L. Edwin Patterson, Jr.

## Rotary To Host Dist. Governor

The Rotary Club of Muleshoe will be host Monday and Tuesday to L. E. Patterson, governor of District 573 of Rotary International, who is making his annual official visit to each of the forty-three Rotary Clubs in northwest Texas. He will address the local club and confer with President James Fowler, Secretary, and committee chairman on Rotary administration and service activities.

Mr. Patterson is an independent petroleum geologist in Midland and is a member and past president of the Midland Rotary Club. He is president of the Morrison-Smith Lumber Company of Graham, Texas, and is a director of Cicero Smith Lumber Company. He was elected as a district governor of Rotary International for 1961-62 at Rotary's fifty-second annual convention in Tokyo, Japan, last May. He is one of 269 district governors supervising the activities of more than 11,000 Rotary clubs which have a membership of 509,000 business and professional executives in 123 countries throughout the world.

Wherever Rotary clubs are located, President Fowler asserted in discussing the governor's visit, their activities are similar to those of the Rotary club of Muleshoe because they are

## Banks Here Show Deposit Upsurge

Muleshoe banks show deposit increases totaling well over \$1 million over the past year.

Muleshoe State Bank showed a total deposit one year ago of \$4,820,476.54 as compared to \$5,507,809.62 on June 30 of this year. This is an increase in deposits of \$273,333.08.

During the same period of time, that bank's total resources came up from \$5,295,065.28 to \$6,036,310.15 on June 30, 1961.

First National Bank President M. D. Gunstream disclosed an overall increase of \$917,228.85 in deposits over last year's amount. Total resources took a jump of \$953,021.15 over the period of June 15, 1960 to June 30, 1961.

Attributing part of the increase to normal growth of the relatively new business, Gunstream also indicated that the wheat crop was influential in the rise in deposits. Also given as part of the reason for the rise was the fact that deposits are up throughout the country.

Norman Thomas, Muleshoe State Bank vice president, added that government money on loanout land has contributed to the increase.

Both Thomas and Gunstream indicated that the economic situation in Bailey County is improved over that of last year and that the economic structure is healthier in general.

Significant conclusions can be drawn from a comparison of bank deposit totals in various towns of the South Plains as reported to the Avalanche-Journal following the call for statement of condition June 30. The paper printed totals by towns in its issue of July 18.

When one omits such big towns as Lubbock, Plainview, Midland, Lamesa, Levelland, Littlefield, Snyder, and Brownfield, he finds that Muleshoe stands ahead of the field with a total of nearly \$9 million of deposits in the two banks here, First National and Muleshoe State.

Take a few of the figures from towns one usually thinks of as being the approximate size of Muleshoe: Dimmitt, 6 million; Denver City, nearly 3; Abertonia, 3 1/2; Floydada, 8; Morton, 3; Seminole, 5; Post, 6.

Hereford, a much larger town than Muleshoe, had a total of \$9.5, only \$900,000 more than the Bailey County seat banks' to-

als. Littlefield and Levelland had about 2 1/2 million each more than Muleshoe.

The conclusions that should be reached by the local merchant, service organization, or professional person is that there is an exceptionally strong economy in the Muleshoe area and that sales efforts here should get maximum results.

We, in addition to the evidence of good deposits, have had a fine wheat harvest, good alfalfa harvest, potatoes are coming off and the price it seems will be good, other vegetable crops give good promise. Cotton and grain prospects are the "best ever". If ever a town and community had the green light to go ahead, it seems to The Journal that the town is Muleshoe.

## Tax Refundable On Farm Gas

Farmers are reminded by C. H. Bates, extension farm management specialist, College Station of their eligibility for a refund of the 4c per gallon Federal gasoline tax on that used for farming purposes. The claim should include all eligible gasoline gallonage purchased between July 1, 1960 and June 30, 1961.

The claim for refund should be filed on Form 2240 and not later than September 30, Bates said.

The gasoline on which a refund may be claimed covers that used for farming purposes and includes most normal production operations. Three exceptions, however, are noted by the specialist. They are gasoline used on the highway, even though for transporting farm products; that used for processing, packaging, freezing or canning operations and that used for non-farming or personal purposes.

Records of fuel purchases should be kept to verify the request and care should be exercised to avoid inaccurate or excessive claims, Bates said. He noted that Form 2240 does not apply to diesel and special motor fuels. Farmers who have questions regarding taxes on questions regarding taxes on these fuels are advised to contact an Internal Revenue Service director.

## ROTC Cadets Attend Camp

Cadets Jake R. Tunnell, 21, son of Mr. and Mrs. Arthur G. Tunnell, Muleshoe, and Joe B. Douglas Jr., whose parents live in Friona, are receiving six weeks of training at the Army Reserve Officer Training Corps (ROTC) summer camp at Fort Hood.

The training is scheduled to be concluded July 28.

During this training Tunnell and Douglas are receiving practical experience and instruction in tactical, technical and administrative subjects, with special emphasis placed on the duties of a second lieutenant.

Tunnell, who graduated from Muleshoe High School in 1958, is a student at West Texas State College.

The 18-year-old Douglas is a 1960 graduate of New Mexico Military Institute High School and is a student at the college in Roswell.

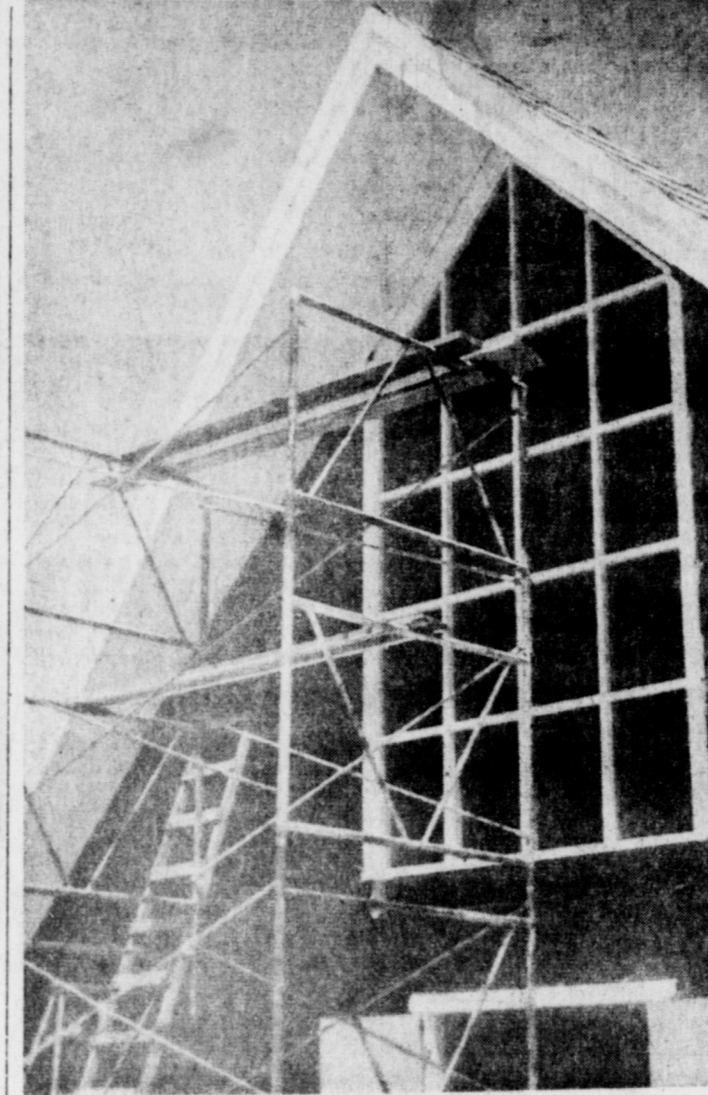

## Billy Ellis Covers All Star Ball Game

Among the writers covering the Major League All-Star game in San Francisco recently was Billy Ellis, 1955 graduate of Muleshoe High School.

Ellis, who wrote sports periodically for the Journal while in high school and college at Texas Tech, is currently a sports-writer for the San Mateo Times.

He describes the All-Star game assignment as his "Biggest thrill as a sports-writer", and says that Sports Illustrated Park even makes a spring day in West Texas seem calm in comparison.

"Some of the kids playing baseball in windy West Texas might be natural stars for the San Francisco Giants someday," he adds.

WORK IS NEARING COMPLETION on the Presbyterian Church which is located on the Morton highway. The 32 by 70 foot structure will consist of an auditorium and four classrooms. The outside will be of Cream colored brick, and the inside will feature a beamed ceiling with walls of hardwood panel wainscoting. Services were held in the building for the first time last Sunday morning.

## FOR GIRL SCOUTS

## Town Urged To Attend Parade

Eighteen Girl Scouts and two leaders from various parts of the United States and abroad will reach Muleshoe at 1 p.m. Wednesday for their first Texas stop on the Heritage Trail.

Stopping at the depot lot, they will be met by local Girl Scouts and Brownies, 80 Girl Scouts and leaders from Friona, 12 Girl Scouts from Littlefield, Cochran County Sheriff's posse, a police escort, a color guard, local dignitaries, and citizens.

Forming a parade to City Park, the girls will ride through town in Dave Anders' wagon, drawn by a team of mules. A welcome banner will be strung across Main Street in their honor.

Upon arrival at City Park, they will be served lunch from an authentic chuckwagon, after which they will see a program consisting of displays of relics of the Old West, Coronado's Trail through the West and Bailey County and other points of interest of this area.

A community project, service clubs and private firms are participating in the financial support of the event.

Mrs. Thurman White, chairman of the Heritage Trail in Muleshoe, has urged the public to turn out for the parade, and has suggested that, since Muleshoe is the westernmost point the girls will visit in Texas, it might be appropriate to come dressed in western regalia.

Menu for the lunch will be typically western, with barbecue beef, red beans, pickles, relish, onions, potato chips, ice cream, soft drinks, and cantaloupe being featured.

## LT. JERRY HICKS VISITS PARENTS

LT. Jerry Hicks has been visiting here in the home of his parents, Mr. and Mrs. T. B. Hicks for the past month.

LT. Hicks has been stationed in Dover, Delaware for about 5 years where he was a Navigator on C-124.

He left Muleshoe Saturday to report to Craig AFB in Alabama where he will enter Jet pilot training.

## FOREIGN STUDENT'S LETTER

## Mary Theodorakopoulou Relates Wish For Visit

Maria Theodorakopoulou will be the foreign exchange student in Muleshoe during the coming school year.

Maria, who has indicated she plans to become just plain Mary while in Muleshoe, is the daughter of an Athens, Greece, judge. She has studied English three years in high school in Greece and has a fairly good knowledge of French, as well.

A senior here, she plans to take shorthand, typing and business courses while in Muleshoe. Her favorite school subjects are literature and history.

In her personal statement, written in a neat, backward slanted hand, Mary said, "My family is a very beloved family. It has five members, I am the youngest. My sister went to the U.S.A. and from her

I learned to love America and my dream is to visit the U.S.A. The evening when we are all together we are very happy and forget our fatigue.

"I attend lessons in a Greek-French school and the most interesting lessons for me are History, Geography and Literature. I am occupied with literature, reading and writing.

"There are many clubs and organizations but my time is too short for them and so I am not a member.

"I love the sea very much and I swim well. I also play basketball and love bicycling and all sports. My free time I study very much books, magazines, everything.

"At night I love to sit and hear music. I know how to play the piano and I love it. For me the music is one of the most beautiful things.

"When I return from the U.S. probably I will work for myself for my family. But certainly if I could, I would like to continue my studies.

"Since I was a little girl, I was hearing from my sister about the wonderful American people, the American customs and everything else, about this beautiful country.

"To visit this country is a lovely dream and the only thing I want for now."

## Two Injured In Smashup

Three people were involved in a one-car smashup near Muleshoe Wednesday night in which one was seriously injured.

Carlos Fierro Jr., 40, of Clovis, was reported in serious condition and unconscious in Green Hospital Thursday noon. He suffered head injuries and possible internal injuries in the crash southwest of Muleshoe Wednesday night.

The driver of the car, James Thomas Conley, was released Thursday morning after treatment and overnight confinement for observation.

A third occupant of the auto, Aubrey Rierson, was uninjured

in the crash. All three occupants were from Clovis.

Highway Patrolman James Freeman, who investigated the accident, reported that the car, a 1956 Chevrolet, turned over two and one-half times after sliding and skidding a total of 433 feet on the pavement and sand. He attributed the crash to excessive speed, a blowout and improper control.

Conley, a ranch hand, was taken into custody Thursday morning after his release and held for questioning on a possible charge of driving while intoxicated.

Conley, 23, gave as his address the Kimmo Hotel in Clovis after the accident that occurred one mile southeast of Muleshoe on US 84.

The vehicle skidded and slid 314.5 feet on the pavement and then 178 feet on the sand, turning over several times on the sand. Patrolman Freeman estimated the car's speed in excess of 85 miles per hour.

## Chamber Mgr. Takes Institute Executive Course

Carroll Pouncey, manager of the Muleshoe Chamber of Commerce returned Saturday night from attending the Northwest Institute for Organization Management, at the University of Colorado, Boulder.

The Institute is sponsored by the Chamber of Commerce of the United States and the Department of Continuing Education, University of Colorado.

This was the third consecutive Institute which Carroll Pouncey has attended.

The course of instruction consisted of the following university-level lectures:

The Chamber's Role in Government, 4 hours; Building an Organization, 3 hours; Problem Solving, 4 hours; Leadership, 2 hours; Job Analysis, 2 hours; Economics, 4 hours; Communications, 4 hours; and Group Relations, 6 hours.

## Judd R. Clark Services Held

Judson Robert Clark died at the Green Hospital last Saturday morning following a long illness. He had reached the age of 59 years, 10 months and 15 days.

Mr. Clark, known as Judd to his host of friends, was born to Fred and Elsie Clark August 21, 1901, at Gravity, Iowa. Judd has lived in the Friona, Lazbuddie area since 1916. At that time he came to Texas with his parents from Iowa. He first lived north of Friona, then in Friona, then near the Hubb Community. In 1926 he located on his present homestead here in the Lazbuddie Community.

Judd was united in marriage to Fernie Edith Hanson January 13, 1936, at the bride's home near Lazbuddie. No children were born to this union even though a host of them were among their most beloved friends.

Judd is survived by his wife Fernie, one brother, Lewis Fred Clark of Woodburn, Ore.; two sisters, Dollie Elsie Cumming of Woodburn, Ore., and Nellie Mae Strickland of Bakersfield, Calif. A large host of friends mourn Judd's death.

Mr. Clark was an active and faithful member of the Lutheran Church.

Pallbearers were Alfred

(Continued to page 6)

## W. R. Young Buried Sunday

W. R. Young, pioneer resident of Bailey County, died Friday, July 14, in Green Hospital and Clinic after a prolonged illness.

Having lived in Bailey County since 1929, when he moved to the Baileyboro Community, Mr. Young was well known by most residents of the area.

