## RE-ELECTED HEAD FAIR ASSOCIATION

Mrs. H. S. Wilson, president of the Haskell County Fair Association, was re-elected at a meeting of the directors of the association held at the Haskell Hotel last night.

## Mrs. H. S. Wilson Succumbs After Long Illness

Mrs. H. S. Wilson, resident of Haskell for almost fifty years, died in the Haskell County Hospital Saturday at 12:15 p. m., after an illness which had confined her to her home and the hospital for the past year.

Deceased was a native of Kentucky, born April 2, 1875 at Pembroke, the daughter of Mr. and Mrs. C. C. Reynolds, and she lived there until her marriage to H. S. Wilson, after which they came to Haskell County in 1899 and Mr. Wilson became one of this section's leading attorneys and abstractors. Mr. Wilson preceded his wife in death a number of years ago. Mrs. Wilson, a member of the Presbyterian Church since girlhood, was an active worker in church and civic clubs during her long residence in Haskell.

She is survived by three sons, E. R. Wilson, Haskell; Henry S. Wilson, Amarillo; Gilbert H. Wilson, Newton, Iowa; and four brothers, Sam Reynolds of Guthrie, Ky.; C. C. Reynolds, Pembroke, Ky.; Ed Reynolds, Dallas; and R. J. Reynolds, Haskell. Five grandchildren also survive.

Funeral rites were conducted at the First Presbyterian Church Sunday at 3:00 p. m., with the pastor, Rev. Harold G. Wise officiating, and interment was in Willow cemetery under direction of Holden's funeral home.

Active pallbearers were Belton Duncan, John L. Tubbs, John A. Couch, Ben Charlie Chapman, Wallace Cox, O. E. Oates, C. V. Payne and Virgil Hudson.

## Farmers Receive Two Carloads Phosphate

The Legume Association members are busy getting phosphate and legumes in the ground.

Two car loads of Acid Phosphate were distributed last week and one more car load is expected in soon.

Eugene Wheeler, Ira Grinstead, and others have purchased fertilizer distributors which they have used on their own crops and are now in position to lease out at a nominal fee to other farmers.

According to F. W. Martin, County Agent and secretary of the Legume Growers Association, approximately 1500 acres of rye and vetch and several hundred acres of Austrian Winter Peas and clovers are being seeded in the county.

The early sowing planted during the dry weather have come up nicely since the recent showers and good winter grazing is expected from these crops.

Courtney Hunt has on hand a limited amount of vetch and Austrian winter peas which may be purchased through the AAA by farmers who have not yet obtained their seed.

## Deacons Reorganize At Presbyterian Church

The Board of Deacons in the Presbyterian Church have been reorganized. The members and their places of responsibility are: Tom Davis, director of finance; Belton Duncan, secretary, treasurer, and paymaster; Mont Friereson, superintendent of buildings and grounds; Pete Friereson, director of congregational relations; Ed Hester, director of improvements; Sam Herren, budget director; George Neely, director of congregational meetings; Roy Wiseman, director of benevolence and ushering; Calvin Henson, committee pusher.

The Deacons and their wives met at the Calvin Henson home for business and social evening.

**IN ABILENE SATURDAY**  
Mrs. Courtney Hunt and Miss Louise Newman were in Abilene Saturday.

## Reading Workshop Will Be Held In Haskell Schools

Miss Emma Nell Phillips, Consultant in Elementary Education, of Silver Burdett Company will be in Haskell for a three day Reading Workshop in the Elementary School Oct. 16, 17 and 18, according to Mrs. L. R. Burkett, principal.

Miss Phillips will conduct classroom demonstrations in all grades in the elementary schools from the first through the eighth grades.

Miss Phillips received a Bachelor of Arts Degree at Northwestern State College, Nachitoches, La., where she majored in Elementary Education. She has done graduate work at Southern Louisiana Institute and the University of Texas. In 1946 she attended the National Education Association Leadership at The American University in Washington, D. C.

As a classroom teacher Miss Phillips has distinguished herself in St. Tammany Parish and Calcasieu Parish in Louisiana. Since 1941 she has been a teacher in the Orange, Texas, school system.

Miss Phillips is a member of Kappa Delta Pi and Delta Kappa Gamma fraternities. Her exceptional ability, extensive training and varied experiences makes her well qualified to help classroom teachers with their problems in Elementary Education.

## Haskell Loses To Stamford, 38-6

The Stamford Bulldogs overwhelmed the Haskell Indians, 38-6 Friday night in a District 11A grid battle at Stamford as Spencer Billington raced to three touch downs and passed for another to spark the Stamfordites to victory. Billington put his mates ahead shortly after the game opened with a 50-yard touchdown jaunt, and James Wilson added another in the same period when he got off to a 60-yard touchdown run.

Billington ran 70 yards in the second period, and Thomas Hinson romped 80 yards for the 4th Bulldog counter to send the Bulldogs ahead 24-0 at the half.

Ted Sitton hauled in a pass from Billington in the third period good for 35 yards and a touchdown, and Billington booted the extra point. Adding to his laurels in the final stanza, Billington got off to another 70 yard jaunt and kicked another extra point from placement to send his scoring total to 20 points.

Haskell's only touchdown came late in the fourth period, although the Indians garnered six first downs to three for the victors.

## Colored Scout Troop Launches Finance Campaign

The colored Boy Scout Troop 69 now has a drive in progress to raise the sum of five hundred dollars to help finance the organization, and the committee in charge is asking everybody to help in this drive. The fund will enable the troop to obtain tentage, cooking gear, flags, First Aid equipment, rope and other troop supplies necessary for indoor and outdoor activities of the troop.

Committeemen working in the finance campaign in behalf of the colored Scout troop include: Ervin Kingsbury, troop chairman; Sam McClain, Scoutmaster; Lusk Jenkins, Parent Relations; James Hill, camp activities; Albert Sharp, finance chairman; Albert McDade, assistant Scoutmaster.

**VISITS PARENTS**  
Miss Madalin Hunt of Abilene spent the week end in Haskell with her parents, Mr. and Mrs. Courtney Hunt.

**ATTEND TEACHERS MEETING**  
Mr. and Mrs. L. R. Burkett and Mrs. Carroll D. Bledsoe attended a district Classroom Teachers Meeting at the Wooten Hotel in Abilene Saturday.

## Shackelford County Hospital Approved

While Shackelford County Judge I. M. Chism (extreme right) looks on, Dr. George W. Cox, State Health Officer signs approval of the first application for hospital construction under the new State Hospital Plan which is made possible by Federal assistance. Shown with Dr. Cox and Judge Chism are J. Carter King, Mayor of Albany, and Miss Ollie E. Clarke, Manager of the Albany Chamber of Commerce.

## SHACKELFORD COUNTY PLANS \$110,000 HOSPITAL PROJECT

The first application for hospital construction under the new Federal Aid Hospital Construction plan, was approved today by Dr. George W. Cox, State Health Officer, when presented by County Judge I. M. Chism of Shackelford County.

With a population of 4631, Shackelford County has at present no hospital facilities, and the proposed modern fireproof building, costing \$110,525.00 will provide 16 beds and complete emergency service. Two thirds of the construction cost will be met by a county bond issue and the remaining one third will be paid from Federal funds through the Texas State Department of Health.

Figured on the number of patients now being sent out of the county for hospitalization, a ten bed capacity would have been sufficient; however, recognizing that almost twice that number of persons would benefit by this care if it were available, it was estimated that at least 16 beds should be provided in order that the population be adequately served.

When the new hospital is finished, it will be able to care for all cases within the county, which could normally be handled in a local hospital and not requiring special equipment.

