

PRODUCERS MEET TUESDAY

Initial Bangs Testing Begins In County Monday

The Brucellosis eradication program moves into Bailey County next week, and farmers and ranchers are asked to cooperate so that the county may reap the full benefits from the program.

The equipment for the program will move into Bailey County on Wednesday, April 18, and the operation will begin Monday, April 23.

A meeting has been called for Tuesday night, April 24, in the District Courtroom of the county courthouse, beginning at 7:30. All cattle owners are asked to attend this meeting, which will provide instructions and information regarding the program.

To facilitate the operation, "lineup men" to schedule the various stops for the program.

These men will operate by precincts, and it will be their duty to sign up everyone in their precinct.

John Tucker is to be the supervising veterinarian, assisted by Robert Daniel.

"We'll shoot for all the cattle in Bailey County," said Dr. R.M. Zirkle, veterinarian in charge, of San Angelo.

"We usually manage to hit every producer in the county, and test around 80 per cent of the cattle without much trouble," Zirkle said.

The rule governing the program states that at least 50 head of cattle in each herd must be tested. In herds larger than 200 head, 20 per cent of the cattle must be tested.

But the program always tests far more than the minimum.

"We'll test them all if we have time," said Dr. Zirkle.

There is no minimum number of animals a farmer must have to gain the test. If there is just one cow, it will be tested. Although the program is basically for cows and calves, bulls will be tested if the owner demands.

The Brucellosis officials state that farmers are to provide some sort of chute to help the testing official.

"We operate as one-man teams, and the chutes are certainly helpful in our work," said Tucker, who will be in charge of the Bailey County program.

"Two solid posts and a panel helps. A cotton trailer can make a good pen," stated Zirkle.

Auction rings come under the Bangs testing, but recognized feeding lots and Grade A dairies are exempt.

The officials expect to cover Bailey County in about three good weeks, pointing out that the cattle here are fairly gentle, as opposed to the Brahmas which dominate some areas.

"Suspects" among the cattle tested will be retested not sooner than 60 days nor later than 120 days, and reactors will be sold

within 15 days after they are branded.

The key to the success of the program, according to County Agent, J. K. Adams, who is helping coordinate it, is for the farmers and ranchers to have their cattle ready when the lineup man has him scheduled, and to have some sort of chute to facilitate the testing, especially if he has many cattle.

"The Muleshoe Co-op Growers have been most helpful in allowing us to use their facilities to be used as headquarters for their mobile trailer, which will test all the blood," said Adams.

The county commissioners also have been most cooperative, according to Adams, in supplying someone to work as a lineup man or volunteering to do the job themselves.

The laboratory, which will operate at the vegetable shed, will be capable of testing as many as 2,000 blood samples per day.

The bangs control program, which was voted by county cattle producers, is under the supervision of the Texas Animal Health Commission, under the cooperation of the United States Department of Agriculture.

LIMITATION LIFTED

New Skip-Row Rule Appeals To Farmers

Many county farmers are probably considering the new skip-row method of planting cotton, with that season rapidly approaching.

Charles Daniel, manager of the Bailey County office of Agricultural Stabilization and Conservation, said there would probably be a lot of cotton acreage planted under the skip-row plan—perhaps around 35-40,000 acres.

A new U.S. Department of Agriculture ruling has lifted the four row limitation on skip-row planting for 1962 crops.

Area officials agree that the dryland or limited irrigation farmers probably could reap more benefits from the skip-row method than from the additional acreage of grain sorghum.

But Adams pointed out that it might be to the advantage of the farmers to figure their average yield over the past ten years when trying to decide on the skip-row route.

"If they just figure the yields for the last year or so and we then come up with a dry yield, it could make a difference," Adams said.

The skipped rows may be counted as diverted acreage, Daniel pointed out.

Under past rules the land left idle or planted to other approved crops had to be the equivalent of at least four cotton rows for it to be deducted from the acreage allotment.

If the skip-rows were narrower than that, the entire acreage was counted as planted to cotton for acreage allotment purposes.

County Agent, J. K. Adams, agreed with Daniel, saying that dryland farmers or those with limited irrigation water are sure to take advantage of the rule.

The only thing worrying the farmers, Adams pointed out, is whether the skipped acreage will be counted against the farmers in future grain sorghum allotments.

"I don't think it would," said Daniel, although he admitted that the government has made no definite promises along this line.

Daniel pointed out that if the current Farm Bill were passed, that would give the farmers their guarantee.

SET RECORDS

Mule Track Team Ends Good Season

The Muleshoe Mules track men, although turning in some times that are all-time school records, failed to qualify any men for the state meet at the regional meet last Saturday.

In a regional meet called by sportswriters as probably the best in history, Muleshoe's mile and 440-yard teams turned in times that would on almost any other season, have won or placed high in the state meet.

The mile relay foursome of Jim Young, Jerry Gilbreath, Bill

Gilbreath and Jimmy Cabrera was clocked in the superb time of 3:27.0 in the regional finals, but missed going to the state meet since they finished third behind the fantastic teams from Fort Stockton and Quanah.

The winning time was 3:23.3. Muleshoe's time is at least five full seconds better than any other relay team at MHS has ever run. The team ran 3:27.6 in the preliminaries.

The 440-yard relay team also came up with a nomination for an all-time school record with a clocking of 44.1 in the finals, which was good for only fourth place.

Hurdler Travis Creamer, considered a good bet for the state meet, missed his chance when he hit several hurdles, lost stride, and almost stumbled, running around a hurdle to keep from it, which disqualified him.

Creamer drew the inside lane, and was of the opinion that the hurdles in that lane weren't set right. Other participants in the hurdles had similar trouble. Travis went into the meet with the best time of any of the participants.

Mike Cabrera was another third-place finisher, missing the state meet by one place in the mile run. Travis Bessire was fourth in the 220-yard dash, and Jerry Gilbreath was fourth in the 440-yard dash for Muleshoe's other points.

The Mules as a team finished a respectable fifth in the meet with 34 points.

Other members of the squad making it to the finals were Robert Scoggin, high jump, and Rick Bell and David Roberts in the pole vault, although they failed to place.

Senior Play Scheduled For Next Thursday

"Time Out for Ginger," a comedy about high schoolers, is due to be presented by Muleshoe Seniors next Thursday at the High School auditorium at 8 p.m.

Lynn Lenuu will portray the leading role of Ginger Carroll. The father is played by Jim Bryant. Sylvia Pool plays the older sister, Jeanie. Bob White plays the captain of the track team and Mary Wedel portrays the mother. Elizabeth, the maid, is played by Gwen Roberts. Others in the play are Wayne Malone, Yvonne Hendon, Stacey Lackey and Joe Fred White.

Sheri Davis, a West Texas State graduate completing work toward her teaching certificate is directing the play under the supervision of Kerry Moore, head of the speech department of MHS.

Tickets may be purchased at the door. Reserved seats are \$1.00 with general admission, 75 cents for adults and 50 cents for students.

YOUTHS FLEE

Jailbreak Is Just "Child's Play" Here

Another incident in the history of Bailey County's outdated jail has left its mark on the much-inadequate structure, and caused local law enforcement officers more embarrassment and trouble.

A youthful pair of prisoners escaped from the county's antique jail early Sunday, but were captured Sunday afternoon.

The boys, Daniel LeRoy Lowe, 16, of Columbus, Ohio, and Jessie Magana, 18, of Littlefield, made their escape after being taken from the main cell area because a man arrested was considered violent.

Since the jail has no facilities for such prisoners, the two teen-agers had to be driven all

the way to Lubbock so they could be jailed adequately.

