HASKELL, HASKELL COUNTY, TEXAS, THURSDAY NOV. 28, 1946

NUMBER FORTY-EIGHT

## Receives Student Pilot License

Anita Jo Pitman, daughter of Mr. and Mrs. W. H. Pitman of Haskell, has just completed her first solo flight with Gray Flying Service, Stamford. Miss Pitman now has her student pilot license and has begun work for her license as a private pilot.

## Mrs. F. T. Sanders Dies After Attack Tuesday Morning

Mrs. F. T. Sanders, prominent civic leader and church worker, and member of an early day Haskell County family, died in the Haskell Hospital early Tuesday morning, a short time after she had been stricken with an acute heart attack at the family home in East Haskell.

Funeral service for Mrs. Sanders was held at the First Methodist Church, of which she had been an active member for many years, Wednesday at 2 p. m., with the pastor, Rev. Jordan Grooms conducting. Interment was in Willow Cemetery with Holden Funeral Home directing. Active pallbearers were John S. Rike, Wallace Cox, A. H. Wair, Tom Davis, Willie Lees, Maurice Crawford, J. B. Claiborne, James W. Kennedy. Members of the Board of Stewards of the Methodist Church and all friends of the family were named as honorary pallbearers.

Born January 1, 1885 in Mason County, Texas, deceased was the daughter of Mr. and Mrs. R. J. Earnest. As a small girl, she accompanied her parents to Knox County, and spent most of her girlhood in Munday. She married F. T. Sanders, Haskell innkeeper, Nov. 13, 1904, and they had made their home here continuously since that time. Although her interest centered in her home and family, Mrs. Sanders gave generously of her time and talent to her church and the civic and cultural development of the community. She was a member of the Woman's Society of Christian Service, teacher of the Philathene Sunday School Class, and had been a member of the official board of her church. She was a life member of the Magazine Club, oldest study club in Haskell.

Immediate survivors are her husband, F. T. Sanders; and five sons, Earnest E. Sanders, of Fort Worth; Jerome Sanders, Cleveland, Ohio; Roy A. Sanders, Haskell; Wallace Sanders, Ft. Worth; Fred Sanders, Jr., Los Angeles, California; mother, Mrs. R. J. Earnest, Rule; and five sisters, Mrs. C. A. Murray, Canyon, Tex.; Mrs. Oswald Cole, Rule; Mrs. Harold Hester and Mrs. Gayden Post, Fort Worth. Five grandchildren also survive.

## Haskell Pep Squad Rated Among Best In Area Schools

One of the best pep squads in this section is the Haskell High Pep Squad, whose members have proved that claim twice—first, at the annual Central West Texas Fair parade, where they won the first prize of ten dollars, being judged on appearance and marching ability; and second, when they took first honors in the Rule Armistice Day parade and won the prize of fifteen dollars.

The squad, which consists of 50 girls, has drilled long hours and have attended every football game the Indians have played this year. They have worked especially hard on a special field stunt for Thanksgiving Day, when they go to Seymour for the Turkey Day clash between the Haskell Indians and the Seymour Panthers.

Plans are being made for the annual football banquet to be held the first week in December in the high school activity building. The football boys will be guests of the pep squad and band at this gala occasion.

## Parents of Son

Mr. and Mrs. Mervelle Hall of Roswell, New Mexico, are announcing the arrival of a son. It is a great grandson of W. J. G. Hall and grandson of Mrs. Lela Norman of Haskell.

## Albany Visitor

Mrs. John B. Martin spent the first of the week in Albany visiting her parents, Mr. and Mrs. C. W. Etchison.

## H. H. S. Annual Favorites

CATHERINE DAVIS  
Most Popular Girl

Ever since her entrance into High School Catherine has been popular with her classmates. She was nominee for Annual Queen in '44, and Football Sweetheart in '45, Most Beautiful Girl in '46, and Most Popular Girl in '47. She is Editor of the Annual this year. She was assistant editor of The War Whoop last year. She is majorette of the band and was secretary of her class in '46. It is evident that Catherine is a favorite with her friends and is well liked by everyone in town. She is a Senior and the daughter of Mr. and Mrs. Tom Davis.—The War Whoop.

KENNETH TOOLEY  
Most Popular Boy

Kenneth certainly deserved this honor that he received Nov. 12th. Tooley was President of the Sophomore and Junior Class during his years in H.H.S. He was voted "Best All-Around Boy" last year. He has been outstanding in the sports field also. He has lettered in Football three years and in basketball three years. He was Sports editor of the Annual in '46 and assistant editor this year. He is Editor-in-Chief of the War Whoop this year. He was Treasurer of the Student Council in '46. So truly, Kenneth is "Most Popular Boy" of Haskell High School. Kenneth is a Senior and the son of Mr. and Mrs. O. W. Tooley.

## Street Lighting Project Okehed by City Council

### Expiration Dates Stamped on Papers

Free Press readers are reminded this week that expiration dates to the paper are printed each week along with the name and address at the top of the front page. Most subscriptions expire within the next few weeks and readers are urged to renew in order to take advantage of the Fall Bargain Offer of \$1.50 per year (\$2 per year outside of Haskell and adjoining counties). After December 31 subscription rates will be \$2 per year locally and \$2.50 elsewhere.

The Free Press is agent for all daily papers too, and folks can subscribe for the local paper along with their favorite dailies with a saving. No new subscriptions can be taken for The Fort Worth Star-Telegram or The Dallas News and renewals to these papers must be accompanied by the address label bearing name and expiration date. Other dailies have indicated that new subscriptions will be accepted for a limited time, due to the news-

New and improved street lighting facilities in the business and residential sections of Haskell, replacing the present inadequate system, was assured by action of the City Council Monday afternoon, when the city contracted with West Texas Utilities Company for an entirely new lighting system for the business section and residential area now provided with street lights.

New light standard will replace the ones now in use, in addition to other improved units involved. In the business section proper, and the area extending one block in each direction from the square, 1,000 watt units will replace the present 100-watt fixtures, while in the residential sections lighting facilities will be doubled with the new equipment, it was explained. Installation of the new system will be started at an early date and will be completed as quickly as material and equipment can be secured. City officials were told. The project has been contemplated by city officials for several years, but has been delayed due to scarcity of equipment required.

### Field Tours Made by Jones Veterans in Vocational School

Field tours were recently made by two Jones County Veterans Vocational Agricultural classes. They were conducted in order that conservation practices in use in the California Creek soil conservation district could be observed.

The class which meets at Stamford and is taught by Bland Harrison and the one taught by G. C. Carothers Jr., which has the Lueders high school as its meeting place, participated in the tours. Harry L. Scofield, member of the Soil Conservation Service work unit staff at Stamford conducted the groups.

Identical tours were not made by each class, but instead they were routed in order that similar practices could be observed on land nearer the vicinity in which the members were farming. The type of conservation work visited was altered in accordance with the interest of each class. The district cooperating farms visited by both classes were Chas. M. Walsh, W. W. Mayfield, J. M. Ashcroft, Rice G. Alvis, George Smith and M. D. Thompson. Harrison's class also visited Noah S. Lane's farm and the Swenson Land and Cattle Co. Flat Top ranch while Carothers' class went to E. W. Carleton's and Bruce Taylor's farms. This class also observed terrace construction with a whirlwind terracing machine on the F. T. Scott land.

