## July 4 Talent Lists Spirals; Program Set

Entries in the Independence Day talent contest here continued to increase Thursday as other arrangements for the big Muleshoe event neared a finish.

Roger Albertson, chairman of the talent division of the big Benny Douglas program, said "a good number of new entries" had been received up to Thursday afternoon, "and I know a lot more who have called me to ask for information plan to put their names in the hat next week."

He said from all indications now, the total will be "as high as last year's list." Forty-one groups or individuals took part in the 1961 two-hour contest.

Big cash prizes dangled in front of would-be contestants, is creating much interest among performers. Few talent contests, it was pointed out, offer as much cold, cash money to the winners as will the Muleshoe contest.

The Chamber of Commerce here, sponsor of the entire celebration, has set the first prize at \$150 for amateurs with a second prize of \$100. Third place winner will receive \$75; fourth

winner gets \$50; fifth place \$25 and sixth place \$15. Among the professionals, two prizes are offered; top outfit wins \$50 and second best gets \$25.

Those who wish to enter the talent contest, amateur or professional, were asked to get in touch with Albertson or inquire at the Muleshoe Chamber of Commerce.

Meantime, other arrangements were complete. Fireworks for the big \$500 shoot-off to conclude the program are on hand. Earl Ladd, fire chief, and his assistants, who will be in charge of the fireworks finale, have everything "all set" for that phase of the program.

The program, which is to be staged at Benny Douglas stadium at the high school, will start at 5 o'clock with an old-fashioned picnic on a bring-your-own-food basis. Picnic suppers will be spread on the grass at the stadium.

The talent contest and the fireworks display will follow. Gil Lamb is to be master of ceremonies.

## Land Measurement By ASC Under Way

Crop measuring of some 320,000 acres of cotton, grain sorghum and diverted land is well under way by crews of the Bailey County ASCS office, it was announced Wednesday by Charles A. Daniel, ASCS office manager.

The work was begun last week and will continue until all the land is measured, probably sometime in early September.

Measurements are being conducted first in areas where crops are farthest advanced, he explained.

He said all crops and diverted acres will be measured at the same time this year instead of separately as in the past because of the feed-grain program.

"We are starting late," Daniel said, "in hopes all crops will be up and we can get them all measured at the same time."

The drought, however, has greatly slowed all planting procedure. Twenty measurers are at work with additional workers computing the acreage total, he explained, adding:

"Many farmers have not planted their crops and will not be able to plant cotton until after more moisture has fallen. In fact, this doubtless will prevent many crops from being planted at all."

Those in the feed-grain program can still drop out and plant their entire acreage in sorghums if they so desire.

Members of the ASCS office staff attended a district meeting at the Plains Co-Operative Complex in Lubbock, Texas, Thursday when 16 counties sent representatives to the meeting.

Those going from here in addition to Daniel were Bernis Camp and Tommie Gaston.

Speaker at the Lubbock session was Robert H. Nelson, program specialist of the Texas ASCS. He discussed performance of cotton, diverted acres and the feed grain program for the current crop.

Dale Carter, district farmer-fieldman of Plainview, presided.

## Jaycee Lampbulb Sales Booming

Muleshoe homes should be among the best-lighted in West Texas, judging by the rate citizens have been buying bulbs.

This is the opinion reached by Junior Chamber of Commerce members who have been selling light bulbs door-to-door.

In fact, the original stock sold out so rapidly that new supplies had to be ordered.

**MONEY FOR CENTER** — Youths and adults went out Monday to ask for money for operation of the youth center. They sought \$600, got \$550 in two hours. Here are Mrs. Boyd Landers, Jane Bruns and Jan McVickers, making a "pitch" for funds.

## Youths Get \$550 In Whirlwind Drive

Youth will have money enough for a summertime program at their recreation center here, thanks to Muleshoe business and professional men.

The youth, with some of their adult sponsors, went calling on businesses one morning this week seeking \$600. They wound up in two hours with exactly \$550 in the till with several likely contributors yet to be seen.

Tottie Middlebrooks, adult president of the organization, says "results of our drive were most gratifying. It shows the people are back of our program and believe it is carrying on a fine piece of work for our young people."

Mrs. Cliff Griffiths and Mrs. Boyd Landers were co-chairmen of the finance committee for adults. Others included Joe Putman, Jane Bruns, Linda Griffiths, Don Williams, Stanley Black and Charlene Lindsey.

For the adults solicitors included Mr. and Mrs. Alex Williams, Boyd Landers, Mrs. J. H. Evins, Mrs. Eugene Black and Cliff Griffiths.

Meantime, the center is continuing its summer program with a number of the special activities

planned. A total of 131 persons attended last Saturday night's dance, and the committee has announced that fees have been reduced for all square dances and for special entertainment fees.

Friday night the center is planning a swim party at the high school pool and on Saturday night a "twirl dance" is scheduled with the girls making the dates.

A week from Saturday, a sock hop is scheduled. "We expect to keep an active program going all summer," Middlebrooks sums up.

## Commissioners Due To Name Architect

Bailey County Commissioners were in session today to name an architect to study the tricky courthouse problem.

This is their second session with the architects. Ten days ago, the board met with a number of architects who offered their services in the courthouse study.

County Judge Glen Williams said an architect or firm will be named by the commissioners to present concrete findings.

At the previous session with the commissioners, several preliminary suggestions were made by the architects, ranging all the way from remodeling the present jail to a complete new courthouse. The main problem, he said, is the solution of the county jail, which is far below modern standards.

One architect presented a drawing he had made showing

group the first night out.

The money which the group makes on the project—80 cents per carton—will be earmarked for the organization's Little League baseball team and to provide trash containers for downtown Muleshoe.

## Planting of Cotton Resumes as Spotted Rains Boost Outlook

Bailey county's dryland cotton prospects brightened appreciably this week when rains dumped all the way from half an inch to two and a half inches of badly needed water on parched soil. The outlook still is clouded since the rains were spotty and in all areas, additional moisture will be badly needed.

However, for the most part, dryland farmers can do their long-delayed cotton seeding chore, and prospects for a yield this fall are good, provided September rains don't delay maturity.

Charles Daniel, ASCS manager here, said the rains this week "have definitely improved the dryland cotton prospects," and that cotton planted before June 20 has usually managed to mature before frost.

The rains themselves varied greatly. Here in Muleshoe the total fall in Monday's downpour measured .85 inch, but elsewhere in the county, the amount varied from a trickle to as much as two and a half inches.

Needmore community, 13 miles south of Muleshoe, measured two inches but the fall to the south was much lighter, and precipitation at the game refuge, 20 miles south of Muleshoe, totaled only an inch.

West of town, on the Sherman

Inman farm, rain amounted to only an inch, while farther east rainfall was greater but hail damage was great also, some farmers two to five miles northwest of Muleshoe reporting as much as 50 percent loss from hail. Littlefield received from three-quarters inch to one inch, and Morton measured .95 inch.

The prospect, experts here said, while greatly improved for dryland operations, is not yet bright, especially on an area-wide basis, since the rains were so widely scattered and varied greatly in amount.

Since hail was heavy in some regions, even irrigated cotton prospects dimmed some what. Needmore was battered by hail. Lester Howard of that community reporting small hail and 2.90 inches of rain.

## Year's Blazes Hit 82

Exceptionally dry weather has boosted runs made by the Muleshoe fire department to 82 for the year, considerably beyond the usual total for this time of the year. Earl Ladd, chief, said Wednesday.