The two made their escape by knocking a hole in the restroom of "women and juvenile ward" and getting on the jail run-around on the courthouse roof.

They tied blankets to the courthouse flagpole, lowered themselves to a second-floor window, re-entered the building and went out through a window on the main floor.

The break occurred, according to officers, between midnight and 6 a.m. Sunday. Officers received a report about 2:30 Sunday afternoon that the pair was spotted northwest of town.

They were arrested in back of an empty house near Progress, studying a road map. The pair offered little resistance, said Sheriff Dee Clements.

Lowe was being held for investigation for break-ins (described in last week's Journal). He claimed to be 17, but his parents in Ohio say he is only 16.

Magana has been convicted of forgery in Littlefield, and was being held for trial on the same charges here.

Sheriff's officers said that while the man who was considered violent has been removed, the jail at present will not be able to accommodate women, juveniles or mental patients until the damaged cell has been repaired.

And any combination of these would only make the matter worse.

Do we need a new jail?

Pre-First Graders Should Register On Friday, May 4

Pre-registration for children that will be in the first grade next fall will be held at Richland Hills and Mary DeShazo Elementary schools on Friday, May 4, beginning at 8 a.m. and continuing throughout the day.

Superintendent of Schools, Neal Dillman, reminds parents that children must have a birth certificate and a record of immunization signed by a physician before he can start class work next September.

Dillman emphasized that the school would like to have the children pre-enroll May 4 whether or not they have the birth certificate or the immunization record, so as to better plan for next year.

Present first-graders will be excused from school all day May 4 so that the teachers can help pre-enroll next year's students.

Dillman stated that the school's immunization policy said that the children must have a signed statement from a physician that they have been immunized against Smallpox, Diphtheria, Polio, Whooping Cough and Tetanus.

Forms for this immunization record may be picked up in the principal's offices or from any physician's office in Muleshoe.

All immunization for school children should be completed by August 1.

Beavers Installed In Impressive Public Ceremony

Spencer Beavers was installed as acting Postmaster of Muleshoe in an impressive public ceremony last Friday at Richland Hills Elementary School.

Inspector Albert Slingerland and Vernon Bell, regional real estate officer, both of the Post Office Department, attended the ceremony.

Various other city and county officials attended. The public installation was the first of its kind to be held in the state, and only the second one in the country.

CONSERVATIVE CHAMP

Barry In Speech

Desmond Barry of Houston, Republican candidate for Congressman at large, made a rousing campaign speech in Muleshoe Tuesday in the dining room of Cox's Fine Foods.

Barry, who won out in a personal battle against labor unions who wanted to force his truck line workers to unionize, has been called "The man the teamsters found too hot to handle," by the Readers Digest.

Barry, speaking to a very enthusiastic audience, said the union people wanted him to crawl on his knees to them.

Barry rapped President John F. Kennedy's part in steel settlement recently, calling it "one of the worst instances of deception of the American people."

"I know what's going on, and I'm not afraid of a fight," said Barry. He said he had done a lot

of "blabbing" in recent years, and would like to continue to do so "and have a vote, too."

Barry urged his local Republican following to get to work on the "fence-straddlers," and cause the true conservatives to move over into their camp.

CONGRESSIONAL CANDIDATE Des Barry chats with Gil Lamb of Radio Station KMUL during his visit in Muleshoe Wednesday. Barry is a Republican candidate for congressman-at-large.

The hostess gift to Miss Scott included an electric iron and ironing board.

Those assisting with the event were Mmes. Owens, Chapman, Ward, Jack King, L. M. Campbell, Charles Spradlin, Loyd Champion, Bill Owen, Dee Chapman, Leroy Davis, Barney Green, and Duane Gray.

RAINBOW QUEEN RONDA JOHNSON and her escort, Dixon Ray, stand beside a magnolia tree which was part of the Southern Style garden party setting for the annual Rainbow Girl's Banquet held in Masonic Hall Saturday evening. Ronda is the daughter of Mr. and Mrs. Randy Johnson. Dixon is the son of Mr. and Mrs. O. D. Ray.

Ronda Johnson Is Crowned Rainbow Queen During Impressive Ceremony

Ronda Johnson, Worthy Adviser for the local Order of Rainbow for Girls, was crowned Rainbow Queen at the organization's annual banquet Saturday evening, April 14, at Masonic Hall. Miss Johnson was escorted by Dixon Ray and was crowned by Ernest Kerr, chairman of the Rainbow Advisory Board. She was presented a bouquet of white gardenias with a white colonial fan. Each of her attendants were given a single gardenia with white streamers. Ronda Johnson, Worthy Adviser of the coronation, the new queen was hailed with the Rainbow girls singing "My Rainbow."

Other candidates for the honor, chosen by popular vote, were Sandra Harris, escorted by Robert Garlington; Rhonda Wagnon, escorted by Corky Green and Karen Jones, escorted by Jerry Gilbreath. Davy Jean Anderson was in charge of the coronation ceremony and the chosen queen was not revealed until that time.

The banquet which preceded the coronation was on the theme "Under the Magnolias" carried out in the style of a Southern plantation garden party. The wall decoration directly behind the head table formed the background for the setting picturing a giant magnolia tree covered with blossoms with a young couple sitting on a bench underneath. A white colonial mansion shown in the distance. The other walls were set with magnolia trees in full bloom, and in the center of the hall stood other trees fashioned from crepe paper and tree branches. Colorful streamers draped from the ceiling and swinging lanterns created the outdoor atmosphere. Table decorations were small parasols, colonial fans and magnolia blossoms.

The program was opened with special music. She sang "Summer Time" and was accompanied by Susan Birdsang at the piano. Karen Jones gave the benediction. The banquet menu was prepared by mothers of the Rainbow Girls who also assisted with the decorations.

Teeters Honored With Open House

Mr. and Mrs. M. O. Teeter of Lubbock were honored with an open house at the New Deal Club House in observance of their Golden Anniversary on Sunday, April 15. They are grandparents of Mrs. Fred Boyd of Muleshoe.

They are parents of four children who were hosts and hostesses for the occasion. Children are Mr. Clayton Teeter, Mrs. Roy Taylor and Mrs. David Hobbs of Lubbock and Mrs. Woodrow Wood of Marshall, Arkansas.

Mr. and Mrs. Teeter were married in their buggy near Russellville, Arkansas on April 17, 1912 and moved to the Lubbock vicinity approximately 20 years ago.

The serving table was covered with a lace cloth over gold and centered with a spring arrangement in gold tones.

The three tiered wedding cake was decorated in gold and white and was topped with wedding bells.

Granddaughters assisted with the hospitalities. Mrs. Boyd presided at the serving table assisted by Carrol Teeter of Lubbock. Elaine Hobbs registered the guests.

Journalism As A Career Holds Promising Future, Speaker Says

Dorrence Guy of the Lubbock Avalanche Journal, accompanied by his wife Jane, was the guest speaker at the meeting of the Muleshoe Study Club, April 12, at the First National Bank building. He was introduced by Mrs. J. G. Arn, acting vice-president.

In his talk on "Journalism As A Career" Mr. Guy elaborated at length on the rewards of all phases of the newspaper media. This is not a crowded field and a talented person has a good chance of quickly reaching the top, a position offering not only excitement, but prestige and material compensation. It offers every opportunity to both the high school student and the college graduate. The work of the reporter, columnist, photographer and other phases of Journalism were explained, as were grants

and scholarships offered. An invitation was extended the club to visit the Journal's new and efficient plant at Lubbock.

The program of the State meet in San Antonio May 8, 9, 10 were read and plans were made to attend.

