Wheat Yield Called Good Despite Hail

Despite hail damage to wheat crops in some sections of the area, the yield around the Muleshoe area shows decided improvement over that of last year.

Surveying the grain elevators in the area, it was found that some had taken in 75 per cent more wheat than last year,

while all but those in the immediate vicinity of Muleshoe showed some increase. Since harvesting is still going on in some areas, no definite figures are as yet available on the total yield, but those elevators reporting showed a total of over 1 million bushels of wheat

stored so far this year. Although one elevator in the neighborhood reported a decrease of approximately 50 per cent in the yield of his area, it reported that the quality of the wheat was the best seen in several years and it was stated that this compensated to some extent the loss in quantity.

Several elevators reported yields of about the same as last year. Actually, only two reported a decrease in the total amount stored.

Comparing the yield to that of the past five years, those elevators reporting showed that the yield was about average, even in the hail-damaged areas.

Texas Auto Dealers Appoint Morris Associate Director

Jack Morris of Muleshoe, Texas has been appointed an Associate Director of the Texas Automobile Dealers Association.

Announcement of the appointment was made by TADA President C. C. Gunn of San Antonio. Membership of our organization includes 1,200 factory-authorized new car and truck dealers," Gunn stated. "Our purpose is to maintain a high plane of commercial integrity for those engaged in the new car and truck business.

'Ham' Radio Club Active In Area

Members of the "Black Water Valley Amateur Radio Club" began observation at 5 p.m., Saturday, June 24, of an annual national field day coordinated by the American Radio Relay League.

Two amateur radio stations were arranged in the Oklahoma Lane Community Center with two persons on duty at each, and three stations were operated on a continuous 24-hour basis until Sunday afternoon.

Operators were making as many contacts as possible with other "Hams" throughout the nation and recording the messages. Each club will be scored according to the number of contacts made. Those clubs with the highest scores will receive honorable mention in the National Amateur Radio Publications.

The Field Day theme is "National Preparedness". Emergency communications conditions were simulated at many points and both portable and stationary equipment operated.

The local club at the Oklahoma Lane Community Center had at their elbows an emergency power supply and also mobile equipment which at a moments notice could take over and carry on in case of any power failure or in case of emergency.

The Field Day is designed to help amateur radio operators develop proficiency at operating under emergency power and becoming skilled at radio contact.

During Field Day affairs of the next regular meeting of this club will be in the home of Mr. and Mrs. J. W. Herrington, who live west of Muleshoe.

At this meeting new officers for the ensuing term will be elected.

Sacred Harp Singing Convention At Anton

Anton, Texas, will be the site of the annual Northwest Texas Sacred Harp Singing Convention to be held Saturday and Sunday at the Primitive Baptist Church in Anton.

Convention activities will begin at 10 a.m. each day and lunch will be served. Lovers of good singing are invited to attend. They should bring a covered dish for the lunch.

Wildcat Test For Muleshoe

A wildcat test for oil in Bailey County has been located and drilling is expected to start soon. It is the first such test for 1961 in this county, which so far has no oil production although many tests, mostly shallow have been drilled in the past.

The current wildcat, known as Blanche Finley 1-A will be drilled by Hugh McMillan, of El Paso with a rotary outfit. It is scheduled to go to about 4,400 to explore the San Andres and Gloriaeta sands, it was said.

This test is 32 miles from the nearest production, in Littlefield pool of south central Lamb County and 14 miles northeast of the nearest dry hole, which was a 5,601 foot attempt.

Located on the Finley lands, the hole will be 1980 feet from south and west lines of Sec. 63, Block Y, W. D. and F. W. Johnson survey, (State Capitol Lands), Subdivision No. 2 in the Palo Duro Basin.

Two years ago some 15 to 20 shallow holes were drilled in the county, mostly in the south end of the county, with no oil show reported.

Absentee Ballots Due Before July 8

City Secretary Billie Bayless announced today that the deadline for voting by absentee ballot in the coming city bond issue is July 8. To be eligible, voters must have paid a poll tax and be registered on the city tax rolls.

The bond election will involve four proposals. If all four propositions are approved by voters, \$306,000 in new bonds would be authorized along with the refunding of \$145,000 in old revenue bonds.

The refunding of the old revenue bonds, which are of a "closed end" type no longer required, is prerequisite to the water and sewer bonds also under consideration. These "closed end" bonds were, at the time of their issue, required by state law.

This requirement was brought to an end in 1951, allowing so-called "open-end" bonds to be issued.

"Closed end" bonds are of such a nature as to prohibit further revenue bond issues prior to the payment of the principal of existing bonds. These may, however, be refunded as is now proposed, with the newer type bonds replacing them.

Mayor Crow told Rotary Club and Lion's Club members this

We join in urging our citizens to fly every available flag in Muleshoe Tuesday, July 4th.

The display of our flag is a symbol of our devotion and loyalty to the nation which the flag represents. It is a visible acknowledgement of that allegiance which we all have, and serves notice that we, under God, have no higher devotion and allegiance.

For this particular Fourth of July there is an added reason for displaying every available flag in the city. On that day the people of Muleshoe will gather for a picnic at the football stadium, for a get together, talent show, and fireworks display. They have invited everyone in the surrounding territory to attend this event and it is desirable that we "dress up" for the occasion and there is no better way to do it than by flying the flag.

It has been suggested that residents and business firms knowing they will be absent may make arrangements with friends or neighbors to put their flags out and bring them in at night.

Fly the flag Tuesday, July 4th!

The most ambitious free celebration ever staged here will unfold July 4th in Muleshoe, when the Chamber of Commerce sponsored Independence Day Celebration begins at Benny Douglas stadium at 5:00 p.m.

The program begins with picnic lunch for all who care to bring a lunch and the family for fellowship.

At 7:00 p.m. Odis Echols, area impresario, will present a giant talent show, with \$500 in cash prizes to winning contestants. More than 20 entries have been received by the committee chairman, Roger Albersson.

Following the talent show, the largest fireworks extravaganza ever presented here, will begin.

Harmon Elliot, general chairman extended an invitation to everyone in the Muleshoe area to spend a safe exciting holiday in Muleshoe.

