HASKELL, HASKELL COUNTY, TEXAS, THURSDAY NOV. 20, 1947

NUMBER FORTY-SIX

## LARS ENTER FOUR BURGLES MONDAY NIGHT

Four burglars entered four businesses here Monday night, less than \$100 for Sheriff Mart Clifton after investigating.

One was taken from a store at the Alkeison Food store where the burglars entered the door they pried open and cash register on the counter was untouched. A large sum of money was left undisturbed.

At the Burton-Clifton Company, the burglars pried open and broke into, to take \$30.

At the Wilcox store, where the looting was done, including \$5.00, including \$5.00 of cigarettes. Also taken was Martin's Decker. The padlock on the door of the store was apparently broken away from anything from the store.

## Abilene Man Is Speaker at Meet Of Scouters

Comparing Scouting with business and stressing the importance of scout training through adult leadership with respect to better citizenship and community development, Harry Dobbins, manager of the Texas Mill and Elevator Co. of Abilene and a member of the Chisholm Trail Executive Council, Boy Scouts of America, addressed the annual Scouters dinner of the Haskell district Monday evening.

The dinner which marked the close of activities for 1947 in the Haskell district was attended by 40 adult leaders and Scouts despite a heavy rain which had fallen throughout the day. The meeting was held in the Activity building of the High School.

Dr. T. W. Williams, retiring district chairman, was in charge of the meeting and introduced Paul Ireland, Council Executive, who reviewed the year's work in the Haskell district which included ten district Pow Wows, a district Swim O Ree with seventy-five Scouts participating and a joint Camp O Ree with the Jones district in which more than fifty Haskell Scouts attended. In addition, Haskell troops attended the annual encampment at Tonkawa and representatives of the district were in attendance at all adult meetings in the Council.

Ireland briefly outlined the Council plans for 1948.

A highlight of the program was the presentation of a film of activities made by the Kiwanis Club of Abilene at this year's annual Tonkawa encampment. The film was presented by Dale Hewgley, field executive of the Chisholm Trail Council.

Election of officers for 1948, scheduled for this meeting was deferred until later this week when a committee composed of Gene Overton, A. M. Turner, E. H. Baugh, W. L. Medford, Howard Montgomery and J. A. Byrd will meet and present their report to the Council.

Out of town adult Scouters attending the meeting included E. H. Baugh, Lennis Jones and Mr. and Mrs. Walter Counts of Rule, W. L. Medford of Weinert, and Gene Overton, Howard Montgomery, and Jack Lane of Paint Creek.

Swenson Sells Cattle At Kansas City

The Swenson Land and Cattle Company of near Stamford and Haskell, Texas, had a mixed shipment of medium to low grade cattle on the Kansas City Live-stock Market last week.

Cornbelt buyers were anxious to bid on the lightweight calves and take them to their feedlots for the winter.

The Swenson cattle organization received \$19 per hundred weight for three calves and \$18 per hundred weight for 16 other calves. The remainder of their shipment was of mixed variety of cattle.

Quiz Program Tests Wits of Lions

A Quiz Program conducted by Lion Gene Campbell tested the wits and provided entertainment for members of the Lions Club at their regular meeting Tuesday of this week.

Lions also heard a report on progress of the Food For Europe campaign sponsored by Lions Clubs of Texas. Invocation opening the meeting was given by Roy Deavers, Church of Christ minister.

Twenty-two members were present for the meeting.

There were about 250,000 more people working on farms the first of October this year than a year ago.

## Liquor Violations Add Money To County Treasury

Haskell County's treasury received its largest inflow of fines and costs last week in history, as the result of work done by the Sheriff's department and members of the State Liquor Board.

A net total of \$1,156.80 in fines and court costs was levied covering five cases charging violation of State liquor laws.

Heaviest fine was \$526.20 given a Rochester resident charged in the sale of liquor. Three other residents of Rochester were fined \$228.20, \$226.20, and \$126.20, respectively in connection with evidence uncovered by Sheriff Clifton and members of the State Liquor Board. All cases were heard in County Court.

