## C.W.T. Fair Officials Outline Plans For New Buildings and Extensive Repair Program

### Girl Softballers Win Over Knox City 8-2

Playing their third game of the season, the Haskell girls softball team defeated the strong girl's team of Knox City there Tuesday night 8 to 2.

Knox City scored first in the third inning only to fall behind in the fourth 2 to 1. The score was tied by Knox City in the fifth.

Haskell came back strong in the two final innings on long hits and fast base running to score six runs in these two frames. Timely hitting and aggressive base running was featured by the Haskell club.

Verlene Adkins, a converted pitcher from last year's team, gave up only four hits in chalking up this first win. The offensive and defensive play of Opal Dunnam, Haskell first sacker featured the Haskell infield play, while Hilda Keiki, a new addition to the club was outstanding in the outfield.

A return game with this club is scheduled for next week. Haskell meets the strong Weinert girl's team on the Weinert field Thursday night, June 17.

### Local Golfers Enter Tourney At Munday

A number of Haskell golfers have turned in qualifying scores for the Tri-County tournament now underway at Munday, transferred there from the Haskell course, which could not be placed in condition for play in time for the annual tournament.

Qualifying play will continue through Friday afternoon of this week, with Calcutta to be held Friday evening. Matched play will begin June 20, with finals scheduled for June 27.

### Wheatleys Store Offers Softball Trophy

The trophy will carry an engraved inscription: "Haskell County Softball Champions, 1948" and will be presented the championship team by John F. Ivy, president of the county league.

The trophy is now on display in the show windows of Wheatley's store on the north side of the square.

### New Ford Establishes Precedent In Handsomeness and Styling

A precedent has been established in the low-priced automotive field by combining handsomeness and beauty with durability and comfort in the interiors of the 1949 Ford cars.

Ford has broken away from the neutral tones which have been traditional for mass production automobiles as designers have turned to textured fabrics popular in fashions and interior decorating.

Of the three new fabrics, the most unusual is a soft gray tweed mixture with a blue stripe which gives the 1949 Ford interiors a freshly tailored look. It has been combined with a bolster of blue-gray broadcloth to protect the upper section of both front and rear seats.

The same tailored good looks are obtained with the other fabrics—a smooth green striped broadcloth and two new adaptations of mohair in a green and maroon stripe and green and gray stripe combination. In proper combination, they complement the new Ford exterior colors such as Sea Mist Green, Birch Gray, Arabian Green and Bayview Blue.

The instrument panel of the new Ford has been simplified. All instruments are combined in a single cluster directly in line with the drivers view. Projecting slightly for better visibility, the large figures on a telescoped dial indicate speed, fuel level, rate of battery charge and oil pressure.

The clock dial has been centered on the panel and placed higher. Night glare is eliminated on all instruments by "black light" Chrome trim throughout the car has been reduced. On the panel it is expressed in a neat arrangement of uniform knobs which control choke, windshield wiper, lights, heater and defroster.

On each door, the chrome strip makes a decorative arc over the heavy artificial leather kick pad at the bottom. Flame-shaped center pillar lights provide plenty of illumination for the interior and for stepping into and out of the car.

Interior door handles pull up instead of down to open the door. This eliminates the possibility of the car doors swinging open if the handle should be pressed down accidentally.

The new Ford's functionality has been extended to the roomy seats—37 inches wide in front and 60 inches in the rear, plenty of room for six persons.

New windows demonstrate the new trend. The rear window alone is 88 per cent larger—as large as the ordinary windshield. The windshield is deeper and wider. They give a picture window effect to the entire car and greatly improve all around visibility.

### HASKELL VISITORS

Rev. and Mrs. Bernard Seay of Weimer were visitors in Haskell Monday.

The distinctive styling of the 1949 Ford convertible features smooth, flowing contours, full fender-width body and luxurious interior appointments. Completely new, the convertible chassis is doubly reinforced.

### Caution Advised On Livestock Purchases

Bringing in a herd or work animals on a farm without taking necessary quarantine precautions may prove a costly mistake, livestock owners are advised in a current veterinary bulletin.

Stock brought in from outside sources, especially animals purchased at sales barns, may be coming down with contagious diseases or may become infected during transit to the farm, the bulletin cautions. One such animal can serve to infect an entire herd or flock. Another factor to be considered is that new animals need time to become adjusted to their surroundings and will fare better if allowed an "orientation" period.

For these reasons, the bulletin recommends the following measures for safeguarding the interests of livestock purchasers:

"Take time and be health-conscious as well as quality-conscious when buying an animal. Find out, if possible, whether it has been exposed recently to an infectious disease. Have a veterinarian examine it prior to purchase if there is a doubt about its health status.

"Remember that the animal is coming to a new home—the feed, water, soil, and surroundings are probably all different. It should not be forced into service immediately, but should be broken in gradually to the farm schedule. "Segregate every newly purchased animal from other stock on the premises for at least 30 days. In this way, if one of the new animals does break out with an infectious ailment, it will not have an opportunity to infect the entire premises.

### Anson Golf Tourney Posts \$900 In Prizes

Anson's merchants are looking forward to entertaining West Texas leading golfers with the Anson Invitational Golf Tournament, scheduled for June 24 through June 27, and have also provided over \$900.00 in prizes. Tournaments offering this magnitude of prizes are usually unheard of in towns under 15,000 population.