At this rate, the year's total may reach 150 to 180, he said.

Losses the past 10 days, however, have been light. On June 10 the department made a 4 a.m. run to the W. O. Stacey farm at Progress where an electrical short caused minor damage.

On June 11 the department fought a grass fire in the country club addition, set by an electric welder. No loss was reported.

Two right-of-way fires nine miles northwest of town were extinguished June 16, wheat in the area being saved.

Lightening set a 75-ton haystack on fire at the Jack Schuster farm, eight miles south of town, June 18. Approximately 50 tons of baled hay were lost.

An automobile fire on east third did minor damage June 19.

## Journal Wins Safety Award

Muleshoe Journal will receive Governor's Traffic Safety Award at the Texas Press Association banquet in Corpus Christi Saturday night, the paper's publisher, Larry Hall, was informed Thursday.

The award will be accepted for the Journal by Vernon Stanford, secretary of the press association.

## First Dinner Success

Needmore and Muleshoe men broke bread together, and gobbled up pound after pound of well-barbecued chicken at the first of the Chamber of Commerce area dinners last Saturday night, when Irvin St. Clair was master of ceremonies.

The first of the series, the Needmore farm dinner was branded as "very successful" with 61 persons attending. Frank Ellis, president of the Chamber, gave the welcome, and Buck Creamer the response.

The series will be continued with the next dinner sometime in July.

Carroll Pouncey, Chamber manager, invited the Needmore folk to attend Muleshoe's big

**SINGERS** — Music for the first of a series of county dinners, sponsored by the Muleshoe Chamber of Commerce, featured a quartet. The group calling themselves the "Needmore quartet" is composed of Janie Moraw, W. D. Goforth, Rev. Gene Davis and Buck Creamer with Mrs. Davis at the piano.

## Don't Shoot Fire-works In Town; They May Cost You A \$100 Fine

Shooting fireworks inside the city limits of Muleshoe may be just about the most expensive way you can celebrate the glorious Fourth of July.

So warns A. C. Neely, chief of Police, who points to a city ordinance prohibiting such activities. In fact the ordinance sets the fine at \$100.

"We especially hope people won't shoot fireworks this year," he said, "since it is so unusually dry. In addition to the possibility of individuals getting injured by fireworks, there is the further risk of starting an expensive fire."

He asked people attending the July Fourth celebration at Benny Douglas stadium to "please don't bring fireworks to the celebration."

He points out that the Chamber of Commerce has gone to considerable expense to provide elaborate fireworks for the closing feature of the celebration. "So, let's let the people enjoy the prospect of the culprits."

## Hubcap Thieves 'Not Too Bad'

Hubcap stealing, which in parts of West Texas has reached major proportions, is "at a minimum" here, Police Chief Carl Neely said Wednesday.

"Since one or two of the would-be hubcap snatchers got caught in the act, we haven't been bothered as much with this pest," Neely said.

He pointed out that in some west Texas towns, hubcap stealing has reached such alarming highs that insurance companies are offering high cash rewards for information leading to the arrest of the culprits.

## Helene's 'Wonderful Year' In Muleshoe Ends; She Goes Back to Belgium With Memories

Helene's gone home, back to her native Ghent, Belgium, but she's taking with her a suitcase full of Muleshoe souvenirs and a heartfelt of memories. There were tears, of course, for the pretty

little exchange student who landed in Muleshoe last August with nary a friend, and left with a townful of them.

"We're going to miss her terribly," says her foster father in

Muleshoe, A. J. Lenderson. "Yes, sir, we are certainly going to miss her," Mrs. Lenderson agrees that their home just won't be the same now that the vivacious dark-eyed lass has gone home. They look forward to next year when they visit her in Belgium.

These last few days were busy ones for Helene Bekeart. There was coming and going constantly parties in her honor. In fact, the whole town put on a final party in her honor when clubs presented her with gifts and leaders sang the praises for the girl who captured the first night out.

(Continued on Page 3)

**APPRECIATION** — In appreciation of Helene Bekeart, Muleshoe organizations presented her with many farewell gifts at a party this week. Here shown making some of the presentations are Horace Edwards for the Lions club; Alex Williams for Rotary club, and Roger Albertson for the Chamber of Commerce.

**FAREWELL** — Frankly this is a posed picture, showing Helene leaving the A. J. Lenderson home to return to her native Belgium. The actual parting was much more painful.

## Mule's Money Climbs

"Memorial to a Mule" money continued to come in this week as 3 or 4 solicitors of business houses completed their lists.

Robert Alford, who is acting treasurer of the fund drive, said "Money is still coming in, although many workers have not completed their lists."

The campaign is being sponsored by the Muleshoe Chamber of Commerce which has set as its goal "somewhere in the neighborhood of \$5,000."

Since no one knows exactly how much money will be required for a bronze, life-sized mule, the drive is aiming at \$5,000 as a safe figure for the statue.

Meantime, the campaign was continuing to draw its share of

Muleshoe National Wildlife Refuge, 20 miles south of here, has a new manager. He is Melvin R. Evans, 23, who comes here from the Kirwin National Wildlife Refuge at Kirwin, Kansas.

Tries who is to be wildlife management biologist at Victoria, Texas. Van Tries had been with Muleshoe refuge for two years.

Born and raised on a wheat farm in eastern Colorado, Evans is a graduate of Colorado State University, Fort Collins, and before serving at Kerwin, was with the Wildlife Service at Bear River Wildlife Reserve at Brigham City Utah, for six months.

The 5,809-acre refuge south of Muleshoe is a favorite wintering place for ducks, geese and sandhill cranes, with the cranes totaling 45,000 for a single season.

The big birds, he says, have become "too smart" for the usual trapping methods, so Evans says he will have to devise some new means for catching them for winter branding here. Previously they have been trapped in nets, "but they are much too smart for that now," Evans says, "so we will have to try something new."

### Sharon Wrinkle Is Birthday Honoree

Young Miss Sharon Wrinkle was honored on her sixth birthday Monday afternoon, June 18, at a birthday celebration given by her

mother, Mrs. Roy Wrinkle, at their home 613 West Avenue J. Games of "Hide the Thimble", "May 1?" and "Drop the Hankie" were played by the six young ladies. Pink birthday cake, lemonade and favors were enjoyed following the games.

Guests were Brenda St. Clair, Brenda Weeks, Prisca Young, Donna Lambert and Lawren Hall. Mrs. Wrinkle was assisted by Sharon's sister Cynthia and brother, Gary.

### Linda Hill And Jerry Dawson Wed In Double Ring Rites At Spearman

Double ring wedding vows were exchanged in an impressive 7:09 p.m. ceremony, Friday, June 1, at the First Baptist Church, Spearman, by Miss Linda Maxine Hill and Jerry Glen Dawson. Rev. Luther Berry was the officiating minister.

Miss Reba Aline Hill, sister of the bride, Altus, Oklahoma, served as Maid of Honor, and Miss Neita Faye Smith, Spearman and Miss Lena Pearl Hawkins, Pampa, served as bridesmaids.

The Maid of Honor was attired in a sheath dress of orchid taffeta with an over-skirt of orchid embroidered silk organza and she carried a colonial nosegay of orchid carnations.

The bride is the foster daughter of Mr. and Mrs. Eddie Gates of Spearman and the groom is the son of Mr. and Mrs. J. U. Dawson of Muleshoe. The bride's parents are C. D. Hill, Pampa, and Mrs. Irene Hill, Dallas.