"It's all free," Elliott said, "and folks who spend the evening in Muleshoe will be royally entertained, as a courtesy of the members of the Chamber of Commerce."

Nothing will be sold, except soft drinks at cost, and there will be no admission charged for any of the events.

Hospital Purchased By Dr. L. T. Green

Equipment and the building lease of the Muleshoe Hospital and Clinic have been purchased from Dr. George Chambers by Dr. L. T. Green, who will move to Muleshoe and begin practice here July 15.

Dr. Green left Muleshoe in February to practice in Earth, prior to that time he had been in Muleshoe since 1939.

Changing the name of the hospital to Green Hospital and Clinic, Dr. Green will move his office equipment to Muleshoe the weekend of July 15.

The Journal was unable to contact Dr. Chambers before press time to determine his plans, but it is assumed that a statement will be forthcoming as soon as he returns to Muleshoe.

News FOR Women

MRS. CHARLES MASTERSON

Elizabeth Farley Weds Charles Masterson In Dallas Ceremony

In a candlelight setting in Cox Memorial Chapel of Highland Park Methodist Church, Dallas, Miss Elizabeth Ann Farley became the bride of Charles Barclay Masterson, at a double ring wedding ceremony read at eight o'clock in the evening, Friday, June 23, by Rev. William H. Holmes, Pastor of North Haven Methodist Church, Dallas.

Parents of the couple are Mr. and Mrs. John Henry Farley of Muleshoe, and Mr. and Mrs. T. S. Masterson of Dallas.

The bride, escorted to the altar and given in marriage by her father, was gowned in an exquisite silk taffeta, and imported chantilly lace. The gown was designed with a figurine bodice, frosted with the lovely lace trimming a scalloped portrait neckline, embroidered with pearls and crystal sequins. Long lace sleeves tapered to petal points over her hands. The beautiful, voluminous taffeta skirt was enhanced with applied lace garlands, embroidered with pearls and crystal beads, and swept to a formal train.

Her fingertip length veil of imported illusion cascaded from a tiara encrusted with pearls a white Bible surmounted with a white Orchid and Stephanotis.

Mrs. Curtis A. Brasher of Tullia, sister of the bride, was Matron of Honor. Bridesmaids were: Miss Janis Reid, Mrs. James Thomas Dunn and Mrs. Carter Hays of Dallas.

Her attendants were gowned alike, in Bridal Nile nylon chiffon, with draped bodices and the bouffant skirts were enhanced with graceful sashes. They wore dainty little bow headdresses with circular veils matching slippers, short white gloves and carried Colonial Bouquets of lily.

Stirling Rees of Arlington, served his brother-in-law as best man. Groomsmen were: James Thomas Dunn, Johnny Collins, Jr., and Edwin Scott of Dallas.

Presenting wedding music were Phil Baker, organist at Highland Park Methodist Church and Mrs. Joseph Quilliam, soloist.

Mrs. Gary King Is Shower Honoree

A wedding shower honoring Mrs. Gary King, nee Mary Beth Bowling, was held in the home of Mrs. E. A. Gross Saturday, June 24 from 3 to 5 p.m.

Mrs. King's chosen colors of pink and white were used to decorate the home.

Kay Davis and Donnie King served cake and punch from a table covered with a white lace cloth over pink with silver and crystal appointments. The centerpiece was a beautiful arrangement of pink glads.

Mrs. Francis Griffin registered the guests. Hostesses for the occasion were: Mrses. R. A. Gross, Ray Ford, L. K. Dean, Dee Clements, Gene Parham, Frances Griffin, L. T. Green, II, Kenneth Briscoe, Don Moore, and E. A. Platt.

A reception, in Cox Memorial Parlour, followed the ceremony. Members of the house party were: Misses Joanna Sewell of Midland, Jane Davis of Tyler, Joan Hicks, Mary Goldsmith, and Mrs. Warren Magnuson of Dallas.

For traveling, Mrs. Masterson chose a two piece ensemble of lilac and white cotton with matching accessories, and the Orchid from her bridal bouquet for her corsage.

The couple will honeymoon in Europe and will spend 18 months in Teheran, Iran, after which they will make their home in Dallas.

Mrs. Masterson is an honor graduate of Muleshoe high school and of Texas Woman's University in Denton. Her Sorority is Sigma Pi Beta. While in college she was vice president of the Adolphian Club, an affiliate of the Texas Federation of Women's Club; vice president of Citizenship League; Freshman Sponsor; member of Round-table Executive Committee and Junior Forum and Cotton Ball Duchess.

At the time of her marriage she was employed in the Federal Reserve Bank, Dallas.

Masterson is an honor graduate of South Oak Cliff high school and of Southern Methodist University. His Fraternity is Delta Sigma Phi. He is presently employed as Senior Accountant at Southeastern Drilling Company of Dallas and Persia.

ANOTHER BIG REASON BEHIND THE BIG BOOM IN FORD SALES:

Ford Dealers were first with a long-term warranty ...because they have the car to back it up

For 1961 the warranty* on all Ford cars was extended to 12,000 miles or one full year, whichever comes first.

This action tripled the existing warranty—and scooped the American automobile industry. It was dramatic proof of your Ford Dealer's confidence in the finest, most durable, most reliable Fords ever built.

These are the cars with the new service-saving features most other manufacturers are just planning for the future. The '61 Ford goes 30,000 miles between chassis lubrications . . . 4,000 miles before you need to change oil. Brakes adjust themselves automatically. The muffler is built to last three times as long as the ordinary type. Body and underbody are specially protected against rust and corrosion. And, Ford's Diamond Lustre Finish never needs wax.

STOP spending money on a car that's behind the times. SWAP for a '61 Ford while sales are booming and the deals are sensational. SAVE when you buy. Continue to save with the car that's built to be more service-free.

*Extended Warranty—Each part of '61 Fords, except tires, is dealer warranted against defects in materials or workmanship for 12 months or 12,000 miles, whichever comes first. Owners remain responsible for normal maintenance service and routine replacement of maintenance items such as filters and ignition parts.