Born Winifred Riley Young in Hardeman County in 1902, Mr. Young lived to the age of 59 years, 5 months and 23 days. He was a longtime farmer in the southern part of Bailey County, having cleared the land he farmed.

His wife, Johnnie, preceded him in death. Surviving him are his mother, Mrs. J. R. Young, Chillicothe, Texas; two sons, John and Jim, both of Muleshoe; a daughter, Mrs. Richard Rodgers of Lubbock; and a grandson.

Other survivors include three sisters, Mrs. Bettie May Arledge and Miss Agnes Young, Chillicothe, and Mrs. Mary Newberry, Hamlin; three brothers, W. E. Young of Muleshoe; Hollis Young, Halfway; and Selby Young, Pasadena.

Services were held Sunday in the First Baptist Church, Rev. (Continued To Page 6)

## H. N. Seymour Dies In Earth

H. N. Seymour died Wednesday morning at the home of his daughter, Mrs. Perry Martin, in Earth, at the age of 91.

He is survived by his wife, Roxie Viola Seymour, one son, Carl L. Seymour, Elida, New Mexico; three daughters, Mrs. A. D. Taylor, Mrs. Perry Martin and Mrs. Harvey Evans, all of Earth. Nine grandchildren and 17 great-grandchildren also survive him.

Services were held at the Church of Christ in Tipton, Oklahoma, today, with burial in the Tipton Cemetery.

A retired farmer, Mr. Seymour had lived in Earth since 1945, having moved to Lamb County from Tipton, Oklahoma.

## Jr. Olympic Team Captures Laurels

The Junior Olympic track team competed in the Annual AAU Track and Field Meet in Lubbock July 15, taking third place in the meet.

Lubbock took first, Quanah came in second.

Jimmy Cabrera placed second in low hurdles, David Roberts took second in pole vault, Dick Pylant came in fourth in the shot put, and Robert Seagraves captured first in high jump with a six foot leap.

Third in the high jump was David Roberts. Roy Donaldson, Charles Ledbetter, Mac Brown, and Mike Bean placed third in the sprint relay.

In the girl's division, Diane Chappel and Lola Harrell took first and second in the high jump. Jan Eubanks led the field in the softball throw, with Don-

na Heard coming in third in that event.

Lola Harrell and Peggy Lewis were first and third in low hurdles, while Peggy Lewis, Rhonda Wagon, Diane Chappel and Lola Harrell came in third in the 220-yard relay.

Jeanne Wagon, Donna Heard, Pam Splawn, and Connie Connell were second in the junior division 220-yard relay.

In the 220-yard shuttle relay, second place went to Sandra Glaze, Harriett Glaze, Vickie Kelly, and Ava Harrell.

Each placing first, second, or third received a medal.

Accompanying the team to Lubbock were Mrs. Connell, Mrs. Splawn, Mr. and Mrs. Melvin Mackey. The team was sponsored by the West Plains Recreation Association.

## Cotton Aphids Giving Trouble On Some Farms

Lady bugs and other beneficial insects are not doing a complete job of keeping down the aphid problem in Bailey County and some spot spraying is being done for these harmful cotton pests.

Cotton aphids, the principal insect worry of cotton farmers, have gone out of control in certain areas and are being treated with parathion sprayed from airplanes.

J. K. Adams, County Agent, warns that spraying for insects at this late date of the season invites heavy boll worm trouble later on because any control used to kill aphids will also kill good insects that will eat boll worm eggs.

## Enochs Man Named Outstanding Farmer

by JOHN PETTY

Littlefield Press Staffer Donald Joe Cox, Enochs farmer, was recently named Outstanding Young Farmer by the Bula-Enochs Young Farmer's Association.

Cox, 30, will represent Bailey Hockley, Lamb and Cochran Counties at the district competition in Plainview. Winner in district competition will go to state, where the winner there is being awarded a new tractor and \$2,500.

Cox began farming on his own ten years ago on half a section of rented land. In 1952 he bought the land that he now farms. He then drilled a well on the dry-land farm and began to irrigate. He rented a drilling rig and ran it by himself to drill the well.

Cox has several inventions to his credit. He first built a machine to separate green bolls from good, white cotton. Then he devised a low cotton kicker, followed by a combination of a combine and a row binder, which allowed him to harvest 2,500 pounds of feed per acre that otherwise would have been lost.

Cox later designed and built a defoliating tractor. Since the acid used to defoliate continually ate metal tanks used for containers on the tractor, Cox decided to use a fiberglass tank which is now being considered for manufacture by a commercial manufacturer.

## PATENT PENDING

Cox has applied for a patent on an elevator-cleaner for a

boll-puller that will put nothing but white cotton in the trailer, throwing the burs back onto the ground and putting green bolls into a separate compartment.

He figures that when his elevator-cleaner is perfected it will help farmers save the cost of hauling burs back from the gin to fertilize because they will already be on the ground, raise the grade of cotton because it will do away with having any crushed green bolls or burr trash in the fiber, lessen ginning cost because farmers will not have to pay for the weight of the trash, and let the harvester put more cotton in the trailer.

## Bula Teacher At Summer Institute

Gerald Leon Thompson, Bula High School biology teacher, is nearing completion of academic and field work for an eight-week course at Texas Tech.

Thompson is enrolled in the third Summer Institute of High School Teachers of Biology, along with 65 other high school teachers. The institute will end August 3.

Purpose of the institute, which is sponsored under an \$86,000 National Science Foundation grant, is to provide advanced science education for biology and general science teachers.

Each teacher receives a \$75 wage and travel expenses are provided for by the NSF grant.

HANDING OVER THE KEYS to the Education Building of Trinity Baptist Church is George Mayo, manager of Higginbotham-Bartlett Co., who contracted the building. Rev. Troy Walker receives the keys as W. R. Bowers, carpenter and chairman of the church building committee looks on. (See Story Page 6)

# News FOR Women

## Sewing Sisters Will Represent 4-H In Review

Goldialu, 18, and Jona Kay Goucher, 11, will represent Bailey County in the District 4-H Dress Review in Lubbock July 25.

Goldialu received high score in the best dress category with a pink and white cotton checked party dress. The dress has a full skirt, boat neck and short ruffled sleeves. With it she wore jeweled flats and a pearl necklace.

Jona Kay will represent this county in the skirt classification, wearing a blue, white and grey striped, pleated skirt with a white blouse and loafers.

The two are the daughters of Mr. and Mrs. S. E. Goucher of Muleshoe.

Also winning places in the dress review were Joy Williams in the school dress class and Jane Williams and Betty Harbin in the skirt class.

Judging the review were Mrs. M. T. Tannahill, Friona, and Mrs. Mary Hellen Lackey, Hereford.

## Rebekah Meeting Held Tuesday

The Muleshoe Rebekah Lodge No. 114 met Tuesday night at the Lodge hall with their newly appointed Noble Grand, Diane Stewart, presiding.

A letter was read from the Brownfield lodge inviting the Muleshoe lodge to a banquet which will be held in Brownfield honoring the Grand Master of Texas, C. V. Riley.

The honors of a Certificate of Commission for Lodge Deputies was given to Argile Miller. Lucille Gross was appointed to the left support of the Noble Grand, by the new Lodge deputy.

A gift was presented to the past Noble Grand, Cora Snyder. Seven members were in attendance.

## Davenport-Stovall To Wed July 31

Mr. and Mrs. L.H. Davenport of Route 5 Muleshoe, are announcing the engagement of their daughter, Betty Joan, to Jessie Stovall, son of Mr. and Mrs. N. F. Stovall of Muleshoe.

They have set the date of their wedding for July thirty-first. The couple will make their home in Muleshoe where he is employed at Piggly Wiggly.

## Canton Meets, Tells Convention Plans

The Muleshoe Canton and Auxiliary met Friday July 14, at the 100F hall.

Vice-President, Alma Yolner of Littlefield, presided over the meeting. Callie Williams was reinstated into the order during the meeting.

A report was read to the effect that a meeting of the State Secretaries, scribes and clerks will be held in the Windsor Hotel in Abilene on August 12 and 13.

Members present were: Mr. and Mrs. Willie Stewart, Charlie Stewart, Alma Yolner and Callie Smith, from Littlefield and Mr. and Mrs. Tom Berry, Mr. and Mrs. J.W. Holmes, and Mrs. Ina Owen of Muleshoe. One visitor was also present Refreshment of Pie and Coffee was served.

## CARD OF THANKS

We wish to take this means to thank the doctors and nurses of Muleshoe Hospital and Clinic and our many neighbors and friends for their many acts of kindness, prayers, floral offerings, and food at the loss of our beloved husband, father and brother, Randall Earl Kimbrough.

May God richly bless each of you is our prayer.

Mrs. Randall Kimbrough  
J. C. Kimbrough

Mr. and Mrs. Alvin DeBord  
Mr. and Mrs. W. D. Kimbrough.

## HARPERS VISIT DOWNSTATE

Mr. and Mrs. L. A. Harper of Muleshoe and Mrs. E. E. Harper and Jack of Circleback, have been visiting in Dallas and Mineola with relatives.

In Dallas, they visited in the home of their son, Mr. and Mrs. Frank Harper. They went on a sightseeing tour of the city, and enjoyed most of all their tour of "Big City," the shopping center built within glass walls and covering a large area.

They visited for a time with Mrs. Pearl Robinson, a sister of Mrs. E. E. Harpers, in Mineola. Mrs. Harper will spend about two weeks there before returning to Muleshoe.

The L. A. Harpers and Jack returned Sunday night.

## Couple To Wed Here August 5

Mr. D. Aylesworth announces the engagement and approaching marriage of his daughter, Beatrice, to Mr. Raymond Moore, son of Mr. and Mrs. George Moore, of Espanola, N. M.

Vows will be exchanged August 5 in the First Christian Church of Muleshoe, at 3 p.m. All friends and relatives of the couple are cordially invited to attend.

## Witnesses Meet In Oklahoma City

Mid-summer convention plans are being finalized by the Muleshoe Congregation of Jehovah's Witnesses, it was announced today.

Boyd Lowery, local presiding minister, will head a delegation of about 15 from here to attend the United Worshippers district Assembly of Jehovah's Witnesses in Oklahoma City, August 8 to 13.

Lowery said the meeting will be held at the Oklahoma State Fairgrounds grandstand, and is expected to draw upwards of 10,000 delegates. It will be one in a series of 13 regional assemblies being held this summer by Jehovah's Witnesses in the United States, Canada, and Europe.

These conventions will have a uniform theme and program, consisting of morning, afternoon and evening sessions of Bible talks and practical demonstrations.

## ELLINGTON CHILDREN ENJOY TRAIN RIDE

Carla and Eddie Ellington, children of Mr. and Mrs. Carl Ellington, have been visiting at Killeen with their grandparents, the J. E. Ellingtons.

Mrs. Ellington brought the children home and spent 3 days here.

The trip home was made by train which was very much to the children's delight.

## SUNDAY TOPICS ANNOUNCED

The Sunday sermon topics, as assigned from the Most Reverend Bishop's office in Amarillo, for the Immaculate Conception Catholic Church here in Muleshoe for the remaining Sundays in July have been announced.

Sunday, July 23rd - The Mass: the idea of sacrifice.

Sunday, July 30th - The Mass: A sacrifice.

Sunday Holy Masses for the month of July are at 7:30 a.m. and 8:30 a.m. besides a Sunday Holy Mass is celebrated at 10:00 a.m. in the Earth Theatre, Earth, Texas.

## CLAYBROOKS RETURN FROM VERNON

Mr. and Mrs. Bill Claybrook and children returned Sunday from Vernon, Tex., where they had been visiting, while there they visited with his parents, Mr. and Mrs. W.E. Claybrook a brother, A. L. C. Roy Claybrook and family from Topeka, Kan., and in the home of Mrs. Claybrook relatives, Mrs. Carra Ashley, Miss Jean Ashley and her father Jack Ashley.

## MATHIS ON DEAN'S LIST

Listed on the dean's honor roll for the spring semester at Eastern New Mexico U., Portales, was David Mathis, of Muleshoe. The dean's list contains the names of students who averaged "B" or better, indicated by a 3. His average was 3.1. David, a senior, is the son of Mr. and Mrs. Birt Mathis, of Muleshoe.

## Roses Assured High Quality By New State Law

The letter from an irate home gardener bore a familiar complaint: "I ordered a dozen rose plants from a catalog that pictured a beautifully-flowering bush loaded with large roses. What I got was little more than a bundle of thorny sticks, some of which produced a few sickly roses and others that never grew at all."

Another writer said, "A roadside trucker sold me some rose plants which turned out to be little more than climbing vines with tiny buds after I was led to believe I was getting the best quality roses available."

Numerous letters filled with similar tales of woe reach the mail box of the Texas Department of Agriculture each year. The implications were serious. Texas is noted world-wide for its fabulous roses.

It was not unreasonable for the buyer to expect the very best in a state that produces the best, but many buyers failed to realize that an unregulated area can fall prey to horticultural state's reputation for fine "junk peddlers" who capitalize on the state's reputation for fine roses.

## PROBLEMS SOLVED

This year the Texas rose industry banded together and requested the Legislature to help protect the reputation of Texas popular flower. The result was the Texas Rose Act (S.B. 400) which provides for compulsory inspection and grading of roses sold within the state.

This law not only helps assure high standards for the unique Texas product but also guards against the "fly-by-nighters" who import inferior products into the state which might mislead the buyer.

The strongest advocates for this new grading law are the Texas rose growers and dealers, themselves.

Conscientiously devoted to the production and marketing of "the world's best," rosemen

**DEADLINE FOR SOCIETY COPY**  
Because so much society news is tendered for publication, The Journal finds it necessary to establish a copy deadline. This deadline is 5 o'clock Tuesday afternoon. We ask your cooperation. To be sure that your social, club, church news will be published, please turn in the story by the hour set above.

## Miss Goucher Is Home Ec. Choice

Goldialou Goucher, daughter of Mr. and Mrs. S. E. Goucher, was chosen by the classroom teachers of Muleshoe High school as the outstanding girl in Home Economics.

She was also awarded the 22-inch Neechi Trophy given by the Harvey Bass Neechi Sewing machine agency in Muleshoe.

## Shower Honors Mrs. Webb Wednesday

Mrs. Jimmy Webb was honored with a pink and blue shower Wednesday afternoon in the home of Mrs. Frank Lee.

Mrs. Webb received many lovely gifts. The hostesses gift was a Nylon blanket. Hostesses were Mrs. Frank Lee, Mrs. Shirley Cline and Miss Lawanna Lee.

## Busy Schedule For Youth Director

MISS ALEX FOY

Miss Alex Foy, Youth Director of the First Methodist Church for the summer, has had a busy schedule and yet lots of youth activity ahead.

During the week of July 17 through 22 the local church and churches from surrounding towns will be completing Youth Activity Week. The following week, July 24 through 28, the theme for the Jr. High M Y F members will be Christian Advancement.

