

A NEW LIONS CLUB YEAR starts this week with the installation of officers for the 1961-62 year. J. V. Peeler heads up the year as Lions Boss, center; Horace Edwards, left, first vice president; and Jack Young, third vice president, far right.

New Lions Club Leaders Take Office

More than eighty people attended the Muleshoe Lions Club installation banquet and ladies night Wednesday night at the Methodist Church Fellowship hall.

Instalting Officer was W. A. "Smookey" Hewett of Painview. New officers installed were: J. V. Peeler, president; Horace Edwards, 1st vice president; N. L. Johnson, 2nd vice president; Jack Young, 3rd vice president;

Guy Kendall, secretary; Bill Wimberly, treasurer; Bill St. Clair, tail twister; Neal Dillman, assistant tail twister and John Moore was named as lion tamer.

Scoop Sez . . .

By J. M. Forbes

I gained an interview with Harmon Elliott, chairman of the Fourth of July Picnic committee and I said: About the refreshments, you got men out there with the soda water stand and tree limbs to get plenty of ice? Guess we will have a soda water stand, Scoop, he says, but we don't need your help on it.

I checked that off and went on: Now as to the program. Have you gone far enough with it so that you can tell me what time the catching the greasy pig will be held, I reckon, he says, we won't have any contest like that at this time. Well, I said, maybe you could tell me what time the climbing the greasy pole contest will be staged. No greasy pole, either, he says.

Maybe, I said, beginning to get a little worried, maybe you have the hour when the women's sack race will be unrehearsed, and the tug of war. I don't know about those races but we won't have them, and what is a tug of war? Well, I said, is there plenty of shade where we can park our wagons and buggies so our horses will be protected from the broiling sun?

I could tell he knew I had him. He was so ashamed of his plans that he went across the bank lobby and began to talk to another official, as earnestly as if of reasons for not doing so, some huge sum of money.

Funeral Friday For Mrs. Martin

Mrs. Minnie Lee Martin, 73, died in West Plains Hospital at 1:15 a.m. Wednesday, June 21. Funeral services are set Friday, June 23, in the First Baptist Church at Earth, at 2:30 p.m.

Nuttall, a retired farmer, died Saturday in West Plains Hospital at Muleshoe after suffering a stroke earlier in the day.

Burial was at Millsap, where graveside services were conducted under the direction of Lee Paine Funeral Home of Amherst.

LOCAL FIRM IS GIVEN CONTRACT

Football Stadium Will Have A New Look; New Metal Stands Going Up

Work has started on a big enlargement and improvement program for Benny Douglass Stadium in Muleshoe.

First off, the old wooden stands on the east side which has served local fans for 12 years are gone, the lumber in them to be stacked and sold as used material.

The new stands will be made of metal, and the work of putting them together has been contracted to a home town firm, the Mills Machine Shop. They will provide seats for about 1,000 fans.

Come next fall and the owners have been seated on the west side, which was rebuilt two years ago. For the next football campaign, they'll be on the east side, where they belong.

The new bleachers will be made of 2 inch and 4 inch pipe, with 2x12 inch seats. These seats will be weather proofed, painted, and bolted to the metal, all metal to be painted. Supports will be set on 14 inch by 36 inch concrete footings.

that they could improve the large practice field which lies between the stadium and the school buildings. It will be an attractive spot on the campus as well as providing better practice facilities.

The stadium improvements entail also the relocation of the canteens, but definite plans for this have not been adopted by the board. Entrance gates will be in the center about in the old position. Anyway, when the fans begin to pour in the football stadium this autumn, they'll discover the stadium has a new look.

Meantime improvements and additions inside the high school building are underway. The library will be moved into an adjoining study hall; the science laboratory is being enlarged and new equipment added at a cost of about \$1,600, half of which will be borne by the National Science Foundation under the National Educational Defense Act.

News FOR Women

MRS. KENNETH RAY FOX

Jane Garvin and Kenneth Ray Fox Wed in Three Way Church ceremony June 15

Blue and white prevailed when Miss Jane Garvin and A 2-c Kenneth Ray Fox pledged wedding vows by candlelight at 7 p.m. Thursday, June 15, in the Three Way Methodist Church. The Rev. A. O. Craydon of Lubbock officiated for the double-ring ceremony. The bride is the daughter of Mr. and Mrs. H. W. Garvin of Maple. Parents of the bridegroom are Mr. and Mrs. A. G. Fox of McAdoo.

Escorted to the altar by her father, the bride wore a gown of lace over taffeta. The fitted bodice featured a sweetheart neckline scattered with sequins and pearls. Her long sleeves tapered to a point over her wrist. Her sequins, extended into a chapel bouffant skirt, scattered with sequins, extended into a chapel train. Her fingertip veil fell from a lace crown accented with seed pearls. The bridal bouquet was an orchid with stephanotis atop a white Bible.

For something old, the bride wore her Mother's wedding ring, something new was the bride's ensemble and a string of pearls from the groom. Something borrowed was the white Bible, borrowed from a friend of the bride and something blue was a blue garter made by an aunt of the groom. A 1941 penny, the date of the bride's birth, was worn in the right shoe for good luck.

Mrs. James Gillintine of Lubbock served her sister as Matron of Honor. Bridesmaids were Mrs. John Flinn of Glendale, Calif., sister of the bride and Mrs. Bill Dupler of Maple and Miss Charlene Taylor of Lubbock. They wore identical dresses of pastel blue cotton sateen with a sheer white sash. Each one carried a single long stemmed white canation.

Orville Fox, brother of the bridegroom, of Midland, served as best man. Ushers were Grady Allen of Lubbock and Howard Griffin of McAdoo, cousin of the groom. One their attendants was Carol Fleming of Maple, cousin of the bride. Candle lighters were Mike Fox of McAdoo, brother of the groom and Johnny Flinn of Gendale, Calif., nephew of the bride. Flower girls were Sharon Fox of McAdoo, sister of the groom and Arilla Flinn of Glendale, Calif., niece of the bride.

Mrs. Gerald Shanks Is Shower Honoree

Mrs. Gerald Shanks was honored with a pink and blue shower Thursday, June 15, in the home of Mrs. Roy Atchison.

Doings At Muleshoe Airport

By MRS. NOAH KINSER

Jess Tyson has made two dual training flights to Amarillo in his Comanche with Fred Boyd instructing. Tyson flew his mother and niece to Amarillo to visit with relatives on Saturday and returned for them early Monday morning.

