Burial was in Willow Cemetery under direction of Holden's Funeral Home. Grandsons of the deceased were pallbearers, and granddaughters were flower bearers.

Watch Lost 2 Years Will Keep Perfect Time

Buck Bland, farmer, living southwest of Haskell, is the owner of a wrist watch he believes is all that any manufacturer could claim. Basis for this belief is the fact that after having been lost for two years, the timepiece is still as good as new in both appearance and operation. Bland lost the watch in 1947 while doing his spring plowing—and found it the same way this year. After being exposed to the elements for two years, the watch was in almost perfect condition, and the metal wrist band was unharmed.

Light Vote Prospect In City Election

CPL. CARLTON LANE

Body of Corporal Carlton Lane Arrives in U.S.

Noah S. Lane of this city has been advised by the War Department that the body of his youngest brother, Corporal Carlton Lane, has arrived in the United States. Reburial rites for Cpl. Lane will be at the Goree Cemetery, with the Goree American Legion conducting military rites.

Date and time of reburial services are pending awaiting further notice from the War Department.

Cpl. Lane was inducted into the Army at Fort Sill, Okla., and assigned to the 90th Infantry Division, Company I, 358, at Abilene, Texas. This division joined the Normandy invasion forces on June 6, 1945. Cpl. Lane was a platoon leader, and he was killed by an enemy sniper at daybreak on June 11, 1945.

Corporal Lane was born in Canton, Texas, April 12, 1909. He is survived by four brothers and three sisters, Noah S. Lane of Haskell, Ed Lane of Munday, Roy and Charlie Lane of Goree; Mrs. Minnie Parks of Breckenridge, Mrs. Willie Martin of Munday, and Mrs. Virginia Whisenand of Foreman, Ark. He was preceded in death by his mother in 1912, his father in 1942, and an older brother, John Lane of Wichita Falls.

50th Anniversary Services Held At Rochester Church

The First Baptist Church of Rochester has rounded out 50 years of service and scores of former members returned there last Sunday for all-day anniversary services.

A crowd of more than 300 persons overflowed the newly decorated auditorium for the morning service at which the Rev. J. Lowell Ponder, a former pastor brought the message. Reverend Ponder is now district missionary at Houston.

Many friends of the church sent floral gifts and the rostrum of the auditorium was a veritable bank of beautiful spring flowers. Another gift to the church was a three-tiered cake with a big gold "50th Anniversary" emblem on top.

"Theme of the day's program was 'We Exalt Christ.'"

Following the morning service lunch was served in the church basement.

The afternoon service was highlighted by a reading of the church history, recognition of guests and charter members of the church. The afternoon message was brought by the Rev. C. Jones of Haskell, a former pastor of the church.

Following the afternoon service the congregation was conducted on a tour of the new stucco parsonage by the pastor, the Rev. Cecil Meadows and his wife.

Supper was served in the church basement preceding the Training Union and the night service. Another former pastor, the Rev. Leon Frazier, Houston, brought the evening message.

The church has 180 enrolled in Sunday School, but Sunday morning's attendance was 234. Still larger crowds were present for the other services of the day.

Weinert Church of Christ Announces Gospel Meeting

With Lloyd Connel of Stamford as the evangelist, a Gospel Meeting will be held at the Church of Christ in Weinert, starting Monday, April 4th and continuing through Wednesday, April 13th. Wilson Bean of Rochester will lead the song service during the meeting.

Services will begin each evening at 7:45, and the people of Weinert and territory are invited to attend all services possible.

Voting is expected to be light in the annual City Election to be held Tuesday April 5th, when two members of the City Council are to be elected. They will serve for two years.

Names of four candidates for the Aldermanic posts are listed on the ballot.

They are: Wallace Cox, local hardware and furniture merchant who is now a member of the City Council and is City Park Commissioner; Bynum, office supply dealer; Olen Dotson, automobile dealer and former Sheriff; and W. A. Gilmore, tractor and implement dealer.

The election will be held at the City Hall during the hours fixed by law, with polls opening at 8 o'clock.

Virgil A. Brown will be judge of the election; and will be assisted by Mrs. Clarence Taylor, Mrs. Claud Jenkins and Mrs. Wylie Quattlebaum, clerks.

Election of Mayor Set May 3

City voters will ballot again on May 3, date of a special city election for the purpose of naming a Mayor to serve the unexpired term of Mayor W. Q. Casey whose resignation is effective tomorrow, April 1.

Mr. Casey's resignation was presented two weeks ago, after he had accepted a position with the First State Bank at Moshoe.

Only name filed for the office of Mayor is that of Courtney Hunt, prominent businessman and civic leader, whose friends and supporters petitioned him last week to permit filing his name for the post.

During the interim from April 1st until the special election in May, Alderman A. M. Turner has been named Acting Mayor by the City Council.

No. 1 Burson Oil Test Shows As Producer

Indications of discovery production from the Strawn section have been reported for the Humble Oil & Refining Co., No. 1 C. G. Burson, Jr., et ux, north-west of Haskell.

On drillstem test Wednesday from 4737-45 feet, the well showed gas to surface in 58 minutes and gave recovery of 180 feet of clean oil with no water on a 1-hour test. Shutin pressure was 1700 pounds. Operators were expected to start coring from 4745 and then take another test today.

No official call on the formation had been made, but it was generally considered to be the same Strawn sand section in which the Danciger No. 1 Bogard was recently completed. Location of the prospective discovery is 467 feet from the north and 996 from the west line of the east 189.97 acres of subdivision 12 J, Korus survey.

The well was started as an Ellenburger test, with permit for 6000 feet. Decision on whether to attempt completion immediately or drill on to the deeper formation and plug back if no deeper shows are found will be made after further tests.

Location for another new Ellenburger test in Haskell County, 20 miles southeast of Haskell, has been made by Mid-Continent Petroleum Corp., on the No. 1 Margaret Waldrop. On permit for 6000 feet with rotary, it is located 4900 feet from the north and 6300 from the east line of Wm. Taylor survey abstract 392.

Six and a half miles northwest of Rule, General Crude Oil Co., et al was drilling below 5546 feet on the No. 1 Ed L. Johnson, Ellenburger test 660 feet from the south and east lines of the southeast quarter of the southwest quarter of section 35 Wise County School Lands survey. The well had no shows in the Strawn section. Permit is for 6250 feet.

Naomi Bible Class Elects Officers at Recent Meeting

The Naomi Bible Class met in the Educational Building of the First Baptist Church March 22, at 7:30 p.m., for a business meeting, it being the time to elect new officers for the class.

The house was called to order by the president, Mrs. Arthur Edwards.

A song was sung directed by Mrs. Walter Rogers, with Mrs. Chas. Quattlebaum at the piano.

The president called for the group captains report, Ruby Alvis having group one, and Ruth Taylor group two. They gave splendid reports. Their reports are the work that we do. So let's help them to have good reports each time.

Mrs. Trav Everitt was asked to give a report of the nominating committee to get new officers for the class.