Miss Foy will go to Ceta Canyon as an adult counselor for the Jr. High Camp there, from July 31 thru Aug. 4.

The Senior M Y F Ramble is slated for the week beginning August 7. The tentative plans are for the group to go to Colorado Springs, and the purpose of the Ramble is to plan next years youth activity program.

Miss Foy is from Sweetwater, Texas and is a student of McMurray College of Abilene.

## Miss Burkett Is Shower Honoree

Miss Juanita Burkett, bride-elect of Jack Roubinek, was honored with a gift coffee in the home of Mrs. Clayton Sanders, Friday, July 14.

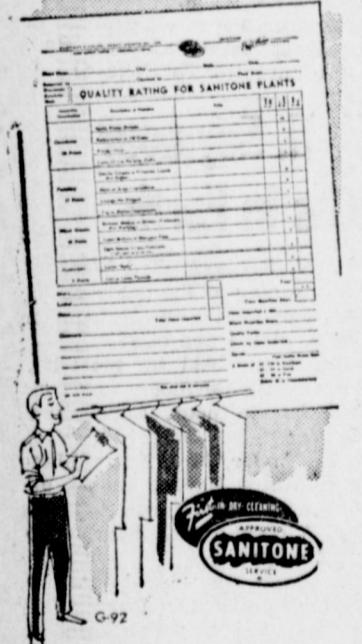

Corsages of white carnations were presented to Miss Burkett, her mother, Mrs. Bob Burkett, and Jack's mother, Mrs. R. L. Roubinek by the hostesses.

Miss Linda Sanders registered the guests and Misses LaNell Boothe and Sandra Harris served coffee, mignon balls and sweet breads from the serving table which was decorated in the bride-elect's chosen colors of pink and white. The table was covered with a white lace cloth and centered with an arrangement of pink and white carnations.

The hostess gift to the honoree were Mmes. David Anderson, Ben Chapman, Farris Heathington, Wilma Gilbreath, Jack Young, Tye Young, E. K. An-West, Robert King, B. H. Bickel, mons, L. S. Barron, Allison Cassidy, Oscar Allison and Clayton Sanders.

The hostesses gift was an electric mixer.

## Top Quality Dry Cleaning Starts with this RATING SHEET

You may never see this quality rating sheet, but you can see and feel the difference in our Sanitone Dry Cleaning when the finished garment is delivered.

That's because every garment that goes through our plant is carefully inspected and checked against these quality rating points to make sure that your clothes always come back clean as new... looking and feeling as soft and fresh as the day you bought them.

Try our Sanitone service today and make your own quality check.

### THREE WAY NEWS

Mr. and Mrs. Ted Furgeson of Shallowater visited in the Jack Furgeson home Sunday. Ted is a nephew of Jack. The Ted Furgesons are former residents of Three Way.

Mr. and Mrs. Thurl Lemons visited Thursday and Friday at Roswell with Thurl's brother.

Kym Petty of Lubbock spent Saturday and Sunday with her grandparents, Mr. and Mrs. Cecil Cole.

Spending the weekend at Ruidoso were Mr. and Mrs. Pete Tarlton, Mr. and Mrs. C. J. Feagley, and Mr. and Mrs. Frank Griffith.

Guests in the Frank Griffith home last week were Mrs. Winnie Young and Mrs. Bula Corey of Pampa, and Mr. and Mrs. J. L. Balleas and girl of Farwell. Mrs. Young and Mrs. Corey are aunts of Mrs. Griffith.

Ed Latimer was hospitalized last week at West Plains Hospital in Muleshoe due to a stomach ailment. He was released Thursday.

Damage from the hail Wednesday night was high over the community. Hundreds of acres of cotton were destroyed.

Pfc. and Mrs. Bobby Quisenberry of San Antonio are expected to visit in the Jack Lane home this week. Quisenberry is a brother of Mrs. Lane.

Mr. and Mrs. Glenn Brinker and children of Tatum, N. M., visited Wednesday in the home of his parents, Mr. and Mrs. D. P. Brinker.

La Gean Caldwell of Pampa was a house guest of the Conrad Williams last week.

Gary Davis of Hale Center spent the weekend with his cousin, Rickey Galt.

Visiting at Portales with the T. G. Gaddys over the weekend were Mr. and Mrs. Tommy Galt and Madylin, and Kathryn Masten. Sunday Mr. and Mrs. L. W. Capman and Mr. and Mrs. Cass Stegall joined them for a picnic lunch at the park.

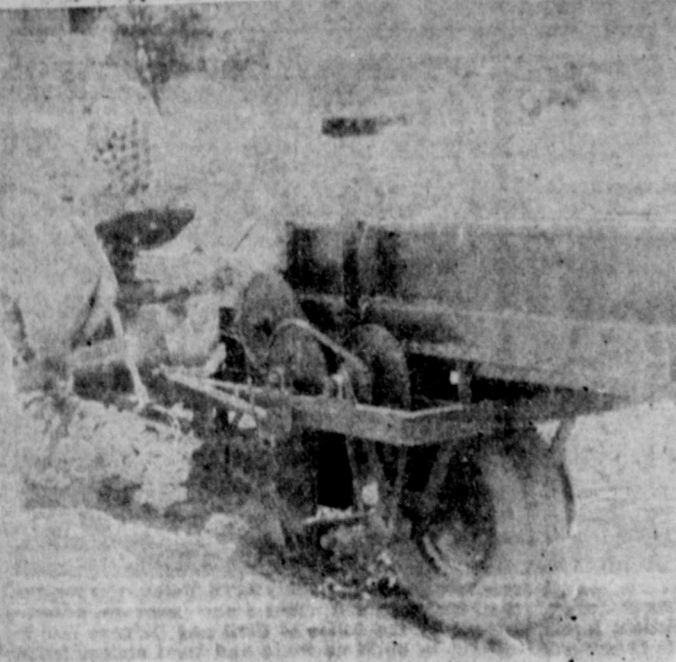

Kathryn Masten was honored with a birthday party at her home Friday. Guests were Mad-

lyn Galt, Julia Burkett, Janice Toombs, and Doyle Davis.

Mrs. Louis Henderson was hostess to the Goodland Bible Study Club last week. The lesson was in the Book of Joshua. Members attending were Mesdames: Kenneth Corbell, Pete Tarlton, Buck Ragsdale, Tommy Galt, Cass Stegall, and one visitor, Mrs. T. G. Gaddy of Portales. The next meeting will be in the home of Mrs. Baker Johnson July 25.

The Three Way Methodist W.S.C.S. met at the church Monday afternoon to complete the study of the book, Basic Christian Beliefs. Attending were Mesdames: Leon Reeves, Ryford Masen, Cecil Cole, Tommy Galt and Cass Segall.

Guest speaker at the Methodist church Sunday was Mr. George Boreing of Morton, Rev. Lyndal W. Fletcher, pastor of the First Methodist Church in Muleshoe will be the speaker next Sunday.

**NEW KIND OF GRASS** — Jim Ward watches Midland Bermuda grass fall from the sprigger, a special planter designed to drop sprigs of grass into the furrow. Ward, along with Arvis Grogan and W. O. Stacy, operate a custom sprigging service in Muleshoe.

### New Grass Now In Use In Area

Several farmers around Muleshoe have recently planted Midland Bermuda grass in pastures. One such farmer is Orbie Jarman, Rt. 3, who planted sprigs of the hybrid grass Wednesday. Jim Ward, who was operating the sprigger, lists among advantages of the grass its fast growth, high protein content, high yield and ability to take punishment. He also said the hybrid grass will support several head to the acre on good land and that it responds well to high applications of nitrogen fertilizer under adequate irrigation.

Midland Bermuda, Ward said, is very tolerant of high lime content soils such as those found in Bailey County.

Growing to a height of about eight inches, the grass differs from common bermuda in that it has a coarser stem, is more re-

sistant to cold and grows taller. According to Ward, the yield of Midland Bermuda makes it one of the cheaper grasses. Yield is far superior to other grasses. It is comparable to coastal bermuda, which is found in the East, in that it thrives in this area as that grass does in that area.

Among disadvantages of the grass, Ward listed its hybrid quality. It must be planted from sprigs, as seeds will not grow. This also makes it more difficult to plant. Ward uses a special sprigging planter which drops 15-20 bushels of sprigs per acre.

### Parmer County Farm Bureau News

What would happen if the Congressman would vote for reducing Federal expenditures? No nation has ever survived inflation more than 40 years. If you earned \$12,307 in 1960, it was worth \$5,000 in 1939 dollars or 40.63 per dollar.

All tax resolutions introduced in the special session of the Texas Legislature include some kind of sales tax. Farm Bureau members in Texas have, for the past several years, voted against a sales tax, and Farm Bureau representatives in Austin are therefore bound to oppose any sales tax proposal this year.

Whether we will have a sales tax we don't know. If we don't, let Gilbert Kaltwasser, resolutions committee chairman, Herman Gerles, president, or someone know and a resolution to that effect will be introduced to Parmer County delegates in their convention in October.

There is a resolution which the House has passed, requesting an immediate determination of the reasons for the proposed increase in automobile insurance which was recently approved by the State Board of Insurance to become effective August 1, 1961.

And then there was a concurrent resolution introduced to request the Insurance Commission to delay effective date of the new, increased rates until this special session of the legislature has had time to consider possible legislation on this subject.

The tax bill favored by Texas Farm Bureau is HB 4, by Eckhardt, Hinson and McGregor. This bill would levy a tax of 1 cent per 1000 cubic feet on natural gas and 1 cent or more on revenue under the present 7 per cent production tax, the new tax would not apply.

Farm Safety week July 23-29 will be promoted by local Farm Bureaus all over the nation. Parmer County Directors voted at their last meeting to participate in the promotion to alert farmers and farm workers to the safety measures that might prevent injury or death.

**CONSIDER THIS:** A good name is rather to be chosen than great riches, and loving favor rather than silver or gold. Proverbs 22:1.

### New Marine Fuel Is Offered By Shamrock

The Shamrock Oil and Gas Corporation announced in Amarillo this week that a new product, marine fuel, will soon be made available to its dealers.

Shamrock recognized that despite the boating boom which has swept the country, there were few, if any, locations where boat owners in Shamrock's marketing territory could buy a high octane, unleaded fuel specifically designed for marine use. Shamrock's new marine fuel is rated at 88 research octane, and contains no tetraethyl lead additives. Lead is normally added to both regular and premium gasolines to raise the octane rating. Many outboard motor manufacturers and owners contend that lead additives cause harm to their engines. The new marine fuel is designed for those engines which require unleaded fuel, and it performs equally well in those engines that can use leaded fuels.

### SPECIAL REFINING

To get this high octane fuel without adding lead requires special refining facilities, and Shamrock blends it from high octane base stocks at their McKee refinery near Dumas, Texas. To facilitate handling and dispensing, the new product will be available in reinforced 55-gallon drums.

Shamrock has been test marketing marine fuel since late summer, 1960. Now it will be marketed throughout the company's entire territory, which includes Texas, Oklahoma, Kansas, Wyoming, Colorado, Nebraska, Arizona and New Mexico. There is a high concentration of boat owners in the Texas-based company's marketing area, and the boom in pleasure boating is just starting, Shamrock officials feel. They expect the demand for marine fuel to increase sharply within the next few years.

## West Plains Recreation Schedule

### MONDAY

9:00 to 10:15 — 4, 5, 6 grade boys basketball, Junior High gym.  
10:15 to 11:30 — 4, 5, 6 grade girls Basketball, Junior High gym.  
1:30 to 5:30 — Youth Building, open, quiet games.  
7:30 to 10:00 — Youth Building, Square Dancing, Bob Glass, teacher.

### TUESDAY

9:15 to 10:15 — Tennis, boys and girls, Junior High gym.  
10:15 to 11:30 — 7, 8 grade girls basketball, Junior High gym.  
1:30 to 5:30 — Youth Building, open.  
7:30 to 10:00 — Youth Building.

### WEDNESDAY

9:00 to 11:00 — Trampoline, boys and girls at Don's Jumpville, free.  
1:30 to 5:30 — Youth Building open.

### THURSDAY

1:30 to 5:30 — Youth Building open.  
7:30 to 10:00 — Youth Building, square dancing, Bob Glass, teacher.

### FRIDAY

9:00 to 11:00 — Tennis, boys and girls at Junior High gym.  
1:30 to 5:30 — Youth Building open.

### SATURDAY

8:00 to 11:00 — Youth Building, "Sock Hop".

Games at the Youth Building are: shuffle board, table tennis, horse shoes, weight lifting, volley ball, basketball, badminton, mats for tumbling, and all types of quiet games, such as checkers, chess, etc.

The "5 Counts" from Clovis, New Mexico, will play for the "Sock Hop", July 29. The "Vibratones" are scheduled to play again for the "Sock Hop", August 12.

## Crow's Corner

by Arthur Crow

Perhaps you have noticed the new stop signs along avenue "B". As mentioned earlier these signs are replacing yield right-of-way signs at intersections where full visual clearance is not available. More signs will be replaced over the coming few months and other intersections treated to promote traffic safety. Your comments are invited. Incidentally the new stop signs are made of marine plywood and treated with a special paint by Muleshoe's own Jody Blaylock. While the signs cost about the same as those prepared by other companies—it is expected that they will save considerable money in maintenance. When a metal sign is bent, it is ruined costing the city some five dollars. Of course the wooden sign can be hacked or broken but I prefer to believe that the damage of the past has been caused by thoughtless youngsters rather than by those concerned with deliberate vandalism.

I've had quite a few questions lately as to when the improvement program authorized by the bond issue will begin. Final plans and specifications are being drawn at this time and the council and manager will check them shortly. It is my belief that the people of Muleshoe want us to "Make haste slowly" and double check all plans. This program is too important to us to make needless mistakes. The sanitary sewer program will probably be the first contract let and work should begin early this fall. The storm sewer and water program will move as rapidly as possible but Ralph Douglass, our Engineer, has wisely counseled us to submit our plans to the Fire Insurance Board and others for a final check before any work is done.

As a final note, lets all do something about the weeds growing on lots that we own this year. The city will mow city property, intersections and other public grounds but each individual should protect his neighbor by making arrangements to mow.

Who was it that said, "We must all hang together or we will each surely hang separately?"

(Omitted Last Week)

The vote Wednesday is an expression of the taxpayers of Muleshoe that they wish to improve our city. But it cannot all be bought with money. I wish to encourage every citizen to continue to ask questions, make suggestions, improve his property and work with his neighbors, his church and others toward a better, finer Muleshoe.

## Jennings Home Pictured In Magazine

You'd never recognize it, is the headline describing the rambling 9 room house of Mr. and Mrs. O. N. Jennings, located on the Plainview highway, which is pictured in the August issue of the American Home magazine, featuring remodeled homes "Space for the Space Age."

Pictured also was the original house, a compact 6 room two-story with double garage, and outside stairway leading to the top floor.