One new student has started flying lessons at the airport this week. He is Earl Abbott and is employed at Gage Carpet Co.

George Tompkins has had his private ticket for a number of years, but has recently resumed flying after having been away from it for quite some time.

Morgan Locker, dealer for Schweizer Sailplanes, has sold a new 1-26 sailplane to Reppe Guitart, owner of an airport at Abilene. Guitart came to Muleshoe Flying Service last summer and took training in both the 2-22 C and the 1-26 and obtained his ratings here.

The sailplane will be delivered to Guitart from the factory in Elmira, N.Y.

Most of the activity off the runway for the past week has been spray planes. Airport crews have been going at full speed, spraying cotton for Thrip, and are covering several hundred acres per day. Four planes are being used to combat the active little Thrrips!

CUSTOMS CLUB MET MONDAY NIGHT

The Customs Car Club met Monday night at Longs Garage. Approximately twenty members attended the meeting. The club voted to buy a 1939 Ford Coupe which they plan to completely rebuild, for a show car for the club.

All members are urged to attend the meeting next Monday night so that final arrangements can be made for the Go-Whoa contest which is scheduled for July 16. Meeting time has been changed to 8 p.m.

The club wishes to than Captain Dempsey of the Texas Highway Department for coming from Lubbock and meeting with us recently.

Captain Dempsey talked to the club about the importance of safety and showed the film "Death on the Highways", which emphasized the need for safer driving.

Refreshments was served to the 35 members and guests who were present.

Durham - Hamilton Wedding Vows Pledged in Ceremony June 8

MR. AND MRS. CHARLES FRAZIER HAMILTON

The wedding of Margaret Glyn Durham and Charles Frazier Hamilton was solemnized at 8 p.m., June 8 in the North Side Church of Christ with A. D. Scarbrough officiating.

The bride is the daughter of Mr. and Mrs. H. K. Thornton of Muleshoe and the bridegroom's parents are Mr. and Mrs. Herbert Hamilton of Camden, N. J.

Given in marriage by her father, the bride wore a dress of white satin and lace, featuring a fitted jacket of lace designed with long tapering sleeves and a stand-up collar. A fingertip veil fell from her pearl scattered tiara.

The double ring ceremony was read before an archway of greenery with candelabras holding blue candles on each side. Baskets of white glads and blue asters completed the setting of blue and white.

Wedding music was "O Promise Me" and the "Wedding March". Mrs. A. D. Scarbrough was soloist.

Voleta Johnson, Turkey, Tex.

as, served her cousin as maid of honor and Karen Durham of Texarkana, Texas, and Tommie Heal, Muleshoe, were bridesmaids.

Herbert Hamilton, Jr. from Delair, N. J., served as best man. John Hutton of Turkey and Freddie Savage of Lazbuddie seated the guests.

Mrs. Thornton chose a dress of orchid with white accessories, for her daughters wedding and the bridegroom's mother wore a blue lace dress. Both wore white carnation corsages.

A reception followed the ceremony at 606 Main Street. Refreshments was served by Mrs. Herbert Hamilton, Jr. and Goucheur.

For traveling, the bride chose a white sheath dress with puff sleeves.

After a short wedding trip the couple will be at home at 520 West 2nd Street.

The bridegroom is a graduate of Camden County Vocational school and is employed at McCormicks Upholstery.

PARMER COUNTY FARM BUREAU NEWS

We want to commend the Ralph Wilsons for having a United States Flag flying in their farm yard on Flag Day. We would like to see one in every yard on the proper days. The fact that there wasn't one in front of the office here is due to the lack of a place to stick it up. We have a brand new flag and expect to get things in shape to fly it in the near future.

The Farm Bureau Weed Committee will meet in the Friona Office again this Monday night at 8:30. You are urged to attend and help with your suggestions for the elimination and control of noxious weeds. J. T. Jones of Bovina, who is chairman, will appreciate any suggestions you may have. Rhea Community was to have had their day of cooperative work on bindweed last week, but we suppose they were rained out.

We have written Robert S. Calvert, state comptroller, for information on the status of tractor gas tax refund procedure since the legislation has been passed providing changes. As soon as we hear, we will pass the information along to you. We know it will be simpler, and perhaps something you can do without assistance.

However, we will be glad to assist you in any way we can, regardless of the changes. And if you haven't filed recently, please come in and do so.

United Nations—The so called special fund of the UN recently approved a \$1.1 million loan for Fidel Castro's Cuba. Of that amount, 40 per cent will be paid by the United States. The Soviet Union, in contrast, will pay only 3 per cent of the loan. Does this meet with your approval as a tax payer???

CONSIDER THIS: As an ear-ring of gold, and an ornament of fine gold, so is a wise reprover upon an obedient ear. Proverbs 25:12

TEXAS MOLEHILLS
Texans often are accused of making mountains out of molehills. But, you have to admit, we have some pretty big molehills in Texas.

We have 15 mountain-molehills that rise over 7,000 feet above sea level. All of these are in our highly touristed western tip of Texas.

Our tallest molehill is Guadalupe Peak. It is 8,751 feet high and is located near the New Mexico border in Culbertson County.

Our Texas mountain-molehills once served as guideposts for early travelers—some what like a landlubber's lighthouse.

YE OLE FRANKLIN
Ever been to Franklin, Texas, at the western tip of the state? No, we don't have our directions confused. We mean west, not east.

The Franklin of West Texas is a wonderful town with everything that a town of over 130,000 population should have.

It's on the Mexican border, too, for an added attraction.

Never heard of this Franklin? Well, that's probably because they now call it El Paso! But it was named Franklin way back when it was first settled.

Cardinals Win First Half Of Season

The Cardinals winners of the first half of Little League shown above are, top row: Dr. Jerry Gleason, coach Jerry Micky, Sammy Johnson, Phil Street, Jimmy Bruton, and Herbert Griffith, Manager. Second Row: Steve Oliver, Wendell Foster, Johnny Embry, Lawrence Green, Mason and Tommy Jones. Bottom Row: Jimmy Broyles, Jerry Bruton, Donnie Thomas, Bobby Gleason and Gary Morris.