Joseph E. Blanton of Austin is consulting architect for the proposed building, and contract for construction will be let when the application has been Federally approved.

## Hard Shower Brings .65 Inch of Moisture Wednesday Night

Rainfall which amounted to .65 of an inch was recorded in Haskell Wednesday night, first moisture in several weeks, and which will halt gathering of the area's cotton crop momentarily.

Coming in the form of hard showers, the moisture fell within an hour's time, and will be of principal benefit to fall gardens and seeded fields.

## Weinert Seniors Dedicate Annual to Dr. Cadenhead

By a unanimous vote, the 1947-48 Senior Class of Weinert High School dedicated their High School Annual to Dr. J. F. Cadenhead, Sr. Dr. Cadenhead was for a number of years president of the Weinert school board, during which time the present school plant was constructed.

He has been for many years intensely interested in civic affairs, particularly good schools. By most Weinert citizens, Dr. Cadenhead is rightly considered to be the father of Weinert schools.

**HERE FROM ARLINGTON**  
Mr. and Mrs. Raymond Kroger visited friends and relatives in Haskell several days last week, returning to their home near Arlington last Friday.

## Majority of County Farms Join In Soil Conservation Program

### Marshal Davis, Former Resident, Dies At Ralls

Funeral rites were held at the Church of Christ in this city Wednesday at 3 p. m., for James Marshall Davis, former Haskell resident who died Oct. 12 in Ralls, Texas, where he and his family had made their home since 1935.

The service was conducted by Roy Deaver, minister of the church, and interment was in Willow cemetery under direction of Holden's funeral home. Pallbearers were J. M. Crawford, John Nanny, M. B. Howard, J. B. Marr, Arthur Merchant, Arthur Montgomery, Howard Montgomery, R. T. Landess.

Deceased was born Feb. 12, 1884 in Robertson county, Texas, the son of Mr. and Mrs. Jim Davis. He came to Haskell county as a young man and married Miss Wilma Irene Gordon of Haskell. They made their home in this section until moving to Ralls in 1935. Mr. Davis had been a member of the Church of Christ since 1933.

Immediate survivors include his widow, Mrs. Wilma Davis of Ralls; three sons, J. P. Davis of Kerrville, Buford Davis of Ralls, Jack Davis of Houston; two daughters, Mrs. Hayle Dulaney of Roswell, N. M., Mrs. Gladys Jenkins of Roswell; and a sister Mrs. Addie Ainsworth of Beaumont. Nine grandchildren also survive.

### Community Singing At Fundamental Church Sunday

A Community Singing, regular monthly event at the Fundamental Baptist Church in this city, will be held next Sunday, Oct. 19, beginning at 2:30 p. m., Rev. C. Jones, pastor of the church, announced today.

All singers, pianists, and song lovers are invited to attend the program. The large church auditorium provide comfortable accommodations for several hundred people. Stressing his invitation for everyone to attend the program, Rev. Jones urged them to "bring your own books and sing your own selections."

### Haskell Student Is Named Head NTAC Officers' Club

Lt. Col. Richard Bischoffhausen of Haskell has been elected president of the NTAC Officers' Club on the North Texas Agricultural College campus at Arlington. The Haskell student has also been appointed a member of the Election Committee at the college. This committee will formulate rules and regulations and make plans for campus elections.

### Haskell Butane Co. Loses Pipe to Thieves

Theft of a quantity of pipe from the Haskell Butane Company in south Haskell some time Monday night was reported to the sheriff's department Tuesday morning.

Deputy Sheriff Doss Fuller, who investigated, said that the stolen pipe apparently was loaded onto a large truck, judging from imprint of tires left on the premises. A telephone line leading to the butane company office was torn down by the truck, the officer said.

### ANNOUNCE ARRIVAL OF BABY DAUGHTER

Mr. and Mrs. Bill Pogue of this city are announcing the arrival of a 9 pound and 2 ounce daughter, born October 13 in the Haskell County Hospital. She has been named Carolyn Sue. Both mother and daughter are reported to be doing fine. Grandparents are Mr. and Mrs. W. S. Pogue of this city and Mrs. Fern Craddock of Winnsboro, Texas.

### Fair Weather Brings Increased Need for Cotton Pickers

There is a great demand for cotton pickers in Haskell County at the present time according to F. W. Martin, County Agent. A total of 3,000 additional pickers could be placed.

The crop is estimated at 40,000 bales and most of the cotton is open at the present time.

A total of 13,526 bales of cotton had been ginned in the county up to Friday noon, October 10, 1947. Haskell reported 2,991 bales ginned; Rule, 2,092 bales; Rochester, 2,234 bales; O'Brien, 3,800 bales; Weinert, 1,184 bales; Jud 500 bales and Sagerton 725 bales.

The prevailing price for gathering cotton in the county is \$2.25 per hundred, delivered to the gin. Cotton yields are better than expected due to the dry weather, with exceptionally good yields in the Weinert and Sagerton sections.

### Fire Department Gets Foamite Unit

Chief Frank Reynolds and members of the Haskell Fire Department made a test Monday evening of new Foamite equipment purchased recently by the department for use in extinguishing fires caused by gasoline, oil, electric motors and other causes in which water cannot be safely used. The new equipment will enable firemen to deal with blazes of this type successfully and without too great a hazard for firemen, Chief Reynolds said. The apparatus is the most modern available, Reynolds said, and was acquired at considerable expense in order to bring equipment of the department up to date.

### Victory Medals Now Available to Vets

All Army and Air Force World War II veterans may now secure their World War II Victory Medals from Sergeant Boykin. Recruiting Sergeant in this area, who has a limited number of the medals for distribution.

Requirements are as follows: Service in Army or Air Force between December 7, 1941, and December 31, 1946, terminated by an honorable discharge. Discharge papers must be presented upon issue of medal. Sergeant Boykin will be at the Postoffice in Haskell from 10 a. m. to 3 p. m. Friday, October 17.

### Hunters Return With Colorado Deer

Taking advantage of the early deer hunting season in Colorado a party of seven hunters, including two Haskell men, returned Thursday morning from a highly successful trip to the big game area in Colorado.

Seven fine bucks, ranging from 9 to 12 point specimens, were bagged by the hunters. Haskell men in the party were Mancil Robertson and Carl Power, accompanied by Harris Robertson of Fort Worth. They killed 9, 10, and 11 point deer.

### HASKELL SOLDIER RETURNING TO STATES

M/Sgt. Charles B. Potts, who has been serving with Army forces in the Marianas Bonins Command zone, is returning to the states for separation from the military service.

### ATTEND FUNERAL OF MRS. WILSON

Mr. and Mrs. Herbert Decker of Denton were here to attend the funeral services of Mrs. H. S. Wilson. They spent the week end with Mrs. Decker's parents, Mr. and Mrs. R. V. Robertson.

Haskell County farmers are strong believers in soil conservation practices, according to Joe S. Harper, secretary of the Production Marketing Association (formerly AAA), and a larger number are availing themselves of the opportunities offered through the Government farm program.

Over 1000 individual farms have participated in the benefits available to Haskell County, and it has been necessary for Harper's office to obtain additional allocations of funds to care for the needs of conservation minded farmers of the county.

To date approximately \$145,000 has been allocated to Haskell County, and there is remaining a balance of approximately \$9,000 available during the final months of 1947, Harper said.

An approximate breakdown of work accomplished to date this year, Harper lists the following:

250 farms have constructed 4,027,710 feet of Large Ridge Terraces.

125 farms have constructed earthen tanks for stockwater in the amount of 26,110 cubic yards of dirt, or a little over an average of 2,000 cubic yards in each tank dam.