The next program of the Study Club will be "Our Answer to Communism"; time and place to be announced later.

Class Dinner Featured Noted Psychologist

"Neurotic Family Relations" was the subject of Dr. Murray Kovnar, Lubbock Clinical Psychologist, who spoke to the XYZ Young Adult Sunday School Class of the First Christian Church and their guests last Thursday evening in the Fellowship Hall of the church.

The humorous and clinical speaker said "It is proven that the last thing to go before entering the psychotic stage is religion and the first in a come-back to normality is religious faith."

Dr. Kovnar was born in Russia and spent his first twelve years in that country. He also lived in Germany before moving to the U.S.A.

After receiving a degree in law, he served on the New York police department and specialized in the juvenile divisions. His interest in psychology began with his work with young people while with the police force.

Now a consultant at State Hospital in Big Spring, he was formerly chief psychologist in North Dakota.

Ray Vinson, minister of the First Christian Church, introduced Dr. Kovnar, following a fried chicken dinner prepared by the women of the class.

Christian Womens Fellowship See Play, "Halo Awry"

"Halo Awry," a play by Ella Huff Kepple, was presented as the program at the regular meeting of the Christian Womens Fellowship of the First Christian Church of Muleshoe. The group met April 13 in the home of Mrs. Marguerite Wright.

Helen Unison narrated the play and the members read the parts. Various reports were given by Mrs. Wright, Mrs. Unison, Blackie Shafer, and Pat Arnold.

Members were asked to circle two dates on their April calendars. April 27 is the date set for CWF members to work on drapes for classrooms. Members are asked to bring sack lunches, portable sewing machines and steam irons to the church at 10:00 a.m.

April 30 is scheduled for work on year books. This meeting will also be at the First Christian Church.

Present at the meeting were Helen Unison, Blackie Shafer, Pat Arnold, Altha Hanks, Rosmond Shirley, Mrs. S. E. Goucher and the hostess.

Mr. and Mrs. Davis Gully of Lazbuddie and Mr. and Mrs. L. F. McCormick from Muleshoe attended the funeral of Mr. Gully brother-in-law, H. C. Tucker, 74, in Phoenix, Arizona Thursday. Mr. Tucker passed away Tuesday April 10, in Phoenix.

Bula Junior-Senior Banquet Held At Holiday Inn Friday In Lubbock

"Underwater Fantasy" was the theme for the Junior Senior Banquet, given Friday evening April 13, in the banquet, room of the Holiday Inn in Lubbock.

Setting and decorations were as down in the sea. Waves of blue crepe paper were the over-head decorations. Wall decor was as walls of the ocean, with sea shells and the wreckage of an old treasure ship.

Table laid in white with battle drip candles holders featured blue lighted candles. The speakers table was centered with a blue Carnation arrangement.

Programs were mermaids place cards decorated with colorful sea shells.

Speaker for the evening was Reverend Shuster. Acting as master of ceremony was coach Seagler, Junior sponsor. The welcome address was given by Bruce Angel. The Response was by Jacque ringer and the invocation by Dennie McCall. Earnest Dykes pronounced the benediction.

George Haskins, Alford Steinbock and Emil Hanson fished at Conchas Lake last week. They report a good catch.

BRIGHTER EASTER TRADITION

At this season of the year, vari-colored eggs and Easter bunnies unite tradition and pay tribute to the Easter season.

Hard cook the eggs and let the youngsters have a field day with paints and dyes. One of the simplest ways to color the hard-cooked eggs is to use wax crayons. Then make homespun designs of many colors.

Stripes are eye-catching and are easily made by drawing the stripes on with a white wax crayon before dyeing. Each family member may have his or her own personalized egg by writing on names in this manner.

Bits and pieces of colored modeling clay can be used to make funny faces on the eggs. After they have fulfilled their purpose of Easter Sunday, the hard-boiled eggs have many uses in future menus.

BORGER MAN SETS NEW ALTITUDE RECORD HERE
Walter Garland of Borger set a new sailplane altitude record for student solo flying here Saturday afternoon, soaring so high that airport officials became alarmed.

After seven instructional flights in the two place sailplane, Garland was pulled to an altitude of 2,000 feet on his solo in the one place craft and as he cut loose and the tow plane dived off in the opposite direction, Garland circled the town of Muleshoe and immediately found thermals over the townsite, and going up—up, was soon out of sight.

After about thirty minutes had passed and no sign of Garland's returning, concern grew at the airport among pilots and bystanders. Binoculars were used to scan the sky for sight of the sailplane and conversation turned to the height, was there a haze obstructing visibility from the ground? Was he high enough to encounter thin air? Was the pilot familiar with the thin air elements?

Driving Tips

PASSING
By LOIS PEEL
Passing is one of the most dangerous driving maneuvers. Good judgment is constantly needed in deciding whether passing is safe or whether it means taking an unwise chance.

The rule for passing is a simple one. "Overtake and pass only when you are sure you can easily make it safely."

It is very easy to underestimate the distance required to pass and get back on your side of the road. A good driver always plans a long margin of safety. Drivers who pass in tight situations show bad judgment or ignorance of the distance needed.

Passing a car safely requires a minimum of about ten seconds. Always allow yourself this amount of time when passing at any place.

A good driver always knows what is behind him before he starts to pass another car. Always double check traffic behind you before you change lanes.

Before passing, check road conditions ahead that would cause the car being passed to pull to left or reduce your passing space in some other way.

After you have passed a car, return to your proper lane only when you can see the car you have passed in your rear-view mirror.

When a driver signals that he intends to pass you, let him pass you. Keep to the right, and reduce your speed slightly. Sportsmanlike drivers give him the road.

Garland said that he reached an altitude of 13,800 feet, the record for students here and coming close to the altitude record of instructor, Morgan Locker.

Garland said he drifted some five miles to the southwest within the thermal and pulled out of it to reduce his altitude on several occasions. He said that he often read about soaring and how wonderful it was, but he had always questioned: Is it or isn't it? "It is!" he said.

Calculating the altitude of which he traveled, winds and distance, local pilots came up with the figures that he could have landed at Brownfield, had he been flying across country.

The day was also a day of adventure for local grain man, Herbert Griffith, who received instruction for tow piloting and was flying the tow plane launching his glider on this flight. Griffith said, "You know, I believe if I had pulled that man a 100 feet higher he would have gone into orbit!"

BE PROTECTED AGAINST
HAIL

AN IMPORTANT MESSAGE TO THE FARMER FOR 1962

The PANHANDLE MUTUAL HAIL ASSOCIATION has paid back to the farmers an average of 84¢ of each premium dollar over the last 3 years for HAIL LOSSES. The loss benefits is the important and simple crux of any insurance policy, and much sweeter than any token dividend or deviation.

TEN REASONS WHY PANHANDLE MUTUAL HAIL ASSOCIATION IS ONE OF THE LARGEST CROP HAIL WRITERS ON TEXAS CROPS:

1. All Texas policies are reinsured by the LLOYD'S OF LONDON with billions of dollar assets.
2. All liability is mapped and limited by section and township.
3. Approximately FOUR AND ONE-HALF MILLION dollars paid to West Texas farmers for losses the last five years.
4. A-PLUS (EXCELLENT) RATING BY "DUNNE'S FIRE AND CASUALTY REPORT."
5. Required legal reserve (policy holders surplus) maintained at all times and deposits are kept in LOCAL BANKS throughout the West Texas area.
6. The PANHANDLE SPECIAL cotton policy DOES NOT have the REPLANT clause and we DO NOT use the PLANT POPULATION adjustment at any time.
7. We do offer the FB-10 and FB-5 cotton coverage (with replant) at reduced rates for late cotton.
8. The PANHANDLE Wheat Policy is the only policy with the "Extra Harvest Expense Award" benefits, also with the 10% credit on Tascota and beardless wheat, only 48 hour waiting period instead of 120 and a premium saving in most counties.
9. Free cancellation on crop failures (See Dates) . . . arbitration clause.
10. Your PANHANDLE MUTUAL HAIL ASSOCIATION wants to serve you with "THE THINKING MAN'S HAIL INSURANCE."