2 Muleshoe Students On WT Honor Roll

CANYON—Two persons from Muleshoe were among the 108 students at West Texas State College named to the spring semester honor roll. The dean's honor list is composed of the upper five per cent of the undergraduate student body.

They are Mrs. Rose Lee Powell and Jake Ralph Tunnell.

Mrs. Powell, daughter of Mr. and Mrs. W. T. Millen, Route 1, earned her B.B.A. degree in May. A major in secretarial science, she was a member of

Alpha Chi, national honor society, Chi Omega, national social sorority, Phi Gamma Nu, national business sorority, and Tau Beta Sigma, national fraternity for women in hand.

Tunnell, son of Mr. and Mrs. A. G. Tunnell, is now a senior history major. He is a member of Alpha Chi, the History Club, and the West Texas Geological Society.

BIRDSONGS HAVE AMARILLO GUESTS
Dr. and Mrs. W. F. Birdsong had as their guests, Mr. and Mrs. Robert Holt and children from Amarillo. The Holts are also visiting with the Horace Holt family.

Postal Carrier, Clerk Exams Set

The Muleshoe post office is seeking applications from local residents who are interested in becoming postal clerks or city carriers, postmaster Slemmons announces.

Persons who apply and who pass a written test given by the civil service commission will be placed on a list of eligibles, and will be considered for future job openings.

Clerks and carriers are now paid a starting rate of \$2.16 per hour. Anyone interested in a career in the postal service may obtain complete information from Postmaster Slemmons, or from the local Civil Service representative.

COLONIZING DAIRY

Stephen F. Austin settled his colony near Sealy Texas, but on the same location you can now settle and rest with a quiet day of fishing, boating, camping and picnicking.

You can also play golf. The kids will love the play-ground—and the confection stand.

This original site of the Austin colony is now converted into a miles east of Sealy, Texas, in beautiful 664 acre park for your Austin County due west of Hous-enjoymment. It is located just 3 ton.

Don't miss this historical Stephen F. Austin Park on your next trip through Central South Texas.

CATTLEMEN ORGANIZED
Forty men organized the Cattle Raisers Association of Texas in 1877 under an oak tree that still stands in Graham, Texas, northwest of Fort Worth.

A stone monument now stands by that Young County tree commemorating the site as the beginning of this great organization. On the monument are the names of the association's first officers.

Sandhills Philosopher: Throws Cold Water On Conquering Moon In Order To Conquer The Earth

Editor's note: The Sandhills Philosopher on his Johnson grass farm explores space this week, strictly from his rocking chair.

Dear editor:

In this day and age, nobody wants to be called scientifically backwards, although I've been called backwards in a lot of other fields and it hasn't bothered me, at least not to the extent of doing anything about it but a neighbor of mine said he read a letter of mine in The Journal was opposed to exploring space, like sending a man to the moon.

He got it wrong, I'm not opposed to exploring space, so long as somebody else besides me is in the rocket, but I would like to point out that my guess that man may not find as much out in space as he thinks has been agreed to by at least some scientists.

In a poll of space scientists the other day, it was found some scientists say it is essential that we get a man on the moon, and some say they doubt it would be worth the cost.

Here's the thing. The scientists for putting a man on the moon say it's necessary, because of the moon, she can have a better chance of controlling the earth.

I got to thinking about this, and it suddenly dawned on me that if you can control the earth from the moon, why can't you control the moon from Mars or Venus or some other planet?

You mean to say that in order to control the earth, we've got to control the moon, and in order to control the moon, we've got to control the next planet beyond that, and so on and on out into the limitless areas of un-

explored space? This not only stretches the imagination, but it stretched and broke the national budget several planets back. This sure is going a long ways out in space to get peace on earth, it's like me saying I'll have to conquer all the land in North America before I can control this Johnson grass farm, whereas you and I both know what's standing in the way of improving this farm ain't the rest of North America, it's mostly me.

Conquering the moon and all the other planets in the universe in order to conquer the earth reminds me of a quotation: "The fault, dear Brutus, lies not in our stars but in ourselves." This is from Shakespeare, which I read on the back of a calendar in 1931.

Yours faithfully,
J.A.

GIT-ALONG 'N BLOW ME DOWN

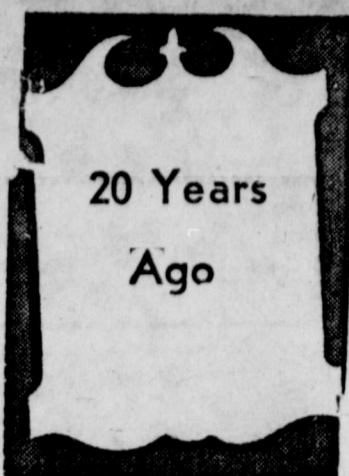

You may think of Texas as a country of cowboys and ranches but you'd better add big ships and sailors to your thoughts too.

Our great Gulf Coast is one of the busiest segments of coastline in the world.

Texas has important deep water ports located at Houston, Galveston, Corpus Christi, Freeport, Port Aransas, Orange Brownsville, Port Arthur and Sabine Pass.

Houston is the largest of all the Texas ports and you'll see a United Nations array of ships when you visit this colossal gateway of our land.

One of the most impressive trips in Texas is that taken down the Houston ship channel to the great San Jacinto Battleground.

New officers of the Muleshoe Masonic lodge are as follows: Worshipful Master, Cecil H. Tate; Senior Warden, F. C. Skeeters; Junior Warden, C. H. Holdeman; Treasurer, Ray Griffiths; Secretary, R. J. Klump; Tiler, Cephas Roebuck; Senior Deacon, H. B. Mathis; Junior Deacon, Jim Burkhead; Senior Steward, Frank Reid; Junior Steward, Bill Collins; and Chaplain, Howard Carlyle.

-1941-
Mr. and Mrs. Randolph Johnson have moved to Tulsa, where Mr. Johnson will be employed by the Santa Fe railroad as utility clerk.

Mr. and Mrs. Johnson were members of the 1941 Muleshoe high school graduating class. She is the former Betty Jo Pool.

-1941-
Miss Norma Elrod, Cecil McGee, Miss Hattie Ray Griffiths, Carl Elrod of Las Cruces, N. M., Miss Cozy Burke and Wayne Wallace attended the opening of Buffalo Lake near Umbarger Sunday.

-1941-
Specials at the Beavers Grocery were: Roast Beef—lb. 15 cents; Steak—any kind lb. 21 cents; Weiners—lb. 14 cents; and Bananas—4½ cents per pound.