Mr. and Mrs. Jennings began remodeling, building to the west, planning as the building progressed until they had the house completed to suit their fancy. Many changes were made before all varied shapes of roof would fit.

Today the spacious home is a tourist attraction. Mrs. Jennings relates that numbers of people stop by and look at the house.

The original house is now bedrooms, and the one-story addition consists of an L shaped living and dining room combination, a large kitchen, bedroom and bath, and entrance hall extending from the front door, a living access to both the living room and kitchen from the front door.

The lower story of the house is faced with brick and the upper story is of board-and-batten panels.

### FREE MILK PROGRAM

The President of the United States has signed into law Senate Bill 146, which extends the Free Milk Program for needy school children for another year and increases the authorization to \$105 million.

There are many jobs which remain to be done. The person or city which becomes satisfied soon stagnates. With individual and teamwork effort coupled with caution, there is no limit to what we can accomplish.

The staff is in the process of surveying the traffic signs in the city and as a result several yield right-of-way signs along Avenue B are being changed to stop signs. This is being done where the sight clearance at the intersection is not sufficient to allow all drivers to see cars crossing their paths in sufficient time to stop.

Arch and Mr. Neely have asked me to ask that drivers report hazardous or unsafe intersections to city hall or to a council member so that they may be checked. Citizen participation is important.

**ADULT CLASS** in radiological defense at Wilmington, N. C., is given instruction on the use of monitoring instruments, reporting fallout levels, behavior of fallout, and other aspects of self-protection for home defense. The instructor is Col. Wilbur D. Griffin, training officer for the Wilmington-New Hanover County Civil Defense organization. He was hired under a new program, administered by the Office of Civil and Defense Mobilization, to build up State and local civil defense by Federal payment of half the cost of new employees and administrative facilities. (OCDM Photo)

## Off the Runways

Doings At Muleshoe Airport  
By MRS. NOAH KINSER

Mr. and Mrs. Norman Thomas and daughter, Leesa, flew by charter in the Muleshoe Flying Service Comanche with Morgan Locker piloting, to Tucumcari last Wednesday for a reunion with his sister, June Weyn of Chicago, whom he had not seen in 5 years. They met in the home of their parents, Mr. and Mrs. H. J. Thomas of that city.

Thomas said the family enjoyed the flight very much. He has in past years had some flight instruction and expresses hope to someday have time to devote to aviation again.

The Muleshoe Flying Service has joined other patriotic businesses in flying the flag daily. A flag pole has been put up in front of the airport office, and stands some 40 feet high.

Mr. and Mrs. J. K. Adams and family made a passenger hop in the Tri-Pacer Saturday for an aerial view of Bailey County crops and the town of Muleshoe. They have not flown in quite some time and enjoyed the ride.

Morgan Locker flew to Lubbock Tuesday afternoon to get a new Sanderson projector before time for Ground School classes Tuesday night, to be used in showing the Sanderson Visual Aid films. The projector that had been in use was faulty and was returned to the factory.

Instructor Fred Boyd says that the films are the most effective method of student training, as they allow the students to see on film, the formation of clouds and each type of cloud, plane being and other weather elements vital to a pilot, also all phases of actual piloting, along with functions of the aircraft.

Two more students have enrolled in the glider school. Both men are from Lubbock and began training Sunday. They are going to train for their instructor ratings. Hugh Yeates from Arch, N. M., is doing some glider flying and is progressing in that division as well as in aircrafts.

Aphids in the cotton makes busy days at the airport. Locker said they were yet running several hundred acres per day with the spray planes.

## How about a Fair Break for Railroads?

**we're asking your support for equal treatment by government of all carriers, including the railroads**

The Association of American Railroads has drawn up a document called "Magna Carta for Transportation."

We're asking for public support of this common-sense statement on public transportation policy, hoping citizens will recognize that an entire industry that serves them is being deprived of its natural rights—and will want to help!

What to do? Ask your congressman to help restore to the railroads these "four freedoms":

- Freedom from discriminatory regulation
- Freedom from discriminatory taxation
- Freedom from subsidized competition
- Freedom to provide a diversified transportation service

**BULA NEWS BRIEFS**

W.S.C.S. met Monday morning at 9:30 in the church building. The current study was on Women of the New Testament with "Salome" being the name of the lesson study. Mrs. Roy Young had charge and gave the opening prayer. Mrs. Blackman gave the devotional.

Attending were Mmes: Roy Young, Paul Young, B. L. Blackman, W. L. Clawson, C. L. Cox, L. H. Mdlin, C. K. Hol, F. L. Simmons, P. M. Lancaster, George Bahlman and E. B. Thompson.

Mrs. Minnie Speck had all of her children and grandchildren home for Sunday lunch. They were Mr. and Mrs. Wendell Lee Speck, Mr. and Mrs. Doyle King and daughter Rhonda, all of Muleshoe, and Mr. and Mrs. W. E. Speck, Karen and Rodney of Lubbock.

Mr. and Mrs. John Blackman visited over the weekend in Clarendon with Mrs. U. T. Dever and Mr. and Mrs. Roy Blackman.

Mr. and Mrs. Kenneth Wayne Middleton and children of Levelland spent the weekend in the home of his sister and family, Mr. and Mrs. T. L. Harper.

Mrs. Leon Kessler honored her son Gary, with a party to celebrate his ninth birthday Monday, July 10 from 3 to 5 p.m. After games were played and gifts were opened the children were served refreshments of ice cream, birthday cake and punch.

Attending were: Mitchell and Wilma Atry, Pam and Susan Layton, John Fred, Devaine and Leon Phillips, Jo Lynda, Patricia and Larry Robertson, Also Ron Risinger, L. D. Holt, Iva Star Clauson, Donnie Miller, Gary, David and Daran Kessler.

Visiting Monday with Mrs. F. L. Simmons were Mrs. Alice Lane from Pleasanton, Texas, Mrs. V. A. Lane of Muleshoe and Mrs. A. R. Puckett of Garland, Texas.

**PLEASANT VALLEY**

The Lamb County 4-H Dress Revue was held July 11 in the Amherst high school auditorium at 2 p.m. There were approximately 40 girls entered in this contest. They were divided into our groups: first year girls, making skirts; second year Division, girls under fourteen who have had at least 3 years of 4-H and have made a dress; junior Division, girls who are fourteen or over and have made dresses.

The Pleasant Valley 4-H Club had girls in the Junior and Senior Divisions. In the Junior Division Ramona McMahan placed third, Patsy Angeley, second, Lynn Pitts and Carolyn Allison placed first.

Lynna Pitts was chosen to represent Lamb County in the Junior Division at the District Dress Revue in Lubbock. Carolyn Allison was chosen alternate in this division. This is the third year that Pleasant Valley has had a girl to go to district in this division, so they feel quite honored. Lynna Pitts will go to compete in the District Contest July 25. Lynn Pitts, 11-year-old daughter of Mr. and Mrs. Kirk Pitts, is a member of the Pleasant Valley 4-H Club.

In the Senior Division Pleasant Valley had two girls entered. Veta Allison placed second and Sheryl Stevens placed first. Judy Tapley of Amherst was chosen to go to district and Diane Phillips of Littlefield was chosen as alternate.

Mrs. Jack Henderson's condition continues to improve and she expects to be dismissed from the hospital by the end of the week.

Oscar Allison is a patient in the Green Hospital at Muleshoe where he underwent surgery last Saturday. His condition is satisfactory.

House guests of the Gerald Allison's last Tuesday and Wednesday were: Rev. and Mrs. Grady Allison and children of Baytown, Texas, and Mr. and Mrs. Jimmy Dorsey and children. The Allison's and Dorsey's attended Wednesday night services at the Baptist Church in Sudan where Mrs. Grady Allison had a part on the program.

Darleta Pierce of Spearman is visiting her grandparents, Mr. and Mrs. John St. Clair.

Juanita St. Clair returned home Friday from Canyon where she attended a short course in debate.

Mr. and Mrs. Alvin Wade of Lawton, Okla., spent the weekend with Mr. and Mrs. D. W. Lackey. The Lackey home was the scene of a family reunion Saturday night. Those spending the evening were Mrs. H. E. Reeder Sr., Mr. and Mrs. H. E. Reeder, Jr., Mr. and Mrs. Perry Bowers and children, Mrs. Doliv Castleberry, and the Wades. Sunday visitors in the Lackey home were Mr. and Mrs. John Lewis Goode of Sundown.

Mrs. L. C. Walker and son Robert, of Lubbock, Mrs. Forrest Simmons and Mrs. Harvey Hickman of Earth visited the John W. Wests Monday.

Mr. and Mrs. Jim McKinstry returned to their home in Hagerman, N. M., Sunday morning, after visiting relatives in the area last week.

The home of Mr. and Mrs. Harold Allison was the scene of a family dinner Sunday night. The delicious dinner was enjoyed by the following relatives and friends: Dr. and Mrs. Kenneth Osborne and children of Lovington, N. M., Mrs. Sam McKinstry, Mrs. Joe Milsap Jr. and Veta Jo of Muleshoe, Roger Pool of Muleshoe, Buddy and Nan Pool of Clovis, N. M., Mack and Sam Allison.

Mr. and Mrs. John W. West and James went to Levelland Monday night for the Babe Ruth League Game between Plainview and Muleshoe. James is a member of the Muleshoe All-Star Team.

The Pleasant Valley Social Club has disbanded until the middle of September.

**METHODIST CHURCH SERVICES**

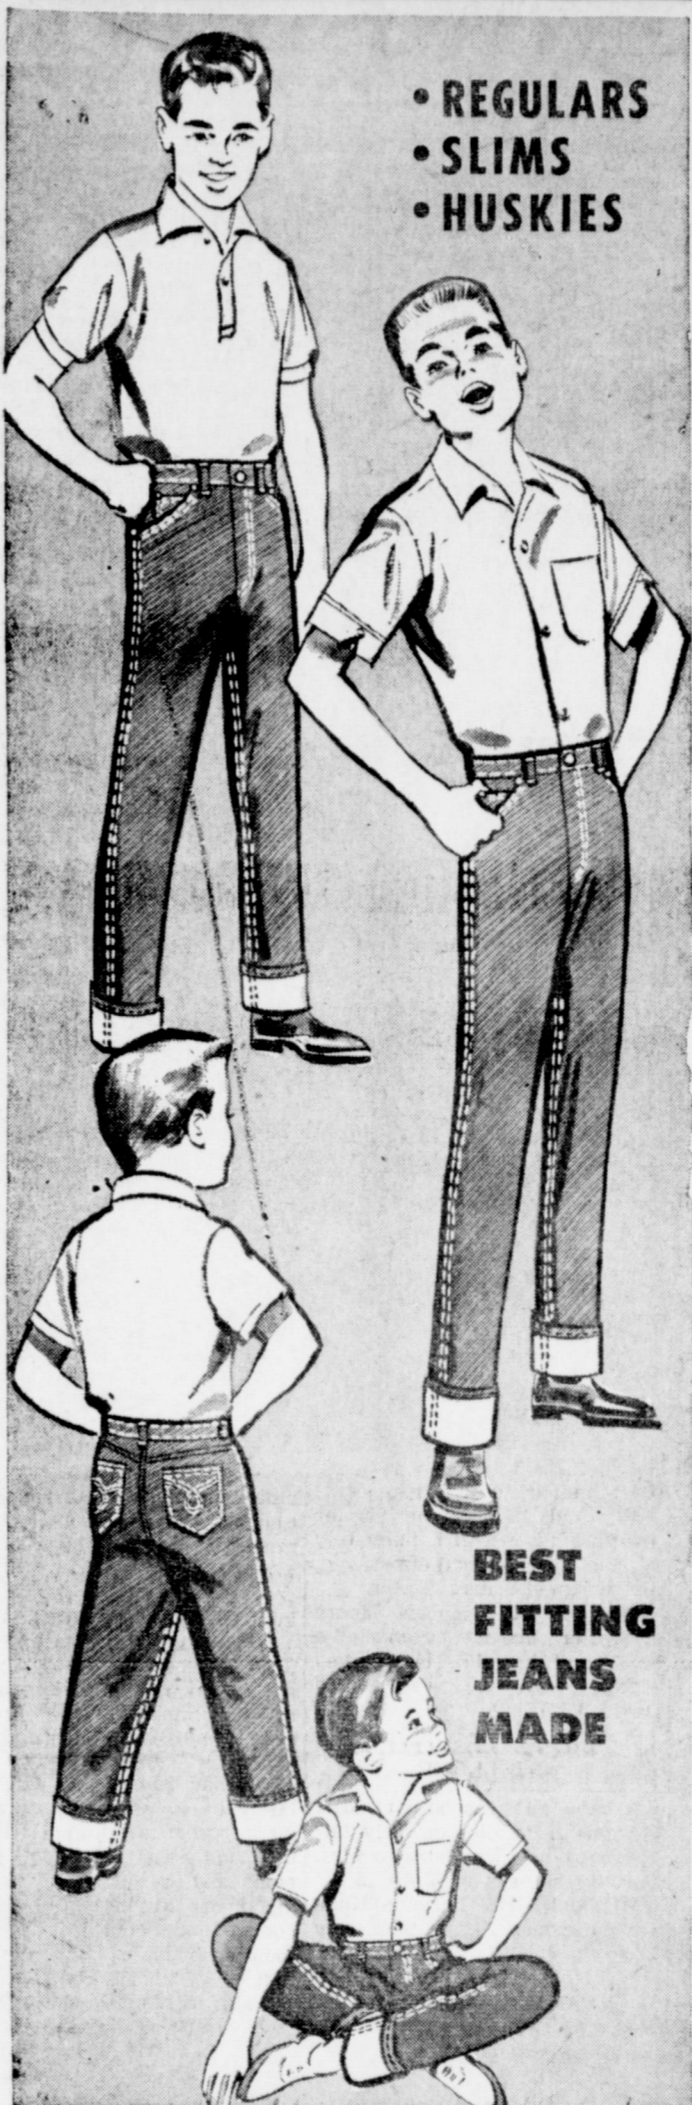

J. Frank Peary, Minister  
Sunday School ..... 9:45  
Morning Worship ..... 10:50  
Fellowship ..... 6:00  
Evening Worship ..... 7:00

The topic for the morning worship service will be Society, Solitude, and Salvation. I King 19 and Mark 9:14-20.

Day of Decision will be the topic for the evening service.

Accidents in farm homes over the nation killed 2,700 persons in 1959, says the Texas Farm & Ranch Safety Council.

One out of every seven persons killed in motor-vehicle accidents is a farm resident. There were 2,254 motor-vehicle deaths in Texas in 1960.

**KNOW YOUR INSECT ENEMY  
THE COTTON LEAFWORM**

Winter weather eliminates this cotton pest in the United States each year, according to entomologists.

But every spring, hordes of migrating moths fly into our country from tropical areas. These unwelcome visitors deposit billions of egg clusters on cotton plants. Hungry leafworms soon emerge to virtually eat their way across most of the cotton belt.