This tournament is scheduled for all golfers in Jones, Fisher, Haskell and Knox counties and the city of Merkel, with additional invitations going forward to individual golfers in other cities. This is one of the largest sporting events ever staged in Anson, and the merchants are backing it 100 per cent. Present plans are to hold this tournament annually.

There is over \$900.00 in prizes to be presented to the winners. The winners, runner-up, consolation winner, and consolation runner-up will receive prizes. With the exception of the championship flight, it is intended that all prizes will be substantially the same. Prizes will be awarded the medalist, winner of the driving contest and winners in the Pro-Amateur match. A \$100.00 solid gold watch goes to the winner of the championship flight.

Bennie Adams, Anson pro, has picked Bob Pence, one of Anson's better young golfers, as his partner in a pro-amateur exhibition match, scheduled for 1:30 p. m. June 24, with Jerry Stone, Stamford pro, and his partner.

Entrants may qualify between June 20 and 6:00 p. m. June 24, provided however, the medalist must qualify Thursday, June 24. The match play will be set up in 16 player flights, with the first two matches to be played June 25, one match June 26 and all finals on Sunday, June 27. Championship and first flight finals will be 36 hole matches, all other finals 18 holes.

Barbecue, trimmings, refreshments and Calcutta are scheduled for Thursday, evening, June 24, at 8:00 p. m. Should your hunger or thirst not be satisfied, your entrance fee will be returned.

### Deafened Now Hear Whispers 5-ft. Away

Test by the American Medical Association's Council on Physical Medicine show that science has now enabled deafened people to hear faint sounds, to easily understand whispers from 5 feet away, aided by a tiny hearing device so light you hardly know you are wearing it. With it thousands now enjoy music, sermons and friendly companionship. Finger tip controls let you adjust it instantly to changing sound conditions. No separate battery pack, wires or harness bulge to weigh you down. Walter S. Cochran, Beltone dealer, 813 8th St., Wichita Falls, Texas, is so proud of this achievement that they will gladly send you a free descriptive booklet and explain how you may test this remarkable device in your own home without risking a penny. **Breakfast Honors Miss Evelyn Mann, Bride-Elect**

Saturday morning June 12, at 9:30 Misses Jane Richey and Mildred Chapman were joint hostesses for a breakfast in the home of the former, honoring Miss Evelyn Mann, bride-elect of Jerry Cahill. The entertaining rooms were artistically decorated with Gladiolas, roses and zinnias. Each table was centered with a nosegay, from which the breakfast was served. Tallies were folders with a portrait of the bride-elect on the outside. Place cards were brides bouquets.

The guest list included the honoree, Miss Pat Harrison, Mrs. Marvin Mann, Mrs. T. G. Cahill, Miss Catherine Davis, Miss Mary Wilson, Miss Carolyn Williams and Miss Janice Pace.

The 1949 Ford station wagon is new and revolutionary in every respect. It is the first to use two extra-wide safety doors; the first full-size eight-passenger wagon to employ all-steel construction. Wood panels are bolted directly to the steel frame. Extra strength built into chassis and body assure quiet, trouble free operation.

**VETERANS NEWS**

Eligible veterans who want to take courses under the GI Bill that cost more than \$500 for the normal school year may do so by trading the training time for the extra cost, the Veterans Administration reports.

The additional charge in training time will be at the rate of one day for each \$2.10 of the excess charge above the \$500 maximum allowed by law.

Veterans desiring to enroll in the excess cost courses must authorize VA to pay the full charges by filling in forms provided for that purpose.

To prevent overpayments of subsistence allowances, the veterans administration urges ex-GI students and their schools to notify VA as soon as a veteran breaks off or completes his program.

A veteran student in training under the GI Bill is not entitled to subsistence allowances after the date he interrupts or completes his training. In some cases, veterans stop their training and receive additional payments before VA is notified of their change in status. All such overpayments must be refunded to the government.

Advance notice is preferable whenever a decision is made to discontinue training. However, prompt notice immediately after such a break in training will prevent most overpayments.

About 40,000 schools and colleges have been approved to train World War II veterans under the GI Bill and Public Law 16. Over 700,000 training establishments have been approved to give job-training under the same laws.

**QUESTIONS AND ANSWERS**

**Q**—How long must a veteran of World War II be totally disabled to be entitled to a waiver of premiums on his National Service Life Insurance?

**A**—A veteran must have been totally disabled for six or more consecutive months before he makes an application for waiver.

**Q**—In determining eligibility of parents for death compensation as dependents of a deceased veteran, are the proceeds of National Service Life Insurance considered as income?

**A**—No.

**Q**—I am attending school under the educational provisions of the Servicemans Readjustment Act. Am I eligible for a loan guaranty while attending school?

**A**—Yes.

**Q**—If a loan, for any reason, is not completed after the guaranty or insurance has been entered upon the veterans honorable discharge or certificate of eligibility, what should be done?

**A**—The veteran should take his honorable discharge or certificate of eligibility to the regional office of the veterans administration where the necessary correction will be made.

**Agent Gives Tips To Make Ironing Easier**

Ironing day comes around once or twice a week in most homes... and there are a few suggestions that might make the job a little easier for the housewife.

Miss Louise Newman, county home demonstration agent, says that the job of ironing can start when the clothes are hung out on the line. If the clothes are shaken well and hung neatly on the line, there will be fewer wrinkles in them to iron out later.