-1941-
Harley Sadler will return to Muleshoe Friday night, June 20, with new features highlighting his well-known show. The appearance here is being sponsored by the American Legion post.

-1941-
Rex Robinson and Peggy Jo Robinson are the first to complete their Savings Stamp books, it was announced Tuesday by postmaster A. J. Gardner. They are the children of Mr. and Mrs. Sylvan Robinson, and were among the first to start a defense stamp savings account.

-1941-
O. D. Ray visited relatives in Muldoon, Texas, last week.

Heavy rains during the month of June has caused farmers to have to replant several times in many sections. In the wheat section north of Muleshoe, rain damage runs as high as 60 per cent, and many farmers are running binders instead of waiting for the wheat to ripen.

BABSON DISCUSSES SUPREME COURT DECISIONS

BABSON PARK, Mass.—As I lapse of Electric Bond & Share. The end came for this Electrical Era with the formation of the Securities & Exchange Commission. Its great powers enabled it to eliminate, rearrange, or break up any company manufacturing and distributing electricity across state lines. Although the use of electricity continued to increase since Thomas Edison made the first dynamo, yet the utilities are no longer considered glamorous stocks.

(2) THE GLAMOUROUS RAILROAD ERA
Following the Civil War, from 1875 to 1900, most of the speculation was in railroad stocks. New mileage was constantly being built, due to the large immigration and cheap labor, accompanied by good crops, which helped railroad earnings. The Northern Pacific stock sold at \$1,000 a share. There was much talk about railroad consolidations, and the stock market was especially bullish over a proposed merger of the Northern Pacific, Railroads.

Then, suddenly, the Supreme Court issued a decision preventing this consolidation. This caused a quick drop in all stock in 1907. A member of the N. Y. Stock Exchange invited me to come on the floor of the Exchange and help him, I actually saw men's hair turn gray within 48 hours.

(3) ERA OF GREAT INDUSTRIAL TRUSTS
Following the boom in railroad stocks there developed an interest in consolidations and big trusts. This began late in the 1890's. Then were formed the Tobacco Trust, the Standard Oil Trust, and other great trusts. During these years, the New York Stock Exchange took a great interest in industrials. It was then that Moody's Manuals and Babson's Reports were started, and investment services began to be popular.

Although the above-mentioned Supreme Court Decision directly referred only to railroads, it indirectly brought an end to this Consolidation and Trust Era. Hence, the panic following affected both railroad and industrial stocks. There were no big electric utilities in those days.

(4) THE ELECTRICAL ERA
The fourth era of glamour stocks centered around companies producing and distributing electricity. From 1907 to 1912 great speculation took place in these electric stocks, culminating in the 1929-1935 col-

THE PRIVATE EYE
by J. R. HANEY

There is a lot more than meets the eye when it comes to putting out a weekly paper. When our pressman, J. C. Gatewood, took his vacation to get married, yours truly found out he had forgot all there was to know about a big duplex press. We made the mail on time so I guess all is well.

Found out a new name for the manager of Perry's this week, when I went in asking about a coffee pot and the clerk said, "No Sir, the Coffee Sat isn't here".

Too much of the world is run on a theory that you don't need road manners if you drive a ten ton truck.

It looks like the Chamber is shaping up a real humdinger for the fourth of July, makes one remember a long time ago when people stayed at home and the fourth was a real event to look forward to. I think the Chamber is to be commended on this project.

We rushed with great haste from a meeting with a fellow merchant here in town to make the Rotary meeting Thursday but all we found at the hall was a sign saying "Wet Paint", wonder where they ate?

When a woman motorist holds out her hand, you can be certain that she is going to do something.

The Muleshoe Junior Chamber is having a hard time getting located for a meeting place, ed, such a Court Decision will come some day. Then, don't be short of good industrials.

If anyone has any suggestions I'm sure they would welcome same.

A Junior Chamber group that is active can be a motivating force in the towns progress. We have a lot of good young men in this town, I'm sure if they knew what the Junior Chamber stood for they would join also.

Couple of promoters came to town the other day trying to sell a bill of goods to everybody, come to find out an item was being manufactured almost just like it in Muleshoe which reminds us that thirty progressive local merchants are running a thirteen week program on trading in Muleshoe. A full page ad appears in this section of the Journal. It's good to live and do business in West Texas.

O'DEAN HEARDS VISIT
Mr. and Mrs. O'Dean Heard and children, Donna and David, have been visiting with his parents, Mr. and Mrs. V. V. Heard in Olney, Texas, and with uncles of Mrs. Heard in Newcastle and Gene, Texas, for the past week.

They also visited Fort Belknap near Newcastle. The historical old Civil War fort is now a picnic ground and the buildings have been restored and is a tourist attraction.

ONLY ONE LIGHTHOUSE

Many tourists each year visit the Sabine Bank Lighthouse. This lighthouse for the ships at sea is still in use today. It lies 16 miles out in the Gulf of Mexico from Sabine Pass on Texas' eastern Gulf Coast.

This old lighthouse isn't a "one and only" but it still has distinction in the "only one" class. This because there is only one other lighthouse located in open water in the United States.

Clubs Honor Mrs. White

PICTURED l to r are: Mrs. W. Q. Casey, Sonja Bass, Mrs. Thurman White, looking at silver bowl presented to her by Muleshoe Study Club, Mrs. Freddie Harvey, and Mrs. Joe Pat Wagon, daughter of Mrs. White.

Muleshoe's two federated clubs, Muleshoe Study Club and Los Planos Study Club, honored Mrs. Thurman White with a community tea Thursday afternoon at the Muleshoe Country Club. Mrs. White, who had been chosen 1961 Outstanding Clubwoman by her own club, was also named by the Caprock District of Federated Women's Clubs for the district honor.

In the receiving line were Mrs. W. Q. Casey, president of Muleshoe Study Club, Mrs. W. B. Wagon, Jr., president of Las Planos Study Club, Mrs. White, her husband Thurman White, their daughter Mrs. Joe Pat Wagon of Big Spring and their son Cliff. Many Muleshoe people called during the afternoon.

Presiding at the serving table were Ms. O. N. Jennings and Mrs. Edwin L. Kirklen. Mrs. J. G. Arnn and Mrs. Gil Lamb registered the guests. The reception room was beautifully decorated with arrangements of gorgeous irises from the garden of Mrs. Harriett Jackson.