The following officers were elected:
Pres.—Mrs. Arthur Edwards.
1st Vice—Mrs. Homer McNutt.
2nd Vice—Mrs. Jim Alvis.
3rd Vice—Mrs. Chas. Quattlebaum.
4th Vice—Mrs. Paul Cothron.
Sec. & Treas.—Mrs. Calvin Wheeler.
Recording Sec. & Rep.—Mrs. Jno. Fouts.
Pianist—Mrs. Hayden McDonald.
Chorister—Mrs. Tom Holland.
Flower & Card Chair—Mrs. Frank McCurry.
Historian—Mrs. Ed Cass.

There was no installation service for these new officers because of the changed date of the next meeting, and we did not have our regular monthly social.

The Js are to have charge of the social in April. This being all of the business we adjourned. The group had a sing-song after the business meeting. There were about 20 ladies who took part in the singing.

Willing Workers HD Club of Jud Holds Regular Meeting

The Willing Workers H. D. Club of Jud. met in their regular meeting on Thursday, March 24, in the home of Mrs. Cecil S. Jetton.

The president, Mrs. John Powell, called the house to order at 2:30 p.m., and a one hundred percent attendance of active members, was had for the second consecutive time. The song, "I Would Be True" was sung.

Mrs. D. N. Powell gave a timely topic when she discussed "Milk—Feed Your Tomatoes." Quoting Mrs. Powell, "Dairy products are good for garden crops as well as for people," says Louis G. True of Montana State College. Everyone knows that milk is good for all animals—including people. But have you tried it on your young tomato plants? Well, it will make them grow, too. They will mature earlier, the vines will be sturdier, the root systems 50 percent bigger by transplanting time and the tomatoes at harvest time will be big solidly-flush, with few seeds. As for yield, it will be almost double. Milk appears to act much like some of the new growth-stimulating hormones. It has been tried on onions with similar results. Buttermilk, skim milk and powdered milk are used the same way, one-third ounce to each plant for the first week, then increase one-third ounce for the next 5 weeks.

The slick trick demonstration was given by Mrs. John Powell when she used coca-cola to remove paint from window panes. Any carbonated water will remove paint.

Mrs. J. H. Isbell furnished the game for the afternoon.

Each member was asked to bring to club for the day some project they were interested in. During the activity period some sawed and sanded magazine racks, one sanded an electric lamp, one hemmed a dress, another put a zipper in a skirt, some drew patterns for cutting boards and shoe racks and some copied recipes from a new cook book.

Refreshments of sandwiches, Easter cookies and fruit punch were served to Mesdames E. E. Burleson, Paul Bell, Henry Downey, Nathan Foster, J. H. Isbell, S. E. Lewis, Joe Mathis, R. E. Mathis Jr., D. N. Powell, John Powell, Ira Short, Cecil Jetton and three visitors: Mrs. Terry of DeLeon, Texas, Mrs. C. W. Jetton and Mrs. R. H. Sprowls.

Harmony Club Has Texas Day Program

The Harmony Club met in the Homemaking Cottage Thursday, March 24th, at 7:30, for a Texas Day program.

Mrs. John H. Banks, president, presided for the business session. Mrs. M. E. Helber was elected delegate and Mrs. Tommye Hawkins chorate to the state convention which convened in Dallas, March 26th.

Mrs. Tommie Hawkins directed a program, music of West Texas. Mrs. R. L. Harrison reviewed the progress of music in Texas. Mrs. O. E. Patterson played Pickaniny Dance; Mrs. John H. Banks sang "Hills of Home."

Mrs. Calvin Henson read the Cowboys Christmas Ball, Mrs. M. E. Helber played the famous square dance number, "Turkey and the Straw."

Gayla Holland, Sue Busby and Rose Ann Johnson sang, "Old Faithful," "Home On The Range" and "Song of the South." They were accompanied by Mrs. J. F. Cadenhead.

"Texas, Our Texas" was sung by the club members.

Stories were told from around an improvised camp fire by Mrs. C. L. Lewis, who told the story of the Stetson hat, and Mrs. Cecil Gregory telling the high points of her recent visit to the Kings ranch.

Pecan pie and coffee were served.

WEEDS AND PESTS TAKE A LICKING WHEN YOU USE A MASSEY-HARRIS NO. 2 SPRAY

... and the result is clean, high yielding fields that produce better because they're stronger. In the new Massey-Harris No. 2 low gallonage sprayer you have a front-mounted tool custom designed to weed, insect and cultivating expense. The pump on the No. 2 is P.T.O. driven, compact, out of the way. Made of bronze it resists corrosion, lasts longer. You control pump and boom right from your place on the tractor seat. Booms are specially toughened aluminum, 20 or 30 feet long with removable tips and screens... the boom in the boom. Ample filtering capacity means clogging, fewer stops in the field. Stop in soon for complete details. Let's talk new method of applying 2, 4-D and D.D.T.

Special rain drops with reversible nozzle adaptors are available for spraying row crops with 2, 4-D or D.D.T.

COTTON MAID WEARS GLAMOROUS COTTON COLLECTION

1949 Maid of Cotton Sue Howell wears a striking cotton velveteen late dress from her fabulous cotton fashion collection. This frock is designed by Gail Chapman in fabric by Juillard.

Here is the official National Cotton Council portrait of the 1949 Maid of Cotton, brown-eyed Sue Howell of Bakersfield, Calif. The pretty Maid is now in the midst of her glamorous international tour as the cotton industry's fashion and goodwill ambassador. As King Cotton's official representative, she will visit more than 35 major cities in the United States, England, and France. On her tour the Maid wears a beautiful collection of cotton costumes created especially for her by 30 of the nation's top designers.

Miss Sue Howell, 1949 Maid of Cotton, is pretty as a picture in a smart terrace dress designed in Everlast printed cotton by Frances Sider for summer dining and dancing.

Diamonds Take the Spotlight In Nation's Jewelry Stores

The largest stocks of diamond jewelry available in many years are being displayed by retail jewelers all over the country during the "1949 Diamond Jubilee" from March 27 to April 19. It was announced by the Jewelry Industry Council. Diamonds will be featured in the latest engagement and wedding ring styles, as well as the new fashions in pins, watches, bracelets, earrings, necklaces and men's jewelry.

As for diamond jewelry for men, that seems to be where the boys at long last are getting a break. The custom of giving the girl a diamond ring for an engagement present is an old one but in recent years the practice of the girl giving the man something with a diamond has come into popularity.

Another interesting sidelight on the engagement ring is the report of a recent survey revealing that 24 per cent of the married women under thirty did not receive diamond rings at the time of the betrothal. Jewelers, however, add that 4.5 per cent of these days are for women already married, some of them for many years, who never gave up hoping or trying.

The practice of giving the girl a ring for engagement present, by the way, stems from the practice among cavemen of binding the ankles of the maidens of their choice with ropes made of grass or rushes. But even the slow-witted cavemen in time realized that seldom was the lady interested in running away and rings on the fingers were used to symbolize the hobbles on the ankles.

The original engagement rings were made of grasses and bones, and later, of leather or metal. Still later the diamond, as the ancient symbol of undying love, remember is that cancer can be cured; but it depends entirely on early discovery and proper treatment.