Best man for the ceremony was Bob Hammer, Plainview, and groomsmen were Ted Sanders, Plainview, and Don Devers, Spearman. Ushers were Cyrus Dziel Hill, Jr., brother of the bride, Altus, Oklahoma, and Dale Krebs, brother-in-law of the groom, Sudan.

Presented in marriage by her foster father, Eddie Gates, Linda was attired in a wedding dress with a white satin bodice & scal-

loped, bateau neckline and basque waist with lace applique at the neckline. Her long sleeves tapered to points over the hands and, the floor-length skirt was fashioned with satin front inset with lace overskirt. Her veil of illusion was fastened to a crown of lace and pearls and she carried a bouquet of a white orchid with orchid throat and Stephanotis.

Clovis, N. M., and Miss Janice Gates, foster sister of the bride. Each carried a white basket decorated with orchid ribbon.

Candlelighters were Miss Susan Gates and Truett Gates, foster sister and brother of the bride. Susan wore a white dacon dress identical to the flower girls' dresses, and wore white satin ribbon in her hair. She wore a wrist corsage of white carnations.

Altus, Oklahoma, Miss Janice Smith, Spearman, and Miss Hattie Joe Dawson, sister of the groom, Muleshoe.

Her "something old" was a large cent made in 1884 and worn in her shoe; "something new" were her pearl earrings; "something borrowed" was her veil and crown, belonging to the groom's sister; and "something blue" was a blue garter.

For her going-away costume, the bride chose a navy blue suit with white accessories and wore a white orchid from the bridal bouquet.

Traditional wedding music was presented by Mrs. Rue Sanders, organist, who also accompanied Roy Harris, Burk Burnett, who sang "Because", "I Love You Truly" and "The Lord's Prayer".

Following their wedding trip to Colorado and various points of interest there, the newlyweds will be engaged in farming near here. They will return to Plainview in September where they will be attending Wayland Baptist College.

The church sanctuary and altar portrayed the mood of the ceremony with decorations of two large baskets of white gladiolas, orchid gladiolas and orchid chrysanthemums at the altar; a candleabra with white candles; and large white bows marking the bridal aisle.

The bride attended schools at Pampa and Spearman, graduating from Spearman High School in 1960. She will be a Junior at Wayland in September.

The groom attended Muleshoe schools and is a 1960 graduate of Muleshoe High School. He also will be a Junior at Wayland in September.

Pre-marital courtesies extended the couple included a wedding rehearsal luncheon on Friday at noon in dining room of Miller's Cafe in Spearman. The groom's parents, Mr. and Mrs. J. U. Dawson, hosted the occasion.

The flower girls, wearing identical dresses of white dacon with white satin bows and streamers in their hair, were Miss Cathy Harvey, niece of the groom from

### Helene--

(Continued from Page 1)  
whole town put on a final party tured the whole town in 10 short months.

In those suitcases that she's carrying back across the Atlantic is a miniature muleshoe, for instance. And there's a framed certificate of appreciation presented by the Muleshoe Lions

club by Horace Edward. Alex Williams, representing Rotagry, gave her a crystal necklace and earrings. Roger Albertson, speaking for the Chamber of Commerce, presented a plaque and the honorary muleshoe.

There are many other things in those suitcases, too. Like the gifts from Muleshoe and Los Planos Study clubs, a sombrero charm for her bracelet, started for her by the W.S.C.S. of the First Methodist Church. There's also a portrait of Helene done by her foster mother here.

At the town-wide party held in her honor, Albertson probably summed up the entire community's sentiments when he said: "Helene, you have completely captured the hearts of everyone in Muleshoe and we shall miss you and hope that you will carry back many fond memories of Muleshoe and your friends. You have the qualifications of a good citizen of any country on earth, and also you have shown the qualities of a true Texan and American."

The Chamber of Commerce, in its plaque summed it up with "Helene has completely captured the hearts of everyone in Muleshoe during her stay here, and because we shall miss her and hope that she will carry back many fond memories of Muleshoe and her friends, and because we want Helene to have a memento of her residence in Muleshoe, . . . be it known Helene Bekeart is hereby made an honorary citizen of Muleshoe, Texas, United States of America and as such is entitled to all the benefits accruing thereto. This plaque, signifying this event, is presented with love and best wishes from the citizens of Muleshoe."

Helene's deeply appreciative of her year in the United States, and she herself summed it up like this: "The United States spends millions on lend-lease projects and they will be forgotten tomorrow. But we, the exchange students, the adults of tomorrow, will not forget the goodwill of the people of the U. S. A. we have lived with. The money is well spent."

### Today's Meditation

IS THE PRICE RIGHT?

In First Corinthians Chapter 6 and Verse 20, we read: "Ye are bought with a price; therefore glorify God in your body, and in your spirit, which are God's."

In these busy commercial days, when the family budget is larger than our income, our mind is thinking about the price of commodities. We look at a new automobile with interest. When the salesman has finished explaining the fine points, we automatically ask, what is the price? We look at a new house, admire all its beauty and modern gadgets, then ask the question, what is the price?

Look at the house among many mansions, the silver lined heavens, and all that God has prepared for those who trust in him. Then we ask, what is the price of all this? We read where Jesus said, "In my Father's house are many mansions: if it were not so, I would have told you. I go to prepare a place for you. I will come again, and receive you unto myself: that where I am, there ye may be also." John 14:2-3. Again we ask, what is the price?

The price is high. Christianity is not cheap. It cost God all that he had. His only begotten Son, Jesus Christ. The plan of salvation is given to all people that will trust Jesus as Savior.

### Muleshoe Man Takes Golf Meet

Russell Halierer walked off with a four-under-par 68 to capture the Littlefield invitational golf tourney last Sunday.

He rung up six birdies, outdistancing Roland Adams by three strokes, and Gary Middleton, 21. Morton was third with a 73 total. Dick Tubb, Levelland, with 75 finished fourth.

### Youth Center Events

The meeting of the Special Entertainment Committee was held the 12th of June, was summarized and presented to the board.

Admission to the swimming party, to be given June 22, is 15 cents for members, and 25 cents for non-members.

A "twirp" party will be held on June 23, and there will be a band playing on July 7 at the center.

And last but not least, the finance drive was discussed, of which Mrs. Anita Griffiths,

**Babe Ruth League**

by BOB EASON

The Dusters may not be unbeatable but no one has beat them yet. The Cats and Eagles bit their dust this week. The wins should cinch the first half championship for them. After the Dusters are the Cats followed by the Eagles and last the Dusters.

**DUSTERS 7 CATS 6**

Happy Jennings lost the squeaker. But Happy lost much more than a ball game he lost rest of the season. During the game he hurt his knee. The injury will sideline him for the season. The Cats led the ball game until the last inning. Trailing 5 to 6, the Dusters pushed two across in the last inning to win the ball game.

**DUSTERS 14-EAGLES 13**

This was the luckiest game the Dusters have won all year. Trailing 8-1 after four innings the Champs got hot. They tied the game in their half of the next inning. Then went ahead the next. Jerry Childs of the Eagles added some excitement to the game by knocking a home run. Jerry also had two other hits.

Other games called on bad nights. Player of the week: JERRY CHILDS.