Observations were made during the tours of soil building crops such as hairy vetch and rye. Austrian winter peas, Madrid clover, alfalfa, croutalaria, and blue panic grass. Other work was visited such as mesquite tree eradication with treedzer and with kerosene, completed stock pond with spillway and dam protection, "syrup-pan" and regular terracing systems, and pasture management.

These field trips were a part of a series of lessons given the classes on soil and moisture conservation work and prepared by their teacher. The trips followed soon after another lesson in this series, which was on soil building crops and was delivered to the class by Morrison W. Liston of Stamford.

Members of Carothers class are: Earl R. Bristow, Coleman A. Campbell, Lanoye F. Commons, Gale D. Finke, Merrick D. Harvey, John B. Kincaid, Charlie A. McIntire, Earl W. Morton, James E. Wyatt, Richard E. Oliver, F. R. Raughton, Robert L. Reeves, Willis M. Reynolds, Billy R. Tabor, Chas. C. Taylor, Connie A. Taylor, Edward B. Vaughn, Clarence C. Watkins, L. E. Whitte, Jr., and Robert L. Woodruff.

Members of Harrison's class: Joe W. Astin, Maxwell Astin, O. C. Brinell, Jon Carlton, N. J. Goodman, Otto Hinze, Carl Jared, J. D. Lovorn, G. A. Lovorn, Carl J. Lunn, Travis B. McLellan, Marjune C. Olson, Milton S. Olson, H. M. Phillips, Jr., Clinton Pilgrim, E. E. Prewitt, Claud D. Stephens, Jess J. Treadwell, Clarence R. Teichelman, Eugene E. Teichelman, Doc Valliant, John Ferguson and Peterson.

### Visit in San Antonio

Mr. and Mrs. D. H. Persons spent the week end in San Antonio with their daughter and her husband, Mr. and Mrs. G. K. Brittingham.

## Judge Robt. Jones Of Baylor County Is Ruled Suicide

A verdict of death by suicide was returned by Justice of the Peace Claude Fancher of Seymour in the death Tuesday at 4:45 p. m. of Baylor County Judge Robert Jones, 53, who was killed instantaneously by a blast from a 12-gauge shotgun which hit him in the temple as he stood behind his parked car in the Seymour City Park.

Parakeeper Jess Knight, who summoned a physician after the shooting, reported that he was walking through the park when he saw Judge Jones step from his car. Thinking that Jones was probably having car trouble, Knight approached but before he reached the automobile he heard a gun fire. Rushing to the spot, he found Jones slumped behind the vehicle, the gun by his side.

Jones reportedly had borrowed the gun Tuesday morning from Clarence Wilbanks, Seymour business man, to go duck hunting, Sheriff Roy Stephens said.

One of Seymour's most prominent residents and a native of Baylor County, Jones had served as county clerk 12 years and a county judge six years. He was defeated in the recent election in a race for representative of the 113th District. A deacon of the First Baptist Church and a leader of the church choir for many years, he also was active in civic affairs as a member of the chamber of commerce, the Lions Club and the Masonic Lodge.

Funeral arrangements, still incomplete Tuesday night, are to be held from the First Baptist Church with Rev. J. R. Balch, pastor, officiating.

Survivors include the widow, two daughters, Mrs. Jack Jones and Mrs. Bob Farr, both of Seymour; two brothers, Taylor W. Jones of Dallas and J. D. Jones of Austin; and two sisters, Mrs. Burnett Jones of Van, Texas, and Mrs. Ira Anderson of Plano.

## Lions Prepare for Zone Meeting Here

Nineteen Haskell Lions met at the high school activity building Tuesday evening for their regular Tuesday luncheon.

A committee was appointed to map a program for caring for the needs of underprivileged Haskell children at Christmas time. On this committee are Lions Joe Bowers, J. G. Vaughtner and T. W. Williams.

Plans were made for a zone meeting here next Tuesday evening. Representatives of Lions Clubs at Knox City, Seymour, Olney, Acher City and Breckenridge are expected.

## Tipton Orphanage Damaged by Fire Saturday Afternoon

A \$100,000 fire destroyed the north wing of the main building of the Tipton, Okla., Orphanage Saturday afternoon and 148 children were taken into private homes in Tipton as the structure was evacuated, according to reports reaching Haskell.

No injuries were reported in the fire which destroyed boys' dormitories, a kitchen and dining room and several class rooms. A south wind aided firemen in saving the central and south portions of the building.

The structure, built about 20 years ago is the property of the Church of Christ, Haskell County Churches of Christ have given large amounts of money, food and clothing to the institution for several years, and a number of Haskell County members of the church have visited the home.

## General Agricultural Outlook for Coming Year As Seen by A&M Extension Service Specialists

Total demand for farm products is due to drop in 1947 and prices received by farmers during the coming year are likely to be below the 1946 average.

This is the situation reported by specialists of the Texas A. and M. college Extension Service who attended the annual agricultural outlook conference in Washington, D. C. recently to get the picture on what to expect in agriculture for 1947. As summed up by the specialists, the following is a general outlook for farmers next year:

Although cash receipts from farm marketings and government payments may be five per cent less than in 1946, farmers still are likely to receive more money for their products than they did in 1945, a near-record year. With increased production costs and reduced sales, it is possible that the net income of farm operators will be reduced as much as 10 to 15 per cent from 1946. Even with such reduction, the net farm income still will be near the high wartime levels of 1943-45, and about two and a half times the 1935-39 average.

The increased consumer income due for next year is likely to go more for satisfying accumulated demand for many manufactured goods, as these become available, and not for the purchasing of more farm products.

Also, foreign demand for farm products is likely to be somewhat smaller in 1947. Index of prices received by farmers during 1946 is estimated to be about 225, and that figure is slated to drop the early part of 1947. Prices in the latter half of the year may average

considerably lower if crops continue large and exports are greatly reduced.

Production expenses are likely to continue the upward trend which has prevailed during the war period. Total farm production costs in 1946 will be about 10 per cent higher than in 1945, and a further increase of as much as five per cent may occur next year. The indicated total for 1947 will be nearly 50 per cent greater than in 1920, the highest year prior to World War II. Increasing prices for nearly all commodities used in production are mainly the reason for the production cost rise. One exception is the lower prices in sight for feed bought for livestock.

In the years immediately ahead, a higher average interest rate for the farm mortgage debt is seen, judging from the mortgage debt trends of the past few years. A more significant rise in interest costs during the coming year may occur in connection with non-real estate credit. The various creditors will make loans at about the same rates, but to finance larger purchases farmers will increase their debts with dealers and financing companies whose rates are considerably higher than those of the more usual lenders—banks and production credit associations.

Property tax payments made by farmers in 1947 will be up somewhat from those of 1946. The 1945 levies on farm real estate payable largely late in 1945 and early 1946, were more than 10 per cent higher than those of 1944. A further rise is expected in 1946.

For 1946 the realized net income of farm operators is estimated at about 14.7 billion dollars, or more than 10 per cent above 1945. Net income for 1947 may be from 10 to 15 per cent below 1946.

In the marketing and transportation picture, some shortages in means of processing and distributing farm products are expected to continue. Rail transportation shortages are likely to remain critical throughout the year. Food processing equipment should be improved to some extent next year, but limited plant capacity and equipment is likely to hold down normal progress in some lines of food marketing. Over the long run, important developments are anticipated, such as packaging of fresh fruits and vegetables, and the growing use of quick-freezing methods of food preservation.

