern and central states from March through September.

HOW OFTEN DO THEY OCCUR:

The records show that the average number of days with tornadoes varies from about 12 per year in parts of the Mid-West to less than one per year in the Northeastern and far Western states.

HOW TO RECOGNIZE A TORNADO:

Usually observed as a funnel-shaped cloud, spinning rapidly, and extending toward the earth from the base of a thundercloud. When close by, it sounds like the roar of hundreds of airplanes.

TORNADO "WEATHER":

Hot, sticky days with southerly winds and a threatening, ominous sky. However, many such days occur without tornadoes.

CLOUDS:

Familiar thunderstorm clouds are present. An hour or two before a tornado, topsy-turvy clouds appear sometimes bulging down instead of up. The clouds often have a greenish-black color.

PRECIPITATION:

Rain, frequently hail, preceding the tornado, with a heavy downpour after it has passed.

TIME OF DAY:

Mostly between 3 and 7 P.M., but they have occurred at all hours.

DIRECTION OF TRAVEL:

In most cases they move from a westerly direction, usually from the southwest.

LENGTH OF PATH:

Usually 10 to 40 miles (the average length is 16 miles), but they may move forward for 300 miles.

WIDTH OF PATH:

The average width is about 400 yards, but they have cut swaths over a mile in width.

SPEED OF TRAVEL:

25 to 40 miles per hour average, but they have varied from 5 to 139 miles per hour.

WIND SPEED:

Estimated as high as 500 miles per hour within the tornado.

CAUSES OF DESTRUCTION:

(1) Violent winds which uproot trees, destroy buildings, and which create a serious hazard from objects blown through the air.

(2) Differences in air pressure which can lift automobiles and can cause buildings to collapse.

led on all taxable property in said County, subject to taxation, for the purpose of paying the interest on said bonds and to provide a sinking fund for the redemption thereof at maturity, in obedience to an ELECTION ORDER passed by the Commissioners' Court of Bailey County, Texas, on the 2nd day of March, 1961, and which order is in words and figures as follows, to-wit:

**ORDER FOR ROAD BOND ELECTION**  
**THE STATE OF TEXAS:**  
**CITY OF BAILEY:**

ON THIS, the 2nd day of March, 1961, the Commissioners' Court of Bailey County, Texas, convened in Special Session, at the regular meeting place thereof in the Courtroom at Muleshoe, Texas, the following members of said Court, to-wit:

GLEN WILLIAMS, COUNTY JUDGE, Presiding; and I. M. STINSON, COMMISSIONER, Precinct No. 1; W. W. COUCH, COMMISSIONER, Precinct No. 2; W. H. EUBANKS, COMMISSIONER, Precinct No. 3; and R. P. McCALL, COMMISSIONER, Precinct No. 4;

considered the petition of Ernest Kerr and 181 others, for an election to be held in said Bailey County, Texas, to determine whether or not bonds be issued by said Bailey County, Texas, to the amount of \$250,000.00, for the purpose of the construction, maintenance and operation of macadamized, gravel or paved roads and turnpikes, or in aid thereof, in Bailey County, Texas, said construction consisting of the widening of the rights-of-way of U. S. Highways

Numbers 70 and 84, being the one and the same right-of-way, from Western City Limits of the City of Muleshoe, Bailey County, Texas, and the Northwestern extremity of American Boulevard, in the City of Muleshoe, Bailey County, Texas, to the Parmer County line; and whether or not ad valorem taxes shall be levied on all taxable property in said County, subject to taxation, for the purpose of paying the interest on said bonds and to provide a sinking fund for the redemption thereof at maturity; and

IT APPEARING to the said Court that said petition is signed by more than Fifty (50) qualified property taxpaying voters of said Bailey County,

CHIEF JONES beams proudly as he and his wife, Hattie Ray accept a travel bag inscribed "New York—1961". The bag is being presented by John Shaw, District Purina Salesman. The Jones' are going to New York City to the President's Reception at which all the executives of Purina will meet with the top six dealers from each district.

Jones Farm Store of Muleshoe was No. 2 sales leader in tonnage in the large Southwestern District. No. 1 position was Plainview's "Flying K Ranch". Chief and Hattie Ray will soon be off to three fabulous days in the nation's big city.