The center, located at West 2nd and American Blvd., is open to the youths five nights a week. On Monday nights, the youth play games. Tuesday night is given over to square dancing, and games again are on tap for Thursday nights. Friday's program is a varied one, and Saturday night features a dance, either with a live band or with records.

The center is not open on Wednesday and Sunday nights.

**Youth Fellowship Ice Cream Supper Slated**

The Youth Fellowship of the Presbyterian Church of Muleshoe will have an Ice Cream Supper on the church parking lot, Friday from 7 'till 9 o'clock. People in the church are furnishing home made ice cream and cake for it. Donations will be received which will go to help send our boys and girls to Summer Camps. The public is cordially invited to attend. Remember, it is Friday evening, June 22nd, from 7 'till 9 o'clock. The First Presbyterian Church is located on the Morton Highway just outside the city limits.

Side-dressing will really pay off when you side-dress with SOL-U-PHOS Liquid Fertilizer. SOL-U-PHOS will give your crops the plant nutrients needed at "dinner time," to carry them on into a fruitful harvest. Remember—every drop of SOL-U-PHOS is a chemical combination of plant nutrients in a neutral SOLUTION . . . this fact alone insures balanced fertilization for your crops. Don't deplete your land! Increase your crop yield, maintain high fertility with SOL-U-PHOS Liquid Fertilizers.

Everywhere you look, more and more farmers are "going modern"—they are switching to SOL-U-PHOS Liquid Fertilizer . . . why? They like the "filling station" type of operation . . . there is no heavy lifting needed . . . you get the correct analysis of plant nutrients without having to buy unwanted quantities of other nutrients . . . you don't have to have a field full of farmhands to get the job done . . . one man can easily side-dress up to fifty or more acres per day . . . you pay only for the plant nutrients delivered by your dealer . . .

Jacque Baker of Baker Farm Supply is dealer for SOL-U-PHOS Liquid Fertilizer in the Muleshoe area. Before you buy any fertilizer . . . talk to your friends and neighbors who have used SOL-U-PHOS . . . come in and get all the facts, then you will see why so many farmers are "sold" on SOL-U-PHOS Liquid Fertilizer . . . the fertilizer "made" for farming.

**Correll Opens Law Practice**

Opening of law offices by Roger Correll, young Muleshoe attorney who was admitted to the bar in September last year, was announced Thursday. He has set up his office at 306 West 2nd.

Correll, who was born here 26 years ago, attended grade and high school and was graduated in 1954. He attended the University of Texas and received his B. A. degree in June, 1958, majoring in government.

He received his law degree in August last year and then returned to school to take extra courses. He was admitted to the bar before the Texas Supreme court.

Roger is the son of Mrs. Lula Correll, long-time school nurse, and the late Samuel R. Correll. His father moved to Oklahoma in 1947 and died there in 1958.

While in college, Correll participated on the Student Union committee, and for two years was a member of the Young Democrats. For six and a half years he belonged to Alpha Phi Omega, national service fraternity for former Boy Scouts. He received the national service key, the highest honor a student can receive from that organization in 1958. It was the only such honor ever conferred by the 27-year-old chapter, he said.

He was a member of the Independent Campus organization and was on the national law committee of Alpha Phi Omega.

**DUAL FLIGHT**

Sam Damron made a dual cross country flight, Tuesday, June 12, which completed his hours and experience necessary to fly solo on cross country trips.

Leaving the airport at 6 a.m., Damron set the plane radio on Texico Omni radio and flew outbound until the signal faded. Then he intercepted Tucumcari Omni and flew inbound on signals and landed at Tucumcari Municipal Airport. (Omni range radio flying is the easiest form of cross-country flying as the needle indicator on the plane radio centers on the dial and remains so as long as a direct course is maintained. The needle swings either to the left or right showing the direction of course should the pilot veer for the path of flight. Flying inbound is to fly toward an Omni station and outbound is to fly away from a station until the signal fades out with distance, then it is necessary to switch to the next station for another inbound signal.)

After spending some time at the Tucumcari airport, Damron took off on the second leg of flight to Dalhart. Soon after take off Instructor Morgan Locker switched off the radio, thus simulating radio failure which tests the preparedness of the student pilot in the event of such an occurrence. Damron then resorted to visual navigation keeping on course by aerial map check points to his Dalhart destination.

Leaving Dalhart, Damron flew to Amarillo by pilotage and landed at Tradewinds airport where he took his written test for a Private license.

The last leg of the flight to Muleshoe was also made under simulated radio failure.

**BRYANT'S FLIGHT**

Don Bryant made the training flight Wednesday, which most student pilots at the Muleshoe make. The flight is one that is a challenge to the students and puts to test their skill in navigation.

The flight route is from Muleshoe to Hobbs, New Mexico, from there to Roswell, Ft. Sumner, and back to Muleshoe. The lack of check point clearly visible from the air makes the route to Hobbs extremely difficult and the restricted area which extends from north of Cannon AFB to Ft. Sumner makes that leg of flight a tricky one as no civilian aircraft can enter the area.

After leaving Muleshoe and the immediate vicinity, check points consist of a few scattered building and oil tanks, but for the most part, the pilot must keep on course by close observation of country road intersections and small landmarks compared to aerial maps.

As Bryant neared Hobbs, he tuned the radio to Hobbs Omni and the Omni Bearing selector indicated that he was directly on course. Approaching the airport he switched to tower control for clearance to land, then to ground control for taxi instructions.

While there, Bryant and Locker went to the tower control room where the attendants showed Bryant many of the devices used to control air traffic and the weather instruments. He filed a flight plan for Roswell.

After receiving takeoff clearance and gaining an altitude of 1,000 feet, he radioed the tower for frequency change which was granted and he set the Tri-Pacer on Roswell Omni. The Roswell landing was made at Collins Flying Service, with more practice for Bryant in landing procedures at radio controlled fields.

Leaving Roswell, on the flight back, Bryant was asked to fly by visual navigation under simulated

radio failure. With the restricted area in his path, Bryant kept an 'eagle eye' on his maps and Locker said he made the flight around the area with precision, and at no time was over a half mile from the edge of the area.

Locker said if Bryant continued to fly with the preparedness and caution that he exercised on this flight, he should live to be an old, old, pilot.

**LANDING CONTEST**

A spot landing contest is slated for Sunday, June 24, by the Muleshoe Flying Service. All student pilots, private and commercial pilots are cordially invited to enter.

Trophies will be given to the first, second and third place winners. Contestants may fly their own planes if they wish.

**MOUNTAIN VIEW**

On very rare occasions a range of mountain are visible to the northeast for the air. Gloria Herrington was training late in the afternoon and as the sun went behind a bank of low clouds, she and Locker saw the range clearly.

Circling, they watched for a time and as the sun disappeared they could see two of the buttes jutting skyward very clearly.

Pilots who have flown for many years say that they have seen these mountains on occasions before, however, it is very, very seldom.

**NEW CHEROKEE**

A new four place Cherokee was flown in to the Muleshoe Flying Service Tuesday, June 19, from the factory at Vero Beach, Florida. Herbert Griffith and Don Bryant flew to Lubbock Sunday in a Super Cub and boarded a Braniff airliner and flew to Florida, where they picked up the craft, which has been purchased by Morgan Locker.

The plane will be used for training and charter flights. A story of this flight will be in a late issue. It was the first long cross country flight for both of the pilots.