Today is the day to STOP...SWAP...SAVE

gin now. To wait means that we will saddle our children with the probability of calling one very large bond or calling on the federal Government."

The mayor continued, saying, "This is the way to improve our city — to determine our needs, our expected needs and our resources."

Also present at the meetings were Joe Smith, investment banking representative, and City Engineer Ralph Douglas. Smith represents the two investment banking firms which handled the old "closed end" bonds and that will handle the new bonds if passed.

Smith has been studying the financial structure of the city for his firm in order to protect the interests of the bond holders. His findings, as well as those of the city council members and other staff members who have been planning the move, are that Muleshoe's financial structure is highly favorable.

"Tax rates of Muleshoe," Smith stated, "are as low or lower than those of any city in Texas. This would indicate, along with other figures taken into consideration, that Muleshoe's financial status is ideal."

The proposed improvements would be designed to provide further improvements at a later date with least expense to the city.

These plans have been under consideration for almost two years and the active planning stage, according to city officials, has been under way for 10 months.

In addition to the present proposals, it was brought out in the meetings that the city now owns water rights south of Muleshoe that are as yet undeveloped. It is anticipated that by the end of a five year period it will be necessary for the city to begin the development of these water rights and construct storage facilities.

CARD OF THANKS

Words can never express our thanks and appreciation to all those who were so kind and helpful during the illness and death of our father and grandfather.

Rotary Club Will Install Officers

James Fowler will be installed as incoming president of the Muleshoe Rotary Club in an installation ceremony July 6 at 7:30 p.m.

Other new officers include John Miller, vice president, Jim Small, secretary; Gordon Doss, treasurer; Virge Lane, sergeant at arms; and Clinton Kennedy, song leader.

Installation officer for the ceremony will be Alec Williams, who will also assume his new duties as a director of the club. Other new directors include Harmon Elliott, Richard Biggs, and Bill White.

Harmon Elliott will act as program chairman for the evening, which will be Rotary Anns Night.

Judge Glen Williams will be the speaker of the meeting, which will be held in the American Legion Hall.

Postponement Of Wheat Grower's Referendum Seen

Congress may be forced to postpone a grower referendum on the 1962 wheat program, according to a story from the Associated Press wires this week.

The referendum has a legal deadline of July 24, but this may be postponed in order to acquaint growers with details of a new program.

Recommendations from the Kennedy administration would authorize a tighter control program for 1962, thus halting overproduction of wheat. If Congress acts on these recommendations, the referendum would probably be postponed in order to acquaint growers with the program.

The referendum will be held July 24, as scheduled, if Congress does not act on the proposed change. In this case, the farmers would vote on the present program, with which they are familiar.

Roy Fender Injured By Falling Bucket

Roy Fender was injured on July 19 while working with a construction company on an elevator in Clovis, N. M., when a gallon bucket of paint fell from a distance of 58 feet and hit him on the back.

Fender was confined to Clovis Memorial Hospital for 7 days. He was dismissed Sunday but is to go back Friday of this week for more x-rays and tests.

He is the son-in-law of Mr. and Mrs. Ira Martin and resides 3 miles west on the Clovis highway.

JAYCEES GUESTS OF WEEK - Pictured above with Jolen Ballew are Mr. and Mrs. Charles Sloan, Wichita Falls residents on way to Red River, N. M., for a summer vacation, who were stopped on the highway Monday and treated to lunch with the Jaycees. After lunch, they each spoke

a few words to the group. Mrs. Sloan was presented with a bouquet of flowers by Beavers' Flowerland and they were sent on their way with a tank of gas donated by Production Credit Association.

Foundation Installs Irrigation Facilities

Installation of new irrigation equipment has permitted the enlargement of the water conservation research program at the High Plains Research Foundation. James Valliant, Assistant Water Engineer said, "The new facilities will provide an opportunity to enlarge the studies on irrigation and recharge well problems for the benefit of farmers on the High Plains."

New equipment includes 2,100 feet of 12-inch underground concrete pipe contributed and installed by the American-Marietta Company of Littlefield, Texas. Five hundred feet of this pipe was the thick wall type and 1,600 feet was the standard 12-inch concrete pipe.

The drilling of the new recharge well, located at the Playa Lake in the southwestern part of the Foundation farm at Halfway was donated by Jay Taylor Gibbons of Plainview, Texas.

The 301 feet of 15-inch steel casing for the new recharge well was a gift from Pioneer Natural Gas Company, Transportation of the pipe from Amarillo to Halfway was donated by Jay Taylor of Amarillo, Texas.

A new pump for the well was presented by Green Machinery Company of Plainview, Texas. This company, with the Chrysler Corporation, contributed the Chrysler engine. Swayze Brothers of Plainview dug the intake ditch for the pipe to the new well.

Mr. and Mrs. Berry Attended Grand Lodge

Mr. and Mrs. T. W. Berry of Muleshoe and Mr. and Mrs. Raymond Gage from Circlebaek attended a special meeting of the Grand Master of Grand Lodge of the Independent Order of Odd fellows held at Brownfield Monday night.

The meeting was in honor of Grand Master E. V. Riley, and Elfreida Scheiber, president of the Rebecca Assembly of Texas. Three districts were represented in attendance.

They reported a very impressive meeting and refreshments were served at the Coleman Park Recreation Center there.

'HOW COME A CAR THAT RIDES LIKE THIS ONE DOESN'T COST MORE?'

A good question—and we could spend this whole page answering! But what it all boils down to is this: It just stands to reason you're going to get more for your money when you put it on the car more people are buying... and that car is the Jet-smooth Chevrolet.

Best way to settle any further questions about Chevy's ride is to settle behind the wheel and try it. Full Coil suspension and over 700 other gentle persuaders throughout the body and chassis will go to work cushioning, insulating, smoothing, soothing and pampering. Only **JET-SMOOTH CHEVY**

question you'll have left is why didn't you try it sooner. You might also ask: Who else in Chevrolet's field gives you Body by Fisher craftsmanship and such a wide variety of models to make sure you get just what you're looking for? Answer: Nobody.