Texas; and IT FURTHER APPEARING that the amount of bonds to be issued will not exceed one-fourth of the assessed valuation of the real property of said Bailey County, Texas;

IT IS THEREFORE, CONSIDERED AND ORDERED by the said Court that an election be held in said County on the 4th day of April, 1961, which is not less than thirty (30) days from the date of this order, to determine whether or not the bonds of said Bailey County, Texas, shall be issued in the amount of TWO HUNDRED FIFTY THOUSAND AND NO/100 DOLLARS (\$250,000.00) in conformity with the Constitution and laws of the State of Texas, for the purpose of the construction, maintenance and operation of macadamized, gravel or paved roads and turnpikes, or in aid thereof, in Bailey County, Texas; Said construction consisting of the widening of the rights-of-way of U. S. Highways Numbers 70 and 84, being the one and the same right-of-way, from Western City Limits of the City of Muleshoe, Bailey County, Texas, and the Northwestern extremity of American Boulevard, in the City of Muleshoe, Bailey County, Texas, to the Parmer County Line; said bonds to bear interest at a rate not to exceed FOUR AND ONE-HALF PER CENTUM (4 1/2%) per annum, and to materialize serially over a period of years not to exceed twenty (20) years from the date thereof; and whether or not ad valorem taxes shall

be levied annually upon the property in said Bailey County, Texas, subject to taxation, for the purpose of paying the annual interest on said bonds and to provide a sinking fund for the redemption of said bonds at maturity.

THE SAID ELECTION shall be held under the provisions of the Acts of the Thirty-ninth Legislature, First Called Session, Chapter 16, as amended. ALL PERSONS who are legally qualified voters of said Bailey County, Texas, who are resident property taxpayers of said County and who have duly rendered their property for taxation, shall be entitled to vote at said election.

THAT THE BALLOTS for said election shall be prepared in sufficient number and in conformity with V. A. T. S. Election Code, adopted by the Fifty-second Legislature in 1951, and that printed on such ballots shall appear the following:

"FOR THE ISSUANCE OF BONDS, AND THE LEVY OF AD VALOREM TAXES IN PAYMENT THEREOF."  
"AGAINST THE ISSUANCE OF BONDS AND THE LEVY OF AD VALOREM TAXES IN PAYMENT THEREOF."

AS TO THE foregoing proposition, each voter may mark out with black ink or pencil one of such expressions, thus leaving the other as indicating his vote on the proposition by placing an "X" in the square appearing on the ballot beside the expression of his choice.

THE POLLING PLACES and presiding judges of said election shall be, respectively, as follows:

- Precinct No. 1, Polling Place, Muleshoe Election House, Presiding Judge, Ernest Kerr.
- Precinct No. 1-A, Muleshoe City Hall, Presiding Judge, Carl C. Bamert.
- Precinct No. 2, West Camp Church House, Presiding Judge, Partin Austin.

Precinct No. 3, Longview Church House, Presiding Judge, Bert Seales.  
Precinct No. 4, Three Way School Building, Presiding Judge, George Tyson.  
Precinct No. 5, Baileyboro Gin Office, Presiding Judge, Kelly Joe Barnett.  
Precinct No. 6, Bula School Building, Presiding Judge, Robert Claunch.  
Precinct No. 7, Circleback Gin Office, Presiding Judge, Raymond Gage.  
Absentee Box, (County Clerk's Office), Courthouse.  
Special Canvassing Board: W. M. Pool, Jr., Dorothy Barron, and W. D. Moore.

THE COUNTY CLERK of Bailey County, Texas, is hereby authorized and directed to cause said notice of election to be published once each week for three consecutive weeks prior to said election, in a newspaper of general circulation published in Bailey County, Texas, and, in addition thereto, by posting notice of such election at four public places in Bailey County, Texas, one of which shall be at the Courthouse door of said County, for three consecutive weeks prior to said election.

A COPY of this order, signed by the County Judge of Bailey County, Texas, and certified to by the County Clerk of said County, shall serve as proper notice of said election.

THE ABOVE ORDER having been read in full, it was moved by Commissioner Stinson and seconded by Commissioner Couch that the same be passed and adopted. Thereupon, the question being called for, the following members of said Court voted "AYE": Commissioners Stinson, Couch, Eubanks, and McCall; and no one voted "NO".