Some of the clothes, of course, don't have to be ironed at all, so they can be folded out in the yard. In this "no-iron" list are the sheets, bath towels, diapers, knitted underwear, cup towels, and so on. Seersucker and some of the materials that don't need ironing are good for work dresses and play clothes.

You can't expect to do your best ironing with an iron that's too heavy, a rickety board and an ironing board cover and pad that doesn't fit right. The best board to use is one adjustable to the height most comfortable for you. It's the standing up to iron that makes it such a tough job. It is possible to sit down and iron, and much easier on you, too.

Sleeve boards, pressing cloths, and a gadget for holding the cord back out of the way are handy things that will save time and help turn out a better job. Also a drying rack near the ironing board will be convenient for the things you have finished.

A little organization in the process will help, too. Keep together all the pieces that are alike, and stack them in the order you'll be ironing them. Put the linens at the bottom, cottons next and the rayons on top.

And here is something the housewives might have been wondering about. It is the weight of the iron or the heat that does the job? It's the heat of the iron, says Miss Newman, so don't wear yourself out by pressing down as you iron the clothes.

**Insect Damage To Grain Should Be Curbed Early**

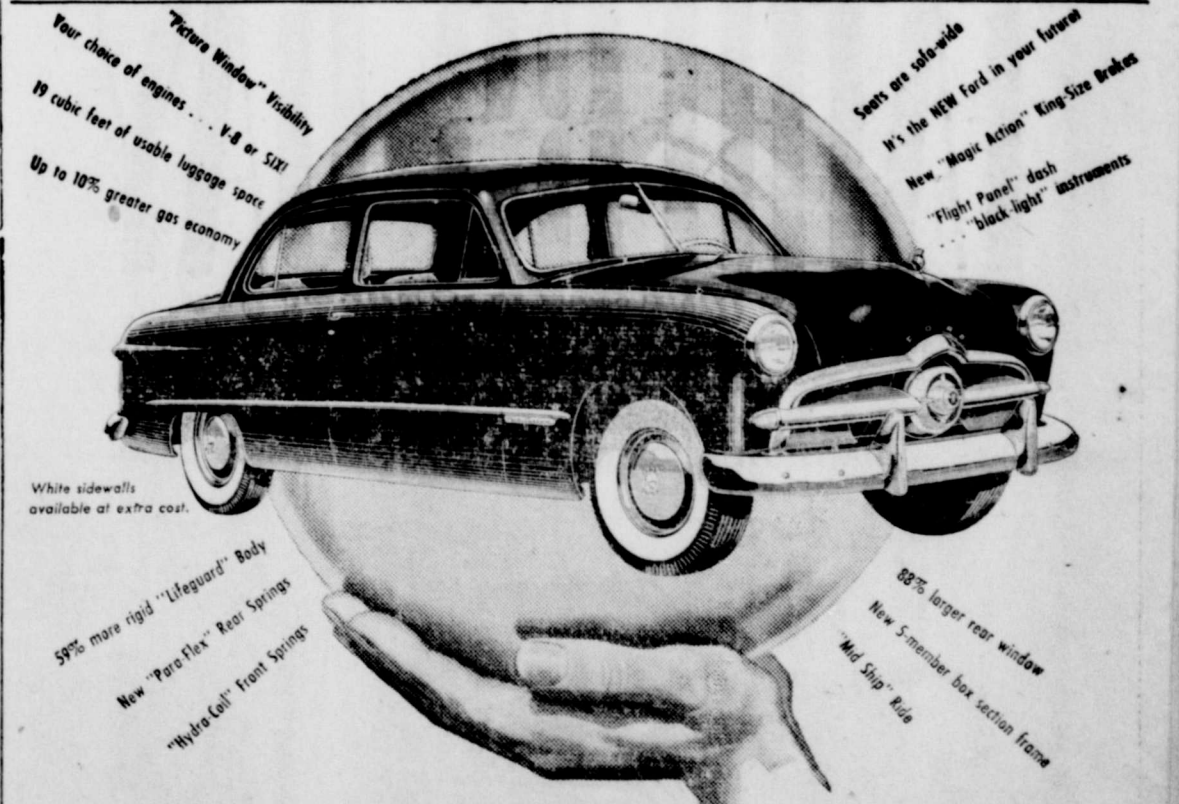

The insects in the farm grain bin may be small but the amount of damage they do is tremendous, according to the USDA Bureau of Entomology and Plant Quarantine. The place to start in getting rid of these insects is right in the grain bin.

By doing a good job of bin cleaning and afterward spraying with 5 per cent DDT before the newly harvested grain has been put in, you can kill out the hold-over infestation, and give the new grain a chance to escape damage.

C. A. King, associate extension entomologist of Texas A. & M. college, says that these tiny insects get one out of every eight bushels of farm stored grain in Texas. Further north, it's not that bad. Missouri loses one in ten, and the national average is one in twenty. So, you can see Texas is at the top of the "high loss" list.

Entomologists point out that grain losses can be lowered greatly by harvesting grain as soon as it is dry enough for safe storage and by storing it in weather-tight bins that have been made insect free by a thorough cleaning and spraying. After the grain is stored, check it now and then to see if the bugs are getting into the grain again. If they are, fumigate with a mixture of ethylene dichloride and carbon tetrachloride at the rate of 6 gallons per 1,000 bushels.