Shortage of motor truck transportation in 1947 will probably be much less critical than the rail shipping situation. It is very unlikely that water transportation tonnage will return to pre-war levels. Most types of transportation, especially by rail, probably will cost the user considerably more in 1947 than during the current year. The Interstate Commerce Commission has already permitted a temporary increase of about three and a half per cent in rail rates on agricultural products, and hearings are now being held by ICC on the carriers' request for still further rate increases.

Farmers wishing additional information on the outlook on farm production can get it at the county agent's office, according to F. W. Martin, Haskell County agent.

## Indians to Meet Seymour Panthers

In the final game of a season in which their share has been mostly reverses, a game tribe of Haskell High School Indians journey to Seymour today (Thursday) to meet Seymour's district 9-A Panthers on their home grounds.

Game time is 2 o'clock, and the Indians' invasion will be accompanied by hundreds of loyal supporters and the HHS Band and Pep Squad.

Although overwhelming odds favor the Panthers, the game can well develop into one of the most stubbornly fought contests on the season's schedule, local supporters of the Indians declare.

## Lt. Sam H. Smith on Duty at Fort Worth

Lt. Sam H. Smith, son of Mr. and Mrs. Clay A. Smith of Haskell, recently reported for duty at Fort Worth Army Air Field. The lieutenant is assigned to the 492nd Squadron of the 7th Bombardment Group (WH), which is now in training with B-29 Superfortresses to become part of the strategic air command's global striking force.

Lt. Smith, a graduate of the United States Military Academy, class of June 1946, reported to Fort Worth from the Army Air Base at Enid, Oklahoma where he recently completed transition in B-25 Mitchell, medium bombers.

## Local Hunters Bring Back 4 Blacktail Deer

Bringing back four fine specimens of blacktail deer killed in the fringe of the Big Bend country, a party of Haskell deer hunters returned Friday from what they termed one of their most successful hunts. In the party were Marvin Medford, whose deer was a huge 12-pointer, Jack Medford, Paul Josselot, a 9-pointer, Alf Turnbow, V. P. Terrell, who killed an 8-pointer, Richard Josselot with a 10-pointer, and Homer Josselot, all of Haskell. They were accompanied by A. D. Kelley of Waco, and while in that section visited in the home of a kinsman, J. D. Josselot, in Sierra Blanca.

## Thurman Littlepage At Artillery Center

FORT SILL, Okla., Nov. 20—Private First Class Thurman Littlepage is now on duty with Battery C, 17th Field Artillery Battalion here at the nation's artillery center.

Prior to entering military service, Private Littlepage worked in the oil fields in Texas, and he is now a member of the new regular army.

His parents reside in Haskell.

## JONES DRY GOODS ANNOUNCE STORE-WIDE SALE

Jones Dry Goods Store of this city is advertising in this issue of The Free Press their first post-war storewide sale, which begins Friday morning at 9 o'clock.

## Tonkawa Coffee Shop Is Reopened

Kelsey Nelson, well-known Haskell cafe operator, was open for business Wednesday morning in his old stand, the Tonkawa Coffee Shop. The building has been cleaned and redecorated and presents an attractive interior.

Nelson announces that he will continue to serve the high quality foods for which his cafes have been known, and invites people of this area to visit him in his new location.

## Sugar Stamps 9-10 Die November 30

Haskell County housewives are reminded that sugar stamps Nos. 9 and 10 must be used before November 30. Each is good for five pounds.

It will be recalled OPA extended the use of sugar stamps No. 9 and 10 for 30 days. Originally these two stamps would have expired November 1.

County housewives will have until the end of the year to utilize regular table sugar stamp No. 31.

## VA Seeks to Improve Service in Texas

The Veterans Administration is studying its Texas offices and hospitals to see if their services can be improved.

This was disclosed Tuesday in Washington by VA officials in separate conferences with Rep. Thomason, Democrat of Texas, and aides of Rep. Peage, Democrat of Texas.

**Rochester...**

Miss Irene Trimmer of Dallas spent the week end here with her parents, Mr. and Mrs. Mark Trimmer.

Mrs. Mattie Gaunt has as her guest this week Mrs. Louisa Bean, her sister, of Knox City.

Dr. Charles Gaunt has written his mother that he expects to return from overseas, where he is with the armed forces, in time to be home for Christmas.

Miss Joyce Lee of Haskell spent the week end here with her folks.

Mansell Bragg of Spur was here Sunday to visit his parents, Mr. and Mrs. Jessie Bragg.

Pete Huntsman and son, Pete Jr. returned last Sunday from Lebanon, Ind., where they went to return a school bus for the Rochester school. On their way home they spent the night with a brother and uncle at Odessa.

Mr. and Mrs. Arnold Hudspeth and Mr. and Mrs. H. R. Armstrong returned Thursday from Amarillo, where they attended the funeral of their son and brother, Otho Armstrong. They were accompanied home by Sgt. Jack Armstrong, who will visit here for a short time before reporting to his base in San Antonio.

Rev. Walter Driver, Mr. and Mrs. Zed Wadzeck and Mr. and Mrs. Tom Murphy attended the Missionary Institute at the Methodist Church in Stamford Monday.

Walter Turner and family of Hereford were guests here last week in the home of their children Mr. and Mrs. Ivo Grinstead and Mr. and Mrs. Wilburn Atkins.

H. B. Berry, John W. Lee and Eugene Pitman recently returned from overseas where they were in military service.

Hamilton Wright of Abilene.

**Wounded Vets May Rejoin the Army**

All partially disabled combat wounded veterans who possess or are trained in critical skills may rejoin the Army. They will be required to pass all physical tests except those pertaining to their combat incurred injury. They must be able to take care of themselves unaided and must not expect to lose time from duty for further hospitalization.

All enlistments will be three years. Regular Army unassigned. Any pension or other Government compensation will be suspended. Enlistment will have to be accomplished before January 31, 1947 to retain grade held at time of discharge.

If enlistment is on or after February 1, 1947, such enlistment must be within twenty days of discharge in order to hold grade. There are more than 100 MOS numbers that will qualify disabled veterans to come in under the provisions of this new law and such men are advised to call at the nearest Recruiting Office for full information.

The "Road Runner" of the Reporter-News, was a Rochester visitor last Wednesday.

We regret to report the death of our friend, Will Wade, in the Knox City hospital Sunday night at 9:30.

Mrs. W. J. Bragg is visiting relatives in Lubbock this week.

Christian Worship

The Church of Christ is a divine institution built by Jesus Christ upon the foundation truth that He is the Christ, the Son of God. The Plan of Salvation was revealed through the New Testament writer by the Holy Spirit and requires people to hear the gospel, believe, repent of every sin, confess Jesus Christ as Lord and be baptized for the remission of sins. Thus one becomes a Christian and must live faithful to the instructions of the New Testament.

We speak where the Bible speaks and remain silent where the Bible is silent; we call Bible things by Bible names, do Bible things in Bible ways; we have no creed but Christ; no book but the Bible; no name except that authorized.

