

## A day at the Petting Zoo

Children were all smiles as they got to pet and feed the animals Friday at the City/County Library's Petting Zoo. Ducks, goats of all sizes, a camel, zebra, porcupine, and more were on site for the youth. It was a stretch to reach the camel, who patiently stood near the enclosure while children and their parents oohed and ahhed over the exotic animal. Whitley Acres Exotic Ranch & Stables provided the animals for the library's summer kickoff event.

## TISD hires five new teachers; trustee Scott Dimak resigns seat

Tahoka Independent School District Board of Trustees met in special session last Thursday, May 31, approving contracts for five more staff members, including a new head boys bas-

ketball coach coming to Tahoka from Dumas, and accepting the resignation of one of the board members. Scott Dimak submitted his resignation from his seat on the Board of

Trustees, due to his wife seeking employment with the school district.

Teacher contracts were approved for the following: Lonnie Burnam - high school teacher/head basketball coach; Brig Gerlich - middle school teacher/head baseball coach; Shawna Monreal - middle school ELA teacher/coach; Rebecca Dimak - elementary teacher (returning teacher for kindergarten); and Jarryn Prowell - speech pathologist. Superintendent Alan Umholtz noted that with these hirings, all staff positions have been filled for the upcoming school year.

Lonnie Burnam will be the Head Boys Basketball Coach, assistant football, and assistant track coach. He spent the last two years as the Head Coach at Dumas. Prior to that he was at Smyer for 8 years where he helped lead them to three regional tournaments and a trip to the state tournament in 2014.

"Lonnie brings a wealth of knowledge to every aspect of our program and is very committed to the vision in which we all share," Athletic Director Stephen Overstreet told *The News*. "I was able to coach with Lonnie about 10 years ago and was very glad that he took me up on my offer because I

know that he understands what it takes to be a small school head basketball coach. Lonnie is bringing with him his wife, Kadie, and his 4-year-old twins, Addie and Trigg," he added.

Shawna Monreal will be an assistant coach in cross country and softball, and JV girls basketball coach.

"Shawna comes to us from Seymour as we had to add another girls coach due to our numbers on the girls side. I am very excited about having Shawna as she brings a wealth of basketball knowledge to our staff. She was a State Champion on the 38-0 Canyon Lady Eagle basketball team and learned under Hall of Fame Coach Joe Lombard. She extended her playing career as she later attended Wayland and was an All-American and a member of the 1,000 point club for the Flying Queens. Very excited to have Shawna join our staff and I have no doubt she is going to be a huge asset to our Lady Bulldogs," said Overstreet.

He added, "I am super excited to welcome both Lonnie and Shawna to our Bulldog family for the 2018-2019 school year. I hope to have each of them for many years to come."

The next regular board meeting will be held June 14.

**Tahoka teacher Crystal Pledger wins top prize at Mrs Baird's 'Teachers On The Rise' Banquet**

Tahoka resident and Tahoka Elementary school teacher Crystal Pledger captured the grand prize at Mrs Baird's annual "Teachers On The Rise" banquet last Tuesday, capping a banner year for the Teachers On The Rise program which honors exceptional teachers in the Lubbock area. Pledger won the grand prize through random games at the year-end banquet. As the grand prize winner, Pledger received a \$1000 American Express gift card from Mrs Baird's and a \$200 gift card from co-sponsor United Supermarkets.

Pledger was joined by more than 20 teachers who were named Teachers On The Rise during the school year, administrators, superintendents and sponsors at the event.

Pledger came to the program's attention after being nominated in an essay by the Bond family who saw a marked change in their six-year-old daughter's desire to reach goals through Pledger's example.

"When I was a child my mind was not to the point in life of setting and trying to achieve goals," the winning essay read. "This shows me that in Mrs. Pledger's class she is trying to teach children how to be successful adults. I know we sure could use a lot of Mrs. Pledgers in the world today and I wouldn't want her good work to go unnoticed!"

The enthusiasm in Pledg-

er's nomination was echoed throughout the year's nominations, notes Program Director Shane Sumrow. "I've had the pleasure of conducting Teachers On The Rise award ceremonies and reading essays submitted by nominating students and their families since 2011. The impact Lubbock-area teachers are making never fails to amaze me - so much so, that it can be a challenge to choose just one winner per category each month."

In all, 27 Lubbock-area elementary, middle and high school teachers were celebrated through Mrs Baird's Teachers On The Rise during the 2017-2018 school year. Each received a \$100 United Markets/Market Street/Amigos gift card, lunch for two at The Texas Tech Club and a Mrs Baird's bread basket brimming with the brand's top baked goods.