### Pleasant Valley Notes

by Mrs. John West

The Community was saddened by the sudden death of one of its residents Sunday morning. Mrs. Hilbert Wisian was taken to the West Plains Hospital Saturday night and passed away a few hours later. Funeral services were held Monday afternoon in the Methodist Church in Muleshoe.

A covered dish supper was held last Friday night at the Community Center honoring all fathers in the community. A play entitled "Father Ain't What He Used To Be" was presented by the following members of the Pleasant Valley Social Club: Gaynell Pitts, Betty Jackson, Sammy Allison, Glynn Buhman, Roberta McGee, Peggy Mahan, and directed by Jean Hardin. Approximately 70 people attended. Out of community guests were Mr. and Mrs. R. E. Guest of Ralls, Mr. and Mrs. Kenneth Precure and children of Lazbuddie, Mr. and Mrs. Weldon Jones, and Mr. and Mrs. Gilbert Lamb and Magann of Muleshoe.

Johnny West went to Lubbock Friday to bring his sister Kathryn home from Texas Tech Band Clinic. Brenda Bills also attended the clinic.

The Jack Calhouns had as guests Sunday their son and family of Odessa.

Veta Allison is at Levelland attending a 4-H Leadership Camp held at the South Plains College.

Mrs. Gerald Allison went to Almagordo, N. M. to visit her sister. While in Almagordo she will drive to Cloudcroft, N. M., everyday for lessons in Portrait painting.

Mr. and Mrs. Harold Allison and children spent Sunday in Fort Sumner, N. M. visiting with his parents and other relatives.

Mr. and Mrs. R. E. Guest of Ralls visited their daughter and family, Mr. and Mrs. Tommy McGee last week.

Farm Bureau met Tuesday night at the Community Center. John W. West, president, called the meeting to order. Members voted to send a telegram to George Mahon urging him to vote against the Farm Bill. A covered dish supper was planned for the candidates will be special guests. W. A. Hardin gave a report on the Lamb County meeting he attended last Thursday night at Littlefield.

Mr. and Mrs. Oscar Allison and Sam returned to Muleshoe by train Wednesday morning from Greenville, Texas, where they visited relatives since last Saturday.

**CLIPPING SEAMS** — Here is Mrs. James A. Drake, clipping seams on a white novel-ty weave cotton dress which has a large collar and a slimline skirt.

It's been a busy three weeks for 28 women in this area; they've been going to school, literally, to learn how to put a dress together with a Paris flair.

And it's been an equally busy time for their two teachers, Mrs. Harold Hurd and Mrs. Joe Bailey, the dressmaking teachers. During the nine months of the school term, Mrs. Hurd and Mrs. Bailey do the same sort of thing for high school students. But this summer they've been teaching two classes in sewing up at the high school home-making department.

Pupils have been divided into two groups, depending on their past experience in the needle-and-thimble art. Mrs. Hurd taught the beginners, Mrs. Bradley the advanced pupils.

For some, "beginners" meant just that — one pupil said she barely knew how to thread a needle, but this week she proudly held up a simple skirt that she had turned out on her trusty machine.

And for the advanced pupils, the school meant new dresses, — even much more complicated suits.

"Of course," one of the beginners explained, "It meant far more ripping out than it meant sewing, but that's the way we learn. We learn by ripping out, and I've enjoyed the course very much."

Oddly enough, the advanced class outnumbered the beginners, indicating, the teachers point out, that almost every woman knows how to sew "some, anyway."

In Mrs. Hurd's class were these women: Mrs. O. G. Killingsworth, Mrs. Donald Prather, Mrs. Bill Wimberly, Mrs. Senn Slemmons, Mrs. James A. Drake, Mrs. W. F. Ragland, Mrs. Martin Oliver, Mrs. Robert Kellon, Mrs. Darrell Pattie and Mrs. S. A. Lambert.

In Mrs. Bradley's advance class were Mrs. I. L. Kitchens, Mrs. Janell Byrd, Mrs. June Saylor, Mrs. R. L. Harrison, Mrs. Cleo Holt, Mrs. Tobie Harch, Mrs. Loyd Stephens, Mrs. Farris Heathington, Mrs. Roy N. Wrinkle, Mrs. J. U. Dawson, Mrs. Claude Coffman, Mrs. James Wedol, Mrs. Maxey Casey, Mrs. Alf Stovall, Mrs. Senn Slemmons and Mrs. Estella MacKenzie.

The classes met on Tuesdays and Thursdays for three weeks from 8:30 until 11:30 in the morning with special emphasis on pattern fitting and alteration, the teachers explained.

Many shortcuts in sewing were taught. Examples: inter-factings, understitching, correct sewing of zippers and coverings of belts and buckles.

**SEAM-SEWING** — Shown at the machine here is Mrs. Donald Prather, who is sewing side seams in skirt of yellow cotton broadcloth shirtwaist dress.

**PRESSING** — After the items are made, they must be pressed. Here is Mrs. Bill Wimberly pressing sleeves on a black and white printed cotton shantung.

**DART-MAKING** — This is Mrs. S. A. Lambert who is shown making darts in a lavender shirtwaist dress as one of her class projects.

**SUIT-DRESS** — Modeling the suit-dress above is Mrs. Farris Heathington who turned out this smart outfit in the advanced class. With it she wears orange and beige accessories.

**THREE-PIECE OUTFIT** — This smart dress is a turquoise silk shantung which Mrs. Roy N. Wrinkle made. With it she wears white accessories.

**BLACK OUTFIT** — Mrs. Claude Coffman is showing the textured black cotton outfit which she made in the advanced class. With it she wears white bag and gloves and black shoes. These are but three of the attractive outfits turned out by the advanced class.

## Sudan Vacation Church School Concluded Sun.

Vacation Church School of the Sudan First Methodist Church was concluded Sunday evening and a sharing program. "The Bible" was the theme for the school and department members gave highlights of the studies. A daily average attendance of approximately fifty was reported. Following the sharing program when the parents and guests viewed work displayed by the students were served by the Wesleyan Service Guild. Teachers and workers for the school included director, Mrs. Joe Burt; pianist, Mrs. Orval Wallace; Music, Mrs. Frank Weir; Kindergarten, Mrs. Jack Mullins, and Mrs. Mat Nix, Jr., Primary, Mrs. Bob Drake and Mrs. Johnny Green; Juniors, Mrs. Tom King and Mrs. Frank Lane; Junior High, Mrs. Jay Miller, Mrs. Dalton Wood and Mrs. Jay House.

## Summer, Safety and You

The time for the Summer solstice has arrived. This arrives midway between the Spring and Fall equinox, when the twenty-four hour day is exactly half day and half night.

This year the first day of Summer begins on June 21st, as it often does, and Summer will last until September 23rd, which is the first day of Autumn. The hottest days of the year will probably come if the weather follows the traditional pattern — after the longest daylight day of the year.

This is true, usually, because the earth stores up heat in the period when the sun shines longest. By July and August the earth has stored up great quantities of heat and is likely to register temperatures which exceed those of days which were actually longer in sunlight, when occurred back in June.

Therefore, even though the longest day of the year is upon us, the hottest period of the year is yet before us.

Summer should bring with it many thoughts. It means vacation-time to many students, and it means short vacation periods to many adults.

In this connection, safe driving should be stressed. Actually, conditions for driving are better in the Summer than at any other time of the year. There is more light, no ice on the roads, except in unusually high locations, and motorists generally enjoy safer driving conditions. Yet holiday accidents annually take a terrible toll on the nation's highways.