Be sure and talk to your PANHANDLE MUTUAL AGENT now to compare and study the coverages and rates, because of the many coverages that are now being offered, you need to know which policy fits your West Texas farming conditions the best.

ELECT

GEORGE E. HICKS

AS YOUR NEXT COUNTY JUDGE

★ ★ ★ ★

TO THE VOTERS OF BAILEY COUNTY

As most of you already know, I am a candidate for County Judge and Ex-officio school superintendent of Bailey County. I realize this is a very responsible office, but I feel that I am qualified to serve you in an intelligent manner. Possibly you would like to know what my qualifications are.

I grew up in Dickens County and attended school there. I never had the opportunity of attending an accredited High School, but have about what is equivalent to a High School education. Then attended a business college, had a general course in bookkeeping a long with several commercial subjects.

I, with my present family, moved to Bailey County in November, 1945. February 1, 1950 I went into the Ford Tractor and Implement business and remained in that business as partner and manager until June 1, 1957. I am aware of the importance of records, and am qualified to keep an adequate set should you elect me to this office.

We talk about honesty and economy in government, certainly we should all be interested. In any kind of business we need to watch the small items as well as the larger ones, seemingly small items can be very important and should be treated as such.

I have worked quite a bit with our Juniors and Young People, and I wonder if we as adults, have taken the time we should have taken with them. They need our encouragement, then it is of more importance that our every day lives make good impressions on theirs.

I am for progress in the County, but I sincerely believe we should spend our tax dollars economically, and in a manner that all parts of the County will be equally benefitted. I will appreciate your support and if I am elected will try to handle the office in a way that you will not have cause to regret honoring me with it.

Results Of Sorghum Variety Tests Are Cited

Thirty-two varieties and hybrids of forage sorghum were tested under irrigation at the High Plains Research Foundation in 1961. There was no significant difference in the yield of the top four varieties. The yields of these four were Honey Sorgo, 27.12 tons dry weight and 39.35 tons green weight per acre; P.A.G. No. 3147, 26.24 tons dry and 39.68 tons green weight; Steckley F.S. 400R, 25.27 tons dry and 39.1 tons green weight; Sart, 23.96 tons dry and 33.99 tons green weight per acre. The dry weight yields were calculated at 12 per cent moisture. The four leading varieties in terms of pounds of crude protein per acre were Tracy with 5,813

pounds; P.A.G. No. 3147 with 5,772 pounds; Sumac M.D. 5,712 lb. pounds; Lindsey ICF, 5,363 lbs. per acre. The crude protein percent analysis disclosed Sumac M.D. had 14.7 per cent; Lindsey 77F, 13.7 per cent; Tracy, 12.8 per cent; Asgrow MXP 3367, 12.4 per cent and Steckley FS 300R, 12.3 per cent.

The percent mineral content analysis showed Sumac M. D. with 17.4 per cent; H.P.R.F. No. 4, 16.5 per cent; Tracy, 14 per cent and Lindsey 77A, 12.3 per cent.

Data showing the complete results in the 1961 forage sorghum tests is included in report No. 37 of the High Plains Research Foundation for 1961. The report of the tests conducted by Dr. Earl H. Collier and Paul Belcher at the Foundation included data on early vigor, bloom date, plant height, lodging percent, moisture percentage at harvest, as well as

"The first big advance in cultivating since the tractor replaced the horse"

Many farmers have said it, and they've said it because it's exactly what everyone immediately thinks when they see it. Some of the advantages in using Lilliston's remarkable new Rolling Cultivator:

- it cultivates all crops, whether they are planted on the level, on a high bed, or in a furrow. In addition, the Rolling Cultivator is adjustable to virtually all row widths.
- gangs can be angled to throw dirt toward or away from the plants, tilted to work on bedded land.
- gangs can be angled and tilted to prepare beds for planting.
- it cultivates up to three times faster than other equipment.
- it requires less maintenance at considerably lower cost than others do.

We'll be glad to demonstrate the Rolling Cultivator on your farm. You've got to see it to believe it!

County Receives More Acreage

Bailey County has been allotted an additional 2,690 acres of cotton for 1962. It was announced by Charles Daniel of the Bailey County ASC office this week. "We have some 1,979 applicants for additional acreage. We don't know how it will be allotted as yet, but it will have to be split pretty thin from all indications," Daniel said. The additional acreage raised Bailey's total cotton acreage to 108,258, which puts it closer to last year's total of 109,800 acres.

Plans Released For Cotton Course At Texas A&M

COLLEGE STATION — Plans for the 53rd annual summer cotton school at Texas A&M College have been released.

The school will be held from June 4 to July 13. Attendance for the full period is advisable, points out Professor J. M. Ward, Department of Agricultural Economics and Sociology and in charge of the school, but persons in the cotton business who are unable to remain for six weeks may enroll for two or four weeks of study.

Ward said the purpose of the school is to provide training for persons who expect to enter the cotton trade; for producers who would like to learn more about cotton marketing and for buyers who wish to review grade and staple standards or become more familiar with the elements of quality in cotton.

Such important phases of the cotton industry as grading, stapling and the determination of cotton properties and trade procedures will receive major attention, Ward said. Much of the time will be spent doing actual practice work and in discussions, but visiting specialists will lecture on various phases of production, marketing and processing of cotton, Ward added.

Detailed plans for the school may be obtained by writing Ward in care of the sponsoring department, College Station, Texas.

Conference On Farm Income In Lubbock April 27

Texas Farmer Union's first annual series of conferences on farm income will commence at El Campo on Tuesday, April 24. This meeting will be followed by similar meetings at Waco, on Wednesday, April 25; Stephenville, Thursday, April 26; and Lubbock, Friday, April 27.

John A. Schmittker, economic analyst for secretary of agriculture Orville Freeman, will keynote the conferences with a discussion of the Food and Agriculture Act of 1962, followed on the program by Dr. John Eklund, educational director for National Farmers Union, who will lead in the discussion of the effect the proposed legislation will have on Texas farm income.

Serving on a panel with Dr. Eklund will be leading farmers from each locality who will discuss farm income problems of direct interest to the particular area, and what effect the administration's farm bill will have on the farm income in that area.

Mrs. Juanita Wooten of Crosbyton, farm wife and insurance agent, will discuss the role Farmers Union must play in the implementation of farm legislation. She will also outline the total philosophy of Farmers Union, and its role in the community.

Mrs. Gail Brewer of Crosbyton, educational director of Texas Farmers Union, will discuss Farmers Union Junior Program, and the importance of education and information in the accomplishment of Farmers Union income goals.

The registration for the meetings will begin at 8:00 a.m., followed by the morning session at 9:00 a.m. Lunch will be made available at the meeting place in each locality, so that those in attendance can remain for the afternoon session which will include a question and answer period. Farmers, businessmen and others who are interested in agricultural prosperity in their communities are invited to attend the Farm Income Conference nearest them.

The meeting at Lubbock will be held at the Plains Coop Oil Mill, 2901 Ave. A, April 27.