Stored grain insects get 300 million bushels of the nation's total production every year, worth over \$600 million at today's prices. Since Texas insects get one in every eight bushels, this state can go a long way in cutting down that 300 million bushel grain loss, says King.

**Vacations Start for Winners In Railroad History Contest**

Seven essay winning Texans will leave for the cool, higher altitudes of Colorado's mountains via the Texas Zephyr Sunday afternoon, to be escorted on a 10-day, all expense tour of Colorado by Robert L. Boyd, general presser agent for Burlington Lines, Fort Worth, who will be accompanied by Mrs. Hoyt to assist in looking after the party.

The group represents all sections of the West Texas area served by Fort Worth and Denver City Railway and The Wichita Valley Railway, and there will be a special guest from the East Texas city of Tyler. They are the six winners of the railroad's Diamond Jubilee Essay Contest, conducted in all of the 35 counties through which Burlington Lines operate northwestward from Dallas and Fort Worth, and the winner of the Fort Worth Press "Save the Soil and Save Texas" statewide essay contest.

Miss Peggy Sebring is the Tyler winner of the soil conservation essay contest, whose expenses on the trip are to be borne by the North Fort Worth (Texas) Kiwanis club and the Save the Soil and Save Texas fund raised by the newspaper.

She will board the Texas Zephyr at Dallas, where she will be joined by Herbert M. Jones of that city, one of the railroad's Diamond Jubilee Contest winners.

At Fort Worth they will be met by Mr. and Mrs. Hoyt; Miss Grace Mae Phillely, high school senior of Abilene, the winner of the railroad's contest from that area; and Mrs. Eugene McCluney of Fort Worth, to whom a special award was made for an outstanding essay. Mrs. McCluney will be accompanied by her eight-year old daughter, Marian.

Miss Betty Illane Ottuff, an office worker for a roofing concern of Wichita Falls, and winner in the Wichita Falls district, will be next to join the party, getting aboard the Zephyr at her home town for the beginning of the 10-day tour.

Robert Gerner, senior and valedictorian of the Lelia Lake High school graduating class, will join the group at Clarendon as the Zephyr passes that station. He is the winner from the Amarillo area.

At Amarillo, the winner from Lubbock, Miss Lola Beth Green, an instructor of English at Texas Tech, will be welcomed by the entire group. The party then will be complete with seven happy, winning essay writers, two very

proud escorts, and 8-year old Marion McCluney, ten representative Texans determined to enjoy all of the glories of Colorado's Rocky Mountains early in the tourist season when everything is at its best.

The trip will take them first to Denver for a day and night stop-over Monday, June 14. A luncheon party has been arranged for them and Denver newsmen at the Denver Athletic club, where they will be entertained by the railroad's officials. A sightseeing trip of the Denver Mountain Parks will occupy Monday afternoon. Headquarters in Denver will be at the Brown Palace Hotel.

On Tuesday morning the 15th departure will be made for Rocky Mountain National Park. Tuesday afternoon and night will be spent at Estes Park. Wednesday morning will take the party over Trail Ridge Road to Grand Lake for an afternoon and night lay-over.

At Granby on Thursday morning the 17, the group will board the Exposition Flyer for a thrilling ride through Colorado's western ranges in one of the new Vista Dome observation chair cars just placed in Chicago to San Francisco through service via Denver by the Burlington Lines, Denver and Rio Grande Western, and Western Pacific Railroads. From a glass enclosed, observation come, atop the mountain and valley scenery will be open to them.

Thursday afternoon will find the Texans in Glenwood Springs for a two-day stopover in that delightful Western Colorado resort. Headquarters will be at the famous Hotel Colorado, and a sightseeing trip will be made to Aspen and return. Aspen is the Colorado mining town, just out of Glenwood Springs, that currently is attracting so many tourists.

Saturday, the 19, will find the touring Texans aboard another Denver and Rio Grande Western Railroad train for a daylight ride through the center of Colorado's famed mountain wonderland, via the Royal Gorge to Colorado Springs, where a layover will be made until Monday the 21.

At Colorado Springs a sunrise trip to the summit of Pike's Peak is planned. Headquarters will be at the Antlers hotel, until departure Monday afternoon aboard the Texas Zephyr, enroute home. The afternoon Zephyr ride through Southern Colorado will take the party past the famous CF&I steel mills in Pueblo, the Sangre de Cristo Range near Trinidad, Mt. Capulin, an extinct volcano near Folsom, N. M., and through Clayton, N. M., one of the few remaining truly western towns.

Arrival home will be on Tuesday, July 22, after a 2,200 mile tour of one of America's most wonderful vacation regions.

**Value of Fertilizer Proven In Added Wheat Yield**

Wheat with fertilizer and wheat without fertilizer showed quite a difference on Hale county farms, reports County Agent Manuel W. Ayers.

F. B. (Buck) Hunt, who lives 10 miles northwest of Plainview, has several plots for demonstration purposes, and is finding out quite a bit about how good fertilizer really is.

On his 350 acres, Hunt has tried several different farm management practices where he uses different amounts of fertilizer on his plots. On one wheat plot Hunt applied 200 pounds of ammonium nitrate last fall before sowing. Another section is in summer fallow wheat land, and some has been planted to wheat only year after year. One plot under each of these conditions was left as a check plot.