To make this Summer different from other in the past, drive safely on your trips to the mountains, lakes and beaches; and reduce the death rate, which might include you.

## SANDHILLS PHILOSOPHER COMES

### Up With A Brand-New Source Of Tax Revenue - \$5 Per House Cat

Editor's note: The Sandhills Philosopher on his Johnson grass farm is trying to be helpful this week, but he may cause more storm than calm in some quarters. That's his lookout.

Dear editor:  
If a man invented an automobile that'd run on water, a rocket ship that'd glide into space without a blast-off, or a device to control the weather, he'd win considerable acclaim, but nothing like the man who invents a new source of tax revenue.

If there's anything this country needs, above everything else, it's some place to get new revenue to run its governments, from town government to county to state to national. Governments today are like the man who's earning twice as much as he did ten years ago and still lacking half enough to get by on, with the exception that it takes more than an act of Congress to increase his debt limit. To do this, you've got to deal with a banker, and Congress is a much easier mark.

Therefore, without seeking any glory, I've been hunting up new sources of tax revenue and from time to time may mention them all, but right now the best idea I've had is a tax on cats.

I read just last night that it's not unusual for a city of say a million population to have half a million cats.

All right. There you are. I can't explain this, but anybody with a cat, a claimed cat, a cat he admits is his, would a hear rather part with \$5 than the cat. I've

never been able to understand this low estimate of money and high estimate of cats, but it's a fact.

Therefore, if a city with 500,000 cats puts a \$5 annual tax on cats, it has \$2,500,000 in new tax revenue the first year, and no telling how much six months later. Why right there in Muleshoe there must be at least 500 cats, and you can figure up how much tax revenue that'd come to.

I don't know how many cats there are in the United States. I don't guess anybody knows, but there are millions, say 10 million just to be safe. All right. At \$5 a cat, that's 50 million dollars a year, and that's only the city and town take. As anybody knows, what a local government can tax, the state and Federal governments can too, or vice versa. This is a democratic country, ain't it?

I estimate that if all units of government get in on this new cat tax, the total new revenue will come to around 100 million dollars a year, from now on, because if I know cats, it'll certainly be self-perpetuating. Next week, I'll discuss another new tax source I've figured out. Tell Congress not to adjourn yet.

Yours faithfully,  
J. A.

## Special Program On Flower Arrangements

The West Camp Homemakers Club is to meet Thursday, June 21, in the home of Mrs. Virgil Nowell.

Mrs. Spencer Beavers of Beavers Flowerland is in charge of the special program with demonstrations of various flower arranging techniques.

All prospective members are invited to attend all meetings of the Homemakers Club.

## Letters TO THE EDITOR

Dear Editor:  
We would like to raise some questions in regard to your editorial of June 14. First, will the JFK program really cost less in the long run than previous farm programs? More bureaus set up to administer the program, more people on the payroll to police the program, and numerous other expenses will run the cost of the program up more each year and this costs the taxpayer.

But the cost in dollars worries us far less than the cost of more and more of our precious freedoms. Thus, our next question is, do corn and wheat, as well as feed grain, really need the most restricted controls ever proposed? Wouldn't a sensible program that gradually gets the government out of farming be much better money-wise and freedom-wise? JFK's program works on the assumption that the federal government can run our business better than we can. No vast bureaucracy in Washington can run any business better than individual enterprise can!

This program would control every phase of farming and destroy the right of every farmer to enjoy his farm and the success or failure of his own decisions. When individual initiative, which this nation was built on, is destroyed,

this nation is lost. This program also proposes to restrict many farmers from voting on something that will greatly affect their lives for many years to come.

We must not be so money-mad that we will give up our freedoms to make a few more dollars. It is too high a price to pay and we, for one, are not willing to pay it.

Sincerely,  
Mr. and Mrs. Joe Briggs  
Route 3

Dear Sir:  
I write this letter representing the Young Republicans' Club of Parmer and Bailey Counties. This organization was formed only last month, and we have experienced an encouraging growth to this point.

We will have our first Muleshoe meeting this coming Monday night, June 25th, at 8:30 in the American Legion Hall. Special speaker for the meeting will be Dennis Taylor, Republican candidate for the U-S Congressional Seat now held by George Mahon. May I make some informational remarks about our organization? First, I would like to say that our club was formed in the hope of encouraging and electing candidates of conservative thinking.

I would also like to point out that, to this time, our membership is composed largely of farm families. We're proud to have an impressive number of farmers and their wives in the group, and we hope after the Muleshoe meeting to have a good number of bus-

iness people as members, also.

We would like to explain that you don't have to be under 40 to be a "young republican." If you're "young at heart," that's qualification enough. Our charter membership on the state rolls lists only those members between 18 and 40, but our local membership is not restricted by age.

We certainly want to invite everyone in this area to attend our next meeting to hear Dennis Taylor. You don't have to be a member to attend the meeting. It is open to the general public. However, those wishing to join at the meeting may do so.

Thank you very much.

## The truck that's as good as your word

When you promise something will be there, a Chevrolet truck will help you keep your word almost to the point of monotony. It will do its job over and over and over again, with seldom any trouble, at very low cost. What more can you ask from a truck? Because of their reliability, people have put more Chevrolet trucks to work every year since 1937. That's a strong vote of confidence. If good service is vital to your business, make your truck a Chevrolet and make your word more dependable than ever. Call your neighborhood Chevrolet dealer soon.

## Singleton Funeral Home Here to Get Extensive Redecorating, Enlarging

Singleton Funeral Home in Muleshoe is undergoing extensive remodeling with an enlarged slumber room, new offices, a coffee bar, and new display room. Frank Ellis is co-owner and manager.

In addition to inside remodeling the entire building will be repainted, and a new and larger entranceway built. The entrance will include a modern and larger stoop. The coffee bar is being added just off the new slumber room to provide night-time coffee for persons sitting with deceased friends or relatives, Ellis explained.

The enlarged display room will accommodate many more caskets than formerly, permitting a greater selection.

A new and larger embalming room is being provided, and a two car garage is being added.

**NEW STOOP** — Part of the remodeling plans for Singleton Funeral home include a new entranceway. Here Noah Kinsler is shown at work on the new stoop.

## Scouts Turn Salesmen To Earn Part of Fees For Week's Camp

Boy Scout Troop 620 will leave Muleshoe after Sunday School next Sunday morning for a week's encampment at Camp Post.

Seventeen boys are to attend. Of this group, 10 have earned all their camp fees and the others, part of their fees by delivering circulars, selling magazine racks Lions club tickets and other projects.

The dads of the boys accompanied them to camp with tow faers remaining for two days each.

Boys who are to attend include Tommy Jones, Jerry Haskins, Billy Kelley, Cary Purdy, Bruce Purdy, Lavoy Thompson, Wayne Thompson, Sid Richards, Cary Elliott, Charles Elrod, Dwight Burkhead, Logan Puckett, Jerry Barnett, Robert Vela, Gary Morris, David Gupton, and Jesse Wayne Tims.

Fathers going will be George Haskins, Jr., Sam Richards, Dillard Morris, Alford Patter son, Doyle Evans, Owen Jones and Bill Elrod. Others furnishing transportation to and from camp will be Roy Kelley, Richard Puckett, Kenneth Thompson, Connie Gupton, John Purdy and H. C. Elliott.

Among the activities in which the boys will participate are swimming, lifesaving, archery, picnicking, man ship, first aid, and many others.