## Veterans' News

Questions and Answers

Q. What is the difference between compensation and pension?  
A. Compensation is a term used to describe monetary benefits payable for service-connected death or disability under laws administered by Veterans Administration. The term "pension" is used to describe non-service-connected monetary benefits.  
Q. Is a widower of a World War II veteran eligible to receive compensation or pension?  
A. No. The term "widow" does not include a widower with reference to payment of compensation or pension based on the death of a World War II veteran. However, a widower is eligible to receive unpaid disability compensation or pension which accrued prior to the death of a woman who had served in the armed forces in World War II.  
Q. How do I go about filing a claim for pension on the death of

## Butterflies Aid Scientists in Drug Discovery of New Vitamin

Dr. S. M. Hardy, Medical Director, Lederle Laboratories Division, American Cyanamid Company, points to spot on world map where macrocytic anemia is prevalent. Lederle scientists recently synthesized a new vitamin known as folic acid, which contains a "pterin" compound, and is being used in the treatment of certain anemias. Over 10 years ago scientists isolated these pterins from the wings of butterflies, but were prohibited from continuing experiments by Hitler's order.

a veteran who was my sole support?  
A. You should file your claim for pension with the Veterans Administration on its Form 535.  
Q. Will various monetary benefits received by veterans under the G. I. Bill be deducted from future bonus?  
A. No, that portion of the Servicemen's Readjustment Act (GI Bill) which formerly provided that any benefits received under the Act would be deducted from any future bonus authorized, has been repealed.  
Q. Is it possible for a veteran to complete his elementary school under the Servicemen's Readjustment Act?  
A. Yes.  
Q. I am receiving retirement pay and wish to take up training under the Servicemen's Readjust-

## CAR BATTERIES

We are sorry we are not able to say, Yes, we have plenty of batteries.  
Frankly, the battery situation is awful, but we are not going to offer you a lot of junk (rebuild) batteries and zyp you by charging more than new prices.  
We have been in the business too long and value our customer's good will too much to start that now.  
We will do our best to keep new batteries for you and to keep your old batteries repaired and re-charged.

## Are You a Man With Foresight?

If you are a man that sees the facts before you plainly, you will know that it is high time you were getting something done about your car before the rigors of winter hit it.

You will also know that a smoking or missing car will lose you money every mile you run it. You will also know that when one gets in that shape that it won't last long.

Do the smart thing today and bring your car to the place that is qualified to do the work on it. All work is done by expert mechanics. They are factory trained and know your car better.