A fine of \$50 was assessed against a Mexican who was involved in a hit and run accident south of Rule Sunday. Sheriff Clifton and Highway Patrolman Keith Whitt, who investigated, said that the car driven by the Mexican collided with a trailer attached to a car driven by Geo. Tanner, and later struck an automobile belonging to John Herren. Charges preferred against the Mexican included hit and run, reckless driving, and driving an automobile without license.

Mary Tanner Named Rule High School Queen

In an impressive ceremony Friday night at Rule, Mary Frances Tanner was crowned Queen of Rule High School and Roy Gene Fraley as King.

These candidates were chosen by popular vote in a recent election and were presented Friday night at the Harvest Festival sponsored by the Parent Teachers Association.

Miss Tanner is the daughter of Mr. and Mrs. Orval Tanner and is a Senior in Rule High School. Roy Gene is the son of Mr. and Mrs. Leonard Fraley and also is a Senior student.

Crowned prince and princess of grammar school were Shirley Schonerstedt and Charles O'Pry. Both are fifth grade pupils.

Free Press Will Be Printed Day Early Next Week

In order to join other Haskell business establishments in observing a Thanksgiving holiday November 27, the Free Press will be printed and mailed one day early next week.

Cooperation of advertisers and correspondents is requested in bringing or mailing advertising and news articles early in the week. To insure publication, all advertising copy and news articles must be in our office not later than 12 noon, Tuesday, Nov. 25.

## Grand Jury Bills Negro for Murder

The 39th District Court Grand Jury, in session here Monday, returned a murder indictment against James Foreman, negro farm worker, in connection with the death of Marion Young, another negro who was shot to death Oct. 6 on a farm near Rochester.

Officers investigating the affair, and who testified before the Grand Jury said that Young suffered fatal gunshot wounds inflicted with a shotgun. The injured man died in a Knox City hospital several hours after the shooting.

## Slow, Soaking Rain Blankets Area

Farmers, ranchers and grain growers of this section welcomed a slow soaking rain which fell generally over Haskell County and most of West Texas Thursday and Friday of last week, and in a return visit Sunday and Monday following the advent of winter weather and temperatures which dropped into the low 30's.

Total precipitation registered here was 2.08 inches up to Wednesday noon, and practically all the moisture fell slowly and was quickly absorbed. The rain came at an opportune time for fields seeded in winter grain and for late feed crops, and will also be of great benefit to fall gardens and rangelands. Some run-off water resulted from the rain, but surface tanks and streams in the area have a fairly good supply of water that will be sufficient for several months.

Work Continues on Water and Sewer Extensions, But Is Slowed by Weather

BY J. R. GILSTRAP

Continuing our article about our construction of water and sewer mains and your water plant. This past week we stopped our construction of sewer mains except for running our grade stakes on North Ave. B. E., to North 1st Ave. B. E.

We have started a gutter on No. 2nd Ave. E to North 2nd and Ave. F for the purpose of eliminating water that stands on the east side of the street due to improper drainage. The gutter is 4 feet wide and six inches in thickness, and has a four and one-half inch dip for drainage. Due to the bad weather we have only completed one hundred feet of a total of five hundred and eighty feet required in this project.

## Haskell Hunters In Annual Trek To South Texas

A large number of Haskell County sportsmen were numbered in the throngs of hunters who made their annual trek to the deer hunting sections of Texas for the opening of the season on Sunday, November 16. Most of the hunters from Haskell left late Thursday and early Friday, in order to spend a day or more in arranging camp and getting everything in readiness for a full day's hunting on the opening day.

In one group leaving Friday were Bob Humphreys, Giles Kemp, of Haskell, George Cramer of Abilene, Beans McCandless, Ollie Kittley and Mr. Kirpatrick of Rule, C. L. Turbeyville and son of Wichita Falls. They will hunt in the Loyal Valley region in Mason County. This group was first to report any success a member of the party telephoning Wednesday night that they had killed ten deer and were having an excellent trip.