Friday will be visitors' day at the camp which will be climaxed by a campfire that evening and a program, including a "tap out"

for scouts elected for the Order of the Arrow membership. The names of the boys to be picked will be kept secret until the campfire ceremony.

Troop 620 is sponsored by the Muleshoe Lions Club. Leaders are George Haskins, Jr., Scoutmaster, and Bill Elrod and Doyle Evans, assistant scoutmasters.

### Bovina Sailor

### In 'War' Exercise

COAST OF CALIFORNIA, (FHTNC) — Condra D. Cruse, fireman, USN, son of Mr. and Mrs. Marion D. Cruse Jr., of Bovina is serving aboard the destroyer USS Trathen, a unit taking part in Exercise Pork Barrel, a 10-day Navy training operation begun May 14, off the coast of Southern California.

Some 25 ships and 20,000 men of the First Fleet are in the exercise which centers around a fast carrier striking force opposed by submarines and aircraft. At-sea replenishment from various types of supply ships is another feature of Pork Barrel.

## Honors Planned For Top Farmer

Bailey County's most outstanding conservation farmer will be honored at next January's annual Muleshoe Chamber of Commerce banquet, it was decided by the Chamber's board of directors at their meeting June 11.

Sherman Inman and Dan Darsey appeared before the C-C board to ask for a spot on the banquet program next year. The board gave unanimous consent. Winner will receive a plaque.

The board also voted to send letters to the engineering division of the post office department, requesting that inside letter drops be provided in the new post office here for night deposit of mail when the windows are closed.

Spencer Beavers told the C-C board that dedication of the new post office is to take place at 2:30 p.m. July 4. A speaker is to be named.

## Progressive H. Club Welcomes Member

The next meeting will be held on July 5.

## Parmer County 4-H Favorite Foods Show Set at Farwell

Parmer County 4-H Favorite Foods Show was held Tuesday, June 19, at 3:00 p.m. in the Hub Community Center, in Farwell. This is the first show of this kind to be held in the county.

Fifty-three 4-H Club girls in the county are eligible to take part in the show. According to state rules a 4-H member must be enrolled during the current year in a 4-H foods and nutrition subject matter group taught by trained adult leaders.

Each one entering the show will prepare a serving dish containing all of the food made from the recipe used except two servings. One of these servings will be displayed in the "service for one" exhibit and the other will be served to the judges.

Each display may be set up on card tables or tables available in the Community Center. Appropriate table settings of dishes, silver, and linens should be used to exhibit the food. Table decorations of flowers, figurines or ivy should be used for attractive serving of the food.

A recipe for the favorite food should be typed or printed on a 3 by 5 inch standing card and set up as part of the display. Another 5 by 8 inch standing card should have a complete day's menu written that includes the food used.

In addition to the food display, each girl will be asked questions about the food she prepared. Record books will count 50 percent of the total score. The display and questions will count the other 50 percent.

Foods will be entered in the four foods groups of milk, vegetables, fruit, meat, and bread-cereal. A high scoring member will be judged in each of the four foods groups whether junior or senior division.

The two highest-scoring members in the senior division (14-20 years) in different Foods groups will participate in the District 4-H Favorite Food Show in Amarillo June 26. High-scoring members for the junior division (9-13 years) will be judged the same as for the senior division and will take part in the district show.

The Appalachian Trail stretching from Maine to Georgia is within a half-day's drive for more than half the population of the United States.

The del. a long coat of wool or silk, is still worn in Outer Mongolia.

An estimated 2 million types of animals have been classified since the 18th Century.

According to state rules all contestants will do their own preparations, exhibiting, and cleaning up. Any assistance from agents, leaders or others will disqualify the contestant for judging.

Other 4-H club boys and girls, not participating in the Foods Show are invited to attend. Parents, adult leaders, and everyone are all welcome to attend.

## Two Injured in Bailey County Traffic Accidents in May, DPS Report Shows

The Highway Patrol investigated 2 rural accidents in Bailey County during the month of May, according to Sergeant D. S. Lawson, Patrol Supervisor of this area.

These wrecks accounted for two persons injured and an estimated property damage of 1,325.

The rural traffic accident summary of Bailey County from January through May of 1962 shows a total of 13 crashes. As a result of these crashes, one person was killed and 6 persons injured. The estimated property damage amounted to \$11,610.

Beginning with this month, the Texas Department of Public Safety lends its support each year to

the national "SLOW DOWN AND LIVE" summertime Safety campaign which, as its name indicates has as its objective the task of emphasizing the need for motorists to control their driving speed. Speed control is vital to safety, because of the overcrowded condition of the highways caused by thousands of vacation travelers, most of whom are in a big hurry, since vacation time is usually all too-short.

The veteran patrol supervisor said, "the hurry attitude frequently steers them into a speeding violation or, worse than that, a serious accident, or even death itself."

The summary shows nine accidents occurred in Lamb county during May with a property damage of \$19,830. Twelve persons were injured.

Parker county had 12 accidents with eight injured and a property damage of \$7,605. Cochran county showed five accidents investigated with no injuries and a property damage of \$4,115.

Hockley's record for May showed seven accidents, six persons injured and property damage of \$4,990.

Nine deaths were reported in the 29-county 5-A district, with Lubbock county and Wichita county leading at three each. Baylor, Clay, and Palo Pinto counties each recorded one death.

## Bureau Head Blasts Farm Bill

WACO — Texas Farm Bureau President J. H. West today warned that passage of the Administration's farm bill would hit the consumer's pocketbook with "both barrels."

"Costs of administering the program would necessarily be high," he said. "These costs include payments for land retirement, higher support prices and increased administrative costs."

"However, the real cost of the program would be reflected in the grocery store. Recrimination-type thus resulting in higher food costs to consumer," he said.

## Trees Facing Bagworm Threat

Bag worms now occurring rather large numbers on trees and other plants in many parts of the state. This insect is a general feeder and can cause serious damage to certain trees, especially evergreens, points out C. F. Garner, extension entomologist.

At this time, the worms are small and can be successfully controlled by proper spraying or dusting of the plants with insecticides. It is important to apply chemicals early enough to control the worms before they become too large and cause serious damage, adds Garner.

He suggests a check of all plants around the home, especially evergreens for the spindle-shaped sacks which may be hanging from the twigs, leaves and branches.

The following insecticides are recommended for bagworm control. Malathion (50 percent emulsifiable concentrate 1 to 1 1/2 ounces per 5 gallons water). Toxaphene (60 percent emulsifiable concentrate, 2 1/2 ounces per 5 gallons water), or lead arsenate (2 1/2 to 3 ounces per 5 gallons water).

## Muleshoe Boy Attends 4-H Houston Meet

Richard Dee Chitwood of Muleshoe is one of the 29 top 4-H young people in the state attending the Texas 4-H Council Workshop at Houston this week, it was announced by W. W. Grisham, Jr. and Edith Lois Wilson, district agents for this Agricultural Extension District.

The annual workshop is the only full meeting of the council, which is composed of a boy and a girl from each of the 12 agricultural extension districts in Texas, in addition to five officers. Its purpose is to promote and to coordinate statewide 4-H Club activities.

The five-day meeting is being held on the campus of the University of Houston.

Officers of the council include Douglas Cowan of Sierra Blanca, chairman; Dorsey Ewing of Corpus Christi and Dick Plank of Hereford, vice chairmen; Linda Rosenkranz of Bryan, secretary-treasurer and Lanier Price of Eden, information chairman.