125 farms planted 103,400 pounds of Austrian Winter Peas in the fall of 1946 for cover crop value in the spring of 1947. Many of these peas were left for seed and considerable was obtained for planting again in the fall of 1947.

12 farms eliminated 610 acres of mesquite on rangeland, some by mechanical means and others by applying kerosene during the summer.

2 farms drilled livestock water wells.

526 farms have practiced planting row crops on the contour (much of this acreage is in connection with terraces constructed in previous years).

111 sandy farms have been deep plowed during 1947 to a depth of 10 inches or more to prevent wind erosion.

35 farms have applied 3 cars of 20 per cent superphosphate to legume crops with a small amount of the material being applied to native pasture.

In comparing 1947 against previous years, it is seen that 1947 is approximately normal with the past three years, with considerable more conservation work being carried out in 1944 due to the unlimited funds made available that year, and the curtailment of funds since that time.

Farmers are calling daily at the county AAA office to secure approvals for work at this time. Prior approval of the county committee must be obtained by the farmer before any work is begun, otherwise no funds can be expended for a practice for which prior approval is not granted to the time work is started.

Program procedures and regulations are not complete at this time for 1948, but it is expected that available funds will be much less in 1948 than in 1947. However Haskell county farmers will again no doubt avail themselves of whatever benefits that are available.

### Burglars Loot Office Of Sagerton School

Thieves who broke into the office of School Supt. Norman at Sagerton Friday night, took between \$25 and \$30 from a filing cabinet in the office. The money was part of the receipts from a football game played during the weekend. Theft was not discovered until Monday morning, when the sheriff's department was notified and made an investigation.

### RETURNS TO DALLAS WITH GRANDDAUGHTER

Mrs. Galen S. Plants returned to Dallas with her granddaughter Mrs. J. W. Reilly and Mr. Reilly for a visit.

### GOES TO WAOO

Mayor John A. Couch left this morning for Waco, where he will join Mrs. Couch for a visit in the home of their daughter, Mrs. Ed Burleson and family.

**PTA Groups Sponsor Lecture, Study Forum**

A three day lecture and study course forum was completed in Haskell Thursday when Mrs. Virginia W. Sharbrough, Director of Parent Education of the University of Texas and State Chairman of home and family life education for the Congress of Parents and Teachers of Texas lectured to the combined parent and teachers groups of Haskell. Her topic of discussion for this meeting was Better Human Relationships.

Mrs. Sharbrough was brought to Haskell by the North Ward P. T. A. and a dinner in her honor was hosted on Tuesday evening by the executive committee of that organization at Warren's Drive-In.

Those attending the dinner were the honored guest, Mrs. Sharbrough, Mrs. S. E. Lanier, Mrs. Bob Herren, Mrs. Leonard McNutt, Mrs. Robert Fitzgerald, Mrs. James A. Byrd, Mrs. R. A. Coburn, Mrs. Robert Segro, Mrs. Carl Wheatley, Mrs. Harold Spain, Mrs. L. R. Burkett, Mrs. E. R. Starr.

Prior to the Thursday afternoon meeting she addressed the faculty and student body of the Haskell high school on Tuesday morning. The Haskell Lions Club at their regular Tuesday luncheon meeting and the Haskell Mental Hygiene organization Tuesday evening in the high school auditorium.

Wednesday morning from 9 to 12 she led a study course for the North Ward P. T. A. group. Wednesday afternoon she spoke to the faculty and student body of the Weibert high school and Wednesday evening lectured to an adult negro group in Haskell.

MR. AND MRS. J. W. HOLLAND

**Holland-Cobb Vows Recited In Home Of Bride**

Miss Ernestine Cobb became the bride of J. W. Holland Sunday October 5, at 2:30 p. m. in the home of her parents.

Rev. H. R. Whatley, pastor of the First Baptist Church of Haskell performed the ceremony before an arch of greenery and baskets of dahlias and ferns.

The bride wore a gray gaber-dine suit with rose and black accessories and wore a corsage of rosebuds. Miss Wynell Cobb, sister of the bride was maid of honor and wore an aqua suit with a corsage of pink carnations.

The wedding march was played by Anita Jo Pittman of Haskell and she also accompanied Miss Gala Holland, sister of the groom, as she sang I Love You Truly.

Don Oates, student in the University of Texas, attended Mr. Holland as best man.

After the ceremony the bridal party entered the dining room where the bride and groom cut the beautiful three tiered wedding

cake, which was baked by her mother. The miniature bride and groom which decorated the top of the cake was a gift of the groom's grandparents, Mr. and Mrs. W. S. Brown of Stephenville, Texas. It was used as decoration on their golden wedding anniversary cake.

Mrs. E. L. Elmore and Misses Betty Ann Free and Lois Dimple, schoolmates of the bride served cake and punch to a number of relatives and friends.

Mrs. Holland is the daughter of Mr. and Mrs. Truett Cobb of Mattson and is a graduate of the Mattson school. Mr. Holland is the son of Mr. and Mrs. Tom Holland of Haskell and is a graduate of Haskell High School.

After a week's honeymoon visiting in Stephenville, Ft. Worth, Dallas and other points they will make their home in Haskell.

**Poultry Culling Time at Hand**

It is now time for Haskell county poultry raisers to cull their flocks, whether they have a dozen birds or several hundred, according to County Agent F. W. Martin.

Martin lists some suggestions for any person engaged in the poultry business:

The owner should cull the flock and not depend on someone else, unless he can secure the services of a trained specialist. Of course he should first obtain a working knowledge by securing literature or attending culling demonstrations.

Each bird should be studied in order to determine its worth as a layer. Culling should be started with day old chicks and continued through the lifetime of the birds. Sick chickens should be culled out first, and then those that are slow maturing or lack vigor.

Leghorn pullets should commence laying between five and six months, and general purpose breeds should begin between six

and seven months. If well cared for birds don't start laying in the specified time, they should be culled out as poor prospective hens.

Of course, the birds should be given a chance through proper feeding, good housing facilities, freedom from parasites such as mites, lice and intestinal worms. Plenty of good warm water should be provided in the winter.

Remember that no amount of feed or care will make a high producer of a hen that is a typical low producer, however. Good feed is important, since the lack of it causes many hens capable of high production to fall in a low producing class.

**Pneumonia Claims Many Lives In State Annually**

According to Dr. Geo. W. Cox, State Health Officer, pneumonia caused approximately 2,460 deaths during the past year in Texas, a total which is entirely too high. This disease is most prevalent in the winter and spring seasons.

Pneumonia is caused by a germ called the pneumococcus, which many of us have lurking in our throats ready to start trouble, when our resistance to it is lowered. We can keep up our resistance by avoiding undue fatigue and unnecessary exposure to extreme weather conditions. When we go outside in cold weather sufficient wraps should be worn to protect us. Keeping the temperature of our homes as low as is consistent with comfort will greatly lessen the difficulties encountered in adjusting ourselves to the cold when we leave the house.

Another method of prevention in pneumonia is not to neglect a cold, for the common cold often results in pneumonia when neglected. A person with a severe cold should stay at home, and call his physician for advice if temperature persists or the cold lingers on. He should follow his physician's advice until the cold has disappeared. A patient may really have beginning pneumonia when he thinks it is only a cold. If the physician's advice is sought he will have an opportunity to start treatment early if pneumonia is present, or develops in such cases.