Mrs. White was presented a large purple orchid corsage by friends and Muleshoe Study Club gave her a silver fruit bowl to mark the occasion.

Entertaining during the afternoon with musical selections on the piano were Mrs. Freddie Harvey and Sonja Bass.

District President Mrs. A. E. Boyd of Plainview said the Caprock District is particularly proud of Mrs. White's work as one of the leaders in the West Plains Recreation Association and the successful program car-

ried out by the Association last year, and said requests had come from other cities about the program so successfully sponsored in Muleshoe by interested citizens.

Muleshoe Study Club presented a check for \$50.00 to West Plains Recreation Association to help continue this worthwhile program for the youth of our community and area again this year. The Club realizes that the program is a success due to the hard work and efforts of such dedicated people as Marie White.

BULA NEWS BRIEFS

Wedding vows for Janell Seagler and Terry Turner were exchanged Saturday, June 10, at 3 p.m. in the Chapel of the Berean Baptist church of Lubbock. Reverend Gaylor Bartlett, pastor and uncle of the bride read the double ring ceremony.

Parents of the couple are Mr. and Mrs. Ray Seagler, Route 2, Morton and Mr. and Mrs. Adrian Turner of Portales.

The bride wore a street length dress of white lace over satin. A fingertip veil fell from a white satin head band trimmed with seed pearls. She carried a bouquet of white roses.

Her only attendant was Miss Sandra Seagler sister of the bride, she wore a mint green taffeta dress with fitted bodice and full pleated skirt and carried a bouquet of white roses tied with green satin ribbon.

Bennie Taylor of Alamogordo, N. M., brother-in-law of the

groom, served as best man. The couple stood beneath an archway of greenery flanked by baskets of white gladioli.

A reception followed the ceremony at the home of Reverend and Mrs. Bartlett, with Misses Yvonne and Donna Bartlett and Nelda Seagler assisting in the hospitalities.

The bride is a graduate of Bula school and is a senior student at E. N. M. U., Portales. The groom is a graduate of Portales high school and will be a senior horticulture major at N. M. S. U. at Las Cruces this fall.

After a short wedding trip to Ruidoso, the couple are at home in Portales where Mrs. Turner is attending summer school. At the beginning of the fall semester they will be moving to Las Cruces.

For her daughter's wedding Mrs. Seagler chose a sheer blue dress with black accessories and white carnation corsage with green ribbon. Mrs. Turner, moth-

MINING GHOST TOWN Head for them thar hills, men, they've found silver.

Matter of fact, they're mining it at Shafter, Texas, right now. Most interesting however, is the ghost town of Shafter itself. It's located in Presidio County in far west Texas, near the Mexican border.

You can wander along the river gulch and find old mining machinery in the deserted homes of the former silver miners. Seeing it is just like reading an historical book or western novel.

ANOTHER BIG REASON BEHIND THE BIG BOOM IN FORD SALES:

Galaxie styling is inspiring more admiration (and imitation) than any other car on the road!

This is the look that started with Thunderbird—sired the Galaxie—and quickly became the styling success of the Sixties.

Many cars have tried to copy it. No car has succeeded. Incomparably beautiful, the 1961 Galaxie maintains its distinction—as originals always do.

Styling is only part of Galaxie's distinction: this is the car that's beautifully built to take care of itself. The '61 Ford goes 30,000 miles between chassis lubrications... 4,000 miles between oil changes. Brakes adjust automatically.

The muffler is built to last three times as long as ordinary ones. The body is specially treated to resist rust and corrosion. The finish never needs waxing.

Wouldn't it make sense to STOP spending money on an old car that can never do for you what a new Ford can do?

SWAP right now while your Ford Dealer's sales are booming—and the swapping is easier than it's ever been before.

SAVE with the Ford that makes saving fun!

YEAS: Mayor Crow and Councilmen Harris, St. Clair, Pool and Blackburn.

NAYS: None.

The RESOLUTION AND ORDER is as follows:

WHEREAS, the City Council of the City of Muleshoe, Texas, deems it advisable to issue the bonds of said City for the purposes hereinafter mentioned; therefore

BE IT RESOLVED AND ORDERED BY THE CITY COUNCIL OF THE CITY OF MULESHOE, TEXAS:

Section 1: That an election be held on the 12th day of July, 1961, which date is not less than fifteen days (15) nor more than (30) days from the date of the adoption of this resolution and order, at which election the following propositions shall be submitted to the resident qualified electors of said City, who own taxable property therein, and who have duly rendered the same for taxation:

Proposition Number 1
"SHALL the City Council of the City of Muleshoe, Texas, be authorized to issue ONE HUNDRED FORTY FIVE THOUSAND DOLLARS (\$145,000) of revenue bonds of said City for the purpose of paying off, refunding and cancelling an equal amount of the outstanding indebtedness of the City's combined Water and Sewer System, as evidenced by City of Muleshoe, Texas, Waterworks and Sewer Revenue Bonds, dated December 15, 1948, in the principal amount of \$145,000, bearing interest at the rates of 3% and 3 3/4% per annum, maturing serially on December 15th in each of the years as follows: \$6,000 1961 to 1964, \$7,000 1965

to 1968, \$8,000 1969 to 1971, \$9,000 1972 to 1974, \$10,000 1975 and 1976 and \$11,000 1977 and 1978, all inclusive, being Bonds numbered 51 to 195, both inclusive, which bonds were authorized and issued pursuant to an ordinance adopted by the City Council of said City on the 13th day of December, 1948, and to which ordinance reference is hereby made for further description of said bonded indebtedness; said \$145,000 revenue bonds to mature serially over a period of years not to exceed TWENTY FIVE (25) years from their date, and to bear interest at a rate not to exceed FOUR AND ONE-HALF PER CENTUM (4 1/2%) per annum payable annually or semi-annually; said revenue bonds to be special obligation of the City, payable as to both principal and interest solely from and secured by a first lien on and pledge of the revenues of the City's combined Waterworks and Sanitary Sewer System, after deduction of reasonable operation and maintenance expenses as said expenses are defined by statute."