In another party going to a hunting lease in Real County were J. W. Gholson, Clarence Burson, H. R. Whately, Ed F. Fouts, Walter Rogers, Sam A. Roberts, H. M. Smith, Melvin Miller, F. B. Reynolds, Nat Foster all of Haskell, and C. O. Scott of Munday.

Also leaving Friday for their annual hunt in Mason County was a party composed of R. L. Harrison, Paul Frierson, Noah S. Lane, Bert Hellums, Date Anderson, N. I. McCollum, E. O. Chapman, Albert Peiser, Eal Treadwell, Claud Covey, all of Haskell and George Logan of Abilene.

Leaving Monday for a hunting trip near Kent, Texas, were Jas. W. Kennedy and Will Lees, At Kent they will join T. D. Switz, president of Shell Pipe Line Corporation; W. H. Shelley, Area Superintendent for Shell; Sam Bean, division superintendent of Shell; R. B. High, retired engineer for Shell; and Mr. Ash of Houston. They will hunt on the Jap Foster Ranch.

## Community Thanksgiving Program Is Planned Here

### Christmas Lights Planned For Downtown Business Section

For the holiday season this year the business section of Haskell will be profusely decorated with Christmas lights under a plan arranged by the Chamber of Commerce which has been accepted by all business firms.

Under this plan, trees will be placed in uniform arrangement in front of each store, and lights will be strung throughout the business section.

Colored lights will also be placed on the courthouse lawn, with the traditional Star of Bethlehem featured in the arrangement. According to present plans, the lawn will be the setting for an appropriate Christmas program during the holiday season.

The decorative lights will be turned on for the first time on Friday, December 5, in connection with the annual Christmas window contest sponsored by the Chamber of Commerce and which will mark the official opening of the holiday season in Haskell.

### SMS Ranch Leased For Oil Play

The largest ranch in Throckmorton County, the SMS of the Swenson Land and Cattle Company, last Thursday was leased jointly by the Sinclair Prairie Oil Company and the Cities Service Oil Company. The ranch, comprising 106,163 acres, covers almost the northwest corner of Throckmorton County and extends into Haskell and Baylor Counties.

A small cash bonus per acre was paid but not revealed by the companies. The lease calls for \$1 an acre yearly rental, is the usual 10-year commercial type and carries no drilling obligation.

There is one unusual feature of the lease, however. Each well validates only one section or approximately 640 acres. This allows the companies virtually to utilize the ranch on a 640 acre basis with no more than one well immediately required for each section but does assure a continuous development program for the ranch with completion of each successive producer.

The Swenson Ranch interests and the two companies have agreed upon the terms of the contract which is expected to be signed officially in the offices of the Swenson company in New York next month.

### Guests in Therwhanger Home at Weinert

Visitors in the home of Mr. and Mrs. Dick Therwhanger of Weinert last week were Mr. and Mrs. Frank Davol of Stamford, Conn.; Mr. and Mrs. H. G. Weicker of Montclair, N. J.; Hal Thomson of Dallas, Mrs. Davol, Mrs. Weicker and Mr. Thomson are landowners and stockmen of parts of Texas and New Mexico.

### Miss Crawford New Camp Fire Executive For Area

Miss Kathleen Crawford, the daughter of Mr. and Mrs. J. M. Crawford of Haskell, has been named Area Executive for Camp Fire Girls to succeed Mrs. Fred Stockdale, former executive who resigned after moving to Fort Worth several months ago. Miss Crawford will have charge of activities for Camp Fire Girls in ten towns in this area.

Mrs. Lou Polnac of Stamford and Miss Crawford attended the National Training Course of Leaders in Camp Fire, held in Wichita Falls Nov. 12, 13, and 14.

### Rule Squad Elects Grid Sweetheart

In a meeting last week of the squad of Rule Bobcats, Ruth Allen was elected as football sweetheart. She was presented at the half when Rochester and Rule met in their annual Armistice Day game.

Rev. Bill Stegall, a Senior in Rule high school, is the daughter of Mrs. Alma Allen.