Prices? The man to check for the low-down on that one is your Chevrolet dealer. He's ready and waiting for you right now with all the right answers.

Air conditioning—an extra-cost option that gives you fingertip temperature control. Try it.

Impala 4-Door Sport Sedan—one of 20 Jet-smooth beauties.

Three Way News

R. B. Wittner of Oklahoma City will spend about 10 days in the Panama Canal doing some work. Wittner is a graduate of Three Way High School and Texas Tech with a degree in electrical engineering. He is the son of Mr. and Mrs. Andrew Wittner of his community and is married to the former Joyce Brinker. They have one son. Mrs. Wittner is the daughter of the D. P. Brinkers also of Three Way.

Mr. and Mrs. Bobby Henderson of Lubbock are the parents of a girl born Thursday night. Mr. and Mrs. Henderson are former residents of Three Way. Mr. and Mrs. Louis Henderson are the paternal grandparents of the baby girl.

Mrs. Norma Craig of Roswell and Mrs. Buck Ragsdale spent the weekend at Floydada to visit their parents, Mr. and Mrs. R. C. Ross.

Several families from Three Way went to Alamogordo Lake last weekend. They were Mr. and Mrs. Doyle Davis and children, Mr. and Mrs. Jack Ferguson and children, Mr. and Mrs. Leon Dupler and children, Mr. and Mrs. Lloyd Warren, Mr. and Mrs. Bud Warren, Mr. and Mrs. John Hodnett, and Shirley Fine.

Attending the Grand Assembly of Rainbow Girls at Dallas last week were Sandra and Kay Lemons, Katherine Masten, Pam Bowers, Dorothy Tucker, Jeanie Tyson, Donna Ferguson, Shirley Fine, Mrs. George Tyson, Mrs. Thurl Lemons and Mrs. Earl Bowers.

Dorothy Tucker was appointed Grand representative from Wisconsin to Texas. She will make 3 visits each month and will keep in contact with the girls from Wisconsin and report on the meetings. Miss Tucker was one of several at Grand Assembly who took the Grand Cross of Color Vows.

Jeanne Tyson sang in the Grand Choir.

Mrs. Roxy Braden of Sherman is visiting this week with her mother, Mrs. S. T. (Grandma) Tucker.

The Morris Gant family visited Sunday at Fairwell with Mr. and Mrs. Dorgan Kirk. The Kirks formerly lid at Goodland.

Visiting in the Morris Gant home Friday night and Saturday were Mr. and Mrs. C. L. Greenlee of Lamesa. Mrs. Greenlee and Mrs. Gant are sisters.

Guests in the Byron Hardgrove home were his mother and sister, Mrs. F. C. Hardgrove and Mrs. Merwin Beckwit and children of Burksion, Texas.

A revival meeting will begin at Three Way July 23 and continues through July 30. Rev. Earl Lantrop of Clovis will be the evangelist.

Mrs. Baker Johnson has been at Stephenville, Temple, Brian and Waco visiting relatives the past week.

Mr. and Mrs. Bonnie Loeke and children and Pam Bowers visited at Hereford Sunday.

Social Security Man Here July 6

The amount of benefits payable to a worker and his dependents at retirement, if he becomes disabled, or to his survivors upon his death, depends upon the amount of wages deposited to his social security account, John G. Hutton, Manager of the Lubbock District Office of the Social Security Administration, pointed out today.

The Social Security Administration is responsible for keeping an accurate and up-to-date record of each earnings record; however, the cooperation of employers and employees is needed in maintaining these records. A person working for someone else should be sure his employer gets his correct name and account number when he starts to work. If a pay slip or withholding statement has an incorrect name of number, the worker should call this to the attention of his employer. The employer should make sure the correct names and account numbers are on the quarterly reports of earnings sent to the Internal Revenue Service.

A person who is self-employed should report his net earnings at the end of each year if those net earnings are \$100 or more, Mr. Hutton said. These reports must be based on records of income and

expenses in connection with the trade or business. Copies of self-employment reports and the business records upon which they are based should be kept for future reference.

The Social Security Administration encourages working people to check their social security accounts at least once every three years to ascertain if they are getting proper credit. A convenient card form for requesting a statement of the earnings reported to your social security account is available at the nearest social security office. The social security office in Lubbock, Texas is located at 1616-19th Street, and is open from 8:30 a.m. to 4:30 p.m. Monday through Friday (except national holidays).

A representative of the Lubbock District Office will be in Muleshoe on Thursday, July 6 in the County Courthouse at 9:30 a.m., and will be glad to assist in all matters pertaining to social security.

VACATIONERS IN COLORADO
The Frank Ellis family and the Jack Morris family left Tuesday for a weeks stay in Colorado. They plan to do some fishing and sightseeing in the Colorado Springs and Walsenburg area first, then visit other points of interest.

Nancy Julian Capped At Nursing School

NANCY JULIAN

Miss Nancy Julian, who is attending the Methodist Hospital School of Nursing, Lubbock, Texas, received her cap at a Capping Ceremony held Friday evening, June 9 at 8 p.m. in the sanctuary of St. John's Methodist Church. This candle lighting service marked her advancement from pre-clinical training to the freshman class.

Nancy is the daughter of Mr. and Mrs. Jack Julian, of Muleshoe. She was one of 28 students participating in the capping service, symbolic of professional and academic achievement. Following the capping, the class took the Nightingale pledge which is similar in purpose to the Physicians Hippocratic oath.

At the close of the ceremony, the hospital Auxiliary honored the class with a reception in the church garden.

Attending the ceremony were members of students' families, other members of the student body, faculty members, hospital trustees, administrative personnel and members of the medical staff.

Circleback Reunion Sunday At Lubbock

The tenth annual Circleback reunion will be held in Mackenzie State Park the coming Sunday, July 2, and a large number of residents and former residents of the community are expected for a day of visiting and reminiscing.

Church services are scheduled for 11 a.m., and dinner will be spread on the long table at 12 o'clock.

Members of the Brown family, residents and former residents of Circleback, will hold their reunion at the same spot Saturday and will have their breakfast there Sunday morning, using the cookout facilities.