The fertilizer wheat on summer fallow looks as if it is doing the best of all, says Hunt. He estimates about 45 bushels to the acre. The unfertilized on summer fallow is estimated at around 30 bushels. On one plot of wheat following milo where no fertilizer has been added, only 7 bushels per acre is expected. With an investment of a little short of \$7 per acre for the fertilizer and an expected 15 bushels increase in acreage because he applied the fertilizer, Hunt is looking forward to \$30 more per acre at the current market quotations.

Hunt realizes that commercial fertilizer is not the whole answer to keeping the soil at its highest producing level. In order to maintain his soil fertility, he will have to develop a crop rotation system using winter legumes and other cover crops that add humus to the soil.

Hunt is not the only one. Quite a few farmers in Hale county are having similar experiences with fertilizers on irrigated crops this year, reports Ayers, and just as many are working out a legume rotation system to keep their soils up to a high level of production.

**Increase Salt Diet In Warm Weather Doctors Advise**

There is little doubt that summer is here. If you don't think so, take a quick look at your thermometer or feel your shirt or blouse—chances are that it will be wet and salty with sweat. Excessive sweating means the loss of body salt, and Dr. George W. Cox, state health officer, advises the use of salt in wrinking water as a means of avoiding heat cramps.

"Salt is a prominent constituent of sweat," says Dr. Cox. "On days when the thermometer goes to 90 degrees or above, as it has recently, the body may lose as much as fifty grams of salt. Laborers, farmers, and even white-collar workers should be especially watchful of heat cramps."

Heat cramps are characterized by pains in the stomach, headaches, and sometimes nausea and vomiting. The danger comes because the loss of the salt may occur without the knowledge of the individual until the deficiency causes cramps or heat fag.

Salt tablets may be purchased commercially. If they are not available, a pinch of table salt will serve the same purpose. "Drinking milk is an excellent method of replacing body salt lost through perspiration," Dr. Cox says, "but alcoholic drinks should be avoided."

**Hart Conducting Intensive Campaign For Office**

For a "week end campaigner," Associate Justice James P. Hart, of the Texas Supreme Court has been covering a lot of ground these last three months.

Running for his first state office and his first elective term on the Supreme Court, Judge Hart has campaigned in more than 85 counties and made speeches in some 25 Texas cities.

You may have to do a little figuring to discover that it says "ELECTRICITY IS A BARGAIN"—but it doesn't take much figuring to realize what a great bargain your electric service really is!

Your pocketbook tells you that living costs have sky-rocketed—that nearly everything costs more nowadays. But not your electric service! The average family served by the West Texas Utilities Company still gets twice as much electric service for its money as it did 20 years ago!

### Eastern Star Installs Officers

Opal Gilliam was installed Worthy Matron of Haskell Chapter No. 892 O. E. S., Tuesday evening, June 8, at a stated meeting. The retiring Worthy Matron, Mable Overton used a Hawaiian motif as her theme of decoration with leis made of the five colors of the central star for each member. The hall was beautifully decorated with cut flowers and greenery.

A lovely white Eastern Star Bible was presented to the chapter by the retiring officers and dedicated in an impressive candle light ceremony. The retiring matron presented each of her officers for the past year with a hand made apron decorated with silver sequin stars. The chapter presented the incoming matron with a large O. E. S. scrap book and a bouquet of red rose buds. Tribute was paid to the retiring matron and patron Mabel and Gene Overton for their inspiration and leadership for the past year, and Sister Overton was presented with a past matrons jewel.

Nell M. Royall, past matron of Haskell Chapter acted as installing officer and was assisted by Ruby Whitaker as marshal, Stella Josselot as chaplain and Laura Overton as organist. Each of the installing officers assisting were given a gift of appreciation by the incoming matron and Sister

### Five Pledges Are Installed In Beta Upsilon

Five rushees were admitted to membership in the Beta Upsilon Chapter of Epsilon Sigma Alpha on June 4. The traditional installation ceremony was conducted by Mrs. Carrie Williams, Educational Director, in the home of Mrs. Tom Davis. Those installed were: Lucille Covey, Frances Perry, Mary Fay Fowler, Joan Fowler, and Patsy Pate. A sixth rushee, Mary Ann Nugent, was unable to attend the meeting and will be installed in the near future. After the rushees had repeated the sorority pledge, Carolyn Williams, Rush Captain, pinned the sterling silver open book pledge pin on the new members, followed by the opening ritual by the president, Sue Pate.

During the business meeting which followed, the president appointed the following committees: Contact: Janice Pace, Mary Ellen Edwards, Joan Fowler; Social: Carolyn Williams, Frances Perry, Mary Ann Nugent; Ways and Means: LaVera Riley, Patsy Pate, Mary Fay Fowler; Publicity: Wanda Dulaney, Lucille Covey.

The new pledges were given two of their initiation duties, the remainder of which will be assigned at the groups overnight encampment, planned for June 26-27, at Possum Kingdom Dam.

The charter members present, in addition to the rushees and educational director, were: Lucille Zelisko, Edna Minick, Janice Pace, Carolyn Williams, Sue Pate, and Wanda Dulaney. LaVera Riley and Mary Ellen Edwards, also charter members, were out of town. A picture of this latter group, taken at their installation ceremony will appear in the next issue of the Jonquil, the National ESA magazine. Also in the picture is Mrs. Betty Crowder, National Field Secretary, who organized the Haskell Chapter.