The workshop is a part of the Texas 4-H Club Junior Leadership Training Program sponsored by United Gas in cooperation with the Texas Agricultural Extension Service.

## Plains Irrigation Farmers Ask Gas Company to Lower Rates For Engines

Plains farmers who use natural gas for irrigation engines have appealed to Pioneer Natural Gas Co. for cheaper rates on all gas used beyond the 51 mcf level, it was announced Wednesday.

David Burgess, Tulsa, president of the board of directors of Plains Irrigation Gas Users Association, said the organization will seek legislation permitting appeal to the Texas Railroad Commission for rate adjustments if the appeal to Pioneer is denied.

Burgess said the new "fair value" rate schedule which the organization is seeking would give the company a 7.2 percent return on its money.

The users association, he said, asked E. A. Steinberger, the association's rate consultant, to draft the new rate schedule. Burgess said Dr. Steinberger based his schedule on actual 1960 sales by the company.

Under the users' proposal, minimum bills would remain the same, \$1.65.

Dr. Steinberger's proposed rate schedule also is unchanged on three other brackets: two mcf in higher brackets, .825; 3 to 10 mcf, 60 cents; and 11 to 50 mcf, 55 cents.

Beyond those use levels, however, the rates would vary considerably from Pioneer's present rate, as follows:

For 51-100 mcf, 45 cents as compared with 50 cents at present; 101-300 mcf, 30 cents as compared with 38 cents; 301-500 mcf, 25 cents as compared with 32 cents; 501-1,000 mcf, 225 as compared with 28 cents, and all over 1,000 mcf, 20 cents as compared with 27 cents, the present rate.

Burgess said that the directors

of the association "believe the only permanent protection to farmers is legislation which would give farmers a right to have their rates reviewed by the Railroad Commission." He added, however, that "spokesmen for Pioneer have stated publicly that they do not oppose or object to farmers having such a right."

Burgess said the directors have agreed to accept the proposed rate schedule prepared by Dr. Steinberger on a five year contract, "if it were worked out and approved by Pioneer within 30 days." Burgess called this "a reasonable time and yet would not cause too much delay in the preparation for legislation in the event the proposal were to be rejected by Pioneer."

He said membership in the association desire, legislation, since it is their only permanent protection.

He concluded: "It is the hope of the Plains Irrigation Gas Users association that this proposal will be accepted by Pioneer and that it will not be necessary to seek legislation at this time."

## Wayland Names Speech Teacher

PLAINVIEW, Tex.—Henry Marvin Ramey, Denver, Col., has been appointed instructor in speech at Wayland Baptist College for the 1962-63 session, according to Dean Robert G. Collier. Currently he is doing doctoral study with major emphasis on public address and forensics at Denver University where he holds a teaching fellowship.

At Denver University he is personal assistant to Dr. Ellwood Murray and has been teaching "Voice and Speech Personality" and "Sociodrama." He is completing residence requirements for the doctorate in June, but will continue his research for the dissertation at Wayland. Of special interest to Texans is Ramey's choice of subject, "The Rhetoric of Sam Rayburn."

## Cash Sets New Archery Record

Douglas Cash of Ft. Worth set a new state record at San Marcos over the weekend while winning highest honors in the Annual Texas Field Archery tournament, holding the lead over twelve other Ft. Worth men and women in first, second and third places.

With his 38 pound pull bow, Cash scored a total of 1,360 points a new high for the tournament. He scored 457 points which was 39 points over the old record.

On twenty-eight field targets, he set another record of 461 points in the hunters round and took first place in the animal round with a 449 score.

Douglas is the son of Mr. and Mrs. Jerome Cash of Enoch.

## Some Suggestions To Aid Barbeque

In addition to the broilers for chie-n-queing, the specialist says those coming from a backyard barbeque. The backyard chef has a wide array of meats available but because of very favorable prices, F. Z. Beanblossom, poultry marketing specialist for the Texas Agricultural Extension Service, suggests broilers.

you'll need to plan a complete menu. Potatoe salad or corn-on-the-cob go good with chicken and a mixed salad, an appetizer tray, sliced bread or rolls and a beverage will make for eating suited to the taste of just about anyone, adds Beanblossom.

The sauce used during the chie-n-queing process is mighty important. If you don't have a favorite recipe, the specialist suggests you pick up a copy of MP-312, from your county extension office and try the sauce he likes. The publication, also contains other information which outdoor cooks can use to advantage.

Included is a discussion of grills and barbecue pits. Hints on cooking, including starting the charcoal fire and heat requirements, Beanblossom, in the publication, also calls attention to safety hints which can help make the affair even more pleasant and enjoyable including the tools you will need to do a first class job.

## Pasture Weed Control Urged

COLLEGE STATION — Weeds compete with pasture and meadow plants for moisture, plant nutrients, light and space. They often reduce yields by half, says E. M. Trew, extension pasture specialist.

Weed control is necessary for top returns from productive pastures and meadows, he adds, but may not prove profitable where yields are low.

The specialist points out that weeds are best controlled through preventive measures. Practices which encourage dense, vigorous stands of grass are the best preventive measures and include thorough seedbed preparation, using adapted plants, planting the right amount of high quality seed by the best known method at the proper time, using adequate fertilization and proper grazing and forage use.

Both mechanical and chemical weed control methods are outlined in a recent Texas Agricultural Extension Service publication, L-476, "Weed Control in Cultivated Pastures and Meadows." Trew and John A. Long are the authors. Copies are available from the offices of local county agents or by mail from the Agricultural Information Office, College Station, Texas.

**IT'S THE LAW**  
 in Texas  
 A public service feature of the State Bar of Texas

**LEGAL TERMS**

Words are good tools. All professions have to use them precisely to get their work done. Your doctor has words for your illness, and your pharmacist, for your drugs.

As a rule, we say what we have to say. If people do not get it the first time we tell them again. But you can't always do that in wills and contracts.

In legal papers, words need clear meanings for courts to interpret them right. Hence, technical terms such as the following:

1. REAL PROPERTY: Land, buildings, fences, and things attached to the land such as trees and crops.  
 2. PERSONAL PROPERTY: Movable things: Bonds, bank accounts, notes, cars, livestock, furniture, jewelry, clothing, television sets, etc.  
 3. COMMUNITY PROPERTY: Property which a man or wife earn after marriage.  
 4. SEPARATE PROPERTY: Gifts, inheritances, and some court awards received after marriage as well as things which man or woman owned before marriage.  
 5. TRUSTS: You have a trust when someone holds title to property for another person's sake. Thus a man's will may have some person or concern hold and manage his business interests and turn the income over to his widow.  
 6. DEPOSITION: A sworn statement to get or keep testimony for a law suit—a help when a witness is sick or far away, for instance; or when facts can be taken down in "discovery" proceedings to shorten actual trial time. Depositions are of two kinds:  
 a. Lawyers on each side ask the witness questions before a notary public. His answers are taken down and he signs the "transcript".  
 b. The lawyers write but their questions beforehand; and the answers, given before a notary, are also written out. The notary sends the testimony to the court where it may be used during hearings. (This newsfeature, prepared by the State Bar of Texas, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

**JUST WANTED SPECS**

Louisville, Ky. (AP) — The expression "blind as a bat" didn't apply in this case. A huge bat flew into a downtown store, forcing evacuation of employees and a call to a pest control crew. The name of the store: Economy Optical Co.