Six Earthquakes Recorded at Texas Tech In February

Six earthquakes were recorded during the month of February at Texas Technological College's seismological observatory, reaching from the Pacific coast to Asia. Dr. Leroy Patton, professor of geology, is in charge of the seismological laboratory.

The first record was on Feb. 2 from the Aleutian Islands. Successive records were: Feb. 11, Southern California; Feb. 13, Pacific Ocean, north of New Zealand; Feb. 14, off the west coast of Mexico; Feb. 15, At-

and virtue, was added. While diamond gifts are most commonly associated with engagements and weddings, there are many other gift occasions on which diamonds have a particular significance. Among them are the gift of a diamond to a mother upon the birth of a child; birthday presents for people born in April for whom the diamond is the birthstone; the 10th, 30th and 60th wedding anniversaries, which are the diamond anniversaries, and diamonds for employees in appreciation for long and faithful service.

The ancient legend surrounding the diamond is that the God of Mines asked that specimens of all the known gems be brought to him and he found them of many colors and varying hardness. He took one of each, crushed them, compounded them, and said: Let this be something that will combine the beauty of all, yet it must be pure and it must be invincible. Thus, according to the legend, the first diamond, came into existence.

Luncheon Highlights Bluebonnet H-D Club Meeting

A covered dish luncheon was held in the home of Mrs. G. E. Davis and Mrs. Rex Murry when the Bluebonnet Club met Thursday, March 17.

Attractive and appropriate decorations were used in the living and dining rooms.

Mrs. A. C. Denson, president presided over a short business session.

Mrs. G. E. Davis was program leader for the day.

Mrs. Joe Holcomb gave the council report and also gave the slick trick. Quoting Mrs. Holcomb: "To keep your washables lovelier to those that show sud- vinegar to rinse water." Other helpful hints: Directions, add 1 cup of salt to rinse water will prevent clothes from freezing on the line.

Club meets with Mrs. A. C. Denson Thursday, March 31.

Club members present were: Mesdames Less Lewis Clyde Grice, Arthur Williams Edd Conner, R. V. Hagle, Fred Knipping.

Cancer Control To Be Stressed In Radio Broadcast

Throughout the nation April is observed as National Cancer Control Month, and on April 10, 17 and 24, the Texas State Department of Health is presenting special broadcasts over WOAI in San Antonio, at 7 A.M., outlining twenty different sites of cancer, the common age at which they appear, the accepted methods of treatment, the percentages of cures and any known preventive measures.

Dr. Geo. W. Cox, State Health Officer, says that cancer patients today have a brighter prospect for recovery than at any time before in history, and agrees wholeheartedly with the national movement to stamp out cancer through educating the public that early discovery can mean recovery.

A. C. Denson, Lee Cornelius, John Wendeborn, Joe Holcomb, Corbet Lytle, and three visitors, Mrs. A. Buchtein, Sam Jennings of Rule, and Mrs. J. M. Alexander of Stamford.—Reporter.

Surgery, radium and x-ray therapy are working wonders in many different types of cancer, Dr. Cox said. In all types of cancer except leukemia there is a possibility of cure if the patient is diagnosed in the very early stages. Any suspicious symptoms should be investigated by a competent physician at their first appearance, and if cancer is found to be present and treatment instituted at once, there is every need to hope for complete recovery. The important thing to

Veterans' News

Immediate positions for graduate nurses are available in the new and modern VA hospital at Houston, Texas, Dr. Lee D. Cady, acting manager, has announced. VA will acquire the hospital from the U. S. Navy April 15, and is now organizing its staff. Nurses are being put on duty as rapidly as they are employed to replace Navy nurses who are being ordered to other stations. Minimum salary for VA nurses is \$2974.80 per year, ranging upward according to education and professional experience. Periodic pay increases and promotion based on merit are provided for nurses. Working conditions for VA nurses are excellent, including a 40-hour week, 30 days annual vacation and 15 days annual sick leave. Retirement benefits are also provided for nurses who wish to remain with VA for career. Splendid housing accommodations are available on the hospital grounds for single nurses. Nurses interested in positions should write or telephone immediately. Inquiries should be addressed to the Chief of Nursing Service, VA Section, Navy Hospital, Houston.

Questions and Answers
Q.—What is the latest date on which a World War II veteran may file claim for readjustment allowance for unemployment?
A.—Allowances may be claimed for any week ending on or before July 25, 1949, or two years after date of discharge, whichever is later, but not after July 25, 1942, except for persons enlisting under the Armed Forces

Missionary Recruit Will Speak Sunday Morning at First Christian Church

Bertrand Smith of Ladysmith, Wisconsin, missionary recruit to the Andes countries of South America will speak Sunday morning, 11 o'clock, April 3rd, at the First Christian Church of Haskell. His message will deal with the political, economic, social and religious conditions in the South American countries to which he plans soon to go with his family to establish mission work.

After more than twenty years of ministry among the Christian churches and churches Christ in the U. S., most of which ministry had been spent in Wisconsin and Michigan, Mr. Smith resigned a four year ministry at Ladysmith, Wisconsin, in Nov. 1947, and went to Cali, Columbia, with the intention of remaining there, establishing residence, and sending for the family to join him there in the near future. A technicality in the Columbian law, however, made it impossible to obtain resident visa under the then existing circumstances, so after a short time spent in studying the field, Mr. Smith returned to the U. S. to complete necessary arrangements for permanently entering this mission field.

During his stay in South America, Mr. Smith spent a short time in Bogota, capital city of Columbia, which shortly after his return to the U. S., was severely damaged in one of the worst revolutions in that nation's history, following the assassination of Dr. Jorge Gaitan, well known and greatly loved leader in the Liberal Party. Opportunity will be given in connection with Mr. Smith's appearance here for the asking of questions concerning South American life and the work which he and his family plan to do among the people there.

Mr. Smith, a native of Wisconsin, with a record of two highly successful ministries in that state and one in Michigan, is well known to the churches throughout much of the United States. He has traveled extensively during the past two years speaking among the churches. Those who have heard his messages, speak warmly of his sincerity and devotion to the cause he represents and of his vivid and interesting portrayal of South American conditions. After more than a year of unsuccessful effort to obtain resident visa to Columbia, the Smith family on January 10, 1949, accepted visa to Chile, and are making arrangements to sail for Valparaiso early in June on a Gulf and South American freighter out of New Orleans.

VISITS IN ALPINE, DENVER CITY

W. C. Allen, city nightwatchman, has returned from a visit with his son, Jesse Allen, at Denver City, and in the home of a daughter, Mrs. Otis Kimble and Mr. Kimble at Alpine, Texas.

Recruitment Act of 1945. Such persons have two years after the end of their first period of enlistment or re-enlistment in which to claim the benefit and five years after the date of such discharge to use their rights.

Q.—What is the function of the Board of Veterans' Appeals in the VA?

A.—The Board of Veterans' Appeals renders final decisions on cases appealed to the Administrator of Veterans' Affairs. The Board has no original jurisdiction; its work is similar to that of a court of appeals.

Q.—Must I live on the farm I intend to buy with my GI loan?
A. No, but you will have to supervise the farming operations on your farm to qualify for the loan.