### Rev. Stegall to Preach at Curry Chapel

Rev. Bill Stegall will preach at the Curry Chapel Church at both morning and evening hours next Sunday. Everyone is invited to all services. Sunday School will be at the regular hour, 10 a. m.

### City Mail Delivery Started Monday

Starting on schedule, city mail delivery was inaugurated in this city Monday morning when Harvey Simmons, Civil Service employee of the local postoffice made his first round in the business and residential section.

Deliveries on the first day were made in less than one hour, due to the fact that a large number of patrons for which the service is available had not placed their boxes as required. Patrons, however, expressed their pleasure and appreciation for the new service, the carrier said.

G. W. Morrow, inspector with the Postoffice Department, and Postmaster J. M. Diggs after checking the first day's service, urged all patrons to place mail boxes as early as possible and stressed the necessity of correct street addresses on all letters and other mail. A few of the houses have not yet been numbered, the postmaster and inspector said. They pointed out that it is necessary that house numbers be placed wherever mail is delivered.

Although the first service extended only into the principal business section, delivery of mail and Parcel Post that will include the southwest section of Haskell is expected to be inaugurated within a short time.

### Methodist Hold District Conference At Weinert

The Stamford District Conference was held at the Weinert Methodist Church last Wednesday Nov. 12. The district superintendent, Rev. J. H. Crawford of Stamford presided at the session. Twenty-five pastoral charges of the district were represented at the conference. The noon meal was served by the host church, Weinert.

The following attended from the church here: O. W. Tooley, District Lay Leader; Mrs. O. W. Tooley, Mrs. V. C. Bailey, president of the W.S.C.S.; Mrs. A. H. Wair, Mrs. Ethel Irby, Mr. and Mrs. A. J. Joesse, Mrs. W. D. Hellums, Mrs. W. A. Kimbrough, Mrs. W. D. Kemp, R. L. Foote and Henry Smith, and Rev. and Mrs. James E. Harrell.

The next Conference will be held at Vera.

### Fort Worth Man Low Bidder On Road Project

Ernest Loyd of Fort Worth was low bidder last Thursday, with an offer of \$70,876, on construction of farm to market road project in Haskell County, from intersection with State Highway 24 south to the Paint Creek school. The project is in Precinct 3. It will consist of 9.16 miles grading, structures, flexible base and single asphalt surface treatment.

Work on the project is expected to be started at an early date.

### Thanksgiving Service Will Be Held At Pinkerton

There will be a Thanksgiving Service at Pinkerton Baptist Church at 10 o'clock on Thanksgiving morning. The pastor, Rev. Robert Barnett, will be in charge of the service. Some of the young people of the church will render special music.

### Local Farmers Go To State Meeting

Delegates from the Haskell County Farm Bureau attended the State Convention at Amarillo on November 16, 18 and 19. Those attending were L. B. White, J. D. Brown, Shirley Lee, Floyd Emerson, John Merchant, C. E. White, Ralph Ketron, Clyde Harrell, E. L. Brown, Clinton Harren, Mr. and Mrs. H. D. Gammon and County Agent F. W. Martin.

Shown in this picture is one of the City's maintenance units, a Quick-Way Fill and Ditching Machine. This unit has more than repaid its original cost in the current water and sewer extension project. Department employees who operate the machine are Leon Ivy and Chas. Adkins.

**Greek Needs Mule—  
"But It Must Be Small"**

The Country Neighbors Club in Carson County is well-named. The members are neighbors not only with the family across the fence, but with a family across the Atlantic. And that is being neighborly in the fullest sense of the word.

Charlotte Tompkins, county H. D. Agent, says that the club has sent six boxes of food and clothing to the family of Vasilion Anagnostopolous, in Arkadias, Greece. Recently, Mrs. George Latta, who was president of the club when the first box was sent, received a letter from the father of the family. It was written in Greek and the club called on a native of Greece in Amarillo to translate it.