TO APPEAR
Evetts Haley, Jr., candidate for commissioner of Agriculture, will be in Muleshoe Monday, April 23. Time and place is to be announced, John West said.

Parmer County Farm Bureau News

By RAYMOND EULER

By RAYMOND EULER

It seems a little strange to us, in a way, that when a hearing is held to determine how agricultural producers feel about National Marketing Orders, and other items being vigorously promoted by the Administration, there are more employees of USDA and State Agricultural Agencies on the stage than producers of the commodity in question.

If they appeared as observers, it would seem a little different. The fact is, however, according to our observation, that these Federal Employees do as much, if not more testifying (always in favor of the federal regulation) than the producers for and against the proposal.

We are making particular reference to the recent hearings on the National Marketing Order proposal for potatoes. We have also noticed the same situation in other meetings of this nature, regarding feed grains and wheat, for instance.

It is rather hard to get a true picture of the situation under these circumstances.

Next Monday night at eight, in the Community Room of the Friona State Bank, a noxious weed eradication and control meeting will be held. The public is invited and a good attendance is anticipated.

A history of the Farm Bureau Weed Committee activities in this county will be given briefly, along with other important phases of the program. Railroad representatives, high-

way personnel, ASC, SCS, extension service and experiment station personnel will have parts of the program, which is designed to encourage active interest in noxious weed eradication. We believe you will profit by attending.

County Agent, Deryl Coker and Bovina's FFA Instructor, Roy Crawford are among those working to help the committee formulate an interesting and informative program for you.

"Measure the Candidates" is the title of a county wide meeting to be held under the sponsorship of Parmer County Farm Bureau on Thursday night, April 26 at eight. The meeting place will be the Friona School Auditorium.

Your membership chairman, Calvin Meissner and all the other officers and workers appreciate your favorable response in the membership drive. If you were not contacted and wish to become a member, please send or bring in your check for \$10.00 for a year.

Seaton To Get "Second Chance" At State Meet

Jimmy Dale Seaton will have a chance to re-run a race which has no doubt been in his mind for a year.
The Lazbuddie track star qualified for the state meet once again last week at Lubbock, by setting a class B regional record in his specialty, the 120-yard high hurdles, with a 14.9.
Seaton ran this race last year at the state meet when Lazbuddie won the state title, but with a chance to win, he tripped over the final hurdle and failed to place.
Seaton also placed third in the low hurdles at the regional meet and fifth in the high jump for a total of 17 points.
He will be the only Lazbuddie entry in this year's state meet.
Others winning points at the regional meet were David Koelzer, third in the pole vault at 11-6, and Don Smith fifth at 11-0; and Terry Darling, fifth in the 880-yard dash in the time of 2:03.

Candidates To Speak Friday

There will be a candidate speaking at the Needmore Community Building starting at 7:30 p.m. Friday. Refreshments will be served courtesy of the club women.
All the candidates except the gubernatorial candidates have been invited.
District Attorney Jack Young will moderate the program, and Lester Howard will assist with the introductions.
Voters from throughout the county are invited to attend. The final in the series of speakings for the county will be in Muleshoe High School Auditorium on Friday, April 27.

Absentee Voting Now Underway

Absentee voting for the May 5 primary was begun Monday in the office of the County Clerk at the County Courthouse in Muleshoe, and will continue through Tuesday, May 1.
The special voting will enable voters to cast ballots for both the Democratic and Republican primaries, if they plan to be absent May 5.

Mr. and Mrs. Dean Wiseman were in Abilene this week to attend a Lectureship at Abilene Christian College.

Adrian Martin is reported to have suffered a heart attack and was confined a number of days to the hospital in Amherst.

Visiting Sunday in the home of Mr. and Mrs. Don Ham were her parents and relatives from Tula.

Jimmy Arnold, son of Mr. and Mrs. Jimmy Arnold of Fort Worth, has been visiting in the homes of his grandparents, Mr. and Mrs. L. F. Meeks, and Mr. and Mrs. James P. Arnold.

Mr. and Mrs. A. P. Walbrick have a new grandson, Craig William, born to Mr. and Mrs. George Thompson of Amherst. The infant was born April 8 in the hospital at Amherst and weighed 8 lbs. 6 oz.

Paternal grandmother is Mrs. Bertha Thompson of Amherst.

Easter parties for Elementary grades are to be held Thursday afternoon preceding the dismissal of schools for the Easter Holidays according to grade school principal Bernard Wilson.

Mrs. Gene Moore has resumed teaching duties in Junior High School after being absent a number of days when she was in Dallas with her husband who underwent surgery there.

Local A.A.U.W. To Contribute To Nat'l. Funds

The Muleshoe Branch of A.A.U.W. will contribute to the national fellowships which will be awarded to 109 American and foreign women scholars for research and advanced study during 1962-63 by the American Association of University Women Educational Foundation. The fellowships carry stipends amounting to \$260,000.

Three African women are among the international recipients, the first to receive the fellowships for African women teachers inaugurated last fall by the Foundation for the 1962-63 academic year. Two are from Liberia and one from Sudan. Twenty-nine other countries are also represented by the International Fellowships.

Most of the American women will be working in the humanities, while the majority of the 58 women from other countries will be doing research in the natural sciences.

AAUW Foundation fellowships are awarded for advanced study and research. To be eligible for an award, women of the United States must either hold a Ph. D. degree, or have fulfilled all doctorate degree requirements except the dissertation, or have achieved professional recognition.

Recipients are not restricted as to field of concentration or place of study. The international fellowships are open to women of other countries in which there is an association or federation of the International Federation of University Women. All of the international awards are for study in a country other than that of the recipient, but about thirty of them are restricted to study in the U.S.A. In addition there is the special program for African women teachers.

Members of the school administrators were in Amherst Tuesday evening to attend a Lamb County School administrators' meeting when Ladies Night was observed and wives of the members were guests for the occasion. Going for the event were Supt. and Mrs. W. E. Hancock, Mr. and Mrs. Bernard Wilson, Mr. and Mrs. Therman Knull and Ralph Stewart.

Those going were Mr. and Mrs. Don Ham and family, Mr. and Mrs. Doyle Chapin and family, Mr. and Mrs. Bill Owens of Littlefield, Kathy Barnett, Nancy Williams, Sharon Walsler, Bill Boyles, Mr. and Mrs. Bill Stone, Mr. and Mrs. Pudd Wiseman, Mr. and Mrs. James Withrow, Faye Scott, Charles Heffington of Littlefield.

Mr. and Mrs. Jimmy Owens of Littlefield entertained a number of the Young People of the Church of Christ, and other guests, with a supper at their home near Littlefield Saturday evening.

This Saturday has been proclaimed Straw Hat Day by Mayor Pro-Tem Irvin St. Clair. All men who plan to be in town Saturday are urged to don a straw chapeau for the event.

"With the co-operation of all citizens we can easily make this the best annual Straw Hat Day yet," St. Clair stated. Those not wishing to wear a hat on Saturday should stay indoors.

Straw Hat Day Is Saturday

The weekly sheriff's office report shows: Police Department arrested one for drunkenness, the Sheriff's Department arrested one for removal of property for Washington County.

One colored man was picked up for mental illness investigation and was taken to Wichita Falls by Garland Freeman.

Sheriff's Report

Another man was taken to Galveston by John Moore for medical treatment.

One subject tried in Amarillo for worthless check will be transferred to Muleshoe for the same charge.

The sheriff investigated theft of tires and wheels off a trailer 30 miles southwest of Muleshoe.

Outdoor Easter Service Is Off

The Easter Sunrise service which was planned to be held at the Sand Hills in the form of an Easter Pageant has been cancelled.