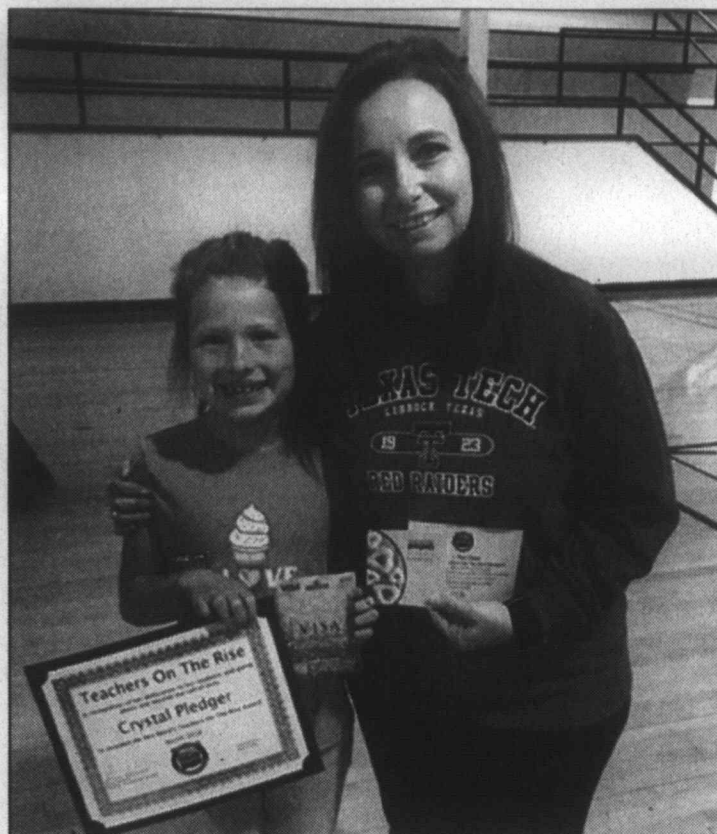

The banquet was sponsored by Mrs Baird's, United Supermarkets, and Town Square Media Group's Kiss FM 102.5 and KFYO, as well as The Texas Classroom Teachers' Association (TCTA), Lubbock Economic Development Alliance and the Texas Tech Club.

TISD plans to offer salvaged items from TMS building for public sale

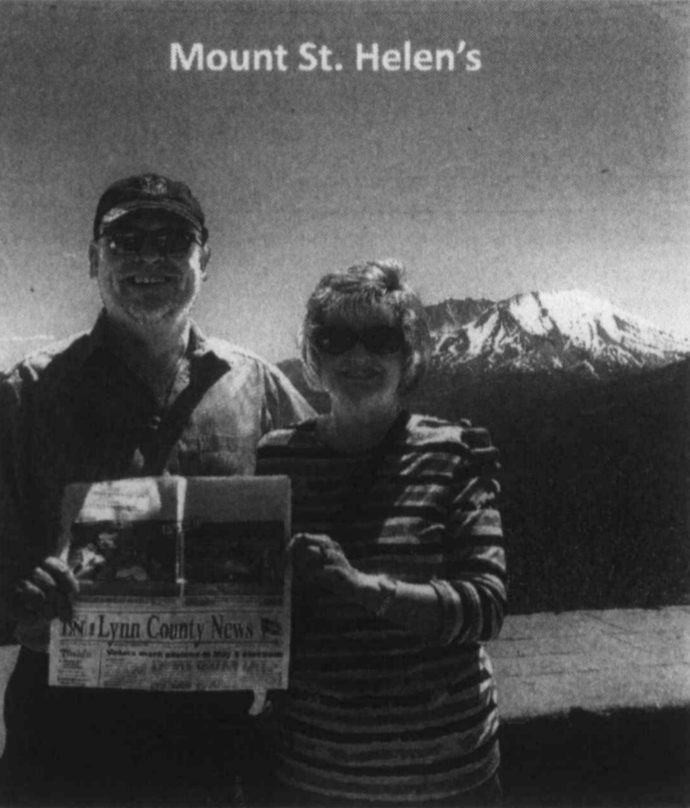

The Tahoka Middle School three-story building is being demolished this summer, most likely starting July 1, as part of the renovation project at Tahoka ISD. According to TISD Superintendent Alan Umholtz, the district plans to have a public garage sale with salvaged items from the building, most likely at the end of June. Information about this public garage sale will be printed in The News as it becomes available.

Salvaged items may include lockers, doors, windows, student desks, tables, some of the

wood flooring, and bricks from the building. There may be a location on a corner of the campus where some free salvaged items, such as bricks, may be picked up by the public, according to Umholtz. Additionally, there is a possibility of souvenir bricks printed with the dates of 1927-2018 and an image of the original three-story building, that a school-sponsored group may be selling. More information on this will be printed as it becomes available as well.