After reading the letter, the club has a personal reason for wanting to help out in the government's program for saving grain, for Vasilion Anagnostopolous told of the lack of food. "On top of that," he wrote, "we had a drought and made no wheat this year. We need something to eat—flour worse of all." He has a family of five children, ranging from 2 months to 12 years in age, and the clothing sent by the club has been badly needed.

With the last sentence, Vasilion Anagnostopolous told more of the conditions of the country than he realized. "We need a mule," he said. "If you send a mule, send a small one, as we don't have much feed."

Parsley lends flavor, color and food value to many dishes and can be easily grown in a kitchen window box or flower pot.

Regular meeting of the Haskell Chapter No. 892, O. E. S., will be held Tuesday evening, Nov. 25. Plans will be made at that time for the Christmas box to be sent O. E. S. Home in Arlington. Mabel Overton, Worthy Matron Vivian Roberson, Secretary.

**Caution In Buying  
Advised As Credit  
Restrictions Lifted**

Cautious credit buying was urged today by Jane Holt, Retail Merchants Association Manager, following the recent removal of government credit controls.

Miss Holt said all government restrictions on credit in the purchase of durable goods were lifted after Saturday, November 1, and that consumers would be free again to work out payment schedules with merchants.

"The lifting of controls should not be the signal for wild spending," Miss Holt said. "Credit buying is a fine old American custom, but the use of this privilege to extremes always results in disaster."

Merchants here and in other sections of the State expect a big demand for credit beginning next week, especially with increasing stocks of merchandise fast becoming available and Christmas shopping in the not too distant future.

"However it is to the benefit of the consumer, the merchant, the community and the state that sound judgment be used in buying on credit," she pointed out.

Miss Holt said that any rules laid down for consumers to follow in credit buying must be flexible, but she set some general principles of sound family financing which she urged the public to study:

1. Buy only on credit what you can pay for in a reasonable length of time, and pay all bills on due date.

2. In buying on credit, remember it is to your interest to keep your family on a sound financial basis.

3. A high credit rating is a mark of good citizenship. Keep your credit rating unblemished and you and this community will prosper.

**"King Apple" Back  
On Fall Menus**

The king is back. And of course we mean King Apple, reigning monarch of Southwestern tables. Homemakers here in the Southwest await the return of King Apple each year, because smart cooks know that this fine fruit offers an abundance of color, taste and nutrition when served in scores of easy to fix ways.

This year, you who like to serve apples (and what good cook doesn't?) are lucky, indeed. A good crop of excellent apples has been made, and your grocer now features the variety that you like best. The red-cheeked beauties that you see at your grocer's are fine apples—filled with flavor, filled with all the excitement of a new season!

Thrifty buyers welcome the reminder that apples—like so many other quality food items—may be purchased by brand name. The better distributors of fruits and vegetables furnish distinctive markers and labels for this autumn's apple supply, so you may now buy the brand you know and respect. It will pay you to look for your favorite brand, because a well advertised brand or trade mark is your best assurance

**Colored School Has  
Successful Armistice  
Program**

The Armistice Program given at Central Ward Colored School Tuesday night, Nov. 11 was sponsored by the PTA and was a splendid success, \$107 being realized.

District Attorney Banks spoke to a large crowd of parents and friends. His talk was inspiring and encouraging.

It is the aim of the faculty to put forth every effort to make the colored school of Haskell one that we will be proud of, and by the help of the citizens and our white friends I am sure that we will be able to accomplish our aim.

**Mrs. R. H. Jones Is Breakfast Hostess**

Members of the Weibert Matrons Club were entertained with a breakfast Armistice morning at the home of Mrs. R. H. Jones, and she gave the club members an old fashioned Southern meal which was enjoyed very much.

Mrs. P. F. Weibert gave a short prayer, Mrs. John Alex Mayfield gave a reading on How Club Members Should Act, and also read an original poem written by Mrs. B. T. (Avis Cousins) Bridges of Plainview, Texas, in memory of G. C. Newsom, Jr., who was killed in Germany in March, 1945. This was quite appropriate as Mrs. Newsom is the only member of the study club who lost a son in World War II.