Q.—I am the widow of a World War II veteran and would like to know if I may obtain guaranty of a loan.
A.—No. The loan guaranty privilege is limited to World War II veterans.

South Ward PTA Has Record Crowd At Meeting

The South Ward PTA met in the American Legion building on Thursday, March 24 at 3:00 p. m. with one of the largest number of mothers present that the organization has ever had.

Mrs. Curtis Pennington, president, called the house to order

and turned the program over to the second grade. They gave a very good program which was enjoyed by all. Then Mrs. Pennington introduced the guest speaker, Linden Newton, principal of the South Ward School. He gave a short but interesting talk on The Home—A Place to Develop Citizenship and Responsibility.

He said, "To have our children be good citizens we must be good citizens ourselves in our homes and elsewhere. We should feel brotherhood toward all men, and must have good personal character. We should have a knowledge of history and literature. Citizenship should be the goal of every institution. We should be patriotic and have faith in our form of government and in ourselves."

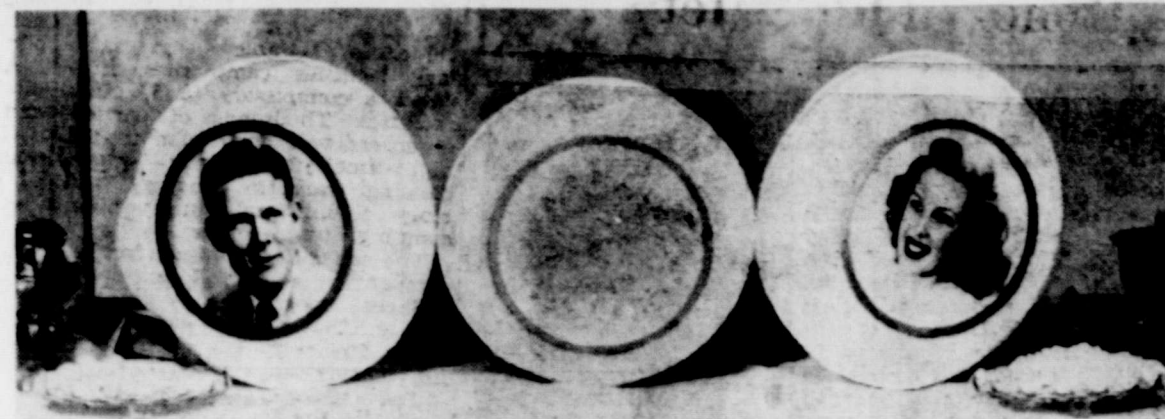

The example of parents is the most important book our children can read, so we should strive to set a good example, the speaker said. The lives of our children and grandchildren are before us, he concluded. Everyone enjoyed the talk very much.

After a short business discussion, room count was taken. Miss P'Pool's second grade won the \$1.00 by having most mothers present.

The next meeting will be on April 28.

Reunion Held In Home of Mr. and Mrs. Swinney

Mr. and Mrs. Joe Swinney had a reunion of members of their family in their home Sunday, March 27. This was the first time some had been home in 3 years. Those present were: Mrs. Frank Cerliano and Donny of Longview, Texas; Mr. and Mrs. Lindon Caddell, Mr. and Mrs. Bill White of Pampa; Mr. and Mrs. C. D. Caddell, Mrs. Cappers, Mr. and Mrs. J. W. Elmore, Mr. and Mrs. Burt Kullett and Marie; Miss Laura Bell Swinney, Billie Joe Swinney, Mr. and Mrs. Preston Wallace and Glenda, Mr. and Mrs. Robert White and son, all of Haskell.

Novel and attractive arrangement pictured above was used at an introductory tea Sunday afternoon, March 20, in the Calvin Henson home presenting Miss Pat Reilly of Fort Worth, bride-

elect of Dick Bischofhausen of this city. Joining Mrs. Henson in entertaining were Mr. and Mrs. Richard Bischofhausen. Date of the wedding of the young couple has been set for April 9, in Poly-

technic Baptist Church in Fort Worth. The bride-elect is the daughter of Mr. and Mrs. M. D. Reilly of that city.—(Photo by Zelma).

RCA Victor's New 45-RPM Reproduction System Introduced To Public Today

RCA Victor's long awaited, 45-RPM records and phonographs, complementary units of a unique, distortion-free, noise-free music reproduction system for the home are being shown for the first time here today.

One hundred and ninety-three different musical selections on the 6 7-8 inch, wafer thin, non-breakable 45-rpm records and six types of phonograph instruments designed to play them went on sale today, according to Byron Frazier, owner and manager of Frazier's Radio and Record Shop, local RCA Victor dealer.

Since the first official announcement and demonstration of the new system in January of this year, 27 instrument manufacturers have announced plans to produce the new 45-rpm changers. In announcing the availability of the new records and phonograph instruments in this area, Mr. Frazier said:

"A unique experience and a new enjoyment of recorded music awaits the music lovers of Haskell. In much the same way that FM radio transports the radio listener from his living room to the broadcasting studio, the high fidelity, distortion free, noise free reproduction of music, offered by the 45-rpm system transports the listener to the mu-

sical stage. It is a system that must be seen and heard to be appreciated."

Beta Upsilon Has Meeting In Home of Abilene Member

The Haskell Beta Upsilon Chapter of Epsilon Sigma Alpha met in the home of Mrs. Wayne Blacklock at 588 Vine in Abilene, Monday night, March 28. The hostess is the former Frances Perry of this city.

The group decided to sponsor a campaign to sell subscriptions to Holland's magazine, with the drive beginning immediately. Lucille Zelisko, bride-elect of Aubrey Lee Roden of Munday, was presented a gift from the sorority.

Those present for the meeting were Edna Minick, Lucille Harrison, Sue Pate, Lucille Zelisko, Wanda Dulaney, and the hostess.

LEGAL NOTICE

GUARDIANSHIP OF ANDREW JACKSON HEARN, A PERSON OF UNSOUND MIND. No. 1533, IN THE COUNTY COURT OF HASKELL COUNTY, TEXAS.

TO ALL PERSONS INTERESTED IN THE ESTATE OF ANDREW JACKSON HEARN, A PERSON OF UNSOUND MIND.

Notice is hereby given that on the 30th day of April, 1949, I, H. B. Hearn, acting as guardian of the estate of Andrew Jackson Hearn, a person of unsound mind, filed with the County Clerk of Haskell County, Texas, a sworn application for authority to make an oil, gas and mineral lease on and covering the following described land situated in Haskell County, Texas, and belonging to said Andrew Jackson Hearn, a person of unsound mind, to-wit:

Being a Subdivision No. 2 of Swenson's Subdivision of the Jane Wilson Survey, Patent No. 578, Vol. 12, Abstract No. 413, reference being made to page 25, Vol. 44, Deed Records of Haskell County, Texas, for plat of said Survey.

Such application will be heard by the County Judge of Haskell County, Texas, in the County Courtroom in the Courthouse, at Haskell County, Texas, on the 11th day of April, 1949, at 10:00 o'clock A. M., same being the time and place which has been designated by the Judge of the County Court of Haskell County, Texas, as the time and place when and where such application will be heard.