### Wheeler-Wheatley Wedding Vows Read Tuesday

Tuesday morning June 15, Miss Genetha Wheatley, daughter of Mr. and Mrs. Elmer Wheatley became the bride of Gilbert Wheeler, son of Mrs. Jewel Wheeler of this city. The double ring ceremony was performed by the Rev. H. R. Whately in the First Baptist church before a background of pink gladioluses, fern and palms. The bride was given in marriage by her father.

The bride wore for her wedding dress a white crepe fashioned in Colonial style with long sleeves, and a fingertip veil. She carried a bouquet of white carnations. For her going away dress she chose a beige sharkskin suit with pink blouse and brown accessories.

Miss Virginia McBeth of Merrietta, Texas, was maid of honor. With her dress of pink organza she carried a Colonial bouquet in pastel colors. Ray Overton, Jr. served the groom as best man.

Jean Conner sang, "I Love You Truly," and "Because," accompanied at the organ by Mrs. O. E. Patterson who played the wedding music also.

Mrs. Wheatley the bride's mother wore a black and white printed mesh with a shoulder corsage of white carnations. The groom's mother was dressed in brown and white printed silk with a pink carnation corsage.

At the reception given by the brides parents, at the home of Mr. and Mrs. Carl Wheatley, Mrs. Neil Littlefield served the wedding cake, and Miss Jimmie Lou Free poured punch assisted by Mrs. J. W. Holland and Mrs. E. L. Basing. The couple left for a brief wedding trip after which they will be at home for the next six weeks in Dallas.

Mrs. Wheeler is a spring graduate of Mary Hardin college and Mr. Wheeler graduated from A. & M. this month.

Reda Thornton, 17, daughter of Mr. and Mrs. Curtis Thornton of Haskell is to be Haskell's sponsor to the Texas Cowboy Reunion in Stamford on July 2-3-5.

Miss Thornton, a 1947 graduate of Mattson High school in Haskell county, attended McMurry college in Abilene this year. She will major in physical education. Miss Thornton has lived on a

Swenson ranch her entire lifetime. She was born on the Swenson's Tongue River Ranch in Cottle county and moved to the Swenson Throckmorton Ranch in 1934 where she has lived since that time.

Her horse, Dusty, a 6-year-old Arabian breed, is a Swenson horse and was raised and used on the Throckmorton ranch.

She was Haskell's sponsor to the Stamford Reunion last year.

**MOOSE ON LOOSE SMASHES OAKS**

**BOZEMAN, Mont.**—A bad-tempered bull moose staged a fast workout with three automobiles and of course the automobiles got the worst of it. The moose miss badly once or twice and then escaped. The next car, driven by a lady, was badly dented, while the third victim was forced to back up a quarter of a mile before escaping the animal.

**SAVES ONE, ONE DIES**

**MANCHESTER, Me.**—With her house ablaze, Mrs. John L. Childs twice re-entered the burning house in an effort to reach her baby, Sadie Jean. Her son, Joseph, 3, toddled after her. Mrs. Childs was forced to turn back from smoke-filled stairs each time to carry Joseph to safety. The third time, the boy stayed outside but by then the stairs were cut off. The baby's body was found in the ruins, dead of asphyxiation.

**CAT MOURNS DOG**

**CHICAGO.**—Sniffy, a female cat, grieved over the death of her friend, Chip, a dog, who was killed by an automobile, sits beside the dog's grave in the backyard of the home of her owner, Max Eichner, and refuses to leave.

**HORSE UPSTAIRS**

**LLANFAHRETH, Wales.**—Opening her second-room door, a guest in the home of Joseph Jones stared into the eyes of a horse in the hall. She called firemen, who backed Dobbin down the stairs and returned him to his owner.

**2 YEARS FDR 2 STICKS OF GUM**

**SALEM, Ore.**—Walter Brooks was recently sentenced to two years' imprisonment for burglarizing a warehouse. His loot—two sticks of chewing gum.

Most candidates know that they can't fool all the people all the time; but are content to fool the majority for a short time—around election time.

**UNKNOWN GIVER CUTS CHURCH DEBT**

**READING, Pa.**—When an official of the Bethany Lutheran Church of West Reading went to a Reading bank to pay the interest on the \$11,500 indebtedness of the church, he found that the principal was only \$6,500. An anonymous donor had paid \$5,000 on the debt without saying anything to the pastor, or members of the church council.

Apparently honesty isn't the best foreign policy.

Mr. and Mrs. Marvin Gibson son's father, Mr. and Mrs. Date and daughter, Mary Catherine of Anderson and his parents, Mr. Clovis, N. M., visited Mrs. Gibson and Mrs. H. S. Gibson.

LET'S BUY BONDS AGAIN

The campaign of the government to persuade Americans to purchase government bonds was instigated with the hope that billions of dollars will be added to family savings.

President Truman, in opening the Security Loan campaign, declared that world peace depended on a sound and expanding economy and that every purchase of savings bonds contributed directly to the strength of the nation.

We do not hesitate to recommend that families, or individuals, purchase the bonds of the government. In the first place, the investment will be safe and, in the second place, every dollar put into such savings decreases the spending money available.

While there will be many families in Haskell county who will not buy any of the savings bonds of the government, there will be many others to make such purchases. These will postpone present purchases for future buying and, we have no doubt, the wisdom of such action will become abundantly plain in future years.