Mastens Set Mark For Phone Co-Op

The Five Area Telephone Co-operative recently installed its thousandth phone. From a beginning of 412 subscribers at cut-over date April 20, 1956—this represents a sizeable growth in a relatively short time.

When the Rayford Masten family of Maple had a new colored wall phone connected in their new home, they became member number 100. The Mastens moved to the Maple Community six years ago from Bledsoe where he has been engaged in farming. At present Mr. Masten is operating 354 acres of irrigated land 3 miles west of Maple.

Masten recently moved his family into a new three-bedroom home in Maple and they are in process of doing the interior finish work themselves.

The Mastens have two daughters, Katherine, 13, who is away on a trip to Dallas, attending the Grand Assembly for Rainbow Girls, and Barbara, 17, now Mrs. Loyd Warren, Jr. The married daughter lives near Maple where her husband is engaged in farming. He is the son of Mr. and Mrs. L. E. (Bud) Warren.

The Mastens are members of the Three Way Methodist Church.

MRS. GARDNER VISITS HERE

Mrs. E. J. Gardner from Hollis, Okla., has been visiting here in the home of Mr. and Mrs. A. J. Gardner. She is the mother of Mr. Gardner.

Mrs. Blackburn Finds Fathers Antique Desk

Mr. and Mrs. Horace Blackburn went to Shawnee, Okla., last week to get an antique desk that was used for many years by her father.

The desk is an over-sized, roll top style, and had been stored in Shawnee for over 20 years. Mrs. Blackburn traced the desk by writing to Shawnee to some friends of her family and learned that it was still stored there. She also found the old family rocking chair there and brought it back with her.

While in Shawnee, they visited in the home of relatives. They returned by way of Pauls Valley, Okla., and visited there with Mrs. Blackburns aunt, Mrs. Owen Compton.

Mrs. Blackburn is refinishing the antiques and will use them in the den of her home.

Julian Family In Reunion Sunday

The Julian family reunion was held in the home of the Leon Julians, 3 miles north of Muleshoe Sunday. All six children of Mrs. Julian were present.

Attending the reunion were: Mr. and Mrs. George Neely, Littlefield; her children, Mrs. Joyce Prather, Baytown; Charles Julian and family, Ft. Worth; Edwin Julian and family, Baileyboro; Jack Julian and family, Muleshoe; Mrs. Edith Wilt, Todd and Eddie, Muleshoe.

Miss Nancy Julian, daughter of Mr. and Mrs. Jack Julian, who is attending nurse's school in Lubbock, was here for the occasion. The group was happy to have an uncle, Ted Julian, of Oakview, Calif., and his wife to attend the reunion.

Sandhills Philosopher Declines To Use A Shovel, Speculates On Ocean Water For Farms

Editor's note: The Sandhills Philosopher on his Johnson farm, which is to say work, whether you get your moisture out of a pipe or out of the clouds.

In the first place, farming is farming, which is to say work, whether you get your moisture out of a pipe or out of the clouds.

In the second place, if somebody runs a pipe with de-salinated sea water out to my Johnson farm, I have a notion that just on the far side of the hydrant he'll install a meter, and before he turns the water on, he'll come up to my house and want a substantial deposit. Then when water flows over my farm the meter will start clicking and it won't be a free gift from the clouds but another bill to face on the first of month, I'm not saying it shouldn't be this way, all I'm saying is that it won't make farming the easiest job on earth. The only way to make farming easy is to farm like I do, but I don't recommend the method if the world wants to keep eating.

Yours Faithfully,
J. A.

According to it, an experimental plant has been put into operation changing salt water out of the ocean to fresh, drinkable water, and several more plants are being built.

Eventually, the article said, sea water can be de-salinated so efficiently and cheaply that it will be available for city use, industrial use, and maybe even finally for agricultural use.

It was this last use that interests me. According to one speculative article on this, one day pipes carrying ocean water will be run all over the country and all a farmer will have to do when he needs a rain is turn on a hydrant and irrigate his crops. This, it said, will whip the farming one of the easiest jobs on earth.

I am afraid the fellow who thought that up is a little over-enthusiastic.

BABSON DISCUSSES

100 Years Of Stock Prices

Babson Park, Mass., June 29—Business was prosperous during the Civil War due largely to inflation, and started to boom directly afterward. The shooting of President Lincoln, however, caused stocks to tumble and a year of depressed business followed.

UNEXPECTED EVENTS

Again business began to boom with further inflation until the famous "Black Friday" in 1869, followed by another year of depressed business. Stock quickly rebounded, and again investors were looking forward to several years of prosperity when, in late 1871, the Chicago Fire occurred. This was followed by the great Boston Fire in 1872. The market had just about again recovered when the failure of the great banking house of Jay Cooke and Company was suddenly announced. For the first time, the leading Stock Exchanges closed for several weeks. There followed the great depression beginning in 1873; then higher stock prices finally returned as a result of another dose of inflation.

IMPORTANT BANKING FAILURES

Suddenly, on July 2, 1881, President Garfield was shot. A chain reaction of selling followed. During this period, the banking house of Grant and Ward, and the two leading "bulls", Henry Villard and James R. Keene, announced their failures. Depression followed.

1892 was a year of great prosperity; but suddenly the failure of the National Cordage Company was announced in May 1893. This was then one of the ten biggest "blue chip" corporations.

LABOR STRIKES BEGIN

The following year the Pullman Strike — the first serious labor strike — occurred and cast fear and gloom over the stock market. This was accompanied by a series of crop failures and mortgage foreclosures. Again in 1897 business steadily improved and permanent prosperity was prophesied, accompanied by stock splits, mergers, and large security offerings. Suddenly, in 1903, there came rumors of great quantities of "undigested" securities — accompanied by the investigation of large life insurance and traction companies. The crash came just following the San Francisco Earthquake.

SUPREME COURT DECISIONS

Up to this time the Supreme Court had decided questions only between the States. Suddenly, in the early 1900's, it issued its "Northern Securities" decision. This took the zip out of the stock market until the first World War began. After the closing of the New York Stock Exchange for several months, there followed some years of prosperity.