WITNESS my hand this the 23 day of March, 1949. (Signed) H. B. Hearn, Guardian of the Estate of Andrew Jackson Hearn, a person of unsound mind.

Uncle Sam Says

In this day you have to live by the clock. And each 24 hours it ticks off means another day added to your age. Get the clock on your side by signing up now for one of the two safe, automatic plans of savings, the Payroll Savings Plan for the purchase of U. S. Savings Bonds where you work, or, if self-employed, the Bond-a-Month Plan where you bank. And as the clock hands swing around your money increases in value. In ten years each three dollars grows into four dollars. U.S. Treasury Department

producer who can cut costs now will continue to find dairying profitable.

Now is the time to plan for storage space on the farm for the year's supply of hay, silage and grains. It is always good business to store these feeds when the supply is large and the quality good, says Gibson.

Hungry cows grazing on lush clover are subject to bloat; this can cause the loss of animals. Gibson says it is a good idea to feed the cows hay before turning them into the clover pastures. This practice will help prevent bloat.

Many cows are lost each year because they get wire, nails, bolts and nuts mixed with their feed. Watch for this hardware and be sure that none of it gets into the feed bins. You will save more cows if you do.

The Texas Agricultural Experiment Station ran some tests recently on sweet sudan-grass and common sudan-grass. At the conclusion of the experiment they decided that one is as good as another in sudan-grass pastures. Common sudan-grass yielded more total forage during the dry years and was drought resistant. On the other hand, sweet sudan is resistant to the common bacterial foliar disease, and holds its lush greenness and palatability better as it approaches maturity with cattle grazing both the leaves and the stalks, says Gibson.

A regular check on the dairy will keep the dairyman in profitable production, the specialist concluded.

Good Pastures Will Reduce Production Cost of Milk

Texas dairymen should be planning now for adequate pastures, hay and silage crops for their herds, says G. G. Gibson, extension dairy husbandman of Texas A&M College.

Each cow needs at least two tons of hay and three tons of silage. Good pastures will reduce the cost of producing milk and the cow does the harvesting. Lower production costs are daily becoming important and the

Field Work Completed on Flood Control Survey of Brazos River Watershed

Field work has been completed over three months ahead of schedule on the Soil Conservation Service flood control survey of the Brazos River watershed. Regional Director Louis P. Merrill of SCS announced today.

Survey findings are now in the regional headquarters at Ft. Worth for checking and tabulation, and the drafting of the report on the survey is under way, Mr. Merrill said. The survey party is headed by A. H. Bean.

The survey was started last July 1. Its purpose is to show whether the benefits that can be expected from a Department of Agriculture watershed treatment program in aid of flood control would justify the program cost.

Similar surveys on other watersheds have shown that most of the damage done by floods is to crops and livestock. The aim of an agricultural flood control program is to slow down

runoff and waterflow thereby reducing damage to agriculture and preventing erosion as well.

The 45,000-square mile watershed of the Brazos annually produces more than 2,500,000 head of livestock, 750,000 bales of cotton and 6,000,000 bushels of wheat. About 2 million acres of bottomlands along the Brazos and its tributaries are subject to overflow.

When the report on the Brazos watershed survey has been completed, it will be sent to Washington headquarters of SCS for checking and for review by other agencies. The report then goes to the Secretary of Agriculture. If the report receives his approval, it is presented to Congress.

Reports on flood control surveys of two of the Brazos' main tributaries, The Little and Bosque Rivers, are in Washington now, Merrill said. The Little River survey was made in 1947, the Bosque survey in 1948.

Honored for Safety

General Motors is the first industrial organization in the United States to win for the fifth time the National Safety Council's highest award—the award of merit for distinguished service to safety. GM employees won the honor for having the outstanding safety record in industry and for reducing the number of accidents in GM plants in 1948 by 25 per cent over 1947. Harlow H. Curtice, executive vice-president of General Motors (left) receives the award from Ned H. Dearborn, president of the National Safety Council.

Hunters and Fishermen to Select State Champs at Gathering in Brownwood

Shooting for fun instead of training for war will be the order of the day on the old Camp Bowie rifle range near Brownwood next week as Texas hunters and fishermen set about the business of selecting state champions. In the course of the four-day Texas Sportsmen's Competition April 7-10, state championships will be decided in plug casting, fly casting, pistol marksmanship, rifle marksmanship, skeet, trap, conhound racing and in four types of hunting dogs. The meet, first statewide competition of its kind in the United States, is sponsored by the Texas Wildlife Federation, an organization of 250 Texas hunting and fishing clubs. Brownwood sports clubs have parts and observers will camp out on the same location where thousands of American soldiers trained for World War II. Registration and practice will get underway Thursday, April 7. On April 8th at 8 a.m., the competition starts. The only limitation on entries is the requirement that all participants be members of a club affiliated with the Texas Wildlife Federation.

In addition to the events of the competition during the daylight hours, both entrants and made everything ready on the old army training grounds. Conveniences available include sanitary facilities, camp sites, firewood, a commissary and other facilities. Thousands of participants will participate in the night-time festivities—square dancing, campfire singing, tall story telling and just plain camping out pleasures. The schedule of events for the competition is as follows: Skeet shooting—Friday, Saturday and Sunday. 100 targets and shells, \$13 entry fee, team shooting to run concurrently. Trap shooting—Friday, Saturday and Sunday, 50 targets, \$7 entry fee. Plug casting, fisherman's distance event and fisherman's accuracy event—Saturday, entry fee \$1 with separate divisions for men, women and juniors. Plug casting, accuracy—Sunday, entry fee \$1. Dry fly and wet casting—Sunday, entry fee \$1. Pistol tournament—Friday, Saturday and Sunday, entry fee \$1 per match with 16 matches scheduled. Big bore rifle tournament—Friday, Saturday and Sunday, entry fee \$1.50 per match with 10 matches scheduled. Bird dog bench show—Friday, entry fee \$3 per dog. Conhound race—Saturday and Sunday, entry fee \$3 per dog. Conhound bench show—Saturday, entry fee \$3 per dog. Foxhound bench show—Sunday, entry fee \$3 per dog.

FLOODS OF VALUES

Recipe of the Week
BY MARY LEE TAYLOR

Apricot Upside Down Cake
Broadcast: April 2, 1949

¼ cup butter or margarine
1 cup brown sugar
2 8 drained apricot halves, canned
1½ cups sifted cake flour
Pinch baking powder

¼ cup white sugar
¼ teaspoon salt
1 unbeaten egg
½ cup soft shortening
1 teaspoon vanilla
½ cup Fat Milk
½ cup water

Melt butter over very low heat in skillet or deep cake pan about 9 in. across the bottom. Sprinkle brown sugar in bottom. Arrange apricot halves on sugar. Let stand while preparing batter. Turn on oven; set at moderately slow. (350° F.). Sift flour with baking powder, sugar and salt. Add remaining ingredients all at once. Beat vigorously with spoon or electric beater at medium speed. Pour batter over apricots. Bake about 40 minutes, or until cake shrinks from sides of skillet. Turn out; serve warm.