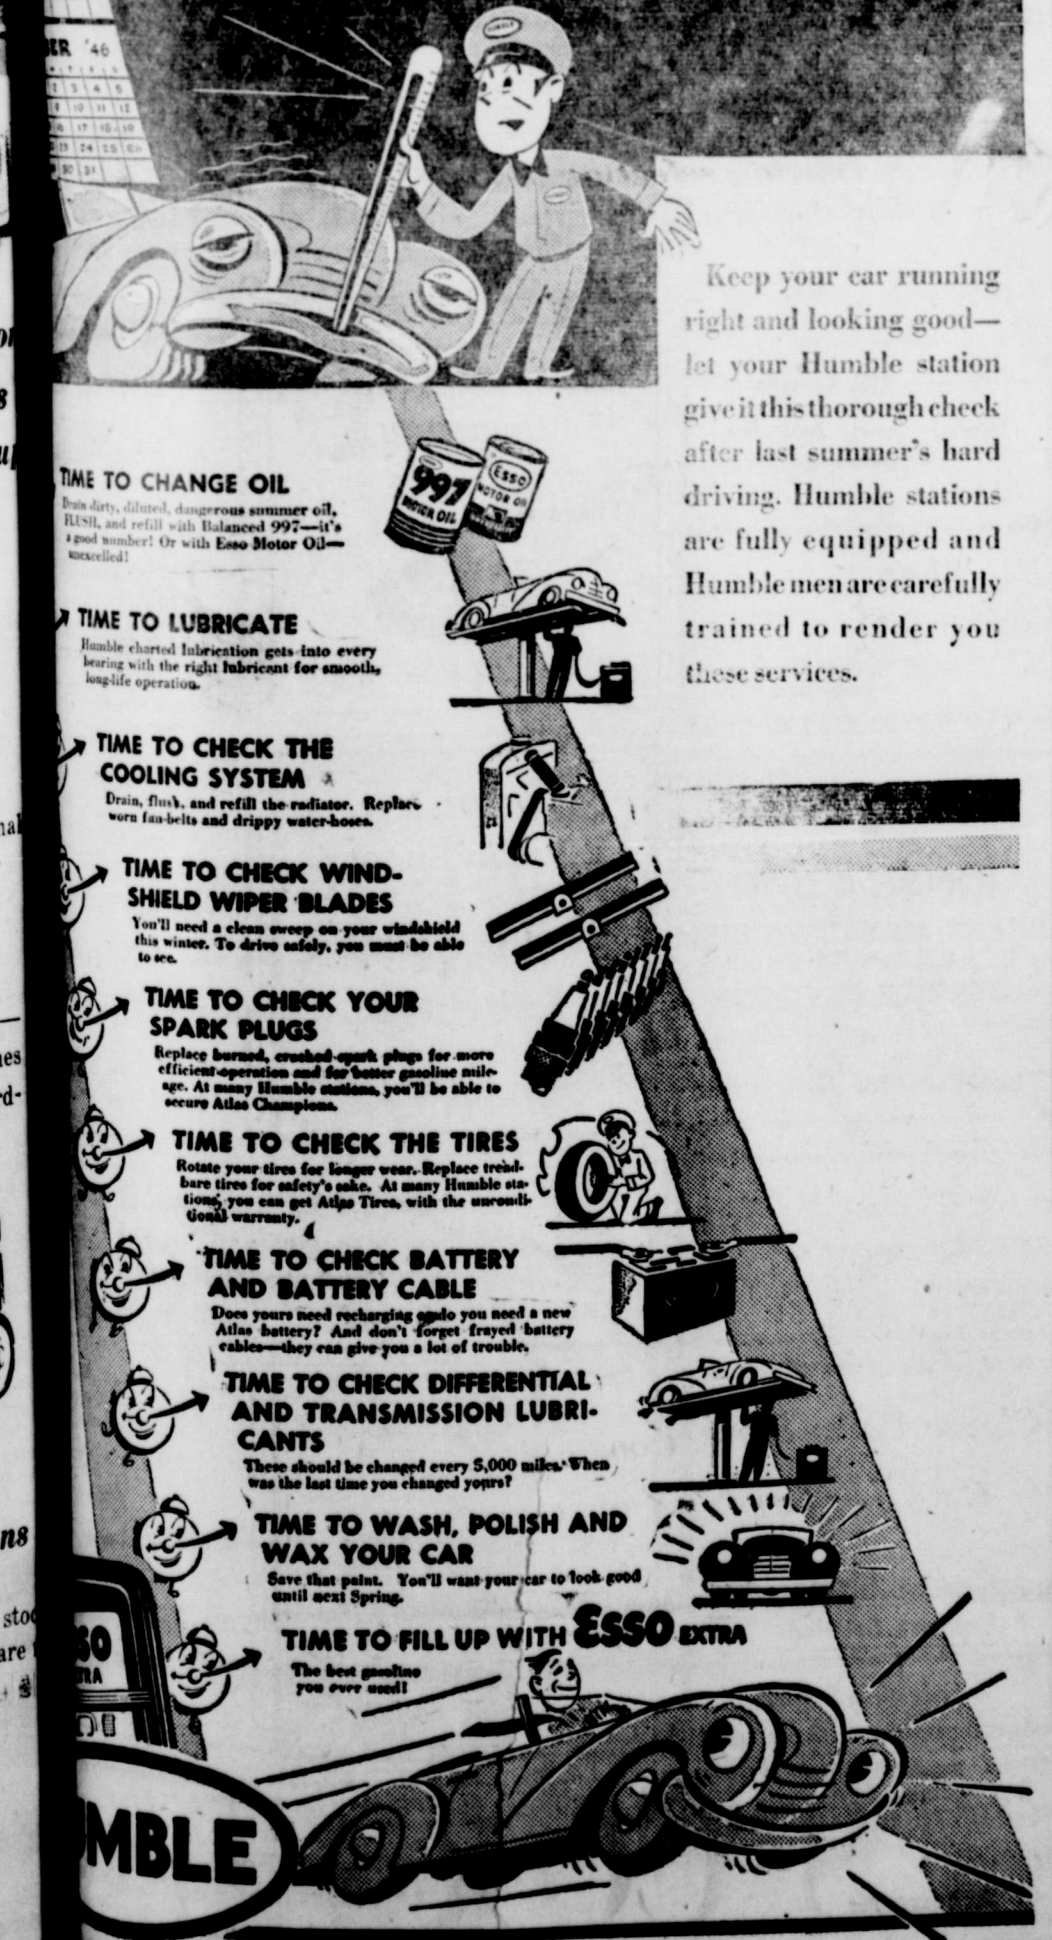

We strive to please, so all the work you have us do will please you because we guarantee all work. Drop in today for a free estimate. We can save you money in the long run.

**Bill Wilson Motor Co.**

## TIME TO Check Your Car!

Keep your car running right and your good—let your Humble station give it this thorough check after last summer's hard driving. Humble stations are fully equipped and Humble men are carefully trained to render you these services.

- TIME TO CHANGE OIL**  
New oil, filter, and wiper summer oil, filter, and wiper with balanced 90-10's a good number! Or with Esso Motor Oil—smoother!
- TIME TO LUBRICATE**  
Humble chassis lubrication gets into every bearing with the right lubricant for smooth, simple operation.
- TIME TO CHECK THE COOLING SYSTEM**  
Drain, flush, and refill the radiator. Replace worn fan belts and drippy water-pumps.
- TIME TO CHECK WIND-SHIELD WIPER BLADES**  
You'll need a clean sweep on your windshield this winter. To drive safely, you must be able to see.
- TIME TO CHECK YOUR SPARK PLUGS**  
Replace burned, cracked-spark plugs for more efficient operation and for better gasoline mileage. At many Humble stations, you'll be able to secure Atlas Champion.
- TIME TO CHECK THE TIRES**  
Rotate your tires for longer wear. Replace tread-bare tires for safety's sake. At many Humble stations, you can get Atlas Tires, with the unconditional warranty.
- TIME TO CHECK BATTERY AND BATTERY CABLE**  
Does yours need recharging? Do you need a new Atlas battery? And don't forget frayed battery cables—they can give you a lot of trouble.
- TIME TO CHECK DIFFERENTIAL AND TRANSMISSION LUBRICANTS**  
These should be changed every 5,000 miles. When was the last time you changed yours?
- TIME TO WASH, POLISH AND WAX YOUR CAR**  
Save that paint. You'll want your car to look good until next Spring.
- TIME TO FILL UP WITH ESSO EXTRA**  
The best gasoline you ever used!

**LADY'S STOMACH WAS LIKE A GAS FACTORY; MEALS TURNED TO GAS**

One lady said recently that her stomach used to be like a "gas factory." That is, when she ate a meal it seemed to turn right into gas. She was always bloated, had awful stomach gas pains, daily headaches and constant irregular bowel action. Now, however, this lady says she is FREE of STOMACH GAS and she says the change is due to taking INNER-AID.

INNER-AID contains 12 Great Herbs; they cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering! Get INNER-AID. Sold by all drug stores here in Haskell County.

**Be Quick To Treat Bronchitis**

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics. No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

## The Haskell Natural Gas Situation

Below is quoted the present rates being paid by the citizens of Haskell for natural gas and the corresponding maximum rates contained in the proposed franchise to Governor Trapp.

Monthly Consumption By Individual Consumer	Present Rate Per 1000 Cu. Ft.—Per 1000 Cu. Ft.	Proposed Rate Per 1000 Cu. Ft.
First 1000 cu. ft.	\$1.40	\$1.00
Next 1000 cu. ft.	1.15	.75
Next 3000 cu. ft.	.65 ea.	.50 ea.
Next 20000 cu. ft.	.40 ea.	.30 ea.
Over 35000 cu. ft.	.35 ea.	.25 ea.
Minimum monthly charge	\$1.50	\$1.00
Re-connect charge	1.00	none

Perhaps you have heard that "Broke business concerns do a community no good," meaning that Gov. Trapp would probably go bankrupt in any attempt to furnish natural gas to Haskell at the above rates. The citizens of Shreveport, La., pay 38c per thousand cubic feet of gas consumed per month up to fifty thousand cubic feet, and 33c per thousand for the next fifty thousand with a minimum monthly bill of 50c. But, we are told, Shreveport is near a gas field. Haskell is within five miles of a gas field containing seventy-five (75) feet of gas sand within 1000 feet of the surface, with a pressure of 900 lbs. per square inch, and known to underlie several thousand acres of land.

We do not yet know the B. T. U. quality of the Haskell gas, but we do know that it will run engines perfectly, heat homes and cook food. Governor Trapp is too good a business man to pipe an inferior gas into any town and offer it to the public at any price.

The development of a natural gas field near Haskell means the establishment of general offices in Haskell and the profitable employment of several families in its operations. It means cheap fuel necessary for many businesses that might locate here. It means the employment of labor for the laying of mains and distributing lines. It means payment of royalties to Haskell County land owners instead of to land owners hundreds of miles away from Haskell. It means a saving on fuel bills to every family and business concern in the town. The franchise to Governor Trapp will not cost the City of Haskell nor the citizens of the town any money, but only the use of the public streets and alleys for laying of gas lines eighteen inches underground.

It is my pleasure to inform the citizens of Haskell that I have made a personal investigation of the reputation, character and financial standing of Governor Trapp. I have not requested a financial statement of his personal affairs, but have repeatedly invited public officials and private citizens to procure such information as they might desire through banking channels or through commercial agencies, such as Dunn's and Bradstreet's. Governor Trapp has given me his personal assurance that if the City of Haskell will permit him to offer natural gas to the citizens of the town, he will cause a survey and proper tests to be made by a competent Industrial Engineer to determine the quantity and quality of the Haskell Natural gas; and that if found to be of commercial quantity and quality, he will put in a distributing system and offer Haskell natural gas to the citizens of Haskell at the prices set out above. I have no reason to doubt his word but, on the contrary, every reason to accept his promises as true.

**CALVIN HENSON, Attorney**  
for Governor Trapp.

One year elsewhere in Texas ..... \$2.00  
One year outside of Texas ..... \$2.50

**NOTICE TO THE PUBLIC**—Any erroneous reflection upon the character, reputation or standing of any firm, individual or corporation will be gladly corrected upon being called to the attention of the publishers.