Then came the sinking of the S. S. Lusitania and our entrance into World War I. All went well with the economy until after the War when soaring interest rates and commodity prices brought on another collapse. This was quickly corrected and the stock market continued to advance until it reach-

ed an all-time high in 1929.

SPECULATION AND THE CRASH OF 1929

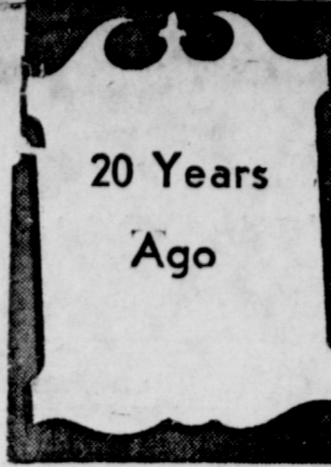

Then came the business collapse in Europe with the continued withdrawal of gold, followed by the very sudden failure of the Austrian Credit-Anstalt. This caused startling repercussions throughout the world. There followed several years of real depression. Beginning in 1933 there was another recovery in business lasting throughout World War II, but this did not help the stock market much until 1942. With the exception of several relatively brief adjustment periods, our country has enjoyed good business for about 23 years.

WHAT OF THE FUTURE?

The preceding one hundred years teach two lessons: (1) That there has always been an economic race between inflation and production. These inflations were of different kinds, — stock market, commodity, political; but they always gave business a "shot in the arm". Fortunately, increased production absorbed this —

the great era of railroad building opening of the South and West to farming; and finally increased commodity production due to inventions and advertising accompanied by the electrical, chemical, and automotive eras.

That when each prosperity period came to an end, it was from an unexpected event — a great fire, an earthquake, or the failure of some banking house or large corporation. In wartime, inflation always has been resorted to. We expect it occur again to provide funds for mean higher prices for stocks, the "cold war". This should commodities, and real estate. Yet the period of inflation we are now entering may be always which is an unexpected event sorbed by the "space era", on the optimistic side.

AN AUTOMOBILE GOES SWIMMING

Not to be outdone by its owner and a group of his friends, an automobile went swimming Sunday afternoon.

Jack Obenhaus lost his car Sunday when he and a group of friends went over to the big dam to go swimming. They had just dived in when they looked up to see Jack's car rolling off into the water.

It took the boys several hours to find the car and get it out, as it was in water about 25 feet deep.

Today's Meditation

Read 2 Timothy 4:1-10

Demas hath forsaken me, having loved this present world, (2 Timothy 4:10.)

Writing from prison to the young man Timothy, Paul shows his disappointment and heart-break because Demas turned his back on the Christian faith. "Having loved this present world", Demas lost the trail and no longer followed Christ. The world presents many alluring faces which could have tempted Demas. Which ones lured him from the faith we shall never know. However, Paul warns Timothy against some of them — pride, covetousness, thanklessness, a love of pleasure more than of God.

Have we been like Demas? Having once felt the glow of Christ's spirit, have we been mean, bitter, stingy, slow of compassion?

Having our names on the church roll is not enough. We need so to live that the world may know that the moving force in our lives is the spirit of Christ. May our living Lord not say sadly to us, "Alas, you have forsaken me, having loved this present world."

PRAYER: Our Father God, grant us the gift of constancy in faith. When tempted to seek ease and comfort, arouse us with a new baptism of Thy spirit. When lured by the enticements of this world, may we

I pledge allegiance to the flag of the United States of America and to the Republic for which it stands, one nation, under God, indivisible, with Liberty and Justice for all.

THE PRIVATE EYE
by J. R. HANEY

Improvements are always a must. After attending several meetings of the various civic clubs in Muleshoe we have decided they are very active. This is a good sign because most civic clubs are made up of business men from various firms and it is impossible to have active business firms without active civic clubs, one goes with the other.

What this country needs, in fact what the whole world needs is to settle up and settle down. For some time everybody has talked recession. I read in Harold Hiltner's column up in Pecoyton, Hiltner says about the only thing that pertains to a recession there is that a few people have advertised their boats and motors for sale.

All in all boating has become quite a sport in this area and I am thinking that my neighbor Red Simmons belongs to the Navy Reserve, at least I find out he has two boats. One of them is in the back of his house being held in reserve for an emergency.

A nickel isn't supposed to be as good as a dollar but I've been told that they do go to church more often.

Our family is getting ready for the big July 4th fireworks event here in Muleshoe. This takes me way back when I remember people used to come for miles around to celebrate our Nation's independence. This is something more of us should be more concerned about. 10-4

Parmer Co. Farm Bureau News

We are all happy for the wheat farmers who have been able to harvest their wheat without much interruption by bad weather. We don't remember any year when test weights was as high generally as it is this year. July 3, about eight thirty in the evening, will be the time of the next regular directors meeting in the office here in Friona. Herman Gerjes, your president, and other officers and directors welcome you to attend if you would like to know what goes on, and if you have any suggestions to make. All of these meetings are devoted to the carrying out of policies adopted by the membership in the annual meeting of last October.

We do not recall any farm program that has had so many different views presented continuously in the news as the Cochran-Freeman bill is enjoying (?)

The meeting held in central Texas last week at which Mr. Freeman was speaker has been heralded by proponents of the bill as another place where all farmer groups gave endorsement to it.

Farm Bureau has written some of the "endorsing" organizations and found that some of them either did not endorse at all, or they reserved the right to advocate certain changes in the program before they could fully endorse it.

Texas Farm Bureau, the largest farm organization, with 81,000 members, was not in-

ed to attend the meeting. Farm Bureau policies would have required a complete rejection of the program, had there been representatives present.

According to J. H. West, TFB President, two of the largest commodity groups in Texas did not attend or endorse the proposed programs. They are the Texas and Southwestern Cattle Raisers' Association and The Texas Sheep and Goat Raisers' Association.

It is quite apparent that minority groups who have already expressed approval of the program are the ones who are invited to such meetings so that the expression "Overwhelming Approval" can be used in news releases.