U. S. Aid and Efforts of Greek People Help Meet Relief Problem of That Nation, Congressman Mahon Says

By GEORGE MAHON This is about Greece, written from London while I am awaiting a ship for New York. Our Committee on Foreign Aid has recently returned from a week in Greece. Before going there, I had rather expected to see people dying in the streets from starvation and want. I believe Greece is in worse shape than any nation in Europe, but the aid program of the U. S. and the efforts of the people are preventing the complete collapse of the country. The Greeks made a heroic effort during the war to hold the enemy and give aid to the Allies and since VE Day vast sums of money of many nations have been spent there to arrest the ravages of disease and starvation. At present our nation is in the midst of the 300 million dollar aid program to Greece which is being administered by former Governor Griswold of Nebraska. The object of the program is to help stabilize the country and prevent the further extension of the Russian Iron Curtain. It is no secret that the principal object of American foreign policy in Europe is to assist democratic peoples and prevent the extension of Communist terrorization and domination to the Atlantic Ocean, enveloping all Europe. If the Iron Curtain of Russian Communism comes to the Atlantic, billions of additional American dollars will have to be spent on our national defense program and American security will be in jeopardy. For right or wrong that is the prevailing viewpoint of our Government. No one knows for certain just what may develop; history will record whether our policy is right or wrong. We are taking a chance and if we lose, our efforts and our money may go for naught. Greece has about the same population as Texas, but it is only one-fifth the size of our state. And what is more important, most of the country consists of a series of rugged mountain ranges and the land available for agriculture is very limited. Moreover the people depend principally on agriculture for a living as there is practically no industry. The annual rainfall is about the same as in West Texas. We first went to Athens and then to Macedonia in northern Greece where much of the guerrilla warfare is being carried on. In company with Greek soldiers and officials, we went as far north as the Bulgarian and Yugoslav borders. In this part of Greece I saw scores of farms which would normally be planted to wheat lying idle because the people had fled from their farms and villages as a result of the terrorization program of the so called bandits and guerrillas. It is estimated that 250,000 have fled from their homes because of the guerrilla menace, and they are living in the cities under unspeakable conditions. There are about 16,000 of these bandits in widely separated areas who hide out in the mountains and conduct sporadic raids upon the villages. Some of the bandits are accepting the offer of the Greek Government to surrender on a promise of no punishment. I talked to a number of these surrendered bandits in different localities.

most of them were quite young. Their stories and everything I heard in Greece confirmed the charge that the bandits are being inspired and supported by the Communists across the Greek borders to the north.

The primary need in Greece is employment and freedom from the reign of terror of the bandits. Governor Griswold and his staff are actively pressing for action in the American aid program but the job is difficult and success is not assured. The Greek Government has been reorganized under Prime Minister ophoulis, age 86, but the Government is still weak and the Greek army at present is doing a poor job of suppressing the bandits and restoring order. I found no one who thought American troops should take over this task. Such a policy in my opinion is not only unnecessary but would be a tragic mistake otherwise.

The top men in the agriculture program of the American Mission in Greece are E. N. Holmgren and B. F. Vance, both of whom were former administrators in the AAA program in Texas. Perhaps they were selected because Greek agriculture is similar in some respects to our own. I visited many dry-land farms and many farms where underground water is pumped for irrigation. The average farm is 7 acres in size. The irrigation program seems to offer the quickest way to increase production.

The Greek cotton crop will not be adequate to meet the needs of the country. Greece normally raises about 60,000 bales of cotton. There is a surplus of olive oil and tobacco for export but the Greek currency is on such a weak footing that the export program is far from satisfactory. There is little confidence in the value of the currency.

The war devastation in Greece was terrific and many of the highways and railroads are impassable and the great ports for Athens and Salonika are not yet in full operation. It takes time to repair the ravages of war.

Of one thing I am sure, the rank and file of the people in Greece do not want Communism and they will not willingly accept it. They are close to the Communist states of Bulgaria, Jugoslavia and Russia and the rank and file want no part of it. But Communism operates through terrorist methods and when a police state is established freedom is lost. That is the principal reason why Communism is such a threat throughout the world.

I have been forcefully struck during our study in Europe with this fact. You do not learn too

much about a country at the Embassy or at the seat of the Government. You learn more by visiting the people in the streets and in the workshops—by visiting them in their homes, on their farms and in their villages.

If you start a conversation in a village the whole neighborhood gathers about you. The people seem anxious to express their opinions and I found the people in Greece were well informed and greatly interested in current problems. They are well aware of American aid and they are grateful for it. That is not true throughout Europe. One who has not been in Greece cannot realize the abject poverty of the Greek people. The most

they could hope for is a chance to earn a meagre existence and live in peace.

Our nation is seeking to follow a policy of enlightened self interest in Greece. It is a gamble of our powerful country in the interest of world stability and in peace. In six months we should know whether the chances of success are good.

In addition to conferences with members of the American Mission in Greece, we met at length with Prime Minister Sophoulis and various other Greek officials. We made no promises in behalf of Congress or the American people. We sought to get facts which would be of assistance to Congress when further action is taken in Washington.

## STUDENTS AND AUTOS

High School students in several states will receive instruction in safety education covering the theory and practice of automobile driving.

In view of the number of accidents that occur on the highways, it is highly important that some intelligent program be planned to give children an opportunity to learn about safety in connection with the operation of automobiles.

We have no idea of what will be in the program, although we would suggest that driver instruction be provided for all students who expect to drive. This ought to include about everybody in high school.

One of the best things to teach youngsters who plan to operate automobiles is the application of courtesy by an automobile driver. There is really no reason why an automobile driver should be lacking in the ordinary practices of courtesy. To put them into effect, which might involve some consideration for the rights of others on the highways, will lower the toll of death and injuries.

## DENOUNCING THE U. S.

There is something ludicrous in the bitter charges hurled against the United States by Bulgaria, Rumania and Albania.

It is apparent, of course, that the little nations are following the bidding of Moscow which is outdoing all of them.

Whether the Soviet propaganda campaign is having any appreciable effect upon the peoples of the world remains to be seen. Certainly, the United States needs to offer the fullest information about American plans to all people in order to counteract the propaganda.

We persistently doubt the benefit of public speeches although willing to admit that if the average speaker makes one point clear in the mind of a single listener the speech is not lost.

Woodson, Haskell and Texas Theatres, West Texas Utilities Co., Seigel Dry Goods Co., R. J. Reynolds, J. F. Kennedy, Fouts & Dotson.

Miss Mary Ella Pace, daughter of Mr. and Mrs. John W. Pace, returned home Tuesday evening from a three months trip abroad. She visited in France, Italy, Holland, England and other countries of Europe while away.

N. I. McCollum has purchased the interest of J. T. Ellis in the hardware firm of McCollum, Ellis and Couch. The firm will be known in the future as McCollum & Couch.

### FORTY YEARS AGO

In a fire which destroyed three business houses on the east side of the square last Tuesday night about 11 o'clock the following firms sustained a loss: Morgan Dry Goods Company, and Cason-Cox & Company, owner of the building; Wm. Wells new and second hand furniture store; and a small building owned by C. C. Frost and occupied by Bob Williams and Tom Brooks as a restaurant. The total loss was estimated at about \$12,000 with about \$8,000 insurance.

Cotton was selling on the Haskell streets for 11.40 and 11.60 and quite a controversy was in progress among the newspapers of this section as to the merits of their individual towns as a cotton market.

Numerous auction sales were being held on town lots in the

various new additions to the town of Haskell.

### FIFTY YEARS AGO

Charles Goodnight, the well-known Panhandle ranchman was in the city last evening and stated that he had sold his calves belonging to his full-blooded Herefords for \$22.50 for the heifers and \$25 for the bulls. He still had the calf crop from his graded herd and had declined an offer of \$16 per head, he declared. Delivery of the calves sold was to be made in December.