The services Sunday were marked by good attendance and a fine spirit of fellowship.

Chaplain J. R. Barnett, at home on furlough, spoke in the morning service, and he and his wife helped to make the music of the day spirited and helpful.

Chaplain Barnett was pastor of the church for some time prior to his re-entering the army, and it was through his tireless efforts and cheerful direction that the Pinkerton Baptist Church built new buildings and was otherwise enriched and strengthened.

Rev. Barnett and wife will be helping in the services again, Sunday, April 3. Bro. Barnett will bring the sermon of the morning, and they will be helping with the music. Everyone is urged to attend and to have a part in the day of farewells, as the Barnetts return soon for immediate placement in Germany.

The church invites all to come and share in this final day of fellowship.

CITATION BY PUBLICATION
THE STATE OF TEXAS

TO: Unknown heirs of May Patrick Walton Milliken (formerly May Patrick Walton), deceased, and their unknown heirs and legal representatives, and the unknown heirs of Hildegarde Walton, deceased, and their unknown heirs and legal representatives, GREETING:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 2nd day of May, A. D. 1949, at or before 10 o'clock A. M., before the Honorable District Court of Haskell County, at the Court House in Haskell, Texas.

Said plaintiff's petition was filed on the 15th day of March, 1949.

The file number of said suit being No. 7528.

The names of the parties in said suit are: Olen Dotson as Plaintiff, and the unknown heirs of May Patrick Walton Milliken (formerly May Patrick Walton) deceased, and their unknown heirs and legal representatives, and the unknown heirs of Hildegarde Walton, deceased, and their unknown heirs and legal representatives, as Defendants.

The nature of said suit being substantially as follows, to-wit: Plaintiff sues in trespass to try title as well as for damages for the title and possession of the following described lands and premises, situated in Haskell County, Texas, to-wit:

Lot No. Four (4) in Block No. Forty-seven (47) of the town of Haskell, in Haskell County, Texas, as same appears upon the map or plat of said town recorded in Vol. M7, Page 400 of the Deed Records of Haskell County, Texas, same being a part of the Peter Allen Survey of 2/3 League and One Labor, Abstract No. 2, Certificate No. 136, Patent No. 365, Vol. 17.

Plaintiff specially pleads the 5 and 10 years statutes of limitations, as provided by Articles 5509 and 5510 of the Revised Civil Statutes of Texas, 1925, (Vernon's Civil Statutes of the State of Texas, Annotated) as a basis for his title to said above described lands and premises, and prays for judgment against the defendants for the title and possession of same, for writ of restitution, rents, damages, costs and for general relief, etc.

W. Pryor of Stamford To Head West Texas Area Camp Fire Girls

W. Pryor, Stamford, was elected to head activities of the West Texas Area Camp Fire Girls at the annual dinner-pro-gram Friday evening at the home of John A. Couch of Stamford. Pryor has been active in the area for the past four years in various capacities. Some 250 Camp Fire Girls, their parents and leaders attended the dinner to make it the largest meeting since the West Texas Area was organized four years ago. Kathleen Crawford is area executive, and Stamford is the board's headquarters. The area serves twelve towns

and communities in a seven county area and representatives from Anson, Albany, Aspermont, Hamlin, Haskell, Jayton, Knox City, Lueders, Moran, Rule, Rochester and Stamford attended the Haskell meeting.

Other officers elected were Wix B. Currie, Haskell; Mrs. A. V. Jones, Albany; Mrs. Fred Smith, Hamlin; Mrs. E. M. Pittman, Anson; Stanley Shipp, of Knox City; and Mrs. W. J. Lee, Stamford, all presidents of their local boards and vice presidents on the Council Board. Mrs. Mary Million, Stamford, secretary; Mrs. Lou Polnac, Stamford; treasurer; Jimmie Ashcroft, Stamford, Finance chairman; Mrs. B. B. Gilmore, Haskell; Area Extension; Mrs. Alvene Ray, Albany, Area Camp chairman; J. A. Owen, Albany, Area Civil Service chairman; Mrs. R. F. Mahood, Stamford, Public Relations chairman; Mrs. J. L. Hart, Sr., Lueders, Awards chairman; Mrs. John Bennett, Stamford, Area Training chairman; Mrs. Ryland Gleaton, Stamford, Personnel chairman; Mrs. Weldon Parker, Lueders, Regional Representative; and Mrs. John Clifton, Haskell, Social chairman.

The business meeting presided over by Couch, retiring president, and Miss Crawford, executive, included the annual activities reports, financial reports, and the introduction of the various units present. Attending were all groups of the area which include the Blue Birds, Camp Fire Girls, and Horizon Club. Entertainment features of the dinner included songs by a Blue Bird chorus from the Stamford and Haskell units under the direction of Mrs. Melvin Terry of Stamford. Group singing was led by Miss Crawford.

Highlight of the program was the outside Council Camp Fire in which more than 125 Camp Fire and Horizon Clubbers participated. Theme of the Council Fire was, Make Mine Democracy, and the fire was lighted by members of the Stamford, Haskell, Lueders and Jayton units. All ceremonies of the Council Camp Fire were observed, and the principal purpose of the annual Camp Fire is to admit new members of units who have never participated in the ceremony. Fifty members were admitted during the evening's program. Awards of rank were presented to 12 Trail Seekers, 18 Wood Gatherers, and seven Fire Makers by Mrs. W. S. Ollinger, Mrs. E. L. Martin, Mrs. J. M. Ashcroft, and Paula Veden of Stamford; and Mrs. Glenn Mann of Haskell. Five-year consecutive membership awards were made to eight girls from Stamford by Mrs. Homer Scott, of Stamford.

Simplified Report Adopted for G.I.'s Now in Training

Veterans training under the GI Bill, as well as their schools and training establishments, will have less paper work to do under a simplified reporting system which goes into effect April 1, VA Regional Manager, Robert W. Sisson, said today. After that date, VA will no longer require monthly progress reports for veteran trainees in job-training establishments and in schools other than colleges and universities. Instead, reports of conduct and progress will be incorporated in a report of earnings, which veterans now file and which they will continue to submit to VA every four months. As a result of the new proce-

4-H Club Awards Stress Farm Woodlot Management

farm young people everywhere are taking increased interest in forest management. These two youths are receiving a lesson in the use of the increment borer, an instrument used to determine growth rate of trees. Professional forester, right, instructs.

For the second straight year local farm boys and girls have a chance to compete for state and national awards in a 4-H club forestry project. Three hundred dollar college scholarships plus all-expense paid trips to the 1949 4-H Club Congress in Chicago will go to four national winners in the forestry contest.

Four-H Club members interested in forestry are eligible to compete. In addition to the four top awards, to be distributed on a regional basis, each of the state winners will receive a gold medal.

The 4-H forestry project emphasizes youth's stake in the woodlands of this state. Farmer owned woodlands today constitute a major portion of the Nation's commercial forest area. They represent also a steady source of wealth to their owners that in many cases is virtually untapped.

American Forest Products Industries, a national, non-profit association of wood-dependent industries, is sponsor of the 4-H forestry awards. Last year 18 states participated in the national forestry competition. College scholarships went to club members representing Idaho, Georgia, New York and Wisconsin.