Proposition Number 2
"SHALL the City Council of the City of Muleshoe, Texas, be authorized to issue ONE HUNDRED TWENTY-THREE THOUSAND DOLLARS (\$123,000) of revenue bonds of said City for the purpose of constructing improvements and extensions to the City's Waterworks System; said bonds to mature serially over a period of years not to exceed TWENTY FIVE (25) years from their date, and to bear interest at a rate not to exceed FOUR AND ONE-HALF PER CENTUM (4 1/2%) per annum, payable annually or semi-annually; said revenue bonds to be special obligations of the City, payable as to both principal and interest solely from and secured by a first lien on and pledge of the revenues of the City's combined Waterworks and Sanitary Sewer System, after deduction of reasonable operation and maintenance expenses as said expenses are defined by statute?"

Proposition Number 3
"SHALL the City Council of the City of Muleshoe, Texas, be authorized to issue NINETY EIGHT THOUSAND DOLLARS (\$98,000) of revenue bonds of said City for the purpose of constructing improvements and extensions to the City's Sanitary Sewer System; said bonds to mature serially over a period of years not to exceed TWENTY FIVE (25) years from their date, and to bear interest at a rate not to exceed FOUR AND ONE-HALF PER CENTUM (4 1/2%) per annum, payable annually or semi-annually; said revenue bonds to be special obligations of the City, payable as to both principal and interest solely from and secured by a first lien on and pledge of the revenues of the City's combined Waterworks and Sanitary Sewer System, after deduction of reasonable operation and maintenance expenses as said expenses are defined by statute?"

Proposition Number 4
"SHALL the City Council of the City of Muleshoe, Texas, be authorized to issue EIGHTY FIVE THOUSAND DOLLARS (\$85,000) general obligation bonds of said City for the purpose of constructing, enlarging, extending and installing storm sewers, drains and gutters and

other improvements incidental thereto, in and for said City; said bonds to mature serially over a period of years not to exceed TWENTY (20) years from their date, and to bear interest at a rate not to exceed FOUR AND ONE-HALF PER CENTUM (4 1/2%) per annum, payable annually or semi-annually, and to provide for the payment of principal and of interest on said bonds by levying a tax sufficient to pay the annual interest and to create a sinking fund sufficient to redeem said bonds as they become due?"

Section 2: That said election shall be held at the CITY HALL in the City of Muleshoe, Texas, and the entire City shall constitute one election precinct.

Section 3: That the following named persons are hereby appointed officers of the election, to-wit:

JOHN SMITH — Presiding Judge
ROBT. ALFORD — Judge
FRANK ELLIS — Clerk
JEFF PEELER — Clerk

Section 4: That said election shall be held under the provisions of and in accordance with the laws governing the issuance of municipal bonds in cities, as provided in the General Laws of the State of Texas, and only resident qualified electors who own taxable property in the City, and who have duly rendered the same for taxation, shall be qualified to vote.

Section 5: That the Ballots for said election shall be prepared in sufficient number and in conformity with Chapter 6, V.A.T.-C.S., Election Code, as amended, and that printed on such ballots shall appear the following:

Proposition Number 1
"FOR THE ISSUANCE OF \$145,000 WATERWORKS AND SEWER REVENUE BONDS, AND PLEDGING THE REVENUES OF THE CITY'S COMBINED WATERWORKS AND SANITARY SEWER SYSTEM TO THE PAYMENT THEREOF"

"AGAINST THE ISSUANCE OF \$145,000 WATERWORKS AND SEWER REVENUE BONDS, AND PLEDGING THE REVENUES OF THE CITY'S COMBINED WATERWORKS AND SANITARY SEWER SYSTEM TO THE PAYMENT THEREOF"

Proposition Number 2
"FOR THE ISSUANCE OF \$123,000 REVENUE BONDS FOR WATERWORKS IMPROVEMENTS AND EXTENSIONS AND PLEDGING THE REVENUES OF THE CITY'S COMBINED WATERWORKS AND SANITARY SEWER SYSTEM TO THE PAYMENT THEREOF"

"AGAINST THE ISSUANCE OF \$123,000 REVENUE BONDS FOR WATERWORKS IMPROVEMENTS AND EXTENSIONS AND PLEDGING THE REVENUES OF THE CITY'S COMBINED WATERWORKS AND SANITARY SEWER SYSTEM TO THE PAYMENT THEREOF"

Proposition Number 3
"FOR THE ISSUANCE OF \$98,000 REVENUE BONDS FOR SANITARY SEWER SYSTEM IMPROVEMENTS AND EXTENSIONS AND PLEDGING THE REVENUES OF THE CITY'S COMBINED WATERWORKS AND SANITARY SEWER SYSTEM TO THE PAYMENT THEREOF"

"AGAINST THE ISSUANCE OF \$98,000 REVENUE BONDS FOR SANITARY SEWER SYSTEM IMPROVEMENTS AND EX-

TENSIONS AND PLEDGING THE REVENUES OF THE CITY'S COMBINED WATERWORKS AND SANITARY SEWER SYSTEM TO THE PAYMENT THEREOF"

Proposition Number 4
"FOR THE ISSUANCE OF \$85,000 GENERAL OBLIGATION STORM SEWER BONDS AND THE LEVY OF A TAX IN PAYMENT THEREOF"

"AGAINST THE ISSUANCE OF \$85,000 GENERAL OBLIGATION STORM SEWER BONDS AND THE LEVY OF A TAX IN PAYMENT THEREOF"

AS TO EACH of the foregoing four propositions, each voter shall mark out with pen or pencil one of the above expressions thus leaving the other as indicating his or her vote on the four propositions respectively.

Section 6: That a copy of this Resolution and order, signed by the Mayor of the City and attested by the City Secretary shall serve as proper notice of said election.

Section 7: In the event the said revenue bonds submitted under Propositions 1, 2, and 3 above are authorized to be issued by a majority of the resident qualified electors of said

City who own property therein, and who have duly rendered the same for taxation, voting at said election, and the same are issued and sold the holder or holders of such bonds shall never have the right to demand payment thereof out of any funds raised or to be raised by taxation; and each bond issued or executed in pursuance of such election, shall contain this clause:

"The holder hereof shall never have the right to demand payment of this obligation out of any funds raised or to be raised by taxation."