Their collective appetites are fantastic. Leafworms can strip cotton plants so badly that fields may appear to have been scorched by fire. The worms themselves are discriminating; they eat only cotton plants.

First signs of cotton damage may be tiny worms eating beneath the leaves. Larger worms in mass attacks often devour leaves completely, and eat into squares, bolls and bark. On ragged plants brown pupae are often found attached by silken threads to stems and leaf ribs.

Growers have found that early control is most economical. Young, tender worms are more easily killed and population buildups are prevented.

A new insecticide was widely adopted for leafworm control during 1960. This new material, called Sevin, is a carbamate. It introduces an entirely new and safer-to-use chemical to the cotton pesticide field. Growers have used Sevin in both dust and spray formulations for long-lasting protection against leafworm attacks.

Entomologists give these tips for effective leafworm control. Check cotton fields regularly and often. Spray or dust early to prevent buildups. For economy, use a broad-range pesticide to control many pests in fewer applications. And plow down cotton stalks right after harvest to deny insects a food supply.

**Make Swimming Safe For Kids**

To youngsters, summertime is swimming time. This is especially true of rural children, many of whom have a convenient farm pond available.

Unfortunately, many of these swimming excursions end in tragedy. All too often you read stories about children drowning while swimming in a farm or ranch pond.

W. L. Ulich, extension agricultural engineer, says most of the drownings that occur in farm ponds could be prevented if a few simple safety precautions were taken.

The first thing to remember is to never let anyone, adult or child, swim alone. Children should never, under any circumstances, be allowed to play alone anywhere near the pond.

It is also a good idea to keep life preservers handy, and to insist that non-swimmers wear them when playing in the pond.

"Life preservers do not mean plastic bags," Ulich warns. Although a plastic bag will support a person when inflated, they puncture very easily.

Simple rescue equipment should also be kept at the pond.

Cont. From Page 1—J.R. Clark (Kick) Steinbock, Benny Dyck, Ed. Steinbock, Raymond McGehee, Shanks Ivy and Adrian Wier.

Honorary pallbearers were Calvin Clark, John McGehee, Willie Steinbock, Demp Foster, Rhiney Steinbock and Hopper Ivy.

Services were conducted Tuesday, July 18 at 10 a.m. at the Church of Christ in Lzbuddie, Rev. Roy Grote, Lutheran minister from Littlefield, conducted the service assisted by Mr. Glen Annear of Lazbuddie. Burial was in the Muleshoe Cemetery.

(Continued From Page 1)  
J. E. Moore, Abilene, officiating, assisted by Rev. Don Murray. Burial was in Bailey County Memorial Park. Arrangements were by Singleton Funeral Home.

Active pallbearers were N. C. Moore, A. J. Shafer, Wilso Witherspoon, Ralph Ethridge, Joe Ashley and Don Moore.

Honorary pallbearers included Pat Bobo, Carl Bamert, W. Q. Casey, N. A. Dunlap, U. S. Cooper, Bo Ethridge, Alvin Webb and G. G. Young.

**Trinity Baptist Adds Ed. Building**

Trinity Baptist Church will move into a new Education Building Sunday.

The white brick building, containing 12 rooms, will house five departments in its 2400 square feet of floor space.

Costing about \$18,000, the structure is connected to the back of the church.

Two nurseries, a beginner's class, primary, junior and intermediate classes will use the new building. It will also house the Sunday School office and Pastor's Study, according to Rev. Troy Walker.

Rev. Walker said the church will have High Attendance Day July 30, with a 175 attendance goal for Sunday School.

Rev. Walker has been in Muleshoe since August 14. Since his arrival the church has bought a parsonage at 325 Dallas St., furnished the church auditorium with a piano and completed the new Education Building. Church rolls show an addition of 96.

**Firemen Enroll In A & M Fire School**

City Council members today authorized three men to attend the fire school at Texas A&M beginning July 23.

Vernon Bleeker, Owen Jones and Earl Ladd will be enrolled in the week-long firefighting school at College Station.

Bleeker will take a basic firefighting course involving the study of firefighting, rescue and first aid, among other topics.

Jones, who is fire marshal here, will take a course involving investigation for arson.

Ladd, city fire chief, will be enrolled in an officer's course which will include the study of coordination, administration and public relations, among other things.

Thirty to forty courses are offered at the gigantic school which draws a total of about 2,500 men to College Station each year.

Cities sending at least three men to the school each year receive a 5 per cent credit on key rate of fire insurance.

Fire Chief Earl Ladd said this amounts to a saving of more

than \$4,000 each year in Muleshoe on fire insurance premiums. Muleshoe residents pay a total of approximately \$80,000 in premiums each year. This saving would be lost if firemen from Muleshoe did not attend the school.

Last year Owen Jones, Earl Ladd, Jr., and Dutch LaRue were sent to the school.

**Revival Services At Three Way Begin Sunday**

Revival services will be held July 23-30 at the Three Way Baptist Church, with Rev. Earl Landtroop of Clovis, N. M., as evangelist and Mr. Eugene Oatman of Graham, Texas, in charge of the music.

Rev. Landtroop is a former pastor of several churches in this area. He is a graduate of Wayland Baptist College; has an A. B. degree from Baylor University; has an A. M. degree from Hardin-Simmons University; and has attended Southwestern Seminary.

He is a former Chaplain in the Army Air Corps, having served during World War II, and was discharged with the rank of captain. He is now Superintendent of Missions for the Plains Baptist Association of New Mexico.

Mr. Eugene Oatman is a farmer who has dedicated his talents to the service of the Lord. He has led singing in several revivals, and was for years director of the choir at the Loving Baptist Church.

Morning services will be at 9:00 a.m. and evening services will be at 8:30 p.m. Prayer services and a "Booster Band" will begin at 8:00 p.m. each evening.

A special invitation is extended to everyone to attend these worship services. Byron D. Hardgrove, Pastor, has announced that cottage prayer meetings will be held Wednesday through Friday of the week preceding the revival.

**Hi-Plains Tells Barley Findings**

Cordova barley and a cross of Texan and Ludwig were the earliest to mature in a test of eleven varieties of barley at the High Plains Research Foundation. The eleven varieties were planted October 15, 1960, and were harvested May 29 through June 1, 1961 at Halfway.

The yields in the test were as follows: Rogers, 116.4 bushels; selection No. 48-59-38, a cross of Cordova and Kido, 115.4 bushels; Wintex, 114.7 bushels; Cordova, 113.2 bushels; a cross of Texan and Ludwig, 100.7 bushels; selection No. 41-54-757, a cross of Cordova and Omigi, 100.6 bushels; selection No. 48-53-75, a cross of Cordova and Kido, 100.3 bushels; selection No. 41-54-133, a cross of Cordova and Omigi, 92.3 bushels; Kearney, 91.2 bushels; Tennessee Wintex, 90.1 bushels; and Harbine, 85.7 bushels.

Farmers who graze their barley will be interested to know that the two which had the earliest growth were Cordova and a cross of Texan and Ludwig. These two varieties were also the first to mature.

All varieties were irrigated and had a fertilizer application of preplant on October 7, 1960, of 300 pounds of 10-30-10 and topped in March, 1961 with forty pounds of nitrogen in the form of ammonium nitrate.

The barley test was conducted at Halfway by Delbert Langford, Associate Agronomist. This test is included in the intra-state fall-sown barley variety test conducted in co-operation with Texas A. & M., under the supervision of Dr. I. M. Atkins.

**Students Attend Speech Workshop**

Juanita St. Clair and Shirley Henry have just returned from a High School Speech workshop at West Texas State College in Canyon, Texas.

The girls main interest in the two-week session was debate, but they also received instruction in prose reading, poetry, poetry interpretation, persuasive speaking, and body movement.

The workshopers also assisted in the presentation of two stage plays, "Howdy Strangers" and "Stardust."

The group was treated to several terrace and picnic suppers while there. On July 4, they had dinner at the Top O' the Village in Amarillo, as guests of the Palo Duro players. Later the same evening, the Amarillo Globe-News hosted them to their fabulous fireworks display at the Amarillo Stadium.

Approximately thirty-five area students attended the workshop.

Accidents kill one farm resident every 45 minutes. Every 32 seconds a farm resident suffers an injury which disables him beyond that day.

Tractors and machinery, drownings, firearms and burns from fires are the leading cause of death on farmland and around farm buildings.

In 1944, the number of fatal accidents to farm residents reached 17,200. Currently, the trend is downward, 11,700 in 1959, the last year for which figures are available.

 based on the same general objectives—developing better understanding and fellowship among business and professional men, promoting community-betterment undertakings, raising the standards of business and professions, and fostering the advancement of understanding, good will and peace among all the people of the world.  
 Each year, this world-wide service organization continues to grow in numbers and in strength, President Fowler added, more than 300 new Rotary clubs were organized in 43 countries and four geographical regions were added to Rotary's membership roster: Gabon, Nigeria, Reunion, and Somalia.

**Stone's Throw**

by GARY STONE

(Dedicated to the principal of throwing rocks at EVERYTHING)

Little League is about over and now what is there for the rest of the summer? Swimming, of course, and movies, television and... and...

Why not BOOKS? How many kids these days sit down and read a good book? I don't mean comic books or Westerns. I mean good books.

I won't go into what books I think are good, because that is a matter of individual taste and, being a former English teacher, my taste runs a little high... perhaps even tilted.

It's a wonder, though, how many boys and girls have never read Mark Twain's work. That used to be the standard. His "Huckleberry Finn" is still rated the nearest thing to the Great American Novel, though, and it offers something for every reader.

Somebody asked, "Why can't Johnny read?" and my answer to that is that Johnny could read if he just would try a little bit. The trouble is, Johnny has grown used to reading below his level and his mind and eye have become lazy.

There are exceptions, of course, but most poor readers could overcome the fault just by doing a lot of reading. Anyway, if your kids get to yelling about not having anything to do, hand them a book and tell them to read. If they'll just try it a while, they just might find out they like it.

Chamber of Commerce Manager Carroll Pouncey has gone off and got himself better educated, as are three of the local firemen. Seems there are schools for everything now days, days.

We are non-partisan where politics are concerned. To prove it, here are two political stones being thrown around these days. A doll manufacturer is making a New Frontier Doll. When you wind it up, it puts a silver spoon in its mouth, waves a Harvard banner and then falls flat on its face.

On the other side of the political fence, there's also a doll out that does nothing for eight years after being wound.

That's all the ammunition in the revolver for this time, but we should have a fresh supply ready by this time next week.

**Childress Sisters Get Artesian Well**

A well that will produce water to irrigate 240 acres at no cost for fuel, in fact with no pump, has been brought in on a farm near Center, Colo., belonging to Misses Effie and Zeffie Childress, two retired Muleshoe school teachers.

The two sisters are back in town after seeing the well drilled and the artesian water start flowing. It was drilled to a depth of 1625 feet and the local ladies had some misgivings before it was brought in, for they had laid several thousand dollars on the line. Miss Effie got up early for several mornings to see if the water was still flowing.

The well produces good water at the rate of 1400 gallons per minute. Water temperature is about 72 degrees, they said, and this warmth ought to bring alfalfa up in three or four days. They have planted 80 acres to alfalfa and barley, hope to plant the remainder of their farm later. A brother of the Childress ladies is in charge of the place.

In Texas, farm machinery accounts for about 15.8 per cent of all on-the-farm accidents.

First of all, in accident prevention, the tractor itself should be kept in good condition. It should be clean and well adjusted, with good brakes, steering and clutch and throttle controls. Fuel leaks should be fixed immediately or not allowed to develop.

Farming is the third most hazardous occupation in the United States, with about 14,000 lives lost each year on farms. Over 1.5 million disabling injuries are suffered by farm people each year.

# Farm Safety Week Shows Need For Safe Practices All Year

July 23-29 has been designated Farm Safety Week to dramatize the need for year-round observance of safety practices that can reduce the terrific accident toll among farm and ranch residents, according to Calvin Pigg, president of the Texas Farm & Ranch Safety Council.

President Kennedy has proclaimed the period National Farm Safety Week and Governor Daniel has designated it as Farm Safety Week in Texas. Many county judges in Texas are issuing similar proclamations, Pigg said. Theme of this year's observance is "Safety is a Family Affair."

In his proclamation, President Kennedy called attention to the fact that more than a million farm residents are injured and thousands are killed each year in accidents, and that these accidents bring suffering and sorrow to our farm families and inflict heavy economic losses upon both the farm community and the nation.

Governor Daniel's proclamation pointed out that a vigorous farm accident-prevention education program will be conducted during this week by the Texas Farm Bureau, the Texas Farm & Ranch Safety Council, the Texas Agricultural Extension Service and the Texas Safety Association.

**"INCREASE VIGILANCE"**  
"I urge all Texas farm families to increase their vigilance against needless accidents and further encourage interested organizations and individuals to participate in this program," the Governor said in designating Farm Safety Week in Texas.

Selected for farm safety emphasis this year are two critical areas: rural highway and farm machinery safety. Motor vehicles claimed the lives of 5,300 farm residents in 1959, including 4,700 nonwork deaths. Recent studies show that more than one out of ten fatal

accidents to rural residents involves farm machinery other than tractors and motor vehicles. About 1,000 persons are killed each year in farm accidents, one-third of which occur on public roads.

The president of the Texas Farm & Ranch Safety Council notes that a different phase of farm and home safety will be emphasized each day during Farm Safety Week: Sunday, reverence for life; Monday, safety begins at home; Tuesday, agricultural chemicals; Wednesday, prevent falls; Thursday, highway safety; Friday, farm machinery; and Saturday, recreation safety.

**"DON'T LIVE SAFETY"**  
Pigg said the failure of rural people to observe safety in their daily living is a chief contribu-

tor to their safety record. He said this record includes a disabling injury accident every 32 seconds and a death every 45 minutes to farm residents of the nation.

The Council president said that even though farming activity hits a high mark at this time of year, a greater share of farm accidents occurs during the crop cultivating and harvest season.

"The rush of the season causes most of us to short cut and relax our usual guard in the operation of farm tractors and equipment and in handling livestock," he continued. "Recklessness can be the farmer's greatest enemy in the days ahead. No crop is worth the maiming or death of a Texas farm resident."

## JEWISH MASSACRE FILM COMING

Featured speaker Thursday evening will be the Rev. Louis Kaplan of New York City.

He will appear Thursday, July 20, at 7:45 p.m. at the Assembly of God Church in Muleshoe.

The Rev. Mr. Kaplan, a Christian Hebrew who is now a minister in the Assemblies of God, was the son of Russian Jewish parents who fled Russia during a period of massacre and persecution.

He entered the ministry in May, 1948, disposed of his New York real estate business, and since that time has traveled more than 350,000 miles speaking in churches and auditoriums

throughout the United States and Canada.