Baptist State Training Union Convention To Be Held In Abilene March 31-April 2

Six thousand Baptists from all over Texas are expected to meet in Abilene March 31-April 2 for the 59th annual state Training Union convention. Headquarters for the meeting will be Rose field house on Hardin-Simmons university campus. All general sessions of the convention are to be held in the field house auditorium. Departmental sections from nursery age children through adults will meet in the First Baptist University Baptist, First Christian, First Presbyterian, and St. Paul's Methodist churches.

Dr. Guy Newman, pastor of the First Baptist Church, Denison, is state Training Union president. He will preside at all general sessions. The convention will be the scene of three state-wide church contests—the better music and better speech competition and the intermediate drill for proficiency in locating and understanding Bible scriptures. Winners of the speech and Bible tournaments will represent Texas in the Southwide contests in Ridgecrest, N. C., in July.

Approximately 200 people are to appear on the convention program, according to Dr. T. C. Gardner, Dallas, state Training Union secretary. Among the speakers are Dr. Robert G. Lee, Memphis, Tenn.; Dr. Joe Burton, editor Home Life magazine, Nashville, Tenn.; Dr. J. Howard Williams, state Baptist executive secretary, Dallas; and Dr. W. R. White, Baylor University president, Waco. Special groups who will participate in the meeting include children from the state school for the deaf in Austin; students from foreign countries new enrolled in Wayland Baptist college, Plainview; and the world-famous Hardin-Simmons Cowboy and Cowgirl bands. An antique exhibit of old Training Union quarterlies, record books, study course diplo-

ma, photographs, posters and newspaper clippings will present the history of Baptist Training Union in Texas since its beginning in 1888.

VA Regional Offices will process at least 5 million fewer forms a year, with an appreciable savings in clerical work. Schools below college level after April 1 also will report veterans progress and conduct on the VA report of earnings.

The one page report is simple. The veteran merely provides the necessary information, signs his name and turns the form over to the official of the school or the training establishment, who reports on conduct and progress and, when appropriate, earnings over the past four months.

As in the past, colleges and universities will not submit reports of conduct and progress, except to notify VA in case of those students for whom conduct or progress has been unsatisfactory.

VA emphasized that school and training establishments must continue to report promptly the discontinuance of any veteran from training.

VA urges veterans to make certain the required reports of earnings reach the VA Regional Office at Lubbock before the 10th of the month following the date the reports are due. Failures to submit reports in time might result in delays in subsistence checks, the VA Regional Manager said.

Farmer Might Be Able To Store Sorghum

A series of experiments underway to develop methods of safe storage of sorghum grain on the farm, according to Director R. D. Lewis of the Texas Agricultural Experiment Station.

These experiments are centered at the Beeville substation. Cooperating with the Texas Station are the U. S. Production and Marketing Administration and the Corn Products Refining Company.

Sorghum grain is considered a highly perishable crop by Gulf Coast farmers because of its high moisture content. The crop is harvested during June and July and must be sold immediately since there are no facilities for on the farm storage.

If practical methods of safe on the farm storage can be developed through this study, the

farmer will be able to market his sorghum grain in a more orderly manner, Lewis said. He will be better able to take advantage of fluctuations in market prices.

Sorghum grain production has had a tremendous expansion in the Gulf Coast area in the past few years. High temperatures and humidity and severe insect damage make the safe storage of sorghum grain in that section very hazardous, Lewis said.

Seventeen storage bins will be used at Beeville for these tests. Seven are made of steel, four of wood, three of temporary construction and four are underground pits. Each bin will hold from 1000 to 2200 bushels of the grain.

Lewis estimates that about one million pounds of the 1949 grain crop will be used to fill the 17 bins. The grain is being furnished by the Corn Products Refining Company.

Some of the bins will be painted

white to determine the effect of the color of the bin wall, on the temperature of the stored grain. Thermocouples will be installed in each bin and an accurate check will be made on the grain temperatures during storage.

Moisture determinations and germination checks will be made at frequent intervals during the storage period, Lewis said.

Chemicals will be used to determine their effectiveness in preventing heating and deterioration of high-moisture grain during storage.

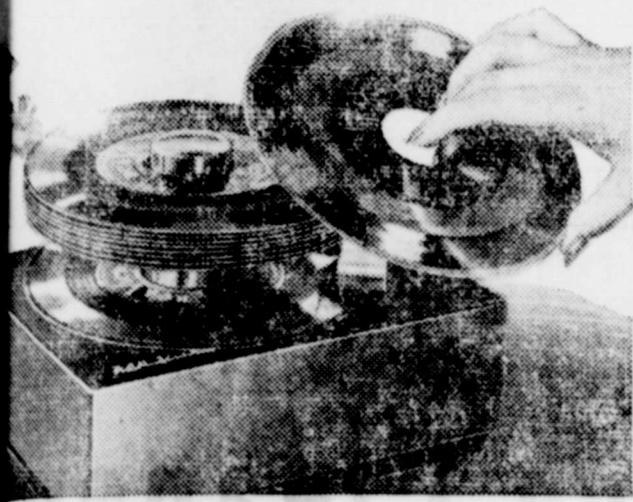

A part of the program will also be on control measures against insects, Lewis said.

Lewis believes findings of this study will encourage the feeding of more livestock on South Texas farms.

Mr. Farm Owner IS YOUR Financial House

in order?

No one knows exactly when it will come or how hard it will be, but folks who ought to know, say that farming is about due for a change from high war-time levels and that farmers should be prepared for it.

One way to be ready for the worst is to finance yourself with a long-term amortized loan from The Equitable Society at today's low

interest rates—and rates are bound to go up like everything else. So, take the advice of experts and put your debts on a safe, long-term basis. The NEW 54 COTTON PLANTING SEED NOW AVAILABLE

The NEW Paymaster "54" is now available for the 1949 planting season — ready for farmers who want more profit from cotton. This quick-maturing, high-yielding, better-staple-producing planting seed answers the demand for a variety that is tested and proved for West Texas growers. It is the result of scientific selection and painstaking experiments to develop a seed that will produce more money per acre planted.

Here's why the NEW Paymaster "54" is a money-making Cotton...

- EARLY MATURITY**
Of 25 varieties tested recently... "54" was first in percentage of crop harvested in a four-month period.
- HIGH YIELD**
In this same test, "54" was third among all varieties in yield per acre.
- BETTER STAPLE**
"54" ran 15/16" to 1 inch throughout West Texas, assuring a better price.
- TESTED FOR DRY LAND**
"54" has been proved successful for dry land farming as well as for irrigated areas.

Be among those profit-minded farmers who demand a money-making Cotton planting seed—the NEW "54" order your supply of the improved, state-registered "54" NOW.

IT PAYS TO PLANT PAYMASTER "54"

Sold through your gin, your seed dealer, all branches of the Western Cotton Oil Co., and at Lockview Farm, Plainview, Texas.