The pageant, under auspices of the Bailey County Ministerial Alliance, was called off when it was learned that the spoken-for sound equipment would be unavailable for Sunday morning. There will, instead, be an Easter Service on the lawn of the First Methodist Church in Muleshoe at 6:00 a.m. on Easter morning.

Rev. Lynn Stephens will present the Easter message. People of all faiths are urged to attend this service.

"A Little Child Shall Lead Them"

"... Suffer little children to come unto me, and forbid them not; for of such is the kingdom of God. Verily I say unto you, Whosoever shall not receive the kingdom of God as a little child shall in no wise enter therein." Luke 18:16-17

Let us with the simple faith of a little child accept the fact of the Resurrection and place our trust in the LIVING CHRIST. Among the most interesting and instructive scenes in the ministry of our Saviour are those involving his attitude and concern toward children. Jesus was indeed the children's friend; He laid His hands upon them in heavenly benedictions, and took them into His Holy and strong arms of salvation and security.

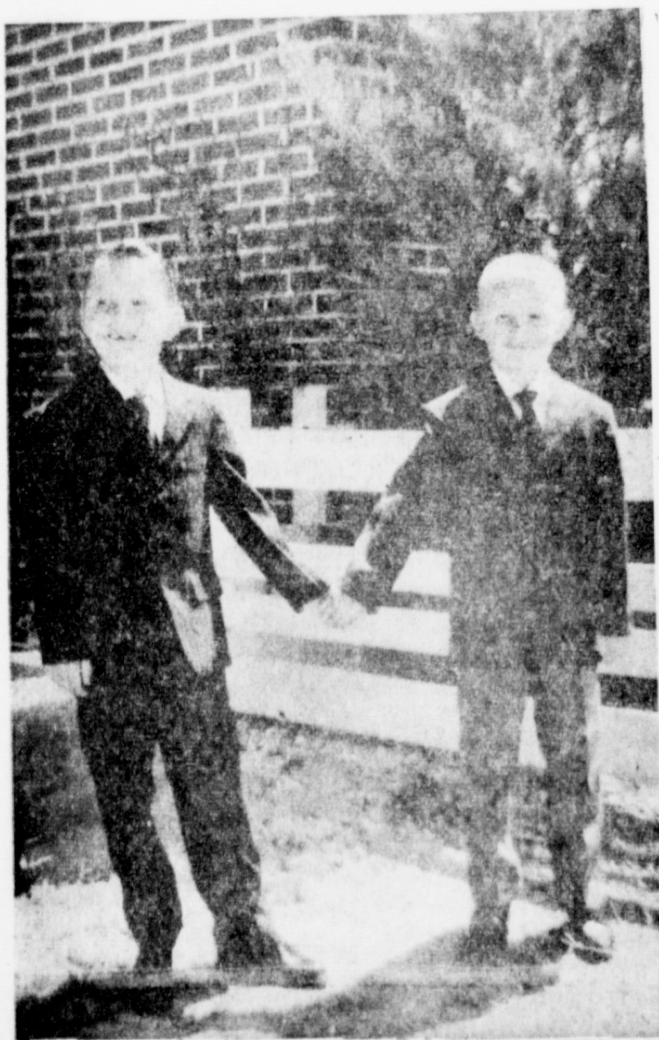

Making plans to attend Easter morning services at the First Baptist Church are the three sons of Mr. and Mrs. Melvin Mackey. They are Mark, age 2 years, Monte, 3 months and Mike, age three.

Come to Church Easter Sunday

Eleven year old twins, Ronnie and Connie Reeder and their sister Debbie will be a part of the Easter service at the First Baptist Church. Mr. and Mrs. Ray Reeder are their parents.

Hand-in-hand, Dennis and Ronnie Parker are members of the booster band in the pre-Easter revival underway at the Trinity Baptist Church. They are the sons of Mr. and Mrs. Frank Parker.

This lovely pair, Darren, age three and Sheryl, 3 months, children of Mr. and Mrs. J. D. Dunlap plan to attend services at the Church of Christ Sunday.

Gaily dressed Cecil, Mitzi, Eddie and Sammie Ann, children of Mr. and Mrs. Clifford Mardis pause before entering the sanctuary of the First Methodist Church.

County Records Three Rural Wrecks In March

The Highway Patrol investigated three rural accidents in Bailey County during the month of March according to Sergeant D. S. Lawson, Patrol Supervisor of this area.

These wrecks accounted for an estimated property damage of \$1,350.

The rural traffic accident summary for Bailey County from January through March of 1962 shows a total of seven crashes. As a result of these crashes, one person has been killed and four persons injured. The estimated property damage amounted to \$7,625.00.

With the coming of April, motorists will be getting back out on the highway to enjoy the invigorating atmosphere and colorful country-side. The patrol supervisor pointed out that this will cause highway travel to be multiplying by leaps and bounds.

He urges motorists, pedestrians and all street and highway users to know and obey traffic laws, regulations, ordinances and their application, and pledge their continuous vigorous support of these laws, so that accidents may be prevented and safety universally promoted.

The Empty Tomb

"He is not here: for he is risen, as he said." Matt. 28:6a

There is nothing more gripping in the Holy Scriptures than the truth of the empty tomb on that first Easter morning so many years ago. Men read of it today and are made as joyous as those who first journeyed to the tomb on that first Easter morning. The empty tomb speaks to each of us in a different way, but essentially it points to three definite areas of thought.

We have our attention first drawn to the Christ of the empty tomb. He is the central figure of the Bible. He is the One who created the earth and all living creatures, yet by the work of Satan, Christ's own creation had sought to take His life. Satan had no power over Christ's life. Christ testified to the fact that He alone would lay down His life, but then quickly reminded them that He also had the power to take it up again. The Christ of the empty tomb gave His life as a ransom for all that we might be reconciled to God. This is the central teaching of the Bible: One was promised to come that the debt of sin man had standing at the Throne of Grace might be forgiven. Christ was the Eternal Sacrifice for man. No longer was man constrained to offer the blood of bulls and goats as commanded in the Levitical law.

As we observe the Christ of the empty tomb our attention is turned from Him who was born of Mary to the power of the empty tomb. If one is able to return from the dead, then there must be a power

here more potent than any scientific discovery of man. Death could not contain the Eternal Son of God. When death, which is a result of the fall of man, and its power, took hold on Christ it in a sense signed its own death warrant. For when Christ gave his life, He did so that every creature might come to him, for reconciliation to God, and the promise that they too, might have that eternal life with the Father. The power of the empty tomb is manifested in the fact that all men have that access to life again, eternally with their Heavenly Father. St. Paul taught that Christ was the first-fruits of the Resurrection, but that we all shall be raised again to live eternally.

Again our minds look to the scene of the first Easter and we ask ourselves the purpose of the empty tomb. Christ was the central figure of the Easter scene, His power was shown in the way death could not keep him. The purpose of all this was to show that the Eternal Power of God is far greater than the power of Satan, or even of death. Today, we look about us and feel that God has almost forsaken man, but some day we shall see as they saw that first Easter, that God still reigns. He is not slack concerning his promises to us, and He has the power of eternal life over death. We need not fear death, for by the evidence of the empty tomb we see that God is able, and all men shall one day be brought forth from the grave, and there to face God, the Eternal Ruler of the universe.

Let us look to the empty tomb with a renewed confidence and take courage. Our day is at hand, when we too, shall be raised to newness of life and there sing praises to our Redeemer and King. "For I know that my Redeemer liveth..." and that I shall go there to be with Him.