## The Gas Question

The Free Press would like to see the public utility rates in Haskell as low as possible consistent with good service. But when strangers come offering us low gas rates, the thought that immediately comes to our mind is the quality of service offered. There is nothing so sad or so expensive as gas service that isn't on hand when you need it.

For this reason we caution our readers to stop, look, and listen before voting December 6 on the question of granting a franchise to the M. E. Trapp interests. Here are some of the questions that come to mind:

What supply of gas do they have and where is it located? How long will it last? When it is exhausted do they obligate themselves to locate additional supplies even if they have to go hundreds of miles to get it?

Do they guarantee what the heat value will be? Can the city make Lone Star Gas Company stay here and render service while permitting another company to take away the business?

Have the Trapp people had any experience in the gas business, or is it just a promotion plan?

Will they pipe the whole town so everybody will have a chance to get this gas or will they serve only the heaviest populated section and take away the cream of the business?

Have the prospective gas dealers proven their financial stability?

Is there enough business in Haskell for two companies?

We are thinking about the best interests of Haskell and we believe everyone should think about these questions before voting. It is of the highest importance that we do nothing that would injure our city or its future growth. Haskell is entitled to the best.

## Your Future Is My Future

We're Americans. The United States—that's us. All of us—the Nation that Lincoln called "the last best hope of earth."

This country has come through six wars and many a tight spot between.

Always a peace loving Nation, again we've had to arm to the teeth and fight for our lives. Into this grim fight we've had to push our finest young men, 12 million of them... our dollars, 279 millions a day.

That's one reason—the best one I know—for buying and holding War Bonds. For most Americans, that's reason enough.

But there's another big reason. Yourself. Savings is an important word in your life right now. The kind of future America has—the kind of future you and your family will have—rests with you. Don't let that future slip through your fingers—don't miss any chance to save.

Help your country and help yourself. Put every penny over rock-bottom expenses into War Bonds.

Keep faith with your country, your fighting men, yourself. Keep Buying War Bonds—For Keeps—YOUR UNCLE SAM.

The hardest way of learning is that of easy reading; but a great book that comes from a great thinker is a ship of thought, deep freighted with truth and beauty.—Theodore Parker.

# HASKELL COUNTY HISTORY

Brief Items Taken from Old Copies of The Free Press

### 20 Years Ago—Nov. 18, 1926

J. C. McKinney of the Gilliam community sold 120 turkeys on the Haskell market Saturday for a total price of \$465.

Mrs. J. U. Fields, president of the Haskell Federation of Women's Clubs, has presented a beautiful and unique gavel, made of native mesquite, highly polished and inlaid with cross-grained mesquite in a novel design. The gavel was presented Mrs. Fields by Mrs. W. R. Chapman.

Frazier & Smith, local contractors, have completed a new three room school building at Gilliam.

Latest ginning report shows that 23,476 bales of cotton had been ginned in Haskell County prior to Nov. 1, 1926.

Alfred Bland of the Sayles community had the misfortune of getting his arm fractured Sunday while attempting to crank a Ford car.

Tony Patterson of the Center Point community is ill with influenza.

Two small negro children were burned to death Thursday when fire destroyed the small house in which they were living on the M. L. Middlebrook farm near Haskell, where the parents were at work picking cotton.

Miss Fannie Hudson, accompanied by John Robertson went down to Abilene Wednesday to pay a Thanksgiving visit to her sister, Miss Eula, who is attending Simmons College.

Rev. N. B. Bennett returned from the Waxahachie Conference Wednesday evening. We learn he was transferred to Quanah.

Miss Effie DeFrance took a holiday from her school work in Jones County and came home to spend Thanksgiving Day.

Mrs. B. F. Reynolds of Throckmorton was visiting in Haskell this week.

Dr. Simmons of the Lindell Hotel gave a fine dinner to a number of invited guests Thursday.

The coldest norther of the season swooped down on us Thursday night.

We have heard some persons complaining about having their dogs killed by poison put out by others to kill wolves.

It is said that a company of Texans armed with Shoppe's long range rifles are operating with the insurgents in Cuba and are doing very effective service as sharpshooters.

There has been more activity and trading going on among our cattlemen during the past week than for some time. We have heard of the following transactions: Messrs. J. W. Bailey, M. S. Shook and Wat Fitzgerald sold about 200 steers to Watkins & Byrd of Knox County, to be delivered on the Wichita. Top price was said to have been \$24.

Albert English sold 75 steers, 3's and 4's, to John Owens at \$20.

T. J. Lemmon bought 125 steers in Stonewall and is bringing them over this week. J. W. Middleton is said to have cleared about \$400 on a cattle deal last week. W. T. Hudson and John Owens left on Wednesday with about 200 beef steers and cows for shipment from Seymour to St. Louis.

Renew your subscription to the Free Press now to be certain you will receive the news during the paper shortage.

Show card ink, associated with The Free Press.

Marshall Pierson assistant cashier of the Haskell National Bank, returned Thursday from a business trip to Dallas.

T. C. Cahill of the Haskell Real Estate Co. left Thursday for a trip to Central Texas.

Mark Whitman was in the city Thursday from his farm.

Bob Irby of Munday spent Sunday with Haskell relatives and friends.

Messrs. R. B. Fields, Abel Jones and W. T. McDaniel left Tuesday with a bunch of mules which they will take to Kaufman.

Mrs. B. F. Reynolds of Throckmorton was visiting in Haskell this week.

Dr. Simmons of the Lindell Hotel gave a fine dinner to a number of invited guests Thursday.

Mrs. Fields Hostess At Birthday Party

Mrs. J. U. Fields was hostess at Warren's Inn Friday evening, November 22, to one of the most delightful parties staged in Haskell this year.

Following the dinner, Mrs. S. Hassen impersonated Lily Dache' in a review of her book, "Looking Through My Hats."

To climax the Lily Dache' hat party, every woman present entered the hat parade exhibiting the creation she was wearing.

The men were in turn asked to parade, and their wives voted on the man with the most pleasing personality and charm their choice being J. U. Fields.

Guests who enjoyed this unusual party were: Mr. and Mrs. E. B. Harris and E. B. Harris, Jr., of Graham; Dr. and Mrs. W. M. Taylor of Goree; Mr. and Mrs. George Salem of Munday; Mr. and Mrs. Alfred Lilly of Fort Worth; and the following from Haskell: Messrs. and Mrs. A. H. Wair, S. Hassen, Bill Richey, A. C. Pierson, John P. Payne, Kenneth Thornton, W. A. Lykes, E. M. Frierson, John Rike, Dr. and Mrs. J. G. Vaughter, Mrs. John W. Paee, and Mrs. Wallace Cox.

Deen Bartlett Joins Mission Study Class

Deen Bartlett, daughter of Mr. and Mrs. G. C. Bartlett of Haskell, is a member of the mission study class of Abilene Christian College.

She is classified as a sophomore student in ACC.

Inez Parks Is Bride Of Robert A. Brown

Inez Parks, daughter of Mr. and Mrs. Tom F. Parks of Haskell, and Robert A. Brown, son of Mrs. Edna Brown of Haskell, were

MRS. BROWN

married in a double ring ceremony November 16 at 7:00 o'clock, by Rev. H. R. Whatley, pastor of the First Baptist Church here.

The bride wore a blue-grey suit with black accessories. Her shoulder corsage was of pink carnations.