Mrs. Jones was assisted by her niece, Mrs. Alpha Monke Stark with the serving.

Mrs. Jones is one of the charter members of the club, which was organized and federated in 1923, and members have chosen her by vote as the pioneer member. She has always been very active in all undertakings of the club and rarely misses a meeting.

**Fruits To Be Added On School Menus**

Dried prunes, peaches and raisins will be added to the menus of Haskell County school lunch rooms and eligible institutions in Texas when the fruit is received in the latter part of November.

Seven carlots each of prunes and raisins and two and one-half carlots of peaches have been purchased by USDA's Production and Marketing Administration, according to the announcement received from the Dallas office.

The peaches will be distributed only to school lunchrooms, because of the small quantity of the fruit, but the prunes and raisins will go to schools and institutions.

The Food Distribution Programs Branch of PMA figures that there will be a two months supply, providing our fourth pound per child per month, and one-half pound per month for persons in institutions.

**Two Remedies Will Control Termites**

Whenever termites show up in a building, the owner feels like throwing up his hands at the very beginning of the fight. It seems to him that he has a never ending, hopeless battle on his hands.

There are two remedies for fighting termites, extension entomologists of Texas A. & M. College say. The best remedy is and always will be "Build Them Out." Most termite infestations are due to faulty construction when they can get in at filled porches, terraces and other entrances, or through the foundations. The thing to do is block them out with concrete or similar materials.

Since it isn't always practical to rebuild or repair, the entomologists suggest poisoning the soil around and under buildings. The poison will discourage the insects for some time.

**Dessie Mae Carroll and J. R. Burkhalter Recite Wedding Vows**

Dessie Mae Carroll, daughter of Mr. and Mrs. Leonard L. Carroll became the bride of J. R. Burkhalter, son of Mrs. Ola Burkhalter, in the home of Mrs. Bertha McNeill on November 12.

As the guests gathered a prelude of love songs were played by Mrs. Ita Perish, including, I Love You Truly, and Always, which were sung by Miss Edna Minick.

The couple exchanged vows by soft candlelight at 6:00 o'clock before an altar of fern, flanked by candelabra and baskets of pink gladioluses. The double ring ceremony was read by Lloyd Connell, minister of the Church of Christ of Stamford.

Given in marriage by her father, the bride wore a tailored brown wool suit and aqua blue blouse. She wore a high crown felt hat decorated with gold trim and her other accessories were light brown. Her corsage was an orchid. For something old and borrowed she wore a gold bracelet belonging to Mrs. Billy Wood. For something blue she wore an aqua blue blouse and for something old she carried a lace and linen handkerchief.

Miss Pansy Danner, cousin of the bride was maid of honor. She wore a two piece aqua dress and corsage of white carnations. Durwood Smith of Throckmorton was best man.

A reception immediately followed the ceremony.

**"Resting" Pastures Adds to Value of Grassland**

It pays to rest one pasture a year and allow it to go to seed. So says J. D. Smith, manager of the Big 4 Ranch in the Wichita Brazos Soil Conservation District. Smith has rested at least one pasture the past two years, and finds it good management to be able to turn his cows in this pasture when all of his other pastures are grazed down. "I wouldn't have had any place to put them," said Smith, "and at the same time I am improving my grass by resting it during the growing season and allowing it to seed".

Ranchers and stockmen in the Wichita Brazos Soil Conservation District are finding that adjusting livestock numbers to the long range carrying capacity of their ranges are paying off. Soil Conservation Service range technicians go over the range with each rancher and determine what kind of grass he has, the proper graz-

ing period, and methods of grazing for the fastest improvement. A range in fair condition is producing only one-half of what it is capable, thus ranchers are losing money by following wasteful practices.

The use of legumes provide ideal temporary grazing high in protein in the early spring at a time when native grass is still dormant and cannot withstand abuse by grazing. Improving your soil will work together with proper livestock management, believe the ranchers who are co-operators with the Wichita Brazos Soil Conservation District.

The timber cut from the national forests in the quarter ending September 30 totaled 1,127 million board feet, the largest cut from national forests ever registered in any one quarter.