IN THIS WORLD

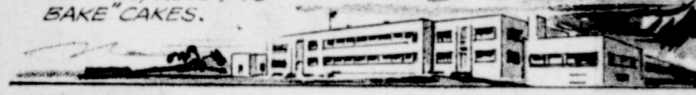

THE WILL TO SERVE IS THE KEY TO OUR FUTURE...

THINK OF IT DURING 1962 AS MRS. RUDIN CELEBRATES THE SILVER ANNIVERSARY OF HER ADVENTURE THAT CARRIED HER FROM HER KITCHEN INTO THE EXCITING BUSINESS WORLD.

WORD GOT AROUND IN 1937, OF THE DELICIOUS BREAD MARGARET WAS BAKING FOR HER FAMILY... SOME LOAVES FROM HER KITCHEN REACHED A LOCAL STORE... THEY CALLED IT, PEPPERIDGE, FAK... THE NAME OF HER HOME.

THE EXPERIENCE THAT FOLLOWED PROVES THE COMPATIBILITY OF MIXING HOME LIFE WITH BUSINESS... IN 1956, SHE WAS ACCLAIMED ONE OF THE TOP SEVEN BUSINESS EXECUTIVES IN AMERICA. IN 25 YEARS HER DAILY KITCHEN TASK HAD GROWN INTO ONE OF AMERICA'S QUALITY BAKING COMPANIES

TODAY THE COMPANY HAS MODERN PLANTS LOCATED IN CONNECTICUT, ILLINOIS, IOWA AND PENNSYLVANIA PRODUCING BREAD, ROLLS, COOKIES, PATTY SHELLS, FROZEN PASTRIES, STUFFING, READY TO BAKE CAKES.

SANDHILLS PHILOSOPHER SAYS:

Increase of Steel Prices Won't Raise the Prices of Farm Products

Editor's note: The Sandhills Philosopher on his Johnson grass farm has found out about the increase in the price of steel, his letter this week indicates.

Dear editor:

As I understand it a lot of people, including the President, have gotten mad because the steel industry raised the price of steel, but I managed to control my temper until I read all the reasons why the price increase was called inflationary and therefore bad for the rest of the country.

According to the experts, you raise the price of steel and automatically you've raised the price of cars, homes, refrigerators, freezers, vacuum cleaners, tractors, plows, wrenches, nuts and bolts, etc.

But, and here's what made me mad, nowhere in the list did you read that raising the price of steel would raise the price of farm products.

I checked all the lists, from all the Congressmen eager to be quoted, from all the economic ex-

perts, and not a one was worried about the possibility of cotton or corn or potatoes or fruits or vegetables or chickens or eggs or milk or beef or pork or anything else grown on a farm going up.

This is what burns me up. How come we can't get in on these inflationary spirals?

The truth of the matter is, everybody takes farmers for granted so much, if we all announced that starting next Monday morning the price of all agricultural products would be increased 10 per cent on account of the increased costs of production, you think anybody would get on television and denounce us? Everybody would just bust out laughing.

We not only couldn't get anybody to denounce us, we couldn't get anybody to pay any attention to our price rise, people would just keep on paying the same old price, or possibly a little less.

Washington has nothing to worry about when it comes to us farmers doing anything inflationary. You're not going to catch us rocking the economic boat. We're too busy bailing water for that.

Yours faithfully,
J. A.

New Innovation In Seating Sponsored This Year by Carson & Barnes Circus

One feature of the circus this year that impressed the local sponsor of the Carson and Barnes big three ring circus was the new and attractive policy of informing the public of the **PRICE** of all tickets before attending the show, and allowing the public to pick the area they desire to sit in.

Carson and Barnes Circus has adopted the policy used by the major football and baseball stadiums and have made all of their seats reserved. A diagram of the seat location and the three price ranges can be seen in their news advertisement and on the circus ticket wagon. Remember, at the **CARSON AND BARNES CIRCUS** you select the area of the circus tent you desire to sit, purchase ONE ticket for the seat of your choice.

In addition to revolutionizing the seating policy of the circus, the Carson and Barnes Circus has modernized their performance to appeal to the adult as well as the children. Realizing that the television spectaculars like International Showtime, Ed Sullivan and the Dupont Hour, have been well received by the adult audiences the Carson and Barnes Circus has obtained some of the best acts appearing with International circuses.

These acts can be seen at both performances, afternoon and night at the local showgrounds.

The Lions Club is sponsoring the one day appearance in Muleshoe for matinee only Sunday, April 29.

County vs City In Benefit Bowl For Cancer Fund

Men's and women's teams from the City Hall and Bailey County officials have accepted challenges for a bowling match at Tri Co Bowling Center as a benefit fundraising event for the Bailey County Cancer Crusade, Major Arch Crow, representing the City and Judge Glenn Williams, for the County, announced this week.

The benefit bowling spectacle will take place at 8:30 p.m. on Thursday, April 26, with Tri Co Bowling donating the bowling charges to the cancer fund and the public is invited to attend as spectators. There will be no admission to the match, but a contribution given to the Cancer fund.

A trophy will be presented to the winning teams in both men's and women's divisions by Harold Griffith, of Tri Co Bowling, who is giving the local drive a substantial boost this year.

The benefit Bowling Night will be held in the "Bowl Down Cancer Week", April 22-28, campaign. All leagues during the week will have their bowling charges given by Tri Co to the cancer fund.

Educational material, listing the Seven Danger Signs of Cancer, will be distributed by volunteer cancer workers during the evenings of "Bowl Down Cancer Week", Griffith said.

CAPROCK

SELLS YOU MORE THAN A SACK OF FERTILIZER

A BETTER WAY OF LIFE

Thanks to fertilizing, and good farm land management, farmers are more successful today. They enjoy a better income, a better way of life, because their land yields the maximum continuous profit.

In recent years farmers have practiced measures to keep their lands at a high level of productivity year after year. In years gone by, farmers exhausted the fertility of their soils and moved to new lands.

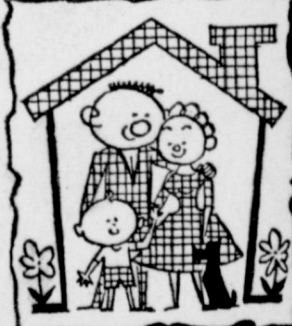

Now through proper fertilizing and land management, all soils and lands are kept at profitable production levels.

Collegiate Rodeo Set For Coliseum

LUBBOCK — "Collegiate cowboys" from the Southwest will be featured in the regional National Intercollegiate Rodeo Assn. rodeo April 19-21, sponsored by the Texas Tech Rodeo Club. The only indoor college rodeo will begin each night at 8 p.m. in the Lubbock Municipal Coliseum. Colleges and universities from Oklahoma, New Mexico and Texas are entered.

A downtown parade at 4 p.m. Thursday, April 19, will kick off the rodeo activities.

The grand entry will feature Tech's own Red Raider encircling the arena with a spotlight on him. Kappa Kappa Psi band fraternity will provide music each night beginning at 7:30.

Two specialty events are the boys' wild horse race and the girls' calf-dressing contest. In the wild mare race, teams of three boys representing Tech fraternities will be given a mare on the end of a 20-foot rope. The objective is to saddle the horse and ride her across the finish line.

Teams of three coeds representing campus sororities will attempt

to dress a wild calf with bloomers and then get the calf across the finish line.

Other events are bareback bronc riding, saddle bronc riding, calf roping, steer wrestling, bull riding, and girls' barrel racing.

Each team is composed of six cowboys representing the schools in this region. The team compiling the highest score after six rodeos of the season gains the right to represent the region in the NRA Rodeo in Denver, Colo., during June.