C. D. Long, who has served as postmaster here for a number of years, was relieved of his duties last week and the new postmaster, B. H. Dodson, has assumed the duties of the office.

J. V. Goode, superintendent of the Wichita Valley Railway Co., on October 9th made a proposition to J. H. Glasgow that if Seymour, Haskell and Throckmorton would raise \$1,400 worth of the stock a telephone line would be built from Seymour to Haskell via Throckmorton. Mr. Glasgow got busy and raised \$800 in Seymour, \$250 in Throckmorton and the balance in Haskell. So Haskell is to soon have telephone connection to the north and east.

# Notice to Car Owners

Actual administration of House Bill No. 75 starts November 1, 1947. House Bill No. 75 requires that Application for a Certificate of Title on a Motor Vehicle and House Trailer must be made within ten days from the date of purchase or the date the Title is assigned by seller or a penalty of \$5.00 is to be paid if application is not made within the 10 day limit. Failure of the purchaser to obtain all necessary papers does not exempt him from the \$5.00 penalty if he is unable to secure all necessary papers and make application for title within the 10 day limit.

The current Registration Receipt must be surrendered and a Transfer Registration will be issued at the time application for title is made. Be sure you secure the Current Registration Receipt at the time of purchase or delivery of the Certificate of Title because the delay in obtaining it will cost you \$5.00 if the application is not made within the 10 day limit.

No one but a registered dealer is permitted to re-assign a Certificate of Title and the word "Dealer" must be placed after the dealer's name. When the dealer re-assigns the Certificate of Title the word "Dealer" must follow name and his Dealer's License Number must follow the word "Dealer."

If you are in doubt whether or not a Certificate of Title is properly signed do not accept the title until you are sure and by all means do not take the title unless the Current Registration receipt is delivered with it.

### Naomi Class Has Regular Meeting

The Naomi Bible Class met in the annex of the First Baptist Church October 3rd in their regular business and social meeting. In the absence of the president, Mrs. John Fouts, Mrs. Tyler, the first vice president had charge of the business.

All reports for the last six months were given. The nominating committee gave their report and recommended the following officers for the coming six months.

Teacher—Mrs. Whatley.  
 Assistant teacher—Mrs. Glenn.  
 President—Mrs. John McMillen.  
 First vice president—Mrs. Perdue.  
 Second vice president—Mrs. Jno. Fouts.  
 Third vice president—Mrs. Ashley.

Fourth vice president—Mrs. Ed Cass.  
 Flower and card chairman—Mrs. W. D. Rogers.  
 Secretary and treasurer—Mrs. Betty Harris.  
 Historian—Mrs. Jess Josselet.  
 Pianist—Mrs. Rhoades.  
 Chorister—Mrs. Ballard.  
 Recording secretary and reporter—Mrs. Bill Fouts.

These officers were elected by the class. Mrs. Williamson, our social chairman, had charge of the installation of our new officers. In an impressive manner she took us on an imaginary airplane tour. Each officer was called by name and took their seat on the make-believe plane.

Refreshments of punch and cookies were served by the hostess.

### Population Figures Show Upward Trend In United States

The nation's population predictors are revising their forecasts.

On the basis of the 1940 census, they thought the United States population would climb to a peak of 161,385,000 in 1985 and then start downward.

Now they are talking about a higher peak—164,585,000 in 1990. There's an "if" with those forecasts. Both were made on the assumption that "medium" estimates concerning birth and death rates will turn out to be correct, rather than "high" or "low" estimates.

Until now, the most widely accepted forecasts of United States population were contained in a book by Warren S. Thompson and P. K. Whelpton of the Scripps Foundation for Research in Population Problems.

They developed the complicated "Thompson-Whelpton Method" of predicting population, and published their last estimate in 1943, basing them on the 1940 census.

Now, probably sometime in October, a revision will be published. It was written by Mr. Whelpton in collaboration with Jacob S. Siegel and Hope T. Eldridge of the United States Census Bureau, and is based on the 1945 population as estimated by the Census Bureau.

The new report will boost the forecasts all along the line. For example, the first report said that — assuming "medium" birth and death rates—the population will probably have fallen to 159,420,000 in the year 2000. The new report changes this to 163,312,000.

(The Census Bureau says the population was about 142,656,000 on Jan. 1 of this year. The 1940 census showed a population of 131,669,275.) The main reason for the revised forecasts is the surprising behavior of the birth rate during the war.

Population experts, judging by World War I, had expected the birth rate to drop during wartime. Instead, it went up. This was true not only in America but in England and France.

Reports of the Census Bureau indicate that in America, the unexpected trend was mainly due to economic prosperity; to the fact that in the depression years many couples had postponed marriage or parenthood because of lack of money; and to a psychology which caused many young men to marry just before going to war.

Some of these same reasons may have caused the unexpected rise in the birth rates of western Europe. But United States experts don't claim to know exactly.

They believe Russia's birth rate probably fell off during the war, but have no accurate figures.

The forthcoming report, according to a preliminary statement by the Census Bureau, does not presume to give the actual future population. Instead, the authors make different sets of predictions, based on various combinations of "high," "low," and "medium" birth and death rates, and on various guesses as to immigration.

Most of these forecasts won't be revealed until the report is published.

An interesting point is that, since the calculations were based on 1945 population, the report won't take into account the amazingly high birth rate in 1946 and 1947.

Years from now, when yet another revision is made, it's possible

### First Christian Inaugurates New Mid-Week Service

A new arrangement for Mid-Week Service has been announced by the First Christian Church, called "The Hour of Power" at 7:00 P. M. each Wednesday evening. Concerning the new program, Rev. Mikuta says:

"The Hour of Power will open when the piano and organ begin playing at 7:00 p. m. sharp. The prelude will be loud and strong. Our opening song will be Leaning on the Everlasting Arms. Our second song will be the first stanza of When the Roll Is Called Up Yonder. On the second chorus everyone will turn and shake hands with at least five people, as they continue to sing. Into My Heart

will be the last song. After the singing time is given for prayers. Then we will have our lesson which will be led next week, Oct. 22 by Miss Mae Fields. Here is a golden opportunity to reach people who will not attend the Sunday morning service."

**WCS Members Hosted With Surprise Tea**

The Woman's Society of Christian Service met Monday afternoon October 13 in the church sanctuary.

Mrs. Virgil Bailey, president, called the meeting to order and presided for a short business meeting. Plans were made to attend a Harvest Day Program and kitchen shower at the Weinert Methodist Church Monday Oct. 21 at 3 o'clock. All members are asked to meet at the church at 2:30 to drive to Weinert.

Mrs. Burl Cox gave the opening prayer. Mrs. J. U. Fields gave a short review of last week's lesson on We, The People. Mrs. Wallace Cox continued the study, speaking on Human Rights and Dependent Peoples. She concluded the lesson with prayer.

Mrs. A. H. Wair invited the group to the basement where she and Mrs. W. Cox hosted a surprise tea. The social hour honored Mrs. Fields on her birthday and the gift of 50 place setting in silver were presented to the church by Mrs. Theo Pace of Overton in memory of her son, Elmer Irwin, Jr., and father, W. D. Kemp.

Others present were Mesdames Joe Irby, K. H. Thornton, J. U. Fields, W. D. Kemp, T. C. Cahill, A. J. Josselot, H. C. Wyche, C. L. Lewis, O. W. Tooley, Virgil Bailey, Burl Cox, Tate, H. H. Stephenson, W. H. Pitman, O. E. Patterson, J. E. Harrell, A. H. Wair, W. Cox, and M. E. Helber.