Section 8: THAT notice of said election shall be given by posting and publication of a copy of this resolution and order, at the top of which shall appear the words "NOTICE OF ELECTION FOR THE ISSUANCE OF BONDS". Said notice shall be posted at three public places in said City, one of which shall be at the City Hall not less than fourteen (14) full days prior to the date on which said election is to be held, and be published on the same day in each of two successive weeks in a newspaper of general circulation in the City of Muleshoe, Texas, published in the City of Muleshoe, Texas, the first of said publications to be made not less than fourteen (14) full days prior to the date for said election.

LEGAL NOTICE 1961.

NOTICE TO BIDDERS AND NOTICE OF INTENTION TO ISSUE ROAD AND BRIDGE WARRANTS

THE STATE OF TEXAS: COUNTY OF BAILEY:

NOTICE IS HEREBY GIVEN that the Commissioner's Court of Bailey County, Texas, will receive bids until 11:00 o'clock A. M., on the 20th day of June, 1961, at the Courthouse in Muleshoe, Texas for the purchase of the following described road machinery:

One (1) used motor grader equipped with not less than 115 horsepower motor, hydraulic controls, power shift moldboard, tandem drive, cab and heater. Said motor grader to be delivered properly serviced in Bailey County, Texas.

AS PART PAYMENT for the above described road machinery Bailey County offers to trade in:

One (1) used AD-40 Allis-Chalmers Motor Grader powered by GMC diesel motor, which trade-in is to be credited against the purchase price of the above mentioned used motor grader, and

NOTICE IS ALSO GIVEN that, as further consideration for the balance of the purchase price of the above mentioned road machinery, it is the intention of the Commissioners' Court of Bailey County, Texas to issue Interest Bearing Time Warrants of said County payable from a tax levy to be made out of and from the constitution al Road and Bridge 37c levy of said County in the maximum amount of \$5,000.00 bearing interest at a rate not to exceed three and one-half (3½%) per cent per annum, and maturing at such times as may be fixed by the Commissioners' Court, serially or otherwise, with a maximum maturity not to exceed four (4) years from their date, and to be paid out of an ad valorem tax to be levied against all taxable property in Bailey County; which warrants will be authorized by the Commissioners' Court by an order to be passed on the 10th day of July,

A CASHIERS' OR CERTIFIED CHECK, issued by a Texas Bank, payable without recourse to the order of Glen Williams, County Judge of Bailey County, Texas, in the amount of five (5%) per cent of the amount of the bid must accompany each bid as a guarantee that if awarded the contract the bidder will promptly enter into contract and execute bonds in the amount and in the form required by law.

THIS NOTICE IS GIVEN under the provisions of and in order to strictly comply with Chapter 163, Acts of the Forty-Second Legislature of Texas, passed at its Regular Session in 1931 and all acts amendatory, complementary and supplemental thereof and pursuant to an order passed by the Commissioners' Court of Bailey County, Texas, and recorded in the Minutes of said Court.

The County will make arrangements for the contractor to dispose of the Warrants here-in mentioned at not less than par and the contractor must agree to deliver the warrants at such price to the party with whom the County has made such arrangements.

Bailey County reserves the right to accept or reject any or all bids.

FISHY BUT TRUE

Many native Texans and thousands of visitors to the lone star state take advantage of Texas vast water resources, both salt and fresh water for the restful, yet exciting, sport of fishing.

Anglers fishing Texas rivers have lured many sportsmen to the Lone Star State by proving we really grow them big in Texas.

For instance, the 279 pound Alligator Gar caught by Bill Valverde in the Rio Grande River; or the 50 pound, 5 ounce Longnose Gar hauled out of the Trinity River by Townsend Miller.

These aren't just fish stories. They are officially recorded

Cotton Burs Applied To Land Will Increase Yield Of Cotton

College Station — Every year more and more Texas cotton is machine harvested, resulting in a larger supply of cotton burs at the gin. To dispose of these burs, most ginners burn them, thereby increasing the fire hazard.

Research by the Texas Agricultural Experiment Station has proven, however, that there is a better use for his gin waste. These burs, when applied to the land, will increase cotton yields. In a 4-year study at Lubbock, the use of cotton burs under nonirrigated conditions increased lint yields by an average of 27 pounds per acre, and the residual effect increased yields by 28 pounds per acre for 5 years. Liberal application of burs results in a better soil-water relationship, thus letting crops use the available moisture more effectively. Soils to which cotton burs have been added are also more resistant to wind and water erosion, and they may have a better infiltration rate.

Angular leaf spot, verticillium wilt or cotton seedling diseases have not shown any increase on land receiving six annual applications of burs at Lubbock. In years favorable to angular leaf spot infection, it was more serious where no burs or fertilizers were applied.

Cotton insects which reduce yields and lower grades have not built up to a point in the bur-treated soil that they nullify the advantage of using burs. In 1951, cotton burs were released by the State Department of Agriculture and the Department of Plant Quarantine for use on the land, provided certain standards in methods of handlings were met by ginners in order to destroy any pink bollworms present.

For further information on the use of cotton burs, contact your local county agent or write the Agricultural Information Office, College Station and ask for a copy of MP-476, "Cotton Burs for Soil Improvement".

Yields Better Bench Sorghum

Grain sorghum planted on benches produced a higher yield than the same amount planted on sloping land in the water conservation study conducted by James C. Valliant, Water Engineers at the High Plains Research Foundation.

None of the water was wasted on the benched acres, which had a total irrigation application of 16.9 inches. A yield of 5,795 pounds of grain sorghum produced a gross return of \$81.71 on the bench. The pumping costs, at \$9 per acre-foot, totaled \$12.69, giving a net return of \$69.02.

Two slope areas were tested in comparison with the benched area. Number 1 slope had the same irrigation treatment as the bench. There was a loss of 2.5 inches through run-off, which amounted to 15 percent. The net return on 3,900 pounds of grain sorghum was \$42.30. Slope Number 2 had 24.5 inches of irrigation water applied at a pumping cost of \$18.36. The run-off loss was 5.9 inches or 24 percent of the total application. The yield was 3,500 pounds per acre, which gave a net income of \$30.99 per acre. Each plot had the same fertilizer treatment of 80 pounds of nitrogen and 40 pounds of P2O5. The crops were cultivated twice with a sweep cultivator and twice with a flame cultivator.

Bench Planting Of Cotton Tested

One benched and two sloping areas were planted in cotton on May 5 and replanted on May 26, in an irrigation comparison test at Halfway. These tests followed the same plan as that used on grain sorghum.