Stock for the rodeo is being furnished by Walter Alsbaugh of Alamosa, Colo. A top Rodeo Cowboy Assn. producer, Alsbaugh had six horses and three bulls in the National finals last fall in Dallas.

Prizes to be awarded to rodeo winners are on display at the Red Raider booth in the Lubbock Home Show. A trophy will be presented to the rodeo team winning the most points, a \$250 saddle to the all-around cowboy, gold and silver belt buckles to winners in each event, and boots and hats to winners of the individual go-arounds.

Entries include Sul Ross College, winner of the 1961 NRA team championship; Oklahoma State University, New Mexico State University, New Mexico Western, West Texas State College, Texas Western College, Hardin-Simmons University and Tech.

Individuals from other schools will enter the rodeo, but their points will not be included in the team championship.

C. R. "Bud" Townsend, teaching fellow in history at Tech, will announce the rodeo. Townsend has announced at rodeos throughout the United States, and is a member of the Rodeo Cowboy Assn.

Ticket prices are \$2.25 for reserved seats, \$1.50 for general admission, \$1 for high school and college students and \$.50 for children (ages 6-12).

Tickets went on sale Monday, April 15, in the Tech Student Union. Reserved seats may be held by calling SW 9-3726 from 1-9 p.m. each day.

Local Students On Diploma List At LCC

Kay Brown, daughter of Mr. and Mrs. J. M. Brown of 623 W. Avenue E. and Mrs. Robert Camp, son of Mr. and Mrs. Bernis Camp of 1537 W. Avenue B, are two of 77 students scheduled to receive a diploma certifying two years of satisfactory college work at Lubbock Christian College, in Lubbock.

Kay entered the junior college in the fall of 1960. She has been a member of the Meistersinger Chorus and is a member of the LOA Social Club.

Four Attend H.S. Seminar

Dick Allison, Kenneth Heathington, Scott Oliver, accompanied by Byron Hardgrove, attended a seminar at Howard Payne College, Brownwood, last weekend. The seminar—"High School Americanism"—climaxed the college's week of observance of "Democracy in Action".

Seminars heard by the group were given by Governor Price Daniel, R. H. Lawrence of Dallas, director of the Texas Bureau of Economic Understanding, and students from the college. The controversial film, "Operation Abolition" was seen, as well as a historical panorama in speech entitled "Birth of a Democracy." The Muleshoe students and sponsor were one of six high schools attending by invitation only.

Miss Hickman Elected To Office At Tech

LUBBOCK — Texas Tech's Women's Service Organization has elected new officers for 1962-63. Those elected were: Annette Sims, 9020 Wickford, Houston, president; Dorothy Hickman, of Muleshoe, vice president; Jeanie Stark, 3249 Louisville, El Paso corresponding secretary; Hallie Pierce, Luling, recording secretary; and Dona Lovel, Lubbock, pledge tainer.

Sudan Student To Grads Enlisting In Navy Get Two Week Leave

Mike Mudgett of Sudan placed first in prose reading at the Regional Interscholastic League Literary events held Saturday in Lubbock.

Mike, the son of Mr. and Mrs. Wiley Mudgett and a member of the Sudan Schools at the State Interscholastic League meet to be held in Austin, Friday, May 4th.

Other students from Sudan participating in Saturday's events were Dyanne Curry, poetry interpretation; Linda Chapin, prose; Joe Rivas, Poetry; Scrapy Wingo, Slide rule; Rue Jean Hancock, Ready writing; Laurie Shaffer, typing; John Cox, Mike Fisher, number sense.

Prospective high school graduates who desire to enlist in the United States Navy and still be home to graduate with the regular class may now enlist 12 days prior to graduation and be granted a two-week leave to return home and graduate prior to reporting for recruit training.

Those that are interested may contact Petty officer Bradley each Monday at the selective service office in Muleshoe or Chief Puckett in the Post Office at Clovis.

April 1 and May 1 are important deadlines for Texas to render their property to various taxing agencies. State laws require all real and personal property to various taxing agencies. State laws require all real and personal property to be rendered for taxes on or before prescribed dates. Those who fail to comply can blame only themselves for the money loss they may consequently suffer.

Some Texas cities set their own tax deadlines. These are the cities of more than 5,000 population which have incorporated under the "Home Rule" provisions of our statutes. All other cities are governed by the general laws of Texas.

In town operating under the general laws property must be rendered for taxes between January 1 and April 1 each year. A number of home rule cities set up the same requirements in their ordinances, while others prescribe different periods.

For state and county tax purposes, property must be rendered to the County Tax Assessor by April 30, and homestead exemptions must be claimed by the same time.

In some localities a third taxing unit is involved—the independent school district. In other places school taxes are collected by the city or county. In addition, some localities have water, irrigation, or levee districts which assess and collect taxes. Make inquiry as to where these various taxes are assessed, and as to applicable deadlines for rendition.

What property must be rendered for taxes? If Texas laws were strictly enforced, we would be required to render to all taxing units nearly every piece of real and personal property to render to all taxing units nearly every piece of real and personal property which we own, down to the very clothing on our backs.

An exception is the constitutional exemption of \$250 worth of household furniture. However, no taxing unit carries its requirements this far, and it will be necessary to inquire of each tax assessor when rendering your property whether specific types of property are ordinarily rendered in that locality.

Some cities and counties collect ad valorem taxes on automobiles, television sets and other personal items, while others ignore practically all personal property. Business and professional men are generally required to render all merchandise, furnishings, fixtures, business auto-

mobiles and equipment. If property is not rendered by the taxpayer, it may then be placed upon the unrendered tax roll, and the taxing agency places such valuation thereon as it considers fair. One advantage of rendering your property is that you can set your own valuation. Then, if the county or city decides a higher valuation is in order you will be given an opportunity to appear before a board to explain why the higher figure should not be used in computing your taxes.

Thereafter, an appeal to the courts is possible in some instances. Generally speaking, however, the courts are unable to strike out a valuation unless the agency or board has acted arbitrarily and placed on the property a valuation higher than that placed on comparable property owned by others. If you do not render, the valuation set by the taxing agency is final.

Remember these facts: You may need to render your property at three or more different tax offices. Ask each tax assessor if in doubt concerning the deadline or the rendering of specific personal items.

(This newsfeature, prepared by the State Bar of Texas, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

Hand-Rub Look Easy By Brush

A new and different enamel that starts out with a high gloss then changes within seven days of application to a low lustrous finish, described as hand-rubbed, has been announced by Lunall Paints, Chicago.

According to the manufacturer, the enamel is as easily applied as modern wall paints. The cosmetic feature and hand-rubbed finish is attained by special catalytic agents in the enamel's formula which go to work automatically when the enamel is brushed or rolled on a surface. The process of controlling the lustre takes from four to seven days and once the low lustre finish appears, it retains a lovely hand-rubbed appearance.

Recommended for all interior surfaces, including trim, wood and metal cabinets and walls, and exterior furniture, Lunall Satin Enamel levels smoothly after application and dries in 4 hours to a hard, beautiful, tile-like surface. Color charts are available at Charles L. Lenau Lumber Company in Muleshoe.

Orientation Day Held In Sudan

Forty pre-schoolers attended the orientation pre-school day at the Sudan Grade School held Wednesday, April 11, it has been announced by grade school principal, Bernard Wilson.

A full day of activities was held for those present and an orientation for both child and parent was conducted by Wilson.

School counselor, Thurman Knoll showed a film and other highlights of the day included play ground activity and the graduation exercises when principal Wilson presented one day diplomas to those attending.