Attendants to the couple were Mr. and Mrs. James C. Marlow, Mrs. Marlow is a sister of the bride.

Mrs. Brown is a graduate of Haskell High School with the class of '42. She is employed as bookkeeper at Burton-Dotson Chevrolet Company here.

Brown, a graduate of Canton High School with the class of '41, is employed at GrateX Service Station in Haskell. He was discharged in February after having served three years in the army.

The young couple will make their home in Haskell.

Miss Newman Leads Study Club Program

Miss Louise Newman directed the study of the romantic period of English literature at a regular meeting of the Progressive Study Club Thursday evening, Nov. 21. Following Miss Newman's introductory survey of the period, Miss Frances English discussed Sir Walter Scott, novelist. Mrs. Jas. A. Byrd presented sketches of the lives of the poets Byron, Shelley, and Keats, reading excerpts from the works of each.

Mesdames Joe Harper and Sam Conner were hostesses at the social hour which followed the program.

The next meeting will be held on Dec. 5th with Mrs. Fred Jones directing the study of the Victorian era and Mesdames Willie Lane and Bernard Phelps hostesses.

At Quilting Party Neighbors Gather

On Thursday, November 21, in the home of Mr. and Mrs. H. J. Hambleton, Sr., a group of friends and neighbors gathered for an all day quilting. It has been the custom for Mrs. Hambleton, lovingly known as "Sooky" Hambleton, to have a get-together of old neighbors for a reunion, together with some work and some play, coupled with a lovely lunch served in the home.

Those attending were: Mesdames T. J. Arbuckle, Tom Holland, H. J. Hambleton, Jr., Ed Cass, J. M. Waggoner, Buster Viny, Frances Blake, Lerue Nickels, Virgil Thomas, Luther Highnote, Mrs. Camp, Herbert Stillwell, Elmer Ragsdale, Red Collins, Ruth Taylor, W. H. Starr, D. T. Dotson, C. Jones, John Fouts, J. M. Crawford.

Proper Lighting Is Essential to Good Reading, Working

Since electric lamps should be arranged in homes for the best service and for attractiveness, Louise Newman, county home demonstration agent, advises that housewives make check-ups in their own homes for possible improvements.

To be sure there is enough light when and where it is needed, a table lamp should be equipped with a bulb or bulbs totalling at least 100 watts, and a floor lamp with reflector should have a minimum of 150 watts.

Lamp shades should all be flared to spread light over a wide area. Any lamp shades with dark-colored linings should be removed as they soak up as much as 50 per cent of the light that would otherwise be reflected for use.

Height of table lamps is important. They should be tall enough to spread light over the intended area. Glare, also, should be checked on. An unshaded bulb should be used only in storage rooms, clothes closets, or similar places.

Lamps should be arranged to avoid shadows. For close work, the light should come from the left for right-handed persons and vice-versa for those who are left-handed. Sharp contrasts of light and dark within a room are hard on eyes, as they must keep adjusting to different amounts of light.

Lamps properly arranged will bring less eye strain and more beauty, Miss Newman concludes. They bring attractive furnishings and color combinations to life.

NEWS OF INTEREST to WOMEN

Mrs. J. S. Boone Is Honoree on Ninetieth Birthday Nov. 21

Mrs. Tommye B. Hawkins and Miss Beryl Boone were hostesses Thursday afternoon November 21 to a tea honoring their mother, Mrs. J. S. Boone, in celebration of her 90th birthday.

The honoree wore a black crepe dress with a shoulder corsage of white carnations which had been presented to her by her great-great-grandchildren, Jo Norrid Boone and Samuel Wallace Spann.

That same evening, Mrs. Hawkins and Miss Boone honored their mother with another celebration, an informal dinner. Mrs. Durant Lowe Boone presided at the guest register for both occasions.

Guests during the afternoon were: Mesdames Robert Reynolds, Henry King, Earn Lowe, Joe Pace, Theo. Wright, Gladys Mundy, T. J. Arbuckle, John Odell, R. E. Sherrill, R. D. C. Stephens, John Ellis, Mode Collins, W. D. Kemp, Robert Montgomery, Ada Rike, Jesse B. Smith, C. Allen, M. A. Clifton, Duncan Head, Mary Oates, Ethel Irby, Claiborne Payne, Addie Middleton, K. Mrs. Odell Attends State Convention

Mrs. T. R. Odell, state vice president of the Texas Congress of Parents and Teachers, returned Monday from Amarillo, where she had been in attendance at the thirty-eighth convention of the Texas Congress.

Headquarters for the meeting was at the Herring Hotel and the theme for the convention program was "Laying Firm Foundations."

Some of the outstanding speakers appearing on the program were: Mrs. L. W. Hughes, Arlington Tenn., president of the National Parents and Teachers; Dr. Kenneth McFarland, superintendent of schools, Topeka, Kansas; Chas. H. Tennyson, director of public relations, Texas State Teachers Association; Dr. B. F. Pittenger, dean of college of education, University of Texas, Austin;

HERE FOR THANKSGIVING

Mr. and Mrs. John L. McCollum and daughters of Dallas and Mr. and Mrs. Elvyn Jordan and son Johnny of Monahans will visit their parents, Mr. and Mrs. N. J. McCollum and sister Miss Nettie McCollum during the Thanksgiving holidays.

Dr. E. W. Wiley, director of teacher training, Southwest Texas Teachers College, San Marcos; Dr. Frank Young, dean of East Texas State Teachers College, Commerce; Dr. J. A. Hill, president West Texas Teachers College, Canyon; Dr. J. B. Schoolland, University of Colorado, and Judge Philip Gilliam, judge of juvenile court, Denver, Colo.

NEW BOOK FOR STUDY CLUB  
Weaver of Haskell  
"The Egg and I"

Thursday evening, December 5, at 7:30 in the Baptist Church at Weibert, it has been announced. The review is being sponsored by the

Weibert Study Club at their annual silver tea. Members of the study club announce that the public is invited.

### Articles of Impeachment Exhibited by the House of Representatives, State of Okla.

The following is a portion of official records of the state of Oklahoma:

**STATE OF OKLAHOMA**  
Articles of Impeachment Exhibited by the House of Representatives of the State of Oklahoma Article 9. That heretofore, to-wit: during the years 1919 and 1920, the Board of County Commissioners of Creek County, Oklahoma, were engaged in the administration of a large fund, to-wit: One Million (\$1,000,000.00) Dollars of bonds that had been voted by said County for the construction and improvement of public roads in said county. And the said M. E. Trapp, then and there, corruptly, in his said office of Lieutenant Governor, entered into some contract, agreement or arrangement with said Board of County Commissioners to the effect that said bonds be turned over to the said Trapp, and as the engineers made monthly estimates of the road work and improvement as the same progressed, the said M. E. Trapp would advance on such bonds at par and accrued interest, money to pay such estimate, in purchase of said bonds; that is, the said Trapp purchased such bonds at par and accrued interest, payment therefor to be made upon estimates of the work and improvements as the same progressed; and we do not know whether such contract was oral or in writing, or any further terms thereof. That said M. E. Trapp in said transactions, and before contracting to buy such bonds, ascertaining that contracts for said work would be made and let upon the engineer's estimates of cost and approximately twenty per cent profit, entered into arrangements with prospective contractors, to-wit: L. O. Shannon, W. C. Jucksch, Klingensmith Engineering Company and J. W. Klingensmith, whose more correct names are to the House unknown, and divers other persons to this House unknown, that they or some one of them should procure the contracts for doing such road work and improvement, at large and excessive prices and exorbitant profits, and pay to the said M. E. Trapp a large part, to-wit 12 and 1/2 percent and greater of the consideration they should receive from such county for such road work and improvements, as the secret profit of the said Trapp, without the knowledge of said Board of Commissioners. And thus conspiring with such contractors and prospective contractors that they would bid, charge and receive from the county large and exorbitant profits from said county for such road work and improvement, and such secret profit for the benefit of the said M. E. Trapp, the said M. E. Trapp, as his part of the plan, agreed to purchase and did purchase the bonds aforesaid, upon the terms aforesaid; and in the performance of said road work and improvements aforesaid, the said L. O. Shannon, W. E. Jucksch, Klingensmith Engineering Company, or Klingensmith Engineering Company (the correct name not being certainly known) J. W. Klingensmith or Klingensmith, and divers other persons to this House unknown, did procure contracts from said Board of County Commissioners for such road work and improvement, with large and exorbitant profits, with profits for themselves and such secret profit