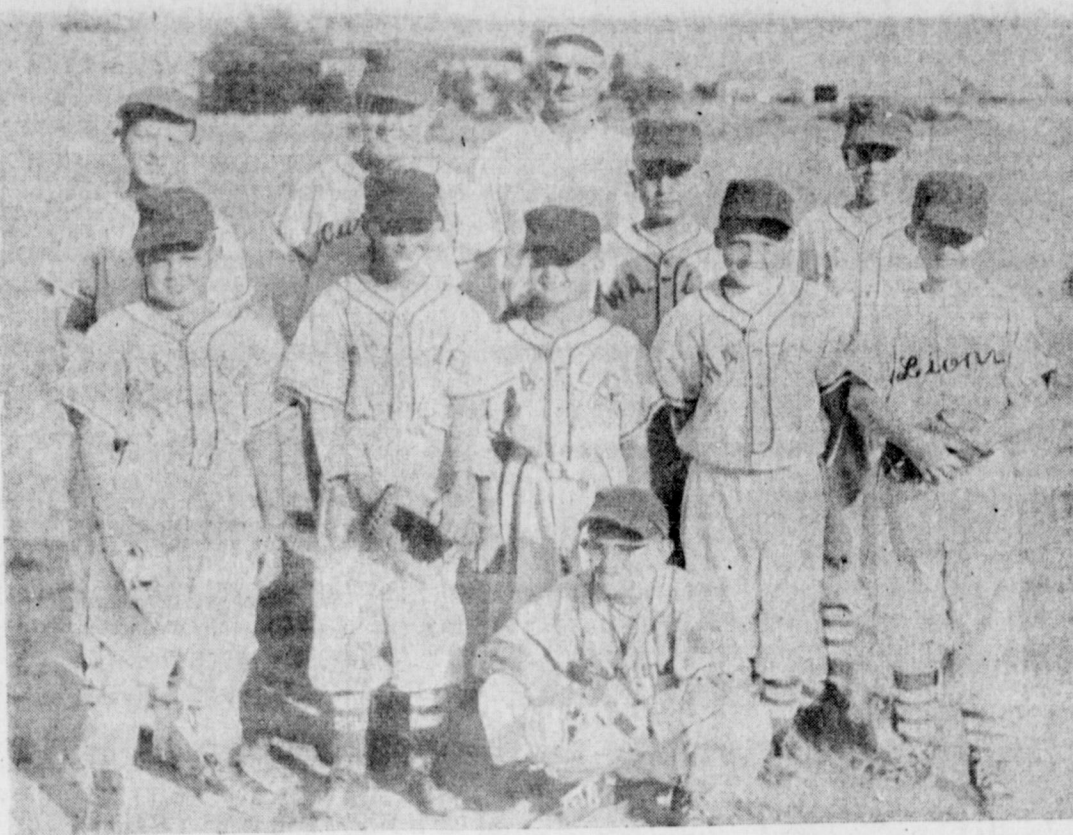

In his appearance here, he will be showing a sound motion picture "The Adolf Eichmann Atrocities," depicting the Auschwitz concentration camp where 2½ million Jews were gassed and burned. Also he will be speaking on the subject, "Why Did Russia Turn To Communism?"

He will deal with the questions "Will Khrushchev force a showdown with America over West Berlin and plunge the world into a nuclear war?" and "What great prophetic event would immediately follow if America invaded Cuba?"

**LUMBER JACKS** — Shown above are the Lumber Jacks. Front row, left to right, are Max Horsley, Steve Lindley, Gordon Lindley, David Hurd, Mile Welch and Rex Millisap. Second row, Roger Swint, Dick Shaw, Ronnie Shaw, Prentice Griffiths and Gregory Crosby. Back row, Stanley Johnson, Gary McClendon, Ronnie Barrett, Bob Luman and Lowry Lewis. Also on the team are Ronald Dove and Lewis Morris. Manager is Bob Ivy.

# More People Own Stock Shares Now

NEW YORK.—Bailey County, it appears, has its full quota of capitalists.

The number of local residents owning stock in publicly-held corporations adds up to 355, according to the latest tabulation, based on data gathered in 1959 and 1960.

This represents a considerable increase in the county's share-owning population since 1956, when similar surveys were made. At that time, there were not more than 155 stockholders locally.

The findings represent breakdowns that were made of national surveys taken by the New York Stock Exchange, the University of Michigan and others to discover who owns American business.

As of 1959, they show, there were 12½ million people in the country with money invested in common stock. Preliminary figures indicate that the number is now close to 15 million.

## VISITORS HERE FROM HENRIETTA TUESDAY

Visiting here from Henrietta, Texas, in the homes of Mr. and Mrs. O'Dean Heard and Mr. and Mrs. Bill Taylor, was Rev. and Mrs. Floyd Heard and family.

Rev. Heard is the minister of the Baptist church at Henrietta. He is a cousin of O'Dean Heard and Mrs. Floyd Heard and Mrs. Bill Taylor have been friends since childhood.

There is a considerable variation throughout the United States in the proportion of the population owning stock. The South Central States, which have been lowest in this respect, are now achieving the most rapid increase.

In the State of Texas, approximately 3.9 percent of the population are stockholders, the reports show.

This compares with 3.3 percent in the South Central States.

The growing urge to own common stock is attributed by G. Keith Funston, president of the New York Stock Exchange, to a higher level of personal income, to a rising stock market and to a greater public understanding of the investment process. Added to this, he says, has been the concern over inflation.

The studies show, on a national basis, from what income groups the shareowners come. Almost half of them are in households that have incomes of \$5,000 to \$10,000.

Another fourth, roughly, are in the over-\$10,000 household bracket. The remaining 25 percent are in households with incomes not exceeding \$5,000.

Among those who do own stock, it is found, two out of five have shares in only one corporation. As to the average investor, he holds 3.5 different stock issues. Less than one out of five has a diversified group of holdings comprising seven or more issues.

## News Of Men In Service

### Haffer Is Serving In Seventh Fleet

Jerry D. Haffer, electricians mate fireman apprentice, USN, son of Mr. and Mrs. Dale Haffer of Paducah, Tex., is serving aboard the attack transport, USS Cavalier, operating as a unit of the Seventh Fleet in the Western Pacific.

The Cavalier, a unit of Transport Squadron Three, departed San Diego, Calif., in June for a six-month cruise. Enroute to the Far East, the squadron participated in training exercises and upon arrival in the area, relieved Transport Squadron Five of duties with the Seventh Fleet.

In May, the squadron participated in 'Exercise Green Light' the largest amphibious exercise held off the Coast of California in two years.

### Frona Boy Sails With Radar Ship

Huey T. Dement, seaman apprentice, USN, son of Mr. and Mrs. E. T. Dement of Frona, is participating in Atlantic Fleet exercises during the months of June and July aboard the radar picket destroyer USS Bordelon.

The Bordelon is conducting anti-submarine warfare, escorting, and air defense exercises with the powerful Atlantic Fleet. Upon completion of the training period the destroyer will return to its home port where she is scheduled to sail for the Mediterranean during the month of August.

SANDHILLS PHILOSOPHER:

Family Size Farm Future About As Secure As World

Editor's note: The Sandhills Philosopher on his Johnson grass farm discusses the future of the family-size farm this week, without doing anything about his...
Dear editor: The future of the so-called family farm has been discussed thoroughly back and forth in recent years, especially by big city newspapers and magazines trying to get their minds off the uncertain future of cities, and they all conclude that there's no point in trying to artificially prop up the family-type farm if it can't stand alone, without of course interfering with the urban renewal plans designed to prop up cities that can't stand alone.

Johnson grass out here, not to mention several other improvements staring me in the face. Actually, I don't know what the future of the family-size farm is, but I doubt if it's any gloomier than the future of the nation-size nation or the world-size world. There's room for worry, any direction you want to look, and always has been. Everybody talks about the unfair odds farmers are fighting, and it's true, and many cases it's true that you don't make any money farming these days, still at the same time the picture isn't all black—some years you lose a lot less than you do others.

Yours faithfully, J. A.

THE GRIM REAPER

NATIONAL FARM SAFETY WEEK JULY 23-29, 1961

Tractor Safety Is Question Of Operator Safety, Care

We Americans seem to need an official "week" each year to remind us of things we really should practice every week of every year.

There's nothing wrong with the idea — the official reminder usually proves helpful—but too often too many people will substitute one week's observance for a year's practice.

National Farm Safety Week, to be celebrated July 23-29 this year, is a perfect example of a "week" that should be considered a continual part of rural life. Especially is that true in this area in which agriculture plays such a leading role in our economic life. It is just plain good sense to avoid the suffering and economic losses resulting from farm accidents.

Co-sponsored on the national level by the National Safety Council and the U. S. Dept. of Agriculture and on the state level by the Texas Farm & Ranch Safety Council, the Texas Farm Bureau and the Extension Service, the 18th annual Farm Safety Week has as its theme, "Safety Is A Family Affair". The Journal is glad to be among the many newspapers helping in the campaign to draw attention to the need for the year 'round observance of safety practices on the farms and ranches.

Accidents in American farm homes take about 2,700 lives a year, according to the Texas Farm and Ranch Safety Council, and some 3,400 persons are killed each year doing farm work. This is in addition to the 4,700 farm residents who die on the highways in non-work accidents.

If we think of safe practices as a means of doing things, rather than as a set of do's and don'ts, accident prevention will become a way of life—a way that will preserve the lives of farm families.

Suicide, Anyone?

By GARY STONE

Would you put a loaded gun into your mouth and pull the trigger? Probably not. But how many other things do people do that offer about the same chances of survival?

When the brakes go out on the old pickup truck do you say, "Well, I'll let it go until next month, and drive real careful until I can get it fixed," or do you take it right to the shop? Look out, those bad brakes can be just as deadly as the loaded gun.

When you have a clerking job to do, do you ever use gasoline? Look out! One gallon of gasoline equals 342 sticks of dynamite.

Do you ever take a tractor out on the road at night without lights? What chance would you have with a car hitting you from behind at 60 miles per hour?

Have you ever let a tractor, car, other engine run in a closed place? Carbon monoxide gas is deadly. It has no smell and can kill you just as certainly as can a loaded gun.

Accidents in the home account for a large portion of the deaths and injuries by accidents each year. Slippery floors cause a great deal of suffering each year. Misuse of items around the house can cause injury or even death. For example, how many times have you turned on a light when your hands were wet? How many times have you used gasoline to start a fire? How many times have you placed a lighted cigarette down and forgotten it?

If you wouldn't put a loaded gun to your head and pull the trigger, look around your home for other kinds of "loaded guns" that can kill without warning. Don't commit suicide by carelessness.

THE PRIVATE EYE

by J. R. HANEY

During the recent plea by city officials for the people of Muleshoe to keep water containers emptied and the weeds cut around their premises and on vacant lots throughout the city to help keep down mosquito infestation, the neat appearance of the grounds surrounding the John Purdy Gin has drawn considerable comment from residents and tourists alike.

Although not in use since the close of ginning season, Ginner H. F. Vandiver, maintains the area as tho it was in daily use, and without the weed growth and collection of rubbish sometimes found around gin yards, it has never taken on the look of "Closed for the Season."

We, who drive down this highway often, think this is worthy of comment by The Private Eye. Drive by.

A lot of people will travel to Littlefield this week to see our Little League All Stars play. This department and our News Editor will go and we hope to see many Muleshoe People there. 10-4

GUNSTREAMS RETURN FROM VACATION

Mr. and Mrs. M. D. Gunstream and children have returned from a two week vacation.

The Gunstreams visited in Ontario and San Diego, Calif., and made a number of sight seeing trips over the area.

They returned by way of Las Vegas, Nev., where they spent one night. They found the weather there extremely hot.

From there they headed back to Texas and Muleshoe.

BROTHER VISITS A. H. OWEN

Enoch Owen and daughter, Mrs. Grace Henry of Wichita Falls, visited in the home of Mr. and Mrs. A. H. Owen Saturday and Sunday. They returned to Wichita Falls Sunday night.

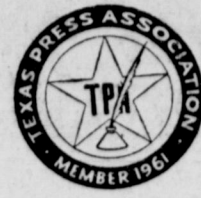

Other visitors in the Owen home were Mr. and Mrs. Matt Dudley, Mr. and Mrs. Elmo Owen, and Mr. and Mrs. Ben Higginbotham and daughters.

Clair Variety Store. The entire store has been completely remodeled and has had hundreds of feet of added floor space. The store is now affiliated with Ben Franklins and the Federated chains.

Work is progressing rapidly on the laying of new water mains in the city. To date 33 blocks have been put down and engineer, H. E. Musson, says he hopes to have the work completed by the weekend.

(Items from the July 17, 1941 issue of the Muleshoe Journal)

Clay Beavers, Spencer Beavers, Joe Ferris and H. A. Robb were in Dallas Sunday. They left Muleshoe about daylight, and after spending 4 hours in Dallas, they returned home and arrived here at 11:50 p.m.

Clay said they straightened out some of the curves going down, so the trip back didn't take so long.

Muleshoe grid star, Dick Standifer, has accepted an invitation to play as a back on the West team at the annual All-Star football game to be played in Plainview on August 29.

From towns over a wide West Texas territory, football stars who are winding up their high school careers, are being invited to participate in this All-Star classic.

The group of high school stars will be divided into two teams, the East and the West.

Saturday, July 19, marks the grand opening of the larger St.

Mrs. Martin Oliver was honored with a miscellaneous shower on Wednesday in the home of Mrs. John Smith.

The honoree received many lovely gifts. Co-hostess with Mrs. Smith were Miss Nona Faye, Miss Dorothy Ray Jones and Miss Le-la Barron.

The W.S.C.S. met Wednesday in regular session in the home of Mrs. Finley Pierson.

Mrs. Earl Hick led a round-table discussion on Dangerous Opportunity and concluded the study with a story on present day China.

After the business meeting and program was over, the hostess served the guest glorified rice to be eaten with chop sticks and Chinese tea.

Rev. and Mrs. Arrie Owen and sons arrived in Muleshoe Sunday to visit in the home of his father, Mr. and Mrs. A. H. Owen, and her mother, Mrs. Carl Heard.

The Owens are former Muleshoe residents, now living in Bloomfield, N. M.

BABSON DISCUSSES:

Hobbies As An Investment

Babson Park, Mass., July 20, 1961. Some readers may think this subject is a little out of my line, but so many of my friends have died of heart disease this past winter that I can honestly call hobbies a real investment.

A hobby is something which takes your mind off what is troubling you. You may have difficulty sleeping, or you may not have a good appetite, or you may be worried about the trend of the stock market or some unfortunate family affair. The cure is to get your mind on something else. An interesting hobby will do the job. Such a hobby, however, must be a "game" to you which will hold your interest, not a chore.

POSTAGE STAMP COLLECTIONS

One of the most popular hobbies indulged in by professional men—such as doctors, lawyers, ministers, and politicians—is stamp collecting: the late F. D. Roosevelt was a great stamp collector. It combines knowledge of geography with a possible chance for profit. Those who desire the latter, however, should confine themselves to stamps of one country, preferably those of the United States.