Gardens Sending Array of Foods To Texas Tables

Texas gardens are paying off. Even with drought in some areas, heavy rainfall in others and even hail in a few places, Texas gardens are making money.

The grocery store sells tomatoes at two bits a pound, says J. F. Rosborough, extension horticulturist of Texas A. & M. college, those free ones out of the home garden sure taste good.

All the rest of those fresh vegetables taste good too. . . the free sweet corn, new Irish potatoes, squash, lettuce, green beans, mustard and cucumbers. If you get most of the meal from your own garden, it really makes a big difference in the grocery bill.

If you are in one of the dry areas and the soil doesn't have much moisture, then a little water wouldn't hurt the tomatoes—especially if the plants appear wilted during the day. And watering the tomatoes will prevent blossom end rot of the fruit, too.

For the best quality, pick the tomatoes just as they begin to turn pink on the vine. Then spread them out in the shade a few days until they get that deep red color. At this stage they are at their best.

The early plantings of mustard, radish and lettuce have gone to seed by this time. Bright yellow flowers mark the rows of the careless gardener. Don't leave these old vegetables standing in your garden. They are carriers of disease, thieves of soil moisture, and hiding places for insects. When a garden vegetable is through producing, plow it up and leave the soil fallow.

If you keep the old vegetables plowed out, the garden soil is always ready to be planted again when favorable conditions permit, says Rosborough.

HASKELL COUNTY HISTORY

Brief News Taken from Old Copies of The Free Press

50 Years Ago—June 11, 1898
E. Hill, a former resident, is here this week. He has moved back from Indian Territory to Throckmorton, and as he still owns a good farm near here its probable that Haskell county will again count him as a citizen before long.

Miss Una Foster arrived home this week from college. The candidates woke up again this week. W. J. Sowell coming out for tax assessor, and H. R. Jones announcing for county judge.

Miss Alice Pierson left Thursday on a visit to Austin and other points. At the election for school trustees last Saturday for this district R. E. Sherrill and W. B. Anthony were elected.

Mrs. F. G. Alexander, Mrs. J. W. Collins and Miss Edith Sowell left Thursday on a visit to relatives and friends in Collin county.

Among the prominent lawyers in Haskell this week are Messrs. C. C. Johnson of Scurry, J. A. Stephens of Knox, F. E. Pimer and S. H. Hoskins of Denton. They are here in connection with the trial of a Scurry county man charged with murder, sent here on a change of venue.

All able bodied men between the ages of 18 and 45 years who wish to offer their services in a cavalry company are asked to send their names to Capt. G. O. Nicholson at Wichita Falls.

James Pratt, writing us from Amarillo, June 4, says that he promised a number of friends here to inform them in regards to work there, and asks us to print the following: "I have been here two weeks at work by the day at \$2.75 per team per day. The company is paying \$1.50 per day for men, and hires all good teams that come. The road we are building is 206 miles long, and we need good men."

Mrs. McLean and children arrived Thursday evening from Arkansas on a visit to her father, Dr. J. G. Simmons.

30 Years Ago—June 15, 1918
More than 700,000 American soldiers are now in France, Secretary of War Baker has disclosed.

Governor W. P. Hobby will speak in this city June 19 in the interest of his candidacy for reelection.

Mrs. Larry Smith and children, who have been making their home with her parents, Mr. and Mrs. Mullins east of town, left this week for Camp Bowie, to visit her husband and father, Larry Smith, who is stationed there.

Pvt. Jess Adams, who has been visiting his parents on a furlough from camp Standish, Boston, Mass., left for camp Thursday.

The local board has received a call for four men to go to Texas A. & M. college for a special course in mechanics. Those who will compose the party are Tom Donohoo, H. A. Lawson, Troy Howell and Harry Ragan.

Ben McFatter, who has been in cavalry training at Wichita Falls is spending a few days at home. He expects to be called for active duty during the next ten days.

B. C. Hardin has sold the Rochester Express to F. M. Greer, who formerly published a paper in that thriving little city.

Mrs. Owen Tolliver of Ballew is visiting in the home of her uncle, Mr. and Mrs. R. P. Glenn this week.

T. W. McGahan of Hamlin was here Wednesday recruiting laborers for the cement and plaster mill in that city.

A. M. Hughes of Fort Worth spent from Sunday until Wednesday of this week with his parents, Mr. and Mrs. S. A. Hughes.

Walter Chapman of Anson was here this week in the interest of his candidacy for district judge.

20 Years Ago—June 14, 1928
Miss Annie Bess Chambers of Abilene is the guest of her sister, Mrs. Wallace Cox.

Tom Strickland of the Sayles community, where they have been short of moisture most of the year, says that about one-half an inch of rain fell in his section this week which was highly welcomed by farmers.

Mr. and Mrs. A. H. Wair and children have returned from Fort Worth where they have been visiting relatives.

Miss Lila Ruth Key left Monday for Denton, Dallas and Fort Worth where she will spend an extended visit with relatives and friends.

Misses Elizabeth and Mae Baldwin of San Antonio are guests in the home of their sister, Mrs. J. U. Fields and Mr. Fields.

G. W. Tillinghast, formerly of Munday, has moved to Haskell and has been employed as manager of Bell-Moore Motor company.