CONSIDER THIS: Lay not wait, O wicked man, against the dwelling of the righteous; spill not his resting place: For a just man falleth seven times, and riseth up again; but the wicked shall fall into mischief. Proverbs 24:15-16.

Crow's Corner

by Arthur Crow

As promised, this weeks column will be a continuation of the discussion of the proposed bond issue, primarily the financial considerations involved. As you know \$221,000 in new revenue bonds, water and sewer, are involved and \$85,000 in general obligation or tax bonds for a total \$306,000 in new bonds. The \$145,000 in refunding bonds listed as proposition one would be a new method of financing an old debt in order that we might issue revenue and not tax bonds

The council is attempting what we believe to be a progressive step in our capital improvements financing by decreasing the term of revenue bonds to 25 years from the previous 30 years. Prior City Council had already decreased the term of General Obligation Bonds issued during their term of office.

Examine the condition of surrounding towns and I think you will agree that Muleshoe has had excellent financial and capital improvements management during the past twenty years. Council after council has faced up to their responsibilities toward making Muleshoe a better place in which to live. The council which I serve has tried to continue this policy. We are presenting to the people the best estimates we have of the utility needs of the city which can be financed without undue hardship at this time. It is up to you, the citizen and taxpayer to make the final decision.

The Midway H. D. Club met Tuesday afternoon, June 20 in the home of Mrs. Louella White. The president Mrs. Forester presided. The roll call was answered with Women In The News. After the committees gave their report a program was given on fire preventives and fire fighting.

Mrs. Alvada Gulley and Mrs. Louella White gave a demonstration in the form of a skit which was very interesting and informative.

The ladies were asked to make a list of things they might have around the home that would cause fire hazards. Angel food cake and punch were served to Aeneas Chitwood, Dorothy Brown, Effie Splawn, Elsie Forester, Lora Brown, Irene Watkins, Alveda Gulley and the hostess Mrs. White. The next meeting will be in the home of Mrs. J. B. Young, July 11. The meeting was changed to the 11th as the next regular meeting would conflict with 4th of July plans.

for the water and sewer improvements.

The \$366,000 in refunded and new revenue bonds would be backed by a pledge of the city to pay the debt incurred from revenues of the water and sewer systems after operating expenses are deducted. In other words the systems would pay their own way and a tax could never be levied to pay off this debt. It is our thinking that this is a superior method to the tax bonds which were levied in the past to improve our water supply.

The cost of the revenue bonds now owed by the city is \$11,200 this year, the highest requirement being \$11,825 in 1977 and the lowest requirement being \$10,750 in 1968. These bonds would be paid off in 1978 and were originally a 30 year issue. If the new issue is authorized our average annual requirement will be \$24,500, an increase of some \$13,000 per year. \$850 a year of this increased cost would come from the increase in the minimum water rate and the balance from new connections, increased lift station operational costs and other sources. In determining your vote, keep in mind that the new issue is proposed for 25 years. If we delay the improvements, construction costs which are rising from 2-5 per cent per year at this time could increase the cost of the project as well as keep our children paying for these improvements at a time when they will probably need to make improvements.

Mr. and Mrs. Orbie Chandler and children attended the birthday party Friday night given in honor of their sons birthday Charlie Ray Chandler and Mrs. Chandlers brother, Howard Watson of Muleshoe. Both Howard and Charlie Rays birthday was Saturday, June 24. The party was in the home of Mr. and Mrs. Charlie Watson parents of Mrs. Chandlers. Resolution and Order for City

Bond Election THE STATE OF TEXAS CITY OF MULESHOE COUNTY OF BAILEY

ON THIS, the 15th day of June, 1961, the City Council of the City of Muleshoe, Texas, convened in Special session, at the regular meeting place thereof in the City Hall, there being present and in attendance the following members, to-wit: ARTHUR W. CROW, Mayor; EARL HARRIS, IRVIN ST. CLAIR, MYRON POOL II, HORACE BLACKBURN

Councilmen and with the following absent: None, constituting a quorum; and, among other proceedings had, were the following:

Mayor Crow introduced a resolution and order in written form, Councilman Harris moved its adoption. The motion was seconded by Councilman Blackburn. The motion, carrying with it the adoption of the resolution and order, prevailed by

the following vote:
 YEAS: Mayor Crow and Councilmen Harris, St. Clair, Pool and Blackburn.
 NAYS: None.
 THE RESOLUTION AND ORDER is as follows:
 WHEREAS, the City Council of the City of Muleshoe, Texas, deems it advisable to issue the bonds of said City for the purposes hereinafter mentioned; therefore

Section 1: That an election be held on the 12th day of July, 1961, which date is not less than fifteen days (15) nor more than (30) days from the date of the adoption of this resolution and order, at which election the following propositions shall be submitted to the resident qualified electors of said City, who own taxable property therein, and who have duly rendered the same for taxation:

Proposition Number 1
 "SHALL the City Council of the City of Muleshoe, Texas, be authorized to issue ONE HUNDRED FORTY FIVE THOUSAND DOLLARS (\$145,000) of revenue bonds of said City for the purpose of paying off, refunding and cancelling an equal amount of the outstanding indebtedness of the City's combined Water and Sewer System, as evidenced by City of Muleshoe, Texas, Waterworks and Sewer Revenue Bonds, dated December 15, 1948, in the principal amount of \$145,000, bearing interest at the rates of 3% and 3 1/2% per annum, maturing serially on December 15th in each of the years as follows: \$8,000 1961 to 1964, \$7,000 1965 to 1968, \$8,000 1969 to 1971,

\$9,000 1972 to 1974, \$10,000 1975 and 1976 and \$11,000 1977 and 1978, all inclusive, being Bonds numbered 51 to 195, both inclusive, which bonds were authorized and issued pursuant to an ordinance adopted by the City Council of said City on the 13th day of December, 1948, and to which ordinance reference is hereby made for further description of said bonded indebtedness; said \$145,000 revenue bonds to mature serially over a period of years not to exceed TWENTY FIVE (25) years from their date, and to bear interest at a rate not to exceed FOUR AND ONE-HALF PER CENTUM (4 1/2%) per annum payable annually or semi-annually; said revenue bonds to be special obligation of the City, payable as to both principal and interest solely from and secured by a first lien on and pledge of the revenues of the City's combined Waterworks and Sanitary Sewer System, after deduction of reasonable operation and maintenance expenses as defined by statute."