**FIRST CHOICE OF TEXAS VOTERS**

Senator William A.

**BLAKLEY**

★ SENATOR BLAKLEY is the winner of the Texas Poll directed by Joe Belden and subscribed to by 21 leading Texas newspapers. He also is the first choice in many other surveys and polls conducted throughout Texas.

**SENATOR BLAKLEY'S ACTION PROGRAM FOR TEXAS**

**\$100 MILLION MORE ANNUALLY FOR SCHOOLS:** A home-rule aid-to-education plan that would return to each state 5 per cent of federal income taxes for support of locally administered public schools. In Texas this would mean over \$100 million more annually for our schools — without federal interference!

independents may earn without being penalized. Senator Blakley would raise ceiling from \$1,200 to \$1,800 a year to help many retired persons.

**SHARP REDUCTION IN FOREIGN OIL IMPORTS:** Reduce by one half the amount of foreign oil being brought into U. S. Texas' economy, schools, state government, all suffer when foreign oil floods market, causes Texas production to shut down.

**INCOME TAX RELIEF FOR PRESSED PARENTS:** Also, for families putting their children through school, additional income tax exemptions of \$1,200 for college or university student, \$400 for son or daughter in high school. Parents deserve a tax break!

**INDEPENDENCE! WE MUST KEEP IT ALWAYS:** Retain Connally Amendment to World Court. United States should maintain its sovereignty without question. Senator Blakley is fighting against repeal of this vital guarantee.

**A HELPING HAND FOR OUR SENIOR CITIZENS:** A bill to raise ceiling on what Social Security recipients

**Get Out and Vote!**

Being a resident of Muleshoe of Bailey County, having paid my poll tax for the year 1961 insures me of being a qualified voter; therefore I am eligible to be a candidate in the City, County, State, or National elections.

I believe it is well past time that the women of our community take an interest in our local government, and do something about it. Instead of begging our law makers in Austin to pass a law giving Texas women more rights, I believe we, as Texas women, should be willing to give our city, county and state something in return. I ran for a place on the City Council last year and I intend to keep on running.

The Muleshoe Study Club, in conjunction with the General Federation of Women's Clubs, is doing everything possible to urge women to vote. Ladies, go to the polls every time they are open for any kind of election.

We have lived in Muleshoe 15 years, own our home and business. We love Muleshoe, and intend to live here for the Government, and would like to have an rest of our lives. I am interested in our City active part in the running of our city. This is not a selfish desire. I believe that I am qualified to assume the responsibilities of making decisions in the City Council. I am an experienced bookkeeper; I am a business woman, having worked closely with my husband in running our own business

MRS. THURMAN WHITE

for many years. I believe all governing bodies should be run in a business fashion. Our city is a big business.

I am a candidate for Seat No. 3 on the City Council. If I am elected, I will work diligently to make Muleshoe a city well managed, economically operated, and a progressive County Seat.

I will appreciate your vote for Seat No. Three on the City Council. Thank you.

**LEGAL NOTICE**  
**NOTICE OF ROAD BOND ELECTION**

THE STATE OF TEXAS: COUNTY OF BAILEY:

To The Resident Qualified Electors of Road District Number 1-A, of Bailey County, Texas, who own taxable property in said District and Who Have Duly Rendered The Same For Taxation:

TAKE NOTICE of an election to be held on the 4th day of April, 1961, within ROAD DISTRICT NUMBER 1-A, of BAILEY COUNTY, TEXAS, for the purpose of submitting to the qualified electors who own taxable property in said District and who have duly rendered the same for taxation, the following proposition:

"WHETHER OR NOT the bonds of said ROAD DISTRICT NUMBER 1-A OF BAILEY COUNTY, TEXAS, embracing lands wholly within said Bailey County, shall be issued in the total principal sum of EIGHTY-FIVE THOUSAND DOLLARS (\$85,000) for the purpose of the construction, maintenance, and operation of macadamized, graveled, or paved roads and turnpikes, or in aid thereof, within and for said District, under and by virtue of the Con-

stitution and laws of the State of Texas, particularly Section 52 of Article 3 of the Constitution, and Chapter 16 of the General Laws passed by the Thirty-ninth Legislature of Texas at its First Called Session in 1926; and amendments thereto, and which bonds are to bear interest at a rate not to exceed FOUR AND ONE-HALF PER CENTUM (4 1/2%) per annum, and to be issued in such denominations and payable at such times as may be deemed most expedient by the Commissioners' Court, but not to exceed twenty (20) years from the date thereof; and shall ad valorem taxes be levied on all taxable property within said Road District for the purpose of paying the interest on said bonds and to provide a sinking fund for the redemption or payment thereof at maturity?"