**Woman Proves Apt Football Coach**

The following article and accompanying picture is reprinted from the Dallas Morning News.

Gary Marrs mentioned in the article is the son of Mr. and Mrs. Glenn Marrs, former residents of Haskell.

Riding the crest of popularity in Dallas grade school football circles is the James Bowie eleven. To date the squad has chalked up four straight victories, amassing 131 points to its opponents' 6.

Even more unusual is the fact that a young lady, Miss Lou Berna, is the coach. She is the playground supervisor at the school and when it became known that the boys wanted to play football more than any other game she inherited the coaching job. Her record speaks for itself.

**Rescue Grass Is New Aid to Ranchers**

This time next fall farmers and ranchmen will be going to their seed stores and calling for Texas Rescue 46.

Rescue grass is a native of South America and has been growing in Texas for almost a hundred years. It is a winter annual which produces green feed when most other grasses are dead or dormant. The early ranchers named it "rescue" because it came to their rescue when most needed.

Native rescue grass seed is harvested and sold commercially as is seed imported from Australia and other countries.

**Disease Prevention's Duty of All**

It is the duty of every citizen, young and old, to help in preventing the spread of disease. Every man, woman and child in Texas has a personal obligation to keep as well as possible, and to protect others from illness. Even the kindergarten age child can be taught to cover a cough or sneeze, to help in preventing the spread of colds or other infectious diseases that start with the symptoms of a cold.

Dr. Geo. W. Cox, State Health Officer, emphasizes the fact that the local health officer can do little to break the chain of communicable disease in the community if he does not have the whole hearted support of the people. Every case of illness that looks suspicious of being a communicable disease should be reported promptly to the health officer. Physicians report to the county health officer the cases of communicable disease they diagnose as such, but parents often fail in this duty. The local health officer cannot institute control measures if he is not informed of cases, or suspected cases of the communicable diseases.

Some signs and symptoms that often accompany communicable disease are: Red and running eyes, running nose, coughing and sneezing; dizziness or faintness; swelling about the neck; sore throat; unusual paleness; earache or running ears; feverish appearance; rash; nausea; vomiting or diarrhea; irritability or other change in normal behavior and appearance.

Help to prevent the spread of communicable disease in your neighborhood by observing correct health practices and reporting promptly any appearance of suspicious symptoms.

tural Experiment Station at Texas A. & M. College have been making selections from both native rescue grass and from several strains of seed obtained from the USDA Bureau of Plant Industry, Soils and Agricultural Engineering.

They found that rescue differed greatly in height, leafiness, seed production and resistance to disease. Out of these tests they came up with a selection they named Texas Rescue 46.

In field tests with other native and imported strains it has ranked high in forage and seed yield and in protein and phosphoric acid content. Foundation seed was placed with Texas registered seed growers in September, 1946, and the seed will be available for general planting next fall.

Things Texas farmers — and their livestock — will like about Texas Rescue 46 are its upright growth, leafiness, resistance to disease

**County Home Demonstration Agent Texas A. & M. College Extension Service (Louise Newman)**

First in the series of meetings for training home demonstration club and council officials for 1948 will be the president's meeting in the agent's office at 2:30 p. m. Saturday, November 22.

Presidents serving the second year are Mrs. John L. Grindsaff, O'Brien; Mrs. J. R. Davis, Liberty; Mrs. Ollie B. Vernon, Lucky; Mrs. Howard Tribbey, Tonk Creek; and Mrs. E. B. Calloway, Pinkerton. Newly elected presidents are Mrs. A. C. Denson, Blue Bonnet; Mrs. O. W. Whittaker, Center Point; Mrs. Clyde Walker, Dennis Chapel; Mrs. Jim Perrin, Josselet; and Mrs. Edward Newton, Mattson.