Shield Expert Here
H. M. SHEVNAN, widely known expert of Chicago, will personally be at the Wootin Hotel, Aptlene, Wed. & Thurs., only April 6 & 7, from 9 A.M. to 4 P.M.
Mr. Shevnan says: The Zoetic Shield is a tremendous improvement over all former methods, effecting immediate results. It will not only hold the rupture perfectly no matter the size or location but it will increase the circulation, strengthen the weakened parts, and thereby close the opening in ten days on the average case, regardless of heavy lifting, straining, or any position the body may assume. A nationally known scientific method. No under straps or cumbersome arrangements and absolutely no medicines or medical treatments. M. Shevnan will be glad to demonstrate without charge.

John Kimbrough Buys Gulf Station On North Ave E

In a deal closed recently, John Kimbrough, wholesale dealer for Gulf oil products in this area, purchased the Gulf Service Station on North Ave E, from Wilbur Green, former owner and operator.

The modern station, built and opened a short time ago, will be managed by Lee Whittington, who comes to Haskell from Breckenridge, Kimbrough has announced.

Pleasant Valley Cemetery Working Planned April 4

People of the Pleasant Valley community have planned an old-time Cemetery Working to improve and beautify the Pleasant Valley cemetery, located near the Shell pump station northeast of Haskell.

It is planned to meet at the cemetery early Monday, April 4, and everybody who will help is asked to bring their own hoes, rakes, or other tools.

Piano Overturns, Injuring Young Woman

Miss Gerry Barton, daughter of Mr. and Mrs. Jess Barton of this city, suffered a fracture of her right leg Wednesday night at her home. She was attempting to move a piano when the instrument overturned, crushing her right leg. Examination at the Haskell Hospital revealed that the leg was fractured in three places, and she was removed to Hendricks Memorial Hospital in Abilene in a Holden ambulance. Miss Barton, graduate of Haskell High School, is employed as a typist in the county courthouse.

HHS Students To Attend Senior Day Fete At H-SU

Senior students of Haskell High School are among more than 3,000 students of Texas which have been invited to the 26th annual senior day program to be held April 30 on the Harbin-Simmons University campus, in Abilene. The senior day is the 26 annual one. Schools in a radius of 200 miles of Abilene are expected to send their seniors for the day of entertainment and education.

Senior day has been held on the campus for a number of years in order to acquaint graduating high school students with life on a college campus. Prof. W. C. Ribble, faculty chairman of the program said. All training and recreational facilities of the university will be open for their inspection.

Visitors will be conducted on tours through the various departments and schools of the university and will be given the opportunity to view exhibits prepared by the various campus organizations and units. Dormitories will also be opened to the visitors during the day.

The Senior Day program this year is to be held in connection with H-SU's third annual intercollegiate rodeo. A barbecue luncheon will be served visiting high school students.

Glen Burroughs, student body president, has been named program chairman for the day. Bob Erwin, senior student from Midland, is to be master of ceremonies of the assembly program to be held in the university's Rose Field House.

Dr. Otto O. Watts, head of the science department, has announced that his department will make experiments for the students. The art department will display some of its work that has won acclaim in the recent Texas Arts Exhibits. The heads of other departments will be on hand to meet the visitors. There will be free copies of The Brand, student newspaper, available. The formal program will in-

Early Check for Eye Defects Will Often Prevent Blindness

If all parents as well as all physicians who treat infants will look for and recognize eye defects, there will be fewer totally blind children, Dr. Henry L. Hilgartner of Austin, prominent eye, nose and throat specialist writes in the current issue of the Texas State Journal of Medicine.

There are two ocular conditions which can be helped materially if detected early. Dr. Hilgartner who is head of diagnosing and treating eye conditions at the Texas School for the Blind state, in the article. These two conditions are congenital cataract and juvenile glaucoma and the responsibility for detection falls upon the abstracter, the general practitioner, and pediatrician, he writes.

Though congenital cataract may be difficult to detect due to the smallness of the obstacle, Dr. Hilgartner explains, many patients show evidence of faulty vision which would lead to an examination. Any manifestation of defective vision, with which many school children are afflicted, should be examined at once, he warns, adding that parents should pay more attention to improper lighting, frequent blinking of lids, cross eyes and other complaints, that the child may make in regard to his eyes.

Early surgery is the solution in the case of congenital cataract, the Austin specialist continues, and is imperative in cases of juvenile glaucoma.

Juvenile glaucoma is more easily detected, he explains in the article, since the afflicted child has extremely large, beautiful eyes, much larger and more pro-

clude a welcome by President Rupert N. Richardson, music by the Cowgirl and Cowboy bands, a short drama by the University Players Club, and the barbecue.

Uncle Sam Says

Some of my nephews and nieces want to save regularly and actually do it. Others mean to save but don't always get around to it. These latter are the ones who only think about a budget. The best way to save is to do it on a regular basis, every payday. And the best investment is U. S. Savings Bonds.

If you're on a payroll, enroll for the Payroll Savings Plan where you work, or, if self-employed, sign up for the Bond-a-Month Plan at your bank. Either way, you're building future security in the soundest way possible. And your money increases, four dollars for three in 10 years' time.

Save Leaves For Nature's Fertilizer

Don't burn the leaves. Instead turn them into a leaf mold or a compost. By burning the leaves, you lose the value of organic matter and kill off the grass already growing.

Other plant refuse besides the leaves works fine in a compost too, such as clippings, weeds and vegetable tops, says Sadie Hatfield, extension landscape gardening specialist of Texas A&M College.

Nature is constantly making fertilizers. Dead wood, old leaves, and other plant materials make acid which releases mineral plant food already in the soil. When released, this matter can be used by plants and tree roots.

A simple enclosure of scrap lumber, brick or stone should be provided to mold the compost together. In sections of the state where high winds are a daily thing, a compost pit is preferable—almost a necessity, says Miss Hatfield. If a pit is available, spread a thin layer of soil over its contents, after adding the leaves or grass clippings. In the dry part of the year when there is not much rainfall, it is a good idea to wet the entire pit once or twice a month to insure a well-rotted compost.

If a well balanced food mixture is desired, all a 100 pounds of 4-12-4 commercial fertilizer to a wagon load of compost mixture. Sprinkle the fertilizer over the pit before covering it with a layer of soil. The fertilizer speeds up the leaf rotting process.

In acid soil areas such as the eastern part of the state, add 100 pounds of lime as well as the fertilizer to the pit contents. Compost of this type is especially good for soils which tend to pack, or become hard and crusty during the day periods.

It usually takes about three months for leaves, weeds and small limbs to rot. Use a half pound to a pound per foot of row space for flowers, vegetables or shrubs. Mix the compost thoroughly into the soil before seeding.

If you are figuring on using the compost material for pot plants, use a mixture of one-half compost and one-half good loam soil or sand.

Save the leaves for compost material, urges Miss Hatfield. It is one of Nature's best fertilizers.

minent than other children of the same age. The eyes are not inflamed or irritated, but the child is extremely sensitive to light preferring a dark room or even hiding his head in his pillow.

If surgery is not performed to correct juvenile glaucoma the eyes continue to enlarge and the vision decreases progressively. If an operation is postponed until the patient is three or four years old, Dr. Hilgartner warns, the condition becomes helpless and blindness results.