Ten and nine-tenths inches of irrigation water was applied to the benches and the number one slope. Seventeen and nine-tenths inches of irrigation water was

applied to slope number two. The run-off was none on the bench, 2.7 in.-A, on slope number one and 5 in.-A, on slope number two. Twenty-five per cent of the water was wasted on slope number one and twenty-eight per cent on slope number two.

The net return from the benched area on 720 pounds of lint was \$175.00. On slope number one, with 79 pounds of lint cotton per acre, the net return was \$188.77. On slope number two, the yield was 894 pounds of

lint cotton per acre. The net return from these tests indicate that cotton is a much better crop on sloping land than grain sorghum. The irrigation test will be continued, to give further data on the most efficient management of sloping land.

CROW'S CORNER

BY ARTHUR CROW

For the next few weeks, I think we should talk about the proposed bond issue. These bonds are most important to the development of our city as they represent the development of adequate trunk mains for our water, sewer and storm sewer service now and for many years in the future.

I don't know how many of you are aware that we have been unable to serve many residences and businesses with sanitary sewer because either the existing lines could not be extended further or they were so overloaded as to make other additions dangerous. Although not yet quite so acute, our water system needs a thorough beefing up to maintain adequate fire protection, water pressure and to allow extensions.

Storm sewers are badly needed to drain the downtown area. This is important to every resident of the city since the downtown area is the tax base of the city and brings many people and dollars into Muleshoe.

In the opinion of the City Council and the Planning Commission, the most expensive thing we could do would be to make patchwork improvements which would later have to be revamped to take care of growth. The council has consistently refused to take this approach.

The bond issues have been thoroughly studied before presentation to the public. Some two years ago the past city council instructed the City Engineer to begin studies for utilities improvement. These were discussed and revisions made until this past winter, the council, wishing to have further opinions, referred the issue to the City Planning Commission. The Planning Commission held some four meetings where the improvements as well as the financing were discussed. Finally the Planning Commission asked that a bond issue be called.

Financing the water and sanitary sewer improvements through tax obligations did not seem to be good business to us since the tax rate would have to be increased drastically to obtain the approval of the Attorney General and since the bonds would be paid off by revenue from the two systems revenue bonds were chosen as the answer.

This means that we will have to call in what's left of the 1948 revenue bond issue before new bonds can be issued. We will issue no more "closed end" revenue bonds. To make a long story shorter, the financing of the project makes it necessary to put propositions one, two and three in a package offering. If

either the refunding, the water or the sanitary sewer fails, all fail.

The bonds will necessitate a fifty cent increase in our minimum water rate. After the Canadian River rates go into effect in neighboring cities only Tulsa will have a lower rate and we will be tied with Hereford for second lowest rates. The old saying is still true "You don't get something for nothing".

Explanatory pamphlets will be distributed by organizations and individuals interested in the improvements and they will be discussed in the radio and newspaper. I hope that every taxpayer will study the problems involved thoroughly and vote his convictions on Wednesday, July 12.

VISITS IN HOUSTON

Mr. and Mrs. Jenks Beller and Mrs. Opal Crawford visited in Houston last week with Mr. and Mrs. Jimmy Hall, former Muleshoe residents.

Jimmy is the brother of Mrs. Crawford and Mrs. Hall is the daughter of the Bellers.

While there they enjoyed sightseeing tours around the city and boating on the San Jacinto river.

Mrs. Crawford visited with other relatives in that area, Gene Hall and Dr. and Mrs. R. J. Reynolds.

They returned to Muleshoe Monday. Returning with them were the Halls' children who will be here with their grandparents for a time.

Lone Star Agriculture

It's about time for taking a close, honest look at the Administration's proposed long-range Omnibus Farm Bill.

What will it do? Is it a "dictatorial" bill as has been charged? How does it affect existing farm laws? What would it change, and why?

To begin with, the farm bill is a far-reaching measure designed to update the carrying-out of national agricultural programs by snipping away red tape and making the operation of such programs more democratic in nature.

Secretary of Agriculture Orville Freeman's bill is predicated on the principle of opportunity for the farmer equal to that of any other basic producer in the American economy, and he seeks to give the farmer himself a voice in insuring that opportunity.

The bill deals with all major program areas of American agriculture, but its major section relates to supply adjustment and price stabilization. This section provides the machinery whereby farmers can work together with the government to adjust their production to modern needs and conditions. Commodity advisory committees made up of farmers would work with the secretary of agriculture to set up referendum elections for the individual farmers themselves to decide on price supports and/or production controls, subject to approval by the President and the Congress.

Criticism of the bill has been most severe in publications where basic prejudice against any type of government assistance to farmers (the only producers in our economy who have no way to influence financial rewards of their enterprise) has overshadowed responsibility for reporting the facts.

They charge that the Secretary of Agriculture seeks "dictatorial powers" and "stiff controls" on farmers when, in fact, no powers or controls could be effected unless the farmers of individual commodities themselves asked for and overwhelmingly approved them. In addition, Congress would be required to approve such programs but would be spared the tedium of formulating them having left that task to the Secretary and the farmers themselves.

An even bigger fact which critics have overlooked is that the Secretary of Agriculture now possesses most of the powers which he is charged with seeking. Existing agricultural legislation authorizes him to prescribe conditions of eligibility (such as required compliance with acreage allotments) before making producers eligible for price support. He can also establish nationwide marketing orders, after appropriate fact-finding, on any commodity. And he can do these things without consulting with any farmer and without referring such proposed orders to Congress.

The Secretary of Agriculture, however, has no desire to set effective programs for American farmers into effect by such arbitrary action—unless he is hamstrung on this current farm legislation, in which case he would have little or no alterna-

tive. Of course, as Texas Congressman Bob Poage of Waco—a veteran in the field of farm legislation—has said, this farm bill, like all long and comprehensive measures, needs amendment to insure its fully democratic character. The Secretary has agreed to such changes, and argument on these points for the sake of controversy is nothing more than beating a dead horse.

The basic reasoning behind a change in the formulation of agricultural policy is obvious but not realized by most people: Agriculture directly influences but a small minority of American citizens—though a lot of Texans—today, and that influence is going to get smaller rather than larger. It becomes more and more difficult each year for Congressmen from big cities to vote for farm programs in which their constituents are not interested and which they may just flat resent without ducaed reason.