Council members and their families had so much fun at the 42 party last year that they are planning to have the same kind of recreation again this year at their annual Council Party for members of the Home Demonstration Clubs, Home Demonstration Council, and Commissioner's Court. The party will be in the basement of the First Methodist Church in Haskell, December 5 at 7:00 p. m. Club presidents have more information so contact them if you are planning to attend. Mrs. T. M. Patterson, chairman of the recreation committee of Council, Mrs. E. B. Calloway, and Mrs. A. M. Bird are in charge of recreation and planning.

**FIRST PRESBYTERIAN CHURCH**

### H-D Club News

(Louise Newman)

Every year when the demonstrators make their reports I get just as enthused over their reports as they do. The bedroom demonstrators gave their reports in September and the food prepara-

tion demonstrators are giving their reports this month. One of the first reports was given by Mrs. Bill Pennington, the bedroom demonstrator for Center Point Club. When she made out the plans for improving her bedroom she planned enough work to last several years but did manage to get most of it done this year. A hail storm early in the year

knocked out some window panes and damaged the walls so much that three rooms had to be repapered. Of course the new wall paper called for refinishing the woodwork and floors and some new window shades. She bought a new rug for her living room and moved the rug from the living room into the bedroom. She had planned to refinish an old bedroom suite rather than buying a new one. Another improvement was renovating an old innerspring mattress and putting new ticks on a pair of pillows. A discarded chair was slip covered and made into a comfortable bedroom chair. By this time everything looked so nice that Mrs. Pennington just had to buy some new curtains to finish off the room. She did not tell us how many hours she worked but the time was well spent. By doing the work and keeping account of her expenditures she found that the new room cost \$23.08. Not all of the demonstrators had planned to complete this much work this year but all of them did get part of their improvements done.

Mrs. Ollie B. Vernon of Lucky Home Demonstration Club is the first Food Demonstrator to give her report to her club. At an all day meeting in her home Nov. 5 Mrs. Vernon showed her garden and the canned products in the ventilated pantry. The pantry had been built eight years ago and was in need of another papering job so she papered the pantry, making edging for the shelves, and enameled the woodwork. Oil cloth and paint cost twenty-eight cents. The food production phase of the demonstration met with all sorts of handicaps; during the early part of spring there was too much rain for the sandy soil in the garden and then after a couple of sandstorms it was too dry!

### Band Sweetheart Presented At Game

By irrigating the garden from the windmill, Mrs. Vernon managed to have all the fresh beans, peas, okra, tomatoes, radishes, sweet pepper, greens and cucumbers that she could use and canned 29 pints of tender greens, 20 quarts of tomatoes, 42 pints of peas, 25 quarts of sweet cucumber pickles and 10 quarts of beans. The day of the meeting she still had tomatoes and sweet pepper in the garden.

Pat Toliver, Sophomore in Haskell High School, has been named Sweetheart of the High School Band. She was presented to football fans at the Haskell-Throckmorton game. She stood in the center of a heart formed by the band to receive a bouquet of roses from her escort, Johnny Medford. Pat is the daughter of Mr. and Mrs. Lynn Toliver. Johnny is the son of Mr. and Mrs. Harvey Medford.

### CLUB ORGANIZED AT WEINERT

The Weinert Girl's Junior 4H Club has a membership of girls who have enrolled in 4H work for the first time. At the first meeting October 30, the county home demonstration agent, Miss Louise Newman, explained the objectives of the club and distributed year books to girls wishing to enroll for 1947-48, and presided at the election of officers. The first project for each member will be making and outfitting a sewing box.

Members present at the meeting were Margie Allen, Betty Boykin, Nell Ferguson, Estalynn Elwards, Sue Nell Alexander, Monie Dell Green, Mary Lena Walker, Melrose Whitfield, La Grace Walker, and Branda Josselet. — Estalynn Elwards, Reporter.

### WEINERT SENIOR CLUB

Members of the Weinert Girls Senior 4H Club met in the lunch room October 30 for the election of officers and a business meeting. After the new yearbooks were distributed, the following officers were elected: President, Ruth Williams; Vice President, Jackie Faye Jetton; Secretary and Treasurer, Annette Gerick; Reporter, Vivienne Jenkins.