FURTHER TAKE NOTICE that the manner of holding said election and canvassing and making return thereof, shall be governed by the General Laws of this State, when not in conflict with the provisions of Chapter 16 of the General Laws passed by the Thirty-ninth Legislature at its First Called Session in 1926; that the ballots for said election shall be prepared in sufficient number and in conformity with Chapter 6,

V. A. T. C. S., Election Code, as amended, and that printed on such ballots shall appear the following:

"FOR THE ISSUANCE OF BONDS AND THE LEVY OF AD VALOREM TAXES IN PAYMENT THEREOF."

"AGAINST THE ISSUANCE OF BONDS AND THE LEVY OF AD VALOREM TAXES IN PAYMENT THEREOF."

EACH VOTER shall mark out with pen or pencil one of such expressions, thus leaving the other as indicating his or her vote on the proposition.

AND FURTHER TAKE NOTICE that the polling places shall be, respectively, as follows:

Precinct Number 1, Voting Place, Muleshoe Election House, Election Officer, Ernest Kerr.

Precinct Number 1-A, Muleshoe City Hall, Election Officer, Carl C. Bamert.

Precinct Number 2, Voting Place, West Camp Community Baptist Church, Election Officer, Partin Austin.

Precinct Number 3, Voting Place, Mays Community, Longview Church, Election Officer, Bert Seales.

Precinct Number 4, Voting Place, Three Way Community, Three Way School, Election Officer, George Tyson.

Absentee Box, County Clerk's Office, County Courthouse, Election Officers, W. D. Moore, Dorothy Barron, and W. M. Pool, Jr.

ONLY unaffiliated electors who own taxable property in said ROAD DISTRICT NUMBER 1-A, OF BAILEY COUNTY, TEXAS, and who have duly rendered the same for taxation, shall be qualified to vote at said election.

The above and foregoing NOTICE OF ROAD BOND ELECTION is issued and given by me, pursuant to authority conferred by order of the Commissioners' Court ordering said bond election, duly passed and adopted on the 2nd day of March, 1961.

WITNESS MY HAND AND SEAL OF THE COMMISSIONERS' COURT OF BAILEY COUNTY, TEXAS, this 2nd day of March, 1961.

**We Endorse and Urge the Candidacy of**

**WILL WILSON**

**for United States Senator**

For his service to the people of Texas as District Attorney, Associate Justice of the Supreme Court and Attorney General of Texas.

For his knowledge of the governmental and economic problems of the entire State.

Because his efforts and the efforts of his staff won the Tidelands case.

Because his career has shown a continuing interest in education of our school children and college students.

For his positive stand urging cost depletion allowances to the owners of underground water who use such water in irrigation.

For his full support of present depletion allowances to the oil industry and its investors.

Because of his effective prosecution of gamblers, loan sharks, and unauthorized practitioners of medicine.

For his fine character, his active work as a churchman and civic worker.

Because he brought honor to Texas when the National Association of Attorneys General, meeting in convention in 1960, named him the Outstanding State Attorney General of the United States.

**OUR BEST WAY-OF-LIFE INSURANCE**

The men of the Army and Air National Guard work as citizens and train as military men to protect our way of life. More than 472,000 strong, they stand at our first line of defense. On a minute's notice, runway alert units are activated...air defense units manning Nike-Ajax bases swing into action...27 combat divisions prepare for mobilization. But the Guard's protection does not end with its battle function. In peacetime, it is just as ready to cope with disaster... and just as admirably efficient. Today, the citizen-soldiers of the National Guard are better trained than ever before in the 300-year history of the Guard. They are, in every sense, our *Up-to-the-Minute Men*, ever ready to serve, and to serve well, our nation's interest.