Miss Katherine Rike arrived home Friday from Dallas, where she has been attending Southern Methodist university.

Mr. and Mrs. H. C. Wyche enjoyed a visit last week from several of their children: Mrs. A. B. Hull of Dallas, Mrs. J. A. Richer and Carlton Wyche of Wichita Falls, Mr. and Mrs. Emmett Wyche and children of Lamesa, and Everett Wyche of Camasa.

"Great Prayers" Is Study Topic At WSCS Meet

Great prayers of the Bible was the subject of study Monday when the W. S. C. S. met in the home of Mrs. A. H. Wair with Mrs. Joe Irby and Kimbrough as co-hostesses.

Mrs. J. U. Fields conducted the lesson on the prayers of the judges, kings, prophets and psalmists.

The group joined in singing, "Take Time to Be Holy" and "Open My Eyes that I May See." Mrs. W. A. Kimbrough gave the opening prayer. Mrs. Joe Irby led the closing prayer.

Present for the study and social hour were Mesdames Wallace Cox, V. N. Henderson, O. E. Patterson, W. D. Kemp, P. D. Sanders, M. B. Watson, A. H. Wair, W. A. Kimbrough, Joe Irby, J. U. Fields, and M. E. Heiber.

VISITING GRANDPARENTS

Hazel Ann Bettis is here from Fort Worth visiting her grandparents, Mrs. Harry Bettis and Mr. and Mrs. Henry Smith.

Mr. and Mrs. Cecil Paul Hudson and baby from San Francisco, Calif., are here visiting his mother, Mrs. Mattie Hudson and other relatives.

Mr. and Mrs. Allen Bell visited their son, Howard Bell and family at Coleman last week. Their grandson, Ronald Bell, came home with them for a few days visit.

Mrs. Pete Huntsman and children were in Haskell Monday on business.

Robert King and family visited relatives in Jayton and Hamlin last week.

Mr. and Mrs. D. Hindsley and baby of Stillwater, Okla., were guests a few days last week in the home of her parents, Mr. and Mrs. M. Steele.

Miss Billie Jean Henry of Rule spent the week end here in the home of Mr. and Mrs. Pete Huntsman.

Jack Carothers is here for a few days visit with homefolks, after which he will resume his studies at Texas A. & M. college.

Ann Carothers has returned home from Hardin-Simmons university at Abilene and will spend the summer with her parents, Mr. and Mrs. Bill Carothers.

Lola May Mimsley of Guthrie, Okla., visited relatives here last week.

Mrs. Donald Hindsley and baby of Edmond, Okla., visited her parents, Mr. and Mrs. Everett Berryhill last week.

Rudolph Hediger of Blanco was a guest here Sunday in the home of Mr. and Mrs. James A. Greer.

Bruce McElroy and family returned to their home in Atmore, Ala., last week after a visit here with relatives.

Pete Huntsman, Jr., of Floydada spent the week end here with his parents.

Dennis Chapel HD Club Meet With Mrs. Hutchinson

The Dennis Chapel HD club met in the home of Mrs. R. E. Hutchinson. They had nine members, three visitors and our agent present. Francis Harrel and Sharon Reed showed how to set a table. ## By the NUMBERS, PLEASE

A lot of folks like to make telephone calls simply by asking the operator to "give me the Jones house". While we're glad that you regard the telephone with such informal friendliness, we're afraid this friendly spirit sometimes prevents good service. So please, won't you call by number instead of by name. If you can't find your number in the directory, "Information" will help you. Your cooperation will help improve service.

Darlene Earp, 16, daughter of Mr. and Mrs. John W. Earp of Weinert, will represent that community as a sponsor to the Texas Cowboy Reunion in Stamford on July 2-3 and 5th.  
Darlene, a 1948 graduate of Weinert High school, was active in girls sports and for three years she received the school's "Girls' Athlete Medal" for outstanding achievements in sports. She finished high school with high honors, and is currently a winning pitcher on the strong girls softball team of Weinert.  
She was one of two Weinert students selected for the 1948 "Whos-Who Among Students in American High Schools." She will enter college this fall.  
Her horse, "Zipper," is a 4-year-old Palomino owned by C. B. Leach of Weinert.

### A LONG-DISTANCE COMPLAINT

SPokane, Wash.—A woman in Cape Girardeau, Mo., recently called Police Capt. George Freeman to report that a man was giving her some trouble and she wanted an officer. Freeman advised her to call her local sheriff, explaining that she was not talking with nearby Spokane, Mo., but with Spokane, Wash., a difference of about 2,000 miles.

### BIRD UPSETS FAMILY

CHICAGO.—A couple of weeks ago, a robin built her nest on top of a light fixture at the front door of the Stuart Grau home. Now, the members of the Grau family are using the back door until the young birds are hatched. Visitors are also escorted to the rear in order not to disturb the prospective family.

### Girls More Carefree Thanks To 2-Way Help

What to do for woman's oldest problem, functional monthly pain? Many a girl and woman has found the answer in CARDUI 2-way help. You see, CARDUI may make things lots easier for you in either of two ways: (1) started 3 days before "your time" and taken as directed on the label, it should help relieve functional periodic pain; (2) taken throughout the month like a tonic, it should improve your appetite, aid digestion, and thus help build up resistance for the trying days to come. CARDUI is scientifically prepared and scientifically tested. If you suffer "at those certain times," get CARDUI today.