**Church Auxiliary Group Meets**

The Woman's Auxiliary of the First Presbyterian Church met in the home of Mrs. S. P. Herren on Monday, October 13th at 3 o'clock for the Bible lesson.

Mrs. John L. Tubbs, secretary of spiritual life, led the group in the second of a series of lessons in the book of Mathews.

The program was as follows: Song—We've A Story to Tell to the Nations.

Prayer—Mrs. R. E. Sherrill. Bible Lesson—The Sermon on the Mount. Chapter 5, Mrs. J. L. Tubbs. Chapter 6, Mrs. R. C. Montgomery. Chapter 7, Mrs. Calvin Henson.

Mrs. Tubbs asked that the group read the book of Mark before the next Bible lesson, also to read Matthew 26, 27, and 28 daily this month.

Prayer was brought by Mrs. J. D. Wise.

After the lesson Mrs. R. E. Sherrill presented life membership in the Woman's Auxiliary to Mrs. Sam T. Chapman and Mrs. R. C. Montgomery.

Refreshments were served to the seventeen members present: Mrs. R. E. Sherrill, Mrs. Clara White, Mrs. R. C. Lowe, Mrs. Joe A. Jones, Mrs. Belton Duncan, Mrs. Harold G. Wise, Mrs. B. C. Chapman, Mrs. W. L. Holt, Mrs. Calvin Henson, Mrs. Sam T. Chapman, Mrs. J. T. Hester, Mrs. John L. Tubbs, Mrs. Joe Kelley, Mrs. Ed Hester, Mrs. J. D. Wise and the hostess, Mrs. S. P. Herren.

**Weinert Bulldogs Beat Aspermont Hornets 6-0**

The Weinert Bulldogs defeated the Aspermont Hornets Friday 6 to 0 in a 9B conference game played at Weinert. The Bulldog score was made midway in the first quarter from the Aspermont seventeen yard line on an end sweep by Carrol.

The teams, evenly matched, battled on even terms the rest of the way in one of the season's best games.

Outstanding for Weinert on the offense were Yandell, Owens and Carrol. On defense Therwhanger was a standout.

Starting in the Aspermont back field were Ellison and Mitchell and in the line J. Hahn and Edwards.

First downs favored Weinert 11 to 6. Aspermont penetrated the Weinert twenty yard line three times in the last half but were unable to score over the stubborn Weinert defense.

Starting for Weinert were ends Huckabee and McKinney, guards Womble and Oman; tackles Gerwick and Mayfield; center, Hicks; and backs, Therwhanger, Yandell, Owens and Carrol.

Starting for Aspermont were ends, Dickerson and Metcalf; tackles, J. Hahn and Smith; guards, Edwards and Anderson; center, Mays; and backs, Mitchell, S. Hahn, Altman and Ellison.

Sellers, Ottmers and Huntsman were the officials.

**Veterans' News**

The doctors' bill per patient per day in VA hospitals which are most expensive to operate, excluding food and administrative costs, is \$147, Dr. Paul R. Hawley, VA's Chief Medical Director has revealed.  
That is the average cost for all doctors' services in general medical and surgical hospitals. Dr. Hawley declared in an address before the American War Dads in convention in Fort Worth.  
In tuberculosis hospitals bill comes down to 88 cents per day, and in mental hospitals the cost per patient per day "is the ridiculously low figure of 36 cents," Dr. Hawley added.  
One big factor in low doctor bills for VA hospitals is the conversion of these institutions into "teaching hospitals" where the latest developments in medicine are taught, he said.  
Doctors are anxious to become associated with VA hospitals to gain this knowledge and are willing to provide their services for lower pay than would otherwise be true, Dr. Hawley said.  
He emphasized that all resident doctors learning specialties in VA hospitals are full-fledged doctors taking further training under the watchful eye of specialists, fully accredited to medical specialty boards.

Veterans who fail to repay subsistence allowance overpayments while in education or training under the GI Bill and who later apply for unemployment or self employment allowances will have the amounts they owe the government deducted from the latter benefit checks, VA reports.  
Explaining that Federal statutes prohibit payment of Government funds to persons indebted to the United States, VA said instructions will be issued to state unemployment compensation agencies for the recovery of such overpayments from readjustment allowance claimants.  
These agencies administer the program in their respective states and make the actual payments to unemployed and self-employed veterans, although VA foots the bill.

Veterans who have made arrangements with VA to repay their indebtedness are considered in good standing and are in no way affected by the new system, since it will be used only in cases where "there is no apparent means of recovery from sources other than readjustment allowances," VA said.

**QUESTIONS AND ANSWERS**  
Q. Do I have to repay subsistence allowance overpayments before I can go back to school under the GI Bill?  
A. No. You merely have to make satisfactory arrangements to repay all overpayments before you will be permitted to reenter

school under Public Law 346 (GI Bill). It is VA's policy not to force any undue hardship on a veteran in the collection of these funds.

Q. Is VA going to help veterans like myself whose hearing was impaired while in the service?

A. Yes, by a special program of medical rehabilitation to help you overcome hearing handicaps. The program includes a series of hearing and speech tests, the selection and fitting of a hearing aid if indicated, auditory training, lip reading instruction and speech correction if necessary.

Q. My son has renounced disability payments and I would like to know if he or his wife will lose their rights to other benefits provided by law?

A. No. Neither your son nor his dependents will lose any of their rights to other benefits provided for them by law.

Q. My grades at school have been low and I would like to know if VA will help me find a way to bring my grades up?  
A. You may receive assistance of VA's educational and guidance service in an endeavor to correct those factors which may be contributing to your low grades. However, you will have to meet the requirements of the school if you wish to continue your course.

**Lt. Alfred Reese Completes Pilot Training**

Graduating from Williams Field, Ariz., one of the Air Forces largest advanced Pilot training schools last week was First Lieutenant Alfred T. Reese. The graduating ceremonies on October 10 for the newly made pilots, were highlighted by a review by Lt. Gen. Barton K. Yount, (Retired), who addressed the graduates and Brig. Gen. Aubry L. Moore, Commanding General of the famed desert training base.

Lt. Reese, who is a member of Class 47.C took part in the Air Review on the day of graduation. Formations of P-51's were flown by the graduating officers, who exhibited their proficiency for which they were awarded their pilot's wings.

All graduates were officers prior to their pilot training. They served as air crew members such as navigators, bombardiers, and radar observers during the war and were given the opportunity to become pilots after the cessation of hostilities.

**Many Farmers In Area Planting Cover Crops**

Hairy vetch and Austrian winter peas planting time is here and a great many cooperators with the Wichita Brazos oil Conservation District are either planting or preparing to do so. It is very important that these seeds be inoculated before planting and kept out of the sunlight, as the sunlight kills the inoculant.

These two soil improving winter cover crops are of great value to our soils in this section if used right. They add nitrogen to the soils and a great deal of organic matter of which most of the land is short.

Some cooperators with the district have already found that they have helped their soils by the use of these crops and have reported increases in production.

Full grass planting time is here and several farmers and ranchers are ready to plant. The grasses that are planned to be planted this fall are: Weeping love grass, Canadian wild rye, and crested wheat grass. The last two are winter and spring grasses and furnish grazing during these periods. Several hundred acres of these grasses will be planted this fall, mostly Canadian wild rye.

Technicians from the Soil Conservation Service are helping establish these winter cover crops and grasses.

**Feeding During Cold Weather Is Problem Facing Dairyman**

In a very short time, Haskell County and other Texas dairymen will be up against winter-time feeding conditions, County Agent F. W. Martin declares.