for the said M. E. Trapp; and did such work and improvements, and paid to the said Trapp such secret profits; the extent or further character of such contracts, or the amount of secret profit paid to the said M. E. Trapp being to this House unknown, except that the said Klingensmith Engineering Company received many such contracts, generally on basis of sixty-nine cents on earth excavation, sixty-nine cents on fill, four dollars for solid rock, and half that for loose rock—these with variations and modifications, receiving from said county approximately \$271,507.10, and paying to said M. E. Trapp as his secret profit thereon the sum of \$38,943.23. That the said M. E. Trapp received other large sums from other of said contractors, but we cannot now give the amounts; and in addition to these secret profits, the said M. E. Trapp had the said bonds and the interest accrued thereon, of great value, for long periods of time before he was required to make such advancements of money.

That the said M. E. Trapp then and there conspired and contrived for his own gain and advantage, corruptly to circumvent and defeat the operation of the law requiring that said bonds be sold for par and accrued interest, by thus combining with said contractors and through them receiving back of the moneys he had paid, large sums as secret profit; and the same acts were corruption in said office.

That for this, and each of the foregoing causes specified, the said M. E. Trapp should be impeached and removed from office. And the said House of Representatives, saving to themselves by protestation the liberty of exhibiting any other articles of impeachment against the said M. E. Trapp, Lieutenant Governor as aforesaid, and also of replying to the answers which he may make to the impeachment aforesaid, and of offering proof of the said matters of impeachment, do demand that the said M. E. Trapp, Lieutenant Governor, as aforesaid, be put to answer all and every one of said matters, and that such proceedings, trial and judgment, may be thereunder had and given as are conformable to the Constitution and laws of the State of Oklahoma; and the said House of Representatives are ready to offer proof of the said matters at such time as the Honorable Senate sitting as a court for the trial of impeachment may order and appoint.

R. H. MATTHEWS  
H. JENNINGS  
PORTER NEWMAN,  
Managers and Committee.

Articles of Impeachment sustained by the House of Representatives.

## Done to a Turn

and Fit for the Great Holiday

Perhaps no holiday exemplifies the American spirit and way of life as does Thanksgiving—the day we give thanks for the good things of life.

Gas Service—DEPENDABLE gas service is one of those good things. It cooks our meals, heats our homes, provides instant hot water and attracts industries.

Haskell can be thankful that it has good, dependable gas service. It is a gas service which has taken over a third of a century to build. It is a gas service with proven reserves of supply in 75 different gas fields. It is a gas service instantly responsive to your needs no matter how cold winter may be.

May your holiday be a grand one.

**Lone Star Gas Company**

sentatives, March 10, 1921.  
Attest: GEO. B. SCHWABE,  
Speaker  
ALBERT ROSS,  
Chief Clerk.

The Mr. M. E. Trapp mentioned above is the same Mr. Trapp who is urging the Haskell City Council to approve a gas franchise to relieve an emergency in the City of Haskell.

Although Mr. Henson, attorney for Mr. Trapp, has put much pressure on the Council to pass this measure as an emergency, we who are opposing it deny that any emergency exists on the part of the citizenship of Haskell. Last week this paper carried a letter from Mr. Trapp's attorney stating that if Mr. Trapp could procure permits to distribute and sell natural gas in the town of Haskell, he would undertake an investigation of the quantity and quality of gas in Haskell County. We failed to reason how a man contemplating a legitimate business could come into a dire emergency before he found the gas on which to complete his project.

If it be an emergency created by the drilling of "dry holes" and by which the operators might suffer a loss in the value of their leases, then we deny any obligation to determine or relieve such emergency.

### Warriors Win 13-6 Over Rochester Jr's

The Haskell junior football team defeated the Rochester juniors Friday night November 13, at the Indian Field, 13-6. Billy Davis and Jimmy Bledsoe made

all of the Warriors' points behind the hard blocking of their teammates.

The Rochester juniors made a good showing in the first half, when they led the Warriors 6-0 at half time.

In the second half the Warriors came back to defeat the visitors, when Billy Davis received the ball on the kick off and raced 60 yards before he was brought down on the Rochester 20 yard line. Then a few plays later Davis shot into the open and over he went for the winning score. The try for extra point was good when Davis ran it over for the leading point. The last and final score came when Jimmy Bledsoe, one of the Warrior's ends, ran the ball over from the 5 yard line. The Warriors won with the game ending Haskell 13, Rochester 6.

### Ship Ahoy

Up-stream from Niagara Falls a short distance, the weather-beaten hulk of a wrecked yacht lay for years in mid-channel. I saw it once, clinging precariously to the rough, stone river-bed while the swift current lashed violently at its decaying sides. A Canadian, native of Welland County, told me the story of the derelict, a thriller if I ever heard one, and worth repeating.

Several miles up the river, this comfortable little craft rode at anchor one night in quiet water. The skipper and some guests were sleeping peacefully on board when, by some unexplained circumstance, the boat came loose from her moorings. Nobody waked for a long time. The boat drifted with the current, which was not fast at first but gradually gained speed as it neared the falls.

**Start Investigation.**  
The keel was grinding on the nodulated rock bottom before the boat's unsteady motion roused any of the sleepers. Then they all got active at once. Most of them had no idea what to do first. Some actually began accusing one another and trying to fix the blame for losing the anchor—this, with the thundering cataract in plain hearing, destruction only a few seconds away.

The skipper was a man of action and presence of mind. While his guests suffered panic, he went below and blasted a hole in the hull with dynamite. The crippled craft took on water fast and settled to bottom in the swift stream. Then it lodged! Days like months passed before the handful of frightened people could be brought ashore but no lives were lost. Quick action saved them.

**Paying the Price**  
Certainly the skipper loved his boat and hated to sacrifice it. He wished something might have waked him a mile up stream where life and property both could have been saved, but he paid the price of survival. America's ship of state is, this very day, drifting down a channel toward a cataract, the same channel through which Italy, Germany, France and England passed before us.

Numberless weak vessels have plunged helplessly over Niagara to a destruction nobody ever has lived to describe. Just so, many helpless peoples have been swept through revolution to dictatorship because they could not help themselves.