Some of the bricks will be set aside to use to line new sidewalks that will be laid at the high school campus after the demolition, Umholtz said, with a plaque designating the historical significance of the bricks.

Where in the world is The Lynn County News?

A look back at ... Woodwork by Dalton

I RECEIVED this list of 36 suggestions of things I need to do in order to have a better life. All 36 of the suggested ways to behave are good (most are spiritually oriented, so who could argue with those?).

It was depressing, though, to look at the list and realize I need a lot of work in about half those areas. The woman who sent the list to me obviously realizes I need to shape up in many ways. Anyway, here are a few of those suggestions which got my attention:

2 and 3—Go to bed on time; get up on time so you can start the day unrushed.

Well, gee, bedtime and getting up time are different for me than for real people. I have to finish the book I'm reading at night, or the TV movie I'm watching, even though there are more ads than program.

6. Simplify and unclutter your life.

Easier said than done. Seems like I have too many details to attend to, and too much stuff I keep putting off.

12. Live within your budget. Don't use credit cards for ordinary purchases.

Actually this is not much of a problem for me. I mostly use credit cards to jimmy open locked doors.

14. K.M.S. (Keep Mouth Shut). This single piece of advice can prevent an enormous amount of trouble.

But I have so many wonderful things to say. Well, okay, this is good advice. Keeping your mouth shut not only will hide your ignorance, but also will help you lose weight.

20. Listen to a tape while driving that can help improve your quality of life.

This works only if every 30 seconds or so the tape says "Slow down and watch the road, dummy, or your quality of life is in deep trouble."

22. Every day, find time to be alone.

No problem, if you only take a bath on Saturday nights.

30. Develop a forgiving attitude. Most people are doing the best they can.

Does this mean I have to drop all those lawsuits?

32. Sit on your ego.

I've heard it called several things, but never that. Among the really good things on the list are the suggestions that laughter is good for you, and that we should never worry about what may happen tomorrow—"if it doesn't happen, you have worried in vain. Even if it does happen, you have to worry twice."

Lynn County Sheriff's Office call sheets included reports of two grass fires, criminal mischief, trespassing, and an accident on US 87 last week.

The accident occurred at 12:43 a.m. Saturday, June 2, when a 2001 Ford pickup traveling in the southbound lane on US 87 north of FM 211 struck another pickup that was unattended and parked on the side of the highway. Driver of the Ford pickup was Sylvia Vargas of Denver, CO. Tony Botkin was the owner of the 2008 white Chevy pickup that was parked on the side of the highway. No injuries were reported, and EMS was not called to the scene.

Criminal mischief was reported at 8:43 a.m. Friday, June 1 at 1602 Green Ave. in Wilson, where the resident reported someone unknown had broken a window on a travel trailer parked at the residence.

At 12:29 a.m. Sunday, June 3, a trespasser was reported at a residence on FM 1317, with a woman reporting that her ex-husband was on her property. No arrests were made.

Three grass fires were reported during the week, with the first reported at 10:12 p.m. Thursday, May 31 just north of T-Bar Golf Course near Tahoka. Tahoka VFD responded to the scene. Two other grass fires, thought to have been started by lightning during a thunderstorm in the New Home area, were reported at 11:35 p.m. Sunday, June 3 on FM 1317 west

of FM 1328. New Home VFD responded, but both fires were reportedly doused by the rain.

Lynegar Electric Cooperative reported several utility poles knocked down during the thunderstorm early Monday morning, 1.5 miles east of New Moore on FM 213.

Tahoka Police had a report of domestic assault violence at 10 p.m. Wednesday, May 30 in the 1200 block of South 1st, where a woman told police she had been struck in the mouth by her spouse. The man was arrested on charges of assault.

Lynn County Jail held 41 inmates during the past week, including 29 held for Ector County, 11 for Lynn, and 1 for Crosby County. Local charges included one for assault, two for possession of marijuana, and one for driving while intoxicated.

## Doggone it, shop at home when you can.

Our local economy is fragile ...

Shopping locally is a vital part of our growth and prosperity.

Why send locally-owned, hard-earned dollars out of town to support someone else? Money spent in Lubbock or other surrounding towns does not support our community, our school, or our hospital.

The local businessperson pays a high percentage of local taxes and they are always great supporters of our community. Every time a business goes under, local taxes will go up in order to have the same tax base. That means homeowners and remaining businesses will inevitably pay more in taxes. So please, **think before you shop out of town** -- if prices seem cheaper elsewhere, are they really going to be cheaper in the long run? What will happen when you can no longer buy what you need in our town and there are no businesses left?

And all local businesses especially appreciate it when our taxing entities -- our school, county, hospital and city -- spend the taxes they collect from us in our own town and county.