Realizing what the feed situation is likely to be, many dairymen are looking for ways to avoid the high price slap that seems to be coming.

Extension dairymen at Texas A and M. College, looking back over the years they've seen dairy farmers race the same situation, say that a first and wise step be to see that each pound of feed is used to the best advantage. Every dairy herd of any size has some cows that need culling out, because they won't be producing when the feed load is the heaviest.

During the few weeks before frost, there will be the opportunity to put up more hay and silage, and every pound of good roughage will come in handy this winter, the dairymen say. So, between now and frost, a good job of harvesting hay and silage crops is No. 1 on the list of dairy farming chores.

Because of dry weather, it was not possible to get enough small grain pastures planted in early September. This should not, however, cancel all plans for planting winter grains, the dairymen say. The feed situation is such that

planting through most of October will be worth the time and expense. With costs as they are, \$1 spent for small grain pastures should return more than \$16 worth of grazing.

**IN DALLAS**  
W. A. Lyles was in Dallas over the week end and the first of the week attending the Fair and on business.

CITATION BY PUBLICATION  
The State of Texas.  
To: Willie Johnson, Defendant,  
Greeting:

You are hereby commanded to appear before the Honorable District Court of Haskell County at the Court House thereof, in Haskell, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty two days from the date of the issuance of this citation, same being the 24th day of November A. D. 1947, then and there to answer Plaintiff's Petition filed in said Court, on the 16th day of June A. D. 1947, in this cause, numbered D-1109 on the docket of said court and styled Gertrude Johnson, Plaintiff, vs. Willie Johnson, Defendant.

A brief statement of the nature of this suit is as follows, to wit:

1. That plaintiff is and has been for a period of twelve months prior to filing the petition herein an actual bonafide inhabitant of the State of Texas, and has resided in Haskell County for at least six months next preceding the filing of this suit; that on or about the 14th day of August,

1942, plaintiff was lawfully married to the defendant; that they continued to live together as man and wife until on or about the 15th day of June, 1947, when, by reason of cruel, harsh and tyrannical treatment and improper conduct of the defendant toward the plaintiff, she was forced and compelled to permanently abandon the defendant since which time they have not lived together as man and wife.

Plaintiff says that the marital relations still exists, but that defendants actions and conduct toward her generally are of such a nature as to render their further living together as man and wife insupportable the premises considered.

As is more fully shown by Plaintiff's Petition on file in this suit. The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the seal of said Court, at office in Haskell, Texas, this 8th day of October A. D. 1947.

Attest:  
Jesse B. Smith, Clerk,  
District Court, Haskell  
County, Texas

## Attention Tax Payers

The following discount is allowed on 1947 State and County Taxes:

- 3% Discount if paid in October, 1947
- 2% Discount if paid in November, 1947.
- 1% Discount if paid in December, 1947.
- No Discount if paid in January, 1948.

Penalty and interest added if paid after January 31, 1948.

Pay your taxes immediately in order that you may receive the 3% discount and also avoid the last minute rush. Don't forget your Poll Tax which will entitle you to vote in 1948.

Your 1947 State and County Taxes will probably be higher than last year due to the increase of the State Tax Rate from 37 to 72 cents and an additional 15c road tax which was voted in Precincts 1 and 2. If your property is located in Mattson or Paint Creek School District your school taxes will be higher due to an increase in the tax rate.

If you desire to pay your taxes by mail, request a statement, deduct the proper discount and return the statement with your check or money order. A poll tax is desired add 1.75 for each Poll Tax and give the following information in order that the poll tax receipt may be issued: Name, Age, Occupation, number of years in State, number of years in county and your voting box.

Please check your tax receipt carefully to see that your property is listed and properly described. This is especially requested if you have purchased property within the last year and are to pay the taxes on it. You are only being fair to yourself and the Tax Assessor-Collector by checking your receipt as it is impossible for the Tax Assessor-Collector to know who bought which property and which property you desire to pay taxes on. Your receipt will cover only the property that you rendered last Spring.

**Apples Return To  
 Add Spice for  
 Fall Menus**

King Apples is back again, and  
 this fine fruit is heartily welcom-  
 ed to Southwestern tables. Color-  
 ful, nutritious apples furnish sev-  
 eral basic food elements needed by  
 both children and adults and at  
 the same time, apples provide a  
 festive touch to your menus. And  
 every homemaker knows that a  
 food that's fun to eat will spark  
 even the laziest appetite.

Women everywhere will appre-  
 ciate the reminder that apples—  
 like other fine quality foods—may  
 be purchased by brand name. Bet-  
 ter known distributors of fruits  
 and vegetables give their most  
 respected trade marks and brand  
 names to even seasonal foods, such  
 as apples. Such labelling means  
 that you can go to your favorite  
 grocers and select the unquestion-  
 ed best in even perishable foods.

So here's a suggestion. When  
 you go to your independent pro-  
 cessors today, buy a good supply of  
 apples. Serve this fruit as be-  
 tween meal snacks, bake an old  
 fashioned apple pie, or serve ap-  
 ples in your own family's favorite  
 way. You'll get raves from your  
 entire family. But there are two  
 important things to remember  
 when buying and serving apples.  
 First, select a known brand of  
 apples. Then, be sure to buy a  
 supply that's sufficient to serve  
 your family's needs. And lady,  
 compliments will be yours!

**Winter Brings  
 Health Hazards  
 For Children**

Seasonal health hazards for  
 young children are to be guarded  
 against in the wintertime just as  
 carefully as they are in the sum-  
 mertime in the opinion of Dr.  
 Geo. W. Cox, State Health Offi-  
 cer.

"Every mother is familiar with  
 so called summer complaints that  
 affect small children but certain  
 winter diseases can be just as  
 harmful and are just as likely to  
 make their appearance unless prop-  
 er precautions are used during  
 the approaching season," Dr. Cox  
 said.

In the group of winter diseases  
 Dr. Cox included influenza, ton-

**Rev. Andrew Bird  
 Will Speak On  
 Radio Hour**

Rev. Andrew R. Bird, Jr., D. D.,  
 pastor of the First Presbyterian  
 Church in Huntington, West Vir-  
 ginia, will be the speaker on the  
 Presbyterian Hour next Sunday,  
 October 19 at 7:30 A. M., CST.

Mr. Bird is one of the most gift-  
 ed among the younger ministers  
 of the Presbyterian Church. He  
 is a native of Maryland. He was  
 educated in Davidson College and  
 at Union Theological Seminary.  
 He took post graduate work at  
 New College in Edinburgh, Scot-  
 land.

He did evangelistic work in  
 Washington, D. C., for a number  
 of years. He accepted the call to  
 Wytheville, Va. From there he was  
 called to the First Presbyterian  
 Church in Huntington, W. Va. He  
 is a member of the Assembly's  
 permanent advisory committee on  
 Christian education.

His subject next Sunday will be  
 "What Shall We Do To Be Saved?"  
 This broadcast will be heard in  
 this community over radio station  
 WFAA, 820, Dallas.

silitis, pneumonia, bronchitis, as-  
 thma, and even diphtheria when  
 a child has not had diphtheria  
 immunization. Any such disease  
 affecting a child's respiratory or  
 breathing system is apt to be very  
 serious and all too often fatal.  
 Pneumonia often develops from a  
 neglected cold or may follow a  
 severe case of measles or whoop-  
 ing cough. Bronchitis conditions  
 may also prove to be an after ef-  
 fect of such diseases and these  
 respiratory ailments are much  
 more difficult to combat success-  
 fully than the digestive ailments  
 which are prevalent in the sum-  
 mertime, and known as summer  
 complaints.