The same professional group turn also to painting—Sir Winston Churchill is a master in this. With a few painting lessons it is remarkable what an amateur can do. Now that "jazz" painting is in style an amateur may do better than a professional!

You cannot think of anything else when you paint. It often keeps you out-of-doors, and your paintings are always in demand by friends and relatives.

CARPENTRY WORK AND CRAFTS

These require a workshop somewhere in the house and the purchase of some machinery, which any hardware store will provide. Some executives make furniture for the older members of the family and others make airplanes for the kids, who love to watch. Among other hobbies let me mention golf, photography, leathercraft, flower making, wood carving, Indian lore, shell collecting, rug making, bead work, glass etching, jewelry, weaving, mosaic, panels, and carpentry of all kinds. My hobby is gardening—both vegetable and flowers.

Once each year "hobby shows" take place in all the larger cities. For information about these, write Hobby Show Office, 3443 South Hill Street, Los Angeles, California. Also, you might subscribe to a hobby magazine in which you would find advertisements relating to the special hobby you are following or considering. Just reading an issue of a hobby magazine may take your mind off your troubles.

WHY HOBBIES ARE INVESTMENTS

Those who have bought stocks on borrowed money are inclined to get nervous and unsettled when the market goes against them. They are unable to sleep and cannot do their best work. They even buy more stocks when they should sell, and vice versa. These people are in desperate need of a hobby which would take their minds off the stock market and give them a clear judgment as to whether to buy, or sell, or just hold.

As a temporary short-cut to "peace and plenty," many such worried people take drugs called "tranquilizers." These drugs give only temporary relief; while a good hobby would be much more useful and non-habit-forming. Every brokerage office should have magazines on "hobbies" as well as the Wall Street Journal and similar papers on the stock market.

Every reader of this column should have a hobby. Executives and others who are to be retired at 65 years of age should have a hobby before the time of retirement. Otherwise, they will be left with nothing to do, which leads to deterioration and early death. One more thought:—If I were a young man looking for a "profession," I would sell hobbies.

LOCAL BOYS ENJOY RUIDOSO WEEKEND

Darrell Oliver, Tommy Thomson, and Pat Childers spent the weekend in Ruidoso. Tommy and Pat are at home on vacation from summer school which they are attending at Tech, and Darrell has been at home since the end of the school term. All three boys will return this fall to colleges they attended last year.

Today's Meditation

Read Matthew 25:41-46. Inasmuch as ye have done it unto one of the least of these my brethren, ye have done it unto me. (Matthew 25:40.)

One day Mr. Oe, a great Christian pastor and author in Japan, was visited by a leper who had run away from a hospital. Mr. Oe was surprised and puzzled. He hesitated to invite him in.

He went from the door to his wife to ask about it. He said to her, "What shall I do? Shall I call him into the house, or shall we send him off?" His wife replied, "Suppose he were the Lord Jesus Christ. What would you do for him?"

Our Lord's aim was to help individual persons. He visited the sorrowing, healed the sick, forgave the sinful befriended the outcasts.

With His commands, Christ also gives us His strength and ability to love the least attractive.

PRAYER: Heavenly Father, may our daily aim be to do some kindness for those who are in need and so live in a way which is pleasing to Thee. Help us to see others as Thou seest them. May Thy love constrain us. May we realize the deep joy of serving Thee. We ask these things in the name of our Savior and Master, Amen.

THOUGHT FOR THE DAY

God leans down to the lowest and keeps a watchful eye on the smallest of His creatures. —Takashi Amemiya (Japan)

McGEES HAVE FRIENDS FROM LUBBOCK

Mr. and Mrs. Jerry Edwards and children from Lubbock visited over the weekend with Mr. and Mrs. H. G. McGe.

### LAZBUDDIE NEWS LETTER

Enjoying a social in the home of Luther Hall late Sunday evening were the Eddie Joe Halls of Friona, Mr. and Mrs. Menton Brown, Friona; and the Lee Browns of Byers, Texas.

Mr. and Mrs. Leon Wilson and Wade visited her parents, the Earl Schmitz, at Needmore Sunday.

Mr. and Mrs. Ira Wimberley and David attended the Ivy reunion at Lubbock Sunday.

Visiting in Lubbock Sunday with the Clifford Pruitts were Mr. and Mrs. Paul Zaun. The Zauns carried their grandchild Paula Beth, to see her parents. She has been staying with her grandparents while her mother recuperates from illness. Paula Beth returned with the Zauns to stay this week.

Mr. and Mrs. Joe Prater visited Thursday with Mr. and Mrs. C. T. Fraiser at Adrian.

Weekend guests in the Joe Prater home was their daughter and family the Bayne McCurrys from Edmondson. Dinner guests in the Prater home Sunday were Mr. and Mrs. C. D. Stafford and her mother Mrs. Lillian McCrain of Amherst.

Mr. and Mrs. Joe Prater and grandson, Roger McCurry, are on vacation this week at Red River.

The Primitive Baptist of the Hub Community are now having services in the Hub Community building each 1st and 3rd Sundays at 11 a.m. The speaker will be Donald Day from Canyon.

Al E. Jennings, son of the Finis Jennings, was guest speaker in the First Methodist Church in Muleshoe in the Sunday morning services. Bro. Jennings and his family are in the process of moving to Dallas where he will attend the Seminary there.

Mr. and Mrs. Eddie Joe Hall were in Lubbock Sunday visiting their uncle Jim Hall who is a patient in the Methodist Hospital there.

Mr. and Mrs. Lawrence King visited Sunday with his parents the Grady Kings. The Lawrence Kings are from Slaton.

Sunday dinner guests in the L. R. Hall home were Grover Ross from Portales and Bob Greg from Lubbock. The visitors were speakers in the Church of Christ in Muleshoe, Sunday.

Sharon Seay from Adrian is spending this week with Linda Monk.

Mr. and Mrs. A. T. Beavers spent this weekend with the Kenneth Seals.

Mr. and Mrs. Pete Mimms

were Sunday visitors in the Arthur Mooram home in Clovis.

Visiting in Holly and Lnare, Colorado, over the weekend were Joe and Marvin Mimms.

J. E. Nolan reported Monday that his father was still in McCurrys Hospital in Lubbock but was some improved. Mr. Nolan has been in the hospital for three weeks.

Mr. and Mrs. Charlie Smith were on vacation from Saturday to Wednesday at Alamogordo. The Smiths didn't do any fishing as the weather was too hot.

Mrs. J. J. Haun of Aztec has been visiting her daughter and family, the Don Schumanns. Last week the Schumanns accompanied by Mrs. Haun visited Mr. and Mrs. Lee Nichols and family in Harrison, Arkansas. Mrs. Nichols is Mrs. Schumanns sister.

Mr. and Mrs. Jewell Treider returned home Saturday from several weeks work in wheat harvest in Oklahoma and Kansas.

Larry Treider, son of the Jewell Treiders, is in Hobbs, N. M., at present. Larry and his band is employed at a suppe Club in Hobbs.

Birthday Greetings this week go to H. E. Gilmore, July 10; Charolett Davis and Patricia Peterson, July 11; Durrell Ray Elliot and Marsha Mayfield,

July 12; Mrs. Raymond Houston, July 13; and Gary Johnston, July 15.

Lou Ann Black and son Timmie entertained several of their friends with a barbecue and icecream supper the evening of the 4th in the home of her parents the John Ages. Attending besides Lou Ann and Timmie and her parents were Mr. and Mrs. Wayne Moore and children, Mr. and Mrs. Joe Briggs and children, Mr. and Mrs. Ronnie Briggs, Mr. and Mrs. Gene Powell and son, Mr. Ted Treider and boys, Mr. and Mrs. Leon Wilson and son, Mr. and Mrs. Dud Winters and children, Mr. and Mrs. H. H. Briggs, Jimmy Dvain Ivy, John Agee and Sharon Parham.

The Lazbuddie H. D Club will meet Thursday of this week in the home of Mrs. Adrian Weir, Mrs. Ralph Broyles will demonstrate covering shoes.

The West Plains Garden Club will meet Friday afternoon in the home of Mrs. Henry Bass.

Among those attending the funeral of Mrs. Lorane Parker and two children Allen Ray and Lillian in Earth Friday were Mr. and Mrs. D. Chitwood and the Max Bush family of Lazbuddie.

Congratulations to Paul Wood for winning the peddle car and U-Haul trailer given by a Muleshoe firm last Tuesday.

Most all the farmers report rainfall during the weekend. The heaviest amount reported was at the J. E. Nolan farm 4 1/2 miles north of Clays corner. Mr. Nolan says he received 5 1/2 inches Friday afternoon. Friday night and Saturday night. Crops were damaged by h+1 south and southeast of Lazbuddie.

Mr. and Mrs. Joe Pattie from Amarillo visited Sunday with her parents the Less Bruns, Morris Bruns from Lubbock was also home with his parents. Morris is sporting a new Kerman Ghia Volk wagon.

Mr. and Mrs. Dan Cargile visited over the weekend in Dickens in the home of Mrs. Cargile's brothers, Curtis and Maurice Goodwin.

Birthday greetings this week go to: Larry Davis, July 18; Linda Hodges, Johnace Seaton, Lupe Flores, and Suzanne Crooks, July 18; Benny Watson, Charlotte Seaton, and Benny Morrow, July 19; Victor Jake Schumann, July 20; Billy Dean Eubanks, Linda Gleason, Juan Garza, July 22; and Doyal Crim, July 23.

Tink Seaton was in Clovis shopping last Wednesday.

The Joe Scott Menefees, from Corpus Christi, the Jimmy Seaton and Wesley Barnes family were dinner guests in Mrs. Perry Barnes home Sunday.

Congratulations to R. L. Por-

ter, 18, son of Mrs. C. W. Mick for having won a scholarship from Bailey County Electric Co. in conjunction with the Clark Foundation and Muleshoe State Bank. R. L. lettered four years in football, basketball and track; a winner in State Championship in track. R. L. carried the baton in the second lap for both the 440 and mile relays for the Lazbuddie track teams. R. L. also served on the newspaper and year book staff, and was in both the junior and senior plays. Buddie, as he is called by his close associates, is well liked, and we feel he will go places in his future plans which at present are to study jet mechanics at South Plains Junior College.

Mr. and Mrs. Edwin Haskins from Lubbock were recent visitors in his father's home, the George Haskins, Sr., and to pick up their two children, Gary and Pam, who had been visiting with their grandparents.

The Midway Home Demonstration Club met in the home of Lora Brown Tuesday afternoon of last week. The group enjoyed a social. After having accepted an invitation to the Lazbuddie HD Club for their program on mental health, they did not have their program on the subject as previously planned. Punch and orange cake were served by the hostess, Mrs. Brown.

The West Plains Garden Club met in the home of Mrs. Henry Bass Friday afternoon, July 14. The ladies made a rose jar consisting of dried petals and spice roots of different kinds. These jars are made to place in closets as a deodorant. Refreshments were served to members and one visitor, Mrs. W. H. Giffner.

Robert and Dyke Gaston, Earth, were weekend visitors in the E. A. Parham home.

Visiting the weekend in the Y. B. Mayfield and E. A. Parham homes was Mrs. J. A. Mayfield from Anson. Other recent visitors with the Parhams were Shelley and Paige Gaston from Earth.

Mrs. Carl Steinbock from Eugene, Oregon, is visiting in the homes of Mrs. R. J. Steinbock and L. S. Bowley.

The Lazbuddie HD Club met in the home of Mrs. Adrian Weir last Thursday, with the program topic being, "The Covering of Shoes". Pie and lemon aid was served to nine members. The next meeting will be given at the Lazbuddie High School auditorium Thursday, July 27, with Dr. Paul Springer of the Friona Community Hospital as guest speaker. Dr. Springer will give his talk on mental health. All other HD Clubs, as well as the public, are urged to attend this meeting. Refreshments will be served. The talk will be given at 3

Earth spent the weekend in the E. A. Parham home.

Mr. and Mrs. O. D. Spitzer and children, accompanied by Mrs. Frankie Black, visited last week in Denver, Colo. They visited also with the Carroll Blacks, formerly of Lazbuddie, who now live in Bloomfield, Colo. Touring the Denver Zoo, enjoying rides in the amusement park, and doing some bowling in Bloomfield, together with visiting the Rev. E. K. Shepherds, former Muleshoe residents, the Spitzers report a full enjoyable vacation.

Visiting the Frank D. Spitzers last week was Mr. Spitzer's bro-

ther and wife, the H. O. Spitzers, from Smackover, Ark. Other guests in the Frank Spitzer home were Airman and Mrs. Donnie Spitzer, from Amarillo.

Visiting Mr. and Mrs. Davis Gulley and children Sunday were Mrs. Mary Curd and children, Walter and Carolyn, from Farwell.

The R. L. Foersters have their grandchildren, Reggie, Ronnie, Karen, and Mike Crabtree, children of the Bill Crabtrees, of Levelland.

Mr. and Mrs. J. J. McDonald, the Leroy McDonalds, and Don McDonalds, returned last week from an enjoyable trip in Colorado.

Mr. and Mrs. Max Steinbock and family are visiting in Kansas. They are there to see the Gene Smiths, who are in wheat harvest there.

Mrs. L. H. Bradshaw and children, Jane Ann and Lewis, from Farwell, visited Mr. and Mrs. Rufus Carter Sunday. Other visitors recently were the Glen Stephenson and J. S. Blacks, of near Clays Corner.

Boys from Lazbuddie chosen All-Stars in Little League in the Muleshoe team are: Lyndon Foster, Terry Parham, and Mike Ward. The Stars will play Littlefield Thursday evening, July 20, in Littlefield.