Doings At Muleshoe Airport Reported by Mrs. Noah Kinsor

SKY DIVING BY MOONLIGHT IS LATEST

Sky diving by moonlight is the latest feat performed by two local sky divers along with four members of the Alamo- gordo Sky Divers Club.

Just after dark Saturday night the group consisted of Leon Smith, Jr. and Howard Watson, Muleshoe; and Chet Soules, Mike Welch, Rick Junte, and Frank Woods, Alamo- gordo, donned their parachutes and with Soules as jumpmaster and Fred Boyd piloting the Tri- Paer began making runs to the jump site at Horseshoe Bend and bailing out.

Both Smith and Watson, making their first night jumps, said that they enjoyed it much more than daylight jumping and that night jumps will be in the program of the Jump School here this summer.

Flying a plane for parachut- ing requires much skill on the part of the pilot as the plane must be in the right position and throttled back at the prop- er time to avoid the jumper being hit by an excessive amount of prop wash as he climbs out of the cabin of the plane onto the strut and wheel getting ready for the leap at a certain distance from the tar- get. Boyd, flying for the para- chuters for the first time Satur- day night was highly compli- mented by them for his abilities in this capacity.

Tom Watson, G. W. Mimms, Clarence Mason and Herchel Ward flew to Houston on busi- ness in the Aztec with Morgan Locker as pilot last week.

and in keeping track of their estimated time of arrival at fixed points enroute noted that they were only varying from 1 minute behind schedule over Abilene to 3 minutes ahead over Austin and arrived at their destination in Houston 3 minutes ahead of schedule.

Watson said they had a very pleasant trip and averaged around 230 miles per hour. The flight was the first charter made in the Aztec since it was flown to Muleshoe.

## BULA NEWS BRIEFS

by Mrs. John Blackman

WSCS met Monday evening at 5 p.m. in the church building with six ladies present. Vice-president, Mrs. Roy Young, was in charge of the program. Program opened with song by the group, "A Charge To Keep", and Mrs. Young gave the opening prayer. Mrs. Blackman read scripture, taken from the Book of Philippians.

This was the beginning of a new study entitled, "Basic Christian Beliefs". Plans were made to carry this study out and get jurisdiction recognition. In order to secure this recognition, an hour study for six sessions is necessary and a seventy percent of enrollment attendance.

Each lady participated in the study. The program was closed

with Mrs. Simmons giving the benediction.

Attending were Mrs. F. L. Simmons, Mrs. Paul Young, Mrs. Roy Young, Mrs. W. L. Clawson, Mrs. B. L. Blackman, and Mrs. George Bahlman.

Grade school students were feted with a banquet Saturday evening at 8 o'clock in the school lunch room. The food was prepared and served by 8th grade mothers.

Decor for the evening carried out the school colors, red and black. Tables laid in white, centerpiece were black and white bulldog decorations underneath a red arch way. Red burning candles and red basket ball programs made from construction paper completed the table decorations.

Menu for the meal consisted of fried chicken, creamed potatoes, fruit salad, baked beans, rolls, tea and coffee.

Invocation was given by Sammie Nichols. Welcome was by

Kenneth Bishop. Response was by Marilyn McCall, and Diana Cox sang, "Teen Age Promise", with Supt. Gwinn Casey giving the benediction.

Guest speaker for the evening was Melvin Howard, from Smyer, former coach at Bula.

Trustee election will be held Saturday, April 1. The candidates for the election are: Buck Medlin, Donald Grusendorf, J. E. Layton, and J. C. Smitker.

The ones going off the board are DeWitt Tiller and Paul Young.

Gwinn Casey and Robert Claunch will be the judges of the election and the school house will be the voting place

THE HOSPITALITY ROUTE COAST TO COAST

OUR BEST WAY-OF-LIFE INSURANCE

The men of the Army and Air National Guard work as citizens and train as military men to protect our way of life. More than 472,000 strong, they stand at our first line of defense. On a minute's notice, runway alert units are activated... air defense units manning Nike-Ajax bases swing into action... 27 combat divisions prepare for mobilization. But the Guard's protection does not end with its battle function. In peacetime, it is just as ready to cope with disaster... and just as admirably efficient. Today, the citizen-soldiers of the National Guard are better trained than ever before in the 300-year history of the Guard. They are, in every sense, our *Up-to-the-Minute Men*, ever ready to serve, and to serve well.