Proposition Number 2
 "SHALL the City Council of the City of Muleshoe, Texas, be authorized to issue ONE HUNDRED TWENTY-THREE THOUSAND DOLLARS (\$123,000) of revenue bonds of said City for the purpose of constructing improvements and extensions to the City's Waterworks System; said bonds to mature serially over a period of years not to exceed TWENTY FIVE (25) years from their date, and to bear interest at a rate not to exceed FOUR AND ONE-HALF PER CENTUM (4 1/2%) per annum, payable annually or semi-annually; said revenue bonds to be special obligation of the City, payable as to both principal and interest solely from and secured by a first lien on and pledge of the revenues of the City's combined Waterworks and Sanitary Sewer System, after deduction of reasonable operation and maintenance expenses as defined by statute."

solely from and secured by a first lien on and pledge of the revenues of the City's combined Waterworks and Sanitary Sewer System, after deduction of reasonable operation and maintenance expenses as defined by statute?"

Proposition Number 3
 "SHALL the City Council of the City of Muleshoe, Texas, be authorized to issue NINETY EIGHT THOUSAND DOLLARS (\$98,000) of revenue bonds of said City for the purpose of constructing improvements and extensions to the City's Sanitary Sewer System; said bonds to mature serially over a period of years not to exceed TWENTY FIVE (25) years from their date, and to bear interest at a rate not to exceed FOUR AND ONE-HALF PER CENTUM (4 1/2%) per annum, payable annually or semi-annually; said revenue bonds to be special obligations of the City, payable as to both principal and interest solely from and secured by a first lien on and pledge of the revenues of the City's combined Waterworks and Sanitary Sewer System, after deduction of reasonable operation and maintenance expenses as defined by statute?"

Proposition Number 4
 "SHALL the City Council of the City of Muleshoe, Texas, be authorized to issue EIGHTY FIVE THOUSAND DOLLARS (\$85,000) general obligation bonds of said City for the purpose of constructing, enlarging, extending and installing storm sewers, drains and gutters and other improvements incidental thereto, in and for said City; said bonds to mature serially over a period of years not to exceed TWENTY (20) years from their date, and to bear interest at a rate not to exceed FOUR AND ONE-HALF PER CENTUM (4 1/2%) per annum, payable annually or semi-annually, and to provide for the payment of principal of and interest on said bonds by levying a tax sufficient to pay the annual interest and to create a sinking fund sufficient to redeem said bonds as they become due?"

Section 2: That said election shall be held at the CITY HALL in the City of Muleshoe, Texas, and the entire City shall constitute one election precinct.

Section 3: That the following named persons are hereby appointed officers of the election, to-wit:
 JOHN SMITH — Presiding Judge
 ROBT. ALFORD — Judge
 FRANK ELLIS — Clerk
 JEFF PEELER — Clerk

Section 4: That said election shall be held under the provisions of and in accordance with the laws governing the issuance of municipal bonds in cities, as provided in the General Laws of the State of Texas, and only resident qualified electors who own taxable property in the City, and who have duly rendered the same for taxation, shall be qualified to vote.

Section 5: That the Ballots for said election shall be prepared in sufficient number and in conformity with Chapter 6, V.A.T.-C.S., Election Code, as amended, and that printed on such ballots shall appear the following:

Proposition Number 1
 "FOR THE ISSUANCE OF \$145,000 WATERWORKS AND SEWER REVENUE BONDS, AND PLEDGING THE REVENUES OF THE CITY'S COMBINED WATERWORKS AND SANITARY SEWER SYSTEM TO THE PAYMENT THEREOF"

Proposition Number 2
 "FOR THE ISSUANCE OF \$123,000 REVENUE BONDS FOR WATERWORKS IMPROVEMENTS AND EXTENSIONS AND PLEDGING THE REVENUES OF THE CITY'S COMBINED WATERWORKS AND SANITARY SEWER SYSTEM TO THE PAYMENT THEREOF"

Proposition Number 3
 "FOR THE ISSUANCE OF \$98,000 REVENUE BONDS FOR SANITARY SEWER SYSTEM IMPROVEMENTS AND EXTENSIONS AND PLEDGING THE REVENUES OF THE CITY'S COMBINED WATERWORKS AND SANITARY SEWER SYSTEM TO THE PAYMENT THEREOF"

Proposition Number 4
 "FOR THE ISSUANCE OF \$85,000 GENERAL OBLIGATION STORM SEWER BONDS AND THE LEVY OF A TAX IN PAYMENT THEREOF"

AS TO EACH of the foregoing four propositions, each voter shall mark out with pen or pencil one of the above expressions thus leaving the other as indicating his or her vote on the four propositions respectively.

Section 6: That a copy of this Resolution and order, signed by the Mayor of the City and attested by the City Secretary shall serve as proper notice of said election.

Section 7: In the event the said revenue bonds submitted under Propositions 1, 2, and 3 above are authorized to be issued by a majority of the resident qualified electors of said City who own property therein, and who have duly rendered the same for taxation, voting at said election, and the same are issued and sold the holder or holders of such bonds shall never have the right to demand

payment thereof out of any funds raised or to be raised by taxation; and each bond issued or executed in pursuance of such election, shall contain this clause:
 "The holder hereof shall never have the right to demand payment of this obligation out of any funds raised or to be raised by taxation."

Section 8: THAT notice of said election shall be given by posting and publication of a copy of this resolution and order, at the top of which shall appear the words "NOTICE OF ELECTION FOR THE ISSUANCE OF BONDS". Said notice shall be posted at three public places in said City, one of which shall be at the City Hall not less than fourteen (14) full days prior to the date on which said election is to be held, and be published on the same day in each of two successive weeks in a newspaper of general circulation in the City of Muleshoe, Texas, published in the City of Muleshoe, Texas, the first of said publications to be made not less than fourteen (14) full days prior to the date for said election.