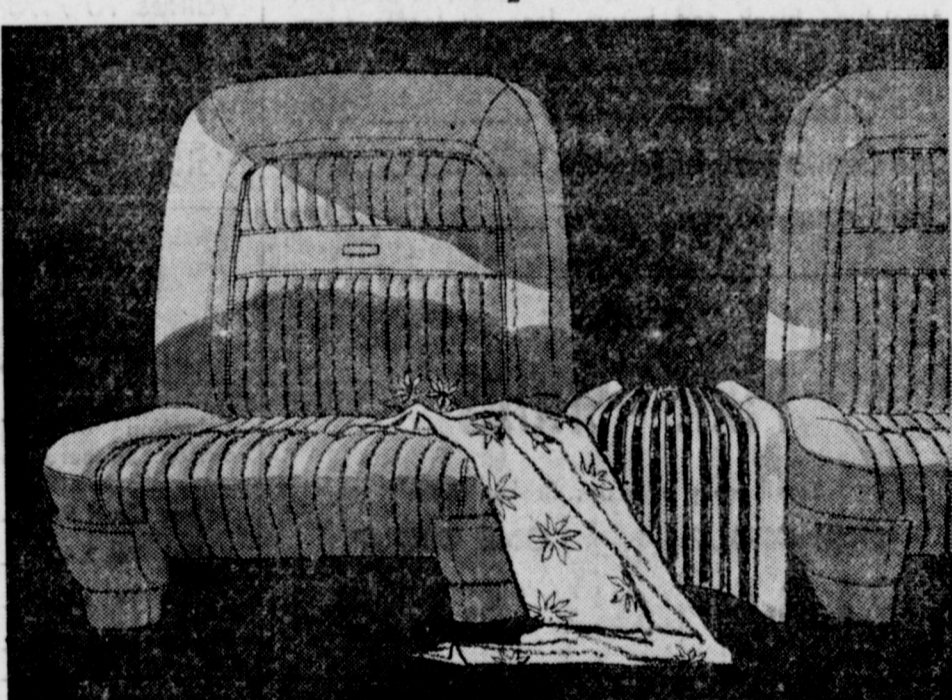

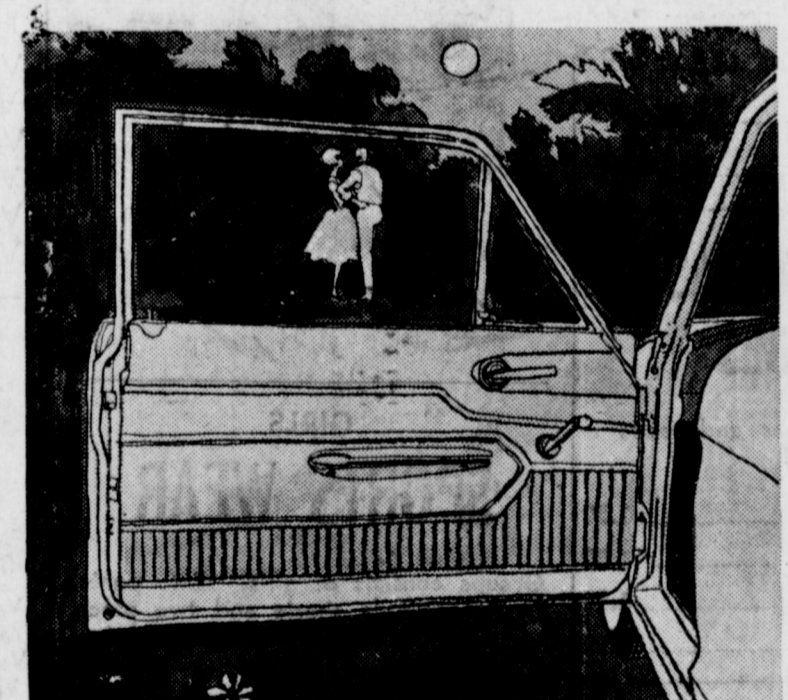

## SUCCESSFUL FARMING MUST BE SAFE FARMING!

- ☆ Each year 12,000 people are killed on American Farms.
- ☆ That is over half as many people that live in Bailey County.
- ☆ Accidents are most costly in Human lives, but they are also costly in suffering and expense.
- ☆ Don't take chances clean up and fix up your buildings and machinery. Be careful with your livestock. Use extra caution with electricity. Keep your FARM accident free.
- ☆ Follow the rules of safe farming and keep your family and employees accident free. You are the only on that can do this.
- ☆ And Remember . . . This bank is your friend. We have advised farmers for many years in Bailey County and the surrounding area and we are always ready to advise you on your farm financing or other farm problems. Most of the members of our staff realize your problems and we want the farmers of this area to know that we want to serve you in anyway that we can.

## The mood is Thunderbird...the economy is Falcon...

### ...it's the new Falcon Futura by Ford

And, it's the nicest thing that ever happened to America's best-loved compact! Now . . . step aboard! Relax in the foam-padded comfort of individually contoured twin front seats (styled by the men who designed the Thunderbird!) Rest your lucky feet on the thick wall-to-wall carpeting. Look down beside you: there's a handy console between the front seats for your personal effects.

Be sure to check the back seat, too—plenty of room there for 3 people. And, in Futura everyone's luggage goes in the vacation-size trunk—where it belongs. Futura gives you true compact gas economy, too. Finally, when it's time to check the price sticker—surprise! Because—for all its luxury, all its economy—

Futura's actually America's lowest-priced\* luxury compact!

**A Falcon Makes Economy Run History!** A 1961 Falcon with standard transmission got 32.6 mpg under the cross-country test conditions of this year's Mobilgas Economy Run . . . the best gas mileage ever recorded by a "6" or "8" in the Run's 25-year history! Even more impressive . . . was the competition . . . a group of expert drivers really out to win. But Falcon topped them all!

**More good news!** Ford sales are booming! One reason: Falcon, America's best-selling compact has increased its 1961 lead over its nearest competitor to nearly 50,000 cars!

\*Based on a comparison of manufacturers' suggested retail delivered prices.

**NOTICE TO DEBTORS AND CREDITORS**

The State of Texas:  
 County of Bailey:  
 To those indebted to, or holding claims against the Estate of William H. Parsley, deceased, No. 532, in the County Court of Bailey County, Texas: Probate Matters:

The undersigned, having been duly appointed Independent Executrix of the Estate of William H. Parsley, deceased, late of Bailey County, Texas, by the Judge of the County Court of said County on the 10th day of July A. D., 1961, hereby notifies all persons indebted to the Estate to come forward and make settlement, and those having claims against said Estate to present them to her within the time prescribed by law at her residence, Route Number 2, Morton, Texas, where she receives her mail. Witness my hand this 10th day of July A. D., 1961.  
 ETHEL PARSLEY  
 Independent Executrix of the Estate of William H. Parsley, deceased.  
 28-31p.

**H. D. CLUB Clatter**

**ONE-STEP METHOD CANNING**

The latest method for canning vegetables is a one-step cold-pack method.

Directions are simple. . . . As an example, take snap beans. Begin by washing all pint jars in hot soapy water and rinse well. It is not necessary to sterilize jars since the pressure canner must be used in canning all non-acid vegetables.

Use only fresh, young, tender beans. The bean should just be beginning to form in the pod. Wash thoroughly, trim ends and cut 1-inch pieces.

Thus far there is nothing different from the old method of canning snap beans. Now you will note that the fill is different.

Pack raw beans tightly into clean jars to 1/2 inch of the top. Cover with boiling water, again leaving 1/2 inch space at the top.

such estate is closed, and within the time prescribed by law. My residence and post office address are Box 892, Muleshoe, County of Bailey, State of Texas.

Dated this 17th day of July, A. D., 1961.

Executrix of the Estate of MYRTLE RAY BURRIS, Independent Executrix of the Estate of Hester Webb, Deceased No. 551, in the County Court of Bailey County, Texas.  
 29-11c.

of the jar. Add 1/2 teaspoon salt to pints and 1 teaspoon to quarts.

Close jar with two-piece lid and place it in the pressure canner. Exhaust canner for 10 minutes, close petcock and process at 10 pounds pressure—pint jars 20 minutes, quart jars 25 minutes. Remove canner from heat, let pressure return to zero and remove jars.

This one-step method can also be used for canning fresh lima beans, carrots, cream style corn, whole kernel corn, black-eye peas and summer squash.

Ask for a copy of B-194, "Home Canning—Fruits and Vegetables."

**WASHING PILLOWS**

If you've been dreading the job washing pillows, here is good news. They can be laundered successfully in your automatic washer.

Wash two pillows at a time for a balanced load. To be sure that no feathers fly, examine ticking carefully and mend any tears or open seams. Wet pillows before placing them in the washer—otherwise, they will float. To do this, make a two-inch opening on each end, then close it with a loose basting stitch. This allows water to enter but prevents feathers from escaping. Place the pillow on a pan of water and knead gently until it is thoroughly soaked.

Wash in warm water for about five or six minutes, then allow the washer to complete rinse cycle.

You can follow the same procedure in washing foam rubber pillows. But they must be washed in a case. Close the end of stitch before soaking the pillow. **LOOK FOR NEW BATTERY POWERED LAWN MOWERS**

The latest thing on the market is a new battery powered mower.

Easy starting, quiet, no fumes, no smoke, safety and little or no service are some of the features of this new machine. An ignition key or a push button is all that is required to start these cordless mowers now appearing on the market.

Fuel costs are lower, too. There's no gas or oil to buy. All you need to do when the battery runs down—usually after 10,000 square feet of mowing—is to attach the recharging unit and plug it into a wall socket. Between 12 and 48 hours later, the mower is ready to go again.

**Industry on View**

Changes in the dollars-and-cents costs of goods and services, when considered by themselves alone without allowance for other elements, have small meaning. The best gauge is "real cost"—that is, cost measured in terms of the hours of work the average man must put in to earn enough money to buy something.

The American Medical Association's Economic Research Department, using data from official government sources, has used this gauge to measure the cost of medical care. And it finds that the real cost of this care is much less now than it was 20 years ago.

For example, the report says, the time that a factory employe worked in 1959 to purchase a given "market basket" of medical care was only 61 percent of the amount of time required in 1939. And to pay for physicians' services required only 55 per cent as much working time in 1959 as in 1939.

Only one part of the medical care package, hospital rates, required more working time to cover costs. And this was offset by the fact that changes for the better in medical practice have resulted in shortened periods of hospitalization.

The report adds: "Included in this decrease of real cost of medical care is the higher quality of today's service. Research and progress have produced new drugs, technological instruments and improved methods in the management of disease which were non-existent 20 years ago." The medical care dollar returns full and often spectacular value.

**SUNK WITHOUT SHIPS**

There is a good deal of public confusion as to why the government pays, and long has paid, what are known as differential subsidies to American steamship companies which agree to certain strict contract-

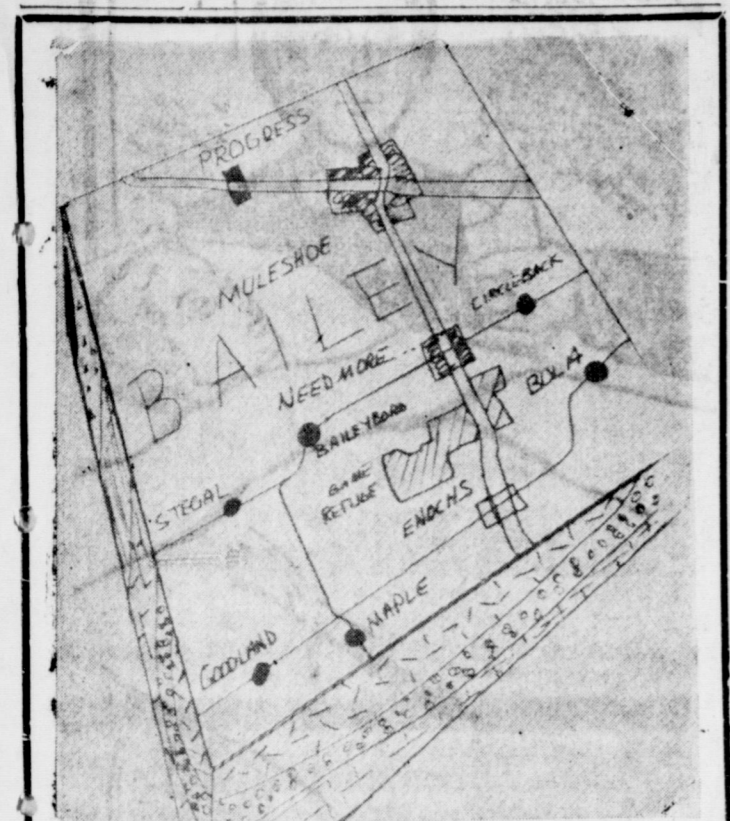

ual provisions. The reasons for such a subsidy have been simply and clearly explained as follows by one industry spokesman:

"American seamen are paid 3 to 4 times that of our foreign competitors, and our ships cost more than twice what the same ship would cost if built abroad. This is not because United States seamen and shipyard workers are grossly overpaid. It is the result of our high standard of living which makes any American workman more highly paid than his foreign counterpart. American flag ships are in intimate and bitter competition with those low-cost competitors in almost every port of the world."

This competition, unfortunately, is not confined to our friends and allies. Senator Kuchel warns that Russia now operates about 800 merchant ships—as against our 990—and plans to double this figure by 1965. He adds, "It is against the background of maritime development in the Soviet bloc that we must appraise our own situation." The Russians, needless to say, are realists in the most extreme sense of the word, and they fully understand the necessity of a big, modern merchant marine in their economic war against the West.

We can do no less. Russia must not be allowed to become the primary power in the sea lanes of the world.

**NOW'S THE TIME to save more truck dollars on the more-for-your-dollar trucks!**

Your truck dollars are worth a whole lot more at your Chevrolet dealer's right now! First off, you get a head start on saving because summer's the saving season. Then, with a harder working, easier riding Chevy truck, you're set to save every mile you haul. And, finally, at trade-in time, you can expect an extra dividend because of Chevy's traditionally higher resale value. What could be better?

Summer's the season to get extra mileage from your dollars on the trucks built to give you extra miles of hauling. With Independent Front Suspension, Chevrolet trucks keep going thousands of miles longer because far less destructive jar and shake are transmitted through the truck. Chevy I.F.S. trucks work harder, too, in areas where other trucks have to be pampered. And, with Chevy's wide choice of thrifty 6 and hardy V8 power, you can tailor your truck exactly to your job. So how can you miss—especially now during the summer saving season?

**NATIONAL FARM SAFETY WEEK**  
 JULY 23-29

**LET US TELL YOU . . . HOW NOT TO COLLECT YOUR SOCIAL SECURITY**

- This Year Nearly 15,000 Farm Residents Will Die In Accidents And More Than 1,000,000 Will Be Injured.
- The Occupational Death Rate Among Farm Workers Is The Third Highest For All Types Industry.
- The Majority Of These Accidents Are Man Made . . . Human Failures . . . Not Machines. Animals Or Natural Hazards Caused Them . . . The Cause Was People Who Did Not Observe Safety Rules At All Times.
- The Bailey County Electric Cooperative Encourages Every One To Observe All Safety Rules.

**SAFETY IS OUR BUSINESS**

-- Willie Wired Hand...KNOCKS OUR ACCIDENTS --

# Does City-Shopping build facilities that help you in time of need?

**W**ithin minutes ... as near as our telephones when the need arises ... are doctors, medicines and sickroom supplies ... for us and for those dear to us.

¶ Within minutes, too, are plentiful supplies of foods, clothing, tools for doing our jobs, and services which are often vitally important to living in Today. These are some of the material blessings to which we have become accustomed ... as part of life in a typical American town area ... built and supported by trading among ourselves.

¶ But emergency needs ... those things and those services for which we cannot wait many hours or days ... are but a relatively small part of our total trade ... never enough to wholly support the stores and service people and their facilities we find so essential in times of sudden need.

¶ And ... we can enjoy the best possible service in emergencies only if we keep our community economically vigorous and strong with our everyday trade.

Buy ... where your trade builds the community that serves you in time of need

**It Pays to Buy  
where you Live**