"These winter diseases are es-  
 pecially dangerous to babies and  
 very young children," Dr. Cox  
 stated. "Nearly all of them are  
 spread from the secretions of the  
 nose and mouth. Children not in  
 vigorous health are naturally  
 more susceptible to these com-  
 plaints and the first line of de-  
 fense against them is to build up  
 the child's general health, as a  
 power of resistance against dis-  
 ease," Dr. Cox advised. "The sec-  
 ond step is to keep them under  
 medical supervision and the third  
 is to make sure that they avoid  
 contact with those who have colds,  
 coughs, or fevers."

### HD Council Hears Reports from State Meeting

Reports of the state meeting of the Texas Home Demonstration Association were given by the Haskell County delegates at the regular meeting of the County H. D. Council in Haskell Saturday in the district court room.

Mrs. Ira Townsend of the New Mid Club reported on the recreation workshop; Mrs. Edward Newton, Mattson Club, on 4H and Marketing, and Mrs. Louise Merchant, Josselot Club, on the general meeting and organization workshop.

Mrs. A. M. Bird, Council chairman, presided during the business meeting.

### Farm Bureau Plans Area Meetings

A series of 23 Farm Bureau district meetings will be held in Texas September 29 through Oct. 14, it has been announced by J. Walter Hammand, president of the state organization.

In order that more farmers will be able to attend and take part in the discussions, two meetings have been scheduled for the District 3 area. One will be held in the district court room at Henrietta Monday, October 13; the other will be held in the district court room at Crowell on Tuesday, October 14.

The Texas Farm Bureau will attempt to get a cross-section on the thinking of farmers with reference to continuation of the national farm program, which is in jeopardy at this time, a farm to market road plan, and many other critical issues.

"Unless farmers make a determined fight for the retention of the farm program, it will be discontinued after 1948," President Hammand warns.

"There was a move on the part of Congress during the past session to eliminate all price supports and AAA payments for soil conservation," he said, "and it is necessary that we rally all the support possible from our members if we are to retain our farm program."

The Farm Bureau expects to enlist the counsel and support of other groups interested in a rural road program, in formulating a plan that will provide for a source of revenue, type of roads, allocation of funds to counties, which shall determine type of roads, who shall be responsible for location of roads, etc., and have it ready to place before the next session of the legislature for enactment into law.

"The road plan should be completed and ready to present to candidates for public office during the 1948 election campaign," Hammand declared.

Farmers should vote for candidates who will support their farm to market road plan, he continued.

### Legumes and Fertilizer Are Farmer's Best Bet For Increased Production

"Feed the land and fatten the crops." That's a slogan that E. A. Miller, Extension agronomist of the Texas A. and M. College would like to see in operation on every farm in Texas.

Miller brings the slogan to attention now because it's time to "feed the land" with winter legumes, which help furnish soil fertility that fattens the crops.

Winter legumes can be planted, says Miller, as soon as there is enough moisture in the soil to work it.

Legume seed that has been inoculated has produced the best crop of green manure Miller says proper seed inoculation is a necessary phase of legume growing.

If the producer wants to get the most benefit from his winter cover crop, Fertilization is just as areas where soils and rainfall will be necessary, says the agronomist, in make good use of the fertilizer.

On the better types of Texas soils Miller recommends 200 to 400 pounds of 20 per cent superphosphate per acre, or its equivalent, while on light, sandy soils and old fields, it will take 300 to 400 pounds of 0.14-7 commercial fertilizer per acre to get the job done.

In the timbered section of East Texas, the 0.14-7 application is especially important.

To give farmers an idea of what they can expect in the way of increased yields through the planting of winter legumes, Miller quotes some results chalked up by Texas A. and M. College Agricultural Experiment Substations.

Fertilized and inoculated hairy vetch increased the yield of cotton more than 100 pounds per acre on sandy land at experiment substations at Nacogdoches and Tyler.

At the Temple Experiment Substation, cotton following hubam sweet clover which was harvested for seed and then turned under, made a five year average of 315 pounds of lint, compared with 165 pounds on land where cotton was grown continuously without clovers.

Losses from cotton root rot were also greatly reduced by the clover.

Miller labels winter legume growing one of the biggest steps in the current Seven Step Cotton Program which thousands of farmers are carrying on in Texas.

The Seven Step program, a balanced cotton farming plan, includes "soil improvement," and inoculated, fertilized legumes, turned under preceding cash crop is a money-making soil improvement step.

The agronomist is urging Texas farmers to obtain their legume seed, fertilizer and inoculant and be ready for legume planting as soon as soil moisture permits.

be effective and where enemy aircraft patrols usually occurred.

Lt. Smith, who is a graduate of Aspermont high school, is the son of Mr. and Mrs. I. L. Smith, Sr., Lubbock, Texas. He and his wife, Mrs. Olga Mozell Smith, have two children, Zoe Etta, 3, and Shelby, 9 months.

### New Frocks For Little Girls

Little girls of pre-school age need dresses that are not only attractive but comfortable, durable and simple enough to help them in dressing themselves, says the clothing specialist, Mary Routh, from the Texas A. and M. Extension Service.

Two new dresses for little girls from two to six years of age have been designed by clothing specialists of the U. S. Department of Agriculture, and paper patterns for making them are now being produced commercially.

One is a flowered print dress with shoulder ruffles instead of sleeves, and a skirt gathered on a well-fitted yoke. This dress has just one button which makes it especially suited to the two or three year old, just learning to dress herself.

The other dress is more tailored in style and is made up of gay striped cotton, with the only trim in the facing around the square neck and full length front opening.

The open cap sleeves come above the elbow for comfort.

Both dresses hang straight from well-fitted shoulders, unbelted and loose for comfort and freedom of movement.

The specialists point out that belts and sash at the waistline are not a good choice at this age.

Belts get lost and sashes come untied and young children don't have definite waist lines.

Both dresses open in front and the openings are long enough so that the dress goes on easily; ample necklines so they don't come up high under the chin and cause discomfort and difficulty in dressing; and wide hems to let down for growth, since during preschool years growth is almost entirely in height.

### Careless Smokers Cause Many Fires

"Smoke, smoke, smoke that cigarette," but do be sure that it will not be your last!

Marvin Hall, State Fire Insurance Commissioner, says that the main cause of fire in the United States is careless smokers, not only according to the major number of fires they start each year, but also in the amount of cash damage done.

"Smokers should use friction lighters or safety matches whenever possible," Hall suggested, "and matches should be thoroughly extinguished and thrown in a metal container. They should be kept in metal containers in a place where small children cannot reach them.

Also a liberal supply of ashtrays should be provided throughout the home."

To diminish the chances of a cigarette fire in your home, Hall says do not smoke in the garage, barn or in the attic, and as you value your life, do not smoke in bed, this being one of the most dangerous practices of smokers.

### Flying Cross Is Awarded Pilot at Aspermont

Lt. (jg) Isaiah L. Smith, Jr., USNR, of Aspermont, has been awarded the Distinguished Flying Cross and Gold Stars in lieu of second, third and fourth Air medals, Eighth Naval District headquarters at New Orleans has announced.

Lt. Smith, now a salesman for Brooks Packing Company, Sweetwater, Texas, is a veteran of aerial action over the Marshall, Carolines, Marianas and Iwo Jima during 15 months overseas.

He received the awards for extraordinary achievement and a series of meritorious acts while participating in aerial flight from April 21 to June 24, 1944, the Navy said.

Citation for the Distinguished Flying Cross, signed by Vice Admiral J. D. Price, USN, Commander Air Force, U. S. Pacific Fleet, said that he took part in 20 flights in a combat area where enemy aircraft fire was expected to
